WHEAT FIRE IN WASHINGTON IS THREAT TODAY

Loss, Already Huge, Mounts as Flames Spread

LOSS OF LIFE VERY LIKELY

Farmers in Despair as They Send away Families

WALLA WALLA, Wash., July 27.—(P)—Scattered clouds that greeted several hundred smoke begrimed farmers and townsmen today held out some hope of assistance in fighting a fire that during the night swept the wheat lands of Eureka flats, near here, for some forty miles over a ten-mile front. The fire has destroyed untold quantities of wheat and several farm homes endangered lives and raised with little interference since yesterday.

WALLA WALLA, Wash., July 27.—(P)—More than 300 farmers were battling a grain fire today in the vicinity of Eureka flats, about 30 miles from here, in an attempt to save their homes and crops. It was estimated the fire which started last night, had destroyed 50,000 to 75,000 sacks of grain and burned over 10,000 to 25,000 acres of wheat, some of which had been harvested, but much of which was standing.

More than 50,000 acres of spring sheep pasture also has been destroyed and many sheep camps and buildings were burned. Farmers said the fire was getting into the best part of the wheat land on the Eureka flat early today and they felt it was impossible to stop the crushing flames.

When it was realized that it was impossible to stop the spread of the fire many farmers began packing their belongings and sending families out of the fire area. They turned their livestock loose.

Manager Briggs Gets New Ideas at National School

George W. Briggs, manager of the local Chamber of Commerce, returned last evening from Chicago, where he attended a two-week course at Southwestern university, Evanston, Ill., for commercial executives. He was accompanied by Mrs. Briggs and younger son, Burnham. A niece, Miss Eileen Pengro, returned with Mrs. and Mr. Briggs and will make her home with them.

The secretary reports a very beneficial time spent at the university. He has many important matters to place before his board of directors. Classes commenced at 8:30 a. m., and lasted until 4 p. m. each day until Friday, when examinations would be held. Saturday was another day of tests and exams. The school lasted twelve days.

"I feel that my two weeks in Evanston were well spent and that I have received ideas that may be beneficial not only to the Chamber of Commerce, but to the business interests of Pampa," Mr. Briggs stated this morning. "Among the subjects featured at the school were retail trade development and the benefit of a business survey, both of which I plan to utilize in a beneficial program here," he further remarked.

Asked as to his immediate plans Mr. Briggs said, "The fair committee will immediately be called together to begin work in earnest for the coming Pampa fair, October 11, 12 and 13. Plans must be completed for the Chamber of Commerce district convention to be held here soon. An agricultural program must be drawn up, and I plan to cooperate with Professor J. L. Lester in creating a greater interest in the dairy industry in the territory."

DRAUGHT IS BROKEN

AUSTIN, July 27.—(P)—Rain last night and today was general through south central Texas, breaking a dry period extending back to July 7.

THE WEATHER

WEST TEXAS—Tonight and Saturday partly cloudy to unsettled.

Globe Circlers Set New Record

Clipping nearly five days from the previous speed record for circum-navigating the globe, John Henry Mears, left, and Pilot C. B. D. Collier here are shown just after they landed at Miller Field, New York. They had just completed an eastward air dash across the continent in the monoplane in which they flew across Europe and Asia. They're holding "Tail Wind," dog mascot which accompanied them on their 23-day trip.

Gray County Oil Prospects Soar on New Crude Rates

Gray county oil men are jubilant over prospects in this territory by reason of the sweeping raise in crude prices. Improved conditions from every standpoint, with much drilling, are expected to show up at once.

Gas Expected Soon in Prairie's Thut Test of LeFors

The Prairie Oil and Gas company's No. 1 Thut in the southwest corner of the Thut pre-emption survey, is drilling ahead at 2,105 feet and expecting to strike gas. This well is the deepest test in the LeFors pool which was recently opened by the bringing in of the LeFors Petroleum company's 2,300-barrel gusher. Eight wells are drilling in the territory.

The same company's No. 2 is drilling ahead at 1,530 feet. This location is 700 feet east of the No. 1.

Eslick, Reiger and Sines' No. 1 Hopkins in the northwest corner of the west 80 acres of the south west corner of section 84, block B-2, three miles south of production in the Bowers-McGee pool, is cleaning out at 3,206 feet to finish a fishing job. The well will either be shot at its present depth or deepened.

The first show of oil in this wildcat was picked up at 3,042 feet after encountering 6,000,000 cubic feet of gas at 2,785 feet.

Biggs et al's No. 1 Morse in section 3, block 225, picked up 10,000,000 feet of gas from 2,192 to 2,250 feet and is drilling ahead at 2,300 feet after completing a fishing job. This location is eight miles southeast of LeFors and in semi-proven territory.

The Turkey Oil company's No. 1 Williams in the southwest corner of 40 acres in the northeast quarter of section 15, block 1, A. C. H. and B. survey, is drilling ahead at 1,000 feet. Salt was picked up at 860 feet. The 10-inch casing was set at 740 feet. The company expects to finish the well within 30 days.

GRID MEN TO ATTEND CAMP

Local Boys to Train at Craterville Park, Oklahoma

Coch Coach Mitchell and a score of his football prospects will leave here August 29, or thereabouts, to take ten days of intensive training at Craterville Park, near Altus, Okla.

Coch Mitchell and the school board have decided this to be the best training camp plan available, especially since the accommodations at Craterville Park are ideal and the men will have the privilege of training with teams from Wichita Falls, Elk City, Lawton, Grandfield, and other towns.

How to Vote

Voters, especially persons lately resident in Texas, should remember that, in voting, the names of those one does not wish to vote for ARE SCRATCHED, instead of using a check mark or "X" as is done in some other states.

For example, suppose there are four names for governor, and of these Mr. Dougherty is favored. The ballot should be marked as follows:

For Governor—
LEE JOHNSON
HENRY DOUGHERTY
JOHN SMITH
JACOB BROWN

CITY DOCKET CLEAR

City peace officers are undecided whether it is because of the coming Democratic primary or the calm before a storm that two nights have passed without an arrest even for a traffic violation. Again this morning, as yesterday morning, the city docket was clear.

AMARILLO MAN ELECTED

GALVESTON, July 27.—(P)—E. H. Thornton was named president of the Texas industrial traffic league at the annual meeting here today. Other officers elected were J. C. Cone, Amarillo, first vice president; C. E. Hollman, Houston, second vice president; E. R. Trainor, San Antonio, third vice president; and F. A. Lettingwell, Dallas, secretary and treasurer.

Fight Party at Daily News Is Pleasing to Fans

Two thousand ardent fight fans, massed around the Daily News building last night, heard the blow-by-blow account of the Tunney-Heeny battle as the bout was flashed by leased wire through the Associated Press channels.

The account was megaphoned by Harry Hoare, sports editor of The News, assisted by Scott Barcus. "Iron Mike," automatic-telegraph instrument in The News office, and "Ike," his twin brother, took the ringside report in fine style. One version went direct to the megaphone; the other went to the Linotypes for the "extra" that was in the hands of more than a thousand fans within a few minutes after the fight ended.

The crowd was undemonstrative, but clearly favored Heeny. The outcome was not unexpected however, and the odds were strong on Tunney, such as were offered.

Wynne Building Starts Today on North Cuyler

Work was to commence this afternoon on the J. S. Wynne building on North Cuyler street, joining the new Clem building on the south. The building will be 50 feet wide by 30 feet long, two stories high, and of solid brick. A \$17,000 permit was taken out with the city this morning.

John T. Glover, local building contractor, now erecting the Clem building, has been awarded the contract. He states that it will be built with all possible speed. The plans for the second floor are being drawn by W. R. Kaufman, local architect, to include six office suites and a large space at the rear which can be divided to please the renter.

The north half of the building, 25 by 130 feet, has been leased to the M-System Grocery company. Mr. Wynne states that he has not leased the rest of the building, but has several companies interested. The second floor will probably be used for doctors offices.

Adobe Walls Camp Very Successful—Boys Back Home

Sunburned, healthy and happy, 32 members of Pampa Boy Scout troops returned last evening from a ten-day camp on Gibson creek, 25 miles north of Canadian. The troops broke camp yesterday morning at 9 o'clock and returned to Pampa in two trucks kindly lent by the board of education and Chris. Baer. Ninety-two boys attended the camp.

The boys were loud in their praise of the camp and the leadership of E. D. McIver, executive of the council. Every boy attending the camp learned to swim if he was unable to do so. Fifteen of the Pampa boys were given instructions and are proudly displaying their swimming badges.

The ten-day period was spent in various Scout activities with special stress by the leaders on Scout advancement. Under the leadership of E. D. McIver, Jimmie Sackett of Pampa, and W. R. Pressnell of Borger, the boys passed many tests in the regular Scout ranks as well as earned many merit badges.

Leaders of the camp and adult visitors are well satisfied with the first camp of the Adobe Walls council.

CAL IS LAWBREAKER

SUPERIOR, Wis., July 27.—(P)—President Coolidge's success as an angler and Wisconsin game regulations fixing a maximum trout catch per day, appeared to have become entangled when reports came today from the Summer White House that the chief executive, in a long fishing day last Wednesday, had made a haul of 26 trout and thereby had exceeded by one the maximum allowed.

OMAHA TEAM SHAKEN

OMAHA, Neb., July 27.—(P)—The World-Herald said today that a "big shake-up" in the Omaha Western league baseball club includes the sale of Joe Burns to Seattle, Clarence Hetherly to the Detroit Tigers, and probably Red Harvel to Cleveland.

Marion Thomas, the newspaper said has been selected by the St. Louis Cardinals as the man they want in an outer deal. The resignation of Hans Ries, secretary, was also forecast.

MANY INSANE ESCAPE WHEN FIRE STARTS

State Hospital Burns at Nashville Early Today

MOST INMATES ARE RETURNED

Terror Stricken People Flee in Every Direction

NASHVILLE, Tenn., July 27.—(P)—Rounding up of all but 15 of the 350 inmates who escaped from the Central State Hospital for the insane was reported today within a few hours after fire had sent them scurrying over the countryside. Those at large included Jesse McPherson of Nashville and Samuel Kemper of Wilson county, homicidal maniacs.

NASHVILLE, Tenn., July 27.—(P)—More than 550 patients, 50 of them listed as criminals, escaped from the main building of the Central State Hospital for the insane early today, when fire destroyed the two upper floors.

Nine hundred of the 1,272 patients were back in the institution at dawn, three hours after the blaze had been brought under control. Nashville police and officials of the institution were organizing an intensive search for the others 11 of whom were considered extremely dangerous. It was expected that 250 of the missing patients would return of their own accord, or be brought in, as they were unoffensive.

The main building, which is 50 years old caught fire about midnight. The institution is located eight miles from the city limits of Nashville and the blaze gained great headway before two companies of the Nashville fire department and a squad of police reserves arrived.

All occupants of the main building were driven from their beds scantily clad, guards and nurses taking time only to warn inmates of their danger. Warning shouts of guards, police, and firemen added to the terror of the inmates who, soaked by a drizzling rain, darted across fields and down highways. When the upper walls started crumbling the patients who remained clustered about the institution screamed and moaned in fear and broke through police lines repeatedly.

At dawn the alarm was sounded throughout the country side and residents were put on their guard by police messengers.

The loss was estimated at \$250,000.

Curtis Douglass Is Praised in Rally

The Curtis Douglass political rally last night in the Pla-Mor auditorium was well attended and the candidate for re-election to the office of district attorney of the 94th district was loudly applauded.

Before the main speech of the evening by Mr. Douglass, Dr. R. A. Webb, chairman of the meeting, introduced all the other candidates present, each one making a short talk. H. Otto Studebaker complimented the district attorney in a short talk stating that he liked a fighter and a stickler and was "for Curtis Douglass."

Douglass, silver tongued on occasion made a strong address.

BOY HELPS SMITH

NEW YORK, July 27.—(P)—The first dollar earned by 11-year-old George Fleming, Jr., Chicago, was received today from the boy to help finance Governor Smith's presidential campaign. The contribution was made public despite the youngster's postscript to his letter, "Don't show this to newspapermen. This is between you and me."

HEARING DATE SET

AUSTIN, July 27.—(P)—Further hearing of proposed revision of cottonseed and products freight rates was set Friday by the state railroad commission for Dallas October 22.

Morones Blamed in Obregon's Death

Here is the man who is accused by supporters of the Mexican administration as the "intellectual author" of the assassination of President-Elect Alvaro Obregon. He is Luis N. Morones, and was Minister of Industry, Commerce and Labor until his removal from office by President Calles. He was known as the bitterest enemy of General Obregon, and had been quoted as saying: "Either Obregon or I must go." He sought refuge following the assassination while armed bands of Obregonistas sought his life.

OBREGON FOE STILL MISSING

Morones Reported to Have Fled Wrath of Mexicans

MEXICO CITY, July 27.—(P)—Numerous rumors, all lacking confirmation, were current today regarding the whereabouts of Luis Morones, resigned secretary of labor and political foe of general Alvaro Obregon. These included: That he was hiding in Mexico City; That he fled to the United States by airplane; That he sailed for Havana; That he sailed for Spain; That he fled to Guatemala.

MRS. WAYBOURNE DENIES PLOT TO KILL HUSBAND

BASTROP, July 27.—(P)—Special prosecutor Jesse Owens of Groveland went before a district court jury Friday and laid the foundation of the State's plea that Mrs. W. W. Waybourne be sent to the electric chair. Testifying as the last witness in her trial for murder of her husband, Mrs. Waybourne denied all knowledge of the plot to kill him as related by her erstwhile blacksmith lover, Hugo Middleton, who said they conspired to put Waybourne out of the way.

WOMAN EDUCATOR DIES

CINCINNATI, Ohio, July 27.—(P)—Miss Emilie Moves, former dean of women at the University of Cincinnati, died last night of short illness.

Donald Farrar, manager of the Central States Power and Light company is attending to business in Tulsa this week.

J. H. McSkimming returned today from Detroit, where he spent his vacation.

Mrs. Beth Thomas left Thursday for Henryetta, Oklahoma. She was called there by the serious illness of her mother.

District Manager for Chevrolet Co. Is Located Here

Floyd A. Smith has been appointed district manager of the Chevrolet Motor company for the North Panhandle area, and will make his headquarters in Pampa. Mr. Smith was formerly stationed in Oklahoma City, but owing to the increase in Chevrolet sales, his district has been divided into four sections. He chose the Pampa territory.

Mr. and Mrs. Smith and family have moved to Pampa and are residing in the Hillcrest addition.

"Pampa is the natural headquarters for this territory because of its possibilities and it is the best city in the Panhandle," Mr. Smith says. He says he plans to make Pampa a local agency, the Culberson-Smilling "Chevrolet town." His office is at the company.

The voting boxes and judges are: Precinct 1, LeFors—George Thut. Precinct 2, Pampa—J. M. Dodson. Precinct 3, Morrill—W. S. Willis. Precinct 4, Alarwood—W. J. Ball. Precinct 5, McClain—A. A. Callahan. Precinct 6, Laketon—C. M. Counts. Precinct 7, Farrington, Harry A. Nelson. Precinct 8, Hopkins, W. E. Ginn.

Crude Hike Slow to Be Followed in Panhandle Field

Up to noon today none of the oil companies or pipeline companies here had received word that the Humble Oil company's hike in the price of crude oil had been met. Humble prices were boosted yesterday over Texas, with the exception of the coast fields.

With a 31-cent hike in 44 gravity oil Gray county leads the field with the price set at \$1.56 a barrel. The other Panhandle counties also receive the increase, Hutchinson and Carson county 44 gravity crude going to \$1.36 a barrel.

As Gray county is practically the only county in the Panhandle to produce the high gravity oil, it received the most benefit from the raise.

Local drilling operators and company representatives are optimistic about the hike and predict an increased drilling activity in the county. It was reported this morning that one company plans to drill eight wells immediately.

LOCKOUT DETERMINED

MANCHESTER, England, July 27.—(P)—A lockout that will affect about 500,000 workers was decided upon here today by the advisers. Spinners' Federation as a means of alleviating conditions in the industry. The lockout will be effective August 11.

Vote Tomorrow

Those who take part in the Democratic primary tomorrow and who take the pledge printed at the top of every ballot will exercise the only real selective privilege that this state affords.

Under the conditions obtaining in this one-party control voting area, it is imperative that the vote be as general and intensive as possible. In on other way can a democracy exist.

It is argued by some newcomers that they do not know enough about most of the candidates. Some of them would like a hand-picked ticket for their use.

Vote tomorrow. Remember that the Texas system is to scratch out the names of those candidates for whom one does not wish to vote.

Metropolitan service on the Tunney-Heeny fight last night was given the Pampa Daily News through its Associated Press leased wire.

A few minutes after the final round was megaphoned, an "extra" was roaring off the press at The News and more than a thousand persons were soon reading the account prepared by a battery of Associated Press writers.

It is a pleasure to work hard as a member of the Associated Press, in giving the Pampa folk a service unexcelled anywhere.

Recognized by newspaper men who know as being well ahead of local development, The News will continue to give service that its patrons may be proud of.

City park plans are still hazy, but, chancing to step into the city hall this week, we found Carson Loftus suggesting a park on the site of the old city dump grounds.

That would be quite a change, from stench of decaying vegetables to the fragrant odor of the rose. Stranger things have happened.

Pampa should begin to look well to her future, especially from the standpoint of recreation. Playgrounds are very scarce in this section.

TWINKLES

In the fight news it leaked out that one gang which favored Tunney was the Marines.

A Texas judge sipping on a New York bench finds that testimony of police isn't rated very high up there.

Hoover eats lots of peanuts. That ought to be conducive to campaign economy, and you ought to smell a Hoover rally several blocks. Also, how is that for a farm plank?

Cal won't smile even holding up a fish, but the crowd viewing a news reel may be forgiven for roaring when a fish shook water into the president's face and made him grimace.

Smith is going to deal with the farm problem "extensively". He might drum up a little interest for diversification too.

When the race improves enough, probably many of the voluntary maidens will be more easily suited. Indications are, however, that improvement is not in the heads of the houses.

Half dollars are not in demand, but we'll suffer the inconvenience of carrying any surplus ones our readers may have.

Don't let the increase in oil prices make you forget Teapot Dome. Oil on the clothing worn in Pampa is honorable, but on politicians it is odious.

CHURCHES

CHURCH OF CHRIST

People who make a profession in the Christian religion, but do not take an active interest in the church program are laying themselves and their religion open to the attack of the enemy of all that is good and abiding. Jesus believed not in night-work, but in day-work. He warned against every deed of darkness. It was when men slept that Satan sowed tares. Yes, the cowardice of Nicodemus, the treachery of Judas, and the denial of Peter were all of the night. When He saved men He used no shaded lamps. There was no soft music, no Delphic oracle. "He exposed the Gospel to the full light of the day. He was against the whispered creed. He had not use for learned and incomprehensible formula." Why, then, do so many act as though His was a life to be kept in the dark as if it were well to be ashamed of it. Only as the darkness gropes about us are we tempted to keep our Christianity under cover.

To the Good People of Gray County

I have just found out what a tremendous job it is to see every voter in a county the size of ours. On this, the day before election, the realization is forced on me that I have been unable to see every one. Particularly, I'm afraid, is this true right here in my home town. I take this last minute opportunity to assure each one of you that if I have failed to see you the oversight was not by intention and that I will appreciate your vote and influence just as much as if I had the pleasure of thanking you in person.

Yours for impartial law enforcement,

"Where you coin money"

On Magnolia Trails in Oklahoma

A natural vacation land where fishing abounds awaits the motorist who visits Eastern Oklahoma. Scenic drives through widely varied country invite you to take the wheel. The Indians chose this country as their last retreat because of its natural attractions. The Kiamichi Mountains, the Arkansas, Cimarron, North and South Canadian Rivers; the Kiamichi, Neosho, Verdigris and Illinois Rivers, with their tributaries and lakes, add endless variety to the wooded landscapes. State-maintained highways and well-kept local roads give easy access to this natural vacation land.

Whatever your location in the Southwest, there are natural beauty spots within a few hours' drive of your home. A week-end or more at such a camp site or resort with congenial companions will refresh and invigorate you. Your car will take you there. Use it in this way and make the investment which you have in it pay you dividends in renewed interest, pleasure and health for yourself and all the family.

The Magnolia Man has a free map of the highways, giving latest information, for you. He will be glad to lubricate your car for the trip. He has Magnolia ANTI-KNOCK Gasoline for high compression motors and motors troubled with excess carbon; Magnolia Gasoline for the utmost fuel economy and the proper paraffine-base Magnolene Oils and Lubricants to develop and preserve the youthful fleetness of your car.

The Magnolia Man Recommends

Magnolia ANTI-KNOCK Gasoline
Powerful, Even Burning, Knockless
A knockless motor fuel made from pure petroleum, slightly colored with red for identification only, which removes carbon "knocks" without repair penalties. For high and medium compression motors.

Magnolia Gasoline
The gasoline which gives true fuel economy. Pure, clean-burning, quiet-sizzling and backed with power. For moderate compression motors not troubled with excess carbon.

Magnolene Motor Oils and Lubricants
Paraffine-base Motor Oils in six grades. Transmission Oils and Greases which keep the parts in all moving parts by defatting soot and wear. The Magnolia Man knows which you should have.

Magnolia Household Products
Magnolene Domestic Lubricant, to oil all kinds of small machinery, such as magnets, motors, fans, typewriters, phonographs, sewing machines, roller skates, clocks, bicycles, vacuum cleaners, fishing reels, hinges, tools, etc. Also Magnolene Floor Dressing, Magnolene Polishing Oil and Magnolia Paraffine Wax.

Heeney Blames Gene's Thumb, but Not the Champion

NEW YORK, July 27.—(AP)—The de-

feated challenger, Tom Heeney, absolved his conqueror, Gene Tunney, from blame for jamming a thumb into his right eye as they started their eighth round. It was not intentional, Heeney said.

that I might have gone through until the finish. But I have no excuses to offer. The best man won, didn't he? What's the use of crying. It's a sporting proposition with me. I want to be a good winner and a good loser.

Spudders Forge Ahead One Notch in Texas League

(By The Associated Press.)

Wichita Falls is slowly drawing ahead in the race for first place honors in the Texas league. The Spudders gained a game Thursday by defeating San Antonio, 6 to 5, while Houston, in second place, was losing to Shreveport.

The Spudders came dangerously near to losing, however, and were saved, apparently, by the rare judgment of Skipper Galloway and the delivery of the men upon whom the pilot called in a ninth inning crisis. With the Bears leading, 5 to 4, at the opening of the ninth, Galloway sent Cven-gros to bat for Estell, and Cven-gros walked. Lapan was injected to hit for Turgeon, and the catcher came through with a home run. The Spudders got 10 safeties and the Bears 5.

The Sports defeated the Buffs, 6 to 3 in a game that saw much hitting and was marred by rain. Jim Lindsey started for the Buffs but was unable to get up the "twenty-game grade." The Sports started their attack early, getting a run in the first round, an-

other in the second and three in the fifth. Houston essayed a comeback when it counted twice in the fourth and once in the eighth, but Brown had their number and held it.

Despite a rally in the seventh frame and netted three runs, Dallas lost to Beaumont, 6 to 7. The Exporters piled up a seven-run lead in the first five innings, but were unable to count thereafter.

The Fort Worth-Waco game was postponed on account of rain.

OTHER TOMMY WANTS CHANCE TO FIGHT GENE

PHILADELPHIA, July 27.—(AP)—Word came here from New York today that Tommy Loughran, Philadelphia light heavyweight champion, would vacate his title October 1, and train for a heavyweight bout with Gene Tunney next year. Loughran, it was reported, has Tex Rickard's promise that he would be given a chance against the heavyweight champion.

Fox Is Engineer of Ability—Out for Co. Surveyor

Warren T. Fox, Pampa engineer, has announced his candidacy for the office of county surveyor. His business experience in engineering department of the U. S. Reclamation Service. He spent the next two years in the Army, but returned to his old work in Wyoming and Nebraska. In 1920 he went into the private practice of engineering at Torrington, Wyo. There he had a very successful business. Later, deciding to go South, he came to the Panhandle in the spring of 1928.

SOCIETY

Mrs. McNamara Is Hostess to Ace High Club Thursday

Mrs. P. T. McNamara entertained members of the Ace High bridge club and other friends at a party of unusually pretty appointment Thursday afternoon. Lovely pink and white gladiol decorated the house, and the pink and white color scheme was followed in the score pads, tallies, and table markers, as well as in the refreshments.

High score for guests was made by Mrs. T. W. Henry, while high score for club members was made by Mrs. Robert Chaffin. Mrs. Henry's favor was a wall vase and Mrs. Chaffin's a pair of hand-embroidered pillow cases. Mrs. William Lang, making second high for members, received a hand-painted compute. Mrs. F. A. Hollenbeck was consoled for low score with a dainty set of dishes for rose leaves.

Auxiliary Holds Called Meeting Wednesday

The Women's Auxiliary of the Presbyterian church held a called meeting in the home of Mrs. J. M. McDonald, Wednesday afternoon. The entire afternoon was devoted to a business session, and extensive plans were made for future work. The membership voted to make a donation of the Home of Neighborly Service at San Antonio. Plans were also made for a reception to be held in the near future, honoring the new pastor and his wife and other new members of the church.

Mrs. H. A. Campbell has gone to Carmen, Okla., to make arrangements for placing her children, Kenneth and Vivian, in the Odd Fellows Home of that city. It will be recalled by many that Mr. Campbell was the victim of an accident at the Operator's No. 2 Jackson on May 26 when struck on the head by a large wrench. He died in the Pampa Hospital shortly afterwards.

Prompt Reports on Social Items Asked by News

A social calendar for the entire week appears in the Pampa Daily News every Monday morning, and each event is retained on the calendar until the date for which it is announced. In order to appear on Monday's calendar, announcements should be in the News office before 11 o'clock of that day. Reporters of church societies, clubs, and other organizations who wish to have announcements in Monday's calendar are asked to call the society editor on Saturday, whenever possible, or, at the latest, by 10:30 Monday morning.

It is also urged that those who have reports to make of social affairs give them to the society editor or call her immediately after the affairs have taken place, while the news is still news.

Eastern Star To Initiate This Evening

The Pampa chapter of the Order of the Eastern Star will hold initiation services at 8 o'clock this evening. A full attendance of members is desired.

George H. Glover, Texas A. & M. architectural engineering student and son of a local contractor, John T. Glover, returned from six weeks' training at the Ft. Sam Houston Citizens' Military Training Camp yesterday. Mr. and Mrs. Glover are quite proud of George's record of straight A's for his third year college work just completed, but are perhaps, more proud of his being a competent brickmason as well. He went to work today on the Woolworth building.

Mrs. J. W. Watson was called to Miami Thursday afternoon, on account of the serious illness of her father, H. P. Christolm. Mr. Christolm is one of the pioneer citizens of the Panhandle.

Mrs. Floyd Keener and small son Ronald, of Clarendon were in Pampa this morning.

Weldon Jolly drove to Clarendon Thursday evening.

Mr. and Mrs. S. A. Nell and children of Brandon arrived Thursday afternoon to visit Mrs. Nell's sister, Mrs. C. B. Barnard. Mr. and Mrs. I. B. Fox of Greeley, Colo., are also guests in Mrs. Barnard's home. Mr. Fox is Mrs. Barnard's brother.

Through the courtesy of W. A. Wharton, candidate for justice of the peace of precinct No. 1, LeFors, the Daily News will receive returns of precinct 1 as soon as the votes are counted on Thursday evening to attend the political meeting. Al Scholdhalter is spending a few days in Amarillo. Ben Joseph of Borger was in Pampa Thursday evening.

BETTER SAFE THAN SORRY

Under the regime of E. S. Graves as Sheriff, John Studer as County Attorney, and Curtis Douglass as District Attorney, 84th District, Gray County has gone through an oil boom WITHOUT THE LAWLESSNESS that usually accompanies such an abnormal situation. THERE HAS BEEN LITTLE OR NO FELONIOUS CRIME IN OUR COUNTY—much less than in the neighboring counties where similar boom conditions exist. Gray County is rated the most law-abiding county in the state—Let's keep it that way! Let's re-elect Graves, Studer and Douglass; for to them belongs the major part of the credit for Gray county's law-abiding reputation.

The GUNMAN, BURGLAR, HISTER, and HI-JACKER consider this country too tough for profitable pursuit of their nefarious professions. LET'S KEEP IT TOUGH! Let's secure life and property in Gray county by keeping in positions having to do with law enforcement, tried and proven officers.

NOTICE TO THE STOCKHOLDERS OF THE PANDANLE AND SANTA FE RAILWAY COMPANY.

You are hereby notified that the Board of Directors of Pandanle and Santa Fe Railway Company, have called a meeting of the Stockholders of the Company to convene at the principal office of the Company in the City of Amarillo, County of Potter, in the State of Texas, on the 30th day of August, 1928, between the hours of 10:00 a. m. and 4:00 p. m. to consider and act upon a proposition to authorize the execution by the Company of a Mortgage or Deed of Trust to be called a General Mortgage or Deed of Trust or by such other name as may be determined, on all of its railroads and properties now or hereafter owned, to secure bonds to be issued in series from time to time to be used in paying for funding or refunding the indebtedness of the Company for moneys advanced to or expenditures made on its behalf, for the construction of its railroads and properties and additions or betterments thereto, and

indebtedness constituting a prior lien on its railroads and properties now or hereafter owned, and to provide funds for the future extension of and additions and betterments to its properties, for the purchase of equipment therefor, for the reimbursement of its Treasury for expenditures so made, and for other lawful purposes; such bonds to be issued at such times, in such amounts of such series, and at a lawful rate of interest payable at stated periods, and maturing on such date or dates, subject or not subject to redemption, tax-free or not tax-free, convertible or not convertible into shares of capital stock of the company for the acquisition, construction, or extension of railroads and railroad property and for additions and betterments to such railroads and properties now or hereafter owned by the Company; such mortgage or deed of pany, subject or not subject to sinking fund provisions, and containing such other terms and conditions as may be determined or prescribed by the Board of Directors; so limited in amount that bonds at any time out-

standing, together with all the then outstanding prior debt of this Company and the par value of its then outstanding shares of capital stock shall not exceed the sum of Fifteen Million Dollars (\$15,000,000) plus the amount expended after December 31, 1927 (600,000) or such sum not exceeding said amount as may be approved by the Interstate Commerce Commission, said bond to be dated July 1, 1928, and to mature July 1, 1963.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION WITH ORDER OF SALE

J. M. O'Brien versus John O'Leary et al. State of Texas, County of Potter. In the County Court of Potter County, Texas, May Term, 1928.

Whereas by virtue of an order of sale as under execution issued out of the County Court of Potter County, Texas, on the judgment rendered in said court on the 25th day of June, 1928, in favor of J. M. O'Brien against John O'Leary and S. G. Calish, numbered 228 on the docket of said court, did on the 11th day of July, 1928, at 10 o'clock a. m. levy upon the following described tracts and parcels of land situated in Gray County, Texas, to-wit:

Lots numbered Eight and Nine in Block Number One in the O'Leary Addition to the City of Pampa, and also Lots Numbered Two to Forty-Nine inclusive, in Block No. One of the Hollywood Addition to the City of Pampa, Gray County Texas, as shown by the plats of said two respective additions duly recorded in the deed records of Gray County, Texas, and to which references is made, all of said lots having the approximate value of \$500.00:

Whereas said judgment was for the principal sum of \$243.34 with interest thereon from the 25th day of June, 1928, at the rate of 10 per cent per annum plus 10 per cent additional on the amount of the attorneys fees accruing thereon, and for all costs there-in incurred and for foreclosure of the attachment lien upon the above described property.

Notice is hereby given that on the 7th day of August, 1928, same being the first Tuesday in August, 1928, between the hours of 10 a. m. and 4 p. m., on said day at the court house door of said county, I will offer for sale and sell at public auction for cash all the right, title and interest of the said John O'Leary and S. G. Calish in and to the above described property.

Dated this 11th day of July, 1928.

E. S. GRAVES, Sheriff of Gray County, Texas. (41-13-20-27-3)

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF GRAY COUNTY, OBEYING:

You are hereby commanded to summon Betty Jane Wylie by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the nearest county, to your county, where a newspaper is published, to be and appear at the next regular term of the 84th District Court of Gray County, Texas, to be held at the Court House thereof, in the town of Pampa on the third Monday in August, A. D. 1928, the same being the

20th day of August, A. D. 1928, then and there to answer a petition filed in said Court on the 20th day of July, A. D. 1928, in a suit numbered on the docket of said Court No. 388 wherein I. R. Wylie is plaintiff and Betty Jane Wylie is defendant and a brief statement of Plaintiff cause of action being:

The plaintiff alleges that the defendant was guilty of cruelty towards him of such nature as to render their living together as husband and wife insupportable; that defendant left plaintiff and lived with another man openly and notoriously; that defendant cursed and abused plaintiff.

Herein fail not, but have you before said Court, on said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Pampa Texas, this 20th day of July, A. D. 1928.

To Succeed, Know Public Is Rule Of Woman Editor

RAPID CITY, S. D. (AP)—Know your public is Mrs. Alice Gossage's rule to women who would make a success on the Rapid City Journal and for the she is the chief editorial standby of a small town newspaper and in the last 46 years has chronicled the lives and doings of the inhabitants of this town on the edge of the Black Hills.

If there is anyone in Rapid City whom Alice Gossage does not know by name or face, that individual is a recluse. Once, the police picked up a man who was so fuddled that he could not tell his name or where he lived. The woman news writer was called to identify him. She not only did so, but gave the street number of his home.

She came to the "Gate City of the Black Hills" as a bride in a stage coach and four years later covered the biggest news event in this section of the country in years—the entry of

the first Chicago and North Western train into Rapid City. The "cow town" had 2,500 people when she first became a reporter. Now there are 8,000 but Mrs. Gossage still knows almost every one as well as she did in the old days.

LOVE FOR TWO RUTH DEWEY GROVES © 1928 By NEA Service Inc.

gave a slightly mocking light. "And once, if you remember," she said very softly, "you told me every thing had come to an end for you."

MONTH with Lila, was time for anything. The constant drip of her cleverly phrased words had worn away Bertie Lou's memory of the recent struggle which she and Rod had experienced in order to keep their heads above the waters that threatened to engulf them.

"Just my pearl necklace and the two diamond bracelets," she said, giving the case to him. of anything more. Lila insisted upon helping her furnish the place. "You can use my credit at the bank," she proposed; "you'll have to hunt around to get just the right things."

Lila telephoned again a few days later to ask him if it would be too much trouble to bring the guns back to her. She wanted to wear them that night, she explained. Rod replied that it wouldn't be any trouble . . . the day's rush was over.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: The First Foreign Missionaries.

Scripture Lesson: Acts 13: 1-8, 13-15, 44-46.

1. Now there were at Antioch, in the church that was there, prophets and teachers, Barnabas, and Simeon that was called Niger, and Lucius of Cyrene, and Manaen the foster-brother of Herod the Tetrarch, and Saul.

2. And as they ministered to the Lord, and fasted, the Holy Spirit said, Separate me Barnabas and Saul for the work whereunto I have called them.

3. Then, when they had fasted and prayed and laid their hands on them, they sent them away.

4. So they, being sent forth by the Holy Spirit, went down to Seleucia; and from thence they sailed as Cyprus.

5. And when they were at Salamis, they proclaimed the word of God in the synagogues of the Jews; and they had also John as their attendant.

13. Now Paul and his company set sail from Paphos, and came to Perga in Pamphylia; and John departed from them and returned to Jerusalem.

14. But they, passing through from Perga, came to Antioch of Pisidia; and they went into the synagogue on the Sabbath day, and sat down.

15. And after the reading of the law and the prophets, the rulers of the synagogue sent unto them, saying, Brethren, if ye have any word of exhortation for the people, say on.

14. And the next sabbath almost the whole city was gathered together to

hear the word of God.

45. But when the Jews saw the multitudes, they were filled with jealousy and contradicted the things which were spoken by Saul, and blasphemed

46. And Paul and Barnabas spake out boldly, and said, It was necessary that the word of God should first be spoken to you. Seeing ye thrust it from you, and judge yourselves unworthy of eternal life, lo, we turn to the Gentiles.

47. For so hath the Lord commanded us, saying, I have set thee for a light of the Gentiles. That thou shouldst be for salvation unto the uttermost part of the earth.

48. And as the Gentiles heard this, they were glad, and glorified the word of God; and as many as were ordained to eternal life believed.

49. And the word of the Lord, was spread abroad throughout all the region.

Place—Antioch in Syria to Antioch in Pisidia, through Cyprus from east to west, thence to Perga in Pamphylia, and thence north to Antioch in Pisidia.

Introduction
Let our churches remember that our Pilgrim Fathers came to this country in order to establish here the home of religious liberty. Let them not forget the rock out of which they were hewn, else the days of their prosperity will be numbered.

to others. Since they have so freely received, they are to give as freely, or else drop back into a slumber that knows no awakening. The alternatives are: give and live, or deny and die. What a debt Christendom owes to Antioch! How else can we pay it except to carry on to others the blessings we have received from the early missionaries of Christ in foreign lands.

Barnabas and Saul for the work whereunto I have called them." The Spirit spoke to and through the prophets just mentioned v. 1. Saul from his conversion was set apart by the Holy Spirit for the great work of foreign missions (Acts 9:15; 22:10, 15-16, 17). Barnabas was providentially raised up to be his comrade, for he was probably educated much as Saul had been, he had introduced Saul to the church in Jerusalem, had brought him to Antioch,

and had labored successfully with him there for a year.
"Then, when they had fasted and prayed and laid their hands on them," This laying on of hands was in token of the bestowal of the special grace and might of the Holy Spirit, enabling Barnabas and Saul to perform their tasks in the Spirit's power and with results well pleasing to him. MR. MULE TO MRS. COW

SAID ONE HOT DAY OF SUMMER

"Look here!—you big awkward female—you are having too easy time. While I work and sweat you lie under the shade of a tree and chew on your old cud."
Mrs. Cow, being very gentle, didn't answer in kind. She said: "Mr. Mule, it's true you work and sweat, but did you ever think how you'd like to have somebody pulling at you night and morning cussing you because you didn't give enough milk?"
Mr. Mule hadn't thought about that before, so he decided he had rather keep on being a mule.
It's the same situation when somebody of the men family thinks the woman is having the easy time.

them away. "Missis ar," from the Latin missus, "one sent," means by derivation the same as "apostle," which is a Greek word meaning sent forth.

"Sent forth by the Spirit," v. 4

"So they, being sent forth by the Holy Spirit." There was a human and a divine commission. The representatives of the church were acting under the direction of the Holy Spirit. "Went down to Seleucia." The seaport of Antioch, sixteen miles distant. "And from thence they sailed to Cyprus." As Barnabas was a native of Cyprus, and probably widely acquainted there, this large island in the eastern Mediterranean made an ideal starting point for their journey. Moreover, Cyprus was not far from Antioch, only a few hours' sail away, seventy miles, and the Cypriotes in the Antioch church would furnish the two missionaries with introductions to their relatives and friends in Cyprus.

more suited to his work among the Gentiles. Some think that Saul called himself Paul after this Sergius Paulus.

Paul in the Synagogue, vs. 14, 15.

"And they went into the synagogue on the Sabbath day." Though he is the apostle of the Gentiles, it is ever to the synagogue that Paul first finds his way.

"And after the reading of the law and the prophets." The law was the Pentateuch ("Five Books.") the first five Books of the Bible, written by Moses. It was read through in the synagogues every three years, a designated portion each Sabbath. The prophets included Isaiah, Jeremiah, Ezekiel, and the twelve Minor Prophets, and also the Books of Joshua, Judges, Samuel and Kings.

"And Paul stood up, and beckoning with the hand said, Men of Israel, and ye that fear God, hearken." This gesture seems to have been a favorite one with Paul; see Acts 12:17. The apostle addresses the Israelites present, and also the Jewish proselytes, "ye that fear God." Very likely also some Gentiles were present, and Paul did not formally include them in his audience.

He was a Jew. In such surroundings he delivers his first public address that has come down to us.

How scriptural it is! Herein he sets a good example to the preacher of any age. Those Old Testament writings were a common ground on which he could meet his Jewish hearers with the gospel of Jesus. The Bible is such a universal book that biblical sermons conciliate, appeal, interest.

The discourse has three divisions: 1. God's gracious dealings with Israel (vs. 7-22.) 2. The facts about Jesus are in accord with Old Testament prophecy (vs. 23-37.) 3. Salvation for all who believe, and a warning for those who reject Christ (vs. 38-41.) Paul ties up Jesus to the Old Testament; if they hold to it they are bound to accept him. By not doing this they prove themselves undeserving of eternal life.

Paul Turns From Jews to Gentiles, v. 46

"Feeling ye thrust it from you, and judge yourselves unworthy of eternal life." They had not merely refused to believe, but they had pushed the gospel away from them with bitterness and wrath. Paul's sarcasm is keen; they had been judging themselves and not him. Jesus had hidden his followers not to cast their pearls before swine. "Lo, we turn to the Gentiles." With this epochal saying, repeated by Paul on other similar occasions, the great Apostle to the Gentiles inaugu-

rated his life work. Henceforth Christianity was not confined to one small nation and one race, but was to go "into all the world," as its Founder had commanded.

"For so hath the Lord commanded us." Paul would not have taken such a step without the definite command of the Lord, given him by Christ himself on the Damascus road (Acts 26:17), and repeated three days later through Ananias (Acts 9:15.) "Saying, I have set thee for a light of the Gentiles." This quotation from Isa. 49:6 shows that the offer of the gospel to the Gentiles was not an outgrowth of any sudden emergency, but was a part of God's age-long plans for the salvation of the entire world. "That thou shouldst be for salvation unto the uttermost part of the earth." The missionaries of the cross take this command literally. No region is too barren, too inhospitable, too unhealthy, too savage, or too distant for the servants of Jesus Christ. They press on, and difficult of access for the wherever there are souls to save."

Mrs. A. E. Arnold left yesterday for an extended visit with relatives in Stillwater and Ponca City, Okla.

Mrs. John T. Glover and children have recently joined Mr. Glover in Pampa. They are occupying the Orville Davis residence on east Francis street.

Crowd Gives Little Attention to Preliminaries

YANKEE STADIUM, New York, July 26—(AP)—Bill Daring, of the U. S. Battleship Arkansas, blasted Frank Lang, heavyweight, from South Bend out of the picture in one minute and 53 seconds of the second round of the first preliminary on the Heeney-Tunney championship card. Lang had to be carried to his corner.

The energetic bleacherites, who had almost filled the 16,000 seats available at \$3 and \$5, seemed too busy arranging themselves in vantage places to pay much attention to the hard-working youngsters.

The fans warmed up but little as Jimmy Byrne, Louisville lightweight and the second southpaw of the evening, tried his unorthodox punches on big boy Peterson, of New Orleans, in a six round engagement.

Byrne failed to make it two straight victories for the left-handers but he did gain a draw with Peterson after six bruising rounds.

The big battle grew considerably closer when Johnny Grosso, the rugged New York heavyweight eliminated Francisco Cruz, champion of Portugal, in just 37 seconds of another six rounder. Cruz hefted an even 200 pounds. Grosso 197.

NEW YORK, July 26—(AP)—By water and by air and simultaneously, Gene Tunney, king of the heavyweights, and Tom Heeney British challenger, swooped down upon New York today for their fifteen round battle tonight in the Yankee stadium.

Winging from Speculator, N. Y., after rising from Lake Pleasant in an amphibian plane shortly after 10 a.m. the champion landed in the Hudson river off 81 street at exactly 12:30, the very moment Heeney's entourage, traveling the 60 miles of water from Fair Haven, N. J., in the Yacht Phantom, docked at 41st street.

Ducking crowds that had waited around Madison Square Garden, where weighing-in ceremonies had been scheduled, Gene and his challenger hustled to Yankee Stadium, scene of the international quarrel, to face the booming flash light camera and the final analysis of the scales.

To the obvious disappointment of his handlers, Heeney tipped the beam at 208 1-2 pounds, five more than he expected to carry into the ring, while the champion weighed 192 pounds the exact figure he had set for himself and three pounds more than he sealed for his battle with Jack Dempsey in Chicago last fall.

Not Good Enough Yet

Tom Heeney, who fought Gene Tunney in New York on July 26 for the world's heavyweight championship, was born in Gisborne, New Zealand, of Irish parentage, on May 19, 1899. He attended the schools of his home town until he was 14 years old. Then he quit to become a plumber's assistant and remained at that work until the glamour of the prize ring attracted him.

herited his fighting nature from a father who taught all of his sons at an early age some tricks of the game. He also learned much of his early knowledge from a brother, Jack, who for eight years was middleweight champion of New Zealand.

Heeney fought his first professional fight in 1921. He won by a knockout in nine rounds and his nice showing led writers to predict a successful future for him in the ring.

During that year, Heeney lived up to the nice things said about him by winning four 15-round fights and getting a draw with Colin Bell in 15 rounds.

Then he shifted his activities to Australia, staying there one year but returning to New Zealand. He fought nine fights in Australia, winning three by knockouts, three by decisions, losing two by decisions and drawing once. During 1923, when he fought in New Zealand, he won seven fights and lost one. Five of his wins were by sleep-producing punches. One came through disqualification of his opponent.

Heeney's first fight in London led critics to believe that he had been ballyhooed wrongly, as he lost to Phil Scott in 20 rounds, and his subsequent fights there that year were not so impressive, although he won all except two.

Then John Mortimer took him to South Africa where he won four fights and lost one, the latter on a foul.

His American fights resulted as follows:

Won from Charlie Anderson by knockout, from Jack De Mave by decision, from Bud Gorman on a foul, from Jim Maloney by a one-round knockout, from Johnny Risko by a decision, from Delaney by a decision. He lost to Paulino Uzcandian in his

second American fight but gained a draw against Paulino later. He also fought a draw with Jack Sharkey.

Heeney, rugged man that he is, entered the championship fight on the short end of the odds. He is a fighter

of the boring-in type, never retreats because he knows only how to advance, and can absorb terrific punishment. It is this ability to absorb punishment and a belief that Tunney will not be able to carry on 15 rounds

Champion Gets Easy Technical Knockout In Eleventh Round

YANKEE STADIUM, N. Y., July 26—(AP)—Subjecting Tom Heenev, New Zealand challenger, to one of the most severe beatings any man ever took in any ring, Gene Tunney, heavyweight champion tonight scored a technical knockout over the Anzac in the 11th round of a 15 round match.

Tunney knocked Heenev unconscious at the close of the tenth round but the bell saved the challenger laying unconsious on the floor.

Round One
Grimly determined, Tunney whipped a solid right to Heenev's jaw. The challenger ducked and swarmed into Gene with short left and right hooks to the chin that drove the champion to the ropes. Heenev shot over a solid right to the head on the break. Sliding to his right hand, Gene crashed two rights on Heenev's jaw but a sweeping left hook almost bowled the champion from his feet. Tunney was out fast, stabbing with his left, but Tom beat both hands like a tattoo on Tunney's chin as they swapped in close. Gene ripped a solid right to Heenev's head, that moved the challenger and Tunney was on the run as Tom ripped after him, both hands flailing to the head; there were bad bruises over Tunney's left eye at the end of the round.

Round Two
Tunney, obviously started at Heenev's fierce offensive, started boxing the challenger. He shot his left to Heenev's head, but could not keep the bull dog of the Anzac away. Tunney blasted left and right into the sturdy head of the hard rock without causing a flicker of Heenev's eye lashes. Gene swapped with his foe. They ripped left and right hooks into the chin in a furious exchange. Tunney snarled as Tom ripped in. When Gene's left hook dropped low, Tom mentioned it, and Gene smiled and asked forgiveness. A second later they were crashing each other all along one side of the ring in a slugging exchange of head clouts that rocked both on their heels. The bell broke up the exchange as the crowd stood and roared its approval.

Round Three
Absolutely unawed by the power in Tunney's newly found right, Heenev plodded into a right handed exchange with the titleholder. Tom dropped his guard and stood before the champion hands ready and daring another exchange of blows.
Gene accommodated him and they cracked lefts and rights, short vicious pokes that stung jaw and cheek. Gene didn't seem to like that and he bounced back on the defense, spearing the challenger with a succession of lefts as Tom stalked after him. Tunney slipped, as Heenev swept a right hook to his head and nearly fell, but came back to firmer footing, without having been down and unhurt. Heenev slugged viciously at the champion's head while Tunney met his attack with solid left hooks to the body.

Round Four
Rising in sympathy with Heenev's unexpectedly determined onslaught the crowd bellowed the invader on as he whipped a short left and right into Gene's chin. Tunney bounced two rights off Tom's flinty chin and shot the challengers head back with a stinging left hook. Gaining the upper hand decisively for the first time in the fight, Gene threw a right into Heenev's head with every ounce of his weight and strength and this time Tom's eye lids actually fluttered and Tunney pressed his advantage with two crushing rights to the heart. Sensing the turn with blood beginning to drip from a cut under his chin, Heenev tore savagely into the champion and nailed him to the ropes with a rocking volley to the head. Back to the heap, in the same position as when Dempsey floored him last fall, Tunney

wabbled a bit and tore out of the precarious position so fast that he landed in the center of the ring before Tom could get away from the ropes. Gene was boxing him easily, shearing him deftly with lefts.

Round Eight
Freshened by half a bucket of water poured over his head and a new haircomb, Tunney came out to hold the challenger helpless. Heenev's left eye swelled and nearly closed when something irritated it. Tom shook his head in desperation as he could hardly see from that eye. Finally he closed it of his own accord and tore into Tunney with one good eye. Quick to see his advantage Gene held the challenger a moment, looked over his difficulty and then pumped lefts and rights to Tom's head and body. Tom wobbled under the blows, but blood spurted from his nose as he lashed forward in a despairing effort. Tunney met his courageous attack with sharp left hooks right up to the bell.

Round Nine
Hardly able to see from his left eye, despite the ministrations Heenev gallantly piled into the champion. It seemed dye from the light had gotten on to Tunney's gloves as into the challenger's eye. Tunney, sportsman himself, stood and slugged with the challenger, but Tom got the worst of that too, as Tunney's knifing lefts drummed on the Anzac's head, blood began to ooze from Heenev's battered left eye. A gasp of sight and becoming gorrier, Heenev again summoned his strength for another surge and ripped his right and left to the champion's head.

Round Ten
Heenev's eye looked almost normal as he came out doggedly to battle the unmarred champion. Gene grabbed Tom as the Anzac lunged forward and sank a left and right in the body. The snap seemed to have

disappeared from Heenev's punches and Tunney apparently had little desire to cut up the challenger further. Gene grabbed Heenev as the Anzac plunged in close and showered him with left hooks to the head and body. Tom reeled under full left and right hand clouts to the head.
Plodding forward now by instinct, Heenev ran into a barrage and went down under a right to the head. As Heenev rolled unconscious almost from the ring, the bell rang, and ended the assault. Heenev was out, flat on his back and had to be carried to his corner. His seconds had him restored for the next round.

Round Eleven
Tom came out with a left that missed and Tunney measured him for a final blow. Showing amazing recuperative powers, his head a mass of blood, Tom plunged again into the champion, smashed with a right to the head. A right to the heart sent Tom reeling again. Tom could barely stagger in the close places.
His back to the ropes, Tom blindly staggered forward. Tunney half kidding, stabbed him easily with a left and let him get away. Gene flayed Tom about the head on the ropes and Tom reeled under the punishment. The challenger was helpless. The referee mercifully waved Tunney to his corner.

To the Voters of Pampa and Surrounding Territory

McLean and Allenreed are refusing to vote for Ivy Duncan as County Judge because of his stand in the recent courthouse election. As friends and supporters of Ivy Duncan and as citizens of Pampa and its surrounding territory we call upon all of the voters who voted for the removal of the courthouse to Pampa to rally to the cause of Ivy Duncan, the man who did more to win that election and did more for Pampa than any one man in the county. Don't let McLean defeat the right man for county judge because of what he did for you. Show your appreciation of his energy, ability and integrity by electing him to the office.
