BULLETIN CANADIAN - Fred Taylor, owner of Bonnie's Cafe here, was reported missing this morning by his wife, according to Hemphill County Sheriff Harry Rathjen.

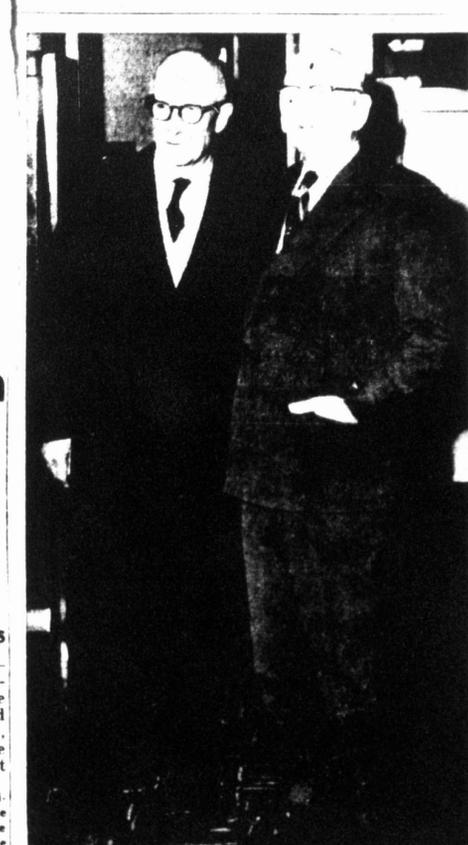

Weather Briefing on Atom Shot LAS VEGAS, Nev. -UP- Atomic Energy Commission weather specialists convened Monday for another briefing to determine whether the postponed sixth shot of the 1955 test series would be scheduled for detonation Tuesday at the Nevada proving grounds.

Peress Hearings Joe To Be Hero, Mundt Predicts

By HERBERT FOSTER WASHINGTON -UP-Sen. Karl E. Mundt (R-S.D.) predicted Monday that Sen. Joseph R. McCarthy (R-Wis.) will emerge as "sort of a hero, for sticking his finger into the hornets' nest" of the Army's handling of former Maj. Irving Peress.

Quiet Jelke Trial May Blow Up NEW YORK -UP - The repeat performance of the Jelke vice trial, quiet and peaceful so far, resumes Monday with the promise of courtroom pyrotechnics and spicy testimony - just around the corner.

Hoover Suggests U.S. Close Insuring Firms

FORMER CONGRESSMAN VISITS - Fred Crawford, left, former United States Congressman, is shown discussing the world situation with Ivey Duncan, Pampa attorney, who is the husband of Crawford's niece. (News Photo)

Move Would Put Capital In Treasury

By HARRY VANDERNOOT WASHINGTON -UP - The Hoover Commission recommended Monday that many of the government's 104 lending and insuring agencies be abolished or forced to support themselves under the free enterprise system.

Return to Private Enterprise It said lending or guaranteeing loans "is a function which the government should undertake only when private enterprise cannot or will not perform the function, and then only in furtherance of a justifiable governmental purpose."

Five members of the commission, disaffected from certain parts of the report, which appeared certain to stir up much controversy. Many of the majority's recommendations would affect directly government programs involving housing, farmers, veterans and small business.

The report said the number of government lending insuring and guaranteeing agencies had grown in 42 years from none to 104.

It said federal loans, guarantees, and commitments such as mortgage and bank deposit insurance totaled \$244,272,515,000 last June 30 - not counting hidden subsidies which the commission said should be disclosed.

\$16 Billion Investment The commission said the government has a \$16.9 billion investment in the 104 agencies, which are authorized to draw on the Treasury for \$14.1 billion more.

The commission broke its \$244,272,515,000 figure down this way: 1. Aids to housing - \$55,786,358,000. 2. Aids to agriculture - \$8,648,092,000. 3. Aids to business - \$2,875,716,000.

4. Aids to foreign governments - \$28,360,443,000. 5. Veterans life insurance - \$44,097,912,000. 6. Insurance of bank deposits - \$106,509,000,000.

Rep. Chet Holifield (D-Calif.) a commission member, said the majority proposals "point in the direction of tighter agricultural credit, a slowing down of housing construction, restrictions on the rural electrification program, and limitations on other direct or indirect aids provided by the federal government."

Ex-Congressman Visiting In Pampa

By JOEL COMBS Pampa News Staff Writer The success story of Fred Crawford, former United States Congressman from Saginaw, Mich., is as typically American as ham and eggs. The former abstractionist from Plemmons in Hutchinson County was in Pampa today visiting his niece, Mrs. Ivey Duncan. He became a Representative as the result of an inquisitive mind. Designated with his brother on a commission to raise a cash bond for the building of a railroad through Plemmons, Crawford began to wonder about the relation of politics to big business when the day after the election of Woodrow Wilson to the Presidency the railroad wired the commission to return the money and bonds given for the bond to the givers.

Unable to get a satisfactory answer to his question he told his father he was going to find out about politics and finance and their relationship to each other. He left home and went to Des Moines, Ia. where he worked three years as an apprentice accountant for \$4.50 a month. As General Motors and Chrysler were clients of the firm he worked for, Crawford found out about big business pretty soon.

In the summer of 1934 it was about time for him to get into politics. He ran for Congress and was elected. It was his first try at politics. He spent 18 years in Congress and his principal work was on the committee to look after the off-shore islands and protectorates of the U. S.

Since his tenure in Congress, Crawford has worked as counsel, lawyer for certain banks and for the Puerto Rican government. He is a farmer and rancher and runs cattle on his 250 acre home near Washington.

Crawford, who has been to the Far East many times is very definite about what our policy should be concerning the Pacific. "We must maintain a front line defense which starts in Alaska, runs down through the Aleutians, includes all of Japan, Formosa, Okinawa, the Philippines, the Dutch West Indies, and Australia. Under no circumstances and at no cost should we relinquish this defense perimeter," he said.

Bridge Rites Set April 29

The date for the Canadian River Bridge dedication has been moved up a week from May 5 to April 29 at 1:30 p. m.

Chamber of Commerce Manager Red Wedgeworth today said the reason for the change was because it was found that all the members of the State Highway Commission could not be present on the originally scheduled date.

The dedicatory address will be made by E. H. Thornton, Jr., of Galveston, chairman of the commission. Other members attending will be R. J. Potts of Plainview, Marshall F. Furbush of Plainview and the newly-appointed Herb Pettie of Richland Springs. The members of the commission will be feted at a dinner the night before the dedication, April 28, at the Pampa Country Club.

Gray, Roberts and Ochiltree counties are sponsoring the bridge dedication which is the concluding link in Texas Hwy. 70 from Perryton to where it joins U. S. Hwy. 277 at Bronte. The bridge, in construction for the past 10 months, is being built at an estimated cost of \$750,000.

Wedgeworth said the public is invited to attend the dedication which will feature a six-beef barbecue.

Chuckle Corner

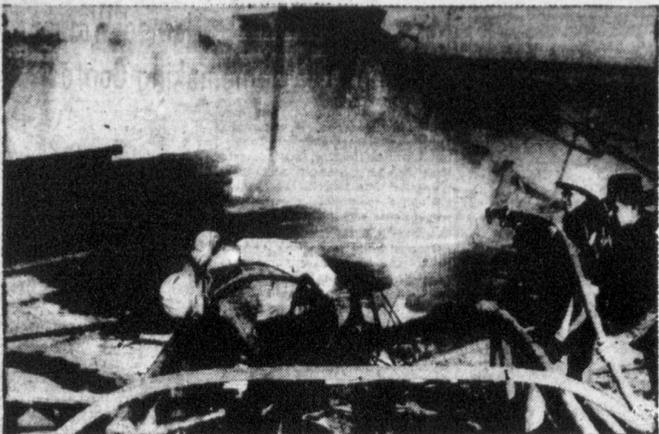

By HAL COCHRAN One of the nice things about radio sermons is that you can listen with your shoes off.

The income tax laws really have teeth in them - and develop an ache for all of us.

A police chief warns men about having their pockets picked in a crowd. Mom does it when there's not a soul around.

It will be strange if some of the new women's styles for summer wear last very long - they look so sensible.

Some mighty nice things grow out of the money that is said to be the root of all evil.

WIND DAMAGE

Winds of hurricane force buffeted the Ohio valley and parts of Pennsylvania, leaving five dead in path of storms. In Bellevue, Pa., residents survey damage caused by winds which rose to 80 mph.

Vet Land Deal Tops Legislature Woes

AUSTIN, March 14—UP—Texas lawmakers Saturday created the halfway point of their regular 120-day session with final action on such major legislation as Veterans Land Board and insurance law reform, water conservation, taxes and appropriations still to come. As the Legislature started the

Residential City Built Near Houston

By HARMAN W. NICHOLS HOUSTON, March 14—UP—In Texas they don't mess around building just one little old shack. They run 'em up 25,000 at a time. And that's why we are down here for the dedication ceremonies of a \$400 million project. The 25,000 houses with roses around the front stoop and a clothesline out

home-stretch run, more than 1,300 bills were before the two houses. Prior to the Friday deadline on free introduction of bills, after which an approving four-fifths vote is needed in either chamber, the House received 854 bills, and the Senate hopper held 350. The multi-million dollar general appropriation bill, the major measure providing funds for operation of the state government, was being readied by the powerful Senate Finance Committee for early floor action.

Report Expected Meantime, a special House committee investigating alleged irregularities in the scandalized Veterans Land Board polished off a preliminary report of its findings, due for filing Tuesday. A similar Senate Investigating Committee, in recess since last Wednesday, was scheduled to resume its hearing, this coming week, possibly with the appearance of U.S. Rep. John Bell of Cuero as a voluntary witness. However, no date for the hearing was announced.

Bell, a former state senator, is under call by a DeWitt county grand jury investigating the \$100 million land loan program. He was named in testimony before the legislative investigating committees as the recipient of lawyer's fees in connection with veteran land deals now under inquiry.

Water conservation proposals, calling for creation of a statewide agency armed with broad taxing authority to administer a multi-million dollar local dam-building fund, awaited action on both House and Senate calendars.

Major insurance law reform legislation was ready for House action after clearing committee earlier in the week.

Garland A. Smith, chairman of the Board of Insurance Commissioners, hailed the committee action as "highly gratifying" and said the measure "as it now stands, is one of the strongest insurance reform bills to be considered by the Texas Legislature in a number of years."

The measure would give the board increased enforcement authority, as well as plugging what Smith termed "serious loopholes in our regulation of the insurance industry."

The mainstay measures of Gov. Allan Shivers' tax proposals — a one cent boost in the state levy on cigarettes and a two-cent hike in the state tax on gasoline — were scheduled for airing Wednesday night before the House Revenue and Taxation Committee.

The committee will hear at the same time a bill by Rep. Maurice S. Ripkin of Brownsville, levying for the first time a state tax on cigars. The levy would be graduated, depending on the price of the stogie.

Vought Nets \$6,640,433

DALLAS — UP — Chance Vought Aircraft, Inc., Monday reported its 1954 net income was \$6,640,433, equal to \$6.15 per share of common stock.

The company reported it sold \$149,827,125 worth of guided missiles during the year and had \$18 million worth of firm orders and letters of intent at the end of the year.

The company paid two quarterly dividends of 40 cents per share during the last half of 1954. It was a wholly-owned subsidiary of United Aircraft Corporation until July 1, 1954.

Ambassador Driving On Pan-Am Road

MEXICO CITY — UP — Robert C. Hill, the American ambassador to El Salvador who is driving from that small Central American republic to the United States to encourage use of the Pan American highway, headed for Laredo Monday and expected to reach the border Tuesday.

The trip so far, Hill said before leaving Mexico City on the last, 736-mile leg of the trip from here to Laredo, has been "interesting but uneventful."

His six-year-old son, Graham, has not even had a chance to use the cap pistols he brought along "to shoot lions and tigers," the 37-year-old diplomat reported.

Hill, his wife and two sons left San Salvador last Tuesday. They had driven a total of 1,067 miles by the time they reached Mexico City late Saturday.

The ambassador said U. S. Vice President Richard Nixon gave him the idea of making the drive "to encourage people to use the highway."

The family drove from San Salvador as far as Tapachula, Mexico, on the border with Guatemala before heading for the 1953 (Buick) convertible on a flat car for the 164-mile trip to Arriaga, Mexico.

The Mexican version of the Pan American highway ends at the little border town of El Ocotil, but Guatemala has extended its section through to Tapachula, the largest Mexican town on the border, about 100 trackless miles south.

Hill, on reaching Arriaga, found there was no gasoline for sale, so he bought "10 gallons of lighter fluid" for the trip to Tehuantepec and a gasoline station.

From Tehuantepec to Mexico City was a beautiful trip, he said. Hill plans to make a full report on his automobile journey when he finally reaches Washington, D. C.

Plumbing Problems

LANCASTER, England, March 14—UP—Think you've had trouble with plumbers? Listen to Ernest Davies' tale.

He discovered a leaking water pipe in his home. So he called a local council plumber. He waited. The leak continued. Still he waited.

Finally, in desperation, he tackled the job himself. The leak was stopped.

Then the plumber arrived. "Good job," he said, beaming at Davies' do-it-yourself efforts. "Really most professional. Couldn't have done better myself."

Then the plumber proceeded to take out all Davies' work and do the job over again himself.

Davies protested to the council without any result.

Saturday, Davies said, he was informed his rent has been increased because of "costly repairs to his house."

Davies said he is going to air the whole matter in court. A council spokesman shrugged and said the plumber was quite right in tearing out Davies' work and charging for starting all over again.

"Can't allow just any Tom, Dick or Harry to do that kind of work, you know," he said.

Found Dead in Auto SAN ANTONIO — UP — Frank F. Heller, 46, owner of the Oak Hills Motor Lodge; was found dead Sunday in his automobile parked in the drive of the tourist court. Officers said there were no signs of violence.

"I'm ALWAYS in shape! I gotta be ready for the neighbors — my kid's taking violin lessons!"

Churchill Visits Zoo

LONDON, March 14 — UP — Eighty-year-old Prime Minister Winston Churchill, who recently boasted that he sometimes provides the roar for the British lion, visited London's zoo Friday to pick up a few pointers on how the real article does it.

The lesson was a bit of a flop, according to Saturday's Downing Street account of the meeting.

Rota, a 17-year-old lion donated to the zoo by Churchill himself, was "slightly indisposed" and did not roar at all. Churchill, just recovering from a cold himself, was not in a roaring mood either.

They eyed each other through the bars of the cage while zoo head keeper Charles Hitchcock kept them at a safe distance. Then he provided the prime minister with a long-feeding fork and an unplucked, dead chicken.

Churchill pushed the chicken through the bars and Rota accepted it with an outstretched paw. Some of London's more sensational tabloids described the lion's gesture as a "swipe at the prime minister."

Both Churchill's household and the zoo denied the reports that Rota tried to maul Churchill.

The zoo said "abundantly." Why, Rota is so old he almost has to have his mouth cranked open.

Red Cross Gets Horse CHICAGO — UP — Mayor Martin H. Kennelly, presented with a horse by the mayor of Houston, six weeks ago and puzzled ever since with what to do with it, said Monday he will give it to the Red Cross. Kennelly said the Red Cross will auction off the horse to raise funds.

Found Dead in Auto SAN ANTONIO — UP — Frank F. Heller, 46, owner of the Oak Hills Motor Lodge; was found dead Sunday in his automobile parked in the drive of the tourist court. Officers said there were no signs of violence.

'Interests' Attacked In Water Group

AUSTIN, March 14 — UP — State Sen. Dorsey B. Hardeman of San Angelo Saturday attacked "selfish interests" whom he charged were endangering the "constructive" program of the Texas Water Resources committee in the Legislature.

Hardeman, chairman of the Water Resources committee, said the legislation "faces the certainty of being hacked to death if selfish interests are successful in attaching crippling amendments to some of the vital water bills of the committee now before the Legislature."

"Unfortunately, some of the people back home are being misled by propaganda of interstate who want to use more than their just share of public water and by others who want to gain control of the proposed state water commission in order to promote a program directed by a federal bureau," Hardeman said.

"It is up to the people and the Legislature to decide if a constructive program is to be adopted," the San Angelo lawmaker added.

"The Texas Water Resources committee had presented such a program in the eight bills and a constitutional amendment introduced early in the current session. Those interests opposed to improvements in our water laws and to the proposed state water commission immediately started a campaign to hack the program to death through nullifying amendments," he said.

Hardeman said "it is time for the people of Texas to take up and adopt a constructive water program."

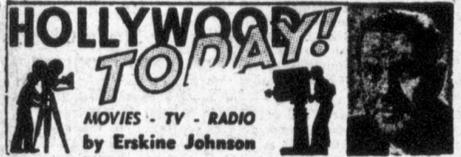

"The drought has demonstrated the need for greater conservation of the state's water resources. Those who have been hoodwinked by the opponents of the committee's constructive program will have to answer to the people if the bills are nullified by crippling amendments," Hardeman said.

Texas Dies in Crash SALT LAKE CITY — UP — A Texan was one of five persons killed in the crash of a B-25 near the crest of one of Utah's tallest mountains. He was Airman 2-C Doyle H. Dempsey of Hawkins, the Air Force said.

Watchman Locks Self In Freezer SAN ANTONIO — UP — Matias Bravo, a 67-year-old packing company night watchman, entered the locker to check the temperature and burglars slammed the door and locked him inside.

Bravo escaped through a window which had not been in use for a number of years after spending one and one-half hours in sub-zero temperature.

The watchman for Apache Packing Co. told police he left the door open and the lock off the hasp when he entered the locker room. Burglars slammed the door and returned the padlock to the hasp, he said.

HOLLYWOOD — (NEA) — Exclusively Yours: Paulette Goddard turning down MONEY is one of those hold-the-presses phone-the-governor, strike-up-the-band, ring-the-fire — alarm, champagne — for-everybody things.

But the lady did — \$75,000 in cash for a three-week stand at one of the Las Vegas dice palaces. "Everybody says I'm mercenary and this will prove I'm not," she told her agent, Bob Swartz, when the offer was made. And she even added: "I can't sing or dance. I won't take money for talent I don't possess."

Jeeves, the smelling salts. Quick. Kay Kendall, the beauty who gave zip to "Genevieve," was tested by MGM to sub for Grace Kelly as Bob Taylor's costar in "Queen of Hearts." Hollywood could use this shapely dish. . . . Isn't Marilyn Monroe wearing a black wig on "private" excursions around New York?

THIS IS HOLLYWOOD, Mrs. Jones: Edward Ashley says he was at a movie-town party where a film queen announced with great dignity: "I know you drink I'm drunk."

Corinne Calvet, the French cutie, has been signed for a television film, "Cafe Istanbul." Marlene Dietrich created the role on radio.

Virginia Grey is back on the Universal lot after 28 years for a role with Rock Hudson in "All That Heaven Allows." She was a movie moppet who played Little Eva there in the 1926 "Uncle Tom's Cabin."

Remember Virginia: "Instead of growing up at home I JUST SORT OF GROWED UP ON THE SET."

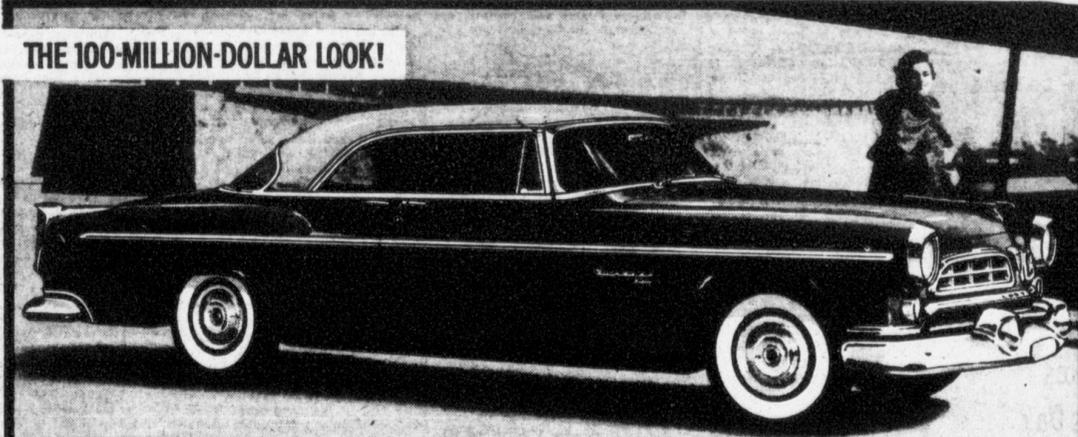

TV producer Kermit Schafer tells about the temperamental movie queen who has the courage of her CONNIPPIONS.

Switch: The Crew-Cuts were choir boys before they turned pop-singers. . . . John Kerr, rated a new star at MGM — you'll see him in "The Cobweb" — goes into the army this summer for the required hitch. . . . Jane Talk

Pampa News Women's Editor
By JANE KADANGO

HOME DECORATING is in the spotlight today with suggestions on the use of area dividers, style changes for bedrooms, and tables for fun, function and fashion, to help you keep up on the latest developments in this field.

AREA DIVIDERS are returning to favor in a more decorative and useful manner. There are screens which not only provide needed concealment, but serve as an important decorative accessory. Other dividers are not so concerned with concealment as with division; and this type frequently prides itself on being accessible from either side. Moreover, this type frequently contains special features, such as a drop door desk.

There are also server dividers. The server proves important for the dining area and, as a connective link with the living area, doubles as a capable buffet for living room dining.

USE OF FEWER PIECES to furnish bedrooms makes the style of the bed more important. Retailing Daily. The canopy bed, a returning fashion, offers a touch of elegance which space won't deny. Then the use of benches at the foot of beds offers another fresh look as beds shed footboards. Another development in the fur-

nishing of bedrooms, is the tendency to play down the sleeping character and stress the sitting room character of the bedroom. The trundle bed recognizes this trend as do individual metal headboards which can be combined with distinctive case pieces and tables to forego the matched group and thereby provide greater individuality.

DESIGNERS HAVE LAVISHED so much attention on tables this year that they play a much more important role in home furnishings. However, styling is so versatile, according to Retailing Daily, that the confining bounds imposed by convenient labels such as end, cocktail and lamp, can't accurately describe these designs which want to go everywhere, do everything.

There are traditional tables which are as formal as the homeowner wishes — yet as modern minded. For leaves open out to disclose practical thermostat plastic panels which not only wipe clean but resist heat and stains. Recognized the need for a wider variety of dining tables to satisfy the roaming meal. One favored style is the long, slim table usable as a sofa table, as a console, as a window table and, of course, as a dining table. Such tables, demanding a minimum of space until needed for dining, easily expand to seat 8, 10, 12.

TFWC To Support Traffic Safety Bill

Mrs. L. E. Dudley, Abilene, president of the Texas Federation of Women's Clubs in Austin this week stated she was appealing to all Texas clubwomen to intensify their traffic safety program which her organization is sponsoring, with emphasis on legislative support for the inclusion of driver education in the curriculum of every state-supported high school, as proposed in House Bill No. 278.

In speaking of the cost of the program, she stated: "It will amount to only 60 cents per person or \$1.00 per car. Besides the lives, injuries and heartbreak, we will save the cost of the program over and over again, in dollars, out of the \$100 million we have been spending every year in having accidents in Texas. The reduction in automobile insurance rates and the surcharge in automobile insurance for drivers under 25 who have not an approved course in driver education, would result in a saving sufficient to carry out the program."

The 86th Annual Convention of TFWC, Galveston, May 2-4 will be keynoteed on program planning. Two of the feature speakers will be Anne Allison, New York City, nationally known consultant on program planning for women's clubs; and Christine Sadler, Washington D. C., McCall's Magazine, editor of Club Notes from All Over.

Mrs. Dudley also announced that a fall meeting of the TFWC board of directors had been scheduled at headquarters in Austin, November 7-8, 1955.

Dallas has been chosen as the Convention site for the 86th Annual Convention, May 7-10, 1956.

Wallpaper, Fabrics Are Made To Match

By KAY SHERWOOD
NEA Staff Writer

The growing number of inexpensive wallpaper designs that pair up with matching fabrics puts a ready-made aid into the hands of the amateur decorator. I think most of us have certain timidity about introducing too many strong patterns and designs into one room. If we pick a paper with a pronounced motif we're apt to stick to solid colors and textures for the rest of the room.

Fabrics that repeat the motif can spice an interior without overwhelming it. Most of these fabrics are modestly priced. They are woven of cotton or cotton-rayon combinations in weights suitable for curtains or cushions or as covering for a side chair. The combinations cover a respectable range of designs. You can find Early American or provincial patterns in clear bright shades of red, blue, green or white grounds, or florals overlaid with metallic glints of silver or gold or stylized contemporary designs of ferns and leaves. You can find scenic prints, and textured effects. I've seen dainty little patterns in pastels used for bedrooms and bold designs used in living rooms.

GRAND FINALE — For the grand finale of the "Paris in the Spring" style show, presented at 2, 4, and 6 p.m. Sunday in the Palm Room of the City Hall, each model appeared on the stage, with the group singing a song about the Calene material. Models were Mrs. Robert Payne, Miss Jan Smiththiser, Mrs. Kay Fancher, Mrs. Clifford Bralley II, Mrs. Charles Hickman Jr., Barbara Holt, Leslie Watkins, Steven Michael Sybert, Carol Linda Payne, Kent Kelp, Kevin Kelp, Shane Wilbanks, Mrs. Bob Johnson, Miss Marcheta Hall, Miss Elizabeth Mann, Mrs. S. W. Dougherty, Miss Jerry Sloan, Miss Charlotte Hoggart, Mrs. Weldon Witcher, Mrs. Jake Osborne, Miss Carol Foster, Cathy McBride and Roberta Griggs. During the show a "make-it-yourself" purse kit, designed by Mrs. Ed Barnes of Pampa was demonstrated. (News photo)

Girl Scouts Present Program For PTA

The Girl Scouts presented the program at the Hopkins Parent-Teacher Association meeting recently.

Brownies "flying up" into the Girl Scout Troop were Gertie Eadick, Joyce Malone, Judy Vandenberg, Sharon Brock and Ruby Payne. Girls receiving their second class badges were Judy Stafford, Martha Crouper, Barbara Todd, Barbara Smiley, Lavonna Andrus and Ruth Martin. Receiving first class badges were Gail Chism, Martha Carter, Kristi Brown and Sandra Rogers.

Mrs. Buster Sublett led the business session. Officers for the coming year elected during the meeting were Mrs. Howard Brown, president; Mrs. Ray Stephenson, vice president; Mrs. Jack Stafford, treasurer. A short musical program was presented by the third grade, under the direction of Mrs. Ida Fudonna. Hostesses were mothers of first and second grade pupils.

Miss Marilyn Wells of Mariner Troop 22, Pampa, was present to accept the Juliet Low Fund from the three Hopkins troops.

Skellytown Rebekahs Are Given Instruction

REBEKAH LODGE held a meeting recently in the IOOF Hall with Miss Addie Fern Lick, noble grand, in charge.

Mrs. Les Kreis, lodge secretary, read a letter from Mrs. Maude Buzard, a s e m b l y president, thanking the lodge for their cooperation and their donations to the orphan's home and the old folk's home during her term of office. Mrs. Fred Genett, district deputy president, held a school of instruction for lodge members. Misses J. W. Weaver, Al Shubring and Clifton Hanna were appointed to instruct new members who are initiated into the lodge. Refreshments of cake and coffee were served.

Attending were Misses Carlos Beck, C. M. Estes, Delmar Sims, John Nichols, Clifford Coleman, Ross Neugin, Robert Marlar, Les Kreis, Virgil Weaver, Al Shubring, Fred Genett, Clyde Weaver, Rebecca Kniver, R. C. Heaton, J. W. Weaver, Miles Pearson, Clifton Hanna; Miss Addie Fern Lick and Messrs. W. S. Berry and Everett Crawford.

Lefors FHA Girls Plan Degree Course

LEFORS — (Special) — The Lefors Chapter of Future Home Makers of America Wednesday decided to hold a degree workshop for the neighboring towns of McLean, Miami, Pampa and White Deer. Girls working on Junior degrees are Bettye Atchley, Marilyn Pafford, Mary C. Barbara Pfeil, Barbara Cody, Peggy Dunning, Omega Crutcher, Peggy McCarley, Glenda Northcott, Sheila Cable, Peggy Lamb, Phyllis Barron, Frances Hankins, June Henderson, Grace Barber, and Jaquita Lisenbee.

The club had two visitors, Charis Lisenbee and Mrs. Alfred Dunning.

MANNERS MAKE FRIENDS

A quick way to antagonize others is to state your opinions in a belligerently positive manner. And it can be mighty embarrassing to be proved wrong when you have been so dogmatic. So say "I think" or "It seems to me" when you are merely stating an opinion.

Shower In Perryton Honors New Bride

PERRYTON — (Special) — Mrs. Harry Langolf, the former Miss Donna Swink, was honored with a bridal shower recently in the home of Mrs. A. B. Cockrell. Co-hostesses were Misses Clem Flowers, C. F. Jones, L. H. Lance, W. C. Sanders, C. G. Rogers, Mike Downey, Virtie Farley, Roger Pearson, Clifford Beck, Earl Wedge, L. R. Conner and Jack Watson. Corsages were presented to the honoree, Mrs. A. L. Swink, her mother, and Mrs. G. Langolf, mother of the bridegroom. Linda Watson and Betty Mahan assisted with the gifts.

The serving table was covered with a white lace cloth and centered with an arrangement of Dutch Iris in a silver bowl flanked with silver candles in silver holders. Mrs. Swink and Mrs. Langolf presided alternately at the crystal punch service. Approximately 50 guests called or sent gifts during the afternoon.

RUTH MILLET

Life may or may not begin at 40. But after a trip across the country I am convinced that the best-looking women in America today are women who have 80 years or more of living behind them. You see them everywhere, slim, trim, white-haired women who carry themselves like queens and are so beautifully groomed they manage to make younger women look merely pretty or even sometimes frumpy by comparison. What makes these older women so outstanding? For one thing, they have more individuality than a younger woman. They aren't afraid to select their clothes on the basis of what is "best" this season but on what looks best on them. Their faces have more character than those of younger women because character has had time to stamp their features. They obviously have plenty of time for careful grooming and for the exhausting kind of shopping it takes to find just the right hat or the perfect suit. And many of them have more money to spend on clothes than they had in the days when there were children at home whose needs came first. Any young woman today who hates to grow old because she's dreading losing her looks should start taking a keener look at the older women of America. If she does she will find plenty of evidence that beauty and style are not possessions of the young exclusively. Of course, she will see some women who at 80 are still trying to look like girls. They are always a discouraging sight. But the women of 80 or 90 or 70 who have made up their mind to be the best-looking 80 or 90 or 70-year-old woman it is possible for her to be will convince her. It isn't growing older that makes some women pitiful, but trying to believe they are still young.

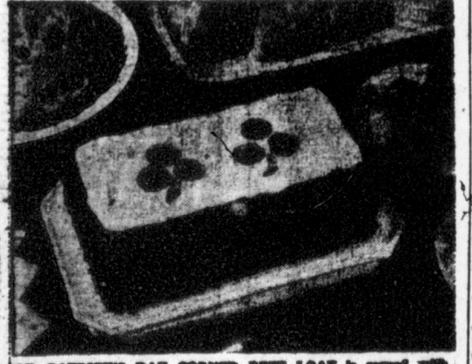

Fashion dispatches from Paris make note of Jacques Fath's Black Jersey bathing cap that sports up on top of the head. It's designed to provide a comfortable (1) carnyal for beauty accessories.

Style Show Draws A Capacity Crowd

A near-capacity crowd filled the Palm Room Sunday for the three showings of the "Paris in the Spring" style show, sponsored by the Pampa Council of Women's Clubs in connection with Calene, Pampa merchants and the Chamber of Commerce. Guests were welcomed by Mrs. Rex Rose, Council president, who also introduced her committee chairmen. They were Mrs. Lonnie Richardson, entertainment; Mrs. E. W. Fogar, usher; Mrs. Asselle Loftus, publicity; Mrs. Ruth Jordan, models and merchants; Mrs. Melvin Watkins, tickets; Mrs. Ralph McKinney, refreshments; and Mrs. Clifford Whitney, decorations. Commentator was Mrs. Margaret Langley of New York, assistant director of consumer relations for Calene Corporation. Prior to the show, she told a little about the history of fabrics and showed and displayed some Calene material. Door prizes of Calene material were presented at each showing. Carol Linda Payne, daughter of Mr. and Mrs. Robert Payne, was named Miss Calene of Pampa by Mrs. Langley. The show was presented before a setting of a Paris street scene and kettles. Artists were Miss Gayle Herr, Ted Gilkas, Mrs. W. A. Dow, Roger Long, Mrs. Fred Sloan, Don Sprinkle, Mrs. W. G. Waggoner and Miss Florence Jackson. Prior to each performance, tea was served in the City Club Room. The table was centered with a stereofone wagon filled with spring sandwiches, cookies, nuts and tea. Proceeds from the show will be used for new furniture for the City Club Room.

Cook's Nook

By GAYNOR MADDOX
NEA Food and Markets Editor
Fish, skillfully prepared, is wonderful eating. Ever enjoy fillets of sole served on asparagus on toast with a subtly cheese-fused sauce over it all? Well, I talked to David Wayne, voted "Best Actor on Broadway," about his favorite fish dishes. Sole Mornay on asparagus is No. 1 with him. Born in Michigan, Wayne loves New York because of its wide variety of fish and shellfish. Of course, he works in New York, too, as Sakini in "Teahouse of the August Moon" and also as "Norby" on television. His wife, son, twin daughters and his often enjoy bouillabaisse and fennel haddie with egg-caper sauce. So let's look in on the David Wayne fish-loving household. Sole Mornay on Asparagus (Makes 3 to 4 servings) Mornay Sauce: Two tablespoons butter or margarine, 2 tablespoons flour, 1 cup milk, 1/2 cup grated Parmesan cheese, 1/2 teaspoon salt, dash pepper. In top of double boiler over direct heat melt butter or margarine and stir in flour. Gradually add milk, Cook, stirring constantly, until sauce thickens, about 5 minutes. Add cheese and continue stirring lightly until cheese is melted. Dilute with a little milk or cream, if necessary. Add seasonings. Place over hot water and keep hot while asparagus and sole are being prepared. Asparagus and Sole: One package frozen asparagus, 1 pound sole fillets, fresh or frozen (or other white-fleshed fillets), 4 slices buttered toast. Cook asparagus according to directions on box. In the meantime, poach fillets in half a cup of water about 5 minutes (10 to 15 minutes if fillets are frozen) or until fish flakes easily when tested with a fork. Place asparagus on toast, fish on asparagus, and top with Mornay sauce. Slide under broiler and brown for 4 minutes or less.

ST. PATRICK'S DAY CORNED BEEF LOAF is served with cabbage wedges and soda bread.

COOK'S NOOK

Corned Beef Loaf Makes Treat For St. Patrick's Day

By GAYNOR MADDOX
NEA Food and Markets Editor
March 17, St. Patrick's Day, is a great day for the Irish. And, of course, corned beef and cabbage, being popular with the proud men and daughters of the fair green Isle, they belong on the menu for March 17. Mrs. Bridget Clancy, of New York, serves traditional corned beef but with a modern labor-saving twist. She makes a corned beef loaf, covers it with horseradish and chamonix cut from pimento-stuffed olives.

1 egg, onion and olives; mix well. Melt butter or margarine, over low heat; add flour and blend. Gradually add milk and cook until thickened, stirring constantly. Add to beef-olive mixture and mix well. Turn mixture into greased 9x3-inch pan. Bake in moderate oven (375 degrees F.) 1 hour to 1 1/2 hours, or until firm. Serve with horseradish cream sauce and garnish with olives as desired. Cheese-Olive Surprise Rolls (Makes about 23 small rolls) One 14 1/2-ounce package hot roll mix, 1-3 cup chopped pimento-stuffed green olives, 2 1/2-inch cubes processed Cheddar cheese. Combine hot roll mix and olives; mix well. Prepare dough according to package directions. When ready to shape, form dough around cheese cubes to make balls about 1 to 1 1/4 inches in diameter. Arrange in greased shallow baking pan and bake according to package directions for pan rolls.

Easter Bonnet, Bag

A new Easter Bonnet and bag set for the little tot! Crochet it of pale pink (or her favorite color) straw yarn. You'll find the stitches simple and the result delightful.

Pattern No. 5436 contains crocheting instructions, for bonnet and bag; material requirements, stitch illustrations. Send 25 cents in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT, Pampa Daily News, 372 W. Quincy St., Chicago 6, Ill. Now available — the 1955 New-View ALBUM printed in attractive colors. It contains 80 pages of lovely designs — plus 3 gift patterns, directions printed in book. Only 25 cents a copy!

Miss Joyce Shumate Named Winner In Pampa For Homemaking Contest

Miss Joyce Shumate, daughter of Mr. and Mrs. M. W. Shumate, won the "Homemaker of Tomorrow" contest locally, according to Miss Evelyn Millam, high school counselor. She will receive a gold pin and a cook book, and the high school home economics department will receive a cook book.

General Mills was sponsor of the Betty Crocker search for the "American Homemaker of Tomorrow." Judging was based on a written examination taken locally by approximately 50 Pampa High School girls, and by approximately 9,200 senior girls in Texas. A local winner was named in each city.

Miss Shumate's test will be entered in the state contest, the prize for which will be a \$1800 scholarship and a trip with a school advisor to Washington, D. C., Colonial Williamsburg, Va., and Philadelphia, Pa. The state winner's school will receive a set of the Encyclopedia Britannica.

The state winner will compete in the national contest for the title of "All-American Homemaker of Tomorrow," to be announced April 21. Prizes in this contest is a \$5,000 scholarship. National entries will be judged by a committee of 15 nationally known educators and public leaders. Written test, prepared and graded by Science Research Association of Chicago, consisted of multiple choice and subjective questions to test the student's attitude and knowledge in such major areas of homemaking as family relationships, spiritual values, child care, health, safety, conservation of resources, money management, recreation, home beautification, community participation and continuing education.

PHONE BR 5-4125

Let Benny Ormson Put Your Car In Sm-o-o-th Running Condition

It pays to have a good automobile. Everyone knows that. But not everyone knows how easily and at what low cost he can have a good automobile.

You can find out by bringing your automobile to Benny Ormson's Garage, 1308 Alcock (telephone 4-7592), and having Benny check over your automobile.

Best Equipment

At Ormson's Garage you are sure of having all work done accurately and quickly because Benny and his assistant, Claude Edwards, are skilled mechanics and use the latest instruments and equipment to speed their work.

The way Ormson and Edwards use these instruments and equipment cuts the time they need to do your repairs. That means they are able to pass the savings on to you.

"First, we do the job right, and we do it as quickly as possible," Ormson said. "Then the motorist has his car back in less time, and the bill is lower."

Bring your car to Ormson's Garage (1308 Alcock) for your spring tune up. Make sure the points, the timing is set correctly before you begin your spring driving. Be sure the oil bath air cleaner is clean so it can do its job.

Ormson has the equipment to check the electrical system in your car — whether yours has a six or a 12 volt circuit. He also can check the big 24 volt systems on trucks.

How about the spark plugs? Are they set properly? Are all electrical connections good, or are some beginning to shake loose?

Extra Mileage

A check up by Ormson can mean many miles of motoring fun. A loose electrical connection — like a battery cable — can mean a one-hour under the hot sun.

It takes Ormson just a short time — using his modern instruments — to set and adjust parts, to check the timing, the carburetor, the fuel pump, the regulator.

Ormson's use of these and many other instruments means lower automobile costs for you. He uses them to save you money.

Align Front End

Get Ormson to align the front end of your automobile. Many motorists are surprised at how

PRECISION TEST WITH PRECISION INSTRUMENT — Benny Ormson, owner and operator of Benny Ormson's Garage, 1308 Alcock, telephone 4-5592, runs an accurate check on a setting in this automobile. Ormson uses the most modern instruments regularly to make sure all adjustments are accurate. His care insures precision repair work. Ormson's Garage gives top quality work at rock bottom prices. Specialties are hydraulic transmissions, engine, brake, electric and front end work. Drive in today. (News Photo)

easily their automobile steers after Ormson has set the front end. Also, this work means no excess wear on the tires — lower tire costs.

Benny Ormson insists that every car which leaves his garage leaves in the best possible condition. His habitual double check on each automobile is your "extra" — your special safeguard — that your automobile is right.

Guaranteed Satisfaction

Of course Ormson guarantees satisfaction on his work. Benny specializes in hydraulic front end and engine, brake and electrical work.

Besides more than 15 years experience in automobile work, Ormson has attended intensive training schools in each of these specialties. That is in addition to his general automotive studies.

Skill And Equipment

Ormson's garage is equipped to

do all minor adjustments and major overhauls. That means that the garage has all the instruments and equipment, and that Ormson and Edwards have the skill.

Bring your automobile or truck to Ormson, let him tune it, or overhaul it. You will like the new purr in the engine, and you will know that you have many more thousands of care-free miles of motoring in the car.

Drive in. You will like Ormson and his work. Benny Ormson's Garage — 1308 Alcock — telephone 4-7592.

Committee Speaks For Statehood

WASHINGTON, March 14—UP—Admission of Hawaii and Alaska as the 49th and 50th states would be good for the nation as well as the territories, the House Interior committee said Saturday.

"Statehood for both," the committee said in its formal report, "would be in the best interests of the United States as a whole and of the people of the territories in particular."

Hawaii and Alaska, the 126-page document said, are "ready, willing and able to support statehood."

The report supported the committee's approval two weeks ago of tandom Hawaii-Alaska enabling legislation. Its publication Saturday cleared the way for House Rules committee hearings on the bill. These are expected next week.

The Senate also is considering a tandem bill that there is strong Republican opposition to admission of Alaska. President Eisenhower, himself has said Alaska is not ready for statehood.

The report termed it "a paradox that the United States should permit so vital a part of itself (as Hawaii) to remain in the interior status of a territory."

In the case of Alaska, the report coaxed an ear to Soviet propaganda claims that Communist-run northern Indo-China face death through starvation, unless Red China comes to their aid.

Peasant refugees reaching this French-controlled port city from the outlying Communist areas were

"Your honor, I object to the defendant appearing in this costume!"

Indo-China Needs Food

HAIPHONG, Indo-China, March 14—UP—Authoritative sources said Saturday that 1 million people of Communist-run northern Indo-China face death through starvation, unless Red China comes to their aid.

Peasant refugees reaching this French-controlled port city from the outlying Communist areas were found by medical examiners to be suffering from beriberi, a disease resulting from malnutrition.

Reports supplied by the refugees indicated that the threat of famine is particularly acute in the region south of Hanoi, including such cities as Thanh Ho, Phat Diem, and Vinh. All three cities are near the Communist frontier with free, South Viet Nam.

The famine-threatened region once was the rice bowl of the east. Peasants arriving here said that at Phat Diem the people were receiving only one meal a day from the political officials and that the rice ration had been cut from 32 to 28 pounds per month.

Authorities here said that on basis of the evidence available, it appears the famine will be worse than that of 1945 and that up to one million people may die unless Red China sends in food.

Such an act of generosity was believed unlikely.

The Communist Viet Minh was reported to have adopted the principle of "rebels eat last" as a means of putting political opponents of the Red regime under increased pressure.

Depend On B & B Pharmacy For Medicines, Spring Needs

It's spring — the season you depend on B & B Pharmacy just as you do the rest of the year.

B & B is the friendly neighborhood drug store with a down-town location — Ballard at Browning. Telephone 4-8788.

Prescriptions

Call on B & B Pharmacy for your prescriptions because B & B has two skilled, experienced, registered pharmacists on duty at all hours. F. L. Stone and Vaughn Young, who compound all prescriptions at B & B, use only the freshest drugs.

They know how important your prescriptions are to your health. They know they team up with your physician to guard your health. Because they do know all that, they use all their skill in compounding your prescriptions promptly with special care. Ask your doctor to call B & B, 4-5788.

And have B & B deliver your prescription by the pharmacy's free city-wide delivery service.

Double Stamps

And B & B gives double S & H Green Stamps with all prescriptions! That policy gives you extra savings. Of course B & B Pharmacy gives S & H stamps with all purchases.

WELCOMES COURT TRIAL

Former Texas Land Commissioner Bascom Giles, seated, is shown in Bexar County sheriff's office at San Antonio as he tells newsmen "I welcome the opportunity to make my defense in court." Giles was indicted a week ago of conspiring to commit theft of \$83,500 in state money in veterans lands scandal. (NEA Telephoto)

Girl Hatching Eggs In Stunt

MIAMI, March 14—UP—They laughed when she sat down to hatch, but pretty Patricia Godbee said Saturday she is determined to become a proxy "mother goose."

The shapely blue-eyed blonde entered a specially-constructed "house" in front of a service station here and sat down — gently — on nine goose eggs. If all goes well, they should be hatched within 28 days.

Service station owner W. C. French, who is paying Patricia \$300 for the sit-down stunt, specified that Patricia is not to leave the eggs more than four minutes at a time. An electric heating pad concealed in Patricia's reclining chair was ready for emergencies, but Patricia wasn't worried.

"I've practiced and can take a bath, get dressed, brush my teeth and get back to my nest in three and one-half minutes," she said. "I can recline in the chair at night to sleep and will take my meals without moving."

Wearing bright red shorts, the 21-year-old former waitress took to her nest while a hillbilly band furnished a barnyard atmosphere. French hoped the idea would attract a steady crowd.

"And who knows," said Patricia, "I might even get a husband out of this deal."

"Dad says now I'll know where she is nights," she added. "I'll spend my spare time knitting booties for the baby geese."

The eggs, purchased from a nearby dairy, were described as whoppers. French said he chose nine as the number for the experiment after making a number of calculations.

ALTHOUGH THEY ARE LACKING in balance at the moment, the Harvester tracksters may be in for their best year in the cinder sport in several years this season. In Saturday's meet at Graham, it was left up to Harold Lewis and Jon Cantrell to do most of the point-making. But it was only the first meet of the year for the Green and Gold thinsies and Coach Dwaine Lyon hopes to come up with a couple more or so consistent point-getters.

NIT Enters Q-Final Round

NEW YORK—UP—Skyscraping Louisville puts top-seeded Duke in the "sickness test" and high-jumping Niagara tackles fourth-seeded Cincinnati Monday night as quarter-final competition opens in the National Invitational Basketball Tournament. This was a solid favorite, but Cincinnati — which closed the regular season with four straight losses — was no better than a toss-up against red-hot Niagara. The winners will meet in one semi-final on Thursday night. The quarter-final round concludes Tuesday night with second-seeded Dayton playing St. Louis and third-seeded Holy Cross meeting St. Francis, Pa., with winners in these games meeting in the other semi-final. "Duke's never has won the NIT in seven previous tries, and Coach Donald (Dudey) Moore is worried that ailments suffered by his two All-Americans—Si Green and Dick Ricketts — may lead to an eighth failure. "Green had a virus attack Thursday and spent Friday and Saturday in bed," said Moore. "Ricketts never has been quite as good as he was before he hurt that ankle last Christmas week."

Champs Revealed In Perryton Basketball

PERRYTON, March 12 — (Special) — In the winter church league basketball games sponsored by the Perryton Club of Perryton, championships were decided last week. The Methodist girls team won their division, with the Christian team winning the Pee Wee Division. In the boys games, and the Methodist juniors won their division. All star teams were selected from each division. Girls on the winner team are: Bonnie Witt and Fern Williams from the Baptist team; Nan Jean Boxwell and Judy Sumner from the Christian team; Rosemary Taylor and Marjorie Swartz from the Methodist team; and Jimmie Carol Newman and Paul Gaudner from the all-church team. In the boys' Pee Wee Division those making the team were: John D. Smith and Donnie Johnson from the Baptist team; Jerry Pearson and Tim Wright from the Christian team; George Mayberry and Larry Wilson from the Methodist team; and Joe Slater and Junior Smith from the Mennonite team. Junior boys on the all star team are: Howard Swink and Keith Shaffer from the Methodist Church; Larry Shultz and Jerry Payne from the Christian team; Danny Wagar and Larry Clark from the Mennonite team, and Laraine Woodard and Loy Clark from the Baptist team.

MANTLE WORRIES YANKS

New York Yankee Manager Casey Stengel is deeply concerned over the poor showing in spring exhibition games to date of his star slugger, Mickey Mantle. Mantle is hitless in 12 trips through yesterday's game and has struck out seven times. The Yanks lost to the Red Sox, 4-2, Sunday, their fourth defeat in as many spring starts. (NEA Telephoto)

PHS Tracksters Prep For Cowtown Meet

The Harvester tracksters, after a very fine showing at the Possum Kingdom Relays in Graham Saturday, will begin preparations today for the Fort Worth Recreation Meet this week end. The Harvester, coached by Dwaine Lyon and assisted by Marvin Bowman placed second in the Graham meet Saturday that attracted 39 schools from all corners of the state. And the Green and Gold will be going against the toughest competition in the state again this week at the Cowtown meet. Included among the entries are Paschal who won the Possum Kingdom Relays and the Abilene Eagles, champions of the Border Olympics over the week end. After this week's meet, the Harvester will go to the West Texas Relays next week at Odessa. Two other meets are definitely on tap, the Sande Relays an Ode District I-A meet. The Harvester will also enter the ABC Relays at Big Spring if it is held. The Harvester golf team, coached by Weldon Trice, will also participate in the Recreation Meet at Fort Worth this week end.

E-Texas Wins NIAA Tourney

KANSAS CITY, March 12—UP—East Texas State of Commerce won its first NIAA basketball championship Saturday night in a smashing rout of Southeastern Oklahoma State of Durant, 71-84. In the consolation game, Western Illinois of Macomb had to come from behind in the last 90 seconds to beat Arkansas Tech, 77-74. The Texans rushed to a 12-2 lead in the first six minutes of play and were so vastly superior in all departments that long before the halftime arrived, it was no contest. Jim Miller, 6-6 East Texas center, provided the scoring power and the rebound strength that left the Oklahomaans bewildered and beaten and the Texas rosters howling in delight. As one spectator commented, "You wouldn't believe it if you weren't here to see it for yourself." Southeastern Oklahoma had entered the game as the tournament's highest scoring outfit. It had rolled up a record 120 points in its first victory, hit 108 in the second round and 96 in the quarter-finals. But the opposition in these contests permitted Southeastern to play its running game. East Texas didn't make that mistake Saturday night. The champions checked the fast-breaking Oklahomaans at the start and with Miller gobbling up the rebounds and connecting on shots off the post, it quickly became a one-sided issue. Miller didn't do it all, but he did plenty. Team mates Shelby Metcalf, Bill Notley and Clarence Lynch combined to effect a smooth functioning team that so demoralized the Oklahomaans, they managed only three field goals in the opening half. Meanwhile, East Texas rammed home 14 goals on 28 shots for a huge 36-14 lead at the intermission. There are some other question marks on the Brooklyn club beside Campanella, but they aren't as important. If any of the other veterans start to slip there are youngsters ready to take over. However, if Campanella doesn't come through, then the Dodgers could be in trouble. While Rube Walker is a good No. 2 catcher he doesn't figure to be of championship caliber yet. The other "ifs" on the club include whether Jackie Robinson overcomes the injuries which handicapped him last season; whether big Don Newcombe can get back in the form he showed before going into the service, and whether shortstop Pee Wee Reese, now 35,

Qualifying Starts For Texas Gal Golf

HOUSTON—UP—Championship night qualifying for the 34th annual Texas Women's Amateur golf tournament started Monday with defending champion Polly Riley of Fort Worth a heavy favorite to win the title a third time. Match play begins Tuesday and continues through Saturday over Pine Forest-Country Club's 6,500-yard, par-72 course. The 28-year-old Miss Riley has been in Houston since Friday and had played the heavily wooded Pine Forest course twice by Saturday. A big field of more than 200 women amateur golfers is registered for the tournament. Three other former state champions are entered. They are Mrs. Harlan Riedel of Dallas, the 1952 titlist and runner-up last year; Mrs. Frank Goldthwaite of Fort Worth, a three-time champion, and Mrs. Leonard Keating of Houston, twice a state titlist. Mrs. Riedel lost in last year's finals at Dallas to Miss Riley. A score of 85 or better was expected to be necessary to make the championship flight. Sixteen-year-old Diane Garrett of Houston will represent the state's public links golfers in the amateur championship. The youngest entry is 13-year-old Patty Dalley of San Antonio. Another teen-ager is Wanda Sowell, 16, of Tyler. Sixty-four Houston women qualified for lower flights on Friday. Their scores will be matched with those of Monday.

Lion Player Named 'Most Valuable'

KANSAS CITY, —UP—Jim Miller headed an all-tournament team that also included Jim Spivey of Southeastern Oklahoma, Marshall Stoner of Western Illinois and E. C. O'Neal and Paul Martin of Arkansas Tech. The NIAA tournament ended Saturday night. The most valuable player selection and the all-tournament team were announced Sunday. Southeastern Oklahoma, which in the opening game of the NIAA tournament scored 120 points to break the team scoring record, was cold in Saturday night's finals. East Texas State baffled the Oklahomaans by slowing up its fast break and controlling the boards. East Texas led 36-14 at halftime. The NIAA consolation game was played under modified professional rules whereby the players had to get off shots every 24 seconds. Western Illinois took an early lead but had to fight for its life in splitting Arkansas Tech 77 to 74. Fans, after the consolation game, were asked if they liked the way the contest was played and responded with a resounding cheer. Bill Zorn, retiring NIAA president, said he was all for such a rules change. Pep Looks Good BENNINGTON, Vt. — UP — Featherweight champ Willie Pep, 129, of Hartford, Conn. displayed some of his old form Friday night in winning a 10-round split decision over Herman Gary, 132, of Detroit. The fight was staged to promote interest in boxing in this state. (Read The News Classified Ads)

MAJOR PROSPECTS NO. 1 Bums' Hopes Bank On Campy's Hand

Editor's Note: This is the first in the United Press' annual series on the 1955 prospects of major league baseball teams.

ROY, CAMPANELLA

By LEO H. PETERSEN MIAMI, Fla. — UP — How's Roy Campanella? That's the question every National League manager and club owner asks first about the Brooklyn Dodger, for they know the bulky Negro catcher holds the key to their pennant hopes. The answer to the other seven clubs in the league is not encouraging. Campanella seems completely recovered from the hand injury which handicapped him last season. Never has he looked as sharp at the plate than he has this spring. He is powdering the ball to all fields and looks even better than he did in 1951 and in 1953, when he was selected the league's most valuable player. So confident is he that his hand is okay that he is catching without a sponge in his mitt. "The hand and fingers feel fine and I'm no longer worried," Campanella said, adding that he expected the Dodgers to win the pennant easily. And they might well do that if Campanella comes back to his 1953 form when he hit 41 home runs, batted in 141 runs and wound up with a .312 batting average. Last year because of that hand injury he hit only 209 with 19 home runs and 51 runs batted in. Baseball men agree that was the major reason the Dodgers finished in second place, five games behind the Giants. There are some other question marks on the Brooklyn club beside Campanella, but they aren't as important. If any of the other veterans start to slip there are youngsters ready to take over. However, if Campanella doesn't come through, then the Dodgers could be in trouble. While Rube Walker is a good No. 2 catcher he doesn't figure to be of championship caliber yet. The other "ifs" on the club include whether Jackie Robinson overcomes the injuries which handicapped him last season; whether big Don Newcombe can get back in the form he showed before going into the service, and whether shortstop Pee Wee Reese, now 35,

Harvester 9 Start Drills

Between 30 and 40 boys are expected to be on hand today for the opening workout for the Pampa Harvester baseballers. Coach Deck Woldt will face almost a complete rebuilding job as graduation riddled last year's squad. John Perkins is the only full-time hurler returning this season. Cecil Reynolds, an infielder by trade but who saw some service on the mound last year, will likely be called on for pitching duties this season. Woldt hopes to line up a few practice games before District 1-AA play starts April 9. The Harvester will open their 1-AA slate on April 9 at Plainview in a doubleheader. The Harvester will play a 12-game district schedule, meeting each of the other four members of the loop three times. Amarillo, Borger, Lubbock and Plainview.

US Takes Early Pam-Am Lead

MEXICO CITY—UP—The combined might of United States athletes Monday threatened to make a run-away of the second Pan-American Games. With a world-record smashing performance from a comparative midget in weight-lifting, a women's championship in fencing, and a great first-day qualifying round in track and field, the U.S. squad looked like it was on its way to an easy team victory. At the end of the first day this was the way the unofficial scoring went: United States 48, defending champion Argentina 30, Mexico 25, Panama 15, Cuba 10, Chile 7, Brazil 4, Canada 2, Venezuela 2, and Puerto Rico 1. It was a satisfying day for most American coaches and the future looked even better. Here were the first-day highlights: Weight-lifting — Tiny Charles Vinci of York, Pa., set a world's mark in the bantam class for the match event with a lift of 228 pounds. Fencing — Veteran campaigner Maxine Mitchell won the women's fencing championship, scoring seven wins against a lone defeat. The loss was to Mexico's 16-year-old star, Pilar Roldan, who finished with a 5-3 record. Baseball — The U.S. team whipped Mexico, 8-1, and the Dominican Republic turned back Venezuela, 4-3. Track and Field — Ernie Shelton, Southern California star, set a new games record in the high jump with six feet, seven 1/8 inches; Ingeborg Fuhrer of Argentina won the women's discus with a record toss of 141 feet, 5 1/2 inches; Rod Richard of the U.S. Armed Forces and Michael Agostini of Trinidad set a new games mark in the 100-meter dash at 16.5 seconds; the U.S. team qualified all its entrants (three) in each of the men's 100-meter, the women's 50-meter and the men's 50-meter runs; Oswaldo Juarez Argentine, won the 1000 meter run. Basketball — The U.S. Women's team beat Brazil 61-48 after trailing at half-time 30-20. Soccer — Mexico and Venezuela tied, 1-1; Argentina defeated Dutch West Indies, 2-1.

Berg Wins 6th Straight Gal Titleholders

AUGUSTA, Ga. — UP — Veteran Patty Berg, with her sixth straight titleholders golf championship safely tucked away, took over Monday as the leading money winner among women professionals. The long hitting Miss Berg from St. Andrews, Ill., playing the Augusta Country Club course as if she owned it, fired a final round 73 Sunday to win the 18th annual titleholders event and pick up first place money of \$1,000. She also set a tourney record score of 291 for 72 holes, erasing the old mark of 298 set last year by Louise Suggs of Atlanta, Ga. For Patty, it was her eighth victory of the year and her 69th tournament victory in 22 years of play. It enabled her to boost her current earnings to \$4,328, putting her ahead of Jackie Fung of Cincinnati and Honolulu who has won \$4,187. However, Miss Berg had to battle all the way before gaining the triumph. Upstart Mary Lenora Faulk, Thomasville, Ga., player who turned pro only six weeks ago, finished two strokes farther back after battling Patty all the way for the lead. Second place was worth \$700 to Miss Faulk. Betsy Rawls of Spartanburg, S. C., also shot a final round 73 to gain third place with a 72-hole total of 297. She collected \$500. Miss Suggs, the defending champion, who scored to an 80 on Saturday as she fevered bothered her game, steadied down Sunday for a 73 round and fourth place at 301. Her share of the pool amounted to \$500.

2 Texans Named On All-JC Tournament

HUTCHINSON, Kan. — UP — Bill Wynn and Phil Murrell, stars of the Moberly, Mo., squad which won the National Junior College basketball championship, were top selections to the all-tournament team announced Sunday. Others named to the mythical team were Tony Redulich of Arkansas City, Kan.; Bill Typton of Coffeyville, Kan.; Milton Williams and Russell Boone of Tyler, Tex.; Junior College; Don Dotson of Hannibal-LaGrange, Mo.; Don Moore of Boise, Idaho, and Jim Intiba of Evelev, Minn. Wynn scored 23 points for Moberly in his team's double overtime 71 to 64 victory over Hannibal-LaGrange in tournament finals Saturday night. The two teams were tied 53-53 at the end of regulation playing time, 60-60 at the end of the first overtime. Hannibal-LaGrange had overcome a 20-24 halftime deficit to tie Moberly. But Moberly built up a 10-point lead in the second overtime period and won easily.

Top Card At Mat Arena

One of the top wrestle cards of the year will be unveiled tonight at the Top of Texas Sportman's Club Arena. Two of the three matches on tap will share the spotlight. In the first of the two "main events," Bonnie Watson and Olga Zapeda will square off in an all-girl match that is ticketed for the best of three falls or one-hour time limit. In the other main attraction, the Parks brothers, Bill and Herb, will go against Prof. Roy Shire and Bobby Wallace in an Australian Tag Team match, also ticketed for the best of three falls or one hour time limit. With one exception, the tag affair is a "carry-over" from last week's show here. Shire and Wallace won over Herb Parks and Bob Cumming in last week's tag match. But Herb wasn't satisfied with the outcome and asked for a rematch only he would bring his brother along this time. The bout was quickly oked. Miss Watson will also be making a second appearance here in many weeks. She defeated Mary Martinez last week. In the preliminary match tonight Angelo Poffo will meet Bob Clay in a one fall or 20-minute deal. (Read The News Classified Ads)

German Champ Loses

HAMBURG, Germany — UP — Wilhelm Hopener won the European and German light heavy weight championship Friday night on a technical knockout when defending champion Gerhard Hecht was unable to answer the bell for the third round because blood was pouring from a gashed eyebrow.

SPEED RECORD BROKEN

Three Tactical Air Command pilots relax in pilots' lounge at Farmingdale, N. Y., after breaking transcontinental speed record in Republic F-84F Thunderstreak fighter-bombers. Left to right: Col. Robert R. Scott, who averaged 649 mph for the 2,445 miles from Los Angeles to New York; Maj Robert C. Ruby, flew 646 mph, and Capt. Charles T. Hudson, who averaged 638 mph. Scott made trip in 3 hours, 46 minutes and 33 3-5 seconds. (NEA Telephoto)

Oil Firm To Develop Potash Field

OKLAHOMA CITY, March 14—UP—Kerr-McGee Oil Industries, Inc., Saturday signed a contract with the National Farmers Union for development and production of some 14,000 acres in NFU holdings in the heart of valuable potash deposits in southeastern New Mexico.

Officials of the two organizations met here to organize formally a new company, Farmers Chemical Resources Development Corp., which will develop potash reserves near Carlsbad estimated to be more than 100 million recoverable tons.

Value of the holdings has been estimated as high as \$200 million. Dean McGee, head of the Oklahoma oil and uranium enterprise, also announced that Phillips Petroleum Co., a subsidiary of Phillips Petroleum Co., has acquired one-half interest in Kerr-McGee's holdings in the new corporation.

Help Further Distribution
"The signing of the Kerr-McGee agreement will expedite this program and will further our vigorous organization expansion now going on especially in the Corn Belt and in the South," Patton said.

Robert S. Kerr, U. S. senator from Oklahoma and principal stockholder of Kerr-McGee, expressed overwhelming confidence in the new partnership.

"We are glad to join one of the largest farm organizations in the nation in the development of natural resources vital to the continued productivity and prosperity of our farm lands," Kerr said.

"We are engaged in the development of natural resources now through our uranium, oil and gas holdings, and thus are familiar with the development and processing of minerals and energy."

Drilling Unit At Work
McGee said a drilling unit has been working in the area since agreement was reached between the two organizations several months ago. He said the unit already has core drilled and proven about 90 per cent of the holdings.

He said the company will add several hundred workers from the area to set up a processing mill and validate additional leases on some 34,000 acres. Total investment in the project will amount to \$13 million to \$15 million.

The NFU holdings are located 35 miles northeast of Carlsbad, between Carlsbad and Hobbs. McGee said the only other potash deposits in the United States are California.

Man Found Dead Near Girls' Dorm

OXFORD, England, March 14—UP—A brilliant postgraduate student from New York City and member of a "distinguished" European family was found dead in bushes outside a girls' dormitory Saturday after a date with a woman student.
Police identified the victim as Clement Zimmer, 23, son of a college professor and grandson of a librettist who helped composer Richard Strauss write "Der Rosenkavalier."

An autopsy ruled out the possibility of murder, police said. Officials said a full report would be sent to the coroner and the cause of death probably would be announced at the inquest.

"Brilliant Young Man"
Zimmer, a graduate of the University of Chicago, was described as a "brilliant young man," studying for a graduate degree in political science at Oxford University's Wadham College.

The youth's end-of-term date Friday night was Miss Pauline Souper, a student at Lady Margaret Hall, the women's college at Oxford. She was questioned by police but her story was not made public.

Because Saturday marked the last day of Oxford's present term, police said, there were in a party on and off the campus Friday night.
Police said they believed Zimmer attended one of these parties. But their investigation was handicapped because many students already had left Oxford for the between-semester holiday.

Found by Tennis Court
Zimmer's body, fully clothed, was found by a tennis court attendant en route to work. The body lay in bushes in a courtyard about 100 yards from the girls' college.

Police examined Zimmer's large oak-paneled room in hopes of finding a clue to his death. They found an electric percolator half-filled with fresh coffee, a portable typewriter with a page from a half-written thesis in it, and several text books left open on a table.

Zimmer won a Rhodes scholarship after serving in the Army. (In New York, Mrs. Zimmer said her son had attended the Lincoln School and Friend's Seminary in New York, both private schools. She said his entire Army service was in the United States and he was last stationed at Fort Bliss.)

Journalism Fraternity Picks Chief

DALLAS—UP—Mac Roy Razor, an Associated Press staff member at Austin, was elected President of the Texas Association of Sigma Delta Chi, national professional journalism fraternity for men, as it closed its three-day convention at Dallas Sunday.

Razor succeeds A. Pat Daniels, executive secretary to the mayor of Houston.
Other officers elected: N. S. Patterson of Houston, first vice president for expansion; Bobb Tripp, news director for station WFAA at Dallas, vice president for professional chapters; Don Burchard of Texas A&M, vice president for undergraduate chapters; Carlton Wilson of Southern Methodist University, vice president for undergraduate chapter co-ordination; L. A. Wilke of Austin, secretary, and Staley McBrayer of Fort Worth, treasurer.

George Haddaway of Dallas, Warren Agee of Fort Worth, Ray Miller of Houston, W. H. Gardner of Austin and Daniels were elected councilors.
Time and place of next year's Sigma Delta Chi convention will be decided later by the organization's executive council.

The Texas SDX association addressed to the national organization a resolution asking Sigma Delta Chi to study the advisability of instituting "a vigorous and continuous effort toward securing and maintaining an adequate system of

CAUTION!

YOU MAY BE THE VICTIM OF A FAST-TALKING ARTIST AND, SO, WE OFFER YOU THESE SUGGESTIONS

Be on your guard when approached by certain out-of-town roofing and siding salesmen. It's always wise to consult your local lumber dealer and compare notes and figures. You'll save if you take local, friendly advice. You'll have few, if any, regrets later. You'll avoid buying inferior materials and poor workmanship. Home owners throughout the country have learned the hard way and now they take caution . . . they consult the man in their home town with whom they live and see every day. Don't be pressured or kidded into buying a roof or a siding job at prices which in the end cost you more than your local dealer asks. Your local, reliable lumber dealer will give you estimates without cost. Be sure to consult him!

HERE'S WHAT YOU SHOULD PAY

ROOFING	SIDING
Roofing is sold by the bundle or by the square. It takes three bundles or one square to cover 100 sq. ft. An average size roof, completely applied, should cost about	Asbestos cement siding is the most popular type. This is also sold by the square. An average home can be resided, including all labor charges for as little as
\$6.39 Per Month	\$11.19 Per Month This includes Tufflex Insulation

HERES WHAT YOU SHOULD GET

- No. 1 quality Rubberoid tite-on 230 pound shingles. The latest colors and patterns (no discontinued lines or factory seconds.) Applied by local workmen and sold by a local merchant who will be right here to back up a guarantee of complete satisfaction.
- Johns-Manville First Grade Asbestos Siding. All siding looks good when it's first applied. But it takes first quality material, skillfully applied, to hold up year after year. Because we're here in town to stay, we take pains to see that everything's okay. We want you to be a satisfied customer for years to come.

Please Note: Our own workmen apply **INSULATED SIDING** on an average house, including labor and materials, and insurance on labor, for as little as \$14.38 per month.
