## Entire Official Family Of Gray County Is Placed On Salary Basis

# SENATE COMMITTEE APPROVES BONUS

### PRECINCTS ARE ON WAGE PLAN JUST ADOPTED

#### HARMONIOUS SESSION IS HELD HERE BY COURT

Gray county's official family went on a new salary basis yesterday as the county commissioners set up a basis of pay. The meeting was harmonious. Precinct offices were incorporated in the salary system. The change means more security for a number of officers whose fees have fluctuated widely in the past. A more businesslike basis for handling county business is provided, but it is no economy move. The legislature in eliminating the fee system increased the minimum salaries of many county officers in Gray county's bracket, hiving a number from \$3,000 to \$3,750 annually.

The county board demonstration agent was allowed an office girl at a salary of \$65 per month. The county agricultural agent already had a similar assistant in his office. It was decided unanimously to place precinct officers on a salary basis, as follows: The two local justices of the peace will receive \$1,400 annually, payable in twelve monthly installments. One of the local offices, that of Justice E. P. Young, made this sum last year and could not be lowered as to remuneration under the new law. This precinct will be paid \$1,400 annually. The salary of the LeFors justice of the peace will be \$900 annually and that of the LeFors constable \$1,200 annually. The McLean justice and constable will likewise draw these salaries.

In a vote broken by the County judge, the Pampa constable was allowed one deputy at a salary of \$125 per month. Commissioners Kirby and Newman dissented. County officers salaries were fixed as follows: The sheriff, county judge, county attorney, county clerk and tax collector-assessor, will receive \$3,750, the minimum allowed by law except for the county judge, whose salary of \$3,000 was raised to conform with the other executive officers of the county. The county treasurer's salary of \$2,280 is an increase of \$280 over the minimum, and is now at the maximum. The district clerk will receive \$3,750 annually but the district attorney's salary was not involved. The district attorney receives \$4,000 annually, as also does the district judge. The sheriff was allowed seven deputies at \$125.00 per month each except the chief deputy, who will get \$150, with the understanding that the seventh deputy would be paid only as needed. This number includes the jailer and office deputy and the deputies at LeFors and McLean. A cook was allowed at a wage of \$45 a month. The county clerk was allowed two regular deputies at \$150 and \$125 per month and a relief deputy during rush periods at \$4 per day or not to exceed \$75 per month. The tax collector-assessor was allowed a chief deputy at \$150 per month and 8 deputies at \$125 per month, with the understanding that the full staff would be used only during the periods of heaviest collection. The district clerk will have one deputy at \$112.50 per month. The county auditor's clerk will

### HAUPTMANN'S LAWYERS WILL SEEK HABEAS CORPUS TODAY

By DALE HARRISON  
(Copyright, 1936, By The Associated Press)  
TRENTON, N. J., Jan. 14.—Counsel for Bruno Richard Hauptmann arranged to seek a writ of habeas corpus in a federal district court this afternoon.

Only four days of life were assured for the Bronx carpenter as the attorneys—increased to five by the addition of two from Washington, D. C.—drafted the petition alleging Hauptmann's constitutional rights were violated during the trial at Flemington. His execution has been fixed for 8 p. m. Friday. A denial of the writ and of a stay of execution, (which must be sought in a separate application) would mean the only hope for Hauptmann was a reprieve by Governor Harold G. Hoffman.

The governor returned to the capitol today, his first appearance since he left soon after the court of pardons rejected Hauptmann's

### ITALY BLINDS 10 SOLDIERS OF ETHIOPIA

#### British Warships Steaming South to Gibraltar as Defensive Measure.

By ROY F. PORTER  
Associated Press Staff Writer  
The death or wounding of ten Ethiopians in a church at Sakota in northern Ethiopia, and the blinding of ten others by Italian aerial bombs was claimed today in official Ethiopian quarters.

A communique from Dessaye, where Emperor Haile Selassie has established field headquarters, said fascist war planes wrecked the church of St. Mary in Sakota on Jan. 10, and that the town was being bombed daily. British warships steamed southward today toward the Gibraltar gateway to the Mediterranean as Premier Pierre Laval of France began a period of watchful waiting for settlement of the East African war. Authoritative sources at London said the massing of the English fleet off the coast of Spain was a defensive preparation against any Mediterranean attack.

The French "peacemakers" program, informed sources reported, consisted of an inactive policy for settlement of the Italo-Ethiopian war and an early election for a new chamber of deputies.

The departure of the British ships left the island kingdom without the protection of its major naval strength although a part of the cruising fleet held back to await the arrival of four warships withdrawn from stations in the southern waters. The home fleet ships are to reach Arosa Bay, Spain, Friday in advance of the League of Nations council session at Geneva Monday. Their orders specify maneuvers until Feb. 22 when they will return to Gibraltar. French sources said Laval had been prepared to initiate new conciliation efforts until a conference with Vittorio Cerruti, Italian ambassador, who represented Premier Mussolini as assistant of the league withdraw its declaration of Italy as aggressor in the African conflict.

### New Mail Boxes Placed in City

Three new mail boxes have been placed at convenient points in downtown Pampa, bringing the number of receptacles to 11. Postmaster D. E. Cowl announced this morning. The boxes will be cleared of mail 30 minutes before dispatching time. The new boxes are located at the corner of Cuyler and Foster in front of Pampa Drug No. 2; corner of Foster and Frost in front of the city hall; corner of Cuyler and Francis in front of Montgomery

#### EARL WELLS SOUGHT

Any person knowing the whereabouts of Earl Wells, former Pampa resident, is asked to get in touch with Police Chief Art Hurst immediately. Mr. Wells' father is dead and his family is anxious to contact with him. Mr. Wells formerly worked for the Wilcox Oil and Gas company here.

#### BURN TO DEATH

POPLAR BLUFF, Mo., Jan. 14 (AP)—Mrs. Virgie Willard, 26, and her four children were burned to death and her husband, Poney Willard, was critically injured today when a can of oil he was using to start a stove fire at his home near Taskee, Mo., exploded.

#### SAN ANTONIO, Jan. 14 (AP)—

Frank Spencer Meador, youthful states clerk of a local bank, admitted today his romance with his attractive widow wife, Anne Gould Meador, was ended and that he had filed suit for a divorce.

The courtship and marriage in New York more than a year ago, followed by a separation after the couple had established a modest home here, neared its final in thirty seventh district court, where Meador, a Texas ranch youth, filed divorce proceedings.

He admitted the court action only after persistent questioning. For some time he denied his attempt to regain single bliss as he nervously ran a pencil through his fingers. "But she's a fine girl, and we're still friends," he insisted. "I don't much blame her for not coming back."

Metropolitan newspapers which played him up as "a Cinderella man" were also blamed by Meador. He spoke angrily when recalling how the press had told of his playing the part of a corpse in a New York theatrical production—intimating it was the extent of his ability.

### GOVERNMENT WILL STRIVE TO HOLD AAA TAXES—BANKHEAD PROPOSES BILL TO CONGRESS

#### SCOUT COUNCIL WILL HAVE NEW FINANCE POLICY

#### Clark To Visit Districts That Pay Their Share

Boy Scouting in the Adobe Walls council had a new budget today, a new finance plan, and renewed interest in the welfare of boys as the result of a session of representatives of six districts here last night. C. R. Stahl of Berger, vice president of the council and chairman of the finance committee, presided and led a discussion of the finance policy for the council. After a thorough discussion of the policy and the needs of the council, a budget of \$5,900 was agreed upon. The district representatives presented their views on the underwriting of the budget and their part in it. Several representatives expressed themselves as believing that the council has a real service to render through its Scout Executive and Council office, and feeling that their communities should have an equitable share in the maintenance of the Adobe Walls council.

Lloyd B. O'Neil, deputy regional executive for Texas, Oklahoma, and New Mexico, who is assisting the council in its program of extension, presented further plans of the Boy Scout sustaining club, which the finance program is called. He worked out with the communities present a schedule of service to them that will enhance their Scouting both during January and the coming months of the year.

C. A. Clark, Scout Executive of the council, will visit the several districts that share in the finances, helping to carry on the Scout program to the fullest degree in 1936.

Those present were: Berger—C. R. Stahl, P. A. Potter, F. E. Crookes, and C. S. Goldsmith; Perryton—Carl Ellis, R. H. Preston, W. C. Bryan, Tom Hampton, and W. I. Byron; Clarendon—R. E. Drennan, W. M. Patman, H. M. Lane, J. W. Hazelwood, E. D. Landreth; Wellington—B. C. Newman, J. T. Forbes, W. W. M. Clark, A. Bailey, Panhandle—Dr. Geo. P. Grouff, F. E. Rinder; Pampa—J. O. Gillham, L. L. McCall, W. B. Weatherford, R. A. Ward; Chris B. Martin, Tom Aldridge, A. L. Patrick; Groom—Zane E. Smith, Ruel Smith.

### Meador Asks for Divorce From Gould Heiress

WASHINGTON, Jan. 14 (AP)—Jesse Jones, chairman of the reconstruction corporation, asked President Roosevelt today for a federal grant of \$150,000 to construct a state supreme court building at Austin, Tex. The request was taken under advisement.

WILMINGTON, Jan. 14 (AP)—Senator Robinson of Arkansas, the democratic leader, predicted after a luncheon with President Roosevelt today that a new farm program to replace AAA would be ready for congressional consideration by the end of the week. He declined to express an opinion as to what the program would be.

WASHINGTON, Jan. 14 (AP)—An effort by senate investigators to show the federal reserve system violated neutrality in 1915 by negotiating with the Bank of England was challenged today by J. P. Morgan. This development topped a dreary session of the senate motions committee, devoted mainly to reading of a two-year correspondence which led to establishment of credit by the newly formed federal reserve with the Bank of England.

Presentations of the correspondence was so drab Chairman Nye of the committee apologized to newspapermen for a dull morning. Youthful Lawrence Brown, an in-

#### SMALL BUSINESS MAN MIGHT LOSE OUT IN FIGHT

WASHINGTON, Jan. 14 (AP)—A move was started on Capitol Hill today to empower the treasury to retain or collect all of the \$1,200,000,000 in taxes levied on processors of farm products under the invalidated AAA.

Senator Bankhead (D., Ala.), powerful in agricultural councils in congress, proposed that the processing taxes be re-enacted retroactively as a general revenue measure, which he contended would be constitutional. The high court invalidated the AAA plan as a part of an unconstitutional program to regulate agriculture.

If such a measure as Bankhead's should pass and "stick," the treasury would retain the \$1,000,000,000 already collected to finance benefit payments to farmers under the crop control program outlawed by the supreme court.

Moreover, processors who will collect \$200,000,000 in impounded taxes under a ruling by the high court yesterday would have to turn the money into the treasury.

Unanimously, the court handed down an opinion under which processors will receive back the \$200,000,000 paid into depositories under the direction of lower courts in which they had brought legal actions against the AAA's constitutionality.

The court did not decide the question whether processors, in suing to recover the \$1,000,000,000 already collected, must first prove they did not pass the levy on to consumers or farmers. AAA amendments, which the government considers still valid, require them to prove this.

Amid the tremendous tax-and-farm bangle, there were many reactions to the high court's latest ruling. Several senators, among them Borah of Idaho, expressed belief that those who fought the tax were largely big taxpayers. They indicated concern that the small business man who paid without fighting might lose out.

All experts agreed that many processors would find it difficult, if not impossible, to demonstrate legally that they had borne the burden themselves. New deal leaders continued to work on a program to replace AAA. One high administration official expressed belief that if congress approved a 7-point program adopted by 100 farm leaders here last Saturday, the government would be able to achieve the aims of the collapsed AAA.

### LATE NEWS

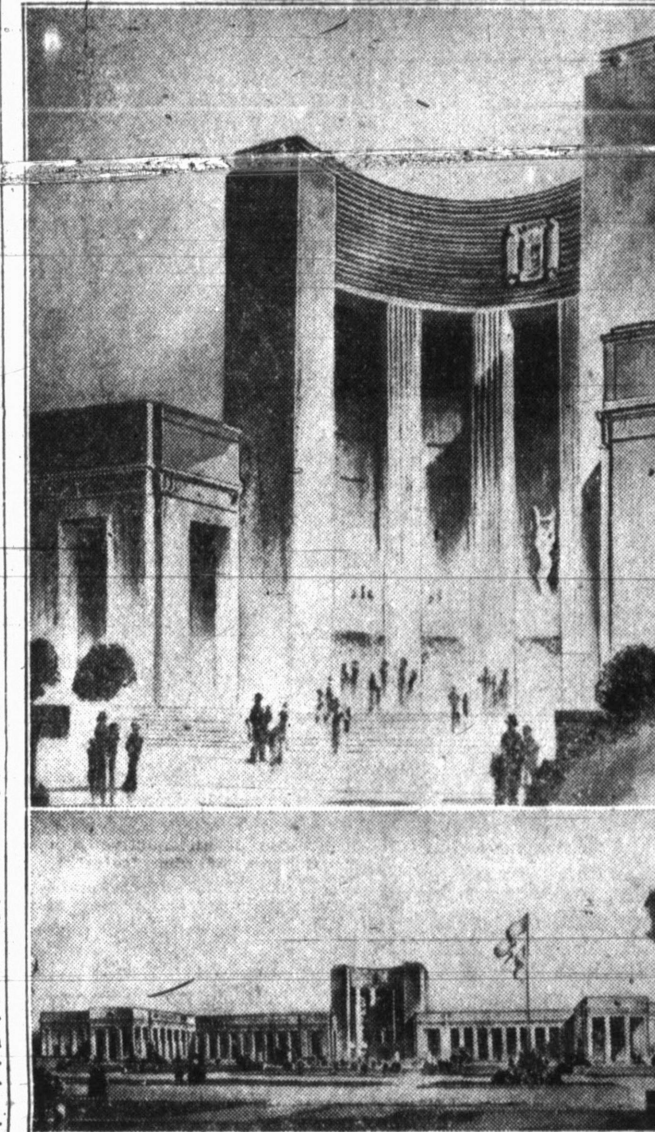

WASHINGTON, Jan. 14 (AP)—Jesse Jones, chairman of the reconstruction corporation, asked President Roosevelt today for a federal grant of \$150,000 to construct a state supreme court building at Austin, Tex. The request was taken under advisement.

WILMINGTON, Jan. 14 (AP)—Senator Robinson of Arkansas, the democratic leader, predicted after a luncheon with President Roosevelt today that a new farm program to replace AAA would be ready for congressional consideration by the end of the week. He declined to express an opinion as to what the program would be.

WASHINGTON, Jan. 14 (AP)—An effort by senate investigators to show the federal reserve system violated neutrality in 1915 by negotiating with the Bank of England was challenged today by J. P. Morgan. This development topped a dreary session of the senate motions committee, devoted mainly to reading of a two-year correspondence which led to establishment of credit by the newly formed federal reserve with the Bank of England.

Presentations of the correspondence was so drab Chairman Nye of the committee apologized to newspapermen for a dull morning. Youthful Lawrence Brown, an in-

### Texas Centennial Hall of State

The glories of Texas will be paraded before the eyes of millions of visitors to the Texas Centennial Exposition in Dallas in the great State of Texas building now under construction. Architects' conceptions of the facade and complete structure, shown above, give

some idea of the magnificence of the project. Situated at the end of a beautiful esplanade of flags, the \$1,200,000 building will afford one of the most breath-taking vistas at the Central Exposition of the Texas Centennial Celebrations, opening June 6.

## Norris Believes Any Farm Act Is Unconstitutional

#### Decision Was Wrong, Says Nebraska Senator

WASHINGTON, Jan. 14 (AP)—Senator Norris (R., Neb.) bluntly expressed to farm leaders today a view that no law regulating agricultural production would be held constitutional in the light of the supreme court's AAA decision.

His opinion was given at a senate agriculture committee meeting summoned to hear farm views on AAA's replacement. The large committee room, jammed with farmers, became suddenly silent, when Norris said: "I don't believe it possible to pass any law that in any way regulates agricultural production that would be held constitutional."

Earl Smith of the Illinois farm bureau federation was the witness at the time. Norris expressed "entire agreement" with the recommendations of the farm group—made to the administration Saturday—that soil conservation and domestic allot-

ment of the Illinois farm bureau federation was the witness at the time. Norris expressed "entire agreement" with the recommendations of the farm group—made to the administration Saturday—that soil conservation and domestic allot-

## J. P. MORGAN DENIES FEDERAL BANK VIOLATED NEUTRALITY

WASHINGTON, Jan. 14 (AP)—An effort by senate investigators to show the federal reserve system violated neutrality in 1915 by negotiating with the Bank of England was challenged today by J. P. Morgan. This development topped a dreary session of the senate motions committee, devoted mainly to reading of a two-year correspondence which led to establishment of credit by the newly formed federal reserve with the Bank of England.

### ONLY 2 VOTE AGAINST BOND PLAN MEASURE

#### IS SUBSTITUTED FOR ACT PASSED BY HOUSE

WASHINGTON, Jan. 14 (AP)—The senate finance committee today gave speedy approval of the coalition bonus payment bill by a vote of 15 to 2. Senators Couzens (R., Mich.) and Gerry (D., R. I.) were the only members voting against a favorable report on the measure which provides for full payment after June 15, next, of the bonus certificates in baby bonds redeemable in cash. Chairman Harrison (D., Miss.) announced the vote and said he would try to get senate consideration Thursday. Those voting for the favorable report were: Democrats—George, Walsh, Barkley, Gore, Costigan, Bailey, Clark, Longman, Black, Guffey, and Harrison; republicans—Keyes, Hastings, and Capper; progressive—La Follette.

By a vote of 18 to 0, the committee substituted the senate bill for that passed last Friday by the house which provided for full cash payment of the certificates, but specified no method of payment.

Senator Couzens (R. Mich.) who with Senator Gerry (D. R. I.) were the only members opposing a favorable report, disclosed Morganthau's testimony which was given in executive session. Couzens said he would not be bound by any secrecy. The Michigan senator said the treasury secretary took no stand one way or the other on the bonus measure and replied he "couldn't tell" what he asked if the treasury could stand the added burden of bonus payment.

Couzens further quoted Morganthau as saying that the \$11,000,000,000 of funds needed for the rest of this fiscal and the next fiscal year included an estimate of \$2,000,000,000 for relief (not included in the president's budget); \$1,500,000,000 which the president estimated as next year's deficit; \$2,000,000,000 if the bonus is paid and \$5,800,000,000 of refunding operations.

Couzens said Morganthau estimated this would bring the deficit next to \$35,500,000,000 by the end of next fiscal year.

## Church Will Be Hosts to Scouts Tomorrow Night

Members of Boy Scout troop 80 today were urged to attend the charter presentation at the First Methodist church tomorrow night regardless of whether or not their parents come. All fathers and mothers of boys in the troop are invited. The members of the church will bring a dish of food for a supper which will be served at 7 o'clock in the basement. The troop will meet in the scout room in its regular weekly meeting, immediately after the session. Scouts and their young friends will be guests of the church.

The 1936 charter will be presented, and 15 tenderfoot scouts will receive cards and badges in special ceremonies. The troop has 28 members.

## Reward Offered For Drivers of Hit-and-Run Cars

A reward of \$50 for information leading to the arrest and conviction of hit-and-run drivers involved in accidents within the city limits was posted by the city commission last night. Under the law, a person involved in an accident, must give his name and address to the injured persons, render what ever assistance they need, then make a report to the chief of police.

## I Saw . . .

J. W. Graham, prospective Harvester quarterback for next year, kicking a football over Worley hospital. Ready to catch it and kick it back was Jimmie Jones, and where-ever you see W. J. you'll see Jimmie.

Almost the entire Harvester basketball team coming in to say "I told you so" to Roy Dyson, local barber, whose brother plays on the Mobeetie team and who warned the boys they would get beat in the Mobeetie tournament.

**WORDS**  
O. E. H.  
Words are things

**Twinkles**  
Pay your poll tax now, unless you just simply enjoy standing in line for an hour or so.

Well, if everybody gets a pension in a few years, war pensions will have to be permanently called bonuses.

States' rights are something to fight for, you'll hear the legislators say, but you won't see any states clamoring to set up substitutes for AAA. Folks are funny—wonder Uncle Sam to have all his rights.

It is peculiar how, even out here in the big open spaces, bald heads seem to attract chorus lassies.

With Al Smith second-guessing on depression cures, we'll soon know what he would have done, perhaps, had he been elected president.

Musing of the moment: Whistling winds herald the approach of spring. Lack of dust evidently prevented several recent dust-storms. And that is good news, even if we do have a few of the things later.

#### Brevitorials

SOONER OR later, someone will take time to write a history of Gray county. WORDS started such a feat, and went so far as to read commissioners court minutes for 20 years, but his duties became too pressing to permit more progress. School children are to be given an opportunity to write essays on Gray county history in the Walter Woodley Centennial contests. County and state prizes will be given. Judge Ivy E. Duncan, chairman of the Gray County Centennial advisory committee, is in charge of arrangements in the contests.

More names for the new fair-ground park came from S. O. Skinner of Kingsmill. Mr. Skinner suggests the following: Ranchmen's park, Agri-Industrial park, Hospitality park, Park of the Plains, Hyperion park.

SONS OF FAMILIES on relief will be employed on a highway park which, according to tentative plans will be located about 8 miles east of Pampa. These roadside parks, with trees and benches, eventually will be pleasant little spots to stop for rest or lunching. The highway department will place thousands of them throughout the state. It is part of a beautification program which includes planting of shrubs and flowers, including seed of wild flowers.

Talk of \$60 ship fare to Europe sounds very enticing to the man in the street who never before had dreamed of the possibility of such a journey. It is inevitable that ocean travel should become faster and cheaper. And with cheapness goes volume. And with volume a better understanding of our neighbors across the big water-filled ditch. . . . But the slogan of "See America First" may be changed to "See the Americas First." Travel to Central and South America will soon be readily possible by automobile. Meanwhile, American ships are carrying thousands of persons to the south seas this winter. New Zealand and Australia are being visited by more Americans than ever before. Travel in Europe often includes exorbitant charges for the uninitiated, while many of the nearer nations welcome Americans more sincerely, and with less commercialization of tourist accommodations.

#### LESSON IN LAW-MAKING

Democratic members of Congress sit on the right of the presiding officers and republicans on the left in both senate and house. A dividing aisle separates them. Seniority governs the choice of seats in the senate. Members of the house sit wherever they can. However, two long, red tables in the center on each side are reserved for the majority and minority leaders, the chairman and ranking members of the committee in charge of the particular bill under consideration at the moment and aides to the leaders.

The house speaker and the president of the senate (who is Vice-President of the United States) each occupies an elevated dais. Many of the senate desks are relics of the old senate chamber.

Senate Harrison of Mississippi See COLUMN, Page 8

## I Heard . . .

A certain member of the Kiwanis club remarking that he saw the Rotary club marching in a body to the court house to secure their poll tax exemption papers. Sounded like slander to us.

The Rev. W. C. House visited the police station yesterday afternoon to see if there were any policemen in Pampa. He declared he hadn't seen an officer since coming to this city.

# EDITORIAL

## SCIENCE HAS SCOFFED AT BLEAK DEPRESSION

Ask almost anybody what kind of time the United States has had in the last five or six years and he will tell you that they were dead and hopeless years in which nothing was brought forth but misery.

The wheels all ran down and stopped, in those half dozen years, and time stood still while men gathered by the ashes of burnt-out dreams. That, anyhow, is the way most of us size them up.

But things did happen, somehow, during that dead and hopeless time, to make the business of living easier and more pleasant. We have a great many things today that we did not have six years ago; and in some way they all came into existence in those years which the locust has eaten.

Suppose you go traveling, for instance. You can ride on new, streamlined, smokeless, and dustless trains which will get you to your destination faster and more comfortably than any train in existence in 1929. If you don't get on one of these trains, your ordinary Pullman is very likely to be air conditioned, free from grit and soot, replete with new gadgets.

If you don't go by train at all, you have other advantages. You can fly from New York to San Francisco in a day, or take an aerial sleeper, going in far greater comfort and safety than you could have done in 1929. If you drive your own car, it is a better car than you could have had in 1929, it costs you less money to buy and operate, the roads over which it rolls are better, and the tourist accommodations en route have been improved.

Suppose you build your own home; there, too, you can get more for your money than you could have gotten six years ago. New materials have been adapted for your use, new designs have been evolved—all to the end that the house you buy can be a more comfortable place to live in.

In the food you eat, similar improvements have taken place. It is easier to keep fresh fruits and vegetables on your table all the year round. The vitamins your body needs can be obtained in bottles or pills, if you don't care to get them in your food.

The very packages in which your food is wrapped are more scientifically designed to keep it fresh.

Such improvements have been made all along the line. There are new textile fabrics for your clothing; the range of your telephone has been increased; your radio is a better instrument, and some of the programs that come out of it have even been improved a little; your doctor and your dentist have increased scientific knowledge at their command; new books and magazines have been produced to give you intellectual and emotional stimulus.

These things are the gift of those half dozen dead years; years that were full of misery and despair for a great many people, but years in which, nevertheless, the great work of knocking the rough edges off life was carried forward steadily and intelligently as in any other six years in our history.

## BEHIND THE SCENES IN WASHINGTON

By Rodney Dutcher

NEA Service Staff Correspondent

WASHINGTON—President Roosevelt is wiping a lot of the grin off his face.

The president is more than smart enough to know that when his celebrated smile, his charm, and such expressions as "my friends" begin to be burlesqued, it's bad medicine.

In his new "fighting" campaign role, that sort of thing will be restrained and relatively rare.

The change was noticeable in Roosevelt's address to Congress. But perhaps even more significant was his demeanor in his annual "schoolroom" meeting with the correspondents—the occasion when he discusses the next fiscal year's budget in strictest confidence.

Last year, estimating a 1935-36 gross deficit of \$4,528,000,000, he was no end jovial about it—gay, grinning, wisecracking, and almost hilarious at times.

This year—when the figures were far more favorable and he was even able to make some pretense of budget-balancing—it was the other way around. Here was a sober, more serious president—probably someone will soon be calling him "the new Roosevelt," a la Hoover press-agentry.

Occasionally there was a half-smile—never one of the full old-fashioned variety for which he became so famous and which presumably is now to be reserved for special occasions.

Thus far none of those intimate with F. D. R. are taking credit for urging him not to be quite so gay. But not long ago certain persons were promising to see to it that he didn't miss a magazine article which commented adversely on some of his mannerisms.

Although Dr. Tugwell will be used with restraint and caution as a New Deal campaign orator, Roosevelt has no thought of heeding demands of administration enemies—and some friends—that Tugwell be dropped overboard.

Tugwell recently offered his resignation—suggesting that he might be a political liability—as many people were saying. Roosevelt refused the resignation and told Tugwell he was more asset than liability.

Tugwell has received no rebuke or order to submit his speeches to the White House as a result of his Los Angeles speech, which called for a stand of farmers, workers, and progressives against "our financial and industrial autocrats."

For the very good reason that Roosevelt had approved the speech in advance—as hardly anyone knew—and that Tugwell has long been accustomed to discussing his speeches in advance with the president.

If you will read Tugwell's "radical" Los Angeles speech, with its four separate references to those "autocrats," you will perceive that it was very definitely a forerunner of Roosevelt's sensational night speech to Congress.

That's just another instance of the way Roosevelt has gone along with his friend and lieutenants without taking public responsibility for their utterances or acts. He has had Tugwell working the liberal side of the street while he has had Moley, Richberg, and Roper playing up to the conservatives.

While that may not seem altogether sweet and pretty to some, Roosevelt apparently has believed the New Deal should appeal to liberal conservatives.

# CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Jan. 14 (AP)—Governor Allred had a "great" time in California. He told all about it—of a part of it—upon his return.

He went to Pasadena to see Stanford and Southern Methodist play football, rooted wildly for the Ponies and then dashed from the stadium terribly excited over a fake telegram saying a special session was being summoned back home.

That illusion dispelled by a telephone call to Austin, he went on with the business of giving California the once-over. Californix left nothing undone to show him hospitality, he said.

"Texas ought to be proud of that wonderful group of native sons and daughters starring in the movies," Allred said.

Soon after arriving by plane from Texas he was met by Buck Jones, the wild west, two-gun hero of the flickers. In fact, Buck drove the four-horse team that hauled the ancient stage coach, Allred inside, down Los Angeles' main street.

He had dinner with Mr. and Mrs. John Boles at what he said was the Boles' "very modest" home. Boles, a native of Greenville and a graduate of the University of Texas, also presided at a big dinner for Texans.

"There were about 500 persons at that dinner," Allred said, "and 10,000 applications for tickets."

State Senator Will D. Pace of Tyler sat in on the interview with press correspondents immediately after Allred's return.

"You might add," he remarked, "that Mrs. Boles is a Tyler girl." To cap it all, Allred had his picture made with Ginger Rogers, the vivacious dancing star, whom he recently appointed admiral in the Texas navy.

The Tournament of Roses parade, of which he was grand marshal, was so big and viewed by so many thousands, Allred said, it finally had to break up because of sheer inability to get along.

"Even with a motorcycle escort, we were able to move only at a snail's pace," he said.

Winfield, one of the larger Kansas cities, checked in a recent monthly report of fire losses at an even \$5. There were only six alarms and the only damage was to automobiles.

## OUT OUR WAY

By WILLIAMS

## BOOTS AND HER BUDDIES

Caution

OH, MISTER X—I KNOW YOU CAN'T HELP IT THAT THINGS ARE THE WAY THEY ARE, BUT—GEE! I DON'T LIKE ALL THIS SECRECY, IT JUST DOESN'T SEEM RIGHT! PERHAPS YOU ARE UNNECESSARILY SUSPICIOUS.

NO, THERE ARE MORE REASONS THAN EVEN YOU REALIZE, WHY MUSTN'T BE IDENTIFIED.

YOU ARE THE ONLY PERSON WHO KNOWS THAT I AM IN THIS COUNTRY! THAT'S HOW MUCH I TRUST YOU, BOOTS.

THAT'S SWEET! YOU KNOW YOU CAN COUNT ON ME.

## FRECKLES AND HIS FRIENDS

THE HURRICANE DECK

HE KINDA REMINDS ME OF LINDY, TH' PONY YOU USED TO HAVE!

YEAH... GOOD OLD LINDY! HE'S GOT A NICE HOME FOR HIMSELF OUT IN THE COUNTRY!!

HOW ABOUT ME... DON'T I GET A TURN?

I'M AFRAID YOU'D GET HURT, TAG! WAIT UNTIL YOU GET A LITTLE HEAVIER... THAT COLT IS A TOUGH MONKEY!

IF ONE OF US WOULD GET OFF, I'M SURE I COULD RIDE BETTER!!

THAT'LL ALL BE TAKEN CARE OF, OSSIE!!

HEY! GET ME OFFA HERE... I'M SCARED!

DON'T GET EXCITED... TALK TO HIM... TALK TO HIM!!

I-I BEEN TRYIN' TO, B-BUT I DON'T KNOW WHAT HE LIKES TO TALK ABOUT!!

## THE NEWFANGLES (Mom'n Pop)

ONE TURN AFTER ANOTHER

I CAN'T HELP IT—IT'S SUCH A TRAGIC STORY, ABOUT AN ANCIENT GREEK LOVER—WHEN EVER HE LOOKED AT HIS SWEETHEART, SHE TURNED INTO SALT!

YEP, TRAGEDY HAS WOUNDED LOVERS RIGHT DOWN THROUGH THE AGES—IT EVEN HAPPENED T' ME

THERE WAS NOTHIN' TRAGIC IN YOUR LIFE, WHEN WE WERE SWEETHEARTS!

THERE WASN'T, EH? SAY! WHEN I WAS CHASIN' YOU, EVERY TIME I LOOKED AT YOU, YOU'D TURN INTO A RESTAURANT

AND NOW WHEN SHE CHASES AFTER ME, MY HEAD TURNS INTO A TARGET!

## ALLEY OOP

YESSIR, BOYS, EVEN A MILLION YEARS AGO!

I WONDER WHY ALLEY DOESN'T COME BACK? IT SEEMS AS IF HE'S BEEN GONE FOREVER—

HE SAID, WHEN HE WENT OUT FOR FOOD, THAT HE'D BE GONE ONLY FOR A LITTLE WHILE—

OH, DEAR—MAYBE HE'S IN TERRIBLE TROUBLE—EVEN NOW, SOME AWFUL MONSTER MAY BE TEARING HIM TO PIECES—OH—WHY DID I LET HIM GO OUT INTO THIS STRANGE JUNGLE ALONE?

HI THERE, COOLA—I'M BACK!

WELL? ?

# PANHANDLE WILL SEND ONE OF STRONGEST TEAMS IN DISTRICT TO PAMPA

## BIG GAMES OF SANDSTORM TO PLAY IN CITY

### PAMPA TO OPEN CONFERENCE RACE ON SATURDAY

Keenly aware that they have a long way to go if they expect to be tops in Panhandle basketball, the Harvesters yesterday opened up another week of intensive practice.

They will face one of the four strongest teams in this district Thursday night on the floor of the local gym when the Panhandle Panthers under coach Pat Gerald will show up, bent on avenging an overwhelming defeat meted out by the Harvesters on the second day of the Panthers' practice.

Borger, Panhandle, Groom and Pampa are rated about the strongest in this district. The Harvesters have defeated Groom twice, but by only a few points each time. The Borger Bulldogs which gave the Harvesters a hard tussle, barely edged out the Panthers in two games. In that first game, the Panthers led the Harvesters throughout the first half. Mr. Gerald has three regulars back, and the Panthers will be striving for a victory with an unusual output of energy.

The band will play at the contest which will start at 8 o'clock. Admission will be 25 cents for adults and 10 cents for students.

Coch Mitchell's conference basketball worries will begin Saturday night when the Sandies make a stand here. The Harvesters are out to defend their 1935 title. This season, Lubbock looms as the team to beat, but Amarillo and Plainview are so strong that undoubtedly the breaks of the game will decide the winner. At this stage of the season, it is becoming apparent that the Class A schools in football district one will have the strongest basketball teams, on the whole, in history this year. Lubbock is threatening the supremacy of Amarillo. Last Friday night, Lubbock, lucky in long-distance shooting, nosed out the Bulldogs by one point at Plainview.

The Sandies will floor a flock of 1935 football stars, also veterans on the striped court, and a number of lettermen back from last season's team which won the Amarillo district championship. Amarillo's rule in her district is being threatened this year by Frisco which claims to have the best team in the Panhandle.

Coch Mitchell is striving to perfect a system of play before he engages the conference sharpshooters. It was apparent at the Mobeetle tournament last week-end that although Pampa has won 21 straight games, those teams will be sugar and pie compared with the South Plains quintets.

The Woodrow Wilson school band will play at the basketball game Tuesday night, and the Junior high band will furnish music for the Sandie-Harvester basketball game.

**BUFFALOES SWAMP INDIANS**  
ABILENE, Jan. 14 (AP)—The West Texas Teachers college Buffaloes stamped over the McKinney Indians to take a cage contest, 47 to 25, here last night. The Buffs, led by George Colvin, 6 foot, five inch guard, kept the Indians on the defense most of the time.

## Phillips Quintet Defeats McLean's Cagers 29 To 20

### Famous Poloist Visits in Texas

ELANO, Jan. 14 (AP)—Geoff Smith, eight goal cowboy poloist of Elano, after a holiday visit here with his parents, Mr. and Mrs. S. E. Smith, returned to San Antonio, his winter training grounds, from where he will leave in a few weeks for the polo season in Florida, sailing later in the spring for England.

Smith, playing on a team of C. B. Wrightman, Houston sportsman and capitalist, will play in Delray, Fla., during February and a part of March. Some of the top-ranking eastern players, including Michael Phelps and Stewart Ingelhart, who will be in the string here, will go to be there for the season.

Wrightman and Smith will leave about April 3 for England, returning to New York about the first of August for the fall tournaments on Long Island. The other members of the string here, who will go to England have not been announced.

Smith and his associates, George Miller and Rube Williams, have some 60 polo ponies in training in San Antonio. Smith will select from these the string he will take to Florida and abroad.

Another well-known Texas poloist who will play abroad this summer is Carl Crawford of San Antonio, who recently left for California. He will be a member of a team which Leslie Howard is taking to England in the summer.

## Sports Roundup

### BY EDDIE BRITZ

**NEW YORK, Jan. 14 (AP)**—That \$15,000 Tulane offer Bernie Bierman turned down is just double what he receives at Minnesota. Davis Cup scouts are keeping an eye on young Arthur Hendrix, who has played back the ears of Wilmer Allison and Bryan Grant Jr. on successive week-ends. The kid is red hot. Joe Louis always calls Mike Jacobs "Uncle Mike."

There is no accounting for wrestling fans. The same crew of uppers which plays to empty pews in St. Paul, marches across the river to Minneapolis and hangs out the S. R. O. sign. The Florida old grads who were crying for a coach of national reputation are the same ones who fired Charlie Bachman a few years back. Wofford is trying to get on Army's schedule.

Louisiana State won five out of six Southeast conference championships last year. The Tigers missed out only in baseball. Apparently Willie Hoppe is as good as ever. Durham is getting back into organized baseball, and Judge W. G. Branham, minor league czar, who lives there, has his head up again. Is Jimmy Delano on the way out of Washington? Apparently Minnesota can't lose for winning at football, but the Gophers are pushovers in basketball. C. C. Coach Dave MacMillan can hear the wolves growl right up close to his ear. Arkansas university can get out of cage team averaging 6 feet 4 1/2 inches. Gabby Street, St. Paul's new manager, is having a good time shooting Ozark quail. He shoots them one p.m. and eats them the next.

## PROFS AVENGE EARLY LOSS IN SEESAW GAME

### LEFORS TEAM BEATS SKELLY OILERS AT HOME

Basketball-mad fans saw one of the greatest games ever played in LeFors last night when the LeFors Pirate Profs got revenge for an early season loss by defeating the crack Skelly Oilers of Skellytown, 15 to 15. The Profs came from behind in the closing minutes of play to win.

Playing deliberate ball throughout the first quarter, the Profs led at the whistle, 2 to 0. Skelly also took no chances, passing the ball back and forth until an opening appeared for a shot. Skelly led, 6 to 5, at the half and increased the lead to 12 to 5 at the close of the third period. With two minutes to play, the Profs tied the score and went one up with a free throw. Opening up a devastating attack in the last minute, the Profs swept in two field goals while holding the Oilers in check.

### Bronson Leads Scoring

Coch Bill Bronson led the Pirate Profs with 10 points, all made on nice field goals after accurate passing by his teammates. Smith, assistant coach, was covered throughout the game and made only one field goal and three free throws. Smith was high point man in the previous game with the Oilers.

Hays, Skelly center, looper four field goals and a free shot for 9 points to lead his team's scoring. Other scorers were scattered. The last two points made by Skelly went to Lefty Fowler, former Mobeetle coach, who is now at Skellytown. Fowler stood inches from the foul line in one corner and sent the ball through the hoop with a lefthanded heave.

Both teams flashed almost air light defenses. The ball often remained in the possession of one team for a minute before a shot could be attempted.

### Juniors Defeat Fresh

In a preliminary game, the LeFors Juniors defeated the LeFors Freshmen, 17 to 12.

The McLean profs will invade LeFors for a game with the Pirate Profs on Monday night. Each team has won a game. A preliminary game, starting at 7:30 o'clock, will see the LeFors Pirate ladies championship team of a few years ago meeting the LeFors women Profs. The music department will furnish music during and between the games.

Summary:	Fg	Pt	Pt	10
LeFors	5	0	1	10
Bronson f	5	0	1	10
Fonburn f	1	0	2	2
Smith c	1	3	0	5
Hill g	0	1	1	1
Duncan g	0	2	2	2
Hill g	0	2	2	2
Totals	7	6	2	20
Skelly	0	0	0	0
Barnes f	0	0	0	0
Hawes c	0	2	1	2
Hayes c	4	1	1	9
Pfaff g	0	0	0	0
Rudy g	1	0	2	2
Fowler g	1	0	0	2

## Windom, Dewey Lead In 66 Scoring Attack

Led by C. W. Windom and R. Dewey, with eight points each, the Phillips 66 basketball team from the South Pampa field last night opened the season with a 29 to 20 victory over the Phillips independent quintet. The game was played in the McLean high school gymnasium.

The Phillips team, wearing new uniforms purchased by the Phillips 66 Employees club, etched smoothly most of the way. Their offense was smooth with accurate passing predominating. Christian led a defense that effectively bottled the home club which had to resort to long shots and fast breaks for rebounds. Windom started R. Dewey and C. B. Windom at forward positions; C. W. Windom at center, and Christian and Bacon at guard. Weston, Gibson, Taylor, Jones, and W. Dewey also saw play.

Coch Leter of the McLean Tigers led the home team, looper four pretty field goals for eight points; Bill Allen, football coach, also played an excellent game. McMurry was the defensive star of the game. Tomorrow night at 8 o'clock in the LeFors high school gymnasium, the Phillips team will match shots with an independent aggregation from LeFors. Pockets Flynn will be in charge of the LeFors quintet and thus far, his lineup is unknown.

A special admission price of 10 cents has been set for the opening game.

## Three Cagers Are Leading in Race

DALLAS, Jan. 14 (AP)—The Poles, Arkansas center; Mike Seale, Rice forward, and Jack Taylor, Texas forward, are pacing the Southwest college basketball scoring race, each with 21 points.

Taylor is credited with 10 field goals and one gratis shot for his 21 points. Seale has 8 field goals and five free shots. Poles collected nine field goals and a trio of gratis shots in his two games last week against Texas A. & M.

## DALLAS GAME WATCHED

COLLEGE STATION, Jan. 14 (AP)—The way was clear today for Texas A. & M. college and Minkhatten college of New York to meet on the gridiron at Dallas next Dec. 5. Coch Homer Norton of A. & M. said the schools would enter a two-year home-and-home contract. The second game was set for Oct. 2, 1937, in New York.

## IS LUCKY AGAIN

SHERMAN, Jan. 14 (AP)—The superstitions "13" may be a jinx number but the Sherman high school basketball team finds it lucky. Last night Sherman defied the ancient superstition by using 13 men against Russell high school cagers from Durant, Okla. The Texans scored 13 points each half and won 26 to 11. Coch Verdie Dickey of Sherman would just as soon play his games on January 13 or any other 13th.

## LOUIS CAUSED NEW INTEREST IN RING GAME

### BRADDOCK'S WIN OVER BAER WAS ALSO AN EVENT

This is the tenth of a series written especially for the Associated Press by national sports leaders on results of 1935 and prospects for 1936.

### BY EDWARD C. POSTER, Executive Secretary, National Boxing Association

PROVIDENCE, R. I., Jan. 14 (AP)—Two men, James J. Braddock and Joe Louis, have caused tremendously increased interest in professional boxing and led thousands of men and women all over the United States to talk about the game though they never even seen a boxing glove.

Although Louis' sensational exploits during 1935 may be reckoned the outstanding development of the year, Braddock's stunning defeat of Max Baer for the heavyweight championship can be ranked a close second among the causes for boxing's revival. This entirely unexpected result was of tremendous value to the game for it showed at once that a man with a strong physique and good heart, well grounded in the fundamentals of boxing, always has a chance.

If it seems likely now, Louis and Braddock are matched for the title this year. The "great" should run well over \$1,000,000 and bring such a rush of customers as no stadium in the country could accommodate. Practically every division produced new champions during the past year and it seems as though the turnover will continue without interruption during 1936.

John Henry Lewis, negro from the far west, decisively defeated Bob Olin for the light heavyweight championship but how long he can hold it in the face of such challengers as Jack McAvoy, Al McCoy, and Tony Canzoneri is doubtful. The present middleweight champion, Babe Risko, is being pushed very hard by Freddie Steele and Lou Broullard, a former titleholder, and Tony Canzoneri may be hard pressed to hold the lightweight crown against Lou Ambers or Wesley Ramey. Barney Ross, however, seems to stand alone among the welterweights.

Praise should be given to Freddy Miller, featherweight champion, who defended his title not only in Europe but in this country against all comers. Why a few misguided commissions should take it upon themselves to endeavor to relieve Miller of the title he won so justly and fairly is beyond conception.

During 1935 we had, of course, a few lamentable fiascos in boxing, caused primarily by poor matches, bad judges and aided and abetted by the boxing commissions who allow such matches to be put on. The time is ripe for appointment of a czar of boxing, similar to the positions of Judge Landis in baseball and Will Hays in the moving picture industry. Such a step is urgently needed for the protection of boxing fans as well as of promoters and boxers.

On the whole I firmly believe that boxing can very well be proud of its record for 1935 and I feel it will increase its position tremendously during 1936.

## Referee Recalls Tilts To Beat Irish Wildcat Mixup

### 'IT WOULDN'T BE CRICKET' Baseball's Inroads Worry Britons

By ROGER D. GREENE  
LONDON (AP)—It takes a good deal to ruffle the calm of British cricketers.

There is the story of the belted earl who summoned a lackey and, pointing to another gentleman apparently fast asleep in a nearby chair, languidly remarked: "Remove the gentleman, Bodkins. He has been dead three days."

But a large amount of rumbling and snoring may be heard as one stroll down Pall Mall and fingers within earshot of wrathful elder sportsmen.

"Demmed impudence!" The general tenor, in matches, goes something like this: "Gad, sir! the ruddy cheek of these Americans!"

"A barbarian game called baseball!" "Stealin' our best fellas!" "Demmed impudence!" "Oh, right-ho! Infernal cheek!" "A cad's trick."

"We've got to save cricket, you know." "Rather! Life-blood of the Empire, and all that. I shall write a letter to the Times about it, demme if I don't!"

All this rury arises from the inroads of American baseball at the expense of England's own national pastime, cricket—and particularly from an attempt to lure Harold Larwood, star fast bowler, into the ranks of the British National Baseball Association.

As a cricketer, Larwood got only about \$2500 a year. Then along came John S. Hanley, president of the association which is popularizing the American sport here, and offered Larwood \$5000 a year or \$20,000 for a three-year contract to play baseball.

Larwood declined. "I shall," he said, "remain loyal to cricket. It wouldn't be cricket, don't you know, to play baseball. Anyhow, not all the time."

## Louis Is Due to Whip Retzlaff in Hurry Tomorrow

CHICAGO, Jan. 14 (AP)—The outcome, quick, crushing triumph for Joe Louis over Charley Retzlaff, seems as certain as tomorrow, but the indications are that \$75,000 worth of spectators will be enough interested in seeing it done to go to the Chicago stadium Friday night.

Chicago fight fans have not had an opportunity to watch the brown bomber blast an opponent out of action since last August when King Levinsky acted as the party of the second part. Many of the 39,195 who went to the White Sox baseball park that night missed seeing the King abdicate in the first round because threatening weather caused the management to stage the event about an hour ahead of schedule.

The attraction of the first major fight event of the Chicago season, as well as the spectacular Detroit negro's initial appearance of 1936, is expected to attract a near-capacity attendance of 20,000. Reports that Louis has not looked so sharp in training may help to pack the stadium.

## Score Keeper in Fog; Gun Fails to Fire

CHICAGO, Jan. 14 (AP)—While Northwestern and Notre Dame continue to debate the tie game their basketball teams played, Nick Kearns, veteran referee, says it could have been worse—and has been.

Kearns remembers a Wisconsin-Iowa game that ended 37 seconds before it should have, and a contest between Wisconsin and Illinois which the Illini won because the timer's gun failed to fire.

Strangely enough, it was Kearns, a Big Ten referee for 20 years, who handled the Irish-Wildcat struggle at Evanston which has gone down in the records as a 20-20 tie because the scorekeepers—one from Notre Dame, the other representing Northwestern—got mixed up on their points.

These official scorekeepers had it a 20-19 victory for Northwestern, and as long as they agreed there was nothing the referee could do about it. But the newspaper men, on hand figured it a 20-20 tie and their word has been accepted by both schools and the fans.

Timer Was 'Asleep' In the Wisconsin-Iowa game at Madison a few years ago Kearns recalls he called time out for a ball out of bounds. In that case the Wisconsin timekeeper failed to stop his watch and the game ended 37 seconds too soon.

The error was discovered after the teams had left the floor. Kearns thereupon ordered the game continued, but several hundred spectators had departed, thinking Wisconsin had won by a single point.

"Wisconsin did win," Kearns recalls, "but not until after Iowa had taken five more shots at the basket in the extra period. And three of those shots actually went in the basket and rolled out again."

In the Illinois-Wisconsin game, also at Madison, Kearns says Wisconsin again had a one-point margin when the regulation 40-minute playing time had elapsed. "But it didn't end," he says, "because the timekeeper's gun didn't go off. By the time it cracked out Illinois had sunk another basket and won by a point."

Cost Badgers Undisputed Title He recalls that Wisconsin ended the season in a tie for the Big Ten title. "If the Badgers had won that game, which was rightfully theirs, they would have been undisputed champions," he says.

No matter how you look at it, it's tough on the referee, he says—when the home team loses. "I find the best way out of a difficult decision," he says, "is to give your answer from the rear end of the observation car as it is pulling out of town. You're safe then."

## LIONS WIN EASILY

COMMERCE, Jan. 14 (AP)—The East Texas Teachers Lions, spurring to a 14-point lead before the Harlingen Slimmons Cowboy found the basket, opened a two-game cage series last night with a 34 to 27 victory.

**GAME IS CLOSE**  
BROWNWOOD, Jan. 14 (AP)—The Bobcats of Southwest Texas Teachers college eked out a 30 to 29 win over Howard Payne Yellow Jackets last night in a nip and tuck basketball contest.

## Score Keeper in Fog; Gun Fails to Fire

IT IS NOT UNUSUAL for eclipses to end the day before they begin. This paradox is the result of the path of the eclipse lying across the International Date Line. In the instance mentioned above, the eclipse first touched the earth in South Australia, at 2:13, Dec. 26, and left the earth at a point 1300 miles south of the Cape of Good Hope, at 8:21 Christmas evening.

# H. D. Reporters Organize

## MRS. HANEY ELECTED CHAIRMAN FOR THIS YEAR

"Your chief purpose as home demonstration club reporters is to dispense useful information to interested persons who may not have attended the club meeting," said Miss Ruby M. Adams, county home demonstration agent, to 1936 club reporters meeting yesterday at her apartment, 429 N. Cuyler.

"Let it be practical information as developed by the agent's demonstration or by some member information that will lead to profit, comfort, and cultural influences for other rural families," continued Miss Adams.

Mrs. C. B. Haney of Merten club was elected chairman of the reporters association, with Mrs. Albert Lockhart of Priscilla club as secretary.

Mrs. Allen Hodges and Miss Sue Vinson, newspaper women here, spoke briefly to the reporters and answered questions concerning news value and timeliness, which are stressed by the publicity division of the state extension service.

The county reporters association will meet the fourth Monday afternoon in February, and then will have two other meetings at intervals during the year.

A luncheon was served by Miss Adams to Miss Joeline Vannoy and Mrs. John B. Vannoy of McLean, Mrs. Hodges and Miss Vinson, guests, and the following club reporters: Mrs. H. E. Gray of Laketon, Mrs. J. H. Wade of McLean, Mrs. O. G. Smith, proxy for Mrs. Lewis Davis of Kingsmill, Mrs. Clyde King of Bell, Mrs. Haney, and Mrs. Lockhart.

## CHAIRMAN FOR WMU GROUP IS NAMED MONDAY

### GENERAL STUDY AND CIRCLE MEETINGS CONDUCTED

A new chairman, Mrs. Ishmael Hill, took charge of circle four at the meeting of First Baptist Missionary union yesterday afternoon. She was chosen to succeed Mrs. E. V. Davis.

All circles met together at the church for a study hour, when the Rev. C. E. Lancaster conducted a Bible lesson. A general business session followed with Mrs. T. F. Morrison presiding. Circle meetings closed after noon. Members planned visiting hours and their next meetings.

Members present were Mmes. L. A. Baxter, T. L. Anderson, H. L. Watt, O. A. Davis, A. A. Neal, T. D. Alford, Tom Hill, R. E. Gass, Joe Foster, W. E. Hallmark, John Beacom, Morton, Hill, N. B. Ellis, C. E. Lancaster, E. F. Brake, J. C. Bernard, Marvin Frasier, C. G. Stephens, O. O. Anderson, T. B. Stephens, John Jett, Floyd Payne, Dee Campbell.

## WMS CIRCLES HAVE MEETINGS IN TWO HOMES

### Play Presents The Lesson as Guests Take Part

Guests assisted on the program of Isabelle McCullough Missionary circle yesterday afternoon, at the home of Mrs. Walter Vandever. A playlet, Intangible Legacies, was presented.

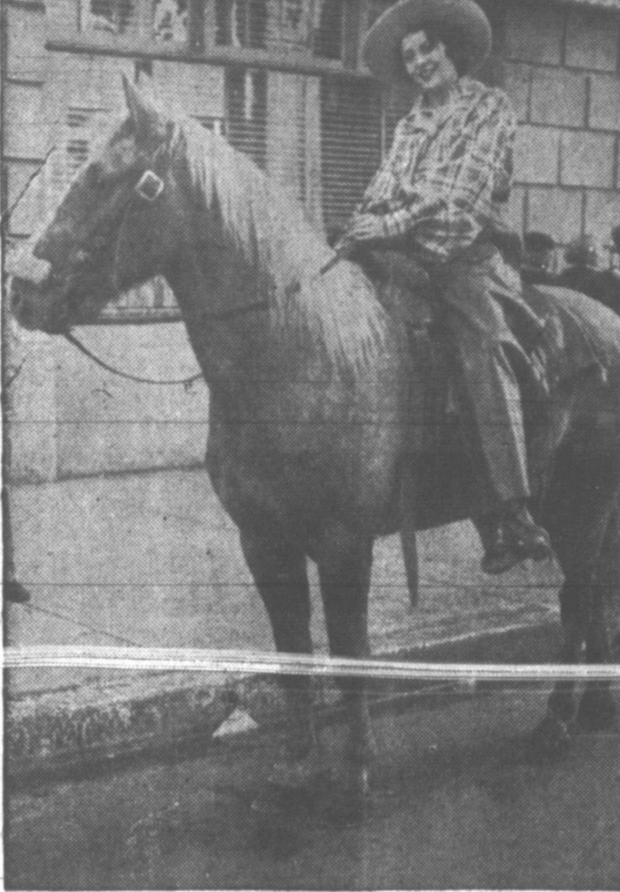

Mrs. W. E. Noblitt gave the opening prayer, and Mrs. J. E. Beard the devotional lesson. Cast in the play were Mmes. H. C. Boyd, C. W. Tolle, Vandever, J. W. Foster, A. N. Rogers, Carl Ford, A. McClendon, and E. L. Campbell.

Refreshments were served to those on program and Mmes. C. D. Harris, J. C. Dollard, A. A. Smith, E. C. Carey, and G. W. Ford. The circle guests were Mrs. Noblitt, Mrs. Carl Ford, and Mrs. C. W. Ford.

Ella Harrah circle had its meeting with Mrs. Carl Johnson with Mrs. Lance Webb as leader of the program on Intangible Legacies. The opening prayer was by Mrs. William Cox, and the benediction by Mrs. E. G. Hemphill.

Others present were Mmes. Lewis Hunter, E. H. Laughler, Ora Cook, C. D. Buckner.

## She Tells Them How to Park

Dallas, site of the Texas Centennial Exposition next year, has installed parking meters on its main downtown streets. For a nickel in the slot, motorists may leave their cars beside the meter for periods from 20 minutes to one hour.

Clarice Moellenkamp, of the Exposition Rangerettes, is shown above as she tours the streets, the Exposition's ambassador of goodwill to explain to out-of-town motorists just how the meters work.

## ALFRED LOOKS OVER RECORD OF LAST YEAR

### MUCH OF PROGRAM IS NOW LAW, MUCH IS NOT

AUSTIN, Jan. 14 (AP)—Governor Alfred closed the first year of his administration today and surveyed a tally sheet in which he admitted pride but, at the same time, expressed deep disappointment.

Governor Alfred was inaugurated a year ago tomorrow, complete and he lost a bitter fight to elect his candidate for speaker of the house. His administration has been through a four months regular and two special legislative sessions.

On what Governor Alfred regards as the credit side of his ledger were:

Establishment of the department of public safety, reforms in the pardon and parole system, a substantial decrease in crime, creation of a state planning board, perfection of an oil states compact, enactment of a chain store tax, drivers' licensing, abolition of the fee system, establishment of a system of old age assistance and a liquor control law.

On the debit, or disappointment side he saw:

Failure of his utilities control, anti-race waging and anti-lobbying bills, an increase in the state deficit, failure of his tax equalization program and defeat of his plan for construction of a huge gas pipeline from the Panhandle.

The governor was particularly proud of the changes in system of extending executive clemency to convicts and of the establishment of voluntary county parole boards to maintain a close contact with convicts on their release and aid in their rehabilitation.

Clemency now is authorized only after investigation by the board of pardons and paroles. Prominent citizens in the respective counties were drafted to serve on parole boards to keep in touch with the convicts and help them on the way to useful citizenship.

"I am mighty proud of the merit system of clemency and of the county parole board plan which is working wonders," he said. "Out of 800 persons released from the penitentiary by me there were only 11 revocations."

Governor Alfred said crime generally in Texas had decreased, and attributed much of the improvement to the parole system. The number of bank robberies, he said, dropped significantly.

The two chief items on the governor's program for his second year were successful inauguration of the old age pensions and a definite start toward balancing the budget.

A highlight of the governor's first year was the campaign by the rangers and later by the state department against "big shot gamblers." Both were subject to much comment in the legislature.

## Killed in Fall

Dolores Ward (above), of Eye, N. Y., 19-year-old dancer-writer, and figure, delighted the patrons of one of Broadway's famous restaurants, died in a 16-foot plunge from her hotel room in New York only a few hours after losing her job. Her roommate said she was despondent. She was known professionally as Dolores Dawn.

## GOP ATTACKS RADIO CHAINS FOR CENSORING

### DRAMATIC SKITS ARE REJECTED BY NBC AND CBS

WASHINGTON, Jan. 14 (AP)—The dispute over radio's role in the 1936 campaign broke wide open again today, with the republican high command preparing to broadcast from independent stations a series of anti-new deal sketches banned by two major chains.

Henry P. Fletcher, national GOP chairman, wrote National Broadcasting company and the Columbia Broadcasting system that they were exercising "unwarranted" censorship or else they feared the attack as placing "the discussion of vital political and national issues on the basis of dramatic license." Columbia also refused to carry them and in addition said no time would be sold to any political organizations until after the June conventions. Columbia, its president said, was "being scrupulously fair."

The big chains said they would offer broadcasting facilities to both parties from time to time exceeding their own judgment.

At Chicago Thomas G. Sablin, director of the republican national committee's radio division, announced the first dramatic sketch entitled "Liberty at the Cross Roads"—would be broadcast from station WGN, an independent, at 8 p. m. CST, tonight.

## Bride Recently Of Stinnett Is Shower Honoree

Mrs. Claude Watkins, a bride who until recently was Miss Out Faye Owsby of Stinnett, was honored with a surprise shower at her home Friday evening. Mrs. Ross Vaughn and Mrs. R. L. Ballard were hostesses.

Meeting at the home of Mrs. Ballard, the guests were Mrs. Owsby, Mrs. Ross Vaughn, Mrs. R. L. Ballard, Mrs. W. W. Hughes, and Mrs. Joe Carroll.

Sandwiches, cake, and coffee were served to Mmes. D. Bowsher, Tomlin, Roberts, E. Stafford, D. Barnes, and the hostess.

Personal: Mr. and Mrs. Neil McCracken and son motored to Pampa Friday afternoon.

Mrs. Jack Tomlin was a Pampa shopper Friday afternoon.

Mr. and Mrs. F. D. Harvey and children of Pampa visited relatives here Sunday.

Mr. and Mrs. S. C. Dickey shopped in Pampa Saturday.

Jack Propst has been quite ill with flu the past week.

Mr. and Mrs. C. A. Nevins have as their guests his sister from Kansas.

Mrs. Bill Lott, who has been ill with flu the past week, is able to be out again.

## Officers Assume New Club Posts In Skelly Club

SKELLYTOWN, Jan. 14.—Pleasant Hour sewing club met in the home of Mrs. J. C. Jarvis Friday afternoon with six members present and the new officers in their places. They are Mrs. Jack Tomlin, president; Mrs. E. Stafford, secretary-treasurer, and Mrs. J. C. Richter, reporter.

Retiring officers were Mrs. Jarvis, Mrs. W. W. Hughes, and Mrs. Joe Carroll.

Sandwiches, cake, and coffee were served to Mmes. D. Bowsher, Tomlin, Roberts, E. Stafford, D. Barnes, and the hostess.

Personal: Mr. and Mrs. Neil McCracken and son motored to Pampa Friday afternoon.

Mrs. Jack Tomlin was a Pampa shopper Friday afternoon.

Mr. and Mrs. F. D. Harvey and children of Pampa visited relatives here Sunday.

Mr. and Mrs. S. C. Dickey shopped in Pampa Saturday.

Jack Propst has been quite ill with flu the past week.

Mr. and Mrs. C. A. Nevins have as their guests his sister from Kansas.

Mrs. Bill Lott, who has been ill with flu the past week, is able to be out again.

## FORD EXHIBIT AT CENTENNIAL TO COST MORE THAN TWO MILLIONS

DALLAS, Jan. 14.—The Ford Motor company will enter the Texas Centennial exposition when it opens here in June with a building and exhibit investment of \$2,250,000. Announcement of the Ford exposition program was made from Dearborn, Michigan, after a conference between Henry Ford, Edsel Ford, Nathan Adams, Chairman of the Exposition directorate, and Paul M. Massmann, director of exposition exhibits.

Plans for a \$1,200,000 Ford building for the exposition have been drawn by Albert Kahn, New York architect.

Work is to start on or before February 15, with completion date set for May 1.

The structure will be of steel and concrete, with wide patios and exhibition spaces. It will include an amphitheatre for a series of elaborate musical and entertainment programs which the Ford company will present during the progress of the exposition.

A feature of the Ford plans will be "Roads of the Southwest." This will consist of a series of replicas of historic southwestern roads and trails which will be constructed around an ornamental lagoon near the Ford building. Each section of historic road will be appropriately landscaped and Ford cars will carry exposition visitors across the trails with the compliments of the company.

The Ford exhibit will feature a display of raw materials used in the manufacture of their cars including cotton, mohair, wool, hides, soy beans, resin and rice. The exhibit will be the largest on the grounds of the Texas Centennial exposition, the building occupying 55,000 square feet.

## DU PONTS TO HAVE THEIR FIRST WORLD FAIR EXHIBIT AT DALLAS

DALLAS, Jan. 14.—For the first time in its more than 100 years of history E. I. duPont de Nemours & Company will enter a national exposition. The Wilmington, Delaware corporation Tuesday announced the purchase of \$16,000 worth of space in the Varied Industries building of the Texas Centennial exposition.

They will install an exhibit demonstrating the modern marvels of chemistry which will constitute an investment of more than \$100,000. They have reserved 5,340 square feet for their purposes.

The duPont company was founded in 1802 and is one of America's oldest chemical companies. They did not exhibit either at A Century Exposition at Chicago or at the San Diego exposition but the possibilities of the southwestern market so appealed to them after looking

## Church Program Is Outlined for Centennial Year

A state-wide committee representing the Methodist, Presbyterian U. S., Presbyterian U. S. A., Nazarene, Episcopal, Baptist and Christian churches of Texas, composed of Rev. Patrick Henry of Fort Worth, Rev. R. N. Huckabee of Haskell and Rev. C. E. Matthews of Fort Worth, have designated the week of March 9-13 as Centennial revival rally week and will direct the holding of an interdenominational rally in each of the following cities: Texarkana, Sherman, Tyler, Houston, Harlingen, San Antonio, Austin, Waco, San Angelo, El Paso, Abilene, Lubbock, Amarillo, Wichita Falls, Dallas and Fort Worth. The combined membership of the co-operating churches is 1,200,000 people in Texas.

The general interdenominational committee, of which Rev. R. N. Huckabee, of Haskell, is chairman, will sponsor many religious features during the Centennial year of 1936, and this series of rallies will be the initial feature. These meetings are not in the nature of a union revival effort, but rather to urge and challenge every church in every denomination in every community in Texas to hold a revival meeting during 1936.

The program for these one day rallies will consist of a general meeting at 10:30 in the morning; two simultaneous meetings at 2:30, one for women and one for ministers and lay leaders; two simultaneous dinners at six, one for young people and one for men; the rally will be climaxed with a mass meeting at eight. All the speakers for the various meetings will be Texans. The list will be released at an early date.

## Jones Predicts Passage of New Farm-Aid Law

WASHINGTON, Jan. 14. (AP)—Legislation to help the farmer "in so far as it is possible to do so within the limits set out in the decision of the supreme court" was forecast today by Chairman Jones (D., Tex.) of the house agriculture committee.

His brief formal statement, saying that "the rights of both producer and consumer" will be considered, added:

"Our tariff system makes a farm program necessary in the interest of the entire nation. Complete and permanent recovery can be had on no other basis.

"This country must not be permitted to sink back to the depths it had reached in 1932."

Jones' committee was scheduled to meet in a few days to tackle the big job of formulating a substitute for AAA.

## Monday Contract Club Adds a New Member to Rolls

A new member, Mrs. Bert Howell, was voted into Monday Contract club in a business session at the home of Mrs. H. L. Harkey yesterday afternoon. Games of contract followed.

Tables were appointed in green and red, with cups of nuts and candies marking places for Mrs. W. B. Haas of White Deer, a guest, and Mmes. John Weeks, Earl Scheig, H. C. Berry, R. L. Preeney, J. L. Cashman, R. K. Eason, and the hostess.

Mrs. Scheig made high score in the games. A delicious refreshment course was served by the hostess.

## MIAMI NEWS

MIAMI, Jan. 14.—Rev. Alva Johnson of Turkey is conducting a revival at the Church of Christ this week. He is assisted by his son, who conducts the singing.

Mr. and Mrs. A. J. Montgomery are spending a few days in Oklahoma City on business.

M. M. Craig, Sr., F. B. Craig and sons of Wheeler spent Sunday with W. H. and Mat Craig families.

Brooks McLaughlin of LeFors spent Sunday with friends and relatives in Miami.

Mr. and Mrs. Earl Mead of Ocala, New Mexico spent the week-end with his parents, Judge and Mrs. J. A. Mead.

## Here's Swift and Direct Action to Relieve That Cold

Modern External Treatment Helps End Colds Without Constant "Dosing" to Upset Digestion.

JUST RUB ON AT BEDTIME

Two generations of mothers have proved Vicks VapoRub the most effective treatment for children's colds. VapoRub is external—and safe. Its use avoids the risks of constant internal "dosing" which so often upset digestion and appetite, thus lowering body resistance when most needed.

Just rubbed on throat and chest at bedtime, VapoRub starts to work immediately—two ways at once:

1. By stimulation through the skin, like a poultice of plaster—
2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air passages.

Continuing through the night, this powerful poultice-vapor action loosens phlegm, soothes inflamed membranes, eases difficulty breathing—helps break congestion.

A Practical Guide for Mothers

Each year, more and more families are being helped to fend off colds and shorter colds by Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions. Full details of the Plan in each package of Vicks VapoRub.

## Children Prepare For Program in Revival Drills

"The unpardonable sin is not a sin that God would not forgive," declared Evangelist George Davis last night at the First Christian church, "whoever will may come." Is the Christian he says, "If we have sinned we have an advocate with the Father. There are some things God cannot do. He is bound by the laws of the universe that He has made. God cannot lie. It is only when men's hearts get so hardened that they can do good things bad and pure things impure, they will not repent that God cannot forgive."

"We sometimes say that God is too good to send people to hell. Why they wouldn't be at home in heaven. They have lived like the devil all their lives. There are some people in Pampa who wouldn't be at home if God would let them into heaven."

The adult Bible study class which meets this evening will finish a study of the cases of conversion as given in the New Testament. The children's Bible drill will give a demonstration on Friday night. This will be free to the public.

## Mrs. Olive Sloan Weds C. H. Wood Last Week-End

In a simple ceremony read at Sayre, Okla., Friday evening, Mrs. Olive D. Sloan and C. H. Wood were married. They returned to Pampa and are at home here now.

Mrs. Roy Campbell of McLean, sister of Mrs. Sloan, and Miss Bobbie Howard of McLean were the only witnesses at the wedding.

Mrs. Sloan, well known Pampa resident, has been employed the past year in the office of the Gulf distributing company here. Mr. Wood is with the Cullerson-Smalling company.

**GARDEN CLUB BOARD**  
A special meeting of the Garden club's board of directors is called by the president, Mrs. Glen Pool, at her home on 9:30 tomorrow, noon.

## Versatile Model—Serves As Two-Piece

Dress or Separate Jacket and Skirt See Small View!

By ELLEN WORTH

Rabbit's woolen or velveteen is a very practical material for this jaunty two-piece dress.

It may also be worn as a jacket and skirt, over this sweater or a blouse. See small view!

Then again, you can wear the jacket blouse with a skirt that contrasts, and the skirt with sweaters. It's a splendid way of making your wardrobe look more extensive than it really is.

It's delightfully easy to fashion, and for a very moderate cost.

Style No. 515 is designed for sizes 14, 16, 18 years, 36, 38 and 40-inch bust. Size 16 requires 4 yards of 39-inch material.

Our Fall and Winter Fashion Magazine is just full of smart new clothes, that can be made easily and inexpensively.

Price of BOOK 10 cents.

Price of PATTERN 15 cents (coin is preferred). Wrap coin carefully.

New York Pattern Bureau, PAMPA DAILY NEWS, 220 East 42nd Street, Suite 1110, New York, N. Y.

## Recent Wedding In Wewoka Unites A Pampa Couple

Announcement is made of the marriage of Miss Ethel Saunders and Jones Seitz, solemnized on January 6 at Wewoka, Okla. Both are well-known Pampa residents.

They are spending a few weeks visiting in Seminole and other places in Oklahoma, and will be at home here later. Mr. Seitz is with the Cabot company here.

## Two Men Burn to Death in Gotham

NEW YORK, Jan. 14. (AP)—Two men were burned to death today in a tenement fire which destroyed the upper two floors of an eight-family building a block from Times Square.

Firemen found the body of Pedro Chaves, 33, on a stairway landing in the charred path of flames which swept up from a lower hallway at 312 West 44th street.

The body of Frank Murello, 31, was discovered in bed in a fourth floor room.

The blaze roused 50 persons from the burning dwelling as a large crowd, attracted from the Broadway theater district, jammed the street.

The fire started from an undetermined cause.

Central Baptist Brotherhood The Men's Brotherhood of Central Baptist church will have its monthly meeting this evening at 7:30, with a program in charge of J. O. Morehead and his group. All men of the church and of the community are invited.

# Why buy your Hosiery from Peddlers?

**COMPARE VALUES** before you "pay down that small deposit" to the silver tongued salesman—who knows his stuff. **DO YOU KNOW** that in most instances the price you pay for hosiery bought at your *front or back door* is more by the single pair or by the box—than your own merchant would ask you?

You Are Told In a Very Convincing Manner by these peddlers that you are saving on the purchase price of these hose because they come Direct-from-the-Mills-to-you---thus saving you the wholesalers and the retailers profit---and in some cases you are led to believe there are only two steps from Growers-to-you.

## But these Peddlers OMIT telling you

of These Facts which are NOT shown in the "cleverly prepared chart" but which Are Very Decidedly a part of Direct Selling Organization Expense.

- **THE SALESMAN** is paid his profit from 15 per cent to 50 per cent which as a rule is the initial deposit on your order,—in addition to this deposit if he averages a certain number of sales he is given a bonus on his earnings of 10 per cent to 25 per cent all of which the customer pays.
- **THE BRANCH MANAGER** comes in for 10 per cent to 20 per cent on the orders taken in the territory under his supervision. In many instances the Branch Office Rent is paid by the main office---which goes in to the price of your purchase. Due to the *many changes* of Branch Managers there are unavoidable expenses which must be paid by the main office---and which are added to the price of the hose. Office stationery, printed matter, etc.—are expenses never mentioned to you.
- **THE DIVISION MANAGER** or District Manager is paid his traveling expenses, in addition to receiving a salary or commission on all business in his territory. Some direct-selling-organizations maintain Sectional Sales Managers whose traveling expenses, salary or commission must be paid.
- **IN ADDITION** to the above some Direct Sellers pay Recruiting Managers---Sales Investigators---Sales Promoters---Home-Office Representatives---Advertising Specialists. All these men must be paid a salary and their expenses. Are you told about these?
- **THE HUGE AMOUNTS SPENT** for Advertising is NOT mentioned by the well trained Bell Ringer. *Tremendous Sums Are Spent* in the conducting of Testing Schools---to devise "decoys" to better enable the Peddler to secure your attention.
- **SPECIAL PRIZES**---Cash---Watches---Clothing---even Automobiles must be added in to the price on the order blank.
- **CONVENTIONS**---Special Sales Meetings---costing enormous amounts must be figured in the cost of the hosiery. Freight and cartage expense thru different stages of manufacturing is necessary.

### Do Not Be Misled by "THE GUARANTEE"

which is most attractively pictured to you by the Clever Salesman as a Pair Free, etc.  
 Some of the leading Hosiery Peddlers have gained their momentum of business on this pair free guarantee—but this Guarantee Has Been REDUCED—until now—the dissatisfied customer is obliged to answer a most lengthy and EMBARRASSING QUESTIONNAIRE in order to receive any consideration, which was assured her at the time of her purchase.  
 It is not impossible that eventually ONLY the toes—heels—and tops will be guaranteed—and as a rule they are of materials other than silk.  
 HOW MANY TIMES has the salesman called back as he promised, when taking your order to pick up your unsatisfactory hosiery and make an adjustment? How long before you received any consideration?

## Beware OF STRANGERS AND PEDDLERS AT YOUR DOOR WARNS CHIEF OF POLICE

To The Citizens and Housewives of Pampa:

THIS IS A WARNING issued for the protection of Pampa homes and citizens from the HAZARDS of DEALING WITH ITINERANT PEDDLERS and STRANGERS.

OWING TO THE FACT that there have been many cases of High Pressure Selling Schemes reported to the Police recently by the housewives and citizens the following is issued:

STRANGERS SHOULD NOT BE ADMITTED to your homes UNTIL THEIR CREDENTIALS HAVE BEEN CHECKED UP AND VERIFIED—and that you ARE SURE YOU KNOW the party at your door to be a LOCAL PAMPA CITIZEN deserving your consideration.

ONE NEED NOT BE AFRAID of offending the HONEST SALESMAN, living here, or REPRESENTING A LOCAL BUSINESS FIRM. He will have his CREDENTIALS WITH HIM—that is why all are required to carry their identification SO AS TO PROTECT YOU.

DO NOT PAY CASH IN ADVANCE to Strangers on orders, as in many cases the customer has NEVER RECEIVED THE MERCHANDISE—nor has there been any refund of the cash-in-advance payment.

DO NOT CASH CHECKS OR ISSUE A CHECK to a Stranger on an order, often times these checks have been "ALTERED" and later cashed by an innocent party.

IN CASE YOU ARE SUSPICIOUS, PHONE THE POLICE AT ONCE. PHONE NO. 555. DON'T DELAY IN THIS—as it will enable our police to overtake anyone making false representations at your home.

IT'S BETTER TO BE SAFE THAN SORRY—Protect yourself — BE SURE you know who the Stranger is at your door before allowing him admittance to your home. ASK FOR IDENTIFICATIONS.

S. A. HURST, Chief of Police, Pampa, Tex.

### Historic Holy Objects Given To Young Priest

HOUSTON, Jan. 14 (AP)—Holy objects used by missionary priests to celebrate mass in the homes of pioneers when Texas was a republic were presented to Rev. Carl M. Alnoch upon his ordination to the Basilican Order of priests at Annunciation church here.

The objects, a silver chalice lined with gold, an altar stone and vestments, had been in the family for three months, when they were given to the 27-year-old priest by his mother, Mrs. F. J. Alnoch of Houston.

Father Alnoch used the chalice and altar stone in his first solemn high mass. The vestments, old and in bad repair, were not worn but were exhibited at a reception in his honor.

Alnoch's great grandmother, Mary Kerr Mitchell, came to Texas from Kentucky with Stephen F. Austin's colonists in 1825. When most Rev. John M. Odin, first Catholic bishop of Galveston left for France soon after he was consecrated bishop in 1842 to bring a group of missionary priests to Texas, Mrs. Mitchell furnished him the money to buy the chalice in France for his missionaries.

Rev. Charles Padey, the third priest ordained by Bishop Odin, was given the chalice and vestments to France after the war between the states, he gave it to Mrs. Mitchell.

The chalice, altar stone and vestments were used by missionary priests in services at Mrs. Mitchell's home at Mitchell's Point, Jackson county, where at the home of other pioneers in Calhoun and Jackson counties.

Rev. Alnoch was born at Victoria but has spent most of his life in Houston. His father is in the wholesale dry goods business here.

### WILSON HATE FOR ENVOY IN '18 REVEALED

WASHINGTON, Jan. 14 (AP)—After accidentally disclosing President Wilson's concealed dislike of Germany's wartime ambassador, the senate munitions committee turned back today to its attempt to attain one of its major objectives.

It is trying to pin on J. P. Morgan and his United States participation in the world war. Morgan and his partners indignantly deny any such assertion.

Morgan was recalled for questioning today as were the two partners, Thomas W. Lamont and George F. Baker. The committee thumbed 20-year-old documents of the state department in an attempt to prove the Wall Street banking house in acting as fiscal agent in the United States for France and Great Britain.

Motivated America's relaxation of its war-time neutrality policy.

"Every need of the house of Morgan meshes with a responsive change in state department policy," declared Chairman Nye (R., N. D.) as he outlined further evidence he hopes to bring out to support a neutrality bill comparing a list of names in the world war. Morgan and his partners indignantly deny any such assertion.

### Named as Chief of U. S. Fleet

New commander-in-chief of the U. S. fleet, to assume his duties in a few days, will be Vice Admiral Arthur J. Heppburn, above, now commanding the scouting force, Heppburn, who will be elevated to the rank of rear admiral, will succeed Admiral Joseph M. Reeves, in the reorganization of the fleet's high command.

In influencing a federal reserve board ruling in 1915 that permitted reserve banks to finance \$100,000,000 of allied short term obligations, they have not told the other delegates what form, if any, their future participation will assume.

It was anticipated, however, that the Japanese delegates would leave observers in London when they withdrew.

The British and Americans also were said to be in complete agreement that nothing is contained in the Washington and London naval treaties, expiring this year, to prevent continuation of the conference.

This latter agreement was authoritatively styled a summary reflection of the Japanese challenge as to the legality of proceeding on a four-power basis.

The British will meet the French

Suddenly aware of other parts of the letter, Senator Barbour (R., N. J.), the only committee member attending at the time, bounded to his feet and called out to newspaper men to "stop it; don't send that."

A former heavyweight amateur boxer and very active despite his size, Barbour rushed to one group of news men after another to recover copies of the letter.

## HARVESTERS TO MEET SANDIE CAGERS IN CONTEST SATURDAY EVENING IN LOCAL GYMNASIUM

### To Play Panhandle Quintet Here Thursday

Harvesters will meet the Amarillo cagers Saturday evening at 8 o'clock in the local gymnasium. The Amarillo cagers have been somewhat hindered by their recent march to state football fame and the entire squad has been out for practice only two weeks. But even with the lack of practice for part of the squad the charges of Coach Lynch are showing much ability and will give the undefeated locals some stiff competition.

The Harvesters have one other hard game before they meet the Sandies. The Panthers from Panhandle, will play the Harvesters a return game here Thursday evening.

In the early part of the season the Harvesters defeated the Panthers on the Panthers' home court by an overwhelming score, and so a battle for revenge can be expected when the Panthers invade Harvesters' gymnasium Thursday at 8 o'clock.

**WIN FIVE GAMES**

During the past week, the Harvesters added five more wins to their string of consecutive victories. The first of these was over the Phillips team from Whittsburg. Pampa defeated the Whittsburg cagers 22-11, with Trent, of Phillips, being high-point man by scoring all of his team's points. Green of Pampa, was second with 7 points.

The Harvesters entered the Mobeetie tournament last week-end, winning with little apparent difficulty. In the Harvesters' first game, they defeated Quail, the largest consolidated school in Texas, 47 to 10. In this game three men tied for high-score honors; they were Hartman and Kitchens of Pampa, and Bradley of Quail, all having 8 points to their credit.

**WIN EASY GAMES**

The Harvesters' quarter-final and semi-final game were with Canadian and Groom, both games being won easily by the Harvesters.

The final game of the tournament was with Mobeetie. This game was more exciting than the others, as Pampa and Mobeetie exchanged the lead during three quarters. In the last quarter the Harvesters took the lead and held it all the rest of the way. In this game the high-point man was Strickland, with 8 points. Keys, of Mobeetie, scored 7. The final score was 37-25.

### FFA Cagers Are Trophy Winners In Tourney Final

The F. F. A. basketball players are this week receiving congratulations on the championship and the trophy won Thursday afternoon when they defeated Samnorwood at Wheeler in the final game of the district F. F. A. tournament.

The local squad won its way into the finals last month at Clarendon. Playing of the final game was postponed because of the Christmas holidays.

Scoring 46 points to their opponents' 40, the Pampa boys showed skill in both offensive and defensive work.

Albert Webber piled up 17 points for high scoring honors, being closely followed by J. R. Green, who tallied 13 points.

Although James Herring, Ed Hassel, Wilbur Irving, and Elizey Vause, earned four points, their defensive work, held the Samnorwood score down.

Other players who took part in the game were Brownie Boynton, Hugh Anderson, Earl Rice, Aaron Hunter, Frank Duff, Edward Haner, and Ira Foe.

### Student Help Asked in Getting News

If you have won a contest, been hit by a car, attended a party, had a fight with your best girl, been elected to office, won a contest, missed a bridge, inherited wealth, or bitten a dog, or if you know someone who has had one of these experiences, the staff of The Little Harvester wants to know about it.

In their efforts to garner news, staff members are finding themselves handicapped by the lull in student activities customary just before the final examination period.

The Little Harvester seeks always to cover the high school news field. It cannot be wholly successful in this without the help of the student body.

Persons who wish to help the Little Harvester be successful and to add to its interest will help in this matter if they will leave news tips with the editor or the adviser.

### NEWS WRITERS WILL CONVENE AT PANHANDLE

### Contest Material To Be Chosen Here This Week

Contest material to be entered in the annual contests of the Panhandle High School Press Association will be chosen here this week according to Delmer Ashworth, journalism instructor.

Copies of the Little Harvester will be entered in the newspaper contest, and material will be selected tomorrow for entry in the editorials and the news story contests.

Trophies provided by the Pampa-Daily News, the Amarillo Globe-News, and the Canyon News, are awarded to first place winners. A school which wins a cup three times gains permanent possession of it.

In the newspaper contest two consecutive issues will be judged as to make-up, content, features, and editorials. The editorial and news story contests will be judged according to rules set up in standard journalism texts.

The association, which met last year at Pampa, will convene at Panhandle February 1. Eighteen schools are expected to send delegations to Panhandle. All of the Little Harvester staff will go to the meeting.

Delmer Ashworth has been asked to conduct a group meeting of news and sports writers in the afternoon session.

Officers for the association are: Marjorie Maxwell, Berger, president; Corlita Prueff, Wheeler, vice-president; Doris Eubanks, Panhandle, secretary-treasurer; and Margaret Sheers, Panhandle, faculty adviser.

## 'BACK-TO-SCHOOL' NIGHT SHOWS PARENTS OF STUDENTS MANY NEW METHODS IN INSTRUCTION

### Taking of Class Pictures To Be Completed Soon

Taking of class pictures for the annual, which was called off last week because of bad weather, will be continued this week under the schedule originally announced for last week. Mrs. Hof Wagner, faculty adviser, said yesterday.

All of the class pictures will be completed this semester. The pictures for the various student organizations and activities will be taken during February. The last of the studio pictures were sent off this morning.

Class pictures are being taken according to classification instead of according to home rooms.

The schedule for this week follows: Home rooms 206, 302, 213, 309, 208, 311, and band room juniors, Tuesday, 314, 204, 304, 313, 101, 210, 211, 306, and 214; Thursday, 103, 301, and band room freshmen, Friday; pep squad, immediately after assembly Wednesday. All pictures except that of the pep squad will be made during the home room period. Students will report to their home rooms to be checked and then going to the gymnasium in the red building.

### Demonstrates Ways Of Building Character

Parents of Pampa high school students attended school last night. Guests of the faculty, the Parent-Teacher association, and the students, the parents were present at a general program which was followed by demonstrations in actual classroom work of the methods of teaching used in the high school.

The various departments, some combining with others, were seen in schoolroom scenes in which were demonstrated the ways in which the faculty integrates its work, the various courses supplementing one another instead of being confined to arbitrarily defined boundaries.

The demonstrations brought out also the ways in which the faculty seeks to build character and to relate schoolroom work to the realities of everyday life.

With the high school band supplying special music under the direction of Winston Savage, the program was opened in the high school gymnasium. L. L. Sone, high school principal, introduced Mrs. R. W. Leane, president of the high school P.-T. A., who welcomed the parents. Mrs. W. C. Hutchinson, chairman of the P.-T. A. program committee, then took charge.

**QUARTET SINGS**

Musical numbers by the high school orchestra and by the boys' quartet, made up of Tom and Rex Rose, Mickey Ledrick, and Arvo Goddard, with Harry Kelley directed the singers, followed. E. N. Dennard then explained the purpose of "Back to School Night." He pointed out that the demonstrations to be given were only samples and that to gain a complete picture of the high school work parents should visit the school during regular day sessions.

After Mr. Sone had explained that because of the number of demonstrations it would be possible for each parent to visit no more than three, the parents adjourned to the various scenes of schoolroom action.

**PLAY IS GIVEN**

As their demonstration of class work, dramatics students under the direction of Ben Gull presented a short play, with the characters making up in view of the audience. The clothing division of the home economics department staged a style show, while students in the foods division served tea to the visitors.

The English and social science departments also presented a combined play in the presentation of a correlated study session.

Physical education instructors staged games in such a manner as to show how the building of student leadership is effected.

Methods of instruction in typing and shorthand were demonstrated by the commercial department.

Foreign language students presented work showing the cultural and socializing influence of their courses.

Practical demonstrations of scientific laws were given by students in the mathematics and science departments.

Students in vocational agriculture demonstrated the culling of hens and also showed how their work develops qualities of community leadership.

It was notable that, in keeping with the modern idea of socialized classes, in all of the activities students played a major part while teachers stayed in the background.

Miss McFarlin in bookkeeping class: "Willard, what do you write in a journal?"

Willard Roff: "Journalism."

Marge Skaggs has a bad case of "double-trouble."

"What would happen if— Louise Roseberry didn't have a joke to tell?"

Jim Arndt were struck speechless?"

Fred Gordon came home unexpectedly?

Bob Drake were seen with a girl?"

Pauline Stewart's Mickey Mouse watch failed to run?"

Clara Marie Hartell didn't have a new boy friend?"

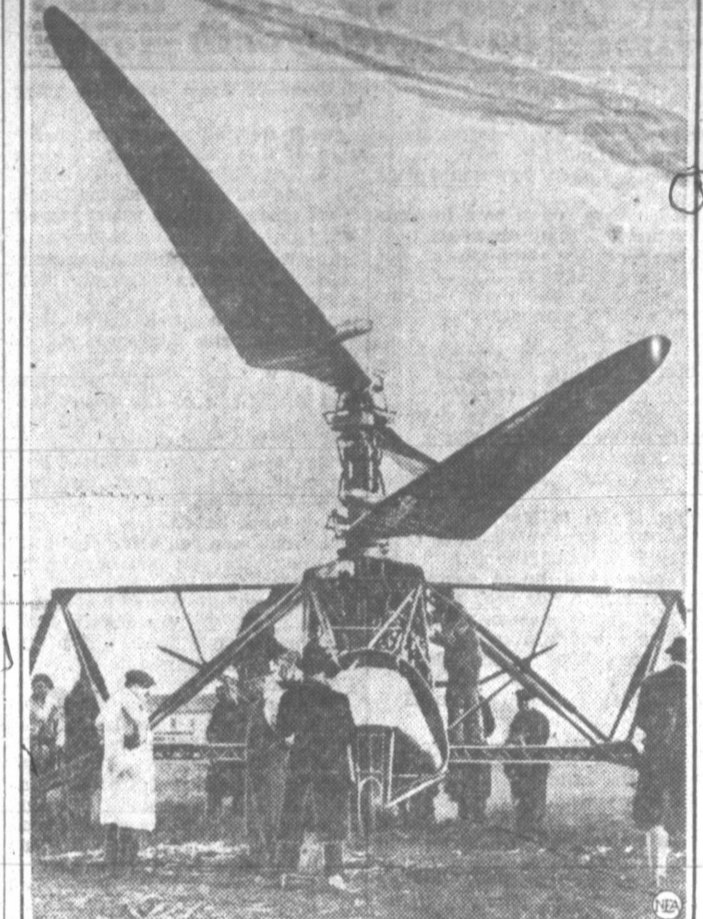

**TALKS TO CLASS**

Bill Frazier talked to students in B. G. Gordon's arithmetic class Wednesday afternoon on fire insurance. The class has spent the last week in studying the subject.

**OFFICIALS ON TOUR**

ABLENS, Jan. 14. (P)—Daniel C. Green, president, and other new officers and directors of the middle West, returned to Chicago today after touring properties of an operating subsidiary, the West Texas Utilities company. They were in San Angelo Sunday morning and afternoon, in Abilene last night and this morning, and will leave the properties tomorrow at Quanah, returning to Chicago after a tour that has taken them into four states where subsidiary companies operate, including properties in East and South Texas.

## French Fashion Insect-Type Plane

Built along lines more like those of a huge insect than a bird, this revolutionary type of airplane somewhat resembling an auto-giro, is shown after its first successful test flight in Paris its backers inspecting it. It is known as the Breguet-Dorand gyroplane, operating with the aid of two enormous propeller-like wings. It already has won the closed circuit record for helicopter-type planes, thus qualifying for the prize of 1,000,000 francs, offered by the French minister of air.

## FOREIGN TRADE

BY CLARENCE W. FACKLER  
Ph. D., Assistant Professor of Economics, New York University

It seems almost impossible to eliminate the absurd notion that the citizens of this country benefit to the extent that they buy nothing abroad and sell liberally to foreigners, even though they are compelled at times to put it "on the cuff." At the moment, the new Canadian trade agreement is being evaluated in the light of such nonsense, and the negotiators are standing around ready to make readjustment in rates or quotas in direct proportion to the intensity of the industrial squawks. At a time when the world is gasping for a breath of business recovery, many cries can be heard to keep the doors to world trade closed. Few people realize that, historically, the most advanced nations have always been those that traded the most, not the least.

The trouble with lowering tariff rates is that some enterprisers oppose them because momentarily they lose profits, while others favor them because they win increased income. Eventually, of course, every efficient producer gains from larger production arising out of expanded purchasing power the world over. If this were not so, in times past any great number of unprofitable enterprisers without profits would have become disquieted, and in their irritable moments would have taken to smashing up the existing industrial system. But since no nation has ever ruined itself by trading freely and extensively with others, it is more in line with sanity to reduce tariffs gradually, and work around finally to a full measure of foreign trade on a highly profitable basis.

With this in mind, the United States in its new trade arrangements with Canada has agreed not to raise the existing tariff on duties on certain commodities, and has consented to reduce tariffs on a fixed amount of imports of certain types of timber, fish, dairy products and whiskey, and on lumber, hay, apples, live poultry, horses, and cattle. Making greater concessions, Canada has agreed to decrease her duties on 767 agricultural and industrial products including wheat, cotton, and machinery, and has promised to desist from her rank practice of marking up the value of our imports arbitrarily in order to keep them out. Furthermore, each country will apply as against the other, rates no higher than the lowest which it applies to other nations, members of the British Empire, United States possessions, and Cuba, excepted.

Heretofore, excessive duties on goods moving between the two nations not only reduce the volume of trade, but stimulated the exportation of capital from the United States to Canada, where it gave employment to foreign labor instead of to our own labor, which is presumably more efficient.

By far, the greatest advantage of unhampered trade between nations is the higher level of living which every citizen obtains. Differences in climate, geographical position, and special aptitudes make every country dependent upon other lands for goods of one kind or another. Only a nation inhabited by perpetually foolish persons will, therefore, back the stone wall of reality and try in temperate zones to raise its oranges and bananas in hot houses, and in torrid zones to grow its wheat and corn in air-cooled greenhouses.

Usually after a nation passes its adolescence, any dreams of complete self-sufficiency fade away. Thereafter men begin to strive desperately and incessantly for higher living standards, as other men before them. Threats of war, and the pressure of private interests seeking monopoly privileges give rise to protective tariffs, and thus citizens may be forced for an indeterminate period to pay higher prices for domestic goods than for similar foreign goods. Even so, man will never be diverted permanently from his very natural effort to obtain and

## TEXAN BREAKS PLANE RECORD OVER NATION

**SLICES HALF AN HOUR FROM MARK SET BY TURNER**

NEW YORK, Jan. 14. (P)—America's newest speed king of aviation, Howard Hughes, a young dare-devil from California, native Texan, crowned his thrilling air achievements today by completing the fastest transcontinental flight ever made.

Hughes flew without a stop from Burbank, Calif., to Newark, N. J., in 9 hours, 27 minutes and 10 seconds—smashing by more than half an hour the record of 10 hours, 2 minutes and 51 seconds set by Col. Roscoe Turner Sept. 2, 1934.

The new record-holder flew most of the distance at 18,000 feet, breathing part of the time from a tank of oxygen.

He attained a speed of 295 miles an hour over one long stretch. His flight covered approximately 2,450 miles, and he averaged close to 260 miles an hour for the entire distance.

"I've been wanting to do this for three years," said Hughes, "erstwhile Hollywood film producer. I feel pretty good about it."

The tall, dark-haired flier, who shattered all speed records for land planes last September when he averaged 352.6 miles an hour over a closed course near Santa Ana, Calif., brought his transcontinental flight to a perfect ending in Newark, N. J., at 12:42:10 a. m. eastern standard time.

He had taken off yesterday without public notice at 3:15 p. m. E. S. T.

The flier used a new type super-charged radial motor (Wright Cyclone) built to army specifications.

NEW YORK, Jan. 14. (P)—Howard Hughes' record-breaking transcontinental flight today capped a career in which the 33-year-old millionaire has won success in three distinct fields.

When only 20, he took over management of the extensive Texas oil business of his father, Howard R. Hughes, a brother of Rupert Hughes. The elder Hughes died in 1924.

Several years ago Howard Hughes took his ability and some of his profits to Hollywood to invest in the motion picture business. His first production, "Two Arabian Knights," established him, Louis Welheim and Director Lewis Milestone in their respective fields.

Among other pictures he produced were "Hell's Angels," which skyrocketed Jean Harlow to stardom; "Front Page" and "Scarface."

## The PEOPLES COLUMN

**EDITOR, THE NEWS:**

I have just received an anonymous note, postmarked at Amarillo, containing a clipping from the speech I made at Pampa on Jan. 8, with a copy of the telegram sent by those present to the president. The part of the message is heavily underscored as follows, "and in view of the Supreme Court becoming tainted with partisan politics." The unsigned note is as follows: "When jacking lawyers become parties to a statement of this kind, is it any wonder that the people have become DISGUSTED and suspicious of the legal profession?"

The telegram was signed by 85 of the best citizens of Gray county, and I had the honor of joining my name with these good people. Under our Constitution any form of government, even the Supreme Court is yet the servant of the people, who had the right to express their opinion of any judgment that high court may render, and when they think that any opinion of that court is tainted with partisan politics they have the right to say so, which these producers of the wealth of Gray county did do and had the guts to sign their names thereto, which my critic did not have.

It is doubtless some good in the fellow who wrote the note, because he was ashamed to sign it, and doubtless ashamed of his politics. I will bet all the best friends I have on earth; my dogs, Bo, Trixie, Alice, Amos, Nigger, and Frisky, that the fellow is a republic-hater. The only reason for being such, except that his "Pap" voted the ticket before him.

H. E. Hoover, Canadian.

## Black Draught's Good Reputation

The confidence people have in Black-Draught, built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user: "I have used Black-Draught for twenty years," writes Mr. Fred Richardson of Harshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for sour stomach and constipation, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five more years if I live and it gives satisfaction as it has always given." (Adv.)

### WIN FIVE GAMES

During the past week, the Harvesters added five more wins to their string of consecutive victories. The first of these was over the Phillips team from Whittsburg. Pampa defeated the Whittsburg cagers 22-11, with Trent, of Phillips, being high-point man by scoring all of his team's points. Green of Pampa, was second with 7 points.

The Harvesters entered the Mobeetie tournament last week-end, winning with little apparent difficulty. In the Harvesters' first game, they defeated Quail, the largest consolidated school in Texas, 47 to 10. In this game three men tied for high-score honors; they were Hartman and Kitchens of Pampa, and Bradley of Quail, all having 8 points to their credit.

**WIN EASY GAMES**

The Harvesters' quarter-final and semi-final game were with Canadian and Groom, both games being won easily by the Harvesters.

The final game of the tournament was with Mobeetie. This game was more exciting than the others, as Pampa and Mobeetie exchanged the lead during three quarters. In the last quarter the Harvesters took the lead and held it all the rest of the way. In this game the high-point man was Strickland, with 8 points. Keys, of Mobeetie, scored 7. The final score was 37-25.

### Entertainer and Band Appear in Chapel Program

Music and art were mingled as the program feature Wednesday at the assembly hour when Howard House, who is assisting in the revival now being held at the First Christian church, drew humorous pictures and played selections on the vibra-harp.

Numbers played by Mr. House were "Moonlight and Roses," "Song of the Islands" and "Silent Night."

The entertainer was introduced by the Rev. George Davis, evangelist, who is conducting the revival.

The Sam Houston band, dressed in blue-and-yellow uniforms, appeared also during the chapel hour under the direction of A. C. Cox.

### 'Back to School' Night

Pampa parents went to school last night. Although they were not present as students, they learned much about the methods of teaching used in the local high school. To the purpose of "Back to School Night," actual classroom demonstrations being staged.

The most noteworthy feature of the program last night was the way in which the teachers in the various departments work to integrate their courses.

All instructors, even though they have certain objectives for each course, strive toward a common goal. They seek to have their courses supplement each other. For example, a student's teacher in the English department may use what he learns in English class by correcting his mistakes in grammar. In the same way, the English teacher has the student base work on material studied in other subjects.

Since many students have not seen the relation of school work to life, work is now closely connected with everyday experiences. Teachers are striving to show students how their knowledge can help them.

Much remains to be done in the matter of the new movements here. Those who saw the program last night should be pointing the way to the future. Willing support should be given in the work.

### Student Thinkers Needed

Do I think? This is a question that every high school student should ask himself. The average student uses his gray matter very little. In fact, he usually makes use of his gray matter only enough to "get by" and sometimes not that much.

The average student, and many an adult, only thinks that he thinks. He rushes into a situation with little thought as to its realities. He is influenced too much by what others say. One of the worst examples of this is the matter of war. Men say that they want to fight for their country, and the spirit of patriotism rises high. War results, when the whole situation might be straightened out peacefully, if more of us thought clearly, we might realize this.

Some students become highly incensed over a certain side of a question when they can give no good reasons for their convictions. They criticize necessary school rules about which they know nothing. They do not realize that they are frequently given more freedom than they deserve.

A student who cannot think clearly and cannot concentrate for any considerable time usually cannot do justice to his studies. The student who thinks more learns more.

The brain cells are supposed to be used for thinking, and if one does not use them for that purpose he is not fulfilling his obligation to

### COMMERCIAL DEPARTMENT OF PHS GIVES STUDENTS USEFUL TRAINING IN BUSINESS AFFAIRS

English class, and giving instruction in commercial geography and commercial law.

This is Mr. Savage's fourth year in Pampa. He acted as director of the widely-known Kid band of Woodrow Wilson ward school until he began his work in the high school in September.

With the ranks of the high school band depleted by graduation, he rapidly rebuilt the organization and produced one of the best bands the high school has had.

Mr. Savage took commercial courses in the University of Texas, at Austin, after receiving his degree from W. T. S. T. C.

Miss McFarlin in bookkeeping class: "Willard, what do you write in a journal?"

Willard Roff: "Journalism."

Marge Skaggs has a bad case of "double-trouble."

"What would happen if— Louise Roseberry didn't have a joke to tell?"

Jim Arndt were struck speechless?"

Fred Gordon came home unexpectedly?"

Bob Drake were seen with a girl?"

Pauline Stewart's Mickey Mouse watch failed to run?"

Clara Marie Hartell didn't have a new boy friend?"

**TALKS TO CLASS**

Bill Frazier talked to students in B. G. Gordon's arithmetic class Wednesday afternoon on fire insurance. The class has spent the last week in studying the subject.

**OFFICIALS ON TOUR**

ABLENS, Jan. 14. (P)—Daniel C. Green, president, and other new officers and directors of the middle West, returned to Chicago today after touring properties of an operating subsidiary, the West Texas Utilities company. They were in San Angelo Sunday morning and afternoon, in Abilene last night and this morning, and will leave the properties tomorrow at Quanah, returning to Chicago after a tour that has taken them into four states where subsidiary companies operate, including properties in East and South Texas.

### M'Farlin Has Headed Division For 4 Years

Headed by Miss Zenobia M'Farlin, Pampa high school's commercial department is an outstanding division of the high school in which instruction is given in work which contributes much to students' understanding of business affairs and clerical work.

Frank Monroe and Winston Savage are other teachers in the department. Mr. Savage's work, however, includes the teaching of subjects in other departments.

Miss McFarlin, who has been head of this department four years, received her A. B. degree from Baylor university, at Waco, and has worked toward her master's degree in the University of Colorado, at Boulder. She has also attended Brantley-Draughton's business college, in Fort Worth.

Besides teaching classes in shorthand, typing, and bookkeeping Miss McFarlin acts as commercial club sponsor, as senior sponsor, and as high school accountant. She lives in Pampa with her mother, Mrs. J. McFarlin. They were formerly residents of Decatur.

**WAS CAGE STAR AT W. T.**

Both Mr. Monroe and Mr. Savage received their B. S. degrees from West Texas State Teachers college at Canyon, graduating in the same class.

Mr. Monroe, typewriting instructor, taught a year in Fredonia before coming to Pampa junior high school two years ago. He was promoted to his present position last September. He is chief sponsor for the freshman class.

A loyal basketball fan, Mr. Monroe served as acting Harvester coach during the holidays in the absence of Coach Mitchell. He was a star on Buffalo basketball teams while in college.

**STUDIED IN TEXAS U.**

Mr. Savage divides his time into several portions—acting as band and orchestra director, teaching an himself. Teachers here strive to encourage more and better thinking. It would be wise for students to remember this.—A. M. T.

### NOTABLE NOTHINGS OF P. H. S.

**Guess Who?**

Buonetti, Little Dudele, pleasantly plump, sister Dorothea, wears braids.

Green eyes, brunette, giggles, barbs, brother drum major.

Good figure, Ralph, '34 Pontiac Sister, Rosemary, dignified.

Senior play, white truck, good but reckless driver I benda, Dracula.

Plays cornet in band, Edwina silly sophomores, Georgie Cree.

Most beautiful blonde in P. H. S. Hair—Marjorie Davis.

Eyes—Maxine Wheatley.

Figure—Enay I haven't?

Mouth—Mary Emma Finley.

Dimples—Mildred Tolbert.

Teeth—Elizabeth McAfee.

Nose—Betsy J. Townsend.

Smile—Mary Price.

Mary Adams: "What has Flor Deago got I haven't?"

Hot H.: "Brains."

Mary Adams: "Oh!"

What's the matter with Jackie and Nobilit lately? Maybe Leona had something to do with it.

Why did Rex Rose quit going to Miami every week?

Ask Honey Burge who won the

### Gorilla Quintet May See Action Saturday Night

No game has yet been scheduled for the Gorilla basketball team, but it is likely that they will see action before the week ends. Coach E. N. Dennard said yesterday.

Either the Gorilla cagers or the girls' volleyball team will play a curtain-raising game Saturday evening before the Harvesters meet the Amarillo Sandies, he said.

Playing their second game of the season, the Gorillas showed improvement as they downed the Phillips second team Thursday evening to the tune of a 23 to 11 score. With Claude Heskell leading the attack, the Gorillas broke through the fast and tricky Phillips cagers.

Playing inspired basketball, the little fellows from Pampa took the lead at first and held it through the game. All the locals were out-sized, but they were far from being outplayed.

Heskell was high point man with 8 counters. Enloe, also of Pampa, was second.

The Gorillas entered the Mobeetie tournament last week-end but were defeated 38 to 26 by Alanreed, the Longhorns going into the semifinals against Mobeetie. Morrow was high point man with 8 markers.

### Senior Rings Will Be Due Here Soon

The second order of senior rings, sent off early in December, is expected to arrive between now and January 18, Mr. El McCarley said yesterday.

Only one order has been received as yet, although several have been sent. Students whose rings were included in the shipment which arrived before Christmas should get them from Mr. McCarley's jewelry store at once, if they have not already done so.

Any additional senior ring orders should be filed soon.

### Aggies Show How To Kill Poultry

Scientific killing and dressing of poultry was the subject of a demonstration given Friday by the fifth-hour class in vocational agriculture.

Garvin Skilins, Ira Foe, and J. L. Lester made the kills before a group of 40 boys. Several adults belonging to Miss Ruby Adams' club were present. The demonstration was given at the request of Miss Adams. Other demonstrations will be given as the need arises.

National socialism has spread among Germans living abroad, with 500 different party groups in many lands having been organized.

### Senior Rings Will Be Due Here Soon

The second order of senior rings, sent off early in December, is expected to arrive between now and January 18, Mr. El McCarley said yesterday.

Only one order has been received as yet, although several have been sent. Students whose rings were included in the shipment which arrived before Christmas should get them from Mr. McCarley's jewelry store at once, if they have not already done so.

Any additional senior ring orders should be filed soon.

CLEAR SAILING ON BONUS ACT IS PREDICTED

HARRISON SAYS BILL WILL BECOME LAW

WASHINGTON, Jan. 14. (AP)—Clear sailing toward a quick and favorable senate vote on the new condition bill to pay the soldiers' bonus in cashable "baby bonds" was predicted today by administration leaders.

Chairman Harrison (D-Miss) of the senate finance committee expressed a belief the bill would receive committee approval today after Secretary Morgenthau had been questioned in executive session as to the soundness of its financing provisions.

The eventual cost to the government is estimated at \$2,491,000,000 but backers of the bill say the immediate expense would be only \$1,000,000,000.

It may come up in the senate Thursday, the next meeting day. Both administration and veterans' leaders predicted the house would concur with the plan in view of that branch's passage last Friday of a bill which is similar except in the method of payment. The house bill had no specific payment provisions.

Observers felt opposition may come from a few senators opposed to spending outside the federal budget and those wanting to pay the bonus with new currency.

But Harrison brushed this aside with this confident expression: "In my opinion this bill will be enacted into law."

Senator Borah (R-Idaho) who favored the inflationary Patman bill last session also said he had no doubt the Harrison measure "will become law."

Major veterans organization swung into line behind the bill. The attitude of President Roosevelt was not expressed, but senate leaders who took part in negotiations threatened agreement on the bill, were known to have been animated by the hope they might win Mr. Roosevelt's approval.

COURT RECORD

The petit jury panel for this week in 31st district court is in recess until Thursday morning.

The first liquor case tried in county court resulted in a \$100 fine and 30-day jail sentence.

The case was tried before the judge on a plea of guilty to unlawful sale of liquor. Sid Alston was the defendant.

Other similar cases are pending. Warrantly deeds: W. Oscar Williams et al vs Frank H. Williams, lot 6, block 5, original townsite.

A. A. Tiemann to W. G. Kinzer, southwest quarter of section 116 block 3, I. & G. N. survey.

J. W. DeWitt to L. Burd Jacobs lot 4, block 10, Wilcox addition.

C. O. Seeds to George B. Carmack, lot 32, block 11, Wilcox addition.

W. S. Roberts to G. B. Carmack lot 33, block 11, Wilcox addition.

First National bank of Pampa to H. H. McGreger, lot 8, block 39, Talley addition.

Frank Johnson to L. L. Sone, lot 4, block 6, Buckler-Wilks addition.

W. S. Roberts to J. E. McCather, lot 34, block 11, Wilcox addition.

C. O. Seeds to H. H. Boynton, half of the southwest quarter of section, block 3, I. & G. N. survey.

AMARILLO, Jan. 14. (AP)—Proceedings in the court of civil appeals for the seventh supreme judicial district.

Motion granted: The county board of school trustees of Lubbock county, vs. Woodrow independent school district, et al, rehearing.

Motions overruled: E. P. Edwards, et al, vs. West Texas Hospital, et al, rehearing (three); Sinclair-Prairie Oil company vs. Jack Beadle, rehearing.

Affirmed: E. C. Eubanks, et ux, vs. E. A. Simpson, et al, from Deaf Smith county; T. A. Hood vs. State of Texas, from Sherman county.

Reversed and remanded: The county board of school trustees of Lubbock county, vs. Woodrow independent school district, et al, from Lubbock county.

Appeal dismissed: R. H. Waters vs. J. T. Case Co., et al, from Potter county.

NEVER MIND THE LADY

Chapter 20 FAST WORK

She scanned him interestedly a moment, beginning to smile.

"Haven't I seen you some place before?"

"If you have you've been in some queer places," Terry answered.

"That's not the right answer, but you're elected anyway. Come on in."

"Sure," said the army officer. "Have a drink with us."

"Thanks, no."

"There was a study in a amazement 'You don't want a drink—?'"

"Not today," said Willett.

The girl sat down on a small divan and drew up a pair of slinky legs under her.

"Then what you want, Lancelot?"

"Just a ride to New York," said Terry. "Who owns this town of art?"

"Ray West," said the girl. "We've been over at a house party and we're hooking a ride back with him too. He's in his stateroom, recovering from a bad afternoon."

She gave him a long slanting glance. Her eyes seemed violet in quality. "My name's Carolyn Harrison."

"Is it?" said Willett.

"Her old man's a Senator," contributed the officer.

"He won't be for long," said the girl nonchalantly. "They are after his scalp."

"He put a cigarette in her mouth and leaned forward for a light, a subdued scent of jasmín mingled with the whiskey brushing his nose as he bent to comply. She patted a place on the divan and he dropped down beside her."

"The army officer was taking some. Again he refused. Too easy to drink in this day when he left his father behind for good. The trek up from the Palva hadn't been long enough to make him forget his feeling of numbness and a sense of loss."

"The army officer was taking some. His name was Denbigh and he informed Terry that he had joined the Army because Puff had told him she could love a man in a uniform and then after he got stuck with the Army, he found she meant a general's uniform."

"He was on leave from Fort Myer, and what good was the cavalry without sabers? That was Congress again Congress was ruining the Army, but he'd die for his country just the same."

"He was very emphatic on that point. He repeated it half a dozen times."

"The other man was Steve Perry very good-looking, with black hair and eyes. He had big shoulders and a sunburned face and was introduced as the objective fort of many a young man's strategy."

"Puff said he played polo so well that a strong suspicion prevailed he could probably do nothing else. Steve reminded her that he was a vice-president of a big bank."

"Puff asked him if he knew where the bank was and Steve said he wasn't sure, but his father was president, so what the hell difference did it make?"

"As for the girl, there was something very intriguing about her. Her mouth was scarlet with toothpaste lipstick, but there was something leisurely, and careless, and softly challenging in the way she spoke and lounged insouciantly on the divan."

"She smoked a great deal, looked at him often, and seemed perfectly agreeable to Denbigh and Perry; doing their talking out on the observation platform."

"You don't say much," she commented, "but I like your style—kind of."

"Thanks," said Willett. "I can see where you have a lot to learn."

"She watched him, one hand poised on him, the other slowly caressing her throat."

"Have you, I wonder, anything to teach me?"

"Who knows? But I'm not going to try."

"You discourage me terribly," she sighed. "You really do."

Forman Funeral To Be Tomorrow

Funeral services for Jacob B. Forman, 70, who died Sunday night after an extended illness, will be conducted at 3 o'clock tomorrow afternoon in the First Methodist church with the Rev. W. C. House, pastor, officiating.

Mr. Forman had been a resident of the Panhandle for 27 years. He had resided in Pampa more than a year. Born in Austria, Mr. Forman moved to this country with his parents when he was 8 years of age.

He had been a member of the Methodist church for 58 years.

Surviving are his wife, three daughters and two sons.

Palbearers will be J. R. White, Dave Turcott, Lee Kitchens, J. M. Daugherty, Edgar Seitz, Wheeler Paris.

Flowers will be in charge of Mrs. Lee Kitchens, Mrs. E. H. Scrimshire, Mrs. Emma Jones, No. 8. Holcomb, Catherine Enoch, Stella Wright, Maggie Hollis.

Six TWA Pilots Land at Airport

A Ford tri-motor plane, carrying six TWA pilots, landed here at noon today. The ship also paid a visit here on Sunday, carrying a different group of pilots.

The plane landed on the Department of Commerce landing field, then took off and landed on the Municipal field, adjoining. At regular intervals, pilots flying this lap of the trans-continental route are taken over the distance with the ship being landed at all regular emergency fields so that they will become familiar with conditions in case of emergency landing while on a flight.

Pilots landing here today were H. G. Andrews, W. Spyerling, A. L. Parker, S. T. Stanton, H. C. Lewis, and W. W. Jones.

BANKHEAD

This program centers on subsidized soil conservation.

Cotton also was a major topic among legislators. Yesterday the supreme court dismissed a suit, of Lee Moor, Texas cotton planter, challenging the Bankhead act which aims to restrict production by a prohibitive tax on cotton ginned in excess of quotas. The court held the suit was not a good one.

Although most legislators continued to believe the act would be overturned as soon as a proper suit reaches the supreme court in the right court, Senator Bankhead (D. Ala.), an author of the act, said a "perilous crop situation" could be averted because the law still is on the books.

"With the Bankhead act still in effect," he said, "it is hoped that the price of cotton will not be planted this year in view of the possibility of the tax being applied on cotton in excess of allotments that may be made."

However, with the AAA's program of curtailing cotton acreage scrapped, some legislators expressed skepticism as to whether the Bankhead act could curb the size of the crop.

NORRIS

ments be the basis of a new program.

"I think the decision was wrong, absolutely wrong," Norris said. "I thought the act was constitutional and think so yet."

Norris was applauded loudly.

"You feel crop production must be regulated?"

Smith nodded affirmatively.

Words Are Plain

"But," the Neaskan went on, "the court says in so many words, 'Regulation of agriculture is unconstitutional.' You don't have to be a lawyer to see that point."

"The Supreme Court has appellate jurisdiction with such exceptions as congress may provide."

"We could pass a law by which we could take away jurisdiction over this subject for the lower courts and providing, say, that a supreme court decision on this must be unanimous."

"Then the decision of a week ago yesterday would have been just the opposite."

Norris gave no immediate indication, however, he planned to press for such a statute.

Sam Everson, president of the National Farmers union, asked for enactment of the Frazier-Lemke bill to refinance farm indebtedness.

The measure, now in house committee, would provide through currency expansion, a \$3,000,000,000 revolving fund.

A round of applause greeted Louis J. Taber, head of the National Grange, who said a series of suggestions for legislation would be given the committee within a few days.

MARKET BRIEFS

NEW YORK, Jan. 14. (AP)—Stock market bullishness was highly selective today, oils and specialties being the active demand while other groups encountered considerable profit taking.

Gains up to a point or so were held by the favorites and a number of 6-year tops were recorded. Losses, generally, were in small fractions. The close was steady. Transfers after Am Can 2,700,000 shares.

McLean Judges Take Second at Clarendon Show

McLEAN, Jan. 14.—McLean's Future Farmers of America judging team took second place at the Clarendon poultry judging contest Saturday. Quail placed first.

J. D. Back of McLean had the highest individual score and Verne Harrie placed ninth. George Chambers was the other member of the McLean team. Alternates making the trip were Bill Roth and Cecil Jones.

Automobiles owned by the county and used by the sheriff's department will be disposed of and officers placed on a mileage basis, receiving 4 cents a mile.

Commissioners' action in voting the salaries, except as stated above was unanimous.

Purchases made by the various departments will be charged to Gray county, subject to review by the commissioners court and county auditor. Applications for purchases will be made a month in advance to the commissioners court, bearing the statement of the auditor that the funds are available for the purpose.

No arrangement was made in the law for emergency purchases. Bills will be rendered the county by the fifth day of each month in order for checks to be issued in that month.

No officer may be paid who is in debt to state or county.

When fees of the various offices are not sufficient, salaries out of the general fund of the county. It will likely be necessary to transfer a sum from the general fund to the special officers' salary fund as an operating basis until collections come in. Salaries will be paid in twelve equal installments, probably at or soon after the first of each month. Officers must submit monthly reports before their salaries are paid.

Jan Harris has been appointed janitor at the courthouse to succeed Curtis Thompson, resigned. Harris' salary is \$175 per month. Only a meager amount of export business was in evidence, and domestic flour demand was disappointing.

Wheat closed uneven, 1/4 lower to 1/2 higher compared with yesterday's close. May 90's, oats unchanged to 1/4 down, and provisions showing 1/2 to 20 cents drop.

CHICAGO GRAIN

CHICAGO, Jan. 14. (AP)—New crop futures of wheat, July and September, moved up moderately in price late today, whereas May, representing grain already available, tended to firm.

Firms with eastern connections were late buyers, and there were only a few purchases credited to mills. Only a meager amount of export business was in evidence, and domestic flour demand was disappointing.

Wheat closed uneven, 1/4 lower to 1/2 higher compared with yesterday's close. May 90's, oats unchanged to 1/4 down, and provisions showing 1/2 to 20 cents drop.

POULTRY

CHICAGO, Jan. 14. (AP)—Poultry, live, 20 trucks, steady; hens, 17 to 19 1/2; 4 1/2 lbs up to 20; leghorn hens 17; plymouth and white rock 18-21; cornish 21; leghorn chickens 17; roosters 16; turkeys 18-22; heavy white and colored ducks 22, small white ducks 18, small colored 17; northern geese 15 southern 14; capons 6-7 lbs, 25.

Dressed turkeys steady, prices unchanged.

BUTTER

CHICAGO, Jan. 14. (AP)—Butter, 7,646, weak; creamery special (93 score) 33-34; extra (92) 33; extra firsts (90-91) 32 1/2-34; firsts (88-89) 31 1/2-33; seconds (86-87) 30 1/2-32; eggs, 7,398, weak; extra firsts 22; fresh graded firsts 21 1/2; current receipts 20; refrigerator extras 18 1/2; standards 18 1/2, firsts 18.

MORGAN

The transaction had the approval of the state department so it was not considered a violation of neutrality," the financier retorted.

He added both the federal reserve and the Bank of England were essentially private corporations.

It was the first time Morgan and his partners had taken much part in today's hearing. Mostly they sat relaxed and silent.

"It is unneutral for a neutral government to lend money to a belligerent," investigator Brown continued.

"But private banks in America have had relations with European banks for many years," said Thomas W. Lamont, a senior partner in the Morgan banking house, "you can discuss for years whether the federal reserve is a private or government institution," he said.

Forman Funeral To Be Tomorrow

Funeral services for Jacob B. Forman, 70, who died Sunday night after an extended illness, will be conducted at 3 o'clock tomorrow afternoon in the First Methodist church with the Rev. W. C. House, pastor, officiating.

Mr. Forman had been a resident of the Panhandle for 27 years. He had resided in Pampa more than a year. Born in Austria, Mr. Forman moved to this country with his parents when he was 8 years of age.

He had been a member of the Methodist church for 58 years.

Surviving are his wife, three daughters and two sons.

Palbearers will be J. R. White, Dave Turcott, Lee Kitchens, J. M. Daugherty, Edgar Seitz, Wheeler Paris.

Flowers will be in charge of Mrs. Lee Kitchens, Mrs. E. H. Scrimshire, Mrs. Emma Jones, No. 8. Holcomb, Catherine Enoch, Stella Wright, Maggie Hollis.

Six TWA Pilots Land at Airport

A Ford tri-motor plane, carrying six TWA pilots, landed here at noon today. The ship also paid a visit here on Sunday, carrying a different group of pilots.

The plane landed on the Department of Commerce landing field, then took off and landed on the Municipal field, adjoining. At regular intervals, pilots flying this lap of the trans-continental route are taken over the distance with the ship being landed at all regular emergency fields so that they will become familiar with conditions in case of emergency landing while on a flight.

Pilots landing here today were H. G. Andrews, W. Spyerling, A. L. Parker, S. T. Stanton, H. C. Lewis, and W. W. Jones.

BANKHEAD

This program centers on subsidized soil conservation.

Cotton also was a major topic among legislators. Yesterday the supreme court dismissed a suit, of Lee Moor, Texas cotton planter, challenging the Bankhead act which aims to restrict production by a prohibitive tax on cotton ginned in excess of quotas. The court held the suit was not a good one.

Although most legislators continued to believe the act would be overturned as soon as a proper suit reaches the supreme court in the right court, Senator Bankhead (D. Ala.), an author of the act, said a "perilous crop situation" could be averted because the law still is on the books.

"With the Bankhead act still in effect," he said, "it is hoped that the price of cotton will not be planted this year in view of the possibility of the tax being applied on cotton in excess of allotments that may be made."

However, with the AAA's program of curtailing cotton acreage scrapped, some legislators expressed skepticism as to whether the Bankhead act could curb the size of the crop.

NORRIS

ments be the basis of a new program.

"I think the decision was wrong, absolutely wrong," Norris said. "I thought the act was constitutional and think so yet."

Norris was applauded loudly.

"You feel crop production must be regulated?"

Smith nodded affirmatively.

Words Are Plain

"But," the Neaskan went on, "the court says in so many words, 'Regulation of agriculture is unconstitutional.' You don't have to be a lawyer to see that point."

"The Supreme Court has appellate jurisdiction with such exceptions as congress may provide."

"We could pass a law by which we could take away jurisdiction over this subject for the lower courts and providing, say, that a supreme court decision on this must be unanimous."

"Then the decision of a week ago yesterday would have been just the opposite."

Norris gave no immediate indication, however, he planned to press for such a statute.

Sam Everson, president of the National Farmers union, asked for enactment of the Frazier-Lemke bill to refinance farm indebtedness.

The measure, now in house committee, would provide through currency expansion, a \$3,000,000,000 revolving fund.

A round of applause greeted Louis J. Taber, head of the National Grange, who said a series of suggestions for legislation would be given the committee within a few days.

DIRECTORS OF CANADIAN VALLEY CREDIT ASSOCIATION ARE NAMED

J. A. Bryant of Wheeler, L. L. Palmer of Alameda, and Wiley W. Wright of Canadian were elected to the board of directors of the Canadian Valley Production Credit association at the annual meeting of the association held in Canadian on January 10. These directors, together with the rest of the board and the secretary-treasurer, will serve the borrower members of the association in the conduct of the P.C.A. business in 1936.

A record breaking attendance at the meeting, which was the second annual meeting since the organization of the association, reflects the interest the farmers and stockmen of Texas are taking in this new cooperative credit system, according to G. W. Allen, secretary-treasurer of the association.

Mr. Allen reports that the Canadian association made loans to the amount of \$167,036 to the farmers and stockmen of Hemphill, Gray, Roberts, Wheeler, Lipscomb, and Ochiltree counties. The volume of loans made by all the production credit associations in Texas in 1935 amounted to more than \$12,000,000.

In addition to reports of the manager and directors of the association, M. L. Jones of the Production Credit corporation of Houston spoke at the meeting. Mr. Jones invited the non-members to investigate the many advantages of production credit and urged the members to take an active interest in the affairs of their association.

SALARY

(Continued from page 1)

receive \$100 per month. The auditor set \$3500 annually, provided by law for counties of Gray's valuation. His work will be vastly increased under the new law.

The stenographer in the office of the county judge will receive \$100 per month. She assists the county attorney as needed and operates the county mimeograph.

County commissioners receive \$2250, as set by law, an increase from \$1700—because a new law granted the boost.

Automobiles owned by the county and used by the sheriff's department will be disposed of and officers placed on a mileage basis, receiving 4 cents a mile.

Commissioners' action in voting the salaries, except as stated above was unanimous.

Purchases made by the various departments will be charged to Gray county, subject to review by the commissioners court and county auditor. Applications for purchases will be made a month in advance to the commissioners court, bearing the statement of the auditor that the funds are available for the purpose.

No arrangement was made in the law for emergency purchases. Bills will be rendered the county by the fifth day of each month in order for checks to be issued in that month.

No officer may be paid who is in debt to state or county.

When fees of the various offices are not sufficient, salaries out of the general fund of the county. It will likely be necessary to transfer a sum from the general fund to the special officers' salary fund as an operating basis until collections come in. Salaries will be paid in twelve equal installments, probably at or soon after the first of each month. Officers must submit monthly reports before their salaries are paid.

Jan Harris has been appointed janitor at the courthouse to succeed Curtis Thompson, resigned. Harris' salary is \$175 per month. Only a meager amount of export business was in evidence, and domestic flour demand was disappointing.

Wheat closed uneven, 1/4 lower to 1/2 higher compared with yesterday's close. May 90's, oats unchanged to
