ANOTHER BILL DEALING WITH BANKS VETOED

PLAN AFFECTING STATE DEPOSITORY BANKS DISAPPROVED

REPEAL LAW IS SIGNED

HOPKINS WILL TRY TO PASS BILL OVER 'MA'S' VETO

AUSTIN, May 19 (AP)—Governor Miriam A. Ferguson today vetoed two bills, one to permit insolvent banks to remain open while they are being liquidated and the other affecting state depository banks.

In vetoing the bill by the Fort Worth representatives the governor said if the bill were permitted to become law the state depository board could extend the time of payment of state funds deposited in state depositories when "said funds are sorely needed by the state to pay its current obligations."

Senator Hopkins gave notice that he would attempt to pass his bill over the governor's veto. The bill and the governor's veto message was referred to the senate committee on banking.

Hopkins told the senate the bill was intended to serve a good purpose "both to banks and to individual depositors."

AUSTIN, May 19 (AP)—Governor Miriam A. Ferguson today, filed with the secretary of state with her approval a bill providing for a state convention to express Texas' sentiment toward repeal of the eighteenth amendment to the federal constitution.

Under terms of the bill those who repeal and those against repeal will hold conventions in Austin on June 27 to select candidates for delegates to a state convention to be held in Austin on November 27 when it shall be decided whether this state shall ratify the prohibition repeal amendment submitted by congress or reject it.

GIVEN FURLOUGH AUSTIN, May 19 (AP)—Governor Miriam A. Ferguson today issued a sixty-day furlough extension to N. L. Speer, former sheriff of Walker county and at one time warden of the state penitentiary, who was convicted of theft and sentenced to three years in the penitentiary.

Have You "Discovered" This Panhandle Wonder?

This picture of a portion of the tremendous Palo Duro Canyon gives little conception of the depth and beauty of this beauty spot of the Panhandle, which through construction of a scenic highway will be made more accessible to visitors. Far

too few persons living in this section are familiar with the Palo Duro. Developments looking to the establishment of a state park in the canyon, with a 30-mile highway down the very heart of the stupendous gorge, have been rapid with

the organization of Panhandle citizens from seven counties to secure right-of-way and to assist state officials in getting work started in the immediate future on actual improvements.

D. E. Colp, chairman of the Texas park board and John W. Pritchett of the state board of water engineers, spent five days in viewing the canyon and in conference with delegations from the various committees interested in the project.

At the organization meeting, an executive committee of seven, with T. E. Johnson of Amarillo as chairman and Clyde Warwick of Canyon as secretary, was chosen; the location of the first highway into the canyon was selected, preliminary surveys were made by the state officials, and local committees are securing right-of-way.

In the picture above is shown the point where the scenic highway will enter the canyon 11 miles east of the city of Canyon at the exact site where Col. Charles Goodnight drove his first herd of cattle into the Palo Duro 56 years ago.

The highway will follow his trail for 25 miles to the site of his first home-stand, and will extend five miles further to where it connects with a road crossing the Palo Duro almost due south of Claude, thus affording an outlet both north and south. The ultimate plan is to extend other outlets to Clarendon and Memphis on the east, Tulla to the south and Amarillo to the northwest, but first efforts are being centered on the 30-mile improvement program down the Goodnight trail.

A good road now runs to the point of entrance from Canyon, a distance of 11 miles. Serving on the executive committee with Mr. Johnson and Mr. Warwick are the following county directors: Ed Baird, Randall; L. P. White, Armstrong; Odos Caraway, Donley; Dr. W. C. Dickey, Hall; Dr. J. W. Stevens, Swisher; and J. E. Bain of Briscoe.

GOAL OF EDUCATION IS TO FORM SIGNIFICANT ATTITUDES, ASSERT GRADUATES AT FINAL EXERCISES

Junior High Students Fourteen Boys To Be Graduated Leave To Join U. S. Tree Army

EDUCATION as the "eternal debt of adulthood to youth" was ably discussed by student speakers last evening at the First Baptist church, where the impressive Pampa high school graduation service was carried out as scheduled.

Today Junior high school students looked forward to their own graduation program at the Methodist church at 8:15 p. m. About 200 pupils will be graduated, according to Principal R. A. Selby.

Grades were to be given out at the schools this afternoon, the hour in most instances being 2 p. m.

Two contrasting elements—the preservation of democratic society and the expression of the individual—in education were discussed by George Keasbey, valedictorian of the class of '33, in his speech last night. His subject was "The New Individualism." Quoting speakers who preceded him that "we are everywhere extending materialism so as to include all important attitudes, generalizations, and appreciations and a full understanding of life's institutions and problems, as well as those conventional skills and facts which so long composed its exclusive content." He spoke of a social life which was essential in providing for individual differences and capabilities.

A New Goal. "The old goal," he said "were culture and discipline of the mind; the new goal is a significant life for every individual—better and happier citizens, more able to adjust themselves to the always changing world about them."

He showed that public free schools were intended for this purpose, that free expression in the classroom, laboratory, and project, and banishment of narrowness are part of the new program of individualism. Moreover, he said that new emphasis is being placed upon spiritual and emotional richness, to attain which the fine arts have been added to the curriculum. He spoke of a social order in which not motor cars and high wages alone would be the goal, but rather that every individual would be able to attain the fullest stature of which he were innately capable, and would be recognized for his real worth regardless of fortuitous circumstances of birth or position.

"Greatest Crisis." The national crisis in education, occasioned in part by the people's critical attitude toward all public activity, was detailed at length by Myrtle Fae Gilbert, one of the two salutatorians. She quoted former President Hoover, who said that education "is our greatest business. It

MARLAND PLAN CAN REGULATE CRUDE OUTPUT

TO ASSIST STATES IN ENFORCING WASTE ORDERS

FORBIDS IMPORTATION

WOULD LIMIT IMPORTS TO DAILY AVERAGE OF 1932 YIELD

WASHINGTON, May 19 (AP)—A measure lodging wide oil regulating powers in the secretary of interior was introduced today by Representative Marland (D., Okla.) in advance of the transmission by President Roosevelt of a letter to leaders recommending enactment of such legislation.

The administration expects the legislation to be attached to the pending public-works-industry control measure. The president was expected to send a letter to Speaker Rainey and Vice-President Garner later in the day recommending the legislation.

Marland said in a statement the purpose of the bill is to aid and assist the oil producing states in enforcing "those laws intended to prevent both physical and economic waste."

The bill declares it to be the policy of congress to prevent waste through production in excess of demand.

Imports Forbidden "This bill also declares it unlawful to deliver or receive for transportation in any manner any natural gas, petroleum, or petroleum products, produced or withdrawn from storage in excess of the market demand determined by the secretary of the interior or in violation of any of the laws of the producing state," Marland said.

It also would forbid importation of petroleum or its products "with-out a certificate from the secretary of the interior stating that such crude petroleum or its products are imported in accordance with regulations concerning the market demand, provided that so long as the United States has the capacity to produce sufficient crude petroleum to supply the nation's consumption demands and its export trade, the secretary is directed to limit petroleum imports to the daily average during the last six months of 1932."

The secretary of interior, under Marland's bill, would have authority to allocate to oil-producing states "their equitable proportions of the total market demand."

Advertising and Selling 'Knots' To Be Analyzed

Managers of local firms are especially urged to attend the opening of the Business Institute at the city hall at 10 o'clock Monday morning under the auspices of the Pampa Daily News and the Board of City Development.

At that time Henry W. Stanley, noted economist, will explain the three-day free course in business administration and will tell store managers how best to use the course for the benefit of employees.

Lectures will be given daily at 10 a. m. and 2:30 and 7:30 p. m. They are up-to-the-minute discussions of present-day problems and salesmanship. A committee of business men, realizing the great value of such a course, will make personal calls to explain the course.

This business course, which is being offered without charge to the local merchants and salespeople, is a new service being given by the trade extension division of the Dallas chamber of commerce. Through this unusual opportunity to study modern business methods, a new chapter in trade development of the southwest is being written. The institute will be held at the club rooms in the city hall.

### BOOKS WILL BURN—THOUGHTS ENDURE

It is almost like going back into the middle ages to read of Germany's attempts to put the torch to all books which do not conform to the notions of Adolf Hitler.

Those bonfires, dotting public squares from one end of Germany to the other, may have seemed to the Nazis like the beacon fires of a new day, a day in which every thing "non-German" is to be destroyed. In reality they marked the camps of an army engaged in the most hopeless of all lost causes—the attempt to make force triumph over the ideas of men.

It has been tried before, over and over again. Roman emperors and Spanish inquisitors have tried it, Russian czars and French kings, courts civil and religious—and it has never worked.

Books have been burned and their authors have been burned, all of the resources of great kingdoms have been enlisted to stamp out ideas that rulers did not like; and nothing of permanence has ever been accomplished. The fight against a book, against an idea, against a song, is one fight in which ultimate defeat is written in the stars.

When a man gives a book to the world—provided that his book has real meat in it and not just a tale told to amuse idle minds—he contributes something which his fellows will use as long as it contains anything of value for them. A book is the embodiment of a dream, the clothing in words of a vision, the incarnation of an idea; and it is one of the ironies of existence that such things, utterly lacking in material substance, are among the world's imperishables.

To be sure, you can take the book and burn it. You can take the author and burn him too, if you like; you can send soldiers into homes and dispossess any people you find reading the book or talking about it. But you accomplish nothing, aside from adding momentarily to the world's stock of pain and its list of heroes. History will remember you only because you tried the impossible.

And the thing you fought against will go on working, as long as there is any work for it to do. Your bonfires will die down and their ashes will grow cold; but the flame that was the book itself will keep on burning as long as men anywhere need its light.

Now that the Presbyterian Board of Foreign Missions has accepted Mrs. Pearl Buck's resignation, it is probably just as well. They couldn't very well pass the buck, could they?

Money talks, they always used to say, but under the new bill it will have to listen for a change while President Roosevelt does the talking.

Kansas City man lost 45 cents in a bridge game and shot himself because he couldn't pay. Must have lost it to his wife.

Chicago wife sues husband for separate maintenance, and says she'll take it in vegetables, he being a farmer. He'll probably send seallions.

## CHOCOLATE IS 8-5 FAVORITE

NEW YORK, May 19. (P)—Cuba's fistic pride, Kid Chocolate, defends his share of the featherweight championship against Seaman Tom Watson of England in a 15-round bout in Madison Square Garden tonight.

Despite the stomach ailment that forced postponement of the duel last week, Chocolate rules an 8 to 5 favorite to retain the crown he holds by grace of the New York State Athletic commission. Freddy Miller of Cincinnati holds national boxing association recognition for the same title.

Chocolate has fully recovered from his recent illness and likewise has regained the poundage that he lost while he was under the weather. For a while he tipped the beam at little better than 120 pounds. He probably will be close to the featherweight limit of 126 pounds at weighing-in time.

One of the world's cleverest boxers, fast and a hard puncher to boot, Chocolate has plenty of fistic "class" but he may find Watson a stubborn and troublesome foe. In the first place, the Cuban negro never has shown any decided liking for the long 15-round route nor does he care much for rough, aggressive, crowding foes. Watson, in his one match in this country, revealed himself as just that kind of a brawler. He crowded Fidel Labarba through 15 rounds of busy action and won a clean-cut decision over the Californian.

(Continued from Page 1)

quently asked this writer is that of whether this country is drifting toward an actual dictatorship. President Roosevelt has denied this trend, while recognizing, as we do, that congress has conferred extraordinary powers temporarily. General Pershing has so well outlined the situation in the current American magazine that we are going to quote him here:

"The countries really experienced in democracy—the United States, Switzerland, England, the British Dominions, the Scandinavian countries—have not been and are not now threatened with dictatorships. In America today we have none of those conditions upon which dictatorships have flourished in Europe. We have no such national chaos and paralysis as affected European countries, no powerful and experienced agitator, no large and discontented army, no well-organized and fanatical group of any size.

"America does not need a dictator to act decisively in time of emergency. In recent months we have been faced with an emergency just as real as that in 1917. More serious, indeed, because in war at least know who our enemies are. Year by year, month by month, for nearly four years, our nation has been hemmed in closer and closer by unemployment, contracting credit, frozen debts, falling prices, declining trade. On March 4, the very day that President Roosevelt entered office, the banks throughout the country were closed.

"With a national crisis pressing hard upon us, it was a time which cried aloud for speedy, decisive action. Congress, with its time-honored and complicated procedure, plainly was not equipped to give us such decisive action. Though both houses of Congress contained many men of distinguished ability and intelligence, events were moving too fast for discussion and political compromise—too fast for the cumbersome processes of legislative organization. Here, certainly, it would be thought in Germany, Russia, Italy, or the Balkans, dictatorship was inevitable.

"But Americans don't do things

that way. The American people understand, as did their president, that decisive action was necessary. The necessary power, therefore, was quickly concentrated in the executive. He was able to act with the speed and efficiency of a dictator."

### Hereford Woman Faces Charge In Husband's Death

HEREFORD, May 19 (P)—Funeral services were arranged here today for A. H. Beauford, 51-year-old Castro county farmer, who was shot to death seven miles south of Hereford yesterday.

His widow, Mrs. Annie Beauford, has been charged with murder for the shooting, which she claimed was accidental. She was released under \$2,500 bond.

Mrs. Beauford told officers that her husband called to her from outside their farm house to bring him a shotgun to shoot a rabbit. She said the gun discharged accidentally as she passed through a door.

SYNOPSIS: Three murders have shattered the peace of a small hotel in Southern France; three murders, all unsolved. They are connected, at least in the minds of Jim Stendean and the detective David Lorn, with an attempt to secure the tokens by means of which Sue Tally must identify herself to her brother Francis, and thus secure half her father's huge fortune. Then, expected by no one, Francis Tally arrives.

### Chapter 36 NEW COMPLICATIONS

I WAS on my feet. I was barely conscious of Lorn standing just behind me. Sue was standing too, looking white and incredulous, and even her lips looked pale and stiff. Her eyes were wide and fastened on the newcomer's face as if in frantic effort to recall it.

"Francis," she said in a whisper. He was fairly tall, moderately slender, and blond with grayish eyes. He wasn't altogether handsome, for his features were a little too fine for a man, and his mouth was not firm. He wore gold-rimmed spectacles, which gave him a pedantic look, and he was muffled up in coats and gloves and a woolen scarf.

His eyes back of the spectacles were very sharp—as sharp as Grethe's, who was watching him with an expression that indicated strongly that here was at last the mouse she'd been waiting for. He smiled a little uneasily and said, in a rather uncertain voice: "Sue, I suppose."

She said nothing, just looked at him, and as no one else spoke he seemed to feel that his greeting was a bit lacking in something, for he put out his hand and smiled more broadly and said: "It's difficult to know just how to greet you, Sister. We are almost strangers."

"Quite," said Sue in a frozen small voice, and laid her hand momentarily in his.

Francis Tally was growing more at ease. He looked at me and then discovered Lorn.

"Ah," he said at once. "How do you do, Lorn?"

"How do you do," Lorn said in an unexcited way, quite as if he'd known all along that brother Francis was about to turn up.

"Everything going well?" asked Francis Tally easily.

Lorn's eyebrows lifted a fraction of an inch.

"Not exactly well," he said. "Still, Miss Tally is quite safe."

"This," said Sue, "is Mr. Stendean."

Francis Tally looked sharply at me.

"Stendean?" said he.

"He has been very kind," said Sue stiffly, as if words were extremely difficult. And exactly then Marianne, in the dining room, sounded the clattering bell which announced lunch.

"It's—lunch," said Sue in a relieved way. "You'll share my table—Francis?"

"Good," said Francis, also looking relieved. "I had a very early breakfast. What's the trouble here, though—why all the police about the place?"

For a full moment no one spoke.

Then Sue said in a voice that did not belong to her: "I'll tell you after lunch."

He looked puzzled and I think would have questioned further, but Grethe silkily intervened.

"You'll want to wash before lunch," she said, smiling pleasantly into his eyes. "I'll show you to a room. We are—temporarily without a porter."

LORN coughed. I realized that for the first time in my knowledge he seemed to be what in another man I should have called thoroughly disconcerted. He said:

"Er—Mr. Tally—you'd better—er—see the police first."

"See the police?" Tally paused in the act of turning to follow Madame Grethe.

"Yes," said Lorn. "You see—well, the police are here because—there've been three murders here in the last few days."

"Three murders?" said Francis. "You don't mean here? Right here in the hotel?"

"Yes. We are all practically jaded here for the time being."

It struck me that Francis Tally was either an extraordinarily brave man or he was extraordinarily callous. He said:

"H'mm. Well. What's the reason for it all?"

Lorn's hidden dark eyes went to Madame Grethe. He said cautiously: "I don't know. But I doubt if they'll let you stay here."

Luckily for you, I wanted to add. Lovascian's self-importance in crooked Monday.

is our only indispensable business." Miss Gilbert pointed out that educational holdings in the United States amount to more than \$11,000,000,000. In Texas alone, public school property of elementary and secondary schools is valued at \$306,000,000. The physical property of the Pampa independent district is valued at about \$750,000, though the original investment was even larger.

Both Miss Gilbert and Miss Opal Deagon, the other salutatorian, discussed education and cultured living from the standpoint of its basic worth, not merely its material cost. They reminded the audience that education costs less than 4 per cent of the national income in any year, while more than this is spent annually for tobacco and chewing gum.

**Heavier Load Now.**

Greatly increased enrollments in recent years have made cost of education increase, and the depression by decimating opportunity of young people to work has encouraged them to stay in school through graduation. In short, the schools have "increasing responsibilities, decreasing resources." Many schools have been forced to shorter terms, to have bigger classes, to hiring of inexperienced teachers at lower salaries, to suspend building even to care for larger bodies of students.

The student speakers said that many courses were feasible and practical, but many dangerous. They advocated doing away with some "fads and frills" but retaining good teachers and refraining from overloading them. Many extra-curricular activities, such as physical education, music and commercial courses were described as necessary to prepare students for today's world.

Alfred E. Smith was quoted as follows: "A state can afford to lose time on the construction of a road, a bridge, or a building, and by speeding up construction at a later time possibly catch up, but education must be continuous. Time lost in preparing our children to take their places in the world cannot be made up. There are only a few certain years in which the great majority of them can attend school, and during that period it is the solemn duty of every state to provide full and complete education."

**PILOTS KILLED**

LONDON, May 19 (AP)—Two royal air force pilots were killed today when their planes collided at Sealand. This was the sixth fatal accident of this month and the nineteenth of this year. It brought the death toll to 27.

**CARPENTER EXECUTED**

McALESTER, Okla., May 19 (AP)—Whispering regret, Luke Nichols, 42-year-old carpenter, paid with his life today in the state's prison electric chair for the slaying of his sweetheart, Mrs. Harriet Crawford, 26-year-old waitress, April 29, 1932.

Sidney Claibourne of Lubbock is visiting friends here.

**PUTS AN END TO BUNION PAINS**

No Need To Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply Moone's Emerald Oil night and morning.

Ask City Drug Store, The Nyal Store (mail orders filled), or any first class drugist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore it is one bottle of Emerald Oil does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Moone's Emerald Oil at once. Apply it night and morning. As it is used it will quickly notice an improvement which will continue until the veins and bunions are reduced to normal. (Adv.)

**Pampa, Amarillo Women Active In A. A. U. W. Meet**

MINNEAPOLIS, May 19 (AP)—Mrs. Earl G. Wyatt of Amarillo will be in charge of a breakfast arranged for today at the annual convention of the American Association of University Women in honor of Dr. Kathryn McKee, national director, and Miss Grace Wilkie, sectional director.

A special car which started from Fort Worth arrived Wednesday with the Texas delegation which included Miss Gladys Morgan of San Antonio, Miss Fannie May of Pampa, the state's two voting delegates, and Mrs. Wyatt, Mrs. L. P. Applin of Fort Worth, Mrs. Pearl Gans of Fort Worth, Mrs. George K. McClendon of Waco, and Mrs. Mattie Lloyd Wooten of Denton and the Texas State College for Women.

**Stroke Fatal To Former Senator P. J. McCumber**

WASHINGTON, May 19 (AP)—Nearly two score years' service in public life was at an end today for former Senator Porter J. McCumber of North Dakota.

The 75-year-old lawyer-statesman, remembered chiefly as father of the pure food laws and co-author of the much debated Fordney-McCumber tariff act of 1922, died late last night from a stroke suffered three days ago.

Funeral services will be held in Washington, Saturday afternoon. After his defeat in the 1922 primaries by Lynn J. Frazier, incumbent, McCumber, who had held his senate post since 1899 and had risen to the chairmanship of the powerful finance committee, backed Frazier in the campaign "because he bore the republican stamp," and then returned to law practice in Wahpeton, N. D., and later in Washington.

**CHURCHES**

**MACEDONIA BAPTIST CHURCH**  
A great meeting will begin at Macedonia Baptist church beginning May 29 through June 4. The pastor, J. J. Johnson, will be installed, and we are asking all to attend these services each night.

We have two contestants out, Mrs. Genevieve Ellis and Mrs. Leotha Henry. The one that secures the highest amount over \$15 will receive a wrist watch. They are coming to see you; please help them in this contest.

Rev. J. J. Johnson, pastor.  
Mrs. O. F. Hunter, secretary.

**CHRISTIAN SCIENCE CHURCHES**  
"Soul and Body" will be the subject of the lesson-sermon in all churches of Christ, Scientist, Sunday, May 21.

The golden text is from Romans 12: "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

Included with other passages to be read from the Bible will be the following from Psalms 32: "All the ends of the world shall remember and turn unto the Lord; and all the kindreds of the nations shall worship before thee. For the kingdom is the Lord's; and he is the governor among the nations."

Citations will also be read from the Christian Science textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures," one citation being as follows (p. 311): "Through false estimates of soul as dwelling in sense and of mind as dwelling in matter, belief strays into a sense of temporary loss of absence of soul, spiritual truth. This state of error is the mortal dream of life and substance as existent in matter, and is directly opposite to the immortal reality of being. So long as we believe that soul can sin or that immortal Soul is in mortal body, we can never understand the Science of being. When humanity does understand this Science, it will become the law of Life to man—even the higher law of Soul, which prevails over material sense through harmony and immortality."

**FIRST BAPTIST CHURCH**  
Corner Kingsmill and West. The pastor will preach Sunday morning and Sunday evening at 11 a. m. and 8 p. m. There will be a baptismal service at the close of the evening hour of worship. Bible school meets by departments at 9:45. The entire force of teachers and officers have set themselves against a summer slump. We hope to maintain a growth that has been gradual for three years. If ever a day when people needed the messages of the Bible, it is now. There is a premium on bread, but the Great Teacher said, "Man does not live by bread alone."

Reading room open Monday, Wednesday, Saturday, 1-4 p. m. All are welcome.

**CHURCH OF CHRIST**  
Clyde Riley of Wellington will preach at the Church of Christ Sunday.

Services will be conducted at both morning and evening hours. The public is cordially invited to hear him.

**FELLOWSHIP BIBLE CLASS**  
The Men's Fellowship class went over the top last Sunday in attendance. Everyone present enjoyed the special program.

We plan a special song and musical program to precede the lesson period Sunday. Our theme in song and lesson is from a Glorious Redemption to a Field of Faithful Service.

We invite all men who are not in some class elsewhere.

Men, we meet in our own classroom in the First Baptist church each Sunday morning at 9:45.

H. L. Lawrence, president.  
E. C. Link, teacher.

**FIRST METHODIST CHURCH**

Visitors in Pampa will find a hearty welcome at our church. We invite you to attend all our services.  
C. A. Long, pastor.

**FIRST PRESBYTERIAN CHURCH**  
There is a wonderful message in every line of the beautiful twenty-third Psalm. Our eighth sermon on this Psalm will be given Sunday morning at the First Presbyterian church from the line, "Thou anointest my head with oil; my cup runneth over."

Come, worship the Lord with us. A hearty welcome awaits you here. Sunday school at 10 a. m. Message, "Man — the Anointed Animal," 11 a. m. Evening, "Participating Citizens," 8 p. m.  
A. A. Hyde, minister.

**Bright, Fresher After Taking Black-Draught**

"Seven years ago, I was troubled with constipation," writes Mrs. L. E. Williams, of Jackson, Miss. "My mother told me she thought it would help me to take Black-Draught. She had used it herself and it had helped her. I found it relieved me of this troublesome complaint, suffered from sick headaches and biliousness which made me feel dull and lifeless. I felt bright and fresh after I took Theodor's Black-Draught. It is a splendid medicine for constipation. I take it dry, at night, followed by a generous glass of water."

## Baptist Bodies To Unite For One Day

WASHINGTON, May 19 (AP)—The Southern Baptist church opened its annual convention here today, marking the third time since it started with a split over slavery in 1945 that it has met in the capital city.

Its coming to Washington signaled of special guests.

Sweet peas centered each quarter table where score cards marked places for the supper. A pink and green color note was emphasized.

Mrs. R. H. Kitchings won high score for women and J. H. Lutz for men in the bridge games, and Mrs. Roy Sewell and Fred O. Penn scored high in forty-two.

Special guests for the evening were Messrs. and Mesdames Jake Stiles, Bonnie Rose, J. H. Lutz, R. H. Kitchings, Floyd Hoffman, Roy Sewell, Jim White, and Frank Yealy.

Club members present were Messrs. and Mesdames E. A. Hampton, Jim Wheeler, Monte Montgomery, and Fred O. Penn.

Mr. and Mrs. Penn will be hosts to the club at its next meeting Thursday, June 1.

## Engagements For Club in Charge of Mrs. Hunkapillar

Engagements for use of the women's club rooms at the city hall will be made through Mrs. C. T. Hunkapillar during the next month. Mrs. E. M. Conley, who has been in charge of engagements, announced today.

Use of the rooms is open for entertainments and programs to club members and non-members of both the council, on payment of a fee. Advance arrangements must be made for use of the rooms.

Mrs. Conley will be out of town the next month, and those wishing to use the rooms must notify Mrs. Hunkapillar.

Used the spiritual healing of that rapture, for it will make possible the first all-day joint session of Southern and Northern Baptist in 88 years. That will take place next Tuesday.

### Gasoline Plant Is Being Moved

Work of moving the Magnolia Petroleum company's gasoline plant from the Faulkner lease west of LeFors to the Latham lease three miles southwest of Pampa on the Amarillo highway was started yesterday. The Magnolia company has just leased a seven-acre tract of land from Mr. Latham, whose present home is in Dalhart.

Many men have been given work on the new project. The LeFors plant will be dismantled and moved to its new location by truck. It will take several weeks to complete the job.

The plan has been in the making for several months but the contract with Mr. Latham was signed this week.

### Pampa Rotarians Visit In Amarillo

Five Pampa Rotarians and their wives attended the inter-city get-together in Amarillo last night along with Rotarians from Clayton, N. M., Dalhart, Borger, Canadian, Panhandle, Canyon, Lubbock, and Plainview. Following a banquet at the County club, the 250 Rotarians, their wives and guests, were entertained with a dance.

Tom E. Rose, president of the Pampa club, was introduced during the banquet. The program was presented by the Lubbock and Plainview clubs.

Those from Pampa making the trip were Mr. and Mrs. Tom E. Rose, Mr. and Mrs. Philip Pond, Mr. and Mrs. K. S. Boehm, Mr. and Mrs. E. E. Hooks, Mr. and Mrs. De Lea Vicars, and Miss Leora Kinard.

#### New York Stocks

NEW YORK, May 19. (P)—Stocks muddled about over circuitous routes today with some groups, notably the oils, displaying moderate strength, while others lacking support, drifted to moderately lower levels. Trading enthusiasm was not as exuberant as recently. The close was irregular. Transfers approximated 3,000,000 shares.

# CIVIC CLUBS WILL SETTLE GOLF SUPREMACY AT COUNTRY CLUB SUNDAY

## CAPTAINS OF THREE TEAMS LIST MATCHES

### NON-PLAYING MEMBERS WILL SERVE AS CADDIES

MEMBERS of Pampa's three men's civic clubs, Lions, Rotary and Kiwanis will assemble at the Country Club golf course at 1 o'clock Sunday afternoon for a heated three-way golf tournament. Captain C. T. Hunkapillar of the Rotarians will marshal his best talent to ward off the attacks of the Lions under Dr. H. H. Hicks and the Kiwanians under Edwin Vicars.

Charges of signing new players for the tournament have been hurled by the members of the various teams and the contest is apt to turn into a heated affair. However, the captains, in an effort to keep peace in the ranks, have kept apart the members of their teams who have been hurling insults.

Members who do not play golf will act as caddies, but not for players of the club to which they belong. They will be paid the usual caddy fee which is 50 cents for 18 holes. Pay will be forfeited if they are caught "accidentally" stepping on the ball in the rough, talking when players are driving, or giving advice.

Play will be over 18 holes. It has not been decided whether judges will be appointed by a neutral party to accompany each three-some, in order to settle arguments. The Kiwanians will have the inside track because they have already played two tournaments. Thus, their nerves have been steeled to competition.

Spectators will be welcomed and it is expected that large galleries will follow the players.

How they have been matched:

- 1—Dr. R. A. Webb, Lions; Tom Perkins, Rotary; E. M. Conley, Kiwanis.
- 2—Mack Graham, Lions; Tom Rose, Rotary; W. H. Lang, Kiwanis.
- 3—Dr. H. H. Hicks, Lions; Lynn Boyd, Rotary; Dr. R. M. Johnson, Kiwanis.

## Fans Invited To See Farrell And Bowers Work Out

Pampa fight fans will have a chance to see the boys who will participate in the weekly fight card next Wednesday night, workout at the Pla-Mor auditorium every afternoon from 1:30 to 4 o'clock. The main event boys are in the city and from the stuff they showed yesterday afternoon, there will be plenty of action in the next card.

The big fight will be between Frankie Farrell, known as the Pampa Flash, and Dick Bowers of Breckenridge. Farrell has not been seen in a Pampa ring for several years. He has been boxing in New York, Chicago, and other large cities, where he met some of the best lightweights in the world. He showed a world of speed and a terrific punch during his workout yesterday.

The veteran Bowers also showed his old time speed and ability. He should be able to use his experience against the younger Farrell. Bowers comes recommended by Rusty Cahill and a number of other Pampa fans who knew him in Breckenridge. He has been head of a large club in Breckenridge and is in good condition.

It has been hinted that Luther Platter, heavyweight, will be matched with Joe Fortenberry of West Texas State Teachers college in the semi-final but the bout has not definitely been settled. Platter has been working out for two months and has developed wonderfully.

## SELPH SMACKS HOME RUN TO BEAT OILERS

### HOUSTON WINS 5 TO 4 GAME IN THIRTEEN INNINGS

The league-leading Houston Buffaloes continued their winning streak Thursday night by trouncing the Tulsa Oilers, 4 to 3, in a thirteen-inning game featured by Carey Selph's winning home run.

Tulsa jumped into the lead by scoring three runs in the second inning. The Buffaloes were ineffective until the seventh, when they crossed the plate twice. In the eighth they chalked up another run to tie the score.

A thrilling pitchers' duel raged between Fisher of Houston and Lang of Tulsa as the game extended into extra innings. Then Houston's hard-hitting manager, Carey Selph, pounded the ball over the left field fence to end the contest.

At Oklahoma City the Galveston Buccaneers overcame tough competition to defeat the Indians, 7 to 6. Galveston's victory was largely due to picking up five runs in the first inning.

Galveston added another score in the fourth and cinched the game with another in the eighth. The Indians scored once in the first, four in the fourth and one in the seventh but were unable to overcome the Buccaneers' early lead.

Under the new management of Jackie Atz, the Fort Worth Cats turned in a 2 to 1 victory over Beaumont. Fort Worth made its scores in the first two innings and then played tight ball to the finish. The Exporters made their lone score in the fifth.

The Dallas Steers, with improved pitching, made a clean sweep of their two-game series with San Antonio, winning the final game 6 to 1. The Steers had two big innings, gaining four runs in the third and two more in the seventh. San Antonio tallied in the third.

## ALLEN SHOWS OLD FORM IN FIRST START

### YANKS' PENNANT HOPES SOAR AS HURLER RETURNS

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer. Johnny Allen, most effective pitcher in the American league last year, is back in action again and the hopes of the New York Yankees have risen another notch.

Laid low by influenza during the training season, Allen came through in great style in his first start yesterday and beat the Detroit Tigers, 5-1. Johnny allowed only five hits, struck out six and in general showed a return to the form that brought him 17 victories against only four

defeats in 1932. Another "sophomore" flinger, Oral Hildebrand of Cleveland, kept the Indians-Washington duel going full tilt as he won his sixth straight victory in a tough ten-inning battle with Earl Whitehill. The final count was 6 to 5 and it put the teams back into a second place tie.

Big George Earnshaw, making his first appearance for the Philadelphia Athletics since April 24, limited the Chicago White Sox to six hits

while the A's gave Sam Jones, Chad Kimsey and Walter Miller a terrific pasting to win 9 to 1. Oscar Melillo clouted a homer and a double to drive in five St. Louis runs in the Browns' 8-2 victory over the Boston Red Sox.

Silas Johnson, Cincinnati Reds' right hander, was the day's National league star. He turned in his second one-hit game of the season to beat the Boston Braves 1 to 0 and give Cincinnati sole possession of

fourth place. A single by Buck Jordan was the only blow he allowed. The Brooklyn Dodgers, tightening their hold on third place, uncorked an eight-run first inning rally to beat St. Louis, 14 to 5, sending the Cards down a notch in the standing.

The league leading Pittsburgh Pirates gained a half game on the New York Giants as they combined a 15-hit attack with Steve Swetonic's six-hit flinging and beat the Phillies for the fourth straight time, 6 to 2.

The Giants split a doubleheader with the Chicago Cubs that marked the raising of the National league pennant at Wrigley Field. Hal Schumacher's nifty elbowing won the first game for New York, 3-0, then the Cubs stepped out with a slugging attack that included homers by Babe Herman, Gabby Hartnett, Harvey Hendrick, and Mark Koenig, and broke their five-game losing streak with a 10 to 1 triumph.

### Mags To Play McLean Sunday

The Magnolia baseball team will invade McLean Sunday afternoon for the second game in the Cotton-Oil league. Manager Howard Buckingham strengthened his nine during a hard week of practice and hopes for a win over the fast McLean team which is considered one of the most dangerous in the league. McLean has two hurlers that have been winning games already this season. Clements, former Phillips and LeFors pitcher, has apparently hit his stride and the veteran McCabe has been going strong for several weeks according to reports from McLean. Both are speedball pitchers.

McLean opened the season with a 9 to 7 win over Magic City last Sunday while Pampa defeated Shamrock 11 to 4. Manager Buckingham has not announced his battery for Sunday afternoon.

### Kingsmill Nine To Meet Cabot Team on Sunday

The only baseball game to be played in or near Pampa Sunday afternoon will be at the Cabot-Carbor company's Kingsmill plant where the Cabot boys will meet the Berger Carbon team. The game will be called at 2:30 o'clock and admission will be 25 cents a car.

Meeks, former Milwaukee hurler, will be in the box for the Cabot nine with the veteran Candy behind the plate. The battery mates have been going strong this season and have not lost a game. Cabot has several well known local players on their roster.

The Berger battery could not be learned. However, the team has been winning games regularly around Berger.

### Young People To Conduct Service

Parents of seniors in the young people's division of First Methodist Sunday school are especially invited to the service at 9:45 Sunday morning, when the young people will be in charge of the devotional program of the adult division.

Miss Josephine Long will direct the program which will be given in honor of the seniors.

### TOO MANY VEGETABLES

HOUSTON, May 19. (AP)—The death of two convicts and the illness of about 75 others was attributed today to heat prostration induced to some extent by eating too many green vegetables.

### GOODMAN FEARS MORELAND IN TRANS-MISSISSIPPI TOURNNEY

'You Can't Play Perfect Golf Unless You're Unconscious,' He Says.

OMAHA, Neb., May 19. (AP)—To Broadmoor—scene of his first major triumph—Johnny Goodman returns in June toting in his bag of golf tricks a serious threat to the security of Gus Moreland's trans-Mississippi crown.

If careful preparation alone would turn the trick, the 23-year-old Omaha golfer should enjoy a gay period of crown-topping this summer. Thanks to almost daily winter and spring practice, he is already near peak form.

Johnny's present plans include participation in the national open, the national amateur and probably the Nebraska state tournament in addition to the trans-Mississippi at Colorado Springs.

And then, there is Gus Moreland, the young Dallas sharp-shooter for whose game Goodman has all the respect in the world. The prospect of a match between the two promises to enliven the Broadmoor meeting considerably. It opens June 26.

Knows Gus' Tricks

'I've met Moreland in the south to my sorrow,' says Johnny. 'And I can vouch that he knows how to handle all the clubs in the bag.' Just the same, Johnny has worn the 'trans' title twice and feels it would rest pretty comfortably again on his blond locks.

In returning to Broadmoor, Goodman plays a course that will always remain one of his favorites. It was there in 1927 he first won recognition outside his own state and, at 17, became the youngest trans-Mississippi champion in that tournament's 27 years of competition.

Goodman's 1933 campaign started auspiciously. His first tournament appearance in March netted him low score among the amateurs in the Florida open tourney at Miami. A tour of southern links with two weeks at Bobby Jones' Atlanta course was followed by vic-

## Sister MARY'S KITCHEN

By SISTER MARY, NEA Service Writer

CURRIES were originated in India and are intended to stimulate lagging appetites during depressing weather. The highly seasoned, pungent curry sauce with its distinctive flavor does indeed tempt the appetite and will be found a worth-while addition to spring menus.

A curry is invariably served with rice and may or may not use meat or fish in its makeup. Vegetable curries are excellent and help solve the luncheon or supper problem. The rice forms the border and the other material in the curry gives the piquant flavor of the dish. Left-over meats can be reheated in the curry sauce and served in a border of rice. This suggests an attractive way to use up left-overs.

The following basic rule for curry sauce has been modified to please western palates. Even so, some tastes will prefer less curry.

One scant tablespoon curry powder, 1 tablespoon flour, 2 tablespoons butter, 2 cups tomato juice, 1 small onion, 1 table spoon chutney sauce, 1 1/2 tablespoons lemon juice, 1 teaspoon sugar, 1/2 teaspoon salt, 1/2 teaspoon pepper.

Melt in butter and stir in curry powder and flour. Cook and stir until bubbly and slowly add tomato juice, stirring constantly. When smooth, add minced onion, chutney, lemon juice, sugar, salt, and pepper. Simmer for 30 minutes. If chutney sauce is not available, chopped cucumber rings or mixed sweet

### ALL-BRAN STOPPED HIS SLEEPLESSNESS AND TIRED FEELING

Cereal Relieved His Constipation

Read this enthusiastic letter from Mr. Haraden:

"My system had been run down for quite some time. About three weeks ago, I started taking ALL-BRAN for breakfast. I had been unable to sleep nights, but now all I have to do is turn in, and before I know it, I am fast asleep.

"I used to have a tired feeling all day, but now that ALL-BRAN is in my home to stay, there will be no more tired feelings with me."—Mr. Carl Haraden, Main Street, Hamilton, Massachusetts.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to help tone the intestinal tract. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass. Gently, this clears out the intestinal walls.

Isn't this safer than taking pills and drugs—often harmful! Just eat two table spoonfuls daily for most types of constipation. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

pickle can be used.

Tender, left-over veal, lamb, mutton, chicken, beef, or fish can be reheated in this sauce and served in a border of well-cooked rice. Cheap cuts of meat can be cut in small pieces, seared, quickly in hot fat and simmered until tender in the sauce in the oven or on top of the stove. Water, of course, be used in place of tomato juice.

**PESTS KILL TREES**  
HARTFORD, Conn. (INS)—This state's 300,000 telephone poles, hewn out of chestnut, must be supplanted in the future by southern pine treated with cresote, engineers have declared. The chestnut blight, which has made that tree a rarity in Connecticut, is responsible.

1/2 fresh coconut, 1 banana, 1/2 lemon, 1/2 teaspoon salt.

Cut meat in small squares. Melt butter in stew pan and, when it bubbles, add onion minced and curry powder. Stir with a fork and cook five minutes. Add meat and brown quickly. Add boiling water to cover and simmer one hour adding water if necessary. Add salt, lemon juice, banana cut in inch slices and coconut infusion. Simmer until tender and serve with rice.

To make coconut infusion grate or scrape coconut and let stand in one cup boiling water for 20 minutes. Strain through cheesecloth, squeezing coconut as dry as possible.

### Lions May Provide Seating at Park

Means of placing benches in the city park will be considered by a Lions club committee appointed yesterday and composed of C. E. Hutchens, B. S. Via, Frank Culbertson, J. W. Brumley, and H. Otto Studer.

President John Sturgeon described the program of the Lubbock state Lions convention opening Monday morning. On Sunday evening, Lions will fill all the principal pulpits in Lubbock. The local club will have eight delegates.

Dr. H. H. Hicks made a pep talk to members of his golf team, which will meet the Kiwanians and Rotarians at the Country club 1 o'clock Sunday. There will be 19 threesomes, with other members of the club caddying at 50 cents for 18 holes. Caddies who fail to report will be fined \$1. Caddies who disturb the golfers will be fined \$5 cents for each offense. Proceeds will be given in the club treasuries. Visitors yesterday included C. L.

**International Sunday School Lesson**

**BY DR. J. E. NUNN**

**General Topic: Jesus Answers His Adversaries.**

**Scripture Lesson: Mark 12:28-40.**  
28. And one of the scribes came, and heard them questioning together, and knowing that he had answered them well, asked him, What commandment is the first of all?

29. Jesus answered, The first is, Hear, O Israel: The Lord our God, the Lord is one:

30. And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength.

31. The second is this, Thou shalt love thy neighbor as thyself. There is none other commandment greater than these.

32. And the scribe said unto him, Of a truth, Teacher, thou hast well said that the first is one; and there is none other but he?

33. And to love him with all the heart, and with all the strength, and with all the mind, and to love his neighbor as himself, as much more than all whole burnt-offerings and sacrifices.

34. And when Jesus saw that he answered discreetly, he said unto him, Thou art not far from the kingdom of God. And so man after that durst ask him any question.

35. And Jesus answered and said, as he taught in the temple. How say the scribes that the Christ is the son of David?

36. David himself said in the Holy Spirit, The Lord said unto my Lord, sit thou on my right hand, till I make thine enemies the footstool of thy feet.

37. David himself calleth him Lord; and whence is he his son? And the common people heard him gladly.

38. And in his teaching he said, Beware of the scribes, who desire to walk in long robes, and to have salutations in the marketplaces.

39. And chief seats in the synagogues, and chief places at feasts:

40. They that devour widows' houses, and for a pretence make long prayers; these shall receive greater condemnation.

**Golden Text: Never man so spake.**  
—John 7:46.

**Time:** Tuesday, April 4, A. D. 300. The closing week of Christ's earthly life.

**Place:** The temple in Jerusalem.

**Introduction**  
Our lesson continues Tuesday of Passion Week, the day of controversy in the temple, when Christ's enemies among the ruling classes of the Jews set upon him with hostile queries, seeking to catch him in his replies, to find some ground for legal accusation against him, and to discredit him with the people, many of whom were eager listeners. One deputation after another came from the Sanhedrin, men learned in the law, acute in debate, specious in argument, ready to take advantage of any opening.

Our chapter opens with the parable of the wicked husbandmen, in charge of a vineyard, who treated horribly the owner's servants whom he sent them for some of the fruits of the vineyard, beating some and killing others; and at last, when as a final effort he sent his beloved son, they killed him also, falsely thinking that thus they would make the vineyard their own. What will the owner do? asked the Saviour. He will come and destroy those husbandmen and give the vineyard to others.

**Pharisees and Herodians**  
The first deputation mentioned in our lesson consisted of certain Pharisees and Herodians. The Pharisees were one of the three leading sects among the Jews, the other two being the Sadducees and the Essenes. The Pharisees believed in the immortality of the soul, in the resurrection of the body, and in the existence of spirits; that men are rewarded or punished in the future life, according as they have lived virtuously or viciously in this life; that the souls of the wicked shall be detained forever in prison under the earth, while those of the virtuous rise and live again.

removing into other bodies."—Prof. John D. Davis. They added to the laws of Moses a vast number of "traditions" which they zealously observed and which were a heavy burden on their followers. The Herodians, who joined with the Pharisees in this attack, were friendly to the ruling house of the Herods, who were tools of Rome. Thus they would be regarded with bitter hatred by the Pharisees, but the two parties joined in opposing Christ because his influence so greatly lessened theirs.

**To Caesar, Caesar's**  
These two parties brought to Jesus the much-debated question whether it was right for a Jew to pay taxes to the Romans. The question was shrewdly put, because if Christ said it was not right, he would gain the hostility of the Roman rulers; while if he said it was right, he would win the hatred of the common people, who regarded the Roman rule as tyrannical and the Roman taxation as oppressive. But our Lord avoided the dilemma by his famous answer, "Render unto Caesar (the Roman emperor) the things that are Caesar's, and unto God the things that are God's." This answer was based on a Roman coin brought to Christ, which symbolized all that Rome did for her subject peoples, furnishing just laws fairly administered, a sound currency, admirable roads, and safe protection against outside foes. Roman taxation was a slight price to pay for those great boons, and did not in the least interfere with the payment to God of the dues required by their religion. From that day this incomparable answer had defined the proper boundaries of church and state.

**The First Commandment**  
"Jesus answered, The first is, Hear, O Israel." Christ quotes the introduction to the Ten Commandments, Deut. 6:4, 5, which the scribe, and all pious Jews repeated twice a day, and which was written on a strip of parchment contained in the ark of the covenant.

ture, thy feelings and imagination and passion." "And with all thy soul, and with all thy mind." With all thy being, considered as a unity and working together. With all thy mental powers, thy logic and reason and intellect. The second is this, Thou shalt love thy neighbor as thyself." Here again our Lord quotes from the Old Testament, Lev. 19:18. Love to God sums up the first table of the law; love to one's neighbor, the second table.

**Christ, the Son of David**  
Having silenced his adversaries, our Lord now turns upon them with a counter question, carrying the war into the enemies' camp. "Matthew puts Christ's question thus: 'What think ye of the Christ? Whose son is he?' To this question they gave the inevitable answer, according to their Messianic expectation, 'The son of David'; for the Jews expected their coming deliverer to spring from David's line, as indeed Jesus was descended from David through his earthly mother.

"David himself calleth him Lord; and whence is he his son? David then regards the Messiah as a Being not like himself, but greater than himself; not as one called to fight, but as one to be fought for." "And the common people heard him gladly." "The class which listened to his teaching," "the root of all of them," "the Lord our God, the Lord is one." "The unity of God, what a massive and reassuring thought! All changes obey his hand which holds the rein; by him the worlds were made."

"And thou shalt love the Lord thy God with all thy heart." With all thy affections, thine emotional nature most gladly to the teaching of the Lord comprehends at least nine-

tents of the human race, and is substantially the world which Christ came to save."—Rev. James Baldwin Brown. "There is something in a comparatively humble position in life which tends to make a human being more likely to become a true Christian than if he were placed in a more elevated sphere."—Rev. A. K. H. Boyd.

**The Widow's Mites**  
This is a stern chapter, full of warnings and condemnations, but it has a happy, praiseful, and encouraging close—the story of the poor widow whom the Saviour saw making her humble gift to the temple treasury. The rich people had been passing along with their large gifts which they poured proudly into the offerings chest; their coins making a prodigious rattling; but the poor widow had only two mites to bring. The mite was the smallest copper coin called in Latin a lepton. The two were equal in value to only about one-quarter of a cent; but they were all she had to live upon and our Lord, as he witnessed her sublime self-denial, declared that her gift was greater than all the others, since they gave only a small part of their excess, but she gave her all. We sometimes say, in deprecation of our small gift, "I cannot give much, but I'll give my mite." We have not right to say that unless our small gift is all the money we possess!

**Ferguson's Appointment of Neff To Park Board Honored 'Mother Neff'**

AUSTIN, May 19. (AP)—Many politicians and political followers in Texas gasped with surprise when announcement was made that Governor Miriam A. Ferguson had appointed former Governor Pat M. Neff to be a member of the state park board.

But, while the Fergusons and Mr. Neff always have been on opposite sides of political questions, they have been friendly. Governor Neff surrendered his office with grace and dignity to Mrs. Ferguson in 1925, when she first was elected.

Governor R. S. Sterling was not so friendly when the time arrived last January for him to bow to the former woman governor who had returned to the executive chair. Of course, there was a difference in circumstances. During Mrs. Ferguson's campaign in 1924, Mr. Neff took little or no active interest in it. Last year Governor Sterling and Mrs. Ferguson were rivals for the gubernatorial chair. There were some harsh campaign statements made on each side. Governor Sterling decided he would not appear at the inauguration.

When Dan Moody defeated Mrs. Ferguson in 1926 for a second term, the air was full of friction as the young attorney general sat on the same platform with Mrs. Ferguson waiting to assume his obligation. Moody was shy and unfriendly toward the Fergusons. On the other hand the returning governor seemed pleasant and courteous toward

the young man who had stumped Texas from end to end uttering harsh criticisms of the Fergusons. There is in Texas a Mother Neff park, near McGregor, set aside in memory of former Governor Neff's mother. Many will see in his appointment a graceful gesture on the part of the woman governor coming as it did on the eve of Mother's day.

**POSITRON IS NEWEST DISCOVERY  
AMONG INFINITELY SMALL THINGS**

By WALTER B. CLAUSEN,  
Associated Press Staff Writer.  
PASADENA, May 18.—Positrons  
were the subject of discussion today  
in the 2-weeks symposium of world  
leaders in physics who are seeking  
the secrets of the cosmic ray and  
endeavoring to unveil the mystery  
of the composition of all matter.

Positrons are the most newly  
discovered of the high energy min-  
ute particles of the strange family  
of infinitely small things of which  
light, life, and all matter are formed.  
The discoverer of positrons, Dr. C.  
D. Anderson, young physicist of the  
Norman Bridge laboratory of phys-  
ics here, was the contributor to the  
program for today at the sympo-  
sium.

These positrons are free positive  
electrons, and their discovery this  
year in the laboratory presided over  
by Dr. Robert A. Millikan, who first  
measured the electron, resulted from  
an analysis of one of the strange  
behaviors in cosmic radiation.

Dr. Anderson said the discovery  
resulted from the effects of collision  
of high energy photons, the powerful  
bullets of light which possess the  
highest energy ever measured by  
science, up to eight billion volts.  
These photons when they collided  
with the nuclei of an atom eject  
the positron.

Taking 1,500 photographs in a  
Wilson cloud chamber, Dr. Anderson  
succeeded in getting three pictures  
of the collision of a photon with  
an atomic nuclei, showing the posi-  
tron ejected from the lead particle  
in the chamber in which the colli-  
sions took place.

Positrons of energies up to one  
billion volts have been measured by  
Dr. Anderson, and he has measured  
energies of other particles of similar  
secondary radiation up to two to  
three billion volts.

Dr. Millikan expects that further  
research work by Dr. Anderson with  
positrons will mark another impor-  
tant step in the progress toward get-  
ting the key to the secrets of the  
cosmic rays.

The present symposium was ar-  
ranged in connection with the visit  
of Dr. Niels Bohr, of Copenhagen,  
Denmark. He is regarded by phys-  
icists as one of the most advanced  
leaders in the study of atoms, which  
study embraces all fundamental sec-  
rets of life.

**Summer Fees at  
Canyon College  
Same as in 1932**

CANYON, May 18.—"Fees for the  
summer session at the West Texas  
State Teachers college will be the  
same this summer as usual," stated  
Dean R. P. Jarrett today. Fees, in-  
cluding basal text books, last sum-  
mer were \$17.00 for the twelve weeks  
session, and approximately half that  
amount for either six weeks term.  
"Fees," explained Dean Jarrett,  
"are fixed by law and can be al-  
tered only by act of the Legislature."

Hundreds of teachers have receiv-  
ed less money during this year than  
in any school term for a long time,  
and it is the policy of Dr. J. A. Hill,  
president of the West Texas State  
Teachers college, to enable them  
to attend school as economically as  
possible. The people of the city of  
Canyon are co-operating in this ef-  
fort and there is every indication  
that June 5 will find a large stu-  
dent body on the campus, ready for  
work.

Instructors says that summer ses-  
sion students are usually more ser-  
ious in their work than those who  
attend the regular session.

Prohibit  
Body Odor  
Permit No M. S. Either!**  
(MEDICINE SMELL)

New way discovered to end body odor at its source.  
Stale perspiration curds now reached by deep-  
pore cleansing and instantly removed!

Body-odor can kill romance. So can  
highly scented soaps that betray  
their purpose! A new and better  
way to prevent offense is by deep-  
pore cleansing. Here is why:

Every specialist knows that objec-  
tionable body odor does not come  
from fresh perspiration but from  
stale perspiration deep in the pores.

Stale perspiration contains calcium,  
salt and particles of fat. The thick  
and sticky lather of most ordinary  
toilet soaps is unsuited chemically  
to mix with this waste material and  
disperse it. Instead, it hardens into  
clogging curds!

That's why deep-pore cleansing  
is needed to remove the objec-  
tionable curds—and it is a scientific fact  
that there is only one way to accom-  
plish this. Kirk's Coco Castile—be-  
ing a 100% pure vegetable oil soap  
—mixes with the particles of per-  
spiration curds, loosens them, then  
rinses out completely. Thus it ends
