## Athletic Director Wartes Gives New Program Ideas

### Athletic Boosters

### Start Spring Sports

By the time boy and girl athletes involved in spring sports lined tables, and were joined by parents, fans and children, a very large crowd attended the Thursday night meeting at the Muleshoe High School cafeteria.

The meeting was to officially kick off spring sports and to officially meet Mike Wartes, new athletic director for the Muleshoe schools.

Opening the meeting was Paul Poyner, president of the Muleshoe Athletic Booster Club, who said, "We're all real excited here because you're interested in spring sports."

He praised the group for showing continuing interest in sports activities of the school in Muleshoe. Introducing the new athletic director, Poyner said he has a unique approach to the athletic director's position.

Wartes praised the hospitality of the local people and for making him feel so welcome in Muleshoe. He told of some of his experiences in attempting to find a place to live, and what has happened since he has been staying with Coach Ronnie Jones.

In a discussion directed especially to parents at the meeting, Wartes said he had a basic philosophy in that he believes in a total athletic program and that he wants to build the best all-around athletic program we could have in Muleshoe. He said that it will take not only the efforts of the youths and the school, but their parents, and in fact, the entire town will be needed to help with the program.

"I want young people to enjoy participating in athletic events," he said, "however, athletics can't be enjoyed without a disciplinary structure. We need to encourage every young person in school who is interested

### Terry Gunter

### Seeks Coaches For Basketball

If the Muleshoe Jaycees are to have a Youth Basketball program this year, Terry Gunter said he needs applications for coaches for the program right away.

According to Gunter, if coaches will not volunteer for the annual spring program, the Jaycees will write letters to all the parents explaining the reasons for not having the program.

A seasonal will not be scheduled until it can be determined that enough coaches will be available for the teams, added Gunter.

He can be contacted at the Muleshoe State Bank or by calling him at 272-4561 or 272-3677.

## Band Concert Set Monday By Schools

Muleshoe Public School bands will present their Winter Concert on Monday, March 13, at 8 p.m. in the Muleshoe High School auditorium.

Included on the program will be the sixth grade band, junior high school band, the Muleshoe High School Stage Band and the High School Marching band.

Band director Charles Faulkner said selections to be performed include: Rock, Roll, Row Your Boat, Castles in Spain, Star Spangled Banner, Jota, Beth, A Little March, Gona Fly Now, Midnight Crawler, In The Mood, Las Mascarada, Jesus Christ Superstar, Lethbridge Overture and Credence.

There will be an admission charge, with proceeds going to the band trip fund, band camp scholarships and the junior high school and elementary band festival participation funds.

## Basketball Players Named All-District

A Babe Ruth Baseball organizational meeting for the 1978 season is scheduled Thursday, March 16, at 8 p.m. in the Tri County Savings and Loan meeting room.

All interested parents, prospective coaches and officials are asked to please attend.

Mrs. John Hill, wife of gubernatorial candidate of John Hill, will be honored at a coffee Tuesday, March 14, at 11:30 a.m. in the Muleshoe State Bank community room.

Area residents are urged to attend the coffee and meet Mrs. Hill, who is on an extensive campaign tour in her husband's behalf.

Linda Hernandez, graduate of Muleshoe High School and South Plains College, Levelland, will be one of the judges in the oratory scholarship competition highlighting Tejano Day at the college on March 31.

Recipient of the scholarship will receive a \$50 scholarship for first and \$25 for second place at SPC.

The Muleshoe Nursing Home was accepted as a member of the Texas Nursing Home Association by the TNHA Board of Directors at their February meeting in Austin.

Marshall Cook was chosen to serve as the representative of the home in TNHA activities.

House sales are an indicator that Muleshoe's economy is steadily growing. Included recently has been the sale of a recently rebuilt home sold by Si Stockard to Dr. Frank Sayago.

S.K. Flatt has purchased a new home under construction near the Muleshoe Country Club. The house is a 1900 square foot home being built by E.T. Ford.

Three varsity boys' basketball players and seven varsity girls have received All-District honors this week.

Named All-District players from the Mules were Charles

Briscoe and Dean Northcutt. Billy Vinson received honorable mention.

Named to the All-District first team were Evelyn Grace, forward and Susan Crittenden,

guard.

Four players were named to the second team. Forwards chosen for the second team included Elizabeth Isaac and Karen Stovall, Dani Dunham and Shana Eubanks were named second team guards.

Receiving honorable mention as a forward was Shelly Dunham.

Muleshoe's varsity boys' team completed the 1977-78 basketball season with 18 wins, 13 losses. Coach Raymond Schroeder praised his players for their efforts during the year.

The Mules averaged 53.90 points per game, while averaging giving up 51.71 points per game.

Leading scorer for the season was Billy Vinson, who had a total of 318 points, averaging 10.26 points per game. Charles Briscoe was the leading rebounder with 239 rebounds for an average of 7.79 per game.

Coach Raymond Schroeder said the best field goal percentages were Marcus Beversdorf, 48 percent hitting 92 of 193 attempts; Charles Briscoe, 47 percent, hitting 105 of 222 attempts; Dean Northcutt, 45 percent, hitting 89 of 200 attempts and Billy Vinson, 42, hitting 160 of 379 attempts.

Danny Wilson had the most assists with 51; Dean Northcutt had the steals with 55; Charles Briscoe had the most blocked shots with 45 and Mack Norman had the most offensive fouls

## Doc Goucher Praises San Andres Island

Mr. and Mrs. Doc Goucher wound up their Caribbean cruise with several other island visits. Here, Doc gives the completion of the most recent cruise in the Caribbean.

### THE CARIBBEAN

Doc Goucher by

We spent many happy hours visiting the island of San Andres, Colombia's island off Nicaragua. Fifteen miles long, by eight miles wide with thirty thousand people.

So different from Panama. The people were industrious and prosperous. Long ago they cleared the jungle and planted the entire island to coconut trees. Every two months a young farmer climbs the tall trees to gather ripe coconuts.

A good paved road has been built around the island near the splashing waves of the Caribbean sea. A well planned system has been built for tourist's comfort and enjoyment. The tourist do come in large numbers. We were glad our ship stopped by and we could visit an island that is inhabited by ambitious people.

Next was the Grand Cayman Island, a British Crown Colony southwest of Cuba. A rather small island; however it does have one great attraction. The only green turtle farm in the world. Thousands of them are raised for world's markets.

Turtle steaks and green turtle soup are considered a delicacy the world over.

Only a few ounces when hatched from an egg to over six hundred pounds at maturity. But it was not for us. A heavy gale blew up and made it impossible to land as there is no harbor around the island.

Our last stop was a small city, Playa Del Carmen on the Yucatan Peninsula of Mexico.

We boarded busses for an all day excursion to Tulum, a famous archaeological discovery where a great civilization sprang up long ago and died, leaving behind several cities and a language archaeologists have failed to decipher. How long ago did the Mayan people live there and how long did the civilization survive? Nobody knows. One guess is as good as another. Maybe a thousand years, maybe more.

The sixty four miles we traveled to Tulum is almost worthless jungle. Honey bees are scattered through the area. Their ability to fly over the dense vegetation and small trees and extract honey from the many flowers is the only asset of the area. Cogar and tapir, along with smaller animals are present in the jungle.

The jungle has been cleared away from the ancient city of Tulum. A large rock wall had been erected on three sides. The other was a cliff overlooking the Caribbean Sea. The enclosure, 1

### Local Jaycees

### To Meet With Commissioners

When Bailey County Commissioners meet Monday, one item on the agenda will be to meet at 2 p.m. with a Jaycee committee. Also during the meeting, which gets underway at 10 a.m., will be to consider a request from Five Area Telephone Cooperative for permission to install lines in a county road right-of-way and to pay routine county bills.

Commissioners will also approve payment for construction completed to date on the Bailey County Exhibition Center and Coliseum.

Other miscellaneous items may be discussed during the all-day meeting.

## HERO Plans Banquet On March 20

Muleshoe High School HERO/FFA students will host a banquet for their employers, parents and all ex-HECE students, along with their husbands and wives on Monday, March 20.

Banquet time will be 7:30 p.m. in the Muleshoe High School cafeteria.

Certificates of Appreciation will be presented to Employers who have participated in the HECE program for two years or longer. Also, the Chamber of Commerce Award will be presented the Outstanding HERO member.

Mrs. Ben Gramling, coordinator of the HECE program for the school said, "We want to make this a special HERO reunion by encouraging all exstudents and their husbands or wives, employers, and parents to attend this banquet."

"If you plan to attend, please call Muleshoe High School at 272-3080 between 8:30 and 4 p.m. by Friday, March 17."

## Farmers Hold Meet Here Friday Night

American Agriculture Movement continues to gain momentum according to several speakers at the Muleshoe High School auditorium, according to speakers who addressed the meeting Friday night.

Receiving a standing ovation as he completed talking was Bart Kaderly, of Galloway, Ohio, who concluded by telling the group, "I hope we can find the solution we've got to have, we have to have something to leave to our children."

Kaderly also said, "the depression this country is in right now didn't start in New York City, it started in the cotton fields, in the corn fields and down the rows of rural America." He attributed much of the high prices and depressed markets to the low prices being paid for farm products.

The Ohio farmer also said "We have more leadership, more common sense on farms in rural America than you'll ever see in Washington, D.C."

During his talk, Kaderly told of his involvement in the American Agriculture Movement, and urged all farmers to become involved as farming is "the last stronghold of free enterprise that built this country."

Prior to coming to Muleshoe, Kaderly had addressed an American Agriculture Movement meeting in Farwell the same night.

Both Kaderly and Glen White, a farmer from Stratford, who started off the speaking in Muleshoe, said the American farmer is being manipulated into cutting production with an eventual loss of the American farms to the large corporations where food prices will be set as high as the corporations want to see them.

White said economists believe that farming is sort of a side line, that it is nice to have but you really don't need farming. He said that farming is one of

the few places that generates new wealth, along with mining, forests and fishery. "New wealth must come from the land," he said.

He said the corporations believe that the whole thing (farming) will be better when the government owns all the land that the farmers work for the government.

White also told of hearing people say in urban areas, "We don't need the farmer, we get all our food down at the grocery store."

"We have gotten away from God's plan for the nation and it's time for it to turn around and for us to change it," he added.

"Through prayer, depending on God as our leader, this thing can be corrected. He could do it, but he wants us to," concluded the Stratford farmer.

### Cof C Plans

### Breakfast

### On March 23

Muleshoe Volunteer Fire Department members will be the special guests at a breakfast hosted by the Muleshoe Chamber of Commerce on Thursday, March 23 said, Tommy Black executive director of the C of C and Agriculture.

He said the breakfast will be at 6:30 a.m. in the Corral Restaurant under coordination of new Chamber of Commerce and Agriculture board member, John Blackwell. Blackwell will be breakfast chairman for 1978, added Black.

The Volunteer Fire Department, hardworking and often unrecognized, will be special guests at the dutch treat breakfast.

Black said door prizes will also be given during the breakfast.

## Circus Here Tuesday For 2 Performances

Circus magic is coming to Muleshoe. Jungle Wonders, the wild animal circus will be in Muleshoe for two performances on one day only, Tuesday, March 14. The two performances will be at 6 and 8:30 p.m. under the Big Top which will be located at the Boy Scout grounds on South Main Street. All the pageantry and thrills, glitter and drama of the big top, in combination with a marvelous menagerie of wild animals, will accompany the circus, according to Jungle Wonders.

One great advantage will be that children under 12 can attend the circus free of charge if they take one of the free tickets now available in Muleshoe. The tickets for children under the age of 12 will be available at various merchants' in Muleshoe on Monday and Tuesday.

Without a ticket, admission for children under 12 is \$2 and \$2 for adults.

Jungle Wonders is an old-time, big-time circus with 25 acts, which a circus spokesman said is all new this year. Included are the high-flying Butterfly Man; Yesta Vermillion on the high trapeze; Cothenia The Great; a performing elephant, Little Orphan Annie, the educated chimpanzee; along with the premier presentation of equine intelligence by Col. Arturo Hollingsworth, presenting his trained horses; dancing dogs; prancing ponies and Spoofo and his friends, clowning around.

Joe Matheson is the first graduate of the Ringling Bros. & Barnum & Bailey Circus

Clown College and has been considered a master of comedy. He is a hand balancer who walks up a flight of stairs on his hands.

Among the animals will be elephants, racing ostriches, bears, lions, llamas, wild African goats, a baby elephant and Baby Nila, the blood-sweating hippopotamus from the River Nile.

All this in the two performances on Tuesday, March 14, in Muleshoe. The circus is being sponsored in Muleshoe by the Muleshoe Chamber of Commerce and Agriculture.

**WATSON'S NEW CONSTRUCTION**--Howard Watson said Thursday afternoon, that he is hopefully looking for a better year. "We're geared for it," he commented. Watson Alfalfa is currently in the process of erecting new steel buildings at his business. Watson said the buildings will be used for vehicle and equipment storage.

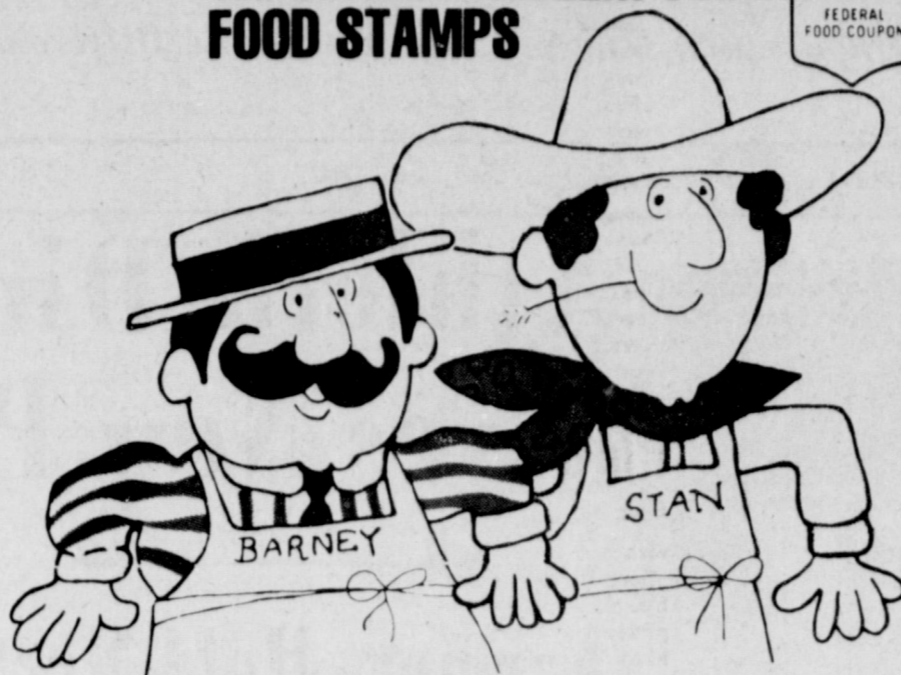

AD AND PRESIDENT--Mike Wartes, left, Athletic Director for the Muleshoe Schools, was introduced during a meeting Thursday night of the Muleshoe Athletic Booster Club. More than 150 people attended the meeting at the cafeteria. Pictured with the AD is Paul Poyner, president of the Muleshoe Athletic Booster Club.

"Each of these advertised items is required to be readily available for sale at or below the advertised price in each store, except as specifically noted in this ad."

Prices good thru March 15, 1978. We reserve the right to limit quantities. None sold to dealers.

**Coachs Comment**

The spring sports at Muleshoe High School are in full swing with boys and girls track, golf, and tennis. Every coach is very optimistic about the season. The coaches that are working in these areas this year are as follows: Girls Trace--Coach Bob Graves; assistant Coach Lester Kirkland  
Boys Varsity Track-- Coach Gary Goodin; assistant Coach Randy Crook  
Boys Freshmen Track--Coach Rodney Murphy; assistant Coach DeLeon  
Girls and Boys Golf--Coach Raymond Schroeder  
Girls and Boys Tennis-- Coach Gail Bizzell  
I would like to include a spring sport calendar and encourage the entire community to get out and watch these young people participate in these sports. Mike Wartes.

**HERO Girls Stay Busy In February**

The HERO girls were really busy and involved in community projects during the month of February. They have assisted in the Heart Association Drive. They attended the Heart Association Meeting on Thursday night, February 9, and received their packets and were assigned a section of town for the Heart Drive held the following Saturday and Sunday. They helped by walking door-to-door explaining their purpose and collecting donations. Next the American Agricultural Association had a luncheon on Saturday, February 11, and HERO assisted in serving the luncheon held in the High School Cafeteria. The Chamber of Commerce banquet, was February 16. HERO members helped set the tables and served tea and coffee. Traditionally HERO helps with the annual Chamber of Commerce banquet. HERO enjoyed helping with the civic and service activities.

Also speaking during the evening was Jerry Don Glover, who moderated the meeting. He asked that specific thanks be given to the business people who have supported financially and otherwise the American Agriculture Movement and to Gil Lamb of KMLU and Clea Williams of the Journal.

Glover told of some of the activities during the past week at McAllen, including the confrontation of farmers with law enforcement officers and of political actions following the ailing of more than 200 farmers at McAllen.

Division 33

Lt. Governor

Visits Kiwanis

A special guest at the Friday morning Kiwanis meeting was District 33 Howard Birdwell of Jereford. He was accompanied by Hereford Kiwanians A.J. Phillips and Earl Warrick.

The Lt. Gov. presented the morning's program on examples of things Kiwanis Club in Division 33 are doing and reporting. The local Kiwanis reporter said all clubs seem to be very busy, and added that Muleshoe Kiwanians hope the local club is a service to the community.

Another guest, along with the 18 local Kiwanis members and sweetheart Benetta Roming, was Michael Griffin, son of Kiwanian Melvin Griffin.

Tom Lobaugh presented the friendship coin to Gail Bizzell of the Muleshoe High School system. He and Michael Griffin left early for a tennis tournament. Bizzell is also the tennis coach for MHS.

He said the Dole-Bentsen flexible parity bill would be the best bill for the farmer for quick relief and suggested and all interested persons call Washington or the strike office in Muleshoe to have them call Washington for the farmers.

Robert Gallman, who returned to Muleshoe late Friday after testifying Friday in Washington before the Agriculture committee, said he was an optimist, and that things are beginning to look real good in Washington to him. He said he believed that a workable bill would be approved for the farmers.

Kenneth Nesbitt, who gave a financial report during the meeting said the local office of AAM has had over \$18,000 in contributions and they are selling strike caps and bumper stickers for additional funds.

He told how the money is being spent, and said he hoped businessmen and individuals who have contributed would realize that the farmers are spending their contributions in as much as business like manner as possible.

All the strike participants believe the recent activities of the American Agriculture Movement are working toward a solution for the low farm prices, although all were unanimous in stating, "It won't be easy, and it will take a lot more work."

Farmers were urged to lay out 50 percent of their land for the year, in the continued AAM fight for higher prices.

Jan Springfield, Young Homeaker coordinator of the South Plains Blood Service Blood drive in Muleshoe last Wednesday, said 25 people volunteered to donate blood. Of these volunteers, 22 units of blood were taken at the Muleshoe Chamber of Commerce and Agriculture.

South Plains Blood Services said over 1,900 units of blood are needed in area hospitals each month.

would guess, contained about one hundred and sixty acres. Most of the remains of one hundred and eighty seven houses and other buildings remain, some in good condition. Well built and planned for protection against enemies.

We saw a crypto containing some decaying bones of an early man, rather short, maybe five feet and six inches tall. Also etching on stone walls with colors still intact. Kings, or people of power, all upside down. Rather funny we thought.

There are some other cities nearby. Some with larger buildings, but we were short on time so we returned to the ship wondering how so many people lived on the Peninsula where it would be impossible to support them at the present time.

The island of Cozumel near by is the headquarters of the tourist industry Mexico is developing and they do have a lot to show. The trinkets and silver jewelry made a big hit with the shoppers.

The large number of busses were handled well with free beer and Cokes. A restaurant in Playa Del Carmen was waiting for us. Compliments of Mexico. Watermelons and all the tropical fruit we could eat.

Everywhere on the trip I never saw any sign on the merchandise (made in USA). Made in Japan was common; however, farmers are doing well. General Mills, Del Monte, Cokes, beer, tobacco and many others were common.

We left the ship in Galveston at noon. At three it was full again. Where was it going? To the Caribbean and the Panama Canal.

Chapter Memorial

Mr. and Mrs. Bob Phillips, Worthy Matron and Worthy Patron, of Muleshoe Chapter #792, Order of the Eastern Star, presided at the State meeting of the Chapter, Tuesday evening, March 7, in Masonic Hall. Routine business was transacted and plans made for the Annual Friendship Night, to be held April 15th.

Invitations were received from Dimmitt Chapter, to Friendship Night March 21, at 6:30 p.m. from Floydada Chapter, March 31st, from Petersburg Chapter to a Picnic, March 13, from Happy March 21, at 6:00 p.m. and to a Tea, honoring Mrs. Doris Eifird, April 16, in Forth Worth.

The Charter was draped and a Memorial held for Mrs. Hattie Griffiths. Mrs. Griffiths was a Past Matron of Muleshoe Chapter and a Fifty Year member of Eastern Star.

In observance of Public Schools Week, no refreshments were served.

Tax Collector Officer Slates Muleshoe Visit

State Comptroller Bob Bullock announced he is sending a representative from his Lubbock office to Muleshoe on Tues., March 14, 1978 to assist local taxpayers and answer questions about the state taxes.

Bullock said Enforcement Officer Johnny Lacey will meet with local taxpayers at the Muleshoe Court House from 2 p.m. to 4 p.m.

"If Muleshoe-area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mr. Lacey will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers held do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on March 14th that they can still get their questions answered quickly by calling his TOLL-FREE tax information number in Austin. That number is 1-800-252-5555.

The Lubbock office, headed by Donald F. Paxton, serves Lubbock and surrounding counties.

in any sport, to get in and do the best they can."

He emphasized, "I strongly believe what athletics teach us. We'll try to win, but I plan to teach more, along with my staff that something else, besides winning, is of major importance. That is to teach our young people the true values and make them a productive citizen of our society."

He added, "In order to do these things we will have to be fair, consistent and love and care for them. Coaches have a lot of influence on young people's direction in life. It is our responsibility to see them well-prepared. Our staff is deeply concerned with our youth and we are very interested in your boy or your girl."

The athletic director said that youths in athletics are very special people. "It takes a lot to be an athlete," he said. "Athletes are involved in running, sweating and hurting, while others don't want to pay the price. All athletes are special people because they put forth special effort."

Each coach in turn introduced the members of track, golf and tennis. Coach Gary Goodin is head track coach and he introduced his assistants, along with the players; Ruben DeLeon and Randy Cook.

He said there are 54 boys in track, with 34 of these being varsity track members. He asked the help, support and encouragement of the parents and public.

Introducing the girls' track was Coach Bob Graves. He said 24 high school girls are in track and that coach Kirkland is his assistant.

As Tennis Coach Gail Bizzell was in a tournament, Coach Schroeder introduced the tennis players present and said approximately 33 high school youths are involved in the tennis program.

Coach Schroeder also introduced the golfers. For the first year, there are girl golfers. Both Tracy Walker and Jeri Beasley are on the golf team this year. Coach Schroeder has nine boy golfers competing for MHS this year.

Bentsen Asks Beef Import Curbs Governor Briscoe Pledges Priority

Senator Lloyd Bentsen, presiding Monday over hearings on beef imports, announced that he will introduce legislation to sharply reduce imports close a loophole that permits live imported cattle to be counted as domestic production and tighten labeling requirements for imports.

Bentsen made the announcement in his opening statement at a Senate Finance Committee hearing into proposed amendments to the 1964 Meat Import Quota Act.

"At present 7-10 percent of the beef consumed in this country is from foreign producers and that percentage is rising. We must put a stop to the current situation which allows imports

to increase at the same time domestic producers are liquidating their cow herds," the Senator said.

"The American consumer, who benefits today from an ample supply of rich, red beef, will be the one to suffer if we allow a rising tide of foreign beef to engulf this country's cattle industry. The result would be severe shortages and sharply rising prices. We cannot permit this to happen."

"This week I will introduce legislation to impose reasonable quotas on the amount of beef which we can import into the United States," Bentsen said.

The Bentsen Beef Import Bill would limit imports to 2 percent of domestic commercial production until the average price for domestic beef rises above 80 percent of parity. It would also close a loophole which allows imported live cattle to be counted as domestic production if they are slaughtered in this country.

It also requires the labeling of all imported beef at every step of the food chain, up to the consumer. Imported beef at present, for example, can be ground and sold without any label as to its origin.

"My bill will reverse the boom and bust cycle in the cattle industry by allowing increased imports during the periods of high prices and reducing imports at times when the U.S. cattlemen are unable to get a fair price for his product," Bentsen said.

"This counter cyclical control of imports will add stability to the cattle market and assure the U.S. consumer of high quality beef at reasonable prices," Senator Bentsen said.

## Girl Scouts Celebrate Anniversary

On March 12, 1912, Juliette Gordon Low organized a group of girls that would become known for their community service and high standards. 66 years later this group - the Girl Scouts - is still going strong.

The Girl Scouts of the U.S.A., the largest volunteer organization for girls in the world, will celebrate their 66th Anniversary with a National Girl Scout Week, March 12 through 18. Over two and half million girls across the country will participate in activities celebrating the occasion.

On a more local level, area Girl Scouts are also planning celebration activities. Mrs. Buster Owens, Littlefield, president of Caprock Girl Scout Council, has announced a reunion luncheon for former Girl Scouts at noon, March 10 at the Caprock Council Service Center. Also Caprock Girl Scouts will celebrate with a backpacking trip in southeastern New Mexico, March 19 through 23. Any Cadette Senior or adult who has attended a trip before is invited to join the group.

Girl Scouts is open to all girls ages six through 17. It is part of a worldwide family of girls and adults in 94 countries through its membership in the World Association of Girl Guides and Girl Scouts.

One out of every nine girls, ages 6 through 17 in the U.S.A. is a Girl Scout. There are even Girl Scouts in 53 countries - daughters of U.S. military and civilian families living abroad. 557,000 adult men and women members act as volunteer leaders, consultants, board mem-

bers, and staff specialists in the areas of child development, adult education, outdoor education and administration for 159,000 Girl Scout troops.

Over their lifetime of 66 years the girl Scouts have expanded and broadened their scope. One cannot think of them in terms of merely selling cookies anymore. The contemporary Girl Scout has a heightened awareness of herself and of women's roles in a changing society. . . Happy Birthday.

## Miss Ott Receives Award Of Excellence

Out of 300 entries Cynthia Ott has been awarded 1978 Potlach Corporation (a division of Weyerhaeuser-Northwest Paper Company) of N.A. "Award of Excellence" in the category of Annual Reports for art illustration.

The winning entry was the 1977-78 Simon David catalog, and was judged for excellence in not only art illustration but in design and in printing. The illustration was done by Cynthia, the design was by Guy Boston and the printing by Shepherd Printing of Dallas.

The annual "Award of Excellence" is sponsored by five major U.S. paper companies who judged the best entry in ten different categories. The Simon David Catalog was first place winner in its category.

Cynthia is a 1971 graduate of Muleshoe High School and is the daughter of Mr. and Mrs. Roy H. Wrinkle of 322 Avenue J. She is now Illustration Director for Terry Minke Advertising Design, Inc. of Denton, Texas.

**FIVE GENERATIONS...**Shown above is five generations of a family. They are, from left to right: Mrs. N.E. Stephens, New Braunfels, Mrs. August Preuss, New Braunfels, Mrs. Odessa Slayden, Muleshoe, holding Sean Preuss, New Braunfels, and Mrs. W.D. Dement, Muleshoe.

## Muleshoe PTA Presents Officers

The Muleshoe PTA will meet Monday, March 13, at 3:45 p.m. in the Mary DeShazo cafeteria. The hospitality committee will serve refreshments until 4:00 p.m. During the business meeting the nominating committee will present a slate of officers for our 1978-79 year of PTA.

Following the business meeting will be a panel discussion on an evaluation of our PTA organization.

We invite all parents and teachers to come to this meeting of the Muleshoe PTA at 3:45 p.m., Monday, March 13, at the Mary DeShazo cafeteria.

A newspaper is a good advertising medium if it's a good newspaper.

Smartness, rather than sincerity, ruins many speeches.

**AWARD OF EXCELLENCE...**The annual award of excellence was awarded to Cynthia Ott, a 1971 graduate of Muleshoe High School. Pictured above from left to right: Guy Boston, Cynthia Ott, and Terry Minke.

### Local Photographer Wins First Place

**FIRST PLACE WINERS...** Back row, left to right; Ronnie Shafer, Muleshoe, Commercial, Chuck Wilson, Lockney, Color Portrait, Ed Lobis, Guymon, Okla., Candid. Seated are: Fred Huges, Stratford, Presidents Category, Joyce Wilson, Lockney, Unclassified and Best of Show, Jim Weaver, Amarillo, Student.

Fragile beauty and rugged masculinity captured the votes of the judges at the Panhandle Professional Photographers Association convention held recently at the Quality Inn in Amarillo. The winning photographs in the print judging ranged from beautiful young brides with their bridal bouquets to an aged woman in her patchwork sunbonnet and on to masculine ruggedness in a black man's profile as well as in a western saddle with all its gear.

First place winners were: commercial-Ronnie Shafer, Muleshoe; color portrait-Chuck Wilson, Lockney; candid-Ed Lobis, Guymon, Okla.; President's Category, entitled "Reflection"-Fred Huges, Stratford; unclassified and Best of Show, Joyce Wilson, Lockney; and student-Jim Weaver, Amarillo.

Other ribbon winners were: commercial-Madeline Jeffress, Amarillo, second and third; color portrait-Fred Huges, second, and Betty Koelzer, Hereford, third; unclassified, Bill Elzey, Perryton, second; and Chuck Wilson, third; and student-Jim Weaver, second and third.

Fred Potter, Amarillo photographer, in the opening program of the weekend meeting, told his colleagues "there's nothing obscene about making a profit". Potter, in his presentation on "How to Improve Business by Being Business and Marketing Oriented" related some of the promotions he has exercised during his four years as a studio owner and seven years in the field of photography.

"Most photographers are more artistic minded than business minded. Other photographers are not our competitors; we compete with the recreation business," explained this photographer who holds a B.A. degree in business and currently working on his M.B.A. in marketing. One key to Potter's success is the use of other professional available-CPAs, lawyers, bankers and insurance personnel. He went on to stress that the most important part of his business is his development of a sales strategy. Potter is a Winona graduate and has won numerous awards in local, state and national print competitions.

From the north "cold country", Wayne Harmann, M. Photog., of Sturgeon Bay, Wis., brought his program on making and using and selling photographs as decorative art. In partnership with his brother in commercial and portrait work, as well as two camera stores and two photo galleries, Harmann said they draw 20 to 25 percent of their business from decorative art photographs. There was standing room only in August when

Bud Shannon, San Antonio, rounded out the speakers' rostrum with his rebuttal to "The Fallacies of Thinking it Takes a lot of Expensive Equipment to Make Good Photographs." Shannon is vice president and general manager of Zintgraff Photographers, Inc., of San Antonio, and a veteran of 20 years in the business.

In six of the past seven years, Bud has received the annual award for the Best Commercial Photograph of the year given by the Texas Professional Photographers Association at the state conventions and was honored as Outstanding Photographer of the year in 1975. Shannon demonstrated small product photography using one light, reflectors and mirrors. He went on to demonstrate and explain his unusual and effective

techniques of lighting aircraft in nighttime photographs.

Madeline Jeffress, secretary-treasurer of PPA received an award from National PPA for her services as secretary-treasurer of the Panhandle organization for the past five years.

Nine persons joined the organization which will hold its fall meeting during the first weekend in October. Bill Elzey, president, announced the subject of the special category in the print competition will be "water."

Harmann presented this program at the National PPA convention. Harmann's aim is to get photographers "excited" about getting out in their own areas and taking pictures.

With 31 years of knowledge and experience in mechanics and electronics, Leroy Kline, Yukon, Okla., explained basic principles in strobe lights and how they work. He went on to instruct the users in how to care for this equipment. For the past 12 years Kline has been repairing cameras and lighting equipment for the photographic industry and is a factory service representative for Beattie-Coleman cameras and Photogenic lighting systems.

MARCUS BEVERSDORF

### Thespian Of The Week

Marcus Beversdorf has been chosen as this week's Thespian of the Week. He is a prominent member of the Varsity Tennis Team this year and is expected to finish high in many of their tournaments these next few weeks.

Marcus was also an important contribution to the Varsity Football team this year that went on to become co-district champions. Marcus was also selected as an all-district tight end. Finally, Marcus is a major reason that the basketball team made much progress this year. A huge "thank you" to Marcus and the success that you are having!

### Youths Visit Homemaking For Lessons

A regular area included in Homemaking I classes is "Understanding and Guiding Young Children." During the visit students are encouraged to learn about children's physical, mental, social, and emotional needs from birth. A part of the learning includes how each student can help a child in the best ways. Careers and job opportunities in child development are discussed and especially how one may become an efficient, capable baby sitter for their own family or for others.

### UIL Students In Practice At Lubbock

Several students participated in a practice UIL meet Saturday, March 11, at Lubbock Cooper. Mark Northcutt, Tommy Wheeler, and Jessie Lackey participated in number sense. Those entering Science were Mark Northcutt and Jesse Lackey.

### High School Honor Roll List Given

The Freshman honor roll students for the second quarter are Carroll Precure, Michelle Agee, Brenda Stevens, Andy Snell, Debbie Marth, Clifford Watson, Greg Harrison, Diana Saldana, Nancy Garcia, Lynnette Shafer, Jimmy Gleason and Tena Landers.

Officers were elected, and awards presented.

Muleshoe participants were Stephanie Brantley, Cherylee Bryant, Dwayne Shafer, Brad Baker, Billy Vinson, Benetta Roming, Gina Burden, Edwin Watson, Muletrain-Mule's Tale sponsor Mrs. Lucy Faye Smith, and Mrs. Lily Goodin, high school teacher.

### DECA Employer Of The Month

If personality traits were dollars, Marcia Henry would certainly need a suitcase to carry all of her money. In addition to being a very nice lady and mother of four, Mrs. Henry is manager of the Credit Bureau here in Muleshoe and is just one of the dozens of employers who have hired a D.E. student. She was born in Littlefield in 1939, and she came to Muleshoe in 1949.

Praising Distributive Education, she commented on its teaching of responsibility which she feels is essential in business. Because of the success she has had with her first D.E. member, she hopes to find another student after the graduation of her present D.E. student, in 1979. The D.E. student is a very important aspect of Mrs. Henry's organization. Much of the information that passes through the business is confidential and so a mature student is required to do the job. Mrs. Henry prefers DECA students because she feels that they fit into the mold.

### Three Mules Named All District Players

All-District selections were announced on Tuesday and the Mules placed three on the list. Charles Briscoe and Dean Northcutt were chosen to the All-District team and Billy Vinson was chosen as Honorable Mention. We would like to congratulate these young men on their achievements. Other picks on the All-District team are Ricky Rawls, the Dimmitt sparkplug; Rusty Lamar and Bobby Patton from Morton; Jeff Whiteside and Kevin Kithman from Friona; Tommy Twitty, Littlefield; and Mark Summers and Jim Bradford from Dimmitt.

The season's record and statistics for the Muleshoe Mules is as follows: The Mules compiled a record of 18 wins and 13 losses. This is one of the most outstanding seasons in a long while at Muleshoe High. The Mules averaged 53.90 points per game while their opponents scored 51.71. Leading the scoring category was Billy Vinson with 318 points. He averaged 10.26 per game. Leading the rebounding category was Charles Briscoe, a junior at MHS. Charles will return next year and try to dominate the boards as he did this year. Charles ripped down a total of 239 rebounds for an average of 7.79 per game. Marcus Beversdorf led the

team in field goal percentages with 48 percent. (92-193) Charles Briscoe ran a very close second with 47 percent. (105-222) Dean Northcutt and Billy Vinson took third and fourth spots with 45 percent and 42 percent. Dean made 89 of 200 while Billy made 160 of 379. The playmaker of the Mule team was Danny Wilson. Danny did an excellent job and handed out 51 assists in 31 games. Dean Northcutt played the part of the robber. He came up with 55 steals in the 31 Muleshoe games. Charles Briscoe led the team in rejects with 45 legal blocks. On a few occasions Charles was caught fouling or goal tending to reduce his outstanding blocked shot average.

Mack Norman, Mark Washington, and Marcus Beversdorf acquired the name of Mr. Tough by getting two offensive fouls each in a single game. Mack takes the honor of most offensive fouls with six. The Mules had seven people with a free-throw percentage of fifty percent or better. Leading percentage from the charity stripe was that of Doug Precure with 80 percent. Following him were Mark Washington with 77 percent, Terry Shafer with 70 percent, Danny Wilson with 69 percent, Mike Northcutt with 67

percent, Mack Norman with 63 percent, and Dean Northcutt with 67 percent. Charles Briscoe drew the most shooting fouls and went to the free throw line 77 times to lead in the free throw shooting category. Dean Northcutt followed him with 62 trips to the line. Top shooters for the Mules were Marcus Beversdorf with 92 of 193, Charles Briscoe 105 of 222, Dean Northcutt with 89 of 200, and Billy Vinson 160 of 379. The best defensive game the Mules played this year came against Bovina. The Mules held them to 34 points while grabbing a game high of 46 rebounds. Most rebounds grabbed in a single game goes to high flying Charles Briscoe with 14. In the Muleshoe tourney the Mules glided to a season high of 73 points against Springlake-Earth. Billy Vinson took the individual point record by scoring 20 points. Charles Briscoe made the most free throws in one game when he sank five. Billy Vinson had the most steals in one game with six while Danny Wilson handed out the most assists in one game with six.

The Mules had a total of 333 steals which is an average of 10.74 per game. The Mules took down 695 defensive rebounds and 411 offensive rebounds for an average of 22.42 and 13.76 respectively. The Mules attempted a total of 1846 field goals and hit 745 of them, for an average of 59.55 shots per game. The Mules converted an average of 24.03 field goals per game. The Mules shot a total of 370 free throws. An average of 11.94 per game. They made 212 for an average of 6.84 per game. The Mules had an average of 15.23 turnovers per game while averaging 17.94 fouls per game. The Mules scored a total of 1702 points for an average of 54.90 per game. Billy Vinson led the scoring with 10.26 per game followed by Charles Briscoe with 7.90, Marcus Beversdorf with 7.89, Dean Northcutt with 7.19, Mark Washington with 6.29, Danny Wilson with 4.13, Mack Norman with 3.61, Mike Northcutt with 3.19, and Doug Precure with 2.01. We would like to congratulate the Mules and their coach on a fine season. The girls dominated the All-District list by placing seven on the team. Girls selected to the All-District team are Susan Crittenden, Chana Eubanks, and Dani Dunham as guards; Evelyn Grace, Karen Stovall, and Elizabeth Isaac as forwards. Shelly Dunham was picked as Honorable Mention. Karen Stovall had the best district shooting percentage on

## Unemployment Politics

Few American politicians, including U.S. chief executives, level with the American people on the issue of unemployment. That is because giving people jobs is the best vote getter in politics today.

Thus, when political leaders know better, they continue to promise or imply that the federal government should find every American a job. President Carter's recent annual message to Congress placed great emphasis on finding and creating more jobs for the unemployed, nothing new.

Yet unemployment figures are not all that meaningful today, plus the fact that something like five or six per cent unemployment may be a necessary average. The figure is slightly higher today and Mr. Carter seeks to reduce it. In a society of free men, where people can quit their jobs whenever they wish, and when welfare and unemployment pay are rather easily obtained, it's unrealistic to expend too much heartburn over five or six per cent unemployment.

What really matters most today is whether or not there's a breadwinner in each family. There's no inevitable hardship and no alarming problem if in a family of four two or three work and one is unemployed. Statistics don't show this. Nor do unemployment figures used by politicians to win votes take into account the many who would work at certain jobs but prefer unemployment until they find just the job they want.

The critical danger in America in the years ahead is whether any national politician can again afford to champion the work ethic. Basically, the Protestant work ethic, which had much to do with the building of a powerful America, holds that there is no such thing as something for nothing, that all valuable in life requires some striving and sacrifice. It holds that gratification of our desires is the responsibility of the individual and requires self reliance.

The welfare ethic, on the other hand, holds that there's an easier way, that the government can make available to everyone the good life, that the government, not individual self reliance and energy, can find the jobs, set minimum income, decide what people should do, and end all misery and poverty.

winds blasted the midwest, disrupting the economy and throwing individuals out of work for months.

This winter, the coal strike, which has shut down over half the Nation's coal production, is beginning now to widen in its impact on the economy. Even though negotiations have produced a tentative settlement, current law requires that the United Mine Workers rank and file ratify the agreement. Power outages as a result of low coal supplies loom as a likely eventuality in the coming weeks in any event.

Coal's other serious drawback as the principal element of national energy policy is now obvious: the industry is labor intensive. And as the past few weeks point out, government has very little leverage in persuading miners to return to work if labor management disputes reach impasse.

Things could become worse. The labor reform legislation due for Senate consideration in the coming weeks raises the spectre of more protracted disputes. Besides increasing the size of the National Labor Relations Board and speeding up the timetable under which union elections are held, the legislation would slap stiff penalties on employers deemed responsible for interfering with elections. Bargaining strength would become decidedly one-sided.

Any coal settlement will mean higher costs for users. The only question is how high the costs will mount.

No matter when the coal strike ends, it will have forced needed attention to some bad assumptions in national policy. Better they are corrected now.

### Painful Lessons

WASHINGTON—The full impact on the economy of the longest coal strike in the Nation's history may not be known for some time.

But there are some clear conclusions to be drawn that do not bode well for national energy policy or for harmony in labor management relations if we maintain the course charted now.

The most important relates to national energy policy. The Administration's energy package places heavy emphasis on coal conversion for industrial use to conserve other less plentiful energy sources. Such reliance on coal seems all the more questionable now if supply interruptions and industrial chaos could result again. And they could.

If anything, the coal strike underscores the need for a more balanced national energy policy, one recognizing our national interest in conserving energy, but also the national interest in providing sufficient fuels for the future through increased exploration for and production of oil and natural gas. Increased coal reliance should constitute one part of that strategy, but as the coal strike readily demonstrates, it is woefully inadequate by itself.

The lessons of the last four years support the argument for a balanced plan. We have experienced three separate energy crises in three different fuel areas since 1973. First, the Arab oil producing countries choked off supplies of oil, quadrupling the price for imported oil. American industry and the lifestyle we had been accustomed to were thrown into a tailspin.

Natural gas was in short supply last year when winter

## The Speaker Reports

by Bill Clayton

AUSTIN—A bill passed by the 65th Session of the Texas Legislature, which became effective January 1, 1978, will bring in more money to counties throughout the state. Senate Bill 184 changes the fees collected by county clerks for certain services and for filing and recording documents. The fees collected by county clerks had not been increased since 1967.

Among those fees increased by the bill are the following:

---The charge for certified copies of birth and death certificates from \$1 to \$2.

---The fee for making appointment of notary public from \$2 to \$4.

---The fee for issuing a marriage license from \$5 to \$7.50.

---The fee for filing of "Wills of Safekeeping" from \$3 to \$5.

The increase in the fees collected are nominal for members of the general public, but are a significant and much needed increase for county government. Four counties were contacted to determine the impact which the increases would have on the actual fees collected. Harris County reported an estimated increase of \$266,667. Travis County estimated an increase of \$56,044. Cameron County reported an estimated increase of \$17,722 and Howard County projected an

increase of \$4,389. Besides changing the fees collected by county clerks for filing and recording documents, the bill also prescribes the size and physical character of legal papers for

filing and recording, the type of heading on a page, the legibility of the material, the color of ink and paper and the size of riders and attachments. If these specifications are not complied with after the effective January 1 date, double fees will be charged. This does not, however, authorize a county clerk to refuse to record any legal paper because it fails to meet the specifications. My expectations are that this bill will increase governmental efficiency on the county level and will bring into the county the revenue needed to better serve the people of Texas.

### WASHINGTON NOTES

#### MILITARY PURCHASE

The Pentagon is purchasing \$100 million worth of German-made trucks, buses and fork lifts in the first major overseas procurement of military vehicles for U.S. forces.

#### FEDERAL BUREAUCRACY

President Carter has announced a sweeping reform of the 2.8 million member federal bureaucracy that would crack down on incompetent employees, limit employment preferences for veterans and establish an elite corps of well-paid senior civil servants.

#### HISTORIC VOTE

The nation's capital city has won House approval for full congressional representation, in a historic vote that brought tears of joy from its chief backer and applause from District of Columbia residents in the public gallery.

#### RETIREMENT AGE

House-Senate conferees have agreed on a bill that would force private businesses to raise their mandatory retirement age from 65 to 70, and ban altogether the forced retirement of federal employees.

#### INTEREST UP

The Federal Housing Administration is raising the interest rates it will insure on mortgages for single family homes from 8½ to 8¾ per cent.

## Income Tax Savings Can Help Farmers

COLLEGE STATION - Income tax savings may be available to Texas farmers and ranchers who suffered losses due to summer heat and drought.

That information comes from Dr. Richard Trimble, economist in management with the Texas Agricultural Extension Service. "Normally, the sale or trade of livestock, if held primarily for sale, produces ordinary farm income that should be reported in the year it is received. However, a rancher may be able to elect to defer reporting income from the sale of certain livestock because of drought conditions which occurred during 1977," points out Trimble. To qualify for this election, the rancher must use the cash method of accounting and the livestock must be held primarily for sale. Another condition is that the area or county must be designated as eligible for assistance by the federal government due to the drought conditions.

limited to income from livestock which is sold or exchanged in excess of the usual sales each year. The income can be deferred for only one year," explains the economist.

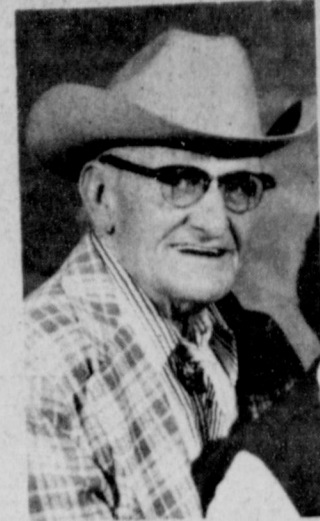

Trimble cites an example. Rancher Smith normally sells 50 head of feeder cattle each year. In 1977, because of the drought, he sold 70 head of feeders which averaged \$200 each. Smith may elect to defer reporting the income on 20 head of the feeder cattle sold (\$4,000) and report it on his 1978 income tax return. Smith must use the cash method of accounting, live in an eligible area, and depend on farming or ranching as his principal occupation.

Special provisions also apply to drought-affected sales of breeding livestock, notes the economist. When livestock held for draft, breeding or dairy purposes are sold or exchanged solely because of drought, their disposition is considered an involuntary conversion. Only livestock sold in excess of the

number normally sold under usual business practices in the absence of drought will be considered involuntarily converted. The gain on livestock involuntarily converted into money will not be taxed in the year of the sale if the converted property is replaced within two years.

How are farmers affected? "Farmers may be able to elect to defer for one year the reporting of crop insurance payments from the tax year the crops were destroyed or damaged by drought," says Trimble. "A farmer can defer reporting such income if he can establish that under normal practice, the crop destroyed would have been sold in the following tax year. This provision should help provide a normal income flow for the individual farmer who qualifies."

There may be some drought related losses that are not deductible, points out Trimble. The loss of growing crops for a farmer using the cash method of accounting is not a deductible income tax loss. This is because the costs of the productive inputs such as seed, fertilizer and insecticide are deducted as farm expenses. The same rule applies to the loss of raised livestock where the cost of raising has been deducted as farm expense.

## Fire Marshals, Chiefs Boost Briscoe Race

AUSTIN—Governor Dolph Briscoe announced today that Elsworth Greer, a former Fire Chief from Imperial, will serve as special coordinator working with firemen and fire marshals in Texas.

Greer noted that: "The Governor has a large amount of support within the ranks of firemen and fire marshals across Texas."

"He has been fair to the firefighter in Texas, and we will work toward his re-election. "As taxpayers we appreciate the leadership Briscoe has provided in the area of fiscal responsibility and increased state services to Texans, while maintaining his no new tax policy, he added.

Greer, a 20 year firefighting veteran, is a Past President of the State Fireman's and Fire Marshals' Association. He served as executive manager of the organization for three years. The SFFM is an association representing fire departments across Texas with a membership

of more than 40,000. The group is 102 years old.

Greer organized and served as Chief for the Imperial Fire Department in Pecos County. He is a former instructor at A&M University's Fire School, the largest fire school in the world.

Governor Briscoe praised Greer as a man "dedicated to the idea of saving lives and property."

"I am delighted that Elsworth is joining our campaign and especially pleased that he is working with a group I have the utmost respect for, firemen and fire marshals," concluded Briscoe.

### Kindergarten Kut-Ups

We celebrated George Washington's birthday by making tri-cornered hats and hetchets. We learned two new songs and sang them for the staff in the principal's and superintendent's office.

On Thursday, we took our long awaited field trip. Mrs. Cooley drove our bus to Lubbock. We went to the airport and saw where you get your suitcase off a big merry-go-round. We watched airplanes land and take off. We took a special tour of a big green airplane from Braniff Airlines. The pilots and stewardesses were very nice. We went to eat lunch at Burger King. After lunch, we went to the South Plains Mall. We rode the escalator up and down. We saw Cookie Monster, Big Bird, and Bert. We went to the pet store and saw puppies, birds, mice, hamsters, and lots of fish. Shane Terrell, Corley Hutton and Holly Hutton were special guests on our trip. A Big THANK YOU to the mothers that went with us and helped out. They were Doyleen Terrell, Druscilla Hutton, Corene Tucker and Carla Dewbre.

### 1977 Crops May Be Put In Reserve

As of Mar. 1, farmers may place their 1977-crop wheat, oats and barley directly into the grain reserve being developed by the U.S. Department of Agriculture.

Previously, farmers who wished to enter grain in the reserve needed to wait until a government loan on the crop matured, points out Roland Smith, grain marketing specialist with the Texas Agriculture Extension Service.

Early entry of 1977-crop corn and sorghum into the reserve program is expected to be announced later by the Secretary of Agriculture.

There is also a change in the farm storage facility loan program. Under the change a farmer will be able to obtain a loan for storage structures to store two years' crop production. However, in determining eligibility, existing capacity used to store grain in the reserve program will be excluded.

USDA offers farmers an opportunity to place their grain in the reserve program for a three-year period and receive payments annually in advance, notes Smith. Storage payments are 25 cents per bushel of wheat, corn, barley and sorghum and 19 cents per bushel for oats. In return, farmers must agree to hold their grain off the market at least until the price reaches the minimum release level (140 percent of the current loan rate for wheat and 125 percent for feed grains) or the contract expires. Under current procedures, farmers must pay 6 percent interests on the loans.

The goal of the grain reserve program is to accumulate about 17 million metric tons (670 million bushels, corn equivalent) of feed grains and around 9 million metric tons (330 million bushels) of wheat. Participation will be on a first come, first serve basis until the goal is reached.

A farmer without an existing loan can obtain a loan and immediately place grain into the reserve by contacting his county Agricultural Stabilization and Conservation Service (ASCS) office, adds Smith.

## Money Lenders Serve Larger Farm Loans

A recent survey of agricultural credit conditions in Texas shows that money lenders are serving more farmers and ranchers and that the average loan amount has increased.

Dr. Richard Trimble, economist in management for the Texas Agricultural Extension Service who conducted the survey, noted that one quarter of the 145 lenders responding were serving more clients and 61 percent were serving the same number of customers. Sixty-nine percent of the lenders sur-

veyed also expect interest rates to be higher in the next six months," said Trimble.

Forty-four percent of the lenders indicated a higher demand for short term loans. More than half of the lenders reported a higher demand for operating loans while a third noted a greater demand for crop storage loans. On the other hand, the demand for the dairy cattle, feeder cattle and machinery loans was about the same as 1976.

"A decrease in forward contracts made by crop farmers may indicate that they have not been able to contract their crop at an advantageous price," points out the economist. "Fifty-eight percent of the contracts were made on an acreage basis in contrast to 12 percent of the contracts made on a quality basis.

"Predictions among lenders indicate that both farm and ranch earnings will be lower through 1978. Fifty-eight percent of the lenders expect farm earnings to be lower during the next year than in the past six months. Ranch earnings are expected to be the same or lower, according to three-quarters of the lenders surveyed. But all agreed that spending by both farmers and ranchers for operating inputs will go up during 1978," added Trimble.

More farm loans are being refinanced by 43 percent of the lenders, and 52 percent indicated that they expect the demand

and they expect this demand to remain stable over the next six months. Although only 20 percent of the money lenders have used the Small Business Administration Agricultural Loan Program, 33 percent indicated they would be using this guarantee program in the future.

### Teamsters Resolve To Back Farmers

WASHINGTON, D.C. — Teamster General President Frank E. Fitzsimmons called today for the White House and the U.S. Congress to take action to insure that the nation's farmers receive decent prices for their products.

In a statement issued from Teamster headquarters here, Fitzsimmons said:

"We in the Teamsters endorse the present efforts of the nation's farmers to call attention to their plight. The work of the nation's farmers is basic to our well-being, and they deserve a decent return for the service they perform for all of us.

"From the White House to the Congress, the more than two million members of the International Brotherhood of Teamsters urge action on the farmer's behalf.

"While we cannot violate our contractual obligations with employers by honoring farmers' picket lines, we do support their objectives and say it is time now that something be done to help them."

### CROPCARE

## Guide to fertilizer value.

Farming crops today without fertilizer is like trying to finish hogs without protein. With today's higher costs of doing business, you are looking for ways to economize.

But fertilizer is one crop production input that rarely should be cut back. Your investment in fertilizer continues to offer you a truly outstanding return for your money.

A good share of your present yield comes directly from fertilizer.

Our chart indicates how much fertilizer contributes to your crop yields and profits.

Use this guide to effectively plan your fertilizer programs on a cost/benefit basis.

Use this chart as a guide.

The chart is easy to use. For example, if you're a corn grower with a yield goal of 150 bushels, fertilizer use can return you an additional \$135.00 of crop value.

As a rule of thumb, figure your fertilizer investment at one-half the amount of value added by the fertilizer. This will return you \$2 for every \$1 invested in fertilizer.

See us.

We specialize in soil and crop management and are ready to give you professional

# Independent Cattlemen Protest SDSpokane

Leaders of the Independent Cattlemen's Association of Texas have lodged a complaint with Secretary of State Cyrus Vance, charging that a recent spokesman for the State Department showed an "appalling" lack of knowledge of the cattle industry.

The spokesman, Stephen Bosworth, deputy assistant secretary for International Resources

and Food Policy, told the Senate Finance Committee meeting in Washington this week that beef imports have not hurt the domestic cattle industry, according to another witness who testified before the committee, T.A. Cunningham of Goliad.

Cunningham, who is president of the Independent Cattlemen's Association, said at the conclusion of the hearings that Bos-

worth's statements suggest that, "The State Department is sacrificing the cattle industry for foreign interests."

Cunningham said the statistics from the Census Bureau on the number of live cattle shipped into the United States from Mexico and Canada give further support to his statements concerning the State Department.

According to those statistics, Mexico shipped 595,020 live cattle into the U.S. in December, 1977, alone. The total number of cattle imported from Mexico in 1977 was 1,025,250. From Canada, the total was 528,806 giving a grand total from both countries as 1,554,056.

"The 1964 Meat Import Act cost the livestock producers an estimated \$1.6 billion in 1975, and \$1.8 billion in 1976 and 1977 losses will be even higher," Cunningham told committee members in Washington.

Sen. Lloyd Bentsen of Texas chaired the committee and called the hearings to discuss proposed amendments to the Meat Import Act. Bentsen said, "In my state, many cattlemen,

the backbone of an industry which puts billions of pounds of beef on American tables each year, have been hurt so seriously that they have had to bail out the industry. Only by selling part of the family farm, having income from farm operations other than cattle, and in some cases by skipping on needed family purchases and going deeply into debt has

a terribly painful human and economic problem been prevented from turning into an unmitigated disaster."

Bentsen told his colleagues, "We must put a stop to the current situation which allows imports to increase at the same time domestic producers are liquidating their cow herds."

Several bills dealing with beef imports, including those introduced by Bentsen and Sen. Henry Bellmon of Oklahoma, are pending before the Finance Committee. The bills would close loopholes in the present law.

The only governor from a livestock producing state to testify was Thomas L. Judge of

UP AND OVER—Brent Maddox, who was a regional qualifier in the pole vault, and holder of a school record in 1977, practices vaulting as the 1978 track season gets underway.

## Seaman Serving Near Taiwan

Navy Gunner's Mate Second Class Joe B. Simms, son of Mr. and Mrs. Fred A. Johnson of 1425 W. Ave. C, Muleshoe, recently visited Keelung, Taiwan.

He is serving as a crewmember aboard the dock landing ship USS Mount Vernon, homeported in San Diego. His ship is operating as a unit of the U.S. Seventh Fleet in the Western Pacific.

Mount Vernon's five-day port call in Keelung supported Chinese New Year celebrations. Highlights included sightseeing tours and participation in blood drive donations to the Taiwan Navy Hospital in Taipei. Mount Vernon also participated in the rescue of an adrift fishing boat in the Pacific, near Grande Island in the Republic of the Philippines. A ship's landing craft towed the disabled vessel, with its lone occupant onboard, to Olongapo City in the Philippines.

Mount Vernon is 553 feet long, carries a crew of 397 officers and enlisted men and can accommodate more than 350 combat troops. She is designed to carry preloaded landing craft aboard and offload them during amphibious operations.

Sims joined the Navy in February 1970.

## Briscoe Names Lois Spear To Committee

AUSTIN—Governor Dolph Briscoe announced today that Nell Lois Spier, a former Dallas school teacher, will head the Retired Teachers of Briscoe Committee.

Ms. Spier, a classroom teacher and school administrator for fifty years, said that the committee urges the re-election of Dolph Briscoe and is actively working toward that goal.

"Governor Briscoe is a leader with a deep sense of integrity, honesty, and fairness," Ms. Spier said.

"He is one of the best friends education has ever had."

"During his administration nearly half of the increases in appropriations have been for education, and teacher's salaries have increased 53 percent."

"Since he has been governor, Briscoe has worked toward improving conditions of retired teachers so that they can live in dignity," she added.

Ms. Spier spent 38 years in the Dallas Public Schools. She was honored by the National Retired Teachers Association/American Association of Retired People as one of 23 women in the United States for service to the retired teachers and the elderly.

Governor Briscoe praised Nell Lois Spier as "one of the most active and best known retired teachers in Texas."

"I've enjoyed working with her in the past and look forward to working with her in the future," Briscoe commented.

## FFA Places At Houston

The Muleshoe FFA exhibited thirty hogs and five sheep at the Houston Stock Show February 27-March 4. Several parents, the Ag teachers, Mr. Bill Bickel and Mr. Gentry Lynn, and twenty-four students attended.

## Roller Coaster Spirit

There are days when we feel on top of the world. Everybody loves us and shows it. Nice things are done for us. Sunshine and happiness drenches everything. And then there are other days — when we're blue; people are busy. We're alone. We're afraid. It might as well be raining. Nobody knows the trouble we're in. Needed is a little self-discipline, not a lot of self-pity. We must learn to face the fact that life is not always a flowery bed of ease, and pleasure. Children dodge hard places, responsibility, and painful experiences. A mature person stands on his own two feet under God. Time, insight, and the grace of God can remove mountains — and take away that roller coaster spirit. Begin the road to spiritual maturity by attending church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Legal Notice

**ELECTION ORDER AND NOTICE**  
THE STATE OF TEXAS COUNTY OF BAILEY

On this the 9th day of January, 1978, the Board of Trustees of Muleshoe Independent School District convened in Regular Session, open to the public, with the following members present, to-wit: Ernest Ramm, President

E. Jim Shafer  
Don Harmon  
Ronnie Holt  
R.D. "Tub" Angeley  
H.D. Hunter, Jr.,  
Royce Turner

and the following absent: None, constituting a quorum and among other proceedings had by said Board of Trustees was the following:

WHEREAS, the term of office Ernest Ramm, E. Jim Shafer and Royce Turner members of the Board of Trustees of this School District will expire on the first Saturday in April, 1978, said first Saturday being April 1, 1978, and on said date a trustee election will be held in said School District.

WHEREAS, it is necessary for this Board to pass an order establishing the procedure for filing for and conducting said trustee election;

**THEREFORE, BE IT ORDERED BY THE BOARD OF TRUSTEES OF MULESHOE INDEPENDENT SCHOOL DISTRICT:**

1. That an election be held in said School District on April 1, 1978, for the purpose of electing to the Board of Trustees of said School District Three Trustees.

2. That all requests by candidates to have their names placed upon the ballot for the above mentioned election shall be in writing and signed by the candidate and filed with the secretary of the Board of Trustees at the superintendent's office not later than 30 days prior to the date of said election.

All candidates shall file with said application the loyalty affidavit required by Art. 6.02 of the Election Code.

The Secretary of this Board of Trustees shall post on the bulletin board in the building where the Board of Trustees meets the names of all candidates that have filed their applications in accordance with the terms and provisions of this Order, and said Secretary shall otherwise comply with the terms and provisions of Art. 13.32 of the Election Code.

3. That said election shall be held at the following places, and the following named persons are hereby appointed officers for said election:

(a) In election precincts numbered All Precincts at High School Cafeteria Building, in Muleshoe, Texas, in said School District, with Ernest Kerr as Presiding Judge and Joe T. Gonzales as Alternate Presiding Judge.

The polls at the above designated polling places shall on election day be open from 7:00 o'clock a.m. to 7:00 o'clock p.m.  
4. Hazel Gilbreath, County Clerk is hereby appointed Clerk for absentee voting, and Betty Bruns and Barbara McComish are hereby appointed Deputy Clerks for absentee voting. The absentee voting for the above designated election shall be held at County Clerk's Office, Bailey County, Muleshoe, Texas 79347 within the boundaries of the above named School District and said place of absentee voting shall remain open for at least eight hours on each day for absentee voting which is not a Saturday, a Sunday, or an official State holiday, beginning on the 20th day and continuing through the 4th day preceding the date of said election. Said place of voting shall remain open between hours of 8:30 a.m. and 5:00 p.m. on each day for said absentee voting. The above described place for absentee voting is also the absentee Clerk's mailing address to which ballot applications and ballots voted by mail shall be sent.

Absentee voting, both by personal appearance and by mail, shall be by paper ballots and shall be canvassed by a special canvassing board, and Ernest Kerr, as Presiding Judge, Doyle King, Mrs. J.G. Arnn and Mrs. Francis Perez, as Clerks, are hereby appointed the Special Canvassing Board for said election.

The manner of holding said election shall be governed, as

nearly as may be, by the Election Code of this state, and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

7. Immediately after the votes have been counted, the officers holding said election shall make and deliver the returns of said election and perform all other duties as provided by the Election Code.

8. The Board of Trustees shall give notice of said election, and this combined Election Order and Notice shall serve as Notice for said election. The President of the Board of Trustees is hereby authorized and instructed to post or cause to have posted said combined Election Order and Notice at three public places where notices are customarily posted in this school district, and said posting shall be made at least 20 days before the date of said election.

The President shall also cause a copy of this combined Election Order and Notice to be published one time in a newspaper of general circulation in the county where this school district is located. Said publication shall be not more than 30 days nor less than 10 days before the date of said election.

It is further found and determined that in accordance with an order of the Board of Trustees, the Secretary posted written notice of the date, place and subject of this meeting on the bulletin board located in the central administrative office of this school district, a place convenient and readily accessible to the general public, and said notice, having been so posted, remained posted for at least 72 hours preceding the scheduled time of said meeting.

It is further found and determined that in accordance with an order of the Board of Trustees, the Secretary furnish a notice of the date, place and subject of this meeting to the county clerk of Bailey County, Texas, the county in which most, if not all, of this school district's pupils reside.

The above order being read, it was moved and seconded that the same do pass. Thereupon, the question being called for, the following members of the Board voted AYE: R.D. "Tub" Angeley, E. Jim Shafer, Ernest Ramm, Don Harmon, H.D. Hunter, Jr., Ronnie Holt, Royce Turner; and the following voted NO: NONE.
