

# IRS Makes It Easier to Figure Income Tax Bill

By JOHN PIERSON  
WASHINGTON (UPI)—Cheer up, taxpayers. The Internal Revenue Service (IRS) says it is going to be easier to figure out how big an income tax bill you owe the government.

IRS officials Thursday unveiled a new and simplified version of the form 1040 which many persons use to compute their income tax. It will go out to taxpayers about Jan. 1 for filing returns on income earned this year.

The new form reflects changes made by the revenue act of 1964, which reduced income taxes \$11.5 billion and made 40 other changes in the tax law.

Officials also said the new form will be easier to fill out, enabling about 22 million taxpayers to use only a single sheet to figure their tax. They said an additional 22 million were expected to use the card form 1040A.

**63 Million Returns**  
A total of 63 million returns

is expected to be filed before the April 15 deadline next year, the IRS said.

It said the face-lifting of the 1040 form was the biggest it has undergone in the last 10 years. The major changes are:

—Four million taxpayers with dividend and interest income will not have to file a separate "Schedule B." A space for this will be provided on the front of the new sheet.

—Taxpayers will list their exemptions on the front of the

sheet instead of page two. Children will not have to be listed by name.

—Single line summaries will replace some of the detailed accounting now required on the face of the return.

—The taxpayer will sign his name on page one. The IRS said that many persons forgot to sign when the space was on the second page.

—The form has been revised for the new minimum standard deduction provided in the 1964

law.

## New Deductions

The standard deduction is taken by those taxpayers who do not itemize their deductions.

Under the old law, the minimum standard deduction was 10 per cent for all taxpayers. The 1964 law set a \$200 "floor" on this for lower income groups, giving them a slightly higher percentage.

For instance, under the previous law, a person earning \$1,500 a year would have re-

ceived the standard 10 per cent,

or \$150. Now, this person receives the minimum \$200 standard deduction plus \$100 for each exemption. This credit for each exemption is in addition to the \$600 he receives for each dependent in the other section of his form.

The instructions will contain extra tables to help taxpayers make a choice between the new minimum standard deduction and the regular standard deduction. Taxpayers still will be

able to itemize deductions, if they wish.

Another innovation of many of the tax returns sent out by the IRS next year will be pre-stamped names, addresses and IRS account numbers. The 1040A has carried this preprinted identification for several years.

The government Printing Office expects to take 10 weeks to run off the new forms and their instructions. The job will take 8.5 million pounds of paper and 70,000 pounds of ink.

## Branscum's Condition Remains Very Critical

Albert Eugene Branscum, 35, remains in extremely critical condition in Northwest Texas Hospital in Amarillo today with two 22 bullet wounds lodged in his brain.

Branscum was transferred to the Amarillo hospital yesterday to undergo surgery. However, hospital attendants say they are postponing surgery until his condition improves.

Branscum, a truck driver for J. T. Richardson Co., is accused of shooting to death his estranged wife and then turning the gun on himself.

Dead is Glenna Fay Branscum, 29, mother of eight children. She died on the front porch of her husband's home from three bullet wounds fired at point-blank range at the upper part of her body.

Tuesday, she had filed divorce proceedings in 31st District Court. The couple had recently

separated and Mrs. Branscum had moved to 937 Campbell.

Yesterday morning about 8:15, Branscum had purchased the automatic pistol from a local hardware store along with two boxes of ammunition.

He apparently went to her house and persuaded his wife to drive to his home, 1242 Farley.

A neighbor said she saw the couple drive up. She told police it was just a few minutes after they entered the house that Mrs. Branscum stumbled out of the back door, her face covered with blood. The neighbor then heard a shot come from inside the house and telephoned police.

Relatives said the couple had been having domestic trouble during the previous month and he had threatened her life on at least one occasion. Following this threat, Mrs. Branscum had dismantled a pistol and told her oldest child to take it to a neighbor.

When Branscum purchased the new gun yesterday, a store clerk said he acted perfectly normal. He paid \$49.95 for the pistol.

Mrs. Branscum was shot three times, twice in the head and once just above the collar bone.

Funeral services are scheduled for 10 a.m. tomorrow in First Assembly of God Church with Rev. J. S. McMullen, pastor, officiating. Burial will be in Fairview Cemetery under the direction of the Duenkel-Carmichael Funeral home.

Pallbearers will be Randal Burrow, Troy Purvis, Bill Richard, Claude Clay, Cecil Horn and Don Miller.

Search on for Convicted Killer Leslie Ashley

SAN ANTONIO, Tex. (UPI)—The hunt was on from Mexico to Missouri today for Leslie Douglas Ashley, a homosexual female impersonator and convicted sex-party killer who escaped from a mental hospital.

He apparently took Mary Lou Weidaker, a former mental patient, with him—perhaps as a hostage.

Authorities said he was probably back in woman's clothes, and may have been heading for Rolla, Mo., home of the parents of the woman believed to be with him.

Ashley escaped from the San Antonio State Mental Hospital Tuesday night, and his absence was noticed about an hour later. But the escape did not become public until Thursday, when notice of it arrived at the sheriff's office in Houston by mail.

Police in San Antonio said they considered the escape no different from the usual two or three a week from mental hospitals in the area.

Ashley had been held in a locked ward since he was declared insane at a second trial for the murder of Houston real estate man Fred Tones. Only a last-minute stay saved him from the electric chair for the killing.

Secretary of State Dean Rusk said Sept. 29 that U.S. intelligence information and estimates from other countries indicated Communist China was ready to explode its first nuclear device "in the near future."

Rusk said that when such an explosion occurred, the United States would be able to detect it and would announce it.

The time indicated by the Chinese was somewhat vague and varied among different reports. Some indicated a date after the end of October. Others indicated the event would occur in one month to six weeks.

### Parking Meters Reactivated in Downtown Area

City Council Requests Further Details on Coaxial Cable TV

Hundreds of parking meters

which have been deactivated in Pampa for the last two or three months were back in operation today and free parking in the downtown area had come to an end.

City Manager Harold Schmitzer said the meters were being reactivated pending a decision of the city commission on parking problem recommendations of the Downtown Businessmen's Association.

A two-page report from the DBA was read to the commission at its meeting this forenoon by Kirk Duncan who urged immediate adoption of the proposals.

Among other things, the downtown businessmen recommended temporary reactivation of all meters except those in the 200 and 300 - blocks of W. Foster, 200-block of E. Kingsmill and the north side of the 100 block of E. Browning. The association asked that these meters be removed permanently.

The recommendation also sets up various time-limit meters in certain downtown sections with the majority of them being changed to two-hour limits instead of one hour.

Most controversial of the DBA's proposal is the request that "after deducting expenses of maintaining, operating and policing metered parking, net profits and parking fines shall be used to purchase or lease off-street parking lots and under no circumstances are receipts or fines to be placed in the general fund for general expenditures."

The downtown businessmen also ask the city to black-top and mark the Santa Fe parking lot for the use of the public. The Santa Fe, under a verbal agreement with the city, has permitted public parking on the lot for some time.

Commissioner L. P. Fort expressed opposition to the proposal to take money collected by the city and use it for leasing and maintaining downtown

### Kidnaped Leaving His Home

By JAMES R. WHELAN  
CARACAS, Venezuela (UPI)—Terrorists today kidnaped U.S. Air Force Lt. Col. Michael Smolen from his home at gunpoint after giving him 24 hours notice of their intentions.

Smolen, 45, of Chandler, Ariz., is deputy chief of the U.S. Air Force mission in Venezuela. He lived in eastern Caracas with his wife and four children. The kidnapers were presumed to be terrorists supporting Cuba's Fidel Castro.

With Smolen when he was kidnaped by two heavily-armed youths was his immediate superior, Col. Henry Lee Choate, and a civilian driver who was not molested.

Choate said an anonymous caller phoned the Air Force mission Thursday and said that Smolen would be kidnaped.

The call at first was ignored, Choate said, because so many of a similar nature have been received. This morning Choate had second thoughts about the call and went to Smolen's house. The two men started to get into Smolen's car when two youths armed with submachine-guns appeared on Smolen's side of the car and ordered him to accompany them. They sped off and two blocks away picked up three other heavily armed youths apparently covering their escape.

"Neither I nor Smolen's civilian driver could do anything about it," Choate said. "We were on the other side of the car."

The car was later found abandoned about three blocks away and on the same street from the site where U.S. Army Col. James K. Chenault was kidnaped last Nov. 27 and released nine days later.

Smolen was a fighter pilot in World War II in the Eastern Theater of War where he won the Air Medal and three oak leaf clusters. He had 4,000 flying hours to his credit, about 2,500 of them in jet aircraft.

He lives in a suburban area with his wife, Marian, and their children, Sandra, 18, Diane, 16, Vicki, 14 and Michael, 10.

WEATHER  
PAMPA AND VICINITY—Mostly fair through tomorrow. Warmer temperatures. Low tonight mid to upper 40s, high tomorrow around 60. Winds southerly 10-20 m.p.h.

(Daily News Staff Photo)

**FREE PARKING ENDS**—Pampa motorists who have been enjoying free downtown parking for the last two or three months learned today that all good things must come to an end. Several hundred parking meters that have been "for free" have been reactivated. Mrs. J. R. Reddell, 1121 Terry Rd., is shown here going back to the old practice of depositing a nickel for one hour's worth of parking.

## China Indicates A-Bomb Intention

WASHINGTON (UPI)—Red Rusk's announcement was generally ridiculed in official Red-Chinese statements. Reports that China was quietly spreading the word of an imminent nuclear test tended to confirm Rusk's prediction.

Diplomatic observers said the most probable explanation for China's hint dropping was that Peking wanted to start preparing the neutral world to avoid adverse reaction when it did begin testing.

The neutral block has generally opposed any type of nuclear testing by anyone.

### 'No Pay, No Vote' In United Nations

UNITED NATIONS, N.Y. (UPI)—The United States made it clear Thursday it will insist that the Soviet Union and other nations who refuse to pay their votes in the General Assembly meet next month.

The Soviets owe about \$34 million in assessments for U.N. peace-keeping operations in the Middle East and Congo, both of which Moscow opposed. The Soviet view is that since the operations were not authorized by the Security Council—where Russia has a veto—they were illegal.

U.S. Ambassador Adlai E. Stevenson, in a memorandum to Secretary General Thant, stated the U.S. position and asked that it be circulated to all U.N. members.

### Wet-Dry Vote Set Tomorrow

Voters in Precinct 3 of Gray County will go to the polls tomorrow to decide whether they want the legalized sale of alcoholic beverages in the precinct.

Polls will open at 8 a.m. and close at 7 p.m.

Precinct 3 does not take in any towns in Gray County, however, it does include the McClellan Lake area and the intersection of Highway 66 and 70.

The election was called by Gray County commissioners following the presentation of a petition carrying 56 names asking for the election.

If passed, the election would make it legal to sell all alcoholic beverages for off-premises consumption.

A total of eight absentee ballots have been cast in the election.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

## The Laetrile Story

(Editor's Note: This series is a result of six months of intensive investigation. In this report neither the writers nor this newspaper make any claims for Laetrile as a cancer drug. This is a report of the claims by both sides in a controversy that has quietly smoldered for more than 10 years. The News considers it important enough to be brought into the open for the first time in a documented newspaper series. Technical and medical questions should be directed to The McNaughton Foundation, 2915 Drummond Street, Montreal, Canada, to medical associations and to local chapters of The American Cancer Society.)

### PART II—THE BEARDIAN THEORY

BY: JIM DEAN and FRANK MARTINEZ  
(Copyright, 1964 By Freedom Newspapers Inc.)

"Cancer is Trophoblast." This is the position of the medical revolutionaries who say they have produced a weapon to control cancer and who now fight for recognition from medicine's orthodoxy.

It has been a frustrating war for the revolution. The powers who control medicine's establishment have refused to fight in the scientific arena. The weight of orthodox opinion alone has chained the Unitarian Thesis.

There have been no debates; the forum has been closed to this circle of scientists who dare the world to

prove they have not solved the puzzling mystery of cancer. The challenge, until now, has fallen on the wind. They finally will get a hearing this month by a panel of Canadian doctors and scientists.

Exhaustive inquiries by Freedom Newspapers have brought admissions from The American Cancer Society and The National Cancer Institute that no study of the Unitarian Thesis of Cancer has ever been made by their groups.

The American Cancer Society reports it spends more than \$30 million annually financing cancer research. The NCI, a branch of the federal government's Department of Health, Education and Welfare, has an annual budget exceeding \$1.4 billion.

By their own admission, (See LAETRILE, Page 12)

### Culinary Arts Being Studied By Missionettes

The Junior Missionette Club of First Assembly of God Church are now holding meetings at 4 p.m. Fridays instead of Monday, as in the past.

Mrs. Mildred Prince is instructing the Missionettes in culinary arts at the Southwestern Public Service Company.

The girls are ready for the third cooking class and have already learned to cook many delicious foods. Five weekly classes are slated with the course ending the sixth week followed by a tea for mothers of the members.

Attending the cooking classes are Angela Allison, Sharon Bruce, Cindy Britton, Rheta Courtney, Kay Duck, Linda Harris, Donna Holdaway, Glenna Hudgins, Mackie Hudgins, Alma Newman, Sheila Newman, Cheryl Robbins, Danette Reed, Shirlene Romines, Doris Teague, Karen Thompson, Kathy Towles, Cheryl Wallace, Kay Wallace, Vanessa Wallace, and the sponsors Mrs. Doreen Bruce and Mrs. Laverta Harris.

### Lefors Club Has Manners Program

LEFORS (Spl) — Art and Civic Club met Tuesday evening in Lefors Civic Center. Mrs. Ray Chastain presided over the business at which the group voted to purchase a silver tea and coffee service for club use.

Mmes. Joe Watson, Carl Hill and James Gatlin were appointed to make the purchase.

The resignation of Mrs. Harry Garrison as chairman of the yearbook committee was heard and Mrs. Bob Fish was elected to that office.

Mrs. G. N. Mounger presented the program on manners. Misses Charley Gustin, Frances Clarke, Kay Stanton and Charlene Lisenbee, members of the local FHA gave correct and incorrect phases of posture.

Mmes. Bill McBee, Edythe Watson and Miss Mickey Sue Johnson gave pointers in different phases of manners. Mrs. Mounger closed the program with "Beatitudes of a Home."

Those attending were Mmes. James Gatlin, Fred Blackwell, Jack Thacker, G. N. Mounger, J. F. Carter, Alex Swenn, Bob Fish, Tonny Timmons, Tad Gus-

### Officers Installed By Lefors WMU

LEFORS (Spl) — Officers of Lefors Baptist Woman's Missionary Union were installed in a candlelight service Tuesday night in Fellowship Hall of First Baptist Church.

Mrs. Claude Nichols installed the officers using the theme, "Hand".

Officers for the coming year are Mmes. Howard Marlar, president; Boyd Beck, vice president; Walter Jackson, secretary; Ed. Spivey, mission study; W. B. Minter, community missions; Alvin Cates, stewardship; Herman Cates, program chairman; Fred Browning, treasurer; and H. L. Teel, GA Director.

Preceding the installation service, Mrs. Herman Cates presented the program, "Race Relation, a Determining Factor."

tin, R. H. Barron, Bud Cumberland, Joe Watson, Bill McBee, Keith Geisler, Paul Walden, Ray Chastain, Edythe Watson, Carl Hill and Misses Mickey Johnson and Norma Lantz and one guest, Mrs. Murray Stroud.

### Sewing Club Meets With Mrs. Browning

LEFORS (Spl) — Thursday afternoon sewing club met in the home of Mrs. Fred Browning recently to work on pieces of hand sewing such as quilting, embroidery, etc.

The group made plans to meet with Mrs. W. R. Combs on the next meeting date.

Mrs. Browning served snacks, cookies and coffee to Mmes. C. N. Barber, W. R. Combs, R. T. Jinks, John Lantz, Marvin Rippe, M. F. Tibbets, and two guests, Mrs. Ardella Swaford of Pampa and Mrs. L. P. Banks of Lefors.

QUEEN AND ATTENDANTS — Shown are Women of the Moose members from various cities who participated in the queen contest at the recent Texas State Moose Assn. held in Pampa. Seated, left to right are Louise Purviance of Amarillo, M. E. Barnes of Fort Worth, queen's escort, Queen of Sponsors Mrs. M. E. Barnes, Grand Chancellor Zola Kenney of Mooseheart, Ill., and Deputy Grand Regent in Charge Mildred Shields of Fort Worth. Standing, left to right, are Rose Toelner of Mission, Pauline Hogle of Borger, Ruby Bardwell of Amarillo, Marjorie Weir of Corpus Christi, Minnie Dahse of Midland and Rosalia Nelson of Houston. The queen was chosen for sponsoring the most candidates who became members of the Women of the Moose in Texas and her attendants were selected from honor chapters over the state.

### DEAR ABBY...

## Following Two Good Acts

DEAR ABBY: I am now a high school freshman and I have all new teachers, but I still have the same old problem. The very first day of school, the English teacher took one look at my name and said, "Oh, you're MARVIN'S brother. I am going to expect a lot from you!" All through grammar school the teachers called me either MARVIN or SIDNEY because they had my two older brothers, and they were both outstanding students. I am not a bad student, but it is hard to live up to an older brother's reputation. I am so sick of being known as MARVIN'S brother, or SIDNEY'S brother, that I wish I could go a thousand miles away and have my own identity. Why are teachers so stupid? "MYSELF!"

DEAR "MYSELF": Teachers are not so "stupid" as they are thoughtless. Almost everyone who has had older sisters or

brothers has had to walk the same path. Perhaps you should be grateful that you had two good acts to follow, instead of two bad actors.

DEAR ABBY: I wish you would put something in your column about young couples who make a public display of their affection for one another. This lovely young couple has been married four years now, and they still behave as though they were entirely alone. They are intelligent, well-educated, refined and sensitive people, Abby. It is good to know that they love each other, but their gestures are so brazen in the presence of others that it is embarrassing.

DEAR ONE: Married couples have sufficient opportunities to express their affection for each other privately. Intelligent, refined and sensitive people re-

DEAR IN DOUBT: One who is concerned with HUMAN relations cannot "ignore the question of morality." Since morality is what sets us apart from the beasts, and you choose to ignore it, I suggest you direct your inquiry to a veterinarian.

CONFIDENTIAL TO BENNY J.: There is only one way to break a bad habit. Drop it!

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

**GOP CANDIDATES** — Two Republican hopefuls spoke to a gathering of local party members Wednesday night in GOP headquarters here. Warm welcomes and a discussion of party policies followed short talks by the two candidates. Shown from left are John Armstrong, candidate for agriculture commissioner; John Matthews, candidate for state land commissioner; W. D. Price Jr., of Pampa, and Irvin Cole, member of the veteran land board of Pampa.

### Bush Speaks at Borger Breakfast

George Bush, Republican candidate for U. S. Senator from Texas, continued his attack on incumbent Sen. Ralph Yarborough during a breakfast meeting today in Borger.

Bush spoke before approximately 75 persons at a morning stop-over on a campaign swing through the Panhandle.

During his address, Bush hammered away at Yarborough for his stand on foreign aid and several domestic issues.

Bush, a conservative, will face Yarborough, a liberal, in the Nov. 3 general election.

### TV, Movie Star Addresses Men At Baptist Rally

Gregory Walcott, star of television's 87th Precinct and numerous motion pictures, addressed approximately 1,000 men attending the Panhandle of Texas Southern Baptist mens rally last night at the Central Baptist Church of Pampa.

Walcott, layman and vice president of the Southern Baptist Men's Association, urged those in attendance to continually strive for a "higher plane of Christianity."

Accompanied by Paul Cates, state president of the Southern Baptist Association, Walcott is on a revival tour of the Southwest.

The actor was guest star recently on "Bonanza" and is in the process of making a movie "Bill Wallace of China."

New officers of the Panhandle association were also elected last night. John Gikas of Pampa was named president; Lloyd Hayes of Amarillo, vice president and C. C. Kelly of White Deer, secretary.

### Parking

(Continued from Page 1) great deal of time on another subject at today's meeting.

This was further discussion of the applications of two firms for a franchise to establish a coaxial cable television system in Pampa.

The applicants are Worley & Worley of Shamrock and Dale Greenhouse and Calvin Fraser, operators of the Marie Foundation garment factory here.

Commissioners took the view that both applicants were reputable firms and asked that both submit detailed proposals on what they have to offer potential customers of the system in Pampa, including suggested rates, kind of equipment, miles of cable and other essential details.

Both applicants agreed to have the detailed reports ready for the commission on Tuesday, Oct. 20.

Coaxial cable television services, according to the applicants, would provide Pampanas with greatly improved television pictures, a choice of more channels, local TV features and FM music. Users of the service would subscribe to it for a fixed monthly charge.

The commission indicated it wished to check the services being offered by the two applicants in other nearby cities.

Coaxial cable service now is being furnished in Spearman, Shamrock, McLean and Beaver, Okla.

Wayland Merriman, engineer, gave commissioners a progress report on plans for Pampa's new sewage treatment plant. He said the plans are in the final stages for plant features and the outfall line.

Merriman said the work was proceeding at a rate now that it should be ready to let out for bids the latter part of January.

City Manager Schmitzer read a letter from R. A. Underwood & Co. of Dallas, Pampa's fiscal agent, in which it was stated that the recent \$950,000 sewage improvement bonds had been forwarded to the state attorney general for approval and notice had been sent to the bond purchasers that they should be ready for payment "within the next few days."

The letter from the fiscal agent stated that the City of Pampa can reasonably expect to receive proceeds of the bond sale some time this week.

### Maybe They Should Ask LBJ For 'War on Poverty' Help

MIAMI (Sp)—The Republican Party in Miami is a hard working group but doesn't have money to throw around on lavish furnishings for the GOP headquarters office here.

The Pampa News got the wrong impression from a news release from Miami the other day and stated in the story that Frederick M. Dunn was in charge of the headquarters.

It develops now that Dunn was just helping out with some publicity writing. He infers that he doesn't want to take any credit away from Mrs. Mary Smith who really is in charge of the GOP office.

Dunn says Miami Republicans have a good sense of humor, though, and he thinks things are working out fine at headquarters which is open daily from 9 a.m. to 6 p.m. with coffee and homemade cookies for all visitors.

Dunn reports that someone informed headquarters Friday that there was an old couch in good shape out on the city dump. Office furniture was badly needed.

W. D. Allen of Miami was driving down Main St. in his pickup truck last Friday when headquarters decided there was no shame in being poor and it would be nice to have the couch for the office.

Allen was asked if he would go out and retrieve the couch. Horace Smith joined him and they proceeded to the dump and returned with the couch which was dusted off and now occupies a place in the office with all the other donated furniture.

"This just goes to show you how Republicans in Miami work together," said Dunn.

When asked what the political atmosphere was in Miami right now, Dunn said:

"About fifty-fifty." "And," he added, "The Democrats have opened up headquarters right across the street from us."

### Woman Fined On DWI Charges

Mrs. Elva L. Sparks of Pampa entered a plea of guilty today in Gray County Court to a charge of driving while intoxicated and was fined \$100 and costs and sentenced to three days in jail.

Mrs. Sparks was arrested early this morning by city Policeman Conrad Maddox.

### Court News

**CORPORATION COURT**  
Charles B. Merideth, 919 Francis, violation of drivers license restriction, guilty, fined \$15.

Kenneth W. Mason, 716 Albert, speeding, guilty, fined \$30.  
John H. Roper, 913 Denver, no operators license, guilty, fined \$25.

### Lefors Petitions To Ban Sale of Alcoholic Drinks

LEFORS (Sp)—Thirteen Lefors residents applied last week for petitions to prohibit the sale of alcoholic beverages in Justice Precinct No. 1, which includes Lefors and the northeastern quarter of Gray County.

Their signatures were certified and petitions were allowed. Petitions will call for Nov. 3 election.

Among those signing the application were school and civic officials, businessmen and landowners, and the four local ministers.

Petitions are to be complete on Friday.

In an interview last week, Baptist Pastor Ed Spivey remarked that "Lefors voted dry in May 1956, but the election was county-wide at that time, so liquor stayed here."

Spivey said that the prevalence of teenage drinking, and the calling of an election in Precinct 3 prompted the petitions here. There is no church (or town) in Precinct 3.

"A local citizen nearly ran over some drunken teenagers on the streets of Lefors a couple of weeks ago, so it seemed time to do something," Spivey stated.

The character of Lefors has changed from the roaring boomtown to that of a respectable community," a county official remarked last week.

In taking this step, a large number of local citizens apparently feel that they can take some meaningful action to make the town still better, and a more desirable place to live.

### House Burglarized While Owners Gone

A console television set, assorted tools and groceries was reported missing today following the burglary of the Leonard Doss home, 1102 E. Francis.

The incident was reported today by W. N. Larker, 1008 E. Kingsmill, who told police the Doss family is vacationing.

The house was entered by breaking the lock on the rear door.

No estimate of the value of the stolen items has been made pending a check with the family when they return.

There are several hundred species of cactus native to Texas.

### TADs to Start Drive On Stickers Tomorrow

The Pampa Teenage Democrats will open their bumper sticker campaign tomorrow, according to the committee chairman, Kenneth Hafer.

TAD President Jimmy Stroud also announced a 10 a.m. Coke party tomorrow at Democratic Headquarters in the Hughes Building Annex.

Stroud said all teenagers are invited to the regular meetings at 8 p.m. each Tuesday and to the Saturday morning Coke parties.

### SUKARNO VISIT SET

TOKYO (UPI)—The Japanese foreign office Wednesday said Indonesian President Sukarno will arrive here for an unofficial visit on Oct. 21. Sukarno currently is attending the conference of non-aligned nations in Cairo.

### Pampa WT Student Places in Contest

Miss Ruth Ann Guthrie of Pampa, a student at West Texas State University, was named as first princess today in the American Royal Livestock Exposition at Kansas City.

Miss Guthrie represented West Texas University in the contest.

First princess in the contest is actually first runner-up.

The winner of the beauty pageant was a state delegate to the Miss America contest.

### Gray Red Cross Gets New Nurse

Gray County Chapter of the American Red Cross has a new Red Cross nurse, Mrs. Bessie Irene Franklin, 859 E. Kingsmill, Pampa.

Mrs. Franklin took her instruction for registered nurse at the Northwest Hospital in Amarillo. She had special instruction under a Red Cross instructor, and she worked in the polio serum tests in Pampa.

She took her Standard First Aid and worked at the first aid station at the Tri-State Fair in Amarillo in 1963.

Mrs. Franklin was presented her Nurse's Pin by Mrs. Libby Shotwell, executive secretary in the Red Cross office Thursday afternoon.

### ARC Course on Mother and Baby

Mrs. Forrest Hills will be the nurse instructor for the mother and baby class to begin Monday at 7 p.m. in the Red Cross office. Persons who are expecting their first baby are urged to take the course that is free to all persons enrolling in the class.

The course is divided on prenatal care, the delivery of the baby and the care of the child for the first six months. Persons interested should enroll by phoning the Red Cross office MO 4-7121.

### PLAN BALLET TOUR

LONDON (UPI)—Britain's Royal Ballet, led by Dame Margot Fonteyn and Rudolf Nureyev, will make another tour of the United States next year, it was announced Wednesday.

### MCCORMACK HONORED

WASHINGTON (UPI)—Speaker John W. McCormack, D-Mass., was honored by a national Negro organization Wednesday for helping enshrine the Washington home of Frederick Douglass, the runaway slave who became a leader of the abolitionist cause.

The National Association of Colored Women's Clubs presented McCormack a plaque during a ceremony in his office. It cited his assistance in guiding through Congress legislation making a national shrine of Douglass' home.

### STYLISH COUNCILMEN

EL CAJON, Calif. (UPI)—City councilmen of this San Diego suburb are going to find out whether it's true that it pays to advertise.

The councilmen have agreed to buy matching blue blazers decorated with a replica of the city seal.

The coats will be worn at conventions and other public functions as an advertisement for the city.

# The Weekly Message Of Inspiration

## Attend The Church Of Your Choice

REV. WM. V. BRENNAN  
ST. VINCENT DE PAUL CATHOLIC CHURCH

### LIFT UP YOUR HEARTS

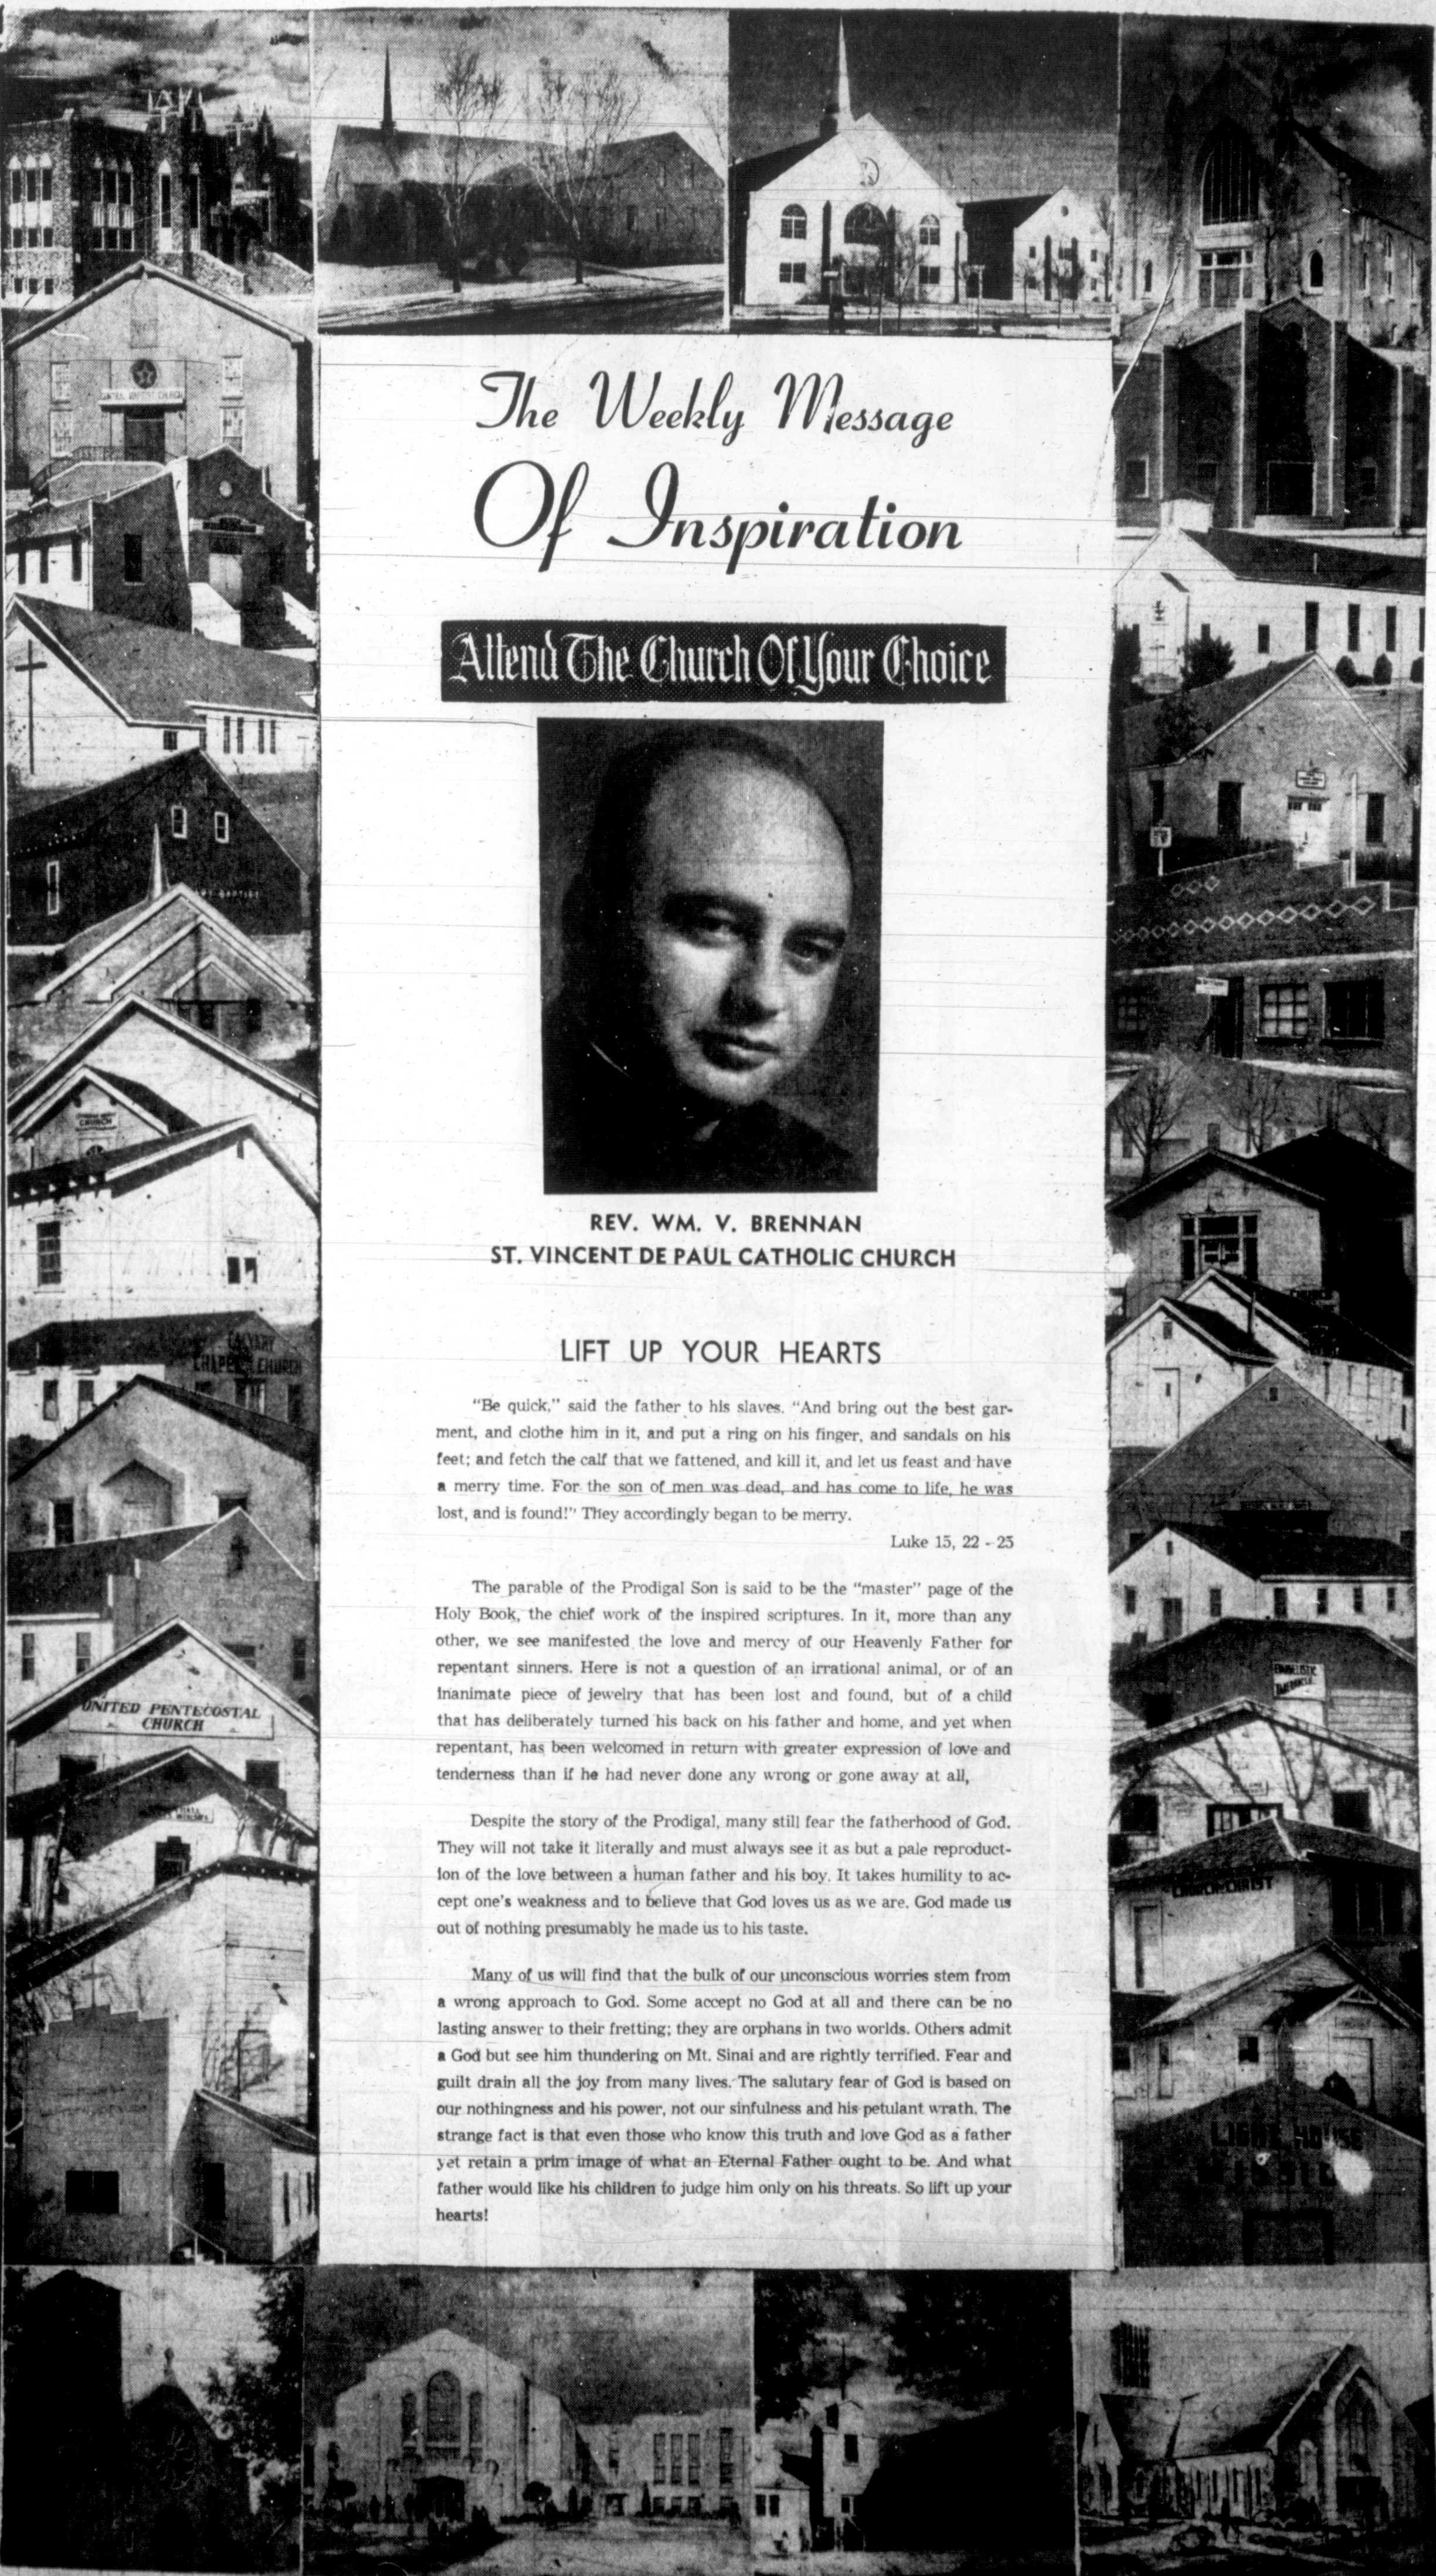

"Be quick," said the father to his slaves. "And bring out the best garment, and clothe him in it, and put a ring on his finger, and sandals on his feet; and fetch the calf that we fattened, and kill it, and let us feast and have a merry time. For the son of men was dead, and has come to life, he was lost, and is found!" They accordingly began to be merry.

Luke 15, 22 - 25

The parable of the Prodigal Son is said to be the "master" page of the Holy Book, the chief work of the inspired scriptures. In it, more than any other, we see manifested the love and mercy of our Heavenly Father for repentant sinners. Here is not a question of an irrational animal, or of an inanimate piece of jewelry that has been lost and found, but of a child that has deliberately turned his back on his father and home, and yet when repentant, has been welcomed in return with greater expression of love and tenderness than if he had never done any wrong or gone away at all.

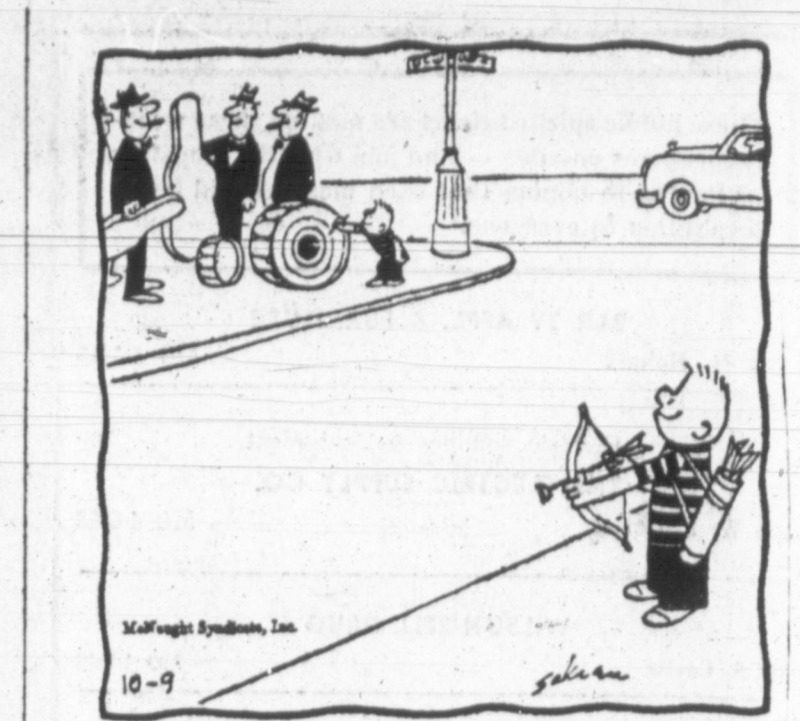

Despite the story of the Prodigal, many still fear the fatherhood of God. They will not take it literally and must always see it as but a pale reproduction of the love between a human father and his boy. It takes humility to accept one's weakness and to believe that God loves us as we are. God made us out of nothing presumably he made us to his taste.

Many of us will find that the bulk of our unconscious worries stem from a wrong approach to God. Some accept no God at all and there can be no lasting answer to their fretting; they are orphans in two worlds. Others admit a God but see him thundering on Mt. Sinai and are rightly terrified. Fear and guilt drain all the joy from many lives. The salutary fear of God is based on our nothingness and his power, not our sinfulness and his petulant wrath. The strange fact is that even those who know this truth and love God as a father yet retain a grim image of what an Eternal Father ought to be. And what father would like his children to judge him only on his threats. So lift up your hearts!

# Harvesters Host Caprock Tonight

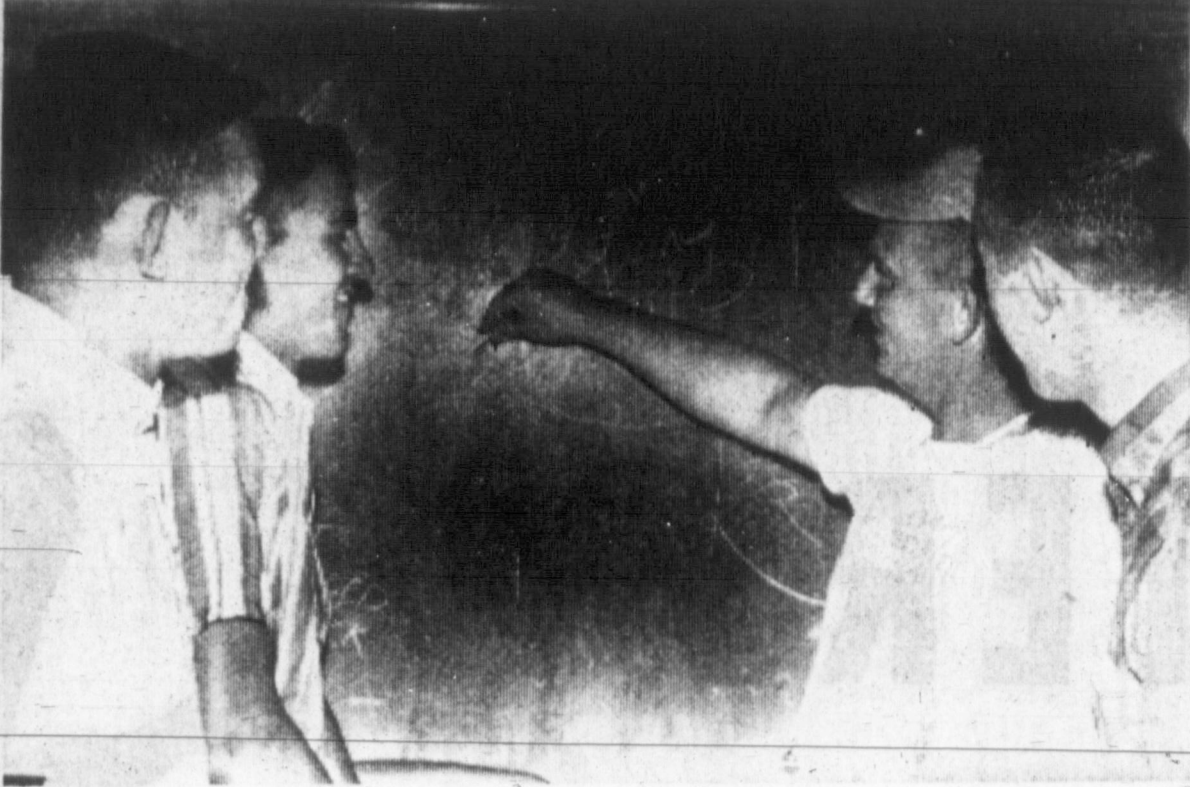

"We ought to get back in the winning column this week," predicted Pampa football coach Otis Holladay as the Harvesters prepared to host the Caprock Longhorns tonight at 7:30.

Despite being overwhelmed by Palo Duro and Tascosa in successive weeks, the Harvesters' morale has not dropped, reported Holladay.

"The boys aren't ashamed of losing, they lost to the two best teams in the district, maybe in this part of the state, and they never quit trying. They gave the best they had, and they'll give it the same tonight."

"And the fact that they'll be playing somebody their own size will make a lot of difference. Last week the kids had to go against a line that outweighed them over 25 pounds a man, this week they'll be able to move a little. Actually, the Probable Starting Lineups:

PAMPA		CAPROCK	
LE Rickey Maynard	185	Ken Bentley	155
LT Phil Klearner	220	James Anderson	180
LG Myron Scribner	195	Sam LaGrone	180
C Jim Arthur	185	Manuel Perez	175
RG Jerry Goodwin	185	Robert Segegy	180
RT Carl Johnson	195	Roger Shelton	190
RE Terry Criss	180	Charles Cowan	160
QB Phil Smith	160	Jim Wheeler	155
LH Jerry Garrison	160	Ricky Hickman	165
RH San Williams	160	Tom Maxwell	170
FB Keith Griffith	170	Gary King	180

**CINCH PLAY** — Coach Otis Holladay of Pampa looks confident that this new play will break all the way against Caprock tonight as he explains it to game captains (from left) Red Griffith, James Williamson and Jim Arthur.

## Mobeetie Hits Road To Cubs

**MOBEETIE** — The Mobeetie Hornets face probably the toughest team in the district tonight as they visit the undefeated Estelina Bearcubs.

Estelina, a "pushover" last year with a team full of inexperienced freshmen and sophomores, has seen those same boys, now veterans, move to a 4-0 record this season, two of their wins coming in 11-man football as they defeated Miami, and last week put the boots to Childress, 32-6.

Mobeetie coach Cecil Reynolds reports that "no district favorite has ever been voted on, but I would have to pick Estelina as the toughest of the district teams I have seen, although I haven't seen Guthrie play."

"They have real good speed. Quarterback Jody Rappe passes well and runs well, and they have several breakaway backs, especially Ronald Mullin at left halfback. Fulback Melvin Long is also a fine runner and so is Tristan Mabry. End Jerry Cosper is their best pass receiver, he plays both right and left end. They have two big boys in the line, 190 and 180 pounds, with the rest of the team our size."

Reynolds reports the Hornets in good shape, both physically and mentally, for the contest.

"We shaped up pretty good physically and everyone will be ready to go. Mentally we got a big boost from that come-from-behind win over Morse and we feel like we'll surprise 'em."

Reynolds declined to repeat what he had said at halftime that had inspired the Hornets so, but admitted that he had built a rather large fire under them. Player of the week was Eddie Vowell, who played the best game of his career, being in on three-fourths of the tackles and sparking his teammates. Vowell just edged out Eddie Hodges who led the running and scoring attack.

The Pampa Daily News

FRIDAY, OCTOBER 9, 1964

## Crucial Games Set In Schoolboy Ball

By United Press International

Garland and Hull-Daisetta, the only two of the state's four No. 1 teams in action this week, appear to have clear sailing, but some of their ranked contemporaries may find the going a bit rough.

Garland's Class AAAA champion Owls, who now have won 16 in a row, face thrice-beaten Paris in a district game, while the unscored-on Hull-Daisetta Bobcats put their 55.5-point scoring pace to the test in a district opener against Hardin, which has won but two of five games.

Class AAA's top-ranked Dumas and AA's No. 1-ranked Phillips have open dates this week. So do AAA's third-ranked Brownwood and sixth-ranked Andrews; AA's second-ranked Iowa Park and A's third-ranked Seagraves and fifth-ranked Ozona.

Eight of the ranked teams are involved in games matching undefeated teams and five of them are district affairs which could play a key role in determining eventual playoff teams.

Galena Park's third-ranked AAAA power is the top major team involved in such a game. The Yellow Jackets play La Marque's Tigers.

Ninth-ranked Port Neches opens its district race against once-tied but unbeaten Orange in another AAAA tilt.

In AAA, seventh-ranked San Marcos tangles with Gonzales and Beaumont Forest Park with Liberty in a pair of games pitting perfect record teams.

In AA, state champion Rockwall puts its 18-game winning streak on the line against Class A's undefeated-untied Forney, ninth-ranked Crane plays once-tied Wink of A and 10th-ranked Gladewater meets undefeated-untied Rusk—none of them being district games.

In A, eight-ranked Three Rivers faces unscored-on Dilley in a crucial district game.

## SWC Roundup

By United Press International

Thursday was ease-up day on the banks of Waller Creek in Austin. Coach Darrell Royal ran his University of Texas Longhorns through a light drill that included a touch of passing work.

Saturday, the Longhorns face Oklahoma in Dallas. It will be the two teams' 59th meeting, and the Sooners would be delighted to topple Texas from top spot on the wire service polls.

"We're in for a rough afternoon," Royal said Thursday, pointing out that the Oklahoma line averages 232 pounds this fall.

**Broyles Dissatisfied**

In Fayetteville, Arkansas Coach Frank Broyles was displaying more end-of-the-week pessimism Thursday. He said he "sort of" saw what he wanted in Thursday's hour-long drill, but planned to look again today.

Razorback fullback Charles Daniel, guard Dick Hatfield and guard Jerry Welch were selected Thursday as captains for Saturday's game against Baylor at Little Rock.

Baylor's drills for the Arkansas game ended Thursday in Waco. Coach John Bridgers said he was worried about line-backer Bobby Maples, who missed final drills because of a pulled muscle and an assortment of other aches and pains.

Bridgers said he may have to hold co-captain Maples out—at least temporarily.

**Tech Sluggish**

In Lubbock, Texas Tech held a sluggish rehearsal for its meeting with Texas Christian Saturday night in Fort Worth.

Coach J.T. King said the drill, heavy on passing, was "not enthusiastic."

In Fort Worth, TCU Coach Abe Martin was pleased with his men's work. The Frogs dabbled in passing and rushing defense and offense, kickoff, punting and kickoff and punt returns.

At the end of the workout, Martin named three new starters for the game against Tech. Kent Nix will assume first-string quarterback duties, sophomore end Sonny Cambell will go with the No. 1 unit and junior guard Billy Snow was promoted.

The Texas Aggies were to fly to Los Angeles today for Saturday's game with southern California. Thursday, they ran through a complete review of offensive and defensive assignments.

**Walker Mended**

Rice too will be in California Saturday—in Palo Alto to face Stanford. Owl coach Jess Neely said Thursday that starting center Malcolm Walker, who injured his knee last week against West Virginia, will be able to play in the Stanford game.

The Southern Methodist Mustangs are idle Saturday, but Coach Hayden Fry said Thursday he would probably call a rough scrimmage session today. The Mustangs had a light, one-hour drill Thursday.

## Sporting Sidelines

By JEFF COHANE

CONTINUING with reports of Pampa and area boys who are playing in college sports, Eddie Jay Windom of McLean passed on that brother Clyde was playing second team defense at Texas Tech, but had suffered a shoulder separation in the Texas game and would be out for a while.

Otis Holladay reports further on Jocko Neslage, that the big Pampa tackle played the entire game on defense against the West Texas State Stomper last week. Another of Otis' boys, Tommy Mercer, is now playing quarterback at Illinois Wesleyan.

Tommy was a freshman player at White Deer under Otis, before his family moved from Skellytown to Illinois.

Various reports have come in on Neil Rogers, the mammoth Wheeler tackle who moved to TCU. One report has it that Neil tore up a knee in the first week of practice, another that he transferred to West Texas. In any case, he isn't on the Frog frosh roster, we'll have to wait 'til our next trip to Hossville and check further.

**TOMMY BRYANT**, our friendly enemy from Amarillo, is trying to spearhead a new A11-State classification for Class B football for the Texas Sports Writers Association. This is something that should be done, there are many, many good boys in Class B who should get rightful recognition. Much as I hate to admit it, can't think of a better qualified man to head it than of Tommy. He sees even more B games than yours Truly and he has a discerning eye for a good ball player. Leading candidates from the Panhandle, in our humble opinion, would be Dunk Porter of Wheeler, Richard Campbell of Matar, Dan Hughes of Booker, Donna Duke of Darrouzett, Jerry Roberts of Groom, Jerry McCubert of Miami, among others.

**HOWARD VAN LOON**, the giant Rotan shotputter, who worked in Lefors last summer and planned to compete for the Pampa Track Club before complications set in, was listed on the starting lineup for the Texas A&M Fish as they opened the season against TCU this week. Van Loon was considered by many as not good enough for college football. hah!

Oklahoma automobiles have a new bumper sticker this week. It says "Bury Bud, Barry and Texas." No comment.

## Lee Rebels In Tie, Johnny Rebs Lose

The Austin Junior High Mustangs of Borger scored on a recovered fumble in the third quarter to pull out a 16-16 tie with the Lee Junior High Rebels yesterday at Harvester Field. The game was fought on an even basis, the Rebs making 11 first downs and 217 total yards, the Mustangs 12 first downs and 224 yards.

The Rebels marched 68 yards in the first quarter, racking up four straight first downs on the running of Dickie Henley, Mike Brown and David Schaub, with Schaub going the last nine yards to score and Henley running the conversion.

Quarterback Van Graves went to the air for the visitors in the second quarter, moving to the three, where Leveret Gillman went over for the score and Graves ran the conversion. Lee drove right back for 61 yards, a 31-yard pass play from Steve Summers to Larry Turcotte the big gainer. Brown scored from 10 yards out and ran the two-pointer.

In the third quarter the Mustangs recovered a fumble on the Lee 30 and drove in—for the score behind Graves, Lynn Kelly making the tying conversion.

Both teams threatened in the fourth quarter. Austin went to the Lee 28 before being stopped, Lee to the Mustang 15 before fumbling, as well as dropping three long passes.

Defensive standouts for the Rebels were D. D. Lofton, Carl Lang and Kenny Taylor.

**BORGER** — Austin 8th grade ran the only successful conversion of the day here yesterday to squeeze out a 14-12 win over the Lee Johnny Rebs. Frustrated Lee has now scored 46 points in three games and has yet to win a tilt.

The Ponies opened the scoring in the second quarter, connecting on three straight passes, the third for 15 yards and a touchdown. Austin then ran what proved to be the winning conversion.

The Johnnies came back via the airlines in the third quarter. Gary Parrish hitting Mike Cooper with a long aerial, and then on fourth and six, Kirk Vann passed to Pete Clark in the end zone.

Austin came right back in the waning minutes of the period on a long kick return and then scored from one yard out as the fourth quarter opened. Hoppy Hopkins smeared the conversion attempt.

Parrish then waltzed 68 yards through a gaping hole in the right side of the line, but the Ponies stopped the conversion attempt for the win.

Defensive standout for the Johnnies included Jim Hollis and Jeff Morris.

# Cowhands Cripple Shockers Yankees Square Series on Break

**LUBBOCK** — The Pampa Shockers lost a quarterback and the contest here yesterday as the Lubbock Cowhands scored three times in the last quarter to break open a tight ball game and take a 49-16 win.

The first half was a seesaw swap of touchdowns until the final minute of play, when a blind-side tackle lost Larry Stephens for the game and possibly the season, as well as stopping a Pampa touchdown.

The running of Ken Gage, half-back converted to fullback, and the rifle arm of quarterback Dwayne Wilson were the big weapons for Lubbock, as they opened the game with a scoring drive, Gage going over from 10 yards out.

Pampa punted out in turn and a 30-yard runback set up a touchdown pass for the second score, followed by a conversion kick for a 13-0 lead.

The Shocks took the kickoff in turn, made a first down, and then little Sherman Mitchell scattered around left end for a 65-yard touchdown. Mitchell then scattered right for the conversion and cut the score to 13-8.

The Cowhands came right back as Wilson pulled a beautiful fake and sent halfback Jerry Ryan up the alley for a 15-yard score, passing for the conversion and a 21-8 lead.

Pampa drove with the kick into the second quarter, and Stephens passed to Rowdy Rowden 18 yards for the touchdown and then flipped to end James Matney for the conversion.

Two minutes before the half, Wilson kept for 50 yards and a touchdown and kicked the conversion for 28-16. Stephens, firing passes and nursing the clock, moved the Shockers down to the three-yard line, where a blind-side tackle cost the Shocks a touchdown and the services of their quarterback.

The two sides made a defensive battle of it in the third quarter and then Lubbock wrapped it up in the fourth on a long pass for another touchdown, getting two more tallies in the final two minutes, set up by fumbles by Shocker reserves.

**ST. LOUIS (UPI)**—The New York Yankees may have made their own break or just gotten one in the second game of the World Series Thursday but in any event they made the most of it to defeat the St. Louis Cardinals, 8-3, and square the classic at one victory each.

The turning point of the game and the first controversy of the series came in the sixth inning when Joe Pepitone was awarded first base on a dispute hit batsman call by umpire Bill McKinley. The play moved Mickey Mantle to second base, from where he scored moments later on a single by Tom Tresh to give the Yankees a 2-1 lead.

Mel Stottlemyre, a 22-year-old rookie who won nine games after the Yankees acquired him from Richmond of the International League on Aug. 11, pitched a seven-hitter and hurled out of potential trouble in both the eighth and ninth innings to snap the Yankees' string of five consecutive World Series losses.

The streak started with the Los Angeles Dodgers' four-game sweep in 1963 and was continued when the Cardinals beat the Yankees, 9-5, in Wednesday's opener of this series.

The key inning of the Yankee victory started when Mantle drew a walk-off Bob Gibson. After Dal Maxvill robbed Elston Howard of a hit with a diving catch, Pepitone took one pitch and then jumped out of the batter's box following the Cardinal fireballer's second pitch to him.

**Start Of Streak**

The Cardinals scored their first run in the third inning on singles by Mike Shannon and Maxvill, Gibson's sacrifice and Curt Flood's infield out. Gibson struck out six men in the first three innings but the Yankees tallied against him in the fourth on doubles by Howard and Pepitone—Howard advancing only from second to third because he held up against the possibility left fielder Lou Brock could catch Pepitone's soft fly—and Cleve Boyer's sacrifice fly.

## Cards Vow Vengeance Over Pepitone Ruling

**NEW YORK (UPI)**—An angry band of St. Louis Cardinals, all even after two games in the World Series and bitter about the "Joe Pepitone incident," vowed today to turn the tide against the New York Yankees on their own home grounds starting Saturday.

The Cards were hoppin' mad from Manager Johnny Keane on down about a ruling by plate umpire Bill McKinley of the American League, who waved Pepitone to first base as a "hit batsman" on a key play in the sixth inning at St. Louis Thursday. The Yankees went on to square the series with an 8-3 triumph.

"Bob Gibson and Tim McCaver both heard the ball click against Pepitone's bat," Keane charged.

some kind of live television exposure.

The Longhorns, who won their No. 1 spurs with 31-0, 23-0 and 17-6 victories over Tulane, Texas Tech and Army, respectively, will be hurt by injuries to several key players.

Oklahoma, which won its opener from Maryland 13-3 before the debacle against Southern California, was idle last week and has had two weeks to get ready. But, it too, mourns a casualty list.

Coach Darrell Royal, a former Oklahoma quarterback who has a 6-1 record against his alma mater since becoming head coach at Texas, has lost his No. 1 quarterback, Jim Hudson possibly for the season with a knee injury. He also won't have rangy starting soph tackle John Elliott because of a shoulder separation. And, ends George Sauer and Dan Maudin are doubtful because of ankle and muscle problems.

**Two Players Back**

On the favorable side, Texas will return the services of end Knox Nunnally and guard Tom Currie.

## Texas-OU Grudgefest Saturday

**DALLAS (UPI)**—The Oklahoma Sooners, who lost their No. 1 national ranking to the Texas Longhorns at this point a year ago, go into the 59th renewal of their annual grudge battle Saturday with a chance to gain sweet revenge.

An Oklahoma victory likely would not propel Oklahoma to the No. 1 spot as the Longhorns' 28-7 upset did for Texas last year. But a triumph for the 8½-point underdog Sooners would almost certainly send Texas spinning off the top of the rankings.

And, probably even more important for Oklahoma, it would end a six-year victory skein in the series which has seen Texas win 36 times and tie twice. It also would salvage some of the 40-14 humiliation handed the Sooners two weeks ago by Southern California.

The game, being played in the neutral 75,504-capacity Cotton Bowl for the 36th consecutive time, has been sold out for months, the 19th time in a row the general public has had little chance to buy a ducat.

**On Television**

But, the game will be the NCAA's televised game of the week (NBC 2:30 p.m.) marking the 14th time in the last 16 years that the classic has had

**FIGHT SLATED**

**NICE, France (UPI)**—Sugar Ray Robinson, former world middleweight champion, will meet Jacky Caillaud of France in a 10-round bout here Oct. 24.

**BOXER DIES**

**BERLIN (UPI)**—Former German heavyweight boxing champion Walter Neusel died here Thursday of a heart attack at the age of 56.

# Bears, Ny Run Out Of Time

By United Press International  
It's "put up or shut up" time for the Chicago Bears and the New York Giants.

The combatants in last year's National Football League title game finished the first month of the new campaign with identical 1-3 records.

The defending champion Bears gained their lone victory over Minnesota while losing to Green Bay, Baltimore (by a whopping 42-0) and San Francisco. The Giants lost to Philadelphia, Pittsburgh and Detroit and were lucky to pull out a 13-10 victory over winless Washington.

After such horrible starts, last year's division leaders must get rolling soon if they hope to retain their titles.

Like Sunday, the Bears entertain the Los Angeles Rams, who were unbeaten until last weekend when they bowed to Baltimore, 35-20. The Giants visit the Dallas Cowboys, also burdened with a 1-3 record.

The oddsmakers have installed the Bears as 4½ point favorites while the Giants are only a one-point choice. Against similar opponents in past years, they would have been favored by at least two touchdowns.

The Cleveland Browns and the Pittsburgh Steelers kick off the fifth NFL weekend Saturday night when they meet at Cleveland. The Browns are 1½ point favorites.

In three other Sunday games, the Detroit Lions are a narrow one-point pick over the Minnesota Vikings, the Redskins are 2½ over the Eagles, and the Packers are 13½ over the Forty Niners.

The Baltimore Colts, early pace-setters in the Western Division, and the St. Louis Cardinals, co-leaders with the Browns in the East, meet Monday night at Baltimore. This game was shifted from St. Louis so as not to conflict with the World Series. If the Cards were playing at home, they would be favored. However, the "wizards of odds" like the Colts—by one point.

## Harkins Scores For UT Frosh

AUSTIN (UPI)—Kicking specialist Ralph Senior came through with a last-minute field goal Thursday and handed the Texas freshman football team a 10-7 victory over the Baylor freshmen.

Senior made his winning boot from the 26 yard line with only 37 seconds left in the game.

Both sides made tumblers pay off for their touchdowns. Texas guard Duane Foster recovered a Baylor fumble on the Texas 46 in the last play of 1st quarter. Quarterback Pat Harkins capped the 10-play drive that followed with an 11-yard touchdown dash.

Baylor back George Cheshire picked up a Texas fumble on the Texas 34 yard line on the second half kickoff. A 3-yard pass from quarterback Ridley Gibson to Cheshire produced the touchdown nine plays later.

# Wheeler Choice As Loop Opens

WHEELER — Wheeler football coach J. T. Hill, although admitting his Wheeler Mustangs must be considered a heavy favorite over Follett tonight, warned that "anything could happen" and that the Mustangs were definitely not taking the Panthers for granted.

"We thought they would be easy year before last," pointed out Hill, "and we went up there a cinch for the district title and got beat, 24 - 6. We beat 'em real bad last year but we got the jump on 'em. I hope the kids are up enough to get that same jump this week."

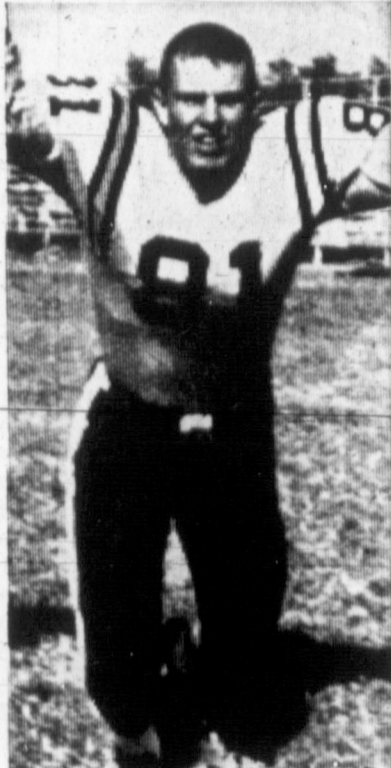

Hill feels that Follett must definitely be considered a dark horse in the district 2-B tangle. They've got fair size, good speed and couple of fine breakaway backs," he warned.

Follett has played three games with Oklahoma teams, losing to Shattuck, Texoma and Beaver, and have few foes in common with the rest of the district for comparison.

Hill lists two big tackles, over 200 pounds each, as bulwarking the Follett line, and backs Appel and Trenfield as speedy breakaway threats, especially Trenfield, who has a 99 - yard scrimmage.

The Mustangs are in physical fair shape after a rugged game with McLean. Jamie Moore, with a bruised elbow, is a question mark for tonight, and Roy Lanning with a broken finger, is not expected back.

"McLean was our best ball game of the year, the films

**DANNY DORMAN** back in form show it," said Hill. "It was a lot better than the Canadian game. If we play that way the rest of the season, we can do alright."

Hill listed fullback Dunk Porter and halfback Little Bobby Vanpool as the running standouts, Danny Dorman heading up the defense and Villard Hunter the line.

"Yes, we expect to win," concluded the first-year Horse mentor, "but you just never can tell in football."

57TH YEAR FRIDAY, OCTOBER 9, 1964

## 18th Olympic Games In Tokyo Saturday

TOKYO (UPI)—East is east and West is west and yet the twain shall meet when 7,000 athletes from 96 nations march out Saturday for the opening of the 18th modern Olympic Games in this biggest city in the world.

The United States and Russia will battle—as they do in so many areas—for the lions share of honors in physical prowess.

The Yanks will be represented by what Olympic Committee President Kenneth L. (Tug) Wilson said was undoubtedly the finest team in history. The Soviet Union is just as good, if not better.

World records are certain to fall in many of the 20 sports staged for two weeks in the first Olympics ever held in Asia. The games usually are held in July or August but Japanese weather made October the choice.

Russia Seeks Vengeance  
The Russians were out to get trouncing they took from the U.S. track and field team in Los Angeles last August. At Rome four years ago, the Soviet Union won 43 gold medals and the U.S. 34.

But the Olympics are far too big for any two-nation dialogue. The teams here range in size from one long distance runner, from Mali, to the 531-member Japanese contingent and the whole picture was one of the United Nations in shorts.

Saturday afternoon at 2 p.m. (1 a.m. EDT) a 19-year-old Japanese boy born in Hiroshima the day of the atomic bombing will light the Olympic flame in the 72,000-seat National Stadium and Emperor Hirohito will declare the games open.

March In Parade  
The men and girls will parade behind their banners, to the music of their national anthems, into the great arena while 8,000 doves are loosed to the skies.

Then on Sunday begin the first contests—in rowing, basketball, boxing, football (soccer), weightlifting, field hockey, wrestling, swimming and diving, volleyball and water polo.

Wednesday sees the start of the track and field events. By that time the games will be in full swing with competition simultaneously in rowing, cycling, fencing, and yachting.

Sentimental Favorites  
Every game has its high moments and its sentimental favorites. Eighteen-year-old

Gerry Lindgren, a high school boy from Spokane, Wash., who looks like an undernourished urchin, will challenge the world's best in the 10,000 meter run.

One of the most exciting encounters should be in the high jump between Russia's Valery Brumel, who holds the world's record of 7 feet, 5 and ¾ inches, and America's John Thomas, who beat Brumel at Los Angeles and vows to do so again.

Among the girls, there was an intra-mural rivalry between two American swimmers—16-year-old Sharon Stouder of Santa Clara, Calif., and 17-year-old Donna de Varona from Glendale, Calif., a dark-haired, brown-eyed beauty with the savoir faire of having swam four years ago at Rome. Then 13, she was the youngest girl ever to compete in an Olympics.

## Mel Stottlemyre Another Whitey?

ST. LOUIS (UPI)—The New York Yankees had a new Whitey Ford today in rookie righthander Mel Stottlemyre.

Stottlemyre worked his way out of his own mixups Thursday to defeat the St. Louis Cardinals, 8-3, in the second World Series game he ever has seen.

In the process, the justified opinion earned earlier from Manager Yogi Berra when he compiled a 9-3 record for the American League champions after he was called up from Richmond, Va., Aug. 11.

"I'd say he's the coolest kid I've seen since Whitey came up in 1953," Berra said. "His very cool. Nothing bothers him, and he holds his position very well."

"He has a very good sinker, and very good control. I saw him in the spring, and he had a chance to make this club. Then he started very bad with Richmond and finally won about 10 in a row before we called him up."

High Praise  
Comparing him to Ford was high praise since Whitey still is the bellwether of the Yankee pitching roster and holds the record for most World Series wins with 10.

Berra, despite his esteem for both hurlers, wouldn't assign them definite games to pitch in the remainder of the series.

"I might start Ford Sunday," he said, "but I won't go beyond naming Saturday's pitcher now, Jim Bouton. And I might start Stottlemyre Monday, or I might save him until we come back here."

Quickly, then, he said, "I'm not saying we're coming back here."

Stottlemyre was an expert against the Cardinals Thursday and even though he was one pitch away from being relieved, he heeded warnings from both Berra and catcher Elston Howard to "keep the ball down" and survived, allowing only seven hits.

"I'd say the biggest pitch of the game was the slider I got Ken Boyer on with runners on base in the eighth," he said. "I wasn't trying to strike him out. I was just trying to make him hit the ball."

MRS. BARBARA CHAIM, Denver, Colo., a car owner who tried a sample of Skelly's additive, Keotane, reports: "My car takes off just like a new car with Keotane. The engine noise disappeared just like magic." (from Keotane Report #6)

Are all gasolines alike? Or do the best additives make the best gasolines? Find out for yourself. Try just 3 tankfuls of Skelly's Keotane Gasoline. Then you be the judge!

# Huffman's WD Bucks Confident Of Win

WHITE DEER —Coach Cole Huffman and his White Deer Bucks firmly believe that the Claude Mustangs' undefeated string will be snapped tonight at the hands of the Bucks.

"They're a fine team, maybe a great team," said the roly-poly Boss Buck, "but we feel that if the kids play good ball they can win. The kids feel like they can win and the coaches feel the same."

Huffman doesn't take anything away from Claude, but the Bucks did themselves proud in a decisive beating of traditional, and tough, rival Panhandle last week, and "you always feel good after you win," admitted the smiling one.

"Don't take anything away from Claude, they're a fine team. You don't get a 5-0 record without talent and they have plenty of that. They have a real large line, two 190-pound halfbacks, a 180-pound fullback and a left-handed passing quar-

**SMITH BROTHERS** — Better than cough drops, as far as White Deer is concerned, are Smith brothers Charles (33) and Gary (11), standouts in last week's win.

terback. They're real good boys. When you add to that the fact that one of those halfbacks is speedster Denton Fox, an all-state candidate, you get a pretty impressive combination.

"However, we had a pretty impressive combo last week, both on offense and defense. The Smith brothers were the standouts. Charles got the highest offensive rating we have ever given in a game and Gary got the highest defensive rating. Vernon Marlar and Eddie Kleibrink both ran well and Donnie Powell kept setting us up with long punt returns.

"If we can play that kind of ball this week, I'm not afraid of Claude tonight."

UFL GAMES  
COLUMBUS, Ohio (UPI)—Indianaapolis, leading the United Football League's Western Division with a 5-1 record, faces Toledo tonight. The Eastern Division leader, Charleston (5-1), meets Canton (4-2) Sunday night.

DELUCCA REACTIVATED  
NEW YORK (UPI)—Veteran guard Sam DeLucca was reactivated Thursday by the New York Jets for their game here on Saturday night against the Oakland Raiders at Shea Stadium.

## Jolly Roger Sidelined, Georgia Tech Favored

By GARY KALE  
UPI Sports Writer

With a little bit of luck, Georgia Tech can extend its unbeaten string tonight against Navy in the first college football clash between the two schools since 1947.

And that sliver of luck, hard as it may be to Navy enthusiasts, is the injury to the Middle's Heisman Trophy quarterback Roger Staubach.

Last week Navy lost to Michigan, 21-0, because Staubach's ankle injury was severe enough to prevent him from launching a sustained attack. Coach Wayne Hardin isn't taking any chances this time in the game at Jacksonville, Fla., and probably will start reserve signal caller Bruce Bickie. He has fullback Pat Donnelly and halfback Kip Paskevich to supply the power on the ground.

Georgia Tech beat Navy, 16-14, the last time they played and also scored a 28-20 victory over the Midshipmen in 1946 by tallying two touchdowns in the last two minutes.

Big Intersectional Clash  
Another big intersectional clash tonight is at the Orange Bowl, where Miami of Florida faces California, the first West Coast opponent in the Hurricane's football history.

The Bears feature a passing combination of quarterback

Craig Morton, who has 53 completions in 82 attempts for 660 yards, and end Jack Schraub, who has snared 22 passes this season for 248 yards and a touchdown.

Miami is on the short end of seven-point odds as a result of injuries to backs Pete Banaszak, Russell Smith and Jack Sims, all of whom are expected to see limited action.

Saturday's big games include the battle between top-ranked Texas and Oklahoma at Dallas; second-ranked Illinois' meeting with visiting Illinois-ranked Ohio State; Alabama's third-ranked Crimson Tide hosting of North Carolina State; No. 4 Michigan facing Michigan State at East Lansing, revitalized Notre Dame, No. 5, visiting Air Force; seventh-ranked Kentucky at Florida State; eighth-rated Nebraska taking on South Carolina at Lincoln and No. 9 UCLA playing at No. 10 Syracuse.

Other Saturday games around the country:

East: Army vs. Penn State, Brown vs. Yale, Colgate vs. Holy Cross, Columbia vs. Harvard, Dartmouth vs. Princeton, Cornell vs. Pennsylvania.

South: Tennessee vs. Boston College, Auburn vs. Chattanooga, Clemson vs. Georgia, Duke vs. Maryland, Florida vs. Mississippi, Mississippi State vs. Tulane, North Carolina vs. Louisiana State.

Midwest: Indiana vs. Iowa, Kansas State vs. Missouri, Kansas vs. Iowa State, Minnesota vs. Northwestern, Wisconsin vs. Purdue, Toledo vs. Ohio U.

Southwest: Arizona State vs. Texas Western, Arizona vs. New Mexico, Arkansas vs. Baylor, Texas Tech vs. TCU, Tulsa vs. Houston.

West: Stanford vs. Rice, Oregon vs. Washington, Oregon State vs. Idaho, Southern California vs. Texas A&M.

## In Texas... after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Texas... beer goes with fun, with relaxation

TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Top-Level Campaigner!

LBJ will go down in the history books as America's first campaigner to cover earth and heaven, too — what with his organizations in London and Paris and (believe it or not) an emissary knocking at the doors of those "Mansions in the Sky" — specifically the abodes of Brahma, Vishnu, Siva, Allah and whatever other gods there may be to whom the devout of India offer up their prayers!

We are indebted to National Review's Editor William F. Buckley Jr., writing in The Washington Daily News, for the astonishing discovery that heaven's gods have been embroiled in the US Presidential donnybrook by the chaplain of Yale University, the Rev. William Sloane Coffin Jr.

Dr. Coffin, according to Editor Buckley, has hit upon a formula for hating Goldwater WHOLESALE! Instead of depicting those within striking distance, he urges them to pray to their deities for a Goldwater defeat. Presumably, the gods — if the demand is impressive enough — will then command all worshippers to campaign for LBJ in the American election.

Mr. Buckley, a Yale alumnus, quotes this revelation from the opening day issue of the Yale Daily News as follows (so you will see we are not just making it up): "William Sloane Coffin Jr., Yale's partisan prophet, for the past five weeks has been urging university audiences across India to pray

every night to whomever they pray to that Barry Goldwater will not be elected."

And if you care for a footnote to this story, the article states that this safari was "a State Department - sponsored speaking tour." YOU were paying for it!

Heretofore, at least, the citizens of India (and Britain and Europe) have not been permitted to vote in US elections. But, we're beginning to wonder what arrangements may be in the making. A year ago, we would not have thought it possible for a Massachusetts to run for the Senate in New York or a Virginian to enter the Upper House from California. (The Space Age influence at work, no doubt!)

Seriously, the Administration is going to unheard-of lengths to give voters the impression that only LBJ can keep our global image bright and shining. One difficulty, however, is the fact that it lost its gloss a good while ago what with our Korean failure, the Hungarian massacre, the Berlin Wall, the lack of an African policy, the annexation of Cuba by the USSR, acceptance of a nuclear test-ban on Russian terms, loss of the UN by the Free World, our coddling of Sukarno, the fiasco in Laos and the impending one in South Vietnam.

And furthermore, we still believe there are enough straight-thinking Americans more concerned with their own parlous affairs than what the neighbors think.

Asked for the evidence to support this, Grenier simply says: "Can't you feel it?" In a slightly different frame of mind, he says: "A tremendous decision-making process is going on. The forces at work are tremendously dynamic."

"This is a very unusual election. Everybody involved in it (in the Goldwater camp) understands this. Nobody is paying any attention to the adverse polls."

This is just one more version of what might be called the Goldwater mystique — the theory being offered by many in the Goldwater camp that there exists a curious uneasiness in the American electorate which may be broad and deep enough to confound the polls which show the President with a commanding national lead.

While Grenier and his fellow strategists offer it, most of them at the same time say they have not found the key that might jell this reported voter restlessness to produce a winning Goldwater surge.

Says Burch: "We're still kind of playing the piano to see which chords sound best. We're sort of like Gen. (George) Patton's task force probing for a weak spot to break through."

"I have a hunch Johnson is going to commit some boo-boo that will give us the opening we need."

What if the President avoids major error and refuses to be goaded by the heavy Goldwater-Miller attacks upon him?

"We'll just keep banging away, playing for a break," says Burch. "When you start from far behind, you have to have a break—or make one."

If that break—that turning point—does not come soon, then the desperation signals may go up in the Goldwater camp. Their flexibility and ingenuity as strategists would be given the severest test.

**HOW TO ADDRESS OUR LAW MAKERS**

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)  
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.  
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.  
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.  
(STATE)  
Rep. Granger McWhorter, House Bldg., Austin, Texas  
Sen. Gredley Hazelwood, Senate Bldg., Austin, Texas

"... and something unexpected has come up—I need money for tuition!"

## CAPITOL EYE

### Restlessness Goldwater's Chief Hope

BY BRUCE BLOSSAT  
Washington Correspondent  
ON TOUR WITH GOLDWATER—(NEA)—The next two weeks may produce a critical turning point in Sen. Barry Goldwater's drive for the presidency.

Candid realists in his own camp say Goldwater needs a great upsurge to catch President Lyndon B. Johnson.

If a major upturn does not come by mid-October, Goldwater's fortunes could plunge further downward toward a great election disaster.

Even the senator's moderate Republican detractors wish for some upward push, if only for the sake of their threatened state and local tickets.

There is firm evidence that Goldwater and all his inner circle strategists agree that he now trails the President very badly. Where they seem to disagree is on what to say and do about it.

Goldwater privately acknowledges a present heavy disadvantage, while asserting publicly that his campaign right now is "far, far exceeding our expectations." If this is not contradictory, it presumes that much greater gains must still be made.

Some of the Senator's aides discuss frankly his trailing position, and some do not.

Tight-lipped, GOP National Chairman Dean Burch tells you Goldwater started from "far behind." He believes the situation is improving, but he makes no forecast of victory.

Another aide, anonymous here, talks in one breath of a national restlessness that can give Goldwater victory, and in the next of his possibly carrying no more than 10 of the 50 states.

Tough-minded though he is, John Grenier, the national committees executive director, blandly insists even in quiet asides to newsmen that "we are winning."

Asked for the evidence to support this, Grenier simply says: "Can't you feel it?" In a slightly different frame of mind, he says: "A tremendous decision-making process is going on. The forces at work are tremendously dynamic."

"This is a very unusual election. Everybody involved in it (in the Goldwater camp) understands this. Nobody is paying any attention to the adverse polls."

This is just one more version of what might be called the Goldwater mystique — the theory being offered by many in the Goldwater camp that there exists a curious uneasiness in the American electorate which may be broad and deep enough to confound the polls which show the President with a commanding national lead.

While Grenier and his fellow strategists offer it, most of them at the same time say they have not found the key that might jell this reported voter restlessness to produce a winning Goldwater surge.

Says Burch: "We're still kind of playing the piano to see which chords sound best. We're sort of like Gen. (George) Patton's task force probing for a weak spot to break through."

## The New Campaigners

**Backstage Washington**  
Checking Bill for Assassination Investigation Final Job of Warren Commission — Cost \$1 Million?

**Robert Allen**  
WASHINGTON — One important job still awaits action by the special commission that investigated the assassination of President Kennedy.

This is passing on the quite considerable cost of the 10-month probe.

Officially, the commission is no longer in existence. When its seven members met with President Johnson to present their voluminous findings, they expressly asked that they be formally "discharged" to signify the conclusion of their work. The President promptly complied, and the group was dissolved.

But the essential problem of expenditures still awaits disposal.

That will be considered at a special meeting to be convened by the chairman, Chief Justice Warren, in the next several weeks.

Estimates of the total cost range from \$500,000 to more than \$1 million.

The money came from the contingency funds Congress annually votes the President for unanticipated outlays.

The commissioners are still largely in the dark on just how much their inquiry cost. A detailed report is to be presented for consideration and approval at the forthcoming special meeting.

At the start of the investigation, the group unanimously voted to leave the hiring and spending in the hands of Chief Justice Warren and J. Lee Rankin, solicitor general in the Eisenhower Administration, whom Warren selected as general counsel. Under this arrangement, Rankin actually handled the purse strings.

Several commission sources are indicating his remuneration will come to around \$25,000.

The sizable staff included 12 assistant counsels, 14 so-called "clerical assistants," some of whom were fledgling attorneys and accountants, and a large number of stenographers and other office help provided by the General Accounting Office.

Still undetermined is whether the cost of the GAO workers and the numerous agents supplied by the FBI and Secret Service will be absorbed by these agencies or charged to the White House contingency funds. The former course is deemed most likely.

**SHE LIKES IT HERE**—Mrs. Marina Oswald wants to become a U. S. citizen, and raise her two young daughters in this country — one of whom was born here.

The widow of President Kennedy's assassin has no desire of intention to return to Russia. All her plans are based on remaining permanently in the U. S. and obtaining citizenship as soon as she can.

That's what she disclosed in informal talks with members of the special commission that investigated her husband's crime. The Russian-born widow, liv-

## EVERYBODY'S BUSINESS

### Tangling With the Other Chap's Gear Ties Own Knot

BY SAM CAMPBELL  
Under these circumstances, the wonder is less that liberty is lost than that so many vestiges of it persist.

All of the foregoing contradictions have one point in common — the endeavor by individuals to lay some kind of a claim, legal or otherwise — on property that belongs to someone else. Thus everyone is interfering with everyone else, compelling everyone else, invading everyone else, and is by the same process himself enslaved.

The truth is that freedom is simply a commitment to the idea that each man is entitled to complete choice as to what he does with those things that belong to him and is entitled to NOTHING further. Bluntly, that means "hands off the other fellow's property."

Private employment agencies bemoan the interference of the State Labor Commissar in their operations and advertising, but support officers of their own association who call for state licensing "to upgrade standards."

Officers of savings & loan associations warble the merits of free enterprise at service club gatherings, but continue to try to head off competition by invoking of state edict.

**Sentimental Reasoning**  
Bankers pontificate on a "let's do it ourselves" philosophy, and at the same time propagandize in favor of the Federal Deposit Insurance Corporation.

Preachers proclaim the purity of God's Law, but lapse into sentimentality, vagueness, and indecision when they try to reconcile "thou shalt not steal" with the Civil Wrongs Law that deprives the property owner of full title to his own belongings.

Church - goes nod in unthinking agreement with doctrine which when implemented will Sovietize the very building they sit in.

**Teachers Wonder**  
Teachers wonder vaguely what they can do about the growing disrespect for law and order and, at the same time, lend fervent organizational support to compulsory schooling that rests on a foundation of financial corruption unparalleled since the days of the French monarchy.

Women clack in sympathy with the housewife whom city tyrants force to tear out a remodeled garage, but they warm the chairs at the planning commission to prevent business proprietors from developing their own property.

Men, in order to conceal ignorance, lend vocal support to pending legislation that they haven't even read.

Union members bemoan the results when they are bullied or conned by their own officers, but they steadfastly refuse to use the brains that God gave them.

**Vestiges Persist**  
Businessmen rejoice when the long arm of government smashes down on union wage bids, little understanding that wage control is nothing less than price control.

say the arrest was for serving Martinis.

Dear Dr. Cannel—My husband and I are the parents of a teenage son. For the past several years, we have had the boys and girls in his set at Saturday afternoon cocktails, but as yet we have not been arrested. Has this made our son an outsider in his peer group? Will he marry a member of a minority group?

Answer—You may not have done irreparable damage—yet. Send one dollar (\$1) to the Institute for our illustrated booklet, "Supervised Rebellion," which will be sent to you under plain brown paper wrapper.

Dear Dr. Cannel—I am a girl 13 and a junior at Vassar and plan to be married to a wonderful fellow who is a senior at Darien Gray High School as soon as he gets his divorce. But one thing bothers me. He will not take a cigarette or a cocktail unless his parents are present. Is this a bad sign?

Answer—Not at all. Young people can have a perfectly good time together without drinking and smoking.

Dear Dr. Cannel—My parents have been arrested for serving beer to the kids in the neighborhood. Will this look bad on my college entrance application?

Answer—Only if you are applying to Yale. If so, it is best to their antics and tactics.

—Regaining membership in the AFL-CIO, from which the Teamsters were expelled on corruption and other charges. His re-entry may prove complicated, because of Teamster efforts to raid other unions. The AFL-CIO probably will demand specific guarantees against that before opening its doors again.

Powerful anti-Hoffa sentiment prevails in the Western Conference of Teamsters, headed by Einar Mohn, and among big New York locals. The latter flatly refused to go along with Hoffa's scheme for a national contract, and last month they won a three-year package agreement with more money and other benefits than Hoffa's pact.

HIPPO INJURES KEEPER

LISBON, Portugal (UPI)—A female hippopotamus in the Lisbon zoo attacked and seriously injured a keeper when he approached with her food ration, zoo authorities reported Wednesday.

The hippo recently had given birth and the new baby was nearby. The keeper, Jose Vives Simoes, was severely bitten about his abdomen.

LUNCH IS OUT

MILWAUKEE, Wis. (UPI)—The planned box lunch at next Tuesday's Republican rally featuring Sen. Barry M. Goldwater should be ideal for weight watchers.

There won't be any food. The state GOP announced Wednesday that the original plan to serve box lunches to those paying the \$50 admission charge has been abandoned because the cartons would be fire hazards.

SETS FLIGHT RECORD WASHINGTON (UPI)—Trans World Airlines announced Thursday that one of its Boeing 707 jets set a new record of five hours and 37 minutes on a flight from Washington to London Wednesday.

The plane, commanded by Capt. Neil Lytle, averaged 580 miles an hour, aided by tailwinds. There were 82 passengers aboard.

The Laetrile Story

(Continued From Page 1)

none of this money has been spent to investigate the Unitarian Thesis, yet both agencies have dismissed the theory without scientific explanation.

In 1950, Ernst T. Krebs Jr., a San Francisco biochemist, his physician father and Howard H. Beard, a biochemist of Fort Worth, Tex., published in Medical Record a scientific paper outlining the Unitarian or Trophoblastic Thesis of Cancer. They awaited the judgment of the men of medicine.

It is traditional in medicine that any faulty theory be quickly pounced upon by those who have the scientific evidence to refute it.

No refutation has come in the 14 years since the Krebs paper was published. But the thesis, unchallenged on scientific grounds, has been held in check by the most punishing of political weapons.

Like most of medicine's multi-syllable words, trophoblast is a foreign term to laymen. By definition, it is the most primitive cell in the life cycle. Its sole function in the normal development of life is to prepare the wall of the womb for the attachment and nourishment of the embryo which is to become a new life.

This erosive action against the uterine wall begins following fertilization or union of the female egg and male sperm to form a single cell. This single cell divides with production of trophoblast cells which multiply rapidly.

In the normal function of the human body, enzymes from the mother and from the embryo destroy the trophoblast once it has completed its assigned task. The embryo then continues the life cycle and progresses to the birth of the child.

Pregnancy trophoblast gives off a hormone known as chorionic gonadotrophin, passed from the body in urine. It is detected in urine specimens and its presence confirms the fact of pregnancy.

The Unitarian or Trophoblastic Thesis of Cancer holds that trophoblast can also arise in either male or female individuals without fertilization of an ovum (egg). It holds that trophoblast is created when certain cells are caused to divide by chemical action (the inflammation caused by tobacco tars or by viruses, for example).

As the germ cells in the body are caused to divide, trophoblast is created. The body's enzymes normally will destroy this invasive agent, and life will continue without unusual symptoms.

Where there is enzymic insufficiency of the trophoblast killers, the invasive cells are permitted to multiply and the malignancy known as cancer can develop.

The medical revolutionaries who have investigated the Unitarian Thesis have reported an abundance of similarities between normal pregnancy trophoblast and cancer cells.

It is known and has been published in orthodox medical

papers that cancer of the reproductive organs in both male and female contains trophoblast. It is known also that the pregnancy hormone, chorionic gonadotrophin, is found in urine of both male and female cancer patients whose malignancy is in the reproductive organs.

But the revolutionaries go further. They say all cancer is trophoblast — that the malignant cell in a cancer tumor is the trophoblast cell. They claim that the hormone chorionic gonadotrophin is found in minute but detectable amounts in all exhibitions of cancer in both male and female.

The thesis was first advanced in June 1902 by Dr. John Beard, professor of embryology at Edinburgh University in Scotland. For 62 years it has been ignored or overlooked except for a few independent researchers who call themselves Beardians in his honor.

The main force of medical research has scattered in all directions in the search for cancer clues. Almost all of the discoveries accepted by orthodox fit neatly into the jig-saw puzzle completed by the Unitarian Thesis, but only the revolutionaries claim they have pieced it together.

These scientists say they are at the summit of the quest of cancer, quietly saving lives, relieving pain and adding extra months to already doomed victims.

They also patiently report their claims through whatever medical journals will accept the papers (almost exclusively in foreign nations).

But the orthodox world of science remains silent. (Next: The Laetrile Therapy)

MISSILE MIGHT?—No, it's only a more than 400-foot-high smokestack at a Chillicothe, Ohio, paper mill. The stack, tallest in the U.S. paper industry, was built at a rate of about 20 feet a day.

BEATLE BOOSTER

DALLAS (UPI)—The Beatles, who some American parents and police view as delayed revenge for the Revolutionary War, have a strong supporter in the British ambassador in the United States.

"I met them myself in Washington," said the ambassador, Lord Harlech, Tuesday. "I find them delightful." He said they are probably the United Kingdom's most popular export.

TOPLESS SUITS EXPOSED

LOURENCO MARQUES, Mozambique (UPI)—The new paper Diario demanded today that white South African girls stop wearing topless bathing suits on the popular Polana beach.

It urged authorities to arrest anyone wearing a non-conventional suit.

Female of Species

Crossword puzzle grid with clues for 'Female of Species'. Clues include: 1 Female member of Parliament, 4 Thackeray busy, 11 Garlic bulbs, 13 Sports fields, 14 Carry, 15 Lucrative, 16 First temptress, 17 South American, 19 Canadian, 20 Delegated, 23 Bloodily, 24 English queen, 26 Samson's nemesis, 30 Do not exist, 32 Half mask, 33 Military, 34 Work, 35 U.S. coins, 36 Browned bread, 38 Wisp of hair, 39 Of sound quality, 42 Headpiece, 43 Notion, 44 Female sheep, 49 Wandering, 50 Female warrior, 54 Elbow room, 55 Bird, 56 Grabbed, 57 Measure, 58 Downy, 1 Skin affliction, 2 Czech, for instance, 3 Carry (coll.), 4 Egg (comb. form), 5 Disclose again, 7 Theater sign.

Answer to Previous Puzzle

Answers to the crossword puzzle: Across: 1. Member of Parliament, 4. Thackeray busy, 11. Garlic bulbs, 13. Sports fields, 14. Carry, 15. Lucrative, 16. First temptress, 17. South American, 19. Canadian, 20. Delegated, 23. Bloodily, 24. English queen, 26. Samson's nemesis, 30. Do not exist, 32. Half mask, 33. Military, 34. Work, 35. U.S. coins, 36. Browned bread, 38. Wisp of hair, 39. Of sound quality, 42. Headpiece, 43. Notion, 44. Female sheep, 49. Wandering, 50. Female warrior, 54. Elbow room, 55. Bird, 56. Grabbed, 57. Measure, 58. Downy. Down: 1. Skin affliction, 2. Czech, for instance, 3. Carry (coll.), 4. Egg (comb. form), 5. Disclose again, 7. Theater sign.

LITERARY AWARD

WASHINGTON (UPI)—A \$1,000 Four Freedoms literary award for outstanding authors has been established by B'nai B'rith Women, an international Jewish women's service organization.

The award, to be presented here March 9 at a luncheon, will go to the author of a literary work published this year which "makes the most outstanding contribution to thought on human rights issues."

PORNOGRAPHY KIT

NEW YORK (UPI)—To make sure they knew what they were opposed to, the 21 members of Mayor Robert F. Wagner's anti-pornography commission were issued kits of materials yesterday.

The kits contained copies of here March 9 at a luncheon, and will go to the author of a literary work published this year which "makes the most outstanding contribution to thought on human rights issues."

Shamrock to Be Host to Singers

SHAMROCK (Sp1) — Shamrock will host Saturday and Sunday to the 36th annual convention of the Oklahoma-Texas Singers Association. Scene of the convention will be the National Guard Armory. Elmo J. Hudgins of Pampa is president of the association.

An estimated 3,000 persons from several states are expected to attend the song fest. Appearing on the program will be some of the top singers in the Southwest. Singers and other visitors will begin arriving Saturday morning in time for the first session at 2 p.m. The second session is scheduled at 7 p.m.

Sunday programs are slated for 10 a.m. and 1 p.m. At 9 a.m. Sunday Delegates to the convention will meet and elect officers for a two-year term and consider bids for the 1965 convention site. Shamrock's mayor, Seibert Worley, will extend greetings to the visitors at 2 p.m. Sunday. There will be no admission charge to any of the sessions, and the public is invited.

President Hudgins will serve as master of ceremonies. Many of the top quartets trios and duets in the Southwest will perform during the convention. Also participating will be outstanding song leaders and soloists. Singers from both professional and amateur ranks will be on the program.
