Oklahoman killed on interstate

By MELANIE MILLER
Of The Pampa News

A 23-year-old Oklahoma City woman was killed early Saturday morning west of Alanreed on Interstate 40 when the vehicle she was riding in collided with a truck tractor-semi-trailer rig.

Kathy Elaine Wampler was killed after the 1974 Volkswagen she was a passenger in sideswiped a Peter-built semi-rig at 4:30 a.m. Saturday.

The driver of the Volkswagen, Gary Lynn McCurry, also of Oklahoma City, was listed in serious condition in Northwest Texas Hospital in Amarillo late Saturday with head and back injuries.

According to Highway Patrolman R.C. Parker of McLean, the semi-rig, driven by Paul Douglas Eaton of Louisville, Ky., was

eastbound on Interstate 40 and the Volkswagen was westbound on the highway.

The auto apparently veered into the path of the truck and Eaton swerved to avoid a collision when the two vehicles sideswiped. Parker said the right side of the automobile was ripped away.

McCurry was treated at McLean General Hospital and later transferred to Northwest Texas in Amarillo.

The accident occurred on a two lane stretch of highway that is currently under construction on Interstate 40.

Other fatal accidents have occurred along the same stretch of roadway that have left several dead and injured, including a collision four weeks ago that left a Kentucky man and a Canadian woman dead.

No end in sight to embassy seige

CAMP DAVID, Md. (AP) — President Carter conferred with his military advisers Saturday as the U.S.-Iranian crisis triggered by the U.S. Embassy siege in Tehran entered its fourth week with no end in sight.

With 49 Americans still held by Islamic students demanding the return of deposed Shah Mohammad Reza Pahlavi, the White House was tight-lipped about what transpired during the Carter's session with the Joint Chiefs of Staff.

At the conclusion of an similar session Friday involving Carter and his top civilian advisers, however, press secretary Jody Powell had passed along the president's message that "extremely grave" consequences would result from harm to any of the hostages.

Carter's new meeting with uniformed military leaders had been described by Powell on Friday as having been scheduled some time ago to discuss the Defense Department's fiscal 1981 budget. But the spokesman stressed at the time that he couldn't rule out the possibility the Iranian crisis would be discussed.

Carter has shown a preference for the privacy of Camp David in the toughest decision-making times of his presidency.

He spent 11 days in a summertime, soul-searching reassessment of

his administration that resulted in the Cabinet shakeup. And it was in the seclusion of Maryland's Catoctin Mountains that Carter presided over the super-sensitive negotiations with Egypt's Anwar Sadat and Israel's Menachem Begin that produced the Camp David accords for peace in the Middle East.

The president is confronted with the question of how to secure the release of the Americans taken hostage on Nov. 4 when a mob stormed the embassy compound. The United States has steadfastly refused to extradite the shah, whose admittance to the United States for cancer treatments was permitted by the administration for "humanitarian reasons."

Administration officials have said privately that no final decisions have been made on the use of force against Iran if the hostages are hurt or put on trial. Iran's revolutionary leader, Ayatollah Ruhollah Khomeini, and the militant students have threatened to try the Americans as spies in a revolutionary court.

On the diplomatic front, the United States has halted imports of Iranian oil, frozen Iranian government assets in this country, ordered a halt to the training of Iranian pilots in the United States and moved to deport Iranian nationals in the country illegally.

Bombs damage military facilities

CHICAGO (AP) — Two bombs exploded 45 minutes apart at a Marine Corps recruiting office on the South Side and the Naval Armory on Lake Michigan, authorities said Saturday. A caller told a newspaper both bombs were planted by Puerto Rican nationalists.

The FBI was investigating both incidents, which caused no injuries and did only minor damage, police said.

George McMahon, deputy chief of violent crimes, said police would increase security at all federal facilities in the city.

The first blast occurred at 11:45 p.m. Friday and the second at 12:30 a.m. Saturday. Both bombs went off shortly after an anonymous telephone caller told the Chicago Sun-Times that "something's going to happen... Someone's going to be hurt."

However, Sgt. Edwin Olivieri, a police bomb and arson investigator, said Saturday that police had no indication that the bombings were related. He also said authorities had not determined what type of explosive was used.

Weather

Today's forecast calls for fair with no change expected from Saturday's temperatures. High for today should be in the low 50s with last night's low in the mid 20s. Saturday's high was 59. A slight warming trend will cover the Texas Panhandle during the first part of the week followed by a cold front that should drop temperatures back to winter levels by next weekend.

What's Inside

Miami man dies in truck collision

By MELANIE MILLER
Of The Pampa News

A Miami man died Saturday morning after the truck he was driving collided with a semi-trailer 29.7 miles north of Pampa on Texas Highway 70.

Ricky Grant Winters, 22, of Box 123 Miami, was killed on impact in an accident at 11 a.m. Saturday after he apparently fell asleep at the wheel of his south-bound pickup truck and crossed into the lane of a north-bound semi-trailer-truck, driven by Daniel Lamer Tilson, Jr., 25 of Pampa.

According to investigating officers Wayne Will and Gordon Miller of the state highway patrol, swerved to avoid the pickup when the collision occurred. After the initial impact, Winters' truck skidded into and down the left side of the semi-truck before traveling an additional 200 feet down the

highway before coming to a stop.

The officers said Winters and his three passengers were driving to Miami after getting off an 11-hour work shift for the Leonard Hudson Drilling Co. in Pampa shortly before the accident occurred. Those passengers were identified as Steve Helton, 18 of Miami; Tim Trevathan, 19 of Pampa; and Jerry Raymond Halford, Jr., 19 of Amarillo.

Tilson and the three passengers refused medical treatment, although all suffered cuts and bruises in the accident.

Patrolman Williams said the truck's passenger door was sheared off the pickup and fell onto the highway in pieces.

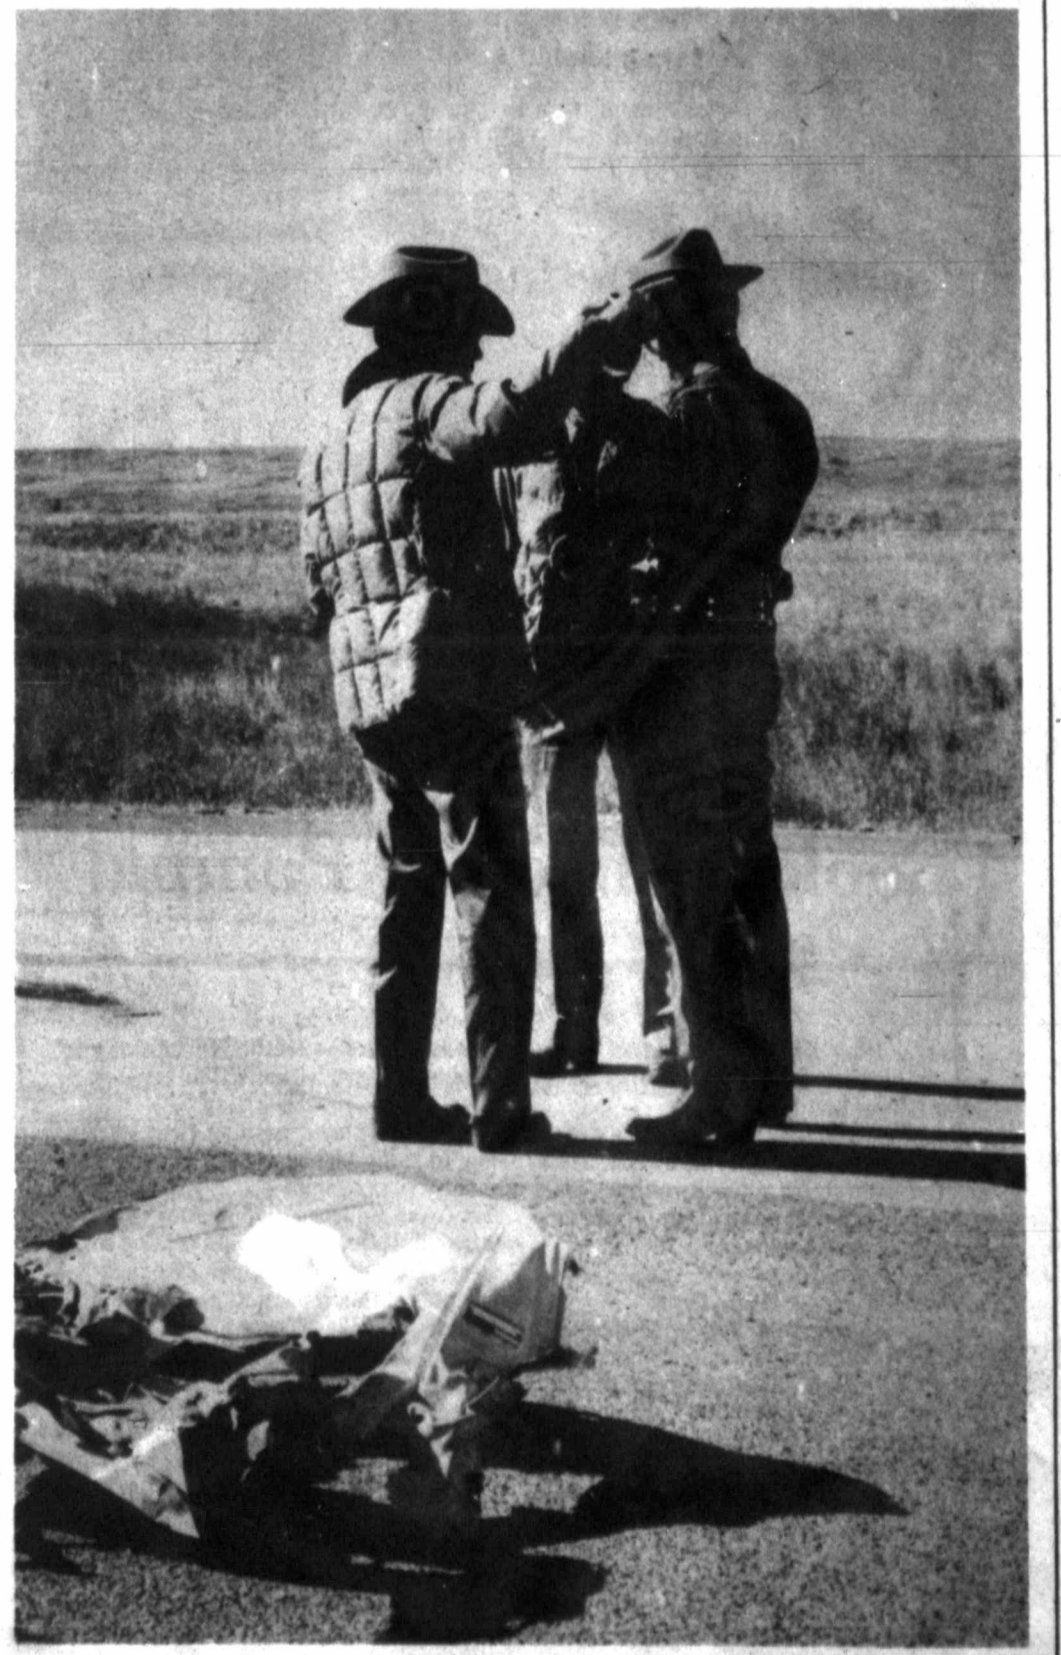

He added that wreckage from the scene was still being cleaned up at 3 p.m. Saturday, although highway traffic was not blocked.

The semi-trailer Tilson was driving belonged to Heaton Cattle Company and the cab section belonged to Ferguson Trucking Company.

Funeral services for Winters will be held at 2 p.m. Monday in the Carmichael-Whitley Colonial Chapel with the Rev. Mike Sullivan, pastor of the First Baptist Church, Miami, officiating. Burial will be in Miami Cemetery.

He was a resident of Miami for eight years and graduated from Miami High School in 1976. Mr. Winters married Cynthia Miller in 1977. He was employed by Leonard Hudson Drilling Co.

He is survived by his wife; one daughter; one step-daughter; his parents; one brother; two sisters; and his grandparents.

EVER STRIVING FOR TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

Let Peace Begin With Me

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. For only when man understands freedom and is free to control himself and all he possesses can he develop to his utmost capabilities.

We believe that all men are equally endowed by their Creator, and not by a government, with the right to take moral action to preserve their life and property and secure more freedom and keep it for themselves and others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guide expressed in the Coveting Commandment.

OPINION PAGE

Fed-spawned inflation

takes terrible toll

Ironically, an employee of a branch of the very thing that is the primary cause of inflation states that inflation is further eroding the standard of living in four Southwestern metropolitan areas.

The government, all of us should know by this time, with its wasteful spending, its making available billions of cheap dollars and its excessive taxation and regulation is the prime cause of inflation.

The government employee who pointed out what inflation is doing to the Southwestern areas is Mary Grandstaff, an economist for the Federal Reserve Bank of Dallas.

She wrote in the October issue of Voice, the publication of the Federal Reserve Bank of Dallas (and El Paso, Houston and San Antonio), that in the four southwestern metropolitan areas of Austin, Baton Rouge, Dallas and Houston, inflation has reduced the standard of living for many people. For instance, Grandstaff says, inflation has pushed many people into a higher tax bracket, and as a result, taxes have risen more rapidly than expenditures on goods and services in recent years.

In addition, sharply rising costs of necessities increased expenditures on these items relative to less essential goods and services, the writer pointed out.

The conclusions were made in a recent study by the economist in analyzing U.S. Bureau of Labor Statistics figures over the period ranging from 1973 to 1978.

If the study had included 1979 to date, the picture would have been more grim.

In the analysis of the budget statistics for high, intermediate and low-budget families in the four metro areas studied, higher families experienced the greatest increase in total taxes which rose at average annual rates of 3.8 to 4.1 percentage points faster than the total expenditures for goods and services. For intermediate-budget families, total taxes rose at average annual rates that exceeded the growth in total expenditures for goods and services grew more rapidly than total taxes for the lower-budget families.

And just as taxes mounted in the four metro areas, so did the costs of necessities. Expenditures for necessities rose at average annual rates of almost 1.0 to 3.5 percentage points faster than less essential goods and services. (This rate has escalated sharply in 1979). In the four metro areas there was very little difference in these rates of increase among the three budget categories. The rise in expenditures on essentials was highest — relative to the rise in expenditures on non-essentials — in Dallas, and lowest in Baton Rouge.

Here in West Texas where so much federal money is channeled into the numerous government give-away programs, many of the recipients have received "cost-of-living" increases in their handouts, and it is possible that there are many among those who are not feeling the full impact of inflation's terrible toll.

But the ones who are paying the bill — the earning, oppressed tax payers — are feeling that terrible toll, and watching their worth disappear into thin air as, on one hand the government takes more from them, and on the other hand they have to pay much more for the essentials of life.

Putting a better face on it

And finally, Uganda is facing up to a money problem. It's again a case of too much and of the wrong kind.

The African country which is still in the throes of recovering from a decade of despotism and a destructive war of liberation, has launched "Operation Currency" to exchange the old notes for new ones freshly printed in London.

It's a big job entailing calling in some seven billion 5, 10, 20 and 100 shilling bills. But understandable, because each bears the likeness of the ousted Idi Amin.

And there can be no arguing that one of them was much more than enough.

Looking back at Pampa

1954
Pampa High School will hold its first annual Homecoming today when they take on the Borger Bulldogs at 2 p.m.

The proposed tri-city meeting between Pampa, Borger, and Amarillo city officials and Canadian River authority officers has apparently been cut down to one city meet, according to sources today.

1964
Pampans prepared for a traditional Thanksgiving today with all public schools being turned out, most business houses closed and the annual Community Thanksgiving service set for 10 a.m. in the Robert E. Lee auditorium.
The Pampa - Lefors United Fund drive picked up stream today with the announcement that some \$1,252.60 in pledges and contributions had been collected since Monday's report.
The 1964 Traffic Count stood at a sum of

551 accidents and 122 injuries. However, according to Pampa traffic officials, only one death was reported within that total.

1969
Pampa's downtown parking congestion continued to be kicked around at today's meeting of city council.

The Texas Railroad Commission today recessed until December 15 its hearing on Pioneer Natural Gas Company's request for a gate rate increase to Pampa and 65 other cities in its West Texas System.

1974
The annual membership campaign of the Pampa Environmental Beautification Foundation is currently underway seeking renewals and new members.

Word was received from the North Pole shortly before noon today that Santa Claus had left on schedule and was due in Pampa to ride in this afternoon's annual Santa Day Parade scheduled to move from Coronado Center at 3:00 p.m.

Racism and Busing

By Butler D. Shaffer

One of the clearest examples of psychological projection is currently being played out by supporters of mandatory school busing programs. In the face of an overwhelming public resentment of the practice of using children — as though they were nothing more than faceless cardboard people — to gratify the social engineering fantasies of State planners, pro-busing advocates have taken to labeling anti-busing people as "racists" and "bigots." There is, of course, no way to know the specific motives of tens of millions of separate individuals. So, when one generalizes as to what is in the minds of everyone else, he or she is really only telling us about their motives.

Whatever one's conscious intentions are in promoting busing, the necessary implications of such a program are racist. When one declares that where children go to school should be determined principally on the basis of their race, and that the Caucasian children of today must be punished for the sins of their ancestors by forcing them onto schoolbuses to do penance in slum schools, the racist quality of such proposals are quite evident. Those who see the world in terms of racial groupings are, themselves, operating on the most racist of premises, whether they are aware of that fact or not. Disguising such viciousness as "civil rights" advocacy does not detract from its inherent wickedness. If it were otherwise, Adolf

Hitler might have been able to pass off Auschwitz and Belsen as "affirmative action" programs.

One by one, the pro-busing crowd has been employing the identical tactic used by men like the late Senator Joseph McCarthy and the cretins of the House Un-American Activities Committee back in the 1950s: "If you aren't with us, you're against us. If you oppose what we are doing, your motives are obviously suspect: you must be a racist (or, as McCarthy would have said, a 'communist.') You must prove your lack of bigotry." One NAACP official in Los Angeles called a press conference to announce that one way in which people could "prove they are not a racist, is to vote 'no' on a statewide anti-busing proposal. This is the same use of intimidation that flourished in the 1950s: "If you are not a communist, you should be willing to sign a loyalty oath. After all, if you've got nothing to hide you shouldn't object to signing an oath!"

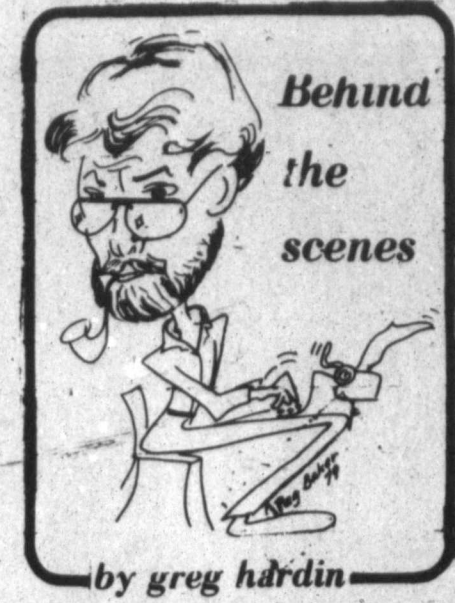

What is even more pathetic, so-called "civil rights" and other pro-busing advocates have taken to criticizing the very core of the objection most people have of forced busing: the coercive, involuntary nature of the program. One can only wonder at the total disregard for history displayed by members of racial minorities who are willing to embrace State coercion and damn their opponents for daring to raise such meaningless arguments as "voluntarism." Was it not the "involuntary" nature of the system that

made slavery so pernicious?

The very language of the 13th Amendment to the Constitution, abolishing slavery, addresses itself to the prohibition of "involuntary servitude." Was it not the "involuntary" nature of the government's program in "busing" Japanese-Americans (because of their race) to concentration camps during World War II that has so incensed many people? Was it not the "involuntary" nature of laws directed against blacks by most southern states that fired the indignation of many blacks and whites during the early years of the civil rights movement?

Forgetting, for the moment, the government's ulterior motives in using school busing as a device for destroying the black subculture in America (in order to prevent the development of a unified black movement such as advocated by such groups as the Black Panthers), why would any people desire the creation of an environment in which their lives, and the lives of their children, would be subject to arbitrary State coercion? Mankind has struggled for centuries to advance the one idea that can stand in the face of coercive political power: voluntarism. Why, therefore, would any people — unless they are mesmerized into a myopic stare by the offering of short-term benefits — wish to dash the value of such an idea upon the jagged rocks of history?

Butler D. Shaffer teaches law at Southwestern University in Los Angeles.

by greg hardin

We have all seen and heard a great deal from Iran in the past few weeks. We have all seen the American flag burned, disgraced and even used to carry garbage. We have seen fellow Americans paraded before the news media blindfolded and bound. We have been called infidels and pagans.

We have been walked on and we are tired of it.

Since World War II the American people have been divided on virtually everything. Now Americans are united again in their disgust for the insane rulers of Iran and their treatment of U.S. diplomats.

As the Japanese admiral said after the attack on Pearl Harbor: "I think we have awakened a sleeping giant." I think the Iranians will find that they will not stand for such treatment: that they will pay for their actions of recent weeks.

Americans must stand behind President Carter now, at home and abroad. He must know that he has the support of each and every American as our diplomatic corps tries to rescue the hostages from our embassy.

Only fools will let politics enter into the current situation. It is a time when we can easily spot those irresponsible politicians who care only for their own gain instead of the safety of the 49 men and women still held prisoner.

Those are the politicians who spout rhetoric against U.S. policy instead of quietly coming up with solutions to the problem.

The main concern of everyone should be that our people get out safely. Only then should we take action to ensure the world knows the United States will not tolerate any more threats or terrorism.

I am not saying to just give Iran a bloody nose. Nor just send them home. The U.S. will have to strike hard and make Iran an example for the world to see. The time for playing political games with terrorists has ended.

Iran will have to pay the grave price for the terrorist acts it has committed against our people. No nation must ever think they can hold our country hostage again.

I back the current policies of the government and feel the right decision will be made to protect our future foreign interests.

It makes my blood boil to see the flag I fought for used as a garbage container, or burned. We will have our turn to deal out what we have been taking. We shall do so as a nation united — not divided!

Chicago will court test 'busing'

by Paul Harvey

By now you've heard that the next Supreme Court test of cross-town school busing will likely originate in Chicago. After all those years when the North condemned the South for its opposition to integration — now it's Chicago which discovers that busing denies everybody's right.

Chicago's school population is 17 percent white — yet HEW has ordered Chicago schools to "balance" the classroom population so that no student body is less than 15 percent white. There is no way.

HEW demands that Chicago's school system bus 114,000 grade school children out of their home neighborhoods. Compute the cost of the vehicles, the fuel, the drivers and other personnel — and it amounts to \$100 million a year. Some estimates are as high as \$200 million.

Imagine what could be done with that much money if it were spent instead on improving school facilities, hiring more teachers, reducing the number of students per classroom, updating textbooks. Chicago is not the first city to challenge the busing concept. Hundreds of cities have — from Kalamazoo to Los Angeles and including Boston, Louisville, Milwaukee, Columbus, Cleveland.

In each case so far the courts have ordered: "Keep busing!" But Chicago, bigger, Northern — and with both races on its school board fed up with this fruitless experiment — Chicago may be able to present a more convincing case.

Also, Chicago has a feisty lady mayor who considers busing unreasonable and unworkable. Instead, she endorses the school board's proposed "Access to

Excellence" program.

This program would allow any student total freedom to attend the school of his or her choice.

How can any court deny the fairness of that?

A court fight will be long, tedious and, itself, expensive. Yet, President Carter says that the issue should be court-tested and that Chicago is the place and now is the time. The President actually advised the Chicago school board chairman, Joseph Hannon, to "fight it out."

I do not know that this indicates any presidential opposition to busing, but it sounds like it does. In any event, with the issue in litigation next year President Carter, conveniently, will be able to duck direct questions on the subject.

One thing more: The objective of the original court order was to improve education for black students by intermingling them with white students. That premise is an insult to blacks and it is now proved false.

Two of the highest-achieving schools in Chicago, academically, are Beasley and Pershing — and both are entirely black.

(c) 1979, Los Angeles Times Syndicate

Today in history

By The Associated Press
Today is Sunday, Nov. 25, the 329th day of 1979. There are 36 days left in the year.

Today's highlight in history:
On Nov. 25, 1783, the British evacuated New York, their last position in the United States after the Revolutionary War.

On this date:
In 1568, the inquiry into conduct of Mary Queen of Scots reopened in Westminster.

In 1758, in the French and Indian War, the British captured Fort Duquesne in what is now Pittsburgh.

In 1863, Union troops captured Missionary Ridge, ending the battle of Lookout Mountain in Tennessee.

In 1920, WTAW of College Station, Texas,

broadcast the first play-by-play account of a football game. Texas played Texas A&M.

In 1957, it was disclosed that President Dwight Eisenhower had suffered a slight stroke.

Ten years ago, President Richard Nixon renned germ warfare and promised to destroy our stockpiles of such weapons.

Five years ago, U Thant of Burma, third secretary general of United Nations, died of cancer. He was 65.

One year ago, an Iranian army spokesman said the shah's forces would "mercilessly" crush new street protests.

Today's Birthdays: John F. Kennedy Jr. is 19. Joe DiMaggio is 65.

Dropping anchor

The world's first nuclear submarine is about to go the way of many historic ships before it.

The U.S.S. Nautilus, being retired from active service, is to become a monument. The Navy Department has decided that the forerunner of the nation's nuclear fleet will be berthed permanently at the Washington Navy Yard as a permanent public tribute to its pioneering achievements.

Commissioned in 1954, the \$29 million, 3,000-ton Nautilus has many to its credit, including the first voyage beneath the North Pole ice cap. But it has not fulfilled the ultimate purpose for which it was designed. It has never fired a torpedo in anger.

A waste? Hardly, that's the way it should be.

Children may testify against pair

EL RENO, Okla. (AP) — One or perhaps both children of slain Okarche minister Richard B. Douglass and his wife will testify at a Dec. 17 preliminary hearing for murder defendants Glen Burton Ake and Steven Keith Hatch, officials said Friday.

Exactly 48 hours after their arrest, Ake, 24, and Hatch, 26, were arraigned in Canadian County District Court here Friday under tight security on two first-degree murder charges and two counts of shooting with intent to kill.

Twelve law enforcement officers, including a game ranger and an agent of the Oklahoma State Bureau of Investigation, stood guard in the courtroom as innocent pleas were entered for the two in connection with the Oct. 15 slayings of the Rev. Douglass, 42, pastor of Oklahoma City's Pufnam City Baptist Church, and his wife Marilyn Sue, 36, at their rural Okarche home.

The couple's two teen-aged children, Richard Brooks Douglass Jr., 16, and Leslie Douglass, 13, were tied up, shot and left for dead. The children were released from an Oklahoma City hospital two weeks ago.

Hatch and Ake also pleaded innocent to felony charges of shooting with intent to kill in the wounding of the children. Special District Judge H. Albert Taylor set a preliminary hearing for 9:30 a.m. Dec. 17.

The two said they did not have an attorney and Taylor appointed Richard Strubhar, county public defender, to defend them. At the request of the prosecutor, he denied bond on the murder charges and set bond at \$100,000 on each of the shooting charges.

Assistant District Attorney Bill James entered the innocent pleas for Ake and Hatch. The only words the two prisoners uttered were in response to questions about their age, their financial status and their understanding of the charges.

"Do each of you men understand what you are charged with in this case?" the judge asked.

"Yes," Ake murmured. "Yes, sir," Hatch said, almost in a whisper.

Both were clad in orange prison jumpsuits. Ake wore white sneakers while Hatch had on cowboy boots.

After the arraignment, the two were handcuffed and led across the street to the county jail. Hatch was placed in a county jail cell, while Ake was taken to the city jail nearby.

Sheriff Lynn Stedman said the two were separated, not for security reasons, but so they wouldn't be talking to each other spent nearly an hour apiece with Stedman and a representative of the Oklahoma State Bureau of Investigation. Afterward, the sheriff gave a deputy two tape recordings to be transcribed.

Stedman declined to discuss the statements. He would not say if either had volunteered any information or if any plea bargaining had occurred.

"I don't feel this is the time to disclose any of the conversations or any of the evidence," he said.

At the preliminary hearing, at least one of the two children will testify about the night of terror that began when two men allegedly came to the home under the pretense of using the telephone, James said.

The two children are recovering from their wounds at a secret location, and are taking school classes from a private tutor.

The youths have reportedly given authorities detailed descriptions of their assailants and circumstances leading to the shootings.

Stedman said authorities may also bring a 19-year-old woman, Virginia Keefe, to El Reno for the hearing.

Ake and Hatch were arrested near Craig, Colo., Wednesday and were flown back to Oklahoma during the pre-dawn hours Thursday.

Hatch and Ake also have been named in warrants issued in Texas in connection with the Nov. 2 deaths near Beaumont of two Texas men, Dale Kokenes, 35, of Beaumont and Yerby Lane III, 27, of Lumberton. Their bodies were found Nov. 4.

Texas also filed extradition charges against Hatch and Ake, but Oklahoma got them first.

Ms. Keefe, told Wyoming authorities she met Ake and Hatch in a small town outside of New Orleans, La.

Plane hijacked; destination Iran

EL PASO, Texas (AP) — A knife-wielding man, possibly carrying a quarter-stick of dynamite, took over an American Airlines 727 jet today at El Paso and demanded to be taken to Iran.

Radio transmissions from the craft's cockpit indicated the man repeatedly plunged a knife into the aircraft's bulkhead, apparently acting in frustration or rage.

The radio discussions mentioned the knife and a quarter-stick of dynamite. One conversation said the hijacker might have indicated he would let all passengers off the aircraft except for one, who would remain hostage.

Special Weapons and Tactics (SWAT) teams from the El Paso Police Department were on the scene, as well as FBI agents and other officers.

A spokesman for American, John Raymond, said the flight was American's 395, originating in San Antonio and making a scheduled stop at El Paso International Airport. American's headquarters is at Grand Prairie, Texas.

"Apparently, after the plane landed in El Paso, the man made his move," Raymond said.

Raymond said he was told the hijacker released all women and children, leaving 20 male adult passengers aboard.

Raymond said he was told the captain was allowed off the plane to file a flight plan for Iran.

The extended body, or "stretch," airplane does not have trans-oceanic range, Raymond said.

El Paso Mayor Thomas D. Westfall said, "I've offered to exchange myself (for the hostages). If they let off all the rest of the hostages, I will take their place."

Mrs. Ruth Ash of El Paso was allowed to leave the plane, but her husband, Lou, remained on board. The couple was returning from a holiday visit with relatives in San Antonio, she said.

"As the plane was taxiing to the gate, a young, clean-cut man hurried up the aisle," Mrs. Ash said. "My husband and I remarked he must have a tight schedule, or maybe has a girlfriend to meet. I didn't think anything of it until we saw him ... come around the corner by the deplaning door, and I saw a knife."

She said her husband gave her car keys and a key to their house as

she left. "But I'm staying here until he gets off," she said.

Mrs. Irene Smallridge, 72, of Huntington, W. Va., another woman allowed to leave the plane, said, "All I know is that someone ran through, and they told the passengers to sit down, and they told the women and the children to get off and the men to come to the front of the plane. I was scared to death."

STALLED CARS ON the side of the road are common sights in these days of gas shortages, but seldom does one see a stalled combine, like this one recently seen within the Pampa city limits. (Staff photo by Ed Sackett)

Abduction suspect arrested

DALLAS (AP) — Dallas police have arrested a 24-year-old man suspected in the separate abductions of five young women in the Northwest Dallas area.

Two of the victims were raped, police said, including a 16-year-old girl taken from her brother's car on a parking lot early Friday.

The suspect was arrested late Friday night on the parking lot of a Northwest Dallas disco where he was talking to a 15-year-old girl. He was first questioned, police said, because he fit the 16-year-old's description of her bearded abductor.

The girl told police her abductor took her to a house where an older

man raped her. At daybreak, seven hours after her capture, the girl was released, according to investigator W.E. McDonald.

Police said two other abductions occurred Tuesday.

A 21-year-old woman said she was confronted by an armed man as she returned to her parked car from a shopping errand, police said. The man forced her into her car and they drove along a North Dallas street when they pulled alongside a 19-year-old driver and told her a tire on her car was on fire.

When she stopped, police said, the man freed the 21-year-old, got into the car with the 19-year-old, and forced her to drive to a motel on the city's southwest side.

Davis witness beaten

FORT WORTH, Texas (AP) — James Stephens, 43, told police a man knocked on his door at 2 a.m. Friday, said "This is for testifying in the Cullen Davis case," and beat Stephens unconscious.

Stephens testified for the defense in Davis' first trial on murder solicitation charges, which was held in Houston on a change of venue. Police said Stephens did not require hospitalization, but suffered a black eye, a cut chin and a bruised neck.

In Davis' Houston trial, which ended in a hung jury, Stephens testified he had seen key prosecution witness David McCrory, karate instructor Pat Burleson and Davis' former wife Priscilla together, Aug. 17 or Aug. 18, 1978.

Nov. 26 through Nov. 28
Morning Sessions at 10 and 11
Nov. 28 through Nov. 30
Evening Sessions at 7:30

Sunday Services
10:45 a.m. and 7:00 p.m.

Nursery Attendant at All Services

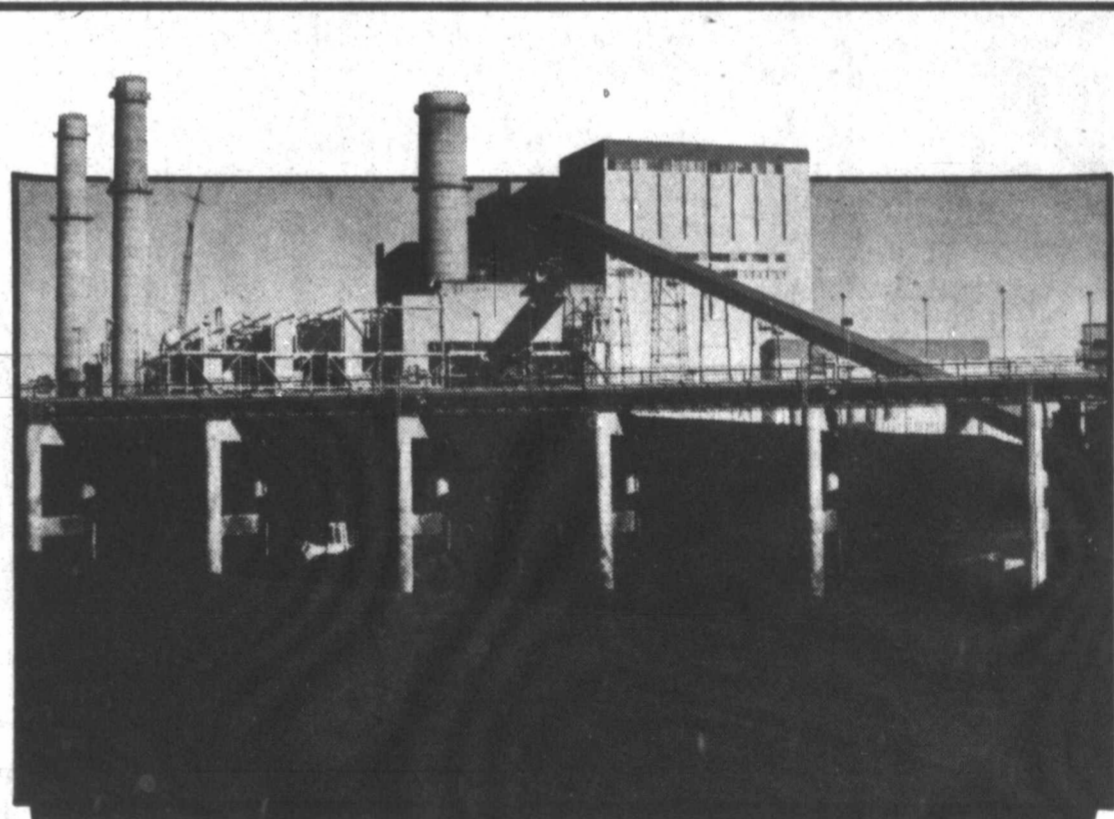

GENE ALLEN, PASTOR

REV. JOHN WILKERSON
Tuesday Night

REV. BO DANIELS
Wednesday, Sunday Nights

ELECTRICITY FROM COAL...

It's good to know there's something we can depend on.

Almost all of us depend on electricity in our homes, factories, and offices to provide for more jobs... greater productivity... and a higher standard of living. Yes, electricity plays a big roll in the scientific and technological developments that make these things possible.

The constant striving for these innovative and advanced ideas and achievements of tomorrow means we will need more electricity. That's why Southwestern Public Service is continuing the building program of new electric generating plants that use coal as fuel. Because it's good to know there's something we can depend on.

NOV 25 7 9

Services tomorrow

COOK, RICKY G. WINTERS - 2:00 p.m. Carmichael - Whitley Colonial Chapel
LOVELL, MRS. ROSA LEE - 2:00 p.m. Ed Brown & Sons Chapel of the Fountain in Borger

deaths and funerals

RICKY G. WINTERS, COOK

MIAMI - Funeral Services for Ricky G. Winters, Cook, 22, of Box 123, Miami will be held at 2:00 p.m. Monday in the Carmichael - Whitley Colonial Chapel with the Rev. Mike Sullivan of the First Baptist Church of Miami officiating.
 Born Oct. 19, 1957 at Poplar, Montana, he died Saturday morning in a truck - tractor trailer collision.
 Burial for Mr. Winters will be in the Miami Cemetery under the direction of Carmichael - Whitley Funeral Directors.

A resident of Miami for eight years, he graduated from Miami High School in 1976. He married Cynthia Miller on Oct. 25, 1977 at Miami. Mr. Winters was employed by Leonard Hudson Drilling Co. of Pampa.
 Survivors include his wife, Cynthia, one daughter, Pamela Jean Winters, one step - daughter, Robbie Hummer, all of the home, his parents, Mr. Gail G. Winters of Greeley, Colo., and Mr. and Mrs. Larry Cook of Miami, one brother, Bryan Cook of Miami, two sisters, Alicia and Juanita Cook of Miami, and his grandparents, Mrs. Mary Woodward of Spearman, Mrs. Ruby Winters of Springfield, Colo., and Mr. and Mrs. Albert Cook of Dumas.

MRS. ROSA LEE LOVELL

BORGER - Funeral services for Mrs. Rosa Lee Lovell, 93, will be held at Ed Brown and Sons Chapel of the Fountain at 2:00 p.m. Monday with Mr. Doyle Chapin, minister of the Church of Christ in Fritch.
 Graveside services will be held at 2:00 p.m. Thursday in Seminole, Okla.
 Burial will be under the direction of Ed Brown and Sons Funeral Directors of Borger.

Mrs. Lovell died Friday at North Plains Hospital in Borger. Born at Meadville, Mo., she was a resident of Fritch for 13 years. Mrs. Lovell was a member of the Fritch Church of Christ. Survivors include two sons, R. C. Lovell of Fritch, Glyn Lovell of Borger, one daughter, Mrs. Alma Kennard of Pampa, one sister, Mrs. Edna Hobbs of Nowata, Okla., three grandchildren and six great - grandchildren.

MORENE V. ALLMAN

AMARILLO - Services for Mrs. Morene V. Allman, 79, of 3512 Julian of Amarillo were at 4:00 p.m. yesterday in the N. S. Griggs & Sons Pioneer Chapel in Amarillo with Dr. Walter R. Clyde, associate pastor of the Amarillo First Presbyterian Church officiating. Burial was in Llano Cemetery.

Mrs. Allman died Friday in Amarillo. Born in West Texas, she was a teacher in Amarillo and Pampa schools until her retirement in 1965. She was a member of the First Presbyterian Church. Mrs. Allman married H. Ray Allman in 1925 in Amarillo. He died in 1958.
 Survivors include a son, Ray M. Allman of Amarillo, a daughter, Mrs. Frances Ogden of Pampa, a sister, Mrs. Francis Singleton Robinson of Amarillo, and a grandchild.

LOST: 2 year old Pointer female, lemon and white, ear marked right ear.
REWARD: Call 669-2685 after 5:30 p.m. (Adv.)

County budget climbs

EDITOR'S NOTE: This is the first of a two part series on the recently adopted county budget for 1980.

By MELANIE MILLER
 Of The Pampa News

With rising inflation creating a higher tax rate and causing a decline in purchasing power, Gray County residents can take comfort knowing that the newly adopted county budget has only risen 13.1 percent — to \$2,643,664.77 — since 1979.

And in that twelve months' time, ad valorem taxes have increased only 12.5 percent; since 1978, those taxes have only risen 18 percent. An in the six years since 1974, taxes will have only risen 36 percent.

Also, Gray County has no outstanding bonds and no time warrant debts for 1980.

Surprising figures, yes, but County Judge Carl Kennedy believes the numbers indicate the healthy economy in Gray County.

"We've been helped alot by the fact that the hospital was sold," Kennedy said. "And most people don't realize that out of our total budget of \$2.6 million, only \$1.7 million comes from ad valorem taxes."

The rest of the budget comes from revenue sharing, license fees, court costs, among other things, Kennedy added.

Total receipts for the county declined two and one half percent for the 1980 budget, but offsetting that decline is a 15.3 percent increase in the amount of money (total resources) available.

minor accidents

A 1974 Chevrolet driven by Earlene Wyant, 49, of Rt. 1, Canadian backed from a parking space on the lot located at 2210 Perryton Parkway. She reportedly struck a 1971 Plymouth driven by 23 - year - old Vickie Hobbs of Box 1, 155 - C who was driving through the lot. No citations were given.

Constance Wallis, 24, of Box 213, Farwell, N. M. was driving a 1967 Pontiac south on Hobart Street at the intersection of Kentucky when she was in collision with a 1976 Chevrolet driven by Eulice Crow, 58, of Box 2164. Crow was reportedly traveling east on Kentucky. Wallis was cited for disregarding a stop and go signal.

A 1970 Chevrolet pickup driven by Alvin McLemore, 20, of 1104 Neel

Expenditures also rose, by a total of 13 percent, but the county court will have a healthy balance to work with, \$809,840.71.

The court raised the salaries of elected county officials, including the county auditor, ten percent and also budgeted other increases in county - governed areas.

The largest fund or largest source of available resources in the budget is the general fund with \$1,089,305.40, but the most amount of money will be spent from the road and bridge fund, with \$929,943.73 budgeted.

Gray County will only spend 76.5 percent of its available resources during the coming year.

The general fund supplies 31.5 percent of the total available resources; the road and bridge fund will deplete over 35 percent from the 1980 budget.

The former will have the largest ending balance, supplying 31 percent of that figure, general Precinct 2, which includes Pampa, has the largest figure budgeted, with \$244,961.25. In addition, ad valorem taxes and total resources available are the largest.

Precinct 1, Lefors, has a total of \$215,340.24; Precinct 3, Grandview, has a total of \$183,223.30; and Precinct 4, McLean, has a total of \$180,450.82.

Collection on delinquent taxes has decreased from \$24,752.24 in 1978 to \$7,925 in 1980.

Rd. was reportedly traveling east in the 400 block of W. Kingsmill when he was in collision with a 1971 Chevrolet driven by 20 - year - old Richard Osbin of 407 Lefors. According to the police report, Osbin was traveling west on Kingsmill attempting a left turn onto Ward St. when the accident occurred. He was cited for failure to yield right of way while making a left turn.

Hoyt David Larue, 31, of 620 Doucette was reportedly driving a 1967 Impala in the 600 block of E. Browning when he made an unsafe change of direction of travel. He struck a parked vehicle owned by Sharon Lopez of 501 Doucette.

Widow leaves city fortune

SANTA BARBARA, Calif. (AP) — A widow's \$20 million bequest to Santa Barbara has more than doubled in value during two years of legal haggling and detective work that established her Italian lover's claim to a \$5 million share.

Alice Keck Park, who went to school in Santa Barbara as a girl, left her entire estate to four local institutions when she died at age 59 in June 1977. The gift now totals between \$40 million and \$50 million, since much of it was in Superior Oil Co. stock, whose market price has been pushed higher because of oil - shortage scares.

By month's end, about \$23.38 million in cash and Superior Oil stock will be distributed among the Santa Barbara Humane Society, Cottage Hospital, the museum of art and the botanical garden. An additional \$20 million is expected to be distributed in a few months from the rest of the estate, once the legal process is completed.

Mrs. Park was the daughter of William Myron Keck of Pasadena, founder of Superior Oil. She attended private school in Santa

Barbara, and married David Edgar Park at age 35. After three years of marriage he died in 1956. They had no children.

Mrs. Park began to travel and, according to court files, a physical education teacher from northern Italy, Bruno Valentino Silvio Leonarduzzi, entered her life in 1962.

By February 1968, Mrs. Park began talking of marriage. Leonarduzzi said in an affidavit. He said she mentioned that in Colorado a legal common-law marriage is possible if two people simply live together. She said it would "allow us to get married without publicity — one of the things that she hated more than anything else in the world," he told attorneys.

They lived in Aspen and Glenwood Springs, Colo., from 1970 to 1973, when they returned to Italy. But on Dec. 4, 1973, Mrs. Park flew back to the United States and never saw Leonarduzzi again. Mrs. Park died in Tucson, Ariz., on June 24, 1977.

El Paso hijacking 15 in bloody series since 1968

An American Airlines jet commandeered in El Paso Saturday was the 15th airliner seized in a bloody series of planes hijacked in, over or en route to Texas since 1968.

FBI agents said a knife-wielding Massachusetts man demanding a flight to Iran was subdued by force at the El Paso International Airport Saturday.

No shots were fired and none of the 71 persons on board the Boeing 727 jet was reported injured.

Four men shot and killed a ground agent and wounded a maintenance man in Houston when they hijacked a plane with 34 persons on board and took it to Cuba in October 1972. One of the gunmen remains at large.

Two gunmen shot and wounded the pilot when they seized an airliner in Philadelphia in July 1972, and then wounded the co-pilot and engineer after the plane landed at Lake Jackson, Texas. The pair were later sentenced to 50 and 60 years in prison.

A blood-stained plane with bullet holes in the windows was found at an abandoned airport near Texas City in December 1978. The pilot and two passengers on the chartered flight from Huntsville to Houston have never been found.

A stewardess was wounded by gunfire when a man diverted a Miami to Houston flight in July 1971 to Cuba. The gunman is still at large.

In November 1976 a flight from Burbank,

Calif., to Dallas was ordered to Mexico by the man who chartered the plane. The man and his accomplices burned the plane after landing and are still at large.

A gunman's weapon misfired when he tried to shoot the pilot of a Denver to Houston flight in May 1976. The crew then overpowered and disarmed the man.

A man who commandeered a commercial flight over Texas in July 1972 demanded \$50,000 and a parachute when the plane landed in Oklahoma City. He later surrendered and was sentenced to life in prison.

FBI agents used a ruse to arrest a man who hijacked flight from Houston to Dallas in January 1972. The man had demanded a parachute and \$1 million ransom. He was sentenced to 20 years in prison.

Two hijackers diverted a Mexico City to San Antonio flight to Monterrey, Mexico, in July 1971. They ransomed the 102 passengers for \$100,000 then flew to Peru, Brazil and Argentina before surrendering.

The man who hijacked a 48-passenger flight from Baltimore to Houston in July 1968 was ruled incompetent to stand trial. A man seized an airliner with 57 persons on board in Houston that same month and ordered it to Cuba. He is still at large.

Two flights were hijacked in March of 1969.

Youth injured in accident

A 15 - year - old Pampa youth was injured in a motorcycle - automobile accident late Friday afternoon at the intersection of 21st and Hamilton streets.

According to police reports, Richard Gordzelik, of 1936 N. Wells was riding a 1978 Honda east bound in the uncontrolled intersection of the two streets. He reportedly struck the 1977 Ford driven by 25 - year - old Dennis Winsett of 1906 Hamilton traveling north in the 2100 block of Hamilton.

Winsett was not injured in the mishap. Gordzelik, however, was taken to Highland General Hospital by Metropolitan Ambulance where he was admitted to the Intensive Care Unit for facial lacerations and a possible concussion.

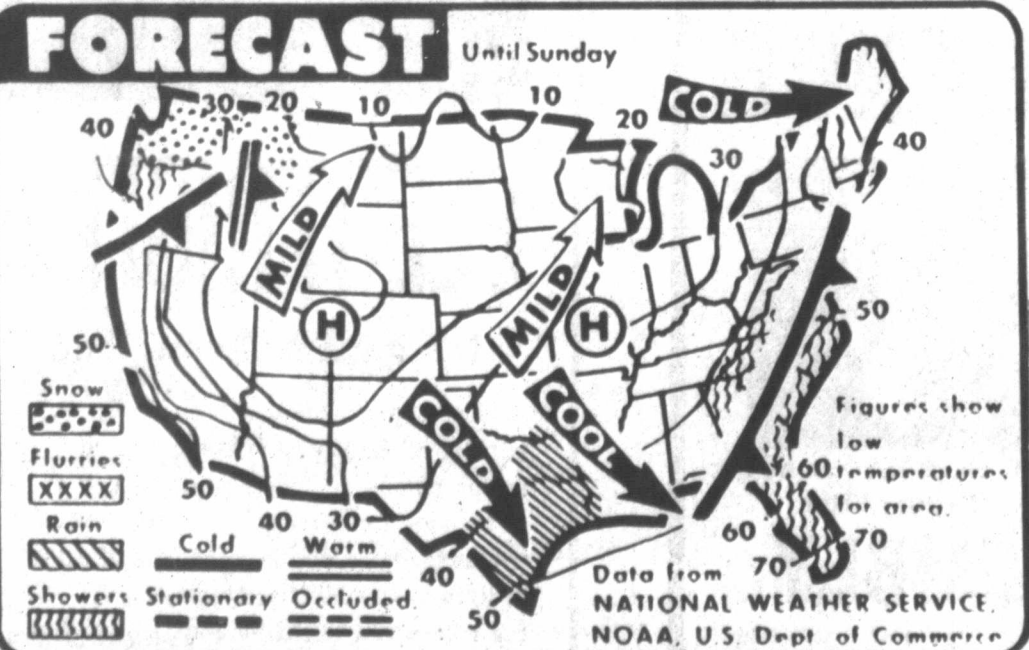

AN OLD CAMBODIAN WOMAN sleeps inside a refugee field hospital at Sa Kaew, Thailand, earlier this month. One might wonder what she dreams. (AP Laserphoto)

TEXAS

By The Associated Press
 Moist, cold clouds roll eastward across the state today, followed by an upper air disturbance which should hold temperatures in the 50s and 60s.
 Winds should be variable, less than 10 miles per hour, except in the western mountain passes, where they will gust southwesterly 15 to 20 miles per hour.
 Early morning temperatures ranged from near 20 in the western mountains and Panhandle to the upper 30s and 40s over the remainder of the state.
 Weathermen predict mostly cloudy skies in the northeast with increasing cloudiness in the south and decreasing cloudiness in the west.
 Rain is likely in the Rio Grande Valley with a few light showers possible in Central Texas. Highs today will range from the 50s northwest and west to the 60s south and low 70s extreme southeast.

TEXAS FORECAST

By The Associated Press
 North Texas
 Mostly cloudy and cool through Sunday. Occasional rain south and east portions tonight and Sunday possibly beginning southwest and south central portions late this afternoon. Highs this afternoon 55 to 60. Lows tonight 42 to 47. Highs Sunday 53 to 58.
 South Texas
 Increasing cloudiness all areas today with rain likely over lower Rio Grande Valley by afternoon. Scattered light rain developing Central Texas east of hill country and along mid and upper coast by late afternoon.

SNOW AND SHOWERS are forecast for parts of the nation today by The National Weather Service. (AP Laserphoto)

MILWAUKEE County's top administrator, County Executive William O'Donnell said he will wear a black armband, with an American flag attached, until U.S. hostages held in Iran are released and returned to American soil.

(AP Laserphoto)

U.S. black leaders reject Iranian plea for support

While some black leaders rejected Iran's plea for their support of the Islamic revolution, one civil rights leader called the invitation "a compliment" and said he would pledge support if Iranian leaders would invite blacks to negotiate the release of American hostages.

While 49 Americans remained captive at the U.S. Embassy in Tehran, Ayatollah Ruhollah Khomeini urged all Moslems and American blacks to rise and "join us in this struggle between the infidel and Islam."

Roy Innis, chairman of the Congress of Racial Equality, said Friday that support would be given if "black grass root leaders" were invited to negotiate the release of the hostages.

Innis said blacks would give Iranians "active support in the extradition of the shah and his billions stolen from the country" if they agreed to try deposed Shah Mohammad Reza Pahlavi in absentia. The shah has been undergoing cancer treatment in New York.

"The ayatollah recognizes the African American... as a potent force that should be recognized internationally," he said, adding CORE also sympathized with the hostages who have been held since Nov. 4 when students took over the embassy.

Other black leaders denounced Khomeini's call for their support as misguided. Georgia state Sen. Julian Bond called the ayatollah a "religious fanatic in his dotage."

Atlanta Mayor Maynard Jackson said Khomeini's statements are "convincing evidence of how sadly and perhaps tragically misinformed he is about our country."

"The American family stands united on this issue... Afro-Americans care for all American hostages in Iran, regardless of their race. Those hostages are first Americans. I stand with my country. The ayatollah is barking up the wrong tree," he said.

The Rev. Joseph Lowery, president of the Southern Christian Leadership Conference, rejected any call for violent action, saying the ayatollah "must understand that our struggle is committed to an end to violence in the world and our methods embrace nonviolent techniques."

Meanwhile, U.S. sales of dart boards bearing Khomeini's picture were reported brisk. And a Milwaukee County official urged residents to wear black armbands to show American "resolve and strength" in the face of the Iran crisis and the deaths of two Americans in Pakistan.

Budd Margolis of Cleveland said Friday that his company sold about 5,000 of the boards in the last two weeks for \$3.50 to \$6 each.

In Milwaukee, County Executive William O'Donnell began wearing a black armband and urged residents to do the same.

Parade marks homecoming

CAMBRIDGE SPRINGS, Pa. (AP) — With sirens blaring and signs proclaiming "Welcome Home, Kathy," this small town held a Main Street parade to celebrate the return of Kathy Gross from Iran.

"For as long as I've lived here, I never knew Cambridge Springs people were so great," a tearful Miss Gross said Friday at a reception in her honor. "I love you all. It's nice to be home."

Miss Gross, 22, was one of the 13 hostages at the U.S. Embassy in Iran to be released this week after more than two weeks of confinement by Iranian students who still command the embassy.

The embassy secretary rode through the rural community behind an ambulance, fire trucks and police cars. The procession ended at Alliance College, where Deputy Mayor Richard Mitchell presented her a bouquet of roses, state Rep. Tom Swift delivered a message from Gov. Dick Thornburgh and a pair of local ministers offered prayers of thanks.

Foam used to fight ship fire

GALVESTON, Texas (AP) — Firefighters poured foam on the tanker ship Burmah Agate to try to control the fire that has raged out of control for 23 days.

A spokesman for Burmah Oil Co., owner of the tanker, said the crew of the fireboat Hudson sprayed the foam into one of the flaming tanks Friday in an effort to isolate the blaze and make it easier to put out.

He said night fell before officials could tell whether the technique was working. But if it seemed to help and weather conditions permitted, the foaming would continue today, he said.

The tanker has been burning since Nov. 1, when it collided with the freighter Mimosa.

"I had a long speech ready," said Mitchell. "But I think I'll just welcome you back to Cambridge Springs. Everybody loves you."

Meanwhile, Elizabeth Montagne, another of the released hostages, returned to her suburban Chicago home Friday and said she planned to take a "nice long rest" and try to quit smoking, a habit she fell back into during the ordeal.

"I'm ecstatic. I'm elated. I couldn't be happier to be back," said Miss Montagne, 41, an embassy secretary.

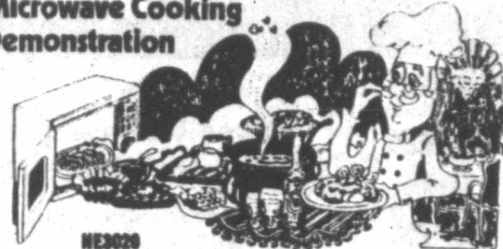

In Memphis, Tenn., freed hostage Ladell Maples arrived Friday on the last leg of his trip home to Earle, Ark. The 23-year-old Marine sergeant was greeted at the airport by a crowd of about 50 persons, including relatives and neighbors.

"Great. I feel just great," Maples said as reporters surrounded him.

All three declined to answer questions about conditions inside the embassy and other details of the ordeal.

Nationwide condominium boom sweeping across Texas

A nationwide trend away from apartments and expensive suburban housing has swept Texas in the form of a condominium boom.

Nowhere in the state has the trend been so pronounced as in Dallas, where apartment conversion and new condominium construction more than doubled in the past year.

Condominium consultant Sharon Reuler said that through the end of October, 3,063 condominium deeds had been filed in Dallas County, and 1,984 more condos were on the market. In 1978, 1,378 condominiums appeared in the city.

Since 1970, she said, 10,746 condos have been built and converted in Dallas.

In Houston, condominium conversions more than doubled in 1977 when 5,042 apartment units were converted, figures from the Greater Houston Builders Association show. Since 1970, 15,006 units have been converted. Through August of this year, however, only 1,194 were converted. No figures were available for condominium construction.

Conversion in Houston has leveled off because "all the properties suitable for conversion have already been converted," said Dr. Arthur Wright of the Texas Real Estate Research Center in College Station.

Condominiums, which were unheard of 10 years ago, have been built on a smaller scale in other Texas cities. But since "condomania" is a fairly new phenomenon, few figures are available.

The young, the single and the retired have made the move to condominiums because of relative low cost, low maintenance and proximity to work, Ms. Reuler said.

"A U.S. housing economist expects one-half of the U.S. population to be in condominium housing within 20 years. I think that in this region, that means any type of attached housing — townhouses, patio homes, low-maintenance housing, but not counting apartments," she said.

"What is happening is the attached housing market is the fastest-growing segment of the housing industry. What we're

seeing, really, is a literal explosion. There is very little mortgage money for single family housing, but there is mortgage money for condominiums, much of it with 95 percent financing."

Ms. Reuler said changes in the population and lifestyles have led to the condominium craze.

"There are so many one-and two-person households," Ms. Reuler said. "The population structure is getting older, staying healthier longer and living in their own homes longer."

"Young adults are deferring marriage or not marrying at all; they are deferring children or not having children at all. What you've got is an ever-increasing number of households, even if the population stays static."

The skyrocketing cost of land and the energy crisis have helped fuel the move toward low-maintenance homes in the city, she added.

Dallas' condominium explosion led to a July report by the city's Department of Urban Planning.

The department said conversions of apartments accounted for

80 percent of condominium units made available in 1978, and that 70 percent of those units had been sold by the end of the year.

Condominiums, however, accounted for only 4 percent of all "More and more the tenants' basic choices are to buy or move," the report said, adding tenants generally are given 90 days' notice.

It said tenants are "aggressively wooed" to buy their apartments, but called the pressure "an excellent marketing strategy."

The report conceded that tenants who choose to move may have difficulty finding a comparable replacement.

"This fact does not, however, mean that these tenants have been treated unfairly," the report said.

But the director of the Dallas County Tenants Association disagrees with that conclusion.

"The city's housing report on condominiums does not accurately reflect what's happening in Dallas," said Doris Masterson.

Burkhalter waits for verdict

BROWNSVILLE, Texas (AP) — Dr. Archie Herman Burkhalter propped up his feet in the plush library of one of his defense lawyers. Seated nearby were his brother and sister-in-law, O'Neil and Gloria Burkhalter of Pasadena, who testified in his behalf and stayed with him the last half of his attempted capital murder trial.

Across the street in the Cameron County Courts Building, four men and eight women began tackling more than 100 exhibits and tried to remember testimony from over 40 witnesses in the case.

At an undisclosed location under police protection, another man waited Wednesday to learn if Burkhalter would be convicted for allegedly trying to plot his death.

John Hensley had testified as a state witness against Burkhalter about the Feb. 15 South Padre Island shooting that took his eyesight and sense of smell.

Hensley's wife, who divorced Burkhalter less than a year before marrying the marine mechanic, also had testified to threats Burkhalter allegedly leveled against her husband before the shooting.

At 6 p.m. Wednesday, jurors were still deliberating when State District Judge Darrell Hester told them to take a long Thanksgiving weekend and return to court Monday morning.

Burkhalter's lawyer, Warren Burnett had thought the worst earlier Wednesday when he was summoned to court at 11:30 a.m.

"If that's a verdict, the doctor better be prepared to be here Monday (for sentencing)," Burnett said in an office across a courtyard from where Burkhalter waited.

Burnett, lawyers for co-defendant Scott Minnick and Assistant District Attorney Joe K. Hensley soon discovered the jury wanted to know what "corroborate" means. Hester had used the word in his charge to the jury and said he could not elaborate on it.

Hensley said he saw no foreboding of a mistrial or acquittal because of the long deliberations.

"It just means they (jurors) left at 10 minutes after 6 p.m.," he said when asked if the day-long deliberations signaled anything.

Burkhalter is accused of hiring Minnick, 21, and S.J. Wilburn to kill Hensley. Wilburn, Minnick's uncle, was convicted and sentenced to life imprisonment in the case.

Hensley said in closing arguments Burkhalter asked Wilburn to arrange the slaying while the ex-convict was in the doctor's Pasadena, Texas, hospital. The prosecutor charged Minnick was driving a specially equipped car that allowed Wilburn to fire through the trunk and shoot Hensley unseen.

Wilburn was arrested in the unusual red Cadillac. Minnick was stopped in a 1977 blue Cadillac Eldorado the state alleges was part of the payoff from Burkhalter.

Among documents in evidence in the trial are two photographs of John and Laurita Hensley. Mrs. Hensley said she mailed them to a prison inmate both she and her ex-husband visited.

Burkhalter saw the inmate after she mailed the photos, prison records show.

The photographs were found with some of Wilburn's letters and papers in a satchel briefcase that mysteriously appeared in a television reporter's car.

Burkhalter also faces kidnapping charges in the Oct. 24, 1978, alleged abduction of his former wife from her South Padre Island condominium to his hospital. The kidnapping trial was delayed after Hensley was shot.

The doctor earlier stood trial three times on a charge of arranging the Dec. 9, 1966, murder of Dr. Robert Pendleton, a partner in the ownership of the Pasadena Memorial Hospital. Burkhalter received a life sentence in a 1970 trial but the verdict was overturned on appeal. A 1974 trial ended in a mistrial and he was acquitted in a 1975 trial.

Pendleton was shot to death in the hospital. Robert Akridge, the alleged gunman in the slaying, received a life sentence in a separate trial.

COLLEGE in West Tex taper off. Agriculture report: that remains ad Dry west small grain many plant farmers ha Forage c state have and stepping are going Some go harvested and Centa harvested. Pannst

CHRIS 16 Inch Reg. \$4.

6 QU AUTOM

Cotton stippers are rolling in West Texas, High Plains

COLLEGE STATION, TEXAS (AP) — Cotton stippers are rolling in West Texas and the High Plains as harvest operations elsewhere taper off, says Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service. But he notes in his weekly crop report that sugar cane, soybean, vegetable and fruit harvesting remains active in the Rio Grande Valley.

Dry weather that has aided harvesters is dealing a severe blow to small grain crops planted for winter pasture in some areas, with many plantings that have failed to come up at Pfannstiel said. Some farmers have not planted small grains at all because of the drought.

Forage conditions on pastures and ranges in the western part of the state have declined rapidly, bringing an increase in livestock feeding and stepped-up culling of cow herds, he said. Many young calves also are going market as prices remain strong.

Some good yields of sorghum and sugar beets are also being harvested in the High Plains. Peanut harvesting is complete in East and Central Texas, with about 10 percent of the late crop still to be harvested in the Coastal Bend.

Pfannstiel said a bumper pecan crop continues to come in, and

while yields are excellent, quality is down in some areas due to dry weather.

Reports from district Extension agents showed the following conditions.

PANHANDLE: About 75 percent of the sorghum crop is out, and cotton harvesting is in full swing. Sugar beets are 60 percent harvested, and carrot harvesting continues in Deaf Smith County. Cattle are in good shape, with large numbers moving onto harvested grain fields to graze stubble.

SOUTH PLAINS: Cotton harvesting is peaking; turnout and micronaire are lower than normal. Harvesting of soybeans and sorghum is virtually complete. The sugar beet harvest is 80-90 percent complete; yields and sugar content are good. Irrigated wheat is making good progress. Stocker cattle are moving onto wheat and crop stubble.

ROLLING PLAINS: Cotton harvesting has been in full swing, with above-average yields of about a bale per acre. Rains early in the week will cause some delays, but should give a boost to wheat. Greenbugs are increasing in some fields. An excellent pecan harvest

is under way. Some ranchers have started limited supplemental feeding due to poor grazing.

NORTH CENTRAL: All field crops have been harvested except for a few fields of cotton. Wheat and oats are growing well but need rain. Pecan harvest is showing good yields. Fall calving and cattle marketing continues, with strong prices. Some cattle feeding has started.

NORTHEAST: Corn, sorghum and peanuts are harvested. About 10 percent of the cotton and soybean remain to be harvested. An excellent sweet potato crop is in. Prices are down for a record pecan yield. Some supplemental cattle feeding has started though grazing is good.

FAR WEST: Cotton harvesting continues, with good yields and grades. Some harvesting of red chili and carrots continues in western counties, and a bumper pecan harvest is making good progress. Wheat is fair but needs rain. Cattle are in good shape, with some supplemental feeding.

WEST CENTRAL: Cotton harvesting ranges from 25 to 100 percent complete. Yields are fair to good. Harvesting of an excellent pecan

crop continues. Wheat is growing slowly and range conditions are poor due to prolonged dry weather. Livestock feeding is active.

CENTRAL: All field crops are in, with cotton and peanut yields and quality good. Harvesting of a heavy pecan crop continues, but quality is down due to a late summer drought. Scattered rains should help small grains but more is needed. Livestock remain in good condition.

EAST: Harvesting of cotton, corn, sorghum and peanuts is virtually complete, with good yields. Pecan harvesting remains active. Wheat and oats are growing well but need rain. Forage and livestock are good, with fall calving heavy.

SOUTHEAST AND UPPER GULF COAST: Soybean harvesting is about complete with a good pecan harvest continuing. Land is being prepared for spring crops. Scattered rains will help small grain pastures. Livestock are in good condition, with average grazing.

SOUTH CENTRAL: All the cotton is in, with some gins running around the clock. The crop has been excellent, with some record yields. A few fields of peanuts are still out, and an excellent pecan harvest continues although quality is off. Rains should boost winter pastures.

SOUTHWEST: Extremely dry conditions continue, with livestock and wildlife losing condition due to lack of grazing. Harvesting of pecans and fall vegetables continues. Small grains are poor due to the dry weather. Ranchers are busy with livestock feeding and deer hunters.

COASTAL BEND: Soybean are harvested, with yields averaging 23 bushels per acre. About 10 percent of the late crop remains out, with good yields. A heavy pecan crop is 80 percent harvested.

Weekly oil report

HOUSTON (AP) — An internationally known geologist says there obviously is something drastically wrong with the system for opening U.S. offshore areas to oil and gas explorations.

"In a time of emergency we should know what resources in oil and gas we have in this vast domain and be able to make effective use of that knowledge," said Hollis P. Hedberg, professor emeritus at Princeton University.

"Yet we have done practically nothing. Our offshore may be rich in petroleum, or it may be poor; but we need to know, and to be able to act accordingly."

Hedberg said the total offshore area approximates 1.8 million square miles but, to date, less than 3 percent has ever been leased, let alone drilled.

He said the procedure of auctioning tiny 5,700-acre blocks with tremendous initial costs in bonus bidding is a painful piecemeal system that "is far too slow, too costly, too dimming of incentive and too generally ineffective, to meet the emergency of today."

As a supplement, Hedberg suggests blocks "on the order of millions of acres," blocks that would be offered to industry Consortiums, with, perhaps, participation by federal and state governments.

Hedberg discusses his "germ of an idea" in the second edition of AAPG Explorer, the new bi-monthly publication of the American Association of Petroleum Geologists.

"These blocks would be offered to industry Consortiums, without bonus payments, with rights of both exploration and exploitation, with suitable government royalties, and with such exploration commitments for each block as would seem necessary to assure conclusive results," he said.

"Provisions for tax benefits to offset unsuccessful ventures plus limitations to prevent excessive returns from successful ones would be in order."

Hedberg said the operational management would be by the Consortium, working under much the same sort of an arrangement as was used quite successfully by a consortium of companies in Iran in the 1950s.

"The members of a Consortium would each have equal shares and would be entities with requisite experience in offshore petroleum operations and willing and able to commit to the Consortium as openers 'X' million dollars for exploration over a specified period," he said.

Normally, he added, the members would be major oil companies or associations of smaller oil companies.

STEVE McDOUGALL (above), returning a 35-yard punt to a touchdown in Pampa's 17-0 victory over Palo Duro that propelled the Harvesters into the district championship game, is one of four starters returning to Coach Danny Palmer next season. Besides being a dangerous punt returner, the 160-pound junior was also a surehanded receiver

as he led the district in receiving with 25 catches for 388 yards. The Harvesters closed the 1979 season with a 6-4 record and runnerup to Amarillo High in 3-AAAA. Palmer said teamwork and enthusiasm were the main reasons the Harvesters had a winning season. "I'm looking forward to next year," he added.

(Photo by Larry Cross)

Pampa has successful season

The proof is in the pudding as the old saying goes, and Pampa Harvesters head football coach Danny Palmer and his coaching staff mixed just the right ingredients for a successful season.

The Harvesters logged a respectable 6-4 record, swept three straight District 3-AAAA games, and missed going to the state playoffs by a scant four points. Take into account that one victory was marred 28-7 over Dumas when Pampa had to forfeit after using an ineligible player.

"I think our record goes to show what young kids can do when they stick together and demonstrate loyalty to each other," Palmer said.

The Harvesters reeled off four wins in a row to open the season, defeating Hereford, 22-0; Dumas, 28-7; Altus, 15-7; and Borger, 26-0.

"It was a team effort every game," Palmer said. "One big thing that helped us was the fact that there was never any jealousy of any kind among the players. Every player right down to the sophomores had an unselfish attitude."

Pampa wiped out district foes Caprock, 34-13; Tascosa, 32-7; and Palo Duro, 17-0, to set up the championship meeting with Amarillo High.

The Harvesters led, 10-6, after three quarters, but a brilliant 32-yard touchdown run by Amarillo's Mark Mathiasmeier in the final minutes clinched the title for the Sandies, 13-10.

"Mathiasmeier made a beautiful run, but I felt we played well enough to win the game," Palmer pointed out. "We whipped Amarillo in every category, especially in maintaining field position."

Palmer said the emotional output of the Harvesters more than made up for any lack of physical talent, ticking off names like linebacker Monte Covalt, quarterback Greg Quarles and offensive guard Robbie Gee as just a few examples.

"These and many others were the type of people that made up our team," Palmer said. "They played with great enthusiasm."

Palmer faces a rebuilding situation next season since only four starters—two on offense and two on defense—return, but he feels the players coming back will respond to the challenge.

"We're going to be even smaller, but we can overcome that the same way we did this year," Palmer said. "We're going to have to develop our offensive and defensive line, which is going to be our off-season objective."

Beamon long jump still a mystery

STATE COLLEGE, Pa. (AP) — Scientists remain puzzled by a record-breaking leap at the 1968 Olympics in Mexico City — and want to guard against similar mysteries at the upcoming Moscow Games.

Bob Beamon's long jump of more than 29 feet broke the old world mark by nearly two feet in a sport where gains are usually measured in fractions of inches.

The achievement startled spectators and Beamon himself, whose longest jump since was a little short of 27 feet. And no competitor has come close to duplicating his Olympic feat.

"It was just one of those rare moments in sports, but we'll never know exactly what he did right because there were no scientific films made at the Olympics," said Dr. Richard C. Nelson, director of the Biomechanics Laboratory at Pennsylvania State University.

Nelson, a professor, heads the team of scientists planning to photograph movements of athletes in the Moscow Olympic Games in 1980.

"We'll be looking at selected biomedical components for each of the sport movements," Nelson said.

"Every sport has a specific biomedical profile. What we're trying to do is find out what it is that sets apart top contenders in each sport."

According to Nelson, general purpose films made at earlier Olympics were not suitable for biomedical analysis. The films did not capture the details needed to analyze athletes' movements, he said.

In the first project of its kind, Nelson's team will use sophisticated equipment to record four sports at the 1980 Games.

"We won't bother the athletes," Nelson said. "They'll never even know they're participating."

Working with Soviet scientists, the team will record competition in men's and women's gymnastics, diving, rowing and weightlifting.

"We still have some final decisions to make on placement of cameras, specific events to film and many logistical problems," Nelson said.

The project is sponsored by the U.S. Olympic Committee and the American College of Sports Medicine.

After analyzing the films, Nelson and his associates intend to publish four scientific volumes — one for each event. They also plan a practical manual for coaches and trainers, based on their findings.

"Too much of the research that has been done with Olympic athletes has been science for the scientists," Nelson said.

Wheeler advances with 14-13 win

MEMPHIS—Wheeler had to battle for its life Friday night, but the top-ranked Mustangs nudged Valley, 14-13, in a Class B district playoff game.

The difference in the game was a missed extra-point kick by Valley's Mike Dowd after James McNary's 62-yard touchdown run in the third quarter had pulled the Patriots within one, 14-13. Dowd's conversion try went under the goalposts.

That one-point deficit loomed bigger in the final quarter as Valley controlled the ball for only five plays.

Wheeler, last season's state Class B runnerup, started the scoring in the second quarter on Mike Evans' 30-yard run on an end-around play. Evans added the conversion kick.

Seven minutes later, Dowd knotted the score at 7-all on a 70-yard run and his PAT.

Wheeler's Willie Valencia broke the tie in the third quarter with a 13-yard scamper after a six-play drive that started on Valley's 25. Evans' kick gave the Mustangs a 14-7 lead.

Valley's defense proved tough to penetrate for Wheeler's normally potent offense. Mustang's Bennie Baker, who had rushed for 1,065 yards going into the contest, was limited to 90 yards with 62 coming in the second half. Valencia added 70 yards on 21 carries.

McNary was Valley's top rusher with 112 yards on 13 tries.

Valley closes its season with a 9-2 record while unbeaten Wheeler (11-0) advances to meet the winner of the Sterling City-Grand Falls Royalty at a site to be determined.

OU nips Nebraska

NORMAN, Okla. (AP) — Billy Sims rushed for 247 yards and set up both Oklahoma touchdowns and the Sooners defense choked off Nebraska's high-powered offense as the No. 8 Sooners eased to a 17-14 victory over the third-ranked Cornhuskers in their Big Eight football championship showdown.

Oklahoma, 10-1, will meet fifth-ranked Florida State in the Orange Bowl, while Nebraska, suffering its first defeat of the year, will play either Arkansas, Texas or Houston in the Cotton Bowl.

Sims, who had a 68-yard touchdown run nullified by a penalty in the first half, dashed 71 yards midway through the fourth period as the Sooners zipped 94 yards in only seven plays to take a 17-7 lead.

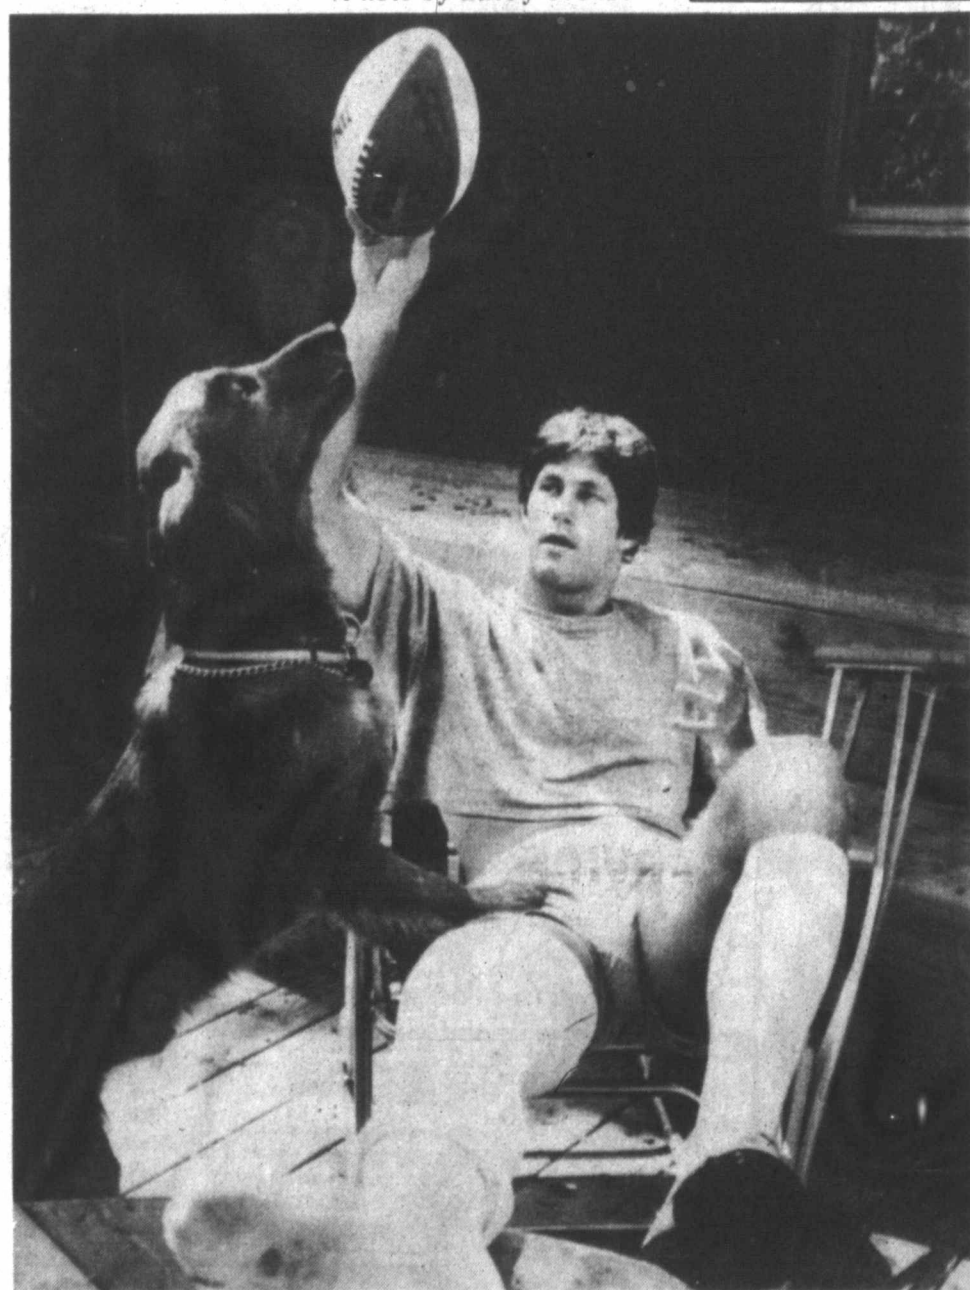

Sims, the 1978 Heisman Trophy winner, was pulled down at the 9. But with 7:55 left, quarterback J.C. Watts scored from the 3 on fourth down.

Nebraska, which entered the game with a 35.2-point scoring average, roared back downfield and closed the gap to 17-14 on a trick play.

After quarterback Jeff Quinn was sacked for an 8-yard loss to give the Huskers a third-and-14 crisis from the 15, right guard Randy Schlessener picked up an intentional fumble at Quinn's feet and rampled into the end zone.

Oklahoma was forced to punt on its next possession but Mike Babb intercepted a Quinn pass with 1:56 remaining to seal the victory.

Nebraska led 7-3 at the half on an 11-yard touchdown pass from Quinn to Jarvis Redwine. Oklahoma regained the lead in the third period.

DALLAS COWBOYS All-Pro safety Charlie Waters plays with his dog, Bear, at his Dallas home after his release from the hospital last August. Waters, whose season-long absence from the team because of a torn-up knee is hurting the Cowboys, warns that Dallas should not be written off yet. A few bad games, he claims, do not a season make.

(AP Laserphoto)

Tulane downs LSU

NEW ORLEANS (AP) — Tulane quarterback Roch Hontas threw for 259 yards and three touchdowns Saturday to lead 18th ranked, Liberty-Bowl-bound Tulane to a 24-13 victory over arch rival Louisiana State.

It was only the second time in 31 years that Tulane managed to whip LSU, and it was the last regular-season coaching appearance for Charles McClendon, head coach at LSU for 18 years.

LSU, 6-5, has a Tangerine Bowl date on Dec. 22, the same day that Tulane meets Penn State in the Liberty Bowl.

Hontas got all his team's touchdowns in the first half.

After completing a 16-yard pass to set up a 19-yard field goal by Ed Murray in the first quarter, Hontas hit three different receivers for the touchdowns.

LSU, held scoreless through the first three quarters, finally got on the boards on a 4-yard run by quarterback Dave Woodley midway through the final period.

A.J. "JAM" Jones, University of Texas back, hurdles fellow back Brad Beck (30) as he picks up yardage on a pitchout from quarterback Rick Melvor in the first period of their game with Baylor at Austin Saturday. Texas won, 13-0. (AP Laserphoto)

Texas blanks Baylor

AUSTIN, Texas (AP) — Sixth-ranked Texas' clawing defense, led by tackles Steve McMichael and Bill Acker, held Baylor to just two first downs and freshman quarterback Rick Melvor's passes to Johnny "Lam" Jones carried the Longhorns to a 13-0 Southwest Conference victory Saturday over the 17-ranked Bears.

Peach Bowl-bound Baylor could not make a first down in the first half and only crossed midfield twice in the game as the Longhorn defense frustrated quarterbacks Mike Brannon and Mickey Elam.

Texas, tied atop the SWC standings with Houston and Arkansas, struck for a touchdown on its first possession when Jones sneaked behind Howard Fields on a 54-yard pass-and-run scoring play.

However, the Longhorns lost their starting backfield to injuries when freshman Rodney Tate and sophomore A.J. "Jam" Jones were hurt. Neither returned to the game and Jones will be lost to Texas for the season.

Barefoot John Goodson's second-half field goals of 44 and 42 yards were all the points the Longhorns could cash despite excellent game-long field position on this rainy day with temperatures in the 50s.

Baylor did not get a first down until :54 deep into the third quarter. The Bears crossed midfield for the first time in the fourth quarter on a 29-yard Brannon to Bo Taylor pass. However, All-America safety Johnnie Johnson intercepted Brannon to end the only Baylor threat.

Texas is now 9-1 overall and 6-1 in the SWC. Baylor, which plays Clemson Dec. 31 in the Peach Bowl, is 7-4 and 5-3.

Lam Jones broke a school receiving record by catching eight passes for 198 yards. The old record was 162 on six catches in 1949 by Ben Proctor against TCU.

He also established a new career yardage receiving record for Texas.

Baylor's offense could only manage 18 total yards in the first half, 14 of them rushing.

Baylor, which went into the game leading the conference in touchdowns with 20, never got beyond its own 35-yard line in the first half.

The deepest penetration they had for the game was to the Longhorn 28 before Johnson's interception.

Texas got inside Baylor's 40-yard line four times without scoring and penetrated to the Baylor 17 and 2-yard lines without benefit.

The Longhorns were stopped on fourth and inches two times by the Bears, once at the 17-yard line when Joe Campbell made the tackle and another time at the 2 when Thomas Earl Young was on the stop.

Lam Jones' receiving yardage was the most ever against a Baylor team.

Baylor	0	0	0	0	0

We lessen the concern

We can't diminish the sense of loss that accompanies a death in the family, but we can lessen the burden of making funeral arrangements. Our experienced staff will handle all the details and closely follow your wishes in time of need.

Carmichael & Whitley
FUNERAL DIRECTORS

No. 23 retired

AUSTIN, Texas (AP) — The University of Texas retired Heisman Trophy winner Earl Campbell's No. 20 jersey Saturday before the kickoff of the Texas-Baylor Southwest Conference game.

It was the first time in the school's football history that it had retired the jersey of a player.

Campbell is now an All-Pro running back for the Houston Oilers of the National Football League.

On hand for the ceremonies were his old high school coach, Corky Nelson of Tyler, who is now an assistant coach at Baylor, and Athletic Director Darrell Royal, who recruited Campbell for Texas.

Final district statistics released

Final District 3-AAAA football statistics were released this week with Pampa finishing runnerup to Amarillo High in both total offense and defense.

The battle for the team offensive title went right down to the championship tilt between Pampa and Amarillo with the Harvesters being edged out in both the score, 13-10, and overall yardage (2785-2643) for the season.

Defensively, Pampa yielded 1983 yards compared to 1437 for Amarillo.

Amarillo was the least penalized team (30-310 yards) while Pampa wound up next to the bottom with 48 infractions for 510 yards.

The two clubs also dominated most of the individual statistics.

Pampa's Steve McDougall, who led the district in receiving all season long, finished on top with 25 receptions for 388 yards and one touchdown.

Harvester fullback Doug Kennedy rushed for 851 yards to place second behind Amarillo's Mark Mathiasmeier (939) in groundgaining. Pampa quarterback Greg Quarles was No. 2 on the passing charts with a 47.8 percentage of completions.

In a district loaded with talented toes, Pampa's Brian Williams was fourth in punting with a 35.7 yard average per kick, but his 64-yard punt was the longest of the season.

Out of four field goals registered, Pampa's Billy Grimes booted two of them. Amarillo High's Kyde Eddleman had the other pair.

Final statistics are listed below:

Total Offense	Total Defense
Amarillo: 2315 rushing, 470 passing, 2785 total, 309 average.	Pampa: 1809 rushing, 834 passing, 2643 total, 293 average.
Tascosa: 1866 rushing, 517 passing, 2383 total, 238 average.	Caprock: 1313 rushing, 535 passing, 1848 total, 205 average.

Palo Duro: 681 rushing, 1123 passing, 1802 total, 200 average.

Total Defense
Amarillo: 656 rushing, 781 passing, 1437 total, 159 average.

Pampa: 1307 rushing, 676 passing, 1983 total, 220 average.

Palo Duro: 1856 rushing, 488 passing, 2344 total, 260 average.

Tascosa: 2134 rushing, 665 passing, 2799 total, 280 average.

Caprock: 2011 rushing, 572 rushing, 2583 total, 287 average.

Penalties
Amarillo, 30-310 yards; Palo Duro, 48-437 yards; Tascosa, 43-470 yards; Pampa, 48-510 yards; Caprock, 48-532 yards.

Individual Statistics
Rushing
Mark Mathiasmeier, Amarillo High: 149 carries, 939 yards, 6.3 average, 11 TDs.

Doug Kennedy, Pampa: 145 carries, 851 yards, 5.8 average, 5 TDs.

Wade Hunt, Tascosa: 164 carries, 829 yards, 5.0 average, 3 TDs.

Bobby Short, Caprock: 187 carries, 813 yards, 4.3 average, 3 TDs.

Ty Richmond, Amarillo High: 130 carries, 682 yards, 5.2 average, 3 TDs.

Robert Jenkins, Palo Duro: 103 carries, 405 yards, 3.9 average, 3 TDs.

Shane LaDuke, Amarillo High: 75 carries, 402 yards, 5.3 average, 1 TD.

Mark Carroll, Caprock: 90 carries, 314 yards, 3.5 average, 6 TDs.

Ricky Hunt, Tascosa: 74 carries, 300 yards, 4.0 average, 0 TDs.

Brent Dreyer, Tascosa: 74 carries, 284 yards, 3.8 average, 0 TDs.

Passing
(based on 30 attempts)
Jeff Lamb, Amarillo High: 33-66, 445 yards, 5 TDs, 2 interceptions, 84.3 rating.

Greg Quarles, Pampa: 45-102, 595 yards, 4 TDs, 7 interceptions, 47.8 rating.

Ted Anthony, Palo Duro: 50-145, 972 yards, 4 TDs, 9 interceptions, 41.9 rating.

Sid Felton, Caprock: 34-79, 489 yards, 3 TDs, 10 interceptions, 36.8 rating.

Kevin Leutkahans, Tascosa: 24-71, 415 yards, 2 TDs, 6 interceptions, 28.9 rating.

Receiving
Steve McDougall, Pampa: 25 catches, 388 yards, 15.5 average, 1 TD.

Troy Smith, Palo Duro: 18 catches, 269 yards, 14.9 average, 3 TDs.

Mike Wafford, Palo Duro: 15 catches, 475 yards, 31.6 average, 1 TD.

Jim Rifenberg, Amarillo High: 14 catches, 162 yards, 11.5 average, 2 TDs.

Kennan Henderson, Pampa: 12 catches, 157 yards, 13.1 average, 3 TDs.

Punting
Kevin Leutkahans, Tascosa: 50 punts, 1896 yards, 37.9 average, 56 yards longest.

Ty Richmond, Amarillo High: 23 punts, 849 yards, 36.5 average, 55 yards longest.

Steve Sena, Caprock: 55 punts, 1998 yards, 36.3 average, 58 yards longest.

Brian Williams, Pampa: 33 punts, 1178 yards, 35.7 average, 64 yards longest.

Ted Anthony, Palo Duro: 42 punts, 1338 yards, 31.8 average, 48 yards longest.

Scoring
Mark Mathiasmeier, Amarillo High, 68 points; Mark Carroll, Caprock, 44 points; Bobby Dorsey, Pampa, 36 points; Doug Kennedy, Pampa, 30 points; Robert Jenkins, Palo Duro, 24 points; Wade Hunt, Tascosa, 24 points; Troy Johnson, Tascosa, 22 points; Steve McDougall, Pampa, 22 points; Kyde Eddleman, Amarillo High, 22 points; Greg Quarles, Pampa, 20 points.

USC's CHARLES White runs 26 yards for the fourth touchdown in the first half against UCLA's Tom Sullivan (32) in Los Angeles Saturday. USC

Trojans clinch Rose Bowl

LOS ANGELES (AP) — Southern Cal tailback Charles White ran for 194 yards and four touchdowns Saturday as the fourth-ranked Trojans won the Pacific-10 Conference football championship and a Rose Bowl berth with a 49-14 victory over the UCLA Bruins.

Now 6-0-1 in the Pac-10 and 10-0-1 overall, Southern Cal will meet Big Ten champion Ohio State in the Rose Bowl on New Year's Day, Washington, with a revised 6-1 Pac-10 record after Arizona State's victories were forfeited, would have gone to the Rose Bowl if the Trojans had lost to UCLA.

White, the nation's leading rusher this season, carried 35 times and scored on runs of 2, 1, 26 and 2 yards. Southern Cal's other touchdowns came on a 30-yard pass interception return by Ronnie Lott, a 5-yard scoring pass from quarterback Paul McDonald to tight end Vic Rakhshani and a 54-yard run by reserve tailback Michael Hayes.

The Trojans took command of the contest in the first quarter, as White tallied his first touchdown with 2:05 left in the period and Lott picked off a pass thrown by freshman UCLA quarterback Tom Ramsey and ran it in to make it 14-0 just 40 seconds later.

won, 49-14, and will meet Ohio State in the Rose Bowl.

Wilson sets Free throws doom Pampa Saturday

SAN DIEGO, Calif. (AP) — Senior quarterback Marc Wilson fired first-half touchdown strikes of 25, 42, 57 and 47 yards and set two NCAA single-season passing records as 10th-ranked Brigham Young University smashed San Diego State 63-14 Saturday.

The victory in the nationally televised Western Athletic Conference football game produced BYU's first undefeated season and propelled the Cougars into the Holiday Bowl on Dec. 21 against Indiana of the Big Ten Conference.

Wilson's efforts gave him 3,720 yards passing with the season and 3,604 yards in total offense, breaking the 1965 marks set by Bill Anderson of Tulsa.

The Cougars finished the regular season with an 11-0 record and were 7-0 in the WAC. San Diego State, suffering its worst loss since 1960, contributed to its demise by turning the ball over seven times. The Aztecs finished their season with a 5-2 WAC record and an 8-3 overall mark.

The 6-foot-5 Wilson was denied his 10th straight 300-yard passing game because of the one-sided score. He left the game late in the third quarter with the score 56-7 and wound up with 13 completions in 23 attempts for 278 yards and four touchdowns.

HEREFORD-Pampa fell to Hereford, 65-61, Saturday night in basketball action as three foul shots in the closing minute doomed the Harvesters.

The Harvesters trailed the entire game, but came within three points before Hereford sank the free throws.

Pampa's Kyle Bradford and Hereford's Suarz tied for game-scoring honors with 18 points. Ronnie Faggins was the only other double-figure scorer for the Harvesters with 11 points. Jim Agan added 9 points while Joe Jeffers and Steve Glover had 8 points each. Cedrick Parker had 6, and Jay Henson, 2.

Pampa's cause was hurt in the fourth quarter when Parker, a big man on the boards, fouled out. Faggins topped Pampa in rebounding with 15.

Hereford led, 17-12, at the end of the first quarter and then stretched the lead to 13, 29-16, at intermission.

In the preliminaries, Pampa lost both the junior varsity game, 42-40, and the sophomore contest, 46-29.

Pampa's home opener is scheduled for 7:30 p.m. Tuesday night when the Harvesters entertain top-ranked Clovis.

National Finals rodeo opens Dec. 1 in OKC

COLORADO SPRINGS, Colo. — The National Finals Rodeo opens Dec. 1 in Oklahoma City with 10 rounds of pro action in the Myriad Convention Center.

This year the NFR is offering the largest purse in rodeo history \$450,000.

Once again, the Hesston Corporation will sponsor the national telecast of the final round at the National Finals. The telecast will air in most areas Dec. 12 before an audience of more than 20 million.

Viewers will see the determination of the 1979 PRCA World Championships in seven events and the all-around category. World titles in the PRCA are determined by season winnings—including the National Finals, which is open to only the top 15 money winners for the season to date.

The 1979 PRCA World All-Around title is closer than any in recent years as the defending PRCA champion Tom Ferguson of Miami, Okla. leads Paul Tierney by a mere \$71. Ferguson has won \$86,272 to Tierney's \$86,201, entering the National Finals.

Tierney of Rapid City, South Dakota trailed Ferguson all season until the mid-October run through Dallas, Portland, Ore., Billings, Mont., and finally, San Francisco. Tierney caught Ferguson at Dallas and took a slim lead to San Francisco, where the Oklahoman regained the slim lead he presently owns.

Oregonian Doug Brown of Silverton has a remote shot at the PRCA all-around, but he trails by \$25,000 with only the National Finals. He could win \$30,000 there.

Weaver scores decision

BLOOMINGTON, Minn. (AP) — Mike Weaver connected early in the fight and finished it off dancing on his toes as he scored a unanimous 12-round decision over hometown favorite Scott LeDoux in a nationally televised heavyweight bout Saturday.

The victory enabled Weaver to retain his U.S. Boxing Association championship. Weaver, 19-9, now ranks as the leading challenger for a title shot against World Boxing Council champion Larry Holmes.

Weaver, who had knocked out six of his previous seven opponents, fought a more conservative fight than LeDoux, 25-8-4. Instead, the Los Angeles fighter opted to box the wild-swinging LeDoux, and his strategy worked. He opened up a cut on LeDoux's chin midway through the first round, then opened another cut on the bridge of LeDoux's nose in the fifth round.

There were no knockdowns. LeDoux, who bled through most of the match, looked increasingly weary as he tried for a quick end to the fight. He moved in with a swinging overhand right, which Weaver admitted stung in the early rounds.

But as the match progressed, the tiring LeDoux hit nothing but air with more and more of his roundhouse punches.

Weaver, meanwhile, concentrated on body punches. He also connected with a stinging left jab.

Not unexpectedly, both fighters expressed surprise at the judging.

Aggies turn miscues into 30-7 rout

FORT WORTH, Texas (AP) — Texas A&M turned a blocked field goal and a fumble into third quarter touchdowns and exploded for a 30-7 Southwest Conference victory over Texas Christian Saturday afternoon.

Trailing only 2-0, TCU tried to gain the lead early in the third quarter on a 39-yard field goal try by Greg Porter. But 6-foot-4, 233-pound defensive tackle Mack Moore blocked the kick and fell on it 18 yards farther up field, giving the Aggies possession near mid-field.

David Beal, who took over at quarterback after an ineffective first half by starter Mike Mosley, took the Aggies 53 yards in 13 plays, getting the touchdown himself on a one-yard run.

Less than a minute later, Aggie linebacker Cal Peveco stripped TCU running back Jimmy Allen of the ball and linebacker Mike Little recovered for A&M at the TCU 1-yard line. Fullback David Hill rammed the line three straight times, finally getting in for the score.

Beal hit split end Mike Whitwell for passes of 7 and 4 yards for the Aggies' third and fourth touchdowns.

Mosley lost a fumble and was intercepted at the TCU 3 and the TCU 20 in the first half. But the Aggies took a 2-0 lead in the first quarter when Horned Frog quarterback Kevin Haney fumbled in his end zone for a safety.

TCU scored on a 26-yard pass from third team quarterback Ruben Jones to Phillip Epps with 1 second left in the game.

The win raised A&M's record to 5-5 for

the year and 3-4 in SWC play with one game remaining, against Texas. TCU fell to close its season at 2-8-1, with a 1-6-1 league slate.

Two freshmen led the Aggie running attack, with Johnny Hecton picking up 68 yards on 20 carries and Earnest Jackson gaining 40 yards on seven carries. Haney had 27 yards rushing for TCU.

Beal hit six of 10 passes for 34 yards, with Mosley hitting three of seven for 37 yards in the first half.

The Aggie defense sacked TCU quarterbacks six times, with defensive end Jacob Green and linebacker Doug Carr being credited with two sacks apiece.

Although nobody could mount a serious threat the first half, punters David Appleby of A&M and Cameron Young of TCU kicked well enough that neither team ever took over in good field position.

Midway through the first quarter, TCU let Appleby's punt hit at the 30, and a horde of Aggies surrounded the ball as it bounced downfield to the 1, where they killed it.

Haney gained nothing on a quarterback sneak, his first carry, then bobbled the snap the next play, falling on the ball in the end zone for an A&M safety.

An earlier fumble by Haney spoiled the Horned Frogs only scoring opportunity of the first half. Craig Richardson's 13-yard punt return gave TCU possession at its 46. Mostly on carries by Allen, the Frogs moved to the Aggie 29 in five plays. But a fumble on the snap forced TCU to try a 47-yard field goal, which Porter just missed.

With just a minute left in the first half,

Aggie safety John Dawson tackled Haney, causing a fumble after a 5-yard gain to the TCU 23, and defensive tackle Artis James fell on the ball for the Aggies.

But to the loud boos of A&M fans, officials ruled the whistle had already blown, and A&M led only 2-0 at the half.

Mavericks stomp ISU

ARLINGTON, Texas (AP) — Idaho State coach Bud Hake announced his resignation Saturday afternoon, after watching the Texas-Arlington Mavericks dismantle his Bengals 48-0 in a non-conference game Saturday afternoon.

The Mavericks rolled up 471 yards total offense with 14 different players running with the ball, three catching it and five scoring with it.

Running back Phillips Jessie ran for two touchdowns, quarterback Roy Dewalt got one by land and one by air, defensive backs Chris Middleton and Melvin Iknor returned interceptions for scores and kicker Brian Happel had two field goals and six of six extra points.

While UTA was running wild, the Bengals could manage just 66 yards total offense, 46 of it on the ground, and gave the ball away seven times on two lost fumbles and five interceptions.

The win was the sixth in a row for UTA, which closed its season with a 9-2 record. Idaho State dropped its 16th in a row.

Jam lost for rest of year

AUSTIN, Texas (AP) — Texas sophomore running back A.J. "Jam" Jones, who had averaged 107 yards per game, was lost for the season Saturday in the second quarter of the Texas-Baylor Southwest Conference game with a knee injury.

Texas also lost freshman running back Rodney Tate with a shoulder injury and it was not determined how many games he would miss.

Both Jones and Tate were starters.

MOHAMED SALIEH SULONG, tells newsmen how he escaped from the Great Mosque in Mecca after it was attacked by gunmen this week. (AP Laser photo)

Britain recalls ambassador to Zambia after protests

LUSAKA, Zambia (AP) — Britain has recalled its ambassador after two days of protests at the British Embassy by thousands of Zambian students enraged by his denial of British responsibility for Zimbabwe Rhodesian attacks on Zambia.

Roaring mobs of University of Zambia students, enraged by Sir Leonard Allinson's denial, staged angry protests at the embassy on Thursday and Friday. The demonstrators pelted the embassy with stones, smashing windows, but no injuries were reported.

During Friday's protest, organizers with loudspeakers egged on the demonstrators with shouts of "Britons Go Home!" "White Pigs!" and "We demand the British Ambassador now!"

In New York, the U.N. Security Council Friday night condemned Zimbabwe Rhodesia's cross-border strikes and called on Britain, the administrative authority for the break-away colony, to stop them.

Britain, which has veto power as a permanent member of the council, said it went along with the resolution to avoid jeopardizing

the London peace conference aimed at arranging independence for Zimbabwe Rhodesia and ending the seven-year war by guerrillas opposed to the Salisbury regime.

The 15-member council adopted the resolution by consensus and did not put it to a formal vote.

Zambia had demanded the urgent council session to protest a series of attacks by Zimbabwe Rhodesian forces in October and November against road and rail routes linking the landlocked southern African nation with the outside world. Zambia came under attack because it shelters some of the black nationalist guerrillas fighting the Zimbabwe Rhodesia government.

Last Tuesday, Zambian President Kenneth Kaunda claimed Britain was responsible for the death and destruction caused by the attacks. Britain was the colonial power in Rhodesia before its white-minority regime broke with London in 1965 to head off a shift to black-majority rule. Britain is now negotiating formal independence with the bi-racial government, elected there earlier this year.

Allinson denied his nation was to blame. Kaunda accused Allinson of "diplomatic misconduct" for immediately rejecting Zambia's claim instead of forwarding Kaunda's demand for compensation to London.

Shortly after Friday's demonstration, the Foreign Office in London said Allinson was returning to London for an indefinite period "to review recent developments affecting British-Zambian relations." It did not say where Allinson was, what arrangements had been made to get him home or if other embassy employees would be leaving.

"What you have done yesterday and this morning should show the British government that that man (Allinson) can't operate here anymore," Kaunda told an estimated 2,000 youths at the State House after Friday's protest.

At the United Nations, British Ambassador Sir Anthony Parson said his country backed the resolution even though it regarded it as one-sided and intemperate in some of its language.

Heavy fighting continues around Great Mosque at Mecca

RIYADH, Saudi Arabia (AP) — Bloody fighting between Saudi government forces and invaders of the Great Mosque at Mecca apparently was continuing today with the possibility of heavy casualties on both sides, informed sources said here.

However, the sources, who did not want to be identified, said they were receiving conflicting reports on the situation at the mosque, the most holy shrine in the Moslem world. It was stormed Tuesday, the first day of the Islamic 15th century, by Moslem invaders whose identity is still not clear.

What did seem certain, the sources said, was that although the Saudi government has been giving assurances for several days that the situation was under control, the invaders still occupy major portions of the mosque, said to be about three times the size of 57,000-seat Yankee Stadium in New York.

They quoted a Saudi official as saying casualties have been heavy on both sides. But they said nearby hospitals reported they had not received any wounded from the battle area.

One Saudi report today said 200 of the invaders had been killed, but the informed sources tended to discount that as being exaggerated.

Travelers returning Friday night to Cairo from Mecca confirmed the fighting was continuing and said the city of Mecca, which only Moslems may visit, was under a virtual state of martial law.

"Gunshots can be heard at a distance of one to three miles," said a Jordanian engineer who has worked in Mecca for five years.

He said the whole area was without water and electricity and that hundreds of inhabitants from around the mosque had been evacuated.

Another man who wanted to be identified only as a Saudi merchant

said: "Saudi army tanks and trucks are everywhere. They have cordoned off the whole area and some of the soldiers said they would shoot anyone approaching the region. They said the warning was for our own safety."

The informed sources in Riyadh said they understood that the Saudis were using armored personnel carriers in the attempt to re-take the mosque.

They said one reason the mosque has not yet been completely retaken is that the Saudis wish to minimize damage to the mosque, a vast courtyard enclosed by colonnades. In its center stands the kaaba, the cubical black structure to which devout Moslems around the world bow during their prayers five times a day.

Killer quake hits Colombia

BOGOTA, Colombia (AP) — A powerful earthquake that shook the mountain cities and towns of western Colombia has killed at least 35 persons, injured more than 400 and toppled scores of buildings, authorities reported.

The Rev. Jesus Emilio Ramirez, director of the Geophysical Institute of the Andes, said the Friday evening quake "was the strongest recorded in Colombia in the past 20 years."

He said the quake was centered off the coast in the Pacific between Colombia and Panama. If it had been inland, he said, it would have destroyed whole cities.

The National Earthquake Center in Golden, Colo., said the quake struck at 6:40 p.m. EST and measured 6.4 on the Richter scale, putting it in the class of a tremor capable of causing severe damage.

Red Cross officials said the 90-second tremor pummeled a 350-mile belt along the western slope of the Andes mountains, leaving about 50 cities and towns without power.

Hardest hit was Pereira, a city of about 250,000 some 100 miles west of Bogota, the capital. The Red Cross said 20 persons were killed in Pereira and its suburbs and more than 100 were injured. Most of the casualties were blamed on falling buildings.

Police Col. Luis Francisco Ospina said at least six persons were killed and more than 70 injured in the towns of Cali, Sevilla Trujillo and Ansermanuevo, all south of Pereira.

Hundreds of residents of Bogota, a city of 5 million, rushed into the streets in panic as buildings swayed, walls cracked and power failed briefly. No deaths were immediately reported in the capital.

The Richter scale is a measure of ground motion as recorded on seismographs. Every increase of one number means a tenfold increase in magnitude. Thus a reading of 7.5 reflects an earthquake 10 times stronger than one of 6.5.

An earthquake of 3.5 on the Richter scale can cause slight damage in the local area, 4 moderate damage, 5 considerable damage, 6 severe damage, 7 a "major" earthquake, capable of widespread heavy damage, 8 is a "great" quake, capable of tremendous damage.

The San Francisco earthquake of 1906, which occurred before the Richter scale was devised, has been estimated at 8.3 on the Richter scale.

35 refugees die after boat sinks

KUALA LUMPUR, Malaysia (AP) — Thirty-five Vietnamese refugees died when their boat broke up in rough waters in the South China Sea near the Malaysian port of Kuala Trengganu, police said today.

Some of the 90 Vietnamese who swam ashore told police there were at total of 125 refugees on the wooden boat which was swept ashore after breaking up Thursday evening about 180 miles northeast of this Malaysian capital.

Police said 10 bodies were washed ashore and have been buried — two men, three women and five children. The other 25 are missing and presumed drowned.

There are about 36,000 Vietnamese refugees awaiting resettlement from Malaysian camps, down from a peak of 76,500 in mid-June.

Meanwhile, relief officials in Thailand said today they would continue the evacuation of Cambodian refugees from camps near the Thai-Cambodian border to a new settlement deeper inside Thailand despite the reluctance of some armed Cambodian refugee leaders to move.

A spokesman for the U.N. High Commissioner for Refugees said so far only 15,000 Cambodians have been resettled in the newly built camp, seven miles from the border, in the evacuation which began Wednesday.

Thai and international relief officials had earlier hoped to move about 15,000 Cambodians into safer areas inside Thailand each day. They hoped as many as 200,000 would come to the new camp.

Basketball season begins

The past several weeks have been busy ones for Garland Nichols and the Pampa Harvesters basketball team.

Nichols and his Harvester cagers toiled countless hours in preparation for the 1979-80 season, and the hard work paid off in the very first game with a 53-44 victory over Perryton.

"We're not going to be as tall as most of the teams we play this year, but these guys have the right attitude and lots of enthusiasm," Nichols said. "That's what I like to see more than anything else."

Nichols is asking the fans to get behind the Harvesters because they face a tough schedule this season. For example, the first home game pits Pampa against Clovis, New Mexico, defending state champions, and ranked No. 1 again in pre-season polls.

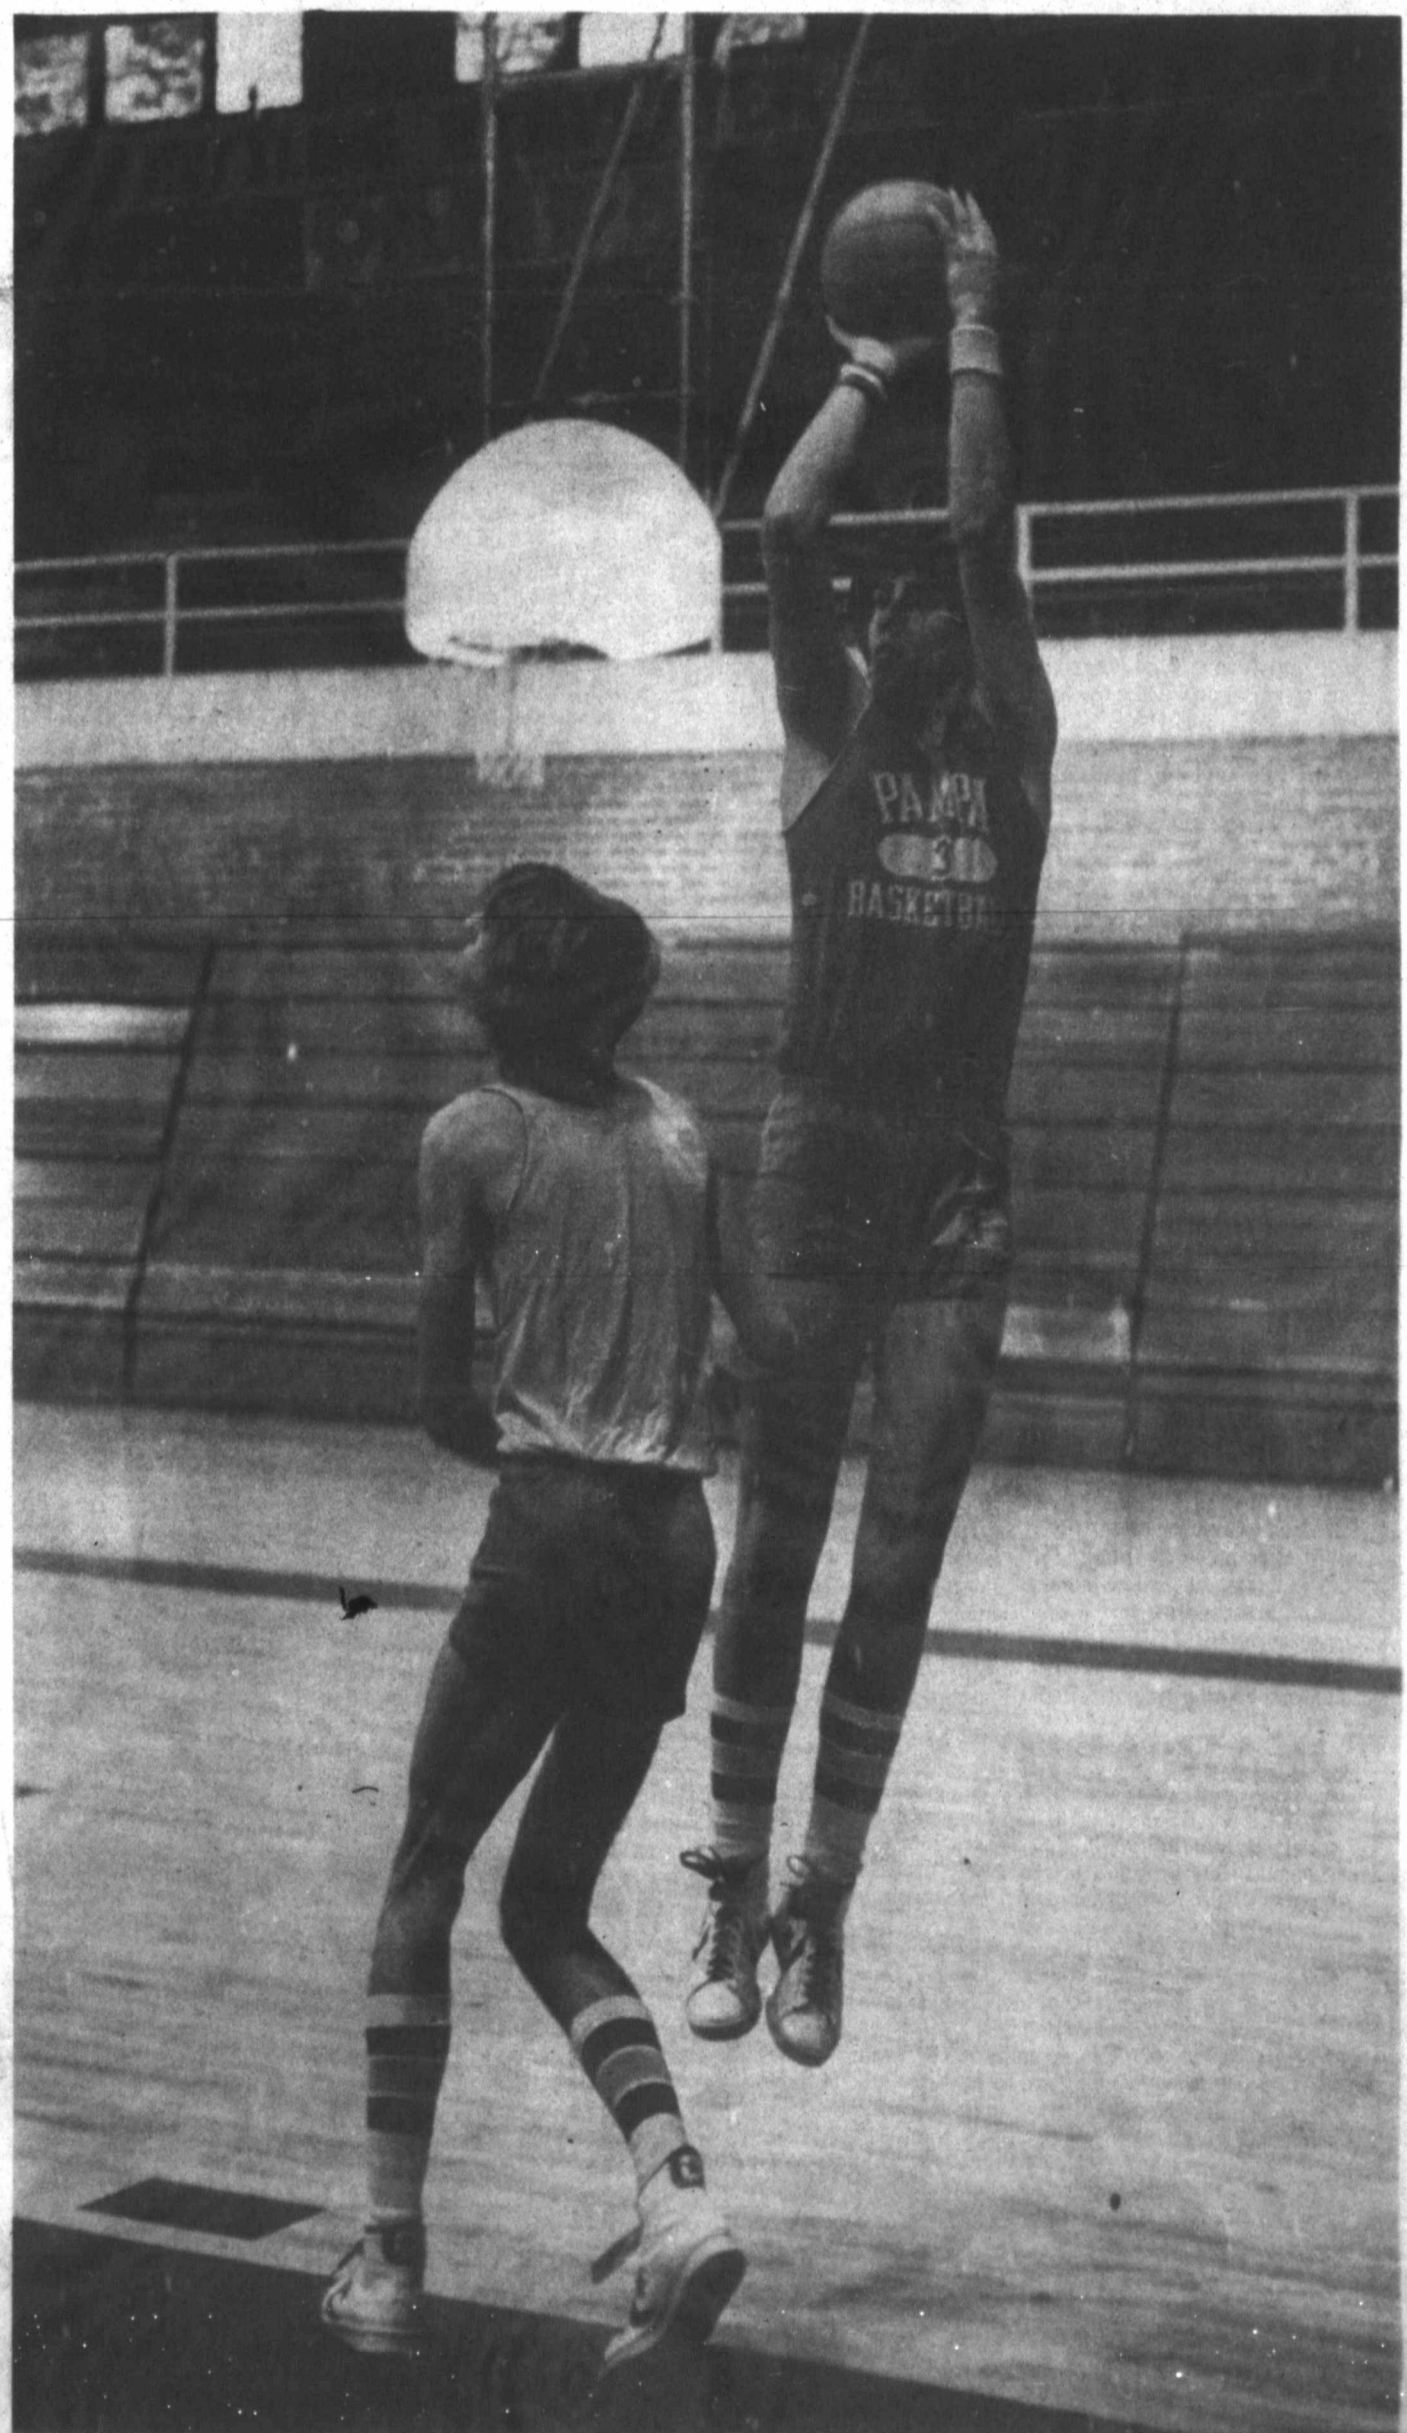

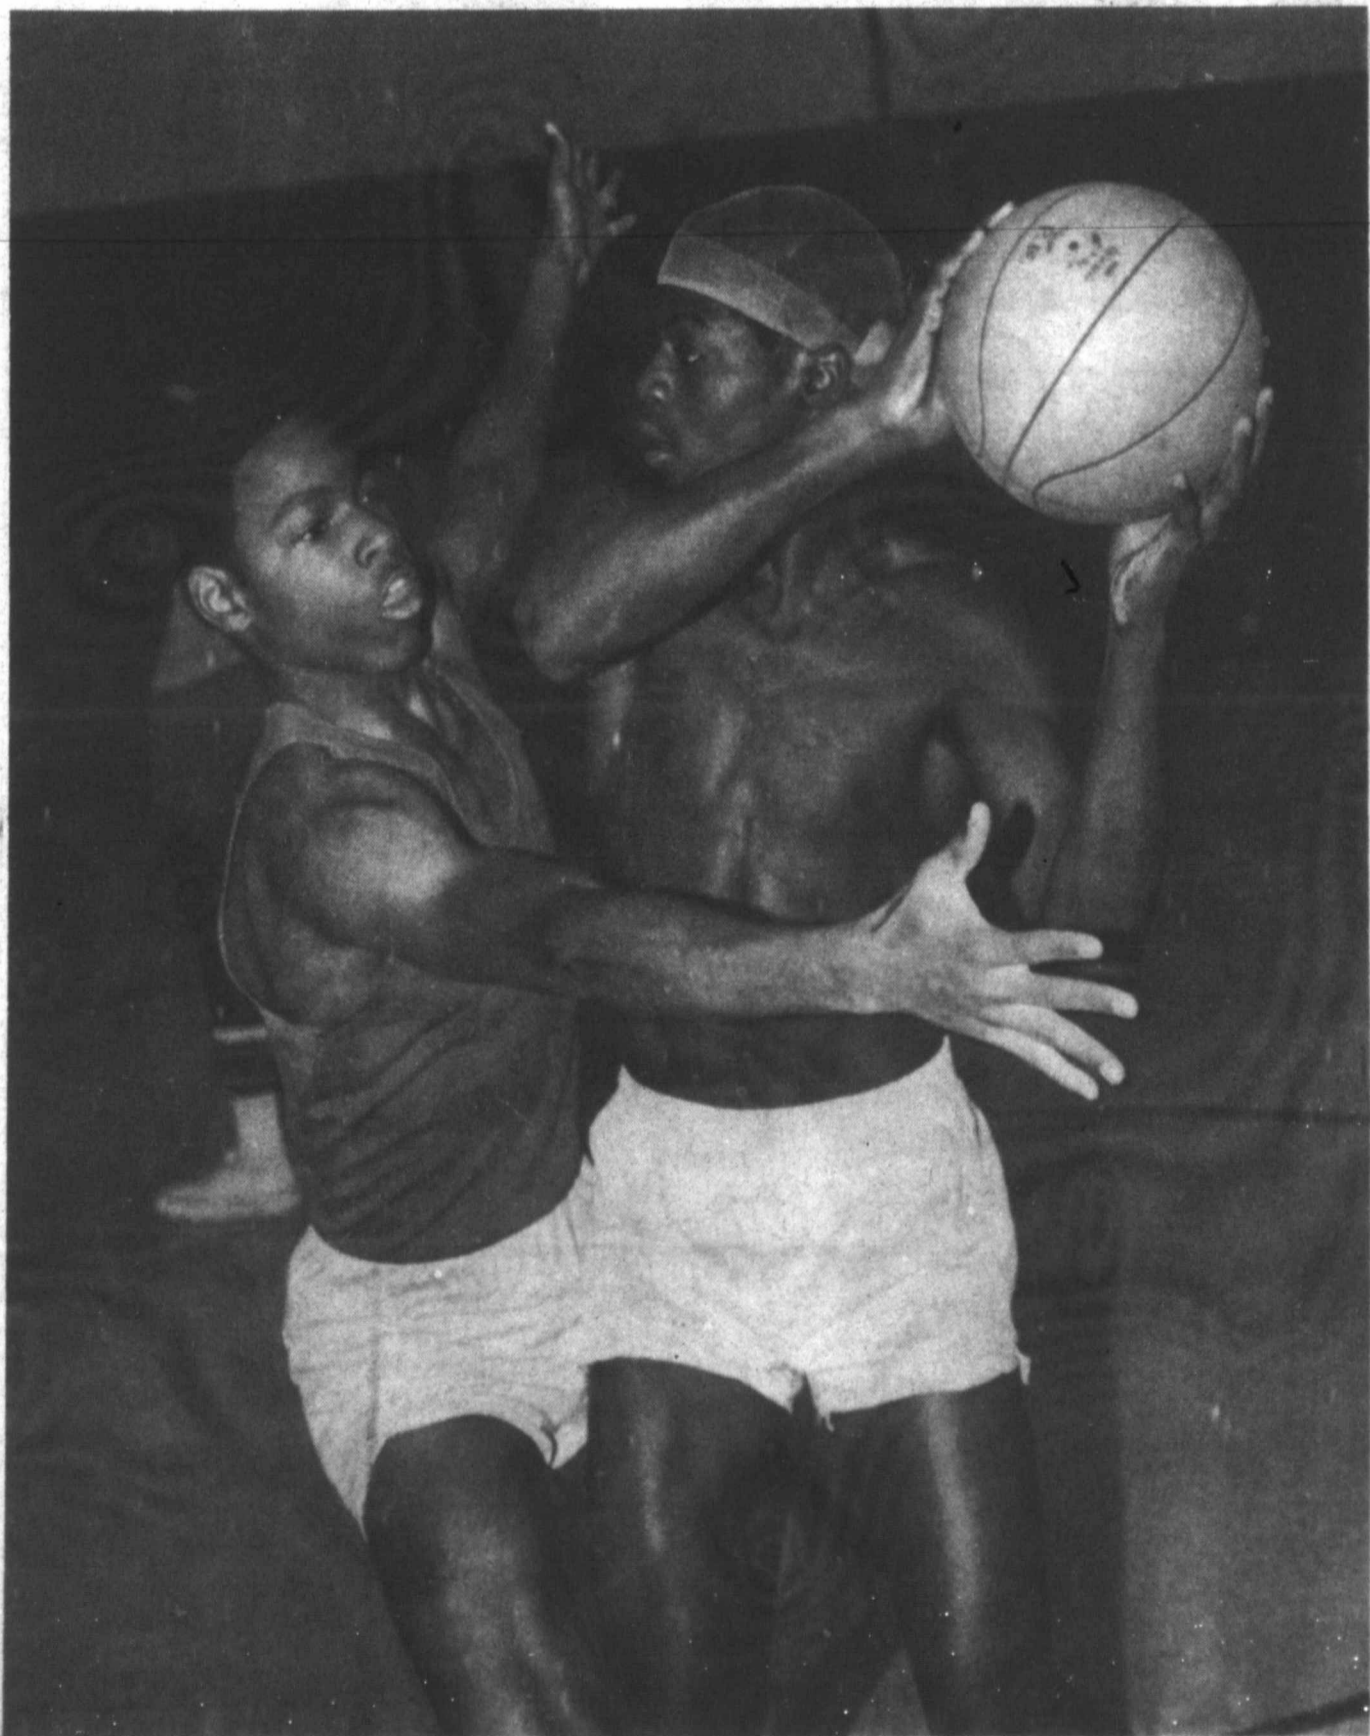

"I'm hoping for a packed house every game, and I'd like to have a tremendous crowd Tuesday night when we play Clovis."

Clovis, led by prep All-American guard Bubba Jennings, has won 37 games in a row, dating back to the beginning of last season. Street and Smith's basketball magazine rated Jennings as one of the top four high school guards in the nation this season.

"We've scouted Clovis and we plan to try a lot of things against them," Nichols added. "It's going to be a heck of a game."

Harvester Booster Club will also be promoting green towel night at the Pampa-Clovis contest. Spirit towels will be selling for \$1.50 apiece at the high school. Those who don't buy a towel are urged to at least bring one to the game.

Meanwhile, the Harvesters continue to work hard to make the season a successful one, not just by virtue of a reputable record, but also by displaying good sportsmanship... win, lose or draw.

Donna Doggett to wed Dec. 22

Mr. and Mrs. Doyle Doggett, 1601 N. Faulkner, announce the engagement and approaching marriage of their daughter, Donna Faye, to Alfred Erwin Briscoe of Fort Lee, Va.

The couple will exchange vows Dec. 22 in the First United Methodist Church of Pampa.

Briscoe is the son of Mr. and Mrs. Frank Briscoe of Happy, a graduate of Happy High School, he is in the U.S. Army and soon will be stationed in Arizona.

The bride-elect is a 1975 graduate of Pampa High School and a 1979 graduate of West Texas State University. She is a special education teacher at Baker Elementary School in Pampa.

MRS. CURTIS BABB

Christine Feiner weds Curtis Babb in Kansas

In a recent ceremony at St. Joseph's Church in Greensburg, Kan., Miss Christine Feiner and Curtis Babb exchanged marriage vows.

Parents of the couple are Mr. and Mrs. George Feiner of Greensburg and Mr. and Mrs. Ray Babb, formerly of Pampa, and now of Liberal, Kan. The bridegroom also is the grandson of Mrs. W.L. Babb and Mrs. Frank Silcott, both of Pampa.

The bride wore her mother's wedding gown of ivory Chantilly lace and satin, designed with a fitted bodice which extended down to a lowered torso waistline. An ivory Chantilly lace hat was enhanced by seed pearls, a large silk rose held her veil of illusion.

She carried a bouquet of peach and white roses, ivory orchids and baby's breath.

Attending the bride as maid of honor was her sister, Lori Ann Feiner. Mrs. Charles Latham, also the bride's sister, served as bridesmatron. The bridegroom's niece, Tacy Stoddard of Turpin, Okla., was flower girl.

Dan Koons of Tulsa served as best man. Michael Norwood of Manford, Okla., was groomsmen.

The bridegroom's nephew, Dustin Stoddard, also of Turpin, was ringbearer.

Gary Feiner, brother of the bride, of Greensburg, seated guests before the ceremony. Providing wedding music were Mrs. Billie Sutton, accompanist, and Dan Koons, vocalist.

Attending the guest registry were Mr. and Mrs. Greg Seiwert of Wichita.

Hosting a luncheon after the ceremony were Mrs. Ray Case of Mitchell, S.D., Wanda Friesen of Beloit, Kan., Ann Reinecke of Salina, Kan., Mrs. Richard Stuckey of Topeka, Kan., and Mrs. Roy Millison, Mrs. Ken Stillwell and Mrs. Glenn Henson, all of Pratt, Kan.

The bride is a graduate of Greensburg High School and Seward County Community College of Liberal.

Babb, a graduate of Liberal High School, attended Seward County Community College and graduated from Liberal Area Vocational Technical School. He is self employed in the rental business in Pampa, where the couple will make their home.

Knife & Fork schedules 'Old Ernie'

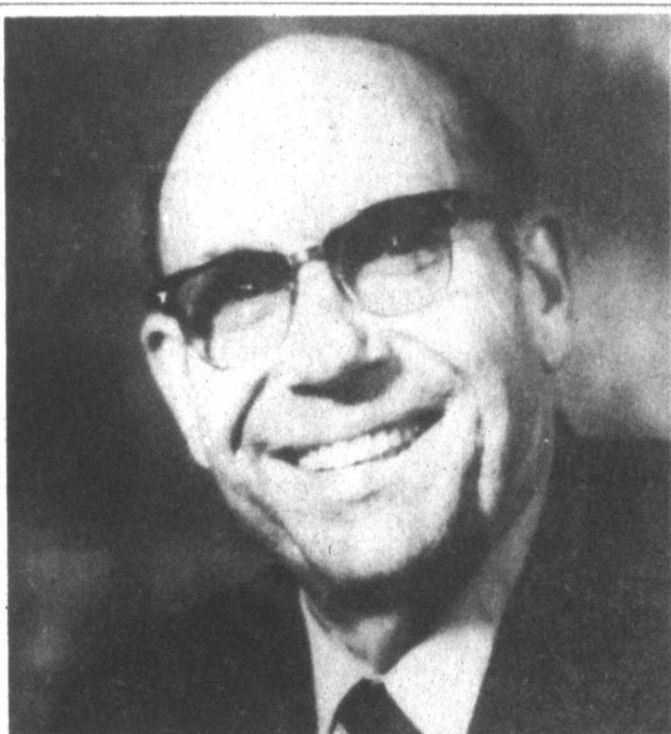

"Old Ernie", formally known as Ernest Upham, will be the featured guest at an upcoming Top O' Texas Knife and Fork Club dinner meeting.

Upham, who has the same kind of outlook on life that made Will Rogers famous, will speak to club members Dec. 6 at 7:30 p.m. in the Starlight Room of the Coronado Inn.

The humorist's talk is titled "Good Clean Fun — and More". Members should purchase their tickets by Dec. 4.

Hailing from West Columbia, Texas, Upham is one of those rare individuals who is born in a town and lives there all his life. He practices the theory, "Brighten up your mind and your body will follow," by dispensing wit and philosophy to audiences over the United States.

"You have to have a counter punch to keep the shocks of today's society and economy from getting you down; and a light look at life

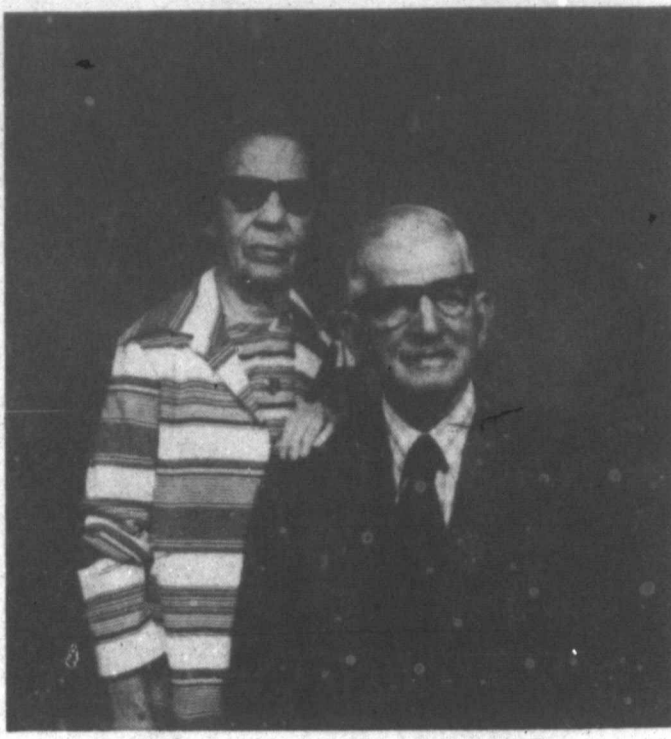

ERNEST UPHAM

on the proper occasions is just the thing to do it," he says.

A retired lumberman who followed in his father's footsteps, he graduated from West Columbia High School and earned a business degree at Texas A&M University. He was involved in the family lumber

business 30 years.

Since selling the business some 15 years ago, Upham has continued an active role in civic affairs and has made guest appearances a hobby. Past district governor of Rotary International, he has made a record number of keynote speeches — 10 — at Rotary district conferences.

Reception set to honor couple

Mr. and Mrs. Eldon Knight, 326 N. Faulkner, will be honored today to celebrate their 50th wedding anniversary.

Family and friends are invited to a reception from 2 to 4 p.m. in the Flame Room of the Pioneer Natural Gas Co.

The former Juanita Penley married Knight on Nov. 22, 1929, in Hobart, Okla. They lived in Reed, Okla., until moving to Pampa 24 years ago.

They have two sons, Jimmy Don Knight of Reed and Glenn Edd Knight of Pampa, five grandchildren and five great-grandchildren.

STP Diet Club meets Monday

Shed Those Pounds Diet Club meets each Monday at 9:30 a.m. in the basement of the First United Methodist Church. Interested persons are welcome to attend.

The meetings, which usually last about an hour, include a weigh-in; informative discussions, and games and prizes.

Dues for the STP club are 25 cents per week.

Mrs. Barbara Roe is chairman of the group, which was organized about a year and a half ago.

For more information, contact Mrs. Larry Hall at 665-2515.

MENDING MATURE MARRIAGE

By Louise Pierce

We've all heard, as long as we can remember, that optimism makes more contentment, more friends and a happier life than pessimism. We've known about blue birds and silver linings all our lives. But do we live by that knowledge and thus allow ourselves and our mates to enjoy a serene maturity together?

Not always, for most of us. Only sometimes for others. Seldom, for too many.

Something good can be found in every seemingly unendurable situation. Let me cite a few situations. For a lot of us, in these inflated times, our money evaporates so fast that, as we used to say in the Depression, "There is too much month left at the end of the money." We can't eat out as much as we did last year. We can't afford to entertain lavishly any more. We postpone new cars and new clothes, perhaps indefinitely. We eat hamburger instead of steak and even bemoan the cost of the ground beef.

But we stay at home more and that can give us opportunity to enjoy the company of our longtime spouses. We have time for reminiscences, for thankfulness that our marriages are still intact, for prayers that we two will hold hands and hearts for many more years.

Consider your latest annoyance and assess its effect

on your disposition, which means your mate's mood too. Our newest change is Otis' diet. All his sixty-plus years he had eaten whatever he fancied and as much as he liked. But his last check-up brought out some health problems, and his brand-new diet cut out fats and sugars and numerous other foods he'd always enjoyed.

Yesterday I said, "It's a shame you can't have anything but green salad without dressing and vegetables without much seasoning and broiled meat."

He grinned as happily as always. "I don't mind. I feel better — and I've lost almost 14 pounds."

I opened my mouth to argue that the scales had shown only a 12-pound loss. But I didn't say so. After all, 12 could be called "almost 14" by an optimist. And that's what my marvelous mate is. I wish all of you could be so blessed.

DEAR LOUISE: We gave all our young marriage, and some of our middle age, to our three sons and two daughters. We looked forward to their settling down near us so we could go on being a family and enjoy our grandchildren and help raise them.

But not one of our children is anywhere near us. They turned down jobs in our town, and even in our state, to get a few more dollars a month in places so far away that they only get home a few times a year.

I say they are ungrateful and unloving. My husband says they have to live their own lives in their own way. We quarrel about it real often. Who's right? **NEGLECTED MOTHER.**

DEAR N.M.: Your husband is entirely right. And you need to realize how fortunate you are that your children come home "a few times a year." That's often enough to give you a happy relationship but not provoke disagreements. You say you had hoped to "help raise" your grandchildren, which would have resulted in family feuds. You may be far happier in your infrequent visits

DEAR ABBY

DEAR ABBY: After being divorced for three years I am getting married again. I'm 38 and Bob is 41. It will be his second time around, too. (His wife died last year.) We are crazy about each other, and I consider myself the luckiest woman alive.

Now the problem. I have never been able to sleep in the same bed with another person. Don't get me wrong; I am not a cold, touch-me-not type woman. I love to cuddle, and lovemaking is very high on my list of priorities, but I simply cannot fall asleep if someone is in the same bed.

I told Bob we would have to have twin beds for sleeping, and he said, "No way. I have to have someone to hang on to when I sleep."

I know you can't settle this for us, but I just want to know if there are other married couples who really love each other, but SLEEP apart?

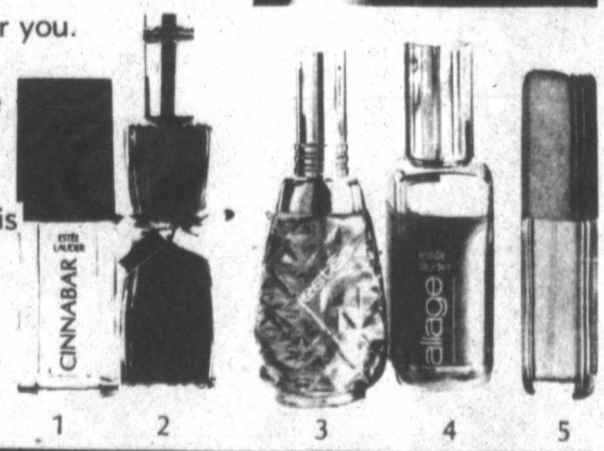

JERI OUT WEST

DEAR JERI: After this runs, we'll find out. Readers? Getting married? Whether you want a formal church wedding or a simple do-your-own-thing ceremony, get Abby's new booklet, "How to Have a Lovely Wedding." Send \$1 and a long, stamped (28 cents) self-addressed envelope to Abby: 132 Lasky Drive, Beverly Hills, Calif.

MRS. STEPHEN PAUL McALLISTER

Daughter of former Pampan is wed Saturday in Missouri

Dr. and Mrs. Ivan E. Lloyd of Lee's Summit, Mo., announce the marriage of their daughter, Leza Marie Thorn, to Stephen Paul McAllister.

The bride is the daughter of the former Jerry Archer of Pampa, and the granddaughter of Mr. and Mrs. L.R. Archer, 214 N. Sumner. Parents of the bridegroom are Mr. and Mrs. Lyle McAllister of Overland Park, Kan.

The celebration of the high Nuptial Mass was held Saturday afternoon at St. Paul's Episcopal Church in Lee's Summit and was conducted by the Rev. Robert New Year.

Dinner in Fredericksburg honors Kelley anniversary

Dr. and Mrs. Frank Kelley, 1715 Christine, were honored with a 40th anniversary dinner Friday evening in Fredericksburg at the home of Dr. and Mrs. Ed Wyss.

Celebrating the Thanksgiving weekend together were the couple's children and families. Dr. and Mrs. Wyss, Mr. and Mrs. Peter Schakel of Fort Collins, Colo., Mr. and Mrs. Frank W. Kelley Jr. of Lake Charles, La., and Mr. and Mrs. Kenneth Smith of Pampa; and Mrs. Kelley's sister and family, Mr. and Mrs. E.P. Womack.

Decorations for the dinner and reception followed a ruby theme. Special guests included Mrs. Lillian Benedict.

Kelley and the former Mary Ann Moyar of Fort Worth were married Dec. 2, 1939, in Fort Worth. They have lived in Pampa 40 years, except for the time he served in World War II. Kelley is a physician and surgeon at the Kelley Clinic.

The couple has three grandchildren.

Take care of skis

BOULDER, Colo. (AP) — Rocks, ice and hard skiing always scar the bottoms of skis and dull their edges, says an industry official who warns that proper care must be taken to extend their life.

If not attended to, such wear and tear will steadily cut the lifetime of a pair of skis, according to Tim O'Connor, ski-product manager for AMF Head, a sports-equipment manufacturer.

Basic, routine maintenance will help keep skis in top performance condition, with smooth, flat bases and square, sharp edges, O'Connor said.

Ski-tuning tips recommended make both new and used skis perform better and last longer include maintaining a flat tip to improve the ski's speed and control, and keeping ski edges at a sharp right angle to the base of the runner, to assure the edges will carve with maximum effectiveness.

Also, dulling the tips and tails keeps skis from hooking or grabbing, and waxing skis helps protect bases from damage.

Deep grooves and pitting in the base of the ski can usually be corrected by use of a special candle available in sports equipment stores.

NOV 25 7 9

Hors d'oeuvres wreath is savory welcome

The traditional wreath signifying welcome and renewed friendship, becomes the central theme for this year's National Hot Dog and Sausage Council's party suggestion for the busy holiday hostess. Decorated with hearty snacks, an hors d'oeuvres wreath is the perfect offering for the cocktail hour, pre-game party or late-night snacking.

SAUSAGE WREATH

To assemble: Use as a base a 14-inch styrofoam circle (two inches in diameter). Cover generously with parsley (about three large bunches) using hairpins to attach the parsley to the wreath. When it is completely covered, a "hair cut" can give it a more uniform look.

Then arrange cheese stars, uniquely shaped braunschweiger pine cones, sausage hors d'oeuvres, cocktail hot dogs and cherry tomatoes, attaching to the wreath with toothpicks. For larger parties, have trays of extra hors d'oeuvres to pass or add to your table.

PINE CONES

These clever and tasty liver sausage pine cones add the perfect touch to your holiday wreath.

10-ounce package liver sausage or braunschweiger
2 tablespoons chopped onions
2 tablespoons melted butter (not whipped)
one-fourth cup chopped almonds, toasted
6-ounce package sliced almond halves, toasted
Salted liver sausage with fork. Add onions and butter, mixing well. Chill for about one hour.

For each pine cone, use a generous teaspoon of mixture. Roll in chopped toasted almonds. Insert six almond halves (two rows of three each) to give effect of a pine cone.

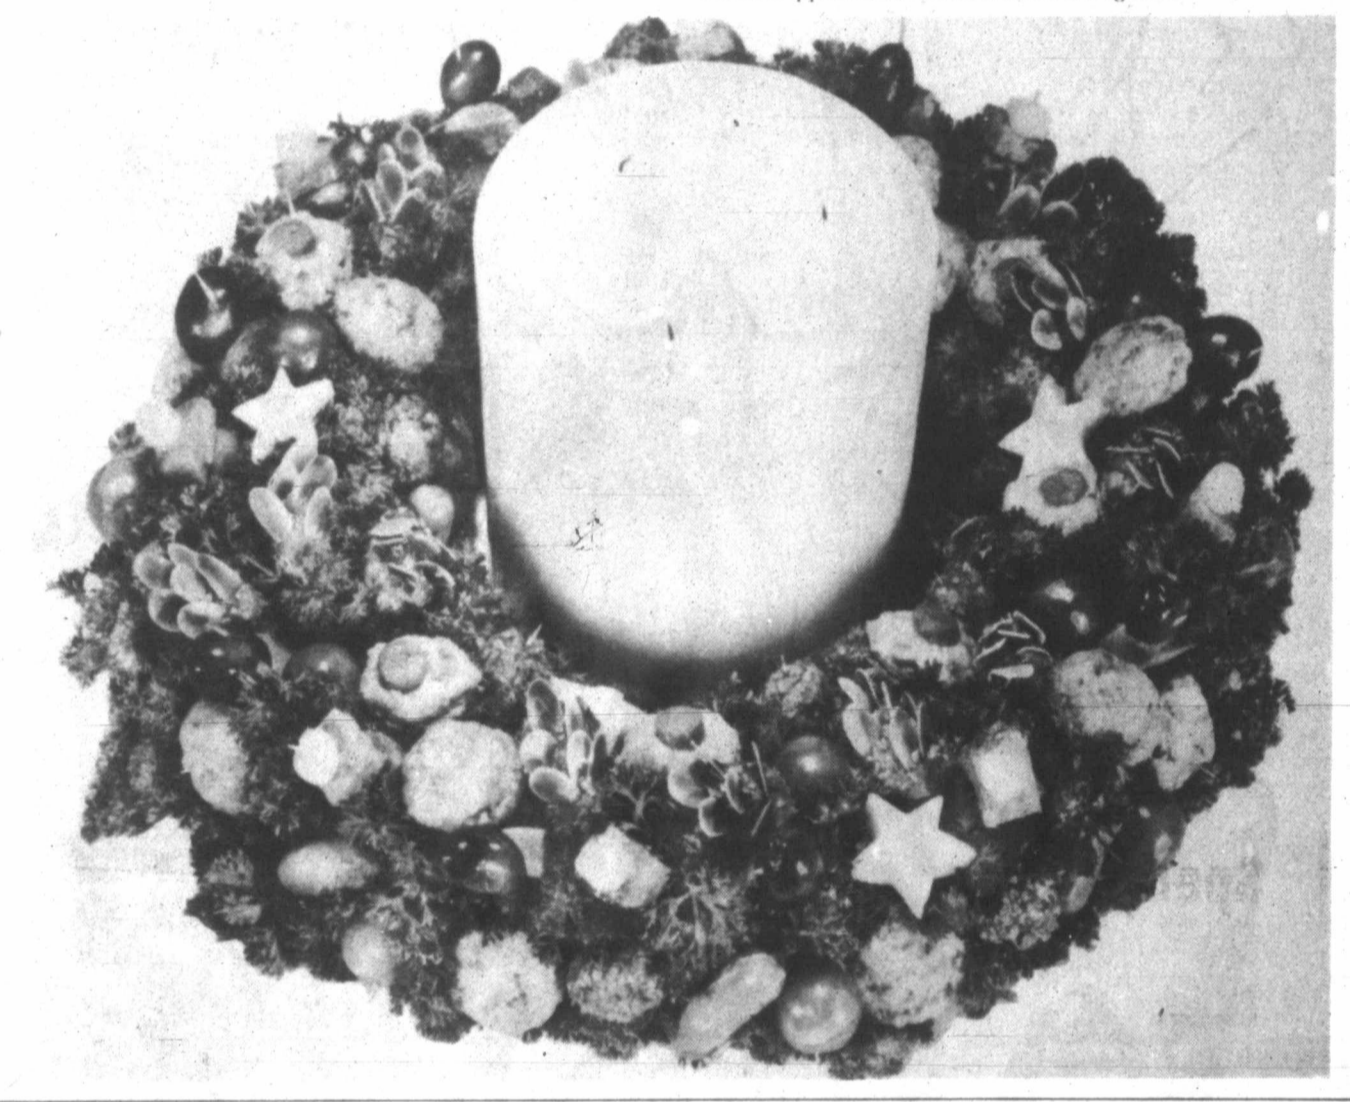

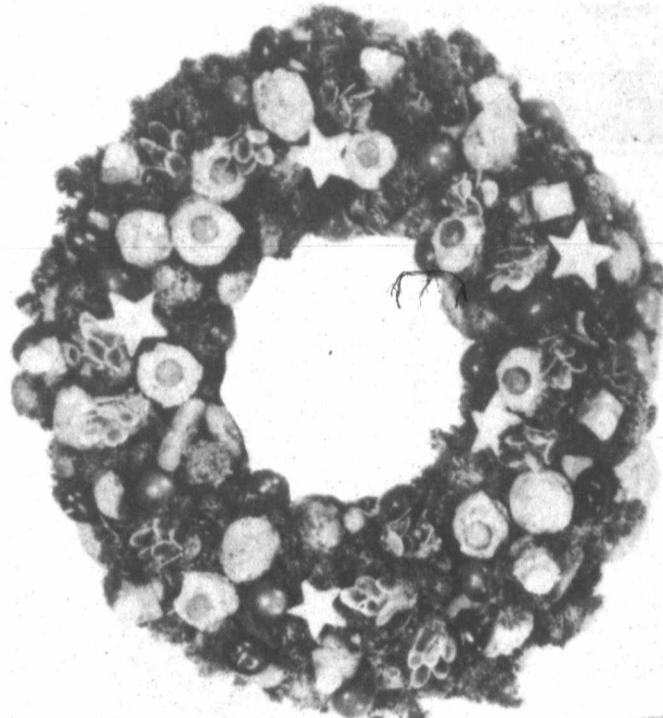

(To toast almonds, preheat oven or broiler - toaster to 350 degrees F. Spread almonds in single layer and toast until golden brown - about three to five minutes.)

Yield: 24 to 30 cones.

BRAUNSCHWEIGER OLIVE SURPRISES

5-ounce package braunschweiger or liver sausage
1 tablespoon chopped onions
1 tablespoon melted butter
2 ounces chopped almonds
30 medium or small pimiento stuffed olives

Soften liver sausage with fork. Add onions and butter, mixing well. Roll rounded teaspoonful of mixture around each olive, then roll in chopped almonds. Chill until serving time.

5-point formula to add years to life

Want to live longer? You might have to change your personality, reports the American Council of Life Insurance.

That was part of the findings of a University of Wisconsin study of more than 2,000 Americans who lived longer than average.

Dr. Robert J. Samp, who conducted the study, said the results pointed to this five-point formula for a longer life:

- Accommodate yourself to life's challenges.
- Avoid prolonged stress.
- Develop outside interests.
- Keep working at either paid or volunteer activities.
- Eat and drink sparingly, but with enjoyment.

Dr. Samp told the Council his research showed "there is a definite personality type among people blessed with longer life."

Some items that may be "instrumental" in prolonging life, according to the doctor, include:

- Sleep: "It is essential for survival, and the older you get the more you need."
- Contentment: "Seek reasons to be happy instead of courting the internal damnations that beset you."
- Moderation: "Smoke within reason. Keep drinking to social occasions and use it as a relaxant rather than a crutch."

TWEEN 12 AND 20

By Robert Wallace, Ed. D.

Dr. Wallace: Although I am no longer an adolescent, I have a piece of information regarding my life and my marriage that you should find quite interesting.

Jim and I met 10 years ago when I was an old 14 and he was 22. We were instantaneously attracted to each other on a physical basis, but because of a nine-year age difference, we resisted the tremendous temptation to indulge our feelings. But after a year of knowing one another, we discovered that we had many common interests, hopes and dreams. At this point, we had no romance, but we had a true, spiritual, friendship. Before I was 16, I was devotedly in love with him, and he with me.

Just as our relationship was reaching utopia, his company decided to transfer him 500 miles away from me. Panic and fear raced through my blood. Separation appeared to be the inevitable, tragic, conclusion. I refused to accept that, so I proposed marriage. Jim was nothing less than shocked! Every measure of logic shouted that a marriage consisting of a 16-year-old and 25-year-old was destined for failure.

Eight years ago I married the most magnificent and finest man God created! He not only saw me through two years of high school, but also four years of college. What more can I say?

Habits affected by impressions

A child's mind is a highly impressionable one, and many of his actions are merely an imitation of what he has seen his parents do, says Dr. Albert H. Domm, child safety specialist and former medical director of the Prudential Insurance Co. Noting this, he warns that parents who show disregard for safe driving fundamentals in front of their children may be steering them toward a serious accident later in life.

"Watching daddy drive the family car is a delight for most youngsters," says Dr. Domm. "But if he drives recklessly, lasting impressions are left on the youthful mind which may be difficult to correct in later years."

He reminds parents that driver training begins not with that first course in high school, but from the very first day a child rides in the family car. "Parents should be aware of this and make sure they are careful and considerate drivers at all times."

Dr. Domm stresses that parents should practice good safety habits in every situation, not merely while driving. "Indeed, all phases of safety education should start with the parents setting good safety examples for their tiny ones."

If I had listened to the advice of well-meaning friends, relatives and authorities, Jim and I would have parted. I had to tell my parents that I was pregnant just to get them to sign the consent forms! It all seems like a ludicrous dream now.

You are certainly a severe conservative that never condones teen-age marriage because so few work. Mine was the glorious exception. As a social worker, I deal with youth myself. My successful marriage hasn't blinded me to statistics, so I seldom condone youthful marriages. I just wanted you to realize that some do work. — Sincerely, Charlotte Stewart, Marshall, Texas

Charlotte: The primary reason I'm opposed to serious affairs and marriage before teens are out of high school is that I believe it robs them of their chances to be individuals, to have independence and to enjoy an active school social life.

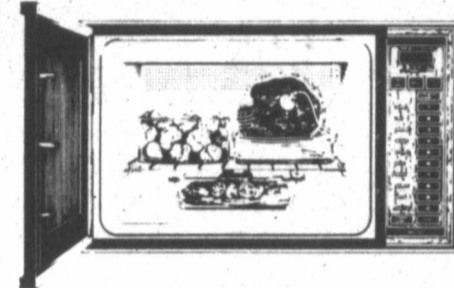

I'm aware that many young relationships and marriages are beautiful and lasting but the odds are against them and I've got to go with the odds.

It's interesting that you labeled me as a "severe" conservative. Only last week I had a mother tab me as a "blind" liberal.

LITTON COOKING SEMINAR

Discover How Easy Microwave Cooking Is

FOR THE HOLIDAYS

Marilyn Perrin

Seminar: 7 to 9 p.m. Monday, Nov. 26, 1979
At Southwestern Public Service Co.
315 N. Ballard, Pampa

Come, see how easy it is to prepare candy, raised yeast bread, cranberries, puddings...and dozens of other special holiday treats just for your family, your friends and for gifting. Save your valuable time and energy for holidaying. Bring a friend to this Seminar — it will be fun.

DR. FRANK ORTS

BEEF FIESTA:

The Top of Texas Cowbelles and the Gray County Extension Homemakers Council are sponsoring a "Beef Fiesta", Nov. 29 from 9 a.m. to 1 p.m. in the M.K. Brown Auditorium Heritage Room. The program will begin at 9:30 a.m. and will feature Frank Brooks and Terry Medrano from the Texas Department of Agriculture. Also on the program will be Dr. Frank Orts, Meats Specialist for the Texas Agricultural Extension Service. The program will feature a meat cutting demonstration, preparation of beef dishes, educational exhibits and beef door prizes. During the noon hour, a Beef Tasting Fiesta will be featured where those attending can sample beef prepared during the morning program. The public is invited to attend this program. It is free and everyone is encouraged to attend. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

KEEPING HOLIDAY MEALS SAFE TO EAT:

Holiday foods carry food poisoning bacteria — but simple precautions can prevent food poisoning and ruined holidays. Bacteria need the right combination of time, temperature and moisture to grow. When foods remain between 40 to 120 degrees F. for three or four hours, bacteria grow and make the food unsafe to eat. And, the only way to kill the bacteria is to heat food to 170 degrees F. Freezing doesn't kill bacteria; it simply slows growth. Thaw the holiday turkey in the refrigerator. Fresh or freshly-thawed turkey should be refrigerated and used within 24 hours. When preparing the turkey, cook it until done throughout — with an internal temperature of 180 degrees F. And if it is to be stuffed, wait until just before placing the bird in the oven to stuff the cavity.

Prisoners aim to prevent crime

JAMESTOWN, Calif. (AP) — They're about as far off-Broadway as actors can get, but 11 prison inmates here are presenting some uncomfortable realism through skits aimed at convincing youngsters that crime doesn't pay. "What you just saw is as real to life as you're ever going to see," Robert Drush tells the audience of juvenile-hall inmates in Modesto, west of here, after a skit in which an inmate is slashed with a knife. "Eight guys a year get killed in state prison; many, many more get hurt." Drush speaks from considerable experience. He's serving six years at Sierra Conservation Center here for robbery and, at age 36, has spent 15 years in state prisons. Drush, an award-winning speaker, has been addressing juvenile offenders for some time but received a jolt last January that committed him to increase his efforts. While making a speech at the Stanislaus juvenile hall, Drush encountered his stepson. "He told me he wanted to be a professional thief just like dad," Drush recalls. "I knew I had to do something more. I've spent my life taking from society without any regard for other people's feelings. And now I'd like to spend some time giving back." After watching an improvisational acting group perform at the minimum-security prison, Drush got the idea of forming a troupe of inmates to dramatize various types of prison incidents to youth groups. "You can try to explain what happens for an hour or two and still not get the point across," Drush says. "But you can act out the same thing in a few minutes." The skits, which began this summer, are unique for the California prison system but

aren't patterned after the controversial "Scared Straight" movie in which inmates angrily confronted youngsters, says Gene Duke, staff coordinator for the group here. "We prefer to come from an entirely different area — concern for individuals — attempting to get these kids to realize they are worth something, can be somebody," Duke says. "We try to show that they don't have to impress their peers and don't have to get involved in crimes to make it." Drush and 10 other inmates chosen for the program have no guarantees of extra privileges or getting out early for their efforts, Duke says. Drush says the group's ultimate hope is "to show up at juvenile hall one day and find it empty."

Good sanitation during food preparation is important to prevent contamination. Make sure hands, utensils and cutting boards are clean when handling turkey and other holiday foods. Also, keep hands away from mouth, nose, hair or skin infections such as boils, open cuts and sores while working with food. After the meal is over, don't leave the turkey at room temperature long. Staph germs multiply rapidly between 45 and 115 degrees F. If turkey is part of the holiday buffet, use several serving trays instead of only one to keep the meat from remaining at room temperature too long. Bring out a fresh tray frequently to replace that partly used. The turkey stays at the right temperature — and bacteria don't have a chance to grow. Foodborne illness can cause diarrhea, vomiting, stomach cramps and other unpleasant symptoms which can last for several hours or days. Young children and elderly people are most susceptible. For more details on freezing poultry, ask for Extension publication B-177, "Freezing Poultry for Home Use". For recipes using leftover poultry, ask for USDA publication, number 110, "Poultry in Family Meals". Both publications are free upon request.

TELEVISION VIEWERS "CONSUMER ALERT":

Like what you see on TV? Do you approve of it? Some consumers don't approve of some programs, and they're taking outside action on behalf of children. In citizens' groups they're going beyond simply setting guidelines at home. Several groups have complained to networks and sponsors that the content of many prime-time TV shows is offensive and may influence children adversely. Some consumer groups have effectively boycotted advertisers who sponsor shows they say are offensive. Deciding on appropriate shows starts with the consumer. Also, "comparing notes" with others can help. Consumers can study ratings of such groups as the National Parent-Teacher Association. Some groups that rate programs are: — National Parent-Teacher Association, TV Action Center, 700 N. Rush St., Chicago, Ill. 60611. — National Citizens' Committee for Broadcasting, 1530 P. St., N.W., Washington, D.C. 20005. — Action for Children's Television, 46 Austin St., Newtonville, Mass. 02160. What can consumers do if "changing channels" or "turning off the set" isn't quite enough? They have several opportunities to voice their feelings to people who influence programming. First, you can let advertisers know if you think they're sponsoring a program of dubious merit. You can also tell them when you like programs they sponsor. Likewise, if you object to their particular advertising style — or approve of it — let them know that too. Also, you certainly can write your concerns — and compliments — about television to the networks: — Audience Information, ABC-TV, 1330 Avenue of the Americas, New York, N.Y. 10019. — Audience Services, NBC-TV, 30 Rockefeller Plaza, New York, N.Y. 10020. — Audience Services, CBS-Television Network, 51 W. 52nd St., New York, N.Y. 10019. — Viewer Mail, Public Broadcasting Service, 4475 L'Enfant Plaza West S.W., Washington, D.C. 20024. — Corporation for Public Broadcasting, 1111 16th St. N.W., Washington, D.C. 20036. Consumers also could consider filing a formal complaint with the Federal Communications Commission (FCC), if they feel specific programming is not "in the public interest." When the FCC was created in 1934, it said that programming must be in the public interest. Radio and television stations must renew their broadcasting licenses every three years. As members of a community served by a station, consumers have a legal right to participate in the license-renewal process. For more information about that, write the Office of Public Information, Federal Communications Commission, Washington, D.C. 20554.

Mats Kristiansson liked stage part

"It was so exciting!" exclaimed blue-eyed Mats Kristiansson, Swedish AFS student, of his first time on stage in an American production.

Kristiansson, who originally hales from Malmoe, Sweden, was cast into a minor cowboy role in the Pampa High School Choral Department's production of Rodgers and Hammerstein's musical, "OKLAHOMA!"

"Slim," as portrayed by Kristiansson, won many smiles and laughs from the crowd with his kinky blonde hair and light Swedish accent, while he acted out the cowboy part he'd always heard of.

"When I first heard I was coming to Texas, I imagined it being just like the Wild West," reflected Kristiansson, a member of the Pampa High Concert Choir. "All I could think of was cactus, plateaus and cowboys."

According to Kristiansson, it is not possible to enroll in choir or band in the Swedish school system. And they definitely have nothing like

the musicals put on, in the United States. However, he has learned to enjoy the choir to the point that it is his favorite subject. When asked why he loved choir, Kristiansson shyly grinned and replied, "That's where I have made most of my friends."

"I love Pampa," noted Kristiansson, adding, "The town is wonderful and the people are so friendly." He also stressed the fact that he liked Pampa because it was "not too big and not too small." When questioned about his adaptiveness to his new school surroundings, Kristiansson hesitated, then smiled and replied, "The class periods are too long and the time between classes is so short!" Otherwise, things undoubtedly seem to suit him.

Following a long pause, with an added twinkle in his blue eyes, Kristiansson said, "I want to make many friends while I am here. I want to learn about different people and want to learn more about myself. And I liked being a cowboy."

Computer math class to aid PHS students

Why didn't they have that when I was in high school?

That is what many adults say when they learn of the computer mathematics lab offered by Pampa High School. The class, taught by Patrick Homer, is designed to help students learn the rudiments of programming a computer by actually performing elementary programming exercises on the "Apple II."

The \$2900 computer system consists of the base, a television console and a printer. According to Homer, the printer cost more than the computer and the TV, together.

Most of the students who take the class, Homer said, are interested in majoring in computer sciences. "It gives them a chance to familiarize themselves with it," he added. Many of the 32 students plan on majoring in business or engineering.

If the student takes a whole year of the course, Homer explained, they should be proficient in the use of it, adding, "They'll be programming the computer by the end of the class."

"Most all small computers use BASIC," Homer said of the programming language the students learn. He explained there were several languages used for programming. BASIC was described by Homer as "a good beginning language." Home computers, he added, almost always use BASIC as well.

Class assignments, Homer said, are comprised of pencil-paper problems and exercises on the computer. Since the class has only one terminal, students have a limited amount of time to actually work on the computer.

To help learn about the logical working of the computer mind, the students write out flow charts which illustrates the mathematical formulas the computer prints out. "It's a way of organizing ideas and picturing steps," Homer explained.

The computer can be used for other classes, as well, Homer said. Problems in trigonometry, physics, geometry — to name a few — can be solved on the computer.

Apple II is fun to program and play games on, the students say. Some of their favorites are chess, bowling, and Star Trek. A tape is loaded in the player to supply the data for the game, then the teenagers figure the program.

The one drawback they all agreed, was the fact there was only a single terminal. Since only one teen can work on it at a time, the other students are left with free time. Homer tries to have them use it constructively by working on other problems, but they are still not as busy as he would like them to be.

Computer mathematics is not considered an accelerated class, but as one student said, "You can't be a dummy and come into it."

Mobeetie woman honored during annual homecoming

Mrs. Ann Trimble Hull was honored this year at the Mobeetie Homecoming for her 27 years in the teaching profession. Many of these years were spent in the Mobeetie School system.

Mrs. Hull graduated with the Mobeetie class of 1929. Honoring their 50th anniversary, five of the original 11 graduates attended the ceremonies.

Mrs. Ann Trimble Hull was presented a plaque by Mr. Mickey Superintendent of Mobeetie School and Mr. Elwyn Dysart, president of Mobeetie Homecoming Committee.

A celebration dinner was held at the school for 250 teachers, students, and graduates. The honored graduates were from: 1923, 1929, 1933, 1943, 1953, 1963, and 1973.

Mrs. Hull spoke about starting to teach 50 years ago at the Totty School House. The original school still stands some seven miles from Mobeetie and is used

for community activities. According to Mrs. Hull, "my teaching has been a joy, because I loved my students and I felt their love in return. I have had the cooperation of the children and their parents, other teachers, principals, my family and friends."

Through the years Mrs. Hull has had a philosophy, she believes "you must do the best job you can do everyday, go home and feel good about it. It is kindness that takes the friction out of life and patience that is the key to unlocking all areas of a child's desire to learn."

Mrs. Ann Trimble Hull has been retired for six years, but is active in the First Methodist Church and the Worthwhile Home Demonstration Club. She has two daughters in Pampa, Mrs. Patricia Eads, and Mrs. Leatrice Sloan. Her three grandchildren keep her in touch with young people, which is obviously her first love.

Wheeler law officer says things are different now

"In 1955 they just handed you a gun, a badge, put you on the street, and called you an officer." No more, says Wheeler County Deputy Sheriff, Lonnie Miller.

Lonnie Miller was elected class president of the 21 men just graduated from Amarillo College Law Enforcement Academy.

The Academy presents for the men a comprehensive 320 hour, eight week course in all phases of law enforcement. All Texas officers must now obtain the required hours of school to be certified.

"The school prepares you to start your career," Lonnie said. He has worked for 15 years in law enforcement, mainly in the Panhandle. In the early years law enforcement was taught by the other officers, who had learned from other officers, no real preparation. Standards have been raised since 1970, when the idea for this kind of law enforcement school became a reality.

In Amarillo the officers take classes from several qualified persons. The instructors themselves are usually Academy graduates with

specialized training, and a lot of experience. Among the subjects taught, are criminal investigation, general law enforcement, fire and first aid, self-defense, use of fire arms, and court demeanor. The academy puts officers in touch with agencies and men who can offer immediate help.

According to Lonnie, "Police work is in your blood, and this is an honorable profession." In Wheeler a lot of the work is public relations. "You need to be a good neighbor first and a deputy second." Everyone in Wheeler is local, so problems are solved, if possible right in the community. Kids in Wheeler are "Our Kids," says Wheeler Sheriff Doyle Ramsey, he and his deputies believe in working with the parents.

Lonnie Miller was born in Wheeler, and he intends to stay in his community to use the skills he learned at the Academy. There is little spare time from police work for a man like Lonnie Miller, but he finds time for the things that make him happy, his three children and three grandchildren.

MY PREROGATIVE

By DEBBIE DUKE

A week ago today I had a very touching experience that I would like to share with you.

I, along with the other members of Red Cross Youth, took a short journey to the Panhandle Orphanage where we were to have a Thanksgiving party for the small group of children housed there. When we arrived, we were excitedly greeted with loving hugs.

Following a fun game of the popular game "Pin the Mustache on the Pilgrim" and "Pilgrim Squares" (a reprise of "Hollywood Squares"), the kids playfully joined us in a happy sing-a-long session. We took the kids outside, played and sang — just about anything they wanted to do.

I'm pretty sure that these youngsters very seldom get visitors. That's why they were so very glad to see us. And when we left we were seen off with sad waves and thankful faces.

Many people have enough time on a Saturday or Sunday afternoon to go out and just see these kids. Couldn't you just give up one Sunday afternoon ride to make a homeless child happy for a day?

--DD--

While I'm on the subject of the Red Cross adventure, I'd like to give a special thanks to the adults who helped Red Cross Youth advisor Mary Lynn Case and her husband Don, escort the high school volunteers to Panhandle. They are Gloria Gibson, Mary Ann Woosley, Kim Hammond and Lakan Mariano.

Thanks a million!

--DD--

On behalf of the P.H.S. Concert Choir, I would like to thank everyone who attended our musical, "Oklahoma!" After all the hard work that was put into getting it together, I'm glad it didn't go to waste.

Thanks again for the support!

--DD--

DO YOU KNOW A CHILD WITH A HANDICAP? In One Minute You May Change a Lifetime

Every handicapped child, from ages 3 through 21, has the right to a free public education. It's a state law, but many people are unaware of this fact.

If you know a handicapped child who is NOT receiving appropriate educational services,

Call Collect
806-376-5521

or complete & return the Referral Form below.

Region XVI Education Service Center can assist in obtaining the appropriate services for a handicapped child. Referral & Resources can be provided through the Direction Service Component. Certain Supportive Services in cooperation with your local school district can be provided by the Direct Service Component.

Please take one minute of your time to either fill out the attached form, call the above phone number, or contact the Special Education Director of your local school.

4-H'ers to represent county

By MARILYN TATE
Eight 4-H'ers were selected Sunday to represent Gray County in the annual District I 4-H Food Show scheduled to be held December 8th at Bonham Junior High in Amarillo. Senior winners were: Sondra Rodgers, Main Dish Division; Amy Brainard, Side Dish Division; Penny Miller, Snacks and Beverages Division; and Rhonda Woods, McLean, Breads and Desserts Division. Winners in the Junior Age group were: Lee Ann Tate, McLean, Main Dish Division; Sarah Miller, Side Dish Division; Renee Sprinkle, Snacks and Beverages Division; and Shelly Cochran, Breads and Desserts Division. First alternates named were: Stephanie Phillips, Stacie McDonald, Enoch Phetteplace, and Robin Rhode of McLean.

The Best Chef Award was won by Enoch Phetteplace, high point boy in the Food Show and the Best Rookie Award was won by Renee Houston, high point first year entrant. Also winning Blue Ribbon Awards were: Sena Brainard, Tonya Cummings, Lori Helton, Heather Sprinkle, Angela Cochran, Nathan Sprinkle, Sherri McDonald, Denise Ingram, Michele Houston, Marilen Franklin, Jem Ann Rice and Teresa Woods. Red Ribbon Award winners were: Larissa Hall, Beverly Payne, DeAnn Ingram, Shandee Rice, Karin Trgovac, Sarah Carlton, Patrick Phetteplace, Cathy Jinx, Audrey Sprinkle, Jennifer Cochran, Billy Payne, Ron Dunn, April Wolfe, Earline Nunn, Ann Meeks, Eva Jo Isbell, Elma Franklin, Kristi Conklin, Angie Glass and Roxie Littlefield.

IN AGRICULTURE

BEEF FIESTA '79

Everyone is invited to come out to the "Beef Fiesta '79" Thursday, Nov. 29th in the M.K. Brown Auditorium Heritage Room.

Registration will be held from 9 - 9:30 a.m. The program from 9:30 a.m. to noon will feature Dr. Frank Orts, Extension Meats Specialist, Texas A&M University, College Station, Texas. Also featured will be Terry Medrano, Home Economist and Frank Brooks, Meats Specialist, Texas Department of Agriculture.

In addition to the program, there will be educational exhibits and lots of beef door prizes. During the noon hour, a Beef Tasting Fiesta will be featured where beef shoppers who were unable to attend the morning session can come out and sample some of the beef prepared in the morning. This will allow all participants to view the exhibits and slide presentations.

The program is free and is sponsored by the Top 'O Texas Cowbelles and the Gray County Extension Homemakers Council in cooperation with the Texas Agricultural Extension Service and the Texas Department of Agriculture.

FEEDLOT MANURE SEMINAR:

There will be a High Plains Seminar - Feedlot Manure for Fertilizer and Fuel, Wednesday, Nov. 28th in Dimmitt, Texas at the Exposition Building from 1:05 p.m. - 4:25 p.m. This seminar is designed for farmers and feedlot operators and is sponsored by the Texas Agricultural Extension Service. Several outstanding speakers will discuss the

following topics: Agronomic Value of Feedlot Manure and Recommended Application Rates; Use of Manure on Problem Soils and High Rate Application on Irrigated Lands; Weed Problems and Control Methods; Feedlot Manure Hauling and Spreading; Converting Feedlot Manure to Energy and a Producers Panel discussion on utilization of manure will conclude the program.

FALL IDEAL FOR PLANTING TREES, SHRUBS:

With fall weather at hand, gardeners can begin to think about adding a new tree or a grouping of shrubs to the home landscape. Or, perhaps there is an area in the landscape that needs "remodeling" or rejuvenating.

Fall planting allows a tree's or shrub's root system to develop and become established. When spring arrives this root system makes it possible for the plant to take advantage of the full surge of spring growth. Also, fall planting of balled and burlapped plants gives them ample time to recover from transplanting shock before the hot weather arrives.

Of course, there are exceptions to fall planting. All bare root plants, including roses, pecan and fruit trees, should not be planted until winter.

When you buy plants for your home grounds, be sure to get healthy, well-grown plants. Always buy from a reputable dealer, one who is in the plant selling business year round and who depends on repeat customers.

Beware of plant bargains. They can easily turn out

to be real headaches. A bargain is no good if it dies. The price tag - especially the cheapest one - is not the best guide to quality.

Also remember that its first come, first served. The best plants are sold first. Don't wait until it's picked over.

All plants have growing requirements. Think about the plant's needs before you invest. Does the plant prefer wet or dry soil? Will it grow in sun or shade? Does it need wet or dry location? It is hardy or tender? Some nurseries have this type of information on tags beside the plant. If not, ask the nurseryman.

Of course, always plan before you plant. Whether you are planning a single plant or an entire landscape, plan first, then plant. Good planning is a worthwhile investment of time that will pay off in greater enjoyment through more attractive and useful home grounds as well as increasing the value of your home. It's much easier to move plants on paper than to dig them after planting in the wrong place. A plan saves many planting mistakes.

Plants properly planted should serve a purpose. Ask yourself: Do I want this plant for screening, for privacy or for shade? How large will it be five years from now? If it takes a machete to cut your way through the plant jungle to the front door after three years, you've planted the wrong plant! Plants, like people, grow up. Be sure to provide your plants with the space they require.

4-H CORNER

By MARILYN TATE & CARL GIBSON

Fall and winter is a good time for 4-H'ers to get farm and lawn machinery into top-notch condition. An ounce of preventive maintenance can pay big dividends in safety and operating efficiency next spring.

Young people 9 - 19 in the national 4-H petroleum power program offer these suggestions: -- Clean and adjust the machine; apply a coat of paint if necessary. -- Replace worn or broken parts and sharpen cutting edges. -- Check to see that shields and other safety devices are in place and working properly.

Since 1944, more than 2 million boys and girls in the 4-H petroleum power program have been learning - by doing - to maintain and operate tractors and other power equipment.

Rural and urban 4-H'ers alike benefit from the program's emphasis on energy conservation, efficient use of petroleum products, and exploration of careers in the petroleum industry and related fields.

4-H members can earn recognition at all levels of participation: six \$1,000

scholarships nationally; an expense-paid trip to the National 4-H Congress in Chicago, for one winner per state; and four medals of honor in each county.

Awards are donated by Amoco Foundation and arranged by the National 4-H Council. Amoco also supports the annual Eastern and Western 4-H Tractor Operators' and Small Engines Events.

For more information on the 4-H petroleum power program, contact the County Extension Office, 669-7429.

Coming events:

Lefors 4-H - Monday, Nov. 26th - 4:00 p.m.

Patriots 4-H - Monday, Nov. 26th - 3:45 p.m.

Baker 4-H - Tuesday, Nov. 27th - 3:45 p.m.

Mann 4-H - Thursday, Nov. 29th - 3:45 p.m.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Cub Scouts receive awards

A family night pot luck dinner and Cub Scout Awards Banquet was held Nov. 16th at the civic center in Lefors. Table decorations carried out the Thanksgiving theme. Cub master Jesse Terry conducted the meeting which held an attendance of about 50. A work day to repair the scout house will be held Dec. 8th. The cub scouts and their parents were asked to participate by donating their time and labor. As a fund raiser, the scouts will begin selling chocolate bars within the next few weeks.

The Pampa News TV Listings

SOUND COUNTRY

T.G. Shepherd's single 'Last Cheaters Waltz' hit the top of the country charts, which in turn generated a lot of TV exposure for T.G. He taped appearances on 'Dinah!', 'Mike Douglas,' 'Make Me Laugh,' and during an appearance on 'The Mike

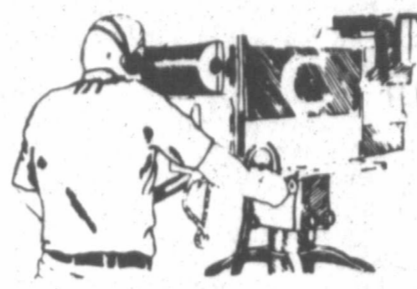

Douglas Show. T.G. appointed Mike as a Peace Officer for Shelby County, Tenn.

T.G. was even able to keep a straight face on 'Make Me Laugh,' after which, he appeared on 'American Country Countdown,' 'Live Sound,' 'Earth News' and 'Western Airlines' with Gene Price. And tapings are confirmed for

'Hee Haw' and the 'Bob Braun Show.'

Loretta Lynn returned to work at the Aladdin Hotel in Las Vegas to complete her two week stand. She returned from vacation and a recent hospital stay made necessary by exhaustion and the need for an overall physical checkup.

the week ahead movies

SUNDAY

(NBC) BIG EVENT: 8:00 PM E.S.T., P.S.T. - 7:00 PM C.S.T., M.S.T.
 "Escape to Witch Mountain" 1975 Kim Richards, Ike Eisenmann. Two young orphans, with psychic powers, are held prisoner by an evil billionaire seeking to amass an even greater fortune.

(ABC) SUNDAY NIGHT MOVIE: 9:00 PM E.S.T., P.S.T. - 8:00 PM C.S.T., M.S.T.
 "When She Was Bad" 1979 Cheryl Ladd, Robert Urich. A young married couple flees from a secret in their past, a secret that threatens everything they cherish.

(CBS) MOVIE SPECIAL: 9:00 PM E.S.T., P.S.T. - 8:00 PM C.S.T., M.S.T.
 "Oh, God!" 1977 George Burns, John Denver. Serving as God's personally chosen earthly messenger proves hilariously disruptive for the assistant manager of a grocery store.

TUESDAY

(CBS) TUESDAY NIGHT MOVIES: 9:00 PM E.S.T., P.S.T. - 8:00 PM C.S.T., M.S.T.
 "High Midnight" 1979 Mike Connors, David Birney. When his wife and child are killed in a mistaken no-knock drug raid, a construction worker sets out to secure justice and alone takes on the lawless narcotics squad responsible for their death.

MINISERIES

MONDAY

(NBC) BEGGARMAN, THIEF: 9:00 PM E.S.T., P.S.T. - 8:00 PM C.S.T., M.S.T.
 Jean Simmons, Glenn Ford. 1979. Part one of the two-part television adaptation of Irwin Shaw's best-selling sequel to 'Rich Man, Poor Man.' In Hollywood, Gretchen Jochade directs her first movie; her son, Billy, becomes involved with a German radical in Cannes; Kate, Tom's pregnant widow, is the romantic object of two men.

TUESDAY

(NBC) BEGGARMAN, THIEF: 9:00 PM E.S.T., P.S.T. - 8:00 PM C.S.T., M.S.T.
 Jean Simmons, Glenn Ford. 1979. Concluding half of Irwin Shaw's successor to 'Rich Man, Poor Man.' Gretchen's film is accepted at the Cannes Film Festival; Kate's boat is secretly being used to smuggle hashish; Billy is reunited with the German radical whom he once loved.

Music makers: Pablo Cruise

LOS ANGELES (AP) — It's not out of any particular determination to destroy an image as the Pollyanna of pop music, but Pablo Cruise is taking a look at the down side of life on the group's new album.

"In contrast to, say, 'Place in the Sun' and 'Worlds Away,' where the lyrics are really positive and optimistic, I think there's more of an emotional statement in 'Part of the Game,'" says Cory Lerios, keyboard player-vocalist for the San Francisco-based ensemble.

"We've always been contemplative," he adds. "Some people may have thought that we never thought of anything bad in the world or felt anything bad in the world."

This is probably true. In six years and four albums, Pablo Cruise has attracted quite a few fans with a rock sound that could best be described as, well, unrelentingly upbeat.

Like the band's music and even its name, album packages and song titles reeked of sunshine, surf and the California good life: "Ocean Breeze," "Island Woman," "A Place in the Sun." Band members Lerios, Dave Jenkins, Steve Price and Bruce Day look like they never spent a day sick in bed in their life.

Lerios says the whole carefree, outdoorsy image wasn't planned; it just happened. In fact, Lerios and Price, a high school friend, were planning business careers when they started jamming together —

Lerios at the piano and Price on the drums.

The business careers were dropped after few terms at college; with guitarist Jenkins, Lerios and Price joined a San Francisco band called Stoneground. Later they teamed up with It's a Beautiful Day bass player Bud Cockrell and Pablo Cruise was born in the summer of 1973.

The band actually got some of its earliest exposure through television. Music directors for sports programs lapped up the bright, active sound; at one time or another Pablo Cruise selections have been played on CBS' "Sports Spectacular," NBC's "Sports World," ABC's "Wide World of Sports," "Monday Night Football," "Celebrity Superstars" and "Super Star Competition."

One selection off "Lifeline," the band's second album, "Zero to Sixty in Five," was used for a surfing documentary, "Free Ride."

The band's third album, "A Place in the Sun," was showcased extensively on both AM and FM radio. It sold more than half a million copies to be certified gold and yielded two hit singles, the title cut and "Watcha Gonna Do."

And the fourth album, "Worlds Away" proved the band's success was no fluke by going double platinum (sales of more than two million).

Tovah Feldshuh to star in 'Beggarman, Thief'

LOS ANGELES (AP) — If actress Tovah Feldshuh had come along a few years earlier you probably would know her by another name, Evelyn something.

But she arrived in a time when performers are keeping their own names, unusual though they may be and difficult to pronounce. Just say To-vuh Felt-shuh.

She was first asked if she wanted to change her name when she arrived at the Tyrone Guthrie Theater in Minneapolis.

"I couldn't think of anything better so I kept it," she said. "It's turned out to be an asset. Once someone learns my name they remember it."

She laughed and said, "Tovah means good in Hebrew. Feldshuh means field shoe. So I could have changed my name to Goody Two Shoes. Some people have asked me to drop my last name and just use Tovah. That would make me sound like an Egyptian belly dancer."

Miss Feldshuh stars as Monika Wolner (speaking of names) in the NBC miniseries "Beggarman, Thief." The two-part, four-hour movie airs Monday and Tuesday nights.

It's based on Irwin Shaw's novel that is a sequel to "Rich Man, Poor Man." That first book also was made into a miniseries, which ran for 12 hours on ABC nearly three years ago and set off the miniseries cycle.

It was also followed the next year by "Rich Man, Poor Man, Book II," which was another version of the further life of the Jordache family.

"Beggarman, Thief" also stars Glenn Ford, Jean Simmons, Lynn Redgrave, Andrew Stevens, Tom Nolan, Susan Strasberg and Jean Pierre Aumont. It was not available for pre-review.

Miss Feldshuh studied with a German teacher and a dialect coach to pick up a German accent for the part. She had a Yiddish accent for her role as a shop girl in NBC's "The Triangle Factory Fire Scandal" and a Czech accent for her role as Helena, the partisan who teamed up with Rudi Weiss to fight the Nazis in NBC's "Holocaust."

MOVIE DIRECTOR Gilbert Moses, behind camera, instructs former Los Angeles Lakers basketball

player Jerry Chambers during shooting of scene in movie "The Fish That Saved Pittsburgh." (AP Laserphoto)

Star watch

HOLLYWOOD (AP) — How does a movie director train pro basketball players to do their on-court stuff to the rhythm of a musical score?

"It wasn't hard," said Gilbert Moses, director of the Lorimar-United Artists release "The Fish That Saved Pittsburgh."

"Basketball players are the most coordinated of all athletes. They must use their peripheral vision to keep track of the positions of their opponents and their own players. They must be able to leap off the ground and while in the air, use either hand to sink the ball and thus conquer the adversary."

Bill Gaither Trio

Astro-Graph

by bernice bede osol

November 26, 1979

Lots of opportunities will be in the offing this coming year but it will require some give-and-take on your part to develop them. Don't ask for more than you fairly deserve.

SAGITTARIUS (Nov. 23-Dec. 21) You may have to wear your earplugs around the house today, because everyone will be placing the blame for things that go wrong on anyone but themselves. Find out more of what lies ahead for you in the romance department in the year following your birthday by sending for your copy of Astro-Graph Letter. Mail \$1 for each to Astro-Graph, Box 489, Radio City station, N.Y. 10019. Be sure to specify birth date.

CAPRICORN (Dec. 22-Jan. 19) Careless thinking might cause you to act today without reviewing the consequences. They may cost you quite a bit.

AQUARIUS (Jan. 20-Feb. 19) Before the day's over you're likely to feel your purse is as leaky as a sieve. Heavier-than-usual financial demands might be placed on your shoulders.

PISCES (Feb. 20-March 20) Tactfulness and consideration must become your shield and armor today. Everyone could be looking to pick a fight, but you can ward off the blows with diplomacy.

ARIES (March 21-April 19) Today's events are likely to box you right into a corner if you're not careful. Be prepared to tangle with a lot of outside pressures.

Taurus (April 20-May 20) If you're involved in some group activity today, don't allow yourself to be dragged into the middle of a squabble. Let the others fight it out.

GEMINI (May 21-June 20) An all-out effort will be required today if you hope to take any of the blue ribbons. Competition will be extremely keen. Halfway measures won't work.

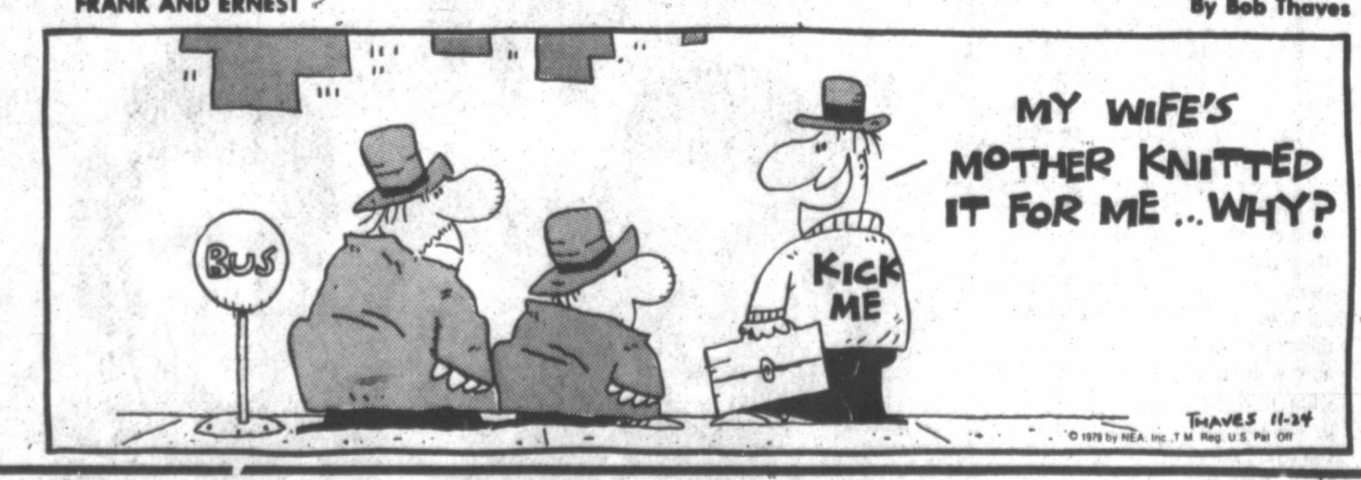

CANCER (June 21-July 22) This is not the time to try to introduce new ideas, or to attempt to change your methods of doing things that involve others. Conditions are already too confusing.

LEO (July 23-Aug. 22) If you've been banking on someone to cover for you or to help you out with an obligation, you're in for a disappointment today. They may let you down.

VIRGO (Aug. 23-Sept. 22) Normally, you have a critical eye for details. Today, your judgment is not as good as it should be. You stand a chance of overlooking something essential.

LIBRA (Sept. 23-Oct. 23) If you're employed by someone, this is not the day to slack off. Your boss wants his money's worth and he'll be sure he gets it.

SCORPIO (Oct. 24-Nov. 22) This is definitely not the day to involve yourself in any risky venture where you have to dig into your purse for dollars. Take care.

THE QUIZ

| 5-hoax | e-crowd, mob |

YOUR SCORE: 91 to 100 points — TOP SCORE! 81 to 90 points — Excellent. 71 to 80 points — Good. 61 to 70 points — Fair. ©VEC, Inc., 1119-79

newspicture

(10 points if you answer this question correctly)

Republican Senators Jesse Helms, left, Howard Baker, and Charles Percy recently met to discuss the 9-6 Senate Foreign Relations Committee vote to (CHOOSE ONE: approve, reject) the SALT II treaty. The full Senate has not yet voted on the treaty.

sportlight

(2 points for each question answered correctly)

- Star center (CHOOSE ONE: Dave Cowens, Bill Walton) of the National Basketball Association's San Diego Clippers has sat out the entire regular season so far, because of injuries to his left foot.
- Rick Upchurch of the National Football League's ... set a career record recently for most yards gained on punt returns. Upchurch has run back punts for more than 2,200 yards.
a-Pittsburgh Steelers
b-Denver Broncos
c-Dallas Cowboys
- Relief pitcher Bruce Sutter of baseball's (CHOOSE ONE: Houston Astros, Chicago Cubs) won the National League Cy Young Award.
- In 1979, Sutter tied a National League record for most ... in a single season.
a-saves b-strikeouts c-innings pitched

roundtable

Family discussion (no score)

What action should the U.S. government take to deal with situations like the recent takeover of the American Embassy in Iran?

Sun power

WASHINGTON (AP) — How did that old song go?

"Up in the mornin', out on the job, work like a devil for my pay. While that lucky old sun got nothin' to do, but roll around heaven all day."

That may have been true back in the '40s. But in the fuel-short 1980s, the sun is going to work. It will change the power landscape of America.

They've talked about it for a long time. But talk is being turned into steel and mirrors. Strange new structures are going up across the country. And laws, too, in the form of tax credits for homeowners willing to invest in the new, old technology. There are booming industries in solar heaters, wood stoves and insulation.

The soaring price of petroleum, the worries over nuclear power, the environmental catches in the use of coal, all are creating a new panoply of power — renewable energy sources.

Renewable because the sun drenches the earth with enormous amounts of energy every minute of every day.

Just eight minutes away as light flies is the biggest power plant in the neighborhood.

The Harvard Business School, in a study titled "Energy Futures," says it is plausible that renewable energy will fill a fifth of the nation's power needs by the year 2000, almost as much as natural gas does today. That means children alive today will be lighting their school lamps in the next 10-15 years with electricity born of wind and tide, wood and waste, warm ocean currents and the focused rays of the sun.

Dr. Bennett Miller, program director of solar, geothermal and storage systems for the Department of Energy, sees the near future this way:

In the Northeast, power plants will churn out electricity from wood waste.

In the Southwest, fields of mirrors will focus the sun's rays on furnaces, and except for wisps of superheated steam, it will bear little resemblance to an electric plant.

In the Northwest, hydroelectric dams will continue to pour out cheap electricity, but they will be aided and abetted by giant windmills with an armspread of 300 feet catching the Pacific breezes.

Similar windmills will dot the east slopes of the Rockies and the Great Plains. Can you picture a million of them? A federal study has.

Off the Southeast coast, an offshore rig could boil volatile gas using the moderate heat of the Gulf Stream, making it produce electricity or storable chemical energy for transport to shore.

Floating, tethered "ducks" containing generators will perk with the changing wind-blown waves, producing electricity like hydroelectric dams capturing the toll of surface waters.

Already, homes are being embellished with awnings to put off the summer sun and southern windows to catch the winter rays for warmth. Solar panels heat water and air to heat the house.

The cost of solar cells is dropping fast, and perhaps within five years they will be cheap enough to install on residential roofs, where they will grab bits of light called photons which will trigger the movement of electrons — in other words, electricity.

Public Notices

The Miami I.S.D. will receive bids until 7:30 P.M. of December 10, 1979 at the superintendent's office of Miami I.S.D. located in Roberts Co., of Miami, Texas. Bids shall be for the purchase and installation of the following items:

- Two (2) 1000 gallon gas tanks installed underground. Other specs per this item must be obtained at the superintendent's office.
 - Pump that will pump two (2) products installed.
 - All electrical, work complete, turn key.
 - Clean up and leveling of ground where underground tanks are installed to meet approval of Miami I.S.D. Item number 3 shall be bid separate as an optional item. Additional bid information must be received at the superintendent's office.
- The Board reserves the right to reject any and all bids, and to accept the bid which appears to be in the best interest of the District.

PUBLIC NOTICE

NOTICE OF SALE OF OIL, GAS AND MINERAL LEASES.

Notice is hereby given of the intention of the County of Gray, State of Texas, acting by and through its Commissioners Court, to sell separate oil, gas and mineral leases on the following described lands in which the mineral estate is owned by said County, located in Gaines County, Texas, to-wit:

TRACT 1: 553.5 acres of land, more or less, out of the Northeast part of League 287, Gray County School Land, in GAINES COUNTY, TEXAS, described as follows: BEGINNING at the Northeast Corner of said League 287; THENCE S 1/4 11' E with the East line of said League, 2,500 varas to a point for the SE Corner of this tract; THENCE S 7/8 49' W 1,250 varas to a point for the SW Corner of this tract; THENCE N 1/4 11' W 2,500 varas to a point in the North line of said League for the NW Corner of this tract; THENCE N 7/8 49' E with the North line of said League, 1,250 varas to the PLACE OF BEGINNING; and including all of Unofficial Blocks Nos. 1, 9B and 9A in said League 287, which three Blocks are described as Tract No. One (100 acres), Tract No. Five (230 acres) and Tract No. Six (183.5 acres), respectively, in Surface Deed from Gray County to Jack Phinixy dated May 10, 1948, recorded Volume 93, Page 578, Deed Records of Gaines County, Texas.

TRACT 2: 879.25 acres of land, more or less, out of the North part of League 287, Gray County School Land, in GAINES COUNTY, TEXAS, described as follows: BEGINNING at a point in the North line of said League 287, which is S 7/8 49' W 1,250 varas from the Northeast Corner thereof; THENCE S 1/4 11' E 2,500 varas to a point for the SE Corner of this tract; THENCE S 7/8 49' W 1,250 varas to a point for the SW Corner of this tract; THENCE N 1/4 11' W 2,500 varas to a point in the North line of said League or the NW Corner of this tract; THENCE N 7/8 49' E with the North line of said League, 1,250 varas to the PLACE OF BEGINNING; and including all of Unofficial Block 2 in said League 287, which Block 2 is described as Tract No. Two (879.25 acres) in Surface Deed from Gray County to Jack Phinixy, dated May 10, 1948, recorded Volume 93, Page 578, Deed Records of Gaines County, Texas.

Said TRACTS 1 and 2 containing a total of 1,223.75 acres of land, more or less.

And, that the Commissioners Court of Gray County, Texas, will meet and receive and consider bids on such leases at 10:00 o'clock A.M. on the 14th day of December, 1979, in the courtroom of the Commissioners Court in the Courthouse in Pampa, Gray County, Texas. At such time said leases will be awarded to the highest and best bidder submitting a bid therefor; provided, however, that if in the judgment of such body the bids submitted do not represent the fair value of such leases such body in its discretion may reject any and all bids submitted.

No bids shall be considered unless the lessor in such leases shall retain at least a one-eighth royalty, and the primary term of such leases shall not be for more than five (5) years from the date of execution and approval of such leases.

Children Can Romp in this charming 2 story, 9 room home with 2 full baths. The bedrooms were designed for growing and dreaming and there's a huge fenced back yard with fruit trees and a stone barbecue. Mom will love the kitchen and the convenient laundry chute. Call us today. MLS 935.

Beauty Aid Describes this home you'll be proud to own. Delightfully decorated throughout, it has 4 bedrooms, 1 1/2 and 1/4 baths, solid ash paneling and grass cloth wall paper grace the walls of the family room, and the dazzling kitchen with top-of-the-line appliances makes cooking really fun. MLS 849.

End Of The Rainbow This immaculate, well-arranged home is what dreams are made of. Formal living and dining rooms, 4 spacious bedrooms, a fireplace with a unique semi-circular hearth in the den, and imagine... 2 1/2 baths. Plus a lovely kitchen and a huge patio. MLS 969.

Relief For The Lady In The Shoe Why not spread out in this beautiful 2-story home. There's 3 bedrooms, 2 full baths, a living room to show your furnishings to best advantage and an upstairs family room to keep the kids happy while you entertain. Just listed. See it soon. MLS 988.

An Exclusive Listing For discriminating buyers. A beamed ceiling magnifies the warmth and space of the living room. Fine wood cabinets and a walk-in pantry in the kitchen, built-in hutch and menu-planning desk in dining. 3 bedrooms, 1 1/4 baths, just 1 year old. VHS2.

Corner Location 2 bedroom, new carpet, interior repainted, gas log fireplace apartment in rear. MLS 918A.

Small Business Be your own boss, great business location, close to new shopping center, lots of possibilities for expansion. Owners health won't permit his continuing to operate the business. MLS 641.

2 large lots on DeWoods, backs park. OWNER SAYS MAKE ME AN OFFER. MLS 657L.

6 Acres 2 houses, barn, storm cellar. Nice corrals, city utilities owner will sell as is, or will clear the property. MLS 9477.

Children Can Romp in this charming 2 story, 9 room home with 2 full baths. The bedrooms were designed for growing and dreaming and there's a huge fenced back yard with fruit trees and a stone barbecue. Mom will love the kitchen and the convenient laundry chute. Call us today. MLS 935.

Beauty Aid Describes this home you'll be proud to own. Delightfully decorated throughout, it has 4 bedrooms, 1 1/2 and 1/4 baths, solid ash paneling and grass cloth wall paper grace the walls of the family room, and the dazzling kitchen with top-of-the-line appliances makes cooking really fun. MLS 849.

End Of The Rainbow This immaculate, well-arranged home is what dreams are made of. Formal living and dining rooms, 4 spacious bedrooms, a fireplace with a unique semi-circular hearth in the den, and imagine... 2 1/2 baths. Plus a lovely kitchen and a huge patio. MLS 969.

Relief For The Lady In The Shoe Why not spread out in this beautiful 2-story home. There's 3 bedrooms, 2 full baths, a living room to show your furnishings to best advantage and an upstairs family room to keep the kids happy while you entertain. Just listed. See it soon. MLS 988.

An Exclusive Listing For discriminating buyers. A beamed ceiling magnifies the warmth and space of the living room. Fine wood cabinets and a walk-in pantry in the kitchen, built-in hutch and menu-planning desk in dining. 3 bedrooms, 1 1/4 baths, just 1 year old. VHS2.

Corner Location 2 bedroom, new carpet, interior repainted, gas log fireplace apartment in rear. MLS 918A.

Small Business Be your own boss, great business location, close to new shopping center, lots of possibilities for expansion. Owners health won't permit his continuing to operate the business. MLS 641.

2 large lots on DeWoods, backs park. OWNER SAYS MAKE ME AN OFFER. MLS 657L.

6 Acres 2 houses, barn, storm cellar. Nice corrals, city utilities owner will sell as is, or will clear the property. MLS 9477.
