(PRICE FIVE CENTS)

Man usually believes, if only words he hears, that also with them goes material for thinking.—Goethe.

ONE OF THE OUTSTANDING floats old Santa will bring with his big parade this year will be the Night Before Christmas

float. In all there will be eight big floats. 25 clowns, 25 girls carrying Christmas flags and banners and clothed in

beautiful capes and caps. Record breaking crowds are expected to be in Pampa on Saturday, December 6, for the big parade.

Shetland Ponies To Pull Santa Floats

Floats pulled by Shetland ponies will be seen in the Santa Day parade to be held here December 5.

There will be a group of larger boys taking part in the parade due to the possible discomfort to small children, there will be no mass group of school children participating. In the past, there has been cold weather when the parade was held, which worked a hardship on youngsters.

Jimmie Dodge is chairman of the parade committee. A radiogram from the Northland, signed by Jolly Old Santa, was received today by the committee, accepting their invitation to appear on the streets of Pampa at 4:30 p. m. December 5.

Santa will bring 50 big units with his big story book pageant, that will wind through the downtown

Charles Lamka, Santa Day chairman, has issued a call for eight men to volunteer in helping put juniper roping on the wires to be strung across downtown Pampa streets for Santa Day. Volunteers are asked to get in touch at once with the chairman.

The roping is to arrive in Pampa on time as he has so many towns to visit.

He has asked that all the boys and girls of this section come to Pampa and be on the streets so that he can say hello to them personally.

Along with this big parade will be a beautiful herald girls leading the line of march, each carrying a large garland letter, and the nine of them will spell "Merry Christmas."

Then will come the Night Before Christmas, Jingle Bells band, The Old Lady Who Lived in a Shoe, Old King Cole, Princess Christmas, Keep 'Em Flying, Beautiful Chinese Silver Jimrickasha, and Santa Claus' work shop with his eight little gnomes.

Santa will say hello to the kiddies over his own public address system.

Along with the parade will be Kenneth Waite, famous circus clown, who will direct the 25 comedy characters a grotesque figures.

Old Santa says this is the finest parade he has ever brought from the Northland.

The committee has contracted with the Donovan Fireworks & Decoration company of Abilene to direct the big event for them.

The Santa Day parade will mark the opening of the Christmas shopping season in Pampa. All the merchants of the city will have their stores overflowing with Christmas bargains on this day.

For moist, warm, circulated air, see the Estate Heatrola Lewis Hardware.

Carols Will Be Sung Wednesday Night

An impressive musical program will be held in Pampa Wednesday night when the Christmas lights will be turned on in connection with the forthcoming Santa Day, to be held the following Saturday.

Everyone is invited to participate. The program is non-denominational.

Miss Helen Martin, Pampa school music supervisor, will direct the a cappella choir, students, and the public in the singing of Christmas carols.

Adobe Walls Council Now Has 56 Troops

A new troop was registered and another troop was re-chartered at the office of the Adobe Walls Council yesterday, bringing to 56 the number of troops in the council, Executive Fred Roberts announced.

The new troop was from Guymon, Okla., sponsored by the Guymon Junior Chamber of Commerce. The re-registered troop was from the Harrah Methodist church.

The Harrah Troop 27 re-registered nine Scouts and five Scouters. C. M. Winget was named Scoutmaster with Robert Wilson as senior patrol leader. Boys registered included Albert Moore, Milton Nichols, Haskell Wilson, Odell Messer, Johnnie Huges, Hershel Stevens, Edsel Hudson, and Joe Green.

Troop committee members named were W. D. Powers, chairman, J. W. Nichols, J. R. Combs, L. E. McGee, and the Rev. Newton Starnes.

The Guymon troop registered 28 Scouts and eight Scouters. G. F. Lindsley was named Scoutmaster with Herman Glisson and Arden Reisman, assistant Scoutmasters.

Troop committee members named were J. W. Chapman, chairman, the Rev. George White, J. D. Norwood, John F. Bailey, and C. W. Rankin.

Fire Destroys 100 Acres Of Grass On McConnell Farm

Fire destroyed between 100 and 200 acres of pasture land on the Mrs. Girtha McConnell farm six miles north of Pampa. Residents of the farm are Mr. and Mrs. Felix Stalls.

The fire was discovered about 6:30 o'clock along the road south of the Stalls house. Neighbors immediately organized and started a fight with sacks. The fire department was called and Chief Ben White and several firemen responded, making the trip by car.

Many Pampans who saw the reflection of the fire in the sky also went to the fire and joined in extinguishing it before it could spread to the Stalls' house.

It is believed the fire was caused by a lighted cigar or cigarette thrown from a car. Luckily there was little wind and the blaze was kept under control.

"Shaving" Motorist Lands Before Judge

DETROIT, Nov. 28 (AP)—It was a somewhat breathless tale that Patrolmen John Milner and Archie Hamon told when they booked John P. Jones, a Detroit music teacher, today for reckless driving.

"His car was going every way except straight up and down," Patrolman Milner told the desk sergeant.

"And he had the rear view mirror turned down," chimed in Hamon.

"He had plugged in an electric razor and was shaving himself," the officers chortled.

Stevenson Refuses To Gnaw Sugar Cane For Chunk Of Land

AUSTIN, Nov. 28 (AP)—The governor of Texas and Louisiana will not gnaw sugar cane to determine which state wins a boundary dispute.

The Texas executive, Coke R. Stevenson, said today he could not accept an invitation of the Louisiana club of Houston to meet Governor Sam Jones in a sugar cane eating contest planned for tomorrow at the club's house party in Houston.

British Desert Army Gains Definite Edge

57 Already Signed Up To Sing Messiah

Pampa's most impressive and possibly the most inspiring singing of the Messiah seemed to be in prospect today when it was announced that 57 persons had already signed up to sing in the Christmas oratorio. Possibly 30 more are expected to attend the next rehearsal which will be held in the music room in Junior high school Monday night at 8 o'clock. Tenors are needed most.

Exact date for singing of the Messiah has not been set but will be announced in a few days. It will be staged, however, in about two weeks.

The Messiah is being sung this year by the Pampa Civic Chorus, recently organized. The chorus is composed of singers of this community only, and the Messiah will be strictly a Pampa production. Officers of the chorus are Arthur

Board Would Administer Price Control

WASHINGTON, Nov. 28 (AP)—Chairman Steagall (D-Ala.) of the house banking committee told the house today the administration would agree to have its proposed price controls administered by a board rather than by an individual.

He announced also the administration was willing to make some modification of two other major parts of the controverted legislation—a provision to license commodity dealers and one to empower the government to buy and sell any commodity in the open market in a plan to keep prices stable.

Driving for a final vote on the control bill, administration lieutenant-still sought to keep the licensing power in the bill, even though modified.

This hotly disputed proposal, which offered the day's first big test of strength, would provide for licensing producers of commodities on which price ceilings may be fixed. This would enable the price administrator to crack down on producers who disregarded the ceiling fixed.

Another fight was in prospect over a clause empowering the government to buy and sell commodities so as to control their prices by manipulating the market.

The big threat that administration forces faced was that a coalition of Republicans and farm state Democrats might be able to rally enough votes after one of these tests to have the legislation sent back to committee for restudy and perhaps drastic revision. All this would involve considerable delay in the face of administration warnings that speed is imperative.

Speaker Rayburn said last night that he did not believe that the majority will assume the responsibility of defeating this legislation.

Rising prices and the threat of inflation made it "virtually necessary that price control legislation be enacted," he asserted.

Late News

WASHINGTON, Nov. 28 (AP)—The House Labor committee today abandoned at least temporarily the idea of compulsory arbitration as a part of proposed legislation to end defense strikes as a senate judiciary sub-committee approved a measure to permit seizure of strike-bound defense plants.

WASHINGTON, Nov. 28 (AP)—The state department said formally today that Finland's latest actions had "confirmed our apprehensions that it is fully cooperating with the Hitler forces."

WASHINGTON, Nov. 28 (AP)—Senate and house committees gave their approval today to separate bills which would empower the government to take over a defense plant when strikes impede production. The senate judiciary committee voted 12 to 2 to recommend the bill to Senator Connally to take over such plants and freeze the open or closed shop status in them.

WASHINGTON, Nov. 28 (AP)—The house refused today to include a modified form of wage control in the administration's battered price-control bill after the leadership had made other major concessions aimed at recruiting badly-needed votes for the measure.

Arbitration Idea In Strikes Dropped

WASHINGTON, Nov. 28 (AP)—At the direct request of the administration, the house labor committee has abandoned at least temporarily the idea of compulsory arbitration as part of legislation to eliminate strikes in defense industries.

Committee members said that Democratic Leader McCormack of Massachusetts had strongly urged that that provision, opposed both by industry and labor, be dropped. As a result they said, it would be eliminated before the committee sends a bill of its own to the floor later in the day.

The members said that development meant that the committee's bill might not contain much more than reconstruction of the national defense mediation board and mandates for certain cooling off periods before a strike could begin.

Thomas J. Rogers Appointed Sergeant

Thomas J. Rogers of 441 N. Carr, Pampa, has been appointed a sergeant in the 304th barrage balloon battalion, headquarters of the barrage balloon training center, Camp Davis, N. C.

The camp is also a center for anti-aircraft coast artillery.

Rogers was one of two men named as sergeants. The full list of promotions containing 11 names, of which five are promotions to corporal, two first sergeants and two sergeants, one each technical sergeant, and master sergeant.

Stevenson Refuses To Gnaw Sugar Cane For Chunk Of Land

AUSTIN, Nov. 28 (AP)—The governor of Texas and Louisiana will not gnaw sugar cane to determine which state wins a boundary dispute.

The Texas executive, Coke R. Stevenson, said today he could not accept an invitation of the Louisiana club of Houston to meet Governor Sam Jones in a sugar cane eating contest planned for tomorrow at the club's house party in Houston.

The invitation came from H. Dick Golden, club president, who suggested the two executives settle the squabble in the friendly atmosphere of sugar cane, Louisiana drip coffee and Louisiana music.

Governor Stevenson has maintained silence in a boundary fuss in which Louisiana claims all the waters of the Sabine river and Texas claims a strip of Louisiana above the river between the 32nd and 33rd parallels.

Land Commissioner Bascom Giles has been the Texas spokesman in the controversy.

KNOW YOUR PAMPA NEWS CARRIER BOY

Some boys in Pampa have almost grown up in the Pampa News. Some of them are members of the Smith family. Above is shown Robert Anthony (Bob) Smith, who has been a News carrier for five years.

His brother, Harold, now at Texas Tech, was also a News carrier. Harold is working his way through Tech employed at a Motor Supply company.

Bob delivers the papers on Route No. 1 which is the business district. The carrier before him was Jack Cotton, Smith, also at Texas Tech. Cotton worked for The News for seven years. He is also working his way through Texas Tech, and in his spare time is employed at Montgomery Ward and company at Lubbock. Cotton has a younger brother, Jerry, local high school student who has been working for The News for five years and still is.

Harold and Bob, sons of Mr. and Mrs. E. O. Smith, 514 S. Gray, are not related to Jerry and Cotton, sons of Mrs. Fannie Smith, but Harold and Cotton are close friends at Tech and Jerry and Bob are the same way here.

Bob, 16 years old, was born Dec. 2, 1924. He came out of 29 Pampa News boys, 14 were born in Oklahoma, 10 in Texas, one in Alabama, two in Colorado.

Bob is a junior in Pampa High school. His hobbies are hunting, fishing and stamp-collecting. He is a Life Scout. His favorite sports are football, tennis and swimming. Bob expects to join the navy and his ambition is to become a naval officer.

The members said that development meant that the committee's bill might not contain much more than reconstruction of the national defense mediation board and mandates for certain cooling off periods before a strike could begin.

Committees in both branches of congress were working on anti-strike bills, despite flat objections from CIO and AFL leaders to any

Tom Connally Thinks Japs Are Bluffing

Even Ships In Pacific May Be Armed

WASHINGTON, Nov. 28 (AP)—The American government, it was learned today from the best available sources in Washington, has ruled out any possibility of a compromise with Japan on the Chinese issue and has raised a possibility that American merchant ships in the Pacific may be armed.

While it was reported on the highest authority that negotiations looking toward peace in the Pacific and Far East had not broken down, the United States viewed the present situation as extremely serious.

An official White House announcement concerning merchantmen said that these vessels sailing on Pacific routes "will not be armed under existing circumstances."

And when President Roosevelt was asked at a press conference how long he thought those circumstances would prevail, he said he thought the question might better be asked in Tokyo.

It was asked also whether there was anything he might say on negotiations with Japan's envoys in this country and he replied that he thought he had better not.

Yet he conceded that news on the negotiations had been based largely on dispatches from Tokyo and he declared that the reason for this was an American policy of infinite patience.

It was learned on the best authority that the current situation in the Far East is regarded as serious because America desires that there be peace in the Pacific and it is taking no steps that would alter prospects for peace.

Reports of unabated Japanese military activity near the border of Thailand, brought new concern to the capital.

Diplomatic representatives of the other friendly powers concerned—Britain, Australia, China, and the Netherlands—took a similar serious view.

An invasion of Thailand, informed sources here believe would probably be Tokyo's first move if the Japanese government decides to reject Secretary Hull's basic formula for peace in the Pacific and resume its program of armed expansion southward.

However, two highly placed sources, while not minimizing the grave state of affairs, voiced the belief that Japan was playing a bluff game which could end in peace more easily than it was.

Senator Connally (D-Tex.), chairman of the powerful Senate Foreign Relations committee, put it this way:

"I think the Japanese now are doing some more bluffing. The situation in the Far East is coming right up to the boiling point but it isn't going to boil."

He referred to reports that Japan had sent more than 100,000 troops through occupied French Indochina to the Thailand (Siam) border.

Senator George (D-Ga.), ranking member of the foreign relations group, also thought the reported troop movement "seems to be largely bluffing."

House Majority Leader McCormack (D-Mass.) said he had no doubt that Germany was making every effort to get Japan into war with the United States but for "Germany's benefit, not Japan's."

"If those in control of the Japanese government are laboring under the misapprehension that the American people and the American congress will not support the president to the limit in any step he might deem necessary for our best interests, then those Japanese officials will wake up in the near future with a sudden realization that they are badly mistaken."

So far as diplomatic relations be...

ISAW

A group of men talking and it's their opinion that Borge will vote for Pampa for district champion, that they will vote for Lubbock and that it will be up to Amarillo to cast the deciding vote. If that's true, Amarillo, it would be far better for you to be heels in Lubbock than in Pampa because Pampa is closer. Besides didn't Pampa beat Amarillo, and outplay Lubbock three quarters? And in addition, after yesterday's game it is obvious that Pampa, with those three boys back in the lineup, has a better chance down state than Lubbock does.

Jericho Paving To Be Finished By Next Summer

The 1942 highway maps to be distributed to the traveling public will show another paved highway leading into Pampa.

For the past several years, the Pampa Board of City Development and Chamber of Commerce has been writing annually to oil companies that distribute maps, map companies that print the maps, touring bureaus, automobile clubs and other agencies, calling their attention to new highway construction on roads leading into Pampa.

Without calling attention to these developments in advance of actual completion of the road improvements, many times maps are two and three years late in securing the information on new construction through their regular channels.

With this in mind, the Pampa Board of City Development and Chamber of Commerce has in many instances had the map companies from three to six months ahead of actual highway construction completion.

Highway 18 from Pampa south to U. S. 86 will be completed some time next summer. Maps that are now being drafted to be printed early in 1942, for heavy distribution about May, 1942, will show this improvement.

The improvement east of Wheeler on Highway 152 and the improvement on Highway 18 at Clarendon will likewise be shown. All maps are now showing the location of Lake McCellan as a result of this correspondence.

High School P-TA To Stage Play At Church Sunday

A cast of players from the High School Parent-Teachers' association will give a one-act play, entitled, "The Modern Girl," at the Church of the Brethren, 900 North Frost, on Sunday evening at 7:30 o'clock. This play, written by Nadine Sansom, is built around a modern family, in search for a solution to the problems of youth.

Included in the cast will be Mrs. Clyde Small, Ernest Miller, Ruth Kleckase, James Warner, and Rev. Russell West. This play will be given in connection with the evening sermon, with special music by a double quartet of young people.

Mrs. R. A. Williams Given First Aid After Car Wreck

Mrs. R. A. Williams was given first aid treatment at a local hospital last night, following an automobile collision on W. Foster street, which occurred at 6:37 o'clock.

She suffered a bruise on her head, caused when she was thrown against a car window by the impact.

The accident occurred when the sedan in which Mrs. Williams was riding was headed east. Another sedan, driven by "Possum" Moore, was headed west, and started to make a left hand turn, when the cars were in collision, sheriff's officers reported.

I HEARD

A doctor remarking that a rabid football fan gets as much exercise sitting in the grandstand as does the player on the field. "Just ask a rabid fan if he isn't sore and tired after an exciting game" suggested the doctor. "I was so sore after that Amarillo game I could hardly walk," he said.

Whole Grain Products Important In Diet, Experts Declare

Use of whole grain products in the diet has been discussed by members of the nutrition committee of the local Council of Clubs. The following article has been prepared by this group:

"These days of national preparedness, food experts are urging more general use of whole-grain products because of vitamins, iron and other nourishing and body-building factors contained in them.

MRS. PHILIP R. POND, above, in cooperation with her sister-in-law, Mrs. J. C. Pond, of Medford, Oklahoma, has authored a book, "Showers for Brides and Babies," which is now off the press.

add remaining ingredients. Transfer to three number one cans oiled and steam one hour. Small baking powder cans may be used.

Kit Kat Klub To Entertain Group At Holiday Dance

To entertain high school and college students who are spending the holidays in Pampa, Kit Kat Klub will have a dance tonight at 9 o'clock in the ballroom of the Schneider hotel.

Special To The NEWS CANADIAN, Nov. 28—Mrs. George Carver and Miss Vera Tepe were hostesses in the B. F. Tepe residence Wednesday afternoon with their niece, Mrs. Clarence Wine, a recent bride, as guest of honor.

Receiving with Mrs. Wine was her mother, Mrs. Grace Spiller, Mrs. Tom Carver received at the door and Mrs. Bill Bartlett presided at the guest book.

Mrs. B. F. Tepe directed guests to the tea table presided over by Mrs. Charles Teas and Mrs. Leslie Webb.

Guests registering were Mrs. Leo Davis, Mrs. C. W. Callaway, Mrs. J. B. Lindley, Mrs. Tom Abraham, Mrs. Harry Wilbur, Jr., Mrs. R. M. Hobby, Mrs. John E. Davidson, Mrs. J. D. Raymond, Mrs. Paul Hoefle, Mrs. John Isaacs, Mrs. Sam Isaacs, Mrs. E. H. Snyder, Mrs. C. W. Allen, Mrs. H. A. Hill, Mrs. H. S. Wilbur, Mrs. W. A. Pite, Mrs. H. H. Maris, Mrs. D. Fisher, Mrs. F. N. Sawyer, Mrs. John Payne, Miss Georgine Henson.

Mrs. G. W. Henson, Mrs. Leslie Webb, Mrs. Tom Carver, Miss Vera Tepe, Mrs. George Carver, Mrs. B. F. Tepe, Mrs. Charles Teas, Mrs. C. G. Sprague, Hazel Price, Mrs. Bertha Marvis.

Mrs. William Bartlett, Mrs. O. D. Yockey, Mrs. Frank Stone, Mrs. J. M. Carpenter, Mrs. E. S. Cussens, Mrs. Uel D. Crosby, Mrs. S. E. Allison, Mrs. O. C. Cowan, Mrs. Jessie Grimes, Mrs. Wiley Wright, and Mrs. Frank M. Chambers.

Mr. and Mrs. Wine will make their home in Amarillo, Mrs. Wine returned there the day following the reception.

Bridal Shower Given As Courtesy To Mrs. Stanley

Mrs. E. P. Hollingshead and Miss Phyllis Davis entertained with a post-nuptial shower honoring Mrs. W. R. Stanley, the former Miss Dorothy Hollingshead, at the Hollingshead home, 908 Twiford street.

Games were conducted and prizes were awarded to the winners after which gifts were presented to the honoree.

Mrs. B. E. Hollingshead played a piano number as Mrs. Stanley led the guests in the grand march to the table decorated with a three-tiered wedding cake topped with a miniature bride and bridegroom.

Refreshments of cake and punch were served. Registering in the bride's book were Misses Pauline Adams, Virginia Fore, Helen Adams, Mary Alice Brown, Pat Hollingshead, Martha Ann Jaynes, Billie Don Brown, and Mmes. Bill Hood, C. R. Stanley, Richard M. Chan, Edwin Brown, W. G. Crowson, Lyndell Cox, B. E. Hollingshead, Ronnie Hollingshead, and the honoree.

Gifts were sent by Mmes. J. E. Mitchell, L. R. Franks, Bill Walker, F. of White Deer, Hugh Layne, Doyne Rountree, E. W. Cabe, Jr., Gien Waggoner, Ed Zmotony, Horace Johnson, D. W. Nichol, and Doris and Lindsey Boyd, and Donald Stanley.

Phillips P-TA Has Monthly Program

PHILLIPS, Nov. 28—Parent-Teachers of Phillips met Tuesday afternoon in the grade school auditorium.

The meeting was opened by the audience pledging allegiance to the flag, led by two members of Boy Scout Troop 78, in accordance with a motion made in the September meeting.

A play, "Thanksgiving Pantomime," was given by the children in Miss Steven's and Mrs. Clark's rooms. A marionette show was presented by Mrs. White's room.

Mrs. D. W. Page of Borger gave a resume of the state convention held in Austin, after which Dr. W. Brooks reported on the tuberculosis fund drive beginning in the community. Mrs. J. M. Ribble announced that the study course is now functioning and those interested are asked to enroll.

R. E. Vaughn discussed "Is Education Meeting the Needs of Youth?" Mrs. K. W. Rippe led the accounts of the monthly attendance by rooms. The hostesses for the social hour were the second-grade mothers.

Tailored Charm

Good lines and simple details recommend this shirtwaist dress to everyone who appreciates the true smartness of tailored styles.

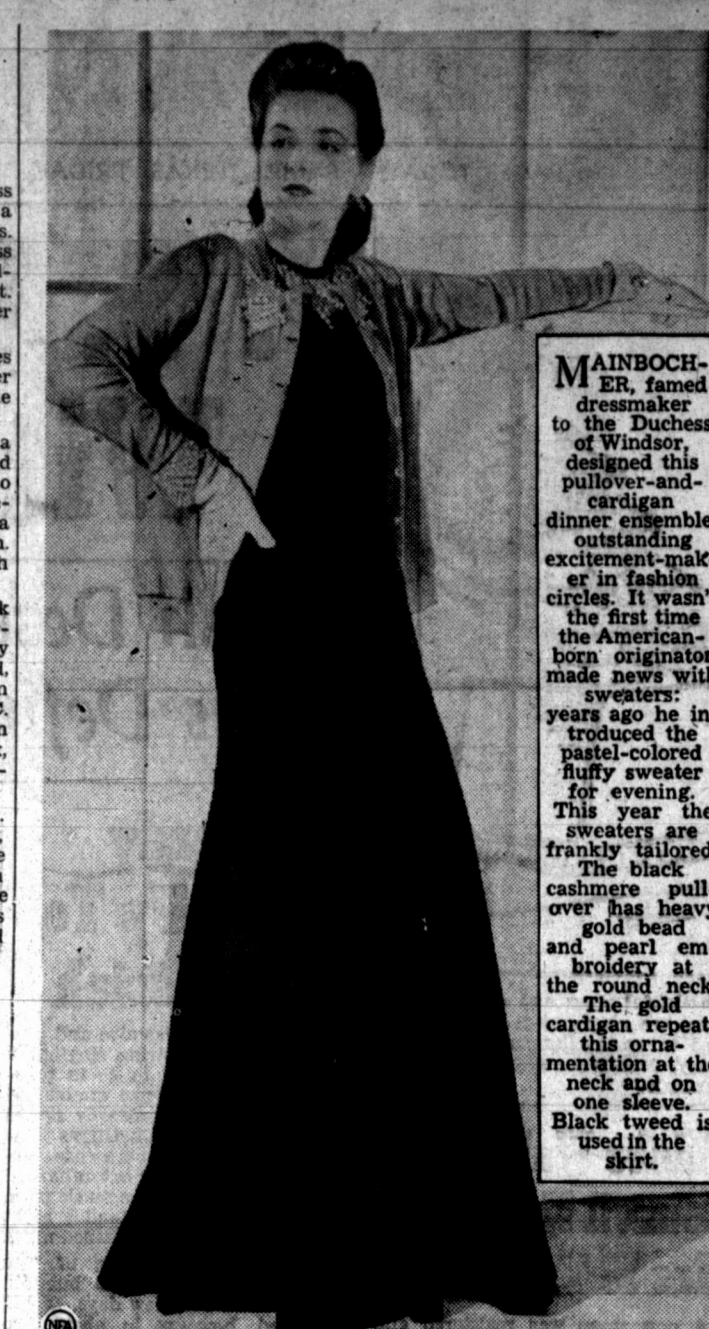

8057

Pattern No. 8057 is in sizes 14 to 20, 40 to 52. Size 18 requires 4 1/2 yards 35-inch material. If front and collar is, in contrast 1/2 yard is required.

For this attractive pattern, send 15c in coin, your name, address, pattern number, and size, to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Seeking more ideas for Christmas sewing? You'll find them in our Fashion Book, a complete directory of our new patterns for the winter season.

NEW COURT SITS FOR FIRST PICTURE IN JUDICIAL ROBES

This youngish but dignified looking group is the Supreme Court of the United States as of today. Left to right: Justices Reed, Byrnes, Roberts, Douglas, Stone, Murphy, Black, Jackson, Frankfurter.

BRITISH

that imperial armored forces had intercepted remnants of an Axis raiding column fleeing westward after it had been broken up by a British tank charge along the Egyptian Libyan frontier.

Authoritative London quarters said the Axis "diversion" force was racing back into the desert toward the main battle zone at Rezegh, 90 miles west of the border, when other British armored units again fell upon it.

A BBC broadcast said the British Mediterranean fleet, sweeping the waters between Libya and Crete, had so effectively blocked the Axis that since the beginning of the "great tank battles in Libya" not one ton of supplies has reached the hard-pressed German and Italian armies by sea.

diars battled in Europe and Africa without any important change of positions during the past few hours. The Japanese cabinet and key men from the war and navy ministries carefully charted their course on the basis of a note from U. S. Secretary of State Hull, but the Japanese press expressed belief the negotiations between the two peers were near an end.

The premier, Luang Bipul Songram, in a radio address urged his nation to be calm and said Thailand even yet might avoid war, although she is confronted with political, economic and military pressure "from all quarters."

CONNALLY (Continued From Page 1) tween the two countries were concerned, there were no indications that the situation had changed one way or another since Secretary Hull presented the Japanese envoys with the basic United States peace formula Wednesday night.

Market Briefs

NEW YORK, Nov. 27 (AP)—Tardy bidding helped steady parts of today's stock market but many leaders continued well out on a shaky limb.

Table of market briefs including prices for various commodities like Am Can, Am Woolen, Anaconda, etc.

Tuberculosis On Increase

NEW YORK, Nov. 28. (AP)—Signs that tuberculosis, which has been on the decline for many years, is taking an upturn of world-wide degree were announced today by the New York tuberculosis and health association.

War, and the lengthened hours of defense work, appear to be the principal causes. The warning was made by G. J. Drolet, statistician and assistant director of the association, in reporting the first figures for tuberculosis in 1940 from 46 American cities.

Japanese-American Negotiations Near End, Says Tokyo

TOKYO, Nov. 28. (AP)—Japanese officials carefully weighed U. S. Secretary of State Hull's note today with no indication of when or whether it would be answered but the press expressed belief that Japanese-American negotiations were near an end.

Twin Brothers To Be Reunited In Canal Zone

AUSTIN, Nov. 28 (AP)—Down in the Panama Canal Zone twin brothers from Beaumont, Texas, Kenneth Elledge and Donald Jean Hall, have been or soon will be reunited. Constant companions since childhood, the youths were separated after they volunteered for army service before their selective service registration numbers would have been reached.

But now they'll be in the same company—thanks to state and national selective service officials and the war department who saw eye-to-eye with Jefferson county local draft board No. 2.

When the Halls reported for induction draft officials requested that the army assign them to the same company. The boys wound up at Panama in different companies, one at Fort Clayton, the other at Fort Davis.

Then the draft board appealed to Adjutant General J. Watt Page, state selective service director, who agreed an important question of morale was involved and recommended that the Halls be reunited.

Lieut. Col. Carlton S. Dargusch, a deputy director in the national selective service headquarters in Washington got busy. Ten days after General Page's recommendation was written Col. Dargusch reported the "war department has now agreed to arrange the transfer of one of these two men, so that they can be together in the same company."

Kenneth was then in Company I-33rd Infantry, Fort Clayton, and Donald was in Company E, 14th Infantry, Fort Davis.

Col. Dargusch's letter to state headquarters did not specify which youth would be transferred.

In the CHURCHES

Editors note: Notices to be added to this church calendar and any changes which are to be made in the calendar should be typed and mailed or brought to The News office by 9 o'clock Friday morning. Deadline for church stories, which are to be typewritten also, is 9 a. m. throughout the week.

Funeral Services For Harold Holmes To Be Held Sunday

Funeral services for the Rev. Benjamin Harold Holmes, 29, will be conducted at 3 o'clock Sunday afternoon in the First Baptist church by the Rev. Herman Coe, pastor of the White Deer Baptist church, the Rev. C. Gordon Bayless, pastor of First Baptist church, Pampa, and the Rev. E. M. Dunsworth, pastor of Calvary Baptist church, Pampa. Burial will be in Fairview cemetery under direction of Curry-Nelson Funeral home.

The body will lie at rest at the Curry-Nelson Funeral home until time of services.

Rev. Holmes died unexpectedly of a heart attack yesterday morning, a few minutes before he was to undergo an operation for removal of his tonsils. At the time of his death he was pastor of the First Baptist church at Tyrone, Okla. He was a graduate of Pampa High school, Wayland college at Plainview and Baylor university at Waco.

Survivors are the widow, a two-day-old son, Harold Wayne, his parents, Mr. and Mrs. G. D. Holmes, Pampa, a sister, Mrs. C. J. Miller, Anillo, and three brothers, C. D., Jr., and James Edwin, both of Pampa, and Charles Arthur of Amarillo. Pallbearers will be Harold Schulroy, Roy Murphy, J. H. Howell, Paul G. S. Mann, and Fred Ballard, all of Tyrone, Okla.

Honorary pallbearers will be Carl English, Joe Shelton, Dale Wears, Walker Dempster, Earl Isley and Calvin Whitley.

Flower girls will be Marie Mann, Robie Ballard, Nerine Lyles, Nancy Murphy, Thelma Howell, and Vivian Whittier, all of Tyrone.

Torrance Ordered Held For Further Investigation

MONTERREY, Mexico, Nov. 28 (AP)—Defense attorneys will appeal Judge Jesus B. Santos' order that Arthur Torrance be held for further investigation on a "strong presumption of guilt" that the author and explorer murdered his elderly bride.

The appeal may be filed not later than Monday. The judge's order was issued yesterday.

The presumption, Torrance was informed, did not constitute final decision on the state's charge that he beat the former Mrs. Ada Loveland of Kalamazoo, Mich., to death with a vacuum bottle.

"Evidence that other women might be involved" was one reason given by the judge for holding Torrance. The names of Miss Barbara Bowen, 28-year-old Honolulu society girl, and Miss Vera Bowyer of San Francisco have been injected into the trial.

NEW AMBASSADOR—George S. Messersmith, career diplomat of many years' experience, who has been nominated by President Roosevelt to be ambassador to Cuba, Messersmith will replace Josephus Daniels, who has recently retired because of his wife's ill health.

Football Delays Chess Tournament

COLLEGE STATION, Nov. 28 (AP)—The Southwest Conference chess championship remains undecided.

The University of Texas team was scheduled to arrive here the night before the Longhorn-Texas A. & M. football game, but that would have hurried them.

They arrived on the football special, instead.

They saw the game, following which the chess teams of the two schools, after thoughtful consideration, reached a conclusion.

It would rush them a bit to play the tournament before the football special started its return trip to Austin.

So the chess match was postponed.

The boys figured they would get it played off some time next year, maybe.

Six Gray County Students Enrolled At Baylor University

Six students from Gray County are enrolled in the student body of 2,203 at Baylor university in Waco this fall, it was announced by the registrar's office here.

Students from Gray county are Frances Lee Springer of McLean, and Bernice Burgett, Norma Jean McKinney, William Ralph McKinney, Virginia Mae Simmons, and Mary Frances Yeager, all of Pampa.

One hundred ninety-three Texas counties and 404 Texas towns are represented. Outside of Texas, 197 students come from 29 states and the District of Columbia, and nine from seven foreign countries.

President Pat M. Neff, former governor of Texas, says that the tone of student life has never reached a higher level than this year in the history of the university. Scholarship of the faculty and the physical plant of the university also ranks the best in history, he said.

Indians Beat Goldbugs

OKLAHOMA CITY, Nov. 28 (AP)—Making the most of a single scoring chance, the McMurry College Indians of Abilene, Tex., defeated the Oklahoma City Goldbugs here yesterday, 7 to 0.

DOLLAR LAUNDRY

LOUISVILLE, Ky. (AP)—Some employees at the Dixie laundry is hottest. Mrs. Robert Crutcher lost a dollar bill around the house and engaged in a fruitless search for it. She had almost forgotten it when, a few days later, the missing bill fell out of the laundry just returned.

Like the clothing, the bill was clean and neatly folded, but not ironed.

"Evidence that other women might be involved" was one reason given by the judge for holding Torrance. The names of Miss Barbara Bowen, 28-year-old Honolulu society girl, and Miss Vera Bowyer of San Francisco have been injected into the trial.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

Make hers a perfect hand -- with a Diamond -- from McCarley's!

Richmond, Va., Nov. 28 (AP)—The next time H. A. Johnson locks his automobile he will be certain there is no Great Dane inside.

Shutting the car doors and locking them after nightfall, he failed to see the dog inside. The animal waited a decent length of time (some time the next day), and then went out a back window—through the glass—after trying to dig out through the upholstery.

LEVEL DOWN

LOUISVILLE, Ky. (AP)—A letter-to-the-editor made this unusual request: "Will you please ask to send someone out to level the high spots between the holes on Whitney avenue? The reason I suggest this is because there are so many holes that it will be much easier to level the street down than try to build it up."

Boys Being Taken Back To Scene Of Lawyer's Slaying

BRISTOL, Va., Nov. 28 (AP)—Two 16-year-old boys, shackled by officers who arrested them in a little Virginia mountain town after three days of investigation, started today on the last leg of their return to Leesburg, Va., and the scene of the slaying Sunday of Ward Loveless, 51-year-old Washington attorney.

Commonwealth's Attorney Charles Harrison said he had a "complete confession" from Paul Bernard Hoback, Bluefield, W. Va., and Tommie Peters, Washington. They were questioned by Virginia authorities last night before they were taken to the Bristol jail for an overnight stay.

The boys were arrested yesterday in an Appalachia, Va., hotel where they were traced after Hoback's aunt, Mrs. Ollie Carroll of Cumberland, Ky., notified officials that the car they were driving bore the same license numbers as those given in a newspaper account of the slaying of the Washington attorney.

The Netherlands East Indies is the world's fifth largest petroleum producing center.

Frank Phillips Gives \$550,000 To Foundation

OKLAHOMA CITY, Nov. 28 (AP)—Frank Phillips, Bartlesville oil millionaire, celebrated his 68th birthday today with announcement that he and Mrs. Phillips had contributed an additional \$550,000 to the Frank Phillips Foundation, Inc.

The foundation was created to further Phillips' philanthropic activities. Funds set aside for such work total \$1,300,000, of which approximately \$750,000 has been spent or pledged since Dec. 1, 1937.

Let Wards be your SLIPPER SANTA!

We have Romeos for dad.
Bootees for mom. Fur fluffs for glamour girls. Felt hylas for argy boys. Bunny boots for kids.
All at thrifty prices!

CAPE SKIN BOOTEE with white shearing collar à la Eskimo. Wine, blue. \$2.99

SHEARLING SLIPPER warm as Mary's lamb. Felt lining; leather soles. Blue. \$1.29

BOYS' EVERETT in brown silk-tanned leather with white plaid collar. \$1.00

FIRESIDE ROMEO'S Dad's favorite, in soft kid. So comfy! Black or brown. \$1.98

Rising Tide Of Accidents Slowly Cut

CHICAGO, Nov. 28 (AP)—The National Safety council today reported progress in the nationwide effort to dam the rising tide of accidents in the United States.

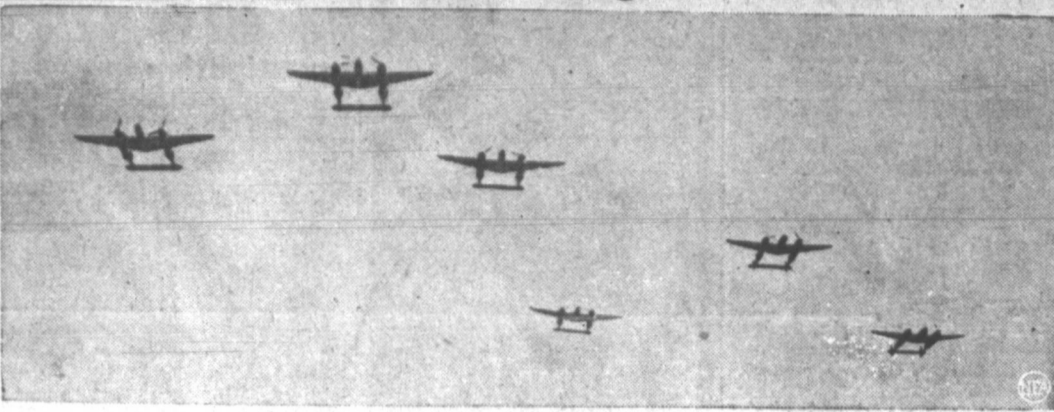

The increase has not been stopped, the council said, but a peak rise of 23 per cent in traffic deaths in August has been cut to a 13 per cent increase in September and 12 per cent in October.

It was in August that President Roosevelt called upon the council to lead a defense emergency safety campaign to curb the growing menace in an attempt to offset the usual rise in traffic deaths during the year-end holiday season, the council said. It also is undertaking a special Christmas safety drive with the theme, "Give Courtesy for Christmas."

The October traffic toll was 4,050, approximately 400 greater than in October, 1940, but the 12 per cent rise was the smallest for any month this year. Traffic deaths for the first 10 months of 1941 totaled 31,620, a 16 per cent rise over the 27,219 toll for the same 1940 period.

Travel in September, the latest month for which mileage figures are available, was 13 per cent greater than in September, 1940. This was identical with the fatality in-

Lightnings Thunder Through Carolina Skies

Square specks in the sky, six P-38 Lockheed Lightning fighter planes roar into battle with "enemy" Airacobras during Carolina maneuvers. "Destroyed," according to umpires, were four Lightnings, two Airacobras.

crease. For the first nine months of this year travel was up 12 per cent and the mileage death rate 4 per cent.

Cities of 10,000 or more population reported an average death increase of 4 per cent in October, compared with a 6 per cent rise in September and 18 per cent in August.

For cities of all sizes a 6 per cent increase was recorded during the first 10 months, compared with a rise in rural traffic deaths of 21 per cent over 1940.

Although the 18 cities of 500,000 or more population had a relatively unfavorable October record—an 8 per cent increase in deaths—they continued to be the only group with a cumulative reduction for the year. This reduction, however, has been cut to less than 1 per cent.

Memphis continued to lead the large cities in cumulative death reductions with a 10-month toll 59 per cent below the comparable 1940 figure. St. Paul was second with a 28 per cent reduction.

Brownwood Collision Claims Four Lives

BROWNWOOD, Nov. 28 (AP)—Four persons were killed and four injured, two of them critically, in a head-on automobile collision nine miles northeast of Brownwood early today.

The dead: Pvt. Charles R. Wilson, 21, of Company D, 142nd Infantry, whose home was Stephenville; Sgt. Richard W. Wolvort, 22, of Stephenville; Mrs. W. C. Magness, 60, of Comanche; Homer Turpin, 27, Comanche service station operator.

Reported near death in a hospital were James E. Alexander, 22, Stephenville soldier, and Miss Treva Magness, 25, Campa Bowle civilian worker whose home is in Comanche. Slightly injured were Carl A. Penberton, 23, Stephenville soldier, and Miss Maurine Dixon, 25, of Comanche.

The four soldiers were in one car en route from Stephenville to Brownwood, and the four civilians were in the other automobile on the way to Comanche.

The dead and injured were brought to Brownwood.

Austin Beats Trinity SHERMAN, Nov. 28 (AP)—The Austin College Kangaroos won the battle of the Presbyterians yesterday afternoon by defeating Trinity university, 20 to 13.

It may be the last game between the two schools, as a committee is working out plans to combine them into one institution.

Officer Gets Medal For Soldiers Rescue

CAMP HULEN, Nov. 28 (AP)—The soldier's medal for heroism was awarded at a brigade review to Second Lieut. Frances C. Grevenberg of the 105th coast artillery anti-aircraft battalion yesterday.

The lieutenant's father, Frank B. Grevenberg of New Orleans, pinned the medal on his son's breast.

The award by the war department was for Lieut. Grevenberg's rescue of two soldiers from Chesapeake Bay last summer while he was attending the coast artillery school at Fort Monroe, Va.

The 105th and 106th battalions and the 211th coast artillery anti-aircraft regiment participated in the review.

Maybe He Should Try The Marines!

TOLEDO, Ore., Nov. 28 (AP)—Paul Wallace received his army draft call the day he enlisted in the navy.

The navy said they wouldn't take him on account of the army call.

The draft board deferred him because of the navy enlistment.

So the navy told him to report Dec. 19. But the army, advised of his priority, ordered him to report Dec. 3.

Woman Shoots First Time And Kills Deer

MASON, Nov. 28 (AP)—Around the hunting lodge on the C. L. Martin and sons ranch here, they tell this one about Mrs. Jack Boles of Dallas.

Before her arrival at camp, Mrs. Boles had never fired a rifle. Seth Martin, one of the ranch owners, took her out and showed her a buck. He handed her a rifle with which to do the shooting. He instructed her about lining up her sights, while the buck waited patiently. He showed her how the little bronze head on the fore-sight must be on the buck, yet at the same time resting snugly in the crotch of the rear sight.

Mrs. Boles listened carefully; did

as she was told, and knocked over a five-point buck with the first bullet she'd ever fired from a gun.

On top of that, she tried hitting a buzzard later in the day—and got it, too.

Her husband, with the Federal Land Bank of Dallas and brother to John Boles, movie star, got his buck as usual this season. But he's convinced that he made a mistake in bringing his wife along. Already, she's demanding that he buy her a rifle and teach her how to shoot it.

Two Killed When Car, Truck Meet

SAN ANTONIO, Nov. 28 (AP)—The death toll resulting from a collision of a pick-up truck and a car between Natalia and Lytle on the new Laredo highway Wednesday today stood at two following the death of Leonard Lee McKinley, 32, of Pearland.

He died at the county hospital Thursday. He was listed as driving the car in which also was riding J. W. Smith, 55, Pearland, who was fatally injured in the crash.

M. P. Bodkin, 18, Atascosa, who was listed as driving the truck, is still in the county hospital for treatment of a head injury.

Treated and released were his passengers, Raymond Winans, 18, Somerset, and Calvin Standfield, San Antonio.

And They Never Did Find Victim's Wife

PERU, Ind., Nov. 28 (AP)—A Pennsylvania railroad train hit an automobile.

Arch Estabrook, 42, pulled from the wreckage and taken to a hospital suffering from shock, kept asking state police to find his wife.

They hunted up and down the tracks. Trainmen looked over the locomotive when it drew into Logansport, No. Mrs. Estabrook.

Finally the officers went back to talk with the driver. He was better. He remembered then that he'd been driving alone.

Eden Claims Nazis Killed 35,000 Slavs

LONDON, Nov. 28 (AP)—British Foreign Secretary Anthony Eden gave these "official German figures" on executions in Nazi-dominated countries to the house of commons today:

Czechoslovakia—332 from Sept. 27 to Oct. 29.

Yugoslavia—1,132 since the German occupation.

France—250 since Aug. 13.

Zagreb—100 shot to death June 23 for the death of two German soldiers.

"I think the house would not be far wrong if it were to assume that killings in Yugoslavia alone since the German occupation are perhaps 35,000," Eden added.

HARVESTERS LOOK LIKE CHAMPIONS CRUSHING BORGER

Titlists To Be Selected At Plainview

Eight years ago the Pampa Harvesters were champions of district 1. Today the Harvesters have a grip on the same title as a result of their impressive 46 to 6 victory over a fighting band of Borger Bulldogs here yesterday afternoon.

Today the Harvesters are tied with the Lubbock Westerners for the district championship. Should the Amarillo Squires win tomorrow in Plainview the race will be in a three-way tie. That will mean that the district executive committee will have to certify a champion before midnight Saturday.

Yesterday the Harvesters finished one of their most successful seasons in recent years. The 1941 Harvesters hung up eight victories against two defeats. One of those wins was over the Amarillo Squires, a feat not accomplished in the past 10 years.

A team to represent the district in a bi-district game with the Wichita Falls Coyotes will be named Saturday night in Plainview. That team will be selected by the district executive committee, composed of superintendents of the five member schools. Pampa fans believe the Harvesters should be selected because of their stunning upset of the Sandies.

When last the Harvesters represented the district they went to the state quarter-finals, losing to San Angelo, 7 to 6.

Harvesters Queen Crowned

The Harvesters not only beat Borger yesterday but they crowned a queen, Miss Bertha Mae Willis, a junior.

Guests at yesterday's game were nearly 800 Boy Scouts, Cubs and their leaders, here for the Adobe Walls Scout rally. Preceding the game the Boy Scouts gathered in a whirlpool formation in the center of the playing field with United States and troop flags in the center.

The Scouts and fans stood at attention and gave the pledge to the flag and then sang "God Bless America."

When the Bulldogs took the field fans thought they were seeing things and they were—because the Borger backfield foursome was wearing basketed trunks. They had their pads taped to their legs with adhesive tape.

Believing that speed might beat the Harvesters, Coach "Finty" Nicholas decided to do away with the cumbersome football pants and his strategy worked once when Burson overhauled Halter who appeared on his way for a touchdown. Although looking ragged in spots the Harvesters played championship ball most of the way.

It took the Harvesters a full quarter to get rolling but when they finally started they were holding them. On the first play of the second quarter Jack Waters, reinstated fullback who played a bang-up game, plowed over for a touchdown. Within two minutes Waters bagged his second touchdown on another line-splitting plunge. That score brought his total for the season to 54 points.

Arthur added another touchdown on an 8-yard jump midway in the third quarter. Before the half the Harvesters took to the air for a score, Halter passing to Arnold in the end zone. That gave the Harvesters a 27 to 0 lead at the half.

Bulldogs Back Up

Borger's Bulldogs came back in the third quarter and played sparkling ball. It wasn't until near the end of the period that Halter passed 12 yards to Dunham for a touchdown after Halter's 40-yard touchdown run had been called back and Pampa penalized 15 yards.

Meador flitted 25 yards for a Harvesters touchdown early in the fourth quarter and a few minutes later Halter passed 5 yards to Lard in the end zone.

Borger's only touchdown came when Burson swept left end for 5 yards at the gun.

Halter was the outstanding player

THE PAMPA NEWS

(VOL. 39, NO. 201) FRIDAY, NOVEMBER 28, 1941 PAGE 7

on the field. The junior halfback ran and passed like velvet. Not far behind Halter were Waters, Meador, Arthur, and Dunham. The entire Pampa line was outstanding with reserves taking the spotlight, especially when Shotwell, Lard, Berlin, and Harry Kerbow took over.

Borger's attack was led by Briggs and Burson with Scott and Gaddis shining on defense. Borger was outweighed about 18 pounds per player.

Borger's razzle-dazzle attack had the Harvesters worried at the beginning but soon the Pampa defense caught on and held. The game opened with Borger holding and Pampa punting. Briggs opened the Borger attack by flipping a lateral to Burson good for 15 yards. A triple lateral worked for 15 yards more points. Bradford returned the on and rushed the passer. Pampa's first scoring threat died when Meador dropped a perfect feather pass from Halter on the goal line. Then Briggs intercepted a pass and returned to the Pampa 18.

First Pampa touchdown was set up by Halter returning a Borger punt to the midfield stripe just before the quarter ended. Waters and Meador punted up 12 yards and Arthur added 6 yards. Halter roared for 15 paces and then Arnold, on an end around, went to the Borger 4-yard line at the end of the first quarter.

Borger was penalized to the 1-yard line for two many times out and Waters went over for a touchdown. Phillips added the extra point.

Before two minutes had passed the Harvesters roared for another touchdown. Halter intercepted the kickoff to the Borger 36 and on the first play Meador intercepted on the Pampa 45 and returned to the Borger 42. Halter passed to Arnold who ran to the Borger 1-yard line before being rolled out of bounds. Again Waters hit the line for a touchdown and again Phillips kicked the extra point.

Borger Pass Backfires

Another Borger pass set up Pampa's third touchdown when Bobby Dunham intercepted on the Borger 40 and returned to the 29. Arthur smashed off tackle for 19 yards. Dunham picked up five and then Arthur flitted around end to cross the goal line standing up. This time Phillips missed for extra point.

Pampa's defense smothered Borger's trick plays all the way back to the 5-yard line and Briggs' punt went out of bounds on his 16-yard line. Then Burson gained 8 yards and then Halter stepped back and flipped a touchdown pass to Arnold in the end zone. Edson kicked the extra point to give the Harvesters 27 points in the quarter.

Play in the third quarter was more even as the Harvesters protected their lead. Borger's trick plays and passes worked to the Pampa 39-yard line but there the drive died when the Bulldogs lost 29 yards on a double lateral and a fumble.

Burnett intercepted a Borger pass and the Harvesters marched to the Borger 8-yard line where Halter fumbled and Borger recovered. Briggs kicked to the Borger 40 and on the first play Halter flitted 40 yards for a touchdown, only to see the Pampa defense penalized 15 yards for clipping. Not to be denied, Halter passed to Arthur on the Bulldog 6-yard line. Pampa lost 6 yards on a bad pass from center but gained it back and six more when Halter passed to Dunham for a touchdown.

Reserves Finish Game

Pampa reserves then entered the game and played the rest of the time.

Borger decided to gamble early in the fourth quarter but failed when Berlin and Shotwell smothered a trick pass play and Pampa took the ball on the Bulldog 43. Edmonson gained 8 yards and then passed to Hollis on the 25 from where Meador skirted end, with Abernathy clearing away the last obstacle, for another Harvesters touchdown. Edson kicked the extra point and Meador again put the fans on their feet with a one-handed catch of a pass but the play was called back and Pampa penalized. Waters roared for 15 yards and Lard, on an

AGGIES BOW TO LONGHORNS IN 27 TO 0 BATTLE—Spec Sanders (3), in the game as a substitute for Jack Crain, breaks around Texas' right end for the 50-yard run that, three plays later, enabled Crain to kick a field goal, the only score in the first half. 40,000 spectators saw a smashing Texas spectacle break an 18-year-old jinx by beating the Aggies on their own field at College Station, Texas.

Tommervik Greatest Offensive Star In Minor College Football

By GAIL FOWLER

SEATTLE, Nov. 28 (AP)—Marvin "Tommy" Tommervik, 1940 Little All-America halfback at Pacific Lutheran college near Tacoma, Wash., will wind up his senior year as the greatest total offensive gainer in minor college football.

American Football Statistical Bureau figures released today show Tommervik has gained 1,762 yards from passing and rushing in eight games, and still has a game left against College of the Pacific at Tacoma tomorrow night in which he hopes to be the first to amass 2,000 yards in one season.

Whether he hits 2,000 or not, it still will be a record for a minor college player, because four years ago as a freshman, his coach, Siff Olson, clucked in despair at his awkward efforts.

Tommervik rushed the ball 652 yards in 110 plays to rank sixth in rushing offense, and completed 61 of 120 passes to rank third among the passers in completions, although end around, added 12 more. Edmonson, on his best run of the day, skipped to the Bulldog 10. Edmonson and Hollis went to the 1 but Pampa was penalized 5 yards for officious. Two passes fell incomplete. Nobles twice and Bradford chimed in with two nice ground gains. Briggs passed to Burson and then hit center to the Pampa 5. Three passes fell incomplete. Then Burson flitted around end to score. His try for extra point was wide. The gun sounded before the kickoff.

Starting lineup:

Pampa—Cox and Ott, ends; Phillips and Chesler, tackles; Burnett and Moyer, guards; Burge, center; Edmonson, quarter; Hollis and Meador, halves; Boyles, full.

Borger—Young and Scott, ends; Carter and Conners, tackles; Johnson and Hillman, guards; Gaddis, offensive line; Briggs, quarterback; Burson and Chambliss, halves; Bradford, full.

Substitutions: Pampa—J. Kerbow, H. Kerbow, Berlin, Edson, Lard, Halter, Berry, Allen, Thomas, Shotwell, Finlay, Waters, Dunham, Arnold, Arthur, Snyder, Abernathy. Borger—Nobles, Johnson, Priest, Frederick, Burton, Greer, Nelson.

Summary:

Pampa	Borger

Odessa And Sweetwater Also Tied

By The Associated Press

Class AA schoolboys went worried along the state championship trail today (Friday), but the ranks of the contenders were thinned yesterday when two district titles were awarded. Two other districts were knotted in ties after yesterday's games.

District 13 honors went to Lamar (Houston) when that team defeated Milby (Houston), 35 to 0. The Breckenridge Buckaroos downed Cisco 13 to 0, thereby taking possession of the district 9 crown and remaining undefeated for the season.

A coin was tossed at Cisco, and it was decided the Breckenridge-Temple bi-district contest will be held Friday, Dec. 5 at 2:30 p. m. at Temple, home of the district 10 winners.

Pampa defeated Borger 46 to 6 and thereby clinched a tie for the district 1 blue ribbon. Pampa and Lubbock are tied and their seasons are finished. Amarillo can make it a three-way dead heat by beating Plainview Saturday, when the district committee will meet after the game to determine the champion.

Sweetwater stepped up to the top rung of district 3 with Odessa by turning back San Angelo 6 to 0 yesterday. No meeting of the committee has been called to decide the champion, but this action must be taken by midnight Saturday.

Tyler and Nacogdoches will play their bi-district tilt next Friday afternoon at Tyler, officials decided.

The district champions have now been decided: District 2, Wichita Falls, 4 Yesletta, 5 Paris, 6 Highland Park (Dallas), 7 Amos Carter Riverside (Fort Worth), 8 Sunset (Dallas), 9 Breckenridge, 10 Temple, 11 Tyler, 12 Nacogdoches, 14 Goose Creek, 15 Austin, 13 Lamar (Houston).

Corpus Christi plays Edinburg for the district 16 gonfalon tonight, and you'll see what we're up against.

A survey of the books reveals these self-explanatory results:

Northeast 23, Capital Hill 0.
Classen 8, Capitol Hill 0.
Northeast 25, Central 0.
Classen 18, Central 7.

For the last time this season, spectators will see Northeast's de luxe battlefield headed by 160-pound Buddy Villines and 181-pound Ray Ary.

It will be the last time these explosive backs work together, since Ary will be graduated next semester.

Villines, who looks like the sweetest quarterback to play with a city team in years, has one more season.

Top Billing for These Ary passing, ramming and threading through a broken field. Villines—adroitly maneuvering the team, wriggling through pin-holes openings, passing and swishing around the ends.

That's the way the poster bills these dexterous steppers, whose gridiron tap-dancing has rocketed Northeast to its greatest glory.

McManus's stellar 1939 club maneuvered the winner of the McLean-Plyodaga game to be played in McLean December 5, for the regional title.

Outweighing their opponents 20 pounds per player, the Blackhawks started scoring early and never stopped. Waldrew, who combined speed, power and a change of pace, romped for three touchdowns while Dennis Jackson, his running mate on a double wing formation, added two more.

Herford's only touchdown came when Merrill passed to Russell.

The Phillips second team played much of the game as Coach Chesty Walker gave his reserves experience.

Arkansas Upsets Tulsa, Missouri Valley Champs

By AUSTIN BEALMARE

NEW YORK, Nov. 28 (AP)—The falling football season is facing its last big day with the problem of producing opponents for most of the Bowl contests and settling several family feuds.

Yesterday's second edition of the Thanksgiving holiday furnished one major scrap in which once-mighty Texas returned to form and kicked Texas A. and M. right out of the ranks of the unbeaten and untied by the score of 22-0.

Another Southwest entry, tall-end Arkansas, kept its season from being a total flop by whipping Tulsa, champion of the Missouri Valley, 15-4. It snapped a seven-game winning streak for the Oklahomaans and a four-game losing streak for Arkansas.

Fullback Jack Fautson scored all the touchdowns for Oklahoma A. and M., which trounced Wichita (Kan.) university, 33-13. Elsewhere in the Southwest, Arkansas Teachers blanked Arkansas Tech, 7-0. McMurry nosed Oklahoma City conference.

Norton Says Team To Play Bowl Game Despite Defeat

By HAROLD V. RATLIFF

COLLEGE STATION, Nov. 28 (AP)—Coach Homer Norton of the Texas Aggies stated emphatically today that his team would play in a bowl game Jan. 1 despite its loss to the University of Texas.

And he indicated more than one bowl might be seeking his Aggies.

"The 23-0 defeat at the hands of Texas yesterday tumbled A. and M. from the ranks of the nation's unbeaten but it had no effect in the result of the Southwest conference race. The Aggies already were champions and as such automatically are invited to play in the Cotton Bowl at Dallas.

Norton also said seven members of the Sugar Bowl committee conferred with him yesterday.

"Texas remained mum on the bowl situation but it is known that the Orange Bowl would like to have the Longhorns. A representative from Miami was here yesterday.

Coach Dana Bible's team was very much in the picture as a result of its stunning triumph. While Texas has lost one and tied one, both games were inside the conference. The Longhorns finish against Oregon next week at Austin.

Norton paid tribute to Texas as a fine team.

"We feared our comparatively inexperienced team would crack in some game," he said. "They did against Texas. But the better team won and we have no regrets."

Credits for the Longhorns' performance meanwhile went to a couple of comparatively unknown backfield reserves as well as rock-socking Jack Crain.

It was Orban (Spec) Sanders whose althiering, 50-yard run down the sidelines set up Crain's field goal with 55 seconds remaining in the first half.

Noble Doss raced 82 yards to pave the way for the first Longhorn touchdown, cutting behind his own goal after receiving the ball from Crain on the second half kickoff.

Still, the spark of victory was supplied by the Nocona nugget who ripped the line, hurried the ends, ran back punts—kicked and did about everything else a great football player should do.

Dwaine Moser, Cadet, candidate for All-American honors, trimmed his ankle early in the game. He was hit to three or the Aggies' five net yards gained from rushing.

Doesn't seem very reasonable to do it that way when the Indians could have had Mike as manager. . . . Some say Frank Kovacs saves his screwball stunts for the tennis courts, but line, harried the ends, ran back punts—kicked and did about everything else a great football player should do.

Dwaine Moser, Cadet, candidate for All-American honors, trimmed his ankle early in the game. He was hit to three or the Aggies' five net yards gained from rushing.

Today's Guest Star

James E. Doyle, Cleveland Plain Dealer: "Vitt to Peck to Boudreau—two pappies and then a papoose. Often before the Bradley entry has been led by a colt—but usually at Churchill Downs."

Football Fricassee

Jack Kohler of Meadville, Pa., says the following, not as an all-unpronounceable team, but as the starting lineup for Alliance college of Cambridge Springs: Fryzek, Trzyskat, Piskarski, Bazranicki, Ostowski, Procycki, Koszarek, Smietana, Noga, Jurkowski, Szaraki. . . . Must be that entangling alliance we've been warned against. . . . The Texas Aggies offer real service to fans. Announcement before yesterday's game said if it came up rain they'd have tractors and teams on hand to haul out cars that got stuck in the parking field. . . . Bill Dudley, Virginia's candidate for All-America, is No. 1 on the Washington Redskins' list if he decides to play pro ball. . . . Duquesne's Dukes are so eager for the Sugar Bowl bid that they got their congressman working for it. . . . Missouri players reveal that they've had feelers from all five bowls but would prefer to visit Pasadena. . . . Dick Baxter, president of the Illinois Coaches' association, is starting a movement to put another high school coach into Bob Zuppke's job.

Open Question

Coach Ed Simonich of Carroll college, Helena, Mont., (tied but unbeaten and unscorred-on) wants to know if his team set a record this year in beating Boise (Idaho) Junior college 6-0 on three safeties. Nearest things he has dug up is when Drew gave away three safeties to win 7-6.

Sportpourri

Mid-western writers are blasting Bill De Corveent for his blasts at Lynn Waldorf. They say the only reason he swam Northwest's big star was because he didn't try hard enough. . . . Local angle on the appointment of Lou Boudreau as Cleveland manager is that Mickey Cochran may be brought in as coach to absorb some of the bumps.

Northeast To Play For Grid Championship

OKLAHOMA CITY, Nov. 28.—Northeast high school, wheeled around for five years in the football barnstorm, hopes to prove Friday night that it's ready to move into a lion's cage.

For the first time in history, the city's Big Three finds its rule challenged by the Norsemen meeting Classen for the championship at Taft stadium at 8 p. m.

Northeast is in the enviable position of having nothing to lose, while the Comets are risking the trophy they thought they had won with victories over Central and Capitol Hill.

They'll Talk Now

Coach Hack McManus's Norsemen likewise mastered those teams. Other high-caliber opponents, as well, fell beneath the grinding Northeast machine whose only defeat came at Pampa, Texas.

Coaches talked freely Thursday afternoon.

"We reached our peak against Central," Northeast's McManus declared, "so don't expect too much of us Friday night."

"We're playing Central and Classen in succession and nobody in town would ever intentionally stick his neck out like that."

Higbie Views Records

Comet Chief Leo Higbie conceded Northeast's readiness with the invitation: "Just check the records."

THE PAMPA NEWS

Published every evening, except Saturday, and Sunday morning by the Pampa News, 123 West Foster Avenue, Pampa, Texas. Phone 666—All departments.

MEMBER OF THE ASSOCIATED PRESS (Full Leased Wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to this paper and also the regular news published herein.

Entered as second class matter March 16, 1927, at the post-office at Pampa, Texas, under the act of March 3, 1879. National Advertising Representatives: Texas Daily Press League, New York, St. Louis, Kansas City, Los Angeles, San Francisco and Chicago.

Subscription Rates: BY CARRIER: In Advance, \$2.50 per month, \$25.00 per year. Paid in advance, \$2.50 per month, \$25.00 per year. Outside of the Pampa, \$7.50 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those positions which it believes to be wrong, regardless of party politics.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Threat To The Press

The greatest threat to our vaunted freedom of the press is not the possibility of censorship. Rather it is the imposition of unnecessary economic controls masquerading as steps in the national defense interest. So far the threat has been directed at the advertising department. The Attorney General sent a questionnaire to many advertisers to find out how much and in what ways they spend money, and for what purpose. It has been proposed in Washington that brand names be eliminated, and that articles be sold as soap, candy, or what have you. And without advertising support, the cost of a newspaper would be out of reach to most buyers.

There is a very general impression that advertising adds considerably to the retail price of goods. The fact is that when it has been intelligently used to increase the sale of articles in common use, it has resulted in improving the quality and lowering the price. Some interesting testimony on that phase of advertising was given before the House Judiciary Committee by W. S. Farish, president of the Standard Oil Company (N. J.), which spends millions each year in advertising. He told the Committee:

"Although the sums expended for advertising by some companies are large, it is easy to exaggerate the part of the customer's gasoline dollar which is spent for advertising. If all the advertising expenditures of the industry were charged to gasoline alone, it is probable that they would represent less than a quarter of a cent per gallon."

As a matter of fact, a large proportion of the advertising money has been applied to other products and services. Even if it were all covered in the price of gasoline, it would not mean much to a motorist who learned that on a purchase of ten gallons, he had contributed 25c for advertising and 60c for state and Federal sales taxes.

Driving Force

The role of banking in defense is described in a recent issue of the Federal Reserve Bulletin. The banks are doing a defense job which has two distinct phases. First, the banks have continued to heavily increase their purchasing of United States government securities. These purchases provide a great deal of the money with which the government is carrying on defense activity.

Second, the Bulletin continues, banks are playing an exceedingly important part in financing defense contractors and subcontractors. In 12 leading cities, banks' defense loans in April comprised an average of eight per cent of total commercial loans, and since then have probably increased to at least 12 per cent. As the Bulletin puts it, "The contribution of commercial banks to the financing of the defense effort has been substantial and is of growing importance. Likewise, lending for defense purposes is becoming an increasingly significant part of the banks' lending business."

The fact is, according to banking authorities, that the banks of the country are ready and able to do much more defense financing. Government lending agencies are, however, unnecessarily making loans which could be handled by private capital, thus slowly but surely driving the nation toward state socialism and the destruction of private enterprise, an end against which our whole defense program is aimed. Whether the times are normal or abnormal, banking continues to be a vital driving force in the affairs of this nation.

The Nation's Press

Secretary of the Navy Frank Knox has two or three times voiced the general Washington feeling that a U. S.-Japan war is just around the corner. As levelheaded and realistic an observer as Gen. Hugh S. Johnson remarked sadly last week that he considered war with Japan inevitable.

The question that keeps stumping us is: Why? Why especially when we are abroad, at war by sea and moving as rapidly as the President can lead us toward all-out war with one of the most successful and ruthless conquerors of all time?

If the United States had any real quarrel with Japan, or if Japan were showing signs of sending ships or planes or both to hammer our western coasts of Hawaii, our West Coast cities, and our San Pedro naval base, we'd say sure, let's take them on no matter what other wars were engaged in. We'd have to take them on, and give them the best fight we could.

Common Ground

"I speak the plain-word principle, I give the sign of democracy. By God I will accept nothing which cannot have their counterpart on the same terms." -WALTY WHITMAN.

ANSWERING A READER'S QUESTIONS

A reader asks several questions. One question was, how I know that Stalin will double-cross us the minute he feels it is to his advantage to do so?

I stand corrected. I should have said "I believe," instead of "I know." We know very little about what an individual will do in the future. We can only believe.

The reader asks what indications there are that cause me to say that Stalin will surrender the equipment to England. I will list a few:

- 1. The remarkable progress that Hitler has made so far in Russia.
2. Stalin is governed by no principles, no rules, other than his own advancement.
3. His first treaty with Hitler indicates his willingness to ally himself with Hitler.
4. His attack on Finland is proof that he has no regard whatever for other people's inherent rights. So he will have no regard for ours.

Another question asked is why have we appropriated four or five times as much for home defense as for foreign defense, if we are not afraid of physical injury from Hitler?

Probably it was war hysteria, and the fact that people at first believed Roosevelt's theory that we could be attacked by airplanes. Then, again, probably a great deal that we have appropriated for our own defense will be sent to Europe. I doubt whether there is any dividing line between what is appropriated for local defense and for assisting China, Russia and England.

Another question asked is why has pauperized Germany, with her slave labor been able to outdo all democracies in getting ready for war?

Because the German people were willing to sacrifice for the present and concentrate on war production because they believed that they were unfairly treated by the allies with tariff walls, immigration and reparations; and that after they defeat those they believe are oppressing them they will more nearly be free and more nearly get all they produce; that is, be more truly democratic.

Again, unless we call a majority rule a democracy, where the majority can confiscate any fraction they see fit of the fruits of real producers, we really have no democracies, where each man gets all he produces, where we have free enterprise.

History gives no evidence that a democracy, where the majority can confiscate the property of the minority, as has been the case in England and the United States for the past quarter of a century, can long defend itself. It destroys itself by taking the management out of the hands of the most efficient.

That slave labor of the South was not as productive as the free labor of the North, was proved beyond the shadow of a doubt by Hinton Rowan Helper of North Carolina in 1857 in his book, "The Impending Crisis." All who believe slave labor can compete with free labor, should read this masterpiece on the subject.

Another question asked by the reader is where he can find context of Emerson's statement, "Gift is contrary to the law of the universe." I cannot give the exact place, but his whole essay on Compensation is evidence that everything must be paid for. And if everything must be paid for one way or another, then gift is contrary to the law of the universe.

The same reader inquires whether I believe that when France fell the scare in Congress was only an economic scare?

I believe most of the congressmen do not express their opinions by the manner in which they vote. Most of them only reflect what they think will keep them in office. The President influences them by patronage. He is power mad. He wants to run the whole world.

If they were frightened because they thought our country could be invaded because France was invaded, they were in error.

WHAT IS A GODLESS MAN?

Inasmuch as I have made the statement several times in this column that socialist, communists and union labor leaders are Godless men it would seem I should clarify the meaning of a "Godless man."

I do not mean a Godless man is necessarily an atheist or an agnostic.

A person is godless who makes God after his own image, changeable, mutable and without order, rules, laws or principles.

A man who believes in an anthropomorphic God that changes with his will would be Godless because the primal essence of God is harmony, consistency, sequence, dependability, law, order, axioms, principles which are self-existent, inviolate and immutable. Therefore, an one who attempts to abrogate these eternal principles, as socialists, communists and modern collective bargainists do, are Godless persons. It is in this sense that I use the idea of "God-man."

Most other Orientals are not, because of centuries of oppression by war lords, sultans, maharajahs, etc. And let us make no mistake about it, the Japs are excellent fighters. Their islands have never been invaded in recorded history. The Mongol Emperor Kublai Khan, conqueror of the Mongol Empire, was the last man to try to invade Japan. He died, Kublai's ears were snuffed back by the Japanese in 1274, and again in 1281. He was planning a third party try when he died in 1294, but his successors thought better of it.

The commercial side of the Japanese-American picture is that for many years before this war Japan was our third best customer in the entire world. In a good specimen year, 1935, we exported \$43,900,000 worth of goods to the United Kingdom, \$23,000,000 worth to Canada, and \$203,000,000 worth to Japan. Incidentally, in that year Japan took more of our goods than did all ten of the principal South American nations put together. This South American figure was \$172,743,000.

A War On Two Fronts

It is against these people that our war hawks are proposing that we fight a war. Again, why? The Japs don't want to fight us. They have gone to the length of clipping a special envoy, war hero to make another bid for peace.

We are giving up our major territorial interest in the far Pacific. Legislation cutting the Philippines loose in 1946 is on our books—legislation which the Philippines, who always have disliked us, kept begging us to enact. The Philippines have lately taken most of the independence talk back. True; but the intent of that law is that we are getting out of our Far East misadventure.

Most Americans are convinced, don't want to fight Japan. Especially, does no sensible American want a two-front war, against Germany to the east and Japan to the west, at the same time. The only answer that we can figure out to this "inevitable" war with Japan is that our Administration feels obligated to shore up the British Empire in the Far East.

No Winter Slowdown On This Front

Perhaps you've seen that remarkable life-size picture of Judy, a red cocker spaniel, in Fletcher's store. Well, you may be interested in knowing that Judy is the mother of five pups, all red, just like their mother, but Judy is not any prouder of those pups than are Judy's owners, Miss Bernice Chapman and Mrs. Ellen Chapman, 601 West Foster.

When I design costumes for a star, I am given first a script. It carries an outline of all the costume changes. Taking every situation under consideration, also thinking of the star's own tastes, I then make a number of rough sketches. These are sent to the producer's office, and when the budget meeting on the picture comes up, I am told how much I can spend.

I have sketches made by my artist get together groups of fabrics, and ask the star to come to my office. It's important that an actress be pleased with her dresses, so I give her first choice on materials. The director, producer, and cameraman then look at the fabrics and sketches, and then we start the dress in work.

Upstairs in the RKO wardrobe building are the sewing, cutting, and fitting rooms. We take the most exacting measurements and as a player gains or loses a few pounds, her workroom figure is adjusted.

We have women who sew on the machines, who cut materials, who embroider, do fine handwork, and some who do fittings. After the dress is cut and draped on the figure and basted together, I make whatever changes I want, and it is roughly put together for the first fitting.

Marie, my favorite fitter, and I meet the star in the dressing room and between the three of us the dress begins to take shape. It then goes back to the sewing room and on the figure, and Marie explains to the women just what is necessary to be done. We are lucky if we can have only two fittings. Usually there are more.

After the final fittings, costumes are given a screen test while worn by the star or her stand-in to be sure that on film they will show the contrast or richness, or whatever effects we want.

Actresses are kept pretty busy, but they're clothes work hard, too. They're cleaned after every wearing, and are ready again the next morning. Although a dress may be used only in a few sequences, it suffers as much wear as an ordinary dress in private life would get in a year.

When the picture is finished, the dress does not get a chance to rest. It is taken back to the wardrobe and perhaps a collar or fur trimming is taken off or added, and it is then placed on a secondary player in another picture. We have dresses in the RKO wardrobe that I designed six years ago for Irene Dunne and are still used in pictures. The average woman would not want to buy these clothes if she could see them.

The cost on picture costumes is extremely high. We think nothing of approving a budget of \$400 for a simple suit made of the best fabric, cut and fitted by experts. But it's worth it, considering the service we get from it.

We are not going to have a national joy-ride. Just ahead of us, I truly believe, are the toughest, happiest years we have been through since Valley Forge.

an want a two-front war, against Germany to the east and Japan to the west, at the same time. The only answer that we can figure out to this "inevitable" war with Japan is that our Administration feels obligated to shore up the British Empire in the Far East.

Behind The News In Washington

WASHINGTON, Nov. 28—Formal action of the House of Representatives in "permitting" Congressman Hain Fish to testify before a federal grand jury investigating Nazi propaganda activities in the United States provides one of the biggest laughs and at the same time one of the saddest commentaries on the workings of the congressional mind you could ever find.

In effect, the house ruled that Fish could testify only when the house was not in session, but on the day after this great concession was announced, there were two roll calls in the lower chamber. The first, on a quorum call, revealed that 125 members of the house were absent from duty. The second, a vote on the question of killing the enacting clause of a bill to regulate deportation of aliens, revealed that 120 solons did not vote.

That gives you the inconsistency of the picture: A third of the members can be absent from the house junketing to South America or Europe, at home making a speech, working in the office, in bed with the flu, or holding hands with the state soldiers boys, a third of the right. But let a congressman be called upon to do his duty as a citizen and tell what he knows to a grand jury—then the affairs of state become most pressing indeed.

Committee meetings must be held, heads must be put together and brows corrugated, and the sacred privy-legs of this great statesman—harumph! kaff! kaff!—deliberated upon as though someone proposed sawing out his tonsils with a kitchen spoon.

THE MEN WHO WILL HAVE TO DO THE FIGHTING—the soldiers, sailors, and marines—are getting along with their British brothers in arms just about as well as they did in the last war, which is not at all. Death of an American in the Mediterranean, for example, is typical of what always has happened and always will happen when peoples of two countries are thrown together.

U. S. ports where British ships are under repair report constant clashes between Yankies and British tars. From Norfolk recently, came news of a repeat performance of a gag that dates back to the last war certainly, and perhaps to the Revolution.

Said a British gob: "Hey, Yank, what's the colors of your flag?" Said the Yank: "Red, white, and blue, same as yours!" Said the Britisher: "Yes, but what's that streak of yellow in it?" That's where the fight started.

A new angle to the perennial scrawl between the little town and the big city has been uncovered by the Tolcan committee investigating defense migration. Small business men in the little towns are complaining that the state employment agencies, given the job of recruiting skilled labor for the defense plants, move in to sign up all the good garage mechanics, carpenters, metal workers, or what have they. The small towns then have to replace these migrants by recruiting semi-skilled jacks-of-all-trades from the farms, and the farmers yell.

U. S. Employment Service has a clearance system which attempts to co-ordinate the activities of the 1,500 local employment services of the state systems, but since there is no federal control, which the Tolcan committee is now recommending, the state organizations set the policy, and these state programs differ widely. Raids by one state employment service on the working forces of a neighboring state start all kinds of rows. Oregon, fearful that she will lose too much of her labor, is doing everything possible to persuade workers to stay in the home state.

At Hastings, Neb., a Tolcan committee investigator heard one resident declare that the drain of forces and designs of evil, we shall still be far short of a real victory unless we overcome hate with the power of love.

Peru is the world's largest source of vanadium and is said to be the only country in which the metal is mined for itself alone.

The United States, during the second quarter of 1941, imported 714,263 pounds of cod liver oil.

The orange tree is believed to be the only one which bears fruit and flowers at the same time.

Tests seem to indicate that the core of the earth is made of an iron-nickel alloy.

Yesteryear In The News

Ten Years Ago Today Oil activity west of Pampa held the spotlight. Magnolia's No. 1 Heaton swabbed 150 barrels in 14 hours, without a shot. Pay was found at 3,180 feet.

Kewanee's No. 2 Smith produced 80 barrels in a few hours; pay was at 3,130; Skelly's No. 2 Heaton was shot from 3,190 to 3,290, made 50 barrels in three hours.

Christmas seal letters were mailed by the Gray County Tuberculosis association, of which James Todd was president.

Trout 17, Boy Scouts of America, sponsored by the Knights of Columbus and Holy Souls church, received its charter. Francis Boyle was scoutmaster, Gene Lewis and Burdette Keim, assistants.

Cranium Crackers

PIRATE PUZZLERS Pirates, new and old, are getting an airing these days following President Roosevelt's address on the subject. Have you heard about these?

- 1. Was Captain Kidd a real pirate or a character in fiction?
2. Was "Pirates of Penzance" a novel, play, movie or light opera, and who wrote it? Who wrote about "Fifteen men on the dead man's chest, yo, ho, ho and a bottle of rum"?
3. What two presidents did President Roosevelt cite as having waged war on pirates?
4. Decatur, Ill. Ind., etc., are named after a famous pirate chaser. Who was he, and where did he fight pirates?
5. When did the U. S. fight pirates in the Mediterranean, the Caribbean and Sumatra?

young women from the town to take defense jobs in larger cities was a worse loss than the departure of the men. Experience had shown that while the men workers tended to return to the small towns eventually, the percentage of young women coming back was negligible. Why girls leave home, the committee could get no light on. It just found out that they didn't come back.

INFLATION BRAKE Privately, the high minds of the Social Security Board are none too enthusiastic about Secretary Morgenthau's proposal to raise social security payroll taxes to absorb extra income and put a curb on inflation. Point that the SSB people make is that social security is a long-range program that should go on after the defense effort is over. To tie social security up with the defense economy, it felt, would be bad planning.

Old age benefits could not be increased, and the only place the extra collections could be used would be as additional payments for unemployment compensation. This would have to be readjusted after the defense effort ended, at considerable inconvenience and financial embarrassment. Once a benefit is raised, it would be next to impossible to get it reduced.

The first secretary of agriculture was Jeremiah McLain Rusk, who served under President Harrison from 1889 to 1893.

Peru is the world's largest source of vanadium and is said to be the only country in which the metal is mined for itself alone.

The United States, during the second quarter of 1941, imported 714,263 pounds of cod liver oil.

The orange tree is believed to be the only one which bears fruit and flowers at the same time.

Tests seem to indicate that the core of the earth is made of an iron-nickel alloy.

SIDE GLANCES

Modern man has ceased to be merely man's mate and has become man's match.

The relationships between men and women are so complicated that they make European politics look like a simple crossword puzzle.

All human experience shows ideas cannot be vanquished on the battlefield.

I tell you frankly that the government of the United States will not order, nor will congress pass legislation ordering, a so-called closed shop.

Most of us in OPM are not there because we want to be there or because we need jobs to continue, for love is the true goal of all divine purpose and of human endeavor. The things that abide are faith, hope, and love, but the greatest of these is love.

So They Say

Modern man has ceased to be merely man's mate and has become man's match.

The relationships between men and women are so complicated that they make European politics look like a simple crossword puzzle.

All human experience shows ideas cannot be vanquished on the battlefield.

I tell you frankly that the government of the United States will not order, nor will congress pass legislation ordering, a so-called closed shop.

Most of us in OPM are not there because we want to be there or because we need jobs to continue, for love is the true goal of all divine purpose and of human endeavor. The things that abide are faith, hope, and love, but the greatest of these is love.

SERIAL STORY

LADY BY REQUEST

BY HELEN R. WOODWARD

COPYRIGHT, 1941, NEA SERVICE, INC.

THE STORY: It is obvious that... THE woman Stephen loves is married to another man; Diana is his bride for six months and \$10,000, just to save him the \$20,000,000 inheritance he would have lost had he not married before he was 35.

over the household affairs with simple dignity and more than once wondered if she'd really ever known any other life than this. Diana's relatives, completely overawed by her good fortune, had come down for dinner one evening and Stephen had exonerated himself to especially charming.

There was no doubt that he was genuinely fond of her father, who could discuss with ease many of the subjects on which Stephen was considered an authority. Stephen was kind to the two boys, too. Herman had come up especially from the State University for the occasion.

THORPES COME TO DINNER

MRS. STEPHEN CURT stood before the triple mirrors in her room and surveyed her several lovely selves therein reflected. Her dinner gown of simple black chiffon had cost more than, as Diana Tucker, she had earned in a month.

And Diana was happy. Resolutely she told herself that in spite of the fact that her marriage was strictly a business affair. In spite of Stephen's sister, Adela, who did her best to humiliate Diana and make her uncomfortable whenever she could.

It was Adela who had invited the Thorpes and when she had told Diana that they had accepted the invitation, it was with a malicious amusement which Diana was quick to see and understand.

During the weeks that had elapsed since the snowy evening when Stephen Curt had asked her to become his wife, events had passed in such rapid succession that Diana was left breathless.

Now, putting the finishing touches to her make-up, Diana was pleased with her reflected image. Her hair lay in smooth

family background, that will catch rats and mice and not bite the cats. The cats will be used in a campaign to repel an invasion of rats.

and mice that is threatening to carry the place off piece by piece, the major said.

She shook her head. "No. Because I read in a book that a well-cut black frock always gives a woman a complete assurance of sophistication—unquote. And heavens knows, I need assurance tonight."

She longed to say, "Your sister knows I once worked for him. I feel they have discussed me together. She invited him here to annoy me."

But she only answered with mock seriousness, "I never know what to say to people I've insulted the next time I meet them."

Stephen laughed. "From my observation of the affair, I'd say you came off decidedly the victor in your last encounter with Thorpe. And I believe you can do it again. Just say, 'Why, hello—how nice to see you again! That's the perfect formula for all occasions, isn't it? And before the evening is over you'll probably be calling each other 'darling!'"

Diana shook her head. "Somehow I don't believe it will go that far," she answered wryly. "But thanks for the recipe anyway. I'll try it out in my testing laboratory. And now—shall we go down?"

Entire 'Class' Of Guthrie High Enrolled At Tech

Special To The NFWS LUBBOCK, Nov. 28—The 1941 graduating class of Guthrie High School is one body that really does things in unison.

Every person in the class received high scholastic honors, and the whole class was pronounced valedictorian because the grade average of every member in the class was identical.

The whole class declared a common major, art, and every member had been painting for three years before coming to Tech.

Each member has the same class schedule and sits in the same classes. When one Guthrie student cuts class, they all cut. If one becomes ill, the whole graduating class spends its time comforting the sick member, until health is regained.

The whole class is brunette and is seen together constantly. In fact, it would be quite tragic if it weren't seen together because the whole graduating class was composed of one Tech coed, young, attractive Frances Jean Forrest, the only person in Guthrie's senior class.

Larger Pensions Sought By Legion

WASHINGTON, Nov. 28 (AP)—American Legion spokesmen, asking larger pensions for World War veterans and their dependents, testified today that the estimated first year cost of the legislation they want—some \$50,000,000—would be only 4/10ths of one per cent of the amount of the two lease-lend acts.

Francis M. Sullivan, Legion representative, offered this testimony before a senate subcommittee considering two pension measures previously passed by the house, and at the same time noted that the Legion approved the lease-lend acts. General Frank T. Hines, head of the veterans administration which pays out pensions, urged senators to restrict terms of the house bills because congress was dealing with a very ticklish public opinion and faced the need of restricting all possible government outlays because of huge defense burdens.

Saving System Contributes To Home Defense; Low-Cost Time-Saving Balanced Meals Include Inexpensive Meats

By JOHNNIE DAVIS
Beef kidneys are inexpensive, delicious if carefully cooked and are one of the best sources of complete protein. That's why they are so important in the budget meals today.

Ham loaf in blanket constitutes a low-cost one-dish meal.

KIDNEY STEW
(Serves 4)
One beef kidney, 2 cups water, 1/2 lemon, sliced, bay leaf, salt and pepper, 2 tblsp. butter, 2 tblsp. flour. Split kidney, remove fat, cut out tough white center. Soak 1 hour in cold, salted water. Put on fire in fresh cold water and simmer for 40 minutes. Drain and cool. Cut into small pieces, add water, bay leaf and sliced lemon and simmer for 20 minutes. Remove bay leaf and lemon, add butter and flour blended to a paste, season with salt and pepper, and cook until thickened. Serve hot on buttered toast. Here's another budget dish. It uses left-over ham, potatoes, and eggs to make a balanced one-dish meal. To complete the menu use a mixed green salad and a fruit dessert.

HAM LOAF IN A BLANKET
(Serves 6)
One onion, chopped, bacon drippings, 1 1/2 cups fine chopped cooked potatoes, 2 cups cooked ham, 2 eggs, 1/2 cup milk, salt and pepper, 1 recipe baking powder biscuit, using enriched flour.
Brown onion in bacon drippings, add potatoes, mix well. Combine with ham, eggs, milk and seasonings. Roll biscuit dough into rectangles 1-1/4 inch thick. Shape hot ham mixture into a loaf and draw dough up over mixture to form a roll. Press edges of dough firmly together. Slash top to form the shape of a loaf, place on baking sheet and bake in hot oven (425 degrees F.) for 20 minutes. Leftover cooked beef, veal or lamb may be used in place of the ham.

RICE AND SAUSAGE CASSEROLE
(Serves 4-6)
Three-quarter pound link sausage, 2 tablespoons hot water, 1-1/4 cups cooked cracker crumbs, 16 cups cooked rice, 1 1/2 cups canned tomatoes, 3 tablespoons chopped celery leaves, 1 1/2 tablespoons chopped onion, 1 teaspoon salt, 1-1/2 teaspoon pepper, 1-1/4 cup chopped green pepper.

PER 2 TABLESPOONS BUTTER.
Cut sausage into small pieces and fry until delicately browned, stirring constantly. Add water. Combine remaining ingredients, mixing lightly. Add sausage. Turn into greased baking dish and dot with butter. Bake in moderate oven (350 degrees) for about 30 minutes.

PLAN MEAL EARLY
Plan an important dinner early in the day and prepare the dessert, at least, in the morning. Here's a sample menu:
Small cup black bean soup (canned), rice and sausage casserole, jelly-vegetable salad, enriched bread or rolls, green salad, apple sponge pudding, coffee, milk.

APPLE SPONGE PUDDING
(Serves 6)
One envelope, plain unflavored gelatin, 1-1/4 cup cold water, 3 eggs, 1-2 cup boiling water, 1-1/4 cups strained applesauce, unsweetened, 1-3 cup sugar, 1-4 teaspoon salt, 1-4 teaspoon cinnamon, 2 tablespoons lemon juice, 1-4 teaspoon grated lemon rind.

Beat egg yolks, add boiling water, applesauce, sugar, cinnamon and salt. Cook in double boiler until of custard consistency, stirring constantly. Soften gelatin in cold water and dissolve in hot custard. Add lemon juice and grated rind. Cool, and when mixture begins to thicken, fold in stiffly beaten egg whites.

a little butter. Broil under low flame for about 15 minutes.
Oranges can be cooked too. Use thin skinned seedless oranges. Cover with cold water, and boil until skin is tender. When prickled, drain. Cut in half crosswise. Fill center with sugar, add 1 teaspoon brandy or non-alcoholic brandy flavoring and dot with butter. Place in casserole and bake in moderate oven (350 degrees F.) until sugar browns. Serve as a garnish for turkey or roast.

PINEAPPLE CAKE
Here are two good desserts for the Sunday family feast. The pineapple cake is worth its weight in flavor, the apple dessert fits the small budget deliciously.

PINEAPPLE FLUFFY CAKE
One-half cup shortening, 3-4 teaspoon salt, 1-2 teaspoon grated lemon rind, 1 egg yolk, 1-1/4 cups sugar, 4 cups sifted cake flour, 3 teaspoons phosphate baking powder, 3-4 cup canned unsweetened pineapple juice, 1-4 cup water, 4 egg whites.
Combine shortening, salt, lemon rind and egg yolk and blend well. Add sugar gradually, creaming until light and fluffy. Sift flour and phosphate baking powder together and add alternately with combined pineapple juice and water to creamed mixture. Fold in stiffly beaten egg whites. Bake in 2 greased 9-inch layer cake pans in moderate oven (350 degrees F.) 30 minutes. Frost with pineapple fluffy frosting.

BAKED GRAPEFRUIT
Emulating the noble spud, grapefruit now goes right into the oven and comes out baked for a first or last course.
BAKED WHOLE GRAPEFRUIT
Wash grapefruit and wipe dry. Place on ungreased baking sheet and bake in moderate oven (350 degrees F.) for one hour. Remove from oven, cut in half and serve hot with any of these following variations.

FIRST COURSE APPETIZER
TOPPING: a teaspoon of Worcestershire sauce, mixed ground spices and sugar, about 1-4 teaspoon of crushed or powdered bay leaf.
DESSERT COURSE TOPPING: teaspoon of marmalade, sprinkle with maple sugar, top with crushed lemon drops or chocolate mints, teaspoon of honey, tablespoon of butterscotch syrup or sauce.

Broiled grapefruit halves are becoming more and more popular. They offer a different way of getting the daily quota of citrus fruit into your family menus.
Select juicy grapefruit. Wash and dry. Cut in half crosswise. Better loosen sections, too, with a sharp knife. Place halves on baking sheet and sprinkle about 2 tablespoons brown sugar on each and dot with good.

LIVER LOAF
(Serves 4 to 6)
One pound beef liver, 1 small onion, few sprigs parsley, 1 teaspoon salt, 1 egg, 1 2-3 cups evaporated milk, 2 cups dry whole wheat bread.
Wipe liver. Cut into slices and put through food chopper with onion. Add finely cut parsley and remaining ingredients. Pour into a buttered loaf pan. Bake in a moderate oven (350 degrees F.) 30 to 40 minutes.

LAMB NECK SLICES
(Serves 4)
Three pounds neck slices, 1 cup water, 3 large potatoes, 6 medium carrots, 8 large pieces of celery, 8 small onions, salt and pepper.
Brown neck slices in deep, heavy kettle. Add water and seasonings. Cover and allow to simmer for one hour. Add onions, potatoes and carrots. Continue to simmer. Add celery cut in three-inch pieces about fifteen minutes before serving.

CREOLE STYLE FLANK
(SERVE 4 TO 6)
One large flank steak, 1 pound bulk pork sausage, 2 cups canned tomatoes, 2 bay leaves, 1 onion, chopped, salt and pepper.
The flank steak scored at mar-jet. Shape sausage meat into a cylinder as long as the flank steak. Roll steak around sausage and tie with a string. Place steak in a baking pan, pour tomatoes over it, add bay leaves and chopped onion. Cook in moderate oven (350 degrees F.) until steak is tender, about one and one-half hours. Serve tomato sauce with the steak.

Abrams And Zale To Tangle Tonight
By SID FEDER
NEW YORK, Nov. 28. (AP)—Proving that even boxing commissions, given enough time, can add one and one get two, George Abrams and Tony Zale tangle tonight in Madison Square garden to clear up the middleweight mess that's been stewing for 11 years.

The sailor boy from Washington and the steel worker from Gary, Ind., toss their shots over the 15-round derby route. The winner, at long last, will be recognized as the sole world middleweight boss.
This will bring back a situation the like of which Bash Boulevard hasn't seen since Mickey Walker, unable to get his hair mussed in middleweight competition, gave up the title to take a shot at Max Schmeling and other assorted heavyweights.
The faithful are so pleased at the prospect of coming down off the merry-go-round that promoter Mike Jacobs expects some 14,000 or 15,000 to turn up for the party. This would mean a gross gate of more than \$30,000.
Because Abrams is a "cuties" type of operator, he's a 5 to 7 betting favorite to out-gallop the rough-and-tumble mid-westerner mauler.
Tons of 6 inches long and 3 inches wide were discovered in South America by Dr. C. W. Parsons, of the University of Glasgow.

Beetkeeping has become a growing and remunerative industry in Manitoba and other prairie provinces of Canada.
Ulysses Simpson Grant, former President of the United States, was born April 27, 1822.

TCU Boomed To Play In Sun Bowl

By R. L. LIVINGSTONE
ALBUQUERQUE, N. M., Nov. 28. (AP)—On the theory that it's never too early to make big "bowling" medicine, sideline pickers are busy at their annual chore of making selections to the Sun Bowl at El Paso New Year's Day.

With excellent host team prospects from the border conference in Arizona university, Texas Tech and Hardin-Simmons, the Sun Bowl committee was sitting back and saying nothing with a satisfied air.

In the past two years, the Sun Bowl has sought to attract eastern teams to pit against the season's border conference champions, the customary host eleven. Last year it was Western Reserve, the year before Catholic university of Washington.

This fall, however, the drums are sounding for Texas Christian university among T. C. U. alumni in the deep southwest.

Youngstown college of Youngstown, O., has its supporters, and Western Michigan of Cleveland—which beat Arizona State of Tempe 26-13 last January 1 and has gone through this season with only one defeat—is understood to be amenable to another offer.

Western Michigan has also come through the rumor factory. University was sounded out, but spilled the beans by saying publicly it wasn't interested this year.

The Arizona Wildcats appeared almost certain to be the unanimous choice of border conference schools on the basis of an undefeated conference schedule of five games. The conference poll may be made next week although the season does not close until December 6.

In case Arizona declines the nomination—and it might, it is hinted, on the possibility of poor showings against Kansas State and Utah—the committee has the Red Raiders of Texas Tech as a second choice, or Hardin-Simmons university. Any of the three would comprise the strongest team to represent the conference in many years.

Phillips Golfers Coming Sunday

Golfers from Phillips will be in Pampa Sunday afternoon to play local golfers over the Country club course. Pete Nossent, club pro, wants to have at least 35 Pampa golfers on hand for the match.

Local golfers who can play Sunday afternoon are asked to call Mr. Nossent, telephone 1393, giving their average score.

In a dual meet in Berger three weeks ago Pampa golfers nosed out the Phillips shooters 20 points to 19.

Play Sunday afternoon will be by points, three points per match.

Southwest May Be Left Out Of Sugar Bowl Maneuvering

NEW ORLEANS, Nov. 28 (AP)—Speculation on the Sugar Bowl teams shifted away from the Southwest conference today while officials kept quiet on their behind-the-scenes maneuvering.

As rumors flew, none with confirmation, Duke was the center of much talk to meet Missouri, Duquesne or Fordham. Matching Duke and Missouri would mark the first appearance for either a Southern

conference or Big Six eleven in the Sugar bowl.
Duquesne supporters argued that a battle between the two "Dukes" would bring together two top undefeated and untied teams.

The loss by Texas A. and M. to Texas deflated Aggie rooters and caused many to believe that the Southwest conference might be ruled out.

Columbia, Mo., sources said Missouri had its ears cocked for a Sugar bowl bid, believing that Texas might get the Rose Bowl call and the Aggies the Cotton bowl assignment. The Tigers have finished their regular season with only an opening game defeat to mar their record.

President A. N. Goldberg of the

New Orleans Mid-Winter Sports association has said the official announcement might come Saturday or Monday.

Nine words make up one-fourth of our actual speech: the, and, he, to, have, it, will, of, you.

The paha, a large clam of the South Seas, can clamp and hold a human prisoner until death.

CELEBRATE CHRISTMAS WITH

Light

LET colored lights give your home the Christmas spirit inside and out. Decorate trees and shrubbery with strings of colored lights to make a fairy pattern against the velvet black of holiday nights. Light up the Christmas tree with strings of colored lights, and watch the youngsters gaze enraptured. . . . thrilled to the core at the play of rainbow hued brilliance. Twine colored lights in holly and mistletoe. Festoon them over mantels and trail them to every corner of the room. There are new types of Christmas lights that eliminate hunting for burned out blubs—others that look like old-fashioned candles, and many other novelties to make your Christmas more joyous. Stop in at your dealer's soon and get your Christmas lights early, so that no one, especially the youngsters will not be disappointed.
