16 MAJOR OIL COMPANIES CONVICTED

OIL WELLS IN STATE TO BE SILENT TODAY

Many of the 3,567 oil wells in the Panhandle oil field will be silent today upon order of the Texas Railroad commission which agreed on a six-Sunday shutdown of all producing wells in the state for the next six Sundays.

The number of wells to be shut down and the decrease in production today had not been determined yesterday but all wells that would not be damaged or that did not supply carbon black plants were ordered closed for the day. Those wells which come under the exempted list will have their allowed cut one-seventh.

The amount of oil allowed for the Panhandle field is 68,578 barrels and that will be the field reduction each week for six weeks.

Wells and allowable by counties for the Panhandle field, effective December 18 and until further notice, is as follows:

County	Wells	Allowable
Carson	378	6,898
Gray	1,784	34,330
Hutchinson	1,125	21,254
Wheeler	316	6,308

Best Dog

NEW YORK, Jan. 22. (AP)—It is only natural and pardonable, for you to guess this is a disguised wrestler, hidden behind a fuzzy black beard. But you're wrong. It is Ch. Pillico Rumpelstiltskin, C. D. We'll agree the name isn't much of a clue. So brace yourself—it's a dog. In fact, the American Kennel club says he is the best dog in America. It's a custom for the A.K.C. to name the year's best dog and this time this is it.

Ch. Pillico Rumpelstiltskin, C. D., is a poodle. He looks like an agitated miff. He is two and a half years old. Even aristocrats have nicknames and, to his intimates, Ch. Pillico Rumpelstiltskin, C. D., is just plain Curley.

His owner, Mrs. Milton Erlanger of Elberon, N. J., says: "He's a stand-out." Charles T. Ingles, of the A. K. C., says: "He's wonderful. He has won non-sporting groups at 20 shows."

The Ch. stands for champion. The C. D. is a sort of degree given dogs that have passed certain obedience tests. You'll have to guess where the Pillico Rumpelstiltskin comes from. It isn't very clear at this end.

BATTLE RAGES ON 'LIFELINE'

SHANGHAI, Jan. 23. (Sunday)—Furious fighting surged today on China's "lifeline" front approximately 300 miles northwest of Shanghai as both Chinese and Japanese were reported preparing feverishly for a decisive battle.

Chinese claimed recapture of Minkwang on the railway linking Nanking and Tientsin.

Japanese columns, moving from the south, pressed on Suchow vital junction of the Tientsin railway with the "lifeline" Lunghai railway that cuts into China's interior.

A Japanese spokesman said many were killed yesterday as naval fliers fanned out attacking infantry southeast, southwest and south of Shanghai.

1,000 Reported Killed

Guerrilla bands were all that challenged complete Japanese occupation of the Shanghai area and Japanese predicted the Pootung clean-up would be finished in a few days.

Four hundred of the main guerrilla force of 1,000 men were reported killed in a Japanese infantry attack.

Twenty tri-motored bombers lashed at the Chinese counter-offensive on the Hangchow front, about 125 miles to the southwest of Shanghai.

They bombarded the Hangchow-Nanchang railway and reported destruction of hangars and equipment on airfields at Yushan, in Chekiang province, and Yushan, in adjoining Kiangsi province.

'Pony Boy' Rhea Will Begin Ride On Tuesday

With the reels of "Wells Fargo" in his saddlebags Jarrell Rhea, assistant manager of the Griffith Amusement company's Pampa theatre, will leave Oklahoma City Tuesday morning on a 234-mile horseback trip to Pampa.

Dressed in costume similar to that worn by pony express riders, Rhea will seek to emulate the nineteenth century couriers by covering the distance in five days making an average of approximately 53 miles a day.

Rhea is due to arrive in Pampa between 1 and 2 o'clock Saturday afternoon, and bring the film to

Ballots Mailed For C-C Advisory Board

BOXING DUCAT DEMAND SOARS

Ballots for nominations for the advisory board of the Pampa Chamber of Commerce were mailed out Friday to all members of the organization.

The 1937 advisory board, composed of Mel Davis, Lynn Boyd Mack Graham, Farris Oden and De Lea Vicars, will meet Tuesday morning to count the ballots that are returned.

The ten citizens receiving the highest number of nominations will be placed upon a second ballot which will be mailed to the membership.

The five citizens receiving the highest number of votes on the second ballot which will be mailed Tuesday will be declared elected and will serve with the directors of Board of City Development and Chamber of Commerce during 1938.

Officials of the B. C. D. and Chamber of Commerce urge all members receiving the ballot to return them immediately so that they will be on hand to be counted with the others Tuesday morning.

The questionnaire being signed, enclosed with the ballot, was a questionnaire asking for suggestions for a 1938 program, and officials hope that all members will return this questionnaire with their ballots. The questionnaire provides a place for the signature of the member, and while it is not essential that the questionnaire be signed, it will be helpful. President Reno Stinson points out, in the appointment of committees if these suggestions are signed so that members may be appointed to the work in which they are particularly interested.

The C. C. D. directors with whom the Advisory Board will serve are: Reno Stinson, H. P. Lusby, Fred Thompson, Guy E. McTaggart, Frank Dial, J. Toy Johnson, Roger McConnell, Dan Williams, D. J. Gribben, M. W. Jones, James E. Lyons, L. L. McColm, Tom Aldridge, T. P. Smalling and Farris Oden.

JAP KIDNAPING AND LOOTING PROTESTED

WASHINGTON, Jan. 22. (AP)—The United States has made "emphatic representations" to Japan, charging Japanese soldiers entered American property in Nanking 15 times in three days and took away 10 Chinese women refugees as well as property.

The state department said Japanese officials subsequently had offered "explanations and assurances that adequate steps were now being taken to prevent similar occurrences in the future."

The American protest was based on dispatches from Consul John M. Allison, at Nanking, who reported he had repeatedly called the attention of the Japanese embassy to such matters but that they continued to be of daily occurrence.

Allison reported that in the "most recent and most flagrant" instance Japanese soldiers with two trucks entered a compound belonging to the United Christian Mission and took away a piano and other property.

The instructions from Tokyo followed Allison's previous reports of wholesale looting of American private property in Nanking.

Chicken Hawk Has Easy Living But Soft Life Kills

CLARENDON, Jan. 22. (AP)—The West Texas chicken hawk, once a fiercely predatory bird which did its own killing, has come upon easy days.

Highway traffic now does the job of knocking off rabbits and other small game for him.

H. D. Bugabee, artist and naturalist, says the hawk now perches patiently along highways and waits for a car to run down a meal for him.

But Bugabee says this sort of gold-bricking has its hazards for the hawk too. Occasionally a car kills one. Recently 26 dead chicken hawks were counted on a plains road in a 15-mile stretch.

16 Locations Staked In Panhandle Field

Eleven companies staked 16 new locations in the Panhandle field last week. The number was the largest in more than a month and verified early predictions that 1938 would be an active year in the field.

Hutchinson county registered six of the new locations, followed by Gray with five, Carson with three and Moore with two.

Intentions to drill:

Southwest Production company, Viola I. Percival No. 1, 990 feet from the south and west lines of SW 1/4 of section 199, block 3, I.&GN, Carson county.

Texas Natural Gas company, W. P. Ramming No. 1-E, 2,666 feet from the north and south and 2,661.5 feet from the east and west of section 18, block 4, I.&GN, Carson county.

Magnolia Petroleum company, Fee 244 No. 36, 1,675 feet from the south and 1,635 feet from the east of SE 1/4 of section 109, block 4, I.&GN, Carson county.

The Shamrock Oil & Gas corporation, Big Gray-Saunders No. 6, 330 feet east and 1,815 feet north of SW corner of W 1/4 of NW 1/4 of section 40, block 3, I.&GN, Gray county.

GRAND JURORS WILL CONVENE AGAIN MONDAY

January term of the 31st district court will enter its fourth week Monday. The grand jury is also scheduled to resume its sessions tomorrow. Whether or not District Attorney Lewis M. Goodrich would meet with the grand jury was uncertain as he was called to Lubbock Thursday on account of the critical illness of his mother.

In the event he is unable to be here, County Attorney Joe Gordon will probably act in his place.

Jurors for the week, which is civil-jury, subject to criminal, are:

From Pampa, V. L. Boyles, F. A. Hukill, Roy Showers, W. E. Myers, H. B. Taylor, Howard Neath, T. W. Baker, G. M. Walls, Reno Stinson, J. M. Stein, L. K. Stout, C. W. Stowell, M. A. Graham, James Weir, Paul Cooksey, H. T. Bender, Z. H. Mundy, W. O. Williams.

From LeFors: D. M. Jones, J. A. Vanlandingham, C. C. Mullins, and Roy Calvert.

From McLennan: B. T. Watt, Boyd Reeves, James Price, Guy Hilber, Homer Wilson, Pete Ballard, J. L. Andrews, Roy McCracken, S. D. Shelburn, Wheeler Foster, John Mertel, and Edgar Bailey.

Willard McAdams, Paul Wagner, George J. Kurtz, Groom, Erwin Frazee, Lakston, H. T. Kirby, Jericho, H. E. Phillips, Kingsmill.

PAMPA BOY SERIOUSLY HURT IN CAR WRECK

Vernon Kitchens, 20-year-old Pampa youth, was still unconscious in Worley hospital last night where he was taken following an automobile accident about two miles east of Panhandle about midnight Friday. He suffered a possible fracture of the skull and attending physicians reported his condition critical.

Kitchens was riding in a car with Melvin Qualls, also of Pampa, when their car overturned after striking a soft shoulder, according to Qualls. The injured youth was brought to Pampa by Ed Myatt and Leon Harris who were driving in a car a short way behind the Qualls machine.

Young Kitchens is employed at the Royal Club here. Qualls was uninjured. His car was badly damaged.

Northern Lights Provide Beauteous Show Saturday

Aurora Borealis, who hadn't made himself visible in Pampa since 1928, showed up again at 1:30 a. m. Saturday and put on a sky-show of unequalled beauty for the benefit of late stayer-uppers and early risers.

Aurora sported himself in the northern skies at intervals from that hour until daybreak Saturday when he, like the Arabs, folded his tent and stole silently away.

It was good show while it lasted. Aurora Borealis, more "popularly" known as the "Northern Lights," is a luminous phenomenon visible only at night, and supposed to be of electrical origin.

Pictured above are Jarrell (Pony Boy) Rhea, Pampa, assistant theater manager, and his horse "Amigo," that Rhea will ride on a 234-mile "Pony express" trip from Oklahoma City. U. S. Steel To Spend 80 Million Dollars

WASHINGTON, Jan. 22. (AP)—The United States Steel Corporation plans to spend \$80,000,000 on plant modernization before September 1. B. F. Fairless, its president, wrote the senate unemployment committee today.

"It is hoped these expenditures can be made in regular course on completion of the projects," his letter said. "If such be done, about one-half, or \$40,000,000 would be expended in the first quarter of 1938 and the other half would be expended in the second and third quarters of 1938.

"In addition, if business conditions warrant, there will be undoubtedly other expenditures in considerable amounts during 1938."

Apparently replying to Robert H. Jackson, assistant attorney general, who has criticized failure of steel companies to reduce steel prices since the business slump began, Fairless wrote:

"It is clear that prices can not be reduced without a corresponding reduction in costs, of which wages is the most important part."

Walter S. Tower, executive secretary of the American Iron and Steel Institute, disputed in direct testimony statements to the effect that steel price increases had "far out-run the cost of production."

Another witness, Thomas C. Holden, vice president of F. W. Dodge corporation, with gathers statistics on the building industry, told the committee that to regard the present recession as a new depression

THAT CANDIDATE FOR COUNTY CLERK OFFICE

Charlie Thut Saturday authorized the announcement of his candidacy for the office of county clerk, subject to the action of the Gray county voters in the Democratic primary of July 23.

In making this announcement, Charlie—as he is known to thousands in this county—said he was deeply appreciative of the friendship and support given him in the past, and that he hoped his services and familiarity with the many duties of the office would continue to merit such approval.

He further added that owing to the duties of his office, which have never been neglected by him, it would be difficult for him to see all the voters of Gray county between now and July 23, but he would see personally as many voters as his spare time would permit.

RESIDENTIAL BUILDING HERE TOTALS \$5,000

Permit for construction of an apartment house and two large repair jobs were issued last week by City Inspector Sam Thomas to make the weekly permits \$5,000 and the total for the year \$13,500.

H. B. Canady was issued a permit to erect a \$2,000 apartment house in the Northwest addition. A permit for the same amount was given Mrs. Alta Stanard for remodeling a residence in the Brown addition. The \$1,000 permit was taken out by Leonard Childress for repairs on a residence in the Purviance addition.

SHAMROCK MAN SHOTS WOMEN, THEN HIMSELF

SHAMROCK, Jan. 22. (AP)—H. C. Smith, his estranged wife and her mother, Mrs. D. Ellis, were critically wounded in a shooting affray in the Ellis home six miles east of here early tonight.

Mrs. Smith, 22, was shot in the hip, Mrs. Ellis in the left side and Smith in the chest.

Officers found Smith lying near the garage after D. Ellis, husband and father of the women victims, had brought Mrs. Ellis and Mrs. Smith to the Shamrock clinic. An attending physician said the women were in critical condition.

Smith was brought to the general hospital here and physicians said his condition was critical.

Smith, 21, and his wife, 18 year old mother of a 15-month-old daughter, had been separated about two weeks and Mrs. Smith had been living with her parents. The Smiths were married three years. Members of the family said they had previous domestic trouble.

PRICE-FIXERS, FOUND GUILTY, PLAN APPEAL

MADISON, Wis., Jan. 22. (AP)—The government marked up a victory today over 16 major oil companies and 30 of the nation's leading oil men in one of the largest cases ever brought under the Sherman anti-trust act.

A jury composed principally of middle-aged farmers and small town business men returned verdicts in federal district court convicting the defendants of conspiring to raise and fix gasoline prices in 10 midwestern states during 1935 and 1936. The trial began last Oct. 4.

Although the defense prepared immediately to file motions to set aside the verdicts and for a new trial, federal judge Patrick I. Stone said he needed a rest and announced he would set a date later for hearing the motions. He delayed the question of sentencing until disposing of these motions, and continued the defendants' personal bonds.

Liable To Fines

The corporate defendants are liable to maximum fines of \$5,000 each. The individual defendants face similar fines or up to a year in prison, or both.

Chief defense counsel William J. Donovan and the convicted officials declined to comment, but members of the defense staff have said the case would be carried to the supreme court if necessary.

Special prosecutor Hammond Chaffetz said any word regarding ten individual defendants who were not brought to trial at this time must come from Justice Department officials in Washington.

There, Attorney General Homer Cummings called today's decision "A major victory in the enforcement of the anti-trust laws."

Other officials described the case as "probably the most important anti-trust action since the 'sugar trust' and certainly the biggest oil company case since dissolution of the Standard oil company in 1911."

This was the first verdict in an anti-trust law case since the Roosevelt administration's trust-busting drive began.

MAUNEY TO SPEAK AT API MEETING TUESDAY

R. S. Mauney of Borger, power engineer for the Panhandle Power and Light company, will be the principal speaker at the first 1938 meeting of the Panhandle chapter of the American Petroleum Institute Tuesday night at 8 o'clock in city auditorium. Art Holland, new chairman, will preside.

Electric pumping will be the subject discussed by Mr. Mauney, an authority on the subject. He has studied the various methods and experimented extensively.

Plans for the Mid-Continent convention to be held in Amarillo Feb. 17 and 18 with the Pampa chapter host will be discussed at length. All members of the API, prospective members and anyone interested directly or indirectly with the oil industry are urged to attend the meeting.

A membership campaign to secure 2,000 members in the Panhandle organization will be launched. A year membership is \$1. A musical program will precede the business session.

BORGAN HELD IN JAIL FOR COUNTERFEITING

AMARILLO, Jan. 23. (AP)—Ben Johnson, Borger oil field worker, was held in jail here tonight on a charge of counterfeiting.

Johnson, charged with making, possessing and passing spurious 25 and 50-cent coins, pleaded guilty upon arraignment and bond was set at \$1,000.

I SAW - - -

"Pony Boy" Rhea and he explained that the horse he's going to ride from Oklahoma City to Pampa in four and a half days belongs to his father-in-law, Mr. Hudman, a stockman at Lubbock. He quoted Mr. Hudman as saying, "If that horse won't get you there in that time you can shoot it."

I HEARD - - -

That the boys down at the fire station have a new toy—a ping-pong table. They made it themselves and are planning on a tournament. To date the freak left-handed shots of George Ingram, the tricky curve ball of Cal Dittmore, and the bullet drives of "Pinkey" Powell have made a hit. It was rumored that Coach Mitchell wants to enter the tournament but reports have it that he borders on being a professional at the game and will be barred.

SPECIAL AWARDS TO BE GIVEN RUNNERS-UP IN GOLDEN GLOVES MEET

EVERY BOY TO GET AN EVEN BREAK IN RING

"They" won't have long to wait. They are fans and boxers who will participate in the Pampa Daily News Golden Gloves boxing tournament to be staged at the Pampa Athletic arena on the nights of Feb. 2, 3 and 4.

The tournament will be the start of a long trail that might lead to Chicago for some of the boys who don gloves in the Pampa event. For the eight class champions, the winners of the state tournament in Fort Worth and from there eight winners will represent the Lone Star state in the National Golden Gloves tournament in Chicago.

Special awards of regulation boxing trunks of saffron material will be given to the runner ups in the Golden Gloves Tournament in each weight division. They should give all entrants an incentive to hustle as well as the ring experience and valuable training. The boys will be evenly-matched, according to their ability, and no boy will be out-weighted or completely out-classed.

Competition here will be keen but it will be tough at Fort Worth where winners from Amarillo, Abilene, Brownwood, Wichita Falls, Tyler Lubbock, Temple, Galveston, Houston, Big Spring, Dallas, Austin and Fort Worth will participate. Pampa youths and some from other sections are expected to make an excellent showing as winners of the local tourney.

Patrons Tickets Available
Pampa is the smallest city in the state and maybe in the nation to be honored with a Golden Glove tournament. A newspaper must be the sponsoring organization, but the Pampa Daily News is being backed by the Pampa Amateur Athletic association and several civic and veterans organizations.

All proceeds after expenses have been deducted will be used to advance amateur athletics. Tournament sponsors hope to have several hundred dollars to turn over to some worthy cause when the tournament is over.

To help make the tourney a success, patrons' tickets are available at \$5 each. They include general admission and ringside reserve seat each night of boxing. Reservations may be made at the Pampa Daily News or from members of the Pampa A. A.

Out-of-town entries in the tournament will be given free board of lodging in a Pampa hotel so long as they are in the tournament. On Feb. 17 the eight champions will be taken to Fort Worth, all expenses paid to participate in the state tournament which closes on the night of Feb. 21. Each boy will be assured two days in the tournament with expenses paid. Winners of the quarter finals will remain until the last day.

Boys Training Hard
Local boys are training long and hard in preparation for the big event. Boys from other Fanhand cities are working at home and will arrive keyed to show fans that the smaller cities have real battlers. In fact, the "other fellows" have their eye on most of the victories.

"Let 'em try and win most places" yelled the local boys as they swung leather and worked on condition yesterday. Workouts are held each evening between 5 and 8 o'clock at the Pampa Athletic arena.

There is still time to enter the tournament. The deadline date will probably be about Saturday night although final announcement has not been made. Entries up to last night had passed the 50 mark as follows by classes:

Flyweight, 112 Pounds.
Bill Ketter, Pampa, Arnold McGuyer, Borger, Ed Cassada, Pampa.
Bantamweight, 118 Pounds.
LeRoy Regan, Pampa, Bud McAfee, Pampa.

Harvesters Will Play At Borger On Tuesday

It was almost a dead-heat finish last night when the Harvesters nosed out the Lubbock Westerners by the skin of their front molars in a 32 to 31 thriller.

But the hard-won victory gave the fighting Pampa lads little to brag about as they began charging their "wim, wigo and witality" for an important clash with the rejuvenated Bulldogs at Borger Tuesday night.

Coach Odus Mitchell believes the Harvesters will need plenty of inspiration when they take the court against the vengeful canines, and he hopes that Pampa Harvester supporters will move over to Borger for the battle. Coach Gaffish Smith's quintet hit its stride Thursday evening when it annihilated the Lubbock invaders by ten points. Of course Lubbock beat Borger five points the previous evening, but Friday night Borger held Plainview to a two-point victory on the Hale county court.

Barron Highly Touted
The Catfish brings that his center, Buddy Barron, is another Foust (of the 1937 state championship Carey Cardinals) and that now that he has hit his stride Pampa nor no other team in this district will stop him.

Pampa was behind at the half last night 18 to 14. Shortly before that, the locals were trailing 18 to 10. A basket flipped by Cox just as the whistle blew to end the third period was questioned by the Westerners. It was a hairline decision, but the officials ruled that the ball was in the air as the whistle blew. If the goal had not been counted, Lubbock would have won. However, it was the consensus that the ruling was unquestionably right. Lubbock led during the half. Pampa overhauled the enemy in the third period and in that and the final stanza maintained a lead that ranged from one to three points.

Dull Thrills Crowd
Dull, reserve guard, and long-distance shooting expert who draped the basket five times from center in the game with Amarillo, did his prowess guard, let fly from center with a beauty that swished the net. Part of the Harvester defense failed to function at times, especially against Ford, center, and Allen, forward who chalked up 10 and 13 points respectively. Lubbock suffered a reverse when Parson, reserve guard, left the struggle in the fading minutes with too many personal fouls against him.

The Harvesters roped four out of 12 free shots, and Lubbock three out of 10. The Pampa percentage was better than the previous night. Referee J. W. Ley's officiating was satisfactory as usual. The games with Lubbock were unusually hard to call. Everybody usually "cusses" the referee, but very few "cuss" Mr. Ley.

Despite somewhat careless and disorganized passing, the Harvesters on the whole deserved the win. The game was the best in years, and will undoubtedly disappoint no one. The boys have the fighting spirit and the ability, and they will likely prove it in the end—as they did last night.

PRO GRIDDERS PREPARE FOR MUD BATTLE

By FELIX R. MCKNIGHT
DALLAS, Jan. 22 (AP)—Weather handicaps, Item Washington's Redskins and Chicago's Bears, top professional teams, encountered in their recent game for the first time appeared likely for their hair-raising exhibition game here tomorrow.

Icy turf and snow caused the salaried boys to don rubber-soled slippers for their titular game at Chicago a few weeks ago.

Torrential rain—more than four inches of it in 36 hours—had the boys fitting mud cleats into their shoes for the Cotton Bowl date.

The Bears, buried by Sammy Baugh's passes, 28-21, in the championship game, couldn't convince themselves that the mud of an edge, even with Baugh slinging a wet ball, for he snubbed the elements in their last meeting and hurled the soggy leather for three scores.

The weatherman did commit himself, and say he believed that the rain would break during the night. A field cover has kept the cloud-burst off the playing field.

Apparently weary of football after the smashing Cotton Bowl climax New Year's day, fans were apathetic toward a clash that pitted two of the world's best pro teams in their own back yard and less than 5,000 had bought tickets tonight.

With Gene Ronzani and Bronko Nagurski, two of Chicago's ace backs, out of the lineup with hurts, a combination of Keith Moleworth, Beattie Feathers, Jack Manders and Sam Francis, was due to start.

In the Washington backfield were Riley Smith, Baugh, Ernie Pinckert and Cliff Battles, the latter expected to shoulder most of the toiling burden in the even rain and mud slows down passing Sammy.

has achieved the seeming impossible so often during his amazing ring career that it's no longer safe to under-estimate him or his prospects. He's registered so many underdog conquests now, the latest his thrilling 10-round victory last night over British Tommy Farr in Madison Square Garden. It seems his only worry is the chance of going into the ring some night a betting favorite.

Promoter Mike Jacobs of the 20th Century Sporting club offered Braddock his choice of a return bout with Farr or a match with Max Baer, from whom Jersey Jim won the world heavyweight crown in 1935, on April 1. Originally Jacobs planned to pit the Braddock-Farr winner against Baer on March 11 but Braddock wants a longer break spell before swinging back into action.

JIM BRADDOCK LOOKS FORWARD TO ANOTHER SHOT AT TITLE

NEW YORK, Jan. 22 (AP)—Jim Braddock, doubling for old man comeback himself, looked forward today to a 1938 campaign that may lead to another shot at the heavyweight championship, in September, instead of making any further inquiries about the road to the old fighters' home.

HARVESTERS BEAT LUBBOCK 23 TO 19 IN FIRST CAGE BATTLE

The Harvesters struggled through their slowest game of the season Friday night with a 23 to 19 victory over Lubbock's lanky Westerners.

Referee J. W. Ley assessed a total of 34 personal fouls, and there was an epidemic of tie-balls and travelling. An unprecedented number of minutes were used for tie-balls.

Lubbock got 14 charity chances at the basket and made 30 per cent of them. The game was one of the roughest of the season. Dunaway suffered a cut over his right eye and was removed from the game by Coach Mitchell before the half. It was the result of a collision with a Lubbock player. The clash bled profusely.

Three Westerners were forced to leave the game on personal fouls, and two others were assessed three each. Dunaway was assessed four personals and went to the showers in the fourth quarter. Claude Heiskell who seldom fouls and Jack Cunningham had three each.

The game was nip and tuck all the way. Lubbock took the lead in the opening minutes of the game. Pampa led at the end of each quarter, but several times Lubbock tied the game and took a lead of one or two points. The Harvester lead never exceeded six points.

Coach Mitchell started Cunningham, but replaced him near the half with "Little" Heiskell, known variously as Grover Lee, "Fleewee," "Teddy Wad," who again proved that he can hold his own. He scored a long-distance field goal and one free shot. Junior Foster entered the game twice and played well.

Hawthorne, Lubbock guard, led the hustling for Lubbock. He canned the ball four times from the field, and shone defensively. Besides that he committed only two fouls.

The tall Lubbock players stopped the Pampa offense during the first half and in the fourth quarter, but the Harvesters fouled their foes defense in the third quarter. Ford Venable and Allen, all tall, used their height to snag rebounds or tie up the ball. The Pampa boys felt they couldn't risk long shots, and they found it difficult to pass in the ball for set-ups. The Lubbock boys were also adept in guarding one-handed shots.

Claude Heiskell had two men on him when ever Pampa had the ball, but despite their smothering tactics, he scored three field goals and two free shots. Reynolds came through for a basket from the field and two charity shots. Reynolds' improvement chart is definitely on the climb. He scored four points Friday night, and starred in defensive ability. He is playing better basketball now than he has ever played.

Market Briefs

NEW YORK, Jan. 22. (AP)—Financial markets finished a quiet but rather unsatisfactory week with virtually all categories suffering net losses.

In the concluding 2-hour session gold prices and rails managed to make a recovery gesture, but many issues were down fractions to a point or so.

Transfers totaled 405,220 shares, the smallest volume since Dec. 11. The week's turnover was the lowest since last September.

The ability of the list to absorb so-called "bad news" with equanimity tended to impress analysts.

Even utilities generally held recessions to minor fractions following the government's sweeping TVA court victory at Chattanooga.

While the new deal continued its winning stride at Madison, Wis., where the jury found 46 defendants in the oil anti-trust case guilty, petroleum shares were down only a shade.

Murfee's Famous Varieties Become

MURFEE'S FOLLIES

An Exciting Extravaganza of Savings

If there's one thing we pride ourselves on more than another, it's our reputation for variety. But alas, so often pride goeth before a fall. Sometimes in our enthusiasm we buy too extravagantly. Often we buy too many of one size and not enough of another, and so on. Every now and then we find ourselves out on a limb. Murfee's famous varieties have become Murfee's Follies. We still hang on to the stubborn conviction that these things are good values. But tomorrow our weakness for variety is going to save plenty of money for lots of people.

TODAY'S SERMONETTE

One of the most beautiful stories of healing related in the Bible was that in which Peter was the instrument, and Dorcas, a woman full of good works and alms deeds, the healed. She was a woman whom the whole community loved, and seeing the power of God, wanted to serve Him, for we are told, "That all that dwelt at Lydda and Saron saw him and turned to the Lord."—Chivers.

MORE AND BETTER ROADS

The annual convention of the American Road Builders' Association, meeting in Cleveland, brings to the fore again the question of constructing additional highways in the United States.

President Roosevelt recently asked Congress to cut down on federal road-building funds. Congressmen complained, some very vigorously. They realized that at least part of their popularity back home depends on a continuing flow of federal cash to build good highways.

The survey showed that it costs 3.07 cents a mile to operate a passenger auto on dirt roads; 2.17 cents per mile on gravelled roads, and only 1.44 cents a mile on paved roads.

Sharing the Comforts Of Life ...

NOT ENEMIES

UNDER THE AMERICAN SYSTEM PRIVATE CAPITALISM AND STATE CAPITALISM ARE NOT ENEMIES, BUT WORKING PARTNERS.

In this American partnership, state capitalism get more than taxes from private capitalism. Very largely it borrows its standards of efficiency from industry. Working side by side, the civil servant and the farm or industrial workers can easily compare each other's efficiency and rewards.

The postman can compare himself with the milkman. The county clerk and the grocer can weigh their respective positions.

Private industry gives a yardstick that determines the efficiency of state capitalism. There would be no yardstick for measurement.

CAPITAL FURTHER EXPLAINED

CAPITAL = This, then, is the sum and substance of Capitalism.

Capital is cattle and their derivatives. It is meat which we do without so that later we may have milk and calves—income and profit.

It is our whole machinery of production. Capital is the plow and the treadmill machine. Capital is things of relative permanence that have value in exchange.

The above is the illustration of explaining how capital originally started and developed. This series is published through the courtesy of J. Walter Thompson company and will be continued in tomorrow's paper.

One probably should be modest and make no reference to it at all, but really I just can't refrain from pointing out how soon it rained after I wrote that story about Selby Maxwell's prediction that the Panhandle was due for a lot of rain in 1938. . . . Confidently, I told several acquaintances on Wednesday that it would rain Wednesday night . . . Well, I missed it by one night, which isn't bad when you figure it hasn't been raining at all out here. . . . The last time we had even a drizzle of rain before that was on Dec. 13, and I couldn't find anyone who even remembered it. . . . Why, City Manager C. L. Stine was of the opinion that it hadn't rained for five months, prior to yesterday's precipitation. . . . Selby and I are doing pretty well as rain-makers.

The credit for that Maxwell article on Thursday should go to DeLea Vicens, the banker, who called our attention to it in Banker's Monthly. . . . All day Friday the rain-fall was such a big story that people even talked about it in preference to discussion of the Railroad Commission's Sunday oil shut-down order. . . . "Moon" Mullins, an Ohio reporter, left Pampa for Amarillo yesterday to join the staff of the new Amarillo Times. . . . West Foster street Wise Man says that when a machine is well-oiled, it makes the least noise—but with humans, it's just the opposite.

Webb, county health officer, almost frightens you when he tells you of the inroads being made in America by syphilis. . . . He is one of the most ardent supporters of the American Legion's campaign of eradication against the disease. . . . Just as a reminder, Jan. 31 is deadline time on your poll tax payment. . . . If you want to vote this year, you'll have to get the cash on the barrel-head at the tax collector's office by midnight of that day.

Washington Letter

By Rodney Dutcher

WASHINGTON, Jan. 22.—Although the State Department doesn't grant passports to Spain, a couple of thousand Americans have contrived to get into that country to bear arms for the Spanish republican government.

About 1200 Americans are members of the Abraham Lincoln brigade and about 1800 others are aiding the Spanish government in medical, trucking, tractor and other services. More than 350 American fighters have been killed in the past year and perhaps twice as many wounded.

Occasionally a senator barks about the activities of these volunteers. Recent dispatches show their battalion is being used in the Loyalist effort to hold Teruel against the Franco forces.

General Queipo de Llano recently broadcast from Seville that three American and British battalions had been wiped out at Teruel—which proved entirely false.

There is nothing the State Department can do about this situation except deplore the fact that so many Americans are so un-neutral, and perhaps watch passports more carefully.

Curiosity naturally arises as to who the Americans are. One of them, it can be said, is Hans Amle, a brother of Congressman Thomas R. Amle of Wisconsin.

Hans has just returned after nearly a year with the International Brigade. He was commander of the Lincoln battalion at the important battles of Quinto and Belchite, and has been wounded twice. Recently he was married to Miss Millie Bennett, a well-known American newspaperwoman, at brigade headquarters in Albacete.

A marine corps gunnery sergeant in the World War, Amle became a miner and prospector. He was in Nevada when the Spanish revolt broke and felt emotionally that the Spanish people were fighting for a free republican government in the forerunner of a worldwide struggle between democratic and fascist nations. He says that's the way all the others among the 1200 feel about it.

David McKelvy White, son of a former Ohio governor and himself a former English professor, was a machine-gunner in Spain. He has returned to edit a magazine to promote the "Friends of the Abraham Lincoln Brigade."

Robert Merriman of Reno, former economics instructor at a California university, is the brigade's chief of staff. Amle says that Merriman is always out front in any engagement.

Philip Detro, a Roosevelt Democrat from Texas, is now commanding officer of the battalion. He had been in Germany and Japan and came to hate fascism.

Harry Hines of New York, former editor of the National Maritime Union's publication, The Pilot, was killed in action. Also killed was Sam Levinger, son of a prominent Cincinnati rabbi. So was another friend of Amle's, the son of a former Los Angeles mayor.

Amle thinks the intellectual level of the American battalion is higher than that of any military group ever assembled. It includes lawyers, editors, writers, professors, poets and many college graduates. There are also large numbers of American seamen and miners.

Man About Manhattan

—By GEORGE TUCKER

New York—There is excellent ice-fishing during the winter in these parts and your Broadway night chawer has just returned from a fine outing on a remote little lake which is situated in a drift of wild Jersey hills, 50 miles from New York. Ice-fishing is a boon from the Great Commander to help worthy anglers break the out-season from November to June, and it requires a fine disregard for chilblains if one is to succeed.

The ice on this lake was about six inches thick, just right for the sport, and with a hefty axe we chopped a dozen holes in the form of a crescent, about 15 yards apart. In ice-fishing you rig these holes with tip-ups, to which is attached a red flag. One's line, with hook and a husky shiner, is lowered through the ice and latched to the tip. When you get a strike, the tip is released and the red flag flaps merrily in the air.

That's the fun of it. Along the whole crescent two or three flags sometimes begin flapping at once, and then the angler gets a fine imitation of a young steer slipping and sprawling on the ice. Unless you are used to it, a firm footing is next to impossible.

Compensations for these spills come when you set the hook just at the right moment and have the indescribable thrill of hauling a lunging, dripping, badly-rattled pickerel up on the ice. Then, too, there is the fire burning on shore, and always a cup of warming broth to knock the frost from your veins and restore cheer.

The broth in this instance was an experiment and inspiration. In North-west Passage, one of the best-selling novels, there is a recipe for hot buttered rum as fancied by the early settlers of this country. Well prepared for any emergency, we followed the recipe faithfully, and so am eager to report that the young bucks of 200 years ago knew plenty when it came to refreshing themselves against the rigors of a polar climate.

We got on the ice about 10 a. m. and throughout the day risked limbs every few moments, treading frantically after flapping flags. Most of the time we were rewarded, and at the end of the haul we had 12 fine pickerel, ranging from 16 to 21 inches in length, and five yellow perch, the largest I have ever seen. These husky fellows were foraging and bit hungrily at the line minnows. Their weight easily bettered a pound each and all were in prime condition.

Later during the afternoon a strange youth with red straight hair and a pointed nose came out of the hills and paused to criticize our rigs before toping on down the trail. He had to take those lonely joints every day, he said, because somebody had put a "hex" on his little cousin, and if he didn't lope through the woods every day at this time the little boy would be certain to die. He said if we'd placed our tips out over the channel, in deeper water, we'd have caught bigger fish. Well, we'll remember that next time.

Anyway, outside of some badly chapped hands and a wind-burn, we got back to Manhattan in fine style. We're having the fish tonight, fried crisp and brown, with corn bread and hot apple cider.

QUANTITIES OF FISH

When buying fish steak, allow about a third of a pound for each person. Estimate a half pound per person when purchasing fish that is weighed before the head is removed and the fish cleaned.

People You Know

By ARCHER FULLINGIM

Two years ago the boys used to stuff their fingers in their ears and rush into the kitchen and start playing ping pong when the grand opera started on Saturday afternoons. They couldn't understand why anybody would want to listen to that "crazy yelling." They doubted whether anybody really liked that "awful noise." They said a guy had to be "off" to like that—they began to use the word "put on." All that winter they complained about Grand opera, but they couldn't help but hear it as they played in the kitchen. . . . Last year they didn't say so much against it. Then they began to use the word "high notes" of Lily Pons, and they would listen when she sang, and they began to be less noisy in the kitchen and they would leave the door open—their excuse was that they liked to hear "John B. Ken-edy's voice at the intermissions. . . . This winter the first grand opera was broadcast in December. It was Die Walkure with Kirsten Flagstad and Lauritz Melchior in the leading roles. . . . It lasted four hours. . . . You remember that the Grand Opera will be on. You can't play ping pong—this house is too small, and you'll have to sit in the room with the radio and not say a word. They were told, "But they did come." After each long act they would say, "How can you listen to it? Do you really like that?" But they listened quietly, and didn't fool about it. . . . They came to hear Don Giovanni. Il Trovatore, and yesterday when Lily Pons sang the leading role in the gay Barber of Seville they openly confessed they liked it. . . . You get to where you don't have to know what they are saying; the music is enough." Bert Isbell explained, and Billy Mounds agreed. Sure, they'll be down next Saturday afternoon when Melchior and Flagstad will be Tristan and Isolde!

Concessions Made

Had the case gone through to a supreme court test on its merits, many studio contracts with stars would have been endangered in the event of a Cagney victory. Had Cagney lost on the other hand, he would have been compelled to give up pictures or return to Warners under his old contract. Acute discomfort, in either event, would have resulted, either for Cagney or for Warners and the other major studios. The outlook was sufficiently serious, apparently, to induce Warners to make concessions, at the same time inducing the actor to change his mind. Cagney's mind, freely spoken during and after his studio fight, was against further relations with those Warners in any circumstances.

Insiders credit Bill Cagney, his brother's manager, and Harry Warner, the studio president, with prime responsibility for the peace pow-wows. Bill persuaded fiery Jimmy to talk terms, and Harry smoothed over the ruffled spirits of brother Jack Warner, and the turkey-talk ensued. The whole affair was straightened out in a three-hour conference.

Two-A-Year Now

This way both the studio and the star are winners. Cagney, fueding with Warners, could never have worked for a major studio, as major studios have a silent, unofficial agreement about employing each other's rebels. A star of Cagney's importance needs a "major" release—and Warner Bros. needs a star like Cagney. Several potential "Cagney substitutes" did not pan out. If report is true, Cagney will get \$100,000 a picture for two pictures yearly. His old deal netted him \$100,000 for four pictures. . . . Two many pictures a year was one of Cagney's kicks against the studio. Another was the way he was required, in films, to do ungentlemanly deeds like socking ladies, pushing in their faces, and kicking them about—deeds all unpleasant to Cagney personally. The laugh is that while Cagney was at Grand National playing gentlemanly roles, the rest of the screen went berserk and leading ladies learned to regard slaps and kicks as part of their day's work!

Around Hollywood

—By ROBBIN COONS

HOLLYWOOD—Second-guessing on the James Cagney-Warner Bros. peace treaty effected the other day gives us a pretty piece of backstage drama.

On the surface, it would appear the boys merely got together and ironed out their troubles, with smiling sweetness all around. Cagney, after making two films for the "Independent Grand National company, goes back to the studio where he became a star in hard-hitting melodramas. His suit to free himself from a \$4000 a week contract was victorious nearly two years ago. The state supreme court, when both contesting parties agreed, reversed the decision.

How's Your Health?

By IAGO GALDSTON, M.D.

Cramping, which is the involuntary, forceful contraction of muscles, may be caused by a variety of conditions.

Excessive fatigue, inadequate blood supply to the affected part, sudden chilling, disease of the parathyroid glands, bacterial and other poisons, and derangements of the central nervous system, are some of the principle causes of the more marked and serious forms of muscle spasm. Naturally the muscles affected, as well as the duration and severity of the spasms, will vary accordingly to the underlying causes.

The physician confronted with a given case of muscle spasm will diagnose its probable cause on the basis of the patient's history, and of the symptoms presented.

Thus a young child with evident disturbances in his bone growth (square shaped head, misshapen chest, curved long bones, enlarged wrists and ankles) is likely to be the victim of rickets. In this disease there is frequently present a marked disturbance of calcium metabolism, which in turn gives rise to a variety of muscle spasms, including at times general convulsions. Treatment of such a case recalls for curative purposes, vitamin D, and upbuilding through improved nutrition.

Another patient, say a man in his late fifties, who complains of cramps in his calf muscles which develop whenever he walks rapidly for a long distance, suggests the diagnosis of impaired circulation of the extremities, due, for example, to arteriosclerosis.

So a muscle spasm obviously is a symptom associated with a wide variety of disturbances. Its treatment must depend upon the underlying causes.

The similar forms of muscle spasm, the cramps following strenuous exercise or chilling, or those which occasionally rise without evident cause, can usually be relieved by rest, vigorous massage (which promotes blood circulation) and hot baths.

If the cramps are felt rarely or occasionally, they need concern one little, but when they are experienced frequently, persist for a long time, and are service, a thorough medical examination is indicated, especially in cases where the muscle spasm follows moderate physical effort.

Garner Refuses to Comment on Plan To Divide State

WASHINGTON, Jan. 22 (AP)—Vice President Garner reiterated today his opinion the people of Texas might discuss with profit their privilege of dividing into five states.

He declined to comment on the report that some persons in four Rio Grande valley counties had advocated withdrawal from the state to create "the State of South Texas."

Garner once included these four counties, Hidalgo, Willacy, Cameron and Starr, in a group of 33 he recommended should compose one of the possible new states.

The vice president said he suggested in Texas 40 years ago the division of the state into five separate states, and subsequently had gone on record for it in Congress.

He added, however, that he doubted whether the division ever would be accomplished.

The Capitol Jigsaw

By HOWARD C. MARSHALL

AUSTIN, Jan. 22 (AP)—Life in the Texas capital, as elsewhere in the state, is becoming more hazardous, traffic fatalities in 1937 increasing 41 per cent over the previous 12 months.

Seventeen persons last year lost their lives in this manner while in 1936 the total was 12. In both years, most of those killed were pedestrians.

The increase in the death toll occurred despite a safety campaign directed by city officials.

Of drivers involved in traffic accidents, 318 were speeding, 70 did not have the right of way, 90 were on the wrong side of the road, 52 were disregarding stop signs, 41 failed to signal and 25 were cutting in. Nearly one-half, or 533, of the drivers involved in accidents were between the ages of 20 and 29 years.

Governor James V. Allred is puzzled as to what must be done to make streets and highways safer. "Probably there must be a little bit of everything, or perhaps it's quite the same," he said recently. "Education, law and engineering all must play a part."

The trapping industry, which has been going on in Texas around 100 years, is far from being played out, says the game, fish and oyster department. In fact, it seems to be growing.

There is a temporary depression because furs are cheap but game officials do not expect it to last, and the rest of this winter is quite cold the quantity of the fur taken may make up for the lowered prices.

Muskrats in East and South Texas and possums, polecats and coons in all sections supply the bulk of the pelts marketed from this state. There is a few beaver along the Rio Grande.

In the fiscal year ending August 31, 1937, the state received \$17,285 from the tax on furs, which was an increase of about \$6,000 over the previous year.

Under a new law, trappers pay \$1 for a license, dealers \$5 and wholesalers \$25. The bulk of the license yield comes from the trappers.

Frank E. Mann of Houston, youthful member of the house of representatives, bids fair to set something of a precedent. Reports are he will give up his seat in the legislature to run for justice of the peace in Harris county. No one about the capitol asked about the matter could recall when a representative had chosen a justice's job in preference to that of a legislator's.

There is a reason, however, and Mann has no hesitation setting it forth. A justice of the peace in Harris county receives \$4,500 a year in salary; a member of the legislature is paid \$1 a day when the legislature is in session.

Rep. Ben F. Cathey of Quitman thinks it would be a good idea to name press correspondents members of legislative investigating committees. Then it might not be so difficult obtaining a quorum.

Forbidden by the house of representatives to conduct hearings unless a quorum of the committee was present, Cathey, chairman of the group authorized to investigate allegations the anti-nepotism laws were being violated, waited two days in Austin trying to get enough members together.

Moore Gasser Gauged For 136,323,000 Cubic Feet

ELEVEN WELLS COMPLETED IN PLAINSFIELD

The second largest gas well to be brought in during the past year was completed last week when the Shamrock Oil & Gas Company's No. 10 Sneed in section 46, block 6-T, T&N survey, Moore county, was gauged at 136,323,000 cubic feet. The well was one of 11 given a total open flow potential of 3,088,700 cubic feet or the largest amount of gas was tested in any one week in a year.

Eleven oil wells were also tested by employees of the local office of the Texas Railroad commission. They were given a total open flow potential of 5,663 barrels.

Staking of new locations also were on the increase with 16 first intentions being filed. Hutchinson county led in that activity with six, followed by Gray with five, Carson with three and Moore with two.

Five of the oil completions were in Gray county and were capable of producing a total of 2,729 barrels. Hutchinson county's four wells were gauged for 2,188 barrels. The two Carson county producers tested 738 barrels.

Best well was the Midstates Oil company (formerly Turman Oil company) No. 16-A Whittemburg in section 11, block M-21, TCRR survey, Hutchinson county, which tested 728 barrels for another good well in a well-drilled area.

The huge gas well completed by Shamrock Oil & Gas company is located about 15 miles southeast of Dumas. The largest gasser in the last year was brought in by Phillips Petroleum company and gauged 170,000,000 cubic feet.

Six of the new gas wells were in Wheeler county, all of them completed by Hal Vaughan on four different leases. Total flow of the six wells was 120,035,000 cubic feet. Three of the wells were in Carson county and one each in Gray and Carson.

Oil wells tested, by counties: In Gray County: Watchorn Oil Co. No. 2 Saunders, section 3, block 1, BS&F survey, gauged 476 barrels with the lime pay between 2,875 and 2,917 feet.

S. & M. Oil Co. No. 1, P. A. Worley, section 64, block 3, I&GN survey, was given a potential of 620 barrels. Lime pay was from 3,127 to 3,221 feet.

R. B. Pringle, No. 10 North Vollmer, section 140, block 3, I&GN survey, tested 377 barrels with pay between 2,360 and 3,285 feet in lime. Gibson Oil Co. No. 13-2 Combs, section 38, block 3, I&GN survey, gauged 645 barrels with the lime pay between 2,875 and 3,090 feet.

F. W. Dye et al. No. 4 Meers, section 107, block 3, I&GN survey, was good for 666 barrels with the pay from 3,145 to 3,210 feet in lime.

In Hutchinson County: Midstates Oil Co. (formerly Turman Oil company) No. 16-A Whittemburg, section 11, block M-21, TCRR survey, was given a potential of 728 barrels with the pay from lime formation between 2,880 and 2,902 feet.

Simpson Oil Co., No. 2 Terry, section 15, block M-21, TCRR survey, tested 544 barrels with pay from 2,900 to 2,975 feet.

Phillips Petroleum Co., No. 29 Cockrell, section 3, block M-21, TCRR survey, tested 315 barrels. Lime pay was between 2,986 and 3,043 feet.

Stansylvania Oil Co., No. 2 Belle Wisdom, section 33, block M-23, TCRR survey, gauged 3,092 and 3,098 feet in lime.

In Carson County: The Texas Co., No. 7 Quinn, section 7, block 9, I&GN survey, was given a potential of 480 barrels with the lime pay between 2,900 and 3,097 feet. The hole was drilled to a total depth of 3,120 feet and plugged back.

Danciger Oil & Refineries No. 2 block, section 112, block 4, I&GN survey, gauged 256 barrels with the lime pay from 2,995 to 3,065 feet.

In Wheeler County: Hal Vaughan No. 1 KRC, section 127, block 23, H&GN survey, gauged 17,798,000 cubic feet.

Hal Vaughan No. 1 Macina, section 108, block 23, H&GN survey, tested 10,129,000 cubic feet.

Hal Vaughan No. 2 Pakan, same section, tested 23,887,000 cubic feet.

Hal Vaughan No. 1 Valencik, section 125, block 23, H&GN survey, gauged 20,197,000 cubic feet.

To Speak Here

State Senator Clint C. Small, of Amarillo, will address the regular monthly meeting of the Pampa Kiwanis club next Friday in the Pampa hotel. Senator Small will speak on "Poll Taxes," and will discuss the importance of every voter becoming eligible to participate in the elections.

GROUP NAMES SPEAKERS FOR API MEETING

Real problems of the producing end of the oil industry will be under discussion by men deemed to be experts in their various lines in the comprehensive program which has been arranged for the spring meeting of the American Petroleum Institute, Mid-Continent Division, which will be held in Amarillo Thursday and Friday, February 16 and 17.

The program committee under the leadership of Charles A. Daniels, Amarillo division production superintendent for the Phillips Petroleum Company, has been exceptionally careful in the selection of subjects to be handled and in the men who are to present them to the membership of the association.

While the primary discussions will pertain to drilling and production practices, other subjects directly related to the conduct of the oil industry will come in for their share of exploitation.

Some of these later subjects are vocational training in the industry, accident prevention, trends of modern equipment and advantages of unitization of leases.

Each year sees the oil industry building itself into a closer unit by broadening the scope of its various departments with each department seeking closer relationship with other departments to the end that the industry as a whole may progress the more rapidly.

The program to be offered to those in attendance at the Amarillo meeting is as follows:

Thursday morning session: "Vocational Training in the Oil Industry," by L. K. Coville, State Supervisor of Industrial Education for Oklahoma, Stillwater.

"Use of Hydraulic Pumps in the Mid-Continent Field," by J. F. Crawford, British American Oil Production Co., Tulsa.

Thursday afternoon session: "Unitization of Leases and Pressure Maintenance," by E. O. Bennett, Continental Oil Company, Ponca City, Okla.

"How and Why of Oil Well Shooting," by Paul F. Lewis, manager American Glycerine Co., Tulsa.

"Sulphate Resisting Cement for Oil Well Cementing," by Svend Rordam, director of the Division of Research for the Trinity Portland Cement Company, Dallas.

Friday morning session: "Squeeze Cementing for Controlling Oil-Gas Ratios," by C. P. Parsons, Halliburton Oil Well Cementing Co., Duncan, Okla.

"Application of Electric Logging Methods to West Texas Problems," by W. J. Gillingham and W. B. Stewart, Schlumberger Corporation, Midland, Texas.

"Accident Prevention in the Oil Industry," by G. O. Lockwood, safety director, Cities Service Oil Co., Bartlesville, Okla.

Friday afternoon session: "Hazardous Use of Old Pressure Vessels in Oil Fields," by G. Raymond, chief engineer, Block, Siballs & Bryson Co., Oklahoma City. (This will be illustrated.)

BOTH SIDES REST IN 'MICROPHONE' TRIAL

DENVER, Jan. 22 (AP)—Both prosecution and defense rested their cases at 3:30 p. m. (CST) today in the trial of three men charged with concealing microphones in the offices of Governor Teller Ammons. Testimony by Governor Ammons, in which he flatly denied statements by Ed H. Ellis, one of the defendants, that Ammons had "solicited a bribe" in 1933, when he was a state senator, completed the evidence in the trial.

Governor Ammons said the first he had heard of the alleged bribe solicitation was when Ellis first made a statement concerning it to the Colorado Supreme Court last summer.

Ammons denied that he came to George W. Dodge, tax agent for the Denver & Rio Grande Western railroad, and told him the late Vern Hill, then chairman of a senate committee, "could be handled for \$2,000." Ellis had testified earlier such a statement was made by Dodge.

Ammons testified he appeared as a witness before the special grand jury which indicted Ellis with Jack H. Gilmore and Walden E. Sweet, co-defendants, and declared then he would waive the statute of limitations if either Ellis or Dodge would sign a criminal complaint against him.

BLOODHOUNDS PUT ON TRAIL OF MURDERERS

PECOS, N. M., Jan. 22 (AP)—Bloodhounds were set on the trail today of two masked and armed bandits who last night killed Deputy Sheriff Demetro Rivera, 42, nightwatchman at a tavern here, clubbed A. A. Wynne, tavern manager, and escaped in a light truck with \$58.

State police discovered a few coins dropped by the bandits in flight to guide the dogs the scent. Warden J. B. McManus of the state penitentiary said there was "just a chance" the hounds might be able to pick up the trail.

Wynne, 63, was taking the day's receipts in a sack to his home across the street from the tavern when he was held up. Rivera, although armed with a revolver, never used it, police said.

SEEDS RETURNS FROM INSURANCE CONVENTION

Bob Seeds returned to Pampa Saturday from Waco, where he attended a meeting of agents of the Aimplicable Life Insurance Company.

There were 300 present at the annual meeting, including representatives from three states, Texas, New Mexico, and Louisiana.

Most of the business sessions were held at the Raleigh hotel. A banquet Friday night at the Roosevelt hotel featured the entertainment program.

PAIR ASSESSED SENTENCES IN KANSAS TRIALS

A telegram from Sheriff Fred Simpkins of Columbus, Kas., yesterday informed Sheriff Earl Talley that a life sentence had been assessed Richard Walker under the habitual criminal act of Kansas, and that a sentence of from six to 15 years had been made against Paul Duncan, on a burglary charge. Other charges against Duncan are pending, the telegram states.

The two men had been charged here in connection with an assault upon R. R. Hackney, 1248 South Barnes street, on the night of De-

night from Breckenridge, bringing with him Woody Harrell, who was placed in the county jail. Harrell is being held in connection with the burglary of the Eagle club, 905 So. Cuyler, a week ago when 13 cue balls valued at \$33, and \$30 in cash was taken.

Walker and Duncan were arrested in Columbus upon information furnished by Deputy Sheriff Geo. Linnan. Sheriff Earl Talley had planned to go to Kansas to take custody of the two prisoners held in jail in Columbus, following his return from Breckenridge.

Sheriff Talley returned Friday.

WASHINGTON, Jan. 22 (AP)—Arno B. Cammerer, National Park Service

director, said today the service was ready to go ahead with the proposed Big Bend national park in Texas as soon as the land was donated to the federal government.

He told a recent conference of park officials "it would be a shame if the people of Texas muff their chance to establish Big Bend national park."

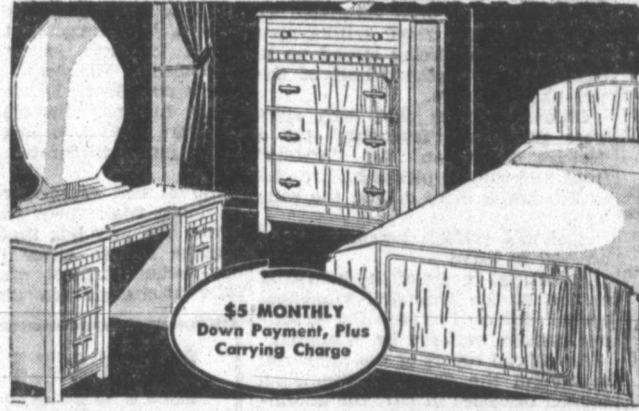

In an interview he said the site was a wonderful one, "and that means something because it takes a really exceptional area, now, to qualify for designation as a national park."

"Texans, I am sure, are anxious for the early success of Brewster county's campaign to raise funds to acquire the land, and the park service is just as eager as they are. We can't, of course, use federal funds for this purpose."

TICKETS FOR 3 FOR BALLS DISTRIBUTED

Tickets for Pampa's three dances to be held Monday night, January 31, in celebration of the President's birthday and for the benefit of the national foundation for infantile paralysis, were distributed to members of Pampa Lions club Thursday. Tickets were distributed to the Rotary club the preceding day. These clubs are in charge of ticket sales.

No change has been made in the original plans for the dances. There will be a dance at the Lamar school building, beginning at 7:30 p. m. music by Sons of the Saddle, admission \$1. The dance will be an old-fashioned one, with Mrs. H. H. Heiskell, Mrs. E. A. Shackleton, and A. A. Tiemann in charge of arrangements.

Southern Club Dance
Another dance will be given at the Southern club, beginning at 9 p. m. music by Averil Schneider and his orchestra, admission \$1. A committee of ten men, representing three Pampa organizations, will collect and sell tickets at the Southern club, while eight Kiwanians, four at each place, will act in a similar capacity at the Schneider hotel and at the old fashioned dance.

The dance at the Schneider will begin at 9 o'clock, music by Claude Hipps' orchestra, admission \$2. All dances are to close at 1 a. m. Admission prices are by couple. Stags will be charged \$1, extra ladies 50 cents.

All of the proceeds are to go to the new national foundation, instead of to the Warm Springs foundation, as was the case in the past with proceeds of the annual President's ball. This change was suggested last autumn by the President. Heretofore, 70 percent of the proceeds had been sent to the Warm Springs foundation, the remainder being kept within the club.

Under the new plan, there will be a unified, national organization for the study, prevention, and cure of the disease.

Mayor W. A. Bratton is chairman and Charlie Maisel vice chairman of the county President's Birthday ball committee. Frank Harris is secretary, and R. W. Lane treasurer. Tex DeWeese, managing editor of the Pampa Daily NEWS, and Gilbert Webb, are chairmen of publicity.

Members of the executive committee are: I. B. Hughey, J. W. Garman, John I. Bradley, Frank Harris, D. J. Gribbon, R. B. Fisher, Dr. C. H. Schukley, L. L. McGinnis, Mrs. H. H. Heiskell, A. A. Tiemann, Mrs. E. A. Shackleton, James B. Massa, Mildred Overall and Reno Stinson.

OPERATORS AT DALLAS FACE BETTING CHARGES

DALLAS, Jan. 22 (AP)—Texas Rangers raided five downtown places this afternoon and arrested as many operators for illegally accepting bets on horse races.

It was the first general move against bookie-shop operations in several months.

'You Can't See Mrs. Rubens,' Soviet Tells U. S.

NO EXCEPTION WILL BE MADE SAY RUSSIANS

WASHINGTON, Jan. 22 (AP)—The United States government received today a Soviet refusal of its request that an American embassy official be permitted to visit Mrs. Ruth Marie Rubens, an American citizen held in a Russian jail.

The Soviets said their internal authorities permitted the representatives of no foreign government to visit its national in prison during the course of investigations and could make no exception for the United States.

Mrs. Rubens has been in jail since the beginning of December, on suspicion of espionage, Moscow officials revealed recently.

Immediately on receiving the Soviet's admission on Monday that Mrs. Rubens had entered the country under the name of Ruth Norma Robinson, wife of Donald Louis Robinson, was in jail. Secretary Hull requested permission for an American embassy attaché to talk with her.

In addition to refusing Hull's request for the time being, the Soviets replied today on two other points. They said they had established definitely that Mrs. Rubens entered the country in possession of a passport in the name of Ruth Norma Robinson, and that her Soviet visa to the passport was valid.

On Monday the Soviets had informed this government they had arrested the woman's supposed husband, Donald Louis Robinson, at Sverdlovsk, a town in the Ural mountains, under suspicion of spying.

The passport under which Mrs. Rubens was traveling has been proved by the state department to be false, having been issued on an application supported by a child certificate of a child long since dead. However, the Soviet admission that their visa to the passport was valid is taken to be a point in Mrs. Rubens' favor. Forging the Soviet visa would have been a serious offense.

If Mrs. Rubens is brought to trial, either for espionage or on the charge of entering Russia by a false passport, it is presumed generally here that the Soviet government will permit an American embassy attaché to see her.

WASHINGTON, Jan. 22 (AP)—The United States government received today a Soviet refusal of its request that an American embassy official be permitted to visit Mrs. Ruth Marie Rubens, an American citizen held in a Russian jail.

The Soviets said their internal authorities permitted the representatives of no foreign government to visit its national in prison during the course of investigations and could make no exception for the United States.

Mrs. Rubens has been in jail since the beginning of December, on suspicion of espionage, Moscow officials revealed recently.

Immediately on receiving the Soviet's admission on Monday that Mrs. Rubens had entered the country under the name of Ruth Norma Robinson, wife of Donald Louis Robinson, was in jail. Secretary Hull requested permission for an American embassy attaché to talk with her.

In addition to refusing Hull's request for the time being, the Soviets replied today on two other points. They said they had established definitely that Mrs. Rubens entered the country in possession of a passport in the name of Ruth Norma Robinson, and that her Soviet visa to the passport was valid.

On Monday the Soviets had informed this government they had arrested the woman's supposed husband, Donald Louis Robinson, at Sverdlovsk, a town in the Ural mountains, under suspicion of spying.

The passport under which Mrs. Rubens was traveling has been proved by the state department to be false, having been issued on an application supported by a child certificate of a child long since dead. However, the Soviet admission that their visa to the passport was valid is taken to be a point in Mrs. Rubens' favor. Forging the Soviet visa would have been a serious offense.

If Mrs. Rubens is brought to trial, either for espionage or on the charge of entering Russia by a false passport, it is presumed generally here that the Soviet government will permit an American embassy attaché to see her.

been reduced one-seventh. The commission's district offices, he said, probably have granted exceptions to other areas.

Cottingham said oil field workers probably would lose little if any pay, with most of them getting a paid holiday.

"Co-operation of the operators throughout the state in arranging for the shutdowns or lower production is remarkable," he asserted.

It will be the first time since discovery of oil in Texas that producers throughout the state have been put on a six-day week basis. The giant East field, however, has been silenced several times. Sunday shutdowns were in effect there in late November and early December.

The commission announced it would receive evidence at Midland February 7 on whether the properties of Perren and Whitaker should be separated from proration purposes from the rest of the Pecos Valley field, Pecos county.

AGENTS 'MOPPING UP' IN ROSS KIDNAPING

ST. PAUL, Jan. 22 (AP)—Federal agents were reported "mopping up" today in an effort to glean the last bits of evidence against Peter Anders in the snow clad woodlands where he hid kidnaped Charles S. Ross before killing him and James Atwood Gray, Anders' accomplice.

The Federal Bureau of Investigation office avoided comment on the possibility of further arrests resulting from intensive search for clues around Emily, Minn., and Spooner, Wis., but they were understood to be seeking persons who may have harbored the confessed slayer.

The first of two dugouts in which Ross was held was near Emily. It was there, also, that agents recovered \$30,000 of the \$50,000 ransom paid by Mrs. Ross.

OIL METHOD FOR CURING MEATS LIKED

Gray county farmers are showing interest in a new method for keeping cured meats, devised by the Texas extension service.

The method consists of using cottonseed oil to pack the meat, covering about one inch. Meat is packed tightly in containers. Required for each 100 pounds of meat is 4 gallons of oil. Peanut oil may be used as well as refined cottonseed oil.

A crock makes the best container, tin lard cans are very good, a steel drum is satisfactory. A wood barrel will work but absorbs some oil.

The specialist advises that containers be covered for sanitary reasons.

Five years ago, the successful curing of meat in Texas appeared to be a complex problem. Advantages of the method, which is giving excellent results in keeping already cured and smoked meat are:

It retards mold growth 100 percent; reduces shrinkage; reduces contamination by flies, skippers, and vermin 100 per cent; oil, being liquid, makes it practicable to slice pieces from a large chunk and then return unused pieces for keeping perfect indefinitely.

Chinese sources said both sides were preparing "feverishly" for a decisive battle on the "mainline" and said 50 planes had reached Suchow to help defend the railway.

Suchow's civilian population was ordered to leave.

An official report of the industrial section of the Shanghai municipal council disclosed in part the enormous damage suffered by Shanghai industries in the October and November fighting.

The survey showed 1,905 Chinese and foreign plants in the eastern and northern sections of the city had been destroyed. These had carried on 70 per cent of Shanghai's industrial activity. Others were damaged by shell, air bombs, fire and looting.

POLL TAX PAYMENTS LOWER THAN IN 1936

No one has been trampled in a stampede to poll tax windows over the state thus far this year, despite the fact Texans must ballot within a few months on their next governor and attorney general and fill hundreds of other key state and local offices.

Approximately a week before the Jan. 31 deadline on payments, a survey of 24 counties where voting strength is heavy turned up ten where fewer persons had paid their poll taxes than on the comparable date in 1936, last gubernatorial election year. In nine counties more had paid. In one the figure was classified as average. In four the comparative figure was not given.

Among the larger counties reporting fewer payments were Dallas where a drive to stimulate poll tax interest was in progress; Harris (Houston); Tarrant (Fort Worth); San Antonio and Bexar county were in the opposite classification, but officials there did not expect an ultimate increase in voting strength.

Deadline for payment of poll taxes is midnight, Jan. 31. In many county seats, tax offices planned to stay open until the last legal moment to accommodate last-minute voters. Almost everywhere in the state, a heavy week was expected.

Tower reported to the committee a slight gain in steel operations since the new year began, and indications of "a moderate measure of further improvement during the early months of the year."

He agreed with chairman Byrnes (D-SC) that prices were raised some 21 per cent and wages 31 per cent, and when the chairman asked whether a five per cent rise in prices would not have covered the pay raise, he expressed the emphatic opinion that it would not.

"The increases in prices were not sufficient in the first two quarters of 1937 to provide for the increase in labor costs," Byrnes said in his letter. "In addition to this direct labor costs for wages paid to the employees of the subsidiary companies, there were increasing and additional costs to the companies for the materials which they buy and the services for which they pay to other than employees."

FLOODS HIT CITIES OF NORTHEAST TEXAS

(By The Associated Press)

Northeast Texas rivers ran bank-full today under the load of torrential overnight rains.

Flood warnings were issued at Shreveport for the Sulphur river lowlands when that stream rose 15.9 feet in 24 hours at Ringo Crossing, Tex. The stage of 22.3 feet there was 2.5 feet above flood level.

The Trinity river carried off the burden of a 3.08 inch rain and was running close to flood stage of 28 feet. Levees at Dallas stand in the way of an overflow into the city.

Texasrkana was flooded with the heaviest rain in its history, 5.30 inches for 24 hours. Low sections of the city were turned into lakes requiring evacuation of citizens by boat. A gas main washed out near the city limits and service probably will remain out until tomorrow.

JAPS LOWER TARIFF IN NORTHERN CHINA

PEIPING, Jan. 22 (AP)—North China's provisional government under Japanese sponsorship announced tariff reductions today ranging from 30 to 50 per cent on numerous important imports.

The government said the reductions discriminated against no nation, but informed quarters declared the changes would be generally favorable to Japan.

Wang Ke-Min, chairman of the executive council, said rates were lowered on "commodities deemed necessary for relief of distressed areas, improvement of the people's livelihood and improvement of trade to safeguard foreign obligations secured by customs receipts."

Tariff charges were abolished on flour, rice, industrial and mining machinery and seeds.

EIGHTH DISTRICT P-TA NEWS

The resignation of R. B. Fisher as superintendent of schools in Pampa takes from the Eighth District one of its most valuable leaders. Mr. Fisher has accepted the superintendency at Corpus Christi. During his term of office he has been one of the staunchest supporters of the Parent-Teacher movement.

Through his support and leadership Pampa Parent-Teacher work has gained an enviable reputation in the state. At the present time, there are over 1,000 members in the Pampa City Council. Every school in the city has an association, the high school, junior high, four ward schools, and one parochial school.

Mr. Fisher is chairman of the district legislative committee and a member of the district board of managers. For the past eight years he has appeared on practically every district program. In December he was the principal speaker on the Eighth District radio program.

As Mr. Fisher's successor, the board of education has appointed L. L. Sone, principal of the high school as acting superintendent for the remainder of the year. D. F. Osborne, assistant principal, has been named acting principal.

Safety Education
Superintendent Iry B. Carruth of Canyon, a member of Governor James Allred's safety committee and chairman of safety education in the Eighth District, has an article appearing in the January issue of the Texas Parent-Teacher. Mr. Carruth has outlined the school's part in accident prevention. The title of the article is "Teaching Traffic Safety."

New Vice-President
Mrs. Cyril Luker, Amarillo, has been named third vice-president to replace Mrs. Tom Johnson of Tulsa, who has moved to Ponca City, Oklahoma.

State Board Meeting
Several members of the Eighth District were present last week in Austin at the dedication of the new state offices of the Texas Congress of Parents and Teachers. Attending from Canyon was Dr. J. A. Hill, who was a speaker at a luncheon in Student Union building. Dr. L. H. Hubbard, president of the Texas College for Women at Denton, was the principal speaker. Others attending from this district included Mrs. C. T. Hunkapillar, district president from Pampa; Mrs. J. E. Griggs, Mrs. J. M. Crain and Mrs. W. D. Westbay, Amarillo; and Mr. and Mrs. W. B. Lamaster of Perryton.

During the state board of managers meeting, the members were guests of an Austin unit. The feature of the regular meeting of the association was a debate by university students on the abolishing of the present system of grading.

Procedure Course for Principals
The board of managers voted at their meeting last week to provide free procedure courses for all principals and superintendents who wish to take it. Mrs. Hunkapillar is a member of the committee to prepare a leaflet to accompany the president's unit package next year. Assisting Mrs. Hunkapillar will be the principals of the Pampa schools.

At the January meeting of the Adrian P. T. A., Jack Baiding, a United States Marine and a former Adrian high graduate, talked on the search for Amelia Earhart. Others on the program were Mrs. V. E. Lemke and E. L. Brown. Hostesses for the social hour were Mrs. J. M. Jacobson and Mrs. Paul J. Morgan.

"What School Should Mean to Children" was the topic discussed by Principal Rihnerst at the last meeting of the Morse P-T. A. At

Chili Supper To Benefit School

A chili supper will be given by the Woodrow Wilson Parent-Teacher association Tuesday evening at 6:00 o'clock at the school. Funds received will benefit the P-T. A.

Chili or sandwiches, choice of pie and drink will be served for 25 cents. Under the direction of Mrs. T. B. Rogers, chairman of the refreshment committee, the manager of the cafeteria, with her assistants, will make the chili and sandwiches, and the pies are to be donated by the patrons.

Mrs. Lewis Tarpley, chairman of finance, and Loye Ruckman will have charge of the sale of tickets for the evening, and Mrs. Emmett Gee is chairman of hospitality.

The Woodrow Wilson band will play several numbers and the glee club will sing. Special numbers will be presented by the faculty orchestra.

All who are interested are invited to attend the entertainment.

Kewanee Kamp Klub Members Present Towels to Hostess

Kewanee Kamp Klub met with Mrs. K. H. Brannon Thursday for an afternoon of entertainment. Mrs. Brannon was assisted by her two daughters, Thelma and Leona Parkes.

Following the presentation of a shower of towels to the hostess, games were played in which a prize was awarded to Mrs. Vance Sharpe.

Refreshments were served to Mmes. Vance Sharpe, W. R. Cook, C. F. Morris, E. J. Robinson, and L. F. McDaniel.

The next meeting will be held in the home of Mrs. W. R. Cook on February 3.

Surprise Birthday Party Compliments Mrs. Turner at Home

Mrs. Herman Van Sickle entertained with a surprise birthday party Thursday evening honoring Mrs. J. M. Turner at the home of the honoree.

Games of forty-two were played and many gifts were presented to Mrs. Turner. Decorating the refreshment table were spring flowers.

Guests for the evening were Messrs. and Mmes. Frank Dial, Tom Perkins, M. L. Colgrove, Herman Van Sickle; Miss Lois Barrett; Messrs. J. A. Meek, J. M. Turner, and daughter, Joyce.

Music Dominant Theme Of Week's Photoplays

FILMUSICALS LISTED AT 3 PAMPA SHOWS

The merry-go-rounds go round and round in Pampa theater programs this week, with "Merry-Go-Round of 1938" booked for Wednesday and Thursday at the Rex, and "Manhattan Merry-Go-Round" opening today for a three-day run at the Crown.

In the Crown picture, not only does the production offer excellent talent from stage and screen, but it also borrows the current geniuses of the ether waves. Phil Regan, Ann Dvorak, Tamara Geva, Leo Carrillo, Henry Armetta, Jimmy Gleason, Kay Thompson, Cab Calloway, Ted Lewis and a host of others contribute zestfully to the production.

Music by the famous team of Harold Adamson and Jimmie McHugh dances arranged by Carl Randall, numerous specialties, including Beverly Ann Welch, 4½-year-old trap drummer, the features of "Merry-Go-Round of 1938."

Still more music is listed for Pampa screens this week in "Make a Wish," featuring the boy singer, Bobby Breen, and showing Tuesday only at the State; while at the LaNora, today, tomorrow, Tuesday and Wednesday, Baritone Nelson Eddy and Tap Dancer Eleanor Powell, are featured in a musical extravaganza, "Rosalie."

Under the heading of film adaptation of the classics is the State picture, "Prisoner of Zenda," featuring Ronald Colman, showing Wednesday and Thursday; and "Ebb Tide," featuring Frances Farmer and Ray Milland, at the LaNora Thursday and Friday. The LaNora film is in technicolor.

Westerns on this week's film listings are "Purple Vigilantes," Friday and Saturday at the Crown; "The Old Wyoming Trail," with Charles Starrett, on the same days at the Rex; and "Rustlers Valley," with William Boyd, at the State, also on Friday and Saturday.

The Rex opens the week with "Alcatraz Island," with an all-star cast. The picture is showing today, tomorrow and Tuesday. "Sea Racketeers," with Weldon Heyburn and Warren Hymer is showing Wednesday and Thursday at the Crown; "Big City," with Spencer Tracy and Luise Rainer, today and tomorrow at the State.

Saturday Paramount's romance of the winning of the West, "Wells Fargo," featuring Joel McCrea, Bob Burns, and Frances Dee, opens next Saturday at the LaNora theatre. Bob Burns is co-starred with them, and the splendid supporting cast includes Lloyd Nolan, Porter Hall and Henry O'Neill.

Song Prince—Dance Queen

Nelson Eddy and Eleanor Powell are teamed in Metro-Goldwyn-Mayer's lavish musical "Rosalie," showing for four days, beginning today, at the LaNora.

"Rosalie," featuring Joel McCrea, Bob Burns, and Frances Dee, opens for a four-day run at the LaNora. The picture was produced and directed by Frank Lloyd. Screen play is by Paul Schofield, Gerald Geraghty and Frederick Jackson, based on a story by Stuart N. Lake.

LA NORA

"Rosalie," which co-stars Nelson Eddy and Eleanor Powell, is described as one of the most lavish musicals in the annals of motion pictures. Twenty-five hundred persons appear in the Romanza number, alone, which was so large that it took 10,000 amperes of electricity to light the 60-acre set where the spectacle was filmed. Madame Albertine Rasch, after searching the entire country, gathered together 500 of the best ballerinas for the number, not to count another 250 tap dancers and 125 acrobatic teams, which the dance director included.

With Miss Powell and Eddy are seen such favorites as Frank Morgan, Edna May Oliver, Ray Bolger, the new European singing sensation, Ilona Massey, Billy Gilbert, Reginald Owen and dozens of others. Today, tomorrow, Tuesday, and Wednesday.

STATE.

Sunday Monday—"Big City," with Spencer Tracy.

Tuesday—"Make a Wish," Bobby Breen.

Wednesday and Thursday—"Prisoner of Zenda," Ronald Colman.

Friday and Saturday—"Rustlers Valley," William Boyd.

Ranier and Spencer Tracy co-starred.

There is no pretense at picturing the emotions rampant in any metropolis. Instead, the story devotes itself to the human adventure of a humble taxicab driver and his immigrant bride. The city is merely background.

Today and tomorrow.

BOY SINGER.

An exceptional cast appears with Bobby Breen in RKO Radio's musical screenplay, "Make a Wish," including as it does such noted actors as Basil Rathbone, Henry Armetta, Ralph Forbes, Leon Errol, Donald Meek, and Herbert Rawlinson, Marion Claire, the screen's newest recruit from the broadcasting studio, stage, plays the leading feminine role, and the picture was directed by Kurt Neumann.

HOPE NOVEL.

Ronald Colman is featured in David O. Selznick's production of "The Prisoner of Zenda," the famous Anthony Hope romance of love and intrigue in the royal courts of Europe. Madeleine Carroll and Douglas Fairbanks Jr. read the imposing supporting cast, which includes Mary Astor, C. Aubrey Smith, Ray Massey, David Niven, and others.

Wednesday and Thursday.

CROWN

"Manhattan Merry-Go-Round" offers plenty to the theater-going public. Republic has "shot the works" unstintingly on this production; and it promises to be one of the best musicals of the season.

Patterned in spirit after the radio broadcast whose name it bears, "Manhattan Merry-Go-Round" presents a series of useful new songs, interpreted by such songbirds as Phil Regan and Tamara Geva, or by such orchestral wizards as Cab Calloway and Ted Lewis. Kay Thompson and her rhythm choir offer their share of syncopation, and the net result is said to be worthy of the attention of the most pated musical comedy fan.

Postal Receipts Slightly Higher

McLEAN, Jan. 22.—Post office receipts, according to Postmaster Lee Wilson show a slight gain over last year.

The receipts for the year ending Dec. 31, 1937, were \$7,848.14 in comparison with \$7,800.32 for 1936.

For the last quarter of 1937 business done amounted to \$2,238.06. In 1936 the amount was \$2,121.94.

For the first 15 days of the new year, \$564.21 have passed through the post office, a slight increase over \$563.64 for the same period in 1937.

PAMPAN HONORED FOR VOLUME OF INSURANCE

Earl C. Keefe, representative of the Southwestern Life Insurance Company in Pampa for the past 11 years, has just received the annual financial statement of his company which reflects another year of progress for this Texas institution founded in 1903. Mr. O'Keefe has also been advised that he has qualified for membership in the Southwestern Life Club by volume of insurance written during 1937, and that he and his wife will be guests at the annual convention of the company in San Antonio, April 7, 8, and 9.

Insurance rates made by Southwestern Life during its 35 years' history has been downward," Mr. O'Keefe said. "Safety, of course, is of absolute first importance in the buying of life insurance, but the careful buyer today can save money without sacrificing anything in the way of security."

Mr. O'Keefe reported that due to continued satisfactory earnings on Southwestern Life's investments, the rate of excess interest allowed on proceeds of maturing policies left with the company will be one-half of one per cent during 1938, making a total of four per cent paid, three and one-half per cent being guaranteed.

SYPHILIS RUNS 2ND AS KILLER IN THIS STATE

"Among the communicable diseases, syphilis ranks second as a killer, being exceeded only by tuberculosis," declared Dr. Geo. W. Cox, state health officer. If deaths which are complicated by syphilis were reported as syphilis, then those deaths would outnumber tuberculosis. The number of syphilis deaths reported in Texas outnumber those of malaria, dysentery, typhoid fever, diphtheria or meningitis. More than 20 per cent of these deaths were among infants less than one year old.

Over \$14,000,000 has been appropriated for the next biennium for eleemosynary institutions. Of this amount \$2,581,000 has been appropriated for new buildings. This amount represents 18 2/10 per cent of the entire appropriation. In addition to this appropriation \$817,000 for an entirely new institution to be located in West Texas, making a total of \$3,398,000 for expansion. Also \$3,773,760 for the state prisons. A large amount of this could be saved in years to come if proper syphilis control measure were carried on throughout the state. During the regular session of the legislature, \$50,000 was proposed for this work but that amount was entirely eliminated.

Contracted Innocently. According to Dr. Thomas Parran, surgeon general of the United States public health service, 50 per cent of all venereal disease cases are contracted innocently. First and foremost being hereditary syphilis. It is estimated that there are 46,200 cases of syphilis in Texas. The number of all new infections occurring each year in Texas is 72,000 cases. The highest rate of syphilis appears during the ages of 16 to 30 years, with 20 per cent occurring before 20 years of age.

If every case of syphilis was cared for at a clinic, the annual cost would be approximately \$1,800,000 and by a family physician it would be twice this amount. It is estimated that seven out of each 100 individuals 40 years of age or over remain a potential syphilis treatment problem. In Texas this means 420,000 individuals untreated or inadequately treated over a period of years or an annual medical bill, if all were treated, of \$42,000,000. About one-half of this group belongs in the indigent or very low salary group. If this treatment could not be paid for, these people, going untreated and causing a public health menace, will fill our various public health institutions beyond capacity.

Negroes Afflicted. Dr. Cox states that 20 per cent of the negroes have syphilis and as they are hired as servants and care for children, cook meals, etc., he strongly urges that everyone have their servants examined to prove their freedom from syphilis. Thirty-two per cent of the crim-

inals of the Texas penitentiary system have syphilis. There being over 1,000 cases in that institution alone, and the prison authorities have asked the state department of health for aid in coping with such a situation. From 14 to 24 per cent of all the inmates in Texas hospitals for the mentally ill, owe their presence in those institutions to syphilis. If these persons had received adequate and proper treatment early in the disease, no funds need to have been provided for this number.

Prevention Best. If syphilis is allowed to go untreated, the population of the state hospitals for the mentally ill will increase and more money will be necessary to provide adequate care for them. It would be much better to prevent syphilis and in so doing prevent 14 to 24 per cent of the insanity than it would be to treat them in state institutions. The federal government will assist in providing the money for the control of syphilis when the State of Texas manifests its interest in the problem to such an extent that they will provide money for a campaign against venereal diseases. By spending a little money now for the control of venereal diseases, millions can be saved in years to come by decreasing the number of inmates in our state institutions and at the same time safeguarding the homes of every Texan.

HUTCHINSON DISTRICT SCOUT LEADERS NAMED

The Hutchinson county Boy Scout area organization was set up Friday night with Art Nelson being named district chairman and Ray Armstrong district vice-chairman.

A large group of scouts attended the meeting and voted unanimously to put scouting over in the Panhandle. C. R. Stahl, chairman of the Adobe Walls council, presided. Other officers named were: District commissioner, Howard Beavers; organization and extension, Cliff Herpin; training, A. M. Smith; advancement, W. A. McIntosh; camping and activities, Wayne O'Keefe; health and safety, W. G. Stephens; finance, Ben Benjamin, Cliff Haggard.

PATRONS CHECK OUT 2,626 LIBRARY BOOKS

Patrons of the Pampa library checked out 2,626 books during the month of December, according to Mrs. James Todd Jr., librarian. That made a daily average of 104 books.

Twenty-three books were cataloged and 73 were mended during the month. Forty-six were late returning books. Fines collected totaled \$8.95 and five books were given in lieu of fines. Six books were lost and two replaced. Reading room patrons contributed \$1 to make the income of the month \$10.05. Disbursements were \$6.95, including \$5 for membership in the American Library association, giving a balance of \$3.10.

KIWANIS CLUB PRAISED FOR AID TO GIRLS

Objectives of Kiwanis in training for better citizenship by providing business men with a chance to know one another and to learn the operation of varied vocations, was the theme of an address by Rev. Robert Boshen, minister of the Presbyterian church of Pampa, at the Kiwanis International banquet of the Pampa Kiwanis club, held Friday night at the Schneider hotel.

Rev. Robert Boshen mentioned the work of the local club in sponsoring of the Girl Scout movement here, explained how there was no place for the "idle rich" classification in civic clubs. Kiwanis seeks to exalt the workers, he said.

Officials Present. W. A. Williams of Vega, lieutenant-governor of Kiwanis division 5, Mrs. Williams and member of the Kiwanis club of Amarillo and San Jacinto, met with the Pampa club last night.

Special guests were Mayor and Mrs. W. A. Bratton, Supt. and Mrs. R. B. Fisher, Mr. and Mrs. Claude Motley, Mr. and Mrs. R. G. Hughes, Dr. and Mrs. C. H. Schulkey, Mr. and Mrs. Reno Stinson, Miss Mildred Overall, and Mrs. Christine Cecil.

Present from Amarillo were Mr. and Mrs. F. W. Ansley, Mr. and Mrs. Kenneth G. Kohler, Mr. and Mrs. C. B. Copeland, W. T. Butler, George W. Kercher, H. I. Stephenson, and Guilford T. Bronson, vice president of the San Jacinto club, and Mr. and Mrs. T. W. Gilstrap. Mr. Gilstrap is president of the Amarillo club.

Gifts were presented J. R. Roby, retiring secretary-treasurer; Tom Aldridge, retiring president, and to Mrs. Inez McCarley, club sweetheart.

Paperweights bearing the club emblem were presented as 100 per cent attendance awards to E. W. Voss, W. V. Jarratt, Edwin S. Vicars, J. H. Buckingham, James B. Massa, Raeburn Thompson.

Duffy Presents Girls. Kathryn Duffy's presentation of a revue, "Hot and Happy," featuring the glamour girls, Kathryn Duffy's "Sophisticated Ladies" in "Magical Moments," and a beauty parade of the glamour girls, were features of the entertainment on the program. The program opened with the singing of "America" led by Dr. Calvin Jones, invocation by Rev. Robert Boshen, welcome of guests by James B. Massa, 1938 president of the Pampa Kiwanis club, Guy E. McTaggart was toastmaster, and introduced the guests.

Savage Directs Orchestra. Retiring President Tom Aldridge presented the awards. Dinner music was furnished by Winston Savage and his Teachers orchestra. New officers of the Pampa Ki-

wanis club are James B. Massa, president; W. B. Weathered, first vice president; R. A. Selby, second vice president, and Fred Thompson, secretary-treasurer. Directors are B. H. Behrman, R. W. Lane, Alex Schneider, W. Calvin Jones, W. P. Dean, Shelby Gantz, C. E. McGrew.

Outgoing officers are Tom Aldridge, president; E. W. Voss, first vice president, and J. R. Roby, secretary-treasurer; outgoing directors are Lee Waggoner, R. A. Selby, Jas. B. Massa, and W. B. Weathered.

ALLRED DECLARES HE WILL STAY IN TEXAS

AUSTIN, Jan. 22 (AP)—Governor James V. Allred opined today the speculation over whether he would run for a third term, be appointed to a federal government job or retire to private life fast originating with candidates for governor who

wanted to find out what he would do. He said there was "nothing to" a report he might be appointed assistant United States attorney general and placed in charge of anti-trust law enforcement, and that even if he was offered the position he wouldn't accept it. "I appreciate the compliment of all this talk about federal appointments but I love Texas and am happy in it," he said. The governor also observed that in his opinion the people were more

HARD WORK COMFORT

Continuous strain from daytime use of eyes is doubled when this man tries to read his evening newspaper in light that is inadequate for easy seeing.

This new light meter measures light as accurately as a thermometer measures temperature. Let it guard your family against eyestrain.

It might be the same man reading the same paper in the same chair...yet he reads comfortably because adequate light protects his eyes against eyestrain.

The only difference is the LIGHTING

Why is one of these men squinting over his paper, while the other man is reading in perfect comfort? Both probably have normal eyesight... The seeing task is the same in each case. The difference is in the amount of light falling on the paper! The man on the left is straining his eyes under less than five footcandles of light... while the man at the right enjoys comfortable reading with better than 30 footcandles.

Now, thanks to the world's largest research laboratories, the lighting in your home can be measured just as accurately as a thermometer measures temperature! Held under your reading lamp, the scientific new Light Meter tells instantly how much light you are getting, how much your eyes need for easy seeing without eyestrain. Just phone, and we will make this free Light Meter check-up in your home. This Measured Lighting service is free to all our customers.

Richest Girl in the World

BY ADELAIDE HUMPHRIES Copyright, 1938, NEA Service, Inc.

Yesterday, having broken with Bret, Connie is about to board a train to leave the hills when suddenly her arms were pinned behind her, she is spun around.

"I TOLD you I'd never let you run away from me!" Bret said, for it was Bret, holding her fast, looking down into her eyes. "You may have come to some other fellow—remember I told you I thought you had run away from someone?—you are not going to run away from me!"

Apparently she was not, as she could hear the rumble of the midnight train, shaking the little platform as it went by. "How did you know I was running away?" Connie asked.

"Instinct, perhaps," Bret laughed. "I've been plenty miserable these last few days, honey. So miserable I couldn't stand it any longer. I felt I had to see you tonight. I really got Eloise to come to the door—and made her tell me where you had gone. She gave me your message, sweetheart."

"And you came after me!" That meant that he was not afraid, that her money did not matter, that he loved her, regardless. "I've followed you to the end of the earth," he said. "I've been pig-headed, stubborn—and yes, I reckon I did forget that love is the biggest thing in the world, more important than all the gold in it. But you must admit, dear, it gave me quite a jolt to learn who you really are."

AS he talked he had led her back to his car, now he tossed her bag into the back, held open the door for her with a flourish and a bow.

"Where are we going?" Connie asked. Not that she cared. She was so deliciously happy that she did not care about anything. Bret had forgiven her her reception; he understood why she had acted as she had—she was here at her side now, which was the most important thing of all.

"Where?" He turned to look down at her, so little and lovely, as he had said, at his side—the sweet curve of her cheek—the bright intensity of her eyes. "We're going to find the first justice of the peace that we can locate in this rather outlandish hour. We're going to rout him out of his nice warm bed, too, and tell him to get busy and change your name once more. For the last time, this—"

"Oh, Bret!" It was all that she could say, but it was enough.

He had not even waited for that much; he had switched on the ignition, thrown the little car into gear, they were speeding back, almost as fast as he must have come.

"Darling," Connie put a hand on the rough tweed of his coat. "You're not afraid, then—just because I happen to have so much money? You know that it isn't my fault, really, that I was born to inherit so much! We'll work it out together."

"I've never been afraid of anything in my life," Bret said. "I'm not going to start now. I'd rather you didn't have the money, especially so much. I'd rather you were just plain Katie Blyn. But you are you, my sweet—as I've told you, the one and only girl in all the world for me. And so that's all that counts."

She gave a little sigh, nestled closer to him. Yes, that was all that counted. He loved her, because she was herself, just as she loved him because he was Bret Hardesty, no other. There was no rhyme nor reason in love; perhaps no logic. Yet she had been right when she had told Eloise it could surmount any obstacle, that it was greater than life itself.

you ever try to change it, or forget it for one minute!"

"Mrs. Breton Hardesty," Connie said, lingering over the name. It sounded almost frightening, yet it was a beautiful name. One to be proud of, to live up to and treasure and respect. It was Bret's gift to her; a beautiful gift.

She looked at the plain gold band that Bret said had been his mother's and with which he had made Connie his wife. He had said he would get her a much finer one, but this she would keep always, nevertheless.

Tomorrow the headlines would blaze with the news that Constance Corby, the richest girl in the world, was married to an unknown and poor young engineer. Tomorrow she would become that rich girl again. She would send Uncle Topsy a wire; she would instruct him to see that the real Katie Blyn was well repaid and to allow her to return to her own world. Would she be glad, or sorry? Connie wondered—hoping that it would be the first of these. Tomorrow Rodney would know that Connie had run away from him forever; that he had indeed lost her now.

But this was tonight. Her wedding night. Tomorrow did not exist. This was the beginning of a girl, who was not the old Constance Corby, nor Katie Blyn, but still another girl who had given her heart and her life into the keeping of this man at her side. "Forever and ever..." Together again, never just one person apart, again. Mrs. Breton Hardesty. For keeps.
