Reports Show How Nixon Freeze Works

WASHINGTON (AP) — A government report today on wholesale prices could give the first inkling of how President Nixon's wage-price freeze is working.

The Labor Department report covers August wholesale prices of food and a broad range of industrial raw materials and manufactured goods. The freeze was in effect for about half the reporting period.

Meanwhile, organized labor's chief spokesman George Meany, gave the first direct hint he is willing to bargain with the White House over Nixon's economic plans to follow the freeze which ends Nov. 13. But he declined immediate elaboration.

In other developments:

—The government said it will exempt \$1.5 billion worth of goods from the 10-per-cent import surcharge. Acting after some small importers said they would be bankrupt if forced to pay the 10 per cent, the Treasury Department exempted merchandise en route to the United States before the freeze, any tied up by the West Coast dock strike and any held in bonded warehouses or foreign trade zones.

—The president of the National Education Association, Donald E. Morrison said a statement by Treasury undersecretary Charles E. Walker that most teacher raises would not be permitted was an "individual view." Walker's state-

ment was made to congressmen, and Morrison said the NEA disagrees; "We continue to assert that many, if not most, of the nation's teachers will probably qualify under the official guidelines."

—In San Clemente, Nixon ordered postponement until next Feb. 15 of all blue-collar federal workers' pay raises. At the same time, he asked Congress to uphold his proposal that white-collar workers not get any hikes in pay until July 1, 1972.

Meany, in turning down an invitation to testify before the Senate-House Economic Committee, said: "To telegraph our positions in detail now would not be good negotiating strategy."

State Approves \$135,500 County Highway Project

The Texas Highway Commission has approved the expenditure of \$135,500 for improvements to the highway system in Gray County during 1972.

Charles W. Smith of Amarillo district engineer, said that 6.9 miles will be involved in the annual program. Work will be under the supervision of Tom Kelley, supervising resident engineer in Pampa.

The work is part of the Highway Commission's combined State Highway Safety and Betterment and Farm to Market Road Improvement Program for 1972.

The work will consist of placing an asphaltic concrete overlay, including sealing shoulders, on U.S. 60 from the Carson County line to Pampa. Statewide, the Texas Highway Commission approved a \$40.4 million program to improve more than 4.8 thousand miles of Texas highways and Farm to Market Roads.

The 1972 State Highway Safety and Betterment and Farm to Market Improvement Program includes 797 projects in 195 counties.

The program is aimed at enhancing traffic safety by modernizing and rehabilitating highway facilities which are becoming obsolete due to age and increased traffic, according to the district engineer.

5 Youths Nabbed As Trouble Erupts At Austin Schools

AUSTIN (AP) — At least five youths were arrested today as trouble erupted at two Austin high schools in connection with the massive busing schedule ordered by federal courts.

Two Negro pupils were arrested at McCallum High School in northwest Austin shortly after the arrival of a bus load of Negro pupils from Anderson High School, an all Negro school being closed under the new desegregation plan ordered in effect this week.

The arrest complaint said one youth was charged with carrying a sawed-off pool cue studded with sharpened nails.

The other was accused of using abusive language.

Three other youths later were taken into custody at McCallum.

Gray County Commissioners Blast State Legislation Costing Counties

Gray County government officials, including the county judge and commissioners, of four precincts yesterday signed a letter to Governor Preston Smith concurring with a Randall County request state officials reconsider portions of action by the 62nd Legislature which imposed additional costs on counties with no returning benefits.

Legislation contested includes the passage of a voter registration law. Randall County quoted a registration of a county with 54,000 people would cost an additional \$30,000. The new law would permit a small percentage more people to register, but the Randall County communication stated the percent affected would probably not vote anyway.

Another contested item was a jury law which states once a person is dismissed from duty for any reason on one case, the person is automatically exempted for the remainder of the term of court. This would necessitate calling almost twice as many panels than has been called in the past. This increase, besides creating an inconvenience to the citizens of the state who are called for jury duty, will mean at least double expense for all counties in paying prospective jurors.

Other legislation enacted a law by which the fees received by court appointed attorneys were exactly doubled from previous rates. Obviously by doubling these fees the costs of counties is exactly double, said the Randall County-authored Gray County-approved document to the governor.

The Gray County notice concurs with the Randall Commission in stating the enumerated items were useless expenditures of the county's money and would respectfully request that in the event of a special session of the 62nd Legislature, these items be reconsidered by the legislature and the various counties be given opportunities to have their positions heard in this regard.

In the letter to the governor, Gray County officials said it was the consensus of the Court the mentioned legislation, as well as some in the past, continued to place an increasing financial burden upon county government and its taxpayers.

The letter says, while the legislation is well-intentioned, the additional costs to county government needs to be carefully considered prior to its enactment into law by the Texas Legislature.

Copies of the letter were also sent to Max Sherman, State Senator; Phil Cates, State Representative and Woody Pond, Randall County Judge.

Thieu Asserts He Will Step Down If Policies Fail

SAIGON (AP) — President Nguyen Van Thieu told a nationwide television audience tonight he intends to run as the only candidate in South Vietnam's Oct. 3 presidential election but will step down if he and his policies fail to win a vote of confidence from the people.

"I am responsible to the whole country," Thieu said. "To resign would be the act of an irresponsible man, a deserter trying to avoid his responsibilities."

"Such an act could severely damage the country, leaving the legal and constitutional regime vulnerable to the Communists."

Thieu looked tense, even defiant, as he delivered the 25-minute television address.

"To run or to withdraw is the freedom of each ticket," Thieu said. "But the Oct. 3 election is determined by the constitution and cannot be changed, even if there is only one ticket. There is no legal basis for not organizing the elections."

"I want competition, but there is nothing I can do about it. I must carry out the constitution and legal procedures."

"I see that the coming election will be a referendum. If the turnout next month confirms my confidence I shall remain in the presidency. Otherwise I will not accept another four year term."

Thieu did not specify what percentage of the vote would give him the required "vote of confidence," or how that percentage would be determined.

Health And Lynch To Hold Talks On Ireland Issue

LONDON (AP) — Prime Minister Edward Heath will meet Prime Minister Jack Lynch of the Irish Republic on Monday and Tuesday and will ask him to help stop terrorists of the Irish Republican Army from crossing into Northern Ireland, informed sources said today.

Lynch in turn is expected to ask Heath to do something about British troops crossing the Irish border.

The meeting, announced Wednesday, had been set for October. It was moved up after a British patrol crossed into the republic last week and one of its soldiers was killed. Shots were fired at British soldiers Wednesday from the republic's side of the 260-mile border, but no one was hit.

The British Cabinet was meeting today to go over proposals for discussion at the Lynch-Heath meeting. Some reports said Britain might consider a demand, backed by Lynch, for proportional representation for Northern Ireland's Roman Catholic minority in the all-Protestant Belfast government.

Business And Ad Depts. Of News Will Close Sept. 6

The business and advertising departments of The Pampa News will be closed all day Monday, September 6. Earlier deadlines for classified and mainly about people advertising will be observed this week-end.

Classified ads and cancellations must be in the News office by 10 a.m. Saturday for Monday's publication. For publication Tuesday, September 7, the deadline is noon Saturday.

Mainly About People advertising to appear in Monday's issue must be in the office by 10 a.m. Saturday.

Legion Likely Against Seating Peking In U.N.

TOP O' TEXAS KIWANIS VOLUNTEERS — Members of the Top O' Texas Kiwanis yesterday pitched in to help present a good image of Pampa to golfers scheduled to arrive here for the Top O' Texas Golf Tournament this weekend. Doing their part, Kiwanis members, from left, Ab Conway, Mike Case, Wayne Steadum, John Simon, Bob Muncy, Bill Bennett and Austin Ruddick, cleaned up trash from Jupiter St. east to the dump ground, and in the area surrounding Pampa Country Club. Several truckloads of debris which had blown from vehicles enroute to the dump ground, were picked up and hauled away.

Members Attend Meet In Houston

HOUSTON (AP) — The 2.7 million-member American Legion today its opposition to the admission of Red China to the United Nations.

Foreign relations and national security resolutions were major items for consideration at the concluding session of the Legion's 53rd national convention. John H. Geiger, an air line architect from Des Plaines, Ill., was campaigning vigorously, meanwhile, to succeed Alfred P. Chamie, a Los Angeles lawyer, as national commander.

A warm reception from the Legionnaires Wednesday for Ambassador James C.H. Shen of the Nationalist Republic of China indicated no change in their traditional opposition to Red China being seated in the United Nations.

Shen attributed the current move to seat Red China to appeasement and expediency.

The Legionnaires applauded the ambassador when he said the Republic of China is in the U.N. by right. They applauded again when he said it would be preposterous for a founding member of the U.N. to be expelled. And they applauded once more when he said the U.N. record of the Republic of China is totally unblemished.

Secretary of State William P. Rogers also received a warm reception Tuesday, but there was no applause when he discussed President Nixon's plans to visit Red China nor when he pledged efforts to see that Nationalist China retains its U.N. seat.

Convention delegates approved Wednesday a two-paragraph resolution asking Congress to make it a penal offense for anyone to fly the flag of any country or revolutionary group hostile to the United States and holding Americans as prisoners of war. The proposal originated with delegations from Maryland, Virginia and New York.

Also approved was a request that Congress appropriate funds to permit House and Senate committees to extend and expand their activities "exposing the working of the Communist conspiracy within the United States."

Another resolution asked that a loyalty oath for all individuals employed as civil servants be reinstated. A 1969 Supreme Court decision held such oaths for federal employees unconstitutional.

Shen described Taiwan's strategic importance to the United States as "an unsinkable aircraft carrier in the Western Pacific."

Yet he said Communist China has launched a "smiling offensive" while asking the United States to withdraw all its troops from all areas west of Hawaii. "And yet, believe it or not, this is the regime which will soon be considered for membership or representation in the United Nations," he said.

"Some member nations are prepared to vote for the admission of the Peiping regime even if it should mean the expulsion of the Republic of China."

He said the U.N. Charter itself disqualifies Red China in that it says the international body is open to all peace-loving states which accept and are able and willing to carry out obligations contained in the charter. Shen said the U.N. branded Red China an aggressor for its intervention in the Korean War in 1950 and Peiping also was found guilty of committing genocide in Tibet in 1963.

County Solons Okay Contract On Ambulance And Other Items

By ALETHA DAVIS

Gray County Commissioners moved through an important agenda yesterday, approving an ambulance contract with the city, county, and Metropolitan Ambulance Service of Amarillo. The court also approved recommendation of the Airport Board to institute new policies concerning hangar and ground rents at both airports within the county.

They also concurred with Jack Back, Gray County assessor-collector the county assessor's office could execute revaluation of county-located properties with additional local personnel. Back said he believed the revaluation could be completed within eight months.

In a tax collections report to commissioners, Back stated 97.76 percent of county taxes for 1970 had been collected, adding that a part of the \$15,600

recorded delinquent taxes had been collected since July 1. Commissioners commended the excellent collection rate.

In other action, commissioners agreed to uphold an Airport Board decision to create a new rental policy at both Perry Lefors Field in Pampa and the McLean Airport. Ralph Prock, reporting for the board said the panel drew up the long-range operation plan after considering the status of the fields. Prock said current privately-owned hangars are being rented by owners at no benefit to the county while airport operators are under contract to the county, and pointed out the board's feeling that the private hangars were in direct competition with the county hangar.

The board agreed to guideline new contracts beginning Dec. 1 of this year, by which owners of private hangars would be allowed to pay ground rent for a period of 15 years, ending in Dec. 1985. At that time owners would have 60 days to remove the hangars from the field or lease them back from the county, the county being the owner if a hangar was not moved in the 60-day time period.

Prock said the board was looking at the situation from the view-point of maintaining airports on a self-supporting basis. Further changes in rental agreements would include a clause stating owners of hangars would be asked to pay a 10 per cent rate on fixed property income to the county.

The Airport Board said county ownership of all hangars would permit the self-maintenance of the concerns.

Commissioners also signed delinquent and insolvent tax lists and an error in assessment list for 1970.

The next meeting of solons is set for Sept. 13, at 10 a.m.

N. Viet Plagued By Worst Floods In Two Decades

By ALETHA DAVIS

SAIGON (AP) — North Vietnam has mobilized thousands of troops and civilians to fight the country's worst floods since World War II, Hanoi Radio reported today.

The broadcast made no mention of what effect the overflow of the Red and Thai Binh rivers, in the northern part of the country, might have on supplies and replacements for the Communist forces in South Vietnam. But it said food crops had been destroyed, roads washed out, and transportation and communications disrupted.

Premier Pham Van Dong said military and civilian forces have "in the main triumphed over the flood and ward off a big disaster."

North Vietnam now "must concentrate all forces to overcome the consequences of the floods in agriculture and communications and transport," he declared. "All capabilities must be mobilized."

Dong called for increased cultivation of the winter crop in areas not hit by the high water and replanting in the stricken regions.

"On the communications and transport front," he continued, "we must restore the main roads to traffic in the shortest period of time, and mobilize all forces to make the fullest use of the paramount role of communications and transport in the present conditions of the national economy and the people's life."

The meeting was proposed by Argentine President Alejandro A. Lanusse, who urged adoption of a common front by Latin American nations in the face of United States policies which "gravely affect" their respective economies.

In 1932, the Nazi Hermann Goering, was elected president of the German Reichstag.

U.S. Concerned Over Reaction Of Latin America To Surcharge

By ALETHA DAVIS

WASHINGTON (AP) — U.S. officials are viewing with some apprehension evidence of Latin American backlash to President Nixon's 10-per-cent surcharge on imports.

Of particular concern to officials here is a meeting of Latin American finance ministers, scheduled to start Friday in Buenos Aires, at which hemispheric nations will attempt to establish a common front on the surcharge issue.

Official estimates show that only 22 per cent of goods imported to the United States from Latin America are affected by the surcharge. But hemispheric diplomats charge it is unfair to apply the surcharge against an area with which the United States has enjoyed a substantial trade surplus for years.

During the first six months of 1971, the surplus was in excess of \$350 million, according to official statistics.

In addition, there is a consensus among Latin American diplomats here that the surcharge constitutes a retreat from Nixon administration promises to lower trade barriers to hemispheric products.

A Nixon proposal for general trade preferences for the products of developing nations, announced 22 months ago, still has not been introduced in Congress by the administration.

Diplomatic sources say the State Department quietly sought to discourage the meeting of hemispheric finance ministers, which is being carried out under auspices of the Special Commission for Latin American Coordination.

The meeting was proposed by Argentine President Alejandro A. Lanusse, who urged adoption of a common front by Latin American nations in the face of United States policies which "gravely affect" their respective economies.

In 1932, the Nazi Hermann Goering, was elected president of the German Reichstag.

Government Accused Of Burying Probe Of Alleged Car Defects

WASHINGTON (AP) — Consumer advocate Ralph Nader as accused the federal government of burying its investigation of alleged automobile rake failures, window explosions, engine dislocations and fires.

The defects neither safety-related nor widespread. A Chrysler Corp. spokesman denied Nader's charges of failures of the standard drum brakes on a wide range of the company's models.

Traffic Safety Administration. The agency confirmed it has conducted no tests since 1968 to make sure steering columns collapse. An NHTSA spokesman said, however, the agency has studied steering columns in actual crashes and is convinced they are working.

Fine Arts Body Announces New Board Members

The Nominating Committee of the Pampa Fine Arts Association announced the following directors for 1971-72: Mrs. Robert A. Johnson, president; Paul Keim, vice-president and treasurer; Mrs. Tom Braly, recording secretary; John R. Reeve, corresponding secretary; Mrs. George B. Cree, special projects; Mrs. Ernest B. Wilkison, visual arts; Mrs. William Charlton, musical arts; Mrs. Jack O. Miller and Mrs. Calvin Lacy, theatrical arts; Fred Gikas, films and miscellaneous arts; Mrs. Eben Varner, Membership Chairman; and A.W. Bassett director at large.

The new Board of Directors met to formulate plans for the coming year. The Association will sponsor the Alpha and Omega Players' presentation of Mark Twain's "Diary of Adam and Eve" Oct. 4. The contract was also renewed to present the fourth year of plays for children consisting of "Aladdin and His Wonderful Lamp" Dec. 2, "Iroquois Captive" Feb. 24, and "Heidi" May 4.

Plans were also made for the Fine Arts Association's gallery, located at 515 W. King's mill, including the traveling exhibit of the Texas Fine Arts Association Nov. 17 through Dec. 8, and an exhibit by the noted Oklahoma City artist, Joan McCrary. The date of the fifth annual Arts and Crafts Fair, sponsored by the association for the benefit of local and area artists and craftsmen, was set for the weekend of Dec. 4 and 5.

The annual Membership Drive will begin Oct. 1, under the direction of Mrs. Eben Varner. Mrs. Johnson announced.

Judge Denies Request On Busing Plan Delay

DALLAS (AP) — The Dallas Independent School District must come up with enough buses by next week to transport 7,000 pupils involved in a desegregation plan.

U.S. District Court Judge William M. Taylor denied a request by the school district that the portion of his desegregation order calling for the busing be delayed. They said they could not locate enough buses in time.

Taylor said he would order the city-owned Dallas Transit System, which told the court it didn't have the necessary buses, to cooperate in providing transportation.

"It has not been conclusively shown to me that the order of the court cannot be complied with," Taylor said.

The giant squash are growing from a fence-supported site in her back yard. This 42-inch long vegetarian's delight is only one of two rapid growing squash she plans to harvest in a few days. (Staff Photo)

\$8-Million ABM Plan Faces New Cost Cut

By JAMES R. POLK Associated Press Writer

WASHINGTON (AP) — The \$8-billion Safeguard antiballistic missile system, hit hard by inflation which has forced a year's construction delay at a major Montana site, faces a new cost-cutting fight in the Senate.

Senate critics plan to try limiting spending to two ABM bases at Grand Forks, N.D., and Great Falls, Mont., and eliminating all money for two other sites.

Honolulu Working On Plan To Reduce Rush-Hour Traffic

HONOLULU (AP) — With 300,000 cars choking its highways and spewing pollutants into its air, Honolulu is trying computerized car pooling in hopes of reducing its rush-hour traffic by 50 per cent or more.

The half-finished Grand Forks base is scheduled to be operational in the fall of 1974. Its radar system and the Spartan and Sprint missiles have passed a series of tests in the Pacific with flying colors.

Obituaries

ALTON DAY Funeral services are pending in Friona for Alton Day, 69, brother of Mrs. Verma Cantrell of Pampa, who was dead on arrival Wednesday afternoon at Parmer County Community Hospital after suffering an apparent heart attack.

A native of Whitney, he came to the Friona area in 1940 and had lived in Friona since 1946. He was engaged in farming.

DEAR AL... DEAR MR... DEAR M... I don't agree... I just 2 complaints... This would... when he... our most... to bring up... Our Fall In-

Dear Abby

By Abigail Van Buren

DEAR ABBY: Our middle son, Russell (made-up name) is our problem. He is a very intelligent boy of 19 who went to college for one year just to please us, then he quit. "Why waste your money and my time?" he asked.

His grades were above average and he could have continued. His reason for quitting? He likes to work with his hands. He is now going to a trade school and we are so disappointed in him. Now, I'm not putting down people who work with their hands, but it seems to me a man who works with his hands does so only because he isn't smart enough to work with his mind. Russell's brothers plan to enter a profession.

Can you put something in your column stating a college degree is absolutely necessary these days, Abby? After Russell graduates from college he can do anything he chooses, but we want him to finish college first. Thank you.

RUSSELL'S MOTHER
DEAR MOTHER: Sorry, but I don't agree with you. College is not for everybody. If Russell likes to work with his hands, that's what he should do. It's not true those who work with their hands aren't smart enough to work with their minds. Some handwork requires as much skill, talent and brains as many professions. Let Russell do his own thing. Happiness is working at that which gives one pleasure.

DEAR ABBY: Do all husbands pick and nag at their wives over every imperfection? My husband nagged me until I lost 20 pounds. Now he complains because my bust went down 2 inches.

That wouldn't be so bad, but his timing is rotten. He picks our most intimate moments, when he should be telling me something he likes about me, to bring up his complaints.

Doesn't a man know that this turns a woman off?

TURNUED OFF
DEAR TURNED: If he doesn't, he should. And if he knows, and does it anyway, he should be turned down.

DEAR ABBY: After reading the letter from "WORKING GRANDMOTHER" who wants to keep her grandchildren (both under three years old) in a playpen at her house, I was reminded of my problem, which is exactly the opposite:

My children's grandmother cannot understand why I won't leave my children at her house. My toddlers would be safer playing alone in an abandoned mine field. There are bleaches and other harsh chemicals on the laundry room floor, drain cleaner and aspirin on a low shelf in her bathroom, extension cords plugged into the wall socket, only lying on the floor, and attractive matches and lighters within easy reach.

Outside they have cactus and oleander landscaping and a shallow fish pond. And if a child should happen to stick his hand thru their chain fence, a dog who bites is waiting on the other side.

There are also 20 dozen valuable fragile knickknacks all over the place, which if damaged or broken would give granny cardiac arrest.

So perhaps if she and other grandmothers read this they will realize why their daughters (and daughters in law) don't send the kiddies to Grandma's.

CAREFUL IN CALIFORNIA
DEAR CAREFUL: Perhaps. But wouldn't it be a lot easier to just level with her?

TENDER SKIN
For those with sensitive skin be sure to pick up on those hypo-allergenic skin products which are on the market.

State DAR Acquires Historic Plantation

Mrs. W. S. Dixon of Pampa, regent of the Las Pampas chapter of the Daughters of the American Revolution, has received the following announcement from the state organization.

Mrs. Ford Hubbard, State Regent, and the members of the Board of the Texas Society, Daughters of the American Revolution, have announced the purchase of an historic house, The Freeman Plantation, in Jefferson, Texas. This will be the future home for the Texas members where all past records will be kept and a display of DAR projects maintained for the benefit of friends and the general public.

Outstanding among the many ante-bellum homes on the yearly Jefferson Pilgrimage in May, the Freeman Plantation house is located in a setting

Jeanne Dixon

Your Horoscope

FRIDAY, SEPT. 2
Your Birthday Today: Your coming year is full of a restless search for a better way of life and more clearly defined understanding. Today's natives follow customs and rules more as a convenience than any will to conform. They are self-sufficient in most ways. Great admirers of the opposite sex.

ARIES (March 21-April 19): Economy of means and actions is the keynote for today. Make lists of reserves gathered during the week; settle questions raised in the last three days.

TAURUS (April 20-May 20): So many people have a place for you in their schemes that it may be difficult to choose until you reflect on your original goals. GEMINI (May 21-June 20): Career gains arise from today's hasty changes. Competitive moves. An early start is strongly favored as later hours become quite crowded.

CANCER (June 21-July 22): Be ready for abrupt changes, perhaps settlement of an old problem. Fresh competition is almost certain in any vocational specialty.

LEO (July 23-Aug. 22): A reality check is in order. See life as it is, your circumstances as they are. If you are not happy with things, begin some plans for changes.

VIRGO (Aug. 23-Sept. 22): Your projects and obligations suddenly turn out to hold much higher importance than originally planned.

LIBRA (Sept. 23-Oct. 22): Let well enough alone; clear up details of your workweek. Nobody is ready for any fresh bright ideas or last minute experiments.

SCORPIO (Oct. 23-Nov. 21): Giving your projects a chance to work toward the goals you set; steady repetition of recently acquired habits produces results. SAGITTARIUS (Nov. 22-Dec. 21): Most of the story is quite well known; however, the details that don't show are the most important. Be a bit cautious on promises of long-term arrangements.

CAPRICORN (Dec. 22-Jan. 19): Set something aside for savings; equipment for future use; survey your belongings; plan for replacement of anything that's not really the best.

AQUARIUS (Jan. 20-Feb. 18): Something new is at work in your local area.

PISCES (Feb. 19-March 20): Bring your friends together for a review of the last few weeks. Close ranks to move on to a more effective way of life. Discard outworn equipment.

of 16 acres of wooded property. A natural stream runs through the plantation.

Built in 1850, virgin timber cut from the plantation was used in construction. The hand-hewn beams, fourteen by fourteen inches in thickness, support and extend the length of the building. The first floor is old brick with ground to eaves pillars. The fourtowering columns that uphold the roof of the suspended porch are built of handmade brick. Each of the eight original historic rooms has a large open fireplace. The DAR has obtained the house along with most of the original antique furniture.

In recent years a large wing has been added to the rear of the original home to provide facilities for modern living, including central air conditioning and heating. The kitchen, now modernized, still has its open fireplace and iron kettles.

The Freeman Plantation home has been awarded the plaque of the Historic American Building Committee as well as

the Texas Historical Society Committee marker. The house has been sketched by architects of the National Park Service and filed in the Congressional Library as a masterpiece of French-Colonial architecture generally known as a "Louisiana Raised Cottage."

The dedication of the Freeman Plantation will be announced at a later time by the Board of the Texas DAR. Many notable Texans as well as distinguished guests from other States will be invited to participate.

The State Regent, a member of the John McNitt Alexander Chapter of Houston, has travelled most of the summer throughout Texas in search of a suitable State House for the Texas Society with excellent assistance from many interested members. Mrs. Ford is a fourth generation Texan and in her dedication to the DAR Mrs. Ford Hubbard is following in the footsteps of her relative, Mrs. Roger Pryor of New York.

DAR PLANTATION - Mrs. Ford Hubbard, regent, Texas State DAR, and Dan Lester, mayor of the city of Jefferson and member of the Texas State Historical Society survey committee, stand before the historic Freeman Plantation, recently acquired by the Texas DAR.

CLEANING OLD GOLD

Been married too long? If your wedding band has lost the sparkle and shine it had a few years back, here's a helpful hint. A good way to clean gold rings, earrings and bracelets is by soaking them in ammonia and then brushing the dirt away with an old toothbrush.

BARGAINS???

This is the season of bargain hunter's delight. Most stores have end-of-summer sales in which the merchandise is greatly reduced. But make sure you're really getting a good buy. Check the product for stains, and damages. Don't ignore the possibility of style

changes, particularly with shoes and dresses. And if your weight fluctuates greatly, think twice before buying something for next year...

In 1924, the Dawes Plan for World War I reparations was signed in London.

Pre-Holiday SALE

Swiss steak from economical beef round pleases beef eaters.

Swiss Steak Rated Labor Day Delight

By AILEEN CLAIRE
NEA Food Editor

Steak in almost any form gladdens the heart of most American males. A special treat for the Labor Day scene needn't break the family food budget. Take a lean, flavorful round steak, smother it with mustard, fresh tomatoes and onion and braise until tender on top of the range. This is an economy cut from the hind leg of beef that makes a perfect companion for boiled potatoes and a green vegetable.

SUCCULENT SWISS STEAK

2 pounds beef round steak (1-inch thick)
Salt
Pepper
2 teaspoons prepared mustard
3 large tomatoes
1 large onion
Cut beef into 6 portions. Trim off excess fat from beef and brown fat in skillet. Discard fat and brown beef in drippings. Sprinkle beef with salt and pepper. Spread mustard on beef. Slice and arrange tomatoes and onion over beef. Cover. Simmer about 1 to 1½ hours until tender, adding a little water if needed. Makes 6 servings.

Protein, Vitamins And Mineral Found In Seafood Rated Good For Everyone

AUSTIN — Whether the goal is weight control or budget control, a homemaker would be well advised to follow the example of dietitians by using portion control. This is the practice of deciding how large a portion is adequate to insure good nutrition and appetite satisfaction without wasting food or overeating.

Most kitchen-tested recipes, including those of the Texas Parks and Wildlife Department, give the number of portions served. If your family is larger or smaller you can easily figure how to increase or decrease the recipe. Recipes developed and tested by home economist Ann Holden of the Parks and Wildlife Department generally serve six people. Entree recipes using fish will call for two pounds of fillets to serve six people. If a young bride is cooking for two it would be a safe bet to cut the recipe in half and to buy one pound of fish fillets. Just a salad or hot vegetable would round out the menu at a low cost. It won't round out your figure because fish is low in calories.

Here is an example of a recipe which can be cooked quickly has few ingredients and is highly nutritious. After you've tried this one you can obtain more free recipes by sending your name and address to: Seafood Recipes, Texas Parks and Wildlife Department, John H. Regan Building, Austin, Texas 78701.

BROILED FLOUNDER

2 pounds flounder fillets or other fresh fish fillets
¼ cup melted fat or oil
1 teaspoon salt
dash pepper
2 cans (4 oz. each) mushroom stems and pieces, drained
1 cup grated cheese
2 tablespoons chopped parsley
Cut fillets into serving-size portions. Combine fat, salt and pepper; mix thoroughly. Chop mushrooms, cheese and parsley. Place fish on a well-greased broiler pan and brush with fat. Broil about three inches from source of heat for three to four minutes. Turn carefully and brush with fat. Broil three to four minutes longer or until fish flakes easily when tested with a fork. Spread mushroom mixture on fish and broil two to three minutes longer or until lightly browned. Serves six.

Reuben Sandwich Is Complete Meal

By AILEEN CLAIRE
NEA Food Editor

A baked sandwich dish gives everyone time off to enjoy the Labor Day activities. A variation of the famous Reuben sandwich is layered and usually deep-fried. This sandwich is a complete meal with potatoes, Swiss cheese, corned beef and sauerkraut, all made more tasty with a tomato sauce with onions.

REUBEN SANDWICH

2 (8-ounce) cans tomato sauce with onions
2 teaspoons horseradish
½ teaspoon salt
2 cups sliced cooked potatoes
1 (1-pound) can sauerkraut, drained
2 cups shredded Swiss cheese
2 (3-ounce) packages sliced corned beef
4 or 5 slices rye bread, cubed
Mix together tomato sauce with onions, horseradish and salt; set aside. Arrange potatoes in lightly greased 12-quart shallow baking dish. Top with sauerkraut, then half of tomato sauce mixture and 1 cup cheese. Cover with corned beef slices; pour remaining tomato sauce mixture over beef and top with bread cubes.

Fresh Bartlett Pears Provide Contrast When Teamed With Chicken

By CECILY BROWNSTONE
Associated Press Food Editor

Chicken is always with us these days because it supplies excellent protein at comparatively low cost. The challenge is to cook it in new and enticing ways.

The latest innovation chicken recipe to come into our test kitchen follows. It uses interesting seasonings plus fresh

Bartlett pears and they add welcome flavor contrast. Because little fat is used in this Baked Chicken with Fresh Pears recipe, calorie-counters will approve it.

By the way, we've discovered another refreshing way to use firm-ripe fresh Bartlett pears: add them to potato salad. A food editor friend of ours thought up this combination

and it's well worth trying.

BAKED CHICKEN WITH FRESH PEARS

2 frying chickens (each about 3 pounds), quartered
Butter and salad oil
Salt and pepper
1 cup dry white wine
2 tablespoons lemon juice
¼ cup minced fresh dill
2 tablespoons minced fresh mint

1 teaspoon dry mustard
4 firm-ripe fresh Bartlett pears
Wash and thoroughly dry chicken. Brown chicken in a large skillet, in a small amount of butter and salad oil, over moderate salad.

Transfer chicken to a large casserole or Dutch oven, sprinkling with salt and pepper. Skim off excess fat in skillet;

to drippings add wine, very over low heat to get up to boiling. Off heat stir in the lemon juice, dill, mint and mustard and pour over chicken. Cover tightly and bake in a preheated 375-degree oven for 45 minutes. Pare, halve and core pears. Add pear halves to casserole and baste with liquid in baking dish.

10,000 Expected To Attend Rodeo At Boys' Ranch

Approximately 10,000 persons are expected to visit Cal Farley's Boys Ranch over the Labor Day weekend to watch the boys put on their 27th annual Boys Ranch Rodeo.

It is the only rodeo of its kind in the nation in which all of the contestants are boys riding calves, steers, brahma bulls and bucking broncos. Older boy competes on professional rodeo stock and all of the judging is under R.C.A. rules. All of the 375 boys now at the Ranch have a part in the rodeo, either as contestants or working in the many behind-the-scenes activities.

Each rodeo performance will begin at 2:30 both Sunday and Monday afternoons, and big bar-be-que beef sandwiches will be prepared and sold by the boys for only \$1. The rodeo is also a traditional homecoming for the more than 2,500 boys who have lived at the Ranch since it was founded by Cal Farley in 1939.

Reserved box seat tickets for \$2.50 are available at the Boys Ranch office, 600 West 11th St. in Amarillo, or can be obtained by writing to Cal Farley's Boys Ranch, P.O. Box 1890, Amarillo, Texas, 79105. General admission will be \$1.50 for adults and 75 cents for children.

Radio & TV

By CYNTHIA LOWRY
AP Television-Radio Writer
HOLLYWOOD (AP) — Raymond Burr soon will start his fifth season playing a crusty San Francisco police detective named Ironside. The off-camera Burr, however, is involved in work for the handicapped, running a South Seas island, and raising orchids.

An active man whose enthusiasms are as large as his physical frame, Burr has also found a new cause one which has emerged logically from his experiences in the role of a man permanently paralyzed from the waist down by a killer's bullet.

"The handicapped are one of the biggest minorities in this country," he said. "We're trying to call attention to some of their special problems. We're agitating for changes in building codes so that doors will be built wide enough for wheel chairs. Right now it is almost impossible for the handicapped to get chairs into telephone booths, polling booths or even to use public toilets."

"We have some local legislation started to widen entrances to public buildings. We're campaigning for ramps instead of curbs at cross walks. We think there should be at least a percentage of rooms in apartment houses and hotels built so people in wheel chairs can get around without help."

The actor's knowledge of the day-by-day problems of the crippled has been accumulated over "Ironside's" run on NBC. Since the handicapped identify with the heroic detective, Burr is careful that the capabilities of this man who has lost the use of his legs are never exaggerated.

When there is any question, it is referred to one of the program consultants, a paraplegic in his 50s who tests the scene. If he can go through it, it stays in the show. If not, it is rewritten.

Smith Appoints Aide To Succeed Dies Jr.

AUSTIN (AP)—Gov. Preston Smith announced Wednesday the appointment of his legal aide, Robert Bullock, as secretary of state to succeed Martin Dies Jr.

The disclosure came while the governor was in Mexico City. Dies resigned as secretary of state, as of Sept. 2, to become chief justice of the Court of Civil Appeals in Beaumont.

The secretary of state gets \$26,000 a year which will increase to \$28,000 a year at the end of the wage-price freeze.

Bullock is a graduate of Hillsboro High School and Hillsboro Junior College. He received his BA degree in management and

economics from Texas Tech in Lubbock in 1955, and graduated in the top five per cent of his class at Baylor University Law School in 1958.

He was a member of the Texas House for two terms from 1956 to 1959. Bullock was on the Revenue and Taxation, Oil and Gas, Game and Fish, Labor, Constitutional Amendments and Highways and Roads committees.

Bullock was partner in a Hillsboro law firm from September, 1958, to August, 1959, when he resigned to take partnership in the law firm of Tunnell, Bullock & Jeffus in Tyler.

Bullock was general counsel of the Texas Automobile Deal-

ers Association from June, 1961, to January, 1963, when he returned to the private practice in Austin.

He was in private practice until July, 1967, when he was named division chief, anti-trust and consumer protection division in the office of the attorney general of Texas. He resigned in February, 1968, to work in Smith's first campaign for governor. Bullock has been legal counsel to the governor since Smith was inaugurated.

In 30 B.C., Cleopatra committed suicide by letting an asp bite her.

In 1637, the religious liberal, Anne Hutchinson, was banished from Massachusetts.

Area Schools Present Pins To Workers

SKELLYTOWN (Sp1) — At the annual breakfast for personnel of the White Deer-Skellytown Schools, held on Wednesday morning, service pins were awarded by R.W. Standefer, Jr., superintendent of schools.

Personnel who had served five, 10, 15, or 20 years were presented pins, made with years imprinted and stones for respective years of service to the White Deer-Skellytown Schools.

Twenty-year pins were presented to David Grayson, Lawson Shaw, Miss Bertha Standridge, and Mrs. Proxie Hendricks of White Deer, John Banks, Howard Moore, Mrs. Mary (Coward) Vaale, and Mrs. Ellen Coker of Skellytown.

Fifteen-year pins were presented to: Mrs. Lois Hughes, Thomas Bates, Kathleen O'Keefe, and Mrs. Marguerite Hudgins, White Deer. Those from Skellytown receiving fifteen-year pins were Mrs. Evelyn Evans, W.H. Evans and Mrs. Virgie McGee.

Ten-year pins were presented to W.R. Burcham, John T. Morris, Altus Keahey, Roy Simmons, Mrs. Dorothy Mc Murtry, Mrs. Edith Morris, Mrs. Iva Ruth Reid, Mrs. Bortie Gallegly, Miss. Mary Nelms, Miss Lometa Odoland, Josephine Milkien and Mrs. Helen Banks of Skellytown.

Registration At Borger FPC Through Sept. 10

Registration at Frank Phillips College, Borger, continues through Sept. 10.

No person will be admitted to a Monday, Wednesday, or Friday class after Sept. 13; or a Tuesday-Thursday class after Sept. 14, without written permission of the Academic Dean.

Evening students must be attending class on the first day that the class meets after Friday, Sept. 10, 1971 and will not be admitted to class after that date unless he has written permission from the Academic Dean.
