Good Morning

No principle is more noble, as there is none more holy, than that of a true obedience. —H. Giles.

Petition Asks Election On Power Franchise

FDR SA'S 'STORM' REASON FOR THIRD TERM

Commission To Consider Plea Tuesday

Ivy Duncan Files Action Seeking People's Decision

Noting in just two days short of the deadline, a petition asking that the city commission call an election on the question of whether the Southwestern Public Service company shall be awarded a 20-year franchise was filed late Saturday afternoon with City Secretary W. M. Craven.

The petition was filed by Ivy Duncan, opponent of the proposed franchise, which had been voted by the city commission and was to have been effective Monday on condition that no petition asking for a referendum had been filed in the meantime.

October 4 was the third and final notice by publication of the ordinance, and there was a 30-day period in which election petitions could be filed.

City Manager Steve Matthews said the petition would be brought up before the commission at its regular meeting Tuesday afternoon.

If the commission finds the petition in order and with the necessary number of signers, it shall then order a special election.

Under the city charter a referendum election shall be called not less than 30 nor more than 90 days after the filing of a petition asking for such an election.

City Secretary Craven said he did not count the number of signers of the petition, but assumed there were 700 or 800. At least 500 signatures were required.

The ordinance granting a franchise to the utility company was first introduced to the city commission by Commissioner George B. Cree on August 27.

Main items of the ordinance were:

Granting a franchise to the utility company for 20 years; company to pay city a gross receipts tax annually of 3 per cent; reduction in city's street lighting bills; increase in company's ad valorem taxes, and in company's taxes on county and schools; savings in school lighting bills; benefits retroactive to September 1.

Estimated savings and benefits under the franchise, for the 20-year period, were \$445,000.

No Third Termers Ask Protection Of Texas Rangers

HOUSTON, Nov. 2 (AP)—Steve Finckney, chairman manager of the No Third Term Democrats of Houston, said tonight that he would appeal to Governor W. Lee O'Daniel to give anti-New Deal speakers the protection of Texas Rangers.

The appeal will be based, he said, on incidents at a scheduled Wilkie for President rally this afternoon in Carthage.

A. M. Davis, a Houston dryfman supporting Wilkie, was scheduled to have made an address, but "in the early part of his talk a group of men broke up the meeting," Finckney said.

I Heard....

That an Amarillo man was "jailed" in Charlie Thut's office one day last week. The man went into an abstractor's office adjoining the office of the county clerk and when employees of the clerk's office went to dinner they locked the door, not knowing anyone was around. Clerk Thut had to come back early from the Lions club luncheon to "release" the "prisoner" who meantime informed the sheriff's office over the telephone of his plight.

Tomorrow's Dollar Day Again—Read Ads In News Today

Dollars to give away! That will be literally true tomorrow which is Monday and dollar day, but it won't be a blue Monday for you if you will read the dollar day ads in this issue of The News, and then go down Monday and grab up the bargains. There will be hundreds of others just like you after those bargains, but the beauty of it is that there will be enough bargains for everybody.

PAMPANS FLY AT McMURRY

ABILENE, Nov. 2—The bride and bridegroom of McMurry college, Mr. and Mrs. Burton Reynolds of Pampa, have become the college flying family. Katherine Barrett Reynolds, daughter of Mr. and Mrs. E. C. Barrett of Pampa, is the only girl flyer at McMurry. She did her solo flight recently after eight hours in the air. Reynolds, son of E. E. Reynolds of Pampa, is the only football man taking CAA training in Pampa high school. Toppo was president of the student association and Katherine was secretary. Reynolds is a junior, majoring in business administration and is end on the Indian squad. "Katy" is a sophomore speech major.

Axis Planes Falter; British 'Saw Logs'

LONDON, Nov. 2 (Sunday)—Raided England, Scotland and Wales enjoyed one of the quietest nights in weeks last night and early today as the German and Italian raiding squadrons, beaten back from London time and again yesterday, gave the bomb-battered British a rest. Fast-striking early raiders, one of which machine-gunned London streets for the first time, thinned out quickly and the all-clear signal was given before midnight.

Early reports showed that with the exception of a few districts in southeast England, the British were getting a sound sleep. At the end of another week of aerial siege, the air ministry declared that the attackers' striking power was faltering and that Nazi plane losses were running ahead of the British 3 to 1, and Nazi losses in airmen 4 to 1.

How To Mark Your Ballot Explained

A record vote in the general election to be held Tuesday was foreseen Saturday as the result of a heavy inflow of absentee ballots. County Clerk Charlie Thut said the number of absentee ballots received at his office had set a new record, and judging from this he expected a heavy vote in the election Tuesday.

Received at the office early Saturday was a total of 158 absentee ballots and the number was expected to be well over 200 when the deadline fell last night.

New To Write-In. With the announcement that J. E. McDonald, Democratic nominee for Commissioner of Agriculture would support Wendell Wilkie, Republican presidential nominee, some Gray county Democrats have been wondering about the correct way to "write-in" an opposing candidate's name on the ballot.

Applying not only to this case, but to all others where a write-in is desired, all that is necessary is to "write-in" the name of the candidate desired under any column.

However, it is suggested that the better method in such cases is to write-in the name of the candidate

County Demos Asked To Write In Corry's Name

The Gray County Democratic executive committee in session here yesterday afternoon unanimously adopted a resolution declaring that J. E. McDonald, candidate for office of Commissioner of Agriculture, has forfeited his right to have his name on the Democratic ticket in the general election Tuesday because he is supporting the Republican nominee for President. The committee recommended that all true Democrats of Gray county and Texas write in the name of Bill Corry for Commissioner of Agriculture.

The resolution declared that McDonald procured his name on the Democratic ticket by representing himself as a Democrat and then publicly stating after the ballots were printed that he was supporting the Republican nominee.

Motion adopting the resolution was made by N. M. Kite and seconded by E. A. Shackleton.

Chairman Jno. V. Andrews, who presided at the meeting, heartily approved the action. "I have always looked with respect upon a Republican who declares himself a Republican," Chairman Andrews said. "But I cannot respect a man who declares himself a Democrat until after he has secured his nomination on the Democratic ticket then turns in the other direction. "We are joining other loyal Democrats."

Business Breaks 10 Year Record

Greek Troops Score Gains; British Land

(By The Associated Press) Greek mountain troops held Albanian territory overlooking Koriza Sunday as Britain officially disclosed her bluejackets had landed in Greek territory to bolster the defense against Italy. The Greek command said a furious bayonet charge resulted in the capture yesterday of a hilltop about four miles inside Albania. It opened the way for turning the Italians eastern flank while heavy artillery fire barred the other Fascist thrust in the west toward Ioannina (Janina).

Reliable Athens reports said the Fascists had failed to break the main Greek defense lines after six days' fighting through mountain gorges.

Salonika, upper Aegean port, was raided six times yesterday by as many as 22 Italian planes. Greek airmen fought them over that key port.

V. Alexander, first lord of the British Admiralty, in a broadcast early today to the British Empire, said of Greece:

"The British navy is there, air support is being given, military objectives in Naples have been bombed and British troops have landed in Greek territory. . . . What we can do we will do."

He did not say where the troops landed but press reports said the British disembarked at the island of Crete, and the Italian high command said air attacks were directed there against ships unloading troops.

Italian "snicket" squadrons rained more bombs throughout Greece where previous attacks killed or wounded 300 civilians in Salonika, patras and Larissa and the islands of Corfu and Crete.

The Fascist high command also said its troops had penetrated the "Metaxas line" in a pincer movement with one column aimed at Salonika in northeastern Greece and another driving south toward Ioannina, which has improved road links with Athens.

Bucharest reports said Soviet Russia has concentrated 31 divisions and three mechanized brigades on the Rumanian border. A British military expert recently estimated Germany had assembled about 70 divisions or about 1,250,000 men in southeastern Europe, ostensibly to guard Rumanian oil fields and "instruct" Rumanian troops.

Mann Rules Demos May Write in Names

AUSTIN, Nov. 2 (AP)—There is no legal bar against scratching the name of a nominee from the Democratic ballot and substituting that of another person in Tuesday's general election, Attorney General Gerald C. Mann said in an opinion today.

Mann's opinion was given at the request of C. A. Neal, Ellis county auditor who asked specifically if voters could scratch the name of J. E. McDonald, Democratic nominee for Commissioner of Agriculture, and write in that of W. N. Bill Corry, who announced as a write-in candidate after McDonald endorsed the candidacy of Wendell L. Wilkie, the Republican presidential nominee.

Texans Refuse To Let Wilkieite Talk

CARTHAGE, Nov. 2 (AP)—Neal Estes, Carthage newspaper publisher, said a crowd of 150 persons today refused to permit a campaigner for Wendell Wilkie to complete a speech he started on the courthouse square today.

A group of men dismantled sound equipment over which A. M. Davis of Houston was speaking, placed it in Davis' automobile and suggested he leave town. Estes said, adding that Davis was told "this is a Roosevelt county."

The speaker left immediately.

Prepare for winter—Presone your car now. Woodie's (Adv.).

COMMITTEE HEAD

By FRANK MacMILLEN NEW YORK, Nov. 2 (AP)—This week, more clearly than at any time since the world struggle began, was the force of war and defense on American economy made apparent, as business boomed to decade-long records and the flood tide of third quarter corporation reports set in.

Here were some of the highlights: 1. Probably for the first time in history, an American industrial corporation reported \$1,000,000,000 of unfilled orders on its books. Bethlehem Steel corp., helped by its big shipbuilding division, set the mark.

2. U. S. Steel corp., reporting for the first nine months of the year, gave graphic illustration of the meaning of high defense levies, as it revealed sales were \$62,746,071 for the period, nearly as great as its net profit of \$69,418,070.

3. The demands of the arms program began to make themselves felt in the country's lately stagnant money markets, as commercial loans rose for the fourth successive week, and the securities & exchange commission at Washington reported that 49.8 per cent of the \$91,000,000 of new securities registered in September called for actual "new" money, to be put into plant and equipment or added to working capital.

Financial quarters said the trend had probably intensified in October. Accompanying many of the reports to stockholders were messages from the heads of leading concerns which showed in increasing preoccupation with the problems, not only of a war-gearred economy, but with the inevitable adjustments which peace-time conditions would bring.

Charles R. Hook, of the American Rolling Mill Co., told stockholders: "If we are to prevent serious collapse when the requirements of our national defense have been satisfied, we must begin now to give serious and timely attention to the problems of our domestic economy."

Alfred P. Sloan, chairman of General Motors, a key factor in national defense plans, said: "The problems that have beset industry for so many years are unsolved. They may be counted on to reassert their influence when the present emergency is over."

At the same time Sloan cautioned the owners of General Motors' 43,000,000 shares that rising costs and taxes must prepare them for the prospect of "diminishing returns" on their investment.

Police Intercept Man With Revolver At Wilkie Rally

NEW YORK, Nov. 2 (AP)—A 78-year-old man, who police said carried a loaded .33 caliber revolver in his pocket, was seized tonight 20 feet from the platform on which Wendell L. Wilkie was speaking in Madison Square Garden.

The elderly prisoner, moving toward the rostrum as the Republican presidential nominee concluded his last major campaign address, was grabbed by Patrolman Charles Havlick, who had been summoned by spectators.

Dr. Ward denied that he intended using his gun or hurting anyone. Capt. Rothengast said: "He said he had been carrying it around only for his own protection."

Capt. Rothengast said the man would be held on a charge of illegal possession of a weapon. Police continued to question him.

"He told us that he had no enemies," said Rothengast, "but he felt that he needed the gun for protection in his regular rounds in Harlem. He was afraid of robbers."

"So far as we have been able to determine, Dr. Ward had no license to carry the revolver."

"He told us that he had gone to the Garden, as a Wilkie supporter, to hear the speeches."

Size Of Texas Willkie Vote Speculatory

BY HOWARD C. MARSHALL
AUSTIN, Nov. 2 (AP)—Steady pelting by No-Third-Term and Willkie Democrats, fronting for the Republicans, today characterized the fading hours of a furious presidential campaign in Texas.

Professed long-life Democrats, including a state commissioner of agriculture renominated for a sixth term in the summer's Democratic primaries, peppered this Democratic hohobid among the states with arguments against a third term and Rooseveltian policies, especially the New Deal farm program.

Confident Texas would stick to political tradition this year—it has departed only once since the Civil War regular Democrats evidence active activity, and outstanding Texans in national Democratic circles, such as speaker Sam Rayburn and Senator Tom Connally, battled for the party in other states.

The size of the Willkie vote was the number one interest of the election within Texas. A strong number two was the reaction of voters to Agriculture Commissioner J. E. McDonald's bolt to the Willkie-McNary standard.

Several "miss-in" candidates were urging voters to repudiate the white-haired McDonald, who over national radio hookups reaching into the farm belt of the middlewest had castigated the AAA as ruinous to farmers.

Attorney General Gerald C. Mann said in an opinion there was no legal barrier to such write-in voting.

Campaigning for the write-in vote were W. N. Cory of Keller for whom the Texas Agricultural Association mapped a series of rallies beginning today in Waco and spreading the state in a final blast on election eve, and Tom Martin of Johnson City, who makes daily radio addresses.

Amyron Blalock, Democratic campaign director, declared the commissioner by his actions, had released Democrats from their primary pledge to support nominees in the general election.

Leaders of all groups kept ears cupped for any statement from the Mesquite-studded neighborhood of Uvalde, where vice-president John N. Garner, at his home, maintained emphatic silence.

Governor W. Lee O'Daniel, re-

London's Woman Air Raid Spotter

Mrs. Roy Jackson, pictured above in London at an off-duty moment, holds the distinction of being London's only woman air raid "spotter." Her "beat" is business district in West End. Eyes skyward, she warns of Nazi raiders in plenty of time to allow workers to take shelter.

nominated also in the Democratic primary, drew criticism from State Representative Weldon Burney of Evans for taking no part in the national campaign. O'Daniel made no reply to the Burney statement.

Although surface activity was slight, compared with a Democratic primary campaign of the memorable campaign of 1928 when Hoover carried Texas, evidences of strong uncertainties of interest were seen by observers, who generally predicted a large vote. Estimates ranged from 850,000 to 1,000,000.

Four years ago 942,538 ballots were cast in the general election and interest definitely was very small. In the first Democratic primary this year, 1,193,026 ballots hit the voting boxes, a record for any Texas election and interest was keen.

Order Numbers Will Be Posted Here This Week

State selective service headquarters at Austin tomorrow will be informed of the number of volunteers to be sent from Gray county, on the first call for trainees under the selective service act.

There had been a half-dozen questionnaires sent out from the local selective service board office Saturday to possible volunteers. One of the questionnaires has been filled out and returned to the local office.

Due to be received here tomorrow is the master list, from which the local board will compile its list of order numbers and information on the first Gray county men to be called.

This information is to be made available through a posting and through The Pampa News.

However, it will require at least one day from receipt of the master list for this information to be prepared by the local board.

The estimated quota for Texas for this fiscal year is 33,213 trainees. Required up to February 28, 1941, will be 16,950.

On the first call, November 19, the estimated state quota is 1,573; December 1-10, 575; three calls in January of 2,077, 5,535, and 2,499; one call in February, 4,700.

The War Today

BY KIRKE L. SIMPSON

The second World War was only 47 days old as October ended, but it already has carved a grisly trail of destruction and disaster across continental Europe unmatched in recorded history.

Nation after nation has succumbed to force or threats; some have lost their national identity. More than one hundred million dwellers on that continent have been brought under the domination of alien masters. Half a million square miles of territory are under alien flags.

Yet the essential fact of the war at this time is that Britain's Island fortress remains unconquered, and the bulldog grip of the British navy remains unbroken of all the despens that wash the shores of tragic Europe.

Nazi-Fascist expectancy of a short war is a shattered dream after 14 months of conflict. And while Britain endures, the Axis-mapped new order in Europe also remains an unrealized dream.

There is a deadly menace for the Axis in the long war for which the European stage is being reset. Britain has still to reap the full benefit of her war effort.

Sheriff Cal Rose left today for Austin where he will study in the state police academy for the next 12 days.

Census report shows that 759 bales of cotton were ginned in Gray county from the 1940 crop prior to October 18 as compared with 313 bales for the crop of 1939, according to the U. S. D. C. cotton ginning report of Royal H. Wilson, McLean, special agent, dated November 1.

A marriage license was issued Friday to Ben Weibel and Miss Opal Savage, both of Borger.

At a meeting of the county commissioners recently, bills were approved for payment, the general fund amended \$5.08, salary fund \$5.98.

In a judgment filed in 31st district court, the McLean Independent School district et al recovers \$204.27 in taxes, penalties, and interest from W. R. Woodward et al.

Mr. and Mrs. D. S. Cecil of San Bernardino, California, arrived Saturday, to visit with Mr. Cecil's niece, Mrs. Joe Shelton and Mrs. M. E. Stanka, and his nephews, D. E. Bob, F. J., and Glen Cecil. From here they will go to Durham to visit his brother, W. B. Cecil.

The White House Lumber Company took out a permit for a \$3,500 residence in the Williston Heights addition last week. Bill Massey was named contractor. Permits last week were \$4,500, hiking the total for the year to \$623,300.

Miss Delores June Showers and Charles Showers, Jr., entertained a group of friends with a Halloween party at their home, west of town, this week.

Motley Pioneer Dies
MATADOR, Nov. 2 (AP)—Funeral services were held today for Charles P. Wayburn, 77, Motley county pioneer, who died at his home last night.

Surviving are two sons, Gerald Wayburn of Matador, and Gilbert Wayburn of Houston, and a foster son, Wilson Gunn of Sherman.

A "nova," astronomically, is a star which suddenly increases to great brilliancy, then fades to its former comparative obscurity.

'Greatest Challenge'

AUSTIN, Nov. 2 (AP)—The greatest challenge to American schools in the National Defense Program is providing means to bridge the gap between school and job, president Homer P. Rainey told 400 personnel officials here tonight.

The U. S. department of agriculture issued 15,212 certificates for importation of purebred animals for breeding in 1939.

Shower Slipper Business Started By Aggie Students

Special To The NEWS
COLLEGE STATION, Nov. 2 (AP)—It might have been that necessity was the mother of the invention and again it may have been that three Texas A. & M. college students were just a jump ahead of the rest for they not only found a way to make their college expense money but also put a new industry in Texas in doing it.

Tom Hill and Ike Jacobs, of Dallas, and Wally Hendon, Richland, are the three boys and the new industry they introduced to Texas is the manufacture of wooden shower slippers.

Last year a local store obtained a few pair of such slippers which had been made in Japan but when the idea hit Hill and Jacobs that they could sell such shoes, they found no production available. They took in Hendon as production manager and finally found a Sherman planning mill which would turn out their shoe for them.

They placed a contract for 1000 pairs and at last report have sold almost the entire stock and at 75 cents a pair. They have not only made a nice profit for themselves, but all of their agents in the other halves are students and their commissions of 15 per cent help toward meeting their expenses.

The students wear the slippers to and from the showers and latest reports show that athlete's foot at the college has fallen off to practically no cases as compared to the records of past years.

Weathered Thanked For CMTC Services

Marking the conclusion of three years service as Gray county C. M. T. C. chairman, was the letter received Saturday by W. B. Weathered of Pampa, from Col. E. A. Keyes, cavalry, civilian components officer, Ft. Sam Houston.

The letter announced that instructions have been received from the war department closing the Citizens Military Training corps for an indefinite period.

"I wish to take this opportunity," Col. Keyes wrote, "to thank you for the loyal support and splendid cooperation you have shown, and for the generous support you have given each year in assisting candidates for this valuable training."

"I am sure you feel, as I, that the excellent results obtained have repaid us many times over. It is sincerely hoped that this form of training will be revived at some future date."

Gray county has made its quota of C. M. T. C. every year since Mr. Weathered has been county chairman. Enrollees from this county received their training at Ft. Sill, Oklahoma.

Gray county has made its quota of C. M. T. C. every year since Mr. Weathered has been county chairman. Enrollees from this county received their training at Ft. Sill, Oklahoma.

WILLKIE

(Continued From Page 1)

crats, state and county judges and commissioners, other Democratic committees in a move to elect a Democrat to represent us as Commissioner of Agriculture.

Bill Corry

who kept his intentions to support the Republican party well concealed until he had secured the Democratic nomination for his own office.

Voters of Gray county are asked to write in the name of BILL Corry, not W. N. Corry or William Corry, but BILL CORRY in the Democratic column. In so doing, Democrats will be voting the straight Democratic committee, it was pointed out.

The resolution as adopted at yesterday's meeting, follows:

Whereas, J. E. McDonald appears as a candidate for Commissioner of Agriculture on the Democratic Ticket; and,

Whereas, he procured his name to be placed on the Democratic Ticket by representing that he was a Democrat; and,

Whereas, he has now publicly stated that he is supporting the Republican Candidate for President of the United States against the Democratic Candidate;

Now, Therefore,

BE IT RESOLVED:

1. That it is the opinion of the Democratic Executive Committee of Gray County that Mr. McDonald has forfeited his right to have his name on the Democratic Ticket as Candidate for Commissioner of Agriculture.

2. That the said J. E. McDonald has forfeited his right to have Democrats vote for him because he obtained the Democratic nomination.

3. That Democrats are free to vote for whom they please for the office of Commissioner of Agriculture.

4. That we commend the candidacy of Bill Corry for the office, who is conducting a write-in campaign.

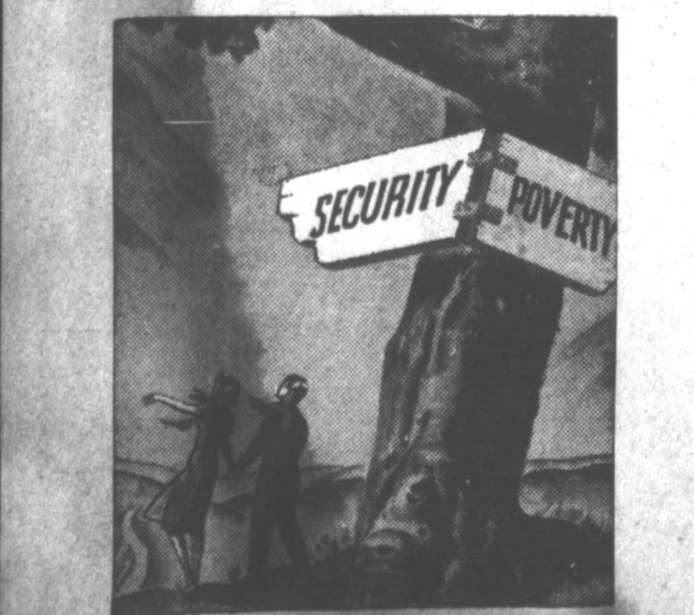

Berlin in Flames

After British Raid

(By The Associated Press) LONDON, Nov. 2.—In two smash-ups at Berlin officially called the heaviest ever tossed by the RAF, British bombers were declared tonight to have repeatedly bombed three of the German capital's main railway centers and left a mile-long blaze about a vital powder station. One raiding wave, the Air Ministry said, went into action shortly after 8 p. m., last night and stayed on the job for nearly two hours and another flew in over the city at 2:20 o'clock this morning and fired with bombs for 40 minutes. It was Berlin's Klingenberg pow-

SHIP STRUCK BY BRITISH SHELLS AT DAKAR

Shown are the holes blown through the bow of the French ship Tamara by British shells during the bombardment of Dakar, Africa, in the abortive attempt to take it for the "Free French" forces of General De Gaulle. This photo passed by French censor.

Hiya, Tooths!

That charming smile is due to the most photogenic teeth in Hollywood, according to a recent selection by southern California dentists. The prize teeth belong to Margaret Tallichet, young actress who was formerly a Dallas, Tex., society reporter.

ROOSEVELT

(Continued From Page One) our own land—on one hand the Communists, and on the other the Girdlers.

Proud of Opposition "It is their constant purpose in this, as in other lands, to weaken democracy, to destroy the free man's faith in his own cause.

"In this election all the representatives of these forces, without exception, are voting against the New Deal.

"I am proud of this opposition. It is proof positive that what we have built and strengthened in the past seven years is democracy."

Mr. Roosevelt did not define the term "Girdlers" nor explain its origin.

In his address, coming at the end of a day of campaigning through eastern New York, a corner of Pennsylvania and into Ohio, the President asserted that the American people, during the past seven years, had "marched forward out of a wilderness of depression and despair."

"They have marched forward right up to the very threshold of the future—a future which holds the fulfillment of our hopes for real freedom, real prosperity, real peace. I want that march to continue for four years more. And for that purpose, I ask your vote of confidence."

Explains War Attitude In a detailed discussion of the administration's foreign policy, the chief executive said its first purpose was to keep the country out of war.

At the same time, Mr. Roosevelt declared, "we seek to keep foreign conceptions of government out of the United States."

The second purpose of this policy, he said, was "to keep war as far away from the shores of the entire western hemisphere."

"Also our policy is to give all possible material aid to the nations which still resist aggression, across the Atlantic and Pacific oceans," the chief executive said.

"We make it clear that we intend to commit none of the fatal errors of appeasement."

Addresses 'Common People' Mr. Roosevelt said democracy had moved forward in the last seven years but that the people are asked to stop in our tracks and are asked to march back into the wilderness from which we came. Of course we will not turn backward.

"It is our prayer that all lovers of freedom may join us—the distinguished common people of this earth for whom we seek to light the path. I see an America where factory workers are not discarded after

His Diet Costs \$1.80 Annually

How would you like to eat for a year for only \$1.80 total? Dr. Robert S. Harris, pictured above with one of the two all-sustaining foods he recently developed from new formulas at Massachusetts Institute of Technology, Cambridge, says that's all food need cost if you live on his menus. Formula 1: skim milk powder, whole wheat meal, and concentrate of vitamins. Formula 2: Oats, corn, wheat, skim milk, and vitamin concentrate.

BALLOT

(Continued From Page 1) desired above the name on the ticket.

The "write-in," if in other columns, should be aligned with the name of the office for which the candidate is a nominee.

In voting a straight ticket, all that is necessary is to leave the party column of the voters choice unmarked, then draw a straight vertical line down the remaining columns.

On the four amendments printed on the ballot, each marked "for" and "against," the voter simply draws a line through the proposition to which he is opposed.

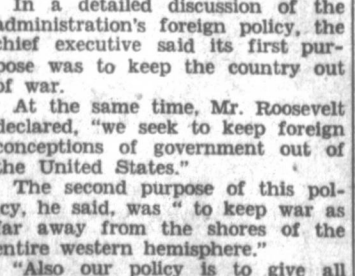

Polling Places Only one of the county's 17 polling places has not been definitely determined. This is in precinct 17,

McLean, of which T. J. Coffey is presiding judge. County Clerk Thad said his information on the other polling places was:

Precinct 1, LeFors, LeFors school auditorium; 2, Pampa, Harrah chapel, 709 Barnes; 3, Grandview, Grandview school; 4, Alanreed, residence of W. J. Ball; 5, McLean, McLean city hall; 6, Laketon, Laketon school; 7, Farrington, Farrington school; 8, Hopkins, Hopkins 1 school; 9, Pampa, Woodrow Wilson band room, corner of Hazel and E. Browning; 10, Pampa, courthouse; 11, Kingsmill, Ecla Grain company; 12, Pampa, Odd Fellows hall, 210 W. Brown; 13, Phillips, Community hall.

Precinct 14, Pampa, McCullough Memorial Methodist church, 1910 Alcock; 15, Pampa, American Legion hut, 706 W. Foster; 16, Pampa, Culbertson-Smalling Chevrolet company, 218-22 N. Ballard, a change from Tex Evans Bulk company, 204 N. Ballard.

Ontario produced 2,896,477 fine ounces of gold in 1938.

FDR Denies Fleet Rumor, Accuses GOP

(By The Associated Press) President Roosevelt directed a new charge of "falsehood" against the Republicans Saturday, accusing an unnamed G. O. P. leader of "peddling" a statement "more dangerous to our peaceful international relations than anything that has ever been done in Washington by this government."

Mr. Roosevelt made this accusation at Rochester, N. Y., where he stopped en route to Cleveland for an address. He said the man "directing the Republican national campaign" told a press conference "off the record" but with permission to "spread it around" that the President had started the United States fleet westward from Hawaii in the direction of the Far East. Then he added:

"And this Republican leader went on and he said: 'And the orders have been issued that the day after election the whole United States fleet will proceed further westward, out to the Philippines. And that, you know, would be an act of war against Japan.'"

Mr. Roosevelt asserted that none of the fleet had gone west of Hawaii; said this same "factory" had produced other "untrue" rumors and declared that "your President says this country is not going to war."

Republican National Chairman Joseph W. Martin said at New York that "he must have meant me" and declared that he had discussed with reporters a report "that had been in circulation in Washington for a number of weeks." Martin insisted the matter was "all off the record" in the press conference and he advised reporters "that nothing should be spread unless they verified it."

Along with the addresses of the major candidates yesterday came a series of other political developments, including:

The Republican national committee reported to congress that it had collected \$2,993,991 and spent \$2-

Baker School Will Receive Trophy At Steak Fry, Nov. 15

Baker school's championship ward school football squad will receive the Dan McGrew Football trophy at a steak fry to be served in the high school cafeteria at 6 p. m., November 15.

Plans for honoring the squad were made yesterday when Principal Aaron Meek, Coach Dick Livingston and Mr. McGrew met.

This is the first year a ward school trophy has been presented. Mr. McGrew, city recorder, ordered a 16-inch statue trophy which will become the permanent property of the team winning it three years.

The boys, and a few guests, will be fed steak, potatoes and gravy, vegetables, hot rolls and dessert. A gross of rolls has been donated by Dilley Bakeries and Puritan Bakery.

Candidate's Face," and asked who will vote against a "rocking chair and jam?" the author replied, "I am."

Mayor Fiorello La Guardia of New York said in a radio speech that the Republican party had waged a campaign of "greed, hate and bitterness" against President Roosevelt and his social legislation.

The Republican national committee issued what it termed "a poem written by America's outstanding poet, Edna St. Vincent Millay in commemoration of the visit of the third term Candidate Roosevelt to Philadelphia to obtain an academic degree." The poem was entitled "The President With A

312,400 since January 1. Unpaid commitments as of October 31 were reported as \$345,413.

Senator Norris (Ind.-Neb.) told a press conference at Omaha that "at least \$75,000,000" is being spent "in an open and brazen attempt to buy the election for Wendell Willkie."

The national Republican committee said state surveys indicated a Republican net gain of 60 to 70 house seats in the election. Republicans now have 167 seats and a net gain of 51 would give them a voting majority of 218.

Board Expresses Appreciation Of Confidence In Salvation Army

Expressing appreciation of the confidence Pampans had shown in the Salvation Army, a resolution was passed at a meeting of the local advisory board, held at 10 o'clock Saturday morning in the city commission room.

Arthur M. Teed, board chairman, said the principal thing he got out of the drive was the display of confidence in the organization.

The resolution adopted expressed appreciation to everyone who had contributed and worked in the campaign.

Total amount raised in the drive was \$4,475. This is in money in the bank and pledges. Goal in the campaign was \$5,000.

Brigadier William George Gilks, en route to the American Legion district convention in Borger, met with the board.

He presented framed certificates of appreciation to the board members.

United States Marine corps recruiting sergeants will visit seven Texas towns during this month, according to a letter from T. E. Kendrick, U. S. M. C. captain, retired, officer in charge of the Oklahoma City district.

Pampa is not included in the list of cities where the sergeants will give interviews to those who wish to enter on a career among the "soldiers of the sea."

A marine recruiter will be in Borger on November 27, 28, and 29. This is the nearest place to Pampa they will visit.

Other towns on the list are Childress, November 4, 5, 20 and 21; Dalhart, November 6, 7, 25, 26; Lubbock, November 8, 9, 10, 22, 23 and 24; Lamesa, November 11, 12; Brownfield, November 13; Paducah, November 14, 15.

Marines are trained to develop the natural characteristic of Americans—personal responsibility and the will to think and to act as individuals rather than as mere automatons serving blindly and without initiative.

Like all other branches of the armed forces, the marine corps is expanding rapidly, but it wishes to accept only the most eligible candidates. Marines have their own standards by which they judge applicants, and they do not believe that a man needs to be either a physical giant or a mental genius to possess those traits which may make him an outstanding individual.

They place little importance on the number of years spent in public schools, believing that many a man who did not progress beyond the eighth grade may develop under instruction into a more intelligent person than another who may have graduated from high school without applying himself properly.

Besides, any marine who so wishes may obtain without cost either an academic or a technical education. Similarly, the marine recruiting sergeants frequently accept some slim youngsters who are admittedly shy on poundage, knowing he will develop plenty of weight and muscle in the corps.

The president of the United States receives his salary check twice a month, from a special treasury representative.

National Chaplain For Legion Will Talk At Borger

Borger was host this week-end to Legion and Legion auxiliary members of the 18th district as the autumn semi-annual convention was in session.

At 8 o'clock this morning a breakfast for post officers will be held at the Ritz cafe, to be followed an hour later by a Legion business session, service officers, and Sons of the American Legion schools, all at the Borger High school.

Brigadier William George Gilks of Dallas, divisional commander of the Salvation Army, and national chaplain of the American Legion, is to be the principal speaker at 11 o'clock at the First Baptist church.

After dinner at the Legion hut at noon, the Legion and Auxiliary will hold a joint meeting, with the invocation being delivered by Paul D. Hill, of Pampa, district chaplain.

The joint meeting is to begin at 1:30 o'clock.

Scheduled to appear at the convention are several Legion notables, including the state commanders of Texas and New Mexico.

Registration at the convention opened Saturday, with a 40 and 8 week held in the afternoon, a stag party and a doe party, and a dance at night. The stag party was held at 7 o'clock at the Black hotel, doe party at the same time at the high school auditorium, and the dance, with music by Carlton Scales orchestra of Amarillo, at 9:30 o'clock at the Legion hut.

700 Attend Junior High Amateur Night

A crowd of 700 persons attended the Pampa Junior High school Parent-Teacher association's annual benefit program at the high school auditorium Friday night.

An amateur night, preceded and followed by the sale of chili, coffee, pie and milk in the high school cafeteria, was held with 30 acts presented.

First prize went to Claude Denson, Horace Mann pupil, with his "Donald Duck" act, second to John Robert Lane of the junior high, and his brother, Don, for their whistling and piano number, while third place was won by the gum chewing number of Doyle Foster, junior high pupil.

Purpose of the show was to raise funds for the Junior high P.-T. A. A complete report on the proceeds was not available last night.

The earth travels 66,745 miles an hour in its journey around the sun.

Marine Officer To Visit Borger

United States Marine corps recruiting sergeants will visit seven Texas towns during this month, according to a letter from T. E. Kendrick, U. S. M. C. captain, retired, officer in charge of the Oklahoma City district.

Pampa is not included in the list of cities where the sergeants will give interviews to those who wish to enter on a career among the "soldiers of the sea."

A marine recruiter will be in Borger on November 27, 28, and 29. This is the nearest place to Pampa they will visit.

Other towns on the list are Childress, November 4, 5, 20 and 21; Dalhart, November 6, 7, 25, 26; Lubbock, November 8, 9, 10, 22, 23 and 24; Lamesa, November 11, 12; Brownfield, November 13; Paducah, November 14, 15.

Marines are trained to develop the natural characteristic of Americans—personal responsibility and the will to think and to act as individuals rather than as mere automatons serving blindly and without initiative.

Did you buy YOUR car on "Millinery"?

YOU hear it said often nowadays that it's millinery that sells automobiles.

All right—let's put it up to one who knows. Did you buy your car on nicknacks, trick devices, novelties? We don't think so.

We believe that while considering style, and room, and comfort—you really picked your car on what it would do on the road!

Now, we take our hats off to no car for being smarter-looking than Buick. We'll match our product against any for room, for appointments, for fine finish, for comfort.

But beyond all that, we challenge the whole field to equal

Buick on its downright all-round performance ability.

On its power—on its pull—on its pick-up—on its easy handling (including freedom from shifting)—yes, and on its thrift.

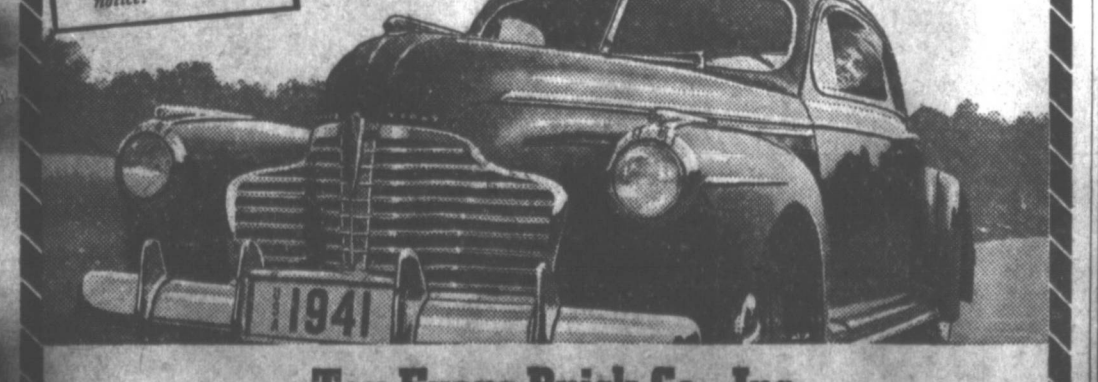

Nowhere will you find a car that does so much so well and so frugally.

You'll find novelties in the new Buicks of course, but they're not the chief attraction. Instead you'll see the two big basic engineering developments of the year—FIREBALL design and Compound Carburetion.

Buick prices begin at \$935 for the Business Coupe delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices subject to change without notice.

Harvesters Not Lubbock To 20 To 7 Score

McBrayer Of Westerners Breaks Leg

A valiant band of Pampa Harvesters failed to halt the march of the Lubbock Westerners here Saturday afternoon but they held the defending state champions to a 20 to 7 score. The Westerners won their 16th straight game since they started their march to the state championship last year.

But in winning, the Lubbock team suffered a severe loss when Marvin McBrayer, ace right tackle, received a broken leg in the first play after Pampa took the ball. McBrayer tackled Lefty Peniston and in some unknown manner fell with his leg under his body. He was rushed to a hospital in a Huffman-Nelson Funeral home ambulance where it was learned that both bones in his left leg between the ankle and knee had been broken. He will remain in the hospital here several days before being taken home, his physician said last night.

Leete Jackson and Bob McKinnon, working behind the pretenses interference men on the local field this season, led the Westerner attack. They swept the ends for long gains and when short yardage was needed they just plowed.

McKinnon Goes 88 Yards
McKinnon started the ball rolling for the Westerners late in the first period when backed to his own 12-yard line he flitted around the Pampa right end on an 88-yard jaunt. So sensational was the Lubbock blocking on the play that even the Pampa fans were taken aback. McKinnon failed to boot the extra point from placement.

Jackson gave the Westerners their second touchdown when he kicked his own left end for 67 yards to score standing up. McKinnon added the extra point from placement.
It was Jackson that ended the scoring for the Westerners when he started into the strong side of his line and then changed direction and went off weak tackle for 15 yards and a touchdown. McKinnon again added the extra point from placement.

Late in the fourth quarter the Harvesters became the fifth team to score on the Westerners during their meteoric 16 game winning streak. Little Grover Heiskell jumped in front of Jackson and intercepted a McKinnon pass on his own 20-yard line. He aired down the east sideline the goal times appeared stopped. As he neared the middle strip two Westerners came at him but out of a flock of tacklers shot a green and gold form and both would-be tacklers went down and Heiskell roamed unimpeded across the goal line. The blocker who saved the day was Frank Daugherty, who had relieved Nichols at right end.

Daugherty Outstanding
Lubbock rolled up 333 yards from scrimmage, most of it on sweeping end runs which saw four blockers screening the ball carrier, while the Harvesters paced off 157 yards. The Harvesters succeeded in completing seven of 20 passes for 83 yards while none of Lubbock's three passes clicked.

The Harvesters, definitely the underdogs, played their best game of the season. Blocking was greatly improved and tackling more true. Scoring punch was lacking in a

Kimbrogh Leads Aggies To 17-0 Win Over Arkansas

Coach Knows Twins by Their Teeth

Harold Coleman resembles his twin, Harry, so much that he removes false teeth to establish identity with Coach Morse Simms. The brothers are first-string players with CoMo's College of San Antonio, the nation's most traveled football team.

Harvester drive of two smashes into the line, an end run on a lateral and a pass led the ball five yards short of a touchdown.
Play of Frank Daugherty, reserve end, was the brightest spot of the game. Fade, Phillips, Burnett, and in fact the entire line played stellar ball most of the way but there was just too much Lubbock blocking at times. Heiskell led the ball carrying department with Terrell, Arthur and Peniston chiming in with nice runs.

First Quarter
Lubbock won the toss and received, defending the south goal. Phillips kicking left for the Harvesters. Waitall returned a 50-yard stripe. Jackson and McKinnon reeled off 15 yards, then Arthur dropped Jackson for a yard and McKinnon took over their 32. Peniston gained 9 yards and McBrayer was injured on the play and Moore came in. McBrayer was taken to a hospital in an ambulance.

Terrell made a first down and Heiskell, Peniston and Arthur followed with another first down. The Westerners held and Heiskell kicked out on the Lubbock 15.
Jackson lost a yard. Then McKinnon stepped around his own left end and with-out a passer he ran 45 yards for a touchdown. McKinnon's try for extra point was wide. Lubbock 6; Pampa 0.

Blackwell returned a short kickoff to his own 44-yard line. Peniston penalized 13 yards for holding. Burnett and Ott stopped the drive and Jackson booted 54 yards. Heiskell returning to the 23. The Westerners plunged into the line netted only 4 yards at the quarter.

Second Quarter
Sanders went into the Lubbock line. Thompson and Daugherty were in there. Jackson returned Heiskell's punt to his 45-yard line. McKinnon and Wright made a first down and Johnson reeled off 15 yards for another. Burnett went back into the Pampa line. McKinnon and Wright made another first down on the Pampa 17 and Jackson added another to the Pampa 5. Arthur stopped Wright. Ott and Peniston stopped McKinnon's red. Daugherty stopped McKinnon after a two-yard gain. Heiskell stepped around his own right end without any trouble for a touchdown. McKinnon added the extra point from placement. Lubbock 13; Pampa 6.

McKinley, Wynne and Lanford went into the Lubbock lineup. Edmondson and Proper went into the game. Pampa Proper completed a 10-yard pass to Ott but three more were incomplete and Edmondson decided to run with the ball instead of punt because only 18 seconds remained to play. Lanford and Flanagan went in for Pampa.

Third Quarter
Lubbock on the first play after receiving the kickoff sent McKinnon around right end for 14 yards. McKinnon roamed around his left end for a first down. Jackson roamed around his right end for another first down. Daugherty went into

By FELIX R. McKNIGHT
COLLEGE STATION, Nov. 2 (AP)—Giant John Alec Kimbrogh hurtled like a meteor through Arkansas today to shepherd the Texas Aggies to their seventeenth consecutive triumph, 17-0.

The laughing, 222-pound All-America fullback shook a touchdown midway of the first period with some of his old-fashioned line plowing and then riddled their two boldest aerial attempts with stunning interceptions and runbacks of 47 and 38 yards.

But behind Jarrin' Jawn today was a vicious Aggie line that manufactured break after break with jolting tackles that caused Arkansas' second five fumbles—all recovered by the Cadets—at quite crucial moments.

As Arkansas' second scrimmage play of the game the Aggies flushed a great break when Tackle Chip Routh's vicious hook of little Walt Hamberg's attempted quick kick gave Ernie Pannell a chance to recover on the Arkansas 12.

There the Porkers put on a grand defensive show, taking over the ball after Kimbrogh's two runs and two passes failed of a score.

But the next break, three minutes later, was an Aggie touchdown. End Boots Simmons jarred the ball from Hamberg's hands on the Arkansas 17.

Langing, diving, butting Kimbrogh swept straight through the massive Arkansas line for a touchdown on five hits, the final one from the three. Pugh kicked the point—his ninth straight conversion without a miss this season.

Wild Bill Conner's 39-yard punt return, and a couple of Marjand Jeffery's passes to Sterling and Henderson, both lateraled off to Kimbrogh, carried the Aggies to the Arkansas seven in the third period, but Arkansas held.

From the 22-yard line, and at difficult angle, Sophomore Jake Webster kicked a field goal, while Kimbrogh converted.

Two minutes later, and the man Kimbrogh broke Arkansas' back again. He stabbed Hamberg's pass at midfield and scurred 38 yards to the Arkansas 22. On the next play Jeffery sent a smoking touchdown pass to Sterling on the goal line. Robertson converted.

Outstanding for Arkansas on the defense was Jay Lawhon, a tremendous fellow at fullback who did quite a job of line blocking.

The Aggies went handily, but for the first time since the Arkansas game a year ago they were outgained. The towering Porkers gained 226 yards—151 by passing—to the Aggies total of 185 yards.

SMU Baffles Texas 21-13 In Airkrieg

AUSTIN, Nov. 2 (AP)—A baffling blend of power, speed and aerial efficiency gave Southern Methodist University's Mustangs a 21-13 triumph over a University of Texas team here today.

Inaugurating their southwest conference schedule, the Methodists held Texas' vaunted ground attack in check but the inspired Longhorns rose to heights to tally twice and stiffened enough to stop other Mustang scoring threats.

All scores were made in the last two periods, the Ponies opening the third period with a touchdown march from their own 21.

A crowd of approximately 25,000 saw Johnnie Clement pass to Dick Miller and then to E. L. Keeton, with the aid of a plunge by Preston Johnston, to place the ball on the Texas 40. Johnston thundered through the line for nine and Clement aerialized to Gus Tunnel for 25. From there Johnston plowed around left end for the tally. He kicked the point.

The kick-off to Texas went out of bounds and from their 35 the Steers got to the 41 with Noble Doss carrying. Doss ripped off five more and two line tries were smeared. Then Pete Layden uncorked a rainbow pass to Jess Hawthorne who stumbled through several tacklers and, behind good blocking, ran over for the score. Crain's placekick for point was wide.

Shortly thereafter Guard Hoyle Simes fell on a Texas fumble on the Longhorns' 34. Clement passed to End Bob Maddox and Keeton to the Steer 6 after which Johnston powered through for three and Clement sliced tackle for one. Clement aerialized to Keeton behind the line for the second Pony score and Johnston added the extra point from placement.

Opening the final period on his own 24, R. L. Harkins of Texas hurried two incomplete aeriels and then suddenly found Spec Sanders the deep kick pass at a gallop and outran the Methodist secondary to score standing up. On the attempted placekick the ball was fumbled but Sanders grabbed it and dodged through a broken field to add the point.

The Ponies again gained possession of the ball on their own 42 and Clinton McClain plunged for four. Ray Malouf then aerialized to Turner Kelly Simpson received the next overhead and carried to the Texas 15. On a fake pass, McClain ran over the goal line around right end. Johnston's toe concluded the point getting.

Statistically, the ball game looked like this:

Nebraska Takes First Place In Big Six Tussle

By AUSTIN BEALMER
NORMAN, Okla., Nov. 2 (AP)—Nebraska's mighty Cornhuskers powered their way to a 13 to 0 victory over the Sooners of Oklahoma here today to take over first place in the Big Six conference gridiron race and move within striking distance of their first title since 1937.

As a record-breaking crowd of more than 35,000 looked on, the Huskers drove 80 yards to one touchdown in the second quarter, 40 yards to another in the final period, tied the Sooners ground attack in knots, and blasted the home club's over-head game clear out of the air.

After being thrown back twice in the first quarter with the goal line only five yards away, the Nebraska finally went to work in earnest with Halfback Harry Hopp in the driver's seat.

Hopp started the 80-yard march by slashing off tackle for 15 and alternating with Wayne Blue in stabling through for short gains as the Nebraska forwards split open the Oklahoma line.

Only 20 seconds of the first half remained when the visitors reached Oklahoma's 30-yard line and Hopp flipped a long pass which Jack Jacobs, the Sooner fullback, stood ready to intercept on the five.

But Jacobs, who was blanketed over time he turned around all afternoon, let the ball slip through his fingers and it dropped into the waiting hands of Allen Zikmund, who merely stepped across the goal line. Hopp missed the kick for extra point.

Phillips Beats Panhandle To Lead District Race

By HARRY E. HOARE
Sports Editor, The Pampa News
PANHANDLE, Nov. 2 (AP)—Coach Chesty Walker's mighty Phillips Blackhaws kept their season record unscathed here Friday afternoon when they upset the Panhandle Panthers 14 to 6 in an important conference game. The win gave the Blackhaws undisputed possession of first place in the district race.

Like their name, the Blackhaws took to the air for both their touchdowns. They uncovered a dazzling pass offense that completely baffled the Panthers.

First Phillips touchdown came early in the second quarter when Phillips took over on a punt on the Panther 46-yard stripe. Cooper stepped back and passed to Cooper on the 37. Then duplicate Cooper Jackson on the Panhandle three. Held on the ground, Cooper passed again to Jackson, uncovered, across the goal line. Braden came out of the line to kick the extra point.

Phillips scored again before the half after intercepting a pass on the Panther 48-yard stripe. Panhandle drew a 15-yard roughing penalty on the play and Cooper followed by passing to Jackson standing on the goal line. Braden again kicked the extra point.

Panhandle came to life just before the half and with Pruitt leading the way blasted the Blackhaws all the way to their own 20-yard line where the whistle caught them.

The Panthers continued to lead play after the third quarter got under way. Pruitt, Hayton and Little took turns carrying the ball on a 65-yard march after taking the kickoff and Pruitt crashed over from the six-yard marker for a touchdown. The try for point was wide.

With their lead in danger, Phillips tightened and battled the mighty Panthers the rest of the way. Both teams threatened repeatedly during the remainder of the battle but stellar defensive play and ability to take advantage of every break kept both from scoring.

Cooper and Jackson led the Phillips attack all the way while Pruitt stood out for Panhandle, assisted by Little, Grantham, a 141-pounder, paced the Phillips defense while Stevens and Foster doing stellar work. Hayton, backing up the Panther line, was outstanding while Wood and Held played bang-up games in the line.

Both Phillips and Panhandle have yet to meet White Deer, chief threat in the district.

Notre Dame 7-0 Win Does Nothing To Hike Prestige

By BILL BONI
NEW YORK, Nov. 2 (AP)—A Notre Dame football team that had rolled into town on the wings of the biggest Irish boom since Knute Rockne's day rode out again tonight, on the very slim side of a 7-0 score over Army, rated the underdog by as much as 7-1.

The score was sufficient to keep the Irish in the dimishing group of unbeaten and untied teams. But the way in which they won did nothing to enhance their reputation or enthrall their supporters in the Yankee stadium crowd of 78,000.

Never, from kickoff until final whistle, did this supposed gridiron juggernaut get beyond midfield on its own initiative. Its touchdown came on an 81-yard run back of an intercepted pass in the first quarter. After that the only occasion on which Notre Dame had possession on the Army side of the field was on a quick kick by Arm fallback Johnny Hatch which wobbled out of bounds on the Cadet 43, 19 yards from the line of scrimmage.

The lad who got the touchdown was Steve Juzwik, Notre Dame's leading scorer for the season. He broke up the second of five Army threats by snaring Sophomore Hank Mazur's pass on his own 19, and then racing to the far end of the field virtually unprotected, outdodging Bill Gillis, Army captain and center, at one point along the way and simply running over Mazur, his last obstacle.

Milt Pieplu, big Notre Dame captain and fullback, kicked the extra point—which, until this highly-touted all-American prospect contributed to the proceedings.
The advance notices which unannouncedly conceded victory to Notre Dame apparently were just the inspiration Army needed. The Cadets had all the drive, all the fire and almost all the blocking.

Bob Sagau, blond Notre Dame halfback, fumbled the opening kickoff and Tom Farrell, Cadet end, dropped on the ball on the 13. The steam-up Cadets sent Johnny Roberts, Mazur and then Roberts again belting into the startled Notre Dame line. That third try missed first down by a foot.

Here Army called time and sent in Ted Latzykowsky to replace Roberts at quarterback. He went back to the 13 to try a field goal, the ball was deflected by Irish end Johnny O'Brien and Army's best chance to score was washed up.

Fullback "Moon" Mullins crashed over for two quick touchdowns against the Buffaloes, one of which was set up by L. B. Russell's 33-yard gallop. Evans kicked both extra points.

Goodnight and Bryson then ripped through the Buffalo line, breaking the ball over from the 4-yard line. Bryson converted.
Early in the second quarter, Russell sliced off tackle and ran 30 yards for the fourth Cowboy touchdown. Morrison blocked Evans' try to placekick, but Goodnight grabbed the ball and ran it across for the point.

The Buffaloes battled the Cowboys on even terms in the third quarter. They scored in the middle of the fourth when little Ben Collins passed and ran to the Cowboy 33, then made the touchdown on a zig-zag scoring thrust. He placekicked the point.
The Cowboys made 14 first downs to 5 for the Buffaloes and gained 281 yards rushing to 125.

Northwestern, Clemson And Navy on Beaten List

By HERB BARKER
NEW YORK, Nov. 2 (AP)—Northwestern, Clemson, Navy, Detroit and Kentucky were summarily removed from football's unbeaten class today as Bernie Bierman's Minnesota Gophers roared a new challenge to the Western conference in particular and the nation in general.

Tonight just 14 major teams could boast unbeaten records and three of these had been tied. In the east, Cornell, Boston College, Penn State, Lafayette and Georgetown, all had perfect records, as did Minnesota, Notre Dame and Michigan (tied today) in the Midwest; Texas A. and M. in the southwest; Tennessee in the South, and Stanford in the far west. Tied but unbeaten were Southern Methodist, Mississippi State and Texas Tech.

It was Minnesota which struck Northwestern off the list, winning a 13-12 decision in a dramatic struggle fought at Evanston before 48,000. Minnesota's record now shows successive victories over Washington, Nebraska, Ohio State, Iowa and Northwestern, which is just about par for the course.

Clemson's Tigers carried the Southern conference banner into New Orleans but proved no match for revived Tulane, which ground out 21 first downs and won, 13-0, with 31,000 looking on. Penn took advantage of the breaks and some doubtful rival strategy to give Navy its first defeat, 20-0, before a crowd of 70,000. Kentucky's unbeaten record was smashed by Alabama, 25-0, while Detroit's initial set-back came at the hands of Tulane, 7-0.

A crowd of 78,000 jammed the Yankee Stadium to see Notre Dame run over twice-beaten Army and remained to cheer the Cadets who played the Irish off their feet all the way, yet succeeded in losing the ball game, 7-0. Tennessee, 10-0, 61-yard run with an intercepted pass and on their own questionable field generalship.

All five unbeaten eastern teams won easily, Cornell, with final McCullough tossing three touchdown passes, romped over Columbia, 27-0; Boston College ran up a 23-0 count on Manhattan; Lafayette knocked over Washington and Jefferson by the same score; Penn State took South Carolina over the hurdles, 13-0; and Georgetown mowed down Syracuse, 28-6. Georgetown now has gone 22 games without defeat and Cornell has moved through 17 without a set-back.

Big John Kimbrough was the stage gun Texas A. and M. needed to whip Arkansas, 17-0, while Southern Methodist handed Texas its second successive defeat, 21-13. Bob Fox paced Tennessee to a 20-0 stunning conquest of Louisiana State, as Mississippi State fought Southwestern of Memphis to a tough nut to crack but won, 13-0. Texas Tech wog over Miami (Florida) 61-14 last night.

One of the day's most surprising results saw Duke practically run Georgia Tech off the gridiron with a 41-7 victory before 34,000. The Blue Devils, unimpressive earlier in the season, could do no wrong against the Engineers.

Sparks Grabs Touchdown Pass As TCU Noses Out Baylor 14-12

By HAROLD V. RATLIFF
FORT WORTH, Nov. 2 (AP)—Little Kyle Gillespie returned to gridiron glory here today, eluding through and around Baylor's ponderous Bruins as the spark that once more ignited Texas Christian University's victory fire.

The Horned Frogs won 14-12, in a thrilling game watched by a crowd of 8,000. Gillespie, 155-pound quarterback whose trick knee seems at last to have reached the point of supporting him, gambled 39 yards for one touchdown and set up another with a punt return that put the Frogs on the Baylor 17. Here Logan Ware and Frank Kring combined to smash to the Baylor 6-yard line.

Kring got two and Gillespie one, then Kring stepped back and fired a pass over the goal line. The ball settled into the arms of Connie Sparks.

Phil Roach, who today was one of the finest ends ever to carry off a T.C.U. stadium, kicked the point as he had on the first one. It was Roach's sure-footed efforts before the cross-bars that paid off. It was Gillespie's all-around good work that put the Frogs in position for Roach to exercise his kicking talents.

By its victory today T.C.U. stayed in the race for the Southwest conference championship, although it is only a mathematical chance the Frogs having lost one game. In the second quarter things picked up with a bang.

Texas Christian got its first touchdown on a lateral from Kring to Sparks to Gillespie that gained 46 yards. Gillespie skipped 39 yards for the counter.

It was a glittering passing attack that brought the Bears their first touchdown. Big Jack Russell, great Baylor wingman, was on the receiving end of most of the heaves but it was a pitch to Weldon Bigony that set the stage for 210-pound Milton Crain to ram over from the two-yard line.

Baylor scored again early in the fourth quarter with Coleman's fine return of Gillespie's punt to the T.C.U. 25-yard line starting the Bruins to rolling. Jim Witt circled left and for a first down on the 77, C.U. 9 and Travis Nelson caught the Frogs flatfooted on a reverse that brought the touchdown. Robert Nelson missed the point.

First downs were even but T.C.U. light of a crowd of 56,000. John Tennant's 62-yard run in the final quarter gave Wisconsin a 13-6 victory over Illinois, and John Petty's two touchdowns helped Purdue score over Iowa, 21-6.

ran up 208 yards rushing and passing to 124 for the bears. Texas Christian 0 7 7 0-14 Baylor 0 6 0 6-12 Baylor scoring: Touchdowns Crain, T. Nelson (sub for Byrd). Texas Christian scoring: Touchdowns Gillespie, C. Sparks; points from try after touchdown, Roach 2 (placements).

KIWANIS REVUE HAS SINGING, DANCING, COMEDY

Singing, dancing, comedy, and everything from the classics of Mendelssohn and Bach to the modern swing-it-out music of the jitterbugs has its place in the Kiwanis club Top O' Texas Revue to be presented in the high school auditorium Wednesday and Thursday nights of this week. Getting to the accom-

panying photos, in the upper left is Frankie Lou Koshin, the show's featured dancer. Lower left is Mona Nichols, another of the dancers. Top, at the right, are six of the jitterbugs—Vivian Farson, A. P. Humphrey, Iris Williams, Dick Kuehl, June Marie Amick, and Junior Williams. Lined up at the bottom,

Rice Defeats A&I 9-6 In Last Seconds

By WILLIAM T. RIVES
HOUSTON, Nov. 2 (AP)—Pullback Bob Brumley, a man with a charley horse, went into the game with two seconds to go, but in that breathless time he hauled Rice Institute from the brink of a shocking upset and gave it a 9-6 victory over plucky little Texas A. and I.

The Javelinas had wrestled the big Owls to a 6-6 tie through the third period and showed them around during the fourth—until Rice got its aerial attack going and Brumley swung his leg.

Starting desperately from its own 19 as the big clock ticked off the dying minutes, Rice surged downfield to the A. and I. 3 on passes from tiny Gene Keel to big Whitlock Zander, fullback, who started the game in Brumley's place.

The last heave hit Zander on the three-yard line. Two seconds were left. Brumley, who rushed in and from the 19, pounded a perfect placement kick between the bars.

The entire evening was harrowing for Rice. Through the entire first half it failed to score a single first down, although at game's end, it held the advantage, 10-7.

A. and I. scored the first touchdown and ran up 160 yards to the Owls' 122.

The contest was slow through the first two periods, as Rice, sluggish after last week's upset victory over Texas, failed to show any spark.

Coach Jess Neely skinned them with a pep talk between halves and things were different thereafter, although A. and I. got the jump.

The first time it got its hands on the ball in the third quarter A. and I. churned to a score. J. P. Hilliard, little brother of Texas' illustrious Bobb, raced 72 yards for a touchdown, feinting at right tackle and then blazing around right end.

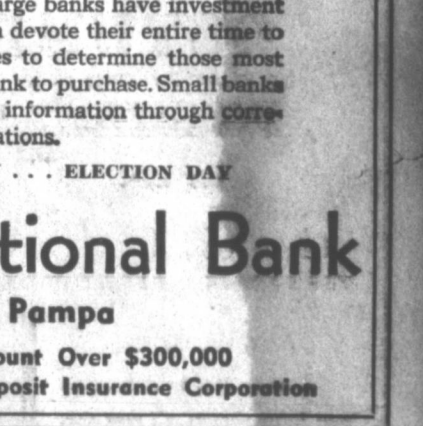

Shamrock Out LeFors 7-6

LeFORS, Nov. 2.—Shamrock's fighting Irishmen had to come from behind to defeat the LeFors Pirates 7 to 6 here Friday night before 1,100 fans in a conference game.

Both teams had some of their best backs on the bench due to injuries when the game started. Early in the second quarter Ralph Earhart, LeFors' miracle man, jogged onto the field and a few plays later he took a heave from "Flippin' Twistin' Twigg and scooted 63 yards for the counter. The extra point was missed.

Early in the fourth quarter the injured stars of the Irish backfield came into the game and it was a new story from then on. Sims and Sewell were the boys that stormed the Pirates for one touchdown and extra point and they were well on their way for another when the gun sounded ending the game.

Exum, Callan, and Anderson turned in excellent games for the Shamrock team. This win for the Irish leaves them still on the undefeated list in this conference.

BITS ABOUT BOWLING

Two practice games and a league game were rolled at Berry alleys Friday night. Berry Alleys took two out of three from Phillips 66 in an Oilbelt battle which saw Maynard roll a game of 229 and a series of 601. Simmons, however, rolled high game with 243 pins.

The Schneider Hotel women's team, organized to enter the big Dallas tournament November 9, won three straight games from the newly organized Knights of Pythias Class C team. Thompson Hardware took three straight from Schills Beer in the other exhibition tilt.

Several Pampa teams have entered the Amarillo Bowling tournament and Thompson Hardware will bowl Sunday.

Hansford County To Get Wildcat Test For Oil

A wildcat test for oil will be drilled in Hansford county according to announcement by the Indian Territory Illuminating Oil company who last week announced a location for its No. 1 C. O'Loughlin in section 2, block 2, WCRR survey.

The test will be drilled seven miles northwest of Waka but in Hansford county. It is reported that ITOO has leased 50,000 or 60,000 acres in the area after a seismic-graph survey.

Ten new locations were staked in the Panhandle field last week, six in Hutchinson, three in Gray and one in Hansford counties.

Only four new wells were tested and given potentials. New oil totaled 894 barrels.

Ramsay Brothers are reported to have core tested their Cottle county wildcat without result.

Completions by counties follow:

In Carson County
The Texas Co., No. 16 E. Cooper, section 6, block 9, I&GN survey, was given a potential of 409 barrels.

In Hutchinson County
Dangler Oil and Refineries Inc., No. 9 Moore, section 125, block 4, I&GN survey, tested 154 barrels.

In Gray County
Paloma Oil Co., No. 7 Lewis, section 7, block 23, BS&P survey, gauged 123 barrels.

In Continental Oil Co.
No. 1 A. M. Spurlock, gauged 3,700,000 cubic feet of gas.

Intentions to drill:
Gulf Oil Corp., Worley Combs No. 3, 330 feet from the west, 330 feet from the south lines of SW 1/4 of

section 58, block 3, I&GN, Gray county.

H. F. Wilcox Oil and Gas, Combs No. 45, 330 feet from north, 330 feet from the west lines of NW 1/4 of section 59, block 3, I&GN, Gray county.

The Texas Company, C. S. Barrett No. 11, 330 feet from south, 962 feet from the west lines of SE 1/4 of section 133, block 3, I&GN, Gray county.

J. E. Crosbie, Inc., Lillian Pitt No. 38, 990 feet from the north and 1,830 feet from the east lines of section 9, block M-21, H&TC, Hutchinson county.

McElroy Oil Co., Tomlinson No. 2, 330 feet from the east, 953 feet from the north lines of section 24, block M-23, WCRR, Hutchinson county.

McElroy Oil Co., Tomlinson No. 3, 330 feet from the east, 953 feet from the south lines of section 24, block M-23, WCRR, Hutchinson county.

Bob Murphy, J. Mathias, Estate No. 2, 330 feet from the south, 757 feet from the west lines of section 12, block L, ELRR, Hutchinson county.

Skelly Oil Co., E. E. Watkins "A" No. 10, 990 feet from the south, 1,542 feet from the east lines of section 10, block M-21, WCRR, Hutchinson county.

I. T. I. O. C. O'Loughlin No. 1, 990 feet from the east, 990 feet from the south lines of section 2, block 2, WCRR, Hansford county.

The Texas Company, J. K. Quinn No. 17, 990 feet from the west, 660 feet from the south lines of NE 1/4 of section 7, block 4, I&GN, Hutchinson county.

EVANGELIST

The Rev. Bracy Greer, above, of Ft. Worth, is conducting a revival at the Assembly of God Church, 500 South Cuyler street, with the first service to be held this morning. Rev. Greer is popular in many of the larger cities as an evangelist and has a dynamic ministry that will be interesting to the people of Pampa. The Rev. H. E. Comstock, pastor, stated, "The following subjects are among the sermon topics which Rev. Greer will speak on: 'Why does God allow Hitlerism?' 'God's two-fold purpose in the present World War,' 'where is the United States in prophecy?' 'The last great war,' 'The sinking of the Titanic as a picture of world judgment,' 'The rapture of the church,' and 'Fifteen minutes after the rapture.'"

The public is invited to attend the services every night at 7:15 o'clock when congregational singing and special music will be featured.

300 Roll Call Workers Needed

Declaring the American Red Cross will seek its greatest peace-time membership to support growing national defense obligations, Roll Call Chairman Hal Lucas issued an appeal for 300 volunteer workers to carry the annual membership Roll Call to the people of Pampa, November 11-30.

"With Europe and Asia at war and America facing tremendous responsibilities, there never before in times of peace has been a greater need for the Red Cross," Mr. Lucas said. "If the American Red Cross is to meet the mounting obligations that come in recent months, it is imperative that the invitation to join must be extended to every patriotic man and woman." He pointed out that every membership that can be obtained will be needed in widening Red Cross services.

Committee meetings have been the order of the day for the last two weeks with the local chapter board, under the direction of Mr. Lucas, planning the approaching Roll Call. Group chairmen were announced as follows by Mr. Lucas: B. M. Behrman, chairman of business district; Dan Williams, chairman of oil well supplies; W. M. Jones and Charlie Burton assisting him; O. K. Gaylor, chairman of special groups; Frank Monroe, chairman of residential group with Mrs. Vernon Hobbs assisting him; Dick Hughes, chairman of larger gifts; Mark Graham, chairman of oil group with Bob McCoy assisting him; W. B. Weathered, chairman of rural groups; and Robert Boshen, chairman of publicity.

The larger gift solicitation will start in the morning (Nov. 4) and will include business firms, individuals, oil well supply and oil companies.

API To Nominate Officers Monday

Nomination of officers of the Panhandle chapter of the American Petroleum Institute for 1941 will take place when the advisory board meets Monday night in the basement of the Schneider hotel.

The meeting will begin at 6:30 p. m. with Jack Berry of Amarillo showing moving pictures taken on a recent trip to Alaska. Dinner will be served at 7 o'clock.

Plans for the annual meeting, floor show and dance, to be held in December, will be discussed at the meeting.

Also present will be C. M. Davis, coordinator of vocational courses, who will explain the program.

Chairman George Berlin hopes that every member of the advisory board will be present at the meeting.

Duncan Minister Addresses Kiwanians

Principal speaker at the Pampa Kiwanis club's regular weekly luncheon at noon Friday was the Rev. Spencer T. Austin, pastor of the First Christian church of Duncan, Okla.

"What Are We Doing for Our Children?" was the subject of the minister's speech.

John Hutchinson of Fort Worth sang two songs, accompanied by Mrs. M. J. Duncan Carr at the piano.

Attendance at the luncheon was 84, including these visitors: W. F. Edmund, Fort Comstock; the Rev. William Joseph Stank, and the Rev. E. A. Norris, all of Pampa; and Dan Letch of Oklahoma City.

Stains on ivory knife handles can be removed by rubbing with a cut lemon which has been dipped in table salt.

Insured Wage Earners Should Know How Their Accounts Stand

Wage earners, the direct beneficiaries of the old-age and survivors insurance system, would be wise if they made a survey of operating facts to determine just how well their interests are being protected.

Writers and public speakers who try to extend the public's knowledge of this great insurance enterprise of the government have popularized the assertion that its operation is in the hands of a "three-way partnership," the employees, the employers, and the Federal Government. The employers and their employees pay the bill—each pays a wage tax of 1 per cent and the Government, through the Social Security Board's Bureau of Old-Age and Survivors Insurance, does the administrative job.

Administration of the system is, if measured by the volume of work and responsibility, far more important than the jobs assigned either the employees or the employers. It is the Government's job to maintain with scrupulous accuracy the wage accounts of more than 50,000,000 men and women. Through more than 600 field offices of the Social Security Board, corresponding roughly to the local agencies of an insurance company, it extends a personal service to the millions of insured men and women. Finally it has the responsibility of settling the constantly growing number of insurance claims. These range from the simple claim for retirement insurance filed by a man after he reaches 65, to those coming from

widows, children, and even dependent parents in the event of the insured worker's death before he reaches the age of retirement.

The job allotted to each individual employer is, by comparison, of minor importance but is absolutely essential to the success of the Government's administrative task. Every three months he sends to the collector of internal revenue his taxes and those of his employees. He is required to act as their agent. But of more importance to the employee, the employer is required to send with his tax return the name of each of his employees, the employee's account number, and the wages he has paid him during specified periods. This is the information needed by the Social Security Board for the maintenance of each of the millions of accounts.

The employer wants to do his part as well as it is humanly possible. And here is where the employee's cooperation becomes essential. Unless he sees to it that his employer has his social security account number and his name exactly as it appears on his account card, his wages as reported by his employer, cannot be credited to his social security account.

Officers of employee organizations might be performing a valuable service to those on their rolls if they were to start a campaign to impress upon every worker the advisability of taking the simple precaution of seeing to it that his employer gets the information he must

have if he is to inform the Government of every dollar of wages paid. Any employee who is wondering if all his wages have been credited to his account can get the answer for just one cent—a penny postage stamp. The Social Security Board has made advisable at every one of its field offices a simple post-card form—a "wage inquiry card" that he can fill out and mail to the Board's accounting office at Baltimore, Maryland. An examination of the records there will show the

amount posted. If it is less than it should be, the Board and the employer, acting cooperatively, will do their best to straighten out his account.

Ann Chisholm Will Play Lead In Play

Miss Ann Chisholm, daughter of Russell A. Chisholm, 801 Mary Ellen, will take part in the major theatrical production of the year at the Sair-

Mary college, Leavenworth, Kansas, in Xavier auditorium, November 19. Miss Chisholm will play Sister Mary Ann, in "Elizabeth Bailey Seaton," a play in nine episodes of the life of Mother Elizabeth Seton who established the community of the Sisters of Charity of America. The play was written by Sister Mary Camilla, head of the department of dramatics, at the college.

A freshman at the college, she is majoring in history and majoring in languages at the college.

American Association Of University Women Will Organize New Group

Just Between Us Girls

By Johnnie Davis

Our greatest glory is not in never falling, but in rising every time we fall.

Quick-Change Artist
One of the most fascinating visitors in our city during the past few days was Miss Phyllis Ellis, a teacher in the Dallas schools, who has always had a pet longing for black hair. In fact, at the age of six years the desire was so great that she covered her hair with black shoe polish.

Breeding Along
With the snap in the morning air, business people seem to be willing to work with a peppy step and with their heads high in the air as if to inhale all of the freshness.

Work and Fun
Here's a paradox that's true: After all is said and done, people must have work to do. To enjoy the time for fun.

Newcomer
A new resident in Pampa is Mrs. Curtis Douglas, who recently moved here from Panhandle, where she was president of the Parent-Teacher association, vice-president of the County Council of P-T. A., and an active worker in church organizations.

This and That
With the fall school whirl at its height, one of the busiest weeks of the season has caught up with us. These fur coats which have been in storage for months are beginning to make their appearances. The most popular flower being worn, even in evening gowns, seems to be the beautiful red rose with the huge yellow and white chrysanthemums holding their own at the football games.

Former Pampan
A frequent visitor is Mrs. C. E. Gooding, who will be remembered as Miss Mary Ellen Cook. Mrs. Gooding, whose home is in Arizona, is a house guest of Mrs. Don Coulter, who also prefers the wide-open plains to crowded cities.

Miss Hastings
The people who set the pace today take life as a longer stride as they write "rush" on everything. They do not seem to be content, settled, or satisfied. Such a person is the energetic Miss Ila Mae Hastings of LeFors, president of Beta Delta chapter of Delta Kappa Gamma, honorary teacher's fraternity. According to state officers of the society, the regional meeting conducted here under the supervision of Miss Hastings was an overwhelming success.

War Gag
During the first World War, Mrs. serving in a negro regiment, strode for the rearline at every shell explosion.

The captain finally took him aside and said, "You shouldn't be afraid. Heaven is your home."

"Yes, ah, knows," conceded Mose. "But ah ain't homesick."

Hostesses
The War Department has opened up the way for a gold rush, feeling that the qualifications of the hostesses who are to be employed in the army camps, to supervise the social life and read-justly looks as though this is the job the girls have been looking for ever since they took to business offices and typewriters. The lucky gals who land the jobs will have their sisters green-eyed by almost better than landing a Hollywood contract.

Autumn Beauty
No artist can paint the glory of autumn which is splashed throughout the Ozark mountains in Arkansas. Words failed Miss Leora Kinard, who has just returned from a vacation there, as she described the beauty of the bright colors in the trees and mountains. Miss Kinard was so impressed that she felt depressed for the first day after leaving the state. Among other Pampan who have visited the Ozarks in the past weeks are Miss Ola Gregory, Mr. and Mrs. John Lewis and children and Mrs. Jos Lewis.

Program for Life
To do some task from day to day. To help whenever help we may. To play the neighbor and the friend. God asks no more till life shall end.

Book Reviewer
An entertaining woman of the city is Mrs. W. L. Bengé, whose book reviews and dramatizations are being enjoyed by numerous groups. A current best seller, "The Mother of the Smiths," will be reviewed again next week by Mrs. Bengé.

Feminine Politicians
The women, who have learned to think about politics, are no longer vague about issues. They're "keeping up" and are proud of it. But that's the trouble. They are so proud of it that no one is allowed to forget it. Right in the middle of a conversation on football or the new automobiles, in which both men and women are interested, feminine politicians de-

Scavenger Hunt And Wiener Roast Entertain BGK

Among the social events of the week was a scavenger hunt and wiener roast which entertained members of the B.G.K. club and their guests.

The group met at the home of Mr. and Mrs. Bob Triplehorn preceding the scavenger hunt which was won by Mr. and Mrs. Wayne Phelps. A wiener roast at Hoover followed the hunt.

Attending were Mr. and Mrs. Wayne Phelps, Mr. and Mrs. Bob Triplehorn, Mr. and Mrs. Bill Gray, Mr. and Mrs. Jack Smith, Mr. and Mrs. Tom Rose, Jr., Miss Flora Deen Finley, Clinton Evans, Miss Mary Gaylor Booth, Dick Taffinger, Freda Barrett, Johnny Wells, Miss Lucille Bell, John McElroy, Miss Catherine Pearce and Lee Gordon.

Two Hostesses Compliment Mrs. Hubbard At Shower

Mrs. Allie Byrum and Mrs. Ralph Byrum entertained with a blue and pink shower honoring Mrs. Cecil Hubbard at the home of Mrs. Ralph Byrum recently.

After gifts were opened, refreshments of sandwiches, olives, cookies, and punch were served.

Those attending were Meses. Robert Elkins, Cecil Hubbard, Amos Harris, John Turcotte, J. B. Benton, R. E. Dial, Clyde Gray, R. G. West, Ollie Duiven, Allie Byrum, Garvin Eakin, Charles Ellingson, B. E. Staleup, W. M. Hubbard, Bryce Hubbard, C. R. George, G. A. Maul, and R. A. Byrum.

Sending gifts were Meses. Saxon, C. T. Locke, John Harney, Rachel Parsley of Miami, Meses. Burdette Keim, A. L. Patrick, Clarence Gray, A. L. Gillis, Pampa; Meses. G. A. Springer and J. B. Saul, Miami; Meses. Lois Glover and Lucille Siam, Pampa.

Reception To Be Given For Guests At Conference

A pink and blue shower was given Mrs. Ivan Lee Holt of Dallas and all other women visiting Pampa for honored at an open house in the home of Mrs. W. Furvance on November 16.

The Woman's Society of the First Methodist church is sponsoring the event under the direction of Mrs. C. T. Hunkapillar, general chairman. All women of McCulloch Memorial, Harrah Chapel, and the First church are invited to attend.

Pampa women are divided into groups according to their initials and are asked to attend according to the following schedule:

A to D, inclusive, 3 to 3:30 o'clock; E to K, inclusive, 3:30 to 4 o'clock; L to Q, inclusive, 4 to 4:30 o'clock; R to Z, inclusive, 4:30 to 5 o'clock.

Viernes Club Has Meeting In Home Of Mrs. Doggett

Mrs. Homer Doggett entertained members of Viernes club Friday at her home, 309 East Browning avenue.

The afternoon was spent in sewing and knitting, and drapery material was presented to the hostess by the group.

Refreshments were served to Meses. Emmet Forrester, Grant Anderson, J. C. Rees, A. F. Washam, Charles Miller, L. J. Flaherty, W. E. Robinson, F. L. Vogler, O. C. Brandon, W. S. Brake, and the hostess.

The club will meet in the home of Mrs. L. J. Flaherty, 629 South Hobart street, on November 15.

I Wish I Had a Kitchen

I wish I had a kitchen
All shiny white and green—
A very little kingdom
Where I could reign as queen—
A pair of handy cupboards
Full of glowing pots and pans,
And room for flour and spices
In rows of little cans.

And a broad low window near, with
Ruffled curtains, trim and white
And a glorious red geranium
Stretching upward to the light—
I'd cook meat and spinach
And make little cakes and such,
And even washing dishes
Wouldn't matter—very much.

Halloween
Local youngsters took advantage of all opportunities offered by Halloween night to "run wild." "Hand-outs" and articles needed to complete lists for scavenger hunts were demanded by boys and girls throughout the city.

After Thought
Someone suggests that a ladies' sewing circle in place where more husbands are burned than socks.

INITIATED AT FORMAL DINNER IN HOTEL

Mrs. Oscar Hinger, upper left, Miss Winifred Wiseman, center, Mrs. Helen Houston, right, and Miss Evelyn Gregory, lower left, are the four pledges of Upsilon chapter of Beta Sigma Phi sorority who were initiated at a formal dinner this week in the Schneider hotel, numerous social events have been given during the past month to honor the group. A formal dance last night in the Schneider hotel concluded the rush month activities. The chapter will sponsor a benefit book review to be given Monday evening at 8 o'clock in the city club rooms by Mrs. W. L. Bengé.

Delphian Society To Have Program On Modern Art

Mrs. J. C. Vollmert will lead the program on "The Forces and Ideas Leading to Impressionism in Modern Art" at the meeting of Alpha Mu chapter of Delphian society Friday afternoon at 2:30 o'clock in the city club rooms.

Opening the discussion will be a talk on "Japanese Prints" by Mrs. J. W. Garman after which Mrs. Garnet Reeves will speak on "The Camera Color Effects." The discussion of "The Scientific Aspects of Color" by Mrs. Raymond Harrah will be followed with "Classical and Romanticist Art" by Mrs. Lee Harrah.

Other topics will include "The Two Innovators" by Mrs. J. R. Spearman; "Characteristics of Renoir's Art" and in Impressionism" by Mrs. Roy McMillen; "Cezanne, Leader of a New Art Era" by Mrs. Bob Thompson; and "Seurat" by Mrs. C. E. Cary.

Application of principles will be discussed by the entire group.

Union Has Annual Halloween Party At Church Recently

Builder's Union of First Baptist church held its annual Halloween Masquerade party this week in the church basement.

The costumed guests were met on the church lawn by a ghost who escorted them to the entrance where two more ghosts took them into a room colorfully decorated with orange and black, shocks of feed and pumpkin faces.

Various games were played throughout the evening. Ira Westbrook was awarded a prize by the judges for the cleverest costume.

Chili, crackers and coffee were served at individual tables in a candlelight room.

Those present were Messrs. and Meses. A. W. Coltrane, Ira Westbrook, Harvey Anderson, B. R. Coltharp, Joe R. Foster, W. M. Morris, Floyd Yeager, W. R. Hallmark, Merl Cody, Meses. Lonnie Roundtree, C. Gordon Bayless, C. L. Tillstrom, R. E. Gatlin, and Messrs. Owen Johnson and Don Edgerton.

All Local Girl Scouts Urged To Enter Poster Contest Beginning Tomorrow

Posters concerning Girl Scout work are needed for displays in all libraries, windows, offices, little house, and for different club meetings in the city.

The posters can be bought, but because the Girl Scout officers think that the girls can make them better than the bought product, a poster contest is to be conducted.

The posters may cover any phase of Girl Scouting. It may be on the promise or laws or the 10 interest fields, out-of-doors, nature, sports, and games, community life, literature and dramas, art and crafts, music and dancing, international friendship, health, safety, and home-making.

Brownie, intermediate, or senior age levels may be used.

Rules for the poster contest are as follows:

1. Use regulation size cardboard or poster paper, 22 by 28. You may use any color you desire.
 2. The posters are to be on any phase of Girl Scouting.
 3. Please remember the first Girl Scout Law and make this be absolutely your own idea and your own work. No cut out pictures pasted on.
 4. The contest opens Monday, November 4, 1940.
 5. All posters must be in the office (above Culberson-Small building) on or before November 23, 1940. Each entrant is to bring her own poster. In these will not be accepted from the troop leaders or parents.
 6. Suitable first, second, and third prizes will be awarded.
 7. Judges will be announced later.
 8. Please print name, address, age, and troop number on back of poster.
 9. Posters will be judged on neatness, content, originality, printing, balance and proportion, and general appearance.
 10. Because of the differences in ages, we shall consider them on two levels; all the 10-14 year-olds in one class and 14-18 in another.
- Important: Read every word in the above rules before starting on your poster, then there will be no misunderstanding later. No poster will be accepted in the contest unless it does meet the above requirements.

Mrs. Hicks To Be Guest Speaker At Parent's Group

Parent Education group, sponsored by the American Association of University Women, will meet next Tuesday afternoon, at 2:30 o'clock in the city club rooms with Mrs. M. E. Lamb and Mrs. Joe Tooley as hostesses.

Members will answer roll call with answers to the question, "Should we choose our children's friends?" "We, the parents," is the subject to be discussed by the guest speaker, Mrs. H. H. Hicks.

Members are invited to take guests to this meeting. A nursery for the children will be held at Rice's Kiddie Kollege, 421 West Francis avenue.

This club was organized by a group of mothers interested in promoting the welfare of their children by means of systematic study of practical problems of childhood. Meetings are held the first and third Tuesdays of each month in the city club rooms and a nursery for the small children is conducted during each meeting.

Officers are Mrs. Carleton Nance, president; Mrs. Joe Tooley, vice-president; Mrs. R. F. Bielefeldt, secretary; Mrs. R. K. Edenborough, treasurer; Mrs. W. H. Day, librarian; and Mrs. M. E. Lamb, A.A.U.W. representative.

The program committee, composed of Mrs. Joe Tooley, chairman, Mrs. W. A. Rankin, and Mrs. Frank D. Smith, have planned an interesting year's study on the "Happy Child," with a guest speaker on one program each month. The club has planned to have a toy exhibit at one of the regular meetings before Christmas, showing some of the most educational and safest toys for the small children.

This group is open to anyone interested in the purposes of the organization and they are especially invited to attend the meeting next Tuesday.

Luncheon At Church Entertains Reapers Members And Guests

Reapers class of First Baptist church met at the church for a covered dish luncheon on Thursday. The table was decorated in orange and black with pumpkins and chrysanthemums forming the centerpiece.

The devotional was given by Mrs. Lonnie Roundtree, president, after which Halloween games were played.

Present were Meses. Lonnie Roundtree, Rufe Jordan, W. G. Saulsbury, T. R. Melton, R. K. Edenborough, Foster Fletcher, Pauline Burton, Fred Rusk, F. K. Stearns, R. B. Brummett, G. H. Anderson, Morris Goldfine, T. E. Maness, Doug Wilson, Bill Norst, members; and Meses. Merl Goday, C. Gordon Bayless, and Harry Bettes, visitors.

Mrs. Matheny Named President By Fidelis Class At Luncheon

Fidelis class of Central Baptist church met in the home of the teacher, Mrs. T. D. Sumrall, Friday afternoon for a combined business and social meeting.

Plans for enlargement of the class were made.

Officers of the class were appointed as follows: Mrs. E. E. Matheny, president; Mrs. Cecil Cooper, secretary and treasurer; Mrs. J. M. Cole, membership chairman; and Mrs. Russell Gallia, social chairman.

A salad plate in Halloween colors was served to Mesdames L. H. Cain, J. J. Broom, J. M. Cole, Glenn Timmons, Raymond Birch, Russell Gallia, E. F. Matheny, Don Perrin, D. D. Robbins, D. Johnson, and the hostess, T. D. Sumrall.

McCullough And Harrah WSCS To Meet Together

A joint meeting of the Woman's Societies of Christian Service of the McCulloch Memorial and Harrah Chapel Methodist churches will be held at McCulloch church Monday morning at 10 o'clock.

A week of prayer program will be presented at this time.

A covered dish lunch will be served at the noon hour.

Council Of Clubs Will Have Meeting Thursday Morning

A monthly meeting of City Council of Clubs will be held Thursday morning at 9:30 o'clock in the city club rooms.

Mrs. Otis Pumphrey, president, will preside at the meeting.

Bride's Class Has Luncheon Friday

Bride's class members were entertained with a luncheon given Friday at Six Owen's dining room.

Vari-colored chrysanthemums centered the table.

Present were Meses. Bob Triplehorn, Gaston Harbour, Tom Rose, Jr., Wayne Phelps, Phil McGrath, Sharon Haroldson, Wilton Haroldson, Bob Epperson, Don Edgerton, Cal Pearce, Oscar Hinger, teacher, and C. Gordon Bayless, superintendent of young people's department.

Programs Set For November Open To Public

A group to study interior decoration will be organized under the sponsorship of the American Association of University Women tomorrow evening at 8 o'clock at the home of Mrs. Fred Roberts, 823 N. Somerville street. All persons interested in the study of interior decoration are invited to attend.

Other programs scheduled by the A. A. U. W. for the month of November and open to the public include the following:

November 5 and 19—Parent-Education group at 2:30 o'clock in the city club rooms.

November 12—Evening group in international relations at the home of Mrs. William S. Dixon, 809 N. Gray street, at 8 o'clock.

November 13 and 27—Milton group, at the home of Mrs. F. E. Leech, 1128 Christie, at 9:30 in the morning.

November 25—Arts group at 8 o'clock in the city club rooms. Mrs. Hol Wagner will review "Who Walk Alone," a new biography by Perry Burgess.

In addition there will likely be additional meetings of the interior decoration group and the morning international relations group.

The next regular meeting of A. A. U. W. will be November 19, at 8 o'clock in the city club rooms.

Important dates scheduled for December include the sponsoring of three performances by the world-famous Rufus Rose Marionettes on December 11 and the annual Christmas party and guest day on December 17, at which time the presidents of clubs will be honored.

Benefit Review To Be Sponsored By BSP Sorority

"The Mother of the Smiths" by Lorraine Carr will be reviewed by Mrs. W. L. Bengé Monday night at 8 o'clock in the city club rooms under the sponsorship of Upsilon chapter of Beta Sigma Phi sorority.

Mrs. Bengé, a dramatic reviewer, has been requested on numerous club programs recently.

The story, a character sketch of Mrs. Smith, tells of a pioneer mother and the rearing of her family. Proceeds from this benefit review will be used to buy lunches for underprivileged children.

Entertainment Calendar

Eighth District P-TA Units Have Impressive Study

By EVELYN BOYD
District Publicity Chairman

Eight District Units of the Texas Congress of Parents and Teachers, beginning their second or—in some instances—third month of the 1940-41 year, already have enjoyed a busy season. They have been benefited from district schools of instruction, and all the officers and committee chairmen seem well aware of their duties.

Most of the units have impressive study programs and worthwhile projects under way for the year; not a few already have sponsored carnivals or other projects for raising funds for their work and generally all of the units have made arrangements for sending delegates to the Texas Congress convention in Dallas, Nov. 6-8.

The Eighth District planned a chartered bus to leave Amarillo between 2 and 3 o'clock the afternoon of Nov. 5. Mrs. Bert Warner of Amarillo has been busy taking reservations at \$0.75 a round trip.

Two of the Amarillo units have added zest to their membership campaigns by sponsoring "get-acquainted teas" for the mothers of children in each of the various rooms. These are Alice Landergin and Wilson. The Alice Landergin unit also organized a Mother Singers Group which meets each Monday night. Mrs. L. F. Horton is director; Mrs. Dewey Morris is pianist, and Mrs. Bill Money is chairman of the group.

The Wilson unit in October filled two vacancies, electing Mrs. Gerald Struber recording secretary and Mrs. Otto Mimms third vice president.

Three Units Added
Three new units have been added to the Eighth District. They are South Ward, Delhart, Lela Lake, Wheeler county, and Buck Creek, Collingsworth county. The new Delhart unit affiliated with the state and national congresses. Mrs. Robert O. Martin is the South Ward unit president.

The North Ward unit of Delhart sponsors an active organization of Girl Scouts under leadership of Mrs. Chester Dunlay, E. P. Stanley, R. H. Campbell and A. Weight. Among the projects planned by the group is a nursery where mothers may leave their children while attending parent-teacher meetings.

The Miami unit sponsored a forty-two tournament this Fall in honor of teachers. Proceeds benefited the school lunch room.

At the October meeting of the Hansford county council at Morse, Mrs. H. S. Durham, president, appointed a committee to work with the Hansford County Agricultural Association in the interest of stamping out undulant fever among cattle. Supt. Elmer Gunn of Spearman is chairman. Rev. Hubert Hughes of Gruver was named chairman of a committee to help prevent the uses of alcohol and narcotics among youths of the county.

The council re-elected the following chairman: Program, Mrs. Roy Womble of Morse; child welfare, Mrs. S. J. Board, Jr., of Morse; recreation, Mrs. C. E. Campbell of Morse; publicity, Mrs. Clay Gilmer of Spearman; publications, Mrs. Toke Giles of Gruver, and education, Supt. O. A. Busch of Gruver.

The Allison Park unit reported a successful "country store" held at the Highland Park school building, Oct. 11.

Study groups for the Procedure Course in parent-teacher work are being sponsored by the Phillips unit. The Gruver unit, of which Mrs. A. W. Evans is president, is to buy a refrigerator for the school lunch room and place the National Parent-Teacher Magazine in the school library. Americanism is the unit's study topic for the year. Mrs. Tom Decker is the delegate to Dallas. The unit observed the Congress birthday and took up a collection for a birthday gift.

"Grandpa's Sister," a three-act farce, was sponsored by the Pringle unit, Nov. 1.

Mrs. Nunn Elected
Mrs. Earl Nunn was elected president of the Panhandle Association at the October meeting. This unit is to sponsor a Cal Farley program, Nov. 15; it also is awarding prizes for Sunday School attendance among the pupils.

Future meetings of the Hedley unit will be held at night in order that fathers may attend. This group is to install a wash basin in the ward school building. Parent-Teacher Week, Oct. 13-19, was observed by the unit and a school carnival at which a queen selected, was sponsored Oct. 31. The next meeting will be Nov. 14.

The Sam Houston unit of Amarillo is planning to buy a motion picture machine for the school and to maintain a nursery for the regular unit meetings. This group sponsored a school carnival Oct. 25.

Acquisition of suits for the First Grade Rhythm Band is one of the projects of the Forest Hill unit in Potter county. Mrs. Nathan Martin was elected president at the September meeting and Mrs. Paul Perry was named first vice president. This unit sponsored a reception honoring the teachers at the first meeting.

The Sam Houston unit of Amarillo this year is sponsoring a Girl Scout troop. This group also honored the teachers at the first meeting.

The November meeting of the McKinley Association of Amarillo will be held the second, instead of the first, Tuesday. Miss Ann Smith is in charge of the unit's Armistice Day float.

That the association give a two-dollar birthday gift to the Texas Congress and pay \$12 toward buying a piano for the school auditorium were voted at the October meeting of the Sanborn unit of Amarillo. This group sponsored a school carnival Oct. 25.

The executive board of the San Jacinto unit of Amarillo meets for luncheon and business before each regular meeting. Mrs. Clyde Bradford is president.

Mrs. G. W. Louthan was chairman of the Potter County River Road Unit's committee to organize a Junior Club with two groups. The older group of pupils is a hobby club and the younger group meets to hear stories.

The Carson County Council will meet at Conway in November, at White Deer in February and at Skellytown in April. The September meeting was held at Panhandle, and it was preceded by a school of instruction for five units conducted by Mrs. J. B. Howe of Panhandle.

Vacancies Filled
At the October meeting of the Potter County Council, vacancies were filled as follows: Mrs. G. L. Hill, president; Mrs. R. S. Connelley, vice president; Mrs. Ed Enoch, chairman of publicity; Mrs. W. D. Ivey, chairman of health, and Mrs. J. L. Bichsel, chairman of parent education. Mrs. Floyd Krabbe, secretary, will be sent by the council to the Dallas convention; Mrs. Connelley is alternate.

The council approved the re-employment of Miss Ozella Aishman as county school nurse. Promotion of health, safety and patriotism in the local schools and communities will be the council's principal objectives this year. Future meeting months are December, February and April.

The McKinley unit of Amarillo, after its October meeting, announced the following officers for the year: Mrs. A. C. Townsend, president; Mesdames J. R. Cristel, R. E. Kilion and W. J. Masie, vice presidents; Mrs. Tom Winters, treasurer; Mrs. S. Rodgers, secretary; Mrs. C. Whitfield, parliamentarian, and Mrs. D. Pendleton, publicity chairman. Room mothers and teachers of the school were entertained with a luncheon at the school building early in the month. The unit sponsored a school carnival Oct. 18.

The Wheeler County Council met Oct. 22 at Briscoe with Mrs. C. H. Chandler of Mobeetie presiding. Installation of the following officers was held at the Amarillo Johnson Street unit's Oct. 15 meeting: President, Mrs. D. B. Smith; vice-presidents, Mesdames Ben Conger, E. L. Wins and G. L. Whitham; secretary, Mrs. Oville Morris; treasurer, Mrs. L. V. Timmons; historian, Mrs. Charles Kirk, and publicity chairman, Mrs. Alta Doughty. Mrs. R. C. Andrews, president of the Amarillo Council, discussed the Texas Congress' birthday and Texas in the P-T work. Observance of American Education Week was planned for November.

Mrs. Perry Gibbs was elected president of the Ritter Road unit at the Oct. 25 meeting and Mrs. G. L. Cline was named vice-president. The unit will assist the Potter County Council in sending a delegate to the state convention. A Texas Congress birthday program was heard, and a birthday offering was taken.

Eighteen members of the Panhandle unit are planning to attend the state convention. They are the elected officers and the committee chairmen.

Among the convention delegates reported are Mrs. H. C. Boyd, Skellytown; Mrs. Baron Chapman, president of the Berger City Council; Mrs. John Skaggs, president of the White Deer unit, and Mrs. Melvin Davis, first vice-president of the Amarillo Wilson unit.

Among replacements in the units' officers lists, the following have been reported: Mrs. M. A. Hudson, Jr. elected secretary-treasurer of the Glenwood unit of Amarillo. Mrs. Claude Mills of Berger, elected president of the Lipscomb County Council; other officers elected to the council were Mrs. Ed Lehman of Booker, vice-president; Mrs. Ann Mosley of Darrouset, secretary; Mrs. A. H. Montgomery of Darrouset, treasurer; Mrs. Ed McVicker of Darrouset, program chairman; Mrs. Everett Tabbox of Lipscomb, publicity chairman. Mrs. C. H. Romine elected president of the Potter County Humphreys Highland unit; Mrs. T. E. Tinkle was named first vice-president; Mrs. J.

McMahan was named third vice-president, and Mrs. Vertice Roberts was elected historian.

"Creative Homes" is the Amarillo Lee Bivins unit's program theme for the year. The Amarillo Lee County Council met early in October at Memphis for a covered dish luncheon, business meeting and program. Mrs. D. W. McCool of Memphis is president.

Council Meetings
The Lipscomb County Council's next meeting will be held at Pollett, Jan. 7. The opening meeting was held at Darrouset.

The Amarillo Margaret Willis Association reported the largest carnival crowd in history. The Amarillo Summit unit carnival cleared approximately \$40. Mrs. E. C. Britain, beloved Amarilloan sends home-grown flowers to every meeting of the Summit unit and every special occasion at the school building.

Mrs. J. E. Griggs of Amarillo, first vice-president of the Texas Congress, made a tour of parent-teacher organizations in Dallas, Dublin, Coleman, Greenville and Wichita Falls the latter part of September and early in October.

Mrs. E. H. Becker of Houston, a vice-president in the Texas Congress visited in this district in September, holding schools of instruction at Canadian, Childers and Perryton and speaking at a district board meeting in Amarillo. Approximately 50 members attended the board meeting, over which Mrs. W. B. LaMaster of Perryton presided.

The Vega unit held an institute for P-T officers in Oldham and adjoining counties at Vega. The Wildorado unit was co-host.

A picture show was the program feature at a meeting of the Amarillo St. Mary's Academy unit at Cathedral Hall Nov. 1.

The Morse unit meeting, scheduled for Oct. 29, was postponed because of the delay in the arrival of the October P-T Magazine. The executive board met, however, to complete plans for the carnival held Oct. 31. The group voted to pay expenses of Mrs. M. D. Womble and one-third of the expenses of the county delegate to the state convention.

Announcements have been made that any local association that will accept a state size 52" x 11" Wearable, practical versions that will fit right into your daily life and give endless satisfaction. That's what you'll find in the new Fall and Winter Fashion Book! Send for it this week—right now!

MISS PROXIE HAIDUK BECOMES BRIDE OF CHARLES WARMINSKY AT WHITE DEER

Special To The NEWS
WHITE DEER Nov. 2—Miss Proxie Haiduk, daughter of Mr. and Mrs. Florian Haiduk of White Deer, became the bride of Charles Warminski, son of Mr. and Mrs. John Warminski, also of White Deer, Wednesday morning at the Sacred Heart church with the Rev. DeBryn pronouncing the nuptial vows.

The front altar was banked high with white and wine chrysanthemums and fern, with palms in the background. On either side of the aisle stood tall baskets of wine chrysanthemums and fern, and the aisle was lined with white streamers.

As the bridal party entered and during the single ring ceremony, Mrs. Laddie Kotara, organist, played a Latin hymn, "Sub Tuum Praesidium" and as the recessional she played Mendelssohn's Wedding March.

Mass of the "Holy Guardian Angels" was sung by the choir, and "Ave Maria," by Charles Grunton, was sung by Mrs. A. F. Britton, aunt of the bride.

Immediately after mass and preceding the recessional, the bride placed her sodality medal on the altar of the Blessed Virgin Mary, and was presented with a beautiful statue of the Blessed Virgin Mary by the members of the Children of Mary.

The bride, who was given in marriage by her father, wore a white clipper satin gown, with sweetheart neckline and leg-o-mutton sleeves, and her full length veil was held in place by a tiara wreath or orange blossoms. Her only jewel was a gold chain and locket that was worn by her mother on her wedding day 25 years ago. She carried a bouquet of white chrysanthemums tied with white satin ribbon and streamers.

Miss Beatrice Haiduk, sister of the bride, was bridesmaid. She wore a rose taffeta bodice with white skirt, and a plaid braid with blue veil over her head. Her bouquet was off-shade chrysanthemums tied with pink satin ribbon.

Miss Emma Haiduk, second bridesmaid, wore a blue taffeta dress with matching quilted jacket, and a plaid braid with wine veil. She carried a bouquet of wine chrysanthemum tied with pink satin ribbons.

Albert Warminski, cousin of the bridegroom, served as best man, Wallace Bichsel as groomsman, and T. L. Haiduk and Tommie Anderwald, as ushers. Altar boys were Bert Haiduk and Louis Bichsel.

Mrs. Florian Haiduk, mother of the bride, wore a dark rose dress with black accessories and a corsage of white carnations and pink roses. A reception was held at 3 o'clock at the home of the bride's parents. Approximately 100 friends and relatives attended.

The lace-covered reception table was centered with a three-tiered wedding cake which was decorated in white with a miniature bride and groom.

In the evening a dance was held in Panhandle with music furnished by the Canyon Playboys.

The couple left on an extended wedding trip to Washington, Oregon, California, and Canada, after which they will be at home at their farm near White Deer.

For traveling the bride wore a soldier blue dress with wine velvet coat and black accessories. Her corsage was white chrysanthemums.

Mrs. Warminski was graduated from White Deer High school in 1933 as valedictorian of her class. She attended business college in Oklahoma City and has been employed in Pampa for the last several years. Mr. Warminski also received his education in the White Deer schools.

Tommy Lockhart honored at party on fourth birthday. Mrs. A. E. Erickson entertained with a party Saturday afternoon honoring Tommy Lockhart on his fourth birthday.

The Halloween color motif was carried out and favors were presented to each youngster. Refreshments of cake and chocolate and orange ice cream were served to Bobby and Freddie Smel-lage, Kay Lynn Crouch, Bob and John Alford, Sally Burns, Betty Garrison, Norma Myatt, Janet Erickson, and the guest of honor.

Common Ground By H. C. BOYLES

This column contends there can be no satisfactory progress until we measure the desires of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

AT MEASURE OF GOODNESS

The prosperity of a people depends largely upon the measure or standard of what is good, humanitarian, kind, sympathetic and noble the people have.

Starting as it may seem, most of the defenders of the New Deal are people who have set up a standard of goodness, nobility and kindness that requires little service, if any, or sacrifice on their part. Probably these people do not realize it, but they have shifted their responsibility, their duty, to their fellowman on to the shoulder of other people and yet pose as being fine, noble, good, humanitarian and virtuous people.

What New Dealers have done, in short, is to say that it is the duty of the government to give aid and help to the destitute.

In short, what this means is that they vote for A to rob B by force and give it to C.

No matter how much these wishy-washy humanists evade the question, that is the substance of all the New Deal legislation they call "social gains," kindness, humanitarianism and virtue.

If the New Deal legislation is "social gains," then collective robbery is social gains. Then it is social gains for a group of people to use force, holding a gun in the ribs of a man who has wealth and force him to turn it over to them and permit these people to keep a large fraction of it for themselves and turn a part of it over to the poor.

Of course, this is an easy, pleasant sedative and requires no sacrifice on the part of these people who pose as good, Christian and democratic.

In reality, it is the antithesis of goodness, kindness, Christian and democratic. It is the antithesis because it is force, instead of voluntary agreement. And Christian and goodness is not based on force or coercion.

It is amazing how people who pose as Christian people and occupy positions in the church, such as Sunday school teachers, where their true selfishness cannot be exposed, can defend the New Deal.

Either they have no ability whatever to see what they are doing and realize the great misery and suffering they eventually will cause to their fellowman, or they simply do not care about their fellowman and only want to live a comfortable life and pose as being humanitarian, when the real motive is to be seen and heard of men. If there ever were hypocrites or people without vision, it is church people who defend the acts of the New Deal.

The only regrettable thing is that the candidates on the other tickets advocate the use of force and the relief of responsibility of the individual almost to the extent as advocated by the New Deal.

Both of them have strayed far afield from the original concepts of either the Democratic or Republican party.

Every country gets the kind of government they are entitled to. And it is only because the people of the country have lost their true Christian, democratic ideals that we see so much unemployment and so much unnecessary misery and suffering.

It is so easy to be "good" in this way. It requires no real ability or no sacrifice.

Kreiser Looks At War Down The Years

In the late summer of 1914 an officer, two years retired but recalled in the emergency, came to Leoben, Austria, to take command of a platoon of infantry. Though he was then 39 years old, within a matter of weeks he was on his way to Galica to fight the Russians. Plunged thus into the earliest fighting of the World War was Fritz Kreiser, a great artist of the violin.

Kreiser's military career was relatively short. Within a few months he was invalided out of the service, his shoulder crushed by a Cossack cavalryman's horse in a savage hand-to-hand fight.

A modest little book the following year told of this artist and war. He had been no little thrilled by the comradeship, the more colorful aspects of campaigning that had not yet settled down to the grim attritional slaughter that was to come later. He was able to sleep in the field, his cloak drawn about him, "my soul filled with exaltation and happiness over the beauty around me."

True, on a later night, he recoiled in horror as the Red Cross parties climbed over piles of bodies in front of the Austrian trenches trying to sort out those which still held life. "I felt faint and sick at heart," he wrote, "and near swooning away." But the arrival of an old officer, injured to all that, jerked him to his feet, and "I regretted that my artistic education had over-sharpened and over-strung my nervous system." So a great artist finished his military service, "grateful that I had been permitted to be of any, if ever so little, service to my Fatherland."

The years have passed. Kreiser is now 65, his Fatherland no longer exists as such, and another war desolates the Europe he knew. Worse, the grace and almost-forgotten charm of the Vienna he breathed exists today only in the kind of haunting and nostalgic melodies that still issue from his precious violin.

All those other things are gone. What remains for this man who lived such a full life? Music. Art.

"It seems that now I am living only from day to day, from hour to hour," he told Elliott Arnold of the New York World Telegram the other day. "There is only one thing I know. That is the indestructibility of music. The world may surrender itself to hatred, but music will outlive the hate. Nothing can hurt art."

The whole world is living like Fritz Kreiser today—from day to day, and from hour to hour. But it is good that there are some who can hold fast to the things that are not for the day or the hour, but for all time—music and art, faith, and truth, and love. Whoever has the faintest grasp of any of these indestructible things, let him cling to them the tighter as the world reels.

Behind The News

By BRUCE CATTON
The Pampa News Washington Correspondent

WASHINGTON, Nov. 2.—Most uncertain of all the presidential battlegrounds this year is the east. One thing does seem apparent. The candidate who gets the bulk of the eastern electoral votes will almost certainly win the election.

Latest reports here have the Willkie people encouraged about New York state and the Roosevelt people blue. Even so, the state is still considered very much in the doubtful class.

By all reports, the traditionally heavy Republican vote upstate is going to be heavier than ever this year. At the same time the Democrats appear likely to get something less than their usual top-heavy majority in New York City. Two fairly reliable estimates say (a) that Willkie will "come down to the Bronx" with an up-state majority of 750,000 or better, and (b) that Roosevelt will be hard-pressed to run up that big a majority within the metropolis.

FISH HAS FIGHT ON HIS HANDS

New York's senatorial fight is a scrap between Senator James Mead, a strong New Dealer, and Congressman Bruce Barton, one of the Willkie inner circle. Outcome of this fight probably depends pretty largely on the presidential vote.

An interesting minor contest in the state involves Congressman Ham Fish, most vocal of the House isolationists. Fish has served 10 straight terms in the House, but is getting more of a fight than usual from Republicans in his district who don't like his isolationism.

Fish's Democratic opponent is Hardy Steeholm. Maine and Vermont seem certain to follow the course of 1936, and will probably be joined by New Hampshire. The Democrats have run into trouble in Massachusetts, where the President's pro-British policy is not over-popular. In that state, however, the Democrats are aided by a powerful state ticket.

Senator David Walsh is running for re-election, and has been a potent vote-getter for many years. He is an isolationist and has fought the Roosevelt foreign policy but is now off the reservation. With him on the state ticket is another candidate with heavy veteran appeal—Attorney General Dever, who cracked the Republican landslide of two years ago and who is now running against Gov. Leverett Saltonstall.

F. D. R. LEADS IN NEW JERSEY

Connecticut likewise is considered debatable ground—the only New England state, by some ways of figuring, in which the Democrats have an edge. Democratic Senator Francis T. Maloney, a first-learner, is running here against Republican Paul L. Cornell.

Roosevelt is given the advantage in New Jersey, though by no such margin as was his in 1936.

Republicans are banking on Senator Warren Barbour, seeking re-election with Jimmy Cromwell as his

Around Hollywood

By PAUL HARRISON
NEA Service Staff Correspondent

HOLLYWOOD, Nov. 3.—Behind the screen: Lots of devices are used to get around censorship rulings, but there has never been anything like a picture Universal is making. The heretofore-demure Virginia Bruce will be seen taking off all her clothes right in front of the camera. She'll do it several times, too—and without opposition from the censors.

Trick is Miss Bruce has the title role in a modern fantasy called "The Invisible Woman"—and when she removes her clothes she becomes invisible. Peels off a stocking, and her leg is gone; sheds her whicamoyall and that part of her has disappeared—and so on. Technically startling, but not in the way to interest a burlesque audience.

Another picture on the spooky side will be Metro's "Headless Woman". Such a picture reminds me of a plaintive remark by Harry Brandt, head of a theater owners' association: "An exhibitor is a fellow who buys films he doesn't want from somebody who hasn't got what he's trying to sell, who pays prices he can't afford, and then plays the pictures to audiences which don't attend."

HOW ABOUT "THE LIGHT IN HEART?"

Titles are hard to keep track of. Joel McCrea, finishing "Reaching for the Sun," goes into "Valley of the Sun." F. Scott Fitzgerald has written a screenplay for "The Light in Heart," which has nothing to do with "The Young in Heart," or "The Pure in Heart." Martin Greene is toying with a mystery idea to be called "The Knife in Heart."

Tip to Cecil DeMille: Howard Welsh is in New York trying to raise \$2,000,000 for a super-film, in color, of the entire Old Testament. You'd better get busy.

Although most of Hollywood believes the public will flock to see cuties cavorting and to hear new songs, there's some doubt about the fate of Walt Disney's "Fantasia," which is definitely classical and maybe pretty highbrow. Disney says he's getting exactly the same sort of queer looks and incredulous questions he encountered before "Snow White" was released. "Is it true," he's asked, "that you expect movie audiences to listen to a symphony orchestra for two and a half hours?"

Disney says yeah, it's true. He also admits the only sane brother in the Disney family is the one who's a postman. Actually, though, Walt isn't worried.

DAMITA WITH FLYNN'S DOUBLE

Rosemary Lane is off contract at Warner Brothers. So is Gale Page, and Lola Lane is freelancing. So there'll be no more of those "Four Daughters—Wives—Mothers" pictures. Priscilla is the only one still at the studio. . . Jimmy Roosevelt may not make any pictures after all, though he'll stay with his slot-machine movie company.

Lila Damita has been going around with Errol Flynn's movie double and causing no end of false reports and confusion, because his studio and friends were almost sure he was out of town. The double looks amazingly like the actor, and Miss Damita actually received a letter from an anonymous friend who figured she might not know the difference.

When Humphrey Bogart went to register for the draft, a woman behind the desk gazed at him in fascination and made her own entry in the space for description of identifying marks or distinguishing characteristics. The screen heavy looked at her and found she had written "Long eye lashes." He tore it up.

The Nation's Press

ST. LAWRENCE POWER
(Chicago Tribune)

As this is written two front page headlines bear a close relationship. One is Mr. Willkie's analysis of the theory of "the indispensable man" as being one of the last steps on the road to absolute power. The other refers to a state department announcement which indicates that the President is about to conclude an agreement with Canada for construction of the St. Lawrence hydro-electric power project in the name of national defense and apparently without Senate ratification. It develops that several weeks ago the President allocated \$100,000 for preliminary borings for the construction of a power dam.

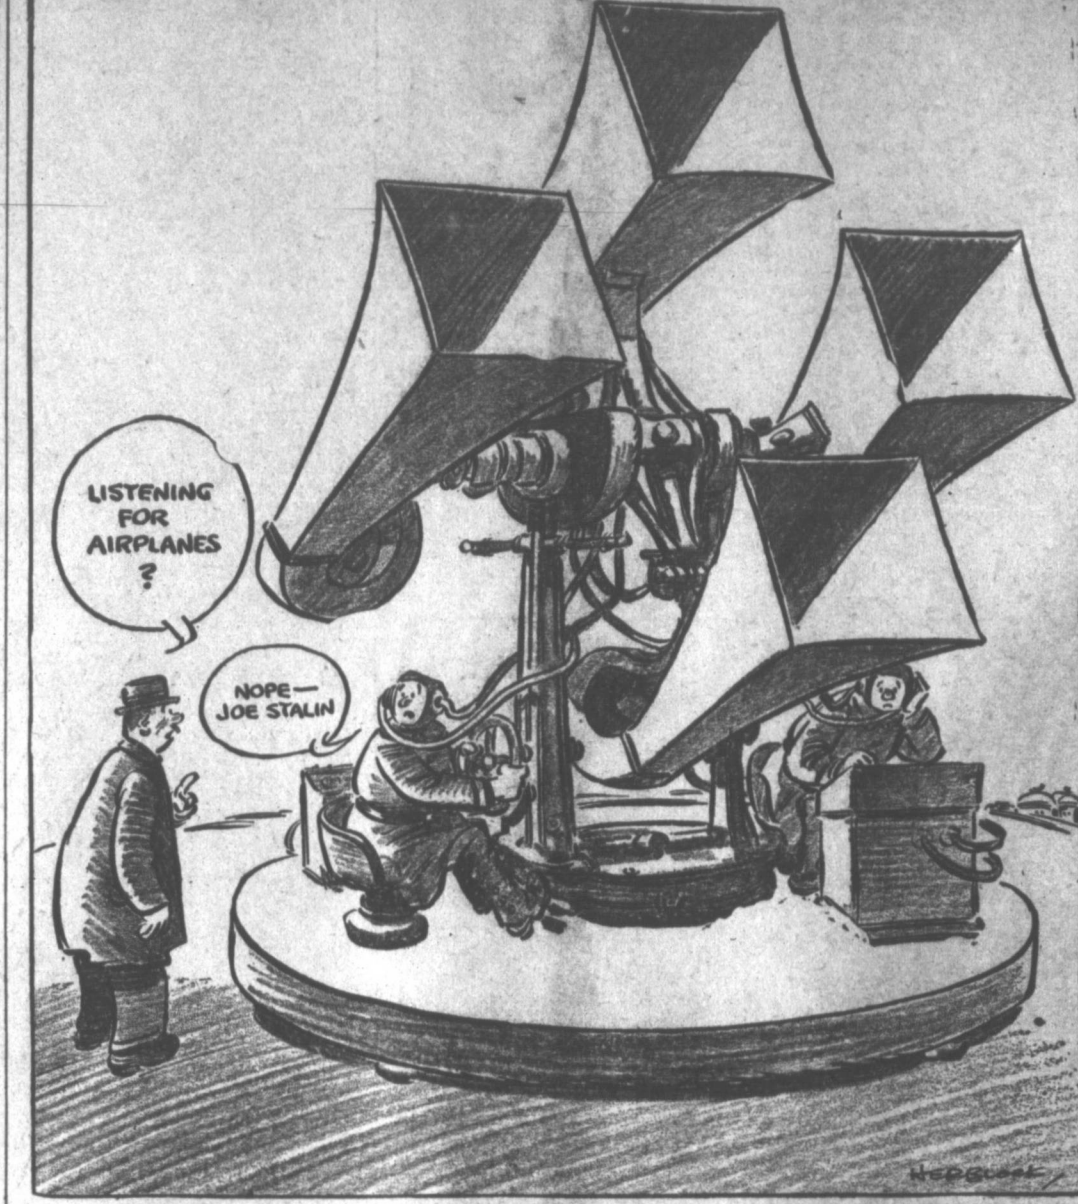

An attempt to put over this scheme without approval of the senate will be in direct violation of the 1909 treaty establishing the International Joint Commission to govern the use of boundary waters between the United States and Canada. This treaty specifically provides that any question arising between the two countries may be referred to the commission, but are subject to the advice and consent of the senate and the Canadian governor general in council.

The treaty and the constitutional provision requiring that all treaties be ratified by the senate are to be ever ridden in true dictatorial style with the same nonchalant disregard with which the law was violated when 50 destroyers were transferred to Great Britain, the opinion of the administration's attorney general to the contrary notwithstanding.

The St. Lawrence swamy and power development and the Passamaquoddy tide control bonding project are socialistic pipe dreams of the President which date back to the time when he was governor of New York. His unsuccessful attempt to hamstring the New York private power companies at that time has resulted in a hydro-phobia which has produced TVA, Grand Coulee, Roosevelt dam, and all the other socialistic power projects of the New Deal.

Democratic opponent, to help the national ticket. Former Navy Secretary Charles Edison is the Democrats' candidate for governor. He's opposed by Robert C. Hendrickson.

TURKEY

People You Know

By Archer Fullingim

A mother of a Harvester came into the News last night and there were tears in her eyes. "I think," she quavered, "that we ought to give the Harvesters a boost—they play as hard as they can," and she is dead right. The tomb-like silence of the fans lit as like a ton of bricks yesterday when we sat in the Pampa stands instead of the press box. Once our enthusiasm got the better of us and we stood up and yelled, "Yea, Harvesters!" and a score of fans turned stone-cold faces at us and lifted supercilious eyebrows at us in pitying stares. Honest, the only people who yelled encouragement in our section were parents of harvesters and Bob Boshen. It got so it was embarrassing. Now this corner at times has howled as loud as any wolf, but from now on, believe me, he's going to remember that after all the Harvesters, win or lose, is Pampa's team! What if this is our one year? We've beat Lubbock more than they beat us yesterday, far worse! Next year we'll have 20 of the 26 boys on this year's squad back, and next year we'll be yelling like mad for them, and we'll be ashamed of the way we've howled this year. Remember 1933 when we beat Lubbock 26 to 0? This is the year of the locusts, so to speak, our day will come again and this year's very team, so let's remember that that team is ours and let's stand up and cheer when they are going down, but when they are going up, let's stand against Amarillo, and if we get behind them and their coaches, they may do more than shine, but they won't if we continue to gripe. Those boys can fight and they do—look at the goal-line stands they've made! There was nothing for them to be ashamed of in the way they played Lubbock; they had their backs to the wall with Lubbock's huge backfield and experience staring them in the face. . . From now on we are cheering those Harvesters until we are hoarse, win, lose, or draw!

SMOKE SCREEN

CHAPTER 17
BEYOND WHICH IS NIGHT
By Samuel B. Pettengill

America is still a great country. Its unused strength is enormous. No depression or war in its history has yet broken its spirit. It seems plain that certain government brakes must be released before we can reach our old forward stride and earn the \$90 to \$100 billion dollar income of which we are inherently capable. Otherwise we look ahead to a halting recovery financed by constant additions to the debt until we have "exhausted the deficit." Then what?

It may be that nothing yet done has finally determined our fate. It is probable that the direction we are going and the continuity of our march is more important than the distance so far traveled.

If we can stop.

Many will say that we have not yet gone National Socialist, and may approve our course thus far. But even these must admit that we cannot continue long in the present direction without coming late or soon to National Socialism.

It may be that we can go on half socialist and half free. It may be that in time we will be able to digest federal control of banking, credit, railroads, shipping, bituminous coal, radio, utilities, gold, silver investment, farming, labor relations, wages hours, etc., and still remain free citizens reading free newspapers, listening to a free radio, going to a free church, our children in free schools, and casting a free man's vote on election day. I would regard this as doubtful and the price in a lower standard of living both certain and large.

But whatever margin of freedom we yet have, it seems rash indeed to permit it to be further whittled away. Nevertheless that is proposed. Pending are bills to federalize education, to start toward state medicine, to control investment trusts, to tax machinery and strange mechanical progress, to require all corporations in interstate commerce to be chartered and controlled by Washington.

Liberty under law remains the hope of the world. It is not liberty alone, nor law alone. An excess of liberty is anarchy, from which all men revolt. An excess of law is despotism, from which free men revolt. It is our great task "to combine that degree of liberty, without which law is tyranny, with that degree of law without which liberty becomes license."

To police or regulate a business to such degree as may be necessary in the public interest is as old as Magna Charta. "So use your own as not to injure your neighbor." That is part of the "American Way." But that thin wavering line between liberty and despotism is surely crossed.

When government ceases to regulate and begins to manage, ceases to be an impartial umpire in the economic game and becomes a player.

When government competes with its citizens in the production of wealth.

When government becomes the untaxed owner of property not necessary for strictly governmental functions.

When government through spending and debt levies a tax tribute on private business that it cannot carry and continue to grow.

When it attempts to control the umpire between Government and the people the courts—either by packing or bringing into disrepute.

When it attempts to use the vast financial power of bank check government and the prestige of the executive office to purge from Congress undesired representatives of

SO THEY SAY

Democracy is a way of life as well as a kingdom of rights.—DR. CLARENCE A. DYKSTRA, draft director.

We are in the presence not of local or regional wars but of an organized and determined movement for steadily expanding conquest.—Secretary of State CORDELL HULL.

The loans we have made in Latin America are doing good. The construction of the Pan-American Highway is especially useful in opening new markets.—JEFFERSON CAPPER, ambassador to Brazil.

It is another evidence that democracy in its fullest scope is working to preserve the fine arts and culture.—PETER A. B. WIDENER, art presentation of the family's great art collections to the National Gallery.

LeFors Pupils Name Queen Of Carnival

Special To THE NEWS

LEFORS, Nov. 2.—LeFors High school students elected Bonita Libby Wednesday for their queen to be crowned last night in the home economics booth in the high school library which opened at 9:30 o'clock.

The preliminary run-off between Joyce Bowman, Wynonne Tubbs, Priscilla Davis, and Bonita Libby was a tie between Joyce Bowman and Bonita Libby.

Bonita who is a junior won by a small margin over Joyce who is also a junior, in the final election.

These four girls were chosen from the home economics department which sponsored the contest.

Pastry dough is made more digestible by the addition of a few drops of lemon juice.

You and Your Nation's Affairs

WHY THE PUMP FAILS TO PRIM
By WALTER E. SPAHR
Professor of Economics, New York University

Those who read my preceding article entitled "Government Dollars Do Not Prime the Pump" will recall that I used figures on the velocity of bank deposits and debits to individual accounts to show how inefficient our dollars have been in connection with our huge peace-time government spending as contrasted with the much greater effectiveness of our dollars when private enterprise was operating in a more normal manner and in the absence of such a government spending program.

The outstanding fact was that in July, 1940, a dollar was doing only 13.38 dollars worth of business per year as compared with 50 dollars worth of business per year in 1929. This low velocity of money—almost the lowest on record (the low being 13.19 in February, 1940)—prevailed at a time when the government was spending huge sums of money and after seven years of such spending. In other words, a dollar under this program of government spending was only slightly over one-fourth as effective as a dollar in the hands of private enterprise during the period in which there was no such program of government spending.

This unprecedented low velocity of deposit currency, resulting from the government's spending program and related confidence-destroying policies, is a natural result of the type of government program which has prevailed since 1933. If a program of government spending creates a demand for capital goods and stimulates their production by private enterprise it is reasonable to expect that the velocity of bank deposits and, consequently, of money will increase. Government expenditure for armament purposes creates a demand particularly for heavy goods which require the use of capital equipment, with the consequence that there is a distinct tendency for the velocity of money to increase so long as such a program is in effect. We may expect, therefore, the government's current armament program to lead to an increase in the velocity of money deposits.

But the velocity of money deposits in 141 cities—I had an error in two cities. I used the velocity of money deposits growing out of an accidental use of 141 cities in reporting on 141 cities. (Details are reported for 141 cities in reporting on 141 cities.)

It is not the velocity of money deposits that covers the national money supply, but the velocity of money deposits that covers the national money supply. It is not the velocity of money deposits that covers the national money supply, but the velocity of money deposits that covers the national money supply.

When the government competes with its citizens in the production of wealth.

When government becomes the untaxed owner of property not necessary for strictly governmental functions.

When government through spending and debt levies a tax tribute on private business that it cannot carry and continue to grow.

When it attempts to control the umpire between Government and the people the courts—either by packing or bringing into disrepute.

When it attempts to use the vast financial power of bank check government and the prestige of the executive office to purge from Congress undesired representatives of

Consuming 80,000 Oil And Annually

PORTH, Nov. 2 (AP)—German requirements of gasoline, despite drastic restrictions in private automobile use, are more than 80,000 barrels annually, or twice as much as the Nazis are able to produce, W. Fodor, foreign secretary of the Texas Midland Oil and Gas association, declared today.

Fodor declared that during the war in Holland and Belgium the Nazis were able to establish contacts which enabled them to obtain useful information concerning German oil stocks.

In January, he said, the supply of Russian oil has declined to the present level, and Germany, on an annual basis, at present consumes 80,000 barrels, pointed out that the country's claim of a 20 percent increase in synthetic production and Rumania's production of 21,000,000 barrels, many can increase her sources to 51,000,000 barrels.

Service awards were presented by the association to one of both the independent groups. For the independent group, L. Hamon of Dallas was awarded the award. E. R. Brown, also of Dallas, chairman of the board of the Texas Midland Petroleum company, presented the award from among the members of the association were

STAR TO THE M CRACKER

The flag has had as many as 15 stars. Originally one star was added for each state that joined the Union, but the number reached 15 in 1792 and to revert to the 13

stars a flag is displayed in the wall, the union should be placed and to the observer's left. One time the stars were arranged in a circle in a field of 14 is Flag Day.

The Pledge of Allegiance is: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, indivisible, with liberty and justice for all."

quartet, Mrs. Badgett confessed she could do it so much better now. If you can't, I can, too."

THE KILNER CONFESSIONS

CHAPTER XXIII

BEING as if he had aged 10 years, Sidney Braitwood slowly climbed the stairs, went to Hugh Langdon's bedroom. The big engineer was in a chair, before the window, a stubby pipe clenched in his teeth.

"Sit down, Sid," he said. "What's keeping you up so late?" Sidney sank into a chair. With an unsteady hand he lighted a cigarette and for a few moments the two men puffed in silence.

"God knows why the cards were dealt as they were last night," Hugh said finally. "We played our hands according to the dictates of the moment and old Adam lost."

"A fellow who knows both the hands and the players can understand all the plays, Hugh," Sidney replied. "When a man is faced with a tragic alternative he—"

"He does what he believes right and he does it at once—" Hugh said grimly. "I know that, Hugh. Just now I picked up a bit from Togi. Before dinner Nella told me what she had seen—an instant before the shot was fired."

"Hugh Langdon's lips hardened over the stem in his mouth. "I'm sorry Nella saw—that she saw. It was a rather terrible sight. It will be an indelible memory for her, Sid."

BRAITWOOD nodded. "Here's the story, Hugh. Correct me where I'm wrong," he said. "Pat had threatened to have Adam declared incompetent. His mind had really begun to break, though he had lucid days. He had the coffee table placed under a shelf on which stood a percolator away so that the old-fashioned one would be used. It burned a flame in front of his wife."

"Then he counted the buttons on his vest so that he would know just how high to hold his bowtie when taking aim in the dark—except for the target of that tiny

flame, he had planned darkness. In the afternoon he had practiced a shot using the Lilliput, because it made little noise."

Hugh Langdon got up and poured himself a drink of brandy. "Go on, Sid."

"Adam had even provided an alibi by locking the door so that it would appear to have been locked from the outside by a thief. And he had also broken a pane of glass in direct line with the block of the new liness and the coffee table. In that way it could have been made to appear that a shot had been fired through the broken window at Pat, instead of from the liness."

"He was not himself. He was mad—but cunning!" Hugh muttered.

"Adam intended to tell the police that Pat had looked up at the open window and had recognized the thief, that the thief had fired at her. Usually the lamp in the driveway is lighted just back of that window so that a person could be seen. Last night, for some reason, it was not lighted, but Adam did not realize it."

"Using a penknife, he short-circuited the lights in the smaller room, and he had switched off the lights in the larger room before he sent Togi for bulbs. When it was dark he mounted the block, took aim and even had pulled the trigger of his revolver. So much, Nella saw."

"Did Gundrum tell you this, Sid, or did you reason it out for yourself?"

"Gundrum! Did he see the shooting, Hugh?"

"He saw everything. He kept silent for obvious reasons. He told Pat what he saw and persuaded Hugh to tell what she knew. I hope you agree?"

"Then only two of us were really in the dark?" Sidney mused. "Three. You forget Togi."

"Thank God enough of them saw what happened. We shall need their testimony, old man. Henry Barkes has been arrested for the murder."

had the instant aim and courage to act. And only one man tall enough to hide the Lilliput in the upraised hand of the eye without standing on the block. There were no marks on that block."

"Yes, I did it," Hugh said calmly. "There was only one load in the gun I'd taken from the rack, so I slipped the Lilliput into my pocket. It would have shown Adam's own fingerprints as well as mine had I not wiped it off. Unless, of course, he'd cleaned it after using it that afternoon. I'd used the one bullet shooting the lock, so I'd slipped the gun into my pocket and had hold of the Lilliput."

"Then came the terrific lightning when the women say they covered their eyes. Nella, apparently, did not cover hers. I turned to tell Adam to remain with the women."

"In the flash I saw him standing on the block. He had raised his gun and aimed at his wife. He looked exactly as Nella described him."

Hugh paused a moment before continuing. "I knew then that he'd lost all reason and I shouted, 'Adam!' He didn't even hear me. Instead he drew the hammer of his gun."

"It happened so quickly I could not reach him myself, but my bullet could. I aimed at his right hand, but he must have turned slightly and leaned forward. The bullet caught him in the heart."

"You shot in defense of a life, Hugh."

"I know that, Sid. But think of it—old Adam!"

"Not the Adam we knew, Hugh. A distorted mind in his body."

"Thanks," Hugh breathed. "I thought everyone in the room would shout that I'd killed him. No one did. Then I realized that in the confusion and darkness no one had seen me."

"I actually stepped back, struck a match and looked into his face. I saw then that aid for the woman was useless, so I decided for all our sakes we had better assume that a thief had done the murder. It would make bad telling that if I had not acted instantly my cousin would have shot his wife. A premeditated murder."

"I wish it could have been left that way, but it would always have dogged you, old man. As it is, we'll do everything we can for you."

Hugh got heavily to his feet. "The sooner I give myself up, the better it will be for Henry Barkes," he said sadly. (THE END)

Brions Take Pets Into Raid Shelters

LONDON, Nov. 2 (AP)—England's 20,000,000 domestic animals are getting—and taking—their share of the German air blitzkrieg along with the island's human inhabitants.

Dogs, cats and other pets which occupy a place of honor in homes from the poorest Limehouse slums to Buckingham palace have generally accepted the bombing and cannonading with stoicism.

Theoretically, pets are barred from public shelters, but there's no record yet of anyone complaining when a pet owner runs into a shelter with a cat or a dog tucked under his arm.

The family dog or cat usually goes to the household shelter with others in the family when air raid sirens start. Occasionally, however, the pet is left in a shuttered room.

In one instance a woman hurried to a shelter during a raid only to remember there that she had forgotten her two dogs. She dashed back to get them, but a bomb killed her on the doorstep. The dogs were safe in the kitchen.

Two days after a bomb struck the Associated Press building here last month workmen clearing debris from a maze of cables and pipes heard a faint mewling. They dug toward the sound and presently a bedraggled cat and her two kittens climbed unsteadily into the daylight.

Dogs and cats are learning what the air raid siren means. When they hear it they stroll to shelter. It doesn't seem to be fear—they just recognize the noise and join the game.

Pampan Included In Colleges Who's Who

Special To The NEWS
ABILENE, Nov. 2—Elmer Watkins, son of Mr. and Mrs. M. V. Watkins of Pampa was elected Monday at McMurry college to Who's Who among students in American colleges and universities.

Watkins is vice president of the student association at McMurry college, is president of the junior class, member of I. H. R., men's social organization, Student Council of Religious activities, and the golf team. Nine students from McMurry were elected to Who's Who. This honor is conferred on the basis of character, scholarship, leadership and potentialities of a junior and senior student.

Watkins' picture and biography will be printed in a magazine published by the University of Alabama containing the college Who's Who from the entire nation.

Another Section Of Way Completed

MEXICO CITY, Nov. 2 (AP)—The Ministry of Communications reported today that another section of the

Pan-American highway now under construction south of Mexico City had been completed and would be inaugurated tomorrow.

The latest section of 74 kilometers extends beyond Cuautla, small resort town in Morelos state. It cost 3,800,000 pesos.

Saxophones may not be imported by the Mexican state of Tabasco, where all jazz music is barred.

FUNNY BUSINESS

"I tell you, Jenkins, we've got to cover more territory with your pants!"

HOLD EVERYTHING

"Sometimes I wish we'd go back into the telegraph business."
