# 1,600 Scouts Of Council Invited To Come To Pampa Tomorrow GREAT BATTLE TO DETERMINE FATE OF LIBYA

## Scout Day Proclaimed By Thompson

Boys And Scouters Will March In Huge Parade

Tomorrow, second Thanksgiving Day, has been proclaimed Boy Scout Day in Pampa by Mayor Fred Thompson. Invitations have been sent to 1,600 Boy Scouts, Cubs, Cubbers and Scouters in the Adobe Walls council to attend an all day Scout rally here.

Mayor Thompson today issued a proclamation in which he designated tomorrow as Boy Scout Day in Pampa and in which he invited every citizen to assist in making it an interesting day for the Scouts and their leaders.

All Scouts and Scouters will register at the city hall between 9 and 10:30 a. m. A parade will be held at 10:30 o'clock and immediately following the Scouts and Cubs will be guests at a picture show. The next event will be a barbecue at the junior high school gymnasium after which they will attend the Pampa-Borger football game as guests of the school systems of the two cities.

Admission to events will be a 1941 registration certificate. Tickets will be issued at registration headquarters. The Scouts and Cubs will take part in a between-half flag ceremony at the football game.

Mayor Thompson's proclamation follows:

**PROCLAMATION**  
WHEREAS, Scouting is one of the greatest institutions of America, about which all Americans should be justly proud, and,

WHEREAS, the Boy Scout training directs and prepares the boys of America to take their proper places and become leaders in our great democracy, and,

WHEREAS, Pampa has invited and is to host to the Adobe Walls council and we want them to feel welcome.

THEREFORE, I, Fred Thompson, mayor of the city of Pampa, Texas, do hereby proclaim November 27, 1941, as Boy Scout Day in Pampa, Texas and urge every citizen of Pampa to lend his cooperation and support toward making such great day for the Adobe Walls council of the Boy Scouts of America.

FRED THOMPSON, Mayor.

## Ikkes 'Encourages'

### Oil Hike Advocates

WASHINGTON, Nov. 26 (AP)—Texans seeking higher crude oil prices to offset rising production costs are "greatly encouraged" today after conferring with Petroleum Coordinator Ikkes.

Colonel E. O. Thompson, chairman of the Texas Railroad commission, headed a delegation which made the proposal yesterday at a meeting arranged by Senator Connally and said afterward:

"We are greatly encouraged as a result of the meeting. Mr. Ikkes was most sympathetic."

Thompson, who left by plane last night to return to Texas, said the group told Ikkes an average increase of 35 cents a barrel was necessary if "marginal" wells were to be kept flowing and exploration for new fields continued.

Others in the delegation were Elmer Moore of San Antonio, assistant general manager of the South Texas chamber of commerce; Henderson Coquat of San Antonio and Tom Graham of Corpus Christi, oil operator.

In separate meetings, Senator O'Daniel discussed the petroleum price situation with Price Administrator Leon Henderson and Ralph K. Davies, Ikkes' deputy.

The delegation, said Thompson, also urged removal of price differentials on Texas Panhandle and North Texas crude. He said the differential was intended to pay for the cost of pipelines, but that these long since had been paid for and still Panhandle crude sells at 10 cents less and North Texas crude at 7 cents less per barrel than that produced in Oklahoma.

## Late News

PHILADELPHIA, Nov. 26 (AP)—John (Hans) Lober, 60-year-old coach of the National League Phillies for the last eight years, today was named manager of the club, succeeding Doc Prothro.

Have your brakes adjusted and inspected free. This week only at Hampton's Garage.

## Santa Claus Writes Letter To Kiddies

Just out of the sound of his busy workshop, where toys by the thousands were being made, Santa Claus stopped work long enough today to give a message to the kiddies of Pampa and neighboring towns.

"I guess a lot of you boys and girls," Santa said, "have been wondering why I'm coming to Pampa twice in one month. You all know I come there on December 24, but maybe you don't know why I make an earlier trip.

"The reason I do this is to kinda find out how you boys and girls have been behaving during the year and to learn just what you want in your Christmas stockings.

"It takes a lot of time for me to make my trips on December 24, and when I get started I don't have any time to waste. I always come to Pampa on Santa Day to see if everything is ready for my big trip later in the month.

"I hear the Jaycees are planning a big party for me when I come to your town on December 6. That's a week from next Saturday. I want all you boys and girls to come and see me. I'll be on a big float in the parade, which will start at 4:30 o'clock that afternoon.

"There'll be lots of candy and tickets to the show, and the streets are gonna be all decorated up. It'll be just like Christmas, almost, what with the Christmas lights going on Monday night, December 1.

"I plan to see all the merchants and the Jaycees, too, at the big party on December 6. You're all invited to come."

## Pampa Has 15 Certified First Aid Instructors

Pampa and LeFors now have 15 men and women certified as American Red Cross first aid instructors, eligible to conduct both standard and advanced first aid courses.

Ten applicants for instructor's certificates received notice today that they had successfully passed all necessary tests at a lay instructor's course conducted in Borger last week by Theodore Albrie of St. Louis, national Red Cross first aid instructor.

Anyone of the group is eligible to conduct courses and organizations in Pampa, LeFors, or in the oil field desiring to take a course in first aid should contact Mrs. J. B. White, executive secretary of the

## New Defense Company To Be Formed

A new squad, composed entirely of rookies, is to be formed when the local company of the Texas Defense Guard holds its regular drill at 7 o'clock next Tuesday night at the high school.

This plan was announced following the conclusion of drill last night. Reason for the new squad is that leaders feel too many Pampa men are self-conscious and are timid about joining the company for this reason.

The drill, being on a volunteer basis, is not difficult but does require some practice to execute it smoothly. There is nothing unduly severe in the way orders are given.

Likely recruits, however, are unaware of these conditions and possibly do not join for the reason that they do not want to go through the drill with experienced members of the company.

Forming a new squad, composed entirely of rookies, will eliminate this disadvantage, sergeants of the company believe.

Drill last night consisted of school of the squad, school of the company, manual of arms, calisthenics, led by Private Herbert Vaeth, and interior guard duty.

Regular meeting of the non-commissioned officers school will be held at 7 o'clock Friday night at the high school.

Due to high school students using the gymnasium for skating, the drill last night was held on the football field at Harvester park, except for the practice in guard duty, which was held in the school corridors.

## Jim Edwards To Resign Today

Jim Edwards, for the past two years supervisor of recreation in Pampa, was to present his resignation at a meeting of the Pampa Recreation council today. Mayor Fred Thompson is chairman of the council.

Mr. Edwards came to Pampa from Abilene where he had been recreation supervisor for several years. He organized Pampa's most successful recreation program which included playgrounds in all sections of the city, adult recreation program, craftshop, instruction in folk dancing, sponsoring of shows and concerts, and many other activities for both young and old.

In announcing his resignation, to become effective Dec. 5, Mr. Edwards said he would move to Dallas, where he plans to open a commercial engraving and metal casting shop.

## Henshaw To Preach At Union Services

## Stabilization Of Oil Prices Urged By Col. Thompson

Col. Ernest O. Thompson, chairman of the Texas Railroad commission, carrying out a promise made here recently to fight for an increase in the price of crude oil, especially in the Panhandle, is now in Washington conferring with Price Administrator Leon Henderson.

Col. Thompson told Henderson that the price of crude oil in the Panhandle of Texas was 10 cents a barrel less than for oil produced across the river in Oklahoma, while crude from North Texas sold at 7 cents under Oklahoma figures.

Thompson headed a delegation to discuss the problem in a meeting Senator Connally (D-Texas) arranged with Harold Ikkes, the petroleum coordinator. Senator O'Daniel (D-Tex.) arranged for the group to confer with Leon Henderson, price administrator.

The cost of production of oil had risen to the point that an increase

See STABILIZATION, Page 3

The Rev. Edgar W. Henshaw, pastor of St. Matthew's Episcopal church, will deliver the sermon, "America Gives Thanks," at the annual Thanksgiving services to be held at 8 o'clock tonight at the Presbyterian church.

In charge of the program will be the Rev. Robert Boshen, Presbyterian pastor, directing the special music by the Back From Church Singers, Arthur Nelson.

Nearly all Pampa churches will take part in the services, which will preclude Pampa's observance of the traditional Thanksgiving date.

However, in contrast to the November 20 Thanksgiving, most stores will be open tomorrow as will be the postoffice and the office of the Pampa Retail Merchants association.

Both Pampa banks will close all day. The city hall and court house offices will close at noon to give employees a half-holiday.

In the afternoon, the last football game of the season for the Harvesters will be played at Harvester park, when the local high school eleven plays the Borger Bulldogs. Kick-off time is 2:30.

## Man Who Never Slept A Wink 90 Years Old

TRENTON, N. J., Nov. 26 (AP)—Albert Edmlare Herpin, who's known in these parts as the man who never slept a wink, celebrated his 90th birthday anniversary today by putting out ash barrels for well-to-do customers and philosophizing over a pan of tea brewed in his shack across the railroad track.

Old Al, a little slow to answer a caller's lusty shouts and battering of the wooden stockade around his grotesque tin-and-wood abode, immediately sensed suspicion.

"Course I wasn't asleep," he protested through his walrus mustache. "You know I can't sleep. Or maybe you don't. Some people think I'm a hump. They don't believe it. And I can't blame 'em."

"Doctors from all over the world examined my case, and they ought to know. But they couldn't explain it."

Al, who has no bed, says he gets his rest by relaxing in a chair and by reading.

Folks who live nearby swear by all the prophets that he's never slept, that all tales about him are true. His hut, down by the railroad siding in a cluster of dingy factories, is a neighborhood landmark. All the natives can point the way to Rip Van Winkle in reverse.

Al, born in 1851, attributes his condition to injuries his mother suffered in an accident just before his birth. Spurring offers to appear in freak shows or on the radio, he says he promised his mother he never would capitalize on his affliction.

## FDR Hears Nazis To Raze Belgrade

## Anti-Strike Legislation Developing

Strike control legislation developed swiftly today in house and senate committees while boards appointed by President Roosevelt undertook to settle critical labor disputes involving captive coal mines and the nation's railroads.

Elsewhere, a freight handlers' strike in Chicago was settled, but 8,500 AFL machinists in the St. Louis area remained away from their jobs in what an OPM labor expert called "the most and important and serious labor tie-up anywhere in the nation."

Mr. Roosevelt took an unprecedented step yesterday by instructing his special emergency fact-finding board in the railroad wage dispute to reconvene and review some new facts which he said had come to light since the board reported to him November 5.

A preliminary meeting was scheduled tomorrow at the White House, the new hearings were to begin Friday, and a fresh report to the President was requested by Monday—six days before the strike deadline set by the five operating brotherhoods.

Another three-man board assembled in New York to arbitrate the captive coal mine dispute, under an advance agreement that the decision would be binding. The board members are John L. Lewis, president of the CIO United Mine Workers, Benjamin Fairless, president of the United States Steel corporation, and Dr. John R. Steelman, director of the United States conciliation service.

They were to decide whether all men who work in the captive coal mines which produce fuel for steel mills must be required to join the union in order to hold their jobs. The UMW, which claims 95 per cent membership among the captive mine employes, conduct a week-long strike on the issue. The walk-out ended Monday after President Roosevelt obtained the agreement to arbitrate.

Sentiment for legislation to curb strikes in defense industries continued to run strong in both houses of congress.

Senator Glass (D-Va.) said no time should be lost in passing "strict regulatory legislation" to halt such work stoppages and he added "we ought to penalize these strikers."

Senator Connally (D-Tex.) saw in his own "senseless" bill a simple and acceptable remedy to the problem. It would permit

See ANTI-STRIKE, Page 3

## U. S. Powerless, Avers Ribbentrop

BERLIN, Nov. 26 (AP)—Foreign Minister Joachim Von Ribbentrop declared today that even if the United States entered the war against the Axis she could not prevent the triumph of Germany and her allies.

He told signers of the anti-Comintern pact that Germany already has won her campaign against Soviet Russia and said the war now lines up as a fight with Britain and her "trans-Atlantic helpers."

## Rainey Dedicates Vernon Primary Flying Field

VERNON, Nov. 25 (AP)—Dr. Homer P. Rainey, dedicating a new primary flying field here, counseled Americans to remember that they have more than their frontiers to defend, they must also conquer disruptive forces from within.

The president of the University of Texas spoke at the dedication yesterday of Victory field, newest of the army's primary training bases.

"We must not only defend ourselves from the forces from without, but we must defend ourselves against the socially disruptive forces within." Through either enemy, he said, the nation could lose its freedom.

The field was accepted on behalf of the Army Maj. Gen. Frank P. Lahm, commander of the Gulf Coast Air Training center.

For moist, warm circulated air, see the Estiate Heatrola. Lewis Hardware.

## Axis Claims British Army Annihilated

Even Britain Hints Sharp Setback

LONDON, Nov. 26 (AP)—Both sides probably will throw in "about everything they have got" to win the great battle in the Rezzeh area, which may determine the fate of Libya, informed quarters said today.

The announcement from Cairo that both British and German-Italian forces had brought up reinforcements was taken here as an indication that neither side would be skimping with men and material after the heavy losses already suffered.

Axis front-line dispatches declared today that British troops south of Rezzeh, scene of a three-day battle of massed tanks, had been encircled and "annihilated" with more than 5,000 prisoners captured, and German military quarters asserted flatly that the Libyan desert campaign could no longer be regarded as a British offensive.

Rezzeh is 10 miles south of Tobruk. British Middle East headquarters said the Germans had rushed up reinforcements to Rezzeh and that a big battle was expected there momentarily.

A Cairo bulletin reported that the British Tobruk garrison had smashed deeper into Axis siege lines and declared that strong British tank reinforcements, previously held in reserve, were now moving into the forward battle zones to bolster other imperial armored columns which had been reorganizing for a new attack in the Rezzeh area.

Other dispatches indicated that the British expected a lengthy struggle.

As the battle raged into its ninth day, even British reports reflected a sharp setback to earlier hopes for a lightning sweep to knock the Axis out of North Africa.

On the Russo-German war front, the Russians admitted serious new German gains on the northern and southern flanks of Moscow's defense arc, but declared that Red army counter-attacks in the Ukraine had thrown the Nazis back six more miles northwest of Rostov-on-Don, in the sector where the Germans had already lost from 37 to 60 miles.

The Vichy (French) radio, quoting German front reports, said Nazi mechanized forces had slashed through Red army defenses to a point within less than 16 miles of Moscow—the closest approach to the Soviet capital since Adolf Hitler started his huge-scale drive against Moscow on Oct. 2.

The radio said German spearheads had broken through southeast of Kilm, 50 miles northwest of Moscow.

There was no confirmation of the report elsewhere, however.

S. A. Lozovsky, official Soviet spokesman, said that German casualties in the fighting around Rostov totaled 37,000 and that the two major drives against Moscow had

## Judge Allred's Son Delivers Houston Paper

Editor's Note: Yesterday's Pampa News carried a picture of U. S. Senator Gillette delivering a Washington newspaper for his son who was ill. The following story tells the story of the son of a federal judge and former governor, who is also a news carrier. In the next few weeks, the News will publish pictures and stories of all the Pampa News carriers. Watch for the series. It will be entitled "Know Your Newsboy."

By WILLIAM T. RIVES  
HOUSTON, Nov. 26 (AP)—Eleven-year-old Jim Boy Allred, the son of Federal Judge James V. Allred, shows the same characteristics his father did at the same age: He is willing to make his own way, asking no special considerations.

Jim Boy, despite the fact his father is paid \$10,000 a year for his services on the federal bench, is working as a newspaper delivery boy.

Judge Allred was a shine boy as a youth in Wichita Falls and wants his children to know the value of a dollar, but the idea of going to work was Jim Boy's own.

"He found out a boy was quitting and that he could get the delivery route," Judge Allred said, "and asked his mother and me if it was all right for him to take it. We agreed.

"The first month he made nine dollars and won several little prizes. "Frankly, I'm proud of him."

Jim Boy sees nothing unusual in the fact he rides his bicycle each afternoon, throws newspapers on front porches and gets paid for it. He just likes the work, that's all.

The tousled-haired, slightly

## Pampans Asked To Park West Of Harvester Field

Pampa football fans are being asked to purchase their general admission tickets to tomorrow's Pampa-Borger game at downtown drug stores. They also are being asked to drive to the field via Russell, Charles and Mary Ellen streets and to park west of the playing field.

Borger fans will be directed to the field via Duncan street and to park in the area south of the field. Borger fans will occupy the west stand.

Reserve seat tickets to the game, including general admission, may be purchased at the office of the school business manager in the city hall.

Game time will be 2:30 o'clock.

Decision In Torrance Case Appears Near

MONTERREY, Mexico, Nov. 26 (AP)—A decision by Judge Jesus B. Santos appeared near today on the guilt or innocence of Arthur Torrance, accused of fatally beating his wealthy bride, the former Mrs. Ada Loveland, for financial gain.

Torrance had not been contacted for possible comment on a San Francisco Chronicle story saying it had learned 28-year-old Barbara Bowen sailed from Honolulu expecting to marry him the day Mrs. Torrance died in Mexico.

The newspaper said Miss Bowen, member of a prominent Honolulu family, went to San Francisco in response to a marriage proposal made a few months earlier by Torrance, stayed in a hotel there five days awaiting word from him and finally went to the home of relatives after reading newspaper accounts of his arrest.

Three garage employees testified last night they saw in Torrance's automobile a vacuum bottle with which the state charges he used as a weapon.

Angel Cuevas said he saw the bottle in the car but no blood on it. Francisco Marquez related he saw glass fragments of a bottle in the automobile but no blood on the bottle or the paper in which it was wrapped. Enrique Moran said he also saw the bottle.

Dr. H. D. White testified he advised Torrance not to have an autopsy performed on the body because it would hinder proper embalment, after Torrance had expressed a desire to have the body returned to the United States for burial.

The defense also brought out under cross-examination of Dr. White that Torrance implored him to do all possible in his bride's behalf after bringing her to him for treatment of a skull fracture.

AXIS CLAIMS

(Continued From Page 1)

cost the Nazis more dead and wounded than the 300,000 they lost in the World War battle of Verdun.

Soviet front-line dispatches conceded that a powerful thrust by German tanks, planes, and infantry had smashed through the Stalingrad sector, 120 miles southeast of Moscow, and advanced to the outskirts of the town of "V"—presumably Venev, 40 miles northeast of Stalingrad.

Stalingrad itself is 60 miles east of Tula, 100 miles south of Moscow, which has long been the scene of bloody fighting.

Stalled at Tula, the Germans were now apparently striking in a wider flanking maneuver.

The Russians also acknowledged a grave new threat on the north, reporting that the Germans had made a break-through to a main highway somewhere between Moscow and Klin, 50 miles northwest of the capital.

In North Africa, the situation was confused but apparently the British drive led by Gen. Sir Alan Cunningham was slowing.

Premier Mussolini's high command, reporting the victory south of Rezegh, said two American observers and "various English and American journalists" were among the captives.

It gave this summary of the conflict: "In the great, animated battle raging more than a week without interruption on terrain on the Marjace (East Libyan) desert, the gallant and indefatigable armed forces of the Axis have sustained further bitter combats crowned with success."

"On the Salum front, fierce attacks launched by three enemy divisions (about 45,000 troops) against positions held by the Savona division have been smashed by the iron-like resistance of our troops.

"The attackers suffered further bloody losses and failed to achieve any success."

The Fascist communique admitted that "overwhelming" British forces had captured Italian-held Gialo oasis, in south central Libya, by British Indian troops which dashed 300 miles across the desert.

In the war at sea, the Germans announced the torpedoing and sinking of the 4,850-ton cruiser Dragon in the Atlantic. She was launched in 1917 and normally carried 450 men.

The Far East came into the limelight again with a renewed U. S. request to American citizens in Japan to leave at once.

U. S. Consul General Stanley Slavers said there were 90 white American citizens still in the Japanese empire. He said most of them were missionaries who would remain at their positions no matter what comes.

Washington dispatches said the extended diplomatic conversations between the United States and Japanese representatives were near their critical final stages. Both governments kept silent on progress of the negotiations.

STABILIZATION

(Continued From Page 1)

in crude prices was imperative, Thompson said, particularly if exportations for new fields was to continue. He said taxes also would be asked to order a removal of the differential in prices of crude oils produced in the Texas Panhandle and North Texas fields.

"The differentials were put into effect years ago to pay for the cost of pipe lines," he continued. "The lines long since have been paid for and the reason for the differentials no longer exist."

Elmer Moore, San Antonio, assistant general manager of the South Texas chamber of commerce, Henderson Coquet, San Antonio, and Tom Graham, Corpus Christi, both oil operators, were to participate in the conferences.

INFERNO!

Gymnastic flames leap out the roof and windows and race through the frame structure of a nursing home in spectacular fire at Amityville, N. Y. Nearly two score patients and nurses were saved; six died.

New picture from Middle East shows a Royal Air Force armored car moving up on the western desert. Called "shellbacks," these units are employed in the North African offensive for the defense of forward landing fields and other front-line tasks.

Rules Given On Enlistment In National Guard

AUSTIN, Nov. 26 (AP)—General J. Wait Page, state selective service director, today announced authorization and procedure for enlistments and re-enlistments of National Guard units in an effort to preserve entity of the units.

The director said the following policies had been established:

1. Upon completion of their normal term of enlistment in the National Guard of the United States, enlisted men of a National Guard unit in active federal service may re-enlist in their present unit in a dual status as members of both the National Guard and the National Guard of the United States.

2. A selectee assigned to a National Guard unit of his home state may, if qualified, be enlisted in such National Guard unit in a dual status as a member of both the National Guard and the National Guard of the United States in active federal service; all such men to be required to serve a minimum total of 12 consecutive months in active federal service. Furthermore, selectees sent from replacement training centers as fillers for a National Guard unit will be as far as possible registrants of the home state of the National Guard unit concerned.

3. Qualified men who have been discharged or released from federal service after one year's active duty may enlist or re-enlist in their home community National Guard units in active federal service in a dual status as members of both the National Guard and the National Guard of the United States.

Enlistments and re-enlistments for a National Guard unit in active federal service will be limited to the number necessary to keep the unit at peacetime maintenance strength, as provided in National Guard tables of organization, General Page said, adding that the combined strength of the personnel of a National Guard unit in active federal service and of its personnel who have reverted to and are remaining in a state status (in the state detachment pending return of their units to home stations) will be limited to the peacetime maintenance strength of the unit.

Nazis 16 Miles From Moscow NEW YORK, Nov. 26 (AP)—German mechanized forces are now only 16 kilometers, or less than 16 miles, from Moscow, having broken through southeast of Klin, the Vichy radio asserted today, quoting "German front reports." NBC heard the broadcast.

Klin is 50 miles northwest of Moscow. During 1940 approximately 1,500,000 couples marched to the altar—the greatest tying of nuptial knots in the nation's history, according to the census.

The power of 25,000 men is embodied in a modern locomotive.

Noisy Way to Hide a Tank

Spectacular explosion on the desert near Tobruk may attract a lot of attention, but its real purpose is to make a hiding place for the British tank nearby.

PAMPA HAS

(Continued From Page 1)

Pampa chapter of the Red Cross, at her office in the basement of the city hall.

A new standard course will begin at the fire station tomorrow night at 7 o'clock directed by Tom Eckerd. Persons desiring to take the course are asked to be at the meeting.

Applicants for certificates who attended the Berger school and who successfully passed all tests are Mrs. Jack Goldstein, Mrs. Charles Ballard, Mrs. Frank Culbertson, Miss Maxine French, Carl W. Snow, James A. McCune, George P. Prieur, Paul J. Thurston, Charles H. Ballard, and J. B. White.

Five whose certificates have been renewed are Tom Eckerd, H. M. Come, Mrs. G. C. Gardner, Bert Arney, and J. H. Duncan of LeFors.

Yonkum county, Texas, is the fastest growing county in the country, changing from 1,263 persons in 1930 to 3,534 in 1940, an increase of 323.9 percent, according to the census.

'Rose Bowl, Rose Bowl,' Missourians Chant In Dance

COLUMBIA, Mo., Nov. 26 (AP)—Missouri university's football enthusiasm broke into the open today with a walkout from classes and a spontaneous chant of: "Rose bowl, rose bowl."

The excitement started at 9 a. m. in a small snake dance, but it wound through every building on the campus, gathering recruits as it went.

Professors gave up and dismissed classes as their students walked out to join the celebration of the school's second Big Six conference football championship in three years.

Market Briefs

NEW YORK, Nov. 26 (AP)—The buying motive in today's stock market was held in low gear by rather pessimistic Wall Street interpretation of labor and foreign news and leading issues extended the previous day's retreat.

Prices started in a general slide after steel and aircraft, relatively steady in the early proceedings, shifted to the downside. Closing losses were confined to fractions as a rule, but here and there ran to a point or more. Some specialties retained modest gains.

There was less activity in low priced shares, prominent because of tax loss selling, but despite this volume pared with that of the last few days at approximately 800,000 shares.

Showing no bullish urge on another sizable crop of extra special year-end dividends, it appeared that the market was nursing disappointment over the latest turn in the railway wage controversy. Failure of the brotherhoods and carrier organizations to accept the fact finding board's recommendations and the President's decision to return the problem to the board for a further stringing out of an unsettling situation.

Bonds were mixed. Chicago wheat closed 1/4 to 1 cent a bushel lower. Corn was off 1/4 to 1/2 cent.

Table with 3 columns: Stock Name, Price, and Change. Sayre, Okla., was called to the orderly tent and informed that he had been promoted to corporal. Here Copp kisses his chevrons welcome and the spuds goodbye.

Navy Enlistments Off 15 Per Cent

WASHINGTON, Nov. 26 (AP)—Secretary of Navy Knox said today that the torpedoing of the U. S. destroyers Kearny and Reuben James with a total loss of life of 112 men had caused a decline of 15 per cent in the rate of navy enlistments.

The decline set in with the Kearny incident October 17 and was speeded up by the torpedo sinking of the Reuben James October 31, but Knox said that there was now a tendency toward returning to the old level of recruiting 10,000 to 11,000 men per month. That rate is still about 2,000 to 3,000 men a month short of the navy's actual needs, Rear Admiral C. W. Nimitz, chief of the navy's bureau of navigation, explained at Knox's press conference, and Knox declared it was possible that as late as the date the navy might have to use selectees whom, so far, it has declined to add to its volunteer service.

Knox said that the decline in enlistments had been among mines and he attributed it to the fact that parents were withholding their consent for their sons to go into the navy.

liver occasionally, but he slyly admits, for no pay.

He laughed and told about the time a woman subscriber reprimanded him for riding across her lawn on his bike.

Jim Boy said delivering papers was fun, not work, "except when it's raining." He does most of his lessons in the morning, in order to keep the afternoons free for his paper-tossing.

He uses most of his earnings to buy stamps. The stamp-collecting bug struck him, he said, when he "found some old stamps in the attic."

Jim Boy tosses a paper each evening on the porch of his own home, and dutifully collects from one of his best subscribers—Federal Judge Allred.

It tells you more than the time.

Your watch is a symbol of American achievement in manufacturing methods undreamed of by the craftsmen of yesteryear. Precision methods are costly, yet precision-made products in large volume bring comfort and conveniences into your daily life.

Something more than beer...

Did you know that Budweiser's process is the most expensive brewing process in the world? In addition to the costliest of ingredients, it calls for exclusive technical equipment and endless precision operations. You can sense all this in the distinctive taste that sets Budweiser apart from all other beers. The product of generations of skill, yes... a truly great brew... and yet Budweiser is something more. It is a symbol... of gracious living, of hospitality, of moderation. It is a companion of good friends, good foods and good taste.

Mainly About People

Mrs. Ora Duenkel and granddaughter, Joyce Oswald, have returned from New Mexico after visiting with relatives in Carlsbad and going through Carlsbad Caverns.

Miss Sara Frances Bourland, daughter of Mr. and Mrs. Roy Bourland, will arrive today from Texas Tech college at Lubbock to spend the holidays in Pampa.

Lost on LeFors highway: Truck tire and rim, 750 x 20, 85 reward for return to Coca Cola Bottling Co.

Fines of \$10 each were paid in the court of D. R. Henry yesterday by two men, each charged with operating an overloaded truck.

Total of all taxes, state, county, road district, and school, collected by the Gray county tax assessor collector's office during the past month was \$494,784.12. For county road district and school the total was \$142,660.51. Delinquent taxes collected totaled \$30,342.91.

Miss Bessie Brown, former Pampa teacher, and her sister, Mrs. S. W. Allen, of Ann Arbor, Mich., are in Pampa visiting Mrs. J. E. Corson, Mrs. Claude Lard, Mrs. Dave Pope, in connection with a family reunion being held at the Ledrick home.

Jack Robbins, employee of the A. J. Hunt company, was asphyxiated while cleaning out a tank south of Pampa this morning. He was given first aid treatment by Phillips employees and then brought to the local hospital in a Duaneke-Carmichael Pampers home ambulance. His condition this afternoon was reported favorable.

Condition of J. C. Carroll, who underwent a major operation in an Oklahoma City hospital early this week, was reported improved today. Two men, both charged with being intoxicated, paid fines in city police court today.

ANTI STRIKE

(Continued From Page 1)

the government to take over street defense plans, freezing the open or closed shop status while the government remained in control. A special board would be empowered to adjust wages during such a period.

Settlement of the Chicago freight handlers' strike was announced last night. It involved 2,500 AFL workmen and cut the movement of truck-hauled freight in Chicago to about one-fourth of normal. The workers had been receiving 55 cents an hour, asked for 75, and settled for 67 1/2 cents and overtime concessions in a new closed shop contract running for two years.

The AFL machinists strike in and around St. Louis slowed or halted production in 400 industrial plants, including two airplane factories. Millions of dollars worth of defense orders, including \$19,000,000 placed by the navy, were curtailed or tied up by the walk-out. It stemmed from a jurisdictional dispute with the AFL holding engineers and carpenters unions.

When the first census of manufacturers was taken in 1810, the manufacturing volume for the United States was \$172,000,000 a year. Now the value of manufactured products at a factory approximates \$60,000,000,000 a year or 350 times the 1810 figure. Production in American factories in one day now equals that of the entire year in 1810.

# PICK THE WINNERS! FOOTBALL Contest!

Football Contest  
% The Pampa News  
Before 6 P. M. FRIDAY

NAME . . . . . ADDRESS . . . . .

### RULES:

**ALL YOU DO** To be eligible for the big prizes is to read over carefully all the ads on this page, check the winners of the games shown in each ad, write your name PLAINLY in the space provided . . . and bring or mail it to "Football Contest," Pampa News, before Friday, November 28, 6 p. m. All the games on this page are scheduled to be played on the coming week end. Awards will be announced the following week. The decision of the judges will be final. In event of ties, the prizes will be divided.

**ENTER NOW!** You are eligible to enter this contest unless you, or a member of your immediate family is employed by the Pampa News. Remember . . . Indicate in each ad the team you think will win, marking the winners with a "X" in the squares provided. Write plainly, and you may indicate tie games if you wish by marking both teams. Do not cut the ads apart! Do not mark scores! Be sure your entry is postmarked earlier than 6 p. m. Friday!

### Texas Claims Narrow Chunk Of Louisiana

AUSTIN, Nov. 26 (AP)—Texas today officially claimed a chunk of Louisiana.

Land Commissioner Bascom Giles certified the claim to U. S. Senators W. Lee O'Daniel and Tom Connally, asked them to take steps that would insure title in Texas to at least 1,300 acres along the upper border of Texas and Louisiana, and left the next move in a smouldering boundary fight to Governor Sam Jones of Louisiana.

Jones started it by claiming Louisiana's western boundary along the lower portion of the two states was the Texas bank of the Sabine river, lake and pass.

He coupled his announcement with an admission a 100-year-old survey error had given Louisiana a triangular strip 70 miles long and 100 feet wide at its base along the upper borders of the two states.

Giles' counter claim was that Texas owned not a triangular strip but one a minimum of 150 feet wide and 70 miles long, from Juquin, opposite Logansport, La., north to the Louisiana-Arkansas dividing line and involving portions of two towns, many farms and four oil fields, including Rodessa.

The Texas land commissioner declared further that if Texas did not own a 150-foot strip on the Louisiana side it owned a strip a full mile wide, or 44,800 acres.

Giles asserted an act of congress in 1848 extended Texas' eastern boundary to the center of Sabine river, pass and lake, from the Gulf of Mexico to the 32nd degree of north latitude. He explained further that by an oversight, no reference was made to moving eastward the survey line between the 32nd and 33rd parallels, the area he now claims on the upper border.

He said that the strip, by reason of the oversight, remained in federal domain and that it can be officially given to Texas by a congressional validating act.

If congress sustains the claim, Giles added, he will recommend the legislature protect the interests of bona fide land owners thus following a policy laid down invalidating titles in land acquired by Texas from Oklahoma in a 100th meridian boundary settlement.

Giles expressed the opinion that validating action by congress, confirming the original intention of the 1848 act conveying the west half of the streambed to Texas, likely will be required.

### Flashes Of Life

(By The Associated Press) **PLEA OF FORGIVENESS**

FRANKFORT, Ind.—A motorist who got a driver's license at the Clinton county license bureau later wrote that he'd lied in saying he had one last year.

"I did not have a driver license last year," he wrote. "I am going to leave this old world one of these days and I want a clear title to go to Jesus so I want the license bureau of Frankfort and everyone in the state of Indiana to forgive me."

The letter was signed "A Troublesome Soul."

**BIG NAME IN THE ARMY**

ALEXANDRIA, Ind.—William Jennings Bryan leaves Alexandria today to be examined at Fort Benjamin Harrison, near Indianapolis, for induction into the army.

Young Bryan, claiming to be a distant cousin of the Democratic presidential nominee of the same name, remarked:

"It's hard name to live up to." Son of W. M. Bryan of Brady, Texas, he came here five years ago and has been married three months.

**LIFE SAVER**

CONNEAUT, Ohio—The proximity of a small pond probably saved the life of Stephen Reydak, 18.

Working with an acetylene torch on an old automobile in a scrap yard, he was showered with flaming fuel when the automobile's gasoline tank exploded.

His clothing aflame, he leaped into the pond. At Conneaut hospital he was treated for burns about the thighs.

**STUCK**

OKLAHOMA CITY — Ordinarily this is a happy time around auto tag agent offices, for soon they'll be selling 1942 plates and that means revenue.

But not so here. The new supply of 54,000 tags arrived with paint so fresh the plates stuck together. The tag agent force, wielding screwdrivers to pry the plates apart, is 36,000 down, 18,000 to go.

**Insurers Consider Raising Premiums**

NEW YORK, Nov. 26 (AP)—The nation's biggest life insurance companies, worried by low interest returns on their investments, considered today increasing premium rates on new policies, although only one had followed the lead of Metropolitan Life Insurance Co. in announcing such an advance.

A survey of 20 large companies showed that 1 out of them would stick to their current rates for the present but they couldn't say for how long.

### STREAMLINED DESTROYER FOR UNCLE SAM'S TANK FORCES

Bounding over barricades, experimental model of new U. S. tank destroyer shows Army officials its streamlined power at Arlington, Va. When armored and armed with 75-mm. cannon, it will zoom at more than mile a minute.

### Roosevelt Claims Time Published 'Disgusting Lie'

WASHINGTON, Nov. 26 (AP)—President Roosevelt accused Time magazine of printing a "disgusting lie" about the late President Pedro Aguirre Cerda of Chile, and said the article was furnishing ammunition today to Axis propagandists in South America.

Mr. Roosevelt disclosed that the United States government "has been forced to apologize" to Chile for the article in question, and spoke of the "general indignation and disgust" which it engendered.

Time's editor, Henry R. Luce, replied he considered "the President's words are unwarranted by the facts and unwise as an attack on a free and honest press," even though they may have been influenced by "pressures of international politics."

"In view of President Roosevelt's extraordinary outburst," Luce said, "Time will later make a complete report" on the article.

Last week Ambassador Claude Bowers conveyed the regrets of the United States government to the Chilean government for an article appearing in the Nov. 17 Latin-American edition of Time.

The United States edition of the same date stated at one juncture that Aguirre Cerda had "spent more and more time with the red wine he cultivates. Fortnight ago he was reported ill. This week his journalistic enemy, El Imparcial, called for a medical bulletin to allay 'public anxiety.'"

The article reported that a "Political bulletin" was then issued, announcing temporary retirement from office "on account of bronchitis and gripe."

(Aguirre Cerda died yesterday.) President Roosevelt brought up the subject at his press conference yesterday. He said he had just received word of the death of the Chilean president, and he was deeply sorry to receive the news.

### James P. Kromer Dies At Borger

Funeral services for James P. Kromer, 35, brother of Preston Kromer of Pampa, who died at 11:45 o'clock last night of a heart ailment, will be conducted at 2:30 o'clock tomorrow afternoon at the Loyal Order of Moose hall in Borger, by the Rev. A. G. Hobbs, pastor of the Church of Christ.

Mr. Kromer, a barber, had resided in Borger for 1 1/2 years. He had previously lived in Pampa for 13 years.

Rites of the Moose lodge will be used in the services at Borger tomorrow. All pallbearers and honorary pallbearers are members of the lodge.

Survivors are the widow, of Borger; five brothers, and six sisters: Brothers, Marcus, Dumas; Preston, Pampa; Ray, Oklahoma City; Lonnie, who resides in South Texas; and Ralph, whose home is in California.

Sisters, Mrs. Maggie Kuykendall, White Deer; Mrs. Maude Ellis, Tucumcari, N. M.; Mrs. May Beckham, Afton; Mrs. Hattie Holder Vincent, who resides in Oklahoma; Mrs. Naomi Christian, whose home is in California; and Mrs. Kate Potts, of Texola.

Burial will occur in the Pampa cemetery. Arrangements are by the Carver Funeral home of Borger.

### Italians Capture Two Americans In Libyan Campaign

ROME, Nov. 26 (AP)—The Italian high command said today two American observers were captured among more than 5,000 prisoners taken in the Libyan desert by Axis forces which claimed success in bitter fighting.

### Thompson Argues For Higher Crude Prices For Nation

TULSA, Okla., Nov. 26 (AP)—The question of higher crude oil prices continues to be one of the petroleum industries most perplexing problems.

Texas oil men, led by Col. E. O. Thompson, chairman of the Texas Railroad commission, are the latest to take the case for higher prices to Price Administrator Leon Henderson.

Support of congressmen from oil states is being sought. The oil men contend rising labor and materials costs make higher crude prices necessary.

Mid-Continent oil men continued to hear talk that some small operators of stripper wells were junking them for the pipe, and some production executives complained that their priorities ratings were not high enough or acted upon quickly enough.

The production of crude oil, meanwhile, rose to an all time high of 4,329,365 barrels daily the Oil and Gas Journal reported. A continued gain in demand for refined products and crude must be supported by an extension of wildcatting, oil men declare.

In the field, completions for the week totaled 593, compared to 610 the previous week and 706 a year ago.

Discovery of Simpson sand in Barber county, Kansas was reported. Indiana got one of its best wells near Mount Vernon which is swabbing about 1,100 barrels from Watersburg and Oyrress sands. Auga-Dulce-Stratton structure received an extension in southwest Texas.

### Ribbentrop Speaks Of 'Small Clique' In United States

BERLIN, Nov. 26 (AP)—Foreign Minister Joachim von Ribbentrop told signers of the anti-comintern pact today that Germany already has won her campaign in the east and the war now lies only as a fight with Britain and her "trans-Atlantic helpers."

The United States, von Ribbentrop told statesmen of the Axis and its satellite nations, remains the last powerful ally of Britain. He added that Hitler long had calculated upon the hostility of a "small clique of leaders" in the United States.

No matter whether or to what extent the United States delivers war materials to England, the outcome of the war cannot be changed, he declared. Neither, he said, is Russia in a place to make any change.

"If it should so develop that there would be war between the United States on one side and Europe on the other, the responsibility is clearly on Roosevelt," von Ribbentrop said.

He added, however, that any idea of a German military attack on the United States was "fantastic foolishness," and said that charges that Hitler planned world conquest, destruction of religion, and Nazi dominance of South America were products of deliberate propaganda nurtured by the American president.

Von Ribbentrop repeated the German contention that Roosevelt was a "chief instigator" of the war, and questioned whether the American people, whom he described as sharing a long-time friendship with the German people, would "much longer tolerate his catastrophic policy."

He declared flatly that the reich had made no move toward extending any peace feelers since Hitler's offers at the end of the Polish campaign. Such stories the foreign minister termed British inventions in an effort to encourage the British people.

As for England, her position has become "more than bleak," he said, and he pictured a bright future for Europe with England "driven from the continent for all time."

### The annual production of brick the Census bureau would build a by more than 500 United States double brick wall two thousand brick manufacturers reporting to miles long and ten feet high.

There was an increase noted in the 1940 census reports in the vitamin-bearing crops — tomatoes, oranges, and lemons.

### Sale Of Seals Total \$162.45 In Two Days

Sales of Christmas seals for the first two days of the 1941 campaign of the Gray County Tuberculosis association totaled \$162.45, W. E. James, association president, said today.

The money has been received in returns of letters sent out Monday to 3,449 Gray county addresses. Each of the letters contained sheets of the seals, some in \$1 denominations, others at \$2.

First 25 to buy the seals are T. B. Virginia of Skellytown, Jean Snyder of LeFors, and the following, all of Pampa:

John E. Corson, Mrs. Gra Davis, M. P. Downs, J. P. Schwind, J. B. Shewmaker, Lewis Robinson, Thomas J. Smith, J. W. Dollar, W. E. Clay, Carl E. Anderson, Mrs. Harold Gregory, Hal Lucas, Morgan L. Myers, Raymond Harrah, R. W. Talley, Charlie Trout, J. A. Meek, Des Moore, Don Wade, W. G. Morgan, Albert J. Daley, B. E. Ferrell, and the Postoffice Service station.

### FSA To Make Loans Of \$3,400,000 To Texans And Sooners

WASHINGTON, Nov. 26 (AP)—The farm security administration has directed its Texas-Oklahoma administrator to issue up to \$3,400,000 in loans and grants to relieve farmers who had crop failures, Representative Patman (D-Tex.) said today.

The principal area to receive relief, Patman said, was East Texas where bad weather and insects reduced this year's cotton crop to about one-third the normal yield.

C. M. Evans, the Texas-Oklahoma administrator, with headquarters in Dallas, was authorized to spend \$100,000 in setting up an office force to carry out the relief program, Patman added.

"Farm security officials assure me that full and adequate relief will be provided every deserving farmer with the allocation to be handled by Evans," the representative said.

### Coke Plans To See Texas-Aggie Game

AUSTIN, Nov. 26 (AP)—Governor Coke R. Stevenson might see his first football game of the season at College Station Thursday.

He announced today he planned to attend the Texas-A. and M. traditional clash but added he was not certain.

Personal and official business has precluded his attendance at other games this season.

The governor announced he would go to Waco Friday to participate in dedication ceremonies for new buildings at the Methodist Orphans home.

### Barker Picks Aggies, SMU Navy, Oklahoma, Rice

By HERB BARKER  
 NEW YORK, Nov. 26 (AP)—Closing the books on the 1941 football-guessing contest:  
 Thursday, Nov. 27:  
 Texas A. and M.—Texas: The Aggies have achieved their first objective—the Southwest conference title—but a bowl assignment still beckons and that should be surety that A. and M. will be "high" for this game even if its traditional rivalry with Texas were not sufficient. Everyone's trying to explain what happened to Texas. Perhaps the Aggies will learn nothing permanent happened to Texas. In the meantime, A. and M.  
 Tulsa—Arkansas: This should be close but the Missouri Valley champions look plenty tough. Tulsa.  
 Wichita-Oklahoma A. and M.: Probably close. Oklahoma A. and M.  
 Saturday, Nov. 29:  
 Army-Navy: This should be one of the best games of the year. Army seems to cash in more frequently on its opportunities. However, the

### Tallest Team Will Play In Old Mexico

Special To The NEWS  
 CANYON, Nov. 26—This week opens the schedule of the world's tallest basketball team—the colorful, fast-scraping and goal-shooting Buffaloes of West Texas State college. Their road trips include one to Madison Square Garden in January.  
 The opening series will be played with Chihuahua State college in Old Mexico, champions of the neighboring republic. Although they had little advance notice, the Buffs will be ready to make a good game of it. The team left here yesterday morning for the Chihuahua school, which is half a day's drive beyond El Paso.  
 Coach Al Baggett, campaigning in the Border conference this season after winning two consecutive All-All conference cage titles, will open the drive with five lettermen. These are Price Brookfield and Jack Maddox, forwards; Charles Halbert and O. T. Schuppach, centers; and Frank Stockman, guard. The only missing starter is Borden Price, last year's captain. Lost from the squad by graduation, however, are Dewey Johnson and Robert M. Toss-up, Washington Univ. New Mexico-Wyoming: In the dark, New Mexico.

### Only Howard Payne And Aggies Still Undefeated

Records of undefeated Texas college football teams:  
 Team W. L. T. Pts. On  
 Texas A. & M. . . . 8 0 0 253 23  
 Howard Payne . . . 8 0 1 171 20

By HAROLD V. RATLIFF  
 Associated Press Sports Editor  
 Only a scattering of games makes up this week's schedule in Texas college football but for the two teams that have managed to weather the gruelling campaign without defeat it is the roughest spot in the stretch.  
 Texas A. and M., the only undefeated, untied eleven, meets Texas at College Station tomorrow. It is the battle of the season—the game that will show whether the Aggies really are great or have come through largely because of a favorable schedule and because of a knock-out, drag-out, Southwest conference championship game. Getting plenty of aid from their fellow-men.  
 Howard Payne is the only other undefeated college team in Texas in a field of 25. The Yellow Jackets have one tie on their record.  
 Saturday they battle tough Hardin-Simmons at Abilene. The Cowboys have been beaten three times and tied once.  
 All championships have been determined: A. and M. in the Southwest conference, Howard Payne in the Texas conference, North Texas State in the Lone Star conference and Texas A. and I. in the Alamo conference.  
 One other tie touching on a Texas team is in the border conference where Hardin-Simmons can finish in a tie with Arizona by beating Arizona State of Tempe next week.  
 Outside of Texas college football but in the Southwest conference Arkansas winds up its season against Tulsa tomorrow.  
 Two Southwest conference games are scheduled Saturday. Baylor plays Rice at Houston and Southern Methodist meets Texas Christian at Fort Worth.  
 Texas A. and I. hopes to gain some national note at Corpus Christi Friday night in a battle with Texas Wesleyan. The Javelinas have rolled up 297 points this season. Fourteen more would cause A. and I. to claim the nation's high-scoring honor for the year, noting that Duke, which has finished its schedule, has 310 and apparently is the leader.

### Mrs. H. C. Johnson Wins News Football Picking Contest

When it comes to picking winners in national football games the women have it over the men three to one in Pampa. The Pampa News and a group of merchants have been conducting a contest for four weeks and three times women have won first prize.  
 Winner of last week's contest was Mrs. H. C. Johnson, 214 Starkweather street. Mrs. Johnson missed only one game. She even picked the tie game.  
 Five persons tied for second and 37 made third place.  
 Last contest games are listed in today's paper.  
 Winners last week were:  
 1st Prize:  
 Mrs. H. C. Johnson, 214 Starkweather, Pampa.  
 2nd Prize:  
 Mrs. D. Brock, Kellerville; Mark Vantine, 618 W. Foster; Mrs. S. N. Crowley, Gen. Del. Pampa; Mrs. W. L. Campbell, 1330 Christie; Hazel Hahn, 814 N. Somerville.  
 3rd Prize:  
 Carl Tillstrom, Box 1175, Pampa; Mrs. H. H. Heskell, Box 339, Pampa; Bill Tolbert, Miami; Irvin Herget, 716 W. Francis; Mrs. Danny Heil, 859 S. Barnes; Joe Grady, 300 Browning, Jack McKay, Box 238, Pampa; Mrs. B. J. Montgomery, Miami; Mrs. John Schofield, Box 392, Pampa; H. H. Worley, Box 375, LeFors; Raymond Blodgett, Box 1492, Pampa; Mrs. Joe Smith, 220 N. West; Mrs. C. L. Cole, 616 N. Banks; Mrs. John H. Plant, 18 N. Russell; Tom H. Moorehead, LaNora Theater; G. W. Gambin, 332 N. Faulkner; Joe Wells, Box 1140, Pampa; Mrs. Joe Rice, 108 N. Starkweather; L. M. Wright, City Cleaners; Paul Rice, Box 153, Pampa; Nathan H. Cleek, 814 N. Frost; Billy Gambin, 332 N. Faulkner; Mrs. V. N. Steubgen, Route 1, White Deer; Mrs. M. H. Weston, Box 1925, Pampa; Mrs. Charles Miller, 1010 E. Francis; A. J. Mitchell, 701 N. Russell; Clyde Winchester, 308 N. Sumner; Mrs. B. M. Denton, 326 N. Faulkner; G. M. Lagate, Weather Bureau; John Taylor, 1006 E. Fisher; Mrs. R. E. Engle, Route 1, Box 1233, Pampa; Mrs. M. J. Whitechurch, 1204 E. Francis; J. M. Johnson, 223 N. Sumner; John R. Elson, 319 W. Foster; Randall Clay, 604 N. West; Irene Pools, K. C. Waffle House, Mrs. B. M. Denton, 326 N. Faulkner.  
 Layden, Texas fullback, and Derae Moser, the Aggies' mighty man, have taken most of the headlines since September.  
 Layden and Crain overshadow Moser in ball-carrying but the Aggie star has completed 87 passes for 811 yards, far ahead of Layden or R. L. Harkins, the Texas pitcher.  
 There's a particular duel to be waged between Crain and Moser. Both are dangerous when returning punts. Jack has whiffed back with 19 for 309 yards; Moser 24 for 302 yards.  
 Only 125 horse-drawn sleighs and bobbeds were produced in the United States in 1939, according to the Census Bureau. The 1937 production was 1,156.

### Jack Crain Ready To Ride Again

COLLEGE STATION, Nov. 26 (AP)—Jack Crain, the bandy-legged cowboy who for three years has been the Southwest's most publicized running back, is ready to ride again.  
 And that means all the stars will be in the fold tomorrow when Texas A. and M.'s big Red machine battles to keep its record unscathed against a University of Texas eleven seeking to salvage one of the most disappointing seasons—thus far—in the school's history.  
 Crain suffered a torn leg muscle ten days ago against Texas Christian and it was feared he might not be able to play against Texas' arch-rival. But yesterday Jack was tearing through in old-time style.  
 The annual classic—it will be 48 years old tomorrow—will be a battle of gridiron idols. Crain, Pete

### Boudreau To Manage Tribe In Cleveland

CLEVELAND, Nov. 26 (AP)—The Cleveland Indians plucked Lou Boudreau from their own ranks to become manager of the youngest managers in major league baseball history, and the flashy shortstop promptly pledged today that the Tribe would change into a fighting ball club.  
 The Indians, sometimes bitingly referred to as a good team on paper because they folded so easily, "will eat, sleep and drink baseball," declared their 24-year-old new playing pilot. "My objective is a hustling ball club. There will be no lying down."  
 Boudreau takes over the job vacated by promotion of Roger Peckinpaugh—who managed the New York Yankees the last two weeks of the 1941 season while only 23 years old—to the top front office desk as vice-president. Boudreau's rivals, Joe Cronin and Stanley (Bucky) Harris, were 28 and 27, respectively, when they first became American league managers. It was scarcely more than two seasons ago that Lou joined the Indians after brief minor league seasoning with the Cedar Rapids, Ia., and the Buffalo, N. Y., clubs.  
 "I realize I'm young but I feel I can do the job, given the confidence of the players and the fans," he commented. "I feel we'll make our goal—first division. It will be harder if the army takes Bob Feller, but we're through making the same mistake in September that we made in April."  
 President Alva Bradley made the appointment after worrying for weeks over Boudreau's youth. "I definitely had in mind somebody else," Bradley making the move. "But the more I thought of it the more I thought here's a fellow who knows our situation and all the players. So I called him on the telephone Monday evening, and we talked it over yesterday and agreed on a two-year contract."  
 Boudreau received 1,600 tickets to the game and they were going fast, according to reports received here today. Perfect football weather is in prospect for the game and another big crowd is expected to be present for the kickoff.  
 Probable starting lineups with weights follow:

### Kovacs Suspended By Tennis Papas

NEW YORK, Nov. 26 (AP)—The United States today was without an indoor tennis champion, following Frank Kovacs' suspension for alleged violation of the amateur code, but don't be surprised if he loses its outdoor titleholder, Bobby Riggs, as well before you have completed your Christmas shopping.  
 Although everyone professed ignorance of it, rumors persisted that both Kovacs and Riggs had signed for a cross-country racket-swinging tour under management of Alexs. Thompson, young millionaire owner of Philadelphia's professional football team.  
 Fred Perry, former British Davis cupper, and Don Budge, former national champion but now a laundryman in New York, will complete the ensemble with William (Bill) Tilden, who will be 60 next month, as a possible member of the troupe.  
 Kovacs was suspended by the rules committee of the United States Lawn Tennis Association last night without comment except that the group printed in full its rule on expense accounts and its 60-word statement concerning the suspension.  
 He said he came to Northwestern first for an education and second to play football, but that the scholastic and social benefits would "outlast any football memories I may have left at Northwestern."  
 From Oklahoma City, however, Waldorf said De Correvont was "just a little misguided in his public relations. The kid's all right. Don't get him wrong. He may have had a little bad advice or been egged on."

### Borger All Set To Spring Air Blitz; Waters, Dunham, Abernathy Will See Action

Pampa's Harvesters will be at full strength when they take the field against the Borger Bulldogs tomorrow afternoon at Harvester park here. The three Harvesters, dropped from the squad before the Amarillo game for breaking training rules, were reinstated yesterday and went through a long practice session. Game time will be 2:30 o'clock.  
 The three boys, Bobby Joe Dunham, halfback, Jack Waters, fullback, and Bill Abernathy, reserve guard, were voted back on the squad at a meeting of players yesterday afternoon. Coaches Buck Prejean and Mac Best immediately reinstated the boys and re-issued them uniforms. So the three will be in action tomorrow, fighting their best for the green and gold.  
 Tomorrow's game will be the last for 14 members of the Harvester squad. Playing their farewell game will be Harry Kerbow, John Cornett, R. L. Edmondson, Floyd Allen, Arthur Moyer, Pat Planigan, Jack Waters, Leonard Hollis, Leslie Burge, Tom Cox, Ralph Burnett, Roland Phillips, John Chesser and Wayne Ott.  
 One of the "screwiest" football games in history is scheduled to be played by Coach "Windy" Nicklaus and his Borger Bulldogs. Fans attending the game will see new formations and new plays never before presented on a gridiron, according to word received from Borger.  
 Coaches Prejean and Best spent yesterday afternoon working on defense against anything Borger might use. "Be alert" was the order of the day as the Harvester defense shifted all over the field trying to stop known Borger plays run by the offensive team.  
 Borger has a small but lightning fast team that is tops at running and passing.  
 Set plays used by the Bulldogs include lining up with six linemen on one side of the center, who, after passing the ball, become an end eligible to receive a pass; running off both the strong and weak sides of the same formation; coming out of a huddle to the scrimmage line, snapping the ball, and then going back into a huddle with the ball carrier breaking out "anywhere" from the huddle; lining up with a balanced line and every player but one running to one sideline; the ball carrier suddenly stopping and passing all the way across the field to the end who has gone down the sideline. That particular play was good for a touchdown against Amarillo.  
 Coach Nicklaus has been cooking up new plays. He is reported to have perfected a new spread formation off which he passes and runs. He also has a new hidden ball trick that's a sure touchdown play. And no one knows what else the tricky

### Phillips To Run Special Train To Hereford

Representatives of the McLean and Floydada high schools met in Childress this afternoon trying to agree on a time and place for the bi-district playoff between football teams from the two schools.  
 McLean won the district 3A title last week by defeating Shamrock while Floydada took the championship of district 4A. LeFors, district 3A champion, withdrew from the race because of the discovery of an ineligible player. That left McLean and Shamrock to fight it out for the title and McLean won handily.  
 The bi-district champion of districts 1A and 2A will be decided tomorrow afternoon when the Hereford Whitefaces and the Phillips Blackhaws meet in Hereford. Phillips is hoped to win the game without much opposition but anything can happen in football this year.  
 Phillips will run a special train to Hereford for the big game.

### Sports Roundup

By HUGH FULLERTON, Jr.  
 NEW YORK, Nov. 26 (The Special News Service)—We'll leave it to the hot stovers to decide whether Lou Boudreau showed more courage in accepting that job of managing Cleveland than Alva Bradley did in picking him. . . . One thing's sure, they'd both better be able to take it if the Indians don't come through.  
 Admitting that Lou has all kinds of ability, we just can't see a 24-year-old kid handling the same bunch that practically rode Osele Vitt out of town on a rail. . . . And don't forget, it was only a couple of weeks ago Bradley said he didn't think Boudreau could handle the manager's duties without impairing his play. . . . The Lawn Tennis association didn't come out and say why Frank Kovacs was given the gate, but the announcement appeared at the bottom of a two-page "bulletin" covering in great detail the rules on expenses.  
 The tipoff on that one was when Frank and his beautiful bride didn't get a free honeymoon trip to South America with the team that's down there now.

### Aggies And Texas Leading In Rose Bowl Card Poll

LOS ANGELES, Nov. 26 (AP)—The Texas Aggies and University of Texas are leading in the unofficial "Rose Bowl post card poll" conducted each year by The Los Angeles Times to sound out public sentiment on possible candidates for the New Year's Day football game.  
 Latest results tabulated by Sports Editor Paul Zimmerman:  
 Texas A. and M. 170; Texas 148; Fordham 82; Missouri 75; and Duke 55.

No Kick Coming  
 Can any college football team beat these high school tricks? . . . Armstrong high of Richmond, Va., walked a game against Maggie Walker high last Saturday without punting once. . . . And Casper (Wyo.) high played its last four games against strong opposition with a total of only two punts—both from outside its own 20-yard line.  
 One-Minute Sports Page  
 Missouri's football team has finished its regular season but the boys still are practicing. Guess why? . . . Hank Armstrong, who already has begun to talk like a manager instead of a fighter, says he definitely has made up his mind never to try fighting again. . . . Leo (I'm Never Wrong) Curocher tells the boys that Hugh Cassie missed a out-

FLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

The People Speak Again

The citizens of San Francisco are to be congratulated. At an election this month, they dealt, with the ballot, a heavy blow at a type of Federal and state officialism which is attempting to dominate and control the affairs of local government.

The election was to determine whether or not San Francisco should have municipal power—a question which San Francisco had voted on seven times in the past fourteen years. In each case voting No.

But this last election involved an issue of far greater importance than whether or not San Francisco was to be sanctioned for socialized power. That issue was injected into the campaign by the Secretary of the Interior of the United States.

For many years San Francisco has sold power generated as a by-product of its municipal water system, to a private utility for distribution to the city, receiving in return some \$2,000,000 a year.

These officials were forced to do everything in their power to persuade the voters to adopt municipal ownership. They issued a pamphlet to all voters urging adoption of the proposal without allowing in it a single word in opposition.

Then the people of San Francisco went to the polls. And by a vote of almost two to one, they voted power socialism down for the eighth time.

The citizens of a great city have said, at the polls, that local business is within the province of local citizens. They have said that they will run their own affairs without dictation from federal or state officials.

Get Out Of Debt. One resolution adopted by the American Bankers association at its recent annual convention, is of wide interest to the public.

Common Ground

"I speak the pass-word principle, I give the sign of democracy. By God! I will accept nothing which is not common to our counterparts on the same terms."

WALT WHITMAN.

LOST—OUR GUIDING STAR. The reason the United States as well as the rest of the world is in such turmoil and is so confused is that we have lost our guiding star.

We have not agreed upon an eternal principle, or law, or order that we are striving to attain. And when we have lost our bearing and have no star at which to aim, there can be nothing but confusion.

This liberty, of course, does not mean that one man has liberty without responsibility; but that all men must have it. Daniel Webster recognized the necessity of this being our guiding star, when he said, "God grants liberty only to those who love it and are willing and ready to guard and defend it."

We discarded this guiding star of equal freedom for all to pursue happiness when we passed the Clayton Amendment to the Sherman Anti-Trust law, which gave labor unions rights without responsibilities.

We discarded this guiding star when we passed the discriminatory tax laws that discarded the uniform rule and made taxes the arbitrary will of the majority.

We discarded this guiding star when we passed the Norris-LaGuardia bill that took away from a worker the right to enter into an agreement with his employer that he would not join a union that discriminated against his fellowman.

We discarded this guiding star when we passed the Wagner law, the Wage and Hour law, the Social Security law.

We discarded this guiding star every time we passed a tariff law. We discard it every time the government takes from one and gives to another. In so doing, the man from whom something is taken, does not have equal liberty, equal freedom, equal rights to pursue happiness with those who are the recipients of these government extortions.

It is high time we realize that we must return to some immutable, guiding star. The only known guiding star at which we should all strive both as individuals and as citizens of a government, is that all people must be equal before the law, as they are before God.

By our past actions, we have attempted to say that God was wrong in making people unequal in abilities. We have attempted to put our law in place of God's mathematical will and order. The result is confusion and more and more wars and wars and wars. It is an expensive lesson. We can have peace, happiness and prosperity when we return to the principles, or the guiding star, of the Declaration of Independence and the Constitution of the United States.

HUNTING SEASON

Around Hollywood

By JACK PIERCE. Head Makeup Artist at Universal and Paul Harrison's Vacation Guest-Columnist Today.

HOLLYWOOD, Nov. 26—After 28 years in Hollywood, I should know better than to crawl out on a limb, but that's where I'm going. I am about to give some advice on make-up, while at the same time I can't remember who was Lane and which was Lynn. They are now about 13 months old.

If I make a monkey of myself, it will be retribution. I got into the make-up business several years ago by making a monkey of a man. In 1926, Raoul Walsh was directing a picture called "The Monkey Talks."

Getting back to the matter of advice, I insist that there are too many make-up experts. Every beautician, cosmetician and barber will give the same girl a different analysis of her problems, and there is only one sound rule to follow: Make up your mind to make up yourself to be yourself, and you are your own best expert.

In other words, don't imitate. Get the front of your mirror and experiment with make-up until you find your own self and your own personality. It is no lie that the mirror never lies.

This is advice that applies not only to the average girl, but to plenty of movie aspirants who should realize that there is only one Davis, one Dietrich, one Durbin. DUNNE DID IT. Back in 1933, two comparative newcomers showed up at my department to be made up for roles at Universal. Each had her own ideas about how she should look, but I convinced each one that she should realize that there is only one Davis, one Dietrich, one Durbin.

Maggie Sullivan isn't beautiful exactly; she's just Sullivan. But that seems to be enough for a lot of movie fans. A couple of years ago, while Irene was working on the lot, she came in and asked me to make her up for the evening. She was going to an important premiere and wanted to look her best. I said I'd do it, but there was only one thing to be done, and that was to accentuate the natural beauty of Irene Dunne, and she could accomplish that as well or better than I could. I saw her that night, and her home dressing-table make-up was perfect.

People You Know

By Archer Fullingim.

The other night we happened to drop in at the home of Mr. and Mrs. Fred Bozeman and we stayed until they nearly ran us off. The big attraction was the twin sons of Mr. and Mrs. Bozeman, Lane and Lynn, and though they do not look alike I still can't remember who was Lane and which was Lynn. They are now about 13 months old.

Johnson, a leading editorialist and essayist, attempts a "non-partisan study of a controversial world figure. Obviously that is a back-breaking job, and perhaps impossible in view of the red-hot controversies which rage in and around the New Deal, and the many sentiments—none of them lukewarm—surrounding the man himself.

The democratic process, says Johnson, "has been characterized by oscillation between radicalism and reaction, between progress and retrogression; we are perpetually moving forward to the New Freedom with some Wilson, or back to Normalcy with some Harding."

The other day I heard a man make a slighting remark about a certain branch of the armed forces and if I had not the presence of mind to should have said, "I would have knocked his block off, and I let it pass, but I won't next time. . . . At any rate, I still advocate giving rides to hitchhiking members of the armed forces even if you have to move over."

CHINESE GOLD MINING INCREASED SEVENFOLD. CHUNGKING (AP)—Gold valued at \$30,000,000 in U.S. currency was produced from Chinese mines during the current year, according to official estimates. The average size of the family in the 1930 census was 4.1, and for 1940 it was 3.8.

Paper towels produced in American factories last year weighed 129,100 tons, according to the census.

Highlights From Latest Books

ROOSEVELT RE-EXAMINED FOR AMERICANS.

One thing about this Roosevelt, you are either for him or wish his ancestors had remained in Holland. There is no middle passage, but in "Roosevelt: Dictator or Democrat?" (Harpers, \$3), Gerald W. Johnson does one of the best jobs yet of clearing some of the confusion.

In 296 pages, Johnson briefly examines the office of President for historical perspective, delegates more than half of the book to Mr. Roosevelt's career before 1932, then scans eight years in the White House. There is no attempt to discuss the President's activities; rather, Johnson calls his spots and uses whatever phases of Mr. Roosevelt's life best suit the author's purpose.

Johnson, a leading editorialist and essayist, attempts a "non-partisan study of a controversial world figure. Obviously that is a back-breaking job, and perhaps impossible in view of the red-hot controversies which rage in and around the New Deal, and the many sentiments—none of them lukewarm—surrounding the man himself.

Answers on Classified Page. For more than 60 years the census records show a consistently normal decline in the size of the American family. The average size of the family in the 1930 census was 4.1, and for 1940 it was 3.8.

Paper towels produced in American factories last year weighed 129,100 tons, according to the census.

Behind The News In Washington

By JACK STINNETT.

WASHINGTON, Nov. 26—The new District of Columbia National Guard armory is as big as all outdoors and its vast interior, curling upward like a zeppelin hangar, is going on one of the greatest construction jobs of all time.

There the records of 24,500,000 men who were registered in the World War I drafts in 1917 and 1918, except those 3,500,000 who were inducted, are being chopped into waste paper.

In these days of billions, the destruction of a mere 21,000,000 folders of reports, questionnaires, etc., may not fire the imagination. But when you consider it in terms of 20,000 chin-high steel filing cabinets, which, according to the estimate of one mathematical reporter, would stretch 50 miles if placed side by side, or cover ten acres if huddled solo, you begin to get some idea of the magnitude of the task.

The destruction of the confidential files which have figured in numerous lawsuits, claims, and proofs of citizenship, is just another chapter in Washington's mad search for office space to accommodate the expansion of World War II personnel. The files once were housed in seven buildings (ten acres, remember) on the grounds of the Army War College. When defense got under way and war college began bursting out of its quarters, the War Department asked if something couldn't be done to clear those seven buildings.

The matter was put up to the then Archivist E. D. W. Connor. Connor's fine new building, with all its millions of cubic feet of filing space, was already running over. There was nothing else available. To get rid of the files of those 21,000,000 who never served seemed the only way.

It took an act of congress, and hearings before committees to get authorization for eliminating this bulk of paper. The Social Security Immigration and Naturalization service began the job, and the War Department said that they could get along without the records. Sorriest to see them go will be the insurance companies for files have proved records in thousands of suits and applications for those firms.

The first idea, after the bill passed in late summer, was to burn the records but before the job was under way, the paper shortage began to look like something worth considering.

Now 100 WPA clerks (most of them over 50 years of age) work day sorting the 21,000,000 of the 3,500,000 who were inducted (these records must be saved of course) and feeding them into hoppers where they are carried off to the basement of the armory.

There the records are poured into a big chopper which shreds them beyond any possible recognition—since one of the legal stipulations of the gathering of the records in the first place was that they were to be strictly confidential. After that the shreds are baled and sent away to the reservoirs being built up against that time when a paper shortage might occur.

TEX'S TOPICS

By Tom Miller, United Press sports editor, writing in The Lubbock Avalanche-Journal, says: "If Amarillo beats Plainview, and Pampa beats Borger, then Amarillo, Pampa and Lubbock will finish in a three-way tie. In that case the district executive committee will go into session to award the title, MOST PAMPHANDLE OBSERVERS BELIEVE LUBBOCK WOULD BE THE STRONGEST DISTRICT REPRESENTATIVE."

We'd like to have Mr. Miller give us a list of the observers. . . . We also doubt very much if Mr. Miller has seen any of the three teams in action. . . . You can argue until doomsday, and you still have to get down to the brass tacks of the matter that Pampa, in the final analysis, defeated the defending state championship team, a little trick which the Lubbock Westerners found themselves unable to do.

To give you the logic on that line of reasoning, take the supposition that Champ (Amarillo) Baer . . . Then Maxie (Lubbock) Baer wins over Lou (Pampa) Nova . . . And then, Lou (Pampa) Nova turns around and knocks the sex off Champ (Amarillo) Baer. . . . Who do you think would get the championship, Baer or Nova? . . . The answer, of course, is obvious. . . . The fact that one of the trio was a champion and the fact that only one of the trio whipped the defending champion seems to make all the difference in the world, when the committee takes a vote on who is deserving of the right to the title. . . . However, Borger and Plainview are planning to eliminate the streak of defeat which the committee through this week's conference games at Pampa tomorrow and at Plainview on Saturday.

If they both win, the district committee will have nothing to worry about.

ANNOUNCEMENT that Wayne Phelps is to become business manager of The Telegraph Forum, daily newspaper at Bucyrus, Ohio, reminds us of the day some five years ago when we met Phelps on the streets of Amarillo. He seemed interested in taking a job with The Pampa News. . . . Along comes another Thanksgiving Day tomorrow. . . . We'll celebrate it jointly with a birthday and take in the Pampa Borger football game, all to be polished off with our oyster stuffing, etc., at day's end. . . . Over the stand where our shine boy holds forth is a price increase notice. . . . Shines have gone to 15 cents because of the defense program and increases in living costs explain. . . . On top of that, it is next to impossible to get certain kinds of polish. . . . Black is most difficult of all to obtain. . . . Just what Uncle Sam is using the ingredients for, our shine boy didn't know. . . . Anyhow, a shine is worth 15 cents and most of his customers paid him that much before the price hike, he says.

Fifty million Frenchmen, averaged the old song, can't be wrong. But a considerable number of that fifty million can be, at least 100,000 of them. . . . That is the number of Frenchmen who have left France to work in Germany to build greater German strength and to hold France in deeper subjection so that more Frenchmen may be sent to Germany to build further German strength—and so on. . . . It is easier to blame those who come back from training or whatever they could do. A France whose entire industrial system is in bondage to Hitler probably offers no great opportunity for young Frenchmen. Probably they were offered the stark alternative of Germany or starvation in France. . . . What hope can there possibly be for Europe or for the world in a "new order" based on such alternatives?

THE largest candle in the world was lighted in Dallas this week to observe Dallas' 100th Christmas celebration and to burn for six weeks each Christmas for the next 200 years. . . . If burned continuously, it would last for 15,500 days, or 50 years. . . . The candle stands 12 feet tall, weighs 4,600 pounds and is valued at \$5,000. . . . It was made by the Ajello Brothers, famous wax chandlers, of New York City, who have been at work on it since last April. Since that date the giant wax has been constantly dipped every two minutes, for a total of 25,000 times, into a great cauldron of molten beeswax derived from the Ajellos' pedigree bees. Between dips it was cooled by electric fans while in the air. . . . The Ajello possessors of secret formulas for making wicks and wax, have made candles for famous persons throughout the world, including the coronation of George VI, the wedding of the duke and duchess of Windsor, and the Charles Lindberghs. The family has been making candles for 165 years. Prior to the Dallas candle, their masterpiece was the Enrico Caruso Memorial candle, made in 1921 to commemorate Antonio Ajello's good friend, the renowned opera tenor. The taper is lighted each year on All Saints' Day to burn in his memory in the little Italian church where the tenor worshipped in his childhood. . . . The Dallas candle has received national attention in newspapers and magazines, and was mentioned on the air by Kate Smith, "We, the People," and news broadcasts.

It is odd but true, according to the census, that there are more men with wives in the United States than there are women with husbands. The explanation is that many male immigrants have wives who do not accompany them to this country.

Of the 500,175 cases of twins born in the United States in 23 years, a census records show that both were males in 168,550 cases, both were females in 162,881 cases, and one of each in 168,844 cases.

Yesteryear In The News

Ten Years Ago Today.

Pampa High school closed the football season with a record of nine wins, one loss, scoring 392 points to opponents 52. The loss was to Lubbock, 32 to 19. Ray Chastain was high scorer, crossing the enemy goal 15 times; Paul Hill, 12; Red Bot, 8 each; Bill Ragsdale, Joe Kah, Durward Martindale, Claude Sullins, 2 each.

Five Years Ago Today.

Dynamite bombs were used to kill 1,500 crows in Wheeler county. Blasts were set off at the Slaton farm north of Locust Grove by T. M. Dickey, Abe Williams, Heuben Burkhalter, and Eldon Helm.

Chris Martin was elected president of the Pampa Kiwanis club.

So They Say

We believe in the right of an individual to refuse to work and the right of a group to strike. But under our present national emergency, we deplore any such action based upon an unreasonable demand or a debatable cause.

Cranium Crackers

FREEDOM DOCUMENTS.

Sacred to this nation are the many documents containing assurances of freedom that have been set down for posterity to profit by. Give the source of each of the following quotations from a famous document of freedom.

1. "We hold these truths to be self-evident, that all men are created equal."

2. "We, the people of the United States, in order to form a more perfect Union . . . all the men in all the lands may live out their lives in freedom from fear and want."

3. "This nation, under God, shall have a new birth of freedom . . . in the wars of the European Powers in matters relating to themselves we have never taken any part, nor does it comport with our policy to do so."

4. "We, the people of the United States, in order to form a more perfect Union . . . all the men in all the lands may live out their lives in freedom from fear and want."

5. "In the wars of the European Powers in matters relating to themselves we have never taken any part, nor does it comport with our policy to do so."

SERIAL STORY

LADY BY REQUEST

BY HELEN R. WOODWARD

Copyright, 1941, NEA Service, Inc.

**THE STORY:** Pretty, sexy Diana Tucker's father has given his consent to her marrying Stephen, Curt, famous writer and commentator, even though he knows that the temporary marriage that will pay Diana \$10,000—her remuneration for saving of Stephen's \$200,000 inheritance—will end if she does not marry before he is 35. Diana accepts the offer for two reasons: Stephen has told her the woman he loves is married to another man; she does not want to go back to the farm where her childhood sweetheart Bill Jackson, and has lost her job in a law office in the city because she is the sister-in-law of Richard Thorpe, her employer. Then she likes Stephen's handsome, elegant, and charming, but she's six months' marriage—how will it work out for the beautiful, excitement-seeking girl?

DIANA MEETS PHIL

CHAPTER VIII

TWO days later Diana and Stephen were married. They had planned it all on the trip back up to the city. He insisted on taking her to the Clarendon, rather than back to her rooming house.

"You'll be more comfortable," he said. "For expenses" and said, "We'll call it an advance if you like," when Diana protested. She had never had so much money of her own in her life. Five hundred dollars! She would have laughed if she'd known that Stephen feared it might not be enough, but was difficult about offering her more. The hotel room with its shining bath was the last word in luxury. She put herself in the hands of the hotel beauty experts and emerged with her red-gold hair styled in a new, slightly more sophisticated manner as would be becoming to the wife of Stephen Curt. A pompadour in front with soft curls behind in the Gibson girl manner. Then she went shopping for a wedding outfit.

She finally decided on a Como blue coat in needle-point fabric, very slim and elegant, with a full-length banding of tipped skunk. A simple blue shirt-waist frock, beautiful in a deep blue. The kind of things she had always longed to buy. She also found a black dress in sheer woolen with a softly-draped, criss-crossing bodice. Filmy undergarments, hose and cosmetics. On their wedding morning a bleak wind blew steadily and sudden furies of wet snow fell at intervals. Dressing, Diana reflected that if the old saying "happy is the bride the sun shines on" were true, there were indeed

stormy days ahead for her and Stephen Curt. She knew she looked dashingly beautiful in her new outfit and that helped. She wished suddenly for her mother and father, but it had been agreed to keep the wedding quiet. Stephen was not even bringing his sister, Adela, and old Ellen Curt was not coming. Stephen had asked a friend—one whom he could trust.

They were waiting for her in the lobby when she went down—Stephen and his friend, Philip Bruce. They'd been boyhood chums, college mates and were closer than brothers.

DIANA wondered what she was going to think of Phil Bruce, for he was looking into her eyes with a strange intensity. He wasn't quite as tall as Stephen, but so straight that he gave the appearance of height. Broad shoulders, slim waist, unruly brown hair, laughing brown eyes. They whisked her out to a taxi and soon reached the city hall. Stephen had made all arrangements and Judge Cavendish was waiting for them, but Phil dashed away and they had to wait for him. He came presently carrying a small florist's box.

"I had to see the bride before I knew what flowers to buy," he said.

"Damn!" said Stephen crossly. "I never even thought of it. Forgive me, Diana." "Oh, well, you've never been married before," said Phil airily, throwing tissue paper right and left. "Now at my last wedding—" he broke off, having brought into view a tiny, adorable, old-fashioned bouquet, lace trimmed, roses and valley lilies and mignonette. Sentimental and silly and very lovely. Like a dear, remembered valentine from childhood.

"Nothing garish or flamboyant for you, darling," he said, "something sweet and dainty and lovable!" His brown eyes met hers as he placed the flowers in her hands. She thanked him, a lump in her throat which she strove valiantly to swallow. "Well, let's get going," said Stephen a little brusquely. The ceremony was simple and soon over. Diana, listening to those matchlessly beautiful words, trembled a little. People should be punished for making a mockery of them. Would she be punished? HE was in love with another woman. He wouldn't mind having Diana about, they'd be friends, but he wouldn't feel badly

at parting. She saw herself through the years, going to Stephen for advice, still being friends. When she went into her little business, he'd help her get started.

It wouldn't be like that with Phil Bruce. It wouldn't be safe to marry him for convenience. You could tell that by looking into his deep, ardent eyes. Phil took them to the Savola for a wedding luncheon. Diana laughed a lot and talked a little feverishly. Stephen remembered once thinking she'd be like a child when she was happy. She was happy now and very much excited. Her face was exquisitely flushed and Phil Bruce could not take his eyes off her. Stephen saw that, too. What a couple they'd make, he was thinking—youthful, gay and warmly ardent. But Diana was his, Stephen's wife for a time at least. She'd have to remember that. Even Phil Bruce mustn't interfere.

He rose when they had finished luncheon and took Diana firmly by the arm, bundled her into her coat, led her gently from the room, Phil trailing behind. "Now you run along," Stephen said to Phil. "Your part of the ceremony is over. We'll be seeing you." Diana barely had time to call, "Thanks for everything!" before Stephen whisked her away. "Where do we go from here?" she demanded, a little giggly. "I'm taking you home," he said. "I want you to get settled and meet my sister, Adela." Inside the cab he turned to her. "I could see that you and Phil were attracted to each other. That will be all right—after the divorce, I'll give you both my blessing. But I must remind you that while we are married you must to all appearances be truly my wife." Diana sat back with a sudden swift jolt. Anger flashed into her eyes. "Don't be absurd! You know I only met the man this morning!"

"I know Phil," Stephen said dryly. "He's always going off the deep end about some woman. Just keep him in his place!" "Thanks—for the warning," she said stiffly, humiliated. Was he protecting his friend, or her? "You needn't worry about me," she said fiercely. "I'll remember that I'm being paid for this!" There it was—that flashing fire that had so appealed to him. Amusement tugged at the corners of his lips. Poor kid—he mustn't make it hard for her. And eventually he admitted to himself that he had been sounding exactly like a jealous husband.

U. S. Outstrips Great Britain In Tank Production

WASHINGTON, Nov. 26 (AP)—The United States, a defense official asserted today, already has outstripped Great Britain in the race of tank production.

Moreover, military sources said, at least half of the tanks that roll off American assembly lines are being rushed to far-flung battle lines, under the lease-lend program, for service against the Axis.

These reports were coupled with the disclosure that production schedules envisioning 3,000 light and medium tanks annually have been suggested as part of a proposed "victory program."

A big share of existing tank production has gone to Britain, providing the empire forces with a sizeable part of the armored strength in the current Libyan offensive, but undisclosed quantities also have been shipped to Russia.

Because of military considerations, no figures were given to support the claim that American tank production has now passed England's, but an official in the Office of Production Management reported that the output in November was running 30 per cent higher than estimates made in early summer.

The so-called "victory" program, still in the formative stage, but reportedly calling for doubling the present \$61,000,000,000 defense effort, says heavy emphasis on medium and light tanks.

The fast, heavily-armed 30-ton medium tanks, would be built at the rate of 2,000 a month under the victory schedule, an OPM source said, and 13-ton light tanks at 800 a month.

Thus the ultimate production goal of the tentative program would be 33,000 tanks a year, as compared with the present objectives, which call for 1,900 medium and 400 light tanks monthly. Recent reports indicated that delivery of light tanks already had reached the 300-a-month mark.

### Today's War Analysis

**By DEWITT MACKENZIE**

Her Hitler's camp would appear from Nazi and Fascist newspaper comment to be as much exercised over the American occupation of Dutch Guiana as any other recent development—and taking the long view of the war situation perhaps the wisemen of the Axis are right.

No clearer indication of the powerful moral effect of this move could be had than has been evidenced in the angry outburst of the German and Italian press. That moral effect, which reaches 'round the world and touches not only the Axis and its supporters but their enemies, would seem to be more important at this juncture than the military consideration.

We have a striking demonstration of the determination of the United States to protect not only its own interests but those of other nations in this hemisphere. We also have a display of Pan-American cooperation in Brazil's quick approval, and that's of vast importance to the outcome of the war.

The general effect must be to impress all nations with the idea that Uncle Sam means business. One would expect it to encourage Pan-American solidarity, to raise the morale of the Allies and their friends, and to provide food for reflection among those nations like Turkey which are trying to tread a straight path of neutrality.

Last but far from least—and this likely is what worries Hitler most—the American move is calculated to have a restraining influence on the Vichy government which just now is under heavy pressure to make more concessions to Germany. Among the things which the Fuehrer desires most is use of French colonies for military and submarine bases, and the occupation of Dutch Guiana next door to French Guiana is bound to make the French government pause for consideration.

One purpose of sending our troops to Guiana presumably is to be in positions to keep the Germans out of the French colony. That might provide the Nazis with a useful submarine base, especially if the Nazis should force Vichy to give them Dakar, across the way on the western hump of Africa.

It is to be hoped, however, that it won't be necessary for any of our boys to be sent into French Guiana. It is a filthy, stinking spot which festers with disease under the killing equatorial sun. I've seen a lot of hell-holes in va-

### Sunset To Meet Amon Carter In Opening Round

*(By The Associated Press)*

The real dark horse of Texas schoolboy football: Sunset's Bison. The Dallas team won its second district championship in a row last night by blasting Woodrow Wilson 21-6 and will meet Amon Carter Riverside of Fort Worth in the first round of state play.

Sunset became the tenth district champion to be crowned. The other six will be determined by the end of the week.

Champions already known are: District 2—Wichita Falls. District 4—Ysleta. District 5—Paris. District 6—Highland Park (Dallas). District 7—Amon Carter Riverside. District 8—Sunset. District 10—Temple. District 11—Tyler. District 14—Goose Creek. District 15—Austin.

The Amon Carter Riverside-Sunset bi-district will be played at Fort Worth Dec. 6.

Paris and Highland Park officials will confer at Greenville on their game.

Another champion may be known tonight when Nacogdoches plays Livingston. Nacogdoches, undefeated and untied in conference games can clinch the District 12 title with a victory or tie. Defeat would drop the team into a tie with Livingston for the lead and it would be a triple tie should Henderson beat Lufkin.

Other district play-offs are set for Thursday, Friday, and Saturday.

**THIRD SET OF TWINS—AIN'T THEY CUTE?**—Mr. and Mrs. Dennis Henke of Westport, Neb., have had three sets of

twins in three and one-half years. Henke, an unemployed railroad worker, holds Donna Mae and Fonda Rae. The miss-

us holds Richard and Robert born on November second. Jan and Janet are on the bed.

### Four Plainview Players Witness TCU-Rice Game

**By HUGH WILLIAMSON**  
*Associated Press Staff*

COLLEGE STATION, Nov. 26 (AP)—The teasippers and the sharecroppers are trying desperately to hex each other on the occasion of their momentous football game tomorrow.

For the benefit of those who have not perused the collegiate journals, a teasipper is what the Texas A. & M. students call a University of Texas student. Contrariwise, U. T. partisans refer to the cadets as sharecroppers.

The Aggie campus has broken out in a rash of billboards aimed at rousing the old college try and insuring a win over the teasipper Johnny Mason was heard to remark, "Gee, I'm as big as he is."

Rousey watched with undisguised admiration as the boys stowed away huge quantities of groceries during a few knife and fork sessions, then grew apprehensive that his grocery business would fall off during their absence and hurried the quartet back to his own territory.

### Teasippers And Sharecroppers Trying To Put Hex On Each Other

Approximately 77 per cent of hospital care is in state, local, and federal-controlled hospitals; 20 per cent in non-profit institutions, and 3 per cent in proprietary institutions. The large proportion of care financed by taxes is due to government tuberculosis sanatoriums and government hospitals for mental patients, census reports show.

A fortune teller assured U. T. co-eds that burning red candles would cast the proper spell, and the good word spread all over town. Eighteen dozen rosy-hued tapers were reportedly sold in one day.

Most stores have sold out of red candles, which may be seen burning in fraternity and sorority houses, on businessmen's desks, in private

### Board Called To Reconsider Rail Strike

**WASHINGTON, Nov. 26 (AP)**—In a final effort to stave off a nation-wide strike, President Roosevelt has resorted to an unprecedented procedure in reconvening a special emergency board for review of some new "facts" that have developed since the board reported on Nov. 5.

The five board members were notified by telephone and telegraph last night to attend a preliminary meeting at the White House tomorrow. The president asked them to begin their new hearings Friday, allotting one day each to representatives of managements and the brotherhoods for testimony, and then report to him next Monday, six days before a scheduled strike of the five operating unions.

Veteran strike mediators said they could not recall a presidential emergency board ever having been called back into session once it had reported on a case.

Both sides in the rail dispute were to hold sessions today to arrange for the new hearings, although neither the managements nor the unions would say what the new "facts" to be presented would be.

Some observers speculated that the brotherhoods might be willing to accept a compromise wage increase somewhere between the raises recommended by the board three weeks ago and the unions' original demands which were much higher.

Should this be the final outcome, these same observers believed the carriers probably would file applications almost immediately within the Interstate Commerce Commission for hikes in passenger and freight rates.

In recommending temporary wage increases in its original report, the emergency board said it was assuming the roads would ask for rate increases to help defray the added cost.

The board recommended an increase of 7 1/2 per cent for the 350,000 members of the five operating unions, who now get from \$5.06 a day up. The unions had requested a 30 per cent boost and in rejecting the recommendations voted to strike beginning Dec. 7. The 14 non-operating brotherhoods had asked an increase of 30 to 34 cents an hour and over their present hourly scale of 35 to 85 cents. The board recommended only 9 cents or an average of 13 1/2 per cent. The non-operating unions rejected but did not set a strike date. The roads accepted the board's recommendations reluctantly.

### Amateur Tennis Stinks, Accuses Frank Kovacs

**OAKLAND, Calif., Nov. 26 (AP)**—"Amateur tennis stinks—there's no money in it any more."

Clowning Frankie Kovacs, one of the country's top-ranking tennis players, was talking, perturbed no

little over the U. S. Lawn Tennis Association's ruling suspending him for alleged violation of amateur regulations.

"They can't do this to me," chided the lanky Oakland kid who puts in a daily stint at a nearby shipyard.

"Did I take the money? My answer is 'Who hasn't?'"

"Did I violate a rule? Yes, Rule No. 38, but tell them I haven't made a foot fault in years."

While rumors circulated that Kovacs, along with National Singles Champion Bobby Riggs, were on the verge of turning professional, the No. 2 star of the nation took a crack at the U. S. L. T. A., with which he has been feuding for years.

"The old fossils sit around a big heaping table of food, using up some of the money I make them, and they say, 'Let's see, who can we bar now?'" Kovacs said in an interview.

"That fellow Kovacs, somebody says, and I'm it."

"They've been doing this to me for years. They always bar me when there are no tournaments."

"I'm their No. 2 attraction, and I have to work for a living. Amateur tennis stinks—there's no money in it any more."

### Texas Longhorns Out To Save Season By Beating Aggies Thursday Afternoon

**By HARRY GRAYSON**  
*NEA Service Sports Editor*

COLLEGE STATION, Nov. 26—Texas A. and M. played Sam Houston Teachers here and Texas engaged Colorado at Boulder; Sept. 27, to open their respective seasons, and on that day you couldn't buy a ticket to the Turkey Day battle here between the Aggies and Steers, Nov. 27.

All were sold—\$9,000 of them. Such was the pre-season interest in the traditional Thanksgiving Day meeting of Texas' two largest state-supported institutions of higher learning.

Texas A. and M. lost no fewer than 12 letters by graduation.

Nine were starters, including the All-America fullback, Jarrin' John Kimbrough.

Texas was supposed to have a wonder team—the realization of a five-year dream.

Yet Texas A. and M. goes into its big battle—a probable favorite, certainly no worse than at even money.

**BOTH GOING TO BOWL: TEXAS DISAPPOINTMENT**

Texas won its first six games by impressive scores, but bogged down

to a 7-7 tie with Baylor and a 14-7 defeat by Texas Christian.

Texas A. and M. is unbeaten... has compiled 253 points to 23 against formidable opposition.

Though Texas has been a big disappointment, both teams probably will go to a bowl.

The Rose Bowl is preferred, of course, but either aggregation would be welcome at the Sugar, Cotton or Orange.

Texas is out to save its season by beating the Aggies.

Texas A. and M. is out to avenge last season's unexpected reverse at the hands of the Longhorns.

It appears as though both arrays will be at top strength, though Jack Crain, a phenomenal back, has been out of Texas workouts with a strained leg muscle.

Tradition rides with the Aggies, for a Texas team hasn't triumphed on Kyle Field here since 1923.

Some wonder if Dana X. Bible can get the Steers into the proper mental frame after they have had their Rose Bowl bubble pretty well burst, but anyone knowing this series is positive that the men of Austin will be higher than mice.

### Texas Longhorns Out To Save Season By Beating Aggies Thursday Afternoon

An airplane using 1,000 gallons of gasoline per day could remain in the air for more than 1,000 years before consuming all the aviation gasoline produced in the United States last year—nearly 396 million gallons—according to the census.

The pure white curly-haired coat of the unborn seal is one of the world's most valuable furs.

**PRESSURE AND LETDOWN**

A year ago Texas A. and M. was in much the same position, as that in which Texas finds itself this trip.

Texas folded this fall through a combination of pressure, injuries, the natural letdown after the smashing victory over Southern Methodist, and the inspired play of Baylor and Texas Christian.

Senioritis may have had something to do with it, too. All 11 of Dana Bible's starters are seniors. The Steers were highly publicized, and it easily could be that they got to believing all that was written and said about them. That is perfectly all right, but the best football players can't just stand around and beat even second rate ones.

Baylor is vastly more formidable than it is rated.

Against Texas, the Texas Christian line gave one of the finest and smartest performances of the campaign anywhere.

It wouldn't be at all surprising if Texas bounced back with a bang. Texas had it all a month ago, and can have it again.

Indeed, Texas probably has a better chance now than if it was entering the fray undefeated.
