Judge Boone Rules For Hospital District

Mrs. Young New Memorial Fund Chairman

A report on the new public library preliminary plans, construction estimated and discussion of the proposed floor plans were presented at a called meeting of Friends of the Library board Friday afternoon.

Announced also was the Library Board of Trustees' recent appointment of Mrs. Jack Young as new chairman of the Library Memorial Fund, Mrs. Young replaces Mrs. Jack Rennels who has served as memorial chairman for the past two years. A vote of commendation was extended Mrs. Rennels for her dedicated service.

Two recommendations were approved by the FOL board to be submitted to the library building committee and city council for consideration. Enclosure of the proposed bookmobile carport for convenience in loading and unloading was the first recommendation. To ensure less confusion in handling library and bookmobile books, separate workroom-offices for both bookmobile and public library employees was recommended.

Present at the FOL meeting were Mrs. Jack Young, Mrs. Jim Small, Mrs. Jimmy Shafer, Mrs. Doug DuBose, Librarian

MAIF President Noon Speaker For Officials

President of the Muleshoe Area Industrial Foundation Harmon Elliott was noon speaker Friday for a group of touring USDA and other government officials. The luncheon was at the Corral Restaurant and Elliott spoke on county agriculture.

Henry Stoneham of the Blackwater Soil Conservation District met the touring officials at the state line and escorted them to a farm near Muleshoe before the luncheon.

The officials were touring various phases of agriculture in the southwest, confining their tour to New Mexico, Texas and Colorado.

In rapid fire action Wednesday afternoon, District Judge Pat Boone, Jr. of the 154th District Court granted a motion made by Attorney Brad Crawford of Lubbock on behalf of the hospital board and held that the contestants had failed to prove their case.

By ruling in favor of the hospital board the judge by his decision, in effect, held that the contestants had failed to prove that there was not sufficient notice given of the election, that there was not adequate time to vote and that the two ballot boxes were not sufficient. Furthermore, the contestants failed to prove any conspiracy or any other fatalities or irregularities that would void the election.

Judge Boone rendered his decision at approximately 3:45 p.m., as spectators and interested citizens half filled the courtroom following a fifteen minute recess. The judge's ruling holds that the May 16 special election which created the Bailey County Hospital District and authorized \$950,000.00 in bonds to build a new hospital was valid.

Attorneys for the contestants announced that they planned to appeal the judge's decision. Motion for appeal must be filed within ten days after judgment.

During the one and a half day trial 192 persons had been subpoenaed as witnesses by the contestants. More than 150 of the subpoenaed witnesses were sworn in a mass swearing at the Tuesday morning opening. Judge Boone gave instructions to the sworn witnesses and released the majority of witnesses with orders to return to the courtroom on Wednesday morning.

During the first day of testimony, only seven witnesses were called to the stand. The first witnesses were Dr. Jerry Geason and County Attorney Roger Gorrell. They were followed by former hospital district board member and secretary Don Harmon who testified for approximately four and one half hours. Harmon was followed on Tuesday by Mrs. Bernard Phelps, board secretary; Neal Dillman and Sam Damron, board members; and Dr. Charles G. Lewis, hospital district board president.

Several witnesses who were

subpoenaed and alleged by contestants to be "illegal voters" were called to the stand. These included Charles Moraw, Mrs. Florence (Rosa) Pedrosa, Mrs. Mark Grimsley, Leonard L. (Monte) Dollar, Reverend Doug DuBose and Donald Lee Shanks. Each of the witnesses were asked questions as to whether or not they voted and whether or not they rendered any property for taxes and whether or not they in effect paid taxes.

The contestants failed to prove that any of the witnesses were "illegal voters" as each of the witnesses testified that they owned or leased property subject to taxation. This made them eligible to vote under the United States Supreme Court ruling in the case of City of Phoenix, Arizona et al vs Kolodziecki.

Mrs. Rudolf Moraw, who was a presiding judge at the Needmore voting box, testified Wednesday morning. She explained the facilities at Needmore where the election was held. When asked by Attorney Crawford as to the number of polling places in Muleshoe School District elections, she testified "one at Junior High in Muleshoe". She further testified that it had been the custom to have only one voting box in the school district elections since she had been in the district and that some voters travelled at least thirty miles to vote in school district elections.

County Clerk Hazel Gilbreath, in her twelfth year of office, was questioned at length on records of the County Commissioner's Court regarding all past county elections. She testified that "in normal elections there were seven voting boxes and four in County Commissioner's precinct elections since 1918 and in the January, 1970, redistricting precincts".

She further stated that if the county is combined into two districts, Muleshoe and Needmore were about equal in distance and distribution to properly divide the county.

She further testified "It has been the custom until this election, I think, for commissioner's court to set up (establish placing of) voting boxes but was left to the hospital board they appointed, on this matter (election)".

onto its back, pinning McGeeHee inside the torn cabin. Judge Bowen ruled that the pilot died of multiple injuries. Shown looking on as the judge makes his decision is Lamb County Sheriff E.D. McNeese.

The crash was on a farm operated by Jack Hattaway of Earth. There were no witnesses to the crash, but officers said the plane went nose first into the ground and flipped onto its back. The officers, ambulance attendants and several other men at the crash turned the plane over manually

to remove McGeeHee's body. Judge J.M. Bowen of Littlefield was taken to the wreck site by Lamb County Sheriff E.D. McNeese where he pronounced the pilot dead at the

Car-Bicycle Crash Sends 5 To Hospital

A Singleton ambulance took Randy Rush, 15, to West Plains Memorial Hospital shortly after noon Friday after he was struck by a car on West American Blvd.

He is the son of Mrs. Geneva Rush who lives on South Main in Muleshoe.

The accident occurred shortly after 12 in the 900 block of West American Blvd. when the bicycle Rush was riding was struck by an automobile which was driven by Mrs. Ken Angeley who lives northeast of Muleshoe.

Mrs. Angeley and her three children, Gina, seven; Ronnie, six and Michael, two years of age were taken to West Plains by private car for emergency treatment for glass cuts.

The Rush youth was thrown across the hood of the Angeley car and into the windshield of the vehicle. The force of his head striking the windshield shattered the Angeley windshield. His loafer type shoes were slung from his feet.

Following emergency treatment and x-rays at the hospital, the youth was transferred to Methodist Hospital by Singleton ambulance at approximately 3:15 p.m.

A spokesman at West Plains said Randy has a severely fractured right leg, and multiple head and face lacerations.

Late Friday, Methodist Hospital listed him in fair condition.

Directing the heavy noon traffic around the accident site were numerous members of out-of-town law enforcement officers who were in Muleshoe attending FBI law training school. The officers had just arrived at a restaurant across the street from the accident when it happened and immediately moved into the street to assist local city, county and state officers. The out of town officers were from Friona, Clovis, Littlefield, Dimmitt and Hart.

Officially investigating the accident was Muleshoe Chief of Police Harold White.

Continuing an outbreak of accidents in the area, officers were called to a location approximately a mile west of the Muleshoe city limits on Highway 84 at 8:21 p.m. Friday.

Yarborough Blasts Postmaster General

Senator Ralph W. Yarborough, ranking member of the Senate that the Post Office Department has virtually wrecked the postal service in Muleshoe. He said the Post Office Department has deprived that city of its postmark and is shipping the towns mail 70 miles to another Texas city for handling.

Senator Yarborough said what has happened in Muleshoe should serve as a warning to other rural communities across the nation as this shows what the dread consequences of the administration's postal reorganization plan will be.

The senator told the senate that the mail from Muleshoe is now being processed in Lubbock, 70 miles from Muleshoe, and the result of the unwise action means that it is taking letters from Muleshoe five to seven days to get delivered from one place to another in Texas.

In a letter to the postmaster general, Yarborough said he protested the breakdown of the

postal service in Muleshoe and cited that it took three days to get mail delivered from one place to another in the city of Muleshoe.

In his speech to the senate, Senator Yarborough said that in addition to mail no longer being processed in Muleshoe, this community has also lost its postmark. The Postmaster General has taken the first step said Yarborough, in a general breakdown which will affect all rural communities. Yarborough told the Journal Thursday that the people of Muleshoe deserved better treatment by their government than this.

He continued, "The first victim of the postal reorganization plan will be the post offices of rural communities and our rural post offices deserve the same service as our larger cities.

"I submit," he added, "that if the postmaster general would pay more attention to this function to insure mail delivery promptly and efficiently, rather

She further stated that the court minutes had "no mention until recently of elections times, except for the general election for this year which is set for the hours of 8:00 a.m. until 7:00 p.m."

Mrs. Gilbreath gave the number of voters in the Sept. 10, 1968, bond election at 843; in the junior college election, 962; in the general primary on May 2, 1970, 962; and another election with 730 voters.

Ernest Kerr, Bailey County election judge for some twenty years described the voting procedures in his testimony as follows "You bet, there was a voting line all day long (at City Hall)... I was busy and heard no complaints about length of line...no one was turned away from the polls...oh, yes, it is usual to have lots of people to vote late in an agricultural area; we expect it, it's reasonable."

Guy Nickels of Nickels Brothers Gin, the holder of the first lien on the nursing home, testified that "We purchased the lien from Muleshoe State Bank, I talked only with (Don) Harmon concerning payment of liens some six weeks to two months before the election".

Bailey County Judge Don Chak testified concerning the County Commissioner's Court participation in appointing the hospital board. He said that the purpose of the hospital authority was to create interest in some type of hospital here in the county. He further testified that each County Commissioner decides how many boxes are needed in his precinct. In answer to whether the Court had established voting boxes location under last January's redistricting the judge answered that they "haven't crossed that bridge yet".

Taking the stand at 1:40 p.m., was Joe W. Smith of Lubbock, Assistant Vice President of First Southwest Investment Corporation of Dallas. He testified that he had been requested to assist the County Court and hospital board to make a financial study and recommendations as to methods of financing hospitals. He testified that "I did not advise (board) on how to conduct elections. They contacted me after they had set up the election."

Smith said that bonds are not marketable unless a legal opinion is obtained from a nation-

ally recognized law firm and that the local board sought such advice. Smith testified at length as to his qualifications as a financial advisor and his expertise in hospital district and school bond elections. He further testified that any service fee is paid only if bonds are issued correctly and Hill-Burton Funds are obtained. He stated that in his opinion this was the best and proper way to finance a new hospital.

Bailey County Tax Assessor and Collector, Jean Lovelady, testified that there were approximately 940 more registered voters in 1970 than in 1969 and that the increase was primarily in Muleshoe.

Mrs. L.B. Hall testified as to the newspaper charge for advertising and brought out the fact that both sides were represented by ads.

Although over 300 individuals were listed as contestants only a few attended the actual trial. One of those that did attend and testify was Chester Setliff. He testified that he usually voted at the Bula school as he had been a Bula farmer since 1937. Setliff related that he was one of some fifteen or twenty persons present at the meeting at Bula when Dr. Lewis, Dillman and Eddie Beene came to discuss the hospital district proposals.

Setliff testified that about a 150 persons customarily vote at Bula. The County Tax Assessor, Mrs. Lovelady, testified that from the country's records the number of registered voters in the Bula precinct in 1969 was 90 and in 1970, 126.

Another contestant, Ross Goodwin, testified that the election was held in the middle of planting for most farmers and he had talked with farmers who thought they were too busy to take off to vote.

Of the 192 persons subpoenaed only approximately twenty five were actually called to testify. All but fourteen of the witnesses were excused after the noon recess Wednesday. Few of the fourteen remaining witnesses had been called to testify at the time the Judge ruled on the motion favoring the hospital board bringing the proceedings to a conclusion.

Opinions are necessary but it is not necessary to persuade everyone else to agree with you.

Smith said that bonds are not marketable unless a legal opinion is obtained from a nation-

Miss Harlan, Kenmore Vows Solemnized

MRS. RONNIE KYLE KENMORE, the former Connie Sue Harlan

Miss Connie Sue Harlan became the bride of Ronnie Kyle Kenmore in a double ring ceremony performed by Rev. D.C. DuBose in the First Baptist Church July 24 at eight p.m.

Parents of the bride are Mr. and Mrs. William Griffiths Harlan of Muleshoe, Mr. and Mrs. Darrell Kenmore of Dimmitt are the parents of the groom.

The couple stood beneath a wedding arch of daisies, English ivy and heather. It was flanked by spiral candelabras with the same decorations. These decorations also accented the memory candle and the bride and groom candles. A Bible was opened to Ruth 1:16 and was contained in an arrangement of daisies. Palms and additional candelabras completed the decorations. The aisles were accented with pew markers of crystal with daisies, heather and leaf fern.

Presented in marriage by her father, the bride wore a formal gown of organza over silk taffeta designed with a fitted empire bodice, Victorian neckline and long, sheer bishop sleeves caught at the wrists by deep cuffs. Venice lace traced a pattern on the bodice, around the waistline and also accented the A-line skirt which swept to fullness at the back and was banded in lace at the hemline. Her cathedral length double illusion veil was held by a miniature coil and edged in matching Venice lace.

The bride carried, atop a prayer book, an airy bouquet in a crescent design of daisies, baby's breath and cymbidium orchids accented with English ivy, satin and pearls. Tinting and satin covered her Bible. For something old she carried her great-grandmother's handkerchief; something borrowed was her grandmother's lavalier; something new was her dress; something blue was the traditional garter, and she carried a coin in her shoe for luck. Miss Lee Ann Harlan, Muleshoe, sister of the bride, was maid of honor. Bridesmaids were Miss Marsha Schumann,

Spearman, Miss Linda Fowler, Lubbock, and Miss Tamra Jennings of Dallas. They were dressed in floor length gowns of lemon yellow linen designed with a fitted empire bodice, and no sleeves. Their Victorian necklines were enhanced by white embroidered eyelet on linen forming a high neck and front panel. A bias fold of self-fabric encircled the waistline and was accented at the center front by a small bow. They wore matching yellow ribbons in their hair highlighted by daisies and carried a basket of white and yellow daisies with greenery.

Best man was Kent Lindsey of Dimmitt. Groomsmen were Scott Morgan, Dimmitt; Sam Harlan, brother of the bride, Lubbock; and Stanley Byrnes, Dimmitt.

Dan Moore and Dana Wall, both of Dimmitt, seated the guests. Candlelighters were Mike and Nikki Jones, cousins of the bride from Canyon, Dale Coody of Lawton, Oklahoma, was soloist.

A reception was held following the ceremony in the First Baptist Church Fellowship Hall. Registering the guests was Miss Harriet Glaze, Muleshoe, Miss Karla Mobley, Farmington, N.M., and Miss Raygena Treider, Lazbuddie served.

The parents' table was adorned with a silver candelabra with yellow roses and yellow and white daisies. The brides table was decorated with the same flowers atop the wedding cake. A silver candelabra with an arrangement of yellow roses and white and yellow daisies accented the table. The groom's table of maple was accented with yellow daisies.

Members of the house party were Darlene Henry, Bettye Oliver, Mrs. Clarence Weeks, Mrs. Martin Oliver, Mrs. Randy Johnson, Mrs. J.B. Young, Mrs. A.E. Redwine, Mrs. Kenneth Henry, Mrs. Arch Fowler, Mrs. Vic Benedict, Mrs. B.H. Black, Mrs. Wyle Bullock, Mrs. John Crow, Mrs. J.B. Jennings, Mrs. T.L. Gleason, Mrs. J.T. Mayfield and Mrs. Horace Blackburn.

For a wedding trip to Colorado, the new Mrs. Kenmore wore a blue and green pantsuit with blue accessories and the orchids from her bouquet. After their trip, they will be at home in Dimmitt.

The bride graduated from Lazbuddie High School and South Plains College. She is a junior at West Texas State University majoring in elementary education.

The groom graduated from Dimmitt High School, South Plains and is a senior marketing major at WTSU.

REHEARSAL
The groom's parents hosted a rehearsal party in the Corral Restaurant at Muleshoe.

There are no simple rules for planning family meals. There are, however several kinds of foods that should be included in every meal. Choose from each of these four food groups for all your meals: bread and cereals, fruits and vegetables, meats (fish and poultry), milk and milk products. Eggs are an important food in the diet. Both the white and the yolk contain the important tissue building nutrient, protein. The yolk is also a good source of the mineral iron and vitamins A and D.

Peas, Southern Favorite, Give 'Em A Try

COLLEGE STATION -- In areas outside the South, few people know about some of the South's favorite vegetables, including blackeye, crowder, purple hull and cream peas, Gwendolyn Clyatt, Extension consumer marketing specialist, notes.

"These peas are now available at moderate prices," Mrs. Clyatt said. "Buy some for serving now and you may want to freeze or can you favorite variety for use later in the year when they are not so readily available."

Peas are highly perishable, and as they age, the sugar content changes to starch and the delicate flavor diminishes, Mrs. Clyatt said. Select peas that have fresh, brightly colored pods, typical of the variety, and to avoid waste, choose well-filled pods, with mature seeds, she advised.

"The same general rule for cooking vegetables applies to peas," Mrs. Clyatt said. "Cook in a small amount of water in a covered pan, just until tender. You may want to season them with salt pork or sliced bacon cut into small pieces."

Included among the most economically priced vegetables, at present, are corn, potatoes, cabbage, head lettuce, celery, dry yellow onions, carrots, okra, green onions, squash and radishes, Mrs. Clyatt noted.

"Fruit counters are well stocked with items of excellent quality at various price levels," she said. "Peaches are reaching the peak of the season, but prices are higher than last year and are not likely to be any lower since demand exceeds the anticipated supply."

Nectarines, plums, grapes, cherries, lemons, limes, avocados, apricots, pineapple and honeydew melons are moderately priced, she said, adding that bananas are featured at attractive prices as are cantaloupes and watermelons.

"Fryer chickens continue their winning-way of adequate supply and attractive retail prices," Mrs. Clyatt said. "Chicken hens, or stewing chickens, are also featured in many markets."

At most beef counters special emphasis is being placed on steaks and standing ribroasts, she noted. Many features seem to be on the less tender cuts which are always in less demand during the hot weather, such as chuck cuts and round steaks, she added.

"Supplies and demand for hogs have been fluctuating for the past couple of weeks and the wholesale market is reported to be slightly higher," she said. "Bargain prices may be found on the smoked pork cuts, such as smoked hams and bacon, and a few pork values will be available on center-cut chops, boston butt and ribendroasts."

People need to eat a good breakfast every morning. Remember, it's been 12 to 14 hours since you ate the last meal and the body needs food for the next day's activities. Eat a good breakfast each morning. One that contains a citrus fruit or juice, cereal of toast, milk, and a spread -- how about peanut butter on toast?

Dear Editor

Dear Editor

I would like to thank the editor of the Muleshoe Journal for agreeing to print a letter from the "other side". This gives us an opportunity to show that we do have a case on several points.

I appeal to each of the residents of the county to refrain from involving themselves in personalities, and, instead, to weigh the statements of each side carefully. We can disagree agreeably. My wife and myself have been doing it for years. Why? Because we have to live together, just as we in Bailey County are going to have to live together regardless of which way the bond issue ultimately goes.

Why were there only two ballot boxes in the election in question? We were told that, since the board had only what money that had been donated, they could not afford more than the two boxes. This is not true on two counts. It has developed that I am the largest individual contributor to the Hospital District. I gave a dollar

to cover the cost of mailing a notice of each meeting. The Board has been using what was left over from the attempt to saddle the county with a labor camp. Had the Board petitioned the Commissioner's Court, the Court would have, as provided by the Texas Election Code, conducted the election and assumed the cost. BUT there would have been seven election boxes, not two, and three boxes would have been south of the Sandhills. It was asked of the

Board why they did not petition the Commissioner's Court to hold the election, and the Board Chairman stated that he didn't know that this was possible. I find this hard to believe. If it is true, I believe that he should resign his position, since he is not doing his job.

I read a recent editorial in the Muleshoe Journal, entitled THE RIGHT TO VOTE, with much pleasure and said to myself, "How about that. He saw the light and is on our side now." Then I realized that he was talking about us. Really, it seems to me that those who have lost their "free choice and expression" are those who were forced to drive thirty miles to cast their ballot, or those who waited in line for more than one hour to cast their ballot because there were only two boxes for three thousand eligible voters, or those who, upon looking at the long, long line waiting to vote, decided that it wasn't worth it and went home without voting. Tell me, who is guilty of suppressing free elections?

I would like to point out that Judge Boone did not rule that a new hospital was needed, or even desirable. He did not rule that the election was conducted fairly. He did not rule that southern Bailey County had not been given a raw deal. He only ruled that the election was conducted legally, and there is a world of difference.

signed Richard Black

Dear Sir:

As a concerned citizen of Bailey County I cast my vote in the local hospital election. My husband and I have owned real and personal property in Bailey County for many years and I was a qualified registered voter, which fact would have been obvious to anyone who would have cared to check this matter out.

Yet, in spite of this, I was publicly labeled an "illegal voter", subpoenaed and forced to miss work and greatly inconvenienced. For what? I was not even called by my "accusers" to the stand to testify and defend my position. Few of the so called "contestants" who did the name calling and inconveniencing of their neighbors had the nerve to show up at the courthouse.

Or, perhaps they just didn't want to be inconvenienced, to have to close their businesses, or leave their farms, or lose any wages as they forced approximately over two hundred of their neighbors to do.

The whole procedure was an harassment tactic and a farce and my hope is that we who have been libeled as illegal voters and inconvenienced will not "give up the fight" but be more determined than ever to stick to our convictions and create a city we are proud to live in. I challenge any of the "contestants" to come by and personally face me with their accusations and to tell me why I am an illegal voter just because I disagree with their position.

Yours Truly,
Virginia Gholson (Mrs. Sam)

ON U.S. DEBT LIMIT

The Senate Finance Committee has approved a house-passed bill to raise the temporary national debt ceiling to \$395-billion.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm is in perilous territory this week, but that's his worry, not ours.

Dear editor: I was temporarily out of newspapers again yesterday and got to thinking about what I was thinking about last week and decided there's no use in Frenchmen making all the money out of women's fashions.

I may have missed some of the details, but as I understand it the dress designers' main problem is deciding how long a skirt ought to be, and after years of practice they've found it ought to get shorter or longer every year or so, never stay the same. Also, they've found there's more money in coming down than going up, as any woman can shorten last year's dress but few can lengthen it.

Right now, according to what I've read, the hemlines are coming down, which means of course new wardrobes for everybody. But the big question is, just how long should they be? You drop from the thighs to the ankles in one year and there's no way to go next year but up, and women will get out their scissors instead of their purses. No money in that, Hemlines should come down gradually over the next few years if you want to guarantee annual wardrobe changes.

Consequently I have thought up an idea I'd like to sell to the dress designers.

There's no use in their guessing what length ought to be high fashion. Say for example they decide hemlines ought to come down eight inches this year. Just by looking, few can tell whether it's actually eight. It could be ten or six, and no woman could be absolutely certain she was in style. To avoid all doubt,

style ought to be an exact science.

What the designers ought to do is sew a tape measure down the side of every dress made for the new season. Whack off every dress at say the 24-inch mark. Any woman who can read figures would then glance around to tell who's in style and who's out.

Next year, drip it to 26 inches, 28 the next, etc. When they've run out of tape measure they know it's time to start back up again.

I intend to patent this idea but I'm afraid to come to town now to see about it. Some women don't have a sense of humor.

Yours faithfully,
J.A.

Fair Decision Rendered

When a minority of people decide they don't like the way things are handled in their area and decide to do something about it, the end result is often quite different from what they had contemplated.

Thus, with District Judge Pat Boone's decision Wednesday afternoon that the May 16 Bailey County Hospital District and Bond Election was conducted legally and upheld the election as to both propositions, the matter should be ended.

Despite the harassment and inconvenience caused more than 130 people who were summarily subpoenaed into District Court, with most of them wondering why they received a subpoena in the first place, only approximately 25 people had to take the witness stand in the suit.

More than 100 more people, most of them working people, had to lose time and wages waiting to see if they would have to testify.

Many Bailey County residents, qualified voters, who have been property owning taxpayers for years, were listed as "illegal voters" in the suit and are highly upset. Several have indicated they would like to have a public apology from the contestants as they feel their personal integrity, as well as their right to vote, has been questioned.

It is very apparent that both parties have had their day in court and given an opportunity to be fully heard. A fair and impartial decision has been rendered by the court after hearing all the facts.

Bailey County desperately needs the time and energy of all its citizens to solve other pressing problems. Bailey County cannot afford the luxury of wasted energies and talents over issues which should be finalized.

Congressman Speaks On Campus Unrest

The following is a statement by Congressman George Bush on the subject of Campus unrest:

"Campus disorder must be dealt with firmly.

"In my view, violence in any form, in any degree, is not a legitimate expression of protest in our society. And it is particularly out of place in the colleges and universities that are supposed to be training young people to be informed, useful citizens.

"I think the primary responsibility for handling campus unrest rests on the local rather than the federal level—with the college and high school administrators who have a plain duty to enforce the regulations of their institutions. After all, the schools and colleges are not privileged sanctuaries outside the rest of society.

"By failing to protect order, permissive faculties and administrators allow everyone's freedom to be destroyed. When violent minorities try to force their views on the majority, they should be expelled at once.

"I don't think we need new federal laws cutting off funds or massive federal intervention to keep order. What we need are administrators with intelligence and the fortitude to meet the problem head-on.

"The reason for enforcing the rules is that the lawless few are violating a basic right of the law-abiding many—the right to receive the education they are paying and working for. In my view, if an individual is getting federal funds to help him get educated, he should live within the laws of the state and of the university. I don't want our tax money financing revolutionaries.

"I was one of 22 Congressmen who recently visited with students, faculty and administrators on more than 50 campuses around the country. We asked a lot of questions and we did a lot of hard listening. Six of us reported our findings directly to the President.

"As a result of our visits, we were both alarmed and encouraged. Alarmed, because we found that the problem of campus disorder is far deeper and more urgent than most citizens realize. Encouraged, by the candor, sincerity, and basic decency of the vast majority of the students we met. "Many of them were surprised by the fact that we cared enough to come and talk with them. But we did discover

that young people are certainly no different from older people in one important respect: they want to be in touch with the people whose decisions touch their lives.

"In our state, I'm proud to say, I found the students I talked with especially open and earnest and intelligent. They want to improve their schools and their communities and the world they'll soon be working and living in. They want change, but the majority want constructive change, not destructive disorder. To this end, they have my full support."

The Bailey County Hospital Election was contested in court this past week. This seems to be the rule rather than the exception, in that all Hospital District Elections that I have ever heard of have been contested. This is one of the freedoms that we enjoy in America. Another freedom we enjoy in America is the right for each individual to make up his own mind to vote as he chooses.

Most Bailey County residents have recognized both freedoms the right to contest and the right to vote as one chooses, and I hope that they will continue to recognize and respect these freedoms.

Salt air, the beating of heavy waves, and rains... these are just a few of the elements that a ship must face constantly. With all of these things, it is little wonder that the crew must be alert, looking for rust and other damage. New paint to protect the ship must be applied regularly.

An individual faces many things in this world, that would rust and corrupt his life, therefore it is good to begin each week with a renewing of spirit, that can be obtained only through worship in the Lord's house.
