

# MANY LOCAL FAMILIES VIRTUALLY WITHOUT FOOD AS CHECKS ARE AWAITED

## EXPECT FUNDS FOR PAMPANS ON SATURDAY

### MRS. DAVIS' OFFICE CAN'T DISBURSE RELIEF

WPA employees and persons on direct relief in Gray county are painfully aware that the state has changed its set-up and that funds are no longer dispensed locally. Twice each month, checks are to be received from state offices. Such current checks are overdue and many families are virtually without food. The payments are due here tomorrow, however.

Mrs. W. H. Davis, assistant district director, said that the state staff no longer disburse relief. Checks are made out by state WPA and relief offices and sent directly to clients. In the transition from the old program to the new, coupled with the New Year holidays, delays have been developing, to the discomfort of those benefited.

Direct relief to unemployed is directed by Mrs. Cornelia Patton of Amarillo, head of the 20-county district, assisted by Mrs. Davis, who resides here. Other members of the staff include:

Dalhart—B. D. Chumley, case worker for Dallam, Sherman, and Hartley counties; Pampa—M. C. Davis, case worker for Gray, Donley, and Roberts counties; Hereford—Mrs. Dyantha Bradley, case worker for Deaf Smith, Oldham, and Randall counties; Borger—Miss Dorothea Bair, case worker for Hutchinson, Hansford, and Ochiltree counties; Higgins—Miss Olga Farbau, case worker for Lipscomb and Hemphill counties; Shamrock—Miss Ruby Fallan, case worker for Wheeler and Collingsworth counties; Amarillo—David Stephenson, case worker for Carson and Armstrong counties; Mrs. Clara Adams, case worker for Moore and part of Potter; Mrs. Virginia Woodley, case worker for rest of Potter county.

Intake secretaries include Herbert Lewis for Potter county, Amarillo; Miss Jean Daly for Gray county, Pampa; Miss Dorothy Muller for Wheeler county, Shamrock; A. E. Rosok for Dallam county, Dalhart; Mrs. Edith Lewis for Amarillo; with Elizabeth Spillers as secretary to the district administrator, Amarillo.

The personnel listed is much smaller than that set-up temporarily with Pampa as district headquarters.

Distribution of surplus commodities to those on direct relief is temporarily held up for want of approval of the state office, which is not yet ready to receive the record forms on which reports are made.

## FDR Message To Be Available to Record Audience

WASHINGTON, Jan. 3. (AP)—Radio men said that President Roosevelt's message tonight will be available to one of the largest audiences in history.

Preparations for it surpass those for world series baseball games, the Rose bowl football game and the Kentucky derby, all acknowledged as tremendous events for the air waves.

The National Broadcasting company here estimated most of the nation's 18,000,000 receiving sets will be turned on when Mr. Roosevelt begins speaking.

Three short-wave stations will re-broadcast the message, carrying the words to Europe certainly and to more distant lands if atmospheric conditions are suitable.

The speech—coming at choice commercial hours—will supplant a soup program, another dealing with "Human Relations" and a third called "Wait Time."

Twenty-six microphones were set up in the capitol today for the opening of congress and the president's message.

Slogans—scores of them—are coming to THE NEWS in its contest to determine a slogan for KPDM, the new broadcasting station.

The contest is still open. While many of the slogans are appealing, it is entirely possible that the last one submitted may win the contest.

A \$5 cash prize will be given to the person suggesting the slogan accepted. Slogans should be brief and concerning the station, its location, service, or character.

The station will be on the air about March 1.

## I Heard . . .

That a certain doctor from Sudan, who owned a house in Amarillo, visited in that city over Christmas and decided to take a look at his property. He found the lot intact but the house gone. Officers were called and an investigation started. After a diligent search, the house was located where several hundred other Amarillo houses went—in Pampa.

Not old age pensions, but some of his do-nothing-in-laws are worshipping the West Foster growth, he says as he continues eating the money.

If you don't wish any Mussolinis in this country, be kind to newspaper men and don't make 'em disgruntled like Il Duce was when he decided to lead a march on Rome.

Musing of the moment: Note to would-be governors: A survey shows that the average state governor is 54 years old, has been a "small town" boy, governs his native state, and is a democrat.

The youthfulness of several Texas governors should give Young Democrats some hope.

### Brevitorials

A SUSPICION that the Literary Digest poll was all too carefully worded seems borne out by a poll taken by and through the Washington Merry-Go-Round column of Dave Pearson and Robert S. Allen. The Literary Digest poll asked: "Do you now approve of the acts and policies of the new deal to date?" The newer poll asks: "Should President Roosevelt be re-elected?"

Most of us disapprove of some of Mr. Roosevelt's policies. Personally, he appeals to some more than others. But the real question is whether he will be preferred above the best the republicans can offer. In this, the new poll shows a 2 to 1 lead for Mr. Roosevelt.

In our two-party system, no very wide choice is left to the voters. If it were a choice between Hoover and Roosevelt today, the result would be another landslide for the latter. Mr. Hoover's name is indelibly linked with the depression, despite his futile claim that the depression was largely caused by fear of election of Mr. Roosevelt.

Mr. Roosevelt's liberal and socialistic tendencies did not become generally known until after he was elected.

YET BE IT remembered that there were more than 5,000 bank failures under Hoover, and 11,600,000 unemployed. We do not blame Mr. Hoover for the depression. We do not credit Mr. Roosevelt for all the recovery made, or lack of recovery. But Mr. Hoover dilly-dallied when they wished action. The people will not forget this. The starving millions wanted relief and got it. Had the national budget been balanced when a lot of big-business executives demanded it, millions would have died of starvation. A man more settled in his economic theories than Mr. Roosevelt would be welcomed by us, but certainly no such a leader is yet in sight.

THE STATE department of health reports show that several sections of the state have reported many cases of mumps, and in some instances epidemics are expected. Pampa has a few cases. While we do not ordinarily think of mumps as a particularly serious disease, it is a condition fraught with some real danger through its complications. The disease is usually spread by direct contact, rarely, if ever, by a third person. The period of incubation, that is from the time of exposure to the onset of the disease, is from 12 to 14 days.

## U. S. SPENDS \$1,879,651,192, HIKING DEBT TO 30 BILLIONS

WASHINGTON, Jan. 3. (AP)—The government closed 1935—half of the current fiscal year—with expenditures exceeding income by \$1,879,651,192.

This deficit compared with the \$2,281,983,000 deficit which President Roosevelt has estimated for the full fiscal year ending next June 30.

The treasury year-end figures were made available as Mr. Roosevelt polished his budget message for the 1937 financial year, beginning next July 1. They go to congress Monday.

The public debt at the end of 1935 was \$30,557,324,062. This debt figure was an all-time high. It compared with \$28,478,663,924 at the end of 1934.

The treasury's statement, showed the government spent \$3,781,660,702 in the July 1-Dec. 31 period, while its receipts were only \$1,902,009,500.

For the full year receipts of \$4,470,349,140 and expenditures of \$7,752,332,000 had been forecast.

Of the half-year outlays \$1,674,807,226 was attributed to "recovery" and relief, the remainder to general governmental operating costs.

The deficit was more than half the amount estimated for the full year. But the annual figures included \$551,000,000 for the sinking fund. On Dec. 31, \$335,224,800—more than half—had been paid.

Current receipts are running slightly ahead of the \$1,845,000,000 reported during the same period last year, despite a lagging of an estimated \$200,000,000 in farm processing taxes. Income taxes brought in \$554,814,000 through December 31 to run \$134,000,000 ahead of last year. Miscellaneous internal revenue amounted to \$974,000,000, or \$120,000,000 ahead of last year.

## JACKSON DAY DINNER DUCATE DINNERS DOUBT SELLING WELL

## BIG CROWD INDICATED FOR DEMOCRATS' AFFAIR

Tickets were selling well yesterday for the Jackson day dinner sponsored by the Young Democratic club for all democrats of this area. The events will be held at the Schnider hotel January 8 at 8 p. m.

It was emphasized by John Ketter, president of the Pampa Young Democratic club, that there could be no let-up in the sales efforts if the banquet is to be held. No half-hearted dinner is desired—democrats are asked to rally in a manner worthy of the party and its history.

Tickets, priced at \$2 each, are on sale at THE NEWS, at Silas Faulkner's office in the courthouse, and at several drugstores. The price of the ticket, includes the meal and a contribution to the party. Tickets in some of the 3,000 other cities which will have Jackson day dinners are selling for as much as \$10 each.

Silas Faulkner, county democratic chairman, today was seeking acceptance of a speaking assignment here by an outstanding democrat and orator of this section.

President Roosevelt will broadcast an address to all the dinner groups at 9 p. m. next Wednesday night of the local event.

To assure the holding of the dinner, local democrats are urged to get their tickets immediately.

## Lion Is Still Hunted in Ohio

CINCINNATI, Jan. 3. (AP)—Calling for reinforcements for his safari, Capt. Charles Coddington took to the outgoing "wild" again today in his far-flung search for Simba the lion.

He reported fresh encouragement from tracks indicating the animal, whatever it was, bounded away in "leaps about nine feet apart" after killing an 85-pound hog.

For four days now, Coddington has been "twana"—head man, to use a local expression.

Yesterday, upward of 50 deputy sheriffs, residents and others merely curious, searched the "waterholes" and "beat the bush" in hopes of driving into corner, an animal described as a lion, which admittedly has crossed the path of numerous Hamilton county residents.

When George A. Lutz expressed hope the hunt would reach some conclusion "and the sooner the better."

## Waiter Never Saw Lindys in Hotel

LIVERPOOL, Jan. 3. (AP)—The waiter who served the Charles A. Lindberghs their meals in the Adelphi hotel here never saw them.

In the three days the Lindberghs and their son, Jon, stayed at the hotel, the waiter never even caught a glimpse of them, he said today.

He was ordered to leave the tray on a table in the living room of the hotel suite while the family remained in another room.

The hotel manager ordered the food and attended to other details.

## ITALY MOVES TO WARD OFF TROOP REVOLT

HAILE SELASSIE ALSO HAS TROUBLE IN GOJJAM

BY ROY E. PORTER, Associated Press Staff Writer.

Facelist Italy, seemingly engaged in an effort to keep the nation united, denied emphatically today a report of a military mutiny published in Paris.

And in Paris, a new angle of the Franco-British "preparation" was brought to light.

French newspapers, despite a brusque denial from the foreign office, said France has asked Great Britain if, in the event of war with Italy, she will be willing to send British troops to the German border to replace poilus who might be needed in the south.

Ethiopia, harassed by revolting tribesmen in one northwestern province, announced another Italian aerial bombing and machine-gunning of tribesmen in the south. Five were killed and two wounded, a communique said.

Officials of two nations at war with each other moved today, informed sources reported, to strangle any internal dissension in their countries.

In Italy, fascist party leaders called countryside meetings to repeat to their followers Premier Mussolini's strong declaration 10 years ago that opposition to his regime would be removed by force.

Five thousand troops were sent from Addis Ababa to Gojjam province, near Lake Tana, to quell disorders allegedly incited by Italy. Thousands of copies of an appeal for loyalty to Emperor Haile Selassie also were dispatched to the province to combat attempts to stir a revolt against imperial taxes.

A nephew of the imprisoned Ras Haile, erstwhile governor of Gojjam, was blamed directly for the trouble.

Domestic dissension in Italy—if any—has not been officially recognized. Premier Mussolini was reported today by a vigorous attack against the congress originally intended and added:

"The present provisions of the adjusted compensation act should be adhered to and all demands for additional payments in any form should be denied in the interest both of the veterans and of the nation."

Representatives Vinson (D Ky) and McCormack (D Mass) gave out the bill backed by the American Legion, Veterans of Foreign Wars and Disabled American Veterans.

The measure would provide for immediate payment in full of the adjusted service certificates, for the refund of interest on loans paid by veterans and for the cancellation of unpaid interest on veterans loans.

It moves up the maturity date from 1945 to April 6, 1937.

About 50 members answered the call of Representative Patman (D Tex) for a meeting of the 218 signers of a petition to discharge the ways and means committee from further consideration of the Patman bill and bring it before the house for action.

In addition to instructing the steering committee to proceed with all speed to secure action on the Patman bill, the group requested Patman to appoint a committee to discuss the situation with heads of major veterans organizations and

## Lindys Check Out Of London Hotel

LIVERPOOL, Jan. 3. (AP)—The Charles A. Lindberghs checked out of the Adelphi hotel and departed for an unannounced destination today.

The famous couple and their little second son, Jon, left quietly by automobile after three days of strictest seclusion in their hotel suite.

They came to England Tuesday aboard the United States steamer American Importer, seeking a restful refuge.

Colonel Lindbergh, accompanied by Mrs. Lindbergh and the three-year-old Jon, slipped out a back entrance of the hotel and enter a motorcar with a second man.

The second man was not immediately identified, but earlier the Lindberghs had been reported visited by Aubrey Morgan, Mrs. Lindbergh's brother-in-law.

Morgan's former home, "Tynewydd," nine miles west of Cardiff, Wales, yesterday was being aired as if in preparation for occupancy.

The manager of the Adelphi hotel, where they had been staying, stated the famous couple and their little son, Jon, were enroute to South Wales with Aubrey Morgan, Mrs. Lindbergh's brother-in-law.

Morgan's former home, "Tynewydd," nine miles west of Cardiff, was being aired yesterday as if in preparation for occupancy.

## PRESIDENT TO GIVE MESSAGE THIS EVENING

BY DOUGLAS B. CORNELL, Associated Press Staff Writer.

WASHINGTON, Jan. 3. (AP)—The political warfare of a presidential election year began raging from the convening of congress at noon today coincident with introduction of disputed neutrality and bonus legislation.

Although both senate and house agreed unanimously to recess until evening for President Roosevelt's unusual report on "the state of the union," Rep. Snell the republican leader, rebuked the plan.

"Will not this message stand the light of the usual midday sun?" he demanded.

"Cheap," Says Snell. He contended the choice of a night delivery, which will make possible a wider radio audience, was a "cheap attempt" to use the message politically. He did not need to mention the warning presidential campaign for his auditors to know what he meant.

In contrast, the 20-minute senate session was all decorum. The death of Senator Long of Louisiana and Senator Schull of Minnesota were regretted, Senator Benson of Minnesota was sworn; and Senator Glass of Virginia was eulogized in connection with his 78th birthday tomorrow. Then the senators recessed.

Snell said he knew he had a right to object to the democratic request for unanimous agreement to recess, and:

"I also well know that the present majority under the lash of the executive is prepared to break all precedents, as it has many times in the past, to carry out orders from the White House.

"In my judgment, if you yield to this order, you are not properly performing the duties of the majority in maintaining the dignity and prerogatives of the house of representatives."

The agreement was reached nevertheless.

Bills Introduced. Numerous bills were introduced before the floor. Outstanding seeking some discretionary embargo powers for the president, and of the allied veterans' organizations for a compromise bonus payment plan.

Awaiting what President Roosevelt would have to say this evening, many of the legislators obviously were ready to go to the mat over whether the neutrality policy should be made mandatory by congress and

## C. Of C. Attacks New Plan To Pay Soldiers' Bonus

## Veterans Agree on Measure Before Congress

WASHINGTON, Jan. 3. (AP)—The congressional conflict, over cashing the soldiers' bonus was augmented today by a vigorous attack against immediate full payment from the Chamber of Commerce of the United States.

Simultaneously with publication of the payment plan agreed on by the big-three veterans organizations, the chamber said in a statement payment would cost \$1,277,000,000 more than congress originally intended and added:

"The present provisions of the adjusted compensation act should be adhered to and all demands for additional payments in any form should be denied in the interest both of the veterans and of the nation."

Representatives Vinson (D Ky) and McCormack (D Mass) gave out the bill backed by the American Legion, Veterans of Foreign Wars and Disabled American Veterans.

## SCOUT OFFICIAL HERE TO AID IN ARRANGING COUNCIL FUNDS

Lloyd O'Neal of Dallas, deputy regional Boy Scout executive, is here to spend considerable time assisting the executive board of the Adobe Walls council in efforts to put Scouting on a more secure financial basis.

Recently at a Scouters convention at Amarillo, Regional Executive James P. Fitch promised the council that assistance would be given by the Dallas office. Mr. O'Neal is here as a result of that understanding.

The budget for the new fiscal year was adopted at Amarillo, when a sustaining membership plan was accepted.

Mr. O'Neal and Executive C. A. Clark were in Borger today conferring with Scout leaders. This council is leading the ninth region, composed of Texas, Oklahoma, and New Mexico, in many particulars and is outstanding except for its financing.

## Representative From Texas Has Neutrality Plan

WASHINGTON, Jan. 3.—The second ranking member of the house foreign affairs committee, Rep. Johnson (D., Tex.), suggested today that new neutrality legislation make mandatory upon President Roosevelt embargoes on arms, munitions and implements of war.

At the same time he expressed belief that action regarding other commodities should be discretionary so the president could "meet emergencies and conditions as they arise."

Explaining he intended to "keep an open mind on some of the controversial features of the bill" until after hearings on new legislation are held before his committee, the Texan suggested, however, that a new bill to replace the existing resolution which expires Feb. 29 should deny credit to warring countries.

"The bill should deny credit to warring countries, not only in the interest of peace, but also to prevent future war debts which foreign nations repudiate after war is over," he said.

Johnson, chairman of the subcommittee which drafted the present law, said he favored "immediate consideration" of a new bill.

Rep. Maverick (D., Tex.) expressed the opinion that the new resolution should impose "duties, not prerogatives" upon the president in time of war and said he and Senators Nye (R., N. D.) and Clark (D., Mo.) would propose the "strictest kind of bill."

## Home-Building Campaign Urged By Rep. Maverick

WASHINGTON, Jan. 3.—A government-aided private building campaign to construct 1,000,000 new homes annually was proposed today by Rep. Maury Maverick (D., Tex.) as a substitute for what he termed the "inadequate federal housing administration."

He asserted that 3,000,000 men could be given employment annually and declared the new homes, using pre-fabricated materials in part, could be erected for between \$1,000 and \$1,500.

He said England had found private financing of this type of new construction "successful" and proposed that this government create savings institutions to handle private, small loans. These banks, he said, should charge "4 1/2 per cent maximum net," as compared with the FHA's 3 per cent. "The cost of the homes," Maverick said, "should range from \$3,000 down and owners could pay from \$6 to \$10 a month while making the purchases."

## Prepares to End Cadet Marriage

The West Point romance of Harriet Hagman, former Vanities beauty, promises to end in the Florida divorce courts. Here she is pictured playing with her Scottie at Miami, where she is reported to have established residence to obtain her separation from Lieutenant Henry Sebastian of Governors' Island under the 90-day residence law. Revelation that Sebastian had married her in violation of West Point rules followed a dispute that began at a party.

The lesson sermon includes also the following passage from the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This is Scriptural authority for concluding that such a recognition of being is, and has been possible to men in the present state of existence—that we can become conscious, here and now, of a cessation of death, sorrow, and pain" (page 573). ## GOOPLE MARRY IN WHITE BEER ON NEW YEAR'S

MR. AND MRS. FLAHERTY WILL LIVE IN PAMPA

WHITE BEER, Jan. 3.—The Sacred Heart church here was the scene of a beautiful wedding when Miss Mary Haiduk, youngest daughter of Mr. and Mrs. V. Haiduk, became the bride of Lawrence Flaherty, son of W. M. Flaherty of Pampa, on New Year's day.

formed the nuptial mass in church beautifully decorated in pastel colors. The altars were screened by potted plants, and five arches, each in a pastel shade, formed a passage way for the bridal party.

Mrs. Laddie Kotara played the bridal march as the wedding party entered. Miss Vic Pollock and Henry Ploch led the procession, followed by Miss Regina Haiduk and Clifford Bednorz, then by Miss Helen Haiduk, who was met at the altar by Fred Haiduk, the best man.

Miss Elizabeth Ploch, maid of honor, served alone. The bride was escorted by her father, who gave her in marriage. She wore a gown of eggshell velvet, and a long veil caught to her head with a cap of gold-lace and orange-blossoms. Accessories were in gold, and her bouquet was of yellow roses.

The bridesmaids' dresses formed a pastel shaded symphony and their flowers were pink carnations and sweet peas. Miss Pollock wore light blue satin, Miss Regina Haiduk light green velvet, and Miss Ploch light green velvet. Leonard Bednorz and Charles Warminski served as ushers.

After the wedding a breakfast was served to the bridal party at the Haiduk home. Dinner was served in the evening to about 150 guests, and a dance honoring the couple followed at the American Legion hall in Panhandle. The Legion band played.

Out-of-town guests for the wedding were Mrs. J. J. Ploch, Mrs. Ben Ploch, Miss Elizabeth Ploch, Cleo Ploch Jr., Misses Vic and Helen Pollock, all of San Antonio; Mr. and Mrs. W. S. Brake, Mrs. Fritz Waechter, Mrs. E. Jordan, Miss Opal Snieder, Miss Pauline Flaherty, Mr. and Mrs. Jimmie Reed, and Mrs. Henry Haiduk of Panhandle.

The young couple's popularity in this community and their wide friendship was attested by the many gifts displayed.

Mr. and Mrs. Flaherty will make their home in Pampa.

## Gas Attorneys Argue Before Federal Court

HOUSTON, Jan. 3.—Attorneys for two Texas Panhandle gas companies sought to show a three-judge federal court today that the rateable production clause in the anti-gas waste law forces the concerns to buy gas that already belongs to them.

J. J. Hedrick, attorney for the Texhoma Natural Gas company which, with the Consolidated Gas Utilities corporation, is attacking validity of the clause, pointed to striping plants in the west field as the source of the greatest trouble.

Declaring that pipe lines should not be required to buy gas from wells other than their own in order to fill contracts above production allowed by the rateable clause, Hedrick said:

"The effect is that we would be forced to buy back our own gas, drained from our property."

Opening testimony yesterday purported to show that the striping plants were using many times the volume of gas taken from the field by pipe lines and that operation of the strippers had lowered the pressure in part of the field.

Dan E. Hughes of Amarillo, consulting geologist of the Texhoma, declared that the Cargray striping plant in Carson county had used twice as much gas per acre since last September as his company had used in five years.

## Oklahoma Bank Robberies Wane

OKLAHOMA CITY, Jan. 3.—In Oklahoma, where such doughty outlaws as "Pretty Boy" Floyd, Fred Barker and a score of other once flourished, bank robbing decidedly is on the wane.

The year-end figures prove it. In 1935, according to a compilation of the Oklahoma Bankers' association, there were nine bank robberies which netted the robbers \$18,073. Of that amount \$6,577 was recovered.

In 1934 there were 29 bank robberies in which the loot was \$44,190 and in 1933 \$71,435 was taken in 31 robberies.

## Senior Scouting Program Planned

NEW YORK, Jan. 3.—James E. West, celebrating his 25th anniversary as chief executive of the Boy Scouts of America, predicted today that another quarter century would see economic depressions eliminated and crime waves flattened by a public-spirited citizenry.

To aid the nation in reaching this goal, he said, the Boy Scouts are inaugurating a "senior scouting program." Former members of the organization will be organized to fight for government "for the good of the people, not for what they can get out of it."

West stressed the point that the adult organizations would, unlike scouting, be purely local. "This he said, would keep them out of national politics.

And during middle life it helped her again. "I was miserable," she explains. "I did not have an appetite. I was very blue and upset. I remembered Cardui had helped me, so I took it again and soon began to pick up. My appetite and mood returned. I kept up the Cardui and did not have any more trouble. Is it any wonder that I recommend Cardui to all my friends?"

# BATTLE OVER BONUS PLANS GROWS HEATED

### EXPERTS CLAIM PLANS WOULD COST TOO MUCH

WASHINGTON, Jan. 3 (AP)—A strenuous financial argument broke out today over the soldiers' bonus, with government experts estimating that payment plans now in the foreground might cost more than the \$2,201,934,710 estimated last year for the inflationary Finance bill which President Roosevelt vetoed.

Advocates of the new plan—the Byrnes-Stetson bill and the measure backed by three major veterans organizations—challenged these estimates.

Estimates of the cost of the full cash payment plan advanced by the American Legion, the Veterans of Foreign Wars and the Disabled American Veterans were, not official. One government expert said, however, that the figure might run eventually to \$2,300,000,000.

The veterans organizations, emphasizing their own contention that the immediate payment cost would be only \$1,000,000,000, arranged today to put on full steam for an early vote in congress on the measure. They announced that a bill embodying the plan would be introduced in both houses today.

Senator Clark (D., Mo.), Rep. Vinson (D., Ky.) and Rep. McCormack (D., Mass.) were named as its sponsors.

The argument over expenses emphasized the difficulties facing congressional leaders today as they set out to find some measure acceptable both to congress and the president.

Close friends of Mr. Roosevelt were confident he would not accept the veterans organizations' bill. Some felt he might accept something along the lines of the Byrnes-Stetson plan.

## Hauptmann Sure 'Something' Will Save His Life

TRENTON, N. J., Jan. 3 (AP)—Bruno Richard Hauptmann retains his stoical calm in the belief "something" will save him from the electric chair, as preparations were made today for his execution.

If precedent is followed the kidnap and slaying of the Lindbergh baby will die Tuesday night, January 14, at about 8 p. m., unless the court of pardons grants clemency or a reprieve.

About 20 persons will be admitted to the execution chamber, exclusive of guards and prison officials. Among them will be one or two physicians, but the majority will be newspapermen, for whom places will be reserved.

## Geneva Urged to Aid German Jews

BERLIN, Jan. 3 (AP)—Germany's first official reaction to the report of James G. McDonald, former League of Nations high commissioner for refugees from Germany, urging Geneva to act against "persecution" of Jews in the Reich, was a challenge to the league today to look first to its own members.

This counter-attack came in a caustic commentary, issued by the official German news agency last night, in reference to McDonald's German immigration report, and his suggestions to the league upon his resignation December 29. He had served since October, 26, 1933, in "retraining, reconstruction, and resettlement" of German refugees.

German opinion is that the league has every cause to concern itself with how minorities and confessionals are treated within league states before it can claim the right to occupy itself with how Germany, from the material and moral experience of her collapse, is rebuilding herself," the commentary said.

# HSBS SHINE AS REVAMPED HARVESTER LINEUP CONQUERS ALLISON 26 TO 8

## TEAMWORK IS GIVEN CREDIT FOR VICTORY

### HARVESTERS GAIN AN EARLY LEAD AND HOLD IT

Battling determinedly to the last shrill whistle of the game, the Harvester basketballers, minus Stokes Green and Moose Hartman, first-string forwards, gleefully went up and down Allison's back last night with a sharp-toothed rake, and hurled an upset into the laps of the experts by winning a 26 to 8 victory.

The score was impressively surprising because (1) the game was played on Allison's small, concrete-floored court, (2) Allison was aching and ready to avenge a 21 to 19 loss suffered in Pampa Tuesday night, (3) Green and Hartman did not even make the trip because they "cut" practice Wednesday night. The Harvesters had to come from behind to win in the last few seconds Tuesday night.

The 18-point margin of victory was exactly the number of points that Harvester first string should have beaten Allison Tuesday night. Last night, the Harvesters made a fair percentage of their set-ups, whereas on Tuesday night they didn't. Last night, the Pampans kept the ball circulating, passing it quickly and surely among themselves. In previous games, the passing was slightly restricted, and a few of the boys handled the ball too much. It was estimated Tuesday night that Pampa had a 15-point better team than Allison if the Harvesters could make their "best."

Kitchens Stars in Scoring

Frank Monroe, acting coach until the return of Odus Mitchell who attended the Rose Bowl game in California, started Kitchens and Bob Bailey in place of Green and Hartman. They played sparkling, brilliant basketball, and Kitchens led the scoring for both teams with 11 points, 10 of which were made in the last half. Bailey made four points.

Roy Lee Jones, showing continued improvement, played his best game of the season at Pampa, and one of the best defensive exhibitions ever turned out by any Harvester. He scored only one point, but his passing accounted for numerous baskets. It was a sight to see Jones who is five feet and 10 inches tall and 18 years old, take the ball and again away from Richardson, six feet two-inch Allison center.

Junior Gets Tipoff

And while on the subject of Richardson it should be mentioned that Junior Strickland was named to be the inspiration of his mates, not only out-jumped, but out-scored and out-played Richardson. The latter got the tip-off on Junior here in the first game, but Junior was suffering from a cold that night and didn't time the ball as well as he has. He beat his tall, long-armed opponent to the draw almost every time.

The Pampa scoring was opened by Ayer who sank two baskets in the first half when they were needed. Ayer's feat seemed to indicate to the Harvesters that they were "on." Ayer is an able and worthy match for Jones at the other guard position. Jones properly devotes most of the time to nabbing the ball and passing it, and Ayer has a better eye for the basket. Ayer and Jones completely smothered the Allison forwards.

Pampa Gets Rebounds

The Harvesters looked smoother and less ragged last night than in any game this season. They took many rebounds under the basket and when they didn't get the rebounds they tied up the ball. Allison was undeniably "off." That was obvious, Green, Allison's sharpshooting forward, left the tilt on four personal fouls in the last quarter, but his rebounding difference developed between him and the referee lessened his efficiency.

Allison scored only two points in the last half. The score at the end of the first quarter was 4 and 2; at the half, 11 to 8 and at the third quarter 20 to 8. The substitutes for Pampa looked better last night than they have this season. Coach Monroe in the fourth quarter sent in Nicholson, and later Baker, Bowers, Keyser, and Nobilit entered the game. They refused to let the reigning Allison team score a single time. The Allison lineup was the same that played here Tuesday night with the exception of Newberry who scored 2 points then. Tatum replaced Newberry at forward.

The pleasing exhibition last night indicated that the second string has potentialities which should and undoubtedly will be developed. A constantly improving and battling second string will make a better first string. Kitchens and Bailey and Nicholson last night would have made good substitutes for any member of the team. It is not probable that they could win first string forward berths, but Green and Hartman will cherish their positions more. Those two tall, hefty athletes are potentially the best material on the team, and will likely show much improvement between now and the district tournaments.

## Stanford's Winning Touchdown in Rose Bowl

## DIAMOND TALK IS GROWING IN THIS SECTION

### BASKETBALL TO HOLD ATTENTION OF FANS FOR AWHILE

With the football season past, what are Pampa's mad sports fans going to do about it?

There was an underecurrent of basketball apparent on the streets this morning as the curbsters' coaches finished playing the numerous "bowling" games. Also, baseball could be felt although the sport is several months off.

The Pampa high school basketball team is considered a potential championship aggregation. The quietest has won 14 consecutive victories this season. With football out of the way, large crowds are expected to see the hardwood experts in action.

Baseball in this section is expected to be at top heat during the summer. The Pampa Road Runners have not been strengthened but have strings on several mighty good players.

Coltux Gassers of LeFors started early, and although the management will not be expected to be learned through reliable sources that the Gassers will field an infield of Cliff, former House of David star, on first base; Sammy Hale, veteran of veterans, on second base; Willingham, last season with Sioux City in the Western League, at shortstop; Honneycutt, last year with Eason Oilers of Enid, Okla., at third base; Beason, Eash, and McNabb, former Eason Oilers stars, in the outfield. Other departments have not been filled, it is reported.

Another strong contender for Panhandle honors is expected to be the Phillips Oil company team from the South Pampa field. The sponsors of the team are putting out exactly "nothing," but it is known that several well known players have been signed for the season.

Oyer at Berger, the Huber Black-faces already set the pennant flying from their flag pole. They started strengthening immediately after the close of the 1935 season and are almost ready for play to begin.

The Phillips 66 Oilers of Berger are quietly gathering strength. It is rumored that they are expected to be late in getting started but it developed fast and was coming to the front at the close of play.

Over in Amarillo, baseball is popping. A deal is in the making where by a company will take over the park, erect lights, and organize a team. An announcement of the deal is expected within a few weeks.

## Winters Sports Teams Sail for German Olympics

NEW YORK, Jan. 3. (AP) — The United States Olympic winter sports teams, bolstered by a couple of last minute additions to the bob-sled squad, turned their backs today on the bitterness and controversy that preceded their sailing and headed for the winter games at Garmisch-Partenkirchen, Germany.

About 45 athletes — the number was uncertain almost up to sailing time at noon — and a group of officials and coaches made up the squad aboard the S. S. Manhattan.

The candidates for the women's ski team and a number of men ski runners and jumpers already are in Europe. Gilbert Colgate, one of the bobsledders, sailed yesterday. Billy Fiske and Eddie Egan of the bobsled squad and the entire figure skating team will sail later this month.

Egan and Clifford, (Tippy) Gray, who rode with Fiske in 1932 to win the Olympic title, notified the bobsled committee yesterday of their willingness to pay their own expenses if they would be permitted to ride with Fiske in the bobsled. This made possible three four-man bobs teams. The fastest two in trials will be chosen for the Olympics.

## SWEDISH BOMB INQUIRY WILL BE CONDUCTED

STOCKHOLM, Jan. 3. (AP) — Sweden's government, swung into line with the Red Cross today in pressing for a thorough investigation of the Italian bombing of a Swedish Red Cross unit on the southern Ethiopian front.

The nation's press, amid fresh public indignation, swung into line with the Red Cross today in pressing for a thorough investigation of the Italian bombing of a Swedish Red Cross unit on the southern Ethiopian front.

The Swedish Red Cross, after a special meeting yesterday, announced it had voted to finance a piercing inquiry into the case, and to ask the International Red Cross at Geneva to undertake the investigation.

The government, it was announced, would assist the Red Cross in raising funds for this purpose.

A communique issued by the Red Cross executive committee and signed by Prince Carl, as president of the organization, termed last Monday's bombing a "revolting act."

The Italian legion, which has been guarded closely since Dec. 31, the day after the bombardment, became the target for a mass of letters and telegrams of protest.

Latest Ethiopian advice said the Swedish Ogaden province ambulance unit was destroyed and two Swedes injured — but none killed — in the bombardment Monday night. Dolo, concentration point for both Ethiopian and Italian troops on the southern front.

An official Italian announcement said Fulvio Sivich, under-secretary for foreign affairs, expressed "his grief" over the incident to the Swedish minister at Rome Wednesday, but warned against "tendentious versions of the incident."

## BORAH WIENS PENSION PLAN 'UNWORKABLE'

WASHINGTON, Jan. 3. (AP) — Friends of Senator Borah (R., Ind.) said today he views the Townsend old age pension plan as basically sound in some respects but "unworkable."

The senator, whose supporters are booming him for the republican presidential nomination, promised a detailed statement of attitude toward the Townsend plan at some early date.

Several recent published reports have had Borah "advocating" of "firing with" the proposal of Dr. Francis E. Townsend to raise \$4,000,000,000 a year through a transactions tax to pay all persons over 60 a monthly pension of \$200 provided they spent it in 30 days.

But some of those close to the senator disclosed today he believed that this monthly grant is too high. He also believes, he said, that the plan would not work because 80 per cent of the taxes would fall upon persons with incomes of \$2,000 or less.

Borah is known to have suggested to a group of Townsendites several months ago, for purposes of discussion, that the proposed pension be reduced from \$200 to \$50 and that beneficiaries be permitted to do as they pleased with the money. The group immediately divided on the question, according to authoritative source.

Borah was interviewed yesterday by a score of reporters on an article he has written for the Redbook magazine depicting the constitution as "the first line of defense against a dictatorial government."

Criticizing any one who believes the constitution is antiquated, he pictured it as a bulwark against fascism and communism.

Borah said no constitutional changes were needed at this time to permit social security and labor legislation. He emphasized he was not opposed to amend it when he believed that necessary.

## MUSTANGS SEE MOVIE STARS IN HOLLYWOOD

PASADENA, Jan. 3. (AP) — The Southern Methodist Mustangs went to Hollywood, traded autographs with the film stars and almost forgot the 7-0 licking they took from Stanford in the Rose Bowl.

Guests of Warner Brothers studios, the Mustangs, headed by Coaches Matty Bell, Vic Hurt and Gene Barnett, vigorously denied the "Hollywood Gag" in good style after first threatening to take the studio restaurant to pieces.

Wince Barnett, film actor, posing as a newspaper man, approached Coach Bell at the luncheon table and confidentially reported that he was tracking down a nasty rumor that the Mustangs hadn't exerted their best efforts in the game.

Bell colored "vigorously" denied the accusation and became more than just a little exasperated at the rumor.

Barnett asked if he might question Bobby Wilson, ace Mustang halfback and a great star of the game, concerning the rumor.

"You might ask him about it," hotly retorted Bell. "But I suggest that you stand at arm's length after you've popped your question."

Barnett hastily revealed his identity and Bell's laughter was louder than the "win" on the way.

The Methodist will entrain for Texas this afternoon stopping off at the Grand Canyon enroute home. They arrive in Dallas Sunday night.

## Olympic Track Struggle Will Begin Saturday

NEW YORK, Jan. 3. (AP) — Amid snow-covered surroundings, the struggle for places on the United States Olympic track and field team starts tomorrow at the first indoor meet of the "Olympic year."

While it is not considered one of the "big" meets, the annual games of the Columbus council, Knights of Columbus, in Brooklyn, long has held the honor of opening each year's board-track season and has produced from time to time some notable performances.

A few "big time" performers always take part along with the "big" meets, but it will give the team a chance to get into the groove. They usually manage to do well despite the handicap of running without spikes on the flat armory floor.

The Olympic prospect gives a special flavor of interest to tomorrow's meet. The winners will not be assured of places on the Olympic squad, but it will give them a good start in that direction. At least four of the 600 odd entries are considered as likely Olympic prospects, and others may turn up.

Three of last year's "big four" middle-distance runners — Ghack Hornbush of Indiana, now a graduate student at Harvard; Glenn Cunningham, the famous Kansan, and Gene Venzke, Pennsylvania's perennial also-ran, are entered in the 800-meter special.

Eulace Peacock, Temple university negro flash, heads the field for the sprint series.

## Tennis Tourney Begins in Sugar Bowl Carnival

NEW ORLEANS, Jan. 3. (AP) — With competition in track, football and basketball completed, interest in the Sugar Bowl athletic carnival turned to the start today of the tennis tourney in which some of the nation's major stars will compete.

Approximately 1,250 persons turned out last night for a spectacular basketball battle between Louisiana State and Pittsburgh, which the latter won, 52 to 47, in a late rally.

Warren V. Miller, president of the Mid-Winter Sports association which sponsored the Sugar Bowl program, announced that 34,740 spectators paid \$89,895.55 to see the New Year's day football game in which Texas Christian defeated Louisiana State 3 to 2. Receipts for last year's Tulane-Temple game totaled \$61,750.

Both L. S. U. and T. C. U. will receive \$30,041.25 each as their share of the gate receipts. Tulane and Temple got \$20,751 each.

The tennis competition was scheduled to have started yesterday but was set back until today because the courts were still rained out.

A field of 16, headed by Wilmer Anderson, No. 1 American player, is entered. The first and second rounds will be played today with semifinals Saturday and finals Sunday.

## 26 Cage Teams Are Entered in Wheeler Tourney

WHEELER, Jan. 3. — The Wheeler high school invitation basketball tournament was scheduled to get under way this morning with 26 teams entered. The crack Pampa Harvesters had to withdraw at the last minute when they were unable to postpone a game scheduled for Saturday night in Whittensburg.

The schedule for tonight will see the boys' teams from Kelton and Mobeetie playing at 7 o'clock. At 8 o'clock the Wheeler and Magic City girls' teams will tangle. The last game of the night will be at 9 o'clock between the Wheeler and Magic City boys' teams.

Other teams entered in the tournament are: Boys — Samnorwood, Lela, Miami, Allison, Shamrock, Briscoe, McLean, A and B teams, Canadian, Orlis-Kelton, Mobeetie, Miami, Shamrock, Samnorwood, Allison, Lela, Briscoe, McLean, Canadian, Wheeler B team.

The two finalists in each division will receive larger loving cups. Prizes for individual players will also be awarded.

## Harvesters to Play Newman's Crack Cagers

The Harvester basketball team will meet a five coached by their old jinx, "Dumb" Newman, when they invade Whittensburg tomorrow night. Newman, who used to tell the boys down at Hedley how the ball should be put through the hoop, is now at the new Whittensburg school and his basketball team has already become a typical Newman quintet.

Newman's team is built around a couple of veterans from last season's Berger Bulldogs. When the Whittensburg school was opened in September, many students from the Berger school enrolled in Whittensburg. Among the group were several basketball players.

It was not known this morning whether Coach Odus Mitchell would be here to take the team to Whittensburg. If he is still absent, Frank Monroe will again be in charge. Coach Mitchell expected to return tomorrow or Sunday from Pasadena, Calif., where he attended the Rose bowl game.

The Harvesters, minus two regulars, defeated Allison 26 to 8 last night in Allison. The best the still Harvester team could do against Allison here was to eke out a 21 to 19 win.

## Pauls Valley Grid Team in Cowtown

PORT WORTH, Jan. 3. (AP) — The undefeated and united football team from Pauls Valley, which will represent Oklahoma in the bi-state game against the Breckenridge Buckaroos in the Texas Christian university stadium, arrived here today.

Coach Ray Thompson of the Sooner club brought 25 members of his squad and planned to take them to the stadium for a final workout. Breckenridge, champions of the oil belt this year, will take its final drill at home. The Buc will arrive late today.

## 22 Cage Quints Enter Tourney

SAN ANTONIO, Jan. 3. (AP) — Twenty two Texas high schools have entered their basketball teams in the second annual San Antonio high school tournament basketball tournament here Jan. 10 and 11.

The number is too many for a Class A tournament and not enough for both Class A and Class B events, and Oland Kellam, athletic director and manager of the tournament, still is undecided whether he will run off two divisions. He needs more Class B entries.

Milby of Houston, Victoria, Del Rio, Hume and Maxwell are some of the late entries, joining such strong teams as Temple, San Jacinto of Houston, Austin, Laredo, Beville and the five local schools.

George L. Parker, the new national league umpire, holds some sort of a record. When his name was announced to work in the little world series at Buffalo in 1933, the fans actually cheered. "What's baseball coming to, anyway?" In Buffalo they cheer the umpire and in New York they give them auto.

### International Sunday School Lesson

By DR. J. E. NUNN

International Sunday school lesson for January 3, 1936.  
 General Topic: A Mother's Vision and Influence.  
 Scripture Lesson: Luke 1:46-56.  
 46. And Mary said, My soul doth magnify the Lord.  
 47. And my spirit hath rejoiced in God my saviour.  
 48. For he hath regarded the low estate of his handmaid; for behold, from henceforth all generations shall call me blessed.  
 49. For he that is mighty hath done to me great things; and holy is his name.  
 50. And his mercy is on them that fear him from generation to generation.  
 51. He hath shewed strength with his arm; he hath scattered the proud in the imagination of their hearts.  
 52. He hath put down the mighty from their seats, and exalted them

of low degree.  
 53. He hath filled the hungry with good things; and the rich he hath sent empty away.  
 54. He hath helped his servant Israel, in remembrance of his mercy.  
 55. As he spake to our fathers, to Abraham, and to his seed for ever.  
 56. And Mary abode with her about these months, and returned to her own house.  
 57. Now Elizabeth's full time came that she should be delivered; and she brought forth a son.  
 58. And her neighbours and her cousins heard how the Lord had showed great mercy upon her; and they rejoiced with her.  
 Golden Text: My soul doth magnify the Lord, and my spirit hath rejoiced in God my Saviour. Luke 1:46, 47.  
 Introduction.  
 As Luke is to furnish us the Scrip-

ture material of the Uniform Lessons for the next six months, it will be well to go over the important facts about him and his Gospel.  
 Neither in that Gospel nor in Acts does Luke refer to himself by name. Paul uses it three times in his epistles: Colossians 4:14; 2 Timothy 4:11, and Philemon 24. In an earlier verse of the chapter of Colossians just cited Luke is distinguished from those "of the circumcision," implying that he was a convert directly from heathenism, and not a Jewish Christian. Philippi may be regarded as his home town; yet he seems to have been in Paul's company before the great apostle came to Philippi.  
 Paul's Doctor.  
 It is commonly supposed that Luke first met Paul professionally, by being called to treat him in one of his frequent sick spells; in Galatia, perhaps (Gal. 4:14); or earlier than this in Antioch. He became a devoted friend of the apostle and a devoted Christian, and thenceforth traveled with Paul as fellow missionary and body physician. Whole books and innumerable articles have been written about Luke as a

doctor; discussing his use of medical terms and his understanding references to sickness. How tender and precious his medical ministry was to the half-invalid apostle we know from Paul's word, "beloved physician" (Col. 4:14).  
 Luke, the Writer.  
 There was not the slightest doubt in the minds of biblical scholars that this Luke was the author of both the Gospel that bears his name and the Book of Acts. He was certainly a man of culture and education, and his books from a literary point of view are the best writing of the New Testament. Renan declared the Gospel of Luke "the most beautiful book ever written." Luke is strongly sympathetic with poverty and suffering, with womanhood and childhood and the outcast. So he is particular to note down our Lord's contacts with such people and conditions.  
 The Magnificat, Luke 1:46-55.  
 Verse 46. "And Mary said, My soul doth magnify the Lord."  
 Mary's hymn has been thus designated from the Latin word with which it begins. We may call it the first of all Christian hymns,

the Benedictus (verses 58-79) being the second. The suggestion to utter it may have come to Mary from Hannah's song (1 Sam. 2:1-10), with both of which every Jewish woman will have been familiar. It was moreover, natural for an Oriental woman when emotionally moved to express herself in rhythmical language. Mary will have thought much and wondered deeply, on the journey, about what God was doing with her.  
 Soul and Spirit, vs. 46, 47.  
 "In biblical language soul is the natural life, with its affections and emotions, the spirit the divine and loftier region of our being. The expression 'God my Saviour' is found also in 1 Timothy 1:1 and Titus 3:4; the phraseology of Isaiah 12:2; 25:9, might be so rendered. Mary's warrant for her confidence that future generations are to be blessed in her is the angel's word (1:28ff). "We cannot but wonder at the vast faith of the despised Virgin of Nazareth—whose inspired anticipations have been so amply fulfilled" (Dean Farrar).  
 A Mother's Influence.  
 "Is it not significant that in the

gospel dispensation the Saviour of the world is Mary's—a woman's—Son? Apparently even he needed the guidance and devotion of a mother that he might grow up into his divine career. And this in a Jewish environment where the father is all in all." In our social order the father is the support and honorary head of the family but actually the mother is its dominating personality and spirit. This obviously gives her a commanding and decisive influence over the lives of the children, especially during the formative years. A very busy business man, has said that he had carefully figured out that his wife is with their children eleven times more than he is.  
 When it was asked, in a company of about four hundred people, all those to stand who believed that they were Christians directly or indirectly through a mother's influence, more than two-thirds thus responded. Yes, almost always the mother is the priestess of the home who leads us in the years of childhood into the holy places of the life with God.  
 "Blessed Among Women." Luke 1:28.

"While Protestants condemn Mariolatry, the worship of the mother of our Lord, we cannot but accord her a holy reverence that we do not bestow upon other women of the world's history. In her motherhood has received its supreme glorification. The thought of her reacts upon and colors our thinking and our love for our own mothers; and conversely we transfer to her all the beautiful things that we see in the mothers of men." "So we feel warranted in attributing to her all the graces that enrich womanhood and make a soul beautiful. Without sentimentality, we enhance her with liveliness. We sympathize with the painters who refuse not to make her face fair and winsome." "To drop the serene face of the Madonna from the art history of Christendom would inflict upon us an irreparable loss."  
 —Margaret Sangster.  
 Jesus and His Mother.  
 "How the Lover of Men must have loved that Mother of his! We like to think of their intimacy during the 'hidden years' at Nazareth. Did he sometimes go to her for help, as he was threshing out the problem of his destiny and facing the min-

istry to which he was beginning to know himself called? Other sons do that. The father may be the wiser, but it is to the mother that they have recourse." "Not for worlds would we be without that touching final glimpse of this relationship that John has preserved for us (John 19:25-27), that says so much, that is such a revealing of the affection of our Lord for his mother. She was the dearest, if not the only, earthly possession he had to bequeath, and he committed her to the disciple that they say he loved best of all. Weighted down now for one awful moment with the sin of the whole world, and unable to find his Father's hand in the darkness—still he is solicitous about his Mother's welfare in the days after he shall be gone! What a lesson for sons, and daughters! The bravest battle that ever was fought. Shall I tell you where and when? On the maps of the world you will find it not."  
 —JOAQUIN MILLER.

## CAPITOL CHATTER

BY CHARLES E. SIMONS

### THAT JACKSON DAY DINNER

Two dollars for a Jackson day dinner ticket January 8 may, so soon after Christmas, seem a bit high, but not when an understanding is had about the purpose of the event. The cost of the meal will be \$.75. The remaining \$1.25 will be divided between the Pampa Young Democratic club and the Democratic National committee.

Pampa Young Democrats incurred a deficit last summer in getting out publicity and other matter in their campaign for the district convention. They won the convention, which will be the most colorful here in 1936. Certainly they deserve the support of all party members.

The national committee also has a deficit. And, in a year when business men who ordinarily support the party in power are somewhat alienated by the Social Security act and the Roosevelt program for the average citizen the need for widespread financial support of the party is obvious. Panhandle party members have been asked to contribute little in the past. Their presence with a \$2 ticket in the only banquet of its kind in Pampa is certainly not unreasonable. Every candidate, every office holder, every true democrat should be present.

For a party is more than a set of principles. American government is a two-party government. It is necessary to have organizations and to support them. Democracy will fail unless the party members maintain their organizations and prevent chaos in office-holding nationally. Party responsibility is still the most wholesome thing in American politics. It could be improved by a fuller participation of the voters in policy-making. If you are a democrat, buy a ticket for the Jackson day dinner January 8—NOW.

### A MEMBERSHIP FOR THE B. C. D.

The Board of City Development appears on the right path to greater effectiveness in its decision to have a general membership auxiliary to the appointed group.

The idea of tax support for such an organization is good. It is a body which works for the common good. Taxes are uniformly diffused to divide the cost equitably among those who benefit directly or indirectly. Moreover, a board is necessary to take the responsibility for spending the tax money.

So far, so good. But if the organization stops there, its responsibilities are shouldered by a small body of men and a secretary-manager. These men, however influential, cannot put over a consistently effective program without community-wide support. This support varies from year to year. It is difficult to mobilize for the reason that contacts are difficult.

The basic value of the membership plan being promulgated is that everyone can belong. Mass meetings are sometimes unwieldy, but we know of no good substitute for them in city-building. Cities grow by masses and decline the same way.

Pampans on the whole are friendly, cooperative, progressive, alert. There should be no difficulty in mobilizing them through the Board of City Development. This combination, with the Junior chamber meeting in luncheons weekly, should provide Pampa with all the necessary machinery for aggressive city-building and a more helpful service to this territory.

## BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON—Perhaps you have to live in Washington to appreciate the confusion created by the candidacy of Senator William E. Borah for the Republican presidential nomination.

Stories about "the new Hoover" are of but mild interest here alongside the general speculation as to whether now there is to be a "new Borah".

For the capital's conception of the Idaho statesman comes close to the classic and rather mean reference made to him once by Ex-Senator Jim Reed of Missouri, when he called Borah "The Great Beginner."

In other words, when you speak of Borah around here you are sure to be told that "he never finishes anything." There is plenty of chapter and verse on that.

But it's something else again when Borah allows his name to be used in the presidential primaries and Borah was never before in any such strategic position as he is today.

First, it is conceded by many political observers that he could get more votes than anyone else the Republicans might name, if the election were tomorrow.

Second, the fate of the G. O. P. might well be in Borah's hands were he to consider bolting the party in case neither its platform nor its candidates should be satisfactory to him.

Through the country Borah's name is one to conjure with at all times and right now there's a large hunk of sentiment among Republicans to liberalize their party.

It is possible to imagine Borah becoming the messiah of his party and it is possible to imagine him darned near wrecking it.

It is also possible to imagine him fading right out of the picture and having no influence at all on the political events of 1936.

Uncertainty here as to just what the Republicans will do has been both demonstrated and increased as a result of Borah's entry.

Touring around among returning senators the other day, this winter found several conceding Borah a fairly good chance—which may be significant in view of the fact that Washington generally had been thinking Borah was more radical than any man the East would accept.

But most of those who see Borah as a strong possibility say that his nomination would require either the overthrow of the G. O. P.'s titular bosses on the national committee, a sudden conviction among party leaders that Borah is virtually their only hope of beating Roosevelt, or a distinct understanding between Borah and the party's conservative leaders.

Borah's so-called economic heresies—his yen for inflation and alleged flirtation with the Townsendites plus his support of most of the big New Deal legislation—hardly qualifies him as a buddy of the Liberty Leaguers, the "power trust" group, the big industrialists and financiers and others who will provide most of the party's sinew of war and much of the noise during the campaign.

Duke U. psychologists find horse that can do mind. If one of those we've bet on, it's still blushing.

# IL DUCE WILL GIVE 10-YEAR OLD ADDRESS

## WILL AGAIN GLORIFY FORCE IN CALLED MEETINGS

By CHARLES H. GUPTILL  
(Copyright, 1936, by The Associated Press)

ROME, Jan. 3.—Italy's fascist party, glorifying force anew as the way to dispose of its enemies, summoned the people to meetings throughout the kingdom today to hear officials repeat Premier Mussolini's speech of a decade ago, defending strong-armed methods to crush domestic opposition.

"When two elements conflict and are irreconcilable, the solution is force," Il Duce told parliament ten years ago today.

The premier then declared "I alone assume responsibility" for the fascist policy of eliminating all opposition.

Informed sources said his attitude would be the same today if criticism arose over the delay of the fascist armies on the Ethiopian battlefronts in carrying out their campaign of conquest.

Competent observers attributed special significance thus to the kingdom-wide repetition of his words now, with Italy not only engaged in warfare with a foreign nation but also the object of a League of Nations economic siege.

The air ministry called for 5,700 volunteers, in what fascists described as the "greatest aerial enlistment in history," amid reliable reports that the East African strife might grow more severe.

The air ministry's summons was for 1,500 volunteer pilots and 4,200 air base experts. More than 1,000 of the non-pilot specialists were reported to be machine gunners.

## Progress Made In Safeguards For Structures

With the savings of more than 933,000 people in associations of the building and loan type now protected against loss, under the Federal Savings and Loan Insurance Corporation, striking progress was made during 1935 in extending the safeguards of insurance. At the close of 1934, the first year of the Corporation's existence, less than 200,000 investors had received such protection through the action of their savings and loan associations in obtaining insurance through the Corporation.

As of December 31, 1935, applications for insurance had been received by the corporation from 1,387 savings and loan associations in 44 states, holding resources of \$1,075,982,721, and representing the savings of well over 1,500,000 investors. A year ago, less than 600 associations had applied for insurance.

At present, 1,099 of the applicant associations have become insured, protecting their 933,083 shareholders against any loss up to \$5,000. New applications for insurance are being received from building and loan associations in steadily increasing numbers, reflecting the desire of their investors to secure this additional safeguard for funds which they have placed in these associations.

Insurance is entirely optional for state-chartered building and loan associations, 340 of which have applied for insurance to date. Applicant institutions likewise include 473 former state-chartered building and loan associations which have recently converted into Federal savings and loan associations. The remaining applicants are represented by 574 recently organized Federal associations. Insurance is mandatory only for savings and loan associations operating under Federal charter.

**ALMOST SUDDEN DEATH**  
DETROIT, Jan. 3 (AP)—Francis Courteau, a companion and two girls drove on an elevated railroad track by mistake. Down the rails a locomotive whistled. Stiffened with fright, they and a headlight pierced the darkness. Forty feet below the road level, Courteau tried frantically and vainly to move the car. The train thundered down. Inside the auto fright turned to despair. The freight train roared on—and passed the stalled car on another track.

**HORSE STEPS BEHIND**  
PHILADELPHIA, Jan. 3 (AP)—Max Kranzel, stepping up to a policeman, asked: "Pardon me, but isn't there a horse following me on the sidewalk?" The policeman looked, called a patrol wagon and with Kranzel's assistance, hoisted a 900-pound Shetland pony inside. A peddler claimed the animal later.
