## GRAY COUNTY FARMERS BEGIN TO PLOW UP THEIR COTTON AS 100 PERMITS ARE DISTRIBUTED

**TWINKLES**  
It's mighty fine that so many socialists have joined the ranks of the democratic party—otherwise, we fear the "I told you so's" would be annoying now that the new deal is so near the socialistic ideal.

Many people who feel that, under present conditions, some new deal proposals cannot work, may be astonished in a few months to learn that the proposals have succeeded. We say "may," since nothing is so certain right now as uncertainty.

It's a gloomy day when Uncle Sam has to set up boycotts of non-cooperators, but President Roosevelt takes the position that public opinion is a softer club than prosecution in the federal courts—and a lot faster.

It is told for the truth that a relative remarked to the president: "Mr. Roosevelt, you are going to be either the greatest president or the worst." To which Mr. Roosevelt replied, in substance: "I'll correct you—I'm either going to be a successful president or the last one."

Our Mr. Marvin Jones surely is important. He's on his way to Washington on call of the cotton committee, and those who saw and heard him here were fortunate.

"The New Deal in a Nut Shell" is the title of a little pamphlet just received. Reading it, we are convinced that only a nut would attempt to confine a subject so big in a book so small.

There must be equity even in accepting the new deal. More than a few firms have already given more money than they needed, and have paid wages well above the average.

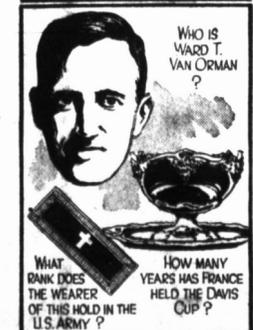

**CIVIC ACHIEVEMENT**  
Pampa's Kiwanis club is being rightly commended for bringing to this city the Passion play cast for performance next Monday and Tuesday evenings at the city hall. It is a matter of civic distinction for any city to entertain such a cast. It is more, in this case; it is a challenge to the citizenship to prove the wisdom of the club's action. The religious play will be in English, not German, as we heard it several years ago. The prices are right. The cause—crippled children's work of the club will share the proceeds—is a worthy one. Let's prove that Pampa can and will support high class entertainment.

**HOESHOE PITCHING**  
You remember the horse that cast a shoe and resulted in loss of a kingdom. Well, that has nothing to do with the current horseshoe pitching fad. Horseshoes that you pitch more than likely never supported a horse. We've investigated. The Greeks had a similar game as early as 210 A. D. They called it discus throwing, and our college athletes still do a bit of it. But early Americans lacked the necessary discs. They found horseshoes a fair substitute but added the stakes. To include skill as well as brawn. That makes horseshoe an ancient and as honorable as golf, or more so.

**TAKE IT SERIOUSLY**  
With some people, the pastime is not a fad. For instance, those who go in for it in a big way will have a championship tournament in Chicago today and tomorrow. The pro-

## FARMERS WILL LIKELY RECEIVE \$200,000 IN WHEAT PLAN

THE strange spectacle—government sponsored and bearing approval of the farmers—of luxurious cotton being destroyed deliberately was being enacted in Gray county today.

Yesterday County Agent Ralph Thomas distributed one hundred permits for farmers to plow up that portion of their cotton they had agreed with the government to retire. For lack of additional permits, the destruction is limited, but more blanks have been mailed at Washington.

## Buck Barrow Is Dying; Brother Is Still Sought

DES MOINES, July 26 (AP)—Their leader near death and his wife in custody of Missouri officers, three members of the "bloody Barrow" gang of Texas outlaws were still sought today.

In a Perry, Ia., hospital, Marvin Barrow, 31, was dying, doctors said, as an infection from a head wound slowly saps his strength. The authorities said he admitted killing Alva Humphrey, an Alma, Ark., officer recently.

Meanwhile, his wife, Blanche, was being taken to Platte City, Mo., where the gang shot itself out of a trap last week, wounding two officers.

At liberty were Clyde Barrow, a woman companion known as Bonnie Parker of Dallas, Texas, and Herbert Bleigh.

Marvin Barrow was wounded in the Platte City gun fight and at Dexter, Ia., Monday when a posse of 20 men surrounded the five in the woods at Dexfield park. Mrs. Marvin Barrow was taken prisoner.

## 500 Panhandle Firemen Due To Be Here Tuesday

Firemen and members of the Junior chamber of commerce committee appointed yesterday by President W. T. Fraser to assist the firemen in entertaining the Sixth annual convention of the Panhandle Firemen's association Tuesday and Wednesday will meet at 7:30 o'clock tonight in the club room on the second floor of the fire station.

It will be the last meeting before the convention. Final plans for receiving the visiting firemen and for their entertainment while in Pampa will be made. Fire Chief Clyde Gold expects more than 500 Panhandle firemen to attend the convention.

Registration will be until 9:30 o'clock Tuesday morning in the lobby at the city hall after which the meeting will be called to order by President M. G. Ray of Memphis. The day will be spent in business sessions with entertainment features. The invocation will be by the Rev. C. E. Lancaster, chaplain of the Pampa department. Mayor W. A. Bratton will give the address of welcome.

There will be free swimming, refreshments and entertainment at the swimming pool at 7:30 o'clock Tuesday night.

More business will be transacted Wednesday morning while the afternoon will be spent in contests. The session will close with a ball at the Pla-Mor auditorium Wednesday night.

## FIVE FUGITIVES ASSUME BLAME IN BANK CRIME

OKLAHOMA CITY, July 26 (AP)—Five desperate criminals, now fugitives from the Lansing, Kan., penitentiary, took the blame for the Black Rock, Ark., bank robbery of June 16, in a letter received today by the Oklahoma Publishing company. The prisoners and six others made a daring escape from the prison on May 30 after kidnaping the warden and wounding a guard.

Fingerprints of each prisoner signing the letter were verified from actual records by Al Shelton of the police bureau. Names and sentences under which the men were serving at Lansing.

Wilbur Underhill, life term for murder of a Wichita policeman. Bob Brady, life term as an habitual criminal.

Jim Clark, 20 to 100 years for a Kansas bank robbery. Harvey Bailey and Ed Davis, 20 to 100 years in connection with the same robbery.

In the communication, the fugitives expressed regret that several Oklahoma men had been connected with the case, and that "we sympathize with the accused, who are innocent, and want no man to suffer for our acts."

Postmarks on the letter showed it was mailed Monday at 2:30 p.m. at Coalgate, Okla. It contained more than 400 words, carefully describing procedure of the robbery and the quintet's escape.

The confession came on the heels of extradition of Theibert Brady. (See FUGITIVES, Page 2.)

## BRISK TICKET SALES REVEAL INTEREST IN PASSION PLAY

Ticket sales for the opening night of the Passion play at the city hall are going briskly, according to members of the Kiwanis club, which is bringing the performance here.

The Passion play will be presented in English on Monday and Tuesday evenings.

## AREA'S SHARE IS INADEQUATE SENATOR SAYS

SPECIAL FUND NEEDED FOR DROUGHT AREA, HE DECLARES

AUSTIN, July 26 (AP)—County judges and commissioners representing 17 drought stricken counties of the plains section of Texas conferred here today with the state highway department and rehabilitation and relief commission about the situation there.

Senator Clint Small of Amarillo, who headed the committee, said that section's share of the \$24,000,000 highway construction relief funds would be inadequate to provide needed relief to the affected counties.

"We want to try to get some special money allotted for highway construction in the drought area," he said. "The towns in the drought section are not interested in public works, they have adequate water systems, sewage disposal plants, schools and other public improvements. Roads are secondary with us, we do not care on what highways the money is expended just so we can get some relief."

Among those were Judges J. H. Broadhurst of Hansford county, R. A. DeFee of Hartley county, Floyd McNeill of Dallam county, Oscar C. Flowers of Ochiltree county, Sewell of Lipcomb county, S. P. Mathews of Armstrong county, and C. E. Cary of Gray county. Frank Buckingham of Amarillo, commissioner from Potter county, and representatives of the commissioners' courts of Hutchinson, Carson, Deaf Smith, and Randall counties also were here.

## All Telegrams To Roosevelt Are Answered

WASHINGTON, July 26 (AP)—Each person who telegraphed a message of cooperation to President Roosevelt in his economic uplift movement has been sent a reply from Hugh S. Johnson, the national recovery administrator, saying: "I felt sure that the administration could rely upon the people of America to render the loyal cooperation needed in this great emergency. Therefore your telegram is most gratifying."

"I hasten to thank you, your organization and other civic groups for your prompt response. It will see that complete plans are sent to you as soon as possible and will watch with great interest the reports of the progress you make. Sincerely yours, (Signed) Hugh S. Johnson, administrator."

## Pampa Men Attend Rotary Convention

Tom Rose, M. D. Oden, and Philip Bent returned last night from a district assembly at Wichita Falls held by the governor of the forty-first district of Rotary International. A similar assembly is held each year where presidents and secretaries of Rotary clubs of the district receive instruction and inspiration for the activities of the year.

Such speakers as O. B. Sellers, of Fort Worth district governor; H. C. Anderson, Ranger; Ray Nichols, Vernon; Walter Cline, Wichita Falls; Dr. Bradford Knapp, Lubbock; and others appeared on the program of the two-day session.

## Mattern Flying To Terrace Today

JUNEAU, Alaska, July 26 (AP)—After a flight from Fairbanks in the seaplane Chicago, piloted by Bob Ellis, Jimmie Mattern, whose hopes of making a solo flight around the world were dashed when his plane crashed in Siberia, rested here today.

The Texan arrived last night with Bill Alexander, Fred Fetterman, and Tom Abbey, members of the Mattern relief expedition flown to Nome.

Mattern was to leave for Terrace, B. C., some time today, where the relief expedition's original plane was left, and then continue to Edmonton, Alta.

**TO RECEIVE POST**  
WASHINGTON, July 26 (AP)—President Roosevelt will receive Wiley Post, the round-the-world flier, at the White House today at 5 o'clock.

## PAMPA MERCHANTS TO TALK NATIONAL RECOVERY ACT IN MASS MEETING THIS EVENING

## PRESIDENT IS URGING FIGHT ON KIDNAPING

Oklahoma City Man Is Still Held; McGee On Trial In Kansas City Case.

By The Associated Press

ON A dozen fronts the agencies of federal government fought crime today.

At Washington, at Albany, in the middle west and on the Pacific coast there were new evidences of determination to crush the kidnap breed.

President Roosevelt let it be plainly known that he wants established a super-relief force of federal agents to step in and check the growth of organized crime—especially kidnaping.

Governors of states, meeting in San Francisco, added their voices to demands for action. Governor Balzar of Nevada said: "It is up to us individual governors to cooperate, possibly with the federal government, to do something drastic to stop these organized gangs."

Governor Lehman of New York with a kidnaping (as yet unsolved) done almost in the shadow of the capitol at Albany, indicated he would demand enactment of drastic laws against kidnapers.

**URSCHEL IS CAPTIVE**  
OKLAHOMA CITY, July 26 (AP)—The strain of three days and four nights of sleeplessness and anxiety began to tell today on the family and friends of Charles F. Urschel, kidnaped Oklahoma oil millionaire, still waiting to open first negotiations looking to his return.

"We have received no communication of importance," Arthur Seeligion, spokesman, said. "Of course we have had a number of tips and suggestions that obviously came from cranks or persons hoping to make some money out of this unfortunate occurrence, but there has been nothing authentic."

"We do not anticipate a quick release. It may take a series of negotiations."

KANSAS CITY, July 26 (AP)—A lean, white haired man, his face furrowed with emotion and a weeping girl whose voice hardly rose above a whisper, have supplied testimony on which the state seeks to convict Walter H. McGee, ex-convict and alleged leader of a kidnaping gang.

The girl was Miss Mary McElroy, who last May was kidnaped and held prisoner 29 hours and the white haired man was her father, H. F. McElroy, city manager of Kansas City, who paid \$30,000 for the safe return of his daughter.

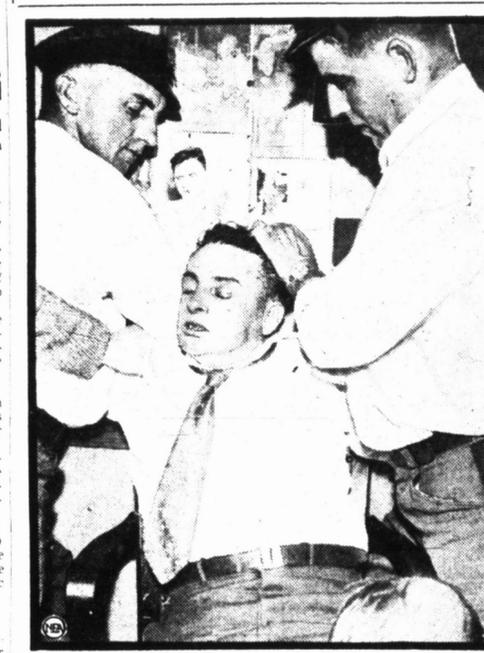

Once while relating details of the harrowing hours which preceded his daughter's release, the city manager leaned forward and pointing a finger at the defendant, said: "That is the man right there. I am absolutely sure. It was to him I paid the ransom money."

His face became bitter as the defense attorney sought an admission from the witness that his daughter was not harmed.

"Yes," replied in a shaking voice. "My daughter has been injured—to the extent that I fear she will never get over it."

**Weather**  
TEXAS: Generally fair tonight and Thursday. Light northerly winds on the coast, becoming variable.

## Kidnap Suspect "Poses"

THIS IS A PICTURE of a tough gangster, specially posed by Roger Touhy of Chicago. Touhy, captured with three men in Elkhorn, Wis., by a rookie policeman off duty, has been returned to Chicago to face charges of several kidnapings, including that of "Jake the Barber" Factor. Never photographed before, Touhy was reluctant to face the camera, but Elkhorn police persuaded him to pose, as this portrait study well shows.

## PLENTY OF FOOD TO BE SERVED CAFETERIA STYLE AT TRAINING CAMP OF ADOBE WALLS COUNCIL

Meals and Swimming Will Feature Ten Days of Thrills

MEALS at the sixth annual training camp of the Adobe Walls council will be served cafeteria style, with second helpings for those who clean their plates.

This plan will be more economical than the "family style" used in the past and will make sure that each boy has enough of everything.

According to Scout officials at Las Vegas, the Adobe Walls council provides more food in greater variety than any other group using the Cima del Mundo camping facilities.

While Boy Scouts of this council are gathering in New Mexico August 1, other Scouts from all over the world will be assembling at Goddard, Austria, for a 15-day world jamboree.

The Cima del Mundo training camp will last from August 1 to 10. Clear, cold water from the snow-capped mountains flows past the camp through the Gallinas river. Tall firs and aspens surround the camp. Ten days of thrills and training will cost but \$10, including food and transportation.

Forest rangers and city and Scout officials of Las Vegas are arranging for complete safety and sanitation. A hot springs swimming pool will be used for tests. In addition to the hundreds of tests which will be given, there will be camping and religious services and a visit to Santa Fe. C. A. Clark, Scout executive, and a camping committee headed by Chris B. Martin will be in charge.

however, was biting enough to satisfy his most exacting admirers.

"When you examine the qualifications of the members of this conference, you find that they are gentlemen who have made a deplorable and hopeless mess of national affairs in their own countries," he said.

"Now they have come to the Kensington geologica museum—a museum of fossils—in the hope, since they can not get their own countries out of the mess, other countries may do so."

## LATE NEWS

OKLAHOMA CITY, July 26 (AP)—Fred Ludicrous today was released as manager of the Oklahoma City Indians of the Texas league and Luther (Red) Harvel, hard-hitting infielder, was named to succeed him for the rest of the season.

WASHINGTON, July 26 (AP)—Officials of the public works administration expected today to have ready for announcement shortly the names of members of the state advisory boards. Officials said apportionments have not yet been made and that no announcement will be forthcoming until the list is complete.

WASHINGTON, July 26 (AP)—A charge that the code of trade practices for the oil industry drawn under the auspices of the American Petroleum Institute would keep the trade under monopoly was made today by independent factions before the recovery administration while advocates of this plan urged it as preferable to the substitute proposed by the independents.

OKLAHOMA CITY, July 26 (AP)—A new figure entered the Charles F. Urschel kidnaping case today as a friend of the family, not immediately identified, accompanied Mrs. Urschel and her chauffeur on a mysterious trip that kept them away from home about 45 minutes.

## SHAW, WHO IS 77 TODAY, CALLS PARLEY MEMBERS MESS MAKERS

By MELVIN E. COLEMAN Associated Press Staff Writer

GEORGE BERNARD SHAW by his own reckoning should be 27 years old today, although the calendar says he was born 77 years ago today.

"I am 50 years ahead of the rest of the world," is the way he puts it. The white-bearded master of paradox and sarcasm is stepping gaily down the years, walking and wood-chopping and keeping rigidly to the vegetarian diet without alcohol or tobacco which he has followed for decades.

He has been exceptionally quiet since his return from the United States at the finish of his world tour last April. His only notable comment had to do with the economic conference in London. That,

## NEW PROGRAM IS A SUCCESS SAYS 'SKIPPER'

12,000 PLEDGES HAVE BEEN RECEIVED BY ROOSEVELT

AT THE request of many business men who have not heard previous discussions of the national recovery act, there will be a mass meeting of all retail merchants and others interested at the city hall tonight at 8:30 o'clock.

C. H. Walker, chairman of the local recovery committees, will preside.

Pampa and Skellytown grocers met last evening and voiced unanimous approval of the president's program. Carl Boston was appointed temporary chairman and will name an organization committee. Another meeting will be held soon. Last night's session was opened by George Briggs of the B. C. D., and Mr. Walker gave an explanation of N. I. R. A.

Nearly one hundred telegrams from Pampa individuals and firms have been sent to President Roosevelt in pledging local support. Numerous increases in salary have been made and a general shortening of hours is starting. Readjustments of business hours are expected to result from the conferences and public meetings which are being held.

WASHINGTON, July 26 (AP)—President Roosevelt today declared the industrial recovery program for shorter working hours and higher wages to be a success.

Meeting with reporters at the White House while pledges of support continued to arrive, the president based his judgment on 12,000 replies already received from every section to his appeal to put a new charter on American industry into immediate effect.

Meanwhile, at the hard working industrial recovery administration hearings progressed on individual wage and working time codes for the oil, lumber, and men's clothing industries.

Mr. Roosevelt was described as convinced that the "new deal" of a shorter working week and higher wages will go into effect almost immediately in the vast majority of industries.

While he has not had opportunity to read all of the telegrams, he rejoiced over the public response.

The recovery committees who have made a hurried survey of the replies of employers, joined the president in declaring the campaign a success.

Hugh S. Johnson, the administrator, predicted the re-employment of between 5,000,000 and 6,000,000 before Labor day.

Opening hearings on proposed codes of competition of the men's clothing industry, Johnson told those assembled, "you have the opportunity to stabilize industry and get away from abuses hurtful to the workers, manufacturers, and the people who buy."

"It also happens that we have the worst unemployment situation the country has ever known and you can help iron out that condition."

**MITCHELL FIGHTS APPEAL**  
AUSTIN, July 26 (AP)—Paul Mitchell, given death by a Lubbock county jury on conviction of robbery with firearms, filed an appeal in the court of criminal appeals today. Mitchell was charged with the hold-up of Bob Tharp, assistant manager of a store, who was robbed of \$20. Tharp was shot and killed during the transaction.

Mr. and Mrs. Philip Wolfe and Mr. and Mrs. D. E. Cecil returned yesterday from a fishing trip on the Conejos river in Colorado. Rev. and Mrs. C. A. Long remained for a few days more.

An amazing letter from John H. Kuhlman of Norman, Okla., to his grandson, Virgil Hill. Mr. Kuhlman is 91 years old, and his handwriting resembled copper plate, so perfect were the letters and the shading.

Lynn Boyd ringing horse shoes last night like a professional—with a style that was exactly opposite that of Roy Wight who admits being an amateur. A stranger in Pampa last night would have seen the streets lined with bicyclists; would have heard the clink of horse shoes on West Francis, and the tennis courts full of players. Any more sports in the offing?

OUR DUTY UNDER RECOVERY

Announcement from Washington of the blanket code for all American industry is in some ways the most encouraging thing that has happened in this country in a great many years.

That is not so much because it offers a new chance to wipe out the depression as because it will enable us to unite emotionally in a way that is seldom possible except in war-time.

The drive to get co-operation in this code is to be conducted just as the Liberty loan and draft act drives were conducted during the war. And in that fact there is something extremely heart-warming.

A great many people have remarked on the singular fact that a nation usually is able to focus its effort and its emotions on one point only in time of great danger. Destructive and frightful as war is, it usually is the only thing that can make a people feel truly united, the only thing that can make them forget their differences, bury self-interest and work together in a common cause.

It has often been said that if only a people could get together on a peace-time project with the spirit that is displayed in time of war, it could surmount almost any obstacle.

That is the chance that is open to us now. We are being asked to submerge selfish interests for the common good; to be American's first and self-seeking individuals later; to stand united for the sake of those fellow-citizens who have not yet had a fair break.

This brings us a great challenge and a great opportunity. It is a challenge because it will test our intelligence and our patriotism and our endurance just as deeply and just as truly as any war-time emergency ever did.

And it is an opportunity because it opens the way to a new day in American history. Upon the events of the next six months, probably, will depend the fate of our flight to escape from the depression.

We can shape our future to suit ourselves; and if we are wise and brave as we like to believe, we can pave the way for a better, freer life for everyone in America.

SHAW

(Continued from Page 1)

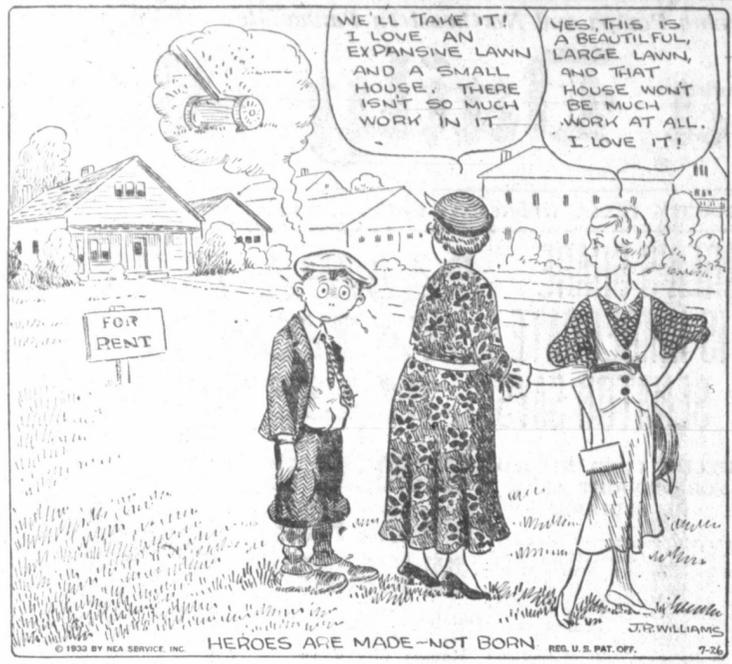

"Gloomy dean" of Westminster. Shaw once acknowledged this. At a dinner party in Lady Beecham's home he said: "I have a superior brain, but there pointing to Dean Ince" sits the greatest living writer in England."

GOLD DECLARATION LONDON, July 26 (AP)—Amid loud cheers Chamberlain of the Exchequer Neville Chamberlain proclaimed a declaration of independence for the pound sterling in the house of commons today by asserting that "sterling will not be linked to gold on the one hand or to the dollar on the other."

RATHER SUGGESTIVE One does not have to seek radicalism in terms of modern statecraft. This government was founded by revolution—not merely of arms, but of ideas. The declaration of independence lays the predicate for changing any government which has ceased to function properly. We quote from the Declaration of Independence, second, paragraph: "We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable Rights, that among these are Life Liberty and the pursuit of Happiness. That to secure these Rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its power in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security."

The original writers, though it retained all of the characters, and also the tradition of rich and sumptuous presentation which had been given to it by the rich cities of medievalism.

The benedictine monks of St. Gall in Switzerland were probably the first people to take the ritual of their church as inspiration for tableaux and dialogue. At Ghent, in Belgium, and at Fleury-sur-Loire, France, a curious development of this idea took place. On Good Friday it became the custom to swathe Crucifix in cloth, and lay it in a shallow trench, like a grave. There it remained until Easter morning, when the drama of the Resurrection was played.

Then the short charted drama came into being, and popular lighting began to develop as the idea became more colorful and dramatic.

In the 14th and 15th centuries, there were 224 such plays known in Europe—159 in Germany alone, 52 in France and the rest dotted through Italy, Spain, Switzerland, Holland, and England. There are in Germany still today 42 Passion plays—most of them local presentations. The Freiburg play is the oldest one to survive, older than the famous one of Oberammergau.

The Oberammergau presentation suffers in some respects from the old Freiburg play. Oberammergau is a small village, away up in the Bavarian mountains, and all the performers are peasants of that neighborhood. They are a very orthodox folk and would consider it a sacrilege to perform anywhere else, except upon the sacred premises of their native village. They perform just once every ten years and have done so continuously since 1633, as a thanksgiving sacrifice and a jubilation of deliverance from the black plague so prevalent in Central Europe toward the end of the dreadful thirty-year war.

SCOUT NEWS

Troop 3, Harold Holmes, scoutmaster "Dads" are asked to meet with boys of Troop 3 in the Scout headquarters in the city hall at 7 o'clock Thursday night. There will be 30 minutes spent in getting the "dads" acquainted with the boys of the troop and with one another. They will learn how Scouts work. Every member is urged by the scoutmaster to be present.

Mrs. A. W. Pollard and sons, Raymond and A. W. Jr., left this morning for Chicago to visit the world's fair. They also will visit in Michigan and West Virginia.

Pastor Reports On Rotary Meet Held at Boston

The significance of the activities of Rotary and other civic clubs in international good will and better understanding between nations was brought out in a talk today by the Rev. C. E. Lancaster, who told of activities at the recent international convention of Rotary in Boston.

He told of the hope of thinking men to some day secure international peace and better international trade through the efforts of business and professional men rather than through the efforts of politicians.

Miss Della Price, who is in Pampa making arrangements for the presentation of the Passion play, told of the beginning and the recent performances of the great cast in the play.

Visitors today were J. V. Holt of Okleahoma City, B. W. Rose, and J. B. Bourland.

R. D. Hanley of Dallas was in the city early this week.

Miss Mable Ramsey of Miami was a Pampa visitor last night.

Helman Wernheimer of Groom was a Pampa visitor yesterday.

Elmer H. Hope of LeFors transacted business here this morning.

CHICAGO GRAINS

CHICAGO, July 26 (AP)—Sharpest advances in grain values since emergency price restrictions went into effect resulted today largely from general assurance that distress limitation which had been overhauling the market had been completed.

Wheat and all other grains shot upward, especially in late dealings, after the market had been electrified by an authoritative trade estimate here that owing to extraordinary crop damage still in progress that wheat yield of the Canadian prairie provinces this season would be only 250,000,000 bushels or less compared with 408,000,000 bushels harvested last year.

Wheat closed buoyant at the day's topmost point with a minimum net gain of 6 cents a bushel. Closing quotations on wheat were 5 1/2 to 6 cents above yesterday's finish, with corn 3 1/2-5 cents up, oats 3 1/4-4 1/2 advanced, rye showing 6 1/2-7 cent gain and provisions at a rise of 25 to 45 cents.

Post Parades on Broadway In A Paper Blizzard

NEW YORK, July 26 (AP)—Wiley Post rode through New York's road of acclaim today to receive the plaudits of thousands and the traditional ticker tape tribute for his latest flight around the world.

From the Battery to city hall he rode along lower Broadway through just such a shouting crowd as he and Harold Gatty were greeted by two years ago after their world flight.

From office windows towering high above the narrow street thousands of clerks and stenographers looked down to cheer and toss out rolls of ticker tape to make the paper blizzard which New York casts on all its heroes.

Police estimated the Battery crowd at approximately 20,000 and the street was lined with watchers all the way to city hall park were another great crowd waited.

COURT RECORD

While the Brewster damage suit against the McLean Gas company continued today featured by lengthy arguments of attorneys, the grand jury was in adjournment, having made its report to Judge W. R. Ewing yesterday.

The grand jury report follows: "We, the grand jury respectively submit our final report of proceedings had and action taken during this term, as well as our recommendations and commendations, and upon final approval thereof would respectfully request that we be finally discharged.

"We have been in session 13 days during this term, and have diligently searched for and made inquiry into all infringements of the law and possible violations of our criminal statutes, and we have seen fit to return 17 indictments, of which 2 were misdemeanors and 15 felonies.

"We heartily subscribe to the instructions given us when we were convened and assure you that we have tried to follow them in our deliberations.

"We find that and are glad to report the violations of our criminal statutes in Gray county are at less than minimum, which we want to attribute largely to the splendid work and efforts of our county officers and the district and county attorneys.

"We want to thank the court for the splendid cooperation and consideration given us during this term."

The report was signed by R. A. Thompson, foreman.

# WATER SPORTS ENTERTAIN B. P. W. CLUB MEMBERS AND GUESTS

## SWIMMING AND PICNIC IN PARK ENJOYED BY 24

### CLASS IN SWIMMING IS PLANNED BY MEMBERS

SWIMMING races and games entertained members of the Business and Professional Women's club at the Pampa pool yesterday evening in a gay midsummer social meeting.

They heard Harry Kelley, pool manager, speak on the importance of learning to swim and first principles of swimming. He promised swimming lessons to club members, who plan to form a class for regular instruction at the pool.

In swimming contests, Marie Bastin won the race across the pool, and Clara Lee Shewmaker the two-way race. Games of water ball were also enjoyed.

After their swim the group went to the city park for a supper of sandwiches and iced tea. Miss Shewmaker made an informal report of social activities at the national convention of Business and Professional Women's clubs in Chicago, which she attended recently.

Games were played on the park grass before the evening ended. Twenty-four members and guests were present, including Miss Delta Price, advance agent for the company which will present an English version of the Passion play here next week. She was promised the support of the club in presenting the play here.

## Priscilla Club And Three Guests Meet With Mrs. Walberg

Mrs. Norman Walberg was hostess to the Priscilla Home Demonstration club at her home Friday, when a program on jelly and preserve making was directed by Miss Ruby Adams, county agent.

Three guests were present for the meeting. They were Mrs. Roy Tinsley, Mrs. O. L. Morris, and Mrs. C. P. Oliver.

Members attending were Mesdames Marvin Daugherty, Ira Spearman, Joseph Spearman, Joe Lewis, G. A. Shackleton, W. D. Benton, and Miss Irene Jackson.

## BACKYARD SHOWER FINE FOR CHILDREN'S PLAYTIME

During the summer children love to play barefoot in the yard, dressed in bathing suits and sun suits. A backyard shower under the garden spray before entering the house is a fine idea. The children are washed clean from head to foot, dry themselves, dress and enter the house refreshed and ready for their meal.

## MEAT FLAVORS CAN BE VARIED BY GOOD COOK

All Appetites Can Be Pleased at Small Cost

The flavor of meat has an extraordinarily strong appeal to most appetites. Knowing how to buy meat, how to cook and serve it in a variety of appetizing ways is, therefore, a prime asset to a good cook.

In homes where money is scarce this asset is doubly important, says the bureau of home economics of the United States department of agriculture. These housewives must learn how to use the meat flavor wisely in a diet otherwise likely to be monotonous. It is a two-way problem beginning with the selection and cooking of the meat and ending with the effective use of every bit of the cooked meat.

**Cheaper Cuts Good.** Cheap cuts are just as flavorful and nutritious as expensive cuts. Take shoulder of lamb or veal for example. The meat is tender and with the bones out, and a savory stuffing in their place, these cuts make roasts in every way comparable to those that command a higher price. Slow roasting in a moderate oven after browning is the secret for tender roasts. For the less tender cuts of beef such as lower round and brisket, the way to convert them into savory pot roasts and stews is to brown the meat first in a little fat, then add a very small quantity of water, cover the pot, and cook very slowly at moderate temperature until the tough connective tissues become tender.

With meat well cooked in the first place, it is easy to make the most of the flavor in the next day's hash. By adding potatoes to the left-over meat, you extend the flavor, as the home economist says.

**"Extender" Foods.** There are many other meat "extenders" besides potatoes — other foods that readily take up the flavor of the meat. Most of these are starchy foods, such as macaroni, spaghetti, rice, dumplings, noodles, bread crumbs, toast, pie crusts, or patty shells. Some sauces also serve the purpose. Creamed chopped meat on toast is an attractive way to serve the left-overs, with plenty of flavor and substance, too.

Then there is shepherd's pie — lamb stew (without potatoes) in a baking dish, with a layer of mashed potatoes on top, temptingly browned in the oven. The same thing is done, of course, with other kinds of meat. Meat pie, meat patties, meat shortcake, creamed meat in a ring of noodles, meat loaf, are other variations of this same economy device.

**Tasty Combinations.** Cured meats, with their salty, piquant flavor, are excellent for toning up bland foods. Corned beef hash, for instance, or creamed minced ham, or creamed dried beef on toast, or French-toasted ham sandwiches. The sandwiches are spread with ground cooked ham, then dipped in egg and milk, and fried in the manner of French toast. A more elaborate dish, but still a cheap one, is beef and ham gumbo in a rice ring. Almost a full meal, this, for it contains tomatoes and okra besides the meat.

Scalloped liver and potatoes, liver and rice loaf, savory meat on toast, scrapple, stewed meat with noodles, meat and vegetable stews — all of these are examples of "extending" meat flavor to less flavorful foods.

Another way to extend meat flavor is with gelatin. Jelled meats, especially veal or lamb, with or without vegetables in the jelly are a particularly agreeable hot weather dish — cheap and easy to make if you have a good refrigerator, but not to be undertaken otherwise, because the gelatin as well as the meat spoils quickly in warm temperatures.

**COUSIN IS GUEST** Miss Ruth Henry, returning the first of the week from a week at the fair in Chicago, was accompanied by her cousin, Miss Flippin of El Reno, who was her companion on the Chicago trip. Miss Flippin has visited in Pampa frequently.

Mrs. Edna Yearly is able to be up after a slight stroke of paralysis.

## CHILDREN FROM REVIVAL CLASS TO GIVE DRILL

### PROGRAM TO FEATURE CHRISTIAN CHURCH SERVICE

ANOTHER crowd filled the open air tabernacle last night to hear Dr. C. R. L. Vawter in his sermon on "The Unpardonable Sin." Five large delegations were present totaling well over 100. Howard House gave three pictures to the three largest delegations.

Tonight two pictures will be given if there are two delegations over twenty each. The pictures will illustrate the song "A Rainbow on the Cloud." This is a beautiful picture and a favorite everywhere.

It was tentatively announced that the Bible drill boys and girls under the direction of William D. Reeves, would give their public demonstration. About forty children have been studying the course as given by Mr. Reeves. This will be in addition to the regular features of the services. Dr. Vawter has offered five dollars to any grown person of the city who can answer the Bible questions as readily as the boys and girls if he has not studied the course.

It was also announced that Mr. Reeves would play the "Head-ophone" some night soon. This instrument sounds five feet high, sixteen feet long and has eight loud speakers. It will be played one night only during the meeting.

The sermon subject tonight will be "Faith and Feelings," and the evangelist will give a short talk on tithing at the beginning of the services.

## Broadway Depicted In Current Movie

Described as a glittering panorama of New York life from Battery Park to Harlem, "Made on Broadway" comes to the La Nora theater starting today, with Robert Montgomery and Sally Eilers, two of the screen's most popular younger players, co-starred for the first time.

Montgomery is said to have another high-speed comedy role as Jeff Bidwell, super-fixer, "wise guy" and debonair gambler who hoodwinks society and reaps a harvest on Broadway. Miss Eilers undergoes an interesting character development as the bedraggled cafe waitress who is rescued from a watery grave by Montgomery and who subsequently becomes one of Manhattan's most pampered playgirls.

The unusually strong cast also features Madge Evans as the ex-wife who tries to help Montgomery decide a course of action during his mad career as a high-pressure public relations' expert, and the supporting players include the comic Eugene Pallette, C. Henry Gordon, Jean Parker, Ivan Lebedeff, David Newell, Vince Barnett, and Joseph Cawthorn.

### A Diagonal Is a Short Cut to Slenderness

Here's good news for all ladies who are not so slim as they once were! There's no need for dieting and exercise to wear the new clothes. Some of the smartest frocks of the season are triumphs of slenderizing cut. To achieve a "slimming" effect just choose a frock like this, make it in a color such as misty blue, gray or beige and you will look and feel pounds lighter.

A capelet top builds the shoulders in a way that slenderizes the hips by contrast. An inverted pleat introduces important fullness without widening the silhouette. And it is hardly necessary to point out the flattery of the surplice line and pointed seams.

True economy for the larger woman means buying better materials and fitting her own clothes with simple designs like this. It requires very little material as the pattern envelope will show. See our Fashion Book for other models designed with a sympathetic understanding of the larger woman's clothes problem.

## PRESBYTERIANS ARE GUESTS OF MEN AT PARTY

### LAWN SOCIAL IS GIVEN BY BROTHERHOOD OF CHURCH

MEMBERS of the Presbyterian church numbering about 125 gathered on the lawn between the church and the manse yesterday evening to enjoy an informal evening as guests of the Men's Brotherhood.

All departments of the church and Sunday school were represented in the group present. Benches and tables had been arranged on the cool lawn, lighted for the occasion. No set program had been prepared and the evening was spent forming and renewing acquaintances.

Ice cream and cake, and iced watermelons were served to the guests.

## Aimee's Advisors Doubtful That Hutton Will Seek to "Make Up"

By MILES H. WOLFF Associated Press Staff Writer BALTIMORE, July 26. (AP)—Doubt that David Hutton will seriously attempt a reconciliation with his wife, Aimee Semple McPherson Hutton, was expressed by members of her party when she arrived in Baltimore today on her return from Europe.

Her attorney, William Andrews, who accompanied her on the liner City of Havre from Norfolk, Va., said it was a "trick" of Hutton's attorneys.

Aimee said nothing but nodded her assent.

The evangelist, accompanied by her daughter, Mrs. Roberta Smith; her nurse, Miss Bernadette Middleton, the attorney and his wife, disembarked here and were driven to her hotel where they said they expected to remain for a few days.

The evangelist added that any action she takes will be governed by what the members of her Angelus Temple in Los Angeles decide.

If they want her to fight Hutton's divorce suit, she will fight it; if they want compromise or surrender, she will comply with their wishes.

Her attorney had different ideas. He said without hesitation he would fight the case.

"You may quote me as saying," he said, "that within 90 days after the papers are served on her, I will file cross action."

The time limit for action in California is 90 days.

Mrs. McPherson-Hutton's arrival in Baltimore brought to a close a seven-months tour abroad, a tour that came under a glare of publicity when she sent a message from Paris that she had borne Hutton a nine-pound son.

This was later explained as being an effort to trace a "leak" in messages to the temple.

Asked why Hutton had filed divorce proceedings, she was uncertain at first.

"Thinking back over it, there are so many things," she said. She recalled, and apparently attached great significance to it, that Hutton had sought to have her sell the million dollar Angelus Temple, sell the temple radio station and sell her home.

"He said he would like to live in Europe—that it was time for me to retire.

"Of course you can see," she replied, "that it would be impossible for me to retire. My whole life is tied up in the temple and I would be lost without it."

Aimee said Hutton's apparent devotion to the temple and religion seemed in view of his divorce and his desertion of the temple for the stage to have been a case of "acting."

"He had seemed to be devoted,"

## Class Members Guests at Party

A watermelon feast and matinee party entertained boys and girls of the 15 and -16 year classes of First Baptist Sunday school Monday afternoon, when Mrs. W. D. Benton was hostess.

They were served iced watermelons at the church, then went to the Rex to see "State Fair."

Misses Victoria Anderson, Velma Ayers, and Catherine Barrett; Mesdames T. L. Anderson and W. J. Brown were guests of the group. Members in the party were Elsie Johnson, Myrtle Brown, Saloma Cox, Catherine Walker, Evelyn Kentler, Virginia Bassingame, Rudine Cochran; Herbert Reynolds, Howard Whaley, and Erdine Benton.

Mr. and Mrs. L. C. Peddicord and son, Jack, left this morning for Chicago to attend the fair.

said Aimee. "I recall his singing hymns just before I left. It was beautiful."

The evangelist said her future would be given entirely to her evangelistic work.

Although Hutton yesterday replied to questions about his attitude toward Aimee that he was suing for divorce, his attorney later announced he would advise the former temple singer to "go back to his wife if it seems at all feasible."

# EMPLOYERS ALL OVER TEXAS SHORTEN HOURS, RAISE WAGES

## ALL LINES OF BUSINESS ARE REPRESENTED

### REFINERY AT WICHITA FALLS AMONG FIRST TO ADOPT PLAN

By The Associated Press.

The sweeping national industrial recovery campaign gained momentum in Texas Wednesday as employers in tune with the times hastened to assure President Roosevelt of their desire to cooperate.

From all parts of the state came reports of industrial leaders revising their concerns' operations on a basis of shorter working hours and increased pay for employees, with the purpose of boosting buying power and adding workers to their payrolls.

Merchants, bankers, manufacturers, oil men, and industrialists in various other lines fired a barrage of communications into Washington, expressing their desire to make a go of the unprecedented economic program.

The Dallas clearing house association unanimously agreed to support the plan by putting into effect a 40-hour working week for employees of Dallas banks. To make this possible it was decided to make some changes in banking hours, effective August 1.

The Panhandle Refining company of Wichita Falls completed arrangements for adoption of a 36-hour work week to be set up under the blanket code August 1. A number of additional employees were expected to be added.

Munt's dry goods company in Paris informed President Roosevelt it had adopted the blanket code pending adoption of a definite code to regulate hours of work and minimum wages to store employees.

Fifty individuals and firms in Pampa, in the Texas Panhandle oil field, told the president they intended to adopt the shorter work week and raise salaries as soon as possible, or patronize NIRA joiners.

Improved wage scales and reduced working hours have been adopted by a number of Fort Worth firms, including the Worth Mills, textile manufacturing company; the Courtney Garment company; the Kramer Top and Body company, and the Florsheim Shoe company.

Effective next Monday, the Western States Grocery company, a wholesaling organization with branches scattered over the state, said it would install a 40-hour working week for its employees. The company has houses located at Greenville, Fort Worth, Mineral Wells, Abilene, Hillsboro, Dallas, Waco, Temple, and El Paso.

Jean Richey of Miami entered Worley hospital yesterday.

## Dawson County Farmers Plant Much Feedstuff

LAMESA, July 26 (AP)—Farmers of Dawson county are working overtime since the recent rains to get cotton and feeds planted. It is stated that most of the acreage is going to feedstuffs, although many are planting cotton ranging from 15 to 50 acres per farm. They reason that with a late fall the cotton will have a chance to mature. Records show that cotton has been planted in this county as late as July 15 with good production.

The rains also aided grazing ranges for the stockmen of the county.

An optimistic feeling prevails throughout Lamesa and Dawson county at this time.

## Strange Stories Told About This Lake in Country

STEPHENVILLE, July 26 (AP)—A number of persons saw the incidents, otherwise the fish and fire stories would sound fishy and not so hot.

Charlie Long, wholesale grocer here, recently was standing neck-deep in the Country club lake talking with friends. Suddenly he felt something nibble at a mole on his shoulder. He jumped, but the nibbler kept nibbling. He jumped again, this time getting loose from the nibbler. But the mole was gone from his shoulder. The perch escaped.

This story is competing for season's honors with another from the Country club lake. Several John Tarleton college faculty members were entertaining friends on the bank of the lake. A horse near where the group was having a picnic dinner kicked at a fly. His hoof struck a rock, producing a spark that set the grass afire.

Had these incidents occurred the same day and Long caught the perch instead of making a bee-line for the bath house, he could have fried the fish on the fire.

## By the World FORGOT

SYNOPSIS: George Bancroft's mother has ordered her out of her sight, because she has misinterred, George's relations with Nicholas Boyd, the former movie star. Nicholas' wife, Bernice, found George and Nicholas together in his apartment, where George had gone to bid him good-bye, and now Bernice has written a letter to George's mother. Almost worse, the latter has destroyed the farewell letter Nicholas sent George.

### Chapter 45 THE RETURN

THE village looked just the same, and yet to George, peering out of the window of Mr. Scarlet's old cab, it seemed as if she was coming back into an entirely new world of which she yet knew every landmark.

As the old cab swung with a protesting creak round the corner George saw the tall holly-hedge around her uncle's neglected garden, looked taller still and more ragged, soaring above the broken wall like a child that has grown out of last year's petticoat.

She shivered a little as old Scarlet placed the whip in his brass socket and climbed slowly down from the box, coming round to open the shabby door of the cab.

"Had a nice holiday, Missie?" he asked.

"Yes, thank you," George said.

He handed her luggage down from the top of the cab, and with a belated sense of courtesy pushed open the iron gate where the wooden plate which had once borne the name of "The Hollies" looked more weather-beaten and shamed-faced than ever.

"Are they expecting you, Miss?" Mr. Scarlet asked.

"No," George said, "I just came."

She walked up the path to the house and pushed the door open, wondering if it had ever been locked since she went away.

The familiar atmosphere of the old shabby house rushed out to greet her, and she smiled faintly as she crossed the hall to her uncle's study.

Nobody was there. George went into the kitchen.

Nobody there either, but a fire was burning brightly, and a row of clean tea-towels was hung to dry on a string stretching the width of the room.

George paid Mr. Scarlet, told him to leave her luggage in the hall, and went upstairs. Her bedroom door was shut, and she opened it with the eerie feeling that she was stepping back into the past, a long way back.

Cinderella who had driven away three months ago in a luxurious motor, had come back in Mr. Scarlet's cab to an empty house.

The blinds were drawn down in this room and it smelt musty and disused.

George drew the blinds up and opened the windows; it seemed a life-time since her last return home, when she had leaned from the window and picked a rose, fresh from the rain.

Would Edward Bancroft be glad to see her, or had he grown used to being alone?

The house did not seem to have suffered by her absence as she had half thought it might; it looked just the same—it was only she who had changed so much, who had left everything worth having in life far behind her.

SHE took off her hat and went downstairs again, and as she reached the hall, she heard the familiar slam of the creaking iron gate, and then the almost violent opening of the front door under Edward Bancroft's hand.

He looked not quite so red-faced or ill-kept, for his hair was neatly brushed, and, wonder of wonders, he was wearing a new tie.

He stopped dead on the cocoanut mat, and stared at her, then he said "Good Lord!"

"I've come home," George said almost timidly.

"What for?" he asked bluntly.

She tried to smile; it was not much of a welcome when one wanted a welcome so badly.

"They've had enough of me," she said.

"Just what I expected," he said, and then, "Well, you don't look any better for your gay life."

"I don't think it's been very gay," George said, and then, "How are you, uncle?"

"How do you suppose I am?" he demanded. "Just the same. Everything's the same."

He went into his study, and she heard him pouring out a drink.

After a moment George followed him.

"I hope you don't mind," she said.

**VISIT'S GREAT-GREAT-GRANDCHILD**

DALLAS—J. W. Wyatt, 91, came from Benton, Ky., to visit four generations of his descendants at the home of his son, D. B. Wyatt, 65, at Grand Prairie.

After seeing his latest descendant, a 5-year-old great-great-granddaughter, he left for Kentucky again, promising to return when he reached the age of 100 and go deer hunting.

Never taking off his hat except for eating and sleeping, Wyatt habitually puts it on the first thing in the morning and takes a chew of Kentucky tobacco before breakfast.

A. R. Fowler of Groom was admitted to Worley hospital last night.

Mrs. Velma Robinson left Worley hospital for her home today.

## BURIED CLAUSE IS MAINSPRING OF CODE LAW

### SIGNERS' NAMES WILL BE PLACED IN POST-OFFICE LOBBY

BY JAMES COPE.

WASHINGTON, July 26 (AP)—A buried clause of the industrial recovery law has become the mainspring of the movement for mass re-employment.

The principal provisions of the law call for adoption by industrial groups of "codes of fair competition," which are binding agreements for self-regulation with special benefits to labor. The agreements are strictly enforceable, but the law also carries a single paragraph permitting voluntary agreements to secure the same results.

It is under this clause that the country's employers now are being asked to subscribe wholesale to an agreement limiting labor hours to 35 a week and white collar help to 40, with minimum wages of 40 cents an hour and a scale of \$15 to \$12, depending on the size of the community.

The president has the power to enter into agreements with individual employers, trade organizations, associations or groups, and labor organizations, or to approve agreements between these, whenever he decides that such action will restore commerce by relieving unemployment.

He has decided to use this power in temporary fashion.

He first invoked it to help the many textile industries after a code had been promulgated for cotton.

Rayon and silk weaving and miscellaneous textile operations are highly competitive with cotton production. They had no codes ready so asked and obtained the president's consent for voluntary agreements applying cotton's code to themselves until their own could take force.

Then the administration decided that despite the increasing speed with which big industries were asking codes, the vast field of unorganized employers and their workers were not being reached. From this evolved the "blanket" plan.

Public opinion, stirred by a nationwide campaign, is to be used for enforcing the volunteer agreements. These, distributed from door to door by mail carriers, are to be signed and mailed to regional assembling points.

Another form, attesting compliance with the agreement's terms will go to postmasters in each town.

The name of the signer will go on a bulletin board in the post office, and the cooperating individual or firm will receive a distinctive "badge of honor" to display conspicuously in his windows.

Consumers who pledge to patronize operators will receive similar insignia.

The agreements, however, will last only until formal codes cover each industrial and trade line. To hurry these, after September 1, the president will start setting dates for open hearings, which will be shaped codes for unorganized lines which have not fashioned their own.

## Chisholm Trail Marker Unveiled

WICHITA FALLS, July 26 (AP)—Pioneers gathered here today for the unveiling of a marker commemorating the old Chisholm Trail from Mexico to Canada.

The marker was given by Col. P. Akeley of Elk City, Okla., who rode the trail as a cowboy and who also observed his seventy-fifth birthday today. Mrs. E. V. Vanzant of Wichita Falls, who before her marriage was a Chisholm, was among those present. Others included old-timers who had actually ridden on cattle drives to Dodge City and other Kansas points.

## MEXICO IS FAVORITE VACATION REGION OF TEXAS LEGISLATORS

### Courts Building Being Urged At Texas Capitol

AUSTIN, July 26 (AP)—Capitol denizens have acquired the habit of going to Mexico to get rested when they are tired of official life here. They frequently get weary of the "ins and outs" of what some cynics call the "old pile of red mud," meaning the perfectly good red granite state house that cost 3,000,000 acres of now oil-producing Texas land.

Many of the capitolites go by automobile to the border, thence to Monterrey, or Saltillo, or Don Martin's dam, where fish bite unbaited hooks. That's an unfamiliar experience for capitol frequenters, lobbyists and legislators—having fish bite without bait.

The train trip from Laredo south of Monterrey and Saltillo is interesting, they find. Along the right-of-way, a few miles south of Neuvaca Laredo are evidences of the development resulting from waters brought from Don Martin lake through the irrigation canals.

They are raising good cotton and fine corn on farms watered by those canals. New towns are springing up with building activity resembling the days when the East Texas oil field first started booming.

At Laredo a large staff of Mexican immigration and custom men board the train. They ride it all the way to Monterrey, where they change to the train bound toward the Texas border. They are a rollicking bunch and American tourists are always welcome company to them. They talk about "Meester" Roosevelt, that fine man you had at the head of your government," and reminisce about Mexico's ups and downs. From the window they will point to landmarks—the place where revolutionists same train you now ride," and shot it up—ah, just there is the ruins of an old church that the government's enemies occupied only to be routed at the expense of the poor church, now a pile of rubble.

At present the Texas supreme court, the third court of civil appeals, and the court of criminal appeals occupy offices in the main capitol. Their offices are congested and none too well lighted or equipped.

Eventually, court attaches believe, a separate building will be constructed for the courts. Already they have picked a site for it on the corner of Congress and Eleventh streets at the foot of capitol hill. The state owns the land which is now used for park purposes.

It likely will be several years, however, before the legislature loosens the purse strings of the treasury to build a courts building.

The surging that friends of James V. Allred, attorney general, presented to him has been given a place of honor in Allred's office. It reposes on one corner of his desk.

His friends sent with the surging the advice that Allred use it to ride into the governor's office.

Recently one of Allred's visitors asked him what he was going to do with it.

"You can never tell," Allred replied with a twinkle. "It's a mighty good surging," he added as he patted it fondly.

## Current Bargains Soon Will Pass

Fred Fenn, manager of the United Dry Goods store here, believes that now is the time to give the people of Pampa super-values in style merchandise. He advises that he has cut many items in his ready-to-wear department to one-half the original price and less. Heavy price reductions have also been taken on such style items as ladies' shoes, ladies' handbags, men's sport oxfords, and many other items thru-out the store. Mr. Fenn frankly admits that he will never be able to offer such values again, due to the fact that costs on merchandise have advanced so rapidly.

Mrs. J. B. Hessey and son, Jack, drove to Berger this morning.

Mrs. S. R. Odell was dismissed from Pampa hospital this morning.

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your liver's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. MYSTERY LINEUPS NOT DIVULGED BY MANAGERS

Managers of both the Magnolia "Mags" and the Danciger Roadrunners refused to give any information regarding the lineups they would present this afternoon when their teams meet in the first of a three-game series for charity. The game time was set 4:30 o'clock with the Danciger park the scene of the opening battle.

STATE TENNIS TOURNEY WILL BE HELD AT WACO, AUGUST 18

Doeg Wallops Texan; But Not For a Comeback

SEABRIGHT, N. J., July 26 (AP)—John Hope Doeg, who bounded into the first ten of United States tennis in 1927 and to the number one position three years later only to go unnoticed in the 1932 rankings, has no illusions about his chances of a come-back and will not try one.

Doeg admitted he is out of condition and has played very little tennis this year. He is content to play "for the fun of it" and that's what he's doing in the historic Seabright invitation tournament.

Doeg faced Gregory S. Mangin, national indoor champion, in the quarter-final today. Sidney Wood, defending titleholder, was slated to meet little Bryan Grant of Atlanta and needed to flash better tennis than he has shown so far to survive.

Quinn Connelley, smashing driver of Fort Worth, will be defending champion in the men's singles. Last year he won the title by beating Jesse Pfeiffer of San Antonio, 6-4, 6-4.

Jack Moore of Denison is the junior doubles champion. Moore and Murray Marshall of Denison are the junior doubles champions. John Beatty of San Antonio is the boys' singles champion.

CHICAGO—Gordon Fortenberry, 173 1-2, Cocoa, Fla., knocked out Martin Levandowski, 175, Grand Rapids, Mich., Jackie Sharkey, 123, Minneapolis, outpointed Johnny Fitzpatrick, 122, New York, (6), Emmett Curtice, 174, Fremont, Mich., outpointed Nick Taft, 172, Chicago, (6), Frankie Wolfman, 122, Canada, outpointed Oscar O'Hanion, 120, Waukegan, Ill., (5).

PITTSBURGH—Charley Belanger, 181, Canada, outpointed Sunny Jim McVey, 174, Rankin, Pa., (10), Charlie Baxter, 134, Pittsburgh, knocked out Jimmy Reilly, 139, Fairmont, W. Va., (9).

CANTALOUPE SHIPPED PECCOS, July 26 (AP)—The movement to market of Pecos cantaloupes, which have commanded a premium for 20 years due to flavor and texture, has started. At present most shipments are by express. Within 10 days carlot shipments are expected to start. Last year about 100 cars were shipped from this area.

PIRATES TAKE DOUBLE-HEADER FROM CHICAGO

CARDS TIE FOR FOURTH PLACE BY BEATING CINCINNATI

By HUGH S. FULLERTON, JR., Associated Press Sports Writer The Pittsburgh Pirates may not win the National league flag but they apparently are going to have a lot to say about who will.

Last week the Bucs handed the league-leading Giants a set-back by splitting a six-game series. Yesterday, to show they were playing no favorites, they walloped the Cubs in two ends of a double-header, 4-3 and 4-1, leaving the Giants three games out in front and Pittsburgh only a game and a half out of second place.

The work of three players, Steve Swetonic, Hal Smith and Fred Lindstrom stood out in yesterday's triumph. The first two pitched effectively, Smith giving only five hits and an unearned run in the second game. Lindstrom, continuing his hitting streak through 22 games, made five hits, scored two runs and batted in three.

The only other National league game saw the St. Louis Cardinals, playing their first game under the management of Frankie Frisch, climb into a fourth-place tie with the Boston Braves by defeating the Cincinnati Reds 3 to 1.

CHILDS ELECTROCUTED —OLNEY, July 26 (AP)—The body of Clifford Hedrick Jr., 5, accidentally electrocuted as he climbed a tree at his home here yesterday, was sent to Turkey, Texas, for burial today.

Hornsby Expected To Manage Browns ST. LOUIS, July 26 (AP)—After 18 years of stinting in the National league, Rogers Hornsby, ex-pilot of the Cardinals, Braves, and Cubs, was expected at any moment today to become manager of the St. Louis Browns.

VINES DENIES OVERTRAINING

'Perry And Austin At Best; We Were Just Not Good Enough on Those Days'

PARIS, July 26 (AP)—Limping slightly but apparently in the best of spirits, Ellsworth Vines Jr. today left with other members of the United States Davis cup team for Cherbourg to board the Olympic homeward bound.

Vines turned an ankle during his losing match with Fred Perry of England in the interzone final but said he believed it would mend and predicted he would be in good shape for defense of his United States singles title in September.

"Lott and Van Ryn played a great doubles match and were certainly not overtrained. If that is the case, and all who saw the doubles admit it is, then how by the same reasoning can Allison and myself be said to be overtrained? We practiced even less than they."

Perry and Jean Borotra, the French star, were down to bid the players good-bye. "See you next year," Perry shouted. "I'll train myself away and Allison jocularly replied: "Good-bye, you big stiff."

DALLAS WHIPS HOUSTON 5-2; PANTHERS WIN

CATS NOSE OUT BUCS IN 8TH AND 9TH INNINGS

By BILL PARKER, Associated Press Sports Writer The Houston Buffaloes played like everything but league leaders Tuesday night when they dropped a 5 to 2 battle to the Dallas Steers. The Buffaloes were guilty of poor base running, erratic fielding and hardly any hitting.

Fisher started for Houston and failed to last the first inning. He was wild and when he did ease up, the Steers pounded him for hits and runs. In the eighth and ninth innings, the Buffaloes had the bases full and could not score.

Jack Aze and his Fort Worth Cats continue to march upward. Tuesday night it was a 3 to 6 victory over the second place Galveston Buccaneers. Chambers and White combined to out-pitch Ire Hutchinson and Tubbs. The Cats collected 13 hits against 12 for the Buccaneers. Galveston splurged with four runs in the seventh to take a 6 to 5 lead, but the Cats walked in with runs in the eighth and ninth to check in with a win.

CHICAGO, July 26 (AP)—Tommy Loughran, the Philadelphia boxing master, and Johnny Risko, the veteran upset artist from Cleveland, meet tonight in a 10-round bout at Mills stadium to decide the heavyweight "comeback" championship.

Each has had all the appearances of being washed up—not once, but several times. Both, however, have managed to make surprisingly successful comeback campaigns, and each is in the midst of one now.

During Loughran's most recent drive he has conquered Walter Cobb, Izzy Gastanaga, and Steve Hamas, treating each to convincing boxing lessons. At 31 years of age, he is still about the best boxer around and will enter the ring favored to outmaneuver the Clevelander for the decision.

Risko, also 31, according to the record book, has bounced through King Levinsky, the never-say-die right hand swinger from Chicago's west side; Tuffy Griffiths, and Mickey Walker, former welterweight and middleweight titlist, and a briefly successful candidate for heavyweight honors.

MEMPHIS, Tenn., July 26 (AP)—Gus Moreland of Dallas, besting his defense of his western amateur golf championship here this morning by defeating Sidney Saloman of St. Louis, 4 to 3. Moreland, having trouble putting in the west grounds, was five over par for the distance.

H. J. Basham of Wichita Falls is here on business for a few days. Memphis 0, New Orleans 0 (tie called end 7th, wet grounds.)

ENTRIES POUR IN FOR HORSE SHOE AND TENNIS TOURNEYS

Surprising Interest Is Being Taken in Both Events—Practice Is Serious.

Entries are being received daily for both the tennis tournament and the horse shoe pitching tournament being sponsored by The NEWS. The tennis tournament will start August 7 with entries being received until August 4. Closing date for entry in the horse shoe tournament has not been set.

Many Pampans who have not played tennis for years have looked up their racquets and are getting into condition for the series. Three courts have been secured for practice until the tournament gets underway. The courts are located at the rear of the high school, at the rear of the Catholic church and at the Cities Service booster station east of the city.

An entry fee of 25 cents is being charged and the money will be used to furnish balls for the quarter finals, semi-finals, and finals play in each division. If a player desires to enter in the singles and doubles, the entry fee will be 50 cents.

A women's division will be played in the singles and if enough enter to furnish a section will be played. There are many women players in the city and they are urged to enter. Prizes will be given the winners in each division. A tournament committee has been appointed to manage play. The NEWS will furnish officials for the three final divisions of play.

McLEAN Plans A Playground Ball Tournament Soon McLEAN, July 26.—McLean will have a playground ball tournament about the tenth of the month and will be made up of business men. Practice started yesterday afternoon early, and lasted until dark. Clint Dolan and John Butler chose sides and had a game that was featured by usets.

Special features of the game include the pitching of "Slack" Boyd and the wise cracking of catcher Roberts. Wilmer Mercer made two sensational catches, while the work of Doc Campbell on second was outstanding. D. C. Carpenter tried to cover first and second bases at the same time with no luck. Ability to dodge the ball was in the hands of Smith without opposition while the new type of sliding exhibited by Lee Wilson was an innovation. "Home Run" Brooks gave a wonderful exhibition at the bat.

Other players of prominence on the field were Sammie Brown, Alva Alexander, Earl Stubblefield, Jim Back, Harold Rippey, Murray Boston, Kent Carpenter, and Gordon Wilson. Several teams are being organized and a round-robin schedule will be played, after which the winners plan to challenge softball teams in nearby towns.

Elmer Cole of Bartlesville is here on business this week. J. D. Drummond of Wichita Falls is here for a few days.

Officers Will Return Stolen Car and Youth

Chief of Police Jno. V. Andrews and Bob Sanford left this morning for Carlsbad, N. M., to return Mr. Sanford's car which was stolen nearly two weeks ago.

They met the sheriff of Donley county in Amarillo and he will return a youth arrested in connection with the theft of the car following a hold-up near Clarendon. Mr. Sanford gave a young man a ride from Memphis to Clarendon but as the two neared Clarendon the passenger uncovered an automatic pistol and ordered Sanford to drive to Amarillo, where he was relieved of his car and money.

A man answering the description of the one who held up Mr. Sanford tried to sell the car in Artesia and was later arrested in southwest New Mexico. He was extradited and identified by Mr. Sanford to stand trial for hi-jacking and also in Amarillo for auto theft.
