## Wants Draft-Dodging Son Back

"I have passed the three score and ten span of life and I know that it will not be long before I pass on. It is my one desire to see my boy and his three children... Mrs. Emma Bergdoll is shown at her Wynnefield, Pa., home as she wrote these words in a letter to the president, whose portrait is before her, requesting that on his birthday he pardon her son, Grover Cleveland Bergdoll, the draft dodger, so that he might return from Germany to "see me before I die."

## Story Of 'HE' To Be Enacted Here Tonight

Elaborate Costumes To Be Worn In Circus Tragedy; Fine Acting Told

MADRID, Feb. 1. (AP)—Ambassador Claude G. Bowers of the United States was informed today that the sixth section of the supreme court had approved a pardon for four Americans held in jail in Palma, Mallorca, for assaulting a civil guard. The Americans are Mr. and Mrs. Clinton B. Lockwood, of West Springfield, Mass.; Roger F. Mead, of New York; and Edmund A. Blodgett, of Stamford, Conn.

CHICAGO, Feb. 1. (AP)—After 24 hours of almost continuous grilling, Verne Sankey, 42, described as United States public enemy No. 1, clung persistently to his denial of any implication in the kidnaping of Charles Augustus Lindbergh, Jr., while demands for his custody came from several places.

WASHINGTON, Feb. 1. (AP)—The United States has ordered Samuel Insull's passport reinstated, presumably to aid in returning him to the United States from Greece to face charges growing out of the collapse of his huge business in the midwest.

WASHINGTON, Feb. 1. (AP)—The senate today adopted a resolution requesting President Roosevelt to present a "comprehensive plan" for the guidance of congress in enacting legislation for a nationwide system of flood control, navigation, irrigation and power.

WASHINGTON, Feb. 1. (AP)—Secretary Morgenthau today described the new United States monetary situation as a "1934 model of a gold bullion standard." Meantime, Professor Irving Fisher testified before a house banking sub-committee that the existing federal reserve system "will now be lucky if it escapes destruction altogether."

WASHINGTON, Feb. 1. (AP)—Committee approval for some form of compulsory cotton production control was indicated today by Chairman Smith (D., S. C.) who said the senate agricultural committee would meet tomorrow in an effort to decide whether to license gins or place a prohibitory tax on all cotton ginned above a fixed baleage.

ROY Marshall plainly worried and properly cynical. He is the athletic director of CWA school, and he could not decide upon a football coach. He had applications from Willford ("Shorty") Stickler, Dick Hughes, Gene Green, Walter Bieri, Jess Stalls, Harry Hoare, "Peewee" Bird, Charlie Duenkel, and other prominent Sunstone coaches. "I'd like to see you get a coach," Hol Wagner wants to be quarterback.

S. F. Thornton, a superstitious fisherman, standing in line at the tax collector's office, waiting until the "right" number was drawn. It was 411-411. "With that number," he commented, "I ought to have a big year."

## WOULD DELAY ESTATE SALES FOR 30 DAYS

### SENATE ADOPTS PLAN TO ADJOURN TERM FEBRUARY 10

AUSTIN, Feb. 1. (AP)—The senate today passed a house bill to suspend sales of real property foreclosed to satisfy debts for a period of 30 days.

A minor amendment, requiring house concurrence before the bill can go to the governor, was adopted. The bill received enough votes in each house to become effective immediately on signatures of Governor Miriam A. Ferguson.

Suspension of foreclosing sales was requested by the governor in her message to the legislature. She stated hundreds of homes were in danger of being sold under the hammer at great financial sacrifice to the owners.

Several bills to grant more permanent relief to owners of mortgaged real estate are pending in house and senate committees.

The Texas senate today adopted a concurrent resolution proposing adjournment of this special session of the legislature for February 10.

The session, called by Governor Miriam A. Ferguson to authorize the issuance of additional relief bonds and to enact other legislation to aid the financially depressed, would expire by constitutional limitation on February 27.

The house, on the initial day of the session last Monday, defeated a resolution proposing sine die adjournment for February 7.

The senate yesterday voted down a relief bill, a proposal to extend the time of paying motor vehicle registration fees from February 1 until March 31. The house had passed the bill with 13 more votes than would be necessary to put it into immediate effect had the senate given it a two-thirds majority affirmative vote and the governor signed it.

## A Kiss For Mr. Britten? A Sock For Mr. Blanton?

WASHINGTON, Feb. 1. (AP)—A verbal joust with plimble-tongued "Jack" Britten of Illinois is not particularly relished by Representative Blanton of Texas, who is well aware of the "heavy wallop" carried by the gentleman from Illinois. The Texan took the house floor to say:

"When he comes in here some mornings in proper array, with his bright necktie and spats and his hair properly curled, rouge on his face, well perfumed and smiling sweetly, you do not know whether to kiss him or sock him."

"I shall refuse the kiss," Britten hastily interrupted. "I am not a Frenchman."

"But don't try to sock him," admonished Blanton.

## TAX PAYMENTS RUN FAR AHEAD OF LAST YEAR

### Most Cities In Texas Report Increased Voting Strength

By The Associated Press.

AN increased interest in affairs of city and state manifested itself among Texas voters today as poll tax payments ran ahead of totals for other recent years.

Tabulations were not complete because each morning mail brought late contributions but, excepting several of the large cities, the totals stood up well by comparison.

Counters at Dallas had handled 42,212 payments, 2,000 more were estimated as being in untouched mail and a normal year's exemptions are 12,000, making a prospective total of 62,000, considerably larger than last year.

Houston's estimate was 67,200, with possibly 15,000; exemptions, about the same as two years ago. An estimated total of 41,000 at Fort Worth compared with 47,874 previously. San Antonio had a total of 55,000 with about 12,000 exemptions. Austin where 24,492 persons paid—5,000 more than two years ago. Another high mark was established in Nacogdoches with a total of about 5,000 and many not yet counted. Although definite figures were not available, Galveston county officers estimated the voting strength there about 1,500 below last year's record of 20,501.

Corsicana's prospective total of 9,300 would run considerably more than two years ago and San Angelo's 7,108 payments and 900 exemptions also were slightly higher.

Plainview counted 3,200 with 300 exemptions. Temple 10,500 with 2,000 exemptions—5,000 above last year.

The largest total in seven years was indicated at Wichita Falls where 15,000 at least had paid and there were about 2,500 exemptions. Amarillo's estimate was 6,300.

## EXTEND TIME FOR REMITTING SCHOOL TAXES

### OFFICERS MAY BEGIN 'PICKING UP' CARS TOMORROW

ABOUT 4,500 Gray county residents will have the right to vote this year, including those having poll tax exemptions.

Although the tax collector's office had not written all the receipts for which application was made before closing last night, the number of taxpayers who called during the day was even larger than anticipated. The office closed after 11 o'clock last night.

Payments of state and county taxes have been good, probably a bit better than last year. The time limit of the second half-payments is June 1.

Announcement of extension of the time limit for school taxes to March 31 without addition of penalty or interest was made today by Joe Smith, business manager of the Pampa Independent district. Payments have been good to date, approximating 80 per cent.

Under a legislative act, other delinquent school taxes will carry a flat 4 per cent additional charge to March 31 and 6 per cent additional after that date. The office was still writing up taxes received by mail today.

Today is the last day to pay the automobile and truck licenses. Highway patrolmen will likely begin "picking up" cars tomorrow driven without 1934 licenses. The senate failed to pass the house bill which would have extended the time limit to March 31.

## Firemen Make 5 Runs in January

The Pampa fire department made five runs during January. The total fire loss was only \$300, all at one fire. Two of the calls were to trash fires, one on a burning automobile, one on an outside water tank, and the other a garage and residence.

The fire loss was largely due to a late call. The blaze had gained considerable headway before the truck arrived. It took three minutes to make the run.

Chief Clyde Gold does not allow the trucks to be driven more than 35 miles an hour. A call can be made to any section of the city in three minutes at the rate of 35 miles, and the driver can always be in control of the vehicle. It is dangerous to life and property to haul a huge truck through the streets at 60 miles an hour, the chief believes, and the time gained is not great in a city of this size.

## THE TALE: HUNGER WAS A CRIME AND THE NAZARENE WAS SLAPPED

NEW YORK, Feb. 1. (AP)—In the restaurant window a chef neatly topped griddle cakes, chestnut brown and deeply dimpled, and cast an expert eye on three strips of sizzling bacon.

The chef was fat and well fed. On the other side of the window the cold side, was Edward Weber, 52. He gazed at the griddle cakes.

A man approached and Weber lugged at his sleeve.

"I'm hungry—starving," said Edward Weber. "Please buy me food. Take me in and buy me food. In God's name do this for me."

"Sure, I'll take you," said the man. How was Weber to know the man was Plainclothesman E. E. Feeley from police headquarters? If he had known he probably wouldn't have cared, he was that hungry.

"Call the next case," said Magistrate Ford in court last night.

"Edward Weber, begging on the streets," said the clerk.

Edward Weber attempted to stand, and pitched to the floor, unconscious.

They carried him into the judge's chambers. He regained consciousness.

"I am sorry," he said. "It is only that I am—starving."

"The charge is dismissed," the magistrate said. "Get a doctor and an ambulance for this man."

An ambulance raced through the streets toward Flower hospital. Inside was Edward Weber. Over him worked a doctor.

Suddenly the doctor turned from the sick man and shouted to the driver:

"We can't make Flower. Drive to Pelicnic—fast."

But death is swifter than a machine.

The chef in the restaurant window is most clever. He can flip three griddle cakes at a time. He is a hearty fellow, fat and well fed. The cakes are chestnut brown and deeply dimpled.

## Prominent Austin Pair In 'Double Suicide'

### PROFESSOR'S WIFE, DOCTOR DIE IN HOTEL

#### NARCOTIC CONTAINERS AND TUBES FOUND IN ROOM

AUSTIN, Feb. 1. (AP)—Dr. Claude Mattingly, 39, prominent Austin specialist in children's diseases, and Mrs. Rheta B. Perrin, about 35, wife of Dr. F. A. C. Perrin, a professor of psychology of the University of Texas faculty, were found dead in the Texas hotel here today.

Justice of the Peace Sam Johnson and Drs. Will Watt and Terrence Watt, who viewed the bodies, gave it as their opinion Dr. Mattingly and Mrs. Perrin had been dead about 12 hours.

Johnson had not rendered an official verdict, but he "guessed it would be a double suicide."

Containers that once held 45 grains of a narcotic and tubes used to inject it were in the room. The doctors and the coroner said they believed death had been caused by "excessive injection" of a narcotic.

Although investigators said it was apparent Dr. Mattingly and Mrs. Perrin had been dead at least 12 hours, Mrs. Perrin's absence from home had not been reported, police said. Dr. Mattingly had been living at the hotel about one month.

Dr. Perrin was visibly shocked and affected by the tragedy. He refused to talk with any one and went into seclusion at his home on a fashionable residential street in the university neighborhood.

Mrs. Perrin was Rheta Burgess of Dallas before her marriage to the university professor on September 22, 1921. She had studied at the university. Dr. Perrin has been a member of the faculty at the university for ten years. They did not have any children.

Dr. Mattingly studied medicine at the University of California and the University of Texas and served his internship here. He came to Austin about six years ago and has had considerable recognition as a diagnostician of children's diseases. He was married and has two children. He was estranged from his wife.

The children are Claude Jr., five, and Patricia, seven.

The appearance of the bodies and the room where they were found indicated the couple had deliberately planned to die together. Doctors said the narcotic evidently had been injected in large doses into the arms. Dr. Mattingly had removed his coat and Mrs. Perrin had taken off a light jacket she had worn. Otherwise the bodies were fully clothed, side by side on a double bed, and the room was in order.

Police said they were notified by the hotel management that the bodies had been found. H. B. Starkey, manager of the hotel, refused to give any information as to how the double suicide was revealed.

Mrs. Perrin left a will or some kind of a written document in the room, but police said it had been taken from their possession. They said they did not know the nature of its contents.

Doctors said there still was enough of the narcotic in the room to kill two more persons. They said Dr. Mattingly had placed cotton in his nose, apparently after he had administered to himself a heavy dose of the narcotic. They said they believed Dr. Mattingly had injected the narcotic into Mrs. Perrin's arm.

WEST TEXAS: Fair, warmer in north portion tonight; Friday, partly cloudy.

## I HEARD—

A real argument on the subject of how long a state senator's term is in Texas. The answer is four years but it took two lawyers and a newspaper man to convince a couple of the "arguers." Mel Davis, J. M. McDonald, Gene Green, Dick Hughes, and Miss LaVerne Ballard were among the "gang."

A Californian talking long and loud about the price of a license for his car in Texas. A license for any car in California at \$3.50 but a driver's license is necessary. It would be a good thing if Texas made drivers licenses necessary.

Twinkles

Well, if you didn't pay your poll tax you can't vote. AND WE TOLD YOU SO!

This columnist just about has the Big Bad Cold whipped, but he can't talk much yet. Which doesn't stop this Underwood, however.

Fortunately—and unfortunately—we won't have much work in making out the rainfall chart for January.

The West Foster grouch says that a man with bitterness in his heart and a graving in his stomach isn't in a mood to vote intelligently. But Americans, even well fed ones, are accused of the same deficiency.

Mrs. Gushaway says its all right for Nazi women to have shiny noses if they wish, but the important thing is not to make the nose shiny by rubbing it against keyholes.

### Brevitorials

Musings of the moment: Two of the cheapest things in modern civilization are toothpicks and matches. That the picks remain cheap must mean that they are still in strong demand in impolite society. Come to think of it, we've unconsciously abandoned our habit of half chewing a toothpick after each meal. So if we are murdered after dinner some day, the detectives will have no way of knowing how long it was after the meal. . . . Many persons grow old in the firm belief

WE suppose few of our readers will be troubled by the necessity of filing an income tax. But Uncle Sam has requested that we remind you of it, so here are some preliminary facts "in a nutshell": WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples, who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period begins January 1 and ends March 15, 1934.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? See instructions on forms 1040A and 1040.

WHAT? Four percent normal tax on the first \$4,000 in excess of the personal exemption and credits. Eight percent normal tax on the balance of net income. Surtax on net income in excess of \$6,000.

KNOWLEDGE IS RELATIVE THING

Many familiar objects about us are not understood. Pampans coming to town from the east have seen for months a bright star hanging over Cuyler street. What star is it? Few persons know.

A gentleman once tried to teach his daughter something about the Big Dipper. To his amazement she did not know what a household dipper was. She had used cups and glasses all her life.

To a member of the older generation, this looks like a very odd lack of knowledge. The old familiar dipper, that always hung in the kitchen where you could dip it in the water bucket for a drink, or in the stove's hot-water reservoir for dish water, was as familiar a part of household equipment as the living room lamp or the bedroom washstand.

A child of our generation could as easily have been ignorant of the appearance of a knife and fork as of a dipper.

But things are different now, and the gentleman who made this little discovery felt that the change was somewhat symbolic.

In the old day the citizen got his water supply by the simple process of digging a well—or, possibly, going to the town pump—hauling up a bucket and putting it on the kitchen table.

A well, a bucket, a piece of rope, and a dipper—that was all there was to it.

Nowadays the process is both simpler and more complex.

It's simpler, in that all he does is turn on a faucet and let the water run out of its own accord. It's more complex in that the faucet won't work unless behind it there is an intricate framework of reservoirs, pumping stations, aqueducts, filtering plants, bond issues, tax bills and the like.

The citizen, in other words, has gained simplicity at the cost of great complexity. He needs to expend only an infinitesimal amount of energy to get what he needs; but he needs at the same time, to be a member of a society which is very closely integrated, a society disciplined and cohesive, in which co-operative effort for the common good is a necessity which never is forgotten.

By becoming a member of such society, he forfeits a measure of his individual freedom. Yet it is futile for him to want to go back. The dipper-and-cisten days are as irretrievable as the stagecoach era.

And even if the citizen could exchange what he now has for those old days of "freedom," it would be a bad bargain.

We have to find our freedom today through co-operation and not through individual achievement. It is there, all right, if we go after it right; and it eventually will prove more solid and lasting than the freedom of the old era of simplicity.

# GIRLS' GAME TONIGHT TO DETERMINE BASKETBALL CHAMPIONS OF COUNTY

## PIRATES WILL PLAY PAMPANS IN LAST GAME

### HARVESTERS TO MEET ARMSTRONG TEAM IN PLAY-OFF

A battle of girls' teams will be outstanding at the high school gymnasium tonight when the Harvesters meet the LeFors Pirates in the final conference game of the season. The Harvesters need the game to win the county championship. A win for LeFors would throw the title to McLean.

The Harvesters will meet the fast-stepping LeFors Pirates in the second game. The local boys already have the county championship won and will meet the winner of the Armstrong county league in a three-game play-off series soon. The game tonight should be fast and furious. The Pirates of Coach J. H. Duncan play good basketball and have improved wonderfully in the last few weeks.

The Mitchellmen defeated the Pirates only 29 to 21 in LeFors last week and LeFors was minus a star player. Coach Duncan has a number of dangerous scorers on his team. Brown and Flynn, forwards, scored seven points each against the Harvesters. The guards change places with the forwards on some combinations and their shooting is accurate.

The girls' game will start promptly at 7:30 o'clock. Admission will be 25 cents for adults and 15 cents for students. Coach T. H. McDonald gave the Harvesters a long workout behind closed doors yesterday afternoon. Their loss to McLean Tuesday night was costly and was mostly the fault of the Pampa players, who made several bad errors.

LeFors played a tie game with the McLean lasses but lost the other game in McLean. The Harvesters won a close game from the Pirate girls in LeFors.

Date of the play-off games between Armstrong and Gray county winners will be arranged early next week. Goodnight and Claude are scheduled to play the deciding game Saturday night to see which team will meet the Harvesters.

## Minor Leagues Likely To Use Standard Ball

NEW YORK, Feb. 1. (AP)—Equally as important to the major leagues as the adoption of a standard ball for their own competition is the prospect that most, if not all, of the principal minor leagues will use a similarly constructed article for 1934.

The International league ball will come from the same Philadelphia factory that is now turning-out the new standard sphere for the majors. The American Association and the Pacific Coast league, the other two Double-A circuits and chief sources of major league playing material, also are expected to fall into line.

There are some patented features of the ball standardized for the major leagues, including a "cushion-cork" center, but other manufacturers have the specifications and equipment required to turn out a ball that will behave similarly, thus achieving the object of putting performances throughout the ranks of organized baseball on an approximate parity.

The minor leagues, in co-operation with the majors along this line, can do a great deal for the advancement of baseball," said John A. Heydler, president of the National league, today. "Distorted averages and performances, due to the previous radical differences in the liveliness and makeup of the ball used, will largely be eliminated. A better estimate on player values will be gained."

## Youth Stealing Show in Tourney

ST. AUGUSTINE, Fla., Feb. 1. (AP)—A shy young golfer who until this week was hardly known outside of his immediate neighborhood in Norfolk, Va., has all but stolen the show at the Golf Club Championships annual tournament.

This 18-year-old youngster is Morton McCarthy, and previously has been known principally for his prowess as a high school football player.

But he has been going like a golf champion here. In his very first match of the tournament he eliminated Carl Dann, Jr., of Orlando, defending champion, and in his second round match he knocked off Tommy Aycock of Jacksonville, former National Intercollegiate champion.

Today he meets Tommy Goodwin, one of the best amateurs in the business. It will be a battle of youthful giants. Both weigh around 200 pounds and Goodwin stands about six feet three inches.

G. E. Cross of Whittenberg spent yesterday transacting business here.

Claude Williams, McLean attorney, attended court here Monday.

## 'DUCKY' POND TO BE YALE'S HEAD MENTOR

NEW HAVEN, Conn., Feb. 1. (AP)—The appointment of Raymond "Ducky" Pond as head coach of Yale football with a staff of "outside assistants" was commended today by the Yale News, undergraduate daily, as providing "the best coaching consistent with the preservation of Yale sportsmanship."

"Equally important," said the News, "is the fact that the leadership of Yale coaching is still in Yale hands. The introduction of an outside coach would inevitably tend toward proselyting, a fact that undergraduates and alumni alike consistently ignore."

Named as chief aides to Pond were Earle "Greasy" Neale of West Virginia, backfield coach; Danny E. Myers of West Virginia, line coach; Ivan B. Williamson of Michigan, end coach.

A clean sweep of the old staff was effected, with every man dropped by the board of athletic control last night on the recommendation of Malcolm Farmer, chairman of athletics.

Reggie Root, head coach for a single season, Charlie Comerford, Yale man and end coach for 15 years; Adam Walsh, Notre Dame man and line coach for 5 years; Buck O'Connor, Notre Dame man and backfield coach for one year—all were denied reappointment.

Root was expected to go back to the position he held season before last as coach of the freshman team.

Pond who made Yale football history in the mud battles of 1923 and 1924 against Harvard, has been chief scout and coach of the grey-jerseyed scrubs for five years.

## Deal Shoots Four Under Par at Agua Caliente Tourney

AGUA CALIENTE, Mex., Feb. 1. Craig Wood, Deal, N. J., pro who hit a detour on the golfing trail of the Californias after gleaming most of the cash last season, was back on the road today.

A year ago Wood wound up with \$3,982.39 and three titles. This season he has collected no laurels and only \$320.75.

One stride behind him trailed Bobby Cruickshank, Richmond, Va., who pushed in a 55-foot putt on the 18th for 68.

Wiffy Cox, Brooklyn, and Paul Runyan, White Plains, N. Y., the defending champion, were in a strategic position as play started on the second round, with 69's.

## Candidates Will Attend Sessions Of Young Demos

LUBBOCK, Feb. 1.—At least three candidates for governor, one candidate for attorney general, and a number of other candidates for public office in Texas will be in Lubbock Saturday, February 3, for the organization meeting of the Young Democratic club of West Texas. J. Doyle Settle, president of the Lubbock club, has announced.

Already five dozen county clubs or more have been formed in West Texas and efforts will be made at the convention here to perfect the organization of a county club in each of the 131 counties of West Texas. Each and every county should be represented by three or more delegates at the convention, Settle said.

Maury Hughes, Dallas, chairman of the Texas State Democratic Committee, will be principal speaker at the convention. Walter Nelson, Jr., Wichita Falls, Texas, youngest mayor, will be the keynote speaker.

Dances, luncheons, banquets and other entertainment will be mixed in with business sessions at the convention.

## WH Investigate CWA Payrol, DALLAS, Feb. 1 (AP)

Clyde Eastus, United States district attorney, said today that a federal grand jury to be convened in Fort Worth Feb. 19 would be asked to investigate complaints of irregularities in CWA payrolls throughout northern Texas.

The jury will be asked to look into all alleged violations in Wichita Falls, Amarillo, Lubbock, and San Angelo divisions of the northern district.

# Jack Baker Says:

If you want your money to go 30 pct. farther here's my advice.

"Break in new tires at this time because cool roads toughen rubber — cold-cure it. Thus tires put on now will run about 30% farther than the same tires started off new on hot summer roads. That means you get 30% more mileage plus immediate non-skid safety. At today's low prices, isn't that worth thinking about?"

# TREBLE CLEF PROGRAM FEATURES McDOWELL COMPOSITIONS

## MEMBERS PLAN TO HOLD OPEN HOUSE FEB. 9

### JUNIOR HIGH CLUB IS ON THE PROGRAM YESTERDAY

GIRLS of the Junior High Glee club were program guests of the Treble Clef club yesterday afternoon, when the monthly social meeting was enjoyed and an interesting study made of the American composer, McDowell.

Mrs. C. C. Dodd and Mrs. E. C. Voss were hostesses at the city club room. Mrs. Clifford Jones directed the program after a brief business session, when Mrs. Philip Wolfe, president, announced the final rehearsal for a special program Feb. 9.

On that day the Treble Clef club will hold its annual open house for all members of federated women's clubs here. It will be at the club rooms at 8 o'clock, and a special program of music has been arranged. The regular meeting and rehearsal next week will be at Schneider hotel.

### Musical Numbers

Yesterday's program opened with a vocal solo, June Is in My Heart, by Vaughn, by Mrs. Harry Lyman with Mrs. Walter Stein as accompanist. Miss Madeline Tarpley played Sonata Tragic, Mozart, as a piano solo. Mrs. Earle Thomason sang The Sea, McDowell, accompanied by Mrs. Nina McKimming.

The glee club members, Misses Leona Hurst, Francis Coiffe, Ethel Wilder, Dorothy Lee Wood, Colleen McMahan, Mary Elizabeth Seeds, Martha Price, Edith Peacock, sang two numbers, Old-Fashioned Garden, Porter, and Sundown, Wilson. Miss Helen Martin accompanied.

Mrs. H. A. Mundy played a piano solo, Improvisation, McDowell, and Miss Dorothy Dodd sang the closing number, Ecstasy, Rummel.

The Valentine season was emphasized in the refreshment course of delicious angel food cake and hot tea.

Mrs. J. D. Bratton, mother of W. A. Bratton, was a guest from Fort Worth. Mrs. McKimming was also a guest. Members present, including 3 new members, were Mesdames L. O. Wirsching, Earle Thomason, Carl Sturgeon, Jack Homer, A. N. Dilley, Clifford Jones, W. A. Bratton, R. R. Jones, Philip Wolfe, Ralph Dunbar, H. A. Mundy, E. W. Voss, Sam Irwin, Walter Stein, Harry Lyman, Harry Hoare, Alex Schneider, H. A. Nelson, F. L. Stallings, C. C. Dodd.

Misses Dorothy Dodd, Frances Finley, Lorene McClintock, Helen Martin, Madeline Tarpley.

## BLOND GODDESS

A New Serial by HERBERT JENSEN

SYNOPSIS: Frank Grahame just has been saved from death at the hands of Don Raoul Ortega, in the wilds of Yucatan. Ortega is, Frank suspects, the same who tried to kidnap Janice Kent in Hollywood a short time before. Now Frank is searching for a clue to the disappearance of his aviator friend Bill Langston, and Janice, whom he loves but who has refused him, is on her way to Mexico to make a film. Juan, a Mexican boy, just has agreed to go with Frank, into the dangerous interior.

### Chapter 20 MEXICAN MOVIE

Horatio Greene was disconsolate. For the first time in his life he felt somewhat at a loss. Mexico was uninvited and not at all helpful. Everything had gone wrong that day and indications were that the balance of the afternoon would be equally baffling. Janice was fretful with him in the heat of the tropic afternoon. Horatio, the director, had damned him for an ass because his Spanish had not been adequate for the Progress customs officials who had panned over their cameras and equipment.

And this despite the official permissions he had secured in Mexico on his route to Yucatan. McGrath, the production manager, should have done that, McGrath should have been at the dock to meet them, McGrath, who had taken a previous boat, should have done a thousand and one things, he had not done, and now everything was balled up.

"I'll bet," he rapped at Hogarth, "that he never was here at all. I'll bet he's swilling beer in some joint back in Tia Juana, or some other place a couple of thousand miles away."

"Yeah?" said Hogarth wearily. "What's beer in Spanish?" "Cerveza," snapped Mr. Greene. "God knows what it is in this dialect." Hogarth strolled off. "Hey, where're you going?" called Mr. Greene. "We're not through with these boxes yet." Down the street a ramshackle sign hung out into the street. In crude but unmistakable letters it read "Cerveza." Hogarth was headed toward that sign. Evidently he had learned his first word in Spanish and was making use of the knowledge. Green turned wearily to his boxes. Later he visited Janice at the American Consulate where he had left her. She was sitting drearily on the veranda, in a broken-backed wicker chair. "Consul back yet?" "No, I don't think he's coming either. This place looks as if it had been closed for weeks. Did you find McGrath?" Mr. Greene exploded. "Please," asked Janice.

## PARTIES GIVEN IN VALENTINE SETTING HERE

### MERRY MIXERS HAVE GAMES BEFORE DANCE

MERRY Mixers club entertained husbands of members with a Valentine bridge party Tuesday evening, and afterward went to the president's birthday ball. Mrs. Earle Scheig and Mrs. John Weeks were hostesses at Mrs. Schleg's home.

A buffet supper was served before the bridge games. Tables were laid in Valentine colors, and plate favors were old-fashioned Valentine notices.

At bridge, Mrs. B. C. Fahy and Mr. Scheig scored high. Mrs. J. B. Vandever and Paul Huijebow, for club members, Mrs. Russell Ackland and Bill Scheig low for guests. Traveling prizes were held by Mrs. Fahy and Bill Scheig.

### Guest Players

Guest players were Mr. and Mrs. Ackland, Mrs. Ethel Powell, and Bill Scheig. Members were Messrs. and Meses. O. L. Bassham, Vandever, C. L. Greene, Earl Powell, J. A. Berry, Fahy, Otto Patton, J. T. Morrow, Hughey, Earle Scheig, and Weeks.

### Eastern Star Party

A Valentine party was given in the home of Mrs. B. W. Rose Monday evening, for Eastern Star members and their husbands. The holiday motif was used in decorations.

After enjoying various games, guests were served individual cakes and coffee.

Present were Messrs. and Meses. E. R. Gower, W. W. Hughes, W. W. Hartley, J. H. Lutz, M. P. Downs, C. L. Beatty, E. M. Donnell, L. C. Cunningham, L. C. Gonnillan, S. A. Burns, W. M. Murphy, L. C. Neely, F. H. Yealey, Roy Sewell, W. C. DeCordova, W. H. Palmer, W. A. Seydler, and Rose.

Mmes. Katie Vincent, Hattie Hoyle, E. J. McCoullrick, and Maude Ripley.

passengers were thrown forward. Their coach ground to a stop. A woman screamed, pleadingly, whereupon as by a signal other women took up her cry, and men shouted. Janice heard, above the noise within the coach, the crash of exploding firearms. Glass from the windows shattered about her, splinters flew from the woodwork.

"Then as suddenly as it had begun, the sustained rattle of firing stopped. There was an occasional shot, then a small volley or two, but the firing was not directed toward the coach.

Janice looked at the other passengers. The natives huddled together or crunched near the floor. Their first excitement had ceased and she heard them talking together in low murmurs—the word "revolutionistas" was repeated often.

Hogarth and the two camera-men were down behind their seats. A Mexican was standing in the aisle cutting at the sleeve of another, and a woman was sitting close by, tearing at a white garment. Janice's eyes were fixed on the man near her. Mr. Greene was sprawled on his face, his bare, slightly bald head within a yard of her foot.

"Hogarth!" she cried. "Greene is hurt!" Swiftly the girl knelt beside the lax body of Greene. With efficient strength she rolled him half upon his back. She cried sharply as she saw the mass of blood that stained his shirt front.

"Hogarth!" she exclaimed again. "Get some water from the cooler. A lot of it. I . . ." She sobbed a

## FIFTH AVENUE FASHIONS

### Patchwork Quilts in Modern Decoration

As any successful modern decorator can tell you, the first thing to learn is to bring your room together in a significant whole, making every piece of furniture, every bit of space contribute towards the desired effect. And nothing can help you more than your own nimble fingers.

If you have a bedroom that seems to need a splash of color, just get out your needle and scrap bag and make a patchwork quilt for pillow. The two designs shown here are very simple to work and their dainty motifs are inspired by lovely old Colonial quilts.

The designs are at their best in such simple fabrics as chambray, gingham, percale and printed calico or muslin. The conventionalized flower design, No. 282 (shown at bottom) is worked on a block measuring nine inches. The pomegranate design, No. 284 (shown at top) takes a twelve-inch block. Complete directions are given with each for making the quilts which are stuffed with cotton batting.

Each design is a separate perforated pattern.

## NEW CAMP FIRE CLUB ROOM IS OPEN FOR USE

### Special Meeting Is Conducted To Plan Sale

Their first meeting in a new club-room was devoted to preparation for a food sale by Camp Fire Girls yesterday. They are to meet this winter in a room given by the Culbertson-Smalling company for their use.

Honors in home, hand, and business crafts will be won by work on the sale. It is to be conducted Saturday at Standard food store. Girls yesterday worked on posters to herald it.

### McLEAN NEWS

McLEAN, Feb. 1.—At the meeting of the Ladies' Aid of the Presbyterian church Tuesday afternoon, Mrs. Bourland led the devotional on "Prayer." Mrs. Ed Dishman taught the Bible lesson. She was assisted by Mmes. T. A. Massey, W. E. Smith and Mrs. E. Gething. Mrs. Bourland sang a solo.

Others present were Meses. A. Erwin, L. Miller, Donald Beal, W. K. Wharton, J. E. Hembree, Red Heasley, S. D. Shelbourn, Chales Cooke.

Mr. and Mrs. P. T. Boston and Mrs. Tom Ashby and daughter, Miss Nora, and Miss Bonnie Bell of Canyon are guests in the Frank Bell home.

With excitement she pushed Greene's coat back from his shoulders. Her fingers fumbled at the buttons on the bloody shirt. "Oh, dear, a knife please, somebody give me a knife. Oh, poor Mr. Greene!"

Hogarth dashed a cupful of water upon Greene's face. One of the camera-men knelt opposite Janice and began to rip with a pocket knife at the underwear beneath the shirt.

The ban they were working on sighed deeply; his eyelids fluttered. "Ow," muttered Mr. Greene. Another cup of water was dashed upon him. This time against his chest. The liquid slushed away the blood and showed a ragged red welt across the white skin. Greene struggled to sit erect.

"Be still," commanded Janice softly. "You've been hurt." (Copyright, 1934, by Herbert Jensen)

## Recitals Heard By Crowds That Fill Auditorium

The Presbyterian church auditorium was filled Tuesday for two recitals by pupils of the Pampa conservatory, one in the afternoon and the other in the evening. Seats were all taken, and some listeners stood for the afternoon program.

Piano pupils of Mrs. Nina McKimming, Miss Madeline Tarpley, and Samuel Fendleton, violin pupils of Roy Tinsley, and voice pupils of Mrs. Philip Wolfe appeared on both programs. Teachers united in pronouncing it the best recital from the conservatory this year, and praised work of the pupils.

In addition to solos, the evening program included two piano duos, a quaint Dutch costume number by five girls of the voo singing class with Pauline Stewart as accompanist, and a violin ensemble number to close the recital.

## Insull Status Still Uncertain

ATHENS, Feb. 1 (AP)—The official status of Samuel Insull in Greece still was uncertain today as the cabinet adjourned without any announcement of the expected decision in his case.

The minister of the interior said that no decision had been reached, but added that the former Chicagoan might continue to reside momentarily in Athens.

The Greek law permits all aliens to remain a few days after the expiration of their visas, provided they intend to leave the country.

The permit granted Insull, wanted in the United States to face charges of embezzlement in connection with the failure of his utilities enterprises, expired last midnight.

With the adjournment of the cabinet session, Insull's return to America continued a matter of speculation as the whole affair involving his attempts to obtain a prolongation of his stay in Greece became a widely-tangled web of rumors.

From these rumors arose only one clear fact—the Greek government failed to keep its expulsion date with Insull last midnight.

## EXPERTS TELL WHAT DOLLAR WILL DO NOW

CREDIT EXPANSION TO BE BEST EFFECT OF ACTION

By CLAUDE A. JAGGER Associated Press Financial Editor (Copyright, 1934, by the Associated Press)

NEW YORK, Feb. 1. (AP)—President Roosevelt's proclamation devaluing the dollar approximately 33 per cent, as understood by Wall Street monetary authorities, has virtually restored the dollar to the international gold standard and opened the way to a huge potential credit expansion.

It is believed that stabilization of the dollar in terms of principal foreign currencies has probably been largely accomplished.

How rapidly credit expansion will work will depend upon the manner in which the treasury uses the increase in country's gold supply and upon the pace of improvement in business. Credit expansion, bankers say, requires confidence on the part of business men that they can use credit profitably, and this confidence should grow, as recovery progresses.

As bank credit expands, bank deposits grow, and as the turnover of bank deposits increases, that is, as check settlements accelerate, prices normally rise. The wartime expansion of credit brought sharp increases in commodity prices. The more recent boomtime credit growth of 1928-29 was reflected rather in a jump in real estate and security prices than in staple goods.

The move has been to create a \$2,000,000,000 stabilization fund, to stabilize the dollar in the foreign exchange market, and to stabilize the price of government securities. The potentialities of this big addition to the nation's monetary gold stock, it is pointed out, may be seen in the fact that an increase in the country's gold of nearly \$2,400,000,000 from 1914 to 1929 was accompanied by a jump in bank credit of more than \$35,000,000,000. Furthermore, banking authorities explain, such an increase in gold would support a theoretical maximum increase, according to the workings of our banking system, of several times that.

### WANTED MONEY'S WORTH

DETROIT (AP)—Fire broke out last night in a Detroit neighborhood theater projection room. The manager made a speech asking the 150 patrons to file out slowly. None budged. He pleaded with them and finally in desperation offered to readmit them after the fire was out.

The customers left reluctantly. The manager told police who were called later to prevent a riot that 600 "patrons" sought to enter the theater.

# RUSSIANS ACCLAIM STALIN'S 'KEEP-OF-THE-GRASS' POLICY

## FOUR-MINUTE OVATION GIVEN BY DELEGATES

### DICTATOR SAYS NAZIS WOULD ALSO LIKE TO WAGE WAR

BY STANLEY G. RICHARDSON, Associated Press Foreign Staff.

MOSCOW, Feb. 1 (AP)—The unqualified support of the all-union communist party is Joseph Stalin's today in his stand for a "keep-off-the-grass" foreign policy and preparedness for any emergency.

In a gesture the like of which never had been seen before, the 17th party congress roared approval of his spectacular report in full, gave him an unprecedented mandate of confidence. Cheering wildly, the delegates would not permit the party leader even to deliver the customary rejoinder to the representatives' speeches.

"We warn everybody," they heard Stalin sternly declare in his report last week, "not to poke their snouts into the Soviet potato patch."

"It is a mistake to think an ambition to wage war against the Soviet Union and share its territory is held only by Japanese military circles.

"We know very well that it is shared by some political circles in Europe," this last, it was believed, intended as a reference to Germany.

After three days of debate by the delegates on Stalin's report, in which he reviewed the Soviet Union's industrial program as well as foreign policy, Stalin arose for his rebuttal.

"The debate has shown such a complete unity of view in the party that it seems unnecessary for me to reply," he said finally. "What do you think?"

More cheers rolled forth in unqualified approval.

"The Soviet Union produced 'many more tanks, heavy artillery and machine guns in 1933 than in 1932,' Ordzhonikidze, president of the supreme economic council, said.

Then using the term applied by Stalin to those cherishing warlike aims against the Soviet Union, he said:

"If those swines noses compel our industry to mobilize in order to gain our Red troops, I think we will do it with more strength and more successfully than we have ever done anything before."

## Bell Official

J. B. PATTERSON

J. B. Patterson has been appointed division commercial superintendent of the Southwestern Bell Telephone company for West Texas effective March 1, according to word received here today by E. Hooks, district manager. Patterson will succeed M. P. Caldwell who retires after 41 years of service.

Patterson was born and educated at Sweetwater. A printer during vacations and after class hours while going to high school, he followed the printing trade for some months after graduation, and then leased the Roby Banner, which he published for about a year. In August, 1918, the telephone company needed a manager at Roby and Patterson left the newspaper business to join the ranks of those who have for a creed "The message must go through."

## Police Act Like Gangsters—Amy Mollison Flees

PALM BEACH, Fla., Feb. 1 (AP)—Because she thought the officers were gangsters, Mrs. Amy Johnson Mollison, British aviator, fled from police shortly to arrest her for recklessness driving at Fort Lauderdale Monday.

That's the version of the arrest given by Mrs. Mollison last night and she says such a thing could not happen in England.

"Police don't act like gangsters" in England, Mrs. Mollison added. Commenting on the incident, Mrs. Mollison said two men stopped her and because they were too "harsh and discourteous" to be police she drove away. She based her judgment on what she knew of police in England.

The men pursued and caught her. She hit one and tried to escape on foot, she said, but was taken to jail. In court, she said, she was not allowed to testify for herself.

Mrs. Mollison was fined \$50 and costs. She said she might have been driving too fast but that it was on an open road with no cars or buildings in sight and she was "certainly endangering no one."

Deputy Sheriff Robert Clark in preferring the charge against Mrs. Mollison said she tried to elude him several times after being arrested. He charged that she drove her car through the center of Fort Lauderdale at 70 miles an hour.

SHE'S NOT WORRIED DENVER (AP)—As long as his wife keeps him in jail Louis Nassau says he won't eat. And his wife says she will keep him there as long as possible—or until he starts supporting her. But Nassau claims he can't make any money at his tailoring trade in jail and therefore has no money for his wife. Jail officials are threatening forced feeding.

At our last regular meeting Friday night we had seventeen Scouts, one leader and one troop committee man present.

A short meeting was held due to the fact that a number of the boys were in a community school play.

The Scout pace was practiced by patrols. The Rattlesnake Patrol under leadership of Laverne Gourson, P. L. won first place. This patrol made the one mile in eleven minutes and forty-eight seconds.

This entitled them to an extra red section for their thermometer. This gives the Rattlesnakes and S. O. S.'s ten degrees of heat each for the year so far, with the Wolves trailing with only 2 degrees and the Bears leading with twelve degrees.

Star study was undertaken for a short time, first aid for second class Scouts, signalling by semaphore and signalling by Morse with electric flashlight.

The liquid test: This test has proved to many men and women that their trouble was not "weak bowels," but strong constipation.

First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

## Rites of Former County Sheriff Held at McLean

A resident of Gray county for 28 years, W. S. Copeland, 62, died at his home in LeFors Sunday and was buried in the McLean cemetery Tuesday afternoon following services in the First Methodist church.

The Rev. J. S. Huckabee, pastor of the Buchanan Methodist church of Amarillo and long time friend of Mr. Copeland, presided at the funeral service, assisted by the Rev. J. W. Story of McLean, retired minister and also long time friend of the deceased. Funeral arrangements were in charge of the Rice Funeral home of McLean.

Mr. Copeland was born in Blunt county, Alabama, but at the age of 15 moved to Texas with his parents, settling in Commerce where he later was married. He moved to Gray county in 1906 and went to work on the W. W. Mearns ranch east of LeFors. He was elected sheriff of Gray county in 1914 and served six years in that capacity.

Mr. Copeland moved to McLean to open a market in 1921 but moved back to LeFors in 1929.

Mr. Copeland is survived by his wife, who lives at LeFors, and six daughters: Mrs. J. W. Turner and Mrs. C. W. Turman of Borger, Mrs. K. M. Patterson of Pampa, Mrs. Jack Simms of Wichita Falls, Mrs. Joe Doby of LeFors, and Mrs. Pete Porter of Shamrock. Other survivors are a sister, Mrs. V. C. Wright, and a brother, J. M. Copeland.

Funeral services were held at the home of Mrs. E. Patterson of Amarillo, J. D. Shaw of McLean, Billie Hesse of LeFors, D. W. Turner of Albrecht, and Chas. Thut of Pampa.

## Oakley Given New Trial In 'Devil Slaying'

AUSTIN, Feb. 1 (AP)—Paul Oakley, convicted in Cass county and sentenced to 50 years imprisonment for the murder of Bernice Clayton, paralytic child who died during a religious ceremony of healing, won a new trial today when the court of criminal appeals reversed and remanded the verdict against him.

The court held that the prosecuting attorney had injected religious prejudice into his argument and also that certain testimony that was adduced should not have gone before the jury.

The indictment alleged that the child, 3½ years old, had been healed and choked to death.

The child died during a "ceremony of healing," in which prayer and "the laying on of hands" were resorted to. Oakley claimed he had a divine dispensation to heal. He had been assisted in the "ceremony" by his brother, Coy Oakley.

Paul Oakley was "obsessed with the idea he was a second Apostle Paul," the court said in its opinion.

## SCOUT NEWS

Troop 18, Hopkins Elzie Vanderberg, scribe Troop No. 18 held a troop leaders hike last Sunday afternoon with the following boy leaders present: Everett Vanderberg, S. P. L.; Elzie Vanderberg, Troop Scribe; Elza Huffaker, A. P. L.; Laverne Gourson, P. L.; Claude Johnson, P. L.; Billy Cotton, A. P. L. and Scoutmaster John E. Shannon.

Each boy built his own fire and cooked his own meal, which after walking about three miles really tasted good. The boys cooked an assortment of things including ham, eggs, spuds, corn, bacon, steak, etc.

The boys then, with the use of a compass, made a map of the vicinity, getting the proper distances on the map, which was scaled 400' to the 1", by the helpers stepping off to objects at certain degrees and then signalling the footage back to the map maker. The map included creeks, trees, grassland, fences and side canyons and cliffs.

The boys then joined in making a footbridge as required under the Pioneering merit badge, with the demonstration on uses of the axe in securing timbers for the bridge.

About forty minutes was spent in semaphore relay signalling. Boys were divided into groups of two, with the Scoutmaster starting the message. The message was received back at the starting point 77 per cent right, which was considered fairly good, due to the lack of experience on the part of one or two.

We started home at 4 p. m. with the boys estimating distances and practicing Scout Pace, watching for nature signs and lucky stones.

At our last regular meeting Friday night we had seventeen Scouts, one leader and one troop committee man present.

Worst Snow In 25 Years Grips Canadian Area

MONTREAL, Feb. 1 (AP)—Normal conditions gradually returned to the snowbound Matapedia valley today after the worst storm in eastern Canada in 25 years had blocked the main line of the Canadian National Railways between Riviere du Loup, Quebec, and Campbellton, N. S.

more than 24 hours and marooned 400 passengers. The first break in the traffic tie-up came last night when two east-bound trains nosed their way into Campbellton through deep snowdrifts. Both were hours late but passengers were overjoyed at their release from the hard-packed snow. Over the old transcontinental line through New Brunswick two other trains were being rerouted.

A hastily recruited army of rail workers was using every means at its command to clear the tracks that other traffic might push thru the storm area.

The Ocean Limited, westbound, train No. 1 and the Maritime Express, eastbound, train No. 4 were rerouted over the transcontinental line. At Riviere du Loup and Campbellton trains were awaiting the clearing of a snow blockade in the vicinity of Little Metis, Quebec.

The Little Metis section of bad track proved the main obstacle in the resumption of service. One snow plow was stalled while bucking the drifts. It was necessary to send a roary plow to its assistance.

## WAR MINISTER SAYS JAPANESE NOT WAR-BENT

Don't Want To Fight Either U. S. Or Russians

TOKYO, Feb. 1 (AP)—There will be no Russo-Japanese war "unless the war is carried to us by the other side," General Senjuro Hayashi told the Associated Press today in the first interview since his appointment as war minister succeeding General Sadao Araki.

At the same time, Hayashi said he was "incapable of conceiving any Japanese-American differences justifying a belief in a future Japanese-American war."

"We are making no preparations for a war with Russia," the general said flatly.

"Our dispositions in Manchuria are merely aimed at fulfilling our treaty obligations to defend Manchukuo.

"We are out for peace," Hayashi continued, declaring that charges made by Soviet leaders in speeches that the Japanese army is plotting the seizure of the Russian's maritime province of northern Saghalien is "absurd."

"No responsible officer in the Japanese army harbors any such designs or ambitions.

The war minister expressed the opinion that "the enthronement of Henry Pu-Yi and the inauguration of an empire in Manchuria will, I am confident, prove a stabilizing factor in the promotion of peace in the Orient."

Pu-Yi, present chief executive of the Japanese-assisted state of Manchukuo, is to be enthroned in ceremonies scheduled for March 1.

Hayashi said that "our protocol with Manchukuo obligates us to defend Manchukuo within its present boundaries."

## WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' To Go

If you feel sour and stuffy and the world looks pink, that's a swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweat and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a wiper movement doesn't get at the cause. It's the same as your down-and-out feeling in your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels, then dista up your stomach. You have a thick, bad taste, your breath is foul, skin often breaks out in blotches. Your head aches and you feel drowsy all day. Your whole system is poisoned.

It takes those gold old CARTER'S LITTLE LIVER PILLS. Get those two pounds of bile flowing freely and make you feel "up and out." They contain wonderful, harmless, gentle, easily extracted, amazing when it comes to making the bile flow freely.

But don't take for the pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. Size at drug stores. © 1931 C.M. Co.

VERNE SANKEY QUESTIONED IN LINDY CRIME

PUBLIC ENEMY NO. 1 IS CAPTURED IN CHICAGO

CHICAGO, Feb. 1. (AP)—A solution of the long standing mystery of the kidnaping and slaying of Charles Augustus Lindbergh, Jr., was sought today through questioning of Verne Sankey, 42, a time ranchman who allegedly turned to the "snatch" racket.

Sankey, described by authorities as "America's public enemy No. 1" was seized late yesterday by federal agents and city detectives in a barber shop, on information furnished by an anonymous source, and confessed, Melvin H. Purvis of the federal bureau of investigation said, that he had participated in two kidnapings—that of Haskell Behm, of St. Paul, and Charles Boettcher, II, the Denver capitalist.

The former Gann, S. D., ranchman and one time railroad engineer, denied he had any connection with the Lindbergh kidnaping, or the abduction of Edward G. Bremer of St. Paul, and William Hamm, Jr., also of St. Paul, but the authorities pushed their grilling of him in the hope of uncovering new light on these "snatches," particularly the Lindbergh case.

From St. Paul County Attorney M. F. Kinkead was en route to Chicago to aid in the investigation. It was Kinkead who announced early last month that he had found evidence which he said indicated that Sankey, long sought by the law, had had some connection with the Sourland Mountain Lindbergh abduction in New Jersey.

Handwriting experts, Kinkead said, had found a similarity in the writing of the Boettcher and Lindbergh ransom notes, and a telephone call from Minneapolis to an undisclosed town in New Jersey—scene of the Lindbergh kidnaping—had been uncovered. The call, he said, was made from a gasoline station by a man who answered Sankey's description, ten days after the Lindbergh baby was seized. The prosecutor also accused Sankey of a scheme to abduct the former heavyweight boxing champion, Jack Dempsey, and Babe Ruth, the home-run baseball star, adding that evidence to support his allegation had been found at the Sankey ranch.

With Magnolia

W. W. Rew

Appointment of W. W. Rew as general district manager of the Magnolia Petroleum Company marketing department with headquarters in the general offices in Dallas, will become effective February 1, Mr. Rew, who has been Dallas district manager since June 1, 1932, has been in the oil business for the past fifty years. Beginning in St. Louis, Mo., in 1883, he was transferred to San Antonio in 1898 and in 1903 to Houston. He entered the Magnolia ranks in 1911 as assistant manager of the Southern Texas division, which embraced the southern half of the state and New Mexico and Arizona. Mr. Rew is the possessor of the only fifty year service pin ever awarded by Magnolia.

Shoot 'em?

Kidnapers who kill their victims were die before a U. S. army firing squad, by terms of a bill introduced in congress by Representative J. Bule Snyder (D., Pa.), shown here explaining the measure at a committee hearing. Snyder and other relatives of kidnap victims to testify.

When advised in New York of Sankey's capture, Joseph B. Keenan, special attorney general and government expert in kidnaping cases, said that "this means the end of the man who is really America's public enemy No. 1," a remark which Chicago police interpreted as meaning that Keenan suspected Sankey of having had a part in the Lindbergh affair.

Keenan was reported to have departed from the east last night, leading to the belief that he may be coming to Chicago to help in the investigation of Sankey. Sankey was taken, without a struggle. He was unarmed, but several pills believed to be poison, were found in his possession, and Purvis said that the prisoner seemed dejected and had remarked that he was sorry he had not swallowed them. Later in the captured man's apartment the investigators found a tin box containing \$3,200 in 100 bills, \$200 and \$20 bills, and \$30 in \$1 bills.

A woman, who said she was Helen Matern, but who denied she knew Sankey's true identity, was arrested for questioning.

Ickes' Minimum Price Order For Oil Is Revoked

WASHINGTON, Feb. 1. (AP)—Secretary Ickes, oil administrator, today revoked his administrative order of October 16 proposing minimum prices for petroleum and its products. The schedule was to have become effective today, but the recently approved purchase and marketing agreements made it unnecessary.

In announcing revocation of the order, the secretary said, however, that should the public interest appear in the future to make necessary regulation of petroleum prices, a new schedule would be ordered by him as a substitute for that now being revoked.

"The purchase and marketing agreements submitted to me by the oil industry and approved by me on January 19 are designed to achieve stabilization of the industry, the primary aim of the administration, and to make unnecessary the promulgation of the proposed minimum price schedule," the secretary said.

"Should it appear necessary in the future to regulate petroleum prices, a new schedule will be prepared under my direction as a substitute for the schedule now being revoked, which was recommended by the planning and coordination committee representing the industry under the oil code."

RAILROADS are beginning a belated drive to recover their lost passenger traffic. Strangely, the method is the same as one would have expected them to use in retaining it in the first place—modernization of equipment. Maybe the I. C. C. was partly at fault with its rigid regulations.

At any rate, western lines will try to have their passenger coaches re-conditioned by the time warm-weather travel begins. On the better than a hot, dusty bus, the railroads will bid for your travel. Most of us will probably furnish our own transportation—by auto, which is something else again. But the air-conditioning will doubtless be a popular move.

CHICAGO GRAIN  
CHICAGO, Feb. 1. (AP)—Formal devaluation of the dollar helped to stir up maximum advances of 1-4 cents a bushel in the Chicago wheat market today. Most of the time, however, general public trading in grain failed to broaden to a material degree, and sentiment was by no means unanimously bullish, with gains not fully maintained at the last.

Strength of the Winnipeg wheat market attracted considerable attention here, as Canadian export sales totaled 1,000,000 bushels, the largest amount in some time. Wheat closed unsettled at the same as yesterday's finish to 1-8 cent higher, corn unchanged to 1-8 out, oats at 1-8 decline to 3-8 advance, and provisions showing 12 to 17 cents gain.

'Enoch Arden'

Like a modern Enoch Arden, John Maxwell, chief pharmacist's mate at the Chelsea, Mass., Naval hospital, is pictured on his way to Oklahoma City to prove to his former wife that he's still alive. When Maxwell was discharged from the service after the war he learned that Nora Claunch, whom he married in 1916, had divorced him while he was overseas. Believing him dead, she filed suit for his insurance. And that's why Maxwell is bringing Deputy Marshal Joseph Winston, right, with him as witness to prove he's John Maxwell.

CWA Money For Truck Owners Slow in Coming

Truck owners who are supplying vehicles for CWA highway projects in Gray county are "in a jam," as they express their predicament. The senate refused to pass the license extension bill and today is the last day to secure licenses.

Most of the truck owners do not have licenses and have no money with which to buy them. The reason for the lack of funds is that they have not been paid for the hire of their trucks in several weeks.

It has been necessary to fill out special papers and forms for collection of "truck hire money." Some truck owners in Gray county have as much as \$100 coming to them. When a change in payment for truck hire was ordered, no federal forms were available and state forms were used. The federal government refused to accept them and it was necessary to wait for arrival of U. S. government forms. It is expected that some provision will be made. A CWA engineer will be today. A CWA engineer will be today. A CWA engineer will be today.

New Theory Is Heard In Trial Of Factor Case

CRIMINAL COURTS BUILDING, CHICAGO, Feb. 1. (AP)—A defense theory that John Factor was kidnaped by the Capone gang, as a grim piece of bill-collecting, was put before the jury today which is trying Roger Touhy and two others for Factor's \$70,000 abduction.

The bill, it was argued by Attorney William Scott Stewart in his closing statement, was for unpaid ransom for Factor's 20-year-old son, Jerome, who had been seized and held by kidnapers two months earlier.

"The Capone gang would have picked Factor up at the Delis," said Stewart, referring to the padhouse near which Factor was seized, "because that was one of their places."

MARKET BRIEFS

DALLAS, Feb. 1. (AP)—James V. Allred, attorney general of Texas, considered in many quarters as the home-dry candidate in the 1934 gubernatorial campaign, said today he would issue soon a formal statement on the prohibition question. Asked directly for his attitude, he said: "That is no secret. Every one knows how I stand and on that question. Prohibition will be a decided issue of the coming campaign. I will have a formal statement regarding my attitude out within the next few days."

Allred came here to be at the bedside of his brother, Raymond Allred of Longview, who was injured a week ago in an automobile accident near Gladewater.

NEW YORK, Feb. 1. (AP)—Buying waves swept through the stock market today following final devaluation of the dollar and the fixing of a new price for gold. Many issues passed their best 1931 levels and all categories participated in the heaviest trading since last July. The close was strong. Gains of 1 to 3 or more points predominated. Gains approximated 4,600,000 shares.

CWA Work May Be Prorated

The "stagger" system of working rural CWA men may be resumed in Texas, Mrs. W. H. Davis was informed this morning by letter from Austin. The system was abolished with the new program was started. It was used here during the time relief was being handled locally. The "stagger" system allows workers to be rotated on a job so long as the county quota of 700 men is not exceeded. A certain number of men can be used for 15 hours on a job and a different group may continue the work, thus giving twice as many men work. The system does not apply to communities of more than 2,500 persons. It has not been decided whether the system will be resumed in Gray county.

NEW ORLEANS COTTON  
NEW ORLEANS, Feb. 1. (AP)—Following the rather heavy buying of the early morning, cotton later quieted down considerably and prices eased off on extensive profit-taking. May dropped to 11 1/2, and July to 11.60, down 16 points from the early highs and net one point down to one up compared with yesterday's close.

Late in the morning, the market rallied again in response to gains in stocks, recovering 6 to 8 points from the lows to levels 7 points above the previous close.

TIME FOR SIGNING CONTRACTS ON COTTON MOVED TO FEB. 15

An extension of time for signing cotton control agreements, received today by County Agent Ralph Thomas, moves the date from February 1 to February 15.

At the same time, the eligibility requirement of an average cotton yield of 100 pounds per acre was lowered to 75 pounds.

Farmers are being sent questionnaires asking if they would look with favor upon a compulsory control plan. Most of those signing the contracts in Gray county, representing about 90 per cent of the growers, are said to favor the compulsory feature.

A tendency of many farmers to cease cooperating in the control plans is menacing the whole government relief program for agriculture, or will do so if it spreads.

Extension of the time limit for contracts will necessarily delay receipt of federal rental checks.

(Continued from page 1) his foster daughter, Consuelo, reverts to the magnificence of his ancestors with lace ruffles at the wrist and throat. H. F. Beaty as an anonymous gentleman will be one of the few players in conventional dress.

Charles Morrison as Bezano, bareback tango star who loves Consuelo in vain and is in turn the object of Zinida's hopeless love, will be clad in red lights and black velvet shorts. Er quiet, manager of the circus, played by Archer Pullington, will wear a grey top hat, circus boots, flashy vest, tie and long-tailed coat.

Mrs. Earl Powell is director of the Little Theater's presentation of "He Who Gets Slapped," four-act drama by the Russian playwright Leonid Andreyev.

Admission will be 40 cents for adults and 20 cents for children, including all school students.

The drama enacts the tragedy of un-natural and hopeless loves—the leading characters, Zinida, Manclui, Regnard, and HE are wise, but they are not wise in love, and the path they tread is strewn with tragedy.

The only intermission number will be a tango by Miss Kathryn Vincent and Wayne Kinnison. Intermissions will be unusually brief, averaging only three minutes.

Miss Vincent's costume will add to the color of the performance. She will wear red organdie over gold, with gold sandals. Accompanist for the dance will be Mrs. Frank Keehn, pianist; Mrs. Walter Nelson, violinist, and Miss Frankie Lou Keehn, with castanets.

THIS CURIOUS WORLD By William Ferguson

THE FISHER... CUTHROAT OF THE NORTH WOODS! ALTHOUGH THIS ANIMAL WEIGHS ONLY ABOUT 10 POUNDS, IT KILLS FOXES, LYNX, RACCOONS, AND DEER! EVEN A ZOO LEOPARD WAS KILLED BY A FISHER, WHICH BROKE INTO ITS CAGE.

FIVE YEARS AFTER THE LUSITANIA WAS SUNK BY A SUBMARINE, OFF THE COAST OF IRELAND, A LIFE JACKET FROM THE SHIP WAS PICKED UP IN THE DELAWARE RIVER, NEAR PHILADELPHIA.

GOATS DO NOT EAT TIN CANS! THEY LICK THE LABELS FOR THE SALT CONTAINED IN THE PAPER.

THE chief food of the fisher is rabbit meat, which the animal procures either by running the rabbits down, or by stalking them cat-fashion. Even the bristling porcupine is not safe from this little killer, who seems to be immune to the ill effects of porcupine quills.
