VOL. 47—NO. 260 (36 PAGES) PAMPA, TEXAS, SUNDAY, APRIL 24, 1949 Weekdays 5 Cents Sunday 10 Cents AP Leased Wire

### Last Word Received From City by AP Saturday Noon

The triumphant Chinese Communists presumably marched unopposed into prostrate Nanking early Sunday morning, China time. Their entry had been prearranged for 7 a.m. Nanking time (5 p.m., Saturday, CST) and they had been massing outside the capital city's west gate since Saturday night. There was nothing to stop them.

### McGee Trial Continues Rather Quiet

A comparatively quiet day of testimony was held yesterday in the trial of Richard W. McGee, 34, on trial for the murder of R. L. Alston, Lubbock grocery executive, July 7, 1948. The trial Friday was cut off at 3:40 p.m. when the defendant broke loose for ten minutes in an attack on officers and his own attorneys that sent the court and audience into an uproar. Three extra guards were placed near McGee when he was brought into the courtroom by Chief Deputy Sheriff George Eubank. The prisoner was handcuffed and remained that way throughout the day. He spent most of the time seated at the counsel table with his eyes closed and with little or no motion. The precautionary guard was not called into service at any time. McGee was none the worse for the violent ten-minute scuffle that ensued Friday. He had no marks or bruises on him and physicians said his physical condition was good. He did not chew gum or read the Bible as he did earlier in the week but remained more or less lethargic. About 1:40 p.m. and shortly after the court had reconvened, the tense audience and witnesses were momentarily startled when a large bulletin board crashed against the jury box with a loud noise. Several persons jumped to their feet expecting a repeat performance of the previous day's drama. The cause was discovered. The trial which has lasted all week, was continued with the calling of defense witnesses. During the day defense attorneys, Col. E. A. Simpson, Amarillo, and Burton S. Burk, Lubbock, called to the stand Claude Campbell, former postmaster at Borger; G. G. Alexander, former policeman at Borger; A. M. Minton, Borger funeral director; J. D. Miller, Borger, former chief and former Corporation Court judge; Everett Ballard, Amarillo; Dr. Roy C. Sloan, Lubbock and Mrs. Margaret Holcomb, Dallas, elder sister of the man who is charged with the slaying of R. L. Alston 42-year-old grocery executive, on July 7, 1948. The defense also introduced and read a deposition from Dr. Irwin Mason, Flushing, N. Y. According to the deposition, Dr. Mason was one of the doctors who attended McGee while he was a patient at Darnell General Hospital, Danville, Ky., in 1944. The occasional humor that creeps into the tense seriousness of any murder trial was injected Saturday by witness J. D. Miller, who said he had known McGee since the defendant was a small boy. "I always thought he was an exceedingly stubborn boy," (See MCGEE, Page 9)

### Plans Set For Clean-Up May 2-14

The largest clean-up paint-out campaign in Pampa's history was planned yesterday at the Chamber of Commerce office when Steering Committee members perfected plans for this year's drive, May 2 through May 14. Howard Vineyard, Steering Committee chairman, suggested projects that will make this year's drive the most intensive ever. Civic clubs will have charge of the drive in the four city ed trucks. The Rotary Club will have charge of the cleanup in Ward 4, May 2, 3 and 4; the Junior Chamber of Commerce will sponsor Ward 2, May 5, 6 and 7; the Kiwanis Club will sponsor Ward 1, May 12, 13 and 14. Last year's drive was held Aug. 21 through 25 and more than 300 loads were hauled from alleys to the city dump. This year the trucks will pick up everything within reason and three days will be allotted to each ward. Mrs. Ed Weiss, president of the Council of Clubs, was admitted to the Steering Committee. Besides the regular cleaning and painting in the annual drive, wards will be furnished this year to beautify Pampa as well. Residents have been asked to plant flowers and grass that will add to the appearance of the city. Fire Chief Ernest Winborne, member of the committee, will be on hand at 8 a.m. daily at the city barn during the drive. The city will assist the civic clubs in furnishing drivers and workers for the trucks during the campaign. Other members of the committee are Knox Kinard, Dick Peppin, Ray Evans, E. O. Wedgeworth, Rev. E. Douglas Carver, Huelyn Laycock, H. P. Posier, Floyd Watson, Tom Capps, Ken Palmer and John Kinard.

### 20 Called For Jury

Subpoenas to 20 Gray County men were mailed last week by the Sheriff's Department for the April Term of Gray County Court. The 14 Pampa men and eight men from Lefors were ordered to appear in court May 2, in the Sheriff's Department. They are: George E. Crawford, B. M. Enloe, A. French, R. E. Givens, C. W. Burgess, Roy Jeffers, J. R. William Hawkins, Roy G. Mason, Jack Mobly, B. F. Mullanax, G. M. Wall, E. D. Nuley, W. D. Granger, and George Adamie, all of Pampa. Fred Blackwell, F. E. Bull, C. W. Burgess, Roy Jeffers, J. R. Sparkman, and G. W. Hess, all of Lefors. This will be the first session of county jury court since County Judge Bruce Parker and County Attorney John Studer took office on Jan. 1 this year.

### Graveside Rites Held For Hodge Infant

Graveside services were held in the Baby Garden of Fairview Cemetery yesterday for Herman Hodge, Jr., infant son of Mr. and Mrs. Hubbard Hodge, 423 Elm. The child, who was born March 26, 1949, died at 5:30 a.m. yesterday at his home. In addition to his parents, he is survived by a grandmother, Mrs. Perthlene Bagby of Pampa. The Rev. W. L. Smith, pastor of St. Mark's Methodist Church, officiated at yesterday's services. Burial was under the direction of the Duemel-Carmichael Funeral Home.

### Rites Set for J. R. Meadows

Funeral services for Joseph R. Meadows, 57, of the White Deer Creek community, will be held at 2:30 p.m. tomorrow from the White Deer Baptist Church. Meadows will be buried in the White Deer Cemetery beside his father, P. D. Meadows, who died in 1941. Meadows was born June 27, 1891, at Paradise, Tex., and moved to the White Deer Creek community about 42 years ago. He died in a local hospital at 3:15 p.m. yesterday after a three-year illness. He is survived by his mother, Mrs. Sarah Meadows, and a sister, Miss Effie, both of the home; two other sisters, Mrs. S. O. Clark of Mineral Wells, and Mrs. W. W. Clark of Big Spring; and by three brothers, Lee of the White Deer Creek community, H. F. of Paradise, and J. R. of Floyd, N. M.

### It's Spring, but No Fancy Here

CHICAGO (AP)—It's spring at the Brookfield Zoo, too, but one of the animals is giving Cupid a hard time. Bubbles, the two-year-old hippopotamus (a mere 1,800 pounds) is engaged to Pete, a handsome hippo at the Columbus Zoo. But Bubbles is paying hard to get. For two days zoo workers have used every conceivable bait to lure her into the "carrage" which is supposed to transport her to Pete. The hippo bidelect snorts and rolls over for a nap.

### MINISTER'S RITES BEAUMONT

BEAUMONT (AP)—Last rites will be held here today for the Rev. John Allen Smart, 97, a Baptist minister for 67 years. He died at his home Friday after a long illness.

### British Hint at Force To Rescue Amethyst

SHANGHAI (AP)—The British consul general last night strongly implied that force would be used if necessary to rescue the Amethyst and its 60 remaining personnel from a Chinese Communist trap in the Yangtze River. The Communist radio in Peiping meanwhile charged that the four British ships shot up by the Reds since Wednesday were fired upon because they joined the Nationalists in the war. A British Foreign Office spokesman in London indignantly denied this, stating the Amethyst and the others which vainly tried to rescue her "only fired in self-defense and did not fire until fired upon."

### Poles Said Spying From Embassy

WASHINGTON (AP)—The House Un-American Activities Committee produced last night documentary evidence and testimony under oath that the Polish Embassy here has been a nest for spies. Twenty-seven documents and the testimony were supplied by Gen. Isidor Rudolf Modelski, a former Embassy official whose appointment backfired on Poland's Communist regime.

The testimony points to at least two espionage networks operating out of the Embassy, one supposedly specializing in atomic secrets, the other branching into Canada and Mexico. Modelski's papers and what he said are included in an official committee report. It indicates that the Poles were after everything from humdrum economic figures to military super-secrets. His story told of a Russian spy master pulling the strings. There is no measure of how successful they were. Polish Embassy officials could not be reached for comment.

During the war, Modelski was undersecretary of war for the Polish government exiled in London. He said he collected the documents dealing with spying while he was military attaché at the Washington Embassy from May, 1946, to last August. All along, he said, he cooperated with American military intelligence and still is cooperating. The general related he walked out with the documents when he broke officially with the Red-dominated government in Warsaw. He turned them over to the committee last February. He testified March 31 and April 1 at a closed session of a one-man subcommittee. Chairman Wood (D-Ga.) was the one man. One top secret was a set of detailed instructions given Modelski in March, 1946, he said, before he came to this country. He said they dealt with "what fields are to be

### Dr. Norris Told He Doesn't Know About the Subject

AUSTIN (AP)—The University of Texas Religious Workers' Association has taken issue with Dr. J. Frank Norris over alleged communistic influences in the university. Last Wednesday Norris, pastor of the First Baptist Church in Fort Worth, said there were confessed Communists attending the university. He said the Legislature should cut off approximately \$1 million from the state schools if such schools have Communists or subversives on the faculty. In a statement Saturday the Religious Workers' Association said: "We believe that he (Dr. Norris) is not sufficiently familiar with the regents, administration, faculty, or students of the university to question their loyalty." "This association recognizes that there is a healthy and appropriate diversity of opinion among university students, faculty and administration," the statement said. "We have great confidence in their integrity and their ability to conserve the essential democratic principles and processes of our state and nation."

### Cow Pony Riders to Vie For \$100 Relay Stake

McLEAN—It will be somewhat like the Pony Express days next Saturday morning, when a 20-mile cow pony relay race will be staged as part of the American Legion-sponsored 3-day rodeo. The race will be run from Shamrock to McLean Saturday morning, beginning at 9 o'clock. Three horses will be allowed each rider, and the rider must change his saddle at each relay station. A \$100 pot awaits the winner of the race, which will require an entry fee of \$10 for each contestant. Bob Sherrod, McLean, is in charge of the contest. Another feature of the rodeo, being held Friday, Saturday, and Sunday, will be calf-roping by McLean merchants, many of whom have had little experience

### Hearing on City Zoning To Be Tuesday

The City Commission will hold a public hearing Tuesday afternoon to iron out complaints that might arise from recommendations of the Zoning Board. Some areas of the city had never before been zoned and restrictions were set up on certain other sections that were recently brought within the city limits. One of the new sections is a 25-acre area west of the High School that begins on N. Hobart and runs east on Kentucky to Hamilton, north on Hamilton to Harvester, east on Harvester to Russell, north on Russell to Worrell and west on Worrell to Hobart. The Zoning Board recommended to the commission that this area be zoned as a residential section, except for a half-block width on the east side of N. Hobart. It was recommended that a half-block strip on the east side of N. Hobart from Alcock north to the city limits be limited to semi-commercial use. N. Hobart will be a part of Highway 70—the proposed Pampa-Perryton road—and the Zoning Board felt that the appearance of Pampa would be enhanced by limiting this highway approach to retail shops and stores. No factories or fabricating plants will be permitted on the east side of N. Hobart, if the board's suggestions are adopted as part of the city's zoning ordinance. ### Secretary Charged in Boss' Death

RIVERSIDE, Calif. (AP)—Wealthy John E. Owens was fatally shot, sheriff's investigators said yesterday, by his attractive divorcee-secretary who related a story that Irene Rich, stage and screen star, had come between them. But in New York Miss Rich, appearing in "As the Girls Go" at the Winter Garden, told newsmen she was a friend of Owens, 68-year-old president of the National Apartment House Owners' Association, but had no romance with him. Miss Rich said she and Owens, both cattle ranchers, had been acquainted about five years. She met him at cattle shows, went out with him occasionally when he was in New York, and he was "perfectly charming but no more than that." She said she would have married him if he were free. Owens and his wife, Florence, Beverly Hills, Calif., were estranged. Miss Rich's Etiwanda, Calif., ranch is about five miles from Owens' palatial Riverside ranch where he was slain Friday night. The secretary, Mrs. Agnes E. Garner, 53, was booked on suspicion of murder. District Attorney William O. Mackey said she told him the shooting was accidental and followed an argument when Owens notified her he was going to discharge her after 11 years' service. Sheriff's Investigator Mel Vivion reported that Mrs. Garner, in an earlier statement to him, said that she and Owens quarreled for two hours after he proposed to her. (See SECRETARY, Page 9)

### Bill Stack Whittled

AUSTIN (AP)—The 51st Legislature nearly worked itself to death this past week in an earlier session when Owens notified her he was going to discharge her after 11 years' service. Sheriff's Investigator Mel Vivion reported that Mrs. Garner, in an earlier statement to him, said that she and Owens quarreled for two hours after he proposed to her. (See SECRETARY, Page 9)

### Rain, Hail Lash Valley

While those who couldn't swim were learning in the rain and hail-drenched Rio Grande Valley and other South Texas points yesterday, plains dwellers of Pampa and vicinity were tossing coats and vests into closets as the mercury climbed to an even 81 by mid-afternoon. Beginning Friday night, according to Associated Press dispatches, the heavens poured out a seven and one half inch rainfall, accompanied by a lashing hail storm that ruined all crops in western Starr County and Rio Grande City, knocking out its telephone communications. The storm zipped over into Mier, Mexico, where two persons drowned and hail stones injured another 22. In Zapata a six and one half inch rainfall doused the area. At Rio Grande City County Agent J. B. Talcott reported the Rio Grande rising rapidly, averaging one foot an hour and added a 24-foot crest is expected. "Should the crest reach 26 feet," the agent said, "it will cost Starr County approximately six million dollars damage."

### Americans Ordered Out

SHANGHAI (AP)—The Nationalist garrison vowed yesterday to defend Shanghai from the Communists. "Come what may," as a result, U. S. Consul General John Cabot urged warned American citizens they had better get out while they still could. This great city of more than a million population lies behind a flimsy, newly built wooden fence, 35 miles long, studded with mud pillboxes. At last count, there were 2,478 Americans in Shanghai. Most of them had elected to stay long ago when previous evacuations were carried out. With the Communists no more than 100 miles up the Yangtze River west of Shanghai and on the same (south) side, the city's immediate fate was uncertain but ominous. It was strangely empty of Chinese troops. "The American consul-general issued two warnings to American nationals suggesting they leave Shanghai unless they have compelling reasons to remain," Cabot's statement said. "He assumes that all those who are not prepared to face the dangers of remaining in a war area have already left." U. S. Navy headquarters here announced earlier in the day that it had enough ships to evacuate all American nationals and a considerable number of other foreigners. High winds were also registered along the coast with gusts up to 70 miles an hour.

### Major Box Scores In Monday's News

Starting tomorrow afternoon, the sports pages of the Pampa Daily News will carry the complete box scores of all of the major league baseball games, direct from the Associated Press. This is another of the many services that the Pampa News, the leading newspaper of the Northeastern Panhandle, offers its readers. Follow all of your favorite major league ball players through the box scores appearing regularly in The Pampa News starting tomorrow afternoon.

### Monday Last Day for Tax Renditions

Taxpayers have only tomorrow to file personal tax renditions, Aubrey L. Jones, city tax collector, warned yesterday. Jones, as tax collector, is required by law to file a rendition for those taxpayers who do not file their own, he said. The 1949 Equalization Board will begin tomorrow checking personal property renditions. By "personal property," Jones said, is meant all property except land and buildings. However, since Pampa does not tax household furnishings or privately owned automobiles, "personal property" resolves into business property. All persons owning businesses are required to file "personal property" renditions on their inventories of stocks and machinery. It is these renditions that the Equalization Board will begin checking tomorrow. Whenever the board finds a discrepancy, or has reason to suspect that a particular rendition is untrue, it has the power to inspect the property and either raise or lower the taxable valuation. Whenever a rendition is changed, the property owner will file a new one. (See MONDAY, Page 9)

### Scouts to Demonstrate Field Craft

Cub and Boy Scouts will have a field day Saturday, May 7, when the first annual Scout Expedition is conducted in downtown Pampa. The Cubs and Scouts will present their skills and activities between 9 a.m. and 5 p.m. on business section street corners and on the City Hall and Courthouse lawns. Activities will range from Cub Indian villages to merit badge demonstrations. Some of the skills and activities to be presented include: Troop 4, sponsored by the First Christian Church, pioneering merit badge; Troop 14, First Presbyterian Church, cooking merit badge; Troop 18, Hopkins P.T.A. hobbies; Troop 21, McCullough Methodist Church, camping. Troop 22, First Baptist Church, model camp; Troop 30, First Methodist Church, cooking; Troop 4, First Christian Church, Philippines Islands; Pack 14, First Presbyterian Church, Indian village; Pack 18, Hopkins P.T.A. hobbies; and Pack 22, Horace Mann P.T.A. hobbies. Each exhibit will be under the supervision of an adult leader. Exhibits will be judged during the day and blue and red streamers presented to the troops and packs just before 5 p.m. Blue ribbons will signify proficient work while red ribbons will stand for standard work. Judging will be under the direction of Bob Allford, chairman of the Boys and Girls Work Committee of the Kiwanis Club. The day's activities will close with a ceremony at 5 p.m. on the Courthouse lawn, at which time all Scouts and Cubs will dedicate themselves to the ideals of Scouting.

### Russia Says Production Up

MOSCOW (AP)—Russia's industrial production is a step above the schedule for the first three months of the year, the Central Statistical Administration announced yesterday. It reported overall production 23 percent greater than in the corresponding period last year. (As usual, the announcement contained no specific figures.) ## State Lawmakers Pause After Big Week's Work

By DAVE CHEAVENS

AUSTIN — (AP) — The 51st Legislature nearly worked itself to death this past week.

The record speaks for itself: The Senate stayed in one continuous session for more than 91 hours before reaching a compromise and finally passing two major controversial measures — the Basic Science and Chiropractor Bills.

In the midst of this record-breaking session it took a breather and wheeled out 91 local and uncontested measures.

The House worked through Friday for the first time this session and slugged it out for long hours in debate on the Gilmer-Aikin school proposals. The major development of the week in the House was final passage of the first of these bills; Senator Jim Taylor's public school reorganization measure.

The House also whipped through 38 local and uncontested bills and did some more whittling on its overburdened calendar.

There were these and other signs that the Legislature's logjam which has been piling up for weeks was beginning to shake itself loose. Still unsolved was the issue of spending and taxation, and the House had a long way to go with two Gilmer-Aikin bills hanging.

Some kind of a record was probably set when the Senate slogged through two filibusters in one week: the first a relatively short one aimed at the oil

pooling bill, the second aimed at the Basic Science Bill. The Basic Science filibuster was the longest anyone could remember in recent legislative history.

Here in essence are the week's top accomplishments.

Senate:

Approved and sent to the House a proposed Constitutional amendment allowing women to serve on juries.

Approved and sent to the House a proposed Constitutional amendment abolishing the poll tax as a voting requirement.

Passed on second reading the bill for cooperative development of oil fields.

Approved a House-passed Constitutional amendment proposal for annual sessions of the Legislature and annual salaries for legislators. The House must concur in amendments before it is submitted to the people.

Passed the chiropractor-backed licensing bill 21 to 1 and sent it back to the House for concurrence in amendments.

House:

Passed the chiropractor licensing bill and sent it to the Senate.

Passed the Taylor school bill with amendments and sent it back to the Senate, after overcoming a walkout by opponents who tried and failed to break a quorum to block consideration. Took up debate on second school bill, the minimum foundation measure.

Failed to finally pass a poll

tax amendment proposal similar to the one approved in the Senate. It was still alive and a second try could give it the 100 votes necessary for approval.

Adam Rakowski, Columbia in-fielder who set a school batting mark of .487 last season, also hit safely in every game the Lions played — 13.

## Used Car Dealers See Big Turnover

By DAVID J. WILKIE

AP Automotive Editor

DETROIT — (AP) — The used car dealers may not expect big money this year but they do expect a big turnover.

This is evident at most used car lots. The dealers have dusted off the signs that urge you to "Get Our Bid First." Some even say "Please Stop Here for the Highest Dollar."

Generally you will be offered considerably less than you paid for your car.

Of course the bottom isn't going to drop out of the used car business — unless it drops out of other businesses, too. As the car manufacturers reduce prices the used car dealer has to adjust his prices downward. But he adjusts both his buying and selling prices.

Most motorists who got new cars a year ago escaped at least one price increase. And they were substantial hikes in most instances. For example, in July, 1948, Chevrolet boosted prices from \$80 to \$115. In August Ford advanced Ford models \$75 excepting on one model, which it reduced \$5.

Virtually every other manufacturer also raised its prices in sizable amounts during the year.

So for many motorists the lower offers from the used car dealers are not as severe a cut as it is for those who got delivery after mid-year. The jolt comes mainly for those who figure the cost of replacing last year's model with all its extra equipment.

They are discovering that they have to accept from \$500 to \$1,000 less than the cost of a new car of identical make and equipment.

Undoubtedly this will discourage a large volume of new car buying.

**Regulations Given on Registration For Pampa High School Senior Trip**

Pampa High School Seniors have until Friday to make reservations for the annual trip to Carlsbad, May 6, 7 and 8, Frank Wilson, principal, said yesterday.

Seniors have received application blanks which must be signed by them and by their parents. No student will be permitted to go on the trip unless the application has been properly filled out and returned.

No student may make more than one school-sponsored trip to Carlsbad, Wilson said.

Two methods of transportation will be used to reach Carlsbad. Students may either go by bus or in private cars, providing certain regulations are complied with. The restrictions on the use of private cars is rigid and there can be no exceptions to these restrictions.

Each car must have a parent of a Senior who is the owner of the car and who will serve as sponsor. The parent chaperoning must assume full responsibility for the passengers while the car is enroute and for the riders while in Carlsbad. All cars will go and return at approximately the same time as the buses.

Other restrictions to the private car transportation include: no car will be over-loaded nor under-loaded; special application blanks will be provided for those parents who desire to take a car. The blanks must be filled out in the presence of the head sponsor and each student who rides in a car must have his parents sign a permit in the presence of the head sponsor.

The students making the trip will be under the jurisdiction of the sponsors and must pledge their sincerest efforts to abide by all the instructions provided in the application.

In rich ground there may be a million earthworms in an acre.

**Soviet MG Head**

Gen. Vassily I. Chulikov, above, veteran of the Russian civil war and one of the heroes of the Battle of Stalingrad, succeeds Marshal Vassily Sokolovsky as Soviet military governor in Germany. Sokolovsky was named first deputy minister of the Soviet armed forces.

**CELEBRATE ANNIVERSARY**

BERLIN — (AP) — Spanish Republican refugees celebrated the 18th anniversary of the republic today with a reception at the Spanish Embassy here.

Experiments at the University of Illinois found that modified exposure to X-rays would increase the hearing ability of a dog.

**Presbytery Has First Meeting in New Church**

CANADIAN — (Special) — The first meeting to be held in the new Presbyterian Church here was the Amarillo Presbytery's business sessions that began at 10 a.m. Thursday. The meeting continued until 4 p.m. Friday.

Present in the meeting were Dr. Francis Pritchard of the First Presbyterian Church of Amarillo, the retiring moderator, and Rev. Russell Wingert of Hereford, Texas, newly elected moderator.

Rev. Robert Boshen, formerly of Pampa, now of Fort Worth, was the guest preacher for the meeting.

Rev. Clarence Wylie of Dalhart is the stated clerk of the Presbytery.

A banquet was served in the new Fellowship Hall Thursday evening for visitors and local members.

Formal dedication services for the new church building will not be held until May 8.

About 200 members of the high-school-age Sunday School group of the First Christian Church with Mr. and Mrs. Leslie Webb and Mrs. Ralph Alexander

**High School Holds Assembly**

CANADIAN — (Special) — Canadian High School enjoyed good music and some comedy at the assembly hour Thursday morning.

Miss Helen Howard and Miss Marilyn Miller of Oklahoma College for Women entertained the students — Miss Howard with the marimba, and Miss Miller with comic readings.

Canadian was represented in several events in the Regional Inter-scholastic League meet at Lubbock Friday and yesterday.

Harvey Truitt, High School principal, left Thursday, taking W. H. Bryant and Bob Hernandez for the tennis doubles.

Mrs. Truitt left Friday afternoon with the debaters and the cast of the one act play. Entered in debate are Wanda Hoover and Louise Zybach. The competition play is "The Sisters McIntosh," played by Myrtle White, Louise Zybach and Dickie Hutton.

Supt. A. H. Breazeale left early Saturday taking Bill and George Arrington for track.

The contestants mentioned were winners in the district meets held at Canadian and Follett earlier this month.

Mark Twain patented in 1873 a book which did not have a single word in it yet 25,000 copies of it were sold. It was a self-pasting scrapbook.

**To Have Poems Published**

McLEAN — (Special) — Nineteen students in the McLean High School Junior and Senior English classes, under the guidance of Mrs. Jim Back, have been notified that their poems will be published in the spring section of the Texas Anthology of High School Poetry.

Of the number, seven had had poems published before. They are: Ralph Litteral, Billy James Rainwater, Petie Everett, J. W. Simmons, Dot Grigsby, Sue Young, and Grace Wilson.

Others who are having their first poems published are: Johnny Griffith, W. A. Bruner, Carl Ray Cox, Ronald Litteral, Benny Cooper, Eula Mae Scales, Jo Ann Grigsby, Maxales Windom, Norma Wilson, Jane Graham, Patie Ferguson, and Norma Mercer.

### Canadian Nine Defeats Higgins 13-10 in See-Saw Battle

**CANADIAN** — (Special) — The Canadian High School baseball team Friday defeated the Higgins High School nine at Higgins by a score of 13-10. Each team scored two runs in the first inning. Neither scored during the second. Then Canadian took a long lead in the third when they ran in six score, and then scored one in the fourth, one in the sixth and three in the seventh. Higgins scored two more in the fourth, one in the fifth, one in the sixth, and four in the seventh.

Harold White saved the day for Canadian in the last half of the seventh inning. When Bucher for Higgins hit a 10-5 fly to center field. With two out and the bases loaded, the score 13-10 in favor of Canadian, White caught the fly for the final out, retiring the side, and sewing up the ball game for Canadian.

Jimmie Waterfield pitched stellar ball for the Canadian team, allowing only two men to cross the plate in three and one-half innings, and giving up only three hits and allowing one walk in that time.

He was relieved in the fourth inning by Roger Reagan, who also turned in a fine game. James Miller did a bang up job behind the plate for Canadian. Bill Varnell and Roger Reagan each got four hits, and Hot Fry got three.

Tyson started the pitching job for Higgins, and was relieved by Pratt, Tyson, Koch, and Gill each got two hits during the ball game. Jimmie Waterfield of Canadian was winning pitcher.

### Eagles Keep Streak; Now 9 Straight

**By WILBUR MARTIN**  
Associated Press Staff

Dallas won again, won again. And this isn't double talk. The Eagles beat Fort Worth twice Friday night, 10-5, 4-1, to stretch their string of victories in the Texas League to nine straight.

This is the longest winning streak at the season's outset in the memory of statistician William B. Ruggles. Ruggles has been following Texas League baseball for more than 30 years.

While the Eagles were flying high with a perfect record, the San Antonio Missions were compiling a neat score of their own. The Missions edged Shreveport, 2-1, to make it seven victories against three losses this year.

Another streak came to an end Friday night when Oklahoma City won its first game in ten starts. The Indians came from behind to edge Tulsa, 10-9.

In the other loop tilt, Johnny Grodzicki pitched Houston to a 5-2 win over Beaumont.

An estimated 13,000 fans watched Jerry White sock a three-run homer in the first game to send Dallas off on an 18-hit spurge. They stayed to see the Eagles come from behind and take the nightcap.

It was the third victory of the season for Grodzicki, a wounded veteran of World War II with major league ambitions. Jerry Burmeister helped his battermate's cause with a second-inning homer.

Keith Thomas' home run accounted for both Beaumont runs.

It was a home run by pinch-hitter Clarence Russell that tied the score for Oklahoma City in the ninth and then Deck Woltd singled Ray Murray home with the run that broke the drought.

San Antonio scored twice in the final frame to nip Shreveport. Charley Grant first singled, then doubled, Bob Okrie singled and a long fly by Earl Reid turned the trick.

**Wichita Falls Gains Top Spot**  
(By The Associated Press)

The Wichita Falls Spudders beat Gainsville 11 to 6 Friday night to clinch over the Austin Pioneers and the Greenville Ma-jors to the leadership of the Big State Baseball League.

The Temple Eagles downed Austin 9 to 1, while the Waco Fireats trounced Greenville 13 to 5. The Sherman-Denison Twins crushed the Texarkana Bears 13 to 4.

In Wichita Falls, the Spudders overcame a five-run first-inning Owl lead by scoring five times in the fourth. The rally was sparked by Manager Jack Bradsher, who hit a three-run homer. A Spudder run in the sixth was offset by an Owl score in the eighth. Then, Wichita Falls sailed away the contest with five runs in the eighth. Jack Houston was the winning hurler.

In Austin, Temple's Martin Rushing served up three-hit ball in the 9 to 1 victory over the Pioneers. The Pioneers' Eddie Izenzian spoiled a no-hitter with a homer in the fifth.

Fred Johnson, Michigan State's ICAA indoor and outdoor broad jump champion, is the holder of eight school track records in the broad jump, sprints and hurdles.

**Three Share Lead**  
(By The Associated Press)

Defending Champion Kilgore, Tyler and Paris rested atop the standings in the East Texas Baseball League Saturday.

Tyler swept a double header from Bryan, 11 to 4 and 2 to 1 late night to replace Marshall among the big three. Marshall was beaten 4 to 0 by Longview. Kilgore whipped Henderson 7 to 4. And Paris nipped Gladewater 11 to 10.

Eight horses have won racing's triple crown, the Kentucky Derby, Preakness and Belmont Stakes — Sir Barton, Gallant Fox, Omaha, War Admiral, Whirlaway, Count Fleet, Assault and Citation.

### Greens Gossip

**by Hogan O'Snead**

The Panchandle Men's Golf Association will hold its first meet today at the Ross Rogers Municipal Golf Course in Amarillo. Players will be paired from 10:30 a. m. until 1 p. m. Their first 18-holes of play will count as their round for the day. Practice rounds will not be allowed before play begins.

Johnny Austin is expecting a large group of Pampa players to participate in this first event. In case some of your local sharpshooters haven't turned in your names to him, he will accept names at the Country Club Pro Shop until 9:30 this morning, Sunday. Or he will meet you in Amarillo until 12:30 this afternoon.

You do not have to play par golf in order to play in this event. This is a handicap affair; so come on your mashie welders, let's go to Amarillo.

I have noticed that there seems to be some confusion on the number of strokes to be counted. It may be declared unplayable at any place on the course. If a ball is lost or deemed by the player to be unplayable, the player shall play his next stroke as nearly as possible at the spot, from which the lost or unplayable ball was played, adding a penalty stroke to the score for the hole.

"If the ball was played from the teeing ground, a ball may be teed; if from the fairway or a hazard, it shall be dropped; and if on the putting green, it shall be placed."

The Texas PGA will be played at Dallas, May 2-8. The people in this territory will never have a better opportunity to witness the shots of the play-for-money players. If you are in Dallas on these dates, be sure to make arrangements and attend this tournament.

The Ladies' City Tournament starts on May 1. The Men's Tourney is set for May 15, with the first matches on those dates. Looks as if the Country Club is going to have a busy month in May, if the weather will give a better opportunity to witness the shots of the play-for-money players. If you are in Dallas on these dates, be sure to make arrangements and attend this tournament.

### Longhorn Sprint Team Ready for Drake Relays

**AUSTIN** — (AP) — Charley Parker and John Robertson, the heart of the University of Texas sprint relay team, will return to action in time for the Drake Relays this weekend.

The Texas Longhorn team, with Perry Samuels and Desmond Kidd running the two outer legs, will defend its championships in the 440- and 880-yard relays at Drake.

Parker and Robertson have been sidelined with pulled muscles dating back to the Southwestern Recreation Meet at Fort Worth in mid-March. Parker has been out of action since then while Robertson tried an early comeback two weeks later at the Texas Relays and reinjured his leg.

Buddy Cockerell, first, James Shelton, second, Billy McPherson, fourth, shot put. Distance — 47 feet, 7 inches.

Jim Gillmore, fourth, pole vault.

Alvin Ward, third, 120-yard low hurdles.

Earlton Lockhart, fourth, 880-yard run.

Charles Ely, third, 50-yard dash.

Gene Barton, third, bar chin.

EdDean Begert, third, 220-yard dash.

DeWay Cudney, first, Barton Lockhart, fourth, discus. Distance — 105 feet.

Richard Qualls, third, high jump.

### Calumet Farm Derby Hopeful 'Tampere' With

**LEXINGTON, Ky.** — (AP) — Calumet Farm's Kentucky Derby hopes all but collapsed Saturday as trainer Ben Jones pronounced his ace, De Luxe, "flat" and said he suspected "tampering" by stable provokers.

Official of the nation's leading stable said he based his suspicion on a very sluggish race turned in by De Luxe at Keeneland Friday. The horse was "never better" in a workout the day before, he said.

Officials of the proud Keeneland plant, which enjoys a simon pure reputation with its non-profit policy and family atmosphere, were stunned by the report. They declined to comment.

He said De Luxe's condition after the race left him little hope of getting his horse ready for the Blue Grass Stakes next Thursday and the Derby May 7.

Ponder, the No. 2 Calumet Derby candidate, was a close fourth in Friday's race, won by Derby nominee Ky. Colonel, but Jones termed his race "only fair" and indicated he was not considered Derby material.

The nature of treatment that De Luxe might have been subjected to could not be determined immediately. Jones said he might never be able to prove it, but his best guess, he said, is that De Luxe was given some sedative.

### Oklahoma Holds On Lake Texoma

**OKLAHOMA CITY** (AP) — An Oklahoma Senate-House Conference committee held Friday a bill fixing a \$5 annual fishing license fee for Lake Texoma.

The bill, which has aroused considerable opposition in Texas, passed the Senate 88 to 1 Thursday. The Senate and House were in late night on minor matters.

Lake Texoma lies between the two states. Most of the good fishing waters are in Oklahoma. Residents of both states may fish with their own boundaries with state licenses. The bill passed yesterday provides the \$5 license would be required for fishermen crossing the state line.

Seventy percent of the revenue would go to Oklahoma and the rest to Texas under the bill. A ten-day license will cost \$1.25.

### Court Rules McAllen Team Safe at Home

**EDINBURG** — (AP) — The McAllen Club has received a green light from a district court jury to continue construction work on its new ball park.

The jury Friday refused to grant an injunction against the use of the McAllen park. Four claimed the lights and noise at the night games would disturb their peace.

The Notre Dame football team will face Indiana, Washington, Purdue, Tulane, Navy, Michigan State, North Carolina, Iowa, Southern California and Southern Methodist in 1949.

### Matched Horse Races At Holmes Track

This afternoon, at 2 o'clock, horse races will again be held at the Luther Holmes Race Track, south of the city. Horses from all over the Southwestern United States will be on hand for the day of racing.

There will be approximately eight to ten races, plus a four-horse race, with entry fee.

### Reapers Win Third at Junior High Regional Track Meet

The Pampa Junior High track team took third place behind Elizabeth Nixon and Horace Mann, of Amarillo, in the Panchandle Junior High School League's track and field meet in Amarillo Friday afternoon.

The Reapers racked up 27 1-2 points, compared to 29 1-2 for Nixon and 55 1-2 for the winning Rangers.

Boys who placed for the Reapers were:

Bobby Seitz, fourth, broad jump.

Buddy Cockerell, first, James Shelton, second, Billy McPherson, fourth, shot put. Distance — 47 feet, 7 inches.

Jim Gillmore, fourth, pole vault.

Alvin Ward, third, 120-yard low hurdles.

### Wrestling Bout Called Off

The weekly wrestling card at the Sportatorium was called off Friday night when only a few fans appeared.

Rod Fenton, whose rugged ring tactics have earned him the sobriquet of "Lightning Rod," was scheduled to appear against Jack Fappenheim, the slippery and crafty wrestler who defeated Hy Sherman last week.

Fenton hasn't been in Pampa since last October when he defeated the popular Dick Trout.

Glen Detton was scheduled to wrestle Hy Sherman Friday.

When so few fans showed up, however, Promoter Vic Burnett decided to call off the matches. As one would-be spectator said, "With a ball game in town, a carnival, and two revival meetings, there's too much competition for a wrestling match."

### Junior Amateur Golf Tournament July 19

**DALLAS** — (AP) — Sectional qualifying for the Junior Amateur Golf Championship will be held at River Crest Country Club, Fort Worth.

Ben Lee Boynton, member of the sectional affairs committee of the United States Golf Association, made the announcement Saturday.

The qualifying round will be July 19 with the course open for practice on July 18.

Applications for entry may be obtained from Boynton at 812 Commerce Street, Dallas. Entries close July 5.

The National Junior Tournament will be held at the Congressional Country Club in Washington, D. C., July 27-30.

The tournament is open to amateur golfers who will not reach their eighteenth birthday by midnight of July 30, 1949. Entrants need not be members of the USGA member clubs.

We Get What We Asked for

Truman and Barkley soap-boxed the people last fall to the effect that, to elect them, would be the simplest way to defeat the high cost of living, sometimes known as HCL. This was the siren song that lured enough votes to put them in office.

In the past few days there have been some price declines, and there has been some talk that there likely would be some more.

But, be that as it may, the millennium has not arrived. The New Deal, which has re-named itself the Fair Deal, because of a recent Truman blurb promising same, has begun talking about preventive measures against such things as "depression" and "inflation."

We hear that bills are being devised to freeze prices at the October level. The formers of the Truman-Barkley House of Controls and Regulations, and they are in likely number to see that some sort of law in that vein is passed.

So, we see no relaxation of controls, not even any willingness to let come to pass that which they said would come to pass seven months ago, namely, a return from the high cost of living, also known as HCL.

What is happening in our country is no more than what a lot of people thought would happen when the socialist-minded Congress was elected last November. It is this: we are in for more economic planning, whether we like it or not.

Nuremberg Lawyer To Speak to Bar

FORT WORTH — (AP) — The chief British prosecutor at the Nuremberg war trials will speak here June 20.

Sir Hartley Shawcross, Great Britain's attorney general and head of the British legal battery that helped convict Goering, Von Ribbentrop and other members of the Nazi hierarchy, will come here for the annual meeting of the State Bar of Texas.

Several hundred lawyers and judges will attend the state bar meeting, June 28-29.

LAKE SUCCESS, N. Y. — (NEA) — There is still life in this United Nations baby. Crowds of people have been flocking to the Lake Success baby.

High school and college history classes from New England and the Middle Atlantic states come in chartered buses. Women's clubs and adult study groups come in caravans.

Individuals, honeymooners and families of tourists commute or drive out in their cars despite the fact that these temporary UN headquarters sites are hard to reach. Anyone willing to find his way through tunnels, Brooklyn's unmarked highways and the Long Island railroad trains to get here demonstrates adequately his fighting interest in the success of world organization and world peace.

When the UN organization upped stakes and away to Paris for the General Assembly meeting last fall, it was feared that the American public would lose interest, permanently. The frequently-expressed opinion that the UN dove of peace was a dead pigeon gained belief.

But today the interest has bounced right back. Meetings of whoever is elected, sometimes, under the UN banner open to the public have been playing to best-qualified men.

New Chinese Strife May Serve to Clarify Situation

By DEWITT MACKENZIE Foreign Affairs Analyst

We shall know soon how much striking-power the Chinese Communist armies possess, for their task of crossing the mighty Yangtze River — last formidable barrier between Red China and the Nationalist South — would be Napoleonic if they encountered strong resistance.

Perhaps we should do better to put the operation in terms of Nationalist weakness. For it is great, relatively speaking, and already the Communist chief, Mao Tse-tung, has flung troops across the river at strategic points, spurring them on with the cry: "liberate all China."

This resumption of fighting, grim as it is, will clarify the situation faster than would long-drawn-out talk. The Nationalists now know that appeasement won't work with the Communists.

Peace could be achieved solely on Red terms. The only way to reach a clear-cut decision is to fight it out.

If the Nationalists carry out the plans which they have been contemplating, we are witnessing the beginning of another stretch of bloodshed and destruction. It is small comfort to note the historical fact that this will be only a further phase of the civil strife that has been going on intermittently ever since the revolution of 1911, which resulted in the overthrow of the throne and the establishment of the republic.

Unimpaired sources say that under the guidance of Generalissimo Chiang Kai-shek the Nationalists have been preparing to inaugurate guerrilla warfare to meet the Red invasion of Central and South China.

I understand that Chinese who have had instruction in the United States have been organizing this projected guerrilla warfare. Of course the Nationalists are terribly short of military equipment, but Chiang is said to have been marshaling his resources and is figuring on making them go as far as they will.

Gracie Says

By GRACIE ALLEN

Thank goodness, the United Nations people have at last found a subject for friendly argument — delicatessen of all things!

It seems the British delegate, twitted the Russian delegate for staying in a big Long Island mansion instead of hanging out in delicatessens to find out what the common people thought about this.

At that, it wouldn't be a bad idea for the U. N. to meet in a delicatessen. Besides finding such delicatessen as public opinion there, they might also discover the kind of peace, or at least a cooked goose for warmakers. And if they quarreled, it would be a lot better for the world if they borrowed the old Weber and Fields vaudeville technique and slapped each other with mackerel and hunk of salmon!

And while in the delicatessen, they might learn something about the pickle the human race has gotten into.

Cancer Control State Goal Set

DALLAS — (AP) — Texans are being asked to contribute \$270,000 this month for cancer control work in their own state.

The goal was announced by Karl Hohltzelle, state campaign manager for the American Cancer Society. He said 60 percent of the total \$450,000 goal will be used within the state. The rest will be used to finance the society's national research and education programs and operation at costs.

Before the Dishes Are Done

By BETTY KNOWLES HUNT

Like most other parents, I do not expect my children to be models of perfection. I know only too well, they will make some mistakes, do some wrongs, and oftentimes be less than their best.

The most wonderful gift ever bestowed upon me was my children. I think that old-fashioned virtue which strikes me as wholly irresponsible, and that I prize as HONESTY. Somehow, I can forgive many other mortal shortcomings, such as laziness, greed, selfishness, ignorance, but deliberate dishonesty has always turned my stomach! In public affairs, it appalls me beyond all else.

This fact was vividly brought home to me as I read of Sir Stafford Cripps' recent budget speech to his British countrymen. There is a man with whose economic theories I disagree wholly and profoundly. I think that his party is dead wrong, and that it will cause immeasurable harm to those who adopt it, and yet — I could justly devote my "free enterprise" system, and then, in the next breath, offer socialist proposals to strangle and kill it. Only they don't call such programs "socialism," because "socialism" is a categorical denial that they have any relation to socialism. They invent a whole dictionary of fancy labels and slogans, like "safe-enterprise" and "free enterprise," "economic democracy," "the insurance state," or perhaps just "the Fair Deal." Any name or label will do, just so long as it isn't socialism, because "socialism," Norman Thomas has never gotten anywhere with that label here.

Perhaps the most flagrant example in this verbal conspiracy is the new farm program just presented to Congress through the Secretary of Agriculture, Arthur Krock, of the New York Times, calls it "well-meaning," "national scale," "economic democracy," "the insurance state," or perhaps just "the Fair Deal." Any name or label will do, just so long as it isn't socialism, because "socialism," Norman Thomas has never gotten anywhere with that label here.

Two hours east of San Diego, the visitors rode through a desolate, desert landscape dying under a sun that might have been made in Moscow. As far as eyes equipped with binoculars could reach, nothing grew save dusty sage, greasewood bushes, Joshua trees and forbidding cacti on acres which did not furnish sustenance for a jackrabbit. It was a land which both God and man had been forced to forget.

BULGING — A few miles west of El Centro, however, the travelers entered a veritable Happy Valley or Shangri La, where there were wide, shadowed and well-coming avenues. They saw farms which produce some of the nation's finest fruits and vegetables at all seasons of the year.

Alongside railroad spurs stood bulging warehouses whence a portion of the \$95,000,000 worth of crops grown annually in this Imperial Valley are shipped to the White House, the Waldorf-Astoria Hotel in New York and to lumber houses throughout the United States.

IMPORTANCE — It is almost impossible for anybody living east of the Mississippi River to understand the importance of this element in the West. But an airplane trip from Washington to

Yes, I can admire Sir Stafford Cripps. He openly advocates a socialist planned economy, and then presents the honest bill for its gigantic cost. But, as I said before, deliberate dishonesty just turns my stomach!

Now this farm program can be attacked from many angles, and will be. Perhaps the proudest attack will be against the regimentation and controls which it will foist upon our farmers, destroying completely their historic freedom and self-reliance. Lord knows, I don't underestimate the importance of that angle. But even more important to me is the complete and utter dishonesty of the whole plan, and its attempt to make the part from taxes on farmers and consumers alike!

Can the American people really be tricked by so obvious a ruse? Haven't you known? Apparently the administration is counting on our utter gullibility and ignorance. Apparently it is sure that neither the farmers nor the consumers will connect the future tax bill with this program. When the March bill is rendered, it can always shout about the high cost of defense and European aid, thereby hiding the subsidy bill under a blanket of

National Whirligig

news behind the news

Ray Tucker has recently toured Southern California to investigate on the scene the questions involved in the water rights dispute to the Colorado River between California and Arizona.

For hundreds of miles after leaving the luxurious Phoenix area in Arizona, the airplane passenger looks down on an empty landscape — dry valleys, bare mountains, utter lifelessness everywhere, a haze of blinding but unusable sunlight.

It is a death valley for want of water. Depressed by the scene, the passenger ogles the lovely hostesses, falls asleep or reads the ideal book for this leg of the trip — "The Seven Storey Mountain." He waits for withdrawal from such a world.

THRIVING — But in a twinkling, if he looks down, he sees an altogether different landscape — the Imperial Valley. Black earth, checkerboard squares of rich farms, green foliage, water sparkling in the sunlight from ditches and canals, trucks bowing down the pikes. In short, a living, active, thriving countryside.

But the tragic thought is that the dark, desolate, Childe Harold land he just flew over could be as pleasant and as productive as the Imperial Valley if it could be blessed and cared with water.

The sight makes the philosophical wonder why the Connecticut, Columbia and Mississippi Valleys, for instance, should enjoy more water than they can possibly use, while this area, where 70 to 80 counties cover more territory than the six Yankee states, lifts its hungry lips to unresponsive skies and digs its fingers into barren earth.

PREY — The explanation for the almost miraculous transformations of dead land into good earth is water, a more precious jewel out here than a million Hope diamonds. And the only major source of water between the Mississippi Basin and the Pacific Ocean is the Colorado River.

Once a wild, roaring, 1700-mile-long and untamed monster, which was discovered in 1840 by Captain Hernandez Alarcon, the Colorado has now become the prey of lawyers, engineers, politicians, business men and industrialists in an area which comprises one-twelfth of the continental United States.

In their struggles for possession of life-giving "water holes," California and Arizona cattlemen once killed each other. As late as 1928, Arizona called out its militia, and farm boys in uniform unlimbered their machine guns to prevent construction of Parker Dam, which was designed to divert water from the Colorado to serve the cities and farms of the coastal plain. Blood as well as mud combined to christen this Nile of the West.

Although the controversy has boiled down to rival California and Arizona claims to 1,200,000 acre feet of water a year, an amount which will cover that number of acres to the height of one foot of water, this is no mere local dispute. There is not a person in the country who will not be affected in his pocketbook, in his assurance against a successful attack on the U.S. and in his supply of food by the eventual solution.

FERCE — The controversy over future water rights in the river is as fierce today as it was in former times, for the outcome is a matter of progress or slow death to the states, communities and individuals involved. The only difference is that today the prospective settlement will be reached, not at the point or aim of a gun, but in the halls of Congress, before the United States Supreme Court.

# Pyramid Clubs Help Sale Of Doughnuts, Boyle Finds

By HAL BOYLE  
NEW YORK—(AP)—It's dollars to doughnuts that more people got doughnuts than dollars out of the pyramid club craze.

"Because at most of the parties launching the clubs you at least get a doughnut and a cup of coffee. It is another matter how many people, for the \$1 they plunked down, got back twelve days later the \$2,000 they hoped for."

To check up I phoned a spokesman for the doughnut industry. "Have the pyramid clubs affected the sale of doughnuts?" He chirped happily. "Why, wherever the craze hits it doubles the doughnut business. It lasts a week or ten days in most places, and the sale of doughnuts goes up a hundred percent."

"I talked to some coffee people, too. They say their business is up, but not as much as ours."

There are no reports available as to the impact of pyramid club parties on the aspirin market — although certainly all the hangovers weren't financial.

Word of this latest American investment fad swept quickly around the world. There was no great reaction in Egypt, where the pyramids have held buried hopes for a long time. British newspapers expressed a polite interest.

Here in the United States the pyramid club mania has bounced around like a haphazard tornado. It swept eastward from California.

It hit hardest in the cities. Police in Columbus, O., estimated it was a million dollar merry-go-round there for two weeks. Here in Manhattan the quick-money virus wore itself out in a few busy days.

Many who joined the clubs and got stung for a buck regard their loss as a harmless adventure. But police don't feel it was all innocent. They think a number of fast operators capitalized on the craze and turned it into a racket in some places. Such operators got in fustest — and out with the mostest.

The pyramid club hysteria is still spreading in smaller towns and cities. Last week it was rampant in parts of Florida.

And next week offers a wonderful opportunity for all who want to go pyramid-clubbing. It is National Doughnut Week.

White mice flown over the "hump" to scientific laboratories in China in World War II were provided with oxygen during the trip.

# U. S. Plans Rival for 'Queens'

WASHINGTON — (AP) — A simple explanation of America's housing problem and why there are slums and how they got that way has been given by Senator Taft, Ohio Republican.

In a Senate debate on the public housing bill, Taft, who supports the bill, said what follows:

In this country there are about 25 million married couples, some with families. About three million of them live doubled up with other families.

And of that three million, about one and a half million want homes of their own. But —

Between five and six million present housing units are sub-standard and about half of them — possibly as many as four million — are in slums.

But why? Taft said:

"Today it is very difficult to build a four-room house for less than \$7,000. A family would have to have an income of approximately \$3,000 a year in order to live in a \$7,000 house."

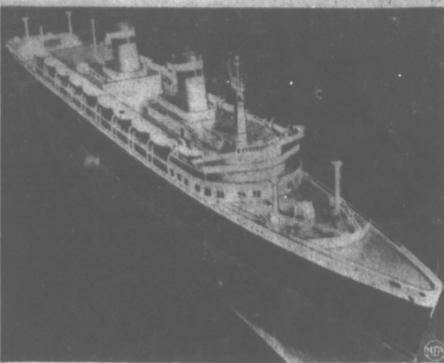

Forty-five percent of all families in the United States — or 15 million families — have an income of less than \$3,000. With some exceptions, these families are unable to buy new homes.

That makes 15 million families unable to buy new homes. And — 22 percent of all the 35 million families in the nation — or more than seven million — have incomes of no more than \$2,000.

The amount of rent they can pay is so low that by the time they get apartments, their rent is hardly sufficient to keep up the houses. So those houses deteriorate.

The slums are occupied by people who can't afford to pay even a "reasonable" rent and, said Taft, "the rent which is paid is so low that no landlord, even if using all the rent, is able to pay the taxes and keep the building in reasonably good condition." So they deteriorate into slums.

There you have the picture. The low income families live in houses that deteriorate. And the lowest income families live in the houses that have deteriorated most.

Here is a model of the proposed \$70,373,000 American transatlantic supertanker, largest ever constructed in the U. S. Accommodating 2000 passengers, or 12,000 troops in time of war, the 48,000-ton ship will be 980 feet long and have a speed of more than 28 knots. Proposed for the U. S. Lines, it will be slightly smaller than Britain's "Queen" ships, the Elizabeth and Mary.

WASHINGTON — (AP) — Some farms obtained an average of more than \$20,000 for surplus 1948-crop potatoes sold to the government under its grower price-support program.

This figure was disclosed by Secretary of Agriculture Brannan in a report which said the total cost of the 1948 support program for this crop already has approached 200 million dollars. The average of more than \$20,000 was reported for Rhode Island farms.

Similar potato support programs cost the government 90 million dollars in 1946 and 80 million dollars in 1947.

The secretary said these figures "show clearly some of the short-comings of the present method" of supporting prices. He said he believes a new farm plan he laid before Congress April 7 would serve farmers as well as the present one at a fraction of the cost to the public and without wasting potatoes.

Under the present method, the government buys from eligible producers who are unable to obtain the price-support rate in the market place.

By states, the number of farms eligible for price supports and the average amount paid each of these farms for surplus potatoes up to Feb. 22 included: Oklahoma 63 and \$238 and Texas 130 and \$3,921.

Pampa Building Total Shows Drop

Pampa building slumped sharply last week to only 11 permits for a total valuation of \$20,200 in remodeling, new construction, and house moving.

The highest figure for any one classification was \$11,900 for three permits for remodeling private residences. Four residences totalling \$4,500 were moved into town and one permit for a new private residence, valued at \$2,000, was issued. Two new private garages were given permits up to a total of \$1,650. Under miscellaneous (sidewalks, drive ways, curbs etc.) one permit for a \$150 job was granted.

# Pampa Soldier Helps Win Japanese to American Ways

CPL. ROYCE L. AYRES, Pampa, receives a farewell gift from three Japanese junior high school girls in Sapporo City, Japan, before he leaves for home. In the course of his work as an administrative assistant in the government's occupation of Japan, he became a friend to many young Japanese. Winfield Niblo, civil education officer of the Hokkaido Military Government District, Denver, Colo., is in the background.

and other relatives. The delegation had come to his office to express their farewell.

In the course of his work, it had been necessary for him to visit the school of these students. Today, they had come dressed in their most beautiful and brilliant kimonos, to present Cpl. Ayres with a beautiful Japanese doll as a souvenir of his stay in Sapporo.

In a letter to the editor of The News, Winfield P. Niblo, civil education officer, said "Cpl. Ayres has been a member of the Hokkaido Military Govt. for the past twelve months and during that time he has made an excellent record. It is with sincere regret that we now lose his services. "Cpl. Ayres has represented

America at its best at all times and has made a very favorable impression upon the Japanese with whom he has come in contact. One of the most important tasks of the military government is to win friends for America and for the American way of life. Cpl. Ayres has helped to do that job."

For about 15 months the corporal was a member of the 511th Parachute Infantry Regiment stationed at Hachinoe on the island of Honshu. He was later transferred to Hokkaido as administrative assistant.

In addition to his regular duties, Ayres acted as manager of the military government theater and for the past year has been the non-commissioned officer in charge of athletics. His base-

ketball team won island championship for service troop teams. During the winter months, Cpl. Ayres took advantage of the ski slopes situated within the city limits of Sapporo.

Cpl. Ayres' wife told The News this last week that her husband is expected home "anytime now." She is Billie Cheewing Ayres.

Mr. and Mrs. I. C. Ayres, 508 E. Gordon, are the parents of the soldier.

After the Norman conquest of Britain there were more than 70 mints coining gold and silver in the country, more than now exist in the world.

**Former Gem Resident Killed**

CANADIAN — (Special) — Mrs. Hannah Huckleberry, about 71, was killed Friday afternoon in an automobile accident near Mankins.

Details of the accident were

not available, but it was said that the Huckleberry's car struck a post. Mrs. Huckleberry's neck was broken when she was thrown clear of the car and she died instantly.

Henry Huckleberry and another man in the car were not injured. Mr. and Mrs. Huckleberry, long-time residents of the Gem community, had been visiting their son, Ed Little, of Canadian, and a daughter at Gem last week. They were returning to their home at Graham Friday when the accident occurred.

Funeral services will be held at 2 p.m. Monday at the First Baptist Church in Canadian with the Rev. Sanford Cole officiating.

# Woman's PAGE

Pampa News, Sunday, April 24, 1949 PAGE 11

**NON-COMMUNICATIVE**—Boy, I'm not speaking to the printer these days... after the juggling of color combinations he did on my Easter paraders last Sunday, no one is speaking to me... Believe me, girls, I knew what you were going to wear and I had it down in black and white... But, as things read, we missed the schedule, for Mrs. Henry Mathieu's pink flowered hat was on Emma Lee Moore's, who was planning to wear a beige suit with brown accessories... And Margaret Dial was definitely wearing bluish pink instead of bluish green... Other mentionables, to be added to the Easter parade, were little Heidi Schneider who complemented her blonde beauty with orchid and white... and Nancy McConnell who looked most stylish in a lovely picture hat... this young pair is setting the styles for the coming generation.

WHAT IS more gratifying than seeing small children with stars in their eyes? The carnival grounds were teeming with just that the other night... Tiny tots, sheltered by the guardian eyes of proud parents, were roaming the midway the night I was there... I also saw numberless "grown-ups" starry-eyed... The Don Posters and Frank Fatas were taking in the sights as were the John Nuttings (taking time off from house-selling) and the Jarvis Johnson... The latter took in rides as did countless other adults—with the excuse (and good enough for me) that their off-spring needed their protection... but we thought they were enjoying the rides as much as were the kiddoes.

THE CHARLIE LAMKAS have just returned from El Reno, Okla., with a bee in their collective bonnet... Seems that Charlie has received a very nice promotion with the ice company... and they will be leaving soon to make their home in Amarillo... That's a loss for Pampa, but we always like to see a deserving person receive recognition... And, speaking of losses, Pampa's No. 1 Personality Gail will soon be leaving... Attractive Jean Parker, who has been with Texas Furniture for several years, will join the WAVES in the very near future, we hear... hate to see you go, Jean.

A. L. BONHAM, new manager of the Country Club, is working wonders with ice... He's the talented individual who has been sculpting those unique center-pieces at the CC affairs... Two we've heard about: a boat of shimmering ice floating on a sea of blue water at a recent dinner party was one of his creations; another was the huge figures "25" for the Culberson anniversary party... and, oh! this was a gala occasion... It was highlighted when Frank and Esther danced the "Anniversary Waltz"... Gee whiz! Let me check my notes and tell you "who all" was there: there were Messers. and Mesdames Curtis Douglas, Don Conley, Jim Arndt, J. C. McWilliams, Henry Ellis, Oran Payne, George Snell, Leslie Hart, Harry Hight, Arthur Teed, Paul Carmichael, K. W. (Dr.) Pierat, Jack Dunn, Jack Sullivan, R. W. Hamilton, and, of course, Mr. and Mrs. Ralph Dunbar... and there were hundreds more.

PANORAMICALLY—Lena Jane Butcher of Pampa, who has been teaching in Albuquerque, will leave there to accept a teaching position in Bakerfield, Calif... Glad to hear that both John Bowers and Q. B. Beavers are recuperating nicely after recent illness... also Mrs. J. L. Swindle, who has undergone an operation for appendicitis... Newly-weds Jack and Ione Bowers off to Roswell for a short trip... Something new has been added to Pampa: Irv Akar, modest owner of Melody Manor, has installed in his modern store, Baldwin Electric Organ which is certainly something to see and hear... he also has a new line of pianos... wonder how many people know that you can run out to the airport by 12:30 any day of the week including Sunday, mail a package air express and have it delivered in Amarillo 30 minutes later "Special Delivery" at no extra cost? It certainly is a wonderful thing to take advantage of.

FOR MEN ONLY—One of the most reliable spies says that this column lacks male seasoning... So I continue this rambling to mention a few of the male notables: C. C. Dodd, spied in church Sunday, immaculately groomed... Rex Rose, well clad in his contagious good humor... Fred Thompson, always impeccably dressed... Charley Roberts, amiable and chuck full of wit... Paul Brown, a man of distinction... Bob Clements and son Bill, spittin' images of what they sell... Buck Riddle, always a pleasant smile... J. L. Swindle, a nice guy (my boss)... Dapper Bob Miller, a whiz at bridge... R. M. Samples, in gaily-colored ties... Joe Gordon, top-notch father.

FUN GALORE—It was had by a group of kiddoes at the skating rink Thursday when Johnnie McCoy, son of Mr. and Mrs. Oscar McCoy, was honored with a birthday party... favors of balloons, Hersheys and Cokes were served the young group (between falls, that is)... Nice to see Mabel Davis back in town... congratulations to the Taylor Prizes who are proud parents of a baby girl, born Wednesday... Blessed-evening: the Dr. Russell Gates... Roy Bourland feeling very good over the successful "first night" of the Knits and Fork Club (and he should, too)... Ruth Ann Keys very attractive in a black & yellow spring print... Beulah Merchant pinch-hitting for Bernice Ellis at bridge Thursday night... and taking hubby Henry for partner... Who says parents of today are not interested in their children? At a meeting this past week of Junior High parents to discuss plans for a jamboree for the young group, 72 turned out... the dance was set for May 24... a few of those attending were Mrs. James W. Fitzgerald, Mrs. M. C. Overton, Mrs. C. V. Wilkinson and Mrs. A. A. Schumann... refreshments will be served, and Ken Bennett and Combo will furnish music.

And there are more mothers getting ready for a series of recitals in the next few weeks... already set are the dates for the three dancing recitals: April 25, for the McMurry School of Dancing; May 18, for the Helen Madrita School of Dancing; and May 23, for Jean Williamson's Beaux Art Dancing School... sewing is stacked up in many back rooms, getting ready for these occasions.

MY WORK is stacking up, too... so I'll be doing it.  
PEG O' PAMPA

## Kathryn Crowley, E. Hargis Engagement Is Announced

Mr. and Mrs. S. N. Crowley, Pampa, announce the engagement and approaching marriage of their daughter, Kathryn, to Elmo Hargis, son of Mr. and Mrs. B. T. Hargis, Pampa. The wedding will take place at 7 p. m. Thursday, May 12. The Rev. E. Douglas Carver will officiate.

Miss Kathryn Crowley

## AAUW Visits Art, Crafts Show In Public Library

The Pampa Chapter of AAUW met Tuesday evening at the Schneider Hotel for dinner. Following the dinner a business meeting was held in the City Club Room, with Miss Ines Clubb presiding. The National Convention, which meets in Seattle, Wash., was discussed and Miss Clubb presented the new officers to the group. Mrs. Ray Salmon, president-elect, asked for some information from those present regarding the type of study clubs which might be organized next year by AAUW. Miss Jan Ethridge sang "Indian Love Call" and "Elegy." She was accompanied at the piano by Miss Charlotte Allston. After the business meeting the group visited the Public Library to see an exhibit of art and crafts. The work was done by students in Junior High School in the classes of Misses Verdie Denton, Babs Eaton and Mrs. Roy Wiley.

## Connor-Beasley Wed in Perryton

Miss Alice Jean Connor, daughter of Mr. and Mrs. James F. Connor, Perryton, became the bride of Roy Allan Beasley, Gruver, Tex., in a single ring ceremony performed at 7 p. m. Saturday, April 16, by the Rev. Charles E. Boatman in the First Christian Church parsonage. Miss Hurter, Farnsworth, was maid of honor, and Keith Gross, Gruver, Tex., was best man. The bride wore a white silk crepe suit with white accessories. Her corsage was of dark red and white. Miss Hurter was also in white, and wore a dark red rose corsage. The bride was attending school in Perryton at the time of her marriage. The bridegroom is a high school graduate and has served 25 months in the U. S. Army. He is now employed by the Perryton Equity Exchange Company at Farnsworth. The couple will be at home at the Max Clark apartments in Perryton. The bride is a former Pampa resident.

## Dinner Party Held At Country Club

About 30 men were present at a dinner given by the officials of the Fort Worth and Denver Railroad Company Wednesday evening at the Country Club. D. M. Dickey, local agent for the company, was in charge of arrangements. Master of ceremonies was Fred Thompson. Among those present were: L. S. Capron, vice president of Burlington Lines in Chicago; E. Wright Armstrong, vice president of Burlington Lines in Fort Worth; Ed W. Hardin and Jay Taylor, of Amarillo, directors; C. S. Edmonds, freight traffic manager at Fort Worth; W. M. Gray, general agent for Burlington Lines in Amarillo, and M. G. Monaghan, assistant general manager in Amarillo.

## New 20th Century Club Organized

Members of the 20th Century Club met in the home of Mrs. J. W. Garman on April 19 for the purpose of forming another 20th Century Club. Mrs. Garman welcomed to the guests and presented Mrs. Raymond Harrah, past president of the seventh district, who directed the formation of the club. She defined the word Federation as meaning working together, or a medium through which to work together. The new club will meet on the first and third Tuesdays at 2:30 p. m. in the homes of the club members. A name for the club has not been decided upon yet. The officers were elected as follows: Mrs. Robert Karr, president; Mrs. R. K. Duket, vice president; Mrs. Charles Hickman, Jr., secretary; Mrs. Harry High, treasurer; Mrs. George Hight, parliamentarian; Mrs. J. W. Garman, Jr., critic; Mrs. Raymond Reid, reporter. The new club will meet on May 3, with Mrs. Tom Rose as hostess.

## Parent Education Club Hears Talk

The Parent Education Club met in the home of Mrs. Joe Gordon, 1309 Charles, Tuesday, Mrs. Julian Key served as nursery hostess. Dr. George A. Snell, guest speaker, talked on "Dental Care for Our Children," presenting case histories which verified points brought out in his lecture. Mrs. L. G. Langston, president-elect, gave the report from the recent convention of the seventh district, Texas Federation of Women's Clubs, held recently in Lubbock. Refreshments were served to the following members: Mmes. E. L. Biggerstaff, Bob Cussy, Ray Evans, Gene Fathere, R. F. Gordon, John Hinson, Frank Kelley, John Ketter, Joe Key, L. G. Langston, Farris Oden, Albery Reynolds, E. E. Shelhamer, N. Dudley Steele, and Ed Weiss, Jr.

## 'Whimsies' Entertain Venado Blanco Club

WHITE DEER—(Special)—"Whimsies" entertained the Venado Blanco Club members at their meeting Tuesday evening in the home of Mrs. Robert Farley of the Skelly-Schafer camp. Co-hostesses were Miss Winnie Warren and Miss Ruby Lee Hill. Conversation based on a given situation and a hidden sentence began the evening of fun and Miss Helen Walker and Mrs. Kenneth Gibson won the prize for the most skillful conversation. The originality of Miss Mary Green won the prize in interpretation of ink blots, and Miss Hill received the award for the cleverest limerick. Miss Gertrude Golladay was in charge of the program. Others present were Mrs. Ray Vineyard, Mrs. C. A. Jensen, Mrs. Hope Rusk, Miss Claudia Everly and Miss Mildred Cole. Mrs. Fred Mullings will be in charge of the program at the next meeting on May 3, and Mrs. Olyja Jordan will be hostess.

## Mrs. G. F. Moore Attends Parents' 69th Anniversary

Mrs. George F. Moore, 1030 E. Browning, was just returned from Sapulpa, Okla., where she attended the 69th wedding anniversary celebration of her parents, Mr. and Mrs. Robert Lloyd Reynolds, on April 15. Both are 90 years old. Only three of the six living children were present: C. O. Reynolds, Hinton, Okla.; C. R. Reynolds, Santa Rosa, Calif.; and Mrs. Moore. The children unable to be present were: R. F. Reynolds, California; J. W. Reynolds, Berger, and Mrs. J. William Griffith, Bixby, Okla. Other relatives present were two half-sisters of Mrs. Reynolds, Mrs. Gemma York, Sapulpa, Okla., and Mrs. Susan Pellet, Keystone, Okla., who attended the wedding 69 years ago. "A double celebration, and married the next," is a favorite remark of Reynolds who was 21 years old on April 13, his own boss on the 14th, and married on the 15th. The family dinner April 15 featured the 69th anniversary as well as the wedding anniversary. Mrs. Reynolds was 90 last September.

## Miami HS Seniors Honored at Banquet

MIAMI—(Special)—Forty-niners of '49 was the theme of the banquet honoring the Senior Class of Miami High School, given by the Baptist Training Union Tuesday evening in the Home Economics Dining Room. Ed Schmidt, T. U. president, was chairman of arrangements. The theme was expressed in the miniature covered wagons which formed the centerpiece of the three long tables. Gold nuggets were scattered amid the appointments of crystal and silver. The appropriate wall pictures were drawn by Doris Lafin. Place-cards, programs, copies of the school song, and menus were all given through the courtesy of Texas colleges and universities. The nut-cup favors were fashioned in the form of graduation hats featuring the senior colors of maroon and silver. Bouquets of red roses, the class flower, and tall red candles, were used as decorations. County Judge Woody Pond was master of ceremonies. Special music was given by Miss Barbara Keelin, Ruth Ransay and Carol Jenkins. The Rev. Dwight L. Baker gave the main address of the evening. Others on the program were Supt. A. H. Gordon, Ed Schmidt, Billy Dan Graham; Harvey Lee Bailey, and the Rev. J. W. Rosenberg. Seated were the Seniors: Carol Jenkins, Fanny Jean Lard, Glendy Foore, Ruth Ramsay, Betty Smith, Joyce Webb, Mrs. Marjorie Heare, and Messrs. Harvey Lee Bailey, Murl Bengt, James Roy Gill, Frederick Gordon III, Billy Dan Graham, Wayne Greenhouse, James Frank Heare, Eldon Hubbard, Pat Loper, Sam Ed Nelson, Jack Davis, Burl Bengt. Senior parent-sponsors were: Mmes. and Messrs. Dan Graham, Elmo Gill and Fred Gordon II, High school teachers, Mrs. Margaret Taylor, Misses Mamie Stevenson, Uleta Ashcraft, Vivian Gentry, and Frank Craig. Also present were: Mmes. A. H. Gordon, Woody Pond, J. W. Rosenberg and D. L. Baker. ## Rebekahs, Oddfellows Attend 3-Day Panhandle Association Session

Members of four degree teams of the Rebekah and Oddfellows Lodges which will engage in competitive degree work will be among the estimated 400 delegates from 30 lodges which are participating in the 46th annual three-day session of the Panhandle Association starting today in Amarillo. The Rebekah, Oddfellows, Junior Oddfellows, and Theta Rho Girls Club degree teams won all four cups at last year's competition. This year's contest is slated for Monday evening. The Oddfellows contest will take place in the IOOF Hall, and the Rebekahs' in the Crystal Ballroom of the Herring Hotel. Team captains are: Mrs. W. A. Noland, Rebekah team; Bonnie Brummett, Theta Rho team; Stanley Kretzmeier, Oddfellows team; Vernon Hall, Junior Oddfellows team. Mother advisor for the girls team is Mrs. Bobby Brummett. Chester Nickolson is father advisor of the Junior Oddfellows. Noble grand of the Rebekah Lodge is Mrs. Lillie Patterson. Irvin Patterson is noble grand of the Oddfellows. Chief ruler of the Junior Oddfellows is Leroy Kretzmeier. The Theta Rho president is Delores Cramb. Approximately 150 members of the local lodges are expected to attend the sessions.

## World Clubwomen Meet April 25-30 To Strengthen Mutual Aid

By KAY SHERWOOD  
NEA Staff Writer  
NEW YORK—(NEA)—Constructive efforts that women of the world are making to understand each other's problems and how they are working to build better communities will be spotlighted at the annual convention of the General Federation of Women's Clubs, April 25-30. About 2,000 delegates and visitors from the four corners of the globe are expected to gather at Hollywood, Fla., to represent 16,500 women's clubs in the U. S. and 31 foreign countries. Mrs. Franklin D. Roosevelt, Paul Hoffman and William Vogt will head the list of distinguished speakers. To give clubwomen a preview of what's coming up at this meeting, Mrs. J. L. Blair Buck, General Federation president, sums up the convention plan in an interview. Q. How does the General Federation promote better international understanding? A. Affiliating women's clubs abroad with the G.F.W.C. is a definite aim. International scholarships for exchange students is another approach. Encouraging personal correspondence between U. S. clubwomen and women in other countries is still another. So is the plan to give practical specialized relief gifts to war-devastated countries. Q. What do you mean by "practical, specialized" relief? A. Overseas projects must meet specific needs of countries. Before gifts are sent, projects are checked to see the country's embassy in the U. S. Q. What are typical examples of specific relief? A. Food and clothing are sent to individual families in Great Britain. In France, schools, orphanages and even towns have been supplied with food, clothing, medicine, books, Sulfa drugs and layettes were shipped to the health center at Baguio in the Philippines. Q. How much money has been spent on overseas projects? A. No complete report is available. As an indication, however, clubwomen contributed \$15,000 to rebuild the bombed-out club center in Manila. The Illinois Federation spent about \$90,000 in the last two years. The Iowa Federation has supported eight Dutch schools for three years and those of many other states report sending comparable sums on their projects. Q. How many students have benefited from international scholarships? A. In the last two years 67 students from 20 countries, including the U. S., have received scholarships from a fund of \$37,000. Q. What questions of national policy will be discussed at the convention? A. We will plan ways to strengthen our Youth Conservation program by improved educational, recreational and vocational guidance facilities to fit community needs. Conservation of natural resources is another important part of our program. We will vote on several resolutions, one of which supports an amendment to the Constitution to enable Congress to pass uniform marriage and divorce laws. Another supports continuation of the Committee on Un-American Activities with procedural and administrative reforms. Rehabilitation of watershed lands and commending national park service are two other resolutions. Excellent for fish is a cream sauce flavored with finely grated onion, just a dash of sugar, and minced parsley.

## Patricia Dunigan Becomes Bride of John Frisby

Mrs. John Frisby

A lovely wedding took place in Holy Souls Catholic Church at 9 a. m. Monday when Patricia Ann Dunigan, daughter of Mr. and Mrs. E. J. Dunigan, 110 W. Kentucky, became the bride of John Frisby, son of Mrs. Molly Frisby, of McAllen, Tex. Father Otto W. Meyer performed the single ring ceremony. The church was decorated with white lilies and white carnations. Mrs. Lynn Boyd sang "Ave Maria," "On This Day Oh Beautiful Mother," and "Panis Angelicus," accompanied by Miss Joan Sawyer. The bride, given in marriage by her father, was attired in an ivory satin dress with a yoke of illusion, and a matching satin headress with three-tiered veil. She carried a bouquet of white roses and white stephanotis.

WHITE DEER—(Special)—Identity of the king and queen and the most outstanding students in the department was disclosed Tuesday evening in the home of the White Deer High School, Tuesday evening, in the High School Cafeteria. George Eller was elected king and Billy Joyce Adams, queen, by popular vote of the members of the chorus. Sam Milligan and Evelyn Katka were chosen as the outstanding students in the organization.

## American Legion Auxiliary Honors Past Presidents

The American Legion Auxiliary met Thursday evening in the club rooms. The Pan-American program featured Venezuela. Mrs. C. L. Shimek discussed the history and present status of that country. Two vocal solos were given by Jan Ethridge, accompanied by Mrs. H. A. Yoder. Three dance numbers were presented by the pupils of Mrs. L. G. McMurtry. Mrs. E. J. Kenney, Berger, state president of the VFW, was a special guest and spoke on work being done by both organizations. Following the business session a tea honoring all past presidents of the auxiliary was given under the direction of Mrs. D. L. Lhuillier. Past presidents attending were: Mrs. E. J. Kenney, Mrs. W. Heskett, Mrs. Hupp Clark, Mrs. Katie Vincent, Mrs. Al Lawson, who was the first president of Kerley-Crossman Unit, Mrs. Roy Sewell, Mrs. F. L. Lard, and Mrs. L. K. Stout. Mrs. Clark and Mrs. Stout are past district presidents. Other guests were: Mrs. M. E. Riche, program director; Mrs. S. C. Jensen, Mrs. J. J. Putnam, Mrs. Frank Yates, Mrs. C. L. Shimek, Mrs. Mildred Hill, Mrs. Frances Gilson, Mrs. Frank Shotwell and Mrs. E. E. McNutt.

## Penhandlers Club Of Shamrock Meets

SHAMROCK—(Special)—The Penhandlers Club met in the home of Mrs. Allen I. Smith Saturday afternoon. Mrs. Margie Fiesner was leader of the program on "Ballads." Mrs. Fay F. Smith, of Twitty, was elected as a new member. Mrs. A. R. Hugg read ballads written by students of Shamrock High School. Mrs. Mettie Beasley read two ballads, "Old Helton Morning" by Roy Helton, and "The Code," by Robert Foster. Mrs. John B. Harvey read an original ballad, "The Haunted House."

## Baptist Class Honors First Anniversary

McLEAN—(Special)—The first anniversary luncheon of the Friendship Sunday School Class of the First Baptist Church was held at the church Tuesday. Mrs. Frank Howard, class president, was in charge of a short program. The class, with Mrs. E. L. Price as teacher, holds a luncheon, combined with a business and social meeting each month at the church. A birthday cake with one candle was table centerpiece. About 25 members and guests attended the meeting.

Reviews of resort showings forecast demure dresses and daring swim suits for next summer. Intricate cut-out devices are used to make the one-piece dark green plique suit (center) look like shorts and bra. Fichu type shawl veils the shoulders of the blue and brown print dress (left). Full skirt has a scalloped hemline. Pink and white striped voile evening dress (right) swings a full skirt thanks to two white organdy petticoats and cording at the hipline. A matching stole covers the shoulders.

### American Legion Auxiliary Sponsors Benefit Show Friday

The American Legion Auxiliary will sponsor its fourth annual benefit show at 9 p. m. Friday, April 29, at the Senior High School. The McMurtry School of Dancing will provide a Tiny Tot style show, with models between the ages of four and six. Music, songs, and special numbers will be given. A special piano selection, "Spanish Night," will be played by Wesley Byers of Canadian, who won second place in the Amarillo Youth Orchestra auditions held recently in Amarillo. Proceeds from the benefit will go to the American Legion Auxiliary.

### Betty Jo Burks' Engagement Announced

SHAMROCK — (Special) — Mrs. Lonnie Burks announced the engagement and approaching marriage of her daughter, Betty Jo, to Johnny Sherrod of Fort Worth, at 2 p. m. luncheon Saturday, April 16. The lace covered luncheon table held a centerpiece of white stock, pink carnations and blue fern placed on a reflector, flanked by tall blue tapers in crystal holders. The guests were seated at small tables with centerpieces of Easter egg nests and rabbits, and pastel sweet peas. Place cards were handmade. They were silver nose-gays of small white blossoms, edged with a fluted ruffle of blue net and supported by blue wiltones. The Easter colors were also emphasized in the luncheon and napkins which were inscribed "Betty and Johnny — June 25."

### Club Member Obligations Are Defined

Ben Ogden gave Kiwanis Club members his idea of what the club meant at Friday's luncheon meeting at the First Methodist Church. Spelling out the word "Kiwanis," he used each letter in defining the qualities he believed each person should get out of that and other service clubs: I — Ideals. Any organization, he said, that does not have a group of ideals is not likely to live long. Its members must have ideals. W — The "w," he said, means that each member should possess willingness to help in carrying out the objectives of the club, for the betterment of the community. A — "All-togetherness." A working together of the membership. N — Nobility. The members and the club must have a noble cause. I — Individual. There must always be special emphasis placed on the value of the individual in America, he said, and the club stands for that high principle. S — Service. "A person who does not serve isn't worth much," he said. Two of Mrs. May Foreman Carr's piano pupils were presented in a musical program. They were Judith Baer and Janis Foster, both 8 years old. It was announced the two little girls had won special recognition at a national audition program held at Amarillo April 16. They were rated excellent and superior.

### ASPHALT LAKE

From the famous pitch lake of Trinidad, off the coast of Venezuela, millions of tons of asphalt have been taken, yet no impression appears to have been made on the contents. Pressure from below forces new supplies of pitch to the surface to form the seemingly inexhaustible reservoir.

### Blend creamed cottage cheese with mayonnaise or creamy-type salad dressing and serve over wedges of lettuce; sprinkle with finely cut pimiento-stuffed olives.

Hollow "poison rings" were used in classical times not only for suicidal purposes, but as a weapon. Marine industries of the United States keep 165,500 men and women busy around the clock, seven days a week. It is believed that warm blooded animals originated in the Permian period of geology.

## Auto Markets Always Stump Experts

As it has for over 45 years, motor vehicle ownership in the U.S. continues today to rise at a faster rate than ever predicted. There are about 41 million cars, trucks and buses in operation across the nation today—about two million more than the Public Roads Administration said, in 1946, would be in use by 1950. This chart shows the rise of the automotive market, according to the magazine Automobile Facts, and some of the erstwhile "predictions."

## Missouri's Cannon Says He Didn't Say It—AP and New York Times Say He Did So

### Teen-Age Drivers May Have Contest

Pampa High School students holding valid drivers licenses and having clean moving traffic records may be given a chance at trying their hands in a statewide safe driving contest to determine the champion boy and girl safe driver.

The contest will be proposed May 7 in Austin at a statewide convention of delegates to the Interscholastic League, Don M. Conley, director of school safety for this region of the Texas Safety Association said. The association actively sponsors driving training in local schools.

Conley quoted Gov. Jester as stating recently: "The driver training program is the greatest safety stride of all."

Safe driving contests are expected to stimulate greater interest in driving skill and would promote the spread of driver training in schools not now offering it.

Conley said the goal in the schools is for every high school graduate to get a crisp new drivers license along with his or her diploma.

The proposed contests would follow regular channels from the school on through district, regional and finally to state championship.

**800,000 GET REFUNDS**  
DALLAS—(AP)—Kirby Jackson, assistant collector of internal revenue, reports the U. S. has paid income tax refunds totaling more than 30 million dollars to some 800,000 persons in North Texas since Jan. 1.

**QUITS**  
BRYAN—(AP)—F. L. Henderson, Bryan city attorney 42 years and widely known in Texas legal circles, resigned Friday night.

WASHINGTON—(AP)—Rep. Cannon (D-Mo) said yesterday an Associated Press column dealing with a speech he made about bombing Russia in case of war "attributes statements to me which I did not make."

Cannon made the speech on the House floor April 13 during debate of a \$16,000,000 appropriation bill. A. P. Columnist James Marlow wrote about it on April 16. Marlow quoted parts of the speech previously carried by the Associated Press and by the New York Times. He compared them with a different version that appeared in the official record of Congressional proceedings.

Both the A. P. and The Times reported that Cannon said: "Moscow and every other center in Russia, we must hit within one week after the war starts, and it can be done only by land-based planes such as we have now. We will not necessarily have to send our land army over there. In the next war as in the last war, let us equip soldiers from other nations and let them send their boys into the holocausts instead of sending our own boys."

When the Congressional Record appeared, this part read: "Of course, a war could not be won by air power alone. There must be troops for occupation and Navy ships for transportation. But under the Marshall Plan and the Atlantic Pact we will have Allies with troops and ships who should also be given an opportunity to discharge their obligations as contracting powers."

"Why not let them contribute some of the boys needed to occupy enemy territory after we have demoralized and annihilated the enemy territory from the air?" Cannon did not say specifically what statements were attributed to him wrongly. He wrote this letter to the Associated Press, dated Friday:

"The article in your recent issue written by James Marlow on my speech against increases in military appropriations attributes statements to me which I did not make."  
"Clarence Cannon.  
"Please publish."

The version reported by the Associated Press and New York Times agrees with an unofficial stenographic transcript of the speech.

Members of Congress are allowed to correct and change their speeches after delivery, so that in some instances what appears in the Congressional Record is not exactly what was said on the floor.

Marlow said he asked Cannon if there had been any changes in this case. He quoted Cannon as telling: "No, I didn't touch what was to appear in the Record. That's what appears in the Record."

## Landlord Refused Right to Evict Soldier Tenant

DALLAS—(AP)—Federal Judge William Atwell yesterday granted an injunction preventing Joe Foster, Wichita Falls landlord, from evicting any tenants from his apartment houses.

The injunction specifically restrains Foster from evicting Sgt. Walter Stammet, his wife and his family from a three-room

apartment in Wichita Falls. Stammet is stationed at Sheppard Field.

Sgt. Stammet claimed Foster is overcharging him and has served him with two eviction notices. "I cannot find that the de-

# Earth's Slowing Down Makes Days Longer

By HOWARD W. BLAKESLEE  
AP Science Editor

PHILADELPHIA — (AP) — The world is about to face a choice between two kinds of time, because the earth's rate of rotation is slowing.

This was the message of the world's chief timekeeper, Britain's royal astronomer, Sir Harold Spencer Jones, chief of Greenwich time. He is having trouble with the length of the day, he reported to the American Philosophical Society.

He said that because of the gradual slowing in the earth's rotation, time today is not the same as in Babylonian days. Records of Babylonian astronomers show that the earth takes longer to reel off 24 hours.

That will go on, Sir Harold said, until it will take 47 of the present rotation.

days for the earth to make one turn on its axis.

In that day, too, the earth will always present the same face to the moon, because the moon's motion around the earth will be slow.

You will have to travel half way around the world then to see the moon, if you happen to live on the wrong side.

Sir Harold said that although this long day is too remote to be important now, its beginnings are about at the parting of the days.

Until now clocks haven't been accurate enough to be bothered. But Sir Harold said the new atomic clock about to be built by the National Bureau of Standards, Washington, will really differ from the time shown by present Greenwich methods of relying on the earth's rotation. The atomic clocks will

# Health Plan Faces Study

WASHINGTON (AP) — President Truman's national health insurance program to provide medical and hospital care for millions of Americans faces rough and slow going in Congress.

But some critics of that plan predicted that the general idea contained in the rest of Mr. Truman's far-reaching health program probably will be translated into law after a thorough-going study.

Besides the national insurance plan, the program the President be correct. Mother Earth will be wrong.

The slowdown is due partly to the drag, that is friction, of tides in shallow seas. The moon raises these tides. It works just like the moon using a rope to hold back the earth.

Other causes are the pulls of other planets and probably the fact that the earth's outer mantle of rock is rotating faster than its core, thus creating more friction.

# Messerschmitt Tries a New Field

Willi Messerschmitt, left, around whose fighter planes the Nazi Luftwaffe was built, is trying his hand at mass-production housing. Here, with his chief engineer, the 51-year-old designer looks over a model of the prefabricated houses he plans to put up in Munich this summer at the rate of 300 a month. All supporting parts of the prefabs are made from corrosion-proof steel.

# Drug Relaxes Muscles in Mentally Ill

By ALTON L. BLAKESLEE  
AP Science Reporter

DETROIT — (AP) — Electric shock treatments for mental ailments are made safer with a drug that relaxes muscles.

The drug is myanasin, a newcomer with spreading uses. Its value in treating mental illness was announced to the Federation of American Societies for Experimental Biology by Drs. Klaus Unna and A. Kaplan of

the University of Illinois.

Electric shocks help many people with some kinds of mental illness, often restoring them to normalcy. But the shocks can throw them into violent movements or convulsions, with danger that they will break bones or otherwise injure themselves.

Myanasin prevents or minimizes the convulsions from the shocks and other nerve stimulants, the two pharmacologists said. It also prevents the stoppage of breathing that often occurs during electroshocks. It was tested on patients at Manteo State Hospital in Illinois.

It acts on the brain stem and spinal cord. It can relax muscles so that doctors can learn more about the causes of troubles. It appears to block the abnormal

# Many Lose Hour's Sleep Last Night

NEW YORK — (AP) — About 80 million Americans were cheated out of an hour's sleep last night with the advent of daylight savings time.

Most of the big cities had their clocks ahead one hour at 2 a.m. today.

Residents will have to wait until next Sept. 25 to get back their "lost hour." At that time, clocks go back an hour.

# 'Lazarus' to Be Exhibited in Owner's Church

LOS ANGELES — (AP) — Lazarus, the rooster which lived 19 days and 22 hours minus his head, will be stuffed and exhibited in the church of his owner and benefactor, Mrs. Martha Green.

Mrs. Green, a devout Negro woman, is convinced the headless chicken, which died Friday, had remained alive for some Divine purpose.

Two city animal regulation inspectors arrived at Mrs. Green's house Friday to protest. Then Lazarus, which had been strutting around during the proceedings, dropped dead.

The onlookers stood over the red rooster's body and prayed. Lazarus was beheaded at a butcher shop on April 2, shortly before Mrs. Green bought him for dinner. When she dumped the chicken into the sink it stood up and tried to crow.

Then came a custody battle. The Society for the Prevention of Cruelty to Animals seized the rooster and charged Mrs. Green with keeping a mutilated animal. Last Thursday Justice of the Peace Stanley Moffatt ordered the bird returned to Mrs. Green.

sent to Congress Friday calls for:

(1) Special financial aid to help medical schools expand; (2) increased aid for construction of hospitals and other medical facilities; and (3) more money for the public health preventive and disease control services.

Mr. Truman has called for a system of pre-paid insurance many times before, and the general reaction for and against the plan followed pretty much the same pattern this time.

Critics said it would lead to socialized and nationalized medicine. Friends of the plan contended it is the only way to provide adequate medical and hospital care for all.

The administration is expected to send a bill covering the whole program to the Capitol Monday.

**British Actors File For U. S. Citizenship**

LOS ANGELES — (AP) — British Actor Charles Laughton and his wife, Elsa Lanchester, have filed petitions for naturalization as American citizens.

At the same time, Friday, Canadian comedian Alan Young and George Sanders, another English star, took the oath of allegiance.

The British took the island of Cyprus from Turkey in 1878 as part of a plan for the introduction of reforms in Asia Minor.

**Jew Field Scout Executive Here**

John H. Pound, (above), will start his duties as a new field Scout executive for the Adobe Walls Area Council tomorrow. Paul Beisenher, council executive, said yesterday. Pound will reside in Pampa and will serve Collinsworth, Hall, Donley and Wheeler Counties. He has just completed a session at the National Scouters Training School at Mendham, N. J. A graduate of the University of Texas, Pound, is a Scout holding the Eagle rank, a Scoutmaster rank, and is the highest award in Sea Scouting. He has served as a Scoutmaster and a Senior Scout leader. During February he was in Pampa, as acting field Scout executive. He was a member of Alpha Phi Omega, Boy Scout service fraternity, while attending the university. Also, he is a member of the Episcopal Church.

**Some Senators Surprised by Aid Price Tag**

WASHINGTON — (AP) — The \$1,150,000,000 price tag on the first-year program for re-arming North Atlantic nations occasioned some surprise among senators. Several said they had expected more. Secretary of State Acheson gave the estimate to the Senate Foreign Relations Committee, concerned with the cost of bolstering Atlantic defenses. However, Acheson and Secretary of Defense Johnson made it clear to senators this price is only a start on the program to strengthen nations which have joined in the North Atlantic Security Alliance. Chairman Connally (D-Tex) of the Foreign Relations Committee said the pact and the military assistance program are "in the interest of peace" and are "purely defensive." Connally announced that Acheson's plan calls for about \$1,150,000,000 in the year beginning July 1 for the 11 nations joined with the United States in the pact. In addition, it provides about \$20 million dollars for military aid to Greece, Turkey and possibly other nations. The actual estimated cash cost to the United States was not disclosed. Acheson told the committee he will have a breakdown of the figures later, showing how much must be appropriated. He is expected to give more details when he testifies on the Atlantic Treaty. Public hearings will start April 28. Senator Smith (R-N.J.) and other committee members came out of the hearing with the understanding that 400 million dollars of the \$1,150,000,000 program already is provided for in President Truman's budget for the fiscal year beginning July 1. This would mean, Smith said, that \$1,050,000,000 is the total amount outside the President's budget. Part of this aid must be provided in cash — part in equipment and materials.

### THE DRILLER'S LOG

By Ken Bennett

The big news of the week in oil circles was the Railroad Commission test on the Sinclair-Lips well in Roberts County. As far as production was concerned, the test was satisfactory to all concerned since it checked a fraction over 422 barrels of oil in 24 hours. The sad part about the test, however, is the low gravity of the oil, which is about 28, and the fact that the oil congeals at about 79 or 80. It is very high in paraffin content. It is to be hoped that the condition of the oil will improve as the well produces. Some have expressed the opinion that the acid used in the test may have caused the oil to show its present low gravity and high point of congealing. From indications the oil is in a strata similar to the Rocky Mountain formations.

The Humble-Nanny, in Swisher County, has given up the ghost. They have asked permission to plug the well at a total depth of 9,888 feet.

Humble has filed on a new deep test location, this time in Donley County on the T. L. Roach lease. It will be located 600 feet from south and east lines of Section 8, Block C-4, T-1 R-1 Survey and will drill to a depth of 7,000 feet. This site is about 1-1/2 miles southwest of Jericho.

The Oklahoma Panhandle broke into the oil news this weekend with the announcement that the Bay Petroleum No. 1 Parkes was giving promise of being a good producer. A drill stem test was run at a depth of 4,700-4,840 feet. Gas surfaced in seven minutes and oil sprayed in 30 minutes; 250 feet of clean oil in the drill pipe with no water resulted. The well is continuing to test. The pay is said to be about equally distant in the

Keyes and Mississippian sands. Tests will be conducted now to determine from which sand the oil is coming and then will be brought in as a producer in that pay zone.

Other deep test and wildcat: the Honolulu-Ponder, Deaf Smith County, is drilling at around 7,000 feet; the Shamrock-Freeman, Dallam County, is drilling at about 3,617 feet; in Hansford County, the Gulf Collard is down to around 7,200 feet; the Gulf-Gamermeyer is down to around 2,900 feet; the Gulf-Harbaugh, Ochiltree County, is down to about 3,450 feet; the Gulf-Stump, also in Ochiltree County, is down to around 3,184 feet; the Gulf-Porter, Lipscomb County, has now attained the depth of 12,250 feet, and still going down; the Gulf-Wambler, spudded April 13, is down to around 1,888 feet; and the Pacific Western, No. 1, down to 7,880 feet. The Phillips-Kathryn, Sherman County, is still awaiting test.

In looking over those deep test records it would appear that Gulf had really gone into the deep test business. A careful study of their locations will show perfect triangular patterns in connecting lines and all results obtained will be beneficial in making possible a more concise picture of the formations to be found in the deeper structures of the entire test area. Sinclair-Prairie has selected a temporary location for their third test on the Lips Ranch in Roberts County, however, it is expected they will move the location because the present selected site is on the edge of a canyon.

Talk is continuing about the Pampa-Perryton Highway. Hardly a day passes that this writer is not confronted by some person connected in some sort of oil enterprise, who wants to know when they can expect this road to be made passable. It seems they are growing a little tired of traveling the great distance they must travel to reach the various wells in that area when it would shorten their journey so much by a direct route across the river. Let's hope the project soon gets out of the talking stage and becomes a reality. An engineer remarked this week that it wasn't the bridge that was the big worry to construction, but that it was the 7-mile sandy climb going up the north slope to the river. No doubt there are many obstacles to overcome, but it is certain that the need for the road becomes more apparent every passing day.

### Nine Wells Completed

Nine new oil wells were completed in the Panhandle Area during the past week, according to a report issued yesterday by officials of the local Railroad Commission Office.

Hutchinson County reported the majority of the new completions, having reported six new wells. Carson County reported two completions and Gray County one.

One well was plugged in Carson County. Three new gas wells were reported.

Carson County: Kimberlin & Tanner, No. 2-B, Burnett, located 230 feet from S and E lines of lease Section 117, Block 5, I & GN Survey, tested 78 barrels of oil in a 24-hour test. Top of pay 3093 feet. Total depth 3348 feet.

Jewel Kimberlin, No. 3, Burnett est., located 1148 feet from S and 830 feet from E lines of lease Section 116, Block 4, I & GN Survey, tested 82 barrels of oil in a 24-hour test. Top of pay 3045 feet. Total depth 3192 feet.

Gray County: Bert Robinson, No. 6, Byrum, located 330 feet from S and W lines of lease Section 188, Block 2, I & GN Survey, tested 90 barrels of oil in a 24-hour test. Top of pay 2165 feet. Total depth 2212 feet.

Hutchinson County: Devon Oil Co., No. 1, J. J. Perkins, located 230 feet from S and W lines S-2 Section 130, Block Z, EL RY Survey, tested 39 barrels of oil in a 24-hour test. Top of pay 2910 feet. Total depth 3047 feet.

Continental Oil Co., No. 4, J. A. Whittenburg "B", located 487 feet from S and 330 feet from W lines of lease Section 67, Block 46, H & TC Survey, tested 29 barrels of oil in a 24-hour test. Top of pay 2764 feet. Total depth 2809 feet.

J. M. Huber Corp., No. 5, Jack Johnson, located 2310 feet from E and 330 feet from S lines Section 134 Block 6-T, T & NO Survey, tested 25 barrels of oil in a 24-hour test. Top of pay 2192 feet. Total depth 2256 feet.

J. M. Huber, No. 23, Mayfield, located 900 feet from S and 330 feet from E lines Section 90, Block B-2, D & P Survey, tested 46 barrels of oil in a 24-hour test. Top of pay 3260 feet. Total depth 3290 feet.

### Skelton Reviews Texas Oil News

By MAX R. SKELTON

HOUSTON — (AP) — A four-month-old downward trend in domestic crude oil production appears to have shifted into low gear.

An oil industry economist even has warned that by the end of the year production may have to climb back to its record peak of the late 1948.

The nation's crude output has fallen from approximately 5,600,000 barrels in mid-December to a daily average of 4,911,600 barrels the week ending April 18.

Company income slumps have accompanied the production cutbacks and some governmental officials have become alarmed over falling income from petroleum taxes.

The current note of optimism for the remainder of the year, however, results from reports of reduced foreign crude oil imports, improvement in storage stocks of petroleum and petroleum products, and predictions of an upward trend in market demand during the last half of the year.

Ten companies importing crude advised the Texas Railroad Commission this week that their May imports will total 345,800 barrels daily in May and 236,300 in June. January imports have been estimated at 474,000 barrels daily, February at 483,000.

Members of the commission, terming the reports as evidence the importing companies are carrying out promises not to permit imports to harm the domestic industry, immediately took this action:

Texas crude production allowable for May were set at 1,982,492 barrels daily. This represents a cut of 54,079 barrels daily as compared with April but it is the smallest of five consecutive cutbacks ordered by the commission.

Since Jan. 1, Texas daily allowables have been reduced by approximately 800,000 barrels. Most testimony presented before the commission placed the blame on imports, surplus stocks, and market declines.

Actually the commission made no direct effort to reduce production next month. The daily cutback results from May having one more day than April.

There were predictions it would be the last reduction for some while. One member of the commission said that by June "we'll be over the hump."

Dr. Richard J. Gonzales, economist for the Humble Oil and Refining Company, also offered an optimistic note.

Gonzales, who also is chairman of the Economic Advisory Committee of the Interstate Oil Compact Commission, says substantial increases in crude production will be needed to meet demands expected later this year.

That demand, he said, may approach the relatively high level of late 1948 unless current stocks are reduced substantially.

But the industry does not seem particularly interested in making any sizable cutback in its stocks, particularly in crude.

Fourteen company executives testified on this point this week following receipt of special requests from the Texas Railroad Commission.

The commission wanted to know, in order to carry out its obligations to limit production to market demand, what the industry needs in the way of working stocks.

No survey on the industry's thoughts on working stocks had been made since 1938.

Most of the 14 executives testifying before the commission figured approximately 280 million barrels of crude stock is sufficient. Some estimates were as low as 240 million some as high as 285 million.

Current domestic crude stocks approximate 268 million barrels. None of the industry spokesmen thought the current total too excessive or an economic burden on the industry.

One official said crude stocks are "slightly on the long side," another that the industry is "going a little too fast." But none thought the situation justifies alarm.

HERE AND THERE

Sun Oil and Standard of Ohio have formed the Mid-Valley Pipeline Company and announced

Scout leaders are taking the course in preparation for Pampa Brownie and Tenderfoot Scout Day Camp, which will begin June 6.

Scouters taking the camp counselors' course will receive instruction at Camp Redlands, where they will spend the six days.

Commemorative Issue Readied

Five thousand three-cent Puerto Rico gubernatorial election commemorative stamps will be placed on sale at the Pampa Postoffice Thursday, O. K. Gaylor, assistant postmaster, said yesterday.

The Postoffice Department will issue the special-delivery-size green stamps from the San Juan, P. R. Postoffice Wednesday. The printing of 100 million of the commemorative stamps has been authorized by the department.

The central design of the stamp depicts a rural Puerto Rican holding a cogwheel, representing industry and a ballot box, representing the election of the island's governor, Jan. 2, 1949.

Primitive peoples tattooed themselves, primarily for embellishment, although the figures also had a symbolic significance.

### Coins Galore—But Not for Them

John Alcorn, left, 12, and his brother Robert, 11, gasp in amazement at the \$1800 in coins they found behind a North Philadelphia, Pa., supermarket. However, the boys' piggy banks still go begging, for the money was left behind by burglars who broke into the store and escaped with \$6000.

### \$1,000 an Acre Paid for Rights

DALLAS — (AP) — A Tulsa oil company has paid \$1,000 an acre for a half interest in minerals under a tract of land in oil feverish Scurry County.

The Dallas News yesterday reported the Great National Life Insurance Company of Dallas cashed in \$120,000 Friday on mineral holdings acquired many years ago in Scurry County.

The Barnsdall Oil Company of Tulsa bought the remaining half interest in minerals under a tract of land six miles northwest of Snyder.

Tuesday is the day for issuing patents in the U. S. Patent Office. Patents are not issued on the other days of the week.

The expression to the bitter end" has a nautical origin. A ship's anchor chain, at the point where it was fastened to a vertical timber called the bitt was known as the bitter end. Thus, when the chain had been played out to "the bitter end," there's nothing more that can be done.

### Opera Wins Ovations

DALLAS — (AP) — Fritz Busch, conductor of the Metropolitan Opera's orchestra, won plaudits from newspaper reviewers as the opera on tour gave Verdi's "Otello" as the first of four performances here Friday night.

"The evening was filled with vocal satisfactions and with acting that made sense and character, whatever it lacked in intensity and subtlety," John Rosenfield of the Dallas Morning News wrote. "Fritz Busch was conducting and once more the dramatic performance held continuous excitement.

"Special bows," he continued, "go to Maestro Busch for extracting the monumental beauties of the 'Otello' score."

Rosenfield found Leonard Warren, baritone, "a magnificent id, go vocally," and Lucia Albanese, soprano, "a youthful and appealing Desdemona." He said there was "honest, bright metal" in the voice of Ramon Vinay, tenor, who sang the part of "Otello."

Bailey thought Vinay gave his characterization "a fine sense of the dramatic as well as a tenor of power and musicianship."

John Carris, who was to have sung the role of Cassio, was mysteriously slain Thursday in Atlanta, Ga. The part was taken by Alessio de Paolis. Bailey thought Paolis "appeared a bit unsure of himself."

Australia, which has a land area comparable to that of the United States, has a population of about 7,000,000 people.

Living Costs Up in March

WASHINGTON (AP) - The government reported that living costs edged up a big in March, snapping a five-month decline.

THE LODGER

By Elizabeth R. Roberts

THE STORY: Roger the Lodger is a series about a man and Mrs. Roberts in Great Falls, Mont., during the wartime housing shortage. Her husband does not see her property as his own and she is nearly wrecked by the war.

I GATHERED together the great bundle of linen and called the laundry. They were sorry, but what with their contract with the Army, they were obliged to refuse any further flat work. I looked at the washer and electric machine, set aside my idea of going uptown to lunch, and hung out a washing that would have done honor to Wo Lee Wong.

While making up Pat's construction cot, I noticed tiny blood specks in a row on the under sheet; a flat, dark bug scuttled out of sight. I thought no more of it than I did of the flying ants which sometimes in the fall work their way up through the concrete of the basement floor, or the spiders which build their webs most anywhere between dustings. However, I happened to meet Pat on his way down to his room and saw how bitten his cheek was, that his eyelids seemed swollen. "Bed bugs!" I screamed, and clapped my hands over my mouth for fear the neighbors might have heard me. "Pat," I said, "this is disgusting. All my life I've known there was such a thing as bed bugs, but I never heard of anyone who actually had them. Until now. And it has to be me! Then, more relevantly, I asked, 'How do you kill bed bugs?'

"Well, you've got to find out," I

### Rites Held for Mrs. T. W. Taylor

PANHANDLE — (Special) Funeral services were held at 3 p.m. Friday for Mrs. T. W. Taylor, 53, at the First Baptist Church of Panhandle with the Rev. Herbert Brown, pastor of the First Baptist Church, Clayton, N. M., officiating, assisted by the Rev. Truett Stovall, pastor of the local church.

Palbearers at the burial in Panhandle Cemetery were: Vern Wisdom, W. W. Evans, Don Price, Robert Ware, J. E. Weatherly, and George Crossman.

Fredonia Winnifred Wyatt was born Oct. 15, 1895, in Lee's Summit, Mo. At the age of five she moved with her parents, Mr. and Mrs. John Wyatt, to Wichita Falls, and came to Panhandle in 1902.

She was married to T. W. Taylor on Jan. 10, 1915, and died Wednesday at Arthur's Convalescent Home, Panhandle, after an illness of about two years.

She had been a member of the Baptist Church since a small child, and had been active in church affairs until illness prevented.

In addition to her husband, she is survived by two daughters, Monna Lou of Panhandle, and Mrs. Victor Sharp of Dalhart, two sons, Garton of Clayton, N. M., J. A. Broadaway of Panhandle, and by four grandchildren, eight nieces and nephews, and two sisters predeceased.

### Mott to Attend July Clinic

Virgil Mott, director of musical education at the First Baptist Church here, will attend the Fred Waring Music Workshop to be held in July at Shawnee-on-Delaware, Pa.

There will be six separate meetings of the workshop, and he will attend the meeting of July 31, he said. About 400 will attend the conferences, purpose for which is "to make available to the directors of school, college, church, community and industrial music groups the techniques, skills, and general 'know-how' which have been achieved by the Waring Pennsylvanians during their more than 20 years of professional musical experience."

He said he would take clinical work in the church and radio aspects of the meeting.

### Haynes to Head School Board

McLEAN — (Special) — At a recent meeting of the McLean Independent District school board John Haynes was chosen president, replacing Ruel S. Smith. Erey Cubine became vice president and Perry (Peb) Everett was reelected secretary.

Other members of the board are Boyd Reeves, Wheeler Carter, Custer Lowry, and Clifford Allison.

### Winner Named in McLean Spelling Bee

McLEAN — (Special) — Eddie Reeves, son of Mr. and Mrs. Boyd Reeves, was named winner of a spelling bee recently conducted in the grade school.

The other three finalists were Virgie Pierce, Donna Stubblefield, and Dan Cooper.

The other contestants were: Floella Cubine, Dortha Chase, LaJune Chilton, Ann Cooper, Bethia Mastoth, B. W. Duncan, and Dale Glass.

INS 14 ONE Judge Lewis M. Goodrich Friday afternoon in 31st District Court here granted a divorce to Verna Stephens from Floyd A. Stephens on charges of cruelty. The couple was married in November, 1920 and separated in March, 1942.

### 318 Foreign Students at TU

AUSTIN — (AP) — There are 318 University of Texas students who call far away places home.

Eighteen Latin-American nations and 26 countries outside the Western Hemisphere are represented. Foreign Student Advisor Joe W. Neal reported.

Leading the list in the Eastern Hemisphere are China with 34, Iraq with 23, Turkey with 19 and Egypt 10.

Such countries as Afghanistan, Lebanon and Burma are also represented.

On this side of the world Mexico has 51, Nicaragua 12, and Columbia 12. Alaska, British Honduras, Canada, Canal Zone, Hawaii, Puerto Rico and Trinidad combine to furnish 25 students.

The church of St. Gereon, Cologne, Germany, still retains some of the ceramic paving tiles installed in the 12th Century.
