

The Big Spring Herald

L. XVIII. NO. 31

BIG SPRING, TEXAS, FRIDAY, APRIL 21, 1922

BY JORDAN & HAYDEN

NOTES ON OIL OPERATIONS

Progressing and a Number of New Tests Assured for This Section

Development may not be going as rapidly as some of us would like to see it, yet it is encouraging to find that the companies drilling test wells in this section are on the job and working steadily.

More tests are being planned in this section. Independent operators from the west were here this week to acreage for a test well north of the present well. It is believed the acreage will be secured for a bona fide test. The big companies continue to pick up all the acreage offered.

Oil News From Mitchell County

How we print all news clipped from the Colorado Record:

Colorado & Pacific No. 2, offsetting the very well, was spudded Thursday by the Underwriters Company, as the first new well to be started by the company on their ten thousand acre tract west of Colorado. J. L. Vaughan, general manager of the company, stated today morning that he expected to locate definite locations for at least additional new wells within the ten days.

Merion Number Two is pumping 250 barrels a day through two inch tubing. Vaughan stated Thursday morning this tubing would probably be pulled and three inch tubing landed in the well. This, he believes, would double the pumping capacity of the well, as present conditions the strong gas pressure outside the tubing retards the flow from the producing sands.

Etta Breunand No. 1, the derrick being completed and The Western Steam Company will spud this well week. The well is to be drilled with the derrick drilling engine which in the past few weeks has been in the Conaway No. 1. The Conaway will be completed with steam.

Mr. Riley has rig materials on the job for his first well on the Murphy and the crew camp house was started Thursday. The rig contractor on the ground and planned to building the derrick Thursday morning. Riley is an independent derrick operator and recently moved into the Mitchell County field.

Materials, casing and tools for the No. 1 will arrive at Westbrook week, probably Wednesday. J. L. Vaughan stated Thursday morning, the well will be drilled by Chal Daniel property controlled by L. W. Sanborn south and west from the Morrison.

The Crescent Drilling Company was spudded at 1950 feet Thursday noon at No. 1 and are operating with the lower crew. Drilling was suspended at this well a few days recently, pending arrival of a new stem from the derrick.

Alpha Morrison No. 1 the Reno Company are awaiting arrival of the derrick. The company will resume drilling on Conaway No. 1 Saturday following shut down for repairs to the bull head and a change in engines. The derrick drilling engine in use there is being moved to Etta Breunand No. 1. A steam engine formerly used is being installed again.

Discovery well is holding up at production under the pump, together with production from Morrison Two and Foster One, the daily production in the field is being increased.

A unusually large number of scouts interested in oil men continue to visit the field and express confidence in the fact that a big field is to be developed. Among these visitors here this week were E. W. Hummel of Fort Worth, chief geologist for the Fensland Company; J. B. Gregory, Texas geologist for the New Domain, and L. W. Young, president of the Pann Company. All three of them were highly pleased with the results and two of them expressed the desire to obtain acreage for development by their companies. Two of the scouts represented are subsidiaries of the Texas Company.

Preparing to spud in two more wells. H. Enders of Boston, president of the Branch Drilling Association, is on the ground aiding in the work of spuding two more test wells south of here.

Engines, tools, casing, etc. for the No. 1 and the McEntire are now on location and the work is being pushed up to spud in is being rushed all speed.

Under Mr. Enders' direction they are taking every precaution to successfully complete the fishing job on Enders-Cushing well No. 1. It has been decided to use the casing, equipped with a casing bowl to fish for the lost tools. In order to eliminate any mishaps, the casing was sent to a machine shop to be rethreaded and it will be next week before the fishing job will be undertaken.

Mr. Enders and associates are confident that the task will soon be successfully completed and they will have drilling operations going forward steadily on their three tests.

Concerning General Oil Company

We have not been able to secure any authentic information relative to the future plans of the General Oil Company since their reorganization but it is rumored that they will undertake a big development campaign in this section.

The McDowell No. 1 is pumped, regularly each day, the oil being placed in storage to be used at other tests they will make.

Shipping Oil From Westbrook

Three carloads of crude oil from the producing wells of the Underwriters Producing and Refining Co., north of Westbrook were shipped from Westbrook to the refinery at El Paso this week. Four empty tank cars were sent to Westbrook today to be filled with oil for shipment to the Rio Grande Oil Co. refinery, at El Paso.

At The McCarley Test

The work of cleaning out the old McCarley test on the Douthitt-Parramore ranch preparatory to undertaking a fishing job has been going forward satisfactorily. J. S. Meriwether in charge of operations is confident that he will be drilling below 1600 feet in this test in the very near future.

Bly-Shaw

At the Methodist parsonage in this city at 9:45 o'clock Sunday night April 16th Rev. Ben Hardy performed the ceremony which united in the holy bonds of matrimony, Wallace Bly and Miss Rosa Shaw.

The bride is the daughter of Mrs. J. K. Shaw of the Knott community, is a young lady of many charming qualities which has endeared her to a large circle of friends throughout our county. The groom is one of our well known young men esteemed by all who know him.

We join many friends in extending to these worthy young people best wishes for much happiness and prosperity.

Concerning Trash Hauling

It having come to the attention of the City Federation Committee that wagons failed to call for trash which had been prepared for hauling away last Friday the committee requests that all persons who had trash prepared which was not carted away to please phone 165 or 486 so an investigation can be made to consider why certain portions of the city were neglected.

The committee will make an effort to straighten this matter out if you will supply the information requested.

Wins Suit Against T. & P.

Mrs. Cordella Jennings of this city was awarded \$9,200 in her suit against the T. & P. railroad in the district court Tuesday. Mrs. Jennings was the wife of J. V. Jennings, a fireman on the T. & P., who was killed several months ago in an engine explosion at Clyde. An agreed judgment ended the case.—Sweetwater Reporter.

First C. of C. Poultry Club Report

Roland Schwarzenbach was the first one reporting to the Chamber of Commerce as to success with the setting of eggs secured from the C. of C. Poultry club. Roland secured twelve fine chicks from the setting of fifteen eggs and will present the C. of C. with a fine pullet this fall in payment for the eggs.

Rabbit Hunt in Elbow Community

About thirty took part in the Rabbit Hunt in the Elbow community Wednesday. The rabbits must have got wind of the hunt via radio for only three hundred and forty were bagged after a strenuous day's work.

A fine dinner was enjoyed by the hunters at the home of Mr. Ford.

Paul Cunningham, Dodge Bro. Dealer.

Paul Cunningham who has been with the Wolcott Auto Co. has been made authorized dealer for the Dodge Brothers automobile in this territory.

Paul's many friends are indeed pleased to note his being made representative for this big auto company.

B. P. O. ELKS SHOW GOES OVER BIG

Will Be Given Again Tonight at Lyric Theatre and Another Big Audience Expected

"Round the Clock with the Debutantes" presented at the Lyric theatre Thursday night, under the auspices of the Big Spring Lodge No. 1386, B. P. O. E., to aid their charity fund, proved a complete success, and the four hundred or more who attended pronounced it one of the best ever.

The beautiful costumes, the attractive scenery, the splendid music, singing and dancing, all combined to make the entertainment one of special enjoyment. Too much credit cannot be accorded Mrs. Frankie Terrell Young, under whose direction the one hundred or more little folks, and big ones, too, were drilled for their parts. When you consider that only ten days had been spent in preparation it is indeed remarkable that those taking part went thru their parts without a hitch. Mrs. Young was ably assisted by Bob Harold Young.

The entertainment is big town stuff and all were surprised as well as gratified as its beauty and excellence.

We could not begin to enumerate the many novelties and features that will delight you; the songs and singers or excellent choruses and dancers—but suggest that you attend the entertainment and find out for yourself, for it will be staged again tonight and you'll like it from the minute Albert M. Fisher Jr.—the Clock Baby Elk—hails you with "Hello Bill" until a shower of confetti bombards you as the jazz medley marks the Grand Finale.

Attending District Meet at Abilene

Teachers, students and contestants to the number of nearly one hundred are attending the district school meet at Abilene and the representatives of the Big Spring High School are going to give a good account of themselves in the various contests.

Here is a list of Big Spring High School contestants in the Abilene district meet Friday and Saturday of this week.

Senior debaters, boys—Omar Pitman and Morris Williams.

Senior debaters, girls—Ruth Miller and Frances Sullivan.

Senior declaimers, girls—Marie Boswell.

Senior declaimers, boys—Hal Farley.

Junior declaimers, boys—Floyd Pritchard.

Junior declaimers, girls—Geraldine Davis.

Tennis, doubles and singles, boys: Robert Currie, Milburn Barnett, Melvin Pitman. Girls: Ruby Harwood, Anna Kate Gilmore.

Track events: Athal Porter, Louie Plafale, Wesley Line, Wilbur Brown, Robert Pike, Buel Cardwell, Woffard Hardy, J. T. Johnson, Aaron Johnson, Albert Allen, Carson Blalack.

Teachers to attend: Misses Majorie Prentice, Lena Price, Bettye Travis, Blanche Blakeley, J. T. Reid, G. C. Cox, A. W. Flanken.

The members of the High School Athletic association staged a parade Wednesday evening toasting for Benefit Week at Athans' tailoring shop. A per cent of the money received for cleaning and pressing during the week will go toward paying expenses of the representatives to the district meet in Abilene.

Y. M. C. A. MEMBERSHIP CAMPAIGN

Plans Now Under Way to Inaugurate Annual Membership Campaign Monday, April 24th

The annual membership of the Big Spring Y. M. C. A. begins Monday April 24th and a whirlwind campaign will be conducted during the week of April 24th-29th.

All memberships in the "Y" expire on April 30th so a campaign will be made not only to secure a renewal of memberships but also to secure one hundred or more new members during the drive. The captains and teams that the to compete in the drive are now being selected and every good fellow in town should line up and help put over the membership drive.

The Y. M. C. A. is one of Big Spring's big assets. If we didn't have a "Y" we would gladly dig up a big bonus to secure same, so why not work together to make this institution big, and better. If the bunch would get behind the drive and secure the membership of everyone who should belong it would not be much trouble to secure a swimming pool and other worthwhile features.

Anyway this is just to remind you that the membership committee will be after you next week. Be ready with your renewal and aid in securing new members.

Can we depend on you to aid in the campaign?

New Books for Our Library

If Winter Comes—A. S. M. Hutchinson.

The Spirit of the Time—Robt. Hichens.

The Head of the House of Coombe—P. H. Burnett.

Sleeping Fires—Gertrude Atherton.

The Shelk—E. M. Hull.

Yellow Soap—Katherine H. Taylor.

From Father to Son—Mary S. Watts.

Ladyfingers—Jackson Gregory.

The Short Cut—Jackson Gregory.

Miss Lulu Bett—Zona Gale.

The Paradise Mystery—J. S. Fletcher.

Personality Plus—Edna Ferber.

The Kingdom Round the Corner—Coningsby Dawson.

Beyond—John Galsworthy.

The Little Red Foot—Robert W. Chambers.

A Son of the Hills—Harriet T. Comstock.

Fulfillment—Emma Wolf.

The Rat-trap—Dolf Wyllarde.

Real Life—Henry K. Webster.

No Defense—Gilbert Parker.

Leerie—Ruth Sawyer.

The Splendid Folly—Margaret Pedlar.

The Star in the Window—Olive Higgins Prouty.

The Red Planet—William J. Locke.

The Little Moment of Happiness—Clarence B. Kellard.

No Clue—James Hay, Jr.

The above is a list of newly arrived books at the Library and will be ready for distribution at City Federation Library next Saturday, hours 3 to 5.

Please note the new and popular names in the list—"If Winter Comes," one of the best of the "best sellers," and "The Head of the House of Coombe" in Mrs. Burnett's usual charming and fascinating style. "The Spirit of the Time," and "Sleeping Fires" by Hichens and Atherton, two of the most popular of present day novellists—and "Miss Lulu Bett" and "The Kingdom Round the Corner" by Zona Gale and Coningsby Dawson are always best sellers. All the others are of interest. Join the Library and keep up with the late fiction.

Attacker Adjudged Insane

Robert Dawson arrested Sunday for making two unprovoked assaults on Mike Michaelopolus, proprietor of the City Bakery, was tried Tuesday, the jury adjudging him insane and ordering him sent to the asylum.

Dawson, who is about 37 years of age, had only been here a day or so, and named Lockhart as his home. He attacked Mike near the depot, Sunday morning, and again as Mike was going up Main street, near the Wigwam restaurant; striking at him and then attempting to "bean" him with a brick.

Chautauqua Supt. Coming

J. R. Teagarden of Kansas City, Chautauqua superintendent, will be here April 27th and 28th for the purpose of completing arrangements for the Horner Chautauqua which will fill a week's engagement here the latter part of May.

W. R. Martin of Abilene was here Thursday to spend the day with relatives and friends.

Report on Our Schools

Herewith we present report on the Big Spring schools made by W. B. Mikesell, supervisor for the State Department of Education.

In order that the schools may be properly certified it is essential that the minimum requirements as outlined in bulletin 132 be met. To that end, the supervisor who recently visited the school makes the following recommendations.

1. That provision be made to prevent further overcrowding of the elementary classes, so that no class shall have over 40 in active enrollment.

There are now several rooms with more than fifty pupils enrolled. Good instruction can scarcely be expected in such large groups. If pupils are neglected in the grades, the opportunity can not be made up for them in high school. The school life of many will thus be shortened or undermined.

2. That a bookcase and suitable books be placed in each elementary room. The central library in the free text storage room is usually found of little avail in establishing habits of reading and profiting by good books. The range of these books is inadequate.

3. That maps of Texas and North America, at least, be placed in each of the elementary grade rooms above the second, and that charts for the primary rooms and other modern helps be provided for the overworked grade teachers.

4. Multiple copies of anthologies in American and English literature are needed to the number of one to each three in class.

5. That the granting of accrediting be favorably considered in the second half unit in American history, (a half unit each) in arithmetic, physiology, commercial geography and commercial arithmetic, and a unit each in bookkeeping and shorthand with typewriting, provided the specimens submitted meet the approval of examining committee.

The school appears to be well organized and an excellent spirit of industry prevails. The teachers are well prepared as evidenced by efficient handling of the classes observed. A good laboratory has been installed and equipped for the sciences taught this year. The library has been encased in adequate enclosed cases in the study hall, catalogued and made available all day by student librarians. A steady improvement is evident in the high school.

The community is to be congratulated for the gradual broadening and enriching of the program, by addition of an efficient commercial department and home economics. This serves additional interests of the students without evident loss of any of the essentials of the older and more academic subjects. With the extension of this practical education, it is likely that many pupils will be retained in school who would otherwise lose interest.

This is the report made by a disinterested party whose opinion is expressed after a thorough study of conditions and can be relied upon. Those who have been criticizing the management of our schools might read this report over a time or two for it seems that their fears are merely imaginary.

Proposition to Supply City With Gas

A tentative proposition to supply Big Spring with natural gas from the Amarillo field, the biggest gas field in the world has been submitted for consideration. San Angelo and other cities in West Texas are being tendered the same proposition which is about as follows. The company must raise throughout the territory where the line is run at least 10 per cent of the cost of the line, which would be about \$35,000 to \$50,000 for Big Spring. They point out that they are not asking donations, but are asking the people of each city to buy that amount in stock in the company that builds the pipe line. This subscription to be either individual or from a bond issue by the city.

The company proposes to build a trunk line, delivering gas at the gate at our city limits at around 50 cents a thousand cubic feet on a 20 year contract. Big Spring or her citizens to build, own and operate the distributing plant, and they should receive from their customers 60 or 65 cents per thousand cubic feet.

The subscription of stock to be made and the money and stock to be placed in a local bank in escrow until the trunk line is built to city limits.

The proposition is now being considered by the Chamber of Commerce.

W. E. Carnrike returned Thursday morning from a business trip to Fort Worth.

Hear These Ladies Sing at the Methodist Revival Now in Progress.

It's quite a bit different from anything you see outside of the larger cities or from what you may be expecting and we feel sure you will be delighted as was the big audience last night.

Ask anyone who attended whether or not "Round the Clock" is a winner.

New Y. M. C. A. Secretary Arrives

J. M. Manuel arrived Monday from Thayer, Mo., to assume his duties as general secretary of the Big Spring Y. M. C. A. and is now on the job. Mr. Manuel's family will continue to remain at Thayer until the close of the present term of school, moving to Big Spring the forepart of June.

Mr. Manuel has his coat off and is down to hard work, being especially busy just now arranging for the big membership drive which starts next Monday.

If you haven't met Mr. Manuel as yet make it a point to stop at the "Y" and get acquainted. Our folks are going to like the new secretary and it's up to all of us to join in and assist him in pushing the good work of the Y. M. C. A.

Ball Game Sunday

A large crowd was present at the ball park Sunday afternoon to witness a game between two well matched local teams. It was a nip and tuck game until the end of the ninth inning, fortune favoring first one and then the other, the other team finally coming out victor by a score of 9 to 7.

Another game is being arranged for next Sunday at which time Coahoma will cross bats with a strong local team.

Hansen-Shaw

At noon on Easter Sunday at the Methodist parsonage, Rev. Ben Hardy performed the ceremony which united in marriage Willie E. Hansen and Miss Lena Wallace.

The contracting parties are two of our worthy young people and we join many friends throughout our county in extending to them best wishes for a full measure of happiness.

Letters Should Be Mailed at P. O.

Quite a few of our folks are making a bad guess if they imagine that mail destined for points west is speeded up by being placed in the mail box at the depot after train No. 5 departs. As most of you are aware only pouch mail is carried on the Sunshine Special, and all that goes from Big Spring must be made up at the local postoffice by 8 p. m. Mail placed in the mail box at the depot during the day is carried east on train No. 6, and if worked before train No. 25 is met is sent back on No. 25. You are causing the mail clerks quite a bit of extra work and not expediting the mail service if you are among the number who have made a practice of mailing westbound mail at the depot, except between 6 and 8 a. m. If you want mail destined to El Paso or points farther west speeded up, see that such mail is in the local postoffice before 8 p. m.

E. E. Scott Buys Variety Store

E. E. Scott this week purchased of W. W. McElhannon the Variety Store located in the Pike building and is now in charge of this business.

Mr. Scott is well known to the citizens of Big Spring and Howard County having formerly conducted a grocery business in this city and should add many new patrons to the list already trading at the Variety.

We regret to learn that we are to lose Mr. McElhannon and family as citizens, for according to present plans he expects to locate elsewhere.

Speaking Friday Night

W. W. Fitzwater, national president of the Farm Labor Union of America and John L. Andrews, representing the railroad labor unions are visitors in Big Spring today and will address the citizens of Howard County in the district court room of the court house in this city at 8 o'clock tonight.

Everyone is urged to hear these noted speakers, who bring interesting messages to our people. All are cordially invited to be present.

GIRLS TAKE UP STUDY OF RADIO IN COLLEGE CLASSES

The introduction of the telephone a half century ago offered an open field to man. Not so limited is the newer radiophony of today. Women and girls have taken to the study of wireless in an energetic way, resulting in many colleges for women installing the course. This picture shows a girl class in the radio room at Radcliffe College, Boston.

The Easter Bonnet For Mrs. Harding

An Easter bonnet, with a sash measuring nine feet in length, was designed by a New York milliner for Mrs. Harding. It was made of ecru colored French dentelle and joined with fisher. The flowers were blanch marguerites. Madame Sunshine, designer of the hat, delivered it in person to the wife of the President. Pictures show hat and sash and (left) how it is worn.

To the People of the 91st Representative District:

After due consideration, and, the solicitation of many voters from over the district, and, after being informed by my good friend, Col. W. F. Kellis, your present representative, that he would not be a candidate for re-election, I have decided to enter the race.

In announcing my candidacy for representative of the 91st district, composed of Tom Green, Sterling, Howard, Glasscock, Irion and Reagan counties, I deem it a duty to set forth some facts before the voters who are to choose someone to represent them in the State Legislature. For your information, will state that I was born in Jackson, Miss., Aug. 24th, 1884. With my parents, came to Texas thirty-two years ago; lived on a ranch and farm until I was about fourteen years of age; educated in the high schools of Paris, Texas, came West fifteen years ago, read law and edited newspapers for past fourteen years. I now wish to cast my lot in San Angelo and continue my residence in West Texas among the best people on earth.

If chosen your representative, I propose working for, first, an equalization of taxes so that West Texas will not pay more than her proportionate part of the taxes as she is now doing. 2. The reduction of all taxes when practical, thus lifting the tax burden from the shoulders of the people.

3. The establishment of an A. & M. college for West Texas.

4. Better educational laws and facilities, giving the rural schools a square deal.

5. The passage of measures in behalf of the stock, sheepmen, goatmen and farmers of West Texas.

I believe that there should be a better understanding and a more cooperative spirit between capital and labor, each giving the other a fair square deal.

I believe that any representative of the people should enter upon his duties untied and unhampered by any clique, faction or force that hampers the free and impartial discharge of his duties. When I am sent to Austin, I wish to go free to represent all the people, for this is my one purpose, to represent ALL the people, believing that no special interests should be shown special favors, where the interests of all the people are concerned.

I am for going back to the old standard of "Fewer laws and better laws."

I am for States rights. I do not believe in a centralized government. There is too much of a tendency of putting all power in Washington. I do not believe in taking ALL personal liberty away from the people. A state or nation is governed best, which is governed least. Let's have fewer laws and better ones.

Respectfully,
W. D. RISER.

Do You Want Quick Action?

List your land and cattle with Herbert H. Slaughter at the Wyoming Hotel. Your proposition is not too large for my capacity, nor too small for my attention. HERBERT H. SLAUGHTER, 29-1f.

MULFORDS BLACKLEG AGGRESSION. ONE SHOT LASTS A LIFE TIME. . . . CUNNINGHAM & PHILLIPS.

Notice

I have a few bushels of Kash cotton seed for sale; will also have a four-room house for rent after June. See me, R. E. Carroll, 209 Young St. 30-2p

Mrs. Edwin A. Kelley left on the Sunshine Special, Sunday morning for an extended visit with relatives in Kansas City.

MARY'S DRESS

Mary had a low-necked dress which fitted to perfection, and wore it everywhere I guess, against her Ma's objection. . . . She also had an auto-car, which likely made her dizzy—she couldn't seem to go nowher, without the doggone Lizzy. . . . She motored through the chill night air, without regard to season. . . . She didn't have no brains to spare, and never stopped to reason. . . . At last she got a sneeze an' cough, which driv her to a frenzy. The doctor which they called right off, pronounced it influenza!

They put her in her little bed, while pangs of anguish filled her. The blasted germs flew to her head, and mighty nearly killed her. . . . But still the doctor lingered near, until he got 'em busted, and Mary's low-neck dress, I hear, has made him plumb disgusted. And now, when Mary's out at night, her collar-bone is hidden, and little Mary doth delight to do as she is bidden.

Getting Your Money's Worth and Then Some

That's what you get at the Tourist Garage. No matter how badly your motor is wheezing, we have the experience as well as the ambition to put it back on a running basis, and we always do what we start to do.

Our business is auto repairing—we sell gasoline and accessories. We have pleased everyone else, perhaps you had better try us. PHONE 615.

And Her Costume was only a Hat

And now we get from C. F. Bertell news from Paris that a noted snake charmer has appeared at the fashionable Longchamps race track clad only in a hat—and peculiar as it may appear, and as showing the folly of taking snap judgment, the costume is described even by the French Anthony Comstock as modest. More modest than the costume of the British and American flapper, seems to be the verdict. It appears that, falling from the hat, a wide brimmed creation, fell yard after yard of rich black lace, completely concealing the noted figure of the snake charmer and reaching to the ankles. Only one shoulder was visible and on this was glued a single red rose to harmonize with a rose on the hat.

"The lesson," said the snake charmer, "is one of simplicity. I step from my bath, put on my hat and I am completely and comfortably dressed." Seemingly, the war with all its suffering, has not left France without her imagination and her daring, to say nothing of her passion to lead the world down the wildest avenues of dress construction. Longchamps has vied with Ostend for years in the matter of daring female attire, but the suggestion that a costume confined solely to a hat would meet the approval of professional reformers was beyond the widest stretch of imagination even among the French a year ago. The world does move.

West Texas State Normal Notes

Three cases of actinomycosis, commonly known as lump jaw, were found in the Normal dairy herd some few days ago. This disease is considered by many farmers to be incurable, but the class of Livestock Disease undertook the treatment of the cases and secured complete cure in each instance.

Treatment used was Potassium Iodide in two dram doses, daily for a period of three weeks, followed by a rest of a few days and the treatment repeated. This treatment proves to be the best in such cases and can be secured at any local drug store.

These cows would certainly have died with this dreaded disease if the proper treatment had not been given them. Some of the tumors were removed by surgical operation but the disease in the system was destroyed by the medical treatment.

This class has done interesting work this year in the treatment of milk fever, caked udders, tuberculosis tests, castration, rupturers, and other diseases. The purpose of the class is not to produce veterinarians but to teach the farmer how to prevent and treat diseases common to farm animals.

Brown Hair on Honor Roll

Austin, Texas.—In issuing the honor roll of the College of Arts and Sciences of the University of Texas for the winter term, it is explained by Dean H. Y. Benedict that the students who have won this distinction of scholarship are divided into five groups, ranging from the best one per cent to the best eight nine and ten per cent. On the honor roll among the best two and three per cent is Brown Hair of Big Spring.

Parsimony vs Economy

Republican politicians in Congress seem to feel vastly more concern about their re-election than for the safety of the nation.

They seem to have the idea that the voters at home will be pleased with any sort of a show of reduction in government expenses, and are about to reduce the naval power of the country far below the actual needs of that Department.

The Secretary of the Navy, and Secretary of State Hughes, have advised adequate naval strength but Congressmen seem to think the folks at home are ignorant and parsimonious enough to endorse any sort of a measure that promises to reduce taxes. They are apt to find out later that the American people are reading and thinking and are willing to pay a reasonable and just cost for keeping a high enough standard of efficiency in the army and navy. Reductions might be favored in several other lines of public service but the American people feel a just degree of pride in knowing that American interests are adequately safeguarded on land and sea.

Secretary Hughes says: "Alteration of the ratio fixed by the treaty, would be a serious matter for the United States, both impairing its prestige and putting its securities in jeopardy."—Amarillo Tribune.

The Dawn of Christianity

The wireless telephone will soon sound the death knell of religious intolerance, and will bring more good to the world than any force wrested from nature since time began, and the ministers are not slow to recognize the fact. Those of the clergy who really think and are in intelligent contact with the men and women of the world, have suddenly come to see that it is not so much the churches, as the things the churches stand for and the manner of their interpretation, that is going to count. When sermons are broadcasted from coast to coast, the people will soon come to sense the true from the false in religious leadership and to know where may best be found actual christianity. No longer may the narrow minded parson stand as the law and the prophets, infusing misleading doctrine into simple minds under the shadow of the cloth. Too many credits have suffered because of their misinterpretation by little men dealing with the biggest of subjects. Today the minister's congregation is the country, and soon it will be the world. When this happens the dawn of a real Christianity will have broken and a harmony between man and his Maker develop to the glory of God and the blessing of His Creatures.

The United States senate has passed a bill creating twenty new federal judges. The bill is a "pork barrel measure" to give good jobs to influential federal office seekers, and it is apologetic for on the ground that continued and increasing violations of the prohibition law requires additional court machinery. Who was it that said prohibition is the greatest and most expensive industry that the American people have ever been called upon to support?—Brownwood News.

Lady Attendant Big Spring, Texas.

Are Old Times Coming Back?

It looks like old times were coming back again when we see the railroads granting sure-enough "reduced rates," for large conventions, State Fairs, etc. One of the first reductions of this nature is that just announced from San Antonio, where the Passenger Agents Association held their meeting. The association granted a rate of one

fare and one-fifth for the Southwest Durbar, a big spring festival to be held in Dallas the week beginning May 21st.

The rate will apply going from May 20 and will be good returning up to May 29, a liberal limit of full ten days. If this kind of thing keeps on we may hope to see the regular fares reduced as the next step in the revision downward.

Some of the features of the Durbar at Dallas are said to be a band contest for amateur bands all over Texas with \$1,500 in prizes; two grand concerts with over 650 voices trained and a symphony orchestra; a pageant featuring our state flower, the bluebonnet, and entitled "The Durbar of the Flowers"; an electrically illuminated night parade consisting of floats, bands and delegations representing many Texas cities and towns; a world's championship Rodeo and Frontier Days celebration under the direction of Tom Burnett of Fort Worth; Polo matches, golf matches and tennis tournaments for Southwestern championship and many more features scattered throughout the entire week.

Flash lights and everything you need for them. . . . Cunningham & Phillips.

Supt. A. E. Pistole returned Thursday from a trip to Dallas.

HONOR GRANT'S BIRTH, APRIL 27

Eyes of the nation will be turned to the little village of Pleasanton, Mo., on April 27th, the birthplace of U. S. Grant, former President and War hero. The day will mark the 100th anniversary. President Harding and other notables will attend.

Women Will Be Active in Politics

The following taken from the Ranger Times, was sent in by Mrs. F. Brown, president of the City Federation of Big Spring who left for Ranger Tuesday on No. 6 as a delegate from the Federation to the convention of Women's Clubs. Mrs. Brown returned No. 5 Sunday morning and will give report at the regular meeting the Tuesday in May. Club members visitors are cordially invited to attend this meeting and hear this report. Activity of women in the elections year may be expected, if the address at the Sixth District Federation of Women's Clubs convention here taken as an indication. Numerous speakers yesterday and today advised greater participation in the affairs of government. One urged that women be elected to the legislature, another said the Ku Klux Klan would be necessary if the women would but see the conditions that called it forth remedied.

The convention on Saturday morning endorsed Miss Blanton's educational program, as laid down by her in her position as superintendent of education, passed a resolution to ask clubs to elect their officers the first week in January for two years; endorsed the tax for the general support of education, endorsed the endowment fund for greater activity in citizenship privileges.

Mrs. Barry clearly explained the educational program. Mrs. Q. E. Spell of Abilene, spoke on the Federated endowment fund, which is a silver anniversary present of 50 cents per member for the general work of the Federation. Mrs. T. A. Williams of Abilene took pledges from delegates of clubs toward this fund. Misses. Johnson of Cisco, chairman of peace, Mrs. G. H. Sandifer of Abilene, chairman of art exhibits, spoke of their work. Miss Empress Young of Abilene retained with a reading.

A coat of black tar never made a white, and chicken feathers have not resulted in the sprouting of angels. This was the bolt that came out of heretofore blue calm of the convention yesterday afternoon, when Dr. Weaver Smith, supervisor of the school for delinquent girls at Gainesville, addressed the assembly. Dr. Smith said that she did not feel that a masked organization could remedy a situation as far as protecting the safety of the home is concerned, that the situation needed something far more constructive than the Ku Klux Klan had to offer and that the opposite element of fear being used as a deterrent of crime.

She appealed to the pride of womanhood to resent the fact that they are made one of the excuses for the existence of the Klan, and that if women really want to get rid of the home-protecting woman, not to use the method of the Klan, running people from one town to another, but to insist that they provide a place for her where she can have constructive treatment. She deplored the lawlessness of Texas and called it a "sick state."

Miss Elizabeth West of Austin spoke "Starving People of Texas," declaring that "we Texans are illogically eating the mental digestion of Texas children and then failing to give them anything to eat; that we require children to go to school and in seventy-five out of 100 turn them out to forage for their own mental food in a community with no tax-supported public library service. She said "there are hungry men, hungry women and children all over Texas" shown to her by letters she has had from Texas, and by their avidity with which people seized the opportunity of reading in county library service. She urged the club women to work for the country libraries and also to attend the work of the libraries for blind.

Miss Minnie Cunningham president of the Sixth district, was beautifully honored at the afternoon meeting, when the district voted to send her as a dele-

gate to the biennial meeting of the General Federation of Women's clubs, at Chautauqua, N. Y., in June. The Sixth district is the first to take the step of bringing the district in closer touch with the national federation.

A number of prominent women were present at this meeting, among them being Mrs. Lee Joseph, state president; Mrs. Phoebe K. Warner, writer and speaker; Dr. Carrie Weaver Smith, of Gainesville; Mrs. Maggie Barry of College Station, and Miss Elizabeth West of Austin. In the course of the afternoon each of these paid a tribute to the work being done by the Sixth district and to its president, Miss Cunningham.

Mrs. Fred Cockrell of Abilene made a short talk on "Motion Pictures," which was followed by a number of reports from various district chairmen. Music was furnished by the Symphony club sextette.

Sandwiched in between the afternoon meeting and the evening meeting was a lovely dinner at the Gholson, where the convention were the guests of the Rotary club and the Retail Merchants' association. Rotarians formed the receiving line, greeting each incoming guest with the sincerity their name stand for.

Mrs. M. H. Higaman introduced Mr. M. K. Collie, who was toastmaster for the occasion. Mr. Collie did not roar like a "Lion" nor rotate like a "Rotarian." He simply in a few well chosen words welcomed the guests and started the Rotarians to singing which was charmingly done in the strains of "A Stranger in Ranger" and "John Brown's Body," the latter being joined in by the entire assembly. Gus Coleman talked on "Ethics;" Louis Ducker, accompanied by Mrs. Wakefield, sang; Miss Mary Bonner Campbell, accompanied by Mrs. Wakefield at the piano, and Mr. Gus Coleman on the flute, gave a solo dance.

Mrs. Maggie Barry of College Station made an interesting talk in which she stated that in the United States there are 2,000,000 federated club women, and that these women by concentrating their efforts could throw the spotlight on any particular thing they wanted to. She urged "unity in diversity," and the carrying out of the educational program as laid out by Miss Annie Webb Blanton, and the revising of the constitution of Texas, so as to have a mill tax that will serve our normal schools and our A. & M. college and the appointment of a board of regents to take care of this fund. She said "if we indict our legislature, we indict ourselves. We put them there" and urged the necessity of putting the right ones there. She said that the two dominating forces of America today were speed and comfort and that the way that Ranger had emerged from the mud of a few years ago, exemplifies speed, and the way they have entertained this convention betokens comfort.

After the banquet the assembly moved to the Baptist church for the night session. Opening the evening program, Mr. Anderson, dean of fine arts of Simmons college, Abilene, favored the convention with selections from Chopin and Tietz, which were beautifully rendered. This was president's evening with Mrs. Sandifer, district vice president, presiding. She introduced Miss Minnie Cunningham, president of the district, calling her "The Woman of the Hour."

Miss Cunningham appealed to the club women of this district for individual efforts, saying that the individual was as necessary to the national federation as a private is to the general, and that the work of the district and of the state is dependent on the individual effort. She compared it to the building of a cathedral, and urged each one to say "I am building a cathedral," and to put in that work the best she has to give as the individual work is of the greatest value to the great structure of Women's Clubs.

Mrs. R. C. McCoy, accompanied by Mr. Colemand and Mrs. Wakefield, sang "Lo, Hear the Gentle Lark," which brought wave after wave of applause.

Mrs. Lee Joseph of San Antonio, state president, spoke on "The Power and Responsibility of Women as Citizens." She felt that it is the duty of women to stand as members for election in the legislature and she said Governor Neff himself has said to her personally that a group of from ten to twenty women in the legislature would have a salutary effect on that body. She urged the women to stand behind the Sterling bill and to support it actively. She believes that women can restore the lost spirituality in political life and that women must help fight illiteracy, when there are 5,000,000 illiterate people in the United States and that if men are ignorant they cannot comprehend their duty to their nation nor their state.

Dr. Gronert of C. I. A., Denton, made a talk on "The Relation of the Community and the Citizen." He said that he thinks we discuss "jazz" too much and that he for one does not consider the condition of the young people of today near as serious as some do. He finds them coming to him with open minds, he believes in teaching them leadership,

The Chances in Life
 With most of us life is merely a series of chances to begin over. It would be many times as discouraging as it is were it not for this. No one ever need find it hopeless if within is the willingness to start afresh, taking heed to the lessons of the past.

Failure is no cause for discouragement. If we make it so, ourselves only are at fault. No great accomplishment has come about yet without a whole background of failures. Success lies more in the overcoming of these than in the final accomplishment. Given the overcoming, with fresh courage after every mishap, and the final accomplishment is only a matter of time and patience. We limit ourselves greatly when we refuse to see or acknowledge this.

Our failure may have been no fault of our own. We may have planned as wisely as we were able to, we may have worked with all the vim at our command, and yet the circumstances of life have overcome us. Then we're so apt to complain and growl and mourn three very foolish processes, foolish because they never have been known to get any one anywhere.

Of course, if having been flung in the mire, we decide we want to wallow there and let every one who comes that way run over our prostrate individualities, we can. There's no law, even human or terrestrial, against it. If we refuse to take up the burden of existence or effort cheerily, hopefully, we can and do become cumberers of the earth to all especially to those who love us.

We can be growlers or cheerers—just as we decide.—Paris News.

California Denies Texas Requisition.
 Sacramento, Calif., April 19.—Requests of the governor of Texas for the extradition for Ernest O. Ames, charged with having embezzled the stockholders in a cooperative store in El Paso of several hundred dollars was denied here by Gov. W. D. Stephens, following a hearing, officials of the governor's office stated a showing had been made that Ames was in Seattle, Wash., at the time the alleged act was committed.

Deputy sheriff J. B. Kilpatrick left El Paso Saturday with requisition papers for Ames and H. L. Brown, both indicted here on charges of theft in connection with alleged misappropriation of funds from the Pacific Cooperative Stores company, a branch of which was established here.

The alleged shortages amounted to \$62,000, according to district attorney Leigh Clark, who laid the matter before the grand jury on information received from labor men who said they had been victimized.

Ames was arrested and placed in jail at San Francisco. A fugitive warrant was issued for Brown, but he was not apprehended.

Mr. Kilpatrick telegraphed chief deputy Ed Bryant Wednesday morning, that he would return to El Paso at once.

Mr. and Mrs. B. B. Fox and daughter Miss Thelma Fox, Mr. and Mrs. J. E. Wright and Miss Loraine Pate of Fort Smith, Ark., returned to this city the first of the week from Albany, Texas, where they were called by the death of Mrs. Fox's father, Mrs. Wright and Miss Pate are sisters of Mrs. Fox.

George White for Commissioner

We are authorized to announce George White as a candidate for the office of County Commissioner of Precinct 3 of Howard County. He announces subject to the action of the Democratic primary July 22nd, 1922 and his name appears in the announcement column of this issue.

Mr. White needs no introduction to the citizens of Precinct three as he has resided therein the past six years or more and is highly esteemed by everyone who knows him.

He is a dependable young man, thoroughly capable and efficient to fulfill all the duties pertaining to the office in a manner that will be satisfactory to our citizenship.

He is interested in the upbuilding of our county and if elected will make it a point to faithfully perform the duties of this office.

The voters of Precinct three are requested to give Mr. White's candidacy due consideration when casting their ballot in the July primary.

Bridge Club Notes

The first game of Bridge since the beginning of the Lenten season was enjoyed by the members of the Bridge club Wednesday afternoon, at which time Mrs. J. D. Biles was hostess.

Lovely refreshments were served at the close of the interesting games and a general good time was in order.

A comparison of score cards gave the honor of high club score to Mrs. Jno Clarke and to Mrs. S. D. Ford, visitor's high score. Five tables of players took part in the pleasures of the afternoon.

Foster Well Producing 175 Barrels on Pump

Foster Number One of the Colorado-Tex Company at Iatan is showing up better under the pump this week than ever before according to information received in Colorado, and is making 175 barrels of oil per day. A few weeks ago the well caved from near the bottom of the hole and the two-inch tubing was pulled and the well cleaned out. The tubing was set again the latter part of last week and pumping resumed.

Before the well was cleaned it was making fifty barrels per day. Reports from the well Tuesday afternoon were that the well was not making any water. Crude from this well has been sold to the Rio Grande Oil Company at El Paso and shipments are to be made there regularly. The Colorado-Tex company have a pipeline from the well to Iatan, where a loading rack was built several weeks ago.

Drilling is to be resumed at Foster No. 2 this week. Geo. A. Reese, president of the company, stated in Colorado Saturday. It was reported in Colorado Wednesday that the company would drill additional wells on their holdings at Iatan at once, but this could not be confirmed.

Officials of the company were in conference at Colorado Saturday with W. L. Foster of Sterling City, owner of the Foster ranch at Iatan on which the Colorado-Tex Company holdings are located, but no statement as to the immediate plans of the company was given out. Reese is in New Orleans this week and is expected to return to Colorado within the next ten days, after which definite information as to these plans may be obtained.

Several of the oil scouts who have visited the Mitchell County field during the past few months express the opinion that the Iatan section will prove up the best end of the field. The petroleum there is of a high grade commercial value.—Colorado Record.

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, March 8th, 1897.

Big Spring, Friday, April 21, 1922

State Press Turns Detective

State Press must have been in a vile humor when he received an innocent epistle containing some facts and information relative to Howard County, as is evidenced by the scorching administered to W. G. H., the guilty sender, if not innocent victim of S. P.'s wrath. The son of a gun—referring to S. P.—may pose as a detective if he wants to but we shall think he missed his calling if he has failed to hang out a shingle as a taxidermist. After the skinning we have had at his hands we will have a delicacy in exposing ourselves until what is left of our hide thickens—which we hope will be in time to attend the Texas Press Association meeting at Denton, and where we hope to see his royal nibs—from a distance. State Press may befoozle some folks into believing he is gentle, and long suffering and kind—even some intelligent folks in Howard County so believe—but we have his number. Anyway we are darn glad it wasn't our wedding invitation we sent him. Just to show him up to his friends we reprint herewith his raving:

"Am sending you some testimonials dealing with the virtues of West Texas in general and Howard County in particular," writes a Big Spring customer, very legibly and succinctly. It was real thoughtful of him to remember State Press when passing his propaganda out to the harum-scarum multitude. Also it was rather canny, for our Big Spring constituent, whose name is W. G. H., knows a good and plenty well that S. P. has some circulation and that a straight-out advertisement wouldn't be inserted in this precious space for a billion Russian rubles. Evidently it was the intention of the sly propagandist out there at Big Spring to put something over on S. P., and obtain by indirection that which could not be obtained by direct action. But State Press, not having been born the same year the contemporary flappers were, is too smooth a proposition to fall for the strategy of a general who comes at him in wide-open formation, with intent to take him in. Say what you will about S. P., but you must admit that his sophistication rouses him like an alarm clock every time a designing person, of the masculine gender, makes a motion like caressing him with cuddly arms. When it comes to wrapping himself in the habiliments of deceit, or donning plumes to conceal the wheels that make him go round, S. P. is as maladroit as a Moscow diplomat. But, on the other hand, when it comes to piercing with eagle eyes the disguises of those who would use his space for their own aggrandizement, S. P. is as keen as a gimlet. This Big Spring ingenué, for example, sends a circular which contains half a dozen testimonials to Howard County's agricultural cuteness, each testimonial bearing the name of what appears to be a reliable citizen, and each telling of the fine crops and juicy profits he has made out of Howard County soil. Evidently our Big Spring customer thought he could get these things mentioned in this column, and thereby get a nice little pat of publicity for his part of the country. Little he guessed the capacity of State Press for sly detective work. As soon as he read the letter and perused the testimonials, the author of these protesting lines knew that he had to deal with a space grafter. And now that he is handling the designing one, teetootly without gloves, there should be no mawkish sentiment on the part of our more tender-hearted readers, in opposition to the rough treatment we are giving the audacious Big Springer. Very likely all those testimonials are true, and very likely Howard County is a fine farming country, with cheap land and long-seeing distances, in addition to more or less rain. Very likely all that is true. But what has Howard County ever done for him that he should reciprocate in kind?

Book Club

Mrs. Walter Pike very delightfully entertained eight tables of rook players Thursday afternoon at her pretty home on Johnson street. After some very exciting games Mrs. Hathcock was found to have visitor's high score. Mrs. Cauble and Mrs. Blue cut for club score, Mrs. Cauble winning in the cut. A delicious two course luncheon was served.

LET US HELP YOU!

West Texas National Bank

BIG SPRING, TEXAS

"THE BANK WHERE YOU FEEL AT HOME"

Let the Watchword Be, "Let's Go!"

After the preparation of the terrain by reconnaissance, by the bombardment, and the destruction so far as possible, of wires and other construction, our artillery in France would lift the barrage so as to cut off reinforcements of the enemy from his second and following lines and the infantry would advance. "Let's go" was the spirit with which American soldiers opened the attack eager, resolute, brave, not to be denied. And victory came.

The ground has been prepared for the recovery of the heights of prosperity. The cry has been "back to normalcy," but that is no longer expressive, for in most regards we have already reached that state of the movement. Readjustment has been accomplished, deflation has been completed, surplus stocks have been disposed of, the state of supplies and consumption indicates that demand is here, wages have been markedly deflated, money is easier, Liberty bonds are at par or close to it, rain has fallen, crops are coming on. In brief, the nation is at the "zero hour." It is ready for the "jump-off." What is needed now is the word, the initiative, actual action—"LET'S GO!"

There is not a man or woman who reads these lines but can contribute to that initiative which will gather momentum and make the business revival a reality IN MOTION rather than a state of things. Now is the moment to buy, now is the moment to do that work you have been postponing, now is the time to give employment, if only a part of the day.

A single dollar, spent wisely, will travel through many hands in this community in the course of a week. It will accomplish many things, it will give the wheels of business much impetus, it will do its part toward starting the progress of prosperity.

"LET'S GO!" Let us do it ourselves, rather than leave it to others. Let us buy, let us build, let us employ. Let us invest or put our money in the banks where it can serve the community as well as ourselves. Let us pay our bills, let us do something beside talk prosperity. Let us talk prosperity and, at the same time, make it by putting our money into circulation, by starting business, by going ahead.—Fort Worth Record.

Tomatoe Plants For Sale

I have some fine tomatoe plants for sale at ten cents per dozen. Phone 458 or call at my home. Mrs. R. Schwarzenbach. 31

Mrs. M. Shropshire of Colorado was a visitor here Tuesday. Mrs. Shropshire is interested in the Mitchell County oil field and is of the opinion that big development is due in that field.

James Charlton of Sweetwater enroute to Pecos to investigate oil development was a visitor here Tuesday. Mr. Charlton is scout for the Gulf Production company.

J. L. Shifflette Killed in Auto Wreck.

J. L. Shifflette of El Paso, son of Mr. and Mrs. W. B. Shifflette of Oak street, will be brought to Sweetwater for burial in the City Cemetery Friday or Saturday. Mr. Shifflette was killed Monday night in an automobile accident at Ratoon, N. M. Particulars of the accident have not been learned by the family, who were notified of his death late yesterday.

He is a brother of Mrs. J. W. Wade, Mrs. Wade Bartlette, and Mrs. J. C. Moore of Sweetwater.

Besides the family living here, Mr. Shifflette is survived by a wife and son; Burnett and daughter, Miss Anna Belle.

Burnett was graduated at Dennis Business school here two years ago and Miss Anna Belle visited here with her father last summer.

Funeral arrangements will not be made until the arrival of the body from El Paso.—Sweetwater Reporter

Deceased as well as his parents made their home in Big Spring many years and the many friends in this city deeply sympathize with the bereaved family.

Presbyterian Auxillary Notes

The circles met last Monday with unusually good attendance. Pleasant and industrious meetings are reported from all with a determination to keep better records and work harder for the Auxillary than ever before.

Next Monday at 3:30 the Auxillary will meet at the church in business session. Important matters always come up at these times and the secretary of Literature has a splendid supply of pictures and pamphlets for her table. Let every member be on hand.

E. S. Pinkerton of Abilene was a business visitor here the forepart of the week.

Let Sleeping Dogs Lie

There comes the time in the life of every man when he feels like the wife of his bosom to his child telling her that he is not worth her, but, considering discretion better part of valor, he does not press himself in just those words fear the dear woman will get so that he has been making quite short skirt.—Liberty Press.

 7 p. m. B. Y. P. U. program by all Unions of Association—led by Union of First Church, Big Spring.
 8 p. m. Evangelistic sermon.

Little Charles Whitaker Dead
 Charles Whitaker, aged five years, died at the home of his parents, Mr. and Mrs. Less Whitaker in Amarillo, Texas, at 5 o'clock Wednesday evening April 19th. The little fellow suffered an attack of pneumonia following a siege with the flu and though everything possible was done to save the life of this precious one, it proved unavailing.
 Mrs. J. D. Stamper of this city, sister of Mr. Whitaker left for Amarillo Wednesday morning, but the little fellow had passed away before she reached his bedside.
 The remains of the little one are being brought to this city for interment; the funeral party being due to arrive by automobile this afternoon.
 Funeral services will be conducted at the home of Mrs. Whitaker's parents, Mr. and Mrs. L. T. Deats at 3 o'clock Saturday afternoon and the remains will be laid to rest in Mt. Olive cemetery.
 Mr. and Mrs. Whitaker's many friends in this city extend deepest sympathy in this their hour of deepest sorrow.

Delivers Addresses Last Fri. and Sat.
 Miss Myrtle Berry, a representative of the State Federation of Labor, spoke to an appreciative audience in the district courtroom on last Friday night and on Saturday afternoon addressed a meeting of the Farm Labor Union.
 It was indeed fine talks that this gifted speaker made and if her arguments were spread broadcast the worker's condition would be vastly improved. She contends that if you pay people decent wages there would not be a need for so many rescue homes, or penitentiaries, etc. You can't expect people to feel thankful when they are receiving barely enough to keep body and soul together and a study of conditions in America today will convince the thinking man that a square deal is not being accorded the working man.

ARE YOU PATRONIZING A UNION STORE?
 Following is a list of stores that have contracts with R. C. I. P. A. Local 672, affiliated with the A. F. L.:
 Bly & Son.
 Pool-Reed Company.
 Gary & Son.

George McIntire was here Wednesday from his ranch on the Concho. Mr. McIntire who is a radio enthusiast and who has had much success with his radio at his ranch home brought some extra parts here to test out the radio-phone in the Elks Hall, which has not been successfully operated as yet.

Heeding the Warning
 Our folks are to be commended for the manner in which they complied with the warning to cut out speeding and violation of traffic ordinances. Only a few had to be reported and in each case the person making the complaint requested that the guilty be let off this time with a warning.
 It appears as though many were not aware they were endangering lives when they broke the traffic rules and seemed to appreciate their attention being called to the necessity of every-one strictly adhering to the rules if accidents are to be averted. Of course there are a few who must be plastered with a heavy fine or two before they will obey the laws or respect the rights of others and these are the birds our citizens should report.
 The officers are more than willing to do their duty if the citizens will do theirs and it is your duty and mine to report infractions of the laws. When you sum it all up it is the attitude the majority of the folks take toward a law which determines whether or not it is enforced. If our folks want our streets made into auto race courses and the lives of children endangered—just wink at the enforcement of traffic laws and this will soon come to pass. Let reckless auto drivers know they are going to be punished when they drive like drunk Indians or in a manner to cause accidents and they will soon come to time. In reporting these reckless drivers you are really doing them a favor for unless you stop them it is only a question of time until your child or some other person's child is going to be killed or maimed by one who should never be permitted to drive an automobile on a public street or highway. Help keep these incompetents from becoming murderers.

Working Girl Arises
 After years of patient endurance the "working girl" has revolted. She wants it known that hereafter the kind of stockings she wears is her own business. She is tired of being told on how much she can put a quarter a day aside to endow libraries or as protection for old age. Indeed, who ever heard of a pretty working girl growing old—alone? Perhaps if Miss Nell Berger witness for employers, before the Kansas industrial court, had not included cotton stockings in her itinerary of the working girl's wardrobe there would have been no storming of dry goods counters in Topeka. To suggest that working girls should roll 25-cent stockings is a deliberate insult. No one with an eye to beauty, with an appreciation of symmetry, would have done it. No man would do it. Miss Berger also thoughtfully put in one umbrella, every two years, "\$1 or 50 cents a year." An umbrella would be handy in case of an emergency. The sympathy of the men, however, will be with the poor working girl in her revolt against the "uplifters," who are always looking after her stockings or some minor details that bring pleasure and comfort.—Sioux City Tribune.

Show your appreciation of the fact that we have a San Jacinto Day to celebrate, by showing your patriotic spirit in your own home town. Buy a Tag.
 I always feel a deep sympathy for the lone child of wealthy parents. The youngster must be seen and examined by the doctor nearly every day, and quite frequently his stomach must be washed out. The mother's milk is either so rich that it sickens him or not rich enough to nourish him, and he is never permitted to eat or drink anything that hasn't been sterilized. Seldom does such a child reach the ball-playing stage with tonsils, adenoids or appendix intact, and he usually comes to maturity on a graham bread, boiled milk and raw egg diet. How different with the ten kiddies that are brought up by poor parents. They eat green apples and raw peanuts, play in the snow barefooted, and never know that adenoids, tonsils or appendices have a place in human anatomy.—Honey Grove Signal.
 Most clergymen, and all nonclergymen, who perform marriage ceremonies long since cut out the promise to "obey" which brides formerly had to give in order to reach the status of matron. The Episcopal service is stipulated in the official ritual, and clergymen are compelled to make the brides promise they will obey, well knowing that both promisor and promisee well understand that the girl deliberately lies when she makes the promise. The Episcopal church has no pope, who can quietly fix such things without attracting attention, and the introducing of common sense can be accomplished only by an absurd discussion carried on right before folks. In the cave days, when gentlemen went courting with a club, it is possible that

Columbia Dry Batteries
 are universally used because—
 They cost so little, are so easy to obtain, are so powerful, and last so long. That's why they are used everywhere for every battery need. It's why dealers all around you carry Columbias to meet your demands—electricians, hardware stores, general stores, auto supply shops, garages, implement dealers.
 For doorbells, buzzers, heat regulators, alarms, etc.; for gas engine and tractor ignition; for quick starting ignition on non-self-starting Fords; for every purpose, always—insist upon Columbia.
Columbia Dry Batteries
 —they last longer

Sooner or later you will use a De Laval

Harvest your crop twice a day—instead of once a year
 With a De Laval Separator you have a steady cash income—no waiting for crops to mature—and you are sure of getting your money. Crops sometimes fail, but never the milk crop. But more important still is the fact that cream is your most profitable crop and removes less fertility from the soil.
 The De Laval System is steady, sure and profitable. We will be glad to give you information concerning the De Laval System of Farming. Call on us.
 Over 2,500,000 De Laval Separators are in use—more than ten times as many as the nearest competitor.

BIG SPRING "The House of Satisfaction" LUBBOCK

wives did obey their husbands lest their heads get broken. But the way things are going now the men will be lucky if pretty soon they do not have to promise to obey their wives. Most of them have to do it anyhow, but it would hurt their face to have publicly promise to do it. It is best for all concerned to at once delete the word "obey" from any marriage service. We ought not to compel the girl to lie in order to get a husband.—San Francisco Chronicle.
 Saturday April 22nd is Tag Day for the benefit of the City Federation. Help boost, don't be a knocker. Sell your hammer and buy a horn.
Union Men to Meet Tuesday
 A get-together meeting of all union men in Howard County will be held in the W. O. W. Hall in Big Spring Tuesday April 25th at 8 o'clock p. m.
 Members of the Railroad Brotherhoods, Federated Shop Crafts, Farm Labor Union, Building Trades, in fact, every union man in the county is urged to attend.
 Remember the time and place and make it a point to attend this get-together meeting.
 Now is the time to do your little painting around the house.....Cunningham & Phillips.

Advertise in 1922 Says Babson

In discussing his recent trip about the country, Roger W. Babson, statistician and business authority, outlines the first opportunity of the coming period of prosperity as follows:

"On this recent trip which took me into practically every large industrial center in the United States, I talked to business men, large and small, about their business, and we discussed both the present situation and future plans.

"It is very apparent that the executives of America have been busy since January 1920 even if the businesses themselves have not.

"In fact, American business men have probably done more real thinking since the depression set in than they did in the whole period of prosperity which preceded it. Almost every man I talked with has a plan for a new building, a new product, or the development of a new sales field. The project is on paper, the details have been worked out, and he is just waiting for conditions to get settled. All of these plans mean potential business for next year or the year after—actual orders will be placed just as soon as prices and markets reach stable levels.

"This situation apparent as we reach the bottom of the present area of depression in 1922, offers the first real chance of the coming period of improvement. Future business is now on the production counter. You can buy it cheaper now than you will be able to buy it at any time during the next four or five years.

"It takes no little courage to go counter to the popular current and spend money for advertising when immediate returns are smaller than usual but I am convinced that the man who has that foresight and courage will gain an advantage—a running start—that will carry him through the coming periods of improvement and prosperity.

"1922 is the year to use the reserve set aside during the fat years. Cut production costs as much as possible, but don't skimp your selling appropriation during 1922. Defer expansion of plant until next year—but this year—

increase your advertising. "Take the aggressive course! There will be considerable business this summer, more the coming fall and winter, more still next year. But the man who goes after it now—is the man who will get it.

"In general business the slight seasonal reaction which I forecast three weeks ago for January is already apparent. The Babsonchart Index shows business running 17 per cent below normal—four per cent lower than last week. (All Publication and Radio Rights Strictly Reserved.)

OUR COCA COLA MAKES US FAMOUS. CUNNINGHAM AND PHILLIPS.

Newspaper publishers will pay Uncle Sam about 33 million dollars this year for carrying their papers through the postoffice and he doesn't take them until he has the cash in hand. Yet our busted Uncle sends us a notice almost every week announcing an examination to be held to fill places in the government and postoffice department saying he has no money to pay for the advertising and to please run it free. As all editors are in business for their health, they are glad to accommodate Uncle Sam.—Gainesville Signal.

PIERRETTE FACE POWDER IS NOW SIXTY FIVE CENTS. CUNNINGHAM & PHILLIPS.

La Follette's speech against the treaty, cut short by the rules, was to have been "the greatest effort of his life." Nonsense; keeping still is that man's greatest effort.—Toledo Blade.

Shows How the Counties Put Money In and Take It Out of state taxes levied uniformly in counties of Texas, the present distribution of the burden of government could not occur. Unjust treatment of west Texas will occur until such uniformity of taxation as east Texas to pay its proper share for the maintenance of the state government.

White light is thrown on the situation by the report of the state tax commissioner for 1920 that 50 counties, paying into the state treasury all due under the state ad valorem for all purposes received back in apportionments alone all the money paid, and \$1,530,000 besides.

Whole trouble is that these counties assess their property too low. They take as little as possible into the state treasury, and take back as much as they can.

Some are among the most populous and richest of the farming counties. Some Texas counties with property values placed much higher, contribute heavily to the state treasury, and receive little in return, and help support the schools of east Texas counties.

Some of the controller's department of the department of education, G. Willacy, showing percentage of assessment in 1920, taxes paid to state treasury, and amounts received in school apportionment in 1921, is very informative.

Some are some of the most glaring cases of under-assessment and withdrawals from state funds by Texas counties:

El Paso county drew out of the state treasury twice as much as it paid. County land was assessed at 10 per cent, city and town property at 20 per cent, and banks at 60 per cent. The county paid into the state treasury \$96,608 and withdrew under school apportionment, \$190,242, plus \$21,680 for rural aid.

El Paso county land was assessed at 10 per cent, city and town property at 20 per cent and banks at 75 per cent.

The county paid into the state treasury \$94,320. It received in school apportionment \$127,881, and for rural aid \$14,710.

Hopkins county received three times as much state tax money as it paid. Its land was assessed at 15 per cent, city and town lots at 36 per cent, and banks 60 per cent. It paid into the treasury \$65,441, received from the school apportionment \$173,310, and from rural aid \$22,505.

Callahan county paid \$19,073 into the treasury and received \$55,732.

Brown county paid in \$79,428 and received \$92,861. Hill county paid in \$188,000 and received \$109,000. Hunt county paid \$161,000 and received \$224,000. Fannin paid \$145,687, and received \$210,968. Kaufman county paid \$134,292 and received \$163,405.

See how payments were reversed in west Texas, where assessment rates were higher:

El Paso county paid \$453,344 into the state treasury and received from the school apportionment \$320,563, with nothing from the rural aid fund.

Brewster county paid \$53,906, and received \$15,995, with no rural aid.

Jeff Davis county paid \$25,784, and received \$6253, with no rural aid.

Culberson county paid \$24,800, and received \$2197, with no rural aid. Culberson county paid ten times as much state tax as it received. Hopkins county in east Texas received three times as much as it paid. A striking contrast.

Presidio county paid \$50,474 and received \$40,261. Terrell county paid \$30,008 and received back approximately one-seventh as much, \$4093.

Reeves county paid \$41,905, and received \$18,938. Ward county paid \$24,837 and received \$8984. Hudspeth county paid \$36,343 and received \$5136.

Practically all counties in the state where large cities are located, paid in more taxes to the state treasury than they received. For instance, Tarrant county paid \$815,815 and received from the school apportionment \$475,410, plus \$21,680 for rural aid.

Dallas county paid \$1,220,000 and received from the school apportionment \$806,762, plus \$15,532 for rural aid.

In all these counties in east and west Texas the state tax rate was the same, 62 cents on \$100 of property valuation. It was the valuation rate that differed, the east Texas counties putting theirs as low as they could.

The record shows plainly the great need for a uniform basis of valuation for state tax purposes.

One thought to bear in mind is this: If the state appropriates for rural schools, El Paso county contributes about \$75,000 without receiving a cent.—El Paso Herald.

Honey Philosophy for 1922

Old Marcus Aurelius Antonius may have been a wonderful old boy in his day, and sure he has been press agented as the greatest of the great when it comes to philosophy, but it's doubtful if he'd fit in these times. The splendors of a throne had no fascination for him, the indulgence in luxury he set aside. He found his greatest joy in looking around him and seeing the things he could do without. When others wanted this, that or the other, worked and fought for it, old Marcus smiled and said to himself, "Am I not blessed that I do not need these things?" Sounds kind of good on the surface, but suppose we all did it. We'd be back in caves in five years. What would become of the business structure. We might get along without the packer's trust, but what about the fellow who makes lollipops! Why old Marcus's plan would even put Santa Claus out of business.

We have not as yet been able to figure out what baseball wanted with Kenesaw Mountain or the movies with the young chap who was for a year our postmaster general.—Waco Times-Herald.

Bernard Christian who has been serving as a deputy sheriff of Howard Co. tendered his resignation this week and J. A. McDaniel was appointed to succeed him.

HOME SWEET HOME

ISN'T DAD THE JOKER?

WHAT DID MRS. BROWN MEAN, DADDY WHEN SHE SAID THEY WERE MARRIED AND THE PREACHER MADE THEM ONE?

WHEN TWO ARE MARRIED FRANKIE, IT MAKES 'EM ONE TOO MANY, TEE HEE!

STRIKE ONE!

What Have You to Offer?

I have buyers for some cheap ten year old leases in Howard, Glasscock and Sterling counties. Nothing less than 160 acre blocks and up to larger tracts in solid body. Price must be cheap. Address R. L. COOK, & CO. Colorado, Texas. 11

We are strong for the Parent-Teachers club of Morgan, Texas. They are offering a prize to the girl of the graduating class who has the cheapest, neatest, and best made dress for the graduation exercises. Big Spring and every other city in the state should fall in line. In our Public Schools of all places should thrift be taught. The cost of graduation fixings in the Public School is far too high for most of our folks and we hope to see the day come when they will quit trying "to keep up with Lizzie."

Men wanted to represent one of the largest poultry farms in America. Work in your home territory. Splendid position yearly for the right party. We prefer men who live in the country or small towns; loafers and city slickers need not apply. State paper you saw ad. Address Beatty's Red Farms, Box 212, Fort Wayne, Indiana. 31-1f (Advertisement).

While we are waiting, for all developments to take on a spurt our folks are going forward with preparations to make bumper crops, plan improvements, build new homes, construct first class highways, build sidewalks, etc.

Last Saturday was the busiest day our merchants experienced in many a long day. An increasing spirit of optimism is becoming noticeable and with prospects for good crops especially bright there is reason for such optimism

Rev. J. Frank Norris, Baptist preacher of Fort Worth, now conducting a revival in New York City, proposes a new law. "I would out a tax of \$100 on every pug nosed dog which society women carry around in the place of children and turn the money over to the poor mothers who are struggling to rear their children," declares the Fort Worth evangelist. This is about the sanest suggestion yet submitted by the Texas "tornado."—Terrell Transcript.

The members of the Junior Christian Endeavor of the Christian Church enjoyed a delightful Easter egg hunt on the Pool ranch south of Big Spring last Sunday afternoon

Stokes Motor Co.
4th and Main St., Big Spring, Tex.

METHODIST NOTES

The revival services begun last Sunday are gaining in interest day by day. We are having splendid sermons by Bro. C. E. Jamison of Snyder, and by our own pastor, while the hymns at each service given by the three singers are a source of constant joy.

The Singers

We had a splendid crowd at both the Sunday school and church hour on Easter Sunday. The special number presented by Mrs. Morris and Miss Mary Johnson was greatly enjoyed. Sixty nine Beginners were in the little room to enjoy the Easter stories and songs. The walls of this room and the study had been decorated with crepe panels of Birds, Butterflies, Animals, and Easter scenes. The children were delighted.

The church also had been decorated with ferns and flowers by the regular committee. In addition to this, in the center of the table, banked by foliage, was a cut glass vase filled with beautiful pink and white carnations, a love gift sent by Mr. and Mrs. W. A. Mathis, of El Paso, former members of our church, to whom we are extremely grateful for this pleasant Easter surprise. On Monday morning these flowers were given four of their friends, at their request.

Our Centenary pledge, to the amount of \$125.30 was raised last Sunday. The other half of this \$250 will be raised during the year, by those who have not redeemed their pledge—thus far, Banner classes, for their prompt and generous response showing definite, specific interest on the part of the teachers and students alike, are Mesdames C. W. Davis, J. V. Davis, J. B. Neel, Leslie Thomas, C. W. Morris and Miss Esther Schull. Special mention is due Ed Settles and Byron Neel who gave for their entire class. Mention will be made next week of any who are added to the list above. Only three members of the men's Bible class responded to the request for a free will offering, but that three gave most generously.

It is with the greatest pleasure we announce that in May we start a new class for men, the teacher to be our new Y. M. C. A. secretary, Mr. Manuel. We feel sure this class will prove a benefit and blessing to our entire school. The superintendent asks that each member of Mrs. Morris' large class of young married women put forth every effort to have the husbands join this class organized for them. Also that the new members for the past year, who will also belong in this class, bring others. We look forward to a most wonderful growth in the Adult department the coming year. If you are not availing yourselves of the privilege of belonging to some class in our many departments, do not delay but get assigned your place this very Sunday.

"Say, fellows, look at the big chief. Says he can't break away till he finishes his Kellogg's Corn Flakes! Guess he knows good things, aw' right!"

Mighty appetizing to open the day with Kellogg's Corn Flakes

Those big, sunny-brown "sweet-hearts-of-the-corn" just seem to get things going right, from the littlest "star boarder" to the eldest! For Kellogg's Corn Flakes hit-the-spot as no other cereal ever could; and they are a continuous taste-thrill!

Tempting in their appearance, wonderful in supreme flavor and crunchy and crispy to the very last degree, Kellogg's Corn Flakes are really and truly a revelation in good things to eat—for breakfast, for any meal and for between-times nibbles!

How all your folks will delight to get Kellogg's; how they'll appreciate Kellogg's crispness. For, Kellogg's are never tough or leathery or hard to eat! You'll see big and little bowls come back for "some more Kellogg's, Mother, please!"

When you order Kellogg's today—insist upon getting **KELLOGG'S**—the delicious Corn Flakes in the **RED** and **GREEN** package! It bears the signature of W. K. Kellogg, originator of Corn Flakes. **NONE ARE GENUINE WITHOUT IT!**

Bear in mind **KELLOGG'S** Corn Flakes are made by the folks who gave you the **JUNGLELAND** Moving Pictures. Coupon inside every package of **KELLOGG'S** Corn Flakes explains how you can obtain another copy of **JUNGLELAND**.

Now comes a French scientist and attacks the Darwinian theory, declaring that man preceded the ape. If the ape were gifted with speech and could study the habits of some men, we wouldn't blame him to launch a tirade against suggested evolution as reflecting on him.—Memphis Commercial-Appeal.

Brunk's Comedians Coming

This popular company will open a week's engagement in Big Spring on Monday April 24th on the lot just north of the school house. This company is well known by the Big Spring theatre goers and needs no introduction by us. They have selected for their opening play a 4 act Society crook play "The Shop Lifters." The play is a companion play to "Kick In" and "Within the Law." It deals with the underworld life of New York. The play rises above the mere action of a cunning band of crooks and portray some clever attempts by some master crooks to win a fortune through a love intrigue. The play gives splendid opportunity for showy dresses and scenery. The comedy is carried by Mr. Sadler in the part of Billie B. Bump and is a scream from start to finish. In the last act one climax follows another and the audience is held in suspense until the final curtain. Special vaudeville numbers will be given between acts.

Registered Pigs For Sale

Have some fine registered Poland China pigs for sale. Also have one registered boar to sell. L. M. Scroggins, Vincent, Texas. 20-2p

What's This About Hard Work?

There is no sleep in the spirit world and no escape from hard work, according to speakers before the convention of the Illinois State Spiritualists' association.

Where, then, is the allurements in the after life? How much more comforting is the picture of heaven portrayed by the oldtime evangelists who said we would eat heavy rations of manna, spend our time playing harps and singing, and having a joyful time shouting hallelujahs with the heavenly host.

This talk of no sleep and unending hard work has a particularly unpleasant sound at a time when spring fever is at its height, when ambition is confined to dozing in the mellow warmth of spring sunshine and listening to the grass grow.

It makes us all the more satisfied right where we are. We love hard work but we don't hate a good sleep afterwards.—El Paso Herald.

Baptist Notes

Beginning Friday evening April 28, and continuing through the following Sunday, the Fifth Sunday meeting of the Big Spring Baptist Association will be held with First Baptist church. Delegates are expected from Lamesa, Stanton, Midland, Garden City, and other places over the association. A rest room will be in readiness in the basement of the church, the noon and evening meals Saturday and also the noon meal Sunday will be served at the church, and at night delegates will be entertained in the homes. The programme for the meeting is to be found in another column of this issue of the Herald. All are cordially invited to be present at any of the services.

The preaching service last Sunday morning was largely attended and the sermon by Bro. Bass on The Resurrection, was strong and meaningful for all. Mr. Hatcher's violin playing added much to the music and was appreciated, as were also the special vocal numbers. The many beautiful flowers and ferns seemed to breathe out messages of love from the Father who gives them to beautify the world and to lead the minds of mankind to Him who alone can create and provide for all things that are purest and best.

The new carpet, fresh tinting, etc. add greatly to the attractiveness of the auditorium. While the ladies were working busily at the church last Saturday they were much surprised and

pleased over the arrival of a messenger bringing a nice congolem rug—a gift from Mr. F. F. Gary, for the front vestibule. Much good work has been done. These improvements are all for the honor of God and the advancement of His cause and we wish that everyone who can would come and enter into the services every Sunday, morning and evening and also Wednesday evening.

The attendance at Sunday school last Sunday was the largest it has been for several weeks past. Now that spring days are here and sickness is much on the decrease let's continue to swell the number and the interest.

The Easter egg hunt Saturday was much enjoyed by the Juniors, almost the entire membership of that department being out. The hillside is getting pretty again, and the exercise in the fresh air prepared all for the splendid refreshments which were served by the teachers.

The ladies of the church will hold the April missionary meeting next Monday the 24th, at the home of Mrs. F. F. Gary. Every Baptist lady in town is urged to be present. The following is the programme:

Subject—The Seventy-five Million Campaign.

Leader—Mrs. Gary.
Song—"We Praise Thee, O God."
Prayer—The Lord's Prayer.
Scripture Reading—Leader.
Repeating of Slogan—Luke 6:8.
Song—"Give Your Best to the Master."—Mesdames Henley and Travis Reed.

Talk—The Measure of God's Love, Jno. 3:16, The One Whom God Loves, 2 Cor. 9:7, and the Memorable Words, Acts 20:35—Mrs. Holmes.

Prayer.
Talk—Early Days of the 75 Million Campaign—Mrs. Stokes.
Song—There is Joy in Serving Jesus—Mesdames Tucker, Hatcher, and Davis, and Miss Menger.
The Advance Guard—Mrs. Buchanan.
Prayer.
The Campaign and some of its results—Mrs. Douglas.
Loyalty Campaign Song.
Closing Prayer.

Presbyterian Church Notes

Last Sunday our Sunday school reached the high water mark for attendance, and yet quite a number of our regulars were unavoidably absent and we missed their presence. The morning preaching service was held in honor of the Auxiliary, and was splendidly attended, and the spirit of the service was fine. The service next Sunday morning will be held in honor of our Sunday school, and we urge a large attendance. There will be a special program, with special music. Let

us make a fine day for the Sunday school, and especially let us encourage the children and young people by the presence of all the older people of the church at the eleven o'clock service. One week from next Sunday, April 30, we will hold the morning service in honor of the men of our church, and this means, not only the actual members of the church but all the adherents of the church, and for every man in Big Spring who is inclined toward the Presbyterian Church as his choice. May we urge especially that all the officers of the church so arrange their affairs as to plan attendance on this service. The pastor will only have two more Sundays here, and he would be glad to retire from the work here by seeing a fine spirit of desire and determination to "carry on" in the future. This is your work, Presbyterians of Big Spring, your homes are here, your investments are here, this should be the best city in the land for you to live in, but there is a responsibility resting upon you which is measured by your intelligence, ability, and qualifications for service.

We take this opportunity to express our highest appreciation to all of the folks of Big Spring and Howard County for their kindnesses to us as shown in a thousand ways. We have appreciated the opportunities of working with you in various ways. The Herald has been especially generous in printing for me that this humble scribble has been three years. The professional men have been exceedingly kind to us. In fact everybody has been so kind to us. May we say a word to all: Stand by your churches by your schools, stand by your neighbors, stand by your well-being, all of which have to do with making a better city to live in, a multitude of counsel, wisdom, and out of wisdom and progress in every sphere. We invite every one who will to our service. J. W. Campbell
