## OPPOSITION GROWS TO HIGH LIQUOR PRICES; LOWER TAXES ARE DEMANDED

#### FREE OKLAHOMAN HELD IN JAIL ON LIQUOR CHARGE

WASHINGTON, Dec. 9 (AP)—Lower liquor taxes to hold down the price of the legal beverage were demanded on Capitol Hill today at about the same time that the federal government was virtually clinching its control of the liquor industry.

Two more codes, those for wholesalers and retailers, were signed by President Roosevelt to virtually round out federal supervision plans for the industry.

Both Democrats and Republicans joined in calling for high the tax recommendations of Mr. Roosevelt's inter-departmental committee. Their opposition was predicated on the contention that the \$2.50 tax would keep whisky costs up to a point to make profitable large-scale perpetuation of bootlegging.

Representative West (D., Ohio) declared himself in favor of a tax of \$1.50 a gallon. Representative Britten (R., Ill.) said "nothing above two dollars."

The signing of the two codes put into the hands of the government through its newly created federal alcohol control administration, control of the distilling, brewing, wholesaling and rectifying branches of the liquor industry, leaving the vintners as the only important branch to be brought under the control administration. A hearing on a code for the wine producers has been set for Wednesday.

OKLAHOMA CITY, Dec. 9 (AP)—Setting what is believed to be a legal precedent for the nation, United States District Judge Edgar S. Vaughn of the western Oklahoma district, today granted a writ of habeas corpus that freed a man held in jail here on a liquor charge.

The writ, which broke new ground in the disposal of liquor cases in the wake of repeal of the eighteenth amendment, was granted in the case of Bert Smith, 26, who was jailed August 7 for an alleged liquor law violation. Judge Vaughn directed that Smith be released on his own bond pending an appeal of the case to the United States supreme court.

Other visitors were Roy Bourland, Claude Williams, W. R. Frazee and Jess Patton.

### Readhimer Given 2-Year Term In 'Honor' Killing

LUBBOCK, Dec. 9 (AP)—Convicted of murder without malice in the "honor" slaying of Stokes Campbell, a high school student at Floydada, and sentenced to two years in the penitentiary, J. R. Readhimer, 57-year-old Hale county farmer, was held in Lubbock county jail tonight in lieu of 5,000 bond set by Judge Clark M. Mullican of the ninety-ninth district court.

The jury verdict was reported at 11 o'clock this morning, Readhimer receiving it without apparent emotion. Mrs. Readhimer began crying after the verdict was read.

Grace Readhimer, daughter of the convicted man, testified that Campbell was father of her five-month-old son. Her brother, Vert A. Readhimer, was acquitted of murder in connection with the slaying two months ago.

### SHOW WINDOW CONTEST WON BY MITCHELL'S

Pampa Bakery Second and Fatheree IV. Third

PRIZES in the show window contest held in connection with Santa day were announced yesterday as having been awarded to Mitchell's, Pampa Bakery, and Fatheree Drug No. 4, which were ranked in the order named.

The judges were local club women. Originality of theme and execution was a deciding factor in ranking the many clever and attractive windows. Mitchell's has a winter scene done in a Japanese style, hand-made and very striking. A Christmas scene in miniature was used by the Pampa bakery, which showed many small figures typical of the season. A red and green combination formed a gorgeous Christmas greeting at Fatheree No. 4.

Honorable mention was given Corner Drug, Murfee's, Pampa Furniture, Carter's, Southwestern Public Service company, Thompson Hardware, Kees & Thomas, Violet Shop, Montgomery Ward, United Dry-goods, and J. C. Penney.

### Lindys To Fly Over Jungles Along Amazon

PARA, Brazil, Dec. 9 (AP)—Col and Mrs. Charles A. Lindbergh decided today that the next lap of their long odyssey will be a flight over jungle wilderness to Manaus, more than 800 miles inland up the great Amazon river.

They determined to set out early tomorrow for Manaus, a city of 50,000 population, and to leave there Monday to continue their homeward journey by way of Trinidad, Puerto Rico and Miami.

Should the Americans subsequently take the shortest overland route to the coast they would have to fly over more than 600 miles of dense jungle. It was not indicated, however, whether they would return to the seacoast by way of the Amazon.

The Lindberghs arrived here yesterday from Natal, Brazil, after a flight of 1,094 miles. They landed at Natal after flying across the south Atlantic from Africa.

### Charge Father Slew Family

LAWTON, Okla., Dec. 9 (AP)—Robert F. Hayter, traveling salesman, who returned to his home here November 1 to aid officers in investigating the mysterious murder of his wife, son and daughter, today was charged with the crime while he languished in jail at Duncan.

Hayter was charged specifically with killing his wife, whose body was found at the head of a stairway in the locked Hayter home with those of the 14-year-old daughter, Nellie, and 17-year-old son, Sidney, after

### DEFENDANT TO 'TELL ALL' IN OWN DEFENSE

#### STATE CLAIMS A PLOT TO MARRY FORMER SPOUSE

DALLAS, Dec. 9 (AP)—Determined to prove that his bride of three months, Dorothy Marie, was killed accidentally, Toy G. Woolley, 28, accountant, and Mina, his sister, the only eye-witness, will testify next week in Woolley's trial on murder charges, defense counsel said today.

Woolley wept today as Ben D. Taylor, treasurer of the insurance company where he was employed, testified that Woolley said to Mrs. Taylor, when they went to the house after the shooting:

"Oh, Ursula, she was the best girl in the world! Her every thought and everything she did was for me." He insisted Woolley's grief appeared genuine.

On the other hand, Taylor admitted on cross-examination that the company had not sent Woolley to Austin on November 4, the Saturday before the Sunday morning the shooting occurred here in the Woolley home.

Miss Mae Cantrell, Woolley's divorced wife, had testified that he came to Austin that Saturday and threatened her and her fiancé, E. W. Shuey, if she did not re-marry him when he could get free.

District Attorney Robert L. Hurt also asked Taylor if he knew Woolley was going to night school to study the laws of descent and distribution of property. One of the state's claims is that Woolley desired to obtain his wife's estate, consisting of some thousands of dollars and interests in several pieces of real estate. Taylor said he "didn't know" if Woolley went to night school.

Taylor also said the company had not sent Woolley to Austin on Sept. 23, another date on which the state claims he went there to see Miss Cantrell.

Two undertakers were called to describe the location of the wound in Mrs. Woolley's body. Currie McCutcheon, defense counsel, unbuttoned his coat and vest and had them diagram on his white shirt front the location of the wound.

B. A. Stitt, one of these witnesses, was asked:

"The muzzle of the shotgun was so close that all of the shot and even the wad went into the body."

"Yes, that's right," he replied.

neighbors became suspicious of the unusual quietude at the home. The charge accused Hayter of slaying his wife on the night of October 27. The bodies were found five days later.

Meanwhile, officers were questioning a married woman, the wife of a railroad worker. She was held in jail at El Reno, but her name was not divulged.

"I didn't do it," Hayter told newspapermen in the jail at Duncan today. He expressed confidence that "the man who did it will confess before the case is closed."

However, the middle aged refrigerator salesman said he did not know who committed the crimes.

### REBEL FLARE OVER SPAIN FATAL TO 24

Bomb Explosions And Sporadic Fighting in Provinces Wound Hundreds

MADRID, Dec. 9 (AP)—Eight bomb explosions raked Madrid tonight and complete confusion reigned in the Spanish capital, hitherto untouched by the nation-wide extremist revolt which in 24 hours was brought an unofficial toll of 24 dead and hundreds wounded in sporadic fighting.

Five bombs burst late tonight in the central streets of Madrid, two more beside a church and another in front of a rightist government supporter's home. Troops were immediately reinforced throughout the city.

Government authorities invoked strict censorship on the Spanish press and on outgoing news of foreign correspondents. They forbade all public assemblies under a "state of alarm," which is the next step to martial law.

The government blamed the anarchist and syndicalist rebellious movement, apparently in retaliation for rightist victories at the polls in recent elections, had been suppressed except in the province of Zaragoza, but insurgents were reported to be planning strikes at Tarragona, Reus, and Manresa in northeastern Spain, and rumors in the capital said a general revolutionary strike might break out any time between tomorrow and Monday.

Semi-official reports at noon put the number of dead at 12 in Logrono province, seven in Barcelona province (Catalonia) and three in Zaragoza. Later reports said two more were killed by a bomb in Barcelona and two injured, one a woman.

### SCARFACE AL AGAIN DENIED FREEDOM PLEA

#### GANGSTER'S LAWYERS DECLARE APPEAL TO BE MADE

ATLANTA, Ga., Dec. 9 (AP)—Federal Judge E. Marvin Underwood today denied Scarface Al Capone's second plea for his freedom from the Atlanta federal penitentiary on a writ of habeas corpus.

Attorneys for the former Chicago gang czar, who is serving a ten-year sentence for evading income tax payments, said an appeal would be taken to either the circuit court of appeals or to the United States supreme court.

Capone entered the Atlanta penitentiary in May, 1932, and a year ago made his first attempt to gain his freedom on the ground the federal statute of limitations had run at the time of his indictment.

### Two West Texas Cities Fighting For Champ Game

LUBBOCK, Dec. 9 (AP)—Telephone wires were humming a song of championship football over all West Texas tonight with Lubbock and Abilene trying to outdo each other in running up big bills.

Lubbock business and professional men banded together tonight and issued invitations to Pampa and San Angelo high schools to come to Texas Tech field and play their quarter-final interscholastic league football game. At the same time, Abilene was extending the glad hand.

Local fans were of the opinion late tonight that the Lubbock invitation was being considered the more seriously, and that the Harvesters and Bobcats would meet here Saturday.

The committee in charge of arrangements is composed of Mrs. Arthur Swanson, Miss Margaret Buckler, Miss Virginia Rose, and Miss Virginia Faulkner, and a call to any of the members will be appreciated.

The clinic is being operated as part of the Red Cross movement in this area.

### Bridge Falls in Twisted Heap

Tons of steel, brick, and timbers crashed 40 feet into a twisted heap, carrying two street cars, loaded with sand and slag, and an oil truck with them, when 150 feet of this bridge approach in Pittsburgh gave way. The wreckage fell on the B. & O. railroad tracks, injuring four men. At the upper right is shown the level from which the span fell.

### FRENCH DUKE AND BRITISH ARMY CAPTAIN PERISH IN FLAMES IN AMERICANS' HOUSE IN ENGLAND

WHITCHURCH, Hampshire, Eng., Dec. 9 (AP)—A sudden fire roared through the country home of Mr. and Mrs. Leander J. McCormick, a prominent Chicagoan, early today, cast tragedy over a week-end house party by causing the death of a peer of France and a British army captain, and left the mansion virtually in ruins.

The victims were the Duke de la Tremolle, a French cavalry officer and premier duke of France, and Capt. J. H. B. Rodney of London, brother of a British peer.

Mrs. Rodney, the former Frances Strickland Lovell, daughter of Rep. Oldham of Seattle, Wash., was gravely injured in a 20-foot jump to escape the blaze.

At the Royal Hampshire hospital, Winchester, where she and her husband were taken, and where the captain died, an operation was performed upon her for serious spinal injuries.

The guests had spent a quiet, happy evening about the rural English fireside of "The Herony," the McCormick mansion, and were looking forward to this morning when a hunting party was planned.

Mrs. McCormick was the first to be awakened by the odor of smoke and the crackle of flames. She aroused her husband and they then ran through the halls of the blazing house, shouting warnings to the guests and servants.

No ladders were available, and those inside were forced to jump from their bedroom windows or scramble down the drainpipes. The servants then ran through the icy night dressed only in night attire and sought all available help from the surrounding buildings.

It was believed the fire started in an empty top floor room, known as the pink room, and caused by fusion of the electric wires.

Some of the guests had stayed up late playing bridge and talking and had retired only a short time before the blaze broke out.

#### HARVESTERS TO PLAY ANGELO ELEVEN IN QUARTER-FINALS

(A more detailed account of the game appears on the sports page.)

BY HARRY E. HOARE, Sports Editor, The News.

TURNING a gloomy outlook into a glorious triumph for district 1, Pampa's champion Harvesters destroyed Abilene high school's most cherished tradition before 5,500 fans on the local field Saturday in crushing the visitors under a 27-7 score. It was the Eagles' first loss to a Panhandle team in bi-district elimination.

School officials of Pampa and San Angelo will likely lose a coin Monday to decide where the bi-district football elimination between districts 1 and 2 of the Interscholastic League will be played next Saturday. Argus M. Fox, assistant coach of the Harvesters, last night in El Paso declined San Angelo's offer of a \$2,000 guarantee for either team to make the trip and pay its own expenses.

In case of a bad storm, such a guarantee might mean a heavy loss here. San Angelo, however, wishes to avoid loss of a coin. The San Angelo stadium is said to be inadequate.

IN PLEASANT PLACES: The Lord is the portion of mine inheritance and of my cup; thou maintainest my lot.

The Mob Rule Question Authority of government is inherent in a people.

Mob rule involves an usurpation of authority as vested by the people in official employees, or office holders.

But the question can hardly be dismissed with these few comments. There is such a thing as a local democracy.

There isn't much that can be done with a mob after a dastardly crime, if the mob has strong, temporarily insane leaders.

Mobs, in fact, reflect the deep-seated political cowardice of American voters. Americans are deluded by invective and insincere promises and are led to the polls to install the very political demagogues who make weak laws and weakly enforce them.

EL PASO, Dec. 9. (AP)—Scoring through the air twice in the first quarter and with a 60-yard touchdown march in the second period, San Angelo Bobcat's football team took an early lead, increased it in the final period with another counter through the air, and defeated Bowie high school, of El Paso, 27 to 7, to win the championship of district three and four here today.

Only in the third quarter, when two long passes brought them a touchdown and they kicked from placement, from point after did the Bears flash scoring power.

**Tyler Loses 18-0**  
GREENVILLE, Dec. 9. (AP)—The Tyler high team passed its way to an 18-0 defeat in the final period of its game here today with the Greenville high team, Greenville scoring three times in quick succession to win the interscholastic, bi-district game.

For three periods the teams battled with neither being able to score. The turn of the game came when it seemed that Greenville could only win by 20-yard line penetrations. On one of these occasions Tyler made a great goal line stand, holding for four downs on the yard line to regain possession of the ball.

Forced to take chances in the latter part of the game, Tyler started a desperate passing offense. An alert Greenville defense turned pass interceptions into scores. Early in the final period Marshall intercepted a Tyler pass and ran the ball to the Tyler 26-yard line. Three plays later the Greenville quarter-back swept around his own right end for a touchdown.

Scott intercepted another Tyler pass late in the period and ran 20 yards for a touchdown. Just before the game ended Marshall intercepted Upchurch's pass and ran it back to the Tyler 23-yard line. Marshall then passed to Scott, who ran to the one-foot line. Luckett dived over the line for another score. Greenville missed every try to kick extra points.

**Tech Games Close**  
DALLAS, Dec. 9. (AP)—The Dallas Tech Wolves came from behind in the fourth period today to nose out the Fort Worth Central Panthers 7 to 6, to win the bi-district championship in the interscholastic league race.

The Wolves had been outplayed for the better part of three quarters when Big Zed (Plover) Coston, Tech center, broke through the Central line and blocked Brandon's kick. On the next play, Tech completed a pass 21 yards to Les Squires, who ran for a touchdown, but made the mistake of stepping out of bounds on the two-yard stripe and the play was called back. Kingpin Barry put the ball over after two tries.

Then the Dallas team used an old fake place-kick play, Philbrick, Tech end, warming up as though to place kick for the extra point and, instead, snapping the ball to Squires, who ran around his own right end for the point needed to win the championship.

**Wichita Falls Beaten**  
WICHITA FALLS, Dec. 9. (AP)—The Highland Park Scots clearly established today their right to a berth in the quarter-finals of the interscholastic league race by defeating the Wichita Falls high school Coyotes 6 to 0.

The Scots scored in the fourth period, beating back a stubborn Wichita Falls defense which had refused to yield points, although lagging far behind in first downs and

## THE GAME IN MORE DETAIL

By OLIN E. HINKLE  
Managing Editor, THE NEWS  
Captain Cogdell of Abilene won the toss and took the south half of the field with a light southwest wind at his back. Howell of Abilene kicked off to Heiskell, who took the ball on his 15-yard line and ran back to his 42. But Pampa was offside, taking a 5-yard penalty. Abilene kicked off a second time, Gregory receiving and running the ball out from behind his goal to his 25.

Stevens swept around Abilene's right end for 9 and Gregory made it a first down on a criss-cross. Hamilton and Heiskell plowed off tackle for a first down and were near another when the Eagles took time out. They resumed their impartial pounding for another first down with Stevens blocking and the line opening well. Hamilton and Heiskell cracked the Abilene forward wall regularly for another first down and after short gains Hamilton delayed his buck then drove through center for 8 yards and a first down on Abilene 9. Heiskell fumbled, but recovered for a yard gain. Then, running from a modified punt formation, Heiskell drove over Abilene's left tackle for 7 yards. He then crashed through right guard for a touchdown, and Hamilton neatly kicked the extra point. Pampa 7, Abilene 0.

Abilene's Galbraith took Mundy's kickoff on Abilene's 10-yard stripe and rushed out to his 36. Heiskell cracked the Abilene line two tries, and Cogdell punted 41 yards to Gregory, who returned 13 yards to his 32. Abilene was offside, drawing a 5-yard penalty. Abilene held Pampa backs for short gains. Heiskell punting to Brookshire, who fumbled and recovered on his 32. Lindley was replaced by Collins at Abilene's right tackle. Cogdell dropped a pass from Brookshire, then the latter made a twisting run around Pampa's right end for 18 yards to midfield. He then faked a pass and skirted right end to Pampa's 29-yard line. The Harvesters took time out, then Abilene made short gains and threw a wild pass before Brookshire's short pass to Cogdell, who circled Patton and made it a first down on Pampa's 10-yard line. Pennington hit right tackle for 4 and Pampa's offense on the play made its first down. The locals took time out. Mundy smeared Brookshire's drive at the right side and threw him for a 5-yard loss. Owens stopped Cogdell's spinner. The quarter ended on Pampa's 10-yard line third down.

**Second Quarter**  
Brookshire made a yard at left tackle. Brookshire threw a diagonal short pass to Cogdell, who ran down Pampa's right side for a touchdown. Brookshire place-kicked for the extra point, tying the score at 7-11.

Heiskell, Pampa fullback, received Howell's kickoff on his 15-yard line and returned to the Pampa 42. After short gains by Heiskell, Hamilton spun for 7 yards and a first down. Patton dropped a pass from Gregory. Heiskell fumbled but Pennington recovered for a yard. Gregory punted 16 yards out of bounds on the Eagles' 21-yard line. Cogdell hit Pampa's left side for 3 yards. Abilene made short gains at the line, and Pampa was penalized 5 yards as Mundy was offside. Abilene took a first down on her 31. Owens threw Cogdell for a yard loss. Pennington made 7 thru Pampa's line. Brookshire added 3, then Cogdell punted to Pampa's 30. Abilene's line held and Gregory kicked 40 yards to Cogdell, who ran back 10 to his 24, where Eldridge met him. Pennington found a hole and ran through it for 7. Moser replaced Galbraith in the Eagles' backfield. The Eagles could get nowhere, so Cogdell punted against Green's wish, faking short, but Gregory lost 8 yards

on a backward circle of a nest of Eagles. Pampa took the ball on her 17-yard line, then drew a 5-yard penalty for 7 yards. Marbaugh replaced Heiskell, Pampa fullback. Gregory punted 29 yards out of bounds on his 48. Brookshire, trying to pass, was smeared by Eldridge for a 10-yard loss. Green rushed Cogdell, whose punt went straight up for 18 yards. Gregory made 4 at his left side, then Marbaugh left-handed a long pass to Owens for a total gain of 23 yards. He repeated to Hamilton for 14 yards, putting the ball on Abilene's 22. Marbaugh's long pass to Patton was incomplete over the goal line as the hand ended with the score still tied at 7-11.

**Third Quarter**  
Marbaugh kicked off for Pampa north 59 yards to Brookshire, who side-stepped Owens and raced 23 yards to the Abilene 24-yard line. Brookshire galloped around right end for an 11-yard gain to Abilene's 35. Pampa held, then Cogdell kicked 28 yards to Gregory, who ran 5 to his 40. Marbaugh dived over a massed line for 5. Stevens made 17 yards on a lateral pass. Gregory took a lateral to his right side for 4. Captain Patton, on an end-round play, made a first down to Abilene's 24. Marbaugh begged for time. Gregory drove over Abilene's right guard for 4. Marbaugh hit center for 2. Owens, on an end-round play, took the ball from Hamilton and dived over Abilene's left tackle for 4 yards and the touchdown. Marbaugh place-kicked the point. Pampa 14, Abilene 7.

Marbaugh kicked off over the end zone, the Eagles taking the ball on their 20. A bucket pass was empty. Brookshire passed to Moser for 2. Green partly blocked Cogdell's punt and Owens got 14 on the Abilene 26. Hamilton made 12 yards at the left side. Marbaugh broke center for 9. Gregory was held, but Hamilton cracked the Abilene left side for 4 and a first down. His kick was partly blocked, going 28 yards to the Pampa 36. Elkins made 2 at right guard. Mumford and Walker replaced Gregory and Green for Pampa. Pampa was penalized 5 yards. Heiskell punted 8 to Pampa's 44 in the last play of the game.

**Final Score:** Pampa 27, Abilene 7.

**CHAMP NEGROES BEATEN**  
MARSHALL, Dec. 9. (AP)—The Wiley university Wildcats today shattered hopes of the hitherto undefeated Tuskegee Institute football team taking the national negro inter-collegiate championship by defeating Tuskegee here, 13 to 0. Wiley scored both touchdowns in the second period, the first score on a series of passes and the second on power plays.

Miss Melvina Nave, Jinks Bra-shers, and C. E. Clark of Childress were here yesterday for the football game.

**FOURTH QUARTER**  
Gregory and Patton went back

in for Dunaway and Reynolds. Brookshire cut back over right guard for 3 then his quick kick caught Gregory napping and the ball rolled out of bounds on Pampa's 8-yard line. Heiskell made 7 through Abilene's left tackle. Hamilton faked a punt then slipped through his left side for 24 yards and a first down to his 39. Heiskell made 2, and Stevens circled Abilene's left end for 12 yards on Abilene's 49. A minute later, Hamilton uncorked a 28-yard run through center from a spinner. Lindley and Baldwin went out and Collins and Earl Jones went in for Abilene. Heiskell made 3 at right. Gregory lost a yard, but Heiskell picked up 3. Hamilton fumbled but recovered for a 5-yard loss. Heiskell took the ball on downs on her 18. Brookshire made a tremendous kick over Gregory and it went out on Pampa's 19. After short gains, Heiskell punted 42 yards to Brookshire, who ran back 27 yards and a first down on the Pampa 48. Abilene drew a 5-yard penalty for excessive time out. Stevens lost 5. Hamilton made a first down through Abilene's right side. Heiskell made 8 to Abilene's 29. Heiskell took time out as Blackmon replaced Balfanz, Abilene end. Heiskell plunged for 4 and a first down on Abilene's 25-yard line. A pass to Stevens lost 3. Elkins went in for Stevens, Pampa halfback. Pampa replaced Mundy in the Pampa line. Heiskell dodged off the Abilene right tackle and raced for 18 to Abilene's 15. Hamilton made a first down to Abilene's 10. Heiskell and Hamilton pounded to the one-yard line. Heiskell dived over his left tackle for a touchdown. McAnley went in for Smith. Noblett for Pinnell in the Pampa line. Hamilton's place-kick for the extra point was weak. Score: Pampa 27, Abilene 7.

**ARKANSAS IS LEFT AT HEAD OF STANDINGS**

**PORKERS WILL BATTLE CENTENARY ON JANUARY 1**

By BILL PARKER  
Associated Press Sports Writer  
DALLAS, Dec. 9. (AP)—Officials of the Southwest conference held their annual meeting today at the Dallas Athletic club, and after an all day session voted not to award an official conference football championship for the 1933 season.

Dr. D. A. Penick of the University of Texas, and president of the conference, made the following announcement: "In voting not to award a conference football title for the season 1933, the conference followed a principle that any institution which has played an ineligible man, even without the institution's knowledge, cannot officially be awarded a championship. Article 88 in the by-laws of the conference state that the conference president shall declare a champion in a sport in which there is no doubt. In view of facts, the conference president did not feel justified in awarding the football championship, and in that case, officials of the conference were called on and ruled their decision of no championship on basis of facts presented.

"No blame can be attached to any official at the University of Arkansas. It is one of those unfortunate occurrences which cannot be foreseen or avoided. The conference regrets that this unfortunate decision has befallen the University of Arkansas after that institution's splendid football season, and in view of the fact that Arkansas has always observed strict, eligibility rules, scholastic and athletically."

Arkansas won the conference championship in games won and lost with four wins and one defeat, but the status of the Razorbacks was clouded when it was discovered that "Heinie" Schueter, substitute tackle, was ineligible because he had previously played with the University of Nebraska and had failed to list his credits upon enrolling at Arkansas.

Dr. Penick said that he had letters from Texas Christian university and Baylor university, which finished in a tie for second place, that neither school would care to be proclaimed champion in case Arkansas' conference victories should be forfeited. Dr. Penick said that no official protest was registered against the University of

## REVOLTA AND GULDAHL TIE

### High Wind Wrecks Low Scoring Hopes of Big Shots in Miami Tourney

BILTMORE COUNTRY CLUB, Coral Gables, Fla., Dec. 9. (AP)—High wind wrecked havoc today with the low scoring hopes of the big shots of golf and opened the way for two middle westerners to come from behind and take the lead at the half-way mark in the 10,000 Miami Biltmore tourney. Johnny Revolta, Menominee, Mich., finished the only entry to finish the second 18-hole round in par 71, which gave him a tie for first position with Ralph Gudahl of St. Louis with 143.

Revolta, who won the Miami open and was runner-up in the Biltmore tournament last year, was out and back on perfect figures of 35 and 36 today, after touring the initial 18-hole round in 72.

Gudahl, who was runner-up to Johnny Goodman, Omaha amateur, in the recent American open championship at Chicago, carded a 35-37-72 today to go with a par 71 he posted yesterday.

So difficult was the going today, because of the brisk, cold wind, that only one other player in the record field was able to equal a 72 and only five succeeded in getting 83's.

Despite the weather handicap, however, most of the ranking professionals in the pack succeeded in getting into the select group of the 60 low scorers, who will battle tomorrow over a 36-hole round for 2,500 top money and 39 other cash awards ranging down to 25. Approximately 70 were in that group, as a number were tied at 155 the low limit score.

In addition to the professionals, ten of the low scoring amateurs will match strokes for the Colonel Henry L. Doherty trophy in a race that may be a walk-away for Goodman. He was seven strokes ahead of his two nearest competitors in the amateur division—Tommy Goodwin of Monroe, N. Y., and Celest Durand of Garden City, N. Y. Curtis Bryan of Jacksonville who won the trophy last year, was back in the field with a 167.

On being advised of the official conference decision, Coach Fred Thomson of Arkansas said his only regret was that his boys who worked so hard, would not be officially recognized as champions, but that he was glad the conference saw fit not to forfeit the Razorbacks' hard earned victories.

With the official decision the conference race stands with Arkansas in first place, and with Texas Christian and Baylor tied for second place—but with no team being the official champion.

## GAELS DEFEAT PONIES 18-6 IN WILD GAME

### THREE COUNTERS ARE MADE IN FIVE MINUTES

KEZAR STADIUM, San Francisco, Dec. 9. (AP)—In the wildest, woolliest pigskin scramble witnessed here this season, St. Mary's Giant Gael football team overpowered Southern Methodist Mustangs, 18 to 6, today in an inter-sectional gridiron skirmish that completed the 1933 schedule for the two teams.

Fifteen thousand fans sat thru a thrill-filled contest climaxed by a second period scoring flurry in which three touchdowns were chalked up during the brief space of five minutes.

After a scoreless opening quarter, in which the boys from Texas held in the upper hand by virtue of superior punting, the Gaels went into the lead on the first play of the second period.

George Caninus, left end, carried the ball over on an end-round play after a run of 30 yards.

The Mustangs came right back with the most spectacular play of the game that saw J. R. Smith, left halfback, race 65 yards to St. Mary's 3-yard line and then crash over to tie the count on the next.

Spectators had hardly settled back in their seats when St. Mary's went into the lead again after receiving the kickoff. Nichelini, right half and individual backfield star on his

## Boys Using Rifles Will Be Arrested

### Boys using air rifles in the city will be arrested, Chief of Police Jno. V. Andrews announced last night after receiving several complaints last week of boys using the guns. Several car windows and house windows have been broken.

One of the large windows in the Corner Drug store was broken Thursday night when a B. B. shot hit it. Although the shot broke out only a small piece of glass, it will be necessary to install a new pane of glass.

Chief Andrews urges parents to warn their children not to use their rifles in the city.

Charley Shewmaker and Mrs. Young of Berger and J. B. Shewmaker of Pampa were dinner guests Tuesday evening of Mrs. Evie Arend at her home on East Francis.

The place kicker had a bad day of it, four attempted conversions failing. The Mustangs blocked two of the Gaels tries while their own effort was poorly directed. Southern Methodist lived up to advance notices by tossing the ball all over the lot. In results, however, the boys from the Lone Star state were out-classed at their own favorite pastime. In 21 passes, the Mustangs completed 9 for a total of 80 yards. The Gaels completed four out of 13 for 137 yards, one touchdown coming directly from a pass.

Port Arthur Wins HOUSTON, Dec. 9. (AP)—A strong second half running attack containing a tremendous amount of power and deception gave Port Arthur high school a 14 to 0 victory over Houston San Jacinto in a bi-district championship football game here today.

Williams and Steve Collida scored the touchdowns for the Yellowjackets in the third and fourth periods. Williams smacked left guard for his marker as the climax to a 30-yard drive after the invaders had been threatening for about ten minutes. Collida found a hole at center and ran for 36 yards for the fourth quarter score. Harry Landry kicked for the extra points.

Battling under a large weight handicap, the San Jacinto Bears put up a gallant battle, pushed the fight to their favored opponents in the first half but weakened in the final periods.

Some 6,800 fans, more than 2,000 of them from Port Arthur, attended. The Yellowjackets will meet Corpus Christi next week.

ABILENE (Continued from Page 1)

lene and 356 yards in line plays to 97 for the visitors. Captain Cogdell, who when loose looked like a scoring demon, was securely bottled. Brookshire, passer and extraordinary dodger, showed up even better than his teammate. Pampa's line was far superior, although exactly equalled in weight.

Between halves, the Pampa school band paraded and the pep squad released pigeons carrying school in an especially pretty exhibition.

Unbroken March. The Harvesters took the kickoff on their goal line and returned 27 yards. Then without losing the ball, they marched 73 yards down the field in 15 plays to score. Abilene then reversed things and in 10 plays went 45 yards for her touchdown.

It was the great running of Brookshire 135-pound halfback, that was instrumental in getting Abilene's touchdown. The midsize single-handedly dodged Pampa tacklers time and again to race 18 yards on one play and on the next do the same thing for 21 yards. He next passed successfully to Cogdell, who outdistanced Pampa tacklers for Abilene's touchdown. Brookshire kicked the extra point to tie the game.

Brookshire's punting was also outstanding. He made a quick kick for 71 yards out of bounds on Pampa's 8-yard line, and again punted 69 yard. Captain Cogdell made several spectacular attempts at passes. Cogdell's interference was instrumental in some of Abilene's best gains. Powell, Howell, and Balfanz were Abilene's outstanding linemen. They made many spectacular tackles and were the cause of Pampa's offensive bogging down several times.

Every Harvester, including substitutes, was good. However, special mention must be made of Hamilton, Marbaugh, Heiskell, Stevens, Owens, Patton, Smith, Eldridge, Green, and Pinnell. Despite the badly sprained ankle that caused him to limp badly throughout the game, Pinnell played inspired football. He tackled Abilene ball carriers behind the line, intercepted a pass, and played his best game of the season offensively.

Hamilton is Great. Lloyd Hamilton made two of the greatest runs of the day when he broke through the Abilene line behind perfect interference, dodged would-be tacklers, and raced 24 yards from under the shadow of his own goal line on one occasion, and again 28 yards to put the ball in scoring position. Monroe Owens caught a 28-yard pass and Hamilton took one for 14 yards, both from Marbaugh's trusty left hand. The charging and tackling of the other players were outstanding. Captain Jess Patton played his best game of the 1933 season, both offensively and defensively. Smith and Eldridge far exceeded any previous exhibitions. Owens was all over the field and sports writers declared that he cannot be kept from an all-state berth. They mentioned other Harvesters of the same caliber.

Owens put in the third quarter when he scored a touchdown on an end-around play which followed a 12-yard dash by Patton on the same play Marbaugh simply tore the Abilene line to shreds to put the Har-

vesters two touchdowns to the good. Heiskell scored the last counted on a terrific plunge across the line. Hamilton coolly kicked the points after touchdowns and Marbaugh added one. Bert Stevens' blocking was what gave Pampa many, many yards. Gregory, usually an end-run man, made many yards through the line as holes were opened.

Marbaugh and Patton were injured and had to leave the game temporarily. Reynolds, who replaced Patton at end, caught a 10-yard pass and twice threw Abilene ball carriers for losses. Dunaway entered the game for a few plays, but was removed because of an injured back which kept him from running.

IN SECRET PARLEY HOUSTON, Dec. 9. (AP)—Officials of the Southern Pacific railway and representatives of their brotherhood employes continued secret discussions today in an effort to iron out their many differences.

Two Pampa high school basketball teams were defeated in White Star Thursday night in the first exhibition games of the season. The Pampa boys, Gorillas, were noed out 30 to 29 in an overtime period. The Pampa girls lost to the White Deer lassies, 29 to 23. The teams showed good form so early in the season.

Playing for the first time on "half-courts," the Pampa girls were unable to get going until near the close of the game when they rallied. All games in this district will be played on half-courts instead of three-way courts this season it was decided at a league meeting last week.

The Gorillas flashed a nice offensive, led by Reginald Brown and Everett Woodward but Woodward and Irving, other Pampa forwards, were forced from the game on personal fouls. Williams, White Deer forward, made a field goal in the overtime period to win the game after the Gorillas had gone to the front with a free throw. Williams was high scorer of the game with 15 points.

Both Pampa teams will go to LeFors Tuesday night for exhibition games. The starting lineups for the girl's game were: Pampa—M. Neal, D. Heiskell, E. Kentling, O. Felner, G. Gray and H. Hunkapillar.

White Deer—Anderson, DeBaum, Hure, Feigenspan, Haiduk and Colgrove. The starting lineups of the boy's game were: Pampa—Reg. Brown, Wilber Irving, Everett Woodward, Tom Rose, Jr., and Edward Scott. White Deer—Williams, Horner, Barnes, Pfarr and Mauldin.

Two Pampa high school basketball teams were defeated in White Star Thursday night in the first exhibition games of the season. The Pampa boys, Gorillas, were noed out 30 to 29 in an overtime period. The Pampa girls lost to the White Deer lassies, 29 to 23. The teams showed good form so early in the season.

Playing for the first time on "half-courts," the Pampa girls were unable to get going until near the close of the game when they rallied. All games in this district will be played on half-courts instead of three-way courts this season it was decided at a league meeting last week.

The Gorillas flashed a nice offensive, led by Reginald Brown and Everett Woodward but Woodward and Irving, other Pampa forwards, were forced from the game on personal fouls. Williams, White Deer forward, made a field goal in the overtime period to win the game after the Gorillas had gone to the front with a free throw. Williams was high scorer of the game with 15 points.

Both Pampa teams will go to LeFors Tuesday night for exhibition games. The starting lineups for the girl's game were: Pampa—M. Neal, D. Heiskell, E. Kentling, O. Felner, G. Gray and H. Hunkapillar.

These changes in by-laws will not affect by-laws and organization in the separate districts, Mrs. Griggs added.

The convention program topic was "The Child and His Community." The state president, extending greetings to convention delegates, summarized the theme by saying, "Our program of service is to broad and of such importance to the well-being of citizens of the state, that we should pledge ourselves to uphold the policies of the organization and carry the gospel of child welfare to every school district in the confines of the state."

### MINE WOMEN DREAM OF BETTER HOMES IN MIDST OF SQUALOR

By ELEANOR ROOSEVELT (Mrs. Franklin D. Roosevelt)

In the mining industry the general problem has been for the men their unemployment. The relief problem has been to find them some kind of work which they could do in order to obtain the minimum cash necessary to keep their families alive.

There is another problem, that of the miners' wives. This is not an unemployment problem, because the work goes on incessantly from morning until night, but the wherewithal to make that work in any way successful is not always at hand. These workers are wives of the unemployed miners. Their husbands and children have to be fed and houses have to be cleaned and the same way clothes have to be obtained which will make it possible for the children to attend school. Illness comes, and in one way or another the sick ones have to be cared for.

In spite of the conditions under which they live, they keep their power to dream. In one mother's club conducted by the relief workers, they had an essay contest, on "What Home Means to Me" and out of the old magazines which the relief workers gathered, some of these women compiled scrap-books and wrote around them, making what one woman called "My House of Dreams."

No woman in this country could see that book and not have a lump

### PAMPA AND LEFORS RED CROSS WORK IS PRAISED IN REPORT

The Pampa Red Cross chapter and the LeFors branch of the local organization received much praise in the report of C. E. Palmer, field representative, to his headquarters at St. Louis. Mr. Palmer visited Pampa and LeFors offices last week and made a thorough analysis of the work of both chapters. Pampa's chapter was the first to complete its membership after the roll call recently completed under the leadership of Jack Cunningham. Ed Schneider is chairman of the Pampa chapter. Mr. Palmer in his report said: "The Pampa chapter has shown remarkable growth during the past six months and bids fair to be one of the leading chapters in service performed in West Texas. The LeFors branch made over 800 per cent gain in its roll call in a fine manner. I am proud of the record made during the last six months."

Mr. Palmer's report carried the following information about the Pampa chapter: "The Pampa chapter conducted a good living institute during the summer months. It is now in the middle of a first advanced class that has the record of being the largest class of its kind in West Texas. (An enrollment of 150 has been recorded.) It is successful in its efforts to raise money for the relief of the world war, being well over quota."

The chapter has planned to establish a clinic for examination of children of pre-school age whose parents are financially harassed by the depression. The finances of the chapter have been audited and show careful handling of funds. The disaster set up has been made and now needs only the printing of saster cards for county-wide distribution and the check of members to see that each knows his or her quota. Junior children at Pampa and LeFors have been appointed and will roll juniors this winter in the schools. The volunteer service department will provide its quota of hospital comforts for disabled ex-service men.

### Motion Pictures Being Developed For Local Show

The motion pictures taken of the Pampa-Ablene bi-district championship game Saturday have been sent out of town for development and will be brought back to run on the La Nora theater screen for Wednesday and Thursday. Coach Odus Mitchell has consented to bring the boys in so that they can see themselves in action on the screen. As a special addition to the running of the Pampa-Ablene films the management wishes to announce that they have secured the motion picture scenes of the recent Amarillo-Pampa game which was played here November 11, and the scenes of this game will be shown on the same program. Those that have seen the scene of Pampa's fatal fumble and the running of the Amarillo player with the ball for the touchdown is clearly shown. The filming of the Pampa-Ablene game Saturday was sponsored by The Diamond Shop, Gal Farley Tire Shop, Miller-Lybrand company, Southwestern Public Service, Pampa Daily News, the First National bank, and the La Nora theater. The business firms have all agreed to present the films of the game to Coach Mitchell to be used in the future for training purposes.

### Dance Orchestra Comes to Pampa To Play Monday

Their engagement at Oklahoma City closed yesterday, Joe Jacques' orchestra left last night for Pampa to play Monday evening for a dance sponsored by the American Association of University Women at Schneider hotel. Invitations to the dance were mailed last week. Friends of the club who failed to receive invitations are asked to call 1012-W today or tomorrow and make arrangements for them. The 11-piece orchestra, which has been playing in California until recently, will present also a floor show featuring a sister team.

### Pampans Enjoy Eldridge Supper

One of the largest local groups to make an inter-community visit this season, went to the Eldridge school Friday evening for the box supper. Local entertainment was provided by Miss Marjorie Enlow and Miss Erdine Benton, who sang, accompanied by Miss Josephine Lane. Little Miss Frankie Foster, daughter of Mr. and Mrs. F. M. Foster, gave a tumbling exhibition. Mr. Foster auctioned the boxes. Coy Palmer, principal of the school, was chairman. Proceeds of the box supper will be used to buy playground equipment. About 25 Pampans were present.

## Forbidden Valley

By WILLIAM BYRON MOWERY

SYNOPSIS: Just before reaching the land of the dangerous Kioshees Indians in the Canadian Northwest, Curt Thompson and Paul St. Clair, trailing the international crook, Igor Karakham, joins parties with Sonya and Ralph Nichols. The Nishols are on mysterious mission they will not discuss. The party just has been off an attack by the Indians, but an unfortunate shot by one of its guides has eliminated all possibility of making friends. Curt is interested in Sonya, but she will not listen to his pleas.

Chapter 24  
When they got down to camp they found the place badly shot up. Arrows bristled in the canoes, stuck out of the packs and sleeping bags, and both tents had been ripped.

Paul went into his tent for a flashlight and came out, holding his left arm queerly. "Give me a hand with this, partner."

"What's the trouble?"  
"One of those mosquitoes bit me." Curt leaned forward. "Good Lord! An arrow was sticking in Paul's left forearm. It had struck him just below the elbow and passed clear through, the head standing out two inches on the other side.

"Paul! Why didn't you tell me about this before? When did it happen?"  
"When I was going back to those boulders to make François and Jocky quit shooting."

Curt whirled around in a rage and looked for the two guides. But they had wisely sidled away into the dark.  
"Did it break your arm, Paul?"  
"No. It slid between the bones. Pull it out, won't you?"  
"It's going to hurt, Paul. Can you stand it?"

Paul braced his foot against Curt's. Sonya steadied his arm. With a firm pull Curt drew out the arrow, as gently as he could. A spasm of pain swept across the young Canadian's face, but he did not say a word. A trickle of blood followed, surprisingly little for so bad a wound.

"We ought to be thankful it didn't hit that large artery in there, Paul. I'll fix this up properly, and then you want to make sure of it till it starts to heal. A wound like that can be ugly if it gets infected."

While he was bandaging Paul's arm he heard a low growling sound from somewhere out in the night. A moment later it came again, more distinctly.

"Why, it's somebody hurt, in pain!" Sonya exclaimed. "Paul, did you catch the direction?"  
"Over on that willow island."

"Then it must be the man they shot? These others thought he was dead and left him."  
Finishing quickly with Paul, he got a canoe ready and carried it down to the water. The anguish in that low moan tugged at him.

Sonya followed him to the water

pered to the Kioshees. One of those heavy Winchester bullets had spattered into the gravel in front of him, kicked that stone against his head, and knocked him senseless. Stretched out limp, with a hole between his eyes—no wonder the others had thought him dead!

The cold water on the Kioshees' face brought him to in a few moments. When he saw that a white man was bending over him, his eyes turned suddenly cold. His glance fell upon the hunting knife in Curt's hand, and his expression changed to a stony, light-lipped defiance. Too weak to move, he merely stared up at his enemy, and waited.

"You're sure there's no danger?" "Step in," he bade her, by way of answer. "You can go along, if you like. You know I wouldn't take you if there was any risk."

At the willows edge a Kioshees, clad in moccasins and deerskin trousers, lay sprawled on the gravel, face down, his body twitching in pain.

Curt knelt down and gently turned him over. The Indian was about his own age, a well-built and rugged man, his hair coarse black and his skin the color of smoked leather. All in all, he was the widest looking fellow that Curt had ever run across, much wilder than the outlying Si-kamli nomads or the primitive Dan-nel men of the Nahanni Mountains.

Yet there was something likable about his untamed fierceness. He was clearly of person, as hard as an oak knot, and his smoke-tanned clothes had the pleasant odor of mountain pines and innumerable campfires.

Curt pointed at five long whitish weals which scored the Indian's left cheek and ran down his shoulder to his breast. "Look at those, Sonya. He's been in a fight with a grizzly some time or other."

He examined the Indian to see how badly he had been shot. One bullet had struck him in the shoulder, a painful but not critical wound, for it had not shattered the bones. Another had hit squarely in the forehead.

That forehead wound astonished Curt. It was the first time he had ever seen a man take a bullet between the eyes and not get killed instantly. The fellow certainly was hard-fighting grizzlies and surviving a shot in the head!

He brought water and washed the Indian's face. A granite pebble, no larger than a pea, was lodged in the forehead wound. Curt pried it out with his knife point, examined the wound and the granite pebble, and suddenly understood what had hap-

pened to the Kioshees. One of those heavy Winchester bullets had spattered into the gravel in front of him, kicked that stone against his head, and knocked him senseless. Stretched out limp, with a hole between his eyes—no wonder the others had thought him dead!

He brought water and washed the Indian's face. A granite pebble, no larger than a pea, was lodged in the forehead wound. Curt pried it out with his knife point, examined the wound and the granite pebble, and suddenly understood what had hap-

and had heard his strange tragic story, that he understood. He learned that the southern band had broken away from the main group because of Siam-Kiale's tyranny. Middle-aged, apparently having some queer twist of cruelty in his make-up, the tribe leader ruled with a brutal hand. Within Tenn-Og's memory he had killed three men outright and made broken cripples of several others. Besides that, he possessed a shaman power of dealing some quick mysterious death to anybody he disliked.

"Sounds like poison," Curt remarked to Paul. "I shouldn't be surprised to find LeNoir is slipping him that powder. Say, I wonder if this isn't the explanation of LeNoir's stand-in with Siam-Kiale!"

"Let's ask him about the man we're interested in," Paul suggested. "Better not, Paul. He might get back to his band and report our questions."

He turned to the Indian and went on with his questioning. LeNoir had planned the attack that evening, Tenn-Og said, but had stayed on the mainland shore and taken no part in the fight. He had ordered that the men should be killed, their bodies sunk in the lake with rocks, and their canoes set adrift down the Lilluar, to give the appearance of a rapids disaster; but the white girl must not be hurt, if they could possibly help it.

Curt wondered why LeNoir had given those orders about Sonya. Certainly he hadn't intended that she should return to Russian Lake, for she would report how the party had met its end. Had he wanted her spared for himself?

## RECOVERY PROGRAM

for good looks. Get started today!

### COMPLEXION

Resume your thorough nightly cleansing at once. Lay in a supply of cleansing cream and facial tissues. These are two daily beauty essentials that you can safely and economically buy in quantity right now. A good grade of cold cream will "keep" indefinitely.

**SOAP!** Have you been using the general soap-dish variety on your complexion? Your skin may need something more bland, or a corrective soap of some kind. By all means, have your own soap-cake and container. Buy complexion soap by the box . . . your dealer will give you a good price today.

**SKIN FOOD** . . . nourishing creams . . . astringents . . . perhaps a mild bleach. Take a complexion inventory; get advice at any good toilet counter. This is the time to buy all standard preparations in quantity, AND THEN USE THEM!

**MASQUE CREAMS** and the new refined clays are very effective in tightening the skin temporarily and stimulating circulation. See the demonstrations on these and learn which kind is best suited to your requirements.

**FOUNDATION CREAM** and under-powder lotions. Perhaps you have been getting along without them. But your powder has a better chance when you prepare the skin to receive it. Have you seen the new foundation aids that lighten the skin a tone and make you look younger?

**ROUGE!** More and more women are using cream rouge and liking it immensely. If you start with foundation cream, it's easy to smooth the rouge on lightly and becomingly . . . lasts all day, too. See the new shades in cream and dry rouge. A good idea is to buy them in pairs of the same shade; use the cream rouge on your dressing table and carry the dry-rouge compact in your purse.

**LIPSTICKS!** Aren't they the cheering companions? Try a brand-new shade when you feel jaded. In fact, most of us need about three shades—a rosy daytime tone . . . a bright hue for evening . . . and an orangey cast for brown and rustic fashions.

**FACE POWDER!** By all means, buy this in quantity. Find your best brand and your right shade and make them yours until your own skin changes . . . as it does from time to time. Face powder in dry, sealed boxes keeps its perfume and adhesion perfectly.

### HANDS

Maybe yours (like ours) have done work that was new to them these recent years. But Hand Lotion is the answer to the roughened-reddened problem. Buy it by the half dozen bottles. Keep one in the kitchen and one in the bath. Use a few drops of lotion whenever your hands have been in water. Improvement begins at once. Hand lotion is another beauty aid that "keeps", but of course use it, too!

**CUTICLE REMOVER** . . . another small item with a big purpose. A little goes a long way, but none at all is fatal. If hang-nails have developed, treat the skin with an anti-septic cuticle cream. Daily care does wonders, and you can spare five minutes.

**THEN . . . NEW POLISHES.** Aren't they exciting? A whole array of new colors to set off every mood and every costume. Bigger bottles now, too . . . but it won't be long! Buy in quantity today, and leave the bottles sealed. Invest in Polish Remover, too. Don't forget that if you change nail-color frequently you need plenty of Remover.

### HAIR

**BUY A NEW BRUSH!** Use it vigorously and regularly! Maybe your hair does need a course of treatments, but maybe it only needs tonic and a good brushing. Tonics, brilliantine, wave-setting lotion, shampoo soap . . . all these things you can "pick up" at the present prices and have on hand when the cost advances or the bottle shrinks in size.

### BATH

Soap and hot water may be all you need, but certainly not all you want. Bath salts, dusting powder, toilette water, and scented soap are good buys today because . . . per bath, they represent a lot of luxury at very little cost. And then, for the unexpected gift or party size . . . how nice to have on hand!

"Hard times" were never easy on good looks! If you've been holding down on the beauty budget, now's the time to do a right-about-face . . . to do the right thing about your face . . . your hands . . . your hair!

The lines are lifting on the economic chart. Better times are here.

But what about the lines that Four Years have etched in our faces? What about the little worry-lines between your own two eyes, and the tired sag in your throat muscles where you haven't been rubbing "up and out" . . . up and out as regularly as you used to?

Recent years have been a little ruthless! And even with leisure forced upon us, no one seemed to find time to keep beauty-fit. Have you bought and used your regular cleansing and nourishing creams, for instance? Is your rouge compact fresh, or worn down to a hard, flinty little layer? And what about your face powder? Haven't you switched around a bit . . . buying brands that were offered as cut-price specials?

Well, in the meantime, Time has rushed on relentlessly and none of us is four years younger! But here's the Big Satisfaction . . . it's never too late to mend by today's beauty methods. A new routine and the

right cosmetics give you just the start you need. So why not a Recovery Program for your good looks! Clear a shelf for your very own . . . fill it with the best cosmetics you can buy . . . and draw up a code of what you will do for appearances' sake every single day!

Standard beauty-products may never again be so low in price!

In fact, there's every reason why THEY MUST GO UP! Consider all the price-confusion we've had. No standard of value anywhere. Your favorite face powder was 79c at one store, 69c next door, and perhaps 59c as a "1-day special" at a third store. All this while the regular price of \$1 was marked on the package. Who was making the fair profit? Or any profit at all?

Well, under the new code, the dealer who sells toilet goods must pay his salespeople a stipulated wage for a certain limited number of hours each week. If

this store remains open for more hours or more days, he is obligated to hire more salespeople.

This change, you can see, may raise the price of your favorite beauty-products . . . but it's putting more people to work at higher wages.

### Manufacturing costs are higher, too

All basic ingredients, such as perfume and balm oils and Italian talc, have gone up in price. Also, under NRA codes, cosmetic workers in factories have been raised to a minimum of 30c per hour for women and 45c per hour for men. All this adds still further to the new price-range on your favorite products.

For all these reasons, we say impartially—"NOW IS THE TIME TO BUY" beauty aids. Stock up on your regular brands. Try some of the new preparations, developed with foresight during the depression years. Good cosmetics will not deteriorate, and the perfume in powders and creams can't fade away while the package is sealed.

Glance through this newspaper NOW for the announcements of reliable stores selling beauty aids at attractive prices, and patronize the house that is well-stocked and well-informed.

### PAMPA AND LEFORS RED CROSS WORK IS PRAISED IN REPORT

The Pampa Red Cross chapter and the LeFors branch of the local organization received much praise in the report of C. E. Palmer, field representative, to his headquarters at St. Louis. Mr. Palmer visited the Pampa and LeFors offices last week and made a thorough analysis of their work and handling of funds. Pampa's chapter was the first to complete its membership after the roll list recently completed under the leadership of Jack Cunningham. Mr. Palmer is chairman of the local chapter. Mr. Palmer in his report said: "The Pampa chapter has shown remarkable growth during the past six months and bids fair to be one of the leading chapters in service performed in West Texas. The LeFors branch made over 300 per cent gain in its roll list in a fine manner. I am proud of the record made during the last six months."

Mr. Palmer's report carried the following information about the Pampa chapter: "The chapter conducted a good living institute during the summer months. It is now in the middle of a first advanced class that has the record of being the largest class of its kind in West Texas. (An enrollment of 150 has been recorded.) It responded nobly to the disaster relief roll call and has just finished a successful roll call since the days of the world war, being well over quota."

The chapter has planned to establish a clinic for examination of children of pre-school age whose parents are financially harassed by depression. The finances of the chapter have been audited and show careful handling of funds. The disaster set up has been made and now needs only the printing of order cards for county-wide distribution and the check of members to see that each knows his or her part. Junior children at Pampa and LeFors have been appointed and will roll juniors this winter in the schools. The volunteer service department will provide its quota of hospital comforts for disabled ex-service men.

Yours truly,  
JACK EARL VANCE

Dear Santa Claus: I am a little boy 6 years old. I go to school and try mighty hard to be a good boy. Please bring me a golf set, some little race horses, some nuts, and candy. And don't forget to bring me Christmas day for some poor little girl and boy.  
Your little friend,  
GENE WARD.

The motion pictures taken of the Pampa-Abilene bi-district championship game Saturday have been sent out of town for development and will be brought back to run on the La Nora theater screen for Wednesday and Thursday. Coach Ouis Mitchell has consented to bring the boys in so that they can see themselves in action on the screen. As a special addition to the running of the Pampa-Abilene films the management wishes to announce that they have secured the motion picture scenes of the recent Amarillo-Pampa game which was played here November 11, and the scenes of this game will be shown on the same program. Those that have seen the scene of Pampa's fatal fumble and the running of the Amarillo player with the ball for the touchdown is clearly shown. The filming of the Pampa-Abilene game Saturday was sponsored by The Diamond Shop, Cal Farley Tire Shop, Miller-Lybrand company, Southwestern Public Service, Pampa Daily News, the First National bank, and the La Nora theater. The business firms have all agreed to present the films of the game to Coach Mitchell to be used in the future for training purposes.

When they got down to camp they found the place badly shot up. Arrows bedded in the canoes, stuck out of the packs and sleeping bags, and both tents had been riddled. Paul went into his tent for a flashlight and came out, holding his left arm queerly. "Give me a hand with this, partner."

"What's the trouble?"  
"One of those mosquitoes bit me." Curt leaned forward. "Good Lord! An arrow was sticking in Paul's left forearm. It had struck him just below the elbow and passed clear through, the head standing out two inches on the other side.

"Paul! Why didn't you tell me about this before? When did it happen?"  
"When I was going back to those boulders to make Francis and Jocku quit shooting."

"Curt whirled around in a rage and looked for the two guides. But they had wisely sidled away into the dark."

"Did it break your arm, Paul?"  
"No. It slid between the bones. Pull it out, won't you?"  
"It's going to hurt, Paul. Can you stand it?"

Paul braced his foot against Curt's. Sonya steadied his arm. With a firm pull Curt drew out the arrow, as gently as he could. A spasm of pain swept across the young Canadian's face, but he did not say a word. A trickle of blood followed, surprisingly little for so bad a wound.

"We ought to be thankful it didn't hit that large artery in there, Paul. I'll fix this up properly, and then you want to take care of it till it starts to heal. A wound like that can be ugly if it gets infected."

While he was bandaging Paul's arm he heard a low groaning sound from somewhere out in the night. A moment later it came again, more distinctly.

"Why? It's somebody hurt, in pain!" Sonya exclaimed. "Paul, did you catch the direction?"  
"Over on that willow island."

"Then it must be the man they shot? These others thought he was dead and left him."  
Finishing quickly with Paul, he got a canoe ready and carried it down to the water. The anguish in that low moan tugged at him. Sonya followed him to the water.

### Forbidden Valley

By WILLIAM BYRON MOWERY

SYNOPSIS: Just before reaching the land of the dangerous Kioshee Indians in the Canadian Northwest, Curt Thompson and Paul St. Clair, trailing the international crook, Igor Karakiam, joins parties with Sonya and Ralph Nichols. The Nichols are on mysterious mission they will not discuss. The party just has beaten off an attack by the Indians, but an unfortunate shot by one of its guides has eliminated all possibility of making friends. Curt is interested in Sonya, but she will not listen to his pleas.

Chapter 24.  
When they got down to camp they found the place badly shot up. Arrows bedded in the canoes, stuck out of the packs and sleeping bags, and both tents had been riddled.

Paul went into his tent for a flashlight and came out, holding his left arm queerly. "Give me a hand with this, partner."

"What's the trouble?"  
"One of those mosquitoes bit me." Curt leaned forward. "Good Lord! An arrow was sticking in Paul's left forearm. It had struck him just below the elbow and passed clear through, the head standing out two inches on the other side.

### Forbidden Valley

One of those heavy Winchester bullets had spat into the gravel in front of him, kicked that stone against his head, and knocked him senseless. Stretched out limp, with a hole between his eyes—no wonder the others had thought him dead! The cold water on the Kioshee's face brought him to in a few moments. When he saw that a white man was bending over him, his eyes turned suddenly cold. His glance fell upon the hunting knife in Curt's hand, and his expression changed to a stony, tight-lipped defiance. Too weak to move, he merely stared up at his enemy, and waited.

"Why's he looking at you that way, Curt?" Sonya asked. She had stooped down to hold the flash.

"Good heavens, he thinks I'm going to kill him!" He hastily pocketed his knife. "Well, he's certainly a foolish cuss!"

He spoke in the jargon to the Indian: "Don't be afraid. I am your friend. I hear you say hurt-cry, and I come over here. I take you now to my tepee and make you no-sick. You understand I am friend?"

The Indian's look slowly changed to bewilderment. He had expected a drink of diluted brandy to brace him, and then began dressing the wounds. The shoulder bullet had gone almost entirely through. Curt extracted it, stopped the bleeding, bandaged the wound, and stuck a cross of plaster on the forehead out.

"Feeling stronger, Tenn-Og leaned back against a pack, watching the three."

"I guess he's convinced we're not going to kill him, at least not immediately," Curt remarked. "Now let's try out his lingo, Paul, and see if he speaks anything besides grizzly bear and porcupine."

They managed a three-cornered conversation. The Indian talked readily enough, freely answering all their questions about his people and giving them some invaluable bits of information about Siam-Kiale and LeNoir.

Curt was surprised that he should do this and should seem so indifferent to his own clan. It was only later, when he knew Tenn-Og better

## RECOVERY PROGRAM

for good looks. Get started today!

### COMPLEXION

Resume your thorough nightly cleansing at once. Lay in a supply of cleansing cream and facial tissues. These are two daily beauty essentials that you can safely and economically buy in quantity right now. A good grade of cold cream will "keep" indefinitely.

**SOAP!** Have you been using the general soap-dish variety on your complexion? Your skin may need something more bland, or a corrective soap of some kind. By all means, have your own soap-cake and container. Buy complexion soap by the box . . . your dealer will give you a good price today.

**SKIN FOOD . . .** nourishing creams . . . astringents . . . perhaps a mild bleach. Take a complexion inventory; get advice at any good toilet counter. This is the time to buy all standard preparations in quantity, AND THEN USE THEM!

**MASQUE CREAMS** and the new refined clays are very effective in tightening the skin temporarily and stimulating circulation. See the demonstrations on these and learn which kind is best suited to your requirements.

**FOUNDATION CREAM** and under-powder lotions. Perhaps you have been getting along without them. But your powder has a better chance when you prepare the skin to receive it. Have you seen the new foundation aids that lighten the skin-a tone and make you look younger?

**ROUGE!** More and more women are using cream rouge and liking it immensely. If you start with foundation cream, it's easy to smooth the rouge on lightly and becomingly . . . lasts all day, too. See the new shades in cream and dry rouge. A good idea is to buy them in pairs of the same shade; use the cream rouge on your dressing table and carry the dry-rouge compact in your purse.

**LIPSTICKS!** Aren't they the cheering companions? Try a brand-new shade when you feel jaded. In fact, most of us need about three shades—a rosy daytime tone . . . a bright hue for evening . . . and an orangy cast for brown and rustic fashions.

**FACE POWDER!** By all means, buy this in quantity. Find your best brand and your right shade and make them yours until your own skin changes . . . as it does from time to time. Face powder in dry, sealed boxes keeps its perfume and adhesion perfectly.

### HANDS

Maybe yours (like ours) have done work that was new to them these recent years. But Hand Lotion is the answer to the roughened-reddened problem. Buy it by the half dozen bottles. Keep one in the kitchen and one in the bath. Use a few drops of lotion whenever your hands have been in water. Improvement begins at once. Hand lotion is another beauty aid that "keeps", but of course use it, too!

**CUTICLE REMOVER . . .** another small item with a big purpose. A little goes a long way, but none at all is fatal. If hang-nails have developed, treat the skin with an anti-septic cuticle cream. Daily care does wonders, and you can spare five minutes.

**THEN . . . NEW POLISHES.** Aren't they exciting? A whole array of new colors to set off every mood and every costume. Bigger bottles now, too . . . but it won't be long! Buy in quantity today, and leave the bottles sealed. Invest in Polish Remover, too. Don't forget that if you change nail-color frequently you need plenty of Remover.

### HAIR

**BUY A NEW BRUSH!** Use it vigorously and regularly! Maybe your hair does need a course of treatments, but maybe it only needs tonic and a good brushing. Tonics, brilliantine, wave-setting lotion, shampoo soap . . . all these things you can "pick up" at the present prices and have on hand when the cost advances or the bottle shrinks in size.

### BATH

Soap and hot water may be all you need, but certainly not all you want. Bath salts, dusting powder, toilette water, and scented soap are good buys today because . . . per bath, they represent a lot of luxury at very little cost. And then, for the unexpected gift or party size . . . how nice to have on hand!

**"Hard times" were never easy on good looks! If you've been holding down on the beauty budget, now's the time to do a right-about-face . . . to do the right thing about your face . . . your hands . . . your hair!**

The lines are lifting on the economic chart. Better times are here.

But what about the lines that Four Years have etched in our faces? What about the little worry-lines between your own two eyes, and the tired sag in your throat muscles where you haven't been rubbing "up and out" as regularly as you used to?

Recent years have been a little ruthless! And even with leisure forced upon us, no one seemed to find time to keep beauty-fit. Have you bought and used your regular cleansing and nourishing creams, for instance? Is your rouge compact fresh, or worn down to a hard, flinty little layer? And what about your face powder? Haven't you switched around a bit . . . buying brands that were offered as cut-price specials?

Well, in the meantime, Time has rushed on relentlessly and none of us is four years younger! But here's the Big Satisfaction . . . it's never too late to mend by today's beauty methods. A new routine and the

right cosmetics give you just the start you need. So why not a Recovery Program for your good looks! Clear a shelf for your very own . . . fill it with the best cosmetics you can buy . . . and draw up a code of what you will do for appearances' sake every single day!

**Standard beauty-products may never again be so low in price!**

In fact, there's every reason why **THEY MUST GO UP!** Consider all the price-confusion we've had. No standard of value anywhere. Your favorite face powder was 79c at one store, 69c next door, and perhaps 59c as a "1-day special" at a third store. All this while the regular price of \$1 was marked on the package. Who was making the fair profit? Or any profit at all?

Well, under the new code, the dealer who sells toilet goods must pay his salespeople a stipulated wage for a certain limited number of hours each week. If

this store remains open for more hours or more days, he is obligated to hire more salespeople.

This change, you can see, may raise the price of your favorite beauty-products . . . but it's putting more people to work at higher wages.

### Manufacturing costs are higher, too

All basic ingredients, such as perfume and balm oils and Italian talc, have gone up in price. Also, under NRA codes, cosmetic workers in factories have been raised to a minimum of 30c per hour for women and 45c per hour for men. All this adds still further to the new price-range on your favorite products.

For all these reasons, we say impartially—"NOW IS THE TIME TO BUY" beauty aids. Stock up on your regular brands. Try some of the new preparations, developed with foresight during the depression years. Good cosmetics will not deteriorate, and the perfume in powders and creams can't fade away while the package is sealed.

Glance through this newspaper NOW for the announcements of reliable stores selling beauty aids at attractive prices, and patronize the house that is well-stocked and well-informed.
