# Labor Heads Protest Wage Freeze

## Government Employees Also Subject To Freeze

Associated Press Writer  
WASHINGTON (AP) — Millions of state and local government workers have been told their raises guaranteed by contract are caught in the web of the President Nixon's 90-day wage-price-freeze.  
The new Cost of Living Council, created by the White House to write economic guidelines, said government employees at all levels are "subject to the freeze just as are all wages in private industry."  
Teachers, police and firemen, thousands of whom walked picket lines or staged "blue-outs" to win fatter pay checks, were told Wednesday they won't get them right away unless the contract period started before Aug. 15.  
The same holds true, the council said, for federal government workers.  
Although Nixon announced Sunday he intends to delay federal pay raises six months,

Chairman haddesus J. Dulski of the House Post Office Committee said he will meet with federal officials to determine if that can be done legally.  
The New York Democrat conceded, however, that the bill providing raises next Jan. 1 and a year later also authorizes the President to freeze federal wages in a national emergency or economic crisis.  
The Pentagon formed its own interpretation, announcing all 27 million men and women in uniforms are exempt from the freeze although the Defense Department's 1.1 million civilian employees are not.  
Declaring "the secretary of defense has the authority to run his department and this is our decision now," Pentagon spokesman Jerry W. Friedheim said military personnel will continue to receive all pay boosts for longevity, promotions, benefits and bonuses. Later, underlining confusion

within the government, Deputy Defense Secretary David M. Packard said the department will abide by the presidential order but, without Cost of Living Council guidelines to the contrary, will follow the plan outlined by Friedheim.

## Red Negotiators Repeat Demand For Total Pullout

PARIS (AP) — North Vietnam declared today that the longer the United States delays its total withdrawal from Vietnam, the more it will face "economic and monetary difficulties."  
Hanoi's chief negotiator, Xuan Thuy, returned to the Vietnam peace talks after missing last week's session, apparently because of illness.  
"The more the United States delays its total and unconditional withdrawal from Vietnam," he told newsmen as he entered the 126th weekly session of the talks, "the longer it delays the return of the captured American military men to their homes, and the greater will be its economic and monetary difficulties."  
The Viet Cong delegates, Mrs. Nguyen Thi Binh, did not attend the session. There was no immediate explanation. She was replaced by one of her deputies, Dinh Ba Thi.  
South Vietnam's Pham Dang Lam, the first speaker, accused North Vietnam of "feverishly intensifying military preparations" by concentrating troops and supplies in the demilitarized zone for a strike against the South.  
The acting U.S. negotiator, Philip C. Habib, also accused North Vietnam of "blatant violations" of the demilitarized zone. He called for "immediate and serious consideration" of a long-standing American proposal for a general cease-fire throughout Indochina.  
The proposal has been repeatedly rejected by the Communist side.

DEMOCRATIC VISITORS — Congressman Graham Purcell, Fort Worth, was greeted by about 50 Gray County Democrats yesterday when he arrived in Pampa for a short visit. Mrs. Jake Osborn welcomed the visitor when he arrived at the Coronado Inn by helicopter yesterday. (Staff Photo)

## Union Leaders Meet With Nixon's Aides

WASHINGTON (AP) — Labor leaders, facing what some view as their gravest crisis in 20 years, meet White House emissaries today virtually united in protest of President Nixon's wage-price freeze and his request for a ban on strikes.  
"It's the most serious thing for us since the question first came up in World War II on how controls could legally be clamped on," said one AFL-CIO source.  
George Shultz, a top Nixon economic adviser, and Secretary of Labor J.D. Hodgson were dispatched by Nixon to field the protests and questions of union chiefs at a special meeting of the AFL-CIO's 35-man executive council.  
Meanwhile, thousands of striking longshoremen, telephone workers, teamsters, construction workers and others continued their walkouts despite Nixon's back-to-work request and federal hints of stiff fines if they don't voluntarily return to their jobs during the 90-day freeze.  
High administration sources confirmed efforts to mollify George Meany, 77-year-old president of the AFL-CIO who protested the freeze and was reportedly infuriated at Hodgson. The labor secretary had said Meany appeared "sadly out of step with the needs and desires of America's working men and women." Hodgson's comment was in a press release other federal officials tried but failed to stop.  
"We have to be conciliatory," said one source of administration efforts to calm labor fears, win voluntary cooperation on the wage-price freeze and end strikes involving 150,000 workers. Labor contracts covering another 500,000 workers are due to expire during the freeze and the government asked unions involved not to start new strikes.  
"Our lawyers are checking into it and will report to the executive council," snapped one AFL-CIO source, indicating the 13.6-million-member labor federation will try to challenge Nixon's authority in the federal courts.  
Labor attorneys also sought means to challenge at least some aspects of Nixon's wage freeze.  
"We will not permit abrogation of the wage provision, the cost-of-living and annual improvement factor clauses of our agreements," said the United Auto Workers, which threatened to cancel contracts for some 600,000 workers in major auto firms if they don't get raises due them during the freeze.  
Harry Bridges, president of the International Longshoremen's and Warehousemen's Union, denounced the freeze and refused to call off the 49-day-old strike of 15,000 dock workers tying up most West Coast shipping.  
The Auto Workers and West Coast Longshoremen are independent unions which frequently quarrel with Meany's federation of 120 unions. But their responses indicated a virtually united nationwide labor front against Nixon's freeze and no-strike request.

## FDA Says High Level Of PCBs Found In Eggs Over Last Month

WASHINGTON (AP) — A month after discovering a persistent poison was leaking into fish meal destined for chickens, pigs and catfish feed, the government has acknowledged an unknown quantity of contaminated eggs has been eaten by consumers.  
Food and Drug Administration spokesmen say the level at which the eggs were contaminated by the DDT-like chemical — although illegal — is so low there is no health hazard. Ralph Nader says it is a hazard.

"The FDA judges the current problem with eggs to be one of undesirable food adulteration not associated with any health hazard," said an FDA spokesman Wednesday. Earlier, a Washington egg distributor said he had no idea 5,000 dozen eggs he received were contaminated and the eggs slipped through the agency's enforcement net a week and a half ago.  
The FDA said hotels, restaurants and grocery stores already had received the eggs by the time lab tests were completed.

## Purcell Meets With Democrats Here, Discussing New District

Graham Purcell, Democratic Congressman of the 13th District of Texas for the past ten years said yesterday in Pampa his political plans for upcoming elections will be announced next Tuesday in Wichita Falls.  
The Fort Worth native visited Pampa briefly on a tour of a Texas Panhandle. A coffee conducted at Coronado Inn was attended by about 50 Democratic supporters in the area.  
Congressman Purcell told the group two-thirds of the new district, an area now represented by Purcell and

## Purcell Meets With Democrats Here, Discussing New District

with livestock and grain production problems this year in Washington were submitted to procedures wasting what the Congressman considered valuable time in re-writing Richard Nixon-vetted bills.  
Purcell said in passing the were planted in anticipation of continued corn blight, which would necessitate the usage of more diversified grains. The blight epidemic was curbed and as a result the market flooded purcell said in passing the condition to the responsibility of Republican management. Bills designed to alleviate the were passed in forms the Congressman said, lacking his complete approval.

Congressman Bob Price is compiled of the old 13th district with one-third of the new district taking in the Panhandle area.  
Purcell assured Gray County Democrats he was qualified to understand problems in the area, probably to a greater extent than urban conflicts he is now faced within the Dallas-Fort Worth area, since his educational background is agricultural.  
Purcell would not comment when news media queried him about the stock scandal that rocks Austin.  
Self-described as "middle of the road" Democrat, Purcell said his sub-committee dealing

## CELANESE HEAD SAYS President's Overall Program Will Help Chemical Business

John W. Brooks, president of Celanese Corporation, said today President Nixon's newly-announced economic program should have a constructive effect on the giant chemical firm's operations, particularly in the fiber and chemical areas.  
Celanese has four chemical plants in Texas, at Bishop, Pampa, Bay City and Clear Lake as well as a plastics plant and a coatings plant in the Houston suburbs. Celanese fibers plants are located in the Southeast, from Maryland to Georgia.  
Brooks said the price freeze will not have significant effect on the company's chemical business, due to the industry's existing overcapacity situation. However, he pointed out that the "floating dollar" should make U.S. chemicals more competitive in world markets and thus help export sales.  
President Nixon's overall program will help the U.S. chemical business, including several of Celanese principal chemical and plastics products, Brooks said.  
He said he hoped it would also avoid the scheduled east coast long-shoreman's strike which could have affected chemical export sales.  
"Plastics prices have been generally weak and our hopes for price increases in some lines such as high-density polyethylene which is made at our Houston plant, appear to be blocked for the present," Brooks said. "Overall, the program should stimulate the domestic economy with resulting favorable impact on plastics sales. And export sales

should be aided by the elimination of the imbalance between the U.S. dollar and foreign currencies."  
Brooks pointed out that the massive contributions made by the United States in the rehabilitation of Western Europe and Japan after World War II, resulted in monetary and trade rules which are no longer applicable to today's economic conditions.  
"The program announced by the president, therefore, seems to be the first step in placing the U.S. in competitive position in world-trade, as well as opening up many alternatives to the establishment of monetary systems more attuned to the times," he said.  
In view of the seriousness of our current fiscal and monetary situation, all segments of U.S. society, particularly business, should cooperate to the fullest in helping to make the administration's program a success, Brooks said.  
"In other words, we should not spend our time nit-picking and complaining about the inevitable confusion which will result from applying temporary controls to our complex, trillion dollar economy. Since our economy is heavily oriented toward service, it is particularly difficult to make wage and price regulations effective in the U.S."  
"Now that the increase in the money supply again appears to be moderating, the application of this important fundamental influence on the economy should have a favorable impact on inflation in the foreseeable future. Under the circumstances, it would, hopefully, not be necessary to make the 'temporary' controls a permanent fixture."

## 7th Fleet Joins B52s In Firing Southern DMZ

SAIGON (AP) — The U.S. 7th Fleet has fired its big guns into the southern half of the demilitarized zone, joining America's B52 bombers in the campaign to slow a North Vietnam offensive that rolled into its second week today.  
The announcement of the bombardment today was the U.S. Command's first public acknowledgment that American warships are shelling North Vietnamese positions in the southern half of the six-mile-wide buffer zone between the two Vietnams.  
The naval task force in the Tonkin Gulf is led by the guided missile destroyer Berkeley, which has been bombarding enemy rocket and mortar positions in the southern DMZ for the past six days, it was learned.

## White Deer Opens 3-Day Rodeo; Pampa To Participate In Parade

White Deer's 12th Annual Amateur Rodeo opens tonight at 8 p.m. with a bang. With the cancellation of the Pampa Rodeo the White Deer Rodeo now becomes the biggest rodeo in the Texas Panhandle. Rodeo-starved fans from Pampa and all over the Panhandle will descend on White Deer tonight in force. The White Deer Rodeo is sponsored by the White Deer Riding Club and the White Deer Lions Club. They will be assisted by the Riding Club Auxiliary and the Roping Club.  
The Annual Free Barbecue for ticket holders tonight's rodeo events will get under way at 5 p.m. today. The free barbecue will be served on the southeast corner of the rodeo grounds. The White Deer Riding Club assisted by the other clubs started the fires burning under approximately 2000 pounds of prime beef on Tuesday night of this week. Those who sampled the barbecue and trimmings last year state that the barbecue is the best to be found anywhere.  
A number of White Deer businessmen and area boosters have donated the prime beef for the barbecue. Those donating include the following: First bank and Trust Co.; Tony's Welding Works; R.M. Hubbard Oil Co.; Ike's Garage; Railey Fina Station; Lariat Drive Inn; Carson County Feedlot; Charlie Ford Cattle Co.; Line's Hard-

ware & Gifts; Hi-Plains Cafe; White Feed.  
Professional rodeo scouts who attended the White Deer Rodeo last year class the local rodeo events as among the best in the nation. Feature events on tap for tonight, Friday night and Saturday night include: bareback bronc riding, bull riding, heading and heeling, and bull dogging. One of the hair-raising events each night will be the wild horse race each night. This one event generates enough excitement for a life time. Added features include kids bull riding, ladies barrel racing, junior girls barrel racing. There is a free for entrants in those events listed above. One of the free events includes the kids bull rush. Lions Clubs from all over the area have been invited to participate in the businessmen's wild cow milking contest each night. "If you think you can get milk from an unwilling wild cow, then get yourself a team together," said Bud Sandlin, president of the White Deer Riding Club.  
White Dee-Skellytown White Deer's Annual Rodeo

Parade will kick off at 5 p.m. Saturday. The parade entries will assemble in front of the White Deer High School under the direction of Felix Ryals and Ernie Terry, Parade Marshals.  
The annual parade promises to be the best one held during the 12 year history of the event. Thousands of children and adults have packed Main Street of white Deer through the years to witness the beautiful floats and fine horses ridden with expert horsemanship. Riding clubs and Sheriff's Poses from all over West Texas have been invited and a large number of Roping Clubs along with the famous Leather and Lace Club of Pampa are expected to join the festivities.  
Judges will ward trophies to the best three floats, best three riding clubs. A trophy will be awarded to the best wagon and muleteam.  
The parade will move north from the High School to U.S. Highway 60, east along U.S. 60 to the blinker light at the north end on Main Street, south along Main Street to the Buck Stadium parking grounds.  
A Pampa group will join the parade participating in the form of a wagon train set to leave Pampa Saturday at 9:30 a.m. Clifton Rasco, Pampa, has lead the group from Pampa to White Deer for several years. However this year Rasco has added a trail boss, Otto (See RODEO, Page 2)

## Meany's Statement Rapped By Connally

WASHINGTON (AP) — Secretary of the Treasury John B. Connally said today AFL-CIO President George Meany's opposition to the 90-day wage-price freeze shows "he's basically lost touch with what is meaningful to the American workman."  
The verbal jab repeated an administration criticism that already had Meany reportedly fuming. It came less than two hours before White House delegation headed for AFL-CIO headquarters to meet labor leaders virtually united in opposition to the wage-price freeze, viewed by some as their gravest crisis in 20 years.  
Connally, appearing on NBC's Today show, said it was "sheer nonsense" and "rank demagoguery" to argue, as Meany and others have, that President Nixon's tax-cut re-

## Longshoremen Continue Walkout; President Nixon's Move Attacked

SAN FRANCISCO (AP) — Condemning President Nixon's wage-price freeze as unfair to workers, longshore leader Harry Bridges says the 49-day-old West Coast dock strike will continue "in full force."  
However, Bridges told a news conference Wednesday he expects negotiations will resume next week between the West Coast dock union and the Pacific Maritime Association.  
The 70-year-old President of the International Longshoremen's and Warehousemen's Union said he has called the ILWU's West Coast Strike Strategy Committee to meet here Monday.  
He said the union will insist in resumed bargaining that all issues, including wages, be negotiated.  
"If necessary," he declared, "sufficient sums of money to pay wage increases should be placed in escrow to be available at the end of the 90-day freeze period."  
In a telegram to Nixon, Bridges said the President's freeze order placed the burden of fighting inflation "on the backs of the working people of the United States."  
He said the order "favors the rich, creates a new tax bonanza for U.S. corporations, allows interest rates to run scot-free, and hurts millions of American workers and small-business men."

## Local Artist Wins Awards For Works

L.L. Garren, 2120 Charles, is among Pampa's newly recognized artists.

The 10-year veteran hobby painter entered art for competition at the Phillips Free Fair for the first time and brought home awards for each entry.

Two blue ribbons were augmented by two second-place awards and one third-place recognition.

Garren began oil-painting about 10 years ago, devoting much time to landscapes and seascapes.

## Local Employes Of Skelly Oil Dinner Guests Of Company

Employees of Skelly Oil Company's Schafer Gasoline Plant and their spouses will be the dinner guests the company at the Pampa Country Club tonight in recognition of their having worked over 200 thousand hours without a lost time injury.

Skelly will honor the plant's 50 employees and superintendent C.W. Mullins for striving for a perfect accident record since the last lost-time accident in 1959. Schafer plant personnel recorded 205,186 accident-free hours as of August 15.

Skelly awards employees and their spouses a steak dinner for every 200 thousand accident-free hours worked if the plant employs 50 or more people. Plants with less employees earn the same award for working two consecutive accident-free years.

Skelly's home office in Tulsa, Okla., will be represented at the dinner by Wayne E. Wright, safety director in the environmental affairs and safety department; Johnson R. Porter, industrial relations director in the manufacturing department's natural gasoline plants division; and Mr. and Mrs. Jim Trecek, Trecek in public relations representative in the employee and public relations department.

The Schafer plant is one of nine Skelly natural gasoline plants in the company's northern district which is based at Pampa. The district employs 2,800 people who have worked over 400 thousand hours since their last accident.

## Obituaries

**MRS. W.C. HUTCHINSON**

Funeral services were scheduled today in Lake Charles, La., for Mrs. W. C. Hutchinson, former Pampa. Burial and further services will be held in Lima, Ohio.

Mrs. Hutchinson was a long time resident of Pampa, living here from 1933 to 1967 when she went to Peru to live with son. She was a member of the First Methodist Church of Pampa.

She is survived by her son, Bill, of Lima, Peru; and two grandsons.

**TOMMY WAYNE SMITH**

Funeral services for Tommy Wayne Smith of Lefors are slated for 2 p.m. Friday in the First Baptist Church of Lefors under the direction of Carmichael-Whitley funeral home, michael-whitley funeral home, will officiate, assisted by Rev. Virgil Smith of the Baptist Church of Mesa, Ariz. Burial will be in Memory Gardens, Pampa.

Mr. Smith, 26, was killed in a one-car accident Tuesday six miles south of Pampa on Highway 273.

Born Oct. 27, 1944, he was a life-long resident of Lefors, graduating from Lefors High school. He was a veteran of Vietnam service and a member of the First Baptist Church of Lefors. He was employed by Chase Oilfield Servicing Company, Pampa.

Survivors include his daughter, Robin Yvonne of Fort Worth; his father, Leslie Smith of Lefors; two brothers, Robert L. of Amarillo and Gary Ray, serving with the armed forces in Germany; one sister, Mmrs. Linda Kay Riley Amarillo; his maternal grandfather, M.T. Pierce of Edmond, Okla.; and his paternal grandparents, Mr. and Mrs. J.L. Smith of Lefors.

## Rodeo . . .

(Continued From Page 1)

Mangold, and extended o invitation to all horseback-riders and any vehicle "pulled by horse" to join the trek to the White Deer celebration.

The group will convene near the Price Road-Amarillo highway intersection, travel to a lunch site at kingsmill and then journey on to White Deer in time for the activities, Rasco and Mangold said, "anybody that wants to can pack a lunch and join the train."

## County TPA Begins Accepting Applications For Membership

The applications for membership in the Gray County Taxpayers Association are now ready for distribution, Mrs. Audria Sandford announced today. House-to-house distribution should be made, Mrs. Sandford said, and other applications will be left at business centers, to be picked up.

The project is moving slowly ahead, and a meeting will be called and a place of assembly announced in advance, so all people who will attend will know where to come and at what time.

A meeting place will be obtained, if possible, so that older people who find it difficult to climb stairs, will not have to do so.

Anyone who desires to become a member of the group may enroll by mailing name and address to P.O. Box 1555, Pampa, Mrs. Sandford said.

Persons distributing applications have been asked not to leave the forms in mail boxes, when delivering the items house-to-house and to businesses, according to Mrs. Sandford.

## Vaccinated Horses Exceed 1,630,000

HOUSTON (AP)—The U.S. Department of Agriculture's Venezuelan Equine Encephalomyelitis headquarters says a 10-state total of horses vaccinated against VEE exceeds 1,638,000.

A spokesman said Wednesday figures were not available for all states but that Oklahoma with 226,575 inoculations has almost 100 per cent coverage while the Louisiana campaign is 95 per cent complete, Arkansas 93 per cent, Mississippi 92, and New Mexico 85.

Texas' inoculations total 570,142 or 82.6 per cent complete, he said.

LONDON (AP)— Britain's year old battle cruiser HMS Belfast, flagship for the 1944 Normandy invasion, will become a museum anchored in the Thames River, the Royal Navy announced.

LONDON (AP)— Britain's all volunteer army reported 24,890 enlistments in the year ending June 30, 1971, up 3,000 from the previous 12 months. Total strength currently was 174,788.

# Woman's Page

PAMPA DAILY NEWS 3 PAMPA, TEXAS 65th YEAR Thursday, August 19, 1971

By Abigail Van Buren

DEAR ABBY: Our son (I'll call him "Rick") is in high school. Rick and a classmate are best friends. This friend has always been extremely courteous and seemed to be a model lad in every respect. My husband and I were pleased that Rick had chosen a boy of such fine character to pal around with.

Rick's friend went away for a vacation and yesterday Rick received a letter from him. While straightening Rick's room I saw the letter lying on his desk. Without meaning to pry, and because I had a genuine interest in knowing how the friend was getting along, I read the letter and now I wish I hadn't.

Such foul language! I was shocked and revolted. I actually felt contaminated. Could this be the same young man I knew and admired? Is this the language he and our son use together? Why do young people feel they have to use dirty words to express themselves?

Although I know I am prejudiced, I don't think I will ever feel the same toward that boy again. However I don't want to alienate my son.

How do I handle this situation?

RICK'S MOTHER

DEAR MOTHER: What's to handle? The offensive language was not intended for your eyes. Young people (and some older ones) talk "dirty" because it makes them feel unrestricted and "grown up."

Say nothing to your son about it. And in the future, Mother, if you want to know how any of Rick's friends are getting along, ask Rick.

DEAR ABBY: Would you believe that my wife got an overdraft notice from the bank informing her that she was \$17.88 overdrawn in her checking account, so she sat down and wrote out a check for \$17.88 to cover it and mailed it to the bank?

LOVE HER ANYWAY

DEAR LOVE: With some of the mail I get, I can believe anything.

DEAR ABBY: You answered an inquiry by stating, "in spite of all the women's 'libbing it up' it's still a man's world."

I maintain that just the opposite is true, and here's proof: When a man is born, everyone asks, "How is the mother?"

When a man marries, they ask, "How did the bride look?"

And when a man dies, they ask, "How much money did he leave her?"

'NUF SED

## Your Horoscope

FRIDAY, AUG. 20

**Aries** (March 21-April 19): Wind up your work week with a flourish—you won't pass this particular way again. Punctual effort settles most details well.

**Taurus** (April 20-May 20): Put your main attention onto financial and economic matters. See where your money goes, where more is to come from.

**Gemini** (May 21-June 20): Being forthright needn't include harshness—your self-discipline is under test. Slow down at the earliest reasonable time. Take it easy.

**Cancer** (June 21-July 21): Expect surprise among people learning of your plans, but keep on working out details.

**Leo** (July 22-Aug. 22): Speaking out clearly ends some burden and perhaps a different fresh responsibility. Be sure of what you're asking; don't just pull a string.

**Virgo** (Aug. 23-Sept. 22): Move in to close current negotiations; finish incomplete projects. More affairs, times are ahead.

**Libra** (Sept. 23-Oct. 22): Plunging ahead with your own affairs comes too easily; could displease people whose cooperation you'll need later.

**Scorpio** (Oct. 23-Nov. 21): New faces may include potential rivals, competitors. Changes in your faith have been long planned, slowly organized, and almost impossible to hold off long.

**Sagittarius** (Nov. 22-Dec. 21): Sometimes long range self-interest involves quite a bit over the short term. Consider the exchange of an investment keep good records.

**Capricorn** (Dec. 22-Jan. 19): The better you have things organized the duller is the day. Let well enough alone; avoid new controversy.

**Aquarius** (Jan. 20-Feb. 18): For the moment deliver what has been agreed upon rather than pushing brush new theories. Use your energy for more detailed ideas.

**Pisces** (Feb. 19-March 20): It's about time you gave friends, relatives, steady associates—and yourself—a break seek a change of mood and scene.

GARDEN CLUB PRESENTATION — As part of a special project Pampa Garden Club presented Pampa schools with a full set of eight volumes of "People and Their Environment." Shown presenting the books Wednesday to Jerry Cronister, lower left, elementary coordinator, and to Mrs. Marjorie Gout, (next to him) director of educational services, are front row, from the left, Mrs. Lee Harrah, club president; Mrs. James F. Malone, Texas Garden club district director; and Mrs. Georgia Mack, environment committee member. On hand for the event were Pete Erwin, upper left, PE department; back row, left to right, Howard Graham, social studies; Mrs. Elaine Ledbetter, and Mrs. Ootto Mangold, science department; and Mrs. Esther Colville, home ec. department. In the second row, center, is Mrs. Cleona Sears, social studies, and Mrs. Milo Carlson, right, garden club member. (Staff Photo)

## Pampa Garden Club Makes Presentation

As part of a special project to educate children on conservation, the Pampa Garden Club presented a full set of eight volumes to the Pampa Independent School district Wednesday of the "People and Their Environment" series.

This is part of a state-wide project of Texas Garden Clubs, Inc., of which Mrs. James F. Malone of Pampa is a district director.

"People and Their Environment" is a series written for teachers by teachers and designed to make conservation and environmental education an integral part of school curriculum. The series includes books for each elementary grade and books in different subject areas for junior high and senior high levels.

The project is also part of the new civic development program of the National Council of State Garden Clubs, Inc., Mrs. Malone explained.

Appointed to the Pampa Garden Club committee by Mrs. Lee Harrah, club president, are Mrs. Malone, chairman; and Mrs. Milo Carlson, Georgia Mack and H.H. Boynton.

Mrs. Malone explained the club now has enough donations for 24 books, while 75 more books are needed. Anyone interested may take part in seeing the books are placed in all Pampa schools, she pointed out.

**TAKE IT OFF**  
Eye make-up remover is a must for those who wear eye make-up. The oily remover lubricates the lashes and prevents drying and irritation around the sensitive eye area.

**VINEGAR SHINE**  
Try a vinegar rinse to bring out red highlights in drab brown hair. The vinegar also gives the hair a fresh shiny look.

**MORE EYES**  
For complete accentuation of the eyes, try the new eye make-up sets which include shadows, highlights, mascara and liner all in one neat little case.

**HIDING POUNDS**  
Long dresses with vertical patterns do wonders to camouflage those extra pounds you're planning to lose.

## Marchman Family Gathers In Pampa

The Marchman Family reunion was held Sunday in Pampa, with eight of the ten living brothers and sisters attending. Two sisters, Mrs. Lucy Livingston of Stephenville, and Mrs. Dolly Phipps of Modesto, Calif. were unable to attend.

Brothers and sisters attending were Fines of Pampa, Claude, Wallace, and Charlie of Hereford; Henry of Abilene; Berta of Tenaha; Odessa of Sweetwater; and Jessie of Hamlin.

Others attending were Mr. and Mrs. Barnie Smith of Hamlin; Mr. and Mrs. Henry Marchman, Gary, Pam, and Ronny Houghton, all of Abilene; Mr. and Mrs. Roy Thurmond and Bryan, of Skellytown; Mrs. Berta Babek of Tenaha; Mr. and Mrs. Fines Marchman, Dale and Dana of Chickasha, Okla.; Mr. and Mrs. C.J. Marchman, Gwen and Brent Whitaker, Mr. and Mrs. Johnny Gallagher and Debbie, Wallace Marchman, Mr. and Mrs. Charlie archmann, all of Hereford; Mr. and Mrs. Frank Shaw, Francine, Freida, Franka, Frank Jr., Farley and Felicia, of Woodward, Okla. Also present were Mr. and Mrs. Sonny Kovar, Wanita, Sue, Linda, and Karla of Plainview; Mr. and Mrs. Eddie Griffin, Mr. and Mrs. Leroy Marchman, Denise and Lee, all of Borger; Troy and Terry Waller, Ona Lou, Patricia and Betty Ogel, all of Amarillo; Mr. and Mrs. Rayford Marchman of Wheeler; Mrs. Odessa Gable, Mr. and Mrs. Bobby Gabel, Betty A. and Howard, all of Sweetwater; Mr. and Mrs. Kenneth Howell, Kenneth Jr. and Tracie of Stinnett; Mr. and Mrs. Bill McKee.

EXTENDS INVITATION — Mrs. Lillian Snow, left, member of Pampa Altrusa Club, is shown extending an invitation to the club's annual international dinner, to Mrs. George Tsai, 406 N. Somerville, formerly of Formosa, while her son, Harold, 7, listens. The event is slated for 7 p.m. Monday in the fellowship hall of the First Methodist church. All foreign-born women are invited to attend the dinner.

## Baby Shower Given For Wheeler Woman

WHEELER (Special) — Mrs. Kenneth Abernathy was honored recently with a pink and blue shower in the home of Mrs. Isabel Corcoran. Hostesses for the occasion were Johnnye Carson and Johnny Carlton and Miss Kaye Brashears.

The table was laid with a yellow and white cloth. The centerpiece was an arrangement of yellow flowers and candles.

In the receiving line were the honoree, her mother, Mrs. Bart Martindalean, her mother-in-law, Mrs. Garland Abernathy. A number of guest called during the receiving hours.

## SHOE CLEANER

Heavy duty cleansers may be used to clean light-colored leather shoes, bags and belts after you've cleaned the article allow time for it to dry, then apply olive oil or saddle soap to keep the leather in good condition.

who'd want a new dress if it were just like your old one?

How much fun would be left in fashion if all style were standardized? This system would cut down on shopping time. But it would also cut down on your individuality.

In turn, standardization would cut down on advertising, there'd be a cutback in production. And if we worked hard to do so, we might wreck the economy.

Wouldn't we be better off to leave things the way they are? Today's advertising is already policed by the world's smartest detective... the American consumer.

## Fresh Tomato Soup Sparks Family Meal

**FAMILY DINNER**  
Fresh Tomato Soup  
Hamburgers on Toasted Buns  
Tossed Vegetable Salad  
Fresh Fruit  
Beverage

**FRESH TOMATO SOUP**  
Heavy cream may be substituted for the white sauce to produce a richer but slightly thinner soup.  
2 pounds ( 5 medium large) tomatoes  
1 can (10½ ounces condensed chicken broth, undiluted)  
1 cup medium unseasoned white sauce

½ teaspoon salt  
Freshly ground pepper to taste  
½ teaspoon Worcestershire sauce  
1 tablespoon minced chives

Wash and quarter tomatoes and place in a saucepan; add chicken broth. Cover and cook over medium heat 10 minutes. Turn through a food mill to remove skins and seeds and puree pulp. Gradually stir tomato broth into white sauce; add salt, pepper and Worcestershire. Heat just until hot.

Ham Mousse with Deviled Eggs and Salad Greens  
Melba Toast  
Deep Dish Blueberry Pie  
A LA Mode  
**HAM MOUSSE**  
You can make this the day before serving it.  
1 tablespoon gelatin  
¼ cup cold water  
1 chicken bouillon cube dissolved in 1

### With Ham Mousse

cup boiling water  
½ cup mayonnaise  
½ cup finely diced celery  
¼ cup finely diced sweet pickle  
1 cup diced cooked ham  
Soften gelatin in cold water about 5 minutes; add very hot bouillon and stir to dissolve gelatin. Chill until slightly thickened; whisk in mayonnaise; fold in remaining ingredients.

French share quail recipe with American game bird fanciers.

## Small Game Birds Make Good Eating

By AILEEN CLAIRE  
NEA Food Editor  
Small game birds make good eating.  
A special recipe that is a favorite of wine growers in the bordeaux region of France is simple to follow for the American table.

**QUAIL IN CLARET**  
2 quail, thoroughly cleaned and split lengthwise  
1 ounce brandy  
2 tablespoons flour  
4 tablespoons butter  
1 cup sliced fresh mushrooms  
½ cup consommé or

chicken stock  
¼ cup claret or any red Bordeaux wine  
Pinch celery salt  
Fresh ground pepper  
Juice of 1 orange  
Rub quail with a cloth soaked in brandy and dust with flour. Melt half the butter in skillet and let it brown. Add quail and cover, allowing it to cook five minutes on each side. In a saucepan, melt remaining butter. When hot, add mushroom, saute for 8 minutes, until tender, add mushrooms, consommé, claret, celery salt and pepper to quail. Simmer till quail is tender.

Peaches in Lemonade prove interesting finale to chicken cookout.

# Peaches Give Tangy Finale To Thrifty Chicken Cookout

By AILEEN CLAIRE  
NEA Food Editor

Fresh peaches give a delectable taste lift no matter how they are served. A favorite for eating-out-of-hand, a peach also makes a different dessert-and-beverage treat and a memorable trifle with rich custard spread and ladyfingers. Peaches in Lemonade takes a sober cue from the elegant peaches in champagne, popular in the Victorian era. Fresh peach halves are chilled for

several hours in lemonade, making a tangy end to an inexpensive chicken cookout. A French Peach Trifle satisfies the yearning of those who love rich desserts.

### PEACHES IN LEMONADE

- 1 cup sugar
- 1 tablespoon grated fresh lemon rind
- 4 cups water, divided
- 1 cup fresh lemon juice
- 6 fresh peaches
- Combine sugar and lemon rind in saucepan. Add  $\frac{1}{2}$ -cup

water and stir over medium heat until sugar dissolves. Add remaining  $\frac{3}{4}$  cups water and lemon juice. Peel peaches, cut in half and remove pits. Place in bottom of large bowl and pour lemonade over. Chill several hours. When ready to serve place 2 peach halves in each of 6 glasses. Pour lemonade over peaches. Makes 6 servings.

### FRESH PEACH TRIFLE

- $\frac{1}{4}$  cup sugar
- $\frac{1}{4}$  cup cornstarch

- $\frac{1}{4}$  teaspoon salt
- $1\frac{1}{2}$  cups milk
- 3 eggs
- 1 teaspoon vanilla
- 1 package (3 ounces) ladyfingers
- $\frac{1}{4}$  cup currant jelly
- $\frac{1}{4}$  cup white rum (or fruit juice)
- 4 cups sliced, peeled fresh peaches (about 6 medium peaches— $1\frac{1}{2}$  pounds)
- 1 tablespoon fresh lemon juice
- 1 cup heavy cream

## Enhance Gelatin Mold With Cheese

Enhance your gelatin molds with this quick and easy to prepare Cheese Crunch Topping. It can even be whipped together in an electric blender.

The pink color of the topping comes from the tangy cranberry sauce, and the nippy taste is added with crumbling American blue cheese. The special crunch is from tidbits of chopped nuts.

To make the topping, whip one-fourth cup dairy sour cream and one-fourth cup jellied cranberry sauce together. Blend in one cup mayonnaise. Add one-fourth cup American blue cheese (about  $1\frac{1}{4}$  ounces, crumbled) and two tablespoons chopped nuts. Chill. Serve on gelatin salads.

GABORONE, Botswana (AP)—Botswana has been admitted as the 34th member of the African Development Bank, officials announced.

The tragedy of East Pakistan is told in the faces of its refugees. By the millions, Bengalis have fled homes... clutching children, a few belongings and for many, grief too-great to face.

## Economist Says Wage-Price Restraint 'Absolutely Necessary'

TOWNSHEND, Vt. (AP) — Harvard economist John Kenneth Galbraith says a continuing restraint on wages and prices is an absolute necessity for a long-term success in the country's fight for a stable economy.

"As long as one has strong unions and strong corporations, one is going to have competition between the unions and

corporations that can shove up the prices. So, there is going to be a continuing need for some kind of wage-price restraint," he said.

"Those who think otherwise are fooling themselves," Galbraith said in an interview with The Associated Press.

Ambassador to India during the Kennedy administration

and head of the Wage-Price Control Board during the early years of World War II, Galbraith made the comments at his summer farm in Southern Vermont.

He said President Nixon's decision announced Sunday to freeze prices and wages for 90 days was not a major reversal of the country's economic policies as a whole. He characterized it as "a major reversal as

far as the Nixon administration is concerned," viewed in the light of its public statements over the past 2½ years.

He said the United States has been edging toward some form of wage-price controls for 15 years. "We've been approaching the whole subject of wage and price control somewhat the same fashion that a conservative clergyman approaches an erotic statue. He knows he must look at it, but he doesn't want anyone to see him do it."

Galbraith called the wage-price freeze a step forward—"a recognition that fiscal policy and monetary policy can't carry the whole burden of inflation control, and that one has to supplement them with wage and price control."

However, he said, the so-called job expansion part of the Nixon economic message is a step backward.

"It involves, in the main, tax concessions for the well-to-do. The net of the income tax concessions, the repeal of the automobile excise tax and the tax credit for investment all affect middle and upper income spending," Galbraith said.

"At the same time, the President has offset this action by cutting back on federal jobs, suspending federal pay increases, postponing welfare reform, postponing revenue sharing—all things which can be guaranteed

to put money into the economy. "The 10 per cent excise tax levy is a step backward. There is a real danger this will reverse the long 25-year trend to lower tariffs, and set an example to other countries, whenever they are in trouble, to shove up their tariffs. As a very large trading nation ourselves, we have more to lose from setting this kind of example than we have to gain from it," Galbraith said.

He added, however, "there will be an expansive effect from the wage-price control, and no one should doubt that."

Looking to the period following the 90-day freeze on wages and prices, Galbraith said, "there will have to be some equalization between the unions that have just got their contracts and those that were about to negotiate. This is a simple matter of equity."

Galbraith said the later wage increases, set according to some average established by the government, would mean some price increases, "but it means something less than the great gross increases that we've been having these last few years."

He said any postfreeze guidelines should include the understanding that further pay raises would be based on increases in productivity. And, he added, the controls should be continued only in those industries

where strong unions deal with strong corporations, such as in the automotive, steel, non-ferrous metals and public service areas.

Galbraith said that if the 90-day freeze gave way to a more permanent form of wage-price restraint, the average wage earner would gain because "pension funds and savings are better protected than they were before... and it takes a certain bogus element out of the collective bargaining process."

"In the past several years," he said, "workers have been getting favorable contracts which are then passed on to the public in prices, including the worker himself. By the time the contract expires, what was a favorable contract has left him no better off than he was before."

"So the whole collective bargaining effort was cranked up for gains that were very transitory."

## President Nixon Makes Pitch For His New Economic Program

SPRINGFIELD, Ill. (AP) — President Nixon, speechmaking across the country in behalf of his new economic program, told farm state voters today that he intends to make certain agricultural exports "go on rising in the months and years ahead."

In a statement issued while flying to Illinois' capital from New York, Nixon said exports of farm commodities "are extremely important not only to the prosperity of America's farmers" but to the administration's blockbuster efforts to strengthen the nation's economic position globally.

In New York City Tuesday night, the chief executive called for individual sacrifices to help

in the success of his multifaceted economic moves announced Sunday. But he got his biggest cheer when telling an audience of Roman Catholics that he favors concerted action to encourage the parochial school system.

Before leaving New York, Nixon, Atty. Gen. John M. Mitchell and others had a breakfast meeting with Republican Gov. Nelson A. Rockefeller. It was known they talked about ways to channel government aid to church-sponsored schools without violating constitutional prohibitions.

Nixon scheduled his Springfield stop to visit the Illinois State Fair, a traditional stumping ground for political candidate, and to sign legislation that will create a federally

TOKYO (AP)—Scouting officials announced the 14th World Boy Scout Jamboree would be held Aug. 3-12, 1975, in Oslo, Norway.

subsidized national historic site at the Springfield home which Abraham Lincoln purchased in 1844 and occupied until he moved to the White House in 1861.

In a formal statement, Nixon said of agricultural exports:

"Only a few years ago farm exports were dropping. In the last fiscal year, they reached the \$7.8 billion level, and all-time record high. To mention just one example, exports of soybeans—of which Illinois is the country's number one producer—have climbed 45 per cent in the last two years."

Reporting that exports now account for over half the \$3 billion soybean crop, the President said:

"What is more, we intend to see that these and other agricultural export figures go on rising in the months and years ahead. In this and many other ways, we will be working constantly to increase the prosperity of the American farmer, to enhance the quality of rural life, and to give the farmer the better break he deserves."

In New York Tuesday night, Nixon spoke at the 89th convention dinner of the Knights of Columbus and pledged his support to combat the closing of parochial school.

## WT Businessmen To Hold Meeting In Amarillo

A group of distinguished West Texas businessmen will meet in Amarillo on Sept. 10 to discuss matters relating to the Northern Panhandle and West Texas. A.L. Scott, president of the West Texas Chamber of Commerce, will head the delegation. Scott is president and chief executive officer of Kimbell, Inc., a diversified food firm, and lives in Fort Worth.

Members of the WTCC from the Northern Panhandle area will meet with the officers of the regional organization for a noon luncheon in the TSTI dining room in Amarillo. Among the other outstanding businessmen from outside the area are: Beeman Fisher, past chairman of the board of Texas Electric Service Company, Fort Worth, and a past president of the WTCC; C.W. Brown, McCamey oilman and president-elect of the WTCC; and J. Fike Godfrey, executive vice president of the WTCC.

Paul Timmons, Amarillo, is district vice president of the WTCC for the Northern Panhandle area and is making all arrangements for the September 10 meeting. According to Scott, various members of the WTCC will explain the specific projects underway by the WTCC which affect this area. Included in these subjects will be state and national legislation, water development, agricultural development, industrial development and tourist development.

**WHAT HAVE YOU DONE FOR YOUR KITCHEN LATELY?**

Corning's unique appliances are so revolutionary, so beautiful they can give your kitchen a completely new look.

**The Corning™ wall oven.** Perfect companion to Corning's built-in cooktop because it complements it in looks and efficiency. The top oven is pyrolytic self-cleaning with a conventional baking oven below. It even has a rotisserie and a meat probe for perfect roasting. Also available in a single self-cleaning oven model. Come and see these amazing Corning appliances. You'll fall in love with them on the spot.

**The Corning Countertop™ electric range** It's fantastic, yet so practical. There isn't a burner in sight because the heating units are hidden underneath. You cook with thermostatically controlled heat on a beautifully smooth surface, in specially designed Cookmates® cookware. For the first time you have a perfectly matched system that takes most of the guesswork out of cooking and even helps you cook better than ever before. This range is available in a regular free-standing model with pyrolytic self-cleaning oven; the same oven comes in our slip-in model that gives your kitchen that distinctive built-in look.

**The Counter That Cooks™ cooktop** by Corning. The remarkable cooktop that you can build right into your counter. It offers all the outstanding features of the countertop: beauty, total cleanliness and thermostatic control. Available with two or four heating units.

# Americans In Cuba Are Having Great Experience

EDITORS NOTE: Byron Dale Shewman, 24, a high school teacher at Mar Vista, a suburb of San Diego, is a member of the U.S. volleyball team participating in zone qualifying in Havana for the 1972 Olympic Games in Munich.

By BYRON D. SHEWMAN  
Written for  
The Associated Press  
HAVANA (AP) — Americans in Cuba may be an oddity these days, but the visit has been a great experience so far for everyone on our team.

The closest thing to an "incident" happened Tuesday night when one of the players was walking down a street without his shirt on. We didn't know it, but there is a law here against appearing in public without a shirt on.

Some people saw our man and told him about the law. He put his shirt on and that was that. No police, no fuss, no nothing.

The team is staying at the old Havana Hilton. It looks run down on the outside and it really isn't fancy inside, but it is clean. It is like a lot of other things in the country—no big changes in years.

In my room, there still is a lampshade with "Hotel Havana Hilton" on it in large letters. The real name now is Hilton Libre.

There haven't been any restrictions at all on the members of our team. We are free to come and go as we please. They don't even send an interpreter with us.

The weather has been great and we have toured some of the beach. The food is kind of bland, but the people are great—very friendly.

We have had no problems getting into conversations with members of the Cuban team or anyone else. A couple of us talked for a long time Tuesday night with two members of the Cuban women's team. They didn't seem guarded in what they said and the discussion was fun.

The food we are getting is basically fish and rice, not too tasty but there is plenty of it. We have had beef once and it was a pretty good steak.

Ginger ale is the drink we have been getting with our meals. If you want something stronger, it will be beer from Europe.

Havana abounds with art shops. Much of the art is violent and anti-capitalistic in subject matter. Some of it is kind of scary.

We have been taking pictures and there apparently isn't any restriction on what we shoot. The city of Havana itself is

very strange to us. It seems that the architecture is all pre-revolution and the buildings haven't been improved since 1959. Most of the buildings need paint and they look really run down.

But Havana is a clean city. The streets are clean.

The Cubans who speak English seem really happy. Some of those we talked with told us they were getting more money—supposedly more money to spend—and no longer are getting just the bare minimum.

The kids have shoes and everyone seems to be pretty well dressed. They stand in line at many restaurants now. We were told not many people were eating at restaurants until recently.

One of the interesting things is the transportation. You don't see any cars newer than 1959 models, but the buses we ride in are new. We weren't able to find out where they were made.

Many of the buildings have large murals on them with slogans and pictures of soldiers. The slogans generally read something like: "The armed fight is the road to revolution."

They are in Spanish, of course. We also have seen a lot of posters and billboards saying "Free Angela Davis."

# Defending Champ Not Worried About His Title

PHILADELPHIA (AP) — "I'm not worrying about defending the championship. I feel fortunate to make the cut every week what with shooting 73s and 74s," said Billy Casper.

The 40-year-old Casper was among 147 golfers who started the first round today in Industrial Valley Bank's \$150,000 Philadelphia Golf Classic.

Casper won the \$30,000 first prize last year with a 72-hole total of 14-under-par 274 over the Whitmarsh Valley County Club course.

Casper is locked in the longest slump of his 16-year professional golf career. He started 1971 strong, finishing second in three of the first seven tournaments and earning \$60,000 in the last nine he has picked up a little over \$15,000 and suffered the ignominy of missing the cut in the U.S. Open.

The 5-foot-11 Casper hasn't won a tournament this year, a sad state for a guy who has been a multiple winner on the tour for eight consecutive years. In 1970 he won four times.

In the spring, Casper had an excuse. He suffered hip and back trouble for about four or five weeks. Since the middle of May, however, he has been healthy. What then is wrong with one of the game's greats?

"I don't know what the trouble is," Casper said Wednesday before going out for a practice round on the 6,708-yard par-72 Whitmarsh course.

"Periodically you hit things like this. It's all part of growth," he observed. "But this is the longest slump I've been in."

Casper said he worked very hard on his game for several months prior to the U.S. Open in June. "I didn't improve. I didn't even make the cut. I kept laying, hoping I would

play myself out of it. I didn't. Then I rested. That didn't help. I can't put my finger on what's wrong."

Casper feels his record of winning at least one tournament every year since 1956 is in jeopardy if he doesn't snap out of the slump soon.

Only five of this year's top 10 money winners challenged Casper at Whitmarsh. The ailing Lee Trevino, Arnold Palmer, Gary Player, Miller Barber and Gene Littler skipped the tournament.

Big Jack Nicklaus was on hand and could pass Trevino for the money winning lead with a high finish. Tommy Heard, Bruce Crampton, Frank Beard and Dave Eichelberger were other top 10s in the field.

# Don Gullett Giving Pitching Lessons In The Major Leagues

By KEN RAPPOPORT  
Associated Press Sports Writer

Two years ago Don Gullett was in high school. Now he's at the head of the class in the major leagues, giving pitching lessons to fellows like Bob Gibson.

"It's some satisfaction beating Gibson," said Gullett, the Cincinnati Reds' 20-year-old phenom who outduelled the St. Louis Cardinals ace 5-0 Wednesday night.

Gullett's marks continue to be all the more impressive, since he wasn't even in professional baseball in 1969 and was used sparingly in relief in 1970.

The hard-throwing southpaw has a fine 14-4 win-loss record, tops on the Cincinnati staff and one of the best winning percentages in baseball. And in his last start against the Chicago

Cubs, he reached the height of his young career with a one-hit performance in eight innings.

The Pirates trimmed the Houston Astros 3-2; the Cubs walloped the Atlanta Braves 7-2; the New York Mets turned back the Los Angeles Dodgers 3-2 in 10 innings; the Montreal Expos whipped the San Diego Padres 4-3 and the San Francisco Giants hammered the Philadelphia Phillies 7-0 in the other National League games.

American League scores: Boston 4, California 3; New York 3, Kansas City 1; Minnesota 4, Cleveland 2; Baltimore 6, Milwaukee 4; Chicago 4, Detroit 2 and Washington 10, Oakland 3.

A funny thing happened to Gullett on the way to his shut-out. He got fined a dollar for

falling to sacrifice a runner in the sixth inning.

"How about that," exclaimed Gullett, "you beat Gibson and you have to pay for it."

Actually, Gullett's misfired sacrifice didn't hurt too much. He got all the offensive help he needed from Bernie Carbo's home run in the third inning and a four-run rally in the fifth capped by George Foster's two-run triple.

Gullett's record has overtones of a possible 20-gmme ictory season. But the youngster isn't thinking about it, he says.

Milt May, who is a home run to give Pittsburgh a temporary 4-0 lead in the fourth inning, delivered a tie-breaking single with the bases loaded in the last of the ninth.

Johnny Callison smashed a grand slam home run in the eighth inning to key a five-run explosion for Chicago and keep the Cubs within 5½ games of the front-running Pirates in the National League East.

The blast made a winner of Milt Pappas, making his first appearance against his former Atlanta mates since being sold to Chicago last year.

Ken Singleton drove home the winning run with a single in the 10th inning, pacing the New York triumph over sliding Los Angeles, which dropped 7½ games behind San Francisco's West leaders. Singleton's game-winner followed a double by Tommie Agee.

Pinch-hitter Coco Laboy brought Montreal from behind with a two-run single in the seventh inning.

A single by John Bateman, walk to Ron Fairly and a sacrifice bunt by Ron Brand set up Laboy's single that rubbed out a 3-2 deficit and helped Carl Morton curb a personal, four-game losing streak.

Southpaw John Cumberland pitched a five-hitter and batterymate Dick Dietz ripped a homer, carrying hot San Francisco over Philadelphia. It was the Giants' fifth straight victory.

# Cowboy Game Versus Browns Is Important

DALLAS, Tex. (AP)—Friday night's contest between the Dallas Cowboys and Cleveland Browns is important to both teams—Dallas to see if it can keep its high scoring momentum going and the Browns to break a mild slump.

The two National Football Conference teams have never met in the preseason battles, and Dallas would just as soon forget some regular seasons games, since Cleveland holds a 14-6 edge.

The "Pokes have lost to their foe 31-20 and 38-14 in Eastern Conference finals in 1968 and 1969, although they did win 6-2 against the Browns last season on their way to the Super Bowl.

The Cowboys will juggle the line-up considerably for the nationally televised contest. They beat Los Angeles 45-21 and New Orleans 36-21 the past two weeks.

The road weary Browns loost to San Francisco and Los Angeles on the road. This will be their third road game this season.

Coach Tom Landry said this week that Craig Morton would start.

"I would say Roger Staubach will play some if he's feeling a little better by then. He has some bruised ribs, but he should be all right," Landry said.

Tight end Mike Ditka's hand is broken and he'll miss three or four weeks. Billy Truax will get his first starting job since becoming a Cowboy.

Middle linebacker Lee Roy Jordan has a cracked bone in his leg and will also miss the Cleveland game.

One Cleveland player to watch is rookie cornerback Clarence Scott who played three quarters against San Francisco. He stole an interception from 49er Gene Washington and batted assure touchdown out of the hands of Dick Witcher in the end zone.

"Scott has quickness, speed and poise, everything it takes," says Richie McCabe, the defensive backfield coach, of the Brown's No. 1 draft choice.

"He's green, but there is no doubt he can stay with any receiver in the league. He showed just what I thought he had, but we're going to find out for sure in coming games," McCabe said.

Landry said he will keep the regular starters in the game a little longer this week. Most of the regulars have been playing a half game or less so the rookies could be watched.

Of Cleveland, Landry said, "They are basically the same old team that has played us in the past."

Mike Phipps, the heir apparent to Bill Nelsen is "quick with a good delivery," Landry said. "He's also tall and accurate."

Phipps is slated to start against the Cowboys.

The Browns will be missing offensive tackle Dick Schrafrath who is injured and Jack Gregory due to National Guard duty.

# Allison Brothers Will Run For Pole Slot At Talladega

TALLADEGA, Ala. (AP) — The Allison brothers, Bobby and Donnie, run for the Talladega 500 pole position today and Paula Murphy will do her thing Friday.

These two events are high lights of a three-day program time trials at Alabama International Motor Speedway that will provide the track with starters for 762 miles of racing Saturday and Sunday.

The Allisons, who live at nearby Hueytown, Ala., will be at the wheel of a pair of Mercury stock cars. Heading into today's first round of qualifying for the Talladega 500, when the first 20 cars in a starting field of 50 were to be pocked, the two brothers had posted the fastest practice laps and were favored for the pole position.

They should know the speedway better than most of the other NASCAR Grand National hotshots. Donnie won and Bobby placed second in a stirring duel in the spring 500 mile race here.

Donnie, who drives for the famed Wood Brothers of Stuart,

Va., posted Tuesday's fastest practice laps, his best being 186.079 m.p.h. for the 2.86-mile tri-oval, world's fastest closed course.

Bobby, fresh from victory in last Sunday's Yankee 400 in Michigan, recorded 185.934. Charlie Grotzbach of Georgetown, Ind., worked his Chevrolet at 185.779. Richard Petty and his teammate, Buddy Baker, were in the 183 bracket in a Plymouth and Dodge, respectively, while Fred Lorenzen was disappointed with his top lap of 179.101 in a Plymouth.

Miss Murphy, who claims to be the world's fastest woman racer, will get a chance to prove it Friday—in Lorenzen's car.

The slim, dark-haired protege of STP oil king Andy Granatelli will depart from herdrag racing especially long enough to try for a women's world closed course speed record at the track.

The current female record is 147.928 m.p.h. set by Vicki Wood of Detroit at Daytona Beach, Fla., in February 1962.

# Lee Trevino Will Play On Labor Day

HARTFORD, Conn. (AP) — Lee Trevino, winner of the U.S., British and Canadian Open championships, will play in the Greater Hartford Open on Labor Day weekend, the tournament's cochairmen said Wednesday.

Trevino, professional golf's leading money winner this year, had been hospitalized for an appendectomy and his participation in the tourney was in question.

But Ray Gorynski and Hugh Barr, cochairmen of the tournament, said they had spoken to Trevino, who told them his recovery from the operation had been good and he would play in the GHO.

## Official Answers To Questions On Wage, Price And Rent Freeze

WASHINGTON (AP) — The Office of Emergency Preparedness has issued a partial list of official answers to questions it has received on the wage, price and rent freeze.

Here they are:  
 Q. Are apartment rents included in the freeze?  
 A. Yes.  
 Q. Are prices of used commodities, such as used cars, antiques, and resale of housing included in the freeze?  
 A. Yes.  
 Q. Are fees for professional services such as doctors and lawyers included?  
 A. Yes. No increase in rates or fees for particular services are permitted during the freeze.  
 Q. How does the freeze affect people who work on commission or piece rate?  
 A. The commission rate or piece rate cannot be increased over that existing in the base period.  
 Q. Will the wage-price freeze apply to insurance rates?  
 A. Yes.  
 Q. Are rates charged by common carriers and public utilities included in the freeze?  
 A. Yes.  
 Q. Are wholesale and retail prices included in the freeze?  
 A. No.  
 Q. Are stock and bond prices and interest rates included in the freeze?  
 A. No.  
 Q. Are price increases that have already been announced to take effect in the future subject to the freeze?  
 A. Yes, all price increases must be controlled.  
 Q. Are deferred wage or salary increases which have been negotiated to take effect in the future permitted by the freeze?  
 A. No.  
 Q. Are future cost-of-living increases built into wage contracts or provided by management exempt?  
 A. No. There will be no cost-of-living increases during the 90-day freeze.  
 Q. Are increases in pensions permitted to take effect?  
 A. Yes, these are not payments for services rendered.  
 Q. Are previously announced increased tuition rates for the 1971-72 school permitted by the freeze?  
 A. Yes. These are considered transaction prices, since commitments have been made and there are number of cases where payments have been made.  
 Q. If farm prices of "raw agricultural products" are exempt, does this exemption of raw products follow through to retail?  
 A. Yes.  
 Q. At what point do controls apply to agricultural products?  
 A. At the point of initial processing.  
 Q. Are state and local tax rates frozen during this period?  
 A. No.

Q. What effect does the executive order have on cost-of-living increases ordered by a municipal government and to become effective subsequent to the date of the executive order?  
 A. State and local governments are not subject to this executive order. The President feels that he will have the support of state and local officials in pursuing national objectives.

Q. In cases where surcharges or other sales or excise taxes have been increased, is the ceiling for the price paid by the customer including these taxes raised by a like amount?  
 A. Yes. The price the customer pays is equal to the base, which remains unchanged during the ceiling, plus these taxes.

Q. Are wage increases under apprenticeship contracts approved by the Department of Labor frozen?  
 A. Such increases may be permitted only in accordance with the terms of the apprenticeship agreement up to and including the top step of the agreement. Increases beyond that step are prohibited under the freeze.

Q. How will rent ceiling be determined for units not previously rented before freeze date?  
 A. Standard should be general prevailing rents for comparable units in the immediate area.

Q. How do you price new products?  
 A. Use the price of the most nearly comparable product sold by your closest comparable competitor.

Q. How will wages and salaries be determined for new jobs?  
 A. Scales will be determined on the basis of comparable jobs within the affected business or firm. If no comparability exists within such entities, such scales of comparable jobs in nearby firms.

Q. Should records be maintained for other than the specified base period if other period is used to establish prices?  
 A. Order is interpreted to require this.

Q. How does one apply for relief under the current authority?  
 A. Orders will be issued shortly by OEP outlining procedures to be followed at the regional service and compliance centers.

Q. What should an individual be advised to do if he alleges that he has been overcharged?  
 A. Regional Service and Compliance Centers will be responsible for receiving and processing these complaints.

Q. Will any action be taken to investigate the charge? If so, by whom?  
 A. Yes, by OEP.

Q. Can individual institute an action to recover an overcharge?  
 A. Not under the executive order.

## Mainly About Wheeler

By MRS. RENA SAVAGE  
 Mrs. Audie Atherton and girls of Pampa and Mr. ad Mrs. Clarence Holdeman spent Tuesday and Wednesday in Guyton, Oklahoma with their daughter and sister, Mr. and Mrs. Ed Parsley and family.  
 Miss Cindy Smith spent last week near Erick, Okla. with a friend, Miss Dennise Smith.  
 Mrs. Irene Sivage, Palmer Sivage and J.D. Wallace were in Odessa from Thursday until Friday for the County Treasurer meeting. Sivage is a charter member of the association. Mrs. Sivage visited with her sisters Mr. and Mrs. Gerald Galloway and Mrs. Buton Cook while they were there.  
 Mr. and Mrs. Marvin Anderson and family of Beaver, Oklahoma visited last week with her grandmother, Mrs. Ed Henderson and with her parents, Mr. and Mrs. Irvin Hink in the Kelton Community.  
 Eddie Joe and Misty visited Tuesday evening in the home of Mr. and Mrs. George Davidson in the Kelton Community.  
 Mr. and Mrs. Foster Whiteley of Pampa visited last week with his brothers, Mr. and Mrs. C. Whiteley and Mr. and Mrs. White Whiteley. On Tuesday Mr. and Mrs. Foster Whiteley and Mr. and Mrs. K. Whiteley spent the day fishing at the George Harris Farm.  
 Kessy Abernathy has returned home after serving in the United States Marine Corps. He received his discharge from Marietta, Ga. where he had been stationed since November. Kessy and his wife Judy,

will be making their home in Amarillo where he will be a student at Amarillo Junior College.

Mrs. Vondell Killingsworth and Michelle of Canyon visited over the week end with her mother, Mrs. Minnie Starkey. Russell Killingsworth who has spent the summer with his uncle, Mr. and Mrs. Jerry Killingsworth in the Kelton Community returned home with his mother and sister.

Mr. and Mrs. Neil Rogers are the proud parents of a new baby daughter born Aug. 9 at North West Texas Hospital in Amarillo. She weighed 8 pounds 1 ounce. She was given the name of Tamaray Ruth and has an older sister, Amanda Carolyn, one year old to welcome her along with grandparents, Mr. and Mrs. Joe Rogers and Mr. and Mrs. Dennis Porter and great-grandmother, Mrs. W.F. McNeil.

Mr. and Mrs. Benny Castillo and family, Mr. and Mrs. George Crawford and Mr. and Mrs. David Joslyn and son left Friday for Austin where they will visit with Mrs. Castillo's mother and visit the State Capitol.

Mrs. Suanna Ford and children and Mrs. Betty Sexton of Irving came Sunday to visit their parents, Mr. and Mrs. White Whiteley and Mrs. Ruth Ledbetter and attend the Richerson-Ledbetter wedding.

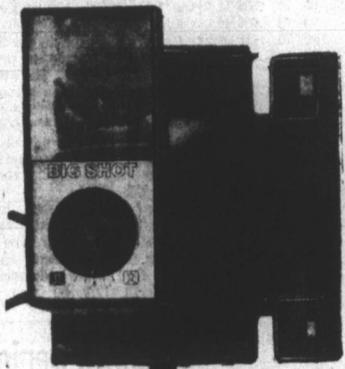

Mr. and Mrs. Eddie Matthews of Amarillo were weekend guests of her parents, Mr. and Mrs. Shelby Johnson.  
 Phil Hart of Lubbock is spending the week here with his grandmother, Mrs. Fannie Killingsworth.

**Military Pay Boost Exempt From Freeze**

WASHINGTON (AP) — The Pentagon said today members of the armed forces are exempt from President Nixon's 90-day wage freeze.

Defense Department spokesman Jerry W. Friedheim said military personnel will continue to receive all pay increases for promotions, benefits and bonuses during this period.

"The secretary of Defense has the authority to run his department and this is our decision now," he told reporters.

Friedheim cited as precedents the period during World War II when wage and price controls were in effect but which left the military free to provide pay increases that went along with promotion in rank.

Asked by reporters if this was in keeping with the spirit of President Nixon's new economic program, Friedheim replied: "This is our judgment of what is required of us under the circumstances."

He said he was not aware of any area of the military pay system that would be affected by the wage freeze. This includes, in addition to the higher pay for promotions, longevity pay, reenlistment bonuses, hostile fire pay and living allowances.

These are all written into the law authorized by Congress, he said.

Friedheim said this applies only to the 2.7 million members of the armed forces and not the 1.1 million civilian employees of the Defense Department whose salaries are now set along with those of all other government workers.

Under the President's program, civil service workers "will not receive pay increases... on length of service which is due them during the 90-day period. But Friedheim said the Pentagon decided to grant longevity increases to the military because this is specifically written into the basic military pay tables and "therefore a part of the basic pay structure."

**Two Controversial Banking Bills Still Considered Good By Author**

AUSTIN (AP) — Eugene Palmer, author of two controversial banking bills involved in the stock fraud scandal, told the House General Investigating Committee Wednesday he still thinks they are good bills.

Palmer, of Austin, a former law partner of John Osorio and Waggoner Carr, was the second witness heard by the special five-man committee trying to determine if there was any misconduct by state officials in the case.

Palmer testified that his original intention was to draft legislation that would allow creation of a non-profit corporation to insure Texas state banks over and above the \$15,000 deposit insurance offered by the Federal Deposit Insurance Corp.

The two bills, passed by a special session of the 1969 legislature, were vetoed by Gov. Preston Smith because, Smith said, they might allow state banks to operate without FDIC insurance.

"It was my opinion then and it is now that my bills would be supplemental not in lieu of FDIC coverage," Palmer said on the witness stand.

He pointed out that the emergency clause, or last paragraph, of the legislative measures, specifically "speaks in terms of insurance in excess of \$15,000."

John McShane of Dallas, acting as committee lawyer, said the State Banking Department and Texas Bankers Association had interpreted the bills to allow state banks to withdraw from FDIC regulation and operate only under state control.

"The thought never occurred to me to draft a bill so a bank could withdraw from the FDIC," Palmer said.

Palmer said he was asked to draft the bank insurance bills by Osorio and delivered a draft of the bills to Frank W. Sharp, former chairman of the now defunct Sharpstown State Bank of Houston. Sharp is scheduled for an appearance this afternoon.

The first witness called was Mrs. Dorothy Hallman, clerk of the Texas House, who gave the legislative history of the two banking regulation bills. She said she knew of no effort by any House member, senator or others to get special handling of the bills.

"I had no idea there was any special interest in the bills until the governor vetoed them," she said.

**Today In History**

By THE ASSOCIATED PRESS  
 Today is Thursday, Aug. 19, the 231st day of 1971. There are 134 days left in the year.

Today's highlight in history: On this date in 1934, the German people voted for Adolf Hitler as a successor to President Paul von Hindenburg.

On this date: In 1692, a clergyman and five women convicted of witchcraft were executed in Salem, Mass.

In 1812, the U.S. frigate Constitution—known as "Old Ironsides"—defeated a British frigate in a battle in the north Atlantic.

In 1940, in World War II, Italian forces captured British Somaliland in East Africa.

In 1942, also in World War II, Canadian commandos staged a costly raid on Nazi forces stationed in Dieppe, France.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

### Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

## Potomac Turnaboutitis

"Who shall guard the guard?" This is a question as old as the Roman empire.

Another way of expressing the same problem is: If you hire a man with a gun, how can you be sure that he won't use it on you?

Rep. F. Edwards Hebert, a Louisiana Democrat, thought he had the answer the other day. He is chairman of the House Armed Services Committee that oversees the super-secret and sometimes deadly Central Intelligence Agency. Hebert is billed as a pro-military type, but he appointed a legislative "dove" to ramrod the subcommittee that watches CIA.

The dove, Rep. Lucien Nedzi of Michigan, will have other chores as well; namely, to irk the Defense Intelligence Agency and the National Security Agency.

Now, if you knew that the

CIA, the DIA and the NSA were in a pro-military mood, you would expect the occupants thereof to keep a suspicious eye on one another.

On the other hand, to understand the reasonableness or unreasonableness of what Rep. Hebert did, you have to imagine that an ultra-lib such as Sen. Alan Cranston would pick somebody like his distinguished colleague from Arizona, Barry Goldwater to decide what should be done about the offenses of organized labor. That would be a rather far-fetched notion. And you would suppose that Mr. Cranston's leftist associates would begin to wonder whether their hero had been softened by bourgeois contact. In the same way, one wonders whether Rep. Hebert is not afflicted with the newly discovered White House disease

## Threat To Medicine

Dr. Louis Lasagna, Professor of Pharmacology and Toxicology at the University of Rochester School of Medicine and Dentistry, participated in government sponsored studies to determine the relative effectiveness of various medicinal products on the market. He now fears the studies have produced a "Frankenstein's monster" in which thousands of drugs may be outlawed in his view, "frightening." "An extremely worrisome specter," in Dr. Lasagna's opinion, "is the impairment of the research and development programs of drug companies whose business would be substantially affected by the proposed FDA actions. In the last analysis, the health of the public is crucially dependent upon unremitting efforts to search out, develop and introduce new drug cures and improvements of existing ones. It is to be hoped that the proposed FDA proposals involve annual sales of close to \$500 million, roughly 10 percent of the total volume of prescription drugs marketed in the U.S. Safeguarding and promoting the public health is of utmost importance. But that cause cannot

be well served by...questionably valid procedures to condemn products that have the confidence of experienced practitioners and undermine financial support for those processes of pharmaceutical invention, innovation and improvement that are crucial to the long run public good.

In plain words, autocratic rule is a clear danger to the ability of the prescription drug industry to continue to search for the drugs upon which millions of lives will depend in the

## WORLD ALMANAC FACTS

The millions of wild horses that once roamed the Old West, commonly called mustangs, have been reduced to an estimated 17,000 in 10 states, according to The World Almanac. The original mustang was descended from animals brought to America by Spanish conquistadors but today's horses retain hardly a trace of the original strain.

## Question Box

**QUESTION**— Wasn't the social security idea sold to congress originally with the understanding it would eventually eliminate old age pensions?

**ANSWER**— There were many promises made in connection with the "selling" of social security to the gullible public. Chiefly it got support from the congressmen because they could see votes flowing in from the elderly and from those nearing the magic age of 65.

After all, who could oppose a program designed to provide income for life for all over 65. Families may have seen it as a way to "get rid" of the responsibility of taking care of their aged parents and grandparents. Besides it was money the old folks would earn themselves during their working years, and it was just a penny for every dollar earned, with the employer being forced to match that. Then the money would be invested and earn interest and by the time the person reached 65, he'd have a comfortable fund built up.

It sounded good, but the public didn't hear the truth of it, if probably would have been political suicide to oppose social security at the time. America had been given a wiff of the heady "something for nothing" perfume.

Even today it seems impossible to convince the public that social security is a disaster. There is no fund. Payments into social security have been officially ruled as taxes which the federal government spends even before they are collected. The obligations to those past 62 (the age was lowered) continue to mount while other welfare spending schemes also drain the producing workers of greater amounts of their earnings.

What ever promises were made in 1934 have long been forgotten, which is to the nurture of politicians.

## WASHINGTON

### Missile Plan Exposure Possible Now?

by RAY CROMLEY  
There is a strong feeling in some administration circles that President Nixon will come out of the Pentagon papers fracas in very good shape indeed. Some administration members have made it plain in private conversations that they are quite happy with most of what has come out and what is likely to be published in the future.

The court tests and the resulting furor of publicity will insure that more Americans are read these papers. This from an administration viewpoint, is all to the good.

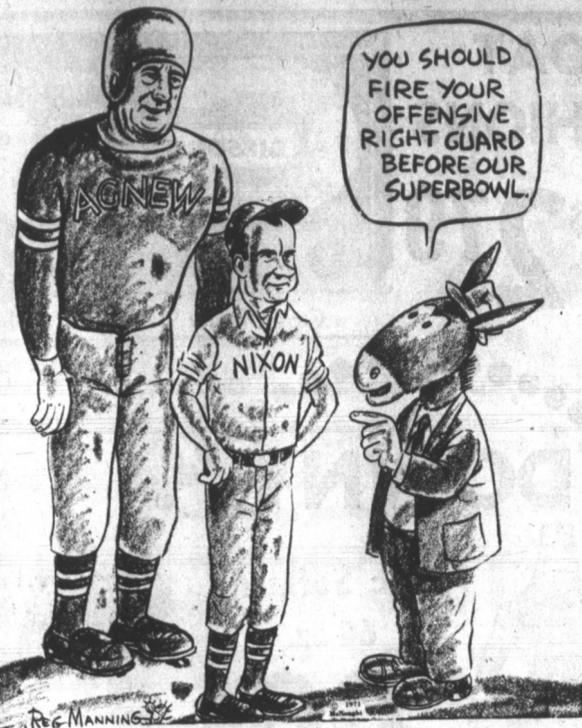

There's also a very good chance that the administration got exactly what it wanted in the courts.

A careful reading of the individual opinions of the Supreme court justices suggest quite clearly that a court majority seems to believe that certain of the materials in the hands of some newspapers, if printed, would do quite serious harm to the United States. If the papers do print this material and if a resulting criminal action reaches the high court, a majority might very well hold against these newspapers.

It may be as the Nixon men think, that this possibility will inhibit at least word-for-word publication of certain documents.

But it can be said as the result of conversations with some White House officials that these men are not deeply concerned from a security standpoint with whatever comes out of this particular 47-volume set of documents. What they hope to accomplish by their past and future court actions, is to prevent indiscriminate fishing and distributing, by officials and former officials, of sensitive documents which could block the President's attempts to work out some sort of an honorable end to this war, which could complicate the SALT (strategic arms limitations talks) with the Soviet Union or which could endanger the unorthodox arrangements we have in Laos for the protection of that country.

## Advice From The Onnosing Coach

## The Worry Clinic

By DR. GEORGE W. ORANE

Mary's account of thievery in the Gary Steel Mills shows that people can be adult in their physical development, yet be juvenile emotionally. Thieves should thus be forced to parade in diapers! Analyze the creatures below to determine which symbolize Communism vs. our "free enterprise" system!

CASE R-540: Mary X., aged 28, is a secretary at the Gary Steel Mills.

"Dr. Crane," she began, "we have had a couple of thefts in our building. For example, an electric typewriter was stolen the first night. But a little later, another electric typewriter was missing, plus an electric wall clock. "Since nobody was allowed in this building after hours, except management, then we assume one of our executive staff must be guilty. "Isn't it a shame, however, that such juvenile immorality exists in our great country?"

### GOLDEN RULE

Alas, morality is not innate or inborn! It must be taught to a child even from the toddler stage. For morality as well as music, mathematics and religion, are learned products of the human brain.

Animals don't demonstrate them. And feeble-minded human beings usually show little sense of property rights. Even a smart dog has no scruples about stealing meat from the neighbor's back porch, for its IQ is too low to understand that fences mean private ownership. A toddler also starts out in life with that same tendency to pick up anything in a store that intrigues its interest.

And it will take the tricycle from the neighboring lawn with no sense of guilt.

For children and feeble-minded adults are more like the dog in their belief that whatever they can grab, is theirs. But with rigid religious home training, even morons can become fairly honest men and women.

Constant moral tutelage can ultimately give a child a sense of what is right vs. wrong. When grammar schoolers, or children in senior High School and college, still purloin the property of other people, that suggests they are still emotionally at the toddler level.

In fact, they might very properly be punished by our courts by being forced to parade in public in diapers!

For thievery of the sort indicated in Mary's report suggests a "diaper" emotional outlook! A person can be a physical adult and possess a high IQ, or even be a college graduate, yet be emotionally retarded! Many divorces occur because of this same emotional juvenility even in adult husbands and wives.

Security checks and other political bribes. Communism itself is also a juvenile political system! For it holds that you can take the property of others, even though you loaf and they struggle hard to produce. Squirrels and busy ants or bees typify our "free enterprise" system. But grasshoppers and butterflies symbolize the Communists who want the hard workers to share with the shiftless. Bruin, the honey-stealing bear, is thus a Communist! So send for my booklet "How to Save Our Republic," enclosing a long stamped, return envelope, plus 25 cents.

(Always write to Dr. Crane in care of The Pampa Daily News, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

## H. L. Hunt Writes

Brave Lawmen Need Change  
There once was a time when criminals did not dare assault an officer of the law and expect to get away with it. Punishment was almost certain, so it was a desperate or deranged character indeed who would gamble his life by killing a lawman. It is not that a lawman's life is any more sacred than anyone else's. It is just the fact that when criminals get away with killing lawmen they are emboldened to think they can get away with any number of crimes.

The bloody crime record of recent years tends to prove the criminals are correct. Every loyal and constructive citizen should search his or her soul and take a studious look at the current conditions our lawmen work under and the risks we expect them to take. Too many good lawmen are being killed and maimed in line of duty and too little is being done about it. Before long, good men will no longer be willing to risk their lives for us when criminals are encouraged by legal technicalities, by soft-headed judges and by over-educated but unwise "social reformers" to the point that crime pays.

More than 70 percent of the individuals arrested in the slaying of lawmen have previous arrest records. When a person is arrested time and again, he develops a contempt for the law which fails to put him away, as well as for the lawman whom the law leaves helpless. The result is not difficult to forecast. Or it should not be.

A majority of those who kill lawmen already were forbidden by law to carry dangerous weapons of any kind. Illegal weapons often are used in these murders. Only a change in our basic attitudes toward crime and the criminal will turn this tide. It is past time to get at it, if we expect our civilization to survive.

## Your Health

By Dr. Lawrence Lamb

Dear Dr. Lamb — I am writing you as I have a problem which I'm sure many other people have. It's blackheads. I have tried just about every patent medicine they have for blackheads to no avail. I have found out they are a waste of money and some make my skin break out. I've tried pastes, creams, oils, liquids. I've tried keeping my face very clean with soap and water. The more I do, the more blackheads I get. So I'm turning to you for a remedy that will be guaranteed to help my skin.

Dear Reader — There is a limit to what can be done for "blackheads." You are absolutely right that many of the preparations sold and advertised for this purpose do little more than cost money.

The problem begins with the normal function of the skin. Certain cells in the skin normally form oil. In animals it gives a sheen to their coat. When the oily material is deposited in an enlarged skin pore the top turns black and it becomes a "blackhead." The blackhead is not dirt. It is a chemical change in the oily material that occurs on exposure to the air. The enlarged skin pore is actually a specialized hair follicle and there is a very tiny hair in it.

There are only a few things that can be done for the naturally oily skin. Applying things externally to the skin will not stop the production of oil. There are a number of factors that do affect the amount of oily material the skin forms. The normal formation of sex hormones in either men or women stimulate oily secretions.

So do female hormones in the menopausal years. People who have low thyroid function also tend to have oily skin.

The truth is the best external medicine for uncomplicated oily skin and the blackheads that result is to wash the face well three or four times a day and soak the skin with a warm washcloth, removing immediately any blackheads that are visible. You should use any oily skin preparations or creams, since excess oil is already the problem. The difficulty is very closely related to acne or pimples.

As you have learned all the other methods and expensive creams really produce no better results, you might try wiping the skin with an alcohol sponge. Oils are soluble in alcohol and this is an efficient way to remove surface oil. It also helps reduce bacteria on the skin surface.

## Quick Quiz

Q—Which is the world's oldest living tree?  
A—A bristlecone pine in eastern Nevada, officially dated at about 4,900 years old.

## Inside Washington

Jackson's Young Socialists Novak-Guest Writers

By Rowland Vans and Robert Novak-Guest Writers  
WASHINGTON — Leaders of the youth arm of the Socialist party of the U.S. paid a secret visit last week to Sen. Henry M. Jackson of Washington, ridiculed by the Democratic party's current tastemakers as "conservative" and a "hawk," and came away enamoured.

The nine member delegation from the Young People's Socialist League (YPSL) made no commitment to back Jackson. Indeed, they are also favorable to Sen. Hubert Humphrey of Minnesota (whom they visited the next morning) and, less surly, to Sen. Edmund Muskie of Maine. But, unofficially, the heart of the Young Socialists now belongs to Scoop Jackson.

Such backing from a relatively obscure left-center youth group puts a new perspective on the candidacy of dark-horse Jackson. Support from a young socialist group suggests he is scarcely the reactionary he is currently portrayed.

Moreover, YPSL typifies the voters the Democratic nominee needs to defeat President Nixon. Unlike the New Left campus organizations, YPSL consists of working-class, predominantly Roman Catholic students, whose parents are labor union members, and who have been an effective counterweight against New Left campus excesses.

As such, they have been attracted by Jackson's assault on the New Left, his traditional bread-and-butter liberalism, support for organized labor and strong anti-Communism. They are doubtful about his hawkishness on Vietnam and his devotion to civil liberties. To help resolve those doubts, a meeting of the YPSL leaders was arranged by Ben J. Wattenberg, a key Jackson political adviser, in Jackson's Capitol hideaway.

Jackson began by telling his young visitors (whose "socialism" is akin to the British Labor party and the German Social Democrats) that he is no Socialist. He next noted that both McCarthys, Joe and Gene, had come into Washington to try to defeat him—Joe in 1950 because he was too soft on Communism and Gene in 1970 because he was too hard on Communism.

The Social Democrats in Norway (home of his ancestors), said Jackson, neglected national defense and in World War II fell victim to the hobnail boots. Thus he rejected as a "test of liberalism" how soft on defense politicians can be. "Despite the fiasco in Southeast Asia," said Jackson, "the great majority of Americans will not turn tail on our obligations to the world."

Asked about Vietnam, Jackson replied he had always opposed protracted conflict on the Asian mainland. But he also opposed a deadline on troop withdrawals (advocated by his

Democratic rivals) to give Mr. Nixon more flexibility, but only so long as the President keeps pulling out the troops.

When asked about Jackson's vote to continue the Subversive Activities Control Board, Jackson replied he is so only to pass the overall appropriations bill. He pointed out he was one of a handful of House members to vote against the old House un-American Committee a generation ago and was strong on civil liberties.

The No. 1 priority, said Jackson is economic growth—to generate the engine. "He had no sympathy with environmentalists unconcerned about unemployment. He is worried about the poor, he went on, but expressed fear that "the affluent person is losing some moral strength and fiber."

The Young Socialists were delighted. Josh Muravchik, a recent CNY graduate and national president of YPSL, said Jackson came over "as a guy advocating a very progressive domestic policy and not falling into the neo-isolationist bag on foreign policy." Yvonne Nieman, New York organizer for YPSL, said, "I was even more impressed with him after talking to him."

While acknowledging more dovish views on Vietnam, the YPSL members felt that they and Jackson had now reached a compatible position on the war-withdrawal but not re-withdrawal. Moreover, they liked his working class rapport. "He agrees with us that working people are not a bunch of fat slob as in the movie, "JOE," Miss Nieman said.

In fact, the YPSL views were reflected in Jackson's speech this week to the New York AFL-CIO contending that the working man is assaulted not only by Nixon administration policies but also by "some people in the Democratic party who have turned their backs on the working man." With that theme, the YPSL leaders may become the nucleus of a youth-for Jackson organization that could broaden his base in the uphill run for the nomination considerably more than the intellectual taste-

## Wit And Whimsy

No Gwendolyn, cuckoo clocks aren't taken to a psychiatrist to be fixed.

Keep your eye on the ball, and someone will let you have it with the bat.

Some second-hand autos are O.K.—as far as they go.

Meanest man in town has an automatic timer that turns on all the lights when one of the kids has a date.

Brainstroms usually turn out to be mostly wind.

One way to get back on your feet is to be 30 days late with the car payment.
