LBJ's Condition Described As 'Quite Good' By Doctor

SAN ANTONIO, Tex. (AP) — Former President Lyndon B. Johnson's condition was described by doctors today as "quite good" after he was flown here early today from Virginia for more hospital care.

Since his arrival, he has been without chest pains or other problems, the statement said. "His principal requirement for the days and weeks ahead is for a tranquil environment permitting relaxation as he gradually resumes normal activities," his doctors said in the statement.

Johnson, who had pressured doctors to send him back to Texas, returned to his native state early today.

He looked tired, worn and pale when he arrived at the Army's Brooke General Hospital from Charlottesville, Va., where he suffered a major heart attack last Friday.

The former chief executive, 63, stepped from a station wagon and walked slowly with doctors at his side to a waiting wheelchair a few steps away.

Connected to his chest with wires was a portable electrocardiogram oscilloscope, which monitors the heart. An aide carried the suitcase-like unit.

Mrs. Johnson arrived moments later in a second automobile and followed her husband to a seventh-floor penthouse suite that was especially refurbished for Johnson when the assassination of John F. Kennedy left him as President.

Mrs. Johnson, wearing a long gray coat, also looked worn after the nearly five-hour plane trip from Charlottesville. They arrived at 1:55 a.m. EST.

Johnson was stricken while visiting the home of his son-in-law and daughter, Mr. and Mrs. Charles Robb, in Charlottesville.

INJURED IN WRECK

Pampa Woman Listed In Serious Condition

A Pampa woman was listed in serious condition this morning at High Plains Baptist Hospital with injuries sustained in a traffic accident near Hedley on Sunday night.

Mrs. Anise Delaine Wilhite, 22, is the only survivor of six passengers in a car which crashed into a parked truck rig in a roadside park.

Among the five dead were Mrs. Wilhite's 6-month-old daughter, Vanessa; Sheila Williams, 4, daughter of Mrs. Idray Faye Williams, of Pampa; and Margie Reed Williams, 18, of Dallas, daughter of Mr. and Mrs. Walter Williams of Pampa.

Also killed in the accident were Richard Earl Coffey, 19, and Jerome Carlyle Franklin, 19, both of Borger.

Mrs. Wilhite has been in the intensive care unit at High Plains since Sunday night. She had previously been listed in critical condition.

According to investigating officers, the car veered into the roadside park about 3.2 miles southeast of Hedley and crashed into the rig. The impact jammed the car up under the rig.

The truck driver, Kenneth D. Murphy, of Moriarty, N.M., was sleeping in the truck cab. He was not injured.

A joint funeral service for Margie Ree Williams, 18, Sheila Williams, 4, and Vanessa L. Wilhite, six months, will be held at 2 p.m. Friday at St. Mark's Methodist Church, Pampa.

Wayne Lemon of the Oklahoma Street Church of Christ and Rev. Monroe Wood Jr. of St. Mark's will officiate. Interment will be in Fairview Cemetery, under the direction of Duenkel Funeral Home.

Margie Williams is survived by her parents, Mr. and Mrs. Walter Williams of Pampa; two sisters, Idray Faye Williams and Angela Lee Williams, both of Pampa; two brothers, Walter Williams Jr. and Henry L. Williams, both of Pampa; and her grandfather, Henry L. Williams of Kaufman.

Sheila Williams is survived by her mother, Idray Faye Williams of Pampa; one sister, Tracy Williams of Pampa; two brothers, Michael Williams of Pampa and Phillip Williams of Brownwood.

Vanessa Wilhite is survived by her father, James Johnson of Pampa; her mother, Anise Delaine Wilhite of Kaufman; and one brother, Bryant Andrew Wilhite of Pampa.

Funeral services for Coffey and Franklin were arranged by Minton Mortuary of Borger.

County Solons Will Discuss Tax At Meet

A close look at the taxing process will have a prominent place on the mid-month agenda of the Gray County Commissioners Court—underline taxing process, not new taxes.

Members of the board will discuss the re-evaluation and equalization program with the county tax office. A part of this tax look will be a discussion of Article 7206 of the statutes regarding equalization.

In other business, the panel will discuss the Red Deer Creek watershed project with the steering committee. Robert Sailor is chairman of that committee.

Other scheduled matters will be of a routine nature including a canvass of the school trustee election returns.

County Judge Don Cain will preside over the meeting in the county courtroom at 10 a.m. Friday. This will be an open meeting.

Tax Preparers Nabbed By IRS

AUSTIN, Tex. (AP) — Internal Revenue agents have arrested four men for allegedly helping others prepare false tax returns.

District director R. L. Phinney said the arrests were made after the agents, posing as taxpayers, contacted 44 independent tax return preparers in Texas as part of a nationwide program to monitor such operations.

He identified those who were arrested as Rudolfo Naveaz of El Paso, Gonzalo Guerrero Jr., of San Antonio and Ophelia Canales and Florence Henley, both of Houston. If convicted, he said, they could be sentenced to three years in prison and fined \$5,000 for each violation.

Phinney said the statewide investigation is continuing.

Pampans Attend PPROA Meeting

A delegation of Pampans was in Amarillo this afternoon to attend the annual membership meeting of the Panhandle Producers and Royalty Owners Association in the Amarillo Club.

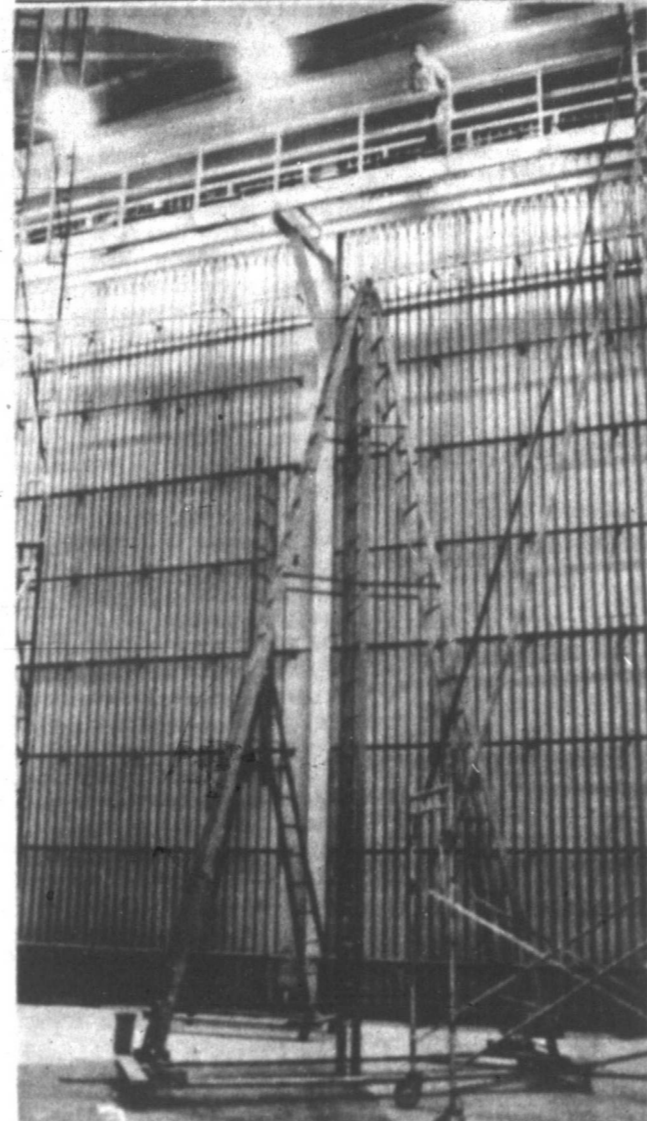

John Chisum, president of the association, and E. J. Dunigan were among those attending today's session.

Scheduled for the business session starting at 2 p.m. was election of officers for the coming year and discussion of arrangements for the annual convention in Amarillo April 26 and 27.

France, Reds Urge U.S. To Resume Peace Talks

ACT WELL YOUR PART—Construction is nearing completion at the M.K. Brown Civic Auditorium as the dedication date of April 23 approaches. One of the sections receiving the finishing touches is the stage. Glenn C. Martin, Jr., right, president of Texas Scenic Co., Inc., looks over the plans for the stage as he advises Bill Englebrecht, left, standing on the loading platform by the head beams of the left wall of the stage. Installing the auditorium seats and the stage scenery are the two biggest jobs left before the auditorium is ready for opening. (Staff Photos by John Ebling)

New Move Rejected By Allies

PARIS (AP) — The French government urged today that the Vietnam peace conference resume without delay to reach a political solution to the conflict.

Its appeal came after the North Vietnamese and Viet Cong demanded that the peace talks, the Communists also insisted that Washington halt the bombing of North Vietnam.

The South Vietnamese delegation apparently acting in coordination with the American delegation rejected the Communist demand for a new meeting Thursday. A South Vietnamese spokesman said the U.S. delegation would also refuse to meet.

In one of its rare public interventions into progress of the conference, to which it has been host for nearly four years, the French government "expressed the wish that the Paris conference resume its work without delay in order to reach a settlement which assures the security and independence of the Vietnamese populations."

The statement, issued after a Cabinet meeting with President George Pompidou, also said "The French government is more than ever convinced that the conflict must have a political solution and that such a solution remains possible."

The French move followed by five days a request by North Vietnam that France intervene with the United States to halt the bombing of the North. Cabinet spokesman Leo Hamon would not make it clear whether the North Vietnamese note had led to the Cabinet statement.

The United States and South Vietnam have insisted that the talks cannot resume under military pressure from the Communists.

The United States suspended the conference indefinitely March 23, claiming the Communists were not negotiating seriously and called on them to "engage in meaningful exchanges."

Cushion Mums Now Available

Pampa florists and nurseries now have a supply of cushion mums for persons wishing to beautify their properties under the city-wide appeal by the Pampa Garden Clubs and the Chamber of Commerce.

Mrs. Thelma Bray, chairman of the chamber's City Beautification Committee, said yesterday afternoon she had been notified by florists the mums shipments had arrived.

"At the rate they are reported going," Mrs. Bray said, "there probably will be a shortage of mums before long."

Name Contest Deadline Set For April 18

The City of Pampa's contest to name the banquet room in the new M.K. Brown Memorial Auditorium still was attracting many entries today.

Entries must be postmarked not later than next Tuesday, April 18. They should be sent to the Auditorium Contest Editor, The Pampa News, Pampa, Texas 79065.

The contest rules are simple.

Only one name may be entered by each person. Only residents of Gray County will be eligible to enter the contest.

In event the same name is submitted by two or more persons, the entry bearing the earliest mail postmark will be judged winner of a \$50 U.S. Savings Bond.

Investigation Of Nepotism Continues In Legislature

AUSTIN, Tex. (AP) — Lt. Gov. Ben Barnes' son was on the House payroll when he was speaker, and his stepson has been on the Senate payroll since he became the presiding officer of that body.

And another member of the "Dirty 30"—the seventh so far—has been linked to the longstanding practice of legislators hiring other legislators' relatives.

The legality of that practice is now under study by the Travis County district attorney's office.

Investigation of payroll records Tuesday also revealed that the wife of Rep. Don Adams of Jasper and the daughter of Rep. George Baker of Fort Stockton worked for senators.

At least 12 representatives, seven senators and two former senators have hired relatives of legislators or had their relatives on legislators' payrolls.

It has previously been reported that Barnes' son, Greg, worked as a page in the House while Barnes was speaker. "I put him to work, but I paid his salary out of my own pocket," Barnes said.

House payroll records, however, show that Greg Barnes was paid \$5.50 of taxpayers' money for one day's work on the

opening day of the 1965 legislature, Jan. 12, 1965, before his father started paying him out of his own pocket. The boy was paid as an "honorary page" for that day, according to Mrs. Linda M. Connally, House payroll clerk.

Senate payroll records show that Scott C. Sayers Jr. worked for the Senate more than two months after he became the stepson of Barnes, who is president of the Senate.

Barnes married Mrs. Nancy Sayers, a widow, on July 26, 1971. Her son is listed on the Senate payroll as having worked as a Capitol tour guide from January through September 1971 at an average salary of \$185 a month.

But Secretary of the Senate Charles Schnabel says the boy actually quit on Aug. 20, and the September listing means he was paid in that month for his final month of work, which was August.

Therefore, Barnes' stepson worked less than a month on the Senate payroll after Barnes became his stepfather, according to Schnabel.

Schnabel said when Barnes and his new wife got back from their honeymoon "the first thing they did was check to see if the boy still was on the Senate payroll and when they learned he was they got him off."

The seventh member of the "Dirty 30"—a self-styled reform group of Republicans and liberal Democrats—to be connected with the relative-hiring practice is Rep. John Bigham.

Bigham's wife, Carolyn, worked as a secretary to Sen. Mike McKool of Dallas during the 1971 legislature at an average salary of \$429 a month.

Adams' wife, Linda, worked as a clerk for Sen. D. Roy Harrington of Port Arthur during the 1971 legislature at \$210 a month.

Baker's eldest daughter, worked for Sen. Chet Brooks of Pasadena during the 1969 legislature at \$476 a month and during the 1971 legislature at \$630 a month.

Pentagon Still Optimistic About Vietnamization Plan

WASHINGTON (AP) — Two weeks after North Vietnamese troops swept across the demilitarized zone into South Vietnam, official optimism in the Pentagon is returning but hasn't yet hit pre-offensive levels.

Defense Secretary Melvin R. Laird has steered clear so far of repeating—as he has regularly in the past—that Vietnamization is a success. But Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff, Tuesday offered the most optimistic official assessment of the heavy fighting to date.

"The South Vietnamese are in position and they are conducting offensive thrusts against the enemy. (They) are fighting well."

Earlier in the day, Pentagon spokesman Jerry W. Friedheim said reports indicate "a situation in which the South Vietnamese forces appear to be doing very well, inflicting casualties on the enemy and destroying significant numbers of tanks."

Meanwhile, the aircraft carrier Saratoga sailed south from Florida, apparently to join the growing American armada off the Vietnam coast. Sources said the 16-year-old vessel was expected to pick up a full battle complement of 70 aircraft and rendezvous with a number of smaller ships on her first combat mission.

Latest reports indicate the Air Force has sent 20 B52 heavy bombers and at least 18 F4 Phantom fighter-bombers to the war zone in the air-naval buildup that continues behind a screen of official silence.

Laird and Moorer, speaking to newsmen after giving closed-door briefings to two House committees, steered clear of predicting how South Vietnam would fare in efforts to turn back the enemy offensive. And Friedheim said, at the Pentagon's daily news briefing, "We face several more weeks of major engagements."

Rep. Bella S. Abzug, D-N.Y., meanwhile, introduced a resolution demanding a full report by President Nixon on military activity in Indochina including specifics on U.S. bombing.

But Sen. James R. Buckley, Con-R-N.Y., suggested extending the American support role to include naval and logistics aid for battalion-sized South Vietnamese amphibious assaults along the North Vietnamese coast.

Sen. James R. Buckley, Con-R-N.Y., suggested extending the American support role to include naval and logistics aid for battalion-sized South Vietnamese amphibious assaults along the North Vietnamese coast.

Smith's first stop on the new tour was a hot dogs and cold drinks rally on the courthouse square at Marshall. He will be in East Texas the rest of the week until he goes to Odessa Saturday.

Two other statewide candidates urged voters Tuesday to approve in November a plan to revise the much-amended state constitution.

"We are working with a clock set 96 years ago," Sen. Ralph Hall, Democratic candidate for lieutenant governor, said in Bastrop, "and in order for our legislature to properly function, it must have modern and efficient tools to do a good job."

At North Texas State University in Denton, Albert Fay, Republican candidate for governor, said amendments to the present constitution "have become commonplace because the state legislature uses this procedure to avoid taking a stand on any controversial is-

School Board Meeting Set For April 20

The regular meeting of the Pampa school board has been moved to April 20 to avoid conflict with the national convention of school board meeting at San Francisco this weekend.

Present plans call for board member Bob Carmichael and Dr. James Malone, superintendent, to attend the 3-day national conclave. It will be the first time Pampa has been represented at this meeting.

Board member Ben Sturgeon had planned to attend but a conflict in business arose and Dr. Malone was asked to go instead.

National convention dates are April 15-17.

The Thursday school board meeting will be at 7:30 p.m. at Carver Center. This is to be an organizational meeting seating newly-elected member George McCarroll.

Ben Barnes To Campaign Here April 20

Lt. Gov. Ben Barnes, candidate for the Democratic nomination for governor of Texas, today announced plans to visit Pampa and eight other Panhandle cities by helicopter on April 20.

Barnes will land in Pampa about 7:30 a.m. to meet with workers and supporters before visiting the other cities on the campaign tour.

Highly enthusiastic about the crowds his campaign for governor has been drawing across the state, Barnes told workers and supporters earlier this week that his campaign "is gaining momentum daily."

The lieutenant-governor's entourage is expected to land in two helicopters near the downtown area of each city.

Bob Lilly, All-Pro defensive tackle for the world champion Dallas Cowboys, will be traveling with Lt. Gov. Barnes.

Other cities along the route include Canadian, 9:30 a.m.; Perryton, 10:25 a.m.; Spearman, 11:20 a.m.; Stratford, 1:15 p.m.; Dalhart, 2:05 p.m.; Dumas, 3:05 p.m.; Borger, 4:05 p.m.; and Panhandle, 4:55 p.m.

Troop Cut Continues

SAIGON (AP) — The U.S. Command announced today the cut of 640 more troops from American forces in South Vietnam, including a helicopter unit with 30 aircraft.

STEVEN KILLE
...Young Texan

Steven E. Kille, 17, is the April nominee of the Pampa Optimist Club for Young Texan of the Month.

Steven, son of Mr. and Mrs. Morris B. Kille, 2224 Christine goes into the state-wide contest with such impressive

credentials as a 91.8815 grade average ranking 22 in a class of 367.

He is currently vice president of the National Honor Society. He has garnered honor points in English, History, Math, Physics and the Humanities.

A member of First United Methodist Church, he is active in many phases of the church's activities.

His employment record ranges from church custodial work to salesman in a local men's wear store. He has done yard work and even filled emergencies as babysitter. Steve is involved in a number of hobbies: stamp and coin collecting, building models of racing and unique cars, reading and the violin.

He is following in the footsteps of some illustrious candidates for the honor of being Young Texan of the Month. Larry Knutson, March nominee of the local club, was selected as a Zone 4 winner and went on to garner a third place in the North Texas District Competition.

LESTER WEATHERBY
TAR President Will Address Realtors Here

Lester C. Weatherby of Fort Worth, president of the 4,000-member Texas Association of Realtors, will visit Pampa Monday night, April 24, to address civic leaders and members of the Pampa and Berger Boards of Realtors, according to Veri Hagaman, president of the Pampa board.

Weatherby will speak at a 7:30 p.m. banquet in the Coronado Inn Starlight Room. A special welcome to Weatherby will be given by Hagaman and Carl E. Young, president of the Berger board.

The TAR president is expected to stress increased educational levels for the realtor and protection of property ownership as a fundamental strength of our nation's economy.

Weatherby was twice president of the Fort Worth Board of Realtors and was named Realtor of the Year there in 1961. He has served as treasurer of TAR and on many committee posts for his hometown board, his state association and in the National Association of Real Estate Boards.

Man Treated For Injuries At Highland

A 34-year-old man was treated at Highland General Hospital last night for injuries apparently received in a fight, according to the official report.

Three men and a woman, according to the statements they gave investigating officers, drove from Amarillo to an address on South Ballard where the woman went to check on her child.

The injured man allegedly attacked the other two with a knife and was struck with a bottle. The attending physician said he may lose the sight of one eye from injuries sustained.

All four were released after officers took statements.

ONE OF THE WINNERS— Mrs. J.D. Grider of Pampa is receiving \$17.00 in Bingo Bucks from Nora Heuston, employee of Dairy Queen, 1117 Alcock. Mrs. Grider was one of three winners this week and thus shared the \$50.00 weekly prize money. Orange Bingo Cards are being played this week. You may receive one by going to any of the participating merchants. You may even be a winner!

Area Voters Turn Down Liquor Sales

CLARENDON — Voters in Donley County Precinct 1 turned down off-premises liquor sales in a local option election yesterday.

The decision was made in a narrow margin as 191 voters were for the proposal and 202 against.

Only two boxes in the precinct election turned in margins favorable for the proposal. They were Clarendon College, 142 for, 116 against; and Jericho, 12 for and seven against.

All of the other boxes had totals against the proposal.

A total of 393 votes out of a possible 539 were cast. The election was set by the Donley County Commissioners Court after it had received a petition calling for the election.

The petition was obtained after nearby Howardwick, at Greenbelt Lake, voted itself wet in a recent election.

Local Cancer Society Unit To Present Film Thursday

The Pampa chapter of the American Cancer Society will present two films Thursday, free of charge for all women of Pampa and the surrounding area.

These films, "Breast Self-Examination" and "Time and Two Women" will be shown at 10 a.m. at the Capri Theatre and at 7:30 p.m. at Carver Center, 321 W. Albert. A physician will be present at both showings to answer questions.

Breast and uterine cancer, the subjects of these films, are two of the six major sites of cancer. A city of Pampa's size

may expect to see 70 new cases of cancer develop in 1972. Of these 70 new cases, 37 will die. These films are being shown in hope that education and early detection may prevent unnecessary death from cancer.

April has been declared Cancer Control Month by President Richard Nixon. The local house-to-house campaign to collect funds will be held in Pampa April 18.

Worry Clinic

By GEORGE W. CRANE, PH. D., M. D.

Stella was shocked to find that the Bible describes all sorts of sexual crimes, such as homosexuality, wife-swapping, mass rape, incest and sexual mayhem, as illustrated below. But the Bible does not enlarge on such on such for pornographic commercialism!

CASE T-551: Stella G., aged 26, teaches a young married couples Sunday School class.

"Dr. Crane," she began, "why are there so many sex crimes nowadays?"

"Is the world growing more sinful, due to the pornographic magazines, movies and smut peddlers?"

"Surely the people in olden times didn't face the lewdness now confronting Americans, did they?"

BIBLICAL SEX

Since population has zoomed and we now are a literate, newspaper-reading nation, it probably SEEMS that we are going sex crazy!

In 1970, the U. S. A. census gave us a total population no larger than Chicago, alone, now boasts!

Hawthorne's "Scarlet Letter" in 1850 would require a dozen similar sexy novels today, just to attain an equal ratio!

The Bible is replete with sexual episodes, ranging from incest, homosexuality, mass rape, wife-swapping, sexual assault that was followed by genocide murders, etc.

Abraham thus "swapped" his wife in order to insure his own life! (Genesis, Chapter 20).

Lot's two daughters seduced him in a cave while he was drunk and bore him sons (Genesis, Chapter 19).

And the homosexual men of Sodom tried to compel Lot to bring forth his two male guests for group sexual abuse (sodomy).

But Lot, as a substitute, even tried to offer them his two virgin daughters for an all night sex orgy, but to no avail. (Genesis, Chapter 19).

King Saul gave David's first wife to another man (1 Samuel, Chapter 25).

David had previously committed sexual mayhem on 200 Philistines to win her (1 Samuel, Chapter 18).

A Levite and his concubine stayed overnight at the home of a farmer.

But the pervers of the village demanded that the Levite be turned over to them for sexual orgies.

Instead, his concubine was pushed outside the door and assaulted all night till she crawled to the front door at dawn and died.

The Levite then cut her body

into 12 pieces, sending one each to the 12 Tribes of Israel and a bloody fratricidal war ensued (Judges, Chapter 19).

Dinah (Jacob's daughter) after being raped by the Prince, then was avenged by her brothers via subterfuge that cost the lives of all the males of the city (Genesis, Chapter 34).

King David stole the wife of a loyal soldier while the latter was in the army and then, to cover up his adultery, David ordered the innocent soldier slain (11 Sameul, Chapter 11).

The wife of the employer of Joseph in Egypt repeatedly tried to seduce him.

When she set her final trap, he fled, leaving his coat in her hands, whereupon she had him jailed, charged him with attempted rape (Genesis, Chapter 39).

Judah was tricked by his daughter-in-law, who arrayed herself as a harlot and deceived him into fathering her firstborn twin sons. When Judah later ordered her slain, she turned the tables on him (Genesis, Chapter 38).

Samson caught 300 foxes, tied them tail-to-tail in pairs; then set them loose in the ripe wheatfields with firebrands attached.

He thus caused the death of his ex-wife and father-in-law. (Always write to Dr. Crane, Hopkins Bldg, Melilot Indiana 47558 enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

Amarillo Has Book Of Briefs

"Spiral Gates," written by Roy M. Britain of Amarillo, has just been released by Dorrance and Co., Philadelphia, Pa.

According to the author, "Spiral Gates" is "a calendar of daily topics of minute messages," with information briefs for holidays, special days and every day, 366 of them, for Britain has included the extra day for Leap Year, making this a compendium for every year.

There is in "Spiral Gates," the broad sweep of the Texas plains, the nostalgic character of the horse-and-buggy era. There are tributes to the great men of the nation, the founding fathers many of the presidents, inventors, innovators.

Roy Britain is a native Texan. His education came mainly from the schools of Clarendon, enriched by his early country life and experiences. He is a real estate commissioner in Amarillo.

SMU Elects New President

DALLAS (AP) — Southern Methodist University's sixth president, Dr. Paul Hardin III, takes over here July 1, replacing Dr. Willis Tate.

Hardin, currently president of Wofford College at Spartanburg, S.C., was elected president of SMU Monday by the school's board of trustees, ending a four month nationwide search for a new chief executive.

Tate has been president since last November, and chancellor for the past 18 years. Tate will continue in his role as chancellor.

"I met with the presidential search committee for every meeting," said Bishop Kenneth Pope, board of trustees chairman, "and I must say I could not be happier over our choice, both for SMU and for the church."

Lipscomb And Ochiltree Set Up 1st Aid Unit

PERRYTON—Lipscomb and Ochiltree county Red Cross first aid instructors have formed a bi-county first aid instructors association.

Calvin Babitzke of Higgins is president of the new organization. Other officers are Willard Edgett of Follett, vice president, and secretary, Margaret Riley of Perryton.

The next meeting will be held on July 31, at the Hugh D. Barton ranch.

KGNC To Show 5th 4-H Film

Television station KGNC, Channel 4, will show "Electricity Turns Me On," the fifth film in the 4-H film series "The Magic World of Electricity," Saturday, April 15 at 12:30 noon.

The film describes how music and radio are some fun ways to "Turn on" through electricity, according to the Gray County Extension Office.

In the film "Sam and Betty," two 4-H members, visit with a popular music group to find out how electronics are involved in their instruments. "Sam" discovers how to make a simple radio after the mystery of radio becomes of special interest to him.

Perryton Council OK's Resolution On Land Operation

PERRYTON—A previously discussed resolution concerning utilization of land recently purchased by the city of Perryton for a landfill operator was passed by the council at its last meeting.

Some 30 acres adjacent to the highway will be set aside to be sold for possible industrial sites, and another 20 acres of lake area will be for water storage and potential park type development.

Pampa Girl To Be Soloist At Texas Tech Orchestra

LUBBOCK—Mrs. Mary Jane Johnson, daughter of Mr. and Mrs. Rex Rose, 506 N. Gray, Pampa, will be one of four featured soloists at the Texas Tech University's Symphony Orchestra commencement concert.

Mrs. Johnson, a graduating Tech senior, will sing "My Heart at Thy Sweet Voice" at the 8:15 p.m. performance Thursday in the University Center ballroom.

A member of the Tech choir and the Madrigal Singers, Mrs. Johnson has appeared as a soloist with the Midland-Odessa Choral. She will also perform

with the Lubbock Symphony Orchestra on April 24.

Thursday's program, under the direction of orchestra conductor Paul Ellsworth and assistant conductor Richard Meek, will be open to the public at no charge.

In 1870, the 15th amendment to the U.S. Constitution was ratified. It declared that voting rights could not be denied because of race, color or previous condition of servitude.

Also in 1870, Texas was readmitted into the union after the Civil War.

Lovell Believes Earth Not Only Planet With Intelligent Life

SAN ANTONIO, Tex. (AP)—Somewhere else in the endless realm of the universe, there's bound to be intelligent life, says astronaut James A. Lovell.

Lovell, who has ventured into space four times, says he doesn't think it will be found in our solar system. But he points out there are countless other stars like our sun that may have planets similar to earth.

"I'm sure we're not the only planet that has intelligent life as we know it," he said here Monday.

As for Mars, the mostly likely planet for harboring life, Lovell said he feels man may find water vapor and only some "rudimentary plant life." He quickly added: "But right now, we're not sure."

Turning to the religious arguments sometimes brought up against the space program, Lovell said he sees no conflict between religion and space exploration.

"God is not up there alone," he said. "He's down here with us, too. Whether we go to the moon or Mars or some other galaxy, we're still under his purview."

The veteran astronaut, who saw the moon slip out of his grasp when the Apollo 13 mission aborted, said he would love to take another space flight.

"I've had four flights—some

rewarding, some disappointing. But it wouldn't be fair to those that have not yet made a flight," he told a news conference. "It would not be fair for me to try to fly again."

Lovell said he envisions the day when women will serve as astronauts. He said the Space Agency "honestly does not dis-

criminate" against race, creed or sex in selecting its space-men. But the women who have applied so far have not met the qualifications, he said.

"I'm sure women will be in space when we get into fields where women are most adaptable and have the most expertise," he added.

Lovell was here to discuss the values of the space program before about 2,000 high school pupils at a technical conference sponsored by the American Institute of Aeronautics and Astronautics, the American Society of Mechanical Engineers, and the Society of Automotive Engineers.

Area Youth To Play Role In Tech Show

LUBBOCK—Richard Maggi, junior drama major from Panhandle, will play a major role in the Texas Tech's University Theater production of Jules Feiffer's "Little Murders."

A "penetrating indictment of senseless violence in metropolitan America," the play will open at 8:15 p.m. April 14.

Other performances are slated for 5:30 and 8:45 p.m., April 15, and 8:15 p.m. April 16 and 17.

Maggi will be cast as the apathetic Alfred, who would rather roll with the punches than protest.

A veteran of several theater roles, Maggi has also played Alfred Doolittle in last summer's production of "Pygmalion," the mad priest in "Marat-Sade" and King Sextimus in "Once Upon a Mattress."

Tickets for the play, under the direction of Dr. Clifford Ashby, are \$2 to the general public. Reservations may be made by calling the University Theater box office at 742-2153.

Twenty-four U.S. airlines during 1971 flew 134.6 billion revenue passenger miles.

In 1971 a Los Angeles earthquake killed at least 64 persons.

Annual Hansford Roundup Will Be Held In Spearman

SPEARMAN — The annual Hansford Roundup will be held here May 11-13 with a rodeo performance at 8 p.m. each day at the rodeo arena.

Stock for the rodeo will be furnished by James and Chuck Martin, with Bill Thorpe of Dumas as the clown.

Books open Wednesday, May 10, at 9 a.m. at the rodeo headquarters in the Chamber of Commerce office, 217 Main. The office may be contacted by phone at (806) 659-3330.

On May 13 there will be a parade, barbecue, old fiddler's contest, an old timers' reunion, a rodeo and a dance.

The barbecue will begin immediately following the 10 a.m. parade.

The fiddling contest will begin after the barbecue and will be held at the courthouse.

The Saturday night dance will be held in the Community Building with Elroy and the Troubadors of Clayton, N.M., providing the music.

HORSES ARE OUT

DALLAS (AP) — The Dallas Police Department has dropped the idea of having mounted patrolmen for the city parks. Too expensive.

City Mgr. Scott McDonald said it would cost as much as \$60,000 a year to maintain a stable. "It's just not feasible," he said.

Tower To Address Ochiltree Banquet

PERRYTON—Senior John Tower has accepted the invitation of the Ochiltree Soil and Water Conservation District to speak at the 14th annual awards banquet set for April 22. The banquet will be in the High School Cafeteria.

Sen. Tower, the conservative Republican senior senator from Texas, has been in Perryton several times on the campaign trail but this will be his first non-campaign speaking engagement here.

Conservation awards will be made at the banquet, including recognition of the conservation farmer of the year.

WEAPONS IN JAIL
NEW YORK (AP) — A recent search of 1,900 Adolescent Remand Shelter cells on Rikers Island uncovered 300 home-made weapons.

Correction Commissioner Benjamin J. Malcolm called it "the first massive search" in the department's history.

A total of 260 correction officers and supervisors took part in the early morning search.

Who's To Blame For Beef Prices?

WASHINGTON (AP) — The hot potato of who's to blame for rising beef prices landed first in the hands of cattlemen who quickly passed it to grocers who in turn tossed it to government statisticians.

That was the sequence Monday at the opening session of a House Agriculture subcommittee hearing on beef costs. Testimony continues today.

Spokesmen for farmers organizations insisted that current prices for beef on the hoof are not high at all and suggested that the blame falls at some point farther along in the marketing process.

But the head of the National Association of Food Chains resisted the notion and pointed an accusing finger at government statisticians.

Association President Clarence Adams said current increases merely reflect short-term fluctuations in supply and demand, rather than any inflationary trend.

He asserted that the government uses faulty methods to measure food prices nationally.

Both Adams and the farm spokesmen turned aside suggestions that their constituencies should come under strict federal economic controls.

TV And Radio

NEW YORK (AP) — The producers of the annual Oscar awards show seem finally to have gotten a saddle onto that wild and unruly television event. It jogged along leisurely on NBC Monday night, still far too long but interesting most of the time.

There was the usual turn-out of stars, on stage and in the audience. There were interludes of entertainment with some extremely elaborate production values. The thank-you speeches were uniformly short. The masters (three) and mistress of ceremony were, for the most part, witty and brief.

On the debit side, those cue-card exchanges between the celebrity presenters of awards were as dull and dreary as ever, and considerable time was wasted showing film clips.

The top awards, as usual, came at the end of the evening, and they all seemed popular with the Hollywood audience. It was, however, the appearance of Charlie Chaplin on stage that was the moving climax of the evening. He appeared to receive a special award, and the audience gave him a long standing ovation.

All in all, it was a superior awards show.

Bob Hope's hour, which preceded the awards show, was expressly designed to lead into the Oscars. Hope studded the show with his standard complaints about not being nominated, and his monologue went smoothly as did musical numbers by Shirley Jones and Barbara Mac Nair.

There was some rather self-conscious dialogue with guest Ingrid Bergman but the real trouble was, as usual, in the sketches. After auspicious starts, each one got bogged down with a mass of one-line gags or moved into exaggerated, unfunny areas.

ABC filled that empty Monday night hour that precedes its film feature with a magazine type program called "Monday Night Sports," a combination of live and taped features which had a hurried look about it.

The live part of the program was primarily devoted to an update on the baseball strike situation, complete with an assortment of interviews on both sides. There was also a feature on the daily life of Bobby Lee Hunter, a promising amateur boxer who will be into the Olympics—and is serving an 18-year sentence for manslaughter.

4-H FOOD SHOW WINNERS—Bobbie Skaggs, left, 9, is shown standing before her table arrangement and her "Pigs-in-A-Blanket," a food she prepared for the District 14-H Food Show. She is the daughter of Mr. and Mrs. Bob Skaggs, 805 Christy. Stephanie Eastham, 16, is shown before her table arrangement and her

dish, "Broccoli Casserole." Both were "top winners." Miss Eastham will go on to compete in the state event in June. Miss Eastham is the daughter of Mr. and Mrs. Bob Eastham, 2531 Christine.

Two Pampa Girls Receive Top Ratings In Food Show

Two Gray County 4-Hers were top winners in the District 14-H Food Show held recently in Amarillo.

Stephanie Eastham, 16, daughter of Mr. and Mrs. Bob Eastham, 2531 Christine, was the Top Winner in the Senior Fruit-Vegetable Division; and Bobbie Skaggs, 9, daughter of Mr. and Mrs. Bob Skaggs, 805 Christy, was the Top Winner in the Junior Bread-Cereal Division. Both girls are members of the Top O' Texas 4-H Club.

Theme of the 1972 Food Show was "Food for Special Occasions." Each contestant selected a special occasion and

prepared a food and a table exhibit for her occasion. Miss Eastham prepared "Broccoli Casserole" for a "Candlelight Dinner for Two." Miss Skaggs prepared "Pigs-in-Blanket" for a "Mother's Day Breakfast." Both girls received a blue ribbon and a product certificate. Miss Eastham also received a silver bowl. She will go on to represent Gray County and District I at the State 4-H Food Show, to be held at State 4-H Roundup June 6-8 at College Station.

Also representing Gray County in the District Show were Elaine Webb, 14, Senior Bread-Cereal Division, who received a blue ribbon for her "Cheesy Onion Burger Buns" and Kelly Dougal, 11, Junior Meat Division, who received a red ribbon for her "Beef Noodle Casserole." These girls are the daughters of Mr. and Mrs. V. C. Webb of Mobeetie, and Mr. and Mrs. Kenny Dougal of Lefors.

The 77 contestants in the Food

Show were judged on their knowledge of food and nutrition, the food prepared, the table exhibit, their recipe, their day's menu and their 4-H foods records.

The 4-H Food Show is sponsored by the Texas Agricultural Extension Service and the donor is the Gladiola Flour Company.

Your Horoscope

By Jeane Dixon

THURSDAY, APRIL 13
Your birthday today: The early half of the year presents steep challenge, a lot of action, perhaps a change of job or relocation. The later half is for consolidation and simplification. Transformation is the main psychic phenomenon, altering your way of looking at the world. Today's natives are always hopeful, waiting for a better turn of events while actively working to cope with things as they are.

Aries [March 21-April 19]: Make this a busy, finish things early day, with a complete bank for an evening of rest and meditation.

Taurus [April 20-May 20]: Confidential means of help are at hand, and the materials involved are unusual. Be discreet about your plans.

Gemini [May 21-June 20]: Important as friends are, your efforts and influence work better today. Try early if it's practical; finish early.

Cancer [June 21-July 22]: You cannot attend to everything in your personal and business life at once—attend to the essential activities only.

Leo [July 23-Aug. 22]: Begin fresh studies, a new method of getting things done. A sideline or special interest comes on readily, but should not be rushed.

Virgo [Aug. 23-Sept. 22]: Getting around, passing the word, keeping ordinary work going smoothly is enough for the time being. Relax early.

Libra [Sept. 23-Oct. 22]: Special concessions for local cooperation may bring positive response from important people, but you must let them know what you're doing.

Scorpio [Oct. 23-Nov. 21]: Consider your own limitations and pace your efforts to include time to check your work. Extra rest in later hours.

Sagittarius [Nov. 22-Dec. 21]: Enjoy what you have to do as the days pass, seeking to form the future a bit broader than the past.

Capricorn [Dec. 22-Jan. 19]: Home and personal possessions require some added action on your part. Technical consultations promise good advice and subsequent benefits.

Aquarius [Jan. 20-Feb. 18]: Cooperation is available on all levels, according to what you've done to attract it. Creative projects should be presented with enthusiasm.

Pisces [Feb. 19-March 20]: Avoid speculation and games with money. Friends are busy on your behalf, but take your own advice about details of plans.

Now that more women are working at full-time jobs there are more women worrying about how to keep a house in a tolerable state. The only answer I have is that one simply must listen carefully to an important word, Housekeeper.

In other words, you keep the house; it doesn't keep you.

A sane woman is not worrying about dirty woodwork or unpolished copper pots hanging over a stove. A sane woman knows the only copper pots actually hanging over stoves are those placed carefully in a studio by photographers for slick magazines. As for woodwork, except for the section with the strawberry jelly, chances are nobody will ever notice whether you have any or not.

What bothers most women is clutter. There are different kinds of clutter and messes and therefore there is no one way of dealing with it.

Except, of course, with a can of gasoline and a box of matches and if you've ever had to clean up a house after a fire as I have then you realize this is no solution.

The interesting thing about some messes is that while they may be uniquely yours, they look remarkably like the woman's next door or your cousin Janice's in Indianapolis. This is the so-called unavoidable mess which consists of the telephone bill stuck under the lamp in the den and the box of Easter candles on top of the refrigerator under two cookbooks. It isn't that they belong there but you were in a hurry and it was better than having the dog chew them up.

The unreasonably messy includes 16 unmade socks on the sofa, the science book in the bathtub and the breadcrumbs lined up along the dining room windowsill.

There are some 580 judo clubs in Britain.

Market Report

COLLEGE STATION—Per capita food consumption climbed one per cent in 1971, with meat and fruit consumption leading the way.

Mrs. Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service, said there were small consumption gains posted for potatoes, vegetable oils, cereal products and eggs as well as the beans, peas and nuts group. Consumption of poultry and eggs as well as the beans, peas and nuts group. Consumption of poultry, vegetables, coffee, fish and animal fats and melons has declined.

Pork accounted for an estimated four per cent rise in red meats. Beef consumption was unchanged, according to the specialist.

Canned citrus fruit and dried fruits made major gains last year. Consumption of fresh citrus increased nearly two and a half per cent. Frozen orange concentrate increased slightly.

A small decline in fresh vegetable consumption about one per cent. A sharp increase in processed potato products accounted for a two per cent increase in the potato and sweet potato group. (This group increased faster in per capita consumption than any other group.)

Decreases in per capita consumption of coffee, veal, lamb, mutton, and condensed and evaporated milk are consistent with patterns of recent years.

Blend Your Own

If you're one of those women who claims she can never find the right shade of makeup, then solve the problem by blending your own. Not from scratch, of course. But you can buy make-up that comes with a base plus tubes of light and dark blenders. The right shade dilemma will be solved, especially when tanning time comes around.

Avocado Treatment

Avocados are good, and not for just eating. You can use the inside of the skin of avocados on your driest spots—elbows, heels and knees. Avocados smooth and moisturize.

Suds in Your Hair

Many hairdressers still claim that the best solution for hard-to-curl hair is beer. All you need is about an ounce used on the hair after shampooing, then comb through, set and dry.

Reader's beauty tip: Don't tip beautician

By Abigail Van Buren

(© 1972 by Clifton Truman-H. V. News Synd., Inc.)

DEAR ABBY: May I add my two cents worth to the discussion of tipping beauticians?

The only beauticians I ever tip are those in beauty schools because they don't get paid for their work. In regular beauty parlors, the beauticians are paid to perform a professional service, just like clerks in stores are paid to wait on customers. You don't see beauticians tipping store clerks, do you?

Prices in beauty shops are plenty high for what you get. Yet when you pay for a shampoo and set, if you want a really GOOD shampoo, they soak you extra for a "cream rinse." This just burns me up.

Beauticians in some small towns make \$100 a day. In big towns, they make even more. It seems like beauticians are getting more like young doctors every day. They all want to get rich over night.

PERTURBED

DEAR PERTURBED: I showed your letter to Cloyd, my hairdresser at the Beverly Hills Hotel Beauty Shop, and he wants to know in which small towns a beautician makes \$100 a day; he would like to move there. [P. S. It can't be too small for him, as he was born and raised in Louisville, Nebraska.]

DEAR ABBY: I have been divorced for one year. My wife and I were married for 31 years and have six children. Now my ex-wife has made me a proposition. She says she will marry me again on the condition that her boyfriend can visit her any time he wishes—on a friendly basis. My question: Is this normal? And would it make a healthy marriage if I were to agree to it?

A. J. B.

DEAR A. J. B.: If you have no objections to sharing your wife with her boyfriend, your marriage would be so "healthy" it would outlive both of you. Is it normal? Hardly!

DEAR ABBY: Recently a friend of ours had her fourth daughter. No sons! During each pregnancy, altho' the wife said she wanted a boy, her husband insisted that he wanted a girl.

I wonder why a normal, well-adjusted male would not want a son? Do you think he is afraid of competition?

NAMELESS, PLEASE

DEAR NAMELESS: Don't assume anything. Perhaps he really wanted a son, but didn't want his wife to feel that she let him down if she didn't produce one. And it's possible that he really preferred girls.

CONFIDENTIAL TO CINDY: It's Leap Year, so it's perfectly legitimate for YOU to do the asking. But it's also the Chinese Year of the Rat, so be careful whom you ask!

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

"Ecology" Influences Fashions

COLLEGE STATION—Fashion projects the times, so let's return to nature," suggested Becky Dunlap, clothing specialist for the Texas Agricultural Extension Service.

"Ecology is the key word in spring fashion predictions and actual garments shown to retail buyers at the Dallas Apparel Mart," she noted. "Through various combinations of patterns, colors and fabrics, a natural spring fashion look evolves."

Shapes and patterns conform to those of nature, whether through the use of accessories, prints, or appliques. Landscape florals, country gardens, mixed bouquets, animal forms and fruit and vegetable motifs abound.

"Fabrics are returning to the honest-to-goodness homespun look," she explained. Fresh ginghams, seersuckers, denims,

Old man Z was back at the club after a long absence. He got right into a rubber bridge game with both sides vulnerable and promptly blasted to slam.

Not that six spades wasn't a sound contract. More scientific bidding might have brought him to seven, but it was well he stopped at six. Since East held all four clubs, there was no way to bring home more than 12 tricks. The slightest carelessness in play would have left him one trick short.

"Shades of R. F. Foster," muttered Z. "Old hands always repeat for me."

After that Z went up with dummy's ace of diamonds

and led a trump. East showed out and Z said, "Just as I thought."

He took his king of trumps and led the seven. West covered with the nine. Z returned to his hand with the king of diamonds and led the eight of trumps. It did not matter what West did. Z was able to pick up the trumps without losing a trick.

Then he started on clubs. He played his king and ace and gave a club trick to East. After that he was able to discard the queen of hearts on dummy's fifth club.

We wonder if many readers would have taken Z's precautions. He would lose a trump trick if East held all four but in that case there was very little chance that East would hold all four clubs.

Man's Fashion Rule Is "How He Feels"

COLLEGE STATION—A man should dress the way he feels.

"That's the only rule for men's clothing this spring and summer," said Roxanne Schnorr, clothing specialist for the Texas Agricultural Extension Service.

The specialist said that clothes express as much about a man as whatever he does while he wears them, so he should dress for whatever he feels like doing.

Textile manufacturers indicate the dressy suit for spring and summer is well-cut, single-breasted with wider lapels, skinnier at the waist and longer at the hips.

A man may choose from a world of suits—safari, knicker, sweater and denim jean suits. He can wear them and feel comfortable wearing them.

"Shirts aren't stuffy any more," Miss Schnorr said. "This year's shirt has good body definition. It may be worn anywhere with or without tie and jacket. Collars will still be long, but with a softer trend. Corners will be rounded."

Slacks introduce the excitingly new. Men will wear jeans for every occasion—jeans in velvet, satin, tapestry, canvas and any non-traditional fabric. Other casual slacks will fit different occasions with different silhouettes—boot

pants, lederhosen, short shorts and knickers. Jodhpurs, originally designed for horseback riding, come on strong for casual wear.

Tailored slacks will be demanded in knits, according to Miss Schnorr. Flare and slim legs are the fashion cuts.

Youth takes on the rugged look of overalls, coveralls and western wear. Underwear-styled knit jersey shirts look well with the work clothes. Bib tops on swimwear and the new short shorts join the overall look.

With such individual choices, men's spring and summer fashions will express the way each individual man feels.

Eyes Make Difference

By Mary Sue Miller
Eye makeup often separates pretty girls from knock-out models. It's largely a matter of the makeup colors and how much.

Cover girl eyes take their makeup cue from individual eye coloring, and from cosmetics that are designed for deft handling. For instance, no copycat colors, no exaggerations, are wanted. Textures must be foolproof in application and smudgeproof in wearing.

Geared to model expertise, eye cosmetics become easier for the non-professional (you

and me) to apply with enhancing effects. This is what you need and what to do with it after you get it:

Your first move is an eye shadow duo—a soft shade, complimentary to your eyes and teamed with its own delicate frosted companion tone. To exemplify, with hazel eyes use smoky green and green-frost. You brush and blend the flat color from the lashes to fade out at the eyebrow. Now, with the second shadow, you frost the moveable lid beginning a bit away from the inner corner and overlapping the far side in

a wing formation.

Next the lashes and brows: The desirable look here is now super natural. For it you want a mascara in a realistic shade, quick drying and non-smear. Apply it on the diagonal so that lashes have an outward sweep. Add falsies at the outer corners, if luxuriance eludes you. Lastly tone the brows with a light and dark brow duo, the way the pros do.

Large as life and twice as natural—that's your outlook.

7--Play Your Way

thus I'm able to allow for it. That's much better than not knowing whether the ball's going left or right — or straight.

Where the ball finishes determines how much money you make out here. Not how it got there.

Last year at the British Open I had the great pleasure of meeting the legendary Bobby Locke. He is an old man now, but still made the cut.

Locke has hooked every shot he's ever hit. He even hooks his putts! It doesn't bother him a bit. He told me just to play my own game and everything would work out.

There's a moral there for all golfers.

(NEWSPAPER ENTERPRISE ASSN.)

(NEXT: Trevino's New Weapon.)

I play golf with a big old hook; my shots move with a flagrant right-to-left action. My fellow pros tease me about it and ask me why I don't hit the ball straight, the way the textbooks tell you to. Well, they don't bother me a bit any more. In the past couple of years I have reconciled myself to adapting my game to a hook. I hook the ball consistently, and

Holzman Savors Knick's Victory

NEW YORK (AP) — "Don't ask me about Boston—I don't even want to think about Boston right now," New York Coach Red Holzman said with a grin. "I just want to go out and have a couple of drinks and celebrate."

What Holzman and the rest of the Knicks had to celebrate was revenge—their 107-101 National Basketball Association victory Tuesday over Baltimore that knocked the Bullets out of the playoffs.

It sent the Knicks into the best-of-seven Eastern Conference finals starting Thursday night against the Celtics, who won the Atlantic Division title by eight games over New York, then ousted Atlanta in their semifinal series.

In the Western finals, the Los Angeles Lakers entertain Milwaukee tonight. The Bucks won their first game 93-72 at Los Angeles.

In the American Basketball Association playoffs, Denver is at Indiana Thursday night for the seventh and deciding game in their Western Division semi-finals with the winner going on to face Utah. Also on Thursday night, the New York Nets oppose the Virginia Squires in Richmond, Va., in the first game of their best-of-seven Eastern finals.

"I think our defense did it for us in this game—just like our defense did it for us in the whole series," Knicks' center Jerry Lucas said of the revenge victory.

A year ago it was the Bullets who did the celebrating after bumping the Knicks out of the playoffs. Then Baltimore ran into the Bucks, who breezed to a four-game sweep and the championship.

Except for a few moments in the fourth quarter, the Knicks were pretty much in command, forcing Baltimore to play catch-up virtually the entire game.

Streaks killed the Bullets. Outsourcing them 14-2 in the first quarter, New York shot to a 24-12 lead. But Phil Chenier's jump shooting brought the Bullets back within eight points going into the second period. Then Archie Clark, the game's high scorer with 31 points, and

Jack Marin helped Baltimore cut the New York margin to 48-44 at the half.

Trailing only 75-74 going into the final period, the Bullets pulled in front 93-88 with four minutes remaining.

The Knicks, however, had one more streak left and, to the thunderous approval of the 19,588 fans at Madison Square Garden, they unleashed it—helped a bit by some Baltimore mistakes and gambles that didn't pay off.

They outsourced the Bullets 19-8 down the stretch, Lucas starting it with a driving lay-up that resulted in three points when he was fouled.

"It wasn't a set play," said Lucas, who scored 22 points, as did Walt Frazier, to lead the New York attack.

All-American Golf Begins in Houston

HOUSTON (AP) — Twenty-four college teams tee off today in the 18th annual All-American Intercollegiate Invitational golf tournament with Texas and Florida picked as the teams to watch.

Florida's Andy North, who won the individual medal championship here last year, will be back to defend his title in the four-day tournament.

Ben Crenshaw and Tom Kite of Texas Jim McLean and Corker DeLoach of Houston, Gary Koch and Mike Killian of Florida, Danny Edwards of Oklahoma State, Ray Leach and Dave Shipley of Brigham Young and Howard Twitty of Arizona State are expected to be competing for the lead in individual play.

In team play, Florida is the defending champion while Texas is the current NCAA champion.

The 24 teams are Arkansas, Alabama, Arizona, Arizona State, Baylor, Brigham Young, Colorado, Florida, Florida State, Houston, LSU, Indiana, New Mexico, New Mexico State, North Texas, Oklahoma, Oklahoma State, Oregon, Rice, SMU, Texas, Texas A&M, Texas Tech and TCU.

Pension Dispute Over Players Still On Strike

NEW YORK (AP) — Striking baseball players and club owners remained deadlocked today solely over make-up salaries after reaching a pension settlement which could have prevented the 12-day-old walkout in the first place.

And at the heart of the lone remaining issue was a feeling among the players that the owners would try to cheat them salary-wise in rescheduling games lost to the strike, which has delayed the opening of the season more than a week.

With both sides making quick pitches throughout day-long meetings Tuesday and tossing—and rejecting—proposals and counter-proposals back and forth faster than an around-the-horn double play, this was the situation when matters ground to a halt in the wee hours this morning.

—Agreement was reached on allocating \$500,000 a year from the pension plan's huge surplus for retirement benefits, in addition to the owners' original offer of \$490,000 for health care on top of the \$5.4 million they contribute annually to the pension package.

"If we had agreed on the \$500,000 last week there would have been no strike," said Marvin Miller, executive director of the Major League Baseball Players Association. "That's probably true," countered John Gaherin, the owners' negotiator, "but \$500,000 was not Mr. Miller's price for a settlement before the strike."

—The owners have offered to pay the players for lost games rescheduled on open dates or as part of a day-night doubleheader, but not for games made up as part of a one-admission doubleheader.

The players rejected that and countered by offering to give up one day's pay (they are paid on a basis of 182 days rather than 162 games). The owners turned that down. Next, the players offered to play make-up games in one-admission twin bills for half pay. The owners rejected that, too.

In San Diego, Buzzie Bavasi, president of the Padres, said the team's player representative, Bob Barton, "told me the players seemed to think that the owners would try to cheat them by making up all the lost games as parts of doubleheaders and I explained to him why that's a false assumption."

"As an owner, I can assure you that a club always makes more money by playing two single games than by playing a doubleheader. On two dates, you get extra revenue from parking, programs and concessions that you don't get playing a doubleheader."

Bavasi said that if clubs reduce the originally scheduled number of home dates by scheduling more doubleheaders, they'll have to return some money to season ticket-holders.

"We haven't lost any home dates yet," he said, "but the Dodgers, Giants, Cardinals, Mets and Cubs have. All of them have large season ticket sales and I know they'll try to make up lost games on off days rather than play doubleheaders. If the players go along with our proposal, which I believe is more than fair, I'm sure they'll make up all, or nearly all, of the money called for in their contracts."

Miller, however, said that wouldn't be equitable for all the players since some cities do better, say, with a Sunday doubleheader than Sunday-Monday single games. "Some players will lose money and some won't," he said.

"We want equity for all players."

Miller said he wasn't sure whether the 24 player representatives, who met for more than 15 hours Tuesday, would get together again today. He also said J. Curtis Counts, head of the Federal Mediation Service, was in town and he didn't rule out

Stanley Cup Strike In The Brewing?

CHICAGO (AP) — The Chicago Black Hawks are biding their time in the Stanley Cup Playoffs, but they're also aroused over National Hockey League rules concerning the curvature of sticks.

The Hawks met with Alan Eagleson Tuesday to iron out their differences over league rules concerning stick curvature.

Eagleson, counsel for the players' association, took a vote and found the Hawk: unanimously in favor of going against the league unless they had a voice in matters concerning equipment.

The Hawks would like to get the rest of the league to agree with them that players should have a voice in any change in equipment rules.

Before the start of the current playoffs the league ruled that the curvature of a hockey stick blade should not exceed one-half inch. The league went so far as to inspect individual sticks to make sure they were legal.

Twice the Hawks were burned. First, the league ruled

the possibility of further mediation efforts.

The owners, whose negotiating committee held several lengthy conference calls with Gaherin, scheduled a joint meeting of both leagues for Thursday in Chicago, ostensibly to iron out a new snag over the length of the season.

The Associated Press learned that National League owners want to play a full 162-game schedule while the American League, which has long been advocating a shorter season anyway, favors picking up whenever the strike is settled without making up any games.

Bulldogs Handle Harvesters

The Berger Bulldogs tripped the Harvesters 6-5 Tuesday afternoon in Berger. The loss was the Harvesters' sixth straight. Pampa now stands 7-4 for the season and 0-3 in district.

The loss ends, for all practical purposes, any hope that the Harvesters might have had to contend for the district title.

Jody Johnson, sophomore right-hander, was on the mound for Pampa. The loss gives him a 3-2 record for the year. Parks pitched for the Bulldogs and the win sent his record to 7-2.

The Harvesters will next play this Friday afternoon at 4:00 in Optimist Park. They will host the Palo Duro Dons for the game.

ABA Concludes Its Draft Today

NEW YORK (AP) — The American Basketball Association, which signed several under-graduates following a secret draft last month, will not select under-graduates when it concludes the draft today, ABA Commissioner Jack Dolph has announced.

Each team was allowed to pick one under-graduate during the first five rounds on March 24 and could announce selections if they desired. The names of players chosen Wednesday will be made public.

The 11 teams will draft from the sixth round on by telephone to the league office, with teams selecting in reverse order of their league standing Feb. 20.

Memphis and Pittsburgh will alternate on the first selections with Memphis making the first pick in the sixth round and every even-numbered round.

The remaining order of selection will be: Carolina, Denver, the Floridians, New York, Dallas, Indiana, Virginia, Utah and Kentucky.

It was previously announced that the following agreements were signed before the con-

clusion of the college season: junior Jim Chones of Marquette with the New York Nets; sophomore Dave Brent of Jacksonville with the Memphis Pros, and senior Bill Franklin of Purdue with the Virginia Squires.

Most of the outstanding college players were drafted last month, with many of the names announced by the teams or leaked to newsmen.

LET'S GIVE A CHEER--Pampa High School students elected new cheerleaders last week in preparation for the coming school year. Chosen to lead the cheering sections at the various athletic events during the year were, front, Gayle McKinley, left, daughter of Mr. and Mrs. John McKinley, and Lea Johnson, daughter of Mr. and Mrs. T.W. Johnson. Back row, from left, are Mary Ana Greene, daughter of Mr. and Mrs. Hildegard Greene; Janelle Bevel, daughter of Mr. and Mrs. L.C. Bevel; Lee Ann Cantrell, daughter of Mr. and Mrs. Jim Cantrell; Janie Price, daughter of Mr. and Mrs. W.D. Price, Jr.; and Shannon Hills, daughter of Mr. and Mrs. F.N. Hills.

Transcon Glider Race Scheduled For May

WASHINGTON (AP) — Six of the world's foremost glider pilots will compete next month in America's first ranscontinental race for airplanes.

Ross Briegleb of Las Vegas, Nev., at 33 the youngest entrant, will Tuesday the six slender-winged powerless aircraft will be towed aloft from Whiteman airport in the Los Angeles suburb of Pacoima May 1.

One of the two-planes will be operated by Ross's father, William Briegleb of El Mirage, Calif., who has been soaring, designing and building sailplanes, for 43 years.

The contestants will soar by stages, and depending on the weather, across the southern part of the country through Phoenix, Ariz., and Dallas, and then head north to St. Louis and Chicago, and east to Pittsburgh and the terminal point at Baltimore's Marietta Airport, where they are to arrive May 18.

Scoring over the 2,990-mile course will be based mainly on points awarded for distance

covered on each day of reasonable soaring conditions.

One of the contestants, Paul Bikle of Lancaster, Calif., is holder of the world altitude record for soaring, at 46,267 feet.

Another derby entrant, Wallace A. Scott, an Odessa, Tex., movie theater owner, holds the world record for the longest single sailplane flight, 716.9 miles from Odessa to Columbus, Neb.

Other participants are A.J. Smith of Detroit, 1968 world soaring champion and three times national champion; John Ryan, Phoenix, also a former national champion.

Calendar Day Oil Allowable Rising

AUSTIN, Tex. (AP) — Texas' average calendar day oil allowable has risen to 4,135,663 barrels, an increase of 233,914 from March 15, says the Railroad Commission.
The commission also reported Tuesday that 15 wildcat oil wells and eight wildcat gas wells were drilled in Texas during the period of March 16-April 1.
A total of 68 wildcat oil wells have been drilled this year, compared with 70 at this time last year. Sixty-two wildcat gas wells have been drilled, or 77 fewer than a year ago.
The commission said 244 oil wells were completed during the two-week period for a yearly total of 1,275, or 174 fewer than a year ago.
