STIMSON PREPARES PLANS FOR LONDON CONFERENCE

MOODY PASSES LAREDO ISSUE TO WASHINGTON OFFICIALS

MESSAGE NOT MADE PUBLIC ON SATURDAY

Attorney General Not to Investigate Affair
FEDERAL MOVE YET UNCERTAIN
Valls Will Not Get Request That He Quit

AUSTIN, Jan. 4. (AP)—The matter of negotiating opening of the Mexican consulate at Laredo has been placed squarely up to the state department at Washington.

Governor Moody dispatched a telegram late today to Secretary of State Stimson at Washington, after having talked over the telephone with the department earlier. The governor refused to divulge the contents of his message, declaring it was the wish of the state department that it not be made public.

Governor Moody announced also it would not be necessary for Attorney General E. L. Bobbitt to go to Laredo to conduct an investigation of charges brought against District Attorney John Valls, whose threatened arrest of General Calles, former president of Mexico, on a charge of conspiracy to murder two former Mexican generals, was said to have moved the Mexican government to close the consulate.

"General Bobbitt has given me all the information I need in the matter," he said.

He did not state his decision but it was taken for granted at the capitol that he had definitely decided not to ask for District Attorney Valls' resignation, requested by a number of Laredo business men as the only means of restoring former relations between the port of Laredo and Mexico.

LAREDO, Jan. 4. (AP)—Advisers from different sources tonight gave weight to the belief that differences with the Mexican government which led to closing of the port of Laredo might soon be adjusted.

The consulate here was closed, with disastrous effect on Laredo commercial enterprise, following attempts of District Attorney John A. Valls to arrest Pitarro Elias Calles, former president of Mexico on murder charges hanging fire since 1922.

The opinion was expressed at the state capitol today that restoration of normal relations at the Laredo crossing "appeared imminent." This was based on long distance telephone conferences between Governor Moody and Secretary of State Henry L. Stimson, added to an unofficial report current there that Valls had agreed to

(See LAREDO, page 6.)

Charlie Thut Is Now in Race for County Clerkship

Charlie Thut, popular county and district clerk, authorizes the announcement that he will be a candidate for re-election.

Mr. Thut will probably file his candidacy, subject to action of the Democratic primary of next July 26, for only the office of county clerk. His present duties in connection with the district clerk are to be incorporated in a separate office, which he does not intend to seek. However, if the duty should not be separated, he will be set for the combination office he now holds.

Mr. Thut bases his candidacy on continuation of the courteous service for which he is well known. Born at LeFlore, he is one of the best known of the younger pioneer residents of this area.

POSTAL RECEIPTS FOR 1929 ARE LARGER

Postal receipts of the Pampa post office for 1929 were \$56,898.12, compared with \$42,279.79 of 1928, according to O. K. Taylor, assistant postmaster. The prosperous growth of Pampa is reflected in the fact that the 1929 receipts gained almost \$9,000 over 1928 while the 1928 gain over 1927 was \$6,000.

The 1927 receipts were \$36,605.07 and the 1926, \$20,244.03. In 1926 the post office had five clerks; in 1929 it has 18 clerks, four carriers beside rural and star.

Postal receipts of the first three months of 1929 were \$10,412.04; second three-month period, \$11,395.49; third three-month period, \$13,412.12, and of October, November and December, \$15,778.47. It will be noticed that receipts of each quarter is larger than those of the preceding one. This total includes box rent, stamps, envelopes, newspapers, and does not include postal money orders totals of which have not yet been compiled.

Rescue Plane Is Reported Missing in Flight to Nome

SEATTLE, Wash., Jan. 4. (AP)—The operator in charge of the Army signal corps station at Fairbanks, Alaska, messaged the signal corps office here that one of the two Elison rescue planes which took off at 9 a. m., (2 p. m., E. S. T.) today for Nome, was lost somewhere between Nulato and Nome. The Fairbanks operator sent the message at 6:15 p. m. The message did not mention what had happened to the other plane.

Nulato is 300 miles westward of Fairbanks, on the direct route to Nome. The planes were taken into the air at Fairbanks today by Pat Reid, chief pilot of the expedition and Matt Niemann, Alaskan pilot. The brief message did not say which one of the planes was unreported.

The fliers were making fast time toward Nome when last seen and it was estimated they would arrive at Nome about 2 p. m., Alaska time. While no word had been received here from Nome up to 8 o'clock tonight, the Army signal corps headquarters here had given instructions to maintain communications until the lost plane is located.

Flying with Reid were William Hughes and Jim Hutchinson, mechanics while Maj. H. C. Deckard, in charge of the expedition for the aviation corporation, and Mechanic Sam MacCauley were in Niemann's plane.

Pilot Carl Ben Elison and Mechanic Earl Borland, objects of the search, have been missing since November 9, when they attempted to fly to the fur trading ship Nanuk, ice-bound at North Cape, Siberia.

Salvation Army Workers Will Have First Big Service

The first Salvation Army service will be held in Pampa tonight at 7 o'clock across the street from the First Christian church. The entire Amarillo corps of Salvation Army workers and the 20-piece junior band will assist the local group in conducting the service.

Immediately following the street service, another will be held at the Salvation Army hall.

Lieut. Mary Thomas of Amarillo will be located here beginning today as a special worker.

THE WEATHER VANE

WEST TEXAS: Increasing cloudiness Sunday, becoming unsettled, with light rains probable Sunday night or Monday; colder Monday.

AMERICANS TO SAIL THURSDAY FOR SESSIONS

Hoover and Monarch Exchange Notes of Greeting

SOME TROUBLE IS INEVITABLE

Senator Robinson Says Meeting to Last 60 Days

By C. P. WILLIAMSON
Associated Press Staff Writer
WASHINGTON, Jan. 4. (AP)—Almost at the moment the heads of the great naval powers exchanged New Year's greetings, Secretary Stimson tonight completed preliminary arrangements for American participation in the London party for the limitation of sea armaments.

The state department made public messages exchanged between President Hoover and King George of England, heralding the new year the one offering a common Anglo-American purpose for the advancement of world peace. Meanwhile the secretary of state was terminating extensive preparations in connection with the important meeting in England this month.

Stimson will sail Thursday as head of the American commission. Conferences between him and members of the American delegation are expected to continue on board the steamship George Washington.

In Washington there remains only one important conference which will be held Tuesday at 8:15 a. m., when President Hoover receives the delegation at a breakfast at the White House. This will be the first time the entire group will meet with the president.

The secretary remained at home today to undergo treatment for a bad cold. Doctor Joel T. Boone, physician to the president, had advised him to endeavor if possible to shake off as much as possible of the bothersome trouble before embarking for England.

Returning to Washington, Senator Robinson of Arkansas, one of the American delegates to the conference said today he would spend a day in New York before sailing. He expressed a hope that an ultimate agreement would be worked out, but predicted "grave difficulties" in connection with some aspects of the negotiations. He expects the meeting to last a couple of months.

Judge Engledow and W. M. Lewright Form New Firm

Formation of a law partnership between Judge C. G. Engledow and W. M. Lewright with offices in the Rose building was announced yesterday.

Judge Engledow became well-known here when he served as district judge last October while Judge W. R. Ewing was at Marlin taking treatment for rheumatism. He was the unanimous choice of the Pampa bar for substitute judge.

Judge Engledow has been engaged in the practice of law at Shamrock for the last three years. He came to Shamrock from Pittsburgh, where he lived 28 years. He is a native Texan and his grandfather came to Texas in 1833.

"I came to Pampa because it is the best town in the Panhandle and because I believe it will continue to be the best, railroad or no railroad," Judge Engledow said.

TWO DIE IN CRASH

SEYMOUR, Ind., Jan. 4. (AP)—Two persons were killed and three others injured seriously tonight when their sedan crashed into the rear of a truck on U. S. highway 31 three miles south of Seymour and caught fire. The dead are Edward Norton, 49, of Franklin, Ind., and Mrs. Lillian Channer, 67, of Taylorsville, Ind.

Announces

—By Fred's Studio
F. E. Leech, incumbent, will be a candidate for the office of tax assessor of Gray county in the Democratic primary.

INCOME TAX TO BE PAID JAN. 11 TILL MARCH 15

WASHINGTON, Jan. 4. (AP)—The government expects to begin receiving payments on 1929 income taxes soon after January 11, when forms for filing returns are to be made available at offices of collectors of internal revenue and branch offices.

The forms were printed prior to the passage of the tax reduction measure by congress. As a result "riders" will be necessary.

Steps to make certain the taxpayer receives the benefits of the reduction have been taken by the bureau. Collectors have been instructed that if payments are made on the basis of the old tax, without taking advantage of the decrease, the new scale is to be computed and notice of refund given to the taxpayer.

In case the order said, should taxpayers be required to file an amended return or a claim to secure the benefit of the reduction.

Rates on normal \$4,000 incomes in excess of the personal exemption and credits have been cut from 1 1/2 per cent to one half of one percent.

On the next \$4,000, the new tax is 2 per cent instead of 3 and on the balance 4 per cent instead of 5.

Returns for the year of 1929 must be made before midnight of March 15, 1930. The bureau said forms will be mailed as usual to taxpayers who filed returns of income for 1928 but called attention that failure to receive a form will not relieve the taxpayer of his obligation to file a return and pay the tax on time.

Ewing Leech Will Seek Re-Election for Tax Assessor

His candidacy for the office of tax collector of Gray county has been announced by F. E. Leech, incumbent, subject to the Democratic primary of next July 26.

Mr. Leech, a resident of the county since 1911, bases his candidacy upon service he believes has been satisfactorily rendering. He knows details of the office intimately and has a detailed knowledge of values in his jurisdiction.

He is a patron of all public events, and is well known wherever Gray county citizens gather.

Mrs. J. M. Turner and little daughter, Joyce, are spending the week-end in Wheeler with Mrs. Turner's parents, Mr. and Mrs. J. D. Merriman.

W. A. Duerr and R. G. Allen left yesterday morning on a business trip to Tulsa and Bartlesville, Okla.

MANY STATE OFFICIALS TO BE VOTED ON

This Is 'Off Year' Only in Presidential Campaign

G. O. P. TO HAVE JULY PRIMARY

Connally and Few of 4-Year Men Do Not Run

AUSTIN, Jan. 4. (AP)—Texans will elect a new set of officials this year. United States Senator Tom Connally, who was chosen in 1928 for a six-year term; a few state senators and district judges who are elected for four-year terms and three or four state officials also who are not obliged to run every two years will be on "easy street" insofar as campaigning for reelection is concerned, but everyone else, including the 18 congressmen, will be required to stand for reelection. It will be an "off year" only for presidential candidates.

The Republicans will be required to hold a primary on July 26, the same day the Democrats nominate their candidates. Under Texas law parties that poll more than 100,000 votes for governor in a general election are required to hold primaries. It will be the second time Texas Republicans have ever held a primary.

The political calendar for the year follows:

January 31—Last day for payment of poll tax or to otherwise qualify by obtaining voting credentials.

June 2—Last day for candidates for state officers and district offices, in districts containing more than one county, to file requests to have their names placed on the ballot.

June 9—Meeting of state executive committee.

June 14—Last day for county and precinct candidates and district candidates, in districts composed of only one county, to file requests to have names placed on ballots.

June 16—County executive committee meets to determine the order of names on ballot and estimate expenses of election.

June 23—Last day for candidates to pay assessments for their share of expenses incident to holding election.

June 26 to July 1—Candidates must file their report of campaign expenses not more than 30 nor less than 25 days prior to date of the primary.

June 26 to July 1—Time for voters who are absent from county to appear before a notary public and request ballot.

July 14—Primary committee meets to prepare ballot.

July 14 to 18—Candidates must file second statement of campaign expenses.

July 16 to 23—Time for voters who intend to be absent from county on date of election to appear before clerk and vote an absentee ballot.

July 23—Four days prior to day of election all voters living in a city of 10,000 inhabitants or more, who have moved their residence within the city or from without the city to the city, must report to the tax collector.

July 24—Day upon which county clerk shall send absentee votes to the presiding judges of the respective voting precincts.

July 26—Primary election day; polls open at 8 a. m. and close at 7 p. m. Precinct conventions are held to elect delegates to county convention.

August 2—County executive committee meets to canvass results. County conventions are held.

August 5—Last day for candidates to file third reports of expense.

August 11—State executive committee meets to canvass returns.

August 23—Date of second primary. District convention meets to canvass returns for district candidates.

September 1—Meeting of state executive committee.

September 2—Meeting of state con-

For Re-Election

—By Fred's Studio
Gray county's first school superintendent, John B. Hessey, is seeking a second term through his candidacy in the Democratic primary.

PRORATION WILL BE SHOWN BY WEEK'S REPORT

The first week of proration in the Marland-Finley and Bowas pools will lower the daily production down to 37,000 barrels, amount agreed on by operators, was predicted Saturday by members of the proration committee.

The plan went into effect here Jan. 1 with Ed Daly as umpire. Each company operating in the area agreed to cut its production 27 1/2 per cent. Very little progress was made during the first few days in cutting the production, as several days were required to pinch in the wells and gauge the flow. The first week of the proration plan ends next Thursday.

Larry Rider Has Entered Race for Collector's Post

Larry Rider, Gray county resident for 36 years, yesterday authorized The News to announce his candidacy for the office of tax collector.

Mr. Rider is entering the race subject to the Democratic primary in the belief that he is qualified for the work on the promise that if elected, he would personally attend to the details of the office. He has had considerable experience in assessing taxes and understands the duties of collector.

Mr. Rider is well known among the longtime residents and oil men of Gray county, and expects to meet most of the voters before election. For the last two years he has been employed by the Texas company.

BOMB SUSPECT ARRESTED

SEAT PLEASANT, Md., Jan. 4. (AP)—While the death from the bomb outrage on New Year's day mounted to three, police revealed today the arrest "for investigation" of an elderly uncle by marriage of Mrs. Nemo Hall Brady—the 18-year-old bride who was killed by the bomb on opening a supposed Christmas package.

Clarence Brady was taken into custody last night but his identity was withheld at first. Authorities said they feared violence.

Mr. and Mrs. E. C. Campbell and Mr. and Mrs. T. W. Jamison spent yesterday in Amarillo.

Mr. and Mrs. E. C. Campbell and Mr. and Mrs. T. W. Jamison spent yesterday in Amarillo.

November 4—General election.

November 14—Candidates should file report of expenses with the county judge.

LANDSLIDE IS INDICATED FOR DALHART MAN

Armstrong Carries All of Hutchinson But No More

VOTING LIGHT IN ALL 10 COUNTIES

Dumas and Spearman Unanimous in Choice

BORGER, Jan. 4. (Special)—Reports received tonight from six of the ten counties in the 124th legislative district indicated a landslide for Arthur C. Johnson, Dalhart realtor, over his only opponent, C. M. Armstrong of Whittsburg.

The election was held to elect a successor to John H. White, who resigned during martial law. Voting in Armstrong's own county was light, with not more than 200 ballots being cast. Out of 14 voting precincts in Hutchinson, nine or them gave Armstrong 79 votes to Johnson 21. Whittsburg gave her home candidate 14 to 1 for Johnson.

Carrying Hutchinson would not give Armstrong sufficient lead against the other nine counties, in which the balloting was likewise light.

Dumas cast all of her 63 votes for Johnson, and Spearman was unanimous with 135 for him. Dalhart went 456 to 9 for her own candidate.

The election was called by Governor Moody.

Hessey Bases His Re-Election Race on Work in 1929

John B. Hessey, first county superintendent of Gray county is announcing his candidacy in the Democratic primary for a second term.

He is a veteran school man of this county, having moved to Alarreed in 1907 and having taught seven of his twelve years of school experience in Gray county communities. During his tenure as county superintendent, five new modern brick school buildings have been erected. A year ago Gray county did not have a recognized standard rural school; now there are fourteen, and the two other schools will be standardized within a short time.

Mr. Hessey personally prepared the transcripts for three bond elections, saving each school district more than \$200. His goal is to have a nine-month term for every rural school child, to have well prepared, healthy teachers, and to provide for the country children the desirable advantages that city pupils enjoy.

Although his office pays comparatively little, he traveled 22,000 miles visiting rural schools in 1929 without an expense account for the purpose. His work has drawn the commendation of state inspectors and State Superintendent S. M. N. Marrs.

Texas Charters
AUSTIN, Jan. 4. (AP)—Chartered: Mintex Oil company, San Angelo; capital stock \$50,000. Incorporators: Hugh H. Tucker, William Gruber, Orville Norton.

Medina Oil and Gas company, Abilene; capital stock \$10,000. Incorporators: L. D. Prewitt, G. W. Prewitt, A. H. Davis.

A. J. Stromquist, first aid instructor, with the United States Bureau of Mines Department of Safety, was in the city Saturday making arrangements to instruct classes in the oil field.

Bonnie Neil Gordon, student in Central high school is spending the week-end with relatives in Clarendon.

Social Calendar

Tuesday. The board of directors of the Business and Professional Women's club will meet at 7 o'clock in the Pampa Drug store tea room.

Mrs. Jack Mason will entertain the Kenogial Kard Klub at her home at 2:30 o'clock.

Mrs. Alex Schneider, Jr., hostess to the Amusu bridge club, will entertain with a luncheon at the Schneider hotel at 1:30 o'clock, followed by games at 2:30 o'clock. She has requested an early notification of the members' plans.

A regular meeting of the Pythian Sisters temple will be held at 2:30 o'clock in the Odd Fellows hall.

Wayside club will meet at 2:30 o'clock in the home of Mrs. Billy Taylor.

Wednesday. Unit meetings of the Methodist Women's Missionary society will be held at 7:30 o'clock, as follows: Circle 1, at the home of Mrs. J. C. Stroup, 305 North Banks street; Circle 2, at the home of Mrs. H. F. Barnhart, 509 North Frost street; Circle 3, at the home of Mrs. M. A. Graham, North Somerville street; Circle 4, at the church.

The Episcopal auxiliary will meet in the home of Mrs. C. P. Buckler at 2:30 o'clock.

The Altar society of Holy Souls church will meet at the home of Mrs. P. D. Kelm, 808 North Gray street, at 2:30 o'clock, with Mrs. A. D. McNamara co-hostess. The annual election of officers will be held, and a full attendance is desired.

Thursday. The High School Parent-Teacher association will meet at the school building, between 3:30 and 4:30 o'clock.

An important business meeting of the Women's auxiliary of the Carpenters' union will be held at 7:30 o'clock in the home of Mrs. Lyle Stout. Officers urge the attendance of all members.

Friday. The Child Study club is to meet at 2:30 o'clock in the home of Mrs. Tom E. Rose.

The first meeting of the Eastern Blue Study club will be held at the Masonic hall at 8 o'clock. All members of the order are invited to attend.

B. M. Williams is Complimented Friday With Birthday Party

Mrs. L. M. Williams entertained Friday evening with three tables of bridge, honoring her husband on his birthday anniversary.

The guest list was as follows: Mr. and Mrs. F. M. Gwin, Mr. and Mrs. Jack Thornton, Mr. and Mrs. C. S. Boston, Mr. and Mrs. Joe Berry, Mr. and Mrs. Blaine Robinson.

Favors for combination scores were awarded Mr. and Mrs. Boston, high, and Mr. and Mrs. Thornton, low. Mrs. Berry and Mr. Gwin made top cuts. Two dainty refreshment courses were served.

Honored

Miss Audrey Noel, above, was the honoree of a delightful party given during the holidays by her sister, Miss Ruth Noel.

Mrs. Hollenbeck Is Hostess at Two Friday Events of Interest

Mrs. Floyd A. Hollenbeck was hostess at two pleasant affairs on Friday, entertaining in the afternoon for Just We bridge club, and in the evening for Twin Six bridge club. On both occasions she entertained a few special guests.

Two tables were in play at the first event. Mrs. Mae Sellers of Tulsa, Okla., and Mrs. W. M. Murphy were the specially invited guests, and the members present were: Mrs. A. D. Johnston, Mrs. J. H. Lutz, Mrs. L. M. Williams, Mrs. Clem Davis, Mrs. J. H. Hulme, and Mrs. M. W. Jones. High scores were made by Mrs. Johnston for club, and Mrs. Murphy, for guests. Mrs. Hulme received low score consolation.

Guests at the evening party were the following: Mrs. Mae Sellers, Mr. and Mrs. John L. Peake, Mr. and Mrs. A. D. Johnston, Mr. and Mrs. J. H. Lutz, Mr. and Mrs. Frank Allison, Mr. and Mrs. Don Wakeman. Guest favors for high scores were presented to Mrs. Allison and Mr. Lutz. Club awards went to Mrs. Peake and Mr. Johnston.

School Group Enjoys Hike and Weiner Roast

Irene and Herbert Owens, daughter and son of Mrs. F. G. Browne, entertained a group of their classmates with a weiner roast, following a hike from the Central high school campus to the Harvester ball park Friday afternoon.

Their guests were: Yedda Stein, Josephine Gantz, Nell Haley, Margaret Buckingham, Darrell Dean, Derwood Dean, J. O. Collier, and King Ramsey.

Daily News Want-Ads bring results.

Parties and Final Rush Bring Holidays to Gala Conclusion

A gala week-end, filled with the inevitable rush preceding the return to school, and marked by delightful affairs in which students homed for the holidays entertained and were entertained by their friends brought the mid-winter vacation to a happy conclusion for Pampa's contingent of college students. Although many had returned to school earlier in the week, more than a score remained for the last-minute festivities, planning their departures for today or tomorrow.

Miss Graham Honored. Miss Edna Graham, daughter of Mr. and Mrs. J. W. Graham, and student of Stephens college at Columbia, Mo., was paid a charming compliment by Mrs. A. H. Doucette, who entertained Friday evening with a prettily appointed dinner in her honor.

The table was laid with lace over yellow satin, and center with a figurine of opaque green glass surrounded by sweetpeas, carnations, and fronds of fern. Pale green tapers burned in holders of the same shade. Place cards marking covers for eight were tied to corsages of sweet peas and roses, which the guests drew from a circle around the centerpiece. Three courses were served.

The guests were: Miss Melba Graham, Miss Mary Ellen Cook, Miss Lillian Jamison, Miss Loraine Nicholson, Miss Pauline Barnard, Miss Mary Gaylor, Miss Gay Fager, and Miss Dorothy Doucette. They were photographed in a group, during the evening, by C. W. Hester.

Entertains for Brother. Miss Evelyn Zimmerman entertained Friday evening at the home of her parents Mr. and Mrs. E. D. Zimmerman, with a party for her brother, Donald, who returned to A. & M. college at College Station on the following morning.

Games, a sing-song, and radio music were enjoyed, and refreshments were served. The guest list was as follows: Mr. and Mrs. C. E. Lawrence, Mr. and Mrs. John Shannon, Miss Ruth and Miss Audrey Noel, Miss Florence and Miss Isabelle Baer, Miss Esther Plank, Miss Geraldine Ragdale, Miss Beulah Lane, Miss Mary Yoder.

Miss Hortense Allison, Miss Dorothy Mullen, Miss Aileen Pengra, Harold White, Clarence Coffin, John Phillips, LeRoy Price, Harold Holmes, Billy Hyde, Ray Miller, Lawrence Myers, Bob Mullen, and the honored guest.

Bridge Dinner Given. Miss Margaret Buckler was hostess at a dinner-bridge on Friday evening at the home of her parents, Mr. and Mrs. C. P. Buckler. She entertained the following guests:

Mr. and Mrs. M. K. Brown, Mr. and Mrs. W. A. Duerr, Mr. and Mrs. Paul Shepherd, Mr. and Mrs. Barnes Hall, Mr. and Mrs. E. Damon, Mr. and Mrs. Clarence Barrett, Mr. and Mrs. Clyde Fatheree, Mr. and Mrs. Charles Thut.

Student

Miss Beth Blythe, above, has returned to West Texas State Teachers college at Canyon, after spending the holidays with her parents, Mr. and Mrs. J. H. Blythe. Her brother, Dee Blythe, is a freshman in the same school.

Joint Business and Social Gathering of Azar Class Is Held

The Azar class of the First Baptist Sunday school enjoyed a business and social meeting in the home of Mrs. O. J. McAllister, 1009 Twiford street, on Friday afternoon. Games and contests were diversions, following the business session. The next social gathering of the class was announced for the evening of Feb. 14, when members will entertain their husbands.

The following members were guests at Mrs. McAllister's home: Mrs. R. Earl O'Keefe, Mrs. Walter Butler, Mrs. O. L. Bealy, Mrs. D. H. Coffey, Mrs. R. V. Burns, Mrs. Ray R. Hungate, Mrs. T. B. Moulder, Mrs. Fortin, Mrs. Dan McInloch, Mrs. Clyde H. Garner, Mrs. John Morse, Mrs. J. V. Kidwell.

Mrs. Charles M. Castle, Mrs. J. A. Meeks, Mrs. O. W. Phillips, Mrs. H. L. Grove, Mrs. H. M. Lister, Mrs. J. W. Crowder, Mrs. E. L. Anderson, Mrs. W. B. Murphy, Mrs. G. C. Durham, Mrs. B. W. Rose, Mrs. Charles Rice, Mrs. R. D. Robinson, Mrs. G. C. Stark, Mrs. J. A. Gillespie, and Mrs. W. R. Ball.

Eastern Star Forms New Club for Study

Organization of a study club in which the secret work and ritual of the Order of the Eastern Star will be taken up in intensive study took place Friday evening at a regular meeting of the Pampa chapter.

Meetings were scheduled for the second and fourth Friday evenings of each month, the first to be held next Friday. Officers of the chapter are extending an invitation to all Eastern Star members, whether affiliated with the local chapter or not, to become members of the study club.

RAZORBACKS IN EARLY GAMES NOT TOO GOOD

By GAYLE TALSOT, JR.
Associated Press Sports Writer

DALLAS, Jan. 4. (AP)—Another Southwestern conference basketball campaign will be inaugurated Tuesday night at Houston, with the Rice Institute Owls and Texas university Longhorns representing the parties of the first and second part.

There is a conspicuous lack of riotous enthusiasm as the conference eagerly begin their annual scramble. This may be accounted for in part by the fact that all seven championship aspirants, up to and including the Arkansas Razorbacks, perennial titlists, have been taking it on the chin with alarming regularity since the practice season opened.

The lanky Razorbacks still rank as favorites, but they have displayed unmistakable symptoms of slipping. Berest of their "wonder" coach, Francis Schmidt, who piloted them to four straight flags, the Porkers barely nosed out in a couple of engagements with Oklahoma Teacher teams before the holidays. Thursday, they embarked on a barnstorming jaunt through Kansas and Missouri that so far has proved far from pleasant. Drury college knocked them off, 28 to 25, Thursday night, and St. Louis university poured it on, 32 to 13, Friday night. There is no telling how long it has been since the Razorbacks lost two straight games. Four or five years, anyway.

All of the others, Texas Christian A. & M., Texas university, Southern Methodist, Rice and Baylor, have been downed a time or two, most of them by teams of secondary state colleges.

Coach Pug Daugherty's Rice Institute five seems to stand the best chance of tearing down Arkansas' play house. The Longhorns have not quite lived up to expectations. The Owls have lost two bouts, to the East Texas Teachers and Sam Houston Normal.

Coach Fred Walker's Texas quintet, runner-up last year and figured to be a strong contender this season, has not hit its stride. There has been no one, so far, to take the place of Holly Brock, brilliant 1929 captain and scoring ace. The Oklahoma university Sooners knocked them off twice at Oklahoma City.

Rice's greatest claim to distinction on the eve of the campaign is a brace of victories over the Houston triangles, usually one of the strongest independent clubs in the state. They have Holly Brock on their roster this year. The Owls' last victory over them was somewhat costly, in that Carleton Polk, sensational sophomore guard fractured his arm that will keep him off the floor the remainder of the season. Jake Rees and Ray Hart of the Owls still look like the greatest forward combination in the conference.

Anyway, the Longhorns and Owls will sound the tocsin whatever that is Tuesday night. Coach Walker will take his Texas squad to Houston tomorrow for a preliminary workout on the Rice floor. The team is captained by Nona Rees of San Antonio.

All of the other five contenders will have entered the won and lost column by the end of the week. Texas Christian will open against Arkansas Friday and Saturday at Fayetteville. The Razorbacks will face the charges of their former mentor Francis Schmidt. Southern Methodist, which scarcely can be considered a serious contender, will open with an invasion of the southern sector, meeting the Texas Aggies Friday night at College Station and hopping over to Houston for a joust with Rice on Saturday.

Texas and Baylor will clash Saturday night at Waco. Six games are booked for the opening week. They should give a fair idea of the direction the conference wind is blowing.

Denton Loses to Texas Christian

DENTON, Jan. 4. (AP)—Unable to sink shots with any degree of success, the Denton Teachers college Eagles were defeated in a fast basketball game here tonight by Texas Christian university, 16 to 15.

At the half the Frogs were leading 13 to 6 but in the second half were held to three points while the Eagles were marking up nine. Just as the game ended, Brock, Denton center, missed a crisp shot to the basket which would have won the contest for the locals. Cummings, Denton forward, was high point man with six, while Flynn, Frog forward, was second with five points.

TWO MEN ARE KILLED IN CRASH

NEW YORK, Jan. 4. (AP)—Weakened by a recent fire and the removal of several charred beams, a section of a wall of a south street paper warehouse collapsed today and buried five workmen, killing two of them and injuring the other three.

The men were employed rebuilding the damaged warehouse. A 15-foot section of the brick wall caved inward from above the third story and crashed through the floor.

Piles of timber and wet paper and a heavy paper press tumbled through the holes torn by the avalanche of bricks and helped to bury the five victims, working below the third floor.

Police rescue squads and firemen worked for hours to reach the imprisoned men. Two were buried under the 300 pound press, and the machine had to be taken apart before they were freed. One of them was dead and the other died on the way to the hospital.

California Boy Leads Tournament

LONG BEACH, Calif., Jan. 4. (AP)—A 19-year-old Los Angeles prep school youth, Charles Seaver, today, burned up the 72 municipal course with a card of 69 to lead the field at the opening of the 18-hole qualifying round of the \$5,500 Long Beach open golf tournament.

Two hundred and fifty golfers entered, and 89 qualified with cards of 73 or better, thirty tying at the 73 stroke mark for the final 36 holes tomorrow.

Walter Hagen, defending champion and holder of the British open crown, and Leo Diegel, national professional titleholder, were scratched from the list of entrants when work in a motion picture caused them to fail to reach No. 1 tee at the scheduled time.

Man's Leg Broken in Crash Friday

Caught between a car and a truck in a collision at the intersection near the Legion hall, H. C. Lytle suffered a compound fracture of the left leg early Friday evening.

Mr. Lytle, an employe of the Cities Service Gas company, was rushed to McKean and Connor hospital in a M. L. ambulance. He is 39 years old, and unmarried.

The injured man was riding on the side of the truck when the crash occurred. No others were hurt. The car, driven by G. C. Stark, was considerably damaged.

"Dangerous Dan" Took "Dive" for the Great Shires

COLUMBUS, Ohio, Jan. 4. (AP)—The Ohio State Journal tomorrow will say Dangerous Dan Daly, Arthur (The Great) Shires' opponent when the baseball star entered the pugilistic world in Chicago, early in December, in an interview said today "he took a dive" in the Chicago bout. He refused to name the men issuing the instructions that he permit Shires to win.

Dangerous Dan Daly is Jim Gerry, a Columbus lad.

Following is the interview with Gerry:

"A few days before the fight I received a wire from Cleveland asking if I wished to box in Chicago. I accepted without the slightest idea of whom I was going to fight. I arrived in Chicago Sunday, the day before the fight. They treated me like a king and when I worked out in a gymnasium a large crowd assembled, including newspaper reporters and photographers. I had, of course, been registered at the hotel as Dangerous Dan Daly, and was told to forget, for a few days at least, my true name.

"Monday afternoon I was taken on a sightseeing trip and one of the places visited was the county jail. There were a lot of fellows in the hospital ward all banged up who might have been slugged after being taken for a ride. Well, when they told me just before the fight that I was to take a dive, or else, I thought about those poor fellows in the workhouse and the fact that I had only three dollars in my pocket. I was told the crowd was larger than expected and that they would give me \$150 and my expenses for my services instead of \$100, as promised provided I 'took a dive.' It was decided that I should go into the ring and mix like we were mad at each other and then stick out my chin for Mr. Shires to hit it. They told me to fall on my face so the referee could not see my eyes. I must have done right for they patted me on the back after the fight and the next day paid me \$150 and also bought me a lot of clothes."

Something New in Basketball Will Be Seen in Lions-Rotary Contests

"The most important games" of the basketball season will be played in Central gymnasium next Thursday evening it was announced Saturday.

The first game will be the serious effort of the Rotary club to defeat a Lions club quintet. A galaxy of former college stars, headed by Odus Mitchell for the Rotarians and L. L. Sone for the Lions, will clash for the club championship. This tilt promises to show the Harvesters a thing or two about the art of hitting the basket.

The second game of the double-head-

Port Arthur Reported to Be Out for Play-Off for Football Title

DALLAS, Jan. 4. (AP)—Hopes that the Port Arthur Yellow Jackets and Breckenridge Buckaroos would get together in a belated play-off for the state high school football crown flared anew today.

Tom Dennis, coach of the Jackets, was reported to be here, or somewhere in North Texas, prepared to confer with Breckenridge officials.

Officials of the oil belt school, including Coach P. E. Shotwell, said they had "nothing" from Dennis relative to the possibility of a play-off, but would be tickled to talk it over with him.

An item from Breckenridge said that the Buckaroos, despairing of another game for the title, disbanded and turned to basketball.

Letters began pouring into the Port Arthur newspaper from citizens of that city, demanding that the school board relent in its attitude and permit the Jackets to play again.

A petition was circulated among Port Arthur citizens, pointing out that it was unfair to the Jackets not to permit them to make one more stab at the title. It accumulated several thousand signatures and was presented to the school board at its weekly meeting.

E. P. Hollingshead is spending the week-end in Claude. He is an employe in the local post office.

HARVESTERS GO TO PIECES IN FINAL ATHENS GAME TO LOSE BY SCORE OF 41 TO 3

Completely bewildered by an air-tight zone defense and a flashing attack, Pampa Harvesters struggled manfully Friday night but failed to score a single field goal losing to the Athens Hornets 41 to 3.

Free throws by English, Lard, and D. Benton comprised the Pampa score, while the Hornets found their stride and scored quarters the locals went scoreless, and they tallied a lone point in the last quarter.

While the Harvesters were outclassed, their complete rout was as much due to their own going to pieces as anything. Every man found his shots, instead of hitting the loop, bounding off. Worried, he rushed his plays and did worse. There is a narrow margin between "right" and being "off". The Harvesters were definitely "off" Friday night. Both teams tried some long shots, but these attempts failed. The elongated visitors then shot their bullet-like passes to men near the goal zone, and scored with great regularity. Had the Harvesters showed the form they exhibited in the final quarter Thursday, the game would have been very close and would have been a classic.

Score by periods:
Athens 7 13 14 7—41
Pampa 2 0 0 1—3

Grubbs Will Be Out for Revenge in Pla-Mor Fight

Headlining the Pla-Mor's first boxing card of 1930, Neil "Pug" Grubbs, featherweight pride of Berger, will fight Chuck Woods of Detroit in a 10-round event here Friday night.

On the last day of 1929, Grubbs took the worst and only beating of his career at the hands of Woods at Tucuman, New Mexico, and lost a 10-round fight in what was described as one of the fastest and most punishing rounds of boxing ever witnessed in that town. Woods weighs 118 pounds and Grubbs 122. The judges gave Woods five rounds and Grubbs three.

Grubbs believes he can whip Woods, so Jack C. Rogers, Pla-Mor promoter, arranged the bout Friday night. Woods has had 54 fights and lost only one decision. He is the conqueror of Mickey Cohen of Denver.

In the semi-final event, Cliff Reagan, weight 140, of Casper, Wyo., and Kid Smithy of Pampa will go for six rounds.

The prelims other than juvenile will include a four-round fight between Kid Poe, weight 158, and Kid Arthur, 135 pounds, and a wrestling match between Pat Reagan, 158 pounds, of Berger and "Red" Michael of Pampa, 156 pounds, one fall no time limit.

The Grubbs-Woods event is attracting a large amount of interest in Berger, and as before, it is likely that plenty of Berger fans will be over here to give him a hand as well as pocket book support. Grubbs is well-known to Pampans. He fought K. O. Kitchens at the Pla-Mor twice, winning one and losing the other.

BEARS GOING STRONG

WACO, Jan. 4. (AP)—Featuring Jake Wilson, speedy grid star of the past season, the Baylor Bears took their second game in a row from the Orleanians tonight, 44 to 31. Wilson was high point man with 16 points, seven field goals and two free throws.

The Bruins demonstrated beyond a doubt they have reserve power coming from the half the underdogs 26 to 16.

Mrs. Mae Sellers of Tulsa, Okla., who has spent several days here as the guest of her daughter, Mrs. A. D. Johnston, will return to her home today.

RULE CHANGE IN BASKETBALL NOT POPULAR

DALLAS, Jan. 4. (AP)—A proposed change in basketball rules eliminating the center-jump and substituting the method of putting the ball in play from the end zone, failed to make a hit with fans who saw the system tried out by Oklahoma university and Southern Methodist university here last night.

The Mustangs and Sooners tried it for a half, then went back to the usual method of tipping the ball from center.

The second half was a decided improvement from the point of action it afforded.

The chief criticism of the proposed change seemed to be that it slowed the game, which already has slowed up to a remarkable extent in recent years. During the first period, when the method was employed, the teams made only three field goals between them. Ten were made in the second half.

It at least was a novelty to see the two teams line up at the start of the game. There was a resemblance to football, with one team banked solidly under its goal, ready to defend, and the other outfit at the opposite end with the ball in its possession, starting a cautious advance down the floor. The whirls of action which attend the tip-

SANDIES TAKE CONTEST, 28-13

AMARILLO, Jan. 4. (Special)—A tight defense featured the defeat of the Pampa Harvesters by the Sandies here tonight, 28-13.

Teed was high point man for the locals, with 10 points. For the victors, it was Moore, with 3. Pampa scoring was as follows: Moore 3, Braly 2, Lard 2, Chastain 2, Ayres 2, Poe 1, English 1.

It was the second meeting of the two teams, Amarillo having previously defeated the Harvesters at Pampa.

CHURCHES

FIRST BAPTIST CHURCH
 Sunday school, 9:45 o'clock.
 Sermon, 11 o'clock.
 Mission Sunday school, 2:30 o'clock.
 Training service, 6:15 o'clock.
 Sermon, 7:30 o'clock.

The pastor will speak Sunday morning on the subject, "A Golden Gate of Opportunity." As we think of the past year's work of 1929, with a grateful heart to God for all His blessings, then as we turn our eyes to the new year it is a golden gate of opportunity. This year may lead us into difficulties insurmountable; trials unbearable; and sorrows over-powerful, all of which would overcome us, if we did not have His presence and help.

There may have been things in our lives last year that kept us from drawing near our Master. We should cast these things away and abide more in the secret of His presence.

The Rev. G. M. Stewart, missionary of the Canadian Baptist association, will speak for us Sunday evening. We hope the membership of this church will hear him. Come, and bring a friend with you.

Let us reach the 500 mark today in Sunday school. If you are not in Sunday school somewhere, come to the First Baptist church. The church with the big welcome.

D. H. TRUHITE,
 Pastor.
JOHN LEE HARRIS,
 Educational Director.

PRESBYTERIAN CHURCH
 The first services of the new year will be our Sunday school gathering at 10 o'clock this morning.

"Keep—Used and Unused," a New Year's message, will be given by the pastor, at 11 a. m.

Junior Christian Endeavor society, 3 p. m.

Intermediate Christian Endeavor society, 4 p. m.

Sunday evening at 7:30 o'clock, we will speak on the subject, "Something Different," the Christianity the world is compelled to recognize.

You need the fellowship of the church. Come.

A. A. HYDE, Minister.

FIRST CHRISTIAN CHURCH
 500 East Kingsmill Avenue
 Bible school is held at 9:45 o'clock. Roy McMullen is superintendent; and all classes, for young and old, are taught by the best teachers. A cordial welcome is extended all.

The Lord's supper and a sermon will be held at 11 o'clock, the service featured by fine fellowship, spiritual worship. The sermon subject is "Our Aids." Every member hear it.

Young people of four Christian Endeavor societies meet at 6:30 o'clock. Excellent training is given by capable leaders. All young people should attend every Sunday through this new year.

The evening gospel meeting will be held at 7:30 o'clock. The sermon subject for the evening will be "Walking With God." Hear it; bring others.

A service of prayer and praise and special Bible study in the book of Acts of Apostles will be held on Thursday night. Everybody is invited.

F. W. O'MALLEY
 Minister

RICHARD HENDERSON.

Mystery Man Is Buried in Columbus

COLUMBUS, Jan. 4. (AP)—The body of John Winthrop Sargent, whose thirst for adventure and for change led him ceaselessly tramping about the world, rested tonight in a country cemetery here. The funeral date was advanced a day when authorities identified him positively.

From three of his suitcases, previously unavailable, they today obtained letters, a diary and similar papers to establish the identity definitely to their satisfaction.

The paradox of Sargent's death was as striking as is the quiet place of his burial here in opposition to the turbulent scenes he had known in life.

This man, whose diary said he had served with the American army in the Philippines in 1899 and against the Boxer forces in China in 1900, was killed in an automobile accident near here several days ago.

First reports described him as a noted scientist, but subsequent information, including that found in his diary, seemed to show that he was a soldier of fortune.

He was graduated, the diary said, from Harvard and had spent some time in Oxford. He had been in Mexico with the Pearson syndicate, in the secret service of the United States and of Peru, employed in agricultural endeavor in South America, and had traveled in France, in England, and in other far places. He had served an oil company in Venezuela and had been a lecturer.

A brother was located in Maine but did not direct that the body be sent there.

Russian Wheat Sales Jolt U. S. A. Prices Downward

CHICAGO, Jan. 4. (AP)—Wheat prices went on the rocks today, and jolted downward here nearly 3c a bushel. Purchase of Russian wheat for Great Britain today, following a similar purchase yesterday for Italy, acted as a decidedly disturbing influence because of possibly foreshadowing unexpected competition. Disposition was shown in various quarters, to regard the Russian exports as merely a ruse by European importers toward obtaining cheap wheat from North America.

With rallies in progress Chicago wheat closed nervous, 1 1/2c to 2c a bushel lower than yesterday's finish. Corn closed 1-4c/3-8c to 1-2c down, oats 1-8c to 1-4c/3-8c off, and provisions showing 5c to 10c decline.

British buying of Russian wheat today was reported as consisting of 75,000 bushels of low grade wheat at a premium of about 4 1/4c a bushel over the price of United States No. 2 dark winter wheat.

Comparative scantiness of North American export business in wheat today 600,000 to 700,000 bushels including a cargo of hard domestic wheat for Portugal, operating further as a bearish influence. Notice toward the last today was also taken of an official statement from Washington reporting accumulation of evidence that native European grain supplies have been disposed of at an abnormally rapid rate, and that recognition was being given abroad to need of greater dependence upon North America than appeared probable a few weeks ago.

BUS ACCIDENTS INVESTIGATED BY OHIO OFFICIALS

WOOSTER, Ohio, Jan. 4. (AP)—Under special orders from Governor Myers V. Cooper, state officials tonight investigated three major Ohio bus accidents which Thursday and Friday cost nine lives and injured 31 persons. The investigators had instructions that if evidence of negligence is found on the part of those responsible, to "institute proceedings to bring the guilty to speedy account."

The worst of the three tragedies was the crash of a bus and a railroad train at Shreve, Ohio, near Wooster, Friday night, in which seven high school boys were killed and nine other persons injured.

Witnesses told the coroner a warning bell at the crossing was ringing and that the engineer on the train, a speeding Pennsylvania railroad mail and express carrier, blew the whistle as the crossing was approached.

Joseph Baker, 50, driver of the bus, said he slowed down near the cross-

ing and looked for a train through the window on his side of the bus. He said his nephew Willard Baker, looked out the other side, but that Willard evidently did not see the danger. Willard was one of the victims.

At the same time the shouts and songs of the other occupants of the bus, all of them students who with their coach, Maurice Lenz, were returning from a victorious basketball game at Big Prairie, drowned out the sounds of the bell and whistle.

WASHINGTON, Jan. 4. (AP)—Completing his investigation of last night's spectacular fire in the artist's studio of the capitol beside the majestic dome, David S. Lynn, architect of the building, said he was unable to determine whether the blaze had its origin with a careless smoker or from spontaneous combustion.

Four Bus Permits Will Be Sold

AUSTIN, Jan. 4. (AP)—The railroad commission today authorized the sale of four permits to operate bus lines and the leasing of another route.

Sales were approved as follows: Red Ball motor coaches to South Texas Coaches, Inc., line from Brownfield to Odessa.

Concho Coaches, Inc., to Gus Fowler and T. J. Laster, lines from Sweetwater to Stamford, from Sweetwater to Rotan, from Stamford to Seymour and from Wichita Falls to Seymour. C. T. English to South Texas Coaches, Inc., line from Crockett to Palestine.

The Pickwick stages of Texas was authorized to lease to Longhorn Coaches, Inc., for a period of three

years, a line from interstate between Amarillo and the Texas-New Mexico state line on a route between Amarillo and Raton, N. M.

Soil Survey Is Wanted in County

McLEAN, Jan. 4. (Special)—Petition asking that A. & M. college make a soil survey of Gray county is being circulated among farmers and farm owners. Leaders in the movement to secure the analysis are urging immediate signing in order that the petition may be placed in hands of college officials, and the survey made before another year's planting begins.

They are of the opinion that the analysis and subsequent recommendations upon crop rotations and fertilization methods would be of great value to the entire county, particularly to the south portion.

LIBRARY ASSOCIATION ON FIRST ANNIVERSARY IS SHORT OF FUNDS

As the first anniversary of the opening of Pampa Public Library draws near the institution's first year of service to the community comes to a close, the library association under whose guidance it was fostered and developed, is faced with a serious situation—an almost total lack of funds for its maintenance. Well stocked with books of almost every type desired and an outstanding success so far as patronage and popularity are concerned, the library nevertheless must be closed in the immediate future, according to the Rev. James Todd, association president, unless funds for paying a librarian's salary are forthcoming at once, or some arrangement made whereby the reading room may be kept open without expense.

Mr. Todd and other members of the library itself, that the present library at 7:30 o'clock Monday evening to try to devise means of raising the necessary funds. In calling the meeting, the president urged the attendance of every member, requesting that other engagements be cancelled in favor of the important board session. "Some definite progressive action must be taken," he said. "Pampa must care for the intellectual development of its citizenry, and that is best done through a library."

He pointed out that it through no lack of interest in the advantages of the library, itself, that the present financial problem arose. The library now contains thousands of volumes, practically every one of which gives evidence of having been used. There are many sets of reference texts, on a variety of subjects; several fine, modern encyclopedias; histories of every land and every age; travel books; religious tracts and commentaries; philosophy and psychology; classics of English and American literature; fiction; and children's literature—almost anything a reader would want. Consequently, the library is very popular.

Most of the books are read again, and again, according to the catalog records of the librarian. The references and histories are widely used by high school students and older persons; while the fiction and children's books are "checked out as fast as they are checked in," the librarian said. Citizens have been generous, Mr. Todd said, in supplying the books needed by the library, a recent "shower" which brought 65 children's books to the collection being an instance.

CENTRAL GIRLS TIE PANHANDLE

Pampa high school girls' basketball team played the Panhandle team to a 29 to 29 tie last night on the Panhandle court, displaying a form greatly improved since their previous encounter with the same opponents, when they took the much smaller end of the score.

Speed and precision featured the entire game, with Ruby Brown, Pampa captain, not only leading her team, but making the most consistent headway with her well calculated tosses. The starting line-up was: Ruby Brown and Adelle Edge, forwards; Yvonne Thomas and Mary Kay Martin, centers; Florence Ward and Virginia Rose, guards. Substitutions were: Betty James for Virginia Rose; Ouida Brandon for Mary Kay Martin; Aida Heiskel for Adelle Stone; Adelle Stone for Ouida Brandon.

GUSHER RUNNING WILD

HOUSTON, Jan. 4. (AP)—Blowing in and running wild at an estimated flow of 7,000 barrels, the Humphreys Corporation No. 4-A Kirby, northwest flank of Barbers' Hill, started the oil trade today and caused a hurry up call for assistance to help hold it down and get it under control.

The gusher is not only the deepest producer yet drilled around the Barbers' Hill dome, 6,414 feet, but it opens new territory for deep drilling on that structure.

BUILDING IS LIGHT

DALLAS, Jan. 4. (AP)—Dallas with \$349,505 in building permits led Texas cities the first four days of 1930. Other totals: Austin \$46,351; Beaumont 158,979; Corpus Christi 27,577; Fort Worth 17,535; Galveston 23,829; Houston 194,805; Lubbock 38,200; Pampa 8,699; Port Arthur 48,611; San Antonio 86,486; Wichita Falls 19,941.

517 Co. Cuyler

THE plan was for Cora to give her just a tiny bit of chloroform, not enough to hurt her but enough to keep her asleep while we searched the room," Sevier explained. "Cora used to be a trained nurse when she was a young girl, and she knew how to do it. I was afraid to try it by myself, because I didn't want to take any chance on killing the old lady with an overdose. Cora said the small would blow out of the room by morning with the window open, and we thought Mrs. Hogarth wouldn't even know she'd been drugged. We sort of counted, too, on Mrs. Hogarth not looking for her money for several days—long enough to give us—a chance to get clear away. And she wouldn't have been able to say just when it was stolen either."

The Avenging Parrot

"I see, you were making plans to rob Mrs. Hogarth the night of May 18—when she saw you crawling out of Cora's window," Dundee prompted. "Yeah, but I don't know how you know so much!" Sevier agreed sullenly. "What caused Cora to change her mind about helping you?" "The old lady seeing me come out of Cora's room, of course. Cora tried to rush me into getting married to her right off, so the old lady wouldn't tell tales on her to the other boarders. But I said we'd get our hands on the money first, beat it, and then get married, when it was safe. Cora thought I was planning to stand her up after the job was done, and she wouldn't go ahead with it, unless I married her first."

CHAPTER XXXV

Dundee's quiet question made Sevier's jaw drop and a momentarily blank look take the place of frenzy in his eyes. Then he made a superb effort at recovery: "I hadn't done anything wrong. I had a right to go where I pleased. And I came back here as—soon as I knew the police were looking for me."

Yeah, but I didn't see it coming. I just heard it hit the hedge, and I doped it out that it came from Dowd's window."

Dundee considered for a moment, his eyes narrowed to blue slits, as he pictured the west side of the Rhodes House. If Sevier was telling the truth—and Dundee believed he was—the cap would have been thrown, so that it would strike the hedge, from any one of three windows—Henry Dowd's, Lawrence Sharp's, or Norma Paige's.

"The something—whether the cap or not—was thrown soon after Dowd's light went off, you say?" Dundee asked. "Not very soon—maybe 10 minutes afterward. About 12 o'clock, I'd say. Sevier, almost at once, replied eagerly. "And it was exactly 10 minutes after 12 when Cora at last came up the walk. The greenhouse isn't near enough to the front porch for me to have attracted her attention, and a didn't try. I just waited till I was sure she'd had time to get to her room, and then I climbed the rose trellis. I left my straw hat on the ground by the trellis, and when I came back down I stepped on it and mashed it. But that's getting ahead of my story," Sevier caught himself up.

"I climbed up as noiseless as I could—I broke the trellis coming down, not going up—and when I got onto the porch I saw that Mrs. Hogarth's light was on. If I had seen her light, I'd have done it, but I couldn't see her light from the greenhouse. I started to turn back then, but I thought and didn't hear a sound, except Dowd snoring."

"You're sure of that?" Dundee interrupted sharply. "Sure! He'd had plenty of time to get to sleep, because he'd turned out his light more'n 30 minutes before I got up there," Sevier answered. "He was snoring real, all right, and that was the only sound there was. I figured that maybe the old lady had gone to sleep with her light on, or that she wouldn't hear me if I crawled on my hands and knees to Cora's window. When I got to Mrs. Hogarth's window I raised up on my knees and looked in. And there was Cora doing something at the old lady's desk—seemed to me later like she was looking for something in an awful hurry, but I didn't look at Cora much then, because I could see that Mrs. Hogarth had been—was—dead."

"And a sudden ague seized the prisoner's limbs. "How could you tell?" Dundee prodded. "Her back was toward the window."

"Yeah, but she was in a low-backed arm chair and I could see something black—that scarf she used to throw over the parrot's cage, the papers said it was tied in a knot at the back of her neck, it was, and her head all rolled over like her neck was broken," Sevier shivered again and raised his manacled hands to press them against his trembling mouth.

"And then—you spoke to Cora, of course?" Dundee suggested quietly. (To Be Continued)

respect all grants of diplomatic immunity.

This was strengthened by Valls himself, who, while refusing to comment on the situation, called attention to two provisions of federal law, each providing three-year imprisonment terms for any one failing to respect passports or safe conducts granted by the federal government.

Added to this evidence was a telegram dispatched by Senator Tom Connally at Marlin to Secretary of State Henry L. Stimson, in which Connally said he understood the department of the state had been given assurance that "executive and judicial officers" would respect all grants of diplomatic immunity to Mexicans traveling in Texas.

"Nothing more," Connally observed, "could be expected by Mexico or any other nation."

Arrest Made in Theft of Grocery. Hearing Is Held

Pat Howell, who was arrested by Hall county officers near Memphis Thursday night when the car in which he was riding overturned, was charged with the burglary of the Hokus-Pokus grocery and meat market last Monday night, at a hearing before Justice of Peace C. E. Cary yesterday afternoon. He was also charged with theft of the car.

Powell was lacerated about the head when the machine overturned. Other complaints against him are being investigated by District Attorney Clifford Braly. His bond was set at \$500 but he had not made bail Saturday evening.

L. F. Staten identified Powell as the man he saw in the Hokus-Pokus store, owned by T. S. Lemons, Monday night about 8 o'clock. Staten said he had gone to the store and found Powell in it. He said Powell told him that Lemons had asked him to remain in the store for a few minutes while he was away. He said there was a kerosene lamp burning in the place.

Mr. Lemons testified that he saw Powell sitting in a car in front of his store on the afternoon before the robbery.

Walter Damrosch Heard by Pupils

A radio program from the Walter Damrosch weekly series for students in high school and grammar grades was heard Friday morning by the fourth and fifth grades of West Ward, who listened in over the radio recently presented the ward schools by the Parent-Teacher associations of the city.

The program was one arranged by the famous symphony conductor, special ly for students of their ages. The young audience had been prepared for a fuller appreciation of the numbers by emotional interpretations and background, and was said to have enjoyed the program very much.

The radio is to be kept in each of the ward schools and junior high for one month, during which programs appropriate to the various ages of students will be heard. The Walter Damrosch series is graded, with programs alternating for the older and younger groups. Several of the programs have been heard over the school radio and a majestic furnished by courtesy of the Oden Music Shoppe.

McLean Test Will Be Rushed From Now to Completion

McLEAN, Jan. 4. (Special)—The Vulcan Oil and Gas company is preparing to run the 12 1-2 casing in its No. 1 Carpenter, section 25 block 25, north of McLean, which is set below 300 feet, with the 15 inch casing set. Completion of the test will be rushed.

Officials of the company are said to consider indications very favorable for a good producer. The location is near the Back discovery well, which is thought by many scouts to center a profitable pool.

CAUGHT WITH LIQUOR

While Sheriff E. S. Graves was searching for a person for whom he had a warrant in connection with a theft case Friday night, he walked into a filling station in South Pampa, where a man was filling pint bottles with whiskey.

He arrested Henry Nichols and seized nine pints and a gallon jug of whiskey. The man is being held in county jail on a charge of possessing intoxicating liquor.

Mr. and Mrs. William Barrett Entertain at Home Thursday Night

Mr. and Mrs. William Barrett entertained a few friends at their home in Phillips camp on Thursday evening. Their guests for dinner and bridge were: Mr. and Mrs. J. M. Powell, Mrs. Grace Higgins, Miss Mate Bubar of Minneapolis, Minn., Glen Poole, and L. F. Briggs.

Attractive accessories for the game lent the tables added interest. Mrs. Powell and Mr. Briggs held the high scores and received favors.

CONDITION MORE CRITICAL

The condition of H. M. Davis, who has been critically ill for the last several weeks, was considered decidedly less favorable yesterday than it had been earlier in the week, when a slight improvement was noted, according to messages arriving here yesterday from Dallas, where he is a patient in the Dallas Medical clinic. His daughter, Miss Mabel Davis and his son, W. L. Davis, left Thursday to join other relatives who are with him.

McLean to Elect Chamber Officers Monday Evening

McLEAN, Jan. 4. (Special)—The annual election of officers of the McLean Chamber of Commerce will be held Monday evening, following the report of the nominating committee. All citizens of McLean have been invited to attend the election.

The annual banquet, for which plans will be discussed Monday evening, will be held some time after this month, under the direction of the new staff of officers.

CABLES HIS GREETINGS

Bill Jackson, widely known ranchman of Gray county, sent his New Year's greetings from the Thursday Islands, by way of cablegram. J. R. Roby of this city received one of the messages. Mr. Jackson is touring the South Seas.

Miss Mate Bubar has returned to her home in Minneapolis, Minn., after spending the holidays with friends in Pampa.

New Beauty

FOR THE NEW FORD

THE NEW FORD COUPE

Flowing grace of line gives style and distinction to new, roomy Ford bodies. Now on display at dealers' showrooms

THE NEW FORD CARS, shown last Tuesday for the first time, have been enthusiastically received throughout the country. Everywhere it is realized that now, more than ever, the new Ford is a "value far above the price."

One of the distinguishing features of the new Ford bodies is the carefully planned harmony of every detail of design. From the new deep radiator to the tip of the curving rear fender there is an unbroken sweep of line—a flowing grace of contour heretofore thought possible only in an expensive automobile.

LOOKING at the new Ford you are impressed instantly by its smart style and compact, substantial sturdiness. For there is about it a certain character or personality which sets it apart and gives it a fresh and lasting beauty. You will take a real pride in this beauty just as you find a real thrill in the alert, capable performance of the car.

All of the new Ford bodies are finished in a variety of colors, with new striping and new streamline moulding. Interiors have more leg room. Closed cars have adjustable front seats. The smaller wheels, with larger tires, bring the car closer to the road, with a consequent gain in riding comfort and safety.

An additional feature of importance is the Rustless Steel used for the radiator shell, head lamps, hub caps, cowl finish strip and tail lamp.

This Rustless Steel will retain its bright, gleaming luster throughout the life of the car. It will not corrode, rust or tarnish in any kind of weather. Its brilliance is permanent. There is no plate to wear off, crack or scale, for it is the same bright metal all the way through.

The use of this Rustless Steel on the new Ford is a reflection of the enduring quality that has been built into every part of the car.

AT today's low prices the new Ford is unquestionably an outstanding value. Check it over feature by feature and you will see that it brings you everything you want or need in a modern automobile:—beauty of line and color . . . safety . . . comfort . . . speed . . . power . . . quick acceleration . . . ease of control . . . economy of operation . . . low up-keep cost . . . typical Ford reliability and long life.

NOTE THESE LOW PRICES

Roadster . . .	\$435		
Phaeton . . .	\$440	Tudor Sedan . .	\$500

It is not the intention of this newspaper to injure any individual, firm, or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

MANY HUNDREDS OF GRAY COUNTY RESIDENTS MUST YET PAY FOR THEIR AUTO LICENSES. IF EACH WOULD PAY HIS POLL TAX AT THE SAME TIME THAT HE GETS HIS LICENSE, MUCH TIME WOULD BE SAVED.

Candidates for public office are announcing almost daily. Every one of Gray county's eligible voters should pay the tax that permits him to exercise his right of franchise.

The right to vote required generations of effort and much bloodshed; why ignore it now? Too few persons have paid their poll taxes up to now!

THE WETS ARE THROWING UP THEIR HANDS IN HOLY HORROR BECAUSE A FEW RUM-RUNNERS HAVE BEEN KILLED WHILE FLEEING FROM COAST GUARD BOATS.

What is worse, a number of otherwise reputable citizens have joined this remonstrance under the personal liberty idea. What do they expect of the Coast Guard? Do they think the desperate characters who run booze will answer a word of command? Do they expect the government officers to use a lasso?

If a burglar disobeys orders to halt as he slips into the shadows and is shot, the officer in the case is hailed as a protector of the public. If a bank

bandit flees everyone who can find a gun joins the posse in pursuit. If a convict escapes he is a dangerous menace to society who should be caught at all cost. A rum runner is of the same class. He breaks the prohibition and the revenue laws at the same time. He should be arrested. The only way a speeding rum boat can be halted is to send a well-placed shot across her bow. A command to "Halt!" is ridiculous and impotent unless there is power behind it. To take away that power is to weaken respect not only for law, but for the nation behind that law.

The enforcement branches of the nation should not only be armed, but armed better than those criminals with whom they deal. There should be no sympathy wasted on those caught in the commission of a felony. The government boats should be the fastest in the waters along the boundary. Interior officers are arming themselves with sub-machine guns to combat gangsters and bandits similarly armed. It is illogical to say that the Coast Guard should be denied the same privilege.

There should, of course, be no wanton shooting by government officers. Theirs should be the warning shot, if any; the criminal gives no warning. Officers who needlessly kill should be punished vigorously, but capable Coast Guardsmen who shoot in accordance with the righteous demands of their duties should not be condemned.

Charles Howson, mining engineer, who has headquarters in Mexico City, is visiting his wife, who is here from Denver for the holidays, and his daughter, Mrs. N. A. Helstead.

Mrs. Emma LeFors and Mr. and Mrs. George Rainouard spent yesterday in Amarillo.

Miss Wilma Chapman made a business trip to White Deer yesterday morning.

Tom Clayton left yesterday morning for Dallas, where he was called by the critical condition of a brother, Irwin Clayton of Lamesa, who is there in a hospital.

When "The Cocoanuts" opens at the Rex theatre today for 3 days, a real Broadway musical comedy will be available to everybody. On the talking screen, "The Cocoanuts" is the same show that thrilled New York on the stage for one long year at \$6.00 a seat. It is all-talking, all-singing, all dancing, all-laughing. It is the first successful attempt to bring the methods of musical comedy to the screen at popular prices.

MOVIES

At the Rex
 The "world's four funniest men," two of Broadway's greatest musical comedy favorites, groups of dazzling chorus girls in a swirl of scintillating dances and the tuneful Irvin Berlin melodies make "The Cocoanuts"—the talking screen's first musical comedy sensation, the most surprising entertainment ever offered in Pampa.

When "The Cocoanuts" opens at the Rex theatre today for 3 days, a real Broadway musical comedy will be available to everybody. On the talking screen, "The Cocoanuts" is the same show that thrilled New York on the stage for one long year at \$6.00 a seat. It is all-talking, all-singing, all dancing, all-laughing. It is the first successful attempt to bring the methods of musical comedy to the screen at popular prices.

out a Marx Brothers show. Last season it was "Animal Crackers." The season before it was "The Cocoanuts." Now "The Cocoanuts" is coming here with the wise-cracking Marx Brothers cracking their famous cracks and Oscar Shaw and Mary Eaton both famous as Ziegfeld follies stars, singing and making love in the romantic leads.

The chorus work, especially interesting because of the unique camera angles from which it is shot, is beautifully performed by groups of Gamby-Hale and Allen K. Foster girls. A strong supporting cast includes Katherine Francis, Margaret Dumont, Cyril Ring, Basil Ruysdael and Sylvan Lee.

Irving Berlin, who wrote the music for the original show, added a special new theme song, "When My Dreams Come True," for the screen presentation and an exceptionally fine orchestra accompany the singing and dancing.

At the Crescent

That seemingly insignificant circumstances often change the entire tenor of one's life, is the firm belief of Dorothy Burgess. But for the fact that one of Raoul Walsh's friends called off a dinner engagement, she might still be on the dramatic stage instead of playing one of the prominent roles in "A Song of Kentucky." Fox Movietone all-talking romantic comedy drama, which begins its local engagement today at the Crescent theatre.

When Walsh's dinner party was cancelled, he decided to go to the theatre

to kill the evening, and selected "The Squall," playing in Los Angeles, as his objective. The director had "In Old Arizona" well started in production and for weeks had been searching everywhere for a girl to portray the character of "Tonia Maria"—and he found her that night playing an ingenue part in "The Squall."

That is how Dorothy Burgess became a motion picture actress. Her portrayal of the half caste girl was ample justification of Walsh's unerring judgment. It was one of the outstanding screen performances of all time.

In "A Song of Kentucky," Miss Burgess enacts the role of a scheming and jealous girl who shatters the romance of two lovers, but later confesses her perfidy and brings about a happy understanding.

The lovers are portrayed by Joe Wagstaff, brilliant young actor from the New York stage and Lois Moran, well known and popular screen actress.

Greatest Chevrolet Is on Display At Culberson-Smalling Company—It Is Improved in Scores of Places

The Chevrolet Motor company Saturday announced a new car for 1930 known as "The Greatest Chevrolet in Chevrolet History," through the showing at the local Culberson-Smalling Chevrolet company.

Announcement of the new car came right at the close of Chevrolet's greatest year, for the sensational success of the six-cylinder Chevrolet, introduced just a year ago, resulted in an output of 1,350,000 cars this year, breaking by a wide margin all former Chevrolet annual production records.

New car shipments have been going out to dealers for the past ten days, with deliveries to owners starting Saturday. The cars went on display in thousands of Chevrolet showrooms from coast to coast, while at the same time the announcement of the new car was being broadcast through the advertising columns of more than 6,500 newspapers.

Scores of distinct improvements have been made in the 1930 Chevrolet line. Greater beauty, added safety factors, improved riding comfort and better all-round performance with added power, and faster acceleration are announced as features of the new line.

Larger tires, small wheels, Delco-Loejoy hydraulic shock absorbers at all four wheels, Fisher's anti-rattle glare VV windshield and vastly improved four wheel braking system are some of the highlights.

Brakes are of the internal expanding "articulated shoe type" both front and rear, those on the front wheels having two shoes while those on the rear have four. These brakes, also, are fully enclosed giving perfect protection against water and dirt.

The brakes represent an innovation not only in the Chevrolet line but the entire passenger car field. The length of service that these linings give in the new design Chevrolet brakes is second to none. The brakes may be adjusted without the removal of any plates from the brake drum and operate with equal efficiency on all four wheels. The brake drums are 11 1/2" in diameter. The emergency brake is an independent unit operating on the rear drums. A new method of construction known as the "articulated shoe type" assures uniform braking under all conditions of temperature. Tests at the General Motors Proving Ground show that the new brake will stop a car traveling thirty miles per hour in two and two-tenths seconds within 48 feet.

The attractive new closed bodies, in a variety of colors, carry the famous Fisher stamp of craftsmanship. Eight models, three of which are new to Chevrolet, comprise the line. Of these eight, five are closed cars and three are open. The closed cars are the sedan, coach, coupe, sport coupe and club sedan. The open models are the roadster, sport roadster and phaeton. The models new to the line this year are the sport coupe, sport roadster and club sedan.

The six cylinder valve-in-head engine introduced a year ago, after four years of research and development, has been further improved and refined. Since the introduction of the six 1/2-year ago, test cars have run up more than a million miles of driving at the General Motors Proving Ground in the working out and the justifying of the improvements found in the 1930 car. All the resources of the General Motors Research Laboratories and the Chevrolet experimental laboratory were placed at the disposal of the Chevrolet engineering staff in this work.

Working with Chevrolet's chief engineer, were General Motors engineers and Proving Ground engineers, with 18 Chevrolet engineers assisting their chief in supervising the development and refinement of the improved six cylinder motor found in "the Greatest Chevrolet."

The result of the efforts of this engineering talent is a smoother, quieter, more powerful motor. The new engine, fully enclosed, with a high compression non-detonating head, develops 50 horsepower.

The brake horsepower has been increased over the entire speed range. At 1000 revolutions per minute 24.5 horsepower is developed and the maximum of 50 horsepower is attained at 2,600 revolutions per minute. This increase in power assures a marked improvement in acceleration and hill climbing ability. At normal driving speed the new engine develops many times the power required to drive the car. Specifically the rear axle has been redesigned while the differential unit has been strengthened and its oiling system redesigned to insure long life and quiet operation.

Easier riding and greater quietness spring shackle in which bushings in the spring eyes and brackets are eliminated, thus doing away with wear. Hardened and ground tubular pins, with tapered ends, are pressed into the springs and brackets while oil forced into them forms a large reservoir, making frequent lubrication unnecessary.

Another improvement bringing about easier riding, is found in the Delco-Loejoy hydraulic shock absorbers, in the form of a rigid link rod instead of a strap connecting the operating arm with the chassis and insuring positive transmission of all rebound movements.

A new type of gasoline gauge of unusual accuracy is found on the new Chevrolet. A double float in the tank insures correct reading of this gauge regardless of the position of the car.

The position of the steering wheel in relation to the seat has been changed, making the driver's position more comfortable. The horn button in the center of the wheel has been made more accessible and easier to operate by increasing the height of the crown and improving the design of the rubber bellows.

Appearance and riding qualities of the car have been improved through a change in the tire size from a 4.50-20 to 4.75-19. The rim diameter has been reduced one inch.

Disc wheels are provided as standard equipment on all models except the sport roadster and sport coupe. The wire wheels on these models are equipped with drop center rims and are demountable at the hub. The large wire wheel hubcaps are chromium plated and of beautiful and distinctive design. The neat Chevrolet emblem at the center with raised polished border and black center is surrounded by a hammered background. This is surrounded by a polished ring within a black ring.

Any possibility of the hood rattling has been eliminated through the addition of a rubber bumper mounted on the upturned flange of the fender skirt, against which the hood bears.

The instrument panel design and arrangement this year is entirely new. The instruments are all mounted on a single carrier plate which is assembled from the rear. This permits the removal of individual instruments for service. Spark and throttle controls

Lighter Weights of Cattle Bring Better Prices

KANSAS CITY, Jan. 4. (AP)—(U. S. D. A.)—Livestock trade around the eleven-market circuit this week was featured by a fairly broad demand for most classes of cattle except fed steers with weight. Lighter weight steers, yearlings and she stock, firm to 25c higher. Matured steers with quality and finish shared in the advance. Receipts 154,398 against 114,145 last week and 155,487 the corresponding period a year ago.

Hog prices uneven, 5 to 45c higher than a week ago. St. Louis had a closing top of 10.10. Offerings 424,900, an increase of 79,000 over last week but 213,000 short of the same week a year ago.

Fat lambs sharply lower the fore part of the week but on late sessions a large portion of the decline was recovered. Closing values steady to 25c lower as compared with a week ago. Matured sheep steady. The supply approximated 172,000 against 172,062 last week and 205,080 a year ago.

Mr. and Mrs. F. C. Workman have returned from a two-week holiday trip on which they visited in San Antonio, various points in the Rio Grande Valley, and New Orleans. They were accompanied to New Orleans by Mrs. Workman's parents, the Rev. and Mrs. William Shultz, who took the boat there for Tampa, Fla. They had spent eight weeks in Pampa with Mr. and Mrs. Workman.

as well as choke are located on the instrument panel, which is indirectly lighted.

Like a Watchman on Duty

54
7430

The forces of the Central States Light and Power Company, like a watchman on duty, are ever alert to serve the best interests of its friends and patrons, watching over them while they sleep. Engineers, linemen, pipe line repairmen and hundreds of others, regardless of how low the mercury drops, are constantly on the watch tower, as it were, waiting, watching and listening, endeavoring to discover the slightest variation in our main line pressure. Should the pressure drop the least bit, just enough to show on the pressure gauge, our forces are immediately on the job seeking to discover the reason and to correct the fault.

ARE YOU AS WATCHFUL?

We hope you are, but many gas consumers are far too indifferent to their best interests. Many cannot tell you what size pipe leads from the mains onto their property, neither can they tell you the size pipe conveying gas into the various rooms in their home. Some know nothing whatever about the connections on the lines, whether oils or tees were used or how many. We will be glad to have you take advantage of the courtesies we extend to our customers and prospective customers. Before plumbing your new home let us advise you on the size lines, fixtures, etc., that will give you the best service. We have the gas and want our friends and customers to receive the benefit of the preparations we have made for them.

Today

- Chevrolet announces

THE GREATEST CHEVROLET IN CHEVROLET HISTORY

Today, Chevrolet presents the Greatest Chevrolet in Chevrolet History—a smoother, faster, better Six—with beautiful new bodies by Fisher.

Basically, it is the same sturdy, substantial Six which won such tremendous popularity in 1929. But it is a greater car in every way—for there are scores of

vital improvements which contribute to every phase of comfort, performance, endurance and safety!

An improved six-cylinder valve-in-head motor, with its capacity increased to 50 horsepower; four Delco-Lovejoy hydraulic shock absorbers; fully-enclosed internal-expanding weather-proof

brakes; a new dash gasoline gauge; heavier and stronger rear axle; Fisher non-glare windshield; larger tires—

—these are typical of the many improvements found throughout the entire design of this greatest of Chevrolets.

But most impressive of all—this smoother, faster, better Six is available—

=at greatly reduced low prices!

During 1929, more than a million three hundred thousand persons bought six-cylinder Chevrolets. This enormous volume has made possible many savings in the Chevrolet factories—and, in keeping with its long-established policy, Chevrolet is sharing

these savings with the public. No written description can do justice to the extra value and quality provided in this new car. Visit your Chevrolet dealer—see this car—check its new features—ride in it—and judge for yourself the sensational value it represents.
