Black Gets Committee Approval

SELECTION FOR HIGHEST COURT IS HELD LEGAL

WASHINGTON, Aug. 13 (AP)—A Senate judiciary sub-committee swiftly approved today the nomination of Senator Black (D-Ala) to the Supreme Court.

It acted only minutes after President Roosevelt told a press conference Attorney General Cummings had informed him that it was perfectly legal and constitutional to appoint Black of Alabama to the Supreme Court.

The judiciary sub-committee of six members voted to report Black's nomination favorably, after rejecting a move by Senator Austin (R-Vt) to hold up action, pending study of legal questions involved.

Only One Negative Vote All members of the sub-committee except Austin voted for approval of the nomination and rejection of the New Englander's proposal for delay.

Austin questioned Black's eligibility under the recent act of congress providing for retirement of Supreme Court Justices at full pay. He suggested it might make any member of congress ineligible either on the basis of creating a new office, or of increasing the emoluments of the office.

Questions of his eligibility had been raised from the first by some senators who, like Austin, cited his membership in the Senate during action on the Supreme Court retirement bill.

It was to answer these that the President made known the opinion expressed to him informally by the attorney-general.

Goos to Full Committee The sub-committee, in effect, voted to report Black's nomination favorably to the full committee.

BUSINESS OUTLOOK FOR FALL HAS BRIGHT HUE

NEW YORK, Aug. 13 (AP)—Improvement of fall prospects rather than acceleration dominated the week's trade, Dun & Bradstreet said today.

Oppressive heat and intermittent showers interfered with shopping plans in so many districts that some of the leading centers of distribution failed to equal their sales of the week preceding; the general average, however, was higher by one to three per cent, the survey said.

Response to August promotions, some of which featured merchandise under replacement values, provided the major contribution to the moderate increase in retail distribution this week.

REPLACEMENT OF SON CAUSES DEATH SHOCK

LOS ANGELES, Aug. 13 (AP)—The body of a 71-year-old woman at the county morgue was identified early today as Mrs. Mary Hall, mother of United States Attorney Pierson M. Hall, for whom a successor was nominated yesterday.

President Roosevelt sent the name of Benjamin Harrison, San Bernardino lawyer, to the senate for confirmation as U. S. attorney here.

Indications were that Mrs. Hall, returning from a shopping tour, noticed headlines concerning the United States attorney's replacement in office and the shock induced her collapse.

GIRL'S BODY FOUND

NEW YORK, Aug. 13 (AP)—The body of four-year-old Joan Kuleba, missing for 24 hours, was found today in a swamp shack, half a mile from the summer colony of South Beach, Staten Island, where she was living with her parents. She apparently was the victim of an assault.

After one swallow it turned big eyes up at him and wanted to know if he had some arsenic to put in the drink, that the grasshoppers had become dope addicts since the farmers had started trying to poison them.

A friend of the family helps Alfred C. Willis, left, of New Orleans, demonstrate how Willis and his two sons tied Oscar Kay, 47-year-old WPA foreman, to a tree, after which Willis's daughter, Eloise, 17, shown in inset, flogged Kay for alleged "false tales and derogatory remarks" which she said damaged her reputation. Kay said he was whipped with a doubled wire cable, filed charges of assault, beating and wounding against Eloise and her father. They countered with slander charges against Kay.

Quiz of Grim Death Trail Pushed Deeper

CINCINNATI, Aug. 13 (AP)—Police sought today the purchaser of a quantity of oil poison as they pushed deeper into an investigation of a grim trail of death and illness among elderly acquaintances of 31-year-old Anna Hahn, former German school teacher, and widow of a Viennese doctor.

Lieut. George W. Schattle of the homicide squad said that while he had suspended, for the time, questioning of Mrs. Hahn, she probably would be subjected to lie detector tests. He reported numerous contradictions in stories told by the woman thus far.

Mrs. Hahn, denying all knowledge of the cause of five deaths under investigation, is held on fugitive warrants charging murder and grand larceny.

The deaths being probed are those of: George Obendorf, 60, moderately wealthy Cincinnati cobbler, at Colorado Springs, Colo., Aug. 1; George Gsellman, 67, found dead in bed July 6; Jacob Wagner, 78, June 3; Albert Palmer, 72, March 27; and Ernst Kohler in 1933.

Schattle said a minute search of wholesale drug house invoice files would be made in an effort to trace the purchaser of a one ounce bottle of dysenteric oil, which physicians said was deadly when taken in quantities of six to 20 drops. The half-ounce bottle was turned over to police yesterday by Philip Hahn, the woman's telegrapher-husband.

FOREIGN WAR VETS TO HOLD OUTING SUNDAY

Everything is in readiness for the Veterans of Foreign Wars picnic on Sunday when the members, their families and guests will gather at the Miami picnic grounds, two miles east of Miami off U. S. highway 60.

Those attending will pack a basket lunch. The chapter will furnish refreshments and ice cream. Games will be played following lunch.

Persons not having means of transportation should call Charlie Maisel, phone 68, by Saturday night or be at the American Legion hut on West Foster avenue at 10 o'clock Sunday morning.

53,000 Babies Born on Texas Farms, But Rural Population Still Decreases

DALLAS, Aug. 13 — The Resettlement Administration, that branch of the department of agriculture concerned with rehabilitating the low-income farmer, says Texas farm population is decreasing despite the fact that 53,000 babies were born on Texas farms last year.

The administration reports that people are moving off the farms faster than a large birth rate can make up for it. It added that the decrease is taking place most rapidly in areas like that around Corpus Christi where large units of level land can be cultivated by tractors.

Texas farm population has been decreasing for several years. A decline of 26,000 last year carried it back to about the level of 1920, according to surveys.

Nation's Last Kidnap Ring Broken As 8 Get Long Pen Terms

BINGHAMTON, N. Y., Aug. 13 (AP)—Eight men federal agents said are members of the "nation's last organized kidnap ring" faced today prison sentences of from 28 to 77 years for the 1933 abduction of John J. O'Connell, Jr., of Albany, N. Y.

Convicted by a federal jury after less than three hours of deliberation on 11 weeks of testimony, the eight men, securely shackled to each other, paled visibly as the verdict—"guilty on the charges"—was spoken.

A few minutes later, gray-haired, soft-spoken Federal Judge Frederick H. Bryant pronounced sentence on Manning Street, 35 John Olney, 36, and Percy Geary, of Albany, and Charles Harrigan, 37, Thomas Dugan, 35, George Garguklo, 31, John McGlone, 34, and Harold Crowley, 31, of New York City.

Two Others Await Fate The fate of two other confessed participants in the crime — Frank Fischer, 53, and Thomas Burke, 39, guards at the Hoboken, N. J., hide-out where O'Connell was held prisoner for 23 days, rested with Judge Bryant.

"Strew" "go-between" in the \$40,000 ransom negotiations that led to the release of the young national guard lieutenant and scion of a politically prominent Albany family, was sentenced to 58 years and fined \$10,000 for conspiracy to use the mails and use of the mails to extort.

Each of the other defendants was convicted of those charges as well as conspiracy to transport a kidnaped person in interstate commerce and the actual transportation (the Lindbergh law).

All of the other defendants except Crowley were sentenced to a total of 77 years and fined \$10,000 on all counts. Crowley's penalty was a total of 28 years and a fine of \$10,000.

The nephew of Daniel P. and Edward J. O'Connell, Albany Democratic leaders, the kidnaping victim was seized outside his Putnam street home in Albany early on the morning of July 7, 1933.

He was carried to Hoboken, where he lay chained to a bed until the ransom was paid.

The hunt for his abductors culminated nearly four years later with the arrest of 12 men. They were indicted along with a 13th, James Sweeney, who is still at large. Joseph G. M. Browne, counsel for Strew, announced he would file notice of appeal for all the defendants "at once."

Lawrence Rea sought for triple shooting

AUSTIN, Aug. 13 (AP)—Officers hunted Lawrence Rea today for the triple shooting here yesterday in which B. N. Payton, Govealle farmer, was killed and his wife and son wounded.

He was identified from a police picture by Norman Payton, 23, who is being treated for a leg wound.

The elder Payton grappled with a man he thought was trying to take his car. His sons ran to his aid. A bullet killed the farmer and Norman was shot in the leg. Mrs. Payton, who also rushed to the scene, was shot in the stomach.

Police said the car, a 1935, was forced to drive the car from the Payton home and was then kicked out. Officers later found the car, wrecked and bearing blood stains. The fugitive was gone.

The suspect was wanted for the recent Houston payroll holdup in which four men took \$3,400 from a Shipside Contracting company employe.

GOLD TO LEAD COLORS IN STYLES FOR FALL

Gold as a color has influenced styles from fur coats to the trimming on evening gowns.

Gold is deemed especially good when combined with white.

WOMAN JUROR NEAR COLLAPSE

LOS ANGELES, Aug. 13 (AP)—The State sought today to show Albert Dyer, 32, WPA crossing guard, as a sex slayer who returned to the scene of his crime.

Deputy Sheriff John Morrell testified two men with WPA crossing guard caps help officers remove the ravished bodies of three Inglewood girls from a ravine in the Baldwin Hills last June 28.

"One of them was a little fellow," said Morrell. Prosecuting attorneys said witnesses would identify Dyer as this man.

Dyer is charged with the murder of Melba and Madeline Everett, and Jeanette Stephens, whose ages ranged from 7 to 9 years. They were strangled, with pieces of rope.

Mrs. Shirley Agronoff, one of the jurors, was near collapse as she viewed revolting photographs taken of the bodies after they were found by eight Boy Scouts. She swayed in her seat and a fellow juror hurried for a glass of water. Proceedings were delayed a few minutes while she recovered.

All the jurors were visibly shaken by the grisly pictures, together with the unsparing testimony of officers as to the fiendish treatment of the bodies by the man who assertedly lured the children from an Inglewood park on the pretext of hunting rabbits.

RAYMONDVILLE, Aug. 13 (AP)—Bob Hall, Cameron county investigator, was among witnesses called today in a court of inquiry here in the disappearance of the John and Luther Blanton, San Perla farmers, last November. JAPS, CHINESE CLASH IN OPEN WARFARE; HOLOCAUST FEARED AS FIRE SWEEPS THROUGH CITY

SHANGHAI, Aug. 13 (AP)—Shellfire and flames left this city of 3,500,000 seemingly irrevocably doomed today by the principal role in 1937's bloody chapter of Sino-Japanese tragedy. Hostilities between Japan's bluejackets and Chinese army regulars flared from Shanghai proper all along the ten-mile mile way to the Wootung forts, where the city's busy Whangpoo river flows into the mighty Yangtze.

SHANGHAI, Aug. 13 (AP)—Japanese naval guns and Chinese and Japanese land batteries pumped hundreds of shells into their opposing forces in open Shanghai warfare tonight.

An artillery duel along the northern fringe of the city set fire to scores of buildings in the Chinese Kiang-wan and Chapei areas. A strong wind threatened to start a holocaust like that of 1932.

A Japanese warship bombarded the newly-built million and a half dollar Jukung wharf on the left bank of the Whangpoo river, midway between Shanghai and Wootung.

The United States Asiatic squadron steamed to protect the 4,000 American residents of the Shanghai area.

Forts are Shelled. Unconfirmed reports said Japanese warships were shelling the Wootung forts, which guard the Whangpoo entrance to Shanghai by Wate. Two crack Chinese divisions were reported under orders to take positions at Wootung, ten miles from Shanghai proper.

Two huge fires broke out in the vicinity of the bombed wharf. The flames lit up Shanghai's eastern districts.

When the first gun boomed in the naval bombardment, concentrations of machine guns along the Whangpoo burst into action, spraying the river area with bullets.

Heavy firing broke out tonight in the vicinity of Japanese headquarters at Hongkou, just north of the international zone.

It was believed the Japanese battery at Hongkou Park, next to the headquarters, was shelling Chinese positions in the Chapel district and north of the north railway station.

The first artillery fire came early in the afternoon, after a day of brisk machine gun and rifle skirmishing between Japanese bluejackets and Chinese regulars invading from the north.

Ship Fires Into Troops. Japanese naval officers connected with the 21 Japanese warships already lining Shanghai from its base at one of its ships shelled the Jukung wharf because it housed a concentration of Chinese troops.

With the first bark of machine gun fire, the United States Asiatic fleet was ordered into action to protect the 4,000 American residents here, most of whom have taken refuge in the American-marine patrolled international zone.

Steaming under forced draught, the U. S. S. Augusta, flagship of the fleet, was expected to arrive here some time tomorrow from its base at Tsingtao. Other United States vessels rushed to guard every port in which Americans might be endangered.

Calling All Cars .. But By Mistake

CHICAGO, Aug. 13 (AP)—When radio sets in several hundred police squad cars blurted out: "One, two, three, four. Sit down, stand up," officers perked up their ears.

But there was really excitement when the voice from the loud speaker said:

"I should like to cut myself a piece of throat. If I ever get you by the neck something serious is going to happen."

Calls to the Central police station elicited the information that Policeman Harry Gleason, radio technician, had been testing the equipment. He had forgotten to pull the disconnecting switch.

## Glorifying Yourself

By ALICIA HART

Before you finish makeup for that cruise, a trip to the mountains or seashore by trailer, train or plane, do check your list of beauty aids carefully. Any vacation is ever so much more restful and amusing if you go prepared to care for your appearance unhampered by the absence of those little things you left behind.

There are, of course, all manner of kits containing makeup as well as treatment preparations. The de luxe types have been packed by experts and contain as much or as little as you want of the kind of items you prefer to use on face, neck, hair, body.

In addition to prepared kits, however, you'll have to make up an accessory kit of your own. This is something you can't buy. It will include all the necessary incidentals—important wherever you go.

Have you remembered to pack tooth brush or powder and a tooth brush or two? One new scrubbrush, comes in a case which, when screwed to the brush, becomes a handie. This is made by a reputable brush company and, no matter how much you pack and unpack it, no dust in your suitcase can seep into the little case.

**Portable Bath Brushes**  
You'll want a mouthwash, too, and comb and hairbrush, of course. Remember to take some curlers to tuck up some untidy curls before you go to bed or while you are bathing and dressing in the morning. The little rubber ones are particularly satisfactory because you can sleep on these and wake up without a headache or pain in the neck.

If you are a meticulous soul who must use a bathbrush even on vacation, look for a little handle-less number with an ear strap to tuck your finger in. This will fit nicely into any small rubberized bag.

To save space, you might take a new kind of liquid powder cologne instead of bath powder and cologne. Dashes of this give a pick-me-up feeling after a bath. Besides, it leaves a fine film of powder on shoulders, neck, arms and back.

**First Aid To Tan**  
If you are shoreward bound, don't forget suntan oil or lotion. If your skin is as red as a lobster, you aren't likely to make much of a hit with your fellow travelers. Tan—not sunburn—is what you want (or should want, anyway), and suntan oils are the answer.

For hands (always a problem when one gets from her favorite manicurist), pack an emery board, bottle of polish remover, your favorite polish and a good nail cream for brittle nails and hangnails. Use nail cream every night and always remove cream polish the minute it begins to show signs of wear. Nothing looks more untidy than raised cuticle or pequer which is slightly chipped and a little worn.

Tomato juice put in glass jars should be stored in a dark, dry place to preserve its color and flavor.

## Miss Templeton is Honored With Party Wednesday

Mmes. Rosales and Lenora Snyder complimented Miss Imogene Snyder with a handkerchief shower at their home Wednesday evening. Miss Templeton has been their house guest for the past two weeks.

Miss Templeton will leave Saturday for her home in Oklahoma City.

## Modern Menus

They call them "coolers." Fruit juices, ices, charged water and syrups all have a place in this business. Just one word of advice—coolers should never be very sweet.

**Watermelon Cooler**  
(4 servings)  
1 cup pressed watermelon juice, 1 cup grapefruit juice, 1 cup canned pineapple juice, 1-4 cup lime juice.  
Cut up sections of ripe watermelon. Place in cheesecloth bag, mash with potato-masher until all juice is extracted. Strain. Combine with other juices. Use no sugar. Serve in tall glasses with shaved ice in bottom and a few red melon balls in the glass for the mere fun of it. Try that when the thermometer goes sky high.  
Manhattan Float  
(1 serving)  
Two tablespoons chocolate syrup, 1-2 cup chilled milk, 2 tablespoons cream, 2 tablespoons very strong cold strained coffee, 1 scoop coffee ice cream.  
Combine all ingredients except ice cream. Pour into shaker and shake.

**BROKEN SLEEP**  
Bad Dreams, Gnashing of Teeth

Mmes. G. C. Malone and J. H. Goble were hostesses to the Bethany class of the First Baptist church when it met yesterday afternoon at the church.

A musical program was presented in a room decorated with cat-tails and garden flowers. The class song, "In the Garden," was sung by the entire group. Mary Jo Shellabarger played an accordion solo; Miss Eloise Lane gave a piano selection, and a violin solo was played by Martin May. He was accompanied by Lynn-all May. Miss Marjorie Tucker entertained the group with a reading.

Iced watermelon was served to Meses. T. E. Solomon, Tom Jamison, H. M. Stokes, W. A. Carter, G. W. Slaton, O. R. Wasson, E. F. Brake, Annie Hamilton, E. Bass Clay, J. C. Browning, O. A. Davis, D. A. shake well. Serve in tall glass and add ice cream. Serve at once.  
**Chocolate Syrup**  
(Two cups—base for chilled chocolate drinks)  
Five squares unsweetened chocolate, 1 cup sugar, 2-3 cup hot water, 2 eggs yolk, slightly beaten. Melt chocolate over hot water. Cool slightly. Add sugar to egg yolks, about 1-4 at a time, beating well after each addition. Add chocolate in same way. Continue beating mixture for 1 minute, until slightly thickened. Refrigerate in glass jar, covered, in refrigerator.  
**Grapejuice Punch**  
(12 servings for summer porch party)  
Two cups grapejuice, 2 cups sweet cider, 1-1-2 cups grapefruit juice, 1-2 cups orange juice, 1 orange, peeled and sliced thin, 1-2 cups sugar, 1-2 teaspoon nutmeg, 3 pints charged water.  
Mix fruit juices and nutmeg. Stand covered in refrigerator for three hours. In large punch bowl, place block of ice. Add charged water to fruit juices, then pour over ice.

FUNERAL HELD FOR PIONEER OF PANHANDLE

(Special to The NEWS.) WHEELER, Aug. 13.—Funeral services were held yesterday afternoon for M. V. Sanders, 68, pioneer cowboy and peace officer...

In the early nineties he was tax assessor for two years. In 1904 he was elected sheriff of Wheeler county and held that office until 1912.

PAMPANS ATTEND RITES FOR ACCIDENT VICTIM

Mr. and Mrs. Dee Ford and family have returned from Dalhart where they attended funeral services for his brother, Frank Ford, Jr., 20, killed in an automobile accident Saturday night near Four Way on the Amarillo-Dumas highway...

Funeral services were conducted at People's funeral chapel with the Rev. L. W. Bridges officiating. Burial was in Memorial park cemetery.

23-YEAR-OLD DEED FOR PROPERTY JUST FILED

County Clerk Charlie Thut yesterday received through the mail a deed that had been issued more than 23 years ago but which had never been filed. It showed its age and was handled with great care through stages of filing.

The deed was issued on January 24, 1914, by the Fairview Cemetery association to A. E. Arnold for lot 1, block 7, Fairview cemetery. The instrument was mailed for filing by Mrs. Lula R. Cowan of Happy.

Market Briefs

NEW YORK, Aug. 13 (AP)—Stocks rallied slowly in today's market after a start that gave no indication of a definite trend.

Aviation and specialty issues led the advance but steel and other picked up a following later. Near the fourth hour, gains of fractions to 2 points or more predominated.

The corporation earnings outlook, broken said, brought in some buyers. Bonds and commodities were uneven. A number of secondary rail loans regained popularity.

sub-committee immediately tried to get in touch with Chairman Ashurst (D-Ariz.) of the full committee, to call a meeting of that group either this afternoon or tomorrow to act on Black's nomination.

Regarding the questions of Black's appointment under the constitution, Neely held it was not the duty of the sub-committee to "construe the constitution."

"The duties of the sub-committee," he said, "are restricted to ascertainment of the qualifications of the eligibility of Senator Black for membership on the Supreme Court."

Senator Borah (R-Ide.) announced he was voting for confirmation of Black on the basis of his personal fitness for the office, and without regard to the constitutional questions. He reserved the right to raise them later.

The motion to report the nomination without further delay was made by Senator Dieterich (D-Ill.) after the committee had discussed technical questions for almost an hour in an open session attended by all six members of the sub-committee, a couple of outside Senators, and a small group of spectators.

The President at the same time said there was no truth in the reports that he was going to press for a constitutional amendment on Supreme Court reorganization.

The President disclosed the attorney-general's views on the Black nomination at a press conference which began simultaneously with the meeting on Capitol Hill of a senate judiciary sub-committee named to consider the selection.

The President said Cummings' opinion on Black had been given to him informally and verbally.

He did not elaborate his remarks about delaying reports that he would submit a constitutional amendment for increasing the size of the Supreme Court.

The President's original court bill, which would have authorized him to name as many as six additional justices, was shelved by the Senate last month.

Sen. Dieterich made a motion to approve the Black nomination as soon as the committee met.

Senator Austin immediately demanded public hearings.

All six members of the committee were present and Senator Burke (D-Nebr.) who blocked immediate confirmation in the Senate yesterday attended unofficially. Senator Guffey (D-Pa.) also dropped in to listen. Chairman Neely (D-W Va.) presided.

Neely said that no one had asked for a hearing and he believed none was necessary.

He expressed the opinion that members of the committee knew Black's record completely.

Administration senators generally had lined up today to reject with little ceremony the protests of a small but vigorous group against confirmation of Senator Black.

G. O. P. Opposition All the Senate criticism to President Roosevelt's surprise selection came from opponents of the original court reorganization bill. Fewer than a half dozen Senators had come out publicly against confirmation.

Most of the expressed opposition was from Republicans—notably Senators Austin of Vermont, Bridges of New Hampshire, and Vandenberg of Michigan.

Bridges said he believed Black does not have the "judicial temperament necessary for a Supreme Court justice." The others did not give their reasons.

On the Democratic side Senator King of Utah, a judiciary committee member, objected to the choice. The nomination was referred to the committee yesterday after Senators Burke (D-Nebr.) and Johnson (R-Calif.) objected to the traditional

procedure of confirming a senator at once. More significant than the outspoken criticism—from the standpoint of votes—was the silence of some of Black's Democratic colleagues, particularly those from his own "deep south." Most of the southern senators opposed the wage and hour bill which he sponsored.

The international settlement, tense with the fear of a major outbreak since Chinese and Japanese forces started massing after a Japanese naval officer and seaman were slain Monday.

The conflict may be more serious because of a threatened battle in the air. Japanese aircraft carriers are believed to be lying off Shanghai, crammed with planes and ready for action. The rejuvenated Chinese air fleet has not appeared on the scene, but a lone Chinese plane scouted Japanese positions during the day.

Japanese were expecting reinforcements by sea for the bluejackets and warships tied up to Shanghai wharves.

Up the Yangtze, the Chinese government blockaded and mined the river at a point 100 miles above Woosung forts to prevent a possible attack on Nanking, the Chinese capital.

Yangtze River Closed. The Yangtze was closed to navigation below Chinkiang, 130 miles up river from Shanghai.

A Chinese officer, Lt. Gen. Heising Kang-Nan, heightened apprehension for the safety of foreigners with the terse observation that if the Japanese used the international settlement as a base for operations the Chinese would feel free to do likewise.

The troop commander said "China is on the verge of war and is trying to avoid it, but under the continued pressure of the Japanese the government has decided to resist."

L. A. Lewis, American Far Eastern manager of the United Aircraft Corporation, was slightly injured here last month when he was flying a plane on the race course in the heart of the international settlement. The plane, which he had flown in for safety from the Chinese air force on the Whangpoo, blew out a tire and nosed over as he brought it down.

were Senators Schwellenbach (D-Wash.) and Thomas (D-Okla.), Secretary Wallace also sat in.

Members had voted last night to ask Mr. Roosevelt to order a 10-cent loan to peg prices, dropping under the weight of a bumper crop.

The committee also approved a resolution which, if adopted by Congress, would make crop control legislation the first item of business at the next session.

It took this action to checkmate the possibility of heading over-production, which the President said might result if money were loaned

FLEETS WAGE BATTLE IN PEACE MANEUVERS

SAN PEDRO, Calif., Aug. 13 (AP)—The United States fleet, divided into two opposing fleets, was waging a "battle" today for possession of the California coast in the vicinity of the Channel Islands.

With Assistant Secretary of the Navy Charles Edison as an interested observer, the maneuvers, ending tonight, were conducted with more than usual secrecy.

Without safeguards provided by crop control. The resolution was adopted after a long discussion between Secretary Wallace and the committee.

Wallace had told reporters earlier the administration should not make loans until controls were provided. After the discussion, however, committee members said they were confident Mr. Roosevelt would approve loans if he were given assurance Congress will take up the requested legislation in the first week of the next session.

Whether "the next session" meant a special gathering this fall or the regular term in January was not specified.

who said he had taken it away from her during a quarrel.

Coroner J. Thomas Coughlan of Colorado Springs reported yesterday that a severe dose of an oil poison might have caused Obendorfer's death.

Denver detectives reported that Obendorfer, Mrs. Hahn and her 12-year-old son, Oscar, registered at two hotels there between July 23 and 30, and that Harry Comstock, night clerk at the second hotel, said he saw an old man, "awfully sick and in agony" lying on the bed in Mrs. Hahn's room when he took ice water to the room July 27.

Symptoms in at least four of the five deaths investigated, Schattie said, could be those of poisoning caused by the oil.

Schattie said Mrs. Hahn had received \$50,000 and \$70,000 from 10 elderly German persons in eight years since she came here from Germany.

'FRIDAY 13TH' IS JUST ANOTHER DAY AS CITY CLICKS ON AS USUAL

By THE ROVING REPORTER. The Jinx'll get you if you don't watch out!

For it's Friday the 13th, double jinx day. It's the day when superstitious persons tie themselves to a secluded spot to keep ill fortune from befalling them.

Car wrecks, plane crashes, trouble in love, and all misfortunes incident to the date are blamed on Friday the 13th.

However, in Pampa, there seems to be little fear of the dreaded occasion. The roving reporter searching in vain for a suffering victim of the old tradition and found few.

In the city hall, Miss Mabel Davis, when asked how she was faring on this day, said:

"By George, it is Friday the 13th. I hope I get some good luck." The roving writer was somewhat amazed at her answer, but questioning proved that Miss Davis has a special theory all her own about double jinx day.

She says if you don't think about bad luck, you won't have it, so she just wishes for the opposite, pleasant happenings and the like. At least, it's no farther off than the superstition of bringing bad luck, she believes.

On down the street, Mrs. W. A. Snell, laughingly said she was afraid to breathe, but expected she would before sunset.

Only real victim of the day was a man who was in the city jail for disturbing the peace. No doubt, ol' jinx'll get the blame for that, but Judge Craven may not listen to that story.

PRISONER TURNED OVER TO PANHANDLE POLICE

H. M. Spencer, arrested Saturday by Sheriff Earl Talley on complaints of passing forged checks, has been released to Panhandle for trial on similar charges. He will be returned here to answer charges on four counts already filed, County Attorney Joe Gordon said today.

Up to this morning the county attorney had received 10 forged checks alleged to have been signed by Spen-

Several others had been reported by telephone, the county attorney said. BANDS GIVE CONCERT The combined high school and junior high school bands were scheduled to give a concert in Central park at 3 o'clock this afternoon.

### Patty Speaks of Greens and Things

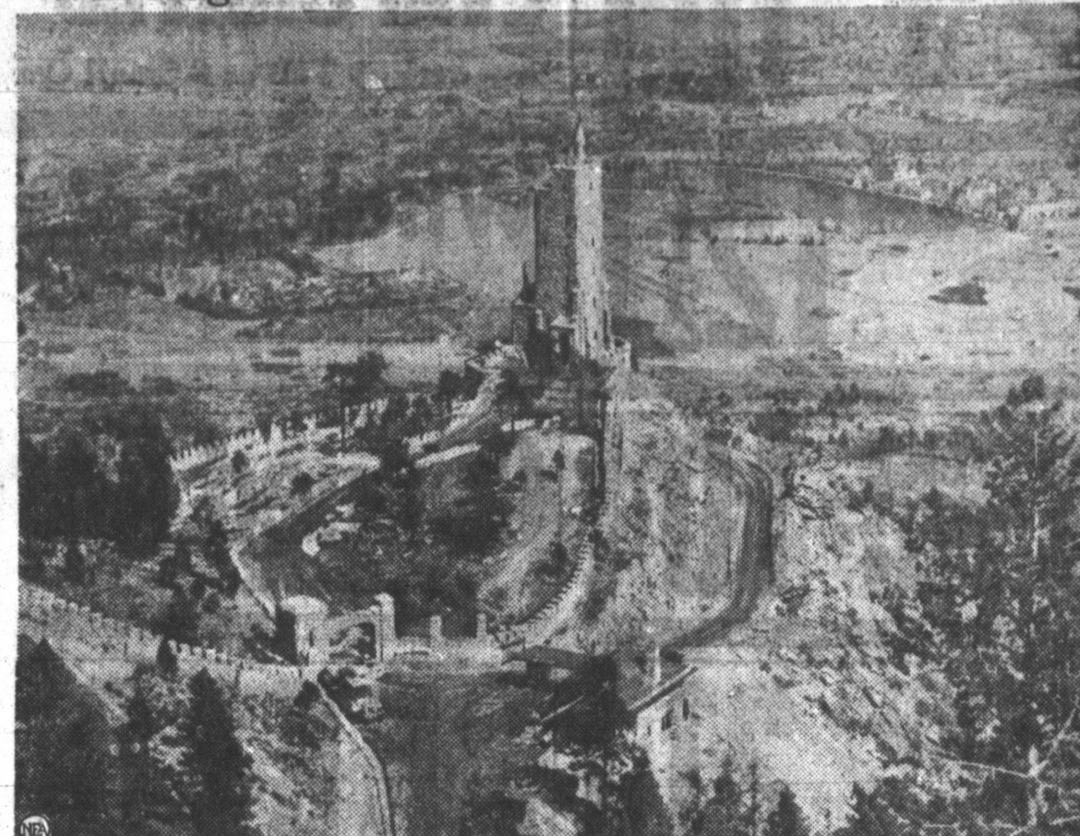

Patty Berg appears to have the floor as five of the nation's ablest feminine golfers discuss the Women's Western 72-hole derby at the Onwentsia Country Club, Lake Forest, Ill. Left to right, listening to Miss Berg, are Beatrice Barrett, also of Minneapolis; Dorothy Foster of Springfield, Ill.; Marian Miley of Lexington, Ky., and Goldie Bateson of Milwaukee. Miss Miley started well in the defense of the title, both she and 16-year-old Edith Estabrooke breaking the women's record for the course with 76 and 77, respectively. Miss Miley's 34 on the first nine was two below men's par.

### Making a Royal Gesture

If clothes make the man, you'll have a hard time picking out King George VI of England in this picture. Like others at the Duke of York Camp, which he founded to aid working boys before accession to the throne, he wears old grey flannel shorts, an open neck shirt and sweater. King George looks a bit self-conscious as he follows the leader's gestures during an "action song" in which the campers take part.

### Will Rogers Memorial Shrine Awaits Dedication

Medieval in design, yet the latest word in architectural construction, the beautiful Will Rogers Shrine of the Sun on Cheyenne Mountain, near Colorado Springs, will be formally dedicated Sept. 6. Shown above, the pink granite monument to the memory of the late cowboy philosopher was constructed from 6500 cubic yards of stone taken from one huge granite boulder nearby, and contains no wood nor nails. Anchored on 28 feet of solid rock, it is surmounted by a sodium-vapor light that can be seen at a distance of 125 miles at night. Floors are of imported red Italian marble and terrazzo. Thirty men toiled for almost two years to complete the 100-foot tower, built under the direction of Spenser Fenrose, Colorado Springs sportsman and art patron, whose tree-fringed estate is in the left background. The Fenrose-owned Broadmoor hotel, pool, and golf course are in the right background. Containing frescoes depicting history of the Pike's Peak region, the shrine is already open to the public.

### Representative of Washington Efforts to Keep Cool

The Washington, D. C., weather hardly suits anyone in summer—except electric fan and air conditioning salesmen—so Congressmen's wives just suit themselves to the weather while their husbands swelter on Capitol Hill to wind up the legislative program. Bathing suits and long, cool drinks on the shady porch of the Shoreham Cabana Club enable Mrs. John J. Dempsey, left, New Mexico; Mrs. D. Worth Clark of Idaho, and Mrs. Harry B. Coffee, right, Nebraska, to keep cool.

### Hitler Shushes Romance Rumors

That gesture of Chancellor Hitler's isn't a salute. To cameramen at the Beyreuth festival, eager to record his meeting with Frau Winifred Wagner (advancing with hand extended) he is saying something like: "Now, boys, none of that! Pictures are verboten." Thus he tries to shush recurrent rumors of a romantic connection with the great composer's relative.

### Tour With Killer Jails Waitress

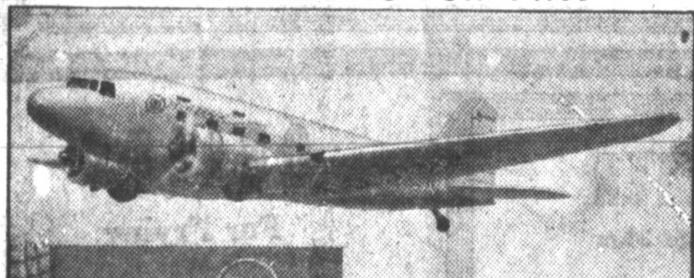

"Haven't I been blackened enough?" Mrs. Vera Lorden, above, pleads as she is held at New York City in \$2500 bail as a material witness against Patrolman Arthur Chalmers, who admitted killing Irma Fradler. After the slaying, Chalmers took the pretty waitress on a love tour through New England.

### "Gone With Wind" Dancer

Renee Villon, exotic dance star at "Road to Rio," midway musical extravaganza at the Dallas Pan American Exposition, has created a sensation with her original "Gone With the Wind" dance, in which a flimsy chiffon costume is swept away by the breeze bit by bit. Miss Villon was brought to "Road to Rio" after three years in the Folies-Bergere in Paris.

### NEW AIR GIANTS FOR TWA

The great new Skyliners of Transcontinental & Western Air, Inc., constitute the fleet of most powerful, fastest and greatest load carrying aircraft designed for air transport use today in the United States. Powered with Wright "Cyclone" engines, each of 1,220 maximum horsepower, TWA's Skyliners have a top speed of 218 miles an hour. The big planes, ready to fly the line's night schedules across the United States are equipped to accommodate eight passengers in comfortable berths and nine other travelers in specially constructed and upholstered chaise lounge chairs. Absolute rest in full sized berths is one of the many features of comfort and convenience aboard TWA's Skyliners. Here a fair traveler is settled for the night in one of the plane's eight berths. In such comfort as this does TWA speed its travelers overnight from coast to coast with every possible convenience immediately available to every passenger.

### Most Beautiful at Indian Fete

Resplendent in the silver jewelry and gay colors characteristic of the Navajo, Gertrude Silver, 22, of Manuelito, N. M., is shown above, her blanket around her shoulders, immediately after her election as queen of the All-Indian celebration at Flagstaff, Ariz. The young beauty is a princess of her tribe.

### Golden Wedding

No stay-at-home around the fireside will do for a golden wedding celebration today. It's a gay party for these "young as you feel" moderns, Mr. and Mrs. Charles Kaufman, of Brooklyn, N. Y., shown above as they give today's youth a lesson in up-to-date rhythm. Care and troubles of past years forgotten, Mrs. Kaufman gaily lifts the train of her evening gown and lightly whirls to the tempo of swing music of today.

### Movies' Banker on Tour Abroad

Chairman of the general executive committee of the Bank of America and authority on world financial conditions, A. H. Giannini of Los Angeles is shown above as he embarked on a tour of Europe. Giannini has long been active in financing Hollywood film productions and in 1936 was elected president of United Artists corporation.

### There is a Mrs. Shaw, Too

You hear a lot about George Bernard Shaw, but have you ever seen a picture of Mrs. Shaw? There is one, you know. Take a good look at the smiling, modestly dressed woman at right. Accompanied by her famous husband, she is about to step into a waiting car in the Malvern Hills, England.

### Get Out Your Coonskin—Football's Here

Forrest Burmeister, left, and Ted Rosequist find the veteran coach, Hugo Berdek, a tough man to take out as the Cleveland Bams of the National League of Professional Football Clubs jump the gun on the campus of Lake Erie College for Women. The chap with the wrestler's grimace is Ted Livingston. He is flanked by Dick Zoll and followed by Ookie Miller.

# BOXING AND DANCER MEET IN TOURNAMENT QUARTER-FINALS TONIGHT

## PAMPA LASSIES WILL CONTEST CANADIAN KATS

Only one Pampa team will remain in the Panhandle Softball tournament after games tonight at Recreational park. Amarillo and Borger will be presented in the tournament tonight when the two girls' teams entered will clash in their first game at 8:15 o'clock.

Last night Texaco Firechiefs lived up to their advance reputation by defeating Rig Service Station of Borger, 9 to 1. King Oil of Pampa sent Canadian home from the wars with a 9 to 3 victory.

The outcome of last night's games gave Rig their first loss and put King Oil back again tonight against the darkhorse Danciger outfit. The winner of that game will have to repeat tomorrow night against Rig Service with the survivor to meet Texaco Firechiefs on Monday night. Should the Amarilloans be taken down, the final game of the tournament will be played on Tuesday night.

**Danciger Darkhorse.**  
After losing their first game, Danciger came back strong to fight into the quarter-finals. Deadly work at the plate and some sensational fielding in the clutches brought the refiners up the ladder. Patrick will take the mound tonight, probably opposed by Poe.

Girls games have been spotted throughout the season and only two teams filed entry in the tournament. Both are strong with power at the plate paramount. Each team boasts a slugger with Doris Gee leading the Pampans and Lilian Owens the Krazy Kats from Canadian.

Berry, a lefthander with a windmill motion which propels the ball to the plate faster than it looks, fanned 13 Rig Service batters and allowed only four hits as Texaco Firechiefs handed the Borgans their first loss. Ward limited the Firechiefs to seven hits but they were grouped and included a homer by Wauer. Raleigh with a single and double led the attack.

**King Comes Through.**  
H. Buntin scored Rig's lone run in the fourth when he singled, stole second and third, and came home on an error. Firechiefs scored one in the first, one in the second and went away in front with two in each of the third and fourth innings.

King Oil got to Chubby Wilson of Canadian for nine hits while Atkinson, who started the game, and Poe were nipped for seven. "Boogie" Nash bagged another homer with two on base and Dick Sullivan hit for the circuit with the bases loaded in the first inning to send King off to a merry start. They were the only extra base hits of the game.

No increase in admission will be made for the quarter finals tonight. Admission will be 10 cents for women and children and 15 cents for men.

### Softball Tourney Standings

### TOURNAMENT SCHEDULE

Schedule for tonight in the Panhandle softball tournament will be: Pampa Sluggers vs Canadian Krazy Kats (girls), 8:15 p. m.; Danciger of Pampa vs King Oil of Pampa.

### Bob Bailey Hits Longest Home Run

Pampa's Bob Bailey, son of Mr. and Mrs. Frank Bailey, who is playing baseball for Wink in the West Texas-New Mexico league has been receiving much publicity recently on his long distance hitting and defensive work on first base.

On July 30, according to the Roswell Dispatch, Bailey hit the longest home run ever blasted out of Roswell park. The ball was the first ever to soar over the distant right field fence. It travelled more than 400 feet by measurement and the ball was hit off Devine, one of the leading hurlers in the league and the streakout king. Bailey has bagged 15 home runs this season.

A few days prior to hitting his long home run, Bailey registered 21 put-outs at first base for a new league record.

Mrs. and Mrs. Bailey received the home run ball yesterday, sent them by a Roswell fan.

### MISS MILEY WINS THIRD WESTERN DERBY CLASSIC

CHICAGO, Aug. 13 (AP)—The 18th annual women's western derby championship was golf history today, with its latest chapter again written by Marion Miley of Cincinnati.

Miss Miley, daughter of a Lexington, Ky., professional, won the title yesterday for a third straight year. Miss Miley smashed par on all four rounds of the 72-hole grind, winding up her amazing exhibition with a brilliant 77, three under perfect figures. Her first three rounds were 76-78-78.

For a third straight year the runner-up was Patty Berg, the little Minneapolis star, who had a total of 317.

During the four days' play Miss Miley had 21 birdies and one eagle. Miss Berg had trouble in taking second honors, being six strokes better than Betty Jameson of Austin, Texas, the Trans-Mississippi champion.

**FARR LOOKS GOOD**  
LONE BEACH, N. J., Aug. 13 (AP)—Tommy Farr's form in his sparring sessions continues to bring surprised comment from visitors at his camp. After watching Tommy drill briskly yesterday for his heavy-weight title bout with Joe Louis, Bill Brown, member of the New York State Athletic commission, and Barney Leonard, former world lightweight king, reported favorably on the Welshman's showing.

### TEXAN STILL IN GOLF TOURNAMENT

DENVER, Aug. 13 (AP)—There was still a chance today that the Rocky Mountain Amateur Invitation golf title will leave the Rocky Mountain region this year.

Of the 16 players who took off today in the third round, nine are Coloradans, four Oklahomans, two Kansans and one Texan.

Jack Malloy of Tulsa, formerly Princeton golf captain, was still a slight favorite. He was paired with Dick Lufford, Denver, today.

The lone Texan still firing away was J. L. Taylor of Houston, who was matched with Darrell Spear of Lamar, Colo. Taylor beat T. B. Buchanan of Denver, 4 and 2.

### BIG GEORGE EARNSHAW HURLING SANDBLOT BALL

PHILADELPHIA, Aug. 13 (AP)—Big George Earnshaw, who used to breeze them past the batters without much trouble, pitching for Connie Mack's American league pennant-winning Athletics seven years ago, is pitching for a Philadelphia sandlot team this year, but just the same he's "happy."

"I'm perfectly satisfied," the "Big Moose" said. "When I quit the Cardinals at the end of last season there were two things in the back of my mind. First, I wanted to be home with my family. Second, I wanted to be my own boss. Pitching semi-pro ball satisfies both ambitions."

**COLLINS GOING HOME**  
CHICAGO, Aug. 13 (AP)—Jim (Rip) Collins, Chicago Cubs' first baseman who suffered a fractured ankle last Tuesday, will leave tonight for his home in Rochester, N. Y.

## NEWCOMERS TO GRAPPLE HERE MONDAY NIGHT

Two newcomers will perform on the mat at the Pampa Athletic arena on Monday night when Promoter Cliff Chambers presents his premier wrestling show of the season. The main event will not overshadow the supporting card even though Frank Wolff and Pancho El Pulpo are the finalists.

The newcomer in the semi-final will be Dale Haddock of Detroit, who meets Gus Johnson, the local favorite. In the preliminary, Chambers will give fans Jack Terry of Toronto, Canada, who will exchange holds with the popular little Tex Hager.

Although Haddock has not appeared on a local mat, he is well known to Panhandle wrestling fans. He was a real favorite in Amarillo last winter when he beat the best that Dutch Mantel could muster. Haddock will meet a real test here when he tangles with Johnson, who was not in these parts last year.

Terry is said to be one of the leading contenders for middleweight honors in the nation today. He has the Canadian title sewed up and wants to get one in this country.

As for the main event, it needs no ballyhoo. Wolff calmly announces that he will massacre the bullfighter while El Pulpo excitedly yelps that he will bring his bull fighting equipment into play if necessary to down the cocky "big bad wolf."

## They Play Freak Ball at Beatrice

BEATRICE, Neb., Aug. 13 (AP)—Beatrice baseball fans were still slightly dazed today over what they saw last night.

Feistbury, in a Nebraska state league game with Beatrice, used three pitchers in the first two innings. The trio didn't allow a single hit but walked eight Beatrice batters and hit three batters to force in six runs.

Then the last hurler—Tony Johnson—settled down and won the ball game 12 to 6. To further bewilder the shocked fans the Beatrice infield handled five double plays.

## SOUTH AMERICANS WIN PAN-AMERICAN MATCHES

DALLAS, Aug. 13 (AP)—Thanks to eight granite-tough youngsters who made their bids for Pan-American glory last night, the South American team stood in a vastly satisfying position today in the international boxing games.

Two national champions and the Texas welterweight champion, Arthur Dorrell of Tyler, were the only United States team members to triumph.

Dorrell won handily over Jose Santos, Brazilian slugger; William Speary, "dream" flyweight from Nanticoke, Pa., defeated Pedro Umpierrez, Uruguay, and Joseph Kelly, also of Nanticoke, defeated Jack Rezende, Brazilian marine, in a battle of lightweight.

William S. Haddock, head of the American delegation, said all divisions were fair but that the terrific heat bothered his boys—most of whom came from the northern part of the country.

## Oilers and Blackfaces To Play for Panhandle Championship Trophy

Canadian

What would be a more fitting climax to a baseball season than a Panhandle championship series between the Pampa Oilers, and the Huber Blackfaces? Nothing, it has been decided and the games have been scheduled.

The first game of a series, five out, nine games to decide the champions, will be played Sunday afternoon in Amarillo. Game time will be 3 o'clock with the scene of action the Jaycee field diamond in South Amarillo. The game was scheduled before the teams left for the Denver Post tournament, where they split third money, but at that time it was not known that it would open the lid of a championship series.

The war will turn to Borger on Monday night with the first game in Pampa scheduled for Wednesday night at 8:30 o'clock at Road Runner park.

On Friday night, August 20, Borger will be the scene of action with the fifth game set for Pampa on Sunday afternoon, August 22.

Both teams will be weakened for the series it is reported. Al Summers left the Oilers and went to Huber but it is said that he will play in the National Semi-Pro tournament in Wichita, Kans., beginning Saturday, and that Hack Wilson will accompany him. The Oilers will be without Sammy Baugh, who has joined the St. Louis Cardinals.

The Oilers, however, will have Dutch Prather in the lineup for additional power at the plate. Sam Hale may also join the Oilers for the important series.

Efforts are being made to secure a large trophy to be presented to the winning team, to remain in its possession until the next series between the Panhandle champions, whoever they may be.

## BITSY GRANT IS UPSET BY AN UNKNOWN

RYE, N. Y., Aug. 13 (AP)—The jinx that has hovered over Davis Cup squad members in the eastern grass court singles championships will get new opportunities before the tournament ends.

The fates combined with Gertrude Cameron of Tulsa, Okla., yesterday when she registered a stunning upset victory over Bryan (Betsy) Grant, 6-3 8-6. Earlier in the week two other members of the cup squad, Wayne Sabin, of Los Angeles, Cal., and Gene Mako, double partner with Don Budge, lost their singles matches and were eliminated.

Frankie Parker, who scored the points that beat Great Britain in the Challenge round, will try his hand at eluding the jinx today. He meets Hal Surface of Kansas City, Mo.

Alice Marble made her way into the finals of the women's tourney by trimming Mme. Sylvia Henrotin, of France, the defending titleholder, 6-2, 6-0. Jadwiga Jedrovska, the Polish champion, plays Graycn Wheeler of Los Angeles, today in the other semi-final.

Frank Shields, a former Davis cup player in his third round match with Lewis Wetherell of Santa Ana, Cal., yesterday, managed to win 6-3, 2-6, 6-4.

## SEEDED PLAYERS WIN

TYLER, Aug. 13 (AP)—Seeded players had no great difficulty winning their way into the third rounds today of the Tyler Tennis club's second open tournament. Gordon Hiley of Waco, defending champion, and Gordon Pease of Dallas, seeded second, advanced yesterday along with lesser-rated favorites. Hiley took Smith Dodson, former S. M. U. star, 6-1, 2-6, 6-4, and Pease found no trouble with Harold Potter, Tyler player, 6-1, 6-0.

## SHIRLEY HANOVER WINS FAMOUS HAMBLETONIAN

GOSHEN, N. Y., Aug. 13 (AP)—The records show that Henry Thomas won the Hambletonian yesterday with Shirley Hanover, but the popular 47-year-old trainer of the Hanover, Pa., Shoe farms says it was five-year-old Patricia Sheppard who was largely responsible for the record-smashing triumph.

While Thomas was driving Shirley to a straight, best victory he carried in his hip pocket a four-leaf clover and letter sent him by the little daughter of Lawrence B. Sheppard, part owner of the Pennsylvania breeding farms.

"Don't let anybody tell you it was I who won," declared Thomas. "Just look at that good luck charm I carried. I couldn't miss with that in my pocket."

In trotting the first mile in 2:01 1/2, the second in 2:01 1/2, Shirley turned in the fastest time ever registered by a winner in 12-year history of the rich stake.

The victory was worth \$19,916.92. DeSota, a pre-race favorite, finished second.

## Death by Tank Load for U. S. Foes

Talk about bristling with armament, it certainly applied to the big "combat cars" developed by the U. S. army tank corps for heavy combat duty and demonstrated at Governors Island, N. Y. With machine guns fore and aft, it's hard to tell whether they are going or coming. They can hurl death at the enemy from three 30 caliber and one 50 caliber machine guns as well as a Thompson sub-machine gun and the four automatic pistols of its crew.

## CHURCHES

**CALVARY BAPTIST CHURCH**

The Calvary Baptist church in a business meeting Wednesday night elected Mr. W. W. Earnest as educational director and song leader. Mr. Earnest is fully equipped, and has spent a number of years in this kind of work. He is well known throughout the state as a gospel singer, both in church programs and evangelistic work; he is concentrated and loves the work. Mr. Earnest is a graduate of the Baptist Seminary at Fort Worth, and has had calls from several other places to do this kind of work. We feel quite sure he will accept the call from this church. He will be with us Sunday morning and evening, and will make his answer known. Mrs. Earnest is a pianist.  
We are expecting large crowds Sunday, both morning and evening. The pastor will be in the pulpit at both services. There is awaiting you a warm hand of fellowship at all of these services.

These "other sheep" are the subject for the Bible study Sunday evening. Who are they? Proof is given that they are now being separated from the "goats," gathered into the one fold where they, too, may find protection and be preserved during the Battle of Armageddon, which is now impending.  
All are welcome to meet and study with this group.

**CHRISTIAN SCIENCE SERVICES**  
"Soul" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 15.  
The golden text is: "My soul thirsteth for God, for the living God: when shall I come and appear before God?" (Psalms 42:2).  
Among the citations which com-

prise the lesson-sermon is the following from the Bible: "These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb" (Revelation 7:14).  
The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth will at length compel us all to exchange the pleasures and pains of

sense for the joys of soul (page 390).

### America's 'Bermuda'—Maybe

The lighthouse at Nantucket Harbor, on the island off the Massachusetts coast, warns ships against hidden shoals but hasn't been able to warn marooned residents off the shoals of secession. Following stoppage of boat service with the mainland (see dotted line on map) by a seaman's strike, angry citizens threatened to secede from the United States to establish a "protectorate," assuming a position similar to that Bermuda holds in the British Empire. The 3,500 natives and 15,000 summer visitors faced a food shortage.

that attributing everything to human agency ignores those great resources which human nature utilizes and upon which the life of mankind depends.

So, though we might say today that our laws come from the Constitution and from our government, it is well to remember that human law is subject to higher standards, and that the law of a nation in a very real sense comes from God. If our laws are not tested by divine ideas and divine standards, we may be sure that there will be something faulty in our laws and a corresponding weakness in our institutions.

Are these commandments given to ancient Israel binding upon the Christian conscience?

That is a question that is often asked today, and it is a very important question; for the modern world certainly is breaking some of these commandments on an extensive scale, and the breaking of them is often upheld by the teachers and leaders of religion whom we would most expect to uphold the commandments.

Take the command, for instance, "Thou shalt not kill." Think of the exceptions that we so readily set alongside that commandment. We are told that it is all right to kill in self-defense, that it is all right to kill at the behest of the state, and that it is all right for the state to kill the criminal who has disobeyed its laws.

As a matter of fact, the very codes of which these commandments were a part seemed to justify killing; and a man might be stoned to death with the approval of the law under certain circumstances.

Here again is the commandment to observe the Sabbath. Can one look at our modern American Sunday without realizing that it is a commandment observed chiefly in the breach?

For masses of people today there is no sacredness or obligation connected with the Sabbath. It is for many of them a day of work or pleasure, and not a day of rest or a day of remembrance of God in worship.

Whatever we say in theory, in practice we go very largely upon the idea that these ten commandments were ancient laws for the Jews that are not binding upon us today. We would not like to say just that in words, but in our actions, it is what we say.

These ten commandments, if we look into them very closely, are in the nature of basic principles that have to do with the life and welfare of mankind.

Jesus said to those who observed the Sabbath in a merely mechanical way that the Sabbath was made for

man, and not man for the Sabbath. This principle would apply to all these commandments. There is a higher commandment of love to God and love, man to man, in the spirit of which alone these commands can be fulfilled.

Jesus made the great commandments of his religion positive and not negative. He did not stress the things that one should not do, but put the great emphasis upon the things that everybody could do and ought to do.

We ought to consider the commandments in the light of this larger command of love. Nevertheless, when we examine them, we find that the commandments assert the principles that in some way must be at the heart and life of every people. If there is to be justice man with man, and a true life in society.

AMOY, China (AP)—China has succumbed to the scrap iron collecting vogue. A sixteen-day period has been set aside in Amoy during which time each resident is supposed to collect and turn in all iron and copper scrap he can lay hands on.

The Chinese believe that Japan is buying scrap iron in China for re-arming. Although the export of iron has been banned, the Japanese are reported to be buying iron in China, sending it to Taiwan or Hongkong and transporting it to Japan.

WASHINGTON (AP)—Beetles which make their home in Mammoth Cave, Kentucky, have so little use for their wings and eyes that they have lost the use of both, the national park service reports.

Instead, they have grown unusually long antennae, and a series of stiff, hair-like sensory appendages on their bodies.

#### GOD'S LAWS FOR A NATION.

Text: Exodus 20:1-7.  
By WM. E. GILROY, D. D.,  
Editor of Advance.

This lesson brings before us the great moral code that we call the Ten Commandments.

In what sense does God give laws to a nation? We must remember that in the conception and language

of these Old Testament writers, much is attributed to God that we would today attribute to human agency. When water came from the rock in the wilderness, God gave the water. When quails appeared in abundance, God sent the quails.

As we have suggested, we might well follow out this Hebrew thought and Hebrew language, and realize

**CAST OF CHARACTERS.**  
KATHLEEN O'SHAN—heroine  
writer of greeting card verse.  
BOB McTAVISH—hero, detective story writer.  
PAT—the janitor who played Cupid.  
The DUCHESS—patron of surrealist art.

Yesterday, Bob and Kathleen are settled in their respective studios in the same apartment house. And Janitor Pat lays plans to have the two young people meet. He tips Bob first.

**CHAPTER II.**  
"Wonder what that little Irishman meant?" muttered Bob McTavish, as he closed the door behind Pat. "Probably an old shack like this is lousy with writers, and artists and such. I'll have to make it very plain that I have to work for my living. Can't be having the neighbors running in." He retrieved a crumpled cigarette from underneath a pile of books and looked down at the dog.

"Well, Schmatz, it's up to us to get unpacked if we're going to finish that last chapter tonight." He took off his coat and hung it on the back of a chair, rolled up his sleeves, and went to work. After several hours of sorting things and shifting them around to the best advantage, he stood back and surveyed his future home. It had evidently been the bedroom of the one-time mansion. An ornate fireplace with a large mirror above it took up one end of the room. The walls were light, the woodwork plain, and the long, narrow windows had scalloped green blinds and little inside shutters that looked as though they had never been dusted.

But Bob had flung them all open at his back, moved his big chair and typewriter stand in front of the bookcase, and noted with satisfaction that his only view was the blank wall. Blank walls were highly conducive to creative work. He could weave the threads of his plot and pursue the dastardly villain without anything to distract his attention. And Bob had to run just so many criminals to earth each week, if he and Schmatz expected to eat. It had been a very hasty decision for him when he decided to come up to the city and try his hand at fiction writing, instead of going into his father's real estate firm as his two older brothers had done.

"I'd smother with much family hung around my neck," he had said. "And you'll likely starve in the city," his father had retorted. "While the other boys are making a snug berth for themselves. Well go ahead and let me know when you're ready to get back home."

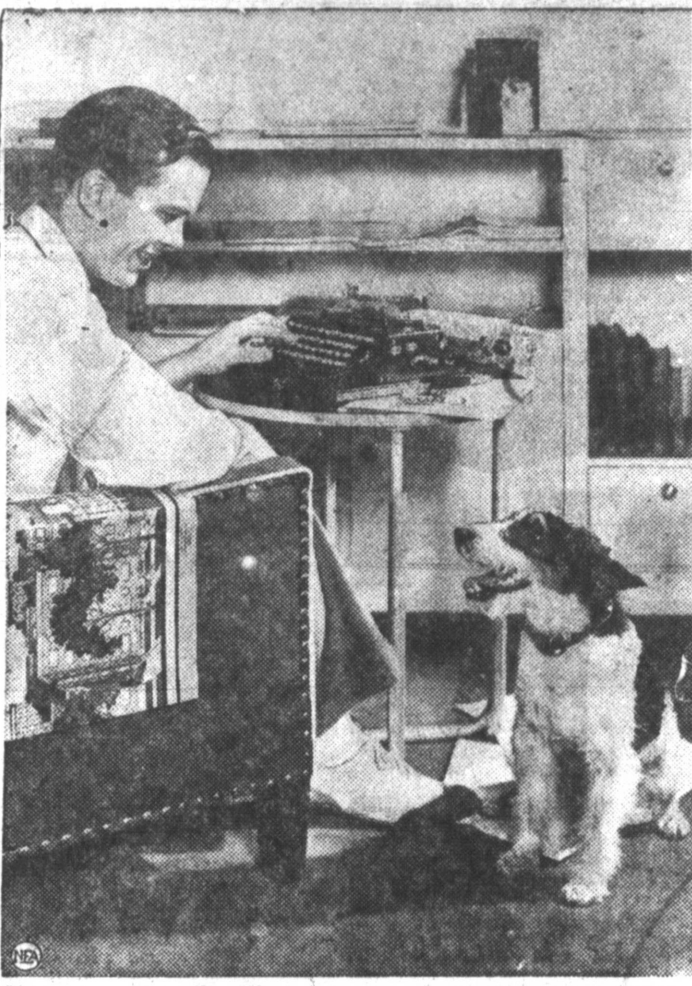

But so far, Bob had been able to keep just one jump ahead of the wolf, which always lurked within sight of his door. He had even been able to move into this place, which was vastly better than the room where he first lived when he came to the city, and Schmatz had always had his bone. Take it all in all, they had not done so badly. The men, down at Police Headquarters, were beginning to know Bob now, when he came noising around for a possible plot, and were willing that he go through the place in search of ideas. Several of them had even gone so far as to read some of his yarns when they were published, and would often tip him off to some timely new angle.

He ran his fingers through his mop of tousled hair, drew his chair up to his typewriter. "This is pretty slick, Schmatz," he told the dog. "About two more real snappy murders, and we can begin to think about buying a decent couch and maybe a chair or two more, then we'll be sitting pretty." He stretched out his long legs with a sigh of satisfaction.

Down stairs in studio one, Kathleen resolutely thumbed through her rhyming dictionary, trying very hard to keep her mind on her task. The sight of the good-looking stranger who had dashed out the stairs behind the movers, intruded on her thoughts to an amazing degree. What difference could it possibly make to her that he owned a cute dog, and had a gay, breezy manner? If she did not finish a certain number of jingles before night, she wouldn't have the rent money when it was due. Then she would have to go back home to Gloversville and teach the third grade and probably eventually accept Joe Williams with his bulging eyes, as her aunt and uncle hoped she would, and settle down to the routine of a small town. She wondered now why she had ever thought she could find a job in the city all by herself.

"Gee, but we're not putting on any more people," had been the invariable answer, when she had admitted she did not have any experience selling things, or keeping books, or doing stenography. Then she had happened upon a firm that wanted rhymes for greeting cards. Yes, she could do that. Hadn't she made jingles all her life just for fun? Why not sell them when? That night she wrote Aunt Hattie that she had taken a job with a big publishing company, which was almost true. Anyway it was better than Gloversville and Joe Williams and Aunt Hattie's fussy dictating of her every move, which was beginning to make her very restless. Though of course she really was grateful to Aunt Hattie and Uncle Henry for having taken care of her since her own parents died.

Cheer, near, hear, dear—that dog had had the dearest, bright black eyes, and such a cute red tongue. Schmatz was what the young man had called him. She wondered why such a queer name. Maybe some girl had given him to his master. No fellow that good-looking could possibly escape. She hadn't seen Pat yet to ask about the new tenant. Oh, dear, where was he? A frown creased her pretty forehead and she wrote down a line, then attentively inspected the error on her pencil as though it might hold an inspiration. Nothing hap-

pened, so he got up and made a cup of tea and poured it into a gay yellow cup which she took from the cupboard in her furnished apartment. What fun if she only had someone to drink the other cupful that the teapot held. Her glance strayed about the studio. It was really quite pretty. Gay cretonne drapes and red geraniums in brass pots made bright splashes of color. She certainly ought to be able to rhyme cheer and dear—if only that gnawing loneliness would let her. In the hall outside, Pat's broom kept pace with his thoughts too. That young fellow upstairs did seem

This was Purl's telegraphed answer to Barker's invitation: "As Bernice said when I proposed, I accept gladly and thank you."

Probably no other lieutenant-governor has had so consistent a record as Walter F. Woodul in getting out of the state for a short time when acting governor. Woodul, who, incidentally, is a candidate for attorney-general, has made it a point to leave the state for a few hours in order that the senator who happened to be president pro tempore might have the honor of serving as governor.

"It isn't much trouble and it doesn't hurt the state's business and it gives another man an opportunity to do something he and his relatives and friends will remember a long time," said Woodul recently. John Redditt of Lurkin, Wilbourne B. Collier of Eastland, Tom Deberry of Bogota, Ken Regan and Isbell are senators who became governors in that manner.

The close harmony between Gov. James V. Allred and Woodul is one reason the governor has felt so free to leave the state.

He often has publicly expressed appreciation for the manner in which Woodul handled the affairs in his absence. Although the lieutenant-governor and the governor do not agree in many matters, the former takes the view that when he is substituting for the latter he should never touch anything involving policy or which the governor might want to handle himself.

In other words, the lieutenant-governor keeps up with the routine of the office, of which there is more than an uninformed person might think.

Former Senator George Purl of Dallas was invited by George Barker, secretary of the Senate, to be toastmaster at a dinner given in Isbell's honor.

## LIONS HEAR REPORTS ON NATIONAL MEETING

A brief report of the Lions club convention held recently in Chicago was given at the weekly luncheon of Pampa Lions club Thursday. President R. B. Fisher, official delegate from the local club, announced that

at a later date he would present papers of great interest read on the convention program. Eibert Thomas of Oklahoma City one of the first members of the Pampa club, was a guest speaker. He told of the work of the Oklahoma City organization and compared its activities with that of smaller clubs. "Smaller clubs have a greater field of activity and have closer fellowship than in the larger ones," Mr. Thomas said. "Our work is con-

finned largely to the summer camp where 50 boys are given an outing for one month and 50 girls are given a holiday another month. The children are under experienced supervision and the program is considered one of the most worthwhile in the city." President Fisher called for numerous committee reports and urged a full attendance at the group meeting and Ladies' Night program next Thursday when Clarendon, McLean,

Miami, and Wheeler clubs will be entertained. District Governor Joseph Pond will be present. Charlie Maisel asked the club to cooperate in the Community picnic to be held Labor Day on Cantonment creek. Guests were Mr. Thomas, Lion Ralph Randol of Panhandle, Lion Carl Benefield of Enid, Okla., Cal Dickey of Tulsa, E. J. Dunigan, Harry E. Hoare.

**Farouk's Crownless Coronation**

Attended by his ministers and the regents who ruled during his minority, young King Farouk of Egypt, in white uniform, celebrated his eighteenth birthday with his investiture as monarch. Moslem law forbids the crowning of a king, so the ceremony took the form of a simple oath taking. At left of Farouk is Premier Nahas Pasha.

**Modern Menus**

By MRS. GAYNOR MADDOX

Little sweet tooth should learn something about the facts of cooking. Give them a white apron, a bowl or two, a simple recipe and the ingredients. Of course, for the very young cook, the use of the stove is out. But there are several excellent candies and salads and desserts that can be made by little hands without benefit of the kitchen stove. The following were selected as helps to modern mothers who believe in teaching young children the rudiments of food preparation.

**Prune Whip**

(4 to 6 servings)  
Two egg whites, 1 cup cooked or canned prunes, 1-2 teaspoon lemon juice, 6 candied cherries.

Beat whites until very stiff. Mash prunes through sieve. Mix mashed prunes, egg white and lemon juice. A little sugar may be added if needed, but the natural sweetness of prunes should be enough. Pile into sherbet glasses and top with whipped cream and a bright red cherry.

Any tiny cook will love to see the results of her efforts, and a few words of deserved praise from the rest of the family will do a lot to make cooking seem less work and

more interesting to the future housewife.

**French Cocoa Balls**

(Makes 36)  
Three-quarter cup cocoa, 1 3-4 cups confectioners' (4X) sugar, sifted, 1 cup nut meats, 1-2 cup sweetened condensed milk, 1 tablespoon vanilla.

Mix 1-2 cup cocoa and 1 1-2 cups confectioners' sugar. Chop nut meats and add. Moisten with sweetened condensed milk and vanilla. Shape into balls. Combine remaining sugar and cocoa and roll balls in it.

**Apricot Coconut Balls**

(Makes 24)  
One and one-half cups dried apricots, ground, 1 cup shredded coconut, 1-2 cup sweetened condensed milk, confectioners' sugar. Put apricots through a food chopper. Mix with coconut. Moisten with sweetened condensed milk. Drop by spoonful into confectioners' sugar. Shape into balls. Allow to stand until firm.

**Elephant Seals Thrive**

OFF COAST OF MEXICO  
LOS ANGELES (AP) — Rapid increase of elephant seals off the coast of Lower California was reported by scientists who visited the rookeries in Capt. G. Allan Hancock's scientific research cruise Vesper III. Dr. Harry M. Wegeforth of the San Diego Zoological society said he counted 100 males in a single herd.

Once believed headed for extinction, the seals are now protected by the Mexican government.

**GREYHOUND'S NEW SUPER-COACHES**

Provide

The Finest of all Highway Travel

You can secure this service by calling Telephone 871. Pampa Bus Terminal and asking for Caprock Bus schedules making connections at Shamrock.

Greyhound's new super-coaches are so utterly different from any previous type bus used in the industry that they involve radical departures in almost every detail.

The most important single change has been the placing of the motor in the rear of the bus. This arrangement means quieter operation, less vibration and complete absence of exhaust fumes. It also gives more space for passengers and adds to the riding comfort. By riding the Cap Rock Bus Line to Shamrock, you can secure this service to any part of the U. S.

Another noticeable feature is the new high, comfort level for passengers. It is above the vibration line and permits passengers to look over the tops of passing private cars.

Special consideration has been given to the baggage space. Two large compartments, water tight and dust proof, have been built under the floor of the coach for suitcases, trunks and large parcels. The baggage rack on the roof has been eliminated.

Deeply-cushioned, individually adjustable chairs have been entirely redesigned for use in the new Super-coach. They can be made to recline in four optional positions for sight-seeing, reading, relaxation or sleep. Ride the Cap Rock to Shamrock, there making connections with Greyhound's new Super-coaches which are modern and different, but in every respect adhere strictly to the high traditions of safety and reliability which Greyhound has established in its nation-wide system.

The Caprock is trying to give you this service. Call 871 and the agent will be glad to give you the Caprock schedules.

**Former Earhart Adviser to Altar**

Apparently as cool as he used to be in his capacity as technical adviser to Amelia Earhart, who is believed dead in the Pacific, Albert Paul Mantz watches Theresa Mae Minor, 32, sign up at the Los Angeles marriage license bureau for a matrimonial flight with him. Mantz, 34, was divorced by his first wife, who claimed that "she thinks more of flying with Amelia Earhart than he does about being home." Mrs. Minor, 32, is the widow of Roy Minor, a pilot friend of Mantz's who died two years ago.

**On Capital Hill** BY HARRELL E. LEE

AUSTIN, Aug. 13 (AP)—The Department of Agriculture, preparing to lease \$100,000 worth of state-owned stallions and jacks for \$7,740 yearly, was swamped with out-of-state inquiries.

M. S. Fraze, director of the jack and stallion division, spent two weeks explaining the pedigreed breeding animals could not be sent out of the state. When the legislature repealed horse race betting it had to dispose of the animals whose maintenance came from a portion of track revenues. It chose the lease method. Hundreds of horse fanciers and breeders in virtually every state thought they could rent stallions worth \$1,100 for \$30 plus transportation costs. As a matter of fact, not more than 5 per cent of the jacks and stallions will change hands when the leasing plan becomes effective Sept. 1. J. E. McDonald, agriculture commissioner, gave first option to caretakers the animals were assigned to when the breeding program began. He said 95 per cent of them want to lease their charges and likely will be permitted to do so. Officials said this would not disrupt the state-sponsored breeding plan. Lessees will retain breeding fees and the department through two inspectors will keep a check on the animals.

Senator Will Pace of Tyler, mentioned frequently as a possible candidate for lieutenant governor next year, had this to say: "I am not a candidate for any office in a non-election year."

Some observers are speculating whether the forthcoming special session of the legislature, to be called primarily to raise revenue, will turn

into an economy drive. There seems to be a growing sentiment among members that governmental expenses should be reduced and, when done, present revenue will pay the bill adequately.

They point to unexpected revenues from existing taxes, including new imposts in the omnibus bill past last fall, and a reduction in the general fund deficit.

The deficit was \$9,269,807 Aug. 4, a decrease of \$1,627,195 since July 20, and about \$6,000,000 from early January. Improved business is boosting revenues from virtually all sources. The unprecedented oil production authorized by the railroad commission for August, a one hundred per cent increase in sulphur production, and even increased beer consumption are knitting away the deficit. Based on sale of tax stamps, Texans drank more beer and smoked more cigars in July than ever before.

Rep. Jesse James of Cameron, vice-chairman of the House revenue and taxation committee, has taken the view the deficit is "the reverse of something to get alarmed about." In fact he, with Rep. Alfred Petch of Fredericksburg, thinks it is a check against "legislative extravagance."

James, recovered from serious injuries received in an automobile accident thinks the people ought to say whether they want a tax raising or expense reducing session and has suggested each voter make known his wishes to the legislators.

**NURSES DISLIKE PETTICOAT PARADE.**

SYDNEY, Australia (AP)—Nightly "petticoat" parades have brought objections from Sydney nurses. Although not part of their uniform, 50 nurses at the Nightingale home must "show petticoats" to a senior staff member each night before going on duty. They were described as "cumbersome. Grumpy things" by one nurse, who added: "I wonder if Florence Nightingale wore one."

Here's Explanation of Proposed Amendments:

Editor's Note: This is one in a series of three articles explaining proposed amendments to the state constitution to be voted on Aug. 23.

AUSTIN, Aug. 13 (AP)—A proposed amendment to the state constitution to be passed on at a special election Aug. 23 would empower the legislature to prescribe any system of remunerating district, county and precinct officials.

Although the caption says the amendment provides for the abolition of the salary method of compensating such officers, actually the amendment does not do that.

All district, county and precinct officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the legislature.

In other words, the amendment will give the legislature authority to re-examine the whole matter of remunerating the officials, including the oft-discussed systems of salaries and fees, and to exactly as it pleases.

Until two years ago what is known as the fee system was in effect throughout the state. Fees were collected for various services and turned over to officials, usually under some limitations as to maxima, although, even in this period, some officers were on salaries.

Throughout the years there were rumblings of discontent over the fee system. A legislative investigating committee disclosed some officials were receiving enormous sums while the state was not receiving money it was supposed to get and several men were convicted of law violations and imprisoned in connection with fee collections.

In 1935, therefore, the legislature ordered submitted an amendment setting up a combination fee and salary plan and this the people adopted by a large majority.

Briefly, all district officials were placed on salaries while commissioners courts were permitted to choose between the salary and fee methods of paying precinct officers. In counties of 20,000 or more population, county officials were ordered paid salaries, and in counties of less than 20,000 for certain officials the commissioners courts again were given the choice. All notaries public, county surveyors and public weighers continued to receive compensation on the fee basis.

With the certain exceptions which had been assigned to the state, fees were collected as in the past, or were supposed to be, and, in those counties officials had gone on salaries were paid into "salary" funds. These funds the state supplemented variously in lieu of the fees it had given up.

Almost before the new plan was in effect, nevertheless, discord was appearing in the legislature as efforts were made to raise or lower various salary scales where the salary plan had been adopted. Soon charges were openly made that the new system was bankrupting some counties, that many officials, no longer under the necessity of doing something to obtain a fee, were slighting their

TEACHER'S SON PLANS TO ENTER COLLEGE AT 12. AUSTIN (AP)—A mathematics professor's son plans to enter college a year from September at the age of 12. The boy, Martin Eitlinger, began his studies in private elementary school when he was four and completed eighth grade in two years. Then he sprinted through junior high school in a year.

The parents decided to put him on a half-day schedule in high school so he wouldn't be graduated too young. He could have qualified for college entrance last year but broadened his studies to include many elective subjects. Educators believe his speedy academic advancement is due to his ability to read rapidly and remember what he reads. Three years ago they discovered he could read backwards equally well.

Tea stain removers: (1) Rub the stained area with glycerine and then wash it out in warm water and soap suds; (2) stretch the stained section across a bowl and pour a kettle of boiling water—held two feet or so above—over it; (3) sprinkle with salt and lemon juice and let garment lie in the hot sun until the stain has disappeared.

To prepare dates so they will blend better with other ingredients in cooked dishes, cover them with a little hot water or milk. That will soften them.

STORIES IN STAMPS MYSTERY CHILD OF AMERICA BLUE-EYED, yellow-haired, a daughter was born to Ananias and Eleanor Dare on lonely Roanoke Island just 350 years ago.

Members of Sir Walter Raleigh's second colonial expedition to America, the Dares landed at Roanoke Island in the summer of 1587. On Aug. 18, Virginia was born. Mrs. Dare was the daughter of Henry White, governor of North America.

Nine days after his granddaughter was born, White returned to England to seek additional supplies and equipment for his colony. And there history takes leave of little Virginia. Today she is still the mystery child of North America.

When Governor White landed in England, he found the Spanish Armada threatening the country and he was obliged to postpone his return voyage. When he finally returned to Roanoke two years later and anchored opposite the fort he had helped build, no sign of life greeted him. A search revealed nothing of the hundred-odd colonists. Carved upon a tree, instead, was the single word "Croatan." This was the fate of Virginia Dare sealed. So it remains sealed 350 years later on her anniversary as the United States honors her with a stamp.

Ex-Raying a Name From a Hat

An actress and an actor quite frequently get together in Hollywood and a changed name is the result, but never to anyone's knowledge was the trick turned by drawing slips from a hat, as the above couple are showing doing. It happened when Actor Terry Ray, left, found himself being confused with Actress Terry Ray, right. They conferred, drew lots from the hat and masculine Terry Ray became Terry Rains, while feminine Terry Ray remained as before.

Too Old to Get Up

Old age has got Babe down at the Washington, D. C., zoo. For nine years the 70-year-old elephant, a one-time circus performer, stayed on her feet, apparently afraid she'd never be able to rise if once she lay down. She tripped on a door sill in the elephant house, sagged to the floor, and hasn't been able to raise her 8500 pounds again. Babe, favorite of thousands of tourists and circus fans, is expected to die.

To prolong the lives of children's books apply a thin coat of colorless shellac to the covers.

COOKING BROWN RICE Brown rice requires much longer cooking than white rice. It is done if it is very soft when pressed with a fork. It is often advisable to soak brown rice overnight in water and then cook it in the same water.
