Idea for Thanksgiving
pumpkin-pineapple pie
 and rich, satisfying coffee

To wind up a wonderful feast—add new zest, with pineapple, to good old pumpkin pie—and enjoy the familiar, pleasing flavor of Hills Bros. Coffee. It's a distinguished blend of the world's finest coffees—and "Controlled Roasting," an exclusive Hills Bros. process, roasts the blend a little at a time—continuously—to insure an even roast of every coffee bean—none overdone, none underdone. Hills Bros. Coffee is vacuum-packed for flavor-freshness.

PUMPKIN-PINEAPPLE PIE

1 envelope 1/4 teaspoon salt
 1 cup cold water 1 cup crushed
 1 cup cooked or canned pineapple
 2 beaten egg yolks 1/2 cup heavy
 1/2 cup sugar cream
 Canned cherries or nuts

Soften gelatin in cold water. Heat pumpkin in top of double boiler. Mix beaten egg yolks with 1/2 cup sugar, add salt, crushed pineapple with juice, stir into the pumpkin. Stir over boiling water 3 minutes. Add gelatin, beat until well blended, chill until syrupy. Beat egg whites, fold in 1/2 cup sugar and then fold in the pumpkin mixture. Pour into 9-inch baked pie shell or into pan lined with crumb (corn flake or graham cracker) pastry. Chill until firm, garnish with whipped cream and candied cherries or nuts.

Serve with Hills Bros. Coffee

Boy Shoots Girl In 'Jealous Rage'

PORTLAND, Me. (AP)—County Attorney Daniel C. McDonald said Franklin D. Wade, 18, admitted he shot his 16-year-old girl friend in

a "jealous rage" over her interest in other boys. McDonald said Wade would be booked in the revolver death of Katherine B. Furbush on a charge not yet determined. Wade's oral admission, McDonald said, came after hours of questioning.

The girl was a sophomore at Portland High School. The shooting occurred Sunday night in her home during the absence of her parents. Earlier, Police Captain Edward M. Kochian quoted the boy as

saying he got the revolver longing to Katherine's father pointed it at his head "to frighten" and that she was shot when she grabbed for the weapon. Panama is the smallest country in North America.

Shamrock Church Circles Hold Study, Social Periods in Homes

Engagement Told At Informal Tea, Shamrock Home

SHAMROCK — (Special) — To announce the engagement of her daughter, Freda and Raymond Sonnenburg, Mrs. Fred Tugwell entertained with an informal tea at her home on North Wall.

The table, laid with a white linen cloth, was centered with a blue heart inscribed "Freda and Raymond, December 23" in silver letters. Surrounding the heart were silver flocked crown asters, interspersed with silver bows, miniature wedding bells and silver fern. The announcement was repeated on the napkins which were inscribed in blue letters. The wedding will take place in Shamrock.

The bride-elect is a graduate of Shamrock High School. She was a member of the high school chorus, a speech student and member of the pep squad. The bridegroom-to-be is a graduate of the Shamrock High School and is now a Senior at Texas Technological College, Lubbock. He directed the Shamrock Irish Band one year, and was in the Navy three years.

Attending were Peggy Hefley, Barbara Brickley, Johnette Hood, Peggy Tinsley, Patsy Porter, Ila Fay Gosnell, Gladia Aycock, Ila Jean Byars, Patsy Bleivins, Wanda Sams and Jeanne Hale.

The Social Calendar

TUESDAY

SITUATION: A friend comes into your kitchen where your maid is working.

WRONG WAY: Ignore the maid, as though she weren't there. RIGHT WAY: Tell the maid the name of your guest.

LOOK!
YELLOW
and in 1/4 lb. prints,
your favorite... NUCOA!

Such Flavor!

As sweet and fresh as can be bought at any price. And Nucoa margarine is as rich in food energy and is fine a year-round source of Vitamin A as any other churned spread.

2. So Smooth!

Nucoa spreads so smoothly and easily—even when cold. Pound after pound, it's as uniformly rich and smooth as the most expensive spreads.

3. All this and Thrifty Too!

Wonderful, wonderful Nucoa costs little more than half as much as expensive spreads.

YES, YOU CAN STILL BUY REGULAR NUCOA

At times—for extra economy—you may prefer to buy regular Nucoa. It colors so evenly you'll be delighted. Incidentally, two pounds color almost as quickly as one. One "bowl-mix" gives you two pounds of smooth, delicious Nucoa all ready to use.

YELLOW OR REGULAR
Serve NUCOA proudly at your table...

It's America's most popular margarine

Heirloom Set

5963

By MRS. ANNE CABOT
Thanks to the kindness of a very thoughtful Reader, here is your opportunity to crochet an heirloom piece patterned from a set made over 100 years ago. Aristocratic filet is at its very best in this design and if you start right away, you'll have this "conversation piece" ready in time for the holiday doings!

Pattern No. 5963 consists of complete filet chart, crocheting instructions, stitch illustrations, material requirements and making and finishing directions.

Send 20 cents in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT (Pampa Daily News), 1150 Ave. Americas, New York 19, N. Y.

identify the bandit. He pointed a finger at Prince and said: "That is the man."

Willie Gelmeyer, a bank customer, and Mrs. Weldon Kaddatz, assistant cashier of the bank, were the other witnesses who said they recognized Prince as the robber.

The three who testified were the only ones in the bank at the time of the robbery, which took place about 11:50 a. m. The bandit locked them in the bank's vault.

J. C. Bowie, Corsicana tractor implement dealer; Rufe H. W. Chorn, Negro tenant on Prince's farm; Erady Henley, Negro tenant on an adjoining farm; Jim Cowart, white farmer of the Streetland Community near Corsicana; W. H. Brow, Corsicana service station owner, and W. C. Watson and E. W. Rhodes, garage owners, were the defense witnesses. They told of seeing Prince in or near Corsicana at times ranging from 11 a. m. until about 1 p. m. the day of the robbery.

Stuffed Pelicans Float Happily Away

SANTA MONICA, Calif. — (AP) — Thanksgiving came early for a flock of pelicans and seagulls who gobbled up a deckload of sardines from a fishing boat here while the captain and crew were ashore.

The boat, Bunkie, out of Santa Barbara, had tied up for refueling. Hundreds of hungry pelicans and gulls swooped down and gorged themselves until many were unable to fly. They floated around the harbor, listing blissfully.

NEW AMBASSADOR

BRUSSELS — (AP) — Robert D. Murphy, new United States ambassador to Belgium, arrived today by plane from Paris.

dum and good killing calves 17.00-23.00; medium and good stockers and feeders 15.00-22.25.

Line Forms Early For Game Tickets

The line for Pampa-Wichita Falls football tickets began forming at the City Hall at 4:30 a. m. today although the tickets did not go on sale until 9 a. m.

Employees at most local business houses will have an opportunity to attend the game. The Retail Trade Commission yesterday gathered for a call meeting to discuss closing stores during the game.

It was decided stores will be asked to close at 1:30 p. m. Dec. 2, the day of the game in cooperation with and recognition of the Harvesters. Whether or not the stores remain closed after the game is up to the individual business.

Committee men attending the meeting were Ben Ogden, chairman; B. M. Behrman, R. M. Samples, Mrs. Myrtle Gilmore, and Frank Leder.

BYRNES

(Continued from Page One)

leaders decided not to ask that the conference endorse the States' Rights movement. They explained that under conference rules, resolutions must receive unanimous approval to be adopted. An adverse vote, they said, might cost the cause prestige.

State chief executives who would discuss political angles of Byrnes' speech said they did not consider it a States' Rights Party speech.

Here is some of the comment: Gov. Allan Shivers of Texas — "It was definitely not a States' Rights Party speech and it was not a Democratic Party speech. It was a speech on good, sound government. He is trying to make the people realize that you cannot keep on spending without imposing more taxes and he emphasized that all those federal grants-in-aid aren't really free money."

Washington, D. C., became capital of the United States in 1800. Jefferson Davis was president

been developed throughout the centuries."

But if Moscow takes refuge behind the familiar contention that Russia does not interfere in the "internal affairs" of any nation, the American move was calculated to have these effects:

1. Putting Russia and the Communists on the defensive before world opinion.
2. Lining up international sentiment against recognizing the new Chinese Red regime and blocking its admission into the United Nations.

Only the Soviet bloc has extended recognition thus far, but Britain, the British Commonwealth and some other countries are reported on the verge. American recognition will not even be considered as long as Ward is mistreated, Acheson said.

The new American proposal went out secretly in the midst of spreading demands that the government take stronger action. The American Legion, Senator Knowland (R-Calif.) and others have urged that the U.S. impose a blockade of Communist held China ports if necessary or otherwise threaten the use of force, but indications are this is not being given serious consideration at the moment.

The Chinese Communists have said that Ward and his staff members stand accused of beating a Chinese.

Christmas Spirit Brings Strike Truce

WILMINGTON, Del. — (AP) — The Christmas spirit brought a short respite to the seven-day-old Wilmington transit strike today.

Today is the occasion for the annual big pre-Christmas parade for the city's 106,500 residents. Management of the Delaware Coach Company and officials of the AFL streetcar union decided that strike or no the kids wouldn't be disappointed.

Company and union members agreed to operate the trolleys and buses during the parade. All passengers will ride free.

Youth Has Few Whole Bones Left

DALLAS — (AP) — Don Martin, 14, may be the year's most fractured Freshman.

The Eastland High School Freshman is recovering from a brain concussion received last week when he fell out of a jeep on the way to a Scout meeting. Earlier he broke his leg while swimming.

When he recovered he dived from a swimming pool high board. Both arms were broken.

Girlstown Infant Recovers From Polio

WHITEFACE, Texas — (AP) — Girlstown's youngest resident, "Little Marie" is recovering from polio.

And that makes the other nine residents of Girlstown feel a lot cheerier.

Marie is only two years old. Like other residents of the home, she is a girl who does not have a proper home, through no fault of her own.

Miss Amelia Anthony, founder and director of Girlstown, eight miles south of here, said the child was sent to a Dallas hospital when her illness was diagnosed as polio.

Israel Will Have Brooklyn of Own

NEW YORK — (AP) — Israel soon may have a Brooklyn of its own.

Brooklyn Jews, who will open a campaign Dec. 4 to raise \$750,000 to purchase and develop 4,000 acres in the Negev plan to name the new settlement Kfar Brooklyn (Brooklyn Village).

Harvesters and Bulldogs Both Eye a Victory Thanksgiving Day at Borger

Dog Pack in Top Shape for Big Thursday Game

By RUSTY AYERS
Borger News Herald Sports Ed.
BORGER — (Special) — Two workouts remain on the Bulldog schedule before the Thanksgiving Day game with the Pampa Harvesters. Morale, physical condition and all are in top shape with the Bulldogs. They have decided it is time Pampa lost one conference game and for them to win one.

Before the season got underway Borger and its 22 lettermen were supposed to rule the roost in District 1-AA. Something happened in the Bulldog camp — just what is a good question. Now that the season is over the roost rulers are resting comfortably in the loop cellar. Amarillo is out of the running and Pampa has the district championship cinched. You figure out this football and you should get with Einstein himself. He tells you Kenneth "Cotton" Hall, captain of the Bulldogs and as conscientious a high school ball player as you will ever find, just shakes his head when you ask what is wrong with the team. Hall is left end on offense and rough and rugged linebacker on defense. Cotton can bring down passes with the best of them in the district and doesn't know the word defeat. He battles them for all they are worth all 48 minutes of action. Hall doesn't block or tackle easy. He hits them hard every time, the harder the better. He doesn't mind getting hit hard in return either, one of those lads that grins and comes back for more — dishin' it out and taking it too.

Tommy McCord, co-captain and wingback on the Dog pack, knows what every lad on the team does every play. McCord has during his three years on the pack played three positions. Each just as hard and capably as the other. McCord started out as an end, a good one. His second position was running guard. He is light but stringy together with piano wire. Many a runner and would be tackler holds respect for the little battler. This year McCord was moved to wingback. Did that throw him a curve? Not in the least. McCord has not been one of the district's leading scorers, in fact one of the Bulldog leaders, but he seldom loses yardage and can haul down passes in the flat in grand style. Tom earned his third letter this year and proved his versatility on the gridiron.

Tom has two teeth missing. He looks like a football player from the word go. When asked about those missing teeth he grinned through the vacant molars and said "I'm a little guy and when you have two big brutes working on you in practice sometimes things get a little rough." He forgot to mention that he does those brutes wobble crazy and saw stars for some fifteen minutes the same day he lost those teeth.

Yes, with nothing at stake save a clean plate on our conference win this should be a bang-up good game. Dogs vs. Farmers Turkey Day in Bulldog Stadium.

Pampa Sportsmen Meeting Tonight

The regular monthly meeting of the Pampa Sportsmen's Club will be held tonight at 8 o'clock in the Court House.

Movies will be shown and the completed plans for the annual crowd shoot for the night Nov. 29 and 27 this year, will be held. The meeting is open to the entire families of all the members.

Louis Fights in Exhibition Tonight

NEWARK, N. J. — Joe Louis, a slower and heavier Brown Bomber, and Joe Chesul, a young and fast corner, meet tonight in a ten-round no decision bout at the Newark Armory.

For Louis, the not yet retired undefeated heavyweight king of the bout will be the second of his nationwide tour of exhibition ten-rounders.

Approximately 5,500 automotive patrons are expected to be seated in 1949.

Green and Gold Working Hard On Offense

The Pampa Harvesters concentrated most of yesterday's workout on offense as they prepared themselves for the Thanksgiving Day game with the Borger Bulldogs at Borger. Game time Thursday is 2:30 and the broadcast of the game will be carried by radio station KFDN, starting at 2:15.

Monday's workout, was rough, probably the last one before the battle that can give the green and gold their first perfect conference season in many years. If Pampa defeats Borger, which the Harvesters are planning strongly on doing, it will hold the title all to themselves. But should Pampa lose and Amarillo defeat Plainview the same afternoon, both Pampa and Amarillo would be tied for the district lead with 2 wins and 1 defeat. But the Pampa victory over Amarillo would give the Harvesters the title through a ruling of the interscholastic league. The Harvesters aren't planning on sharing the first place position with Amarillo, however; they want to take it clean and clear-cut.

The Pampans are in peak physical and mental condition. In fact, most observers feel that they look better now than at any other time this season. They are running hard, their timing is excellent and the defensive play is improving rapidly as the last week's statistics will prove. Plainview, with notoriously weak offense anyway but one that upset the Borger team a week earlier, was held to a long first down and less than 60 yards gaining. Meanwhile the Harvesters were able to roll over an eight-man line for nearly 400 yards on the ground, never once forced to punt.

SMU, TCU Sound Alarm Over Meeting This Week Could Irish Hold Own in Pro Leagues?

By WILBER MARTIN
Associated Press Staff

Smiles were at a premium yesterday in Southwest Conference football camps as seven teams headed into the last big week of the 1949 season.

Sighed scout Walter Roach of Texas Christian University: There's "no hope" of stopping Donk Walker and Southern Methodist University Saturday.

Scout Herman Cowley of Southern Methodist advised the Mustang coaches to "call off" the TCU game. Might as well, was his attitude.

There was a slightly cheerier note at Texas, Texas A&M, Arkansas, Baylor and Rice. But here, too, the usual Monday morning moaning was in evidence.

Most of the teams got a light workout yesterday or practiced not at all.

SMU is expected to be in good physical shape for TCU, and TCU will be at near peak condition for SMU.

Texas, Rice, Baylor and A&M are also expected to be in good shape. Arkansas still is bothered with injuries.

L. R. (Dutch) Meyer said his TCU team played its best game of the year last week as it lost to Rice, 20-14. Rice was the ninth T formation club the Horned Frogs have faced this year. The Frogs used the single and double wing and so does SMU.

Baylor's gridlers struggled with accurate figures in final examinations yesterday. Today, they get back to struggling with offensive and defensive formations.

Texas and Texas A&M open the week's schedule Thursday at College Station. Rice and Baylor play for a Cotton Bowl bid and the conference championship Saturday. TCU meets SMU, and Arkansas plays Tulsa.

Ends Ray Stone and Paul Williams, tackle Jim Lamsford, linebacker June Davis and guard Bud McFadin will be back in shape for Texas in the Aggie game.

SMU, TCU Sound Alarm Over Meeting This Week

SMU is expected to be in good physical shape for TCU, and TCU will be at near peak condition for SMU.

Texas, Rice, Baylor and A&M are also expected to be in good shape. Arkansas still is bothered with injuries.

L. R. (Dutch) Meyer said his TCU team played its best game of the year last week as it lost to Rice, 20-14. Rice was the ninth T formation club the Horned Frogs have faced this year. The Frogs used the single and double wing and so does SMU.

Baylor's gridlers struggled with accurate figures in final examinations yesterday. Today, they get back to struggling with offensive and defensive formations.

Texas and Texas A&M open the week's schedule Thursday at College Station. Rice and Baylor play for a Cotton Bowl bid and the conference championship Saturday. TCU meets SMU, and Arkansas plays Tulsa.

Ends Ray Stone and Paul Williams, tackle Jim Lamsford, linebacker June Davis and guard Bud McFadin will be back in shape for Texas in the Aggie game.

A&M drilled behind locked gates yesterday and more of the same is scheduled today and tomorrow.

Rice Coach Jess Neely said he would hold contact work to a "minimum" this week. He said Rice couldn't take any chances on more injuries.

Linebackers Joe Watson and Gerald Wetherly missed practice yesterday, but their ailments would keep them from playing against Baylor.

Arkansas, which has scored only six points in the last three games, plans to concentrate on offense in practice this week.

Coach John Barnhill said his ace fullback, Leon (Muscles) Campbell, will see no action against Tulsa. Campbell, sidelined most of the year, sustained a knee against William and Mary last week.

Greenberg Gets GM's Position

CLEVELAND — (AP) — Hank Greenberg, former Detroit Tigers slugger, was signed to a three-year contract yesterday as general manager of the Cleveland Indians.

Ellis W. Ryan, head of a Cleveland syndicate that purchased the club, announced the action several hours after taking over the American League organization.

Greenberg, as a vice president, has been in charge of the Tribe's farm system under outgoing President Bill Veeck. Ryan also announced that Rude Schaffer would remain as business manager.

Green and Gold Working Hard On Offense

The Pampa Harvesters concentrated most of yesterday's workout on offense as they prepared themselves for the Thanksgiving Day game with the Borger Bulldogs at Borger. Game time Thursday is 2:30 and the broadcast of the game will be carried by radio station KFDN, starting at 2:15.

Monday's workout, was rough, probably the last one before the battle that can give the green and gold their first perfect conference season in many years. If Pampa defeats Borger, which the Harvesters are planning strongly on doing, it will hold the title all to themselves. But should Pampa lose and Amarillo defeat Plainview the same afternoon, both Pampa and Amarillo would be tied for the district lead with 2 wins and 1 defeat. But the Pampa victory over Amarillo would give the Harvesters the title through a ruling of the interscholastic league. The Harvesters aren't planning on sharing the first place position with Amarillo, however; they want to take it clean and clear-cut.

The Pampans are in peak physical and mental condition. In fact, most observers feel that they look better now than at any other time this season. They are running hard, their timing is excellent and the defensive play is improving rapidly as the last week's statistics will prove. Plainview, with notoriously weak offense anyway but one that upset the Borger team a week earlier, was held to a long first down and less than 60 yards gaining. Meanwhile the Harvesters were able to roll over an eight-man line for nearly 400 yards on the ground, never once forced to punt.

No thought has entered the minds of the athletes about the playoff game with Wichita Falls. They are playing them one at a time and Borger is the next team on the schedule. The plans call for making the Bulldogs the eighth victim of the season.

Reports from Borger, however, are that the Bulldogs are laying in wait for the Harvesters' playing to seek a little balm for the sorry record they have made this season, one in which they originally picked to be top material in the district. The Bulldogs have weight, experience and speed advantages on the Harvesters and they have been working for two weeks to get things well enough coordinated for an upset victory on Thanksgiving.

Coach Tricky Ward is noted for his ability to pull upsets and the Harvesters can't be overconfident as they go on the field against the Hawks. Next season's game could be a warning.

A&I Receives Mounted Mascot

KINGSVILLE, Texas — (AP) — A smiling wild javelina tamed by the taxidermist has become the mascot of Texas A&I College athletic teams.

The stuffed and mounted specimen is the gift of Mr. and Mrs. George Reagan of George West. It was made just in time to appear at football homecoming festivities last Saturday.

Reagan, a rodeo manager who judged the A&I intercollegiate rodeo this month, shot the wild hog on his ranch in McMullen County. Mrs. Reagan is the former Mrs. Annie Lee Littlejohn, social director at A&I from 1935 to 1942. She said that for a long time she had been seeking a javelina to be mounted and displayed in the president's office. Quite a few of the animals were shot on their ranch, but it was difficult to find an especially good specimen.

The Milk Bowl Game to Be Played Dec. 9

CAMERON, Texas — (AP) — And now the Milk Bowl. It will be played at Yoe High School Athletic Field here the night of Dec. 9.

It will match pee-wee teams from Gause and San Saba. Each will be made up of players weighing 100 pounds or less.

Gause School has a football team for the first time in history this year. Dixie Walker and Joe Moore, former professional baseball players, spearheaded a drive to raise funds for equipment, bringing about the organization of a football team.

Gause, which is near here, will be host team in the bowl game which is being sponsored by the Cameron Chamber of Commerce. Moore is general chairman. Ralph Widman, sports director of Radio Station WFAA in Dallas, is credited with originating the

Pirates Work Hard for Tilt With Hawks

By DUANE HANKINS
News Sports Correspondent

LEFORS — (Special) — The Pirates took a two day rest following their win over McLean, Nov. 11, Wednesday, following the rest, the Pirates took it fairly easy doing mostly limbering up work. The next day, however, the Pirates, not knowing who their opponents would be, settled down for hard practice.

After a good drill on offensive work the Pirates called it a day. Friday, the Pirates got another good drill on offense. Monday the Pirates went to work getting ready for the Phillips Blackhawks, doing mostly scrimmaging, the blocking, ball-handling and running all worked in close harmony.

Last fall the Pirates also met the Blackhawks in the district playoff. The two teams played in Pampa last year and the Hawks won 14-0. This year they meet at Blackhawk Stadium in Phillips. The game will be played next Saturday afternoon at 2:30.

From the offensive standpoint the Blackhawks have the edge, having scored a total of 307 points while the Pirates have scored only 267. The Pirates have the best defensive record. They have allowed only 69 points to be scored against them, while the Blackhawks have been tagged for 129 points.

Both teams have played and defeated Wellington, McLean, Shamrock and Dumas. Record for the play is Lefors 33, Wellington 14, Phillips 33, Wellington 14, Lefors 41, McLean 20, Phillips 47, McLean 0, Lefors 20, Shamrock 0, Phillips 41, Shamrock 18, Lefors 40, Dumas 6; and Phillips 12, Dumas 6.

The game Saturday will be broadcast by Radio Station KFDN, starting at 2:15 with Ken Palmer and Denny Sullivan at the microphones.

California Moves to Second Position Behind Notre Dame

Big 10 Names All-Star II

CHICAGO — (AP) — Co-champion Michigan and third-place Minnesota, with three berths each, monopolized the 1949 All-Big Ten football team selected for the Associated Press by conference coaches today.

Ohio State's Rose Bowl-bound Buckeyes, who shared the title with Michigan, took two positions while one spot each went to Wisconsin, Illinois and Northwestern. Iowa, Purdue and Indiana failed to place in the No. 1 lineup.

There was not a single unanimous choice, although Michigan's halfback Charles Ortman and Wisconsin's banging Bob Wilson, converted from center to end this season, missed by one coach each.

California Bears Unanimous Vote

LOS ANGELES — (AP) — California is the unanimous choice for the West's representative in the Rose Bowl.

The announcement was made by a conference Commissioner Victor O. Schmidt, after a telegraphic poll of all members.

After whipping Stanford in the final Saturday, California's selection to oppose Ohio State Jan. 2 was considered a mere formality. The Bears went undefeated through 10 games this season, seven of them in the conference.

California Moves to Second Position Behind Notre Dame

NEW YORK — (AP) — California has replaced Oklahoma as the runnerup team behind Notre Dame in the Associated Press weekly football poll.

By thumping Stanford, 33-14, to move into the Rose Bowl as the Pacific Coast Conference champion, California took up the rugged task of chasing Notre Dame.

Only a Notre Dame disaster in its remaining games could send California over the top.

The Fighting Irish from South Bend, Ind., captured 113 of the 151 first place votes from football writers and sportscasters across the nation.

California drew 24, Oklahoma 11, College of the Pacific two and Army one.

Notre Dame has led the poll seven straight weeks since Michigan took the opener. The final vote will be taken next week.

The "big four" of Notre Dame, California, Oklahoma and Army still dominate the picture. They run 1-2-3-4 with California edging past Oklahoma.

Elmer Evans and His KLYN Kowboys

WARREN'S WARMUP

By Warren Hanks—News Sports Editor

QUESTION: What was outstanding about the 1924 Notre Dame football team?

THIS IS A FOULED-UP WEEK FOR FOOTBALL games, some being played Thursday and others on Friday and Saturday. So here I go with this weekend's predictions, about the last of the year. Last weekend I connected correctly on 23, missed 5 and tied 1. That makes the season's record 157 right, 45 wrong and 9 ties for an average of .777.

The outstanding games of the weekend locally are both being played in the Tri-City area. I like the PAMPA HARVESTERS over the Berger Bulldogs on Thanksgiving, but not without a big struggle. Berger doesn't want to go through the conference season without a victory, especially this year when they figured to have a top-notch ball club.

Over at Phillips Saturday afternoon the Class A bi-district play-off game will be held and I'll take the fleet-footed, fast striking LEFORS PIRATES to defeat Chesty Walker's powerhouse. This will be a terrific ball game that you Pampa fans won't want to miss.

AMARILLO over Plainview in the other District 1-AA football game of the season. The Sandies stand a chance to draw into a tie for the title with a win and a Pampa loss.

WICHITA FALLS over Graham with no trouble. The final turning up game for the Coyotes before they tangle with the Fighting Harvesters.

LUBBOCK over Brownfield. The Westerners didn't roll up the big score expected against Midland last week, but injuries, especially the absence of Bobby Brown, slowed them down.

In other Turkey Day games around the country I like TEXAS over Texas A&M. This game has a lot of interest around here. Randy Clay will be closing out his college career, and probably in a blaze.

MISSOURI over Kansas State. The Tigers will close out this not "too bad" a season with a victory.

WYOMING over Denver. This high scoring bunch of Cowboys are due for another victory before they hang up their helmets.

CORNELL over Penn. This hasn't been too good a season for Penn, and this Turkey Day game won't help it any.

And in other Thursday games I like BROWN over Colgate; DE TREIT over Wichita; MARYLAND over West Virginia; UTAH over Utah State; VMI over VPI; WASHINGTON AND LEE over Richmond; COLLEGE OF THE PACIFIC over California Poly; MIAMI over Cincinnati; CITADEL

over Davidson and CHATTANOOGA over Duquesne.

Big game of the weekend pits Baylor against Rice. I sort of like BAYLOR to upset the Owls and take the Southwest title. The passing of Adrian Burk may be too much for the Houston crew to cope with.

ARMY over Navy in the usual thrill packed contest. Both clubs laid off last week in preparation for this colossal tilt.

ARKANSAS over Tulsa. The Razorbacks, with Leon Campbell, will overcome their neighbors from Oklahoma.

NOTRE DAME over Southern California in a runaway. The Irish always enjoy this game, and will be out to revenge last season's tie.

TCU over Southern Methodist. Here's an upset that Major Hoople called, and I think he's right.

OKLAHOMA over Oklahoma A&M. The Sooners can whip their state rivals with ease, and then look for a bowl to play in.

NORTH CAROLINA over Virginia in the top Southeastern game of the Day. Choo Choo's farewell.

KANSAS over Arizona. No danger here for the boys from the corn belt.

LOUISIANA STATE over Tulane in what might be considered a mild upset. It could knock Tulane right out of a bowl bid.

TEXAS TECH over Hardin-Simmons in another knock-down and drag-out battle. The Raiders seem to have finally located themselves after a slow start.

KENTUCKY over Miami. The Wildcats will win and then sit back and wait for bowl offers.

WEST TEXAS STATE over New Mexico. The boys from Canyon also seem to have found themselves after a slow start.

TENNESSEE over Vanderbilt in a game that could be decided by a point after touchdown, it is that close.

WAKE FOREST over South Carolina. Those North Carolinians will have no pity on their southern friends.

In other games Saturday I'll take FORDHAM over NYU; MISSISSIPPI over Mississippi State; BOSSUP over College of Holy Cross; WILLIAM AND MARY over North Carolina State; GEORGIA TECH over Georgia and CLEMSON over Auburn.

ANSWER: The 1924 Notre Dame team was not only the national champion eleven, but it was made famous by the Four Horsemen.

WARREN'S WARMUP

QUESTION: What was outstanding about the 1924 Notre Dame football team?

THIS IS A FOULED-UP WEEK FOR FOOTBALL games, some being played Thursday and others on Friday and Saturday. So here I go with this weekend's predictions, about the last of the year. Last weekend I connected correctly on 23, missed 5 and tied 1. That makes the season's record 157 right, 45 wrong and 9 ties for an average of .777.

The outstanding games of the weekend locally are both being played in the Tri-City area. I like the PAMPA HARVESTERS over the Berger Bulldogs on Thanksgiving, but not without a big struggle. Berger doesn't want to go through the conference season without a victory, especially this year when they figured to have a top-notch ball club.

Over at Phillips Saturday afternoon the Class A bi-district play-off game will be held and I'll take the fleet-footed, fast striking LEFORS PIRATES to defeat Chesty Walker's powerhouse. This will be a terrific ball game that you Pampa fans won't want to miss.

AMARILLO over Plainview in the other District 1-AA football game of the season. The Sandies stand a chance to draw into a tie for the title with a win and a Pampa loss.

WICHITA FALLS over Graham with no trouble. The final turning up game for the Coyotes before they tangle with the Fighting Harvesters.

LUBBOCK over Brownfield. The Westerners didn't roll up the big score expected against Midland last week, but injuries, especially the absence of Bobby Brown, slowed them down.

In other Turkey Day games around the country I like TEXAS over Texas A&M. This game has a lot of interest around here. Randy Clay will be closing out his college career, and probably in a blaze.

Sport Shots

By HAROLD V. RATLIFF AP Sports Writer

DALLAS — (AP) — Rhea H. Williams, athletic director of the Texas Interscholastic League, says he finds that there will be at least three additional all-star football games utilizing schoolboys in Texas during the coming summer and says:

"If the trend continues there is a possibility that these boys will be engaged in a summer-time program of all-star games. I do not believe that this would be desirable from any angle."

We quite agree unless these games are for worthwhile purposes. The ones we have come in contact with thus far are benefit affairs — that is, the proceeds, if any, go toward charitable projects. The All-American High School Game put on by Mose Simms at Corpus Christi last August was to have given its proceeds to charity but the trouble was there were no proceeds. Simms lost about \$800 on the venture.

Referring to our recent treatise on the all-star games and the attitude of the Interscholastic League toward them, Dr. Williams makes a strong point by defending the all-star games of the Texas Coaching School, which the League approves, with this: "The coaches do have this argument as regards the game and that is, that the money goes back into improving high school athletics as regards coaching techniques, taking care of boys who have been injured in high school activities, and other similar projects. To the best of my knowledge none of the other all-star games turn their receipts back into improving the high school athletic program."

However, this point would be weakened if the all-star games all were for charity. Then they would be contributing their receipts to something besides a promoter's pocket book.

There is no place in the athletic scheme of things for a person to promote an amateur athlete for his own gain, particularly a high school boy. However, a check will show, we are sure, that all of the all-star games put on thus far in Texas have been for the benefit of some project.

The Interscholastic League obviously doesn't expect to be able to do anything about limiting the all-star high school games. The colleges are the key to the situation.

If the colleges would co-operate by banning the all-star games of the high school boys, the scholarships for any participating in one, the situation could be controlled to the league's liking.

But the colleges aren't going to do it. They are not going to take a chance of losing a star football player.

The Interscholastic League does want to go on record as expressing itself against the all-star games because of the commercial angle and because such athletic shows are not true tests of strength and skill — and are not giving the fans a proper return on their money.

"I sincerely hope you realize that we are interested primarily in the welfare of the individual boy and that, as you say, we are 100 percent against high school athletics being used for commercial purposes by any organization," Dr. Williams says.

I think everyone knows that is a true statement of facts. The Texas Interscholastic League is a great organization and comes as near being absolutely altruistic as any organization we ever knew.

Speaking of high school football, one of the greatest personalities of the game in Texas appears on the road back to the top.

Pete Shotwell, the dean of high school coaches with a great record through the years, has Abilene hitting on all eight cylinders these days.

They were saying around the coaching school last August that "it's about time for Shot to have one." Pete, who talks pessimistic but really isn't, said nope, this wasn't the year.

Shotwell has the distinction of having produced champions at three schools — at Abilene in 1923, at Breckenridge in 1929 (when Breckenridge tied Port Arthur for the championship) and at Longview in 1937.

He's now back at Abilene where he won his first game and the team he's been placing on the field the past month has brought some eyebrow-raising all along the line.

Last week Abilene licked Big

Rushing, Passing Leaders Of SWC Sure of Positions

DALLAS — (AP) — Ball-carrying and passing leaders of the Southwest Conference appear in good position to stay that way as the football campaign enters its final week.

Bob Smith of Texas A&M, who tops the runners with 671 yards on 133 carries, is 84 yards ahead of Gordon Wyatt of Rice. Geno Mazzanti plays his final game Saturday against Tulsa at Fayetteville.

Wyatt and Mazzanti will have to have a great day in order to overtake Smith.

In passing Adrian Burk of Baylor leads by 85 yards over Paul Campbell of Texas. Eighty-five yards in passing, the way the boys have been going this season, isn't half as tough getting as 84 rushing. But it's a good lead for a passer like Burk.

Burk has thrown 189 passes and connected on 89 for 1113 yards. Campbell has completed 81 out of 165 for 1233 yards. Lindy Berry of Texas Christian is only 38 yards back of Campbell and could win the passing title. He has completed 89 out of 193 for 1195 yards.

In pass-receiving, Ben Procter of Texas leads with 39 catches for 642 yards. J. D. Isom of Baylor has gathered in 39 for 411 and Morris Bailey of Texas Christian has snared 33 for 462. Procter's lead isn't safe at all.

Berry leads in total offense with 1421 yards on 306 plays. He's 172 yards ahead of Burk, who has rolled up 1249 yards on 193 plays.

Kyle Rote and Doak Walker of Southern Methodist are one-two in punting. Rote with an average of 43.4 on 15 kicks and Walker with 41.8 on 23. Bobby Dillon of Texas leads in punt returns, averaging 19.5 yards on 10. Berry is second with 17.5 on 19.

Rice is the league's offensive team leader, averaging 359 yards per game. Texas is second with 335. Texas is the defensive topper, giving up only 213 yards per game. Baylor is second with 217.

Little Rose Bowl Eyes Texas 11s

PASADENA, Calif. — (AP) — Sponsors of the fourth annual Junior Rose Bowl Game will select the Eastern Junior College representative on Saturday and the Western team next Monday.

Game chairman Art Hannifin of the Pasadena Junior Chamber of Commerce, said that Lamar, Texas, JC and Little Rock, Ark., are the foremost Eastern contenders for the Dec. 10 contest.

Lamar, unbeaten in nine games, still has to play Tyler, Texas, another contender. Little Rock is undefeated in eight games.

On the coast, either Santa Ana or East Los Angeles JC will get the nod, Hannifin said.

Mose Simms Seeking Site for Grid Game

RENO — (AP) — Mose Simms, promoter of the National High School All-American Game, said today he would select the site of the 1950 classic within the next six weeks.

Simms, of Corpus Christi, is on the way to inspect stadia at San Francisco, Los Angeles, Birmingham, Ala., Jackson, Miss., and Wichita, Kans. He said he also would consider putting on the game again at Corpus Christi where it saw its inception last August.

Yesterday, Simms mailed out letters to 600 sports writers and sportscasters over the nation asking for nominations for the squad.

IN THE DARK

SAN FRANCISCO — (AP) — When San Francisco ended Cleveland's string of 29 All-American Conference games without defeat, 56-28 recently, it was without benefit of a fresh scouting report.

The 49er's mid-western operative, missed the previous Cleveland game because of an automobile accident.

Sooners Can Have Choice of Bowls

NEW YORK — (AP) — Oklahoma is like a man who has been invited to three Thanksgiving dinners and doesn't know which to accept.

The unbeaten, united Sooners are top candidates for the Cotton, Sugar and Orange Bowl games and probably would have been in the running for the Rose Bowl if that college football post-season extravaganza wasn't tied up by an agreement between the Pacific Coast and Western conferences.

With the "official" selection yesterday of Ohio State and California as Rose Bowl opponents, the attention of the football world shifted to Oklahoma.

The Sooners, unbeaten in 19 straight games, held bowl discussions yesterday but which oval they favored to grace by their presence remained a secret.

The general belief was that the players favored a return trip to New Orleans' Sugar Bowl. The Sooners clipped North Carolina there, 14-6, last year.

Dan Rogers, selection chairman of the Cotton Bowl in Dallas, has spread out the welcome mat for Oklahoma to play the Southwest Conference Champion on Jan. 2.

The Southwest champion will be decided Saturday when Baylor tangles with Rice in Houston.

Down Miami way most of the inhabitants would like to see Oklahoma take on Tulane's unbeaten Green Wave in the Orange Bowl. Other combinations that would be welcomed are Southern Methodist vs. North Carolina, and Kentucky or Santa Clara against the loser of the Baylor-Rice contest.

Shuford out here on the hilltop. Those boys wrote their names down in SMU football history with their deeds on the field."

"I remember what a thrill I got when the number was issued to me. And if some other football player comes along and gets a big kick out of being issued No. 37 as I was, I am all for it. And I sure hope the number will be available when Harry's youngsters reach SMU."

Says Lester Jordan, business manager of athletics at Southern Methodist: "There won't have to be a number in the trophy case to remember Doak Walker and Harry

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK — (AP) — Just figuring things out: . . . Wilbur Evans, U. of Texas tub thumper, comes up with a new set of statistics for comparing football teams. . . . And naturally, they don't make Texas look bad. . . . Wilbur figures how far "in the red" a team finishes — that is, by how many points it is defeated. . . . Notre Dame, Oklahoma, Army and California, among the major teams, have no deficit points since they haven't been beaten. . . . Villanova comes next, losing one game by a two-point margin. . . . Then you have Rice and Maryland, one-game losers by seven points; Cornell, loser by nine, and Texas, which has lost four games by a total of ten points. . . . The Longhorns lost by a touchdown to mighty Oklahoma, by two points to Rice and by one each to Southern Methodist and Texas Christian. . . . If you figure it out by averages, the Texas defeats have been by 2 1/2 points apiece — which sounds more like betting odds than results of games.

ALL IN THE VIEWPOINT

Joe Bedenk, Penn State grid coach, figures an unidentified alumnus has the last word on the two-plate system in this communication: "Either put in the two-plate system or don't schedule teams which use such an unfair system."

From where I sit... by Joe Marsh

Watch Out For The Symptoms!

Laughed out loud when I heard Hot Davis was down with Chicken Fox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Fox is a lot like other "diseases"—disease of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticizing a person's preference for a friendly glass of temperate beer or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

Joe Marsh

It's built like Lincoln

THE HIGHEST COMPLIMENT YOU COULD PAY ANY CAR

THE LINCOLN COSMOPOLITAN SPORT SEDAN

White side-wall tires, roof rack, and HYDRA-MATIC* transmission optional at extra cost

EVEN in this hurried age, there is still an automobile built the way a fine automobile should be built.

With craftsmanship . . . quality . . . integrity. And we are proud to say it is the Lincoln.

Here is a fine car whose standards of workmanship have set new records of achievement.

Its luxurious new "Salon Styled" interior is unquestionably the most beautiful interior yet fashioned for any automobile.

Its magnificent combination of Lincoln power and HYDRA-MATIC* contribute hitherto unheard-of ease and smoothness to motoring today.

Its superbly exclusive body styling stamps it as the most distinctive car on the road.

This Lincoln Cosmopolitan is, in short, the one fine car designed for you who want the finest.

And a call to us today will have it at your call tomorrow.

For a truly memorable experience in motoring, why not get in touch with us now?

Lincoln makes America's most distinctive cars

Researchers Plan Fight On Corrosion

AUSTIN — (Special) — Two University of Texas graduate researchers in chemistry are teaming up on National Gasoline Association of American fellowships to fight corrosion in oil producing equipment.

They are Edward N. Wheeler of Englewood, Texas, and E. E. Glenn of Shreveport, La.

Wheeler has a \$4,000 grant under Dr. H. L. Lochte's direction to isolate and study oxygenated compounds produced by high pressure wells. NGAA also furnishes \$200 for laboratory equipment and its maintenance.

Glenn is seeking the mechanism of metal corrosion in high-pressure wells and the relation between such reactions and the oxygenated compounds.

He has an \$1,800 fellowship directed by Dr. Norman Hackerman. Additional NGAA funds help provide and maintain laboratory equipment.

IPAA's Warren to Speak for Annual Engineer's Meeting

COLLEGE STATION — (Special) — Top-flight oil men from Oklahoma and Texas will attend and take part in the annual joint meeting of the Texas sections of the American Institute of Mechanical Engineers, to be held at Texas A. and M. College Dec. 8-9.

J. E. Warren, president, Carl B. King Drilling Co., Midland, will be the principal speaker at 7 p. m. Dec. 8, at the annual banquet.

Host for the meeting is the A. and M. College Student Society (affiliate). Texas sections are East Texas, Gulf Coast, North Texas, Permian Basin, Southwest Texas, University of Texas Student Society (affiliate).

E. L. Whiting of the Petroleum Engineering Department, is chairman of the conference and faculty members of the Engineering Department will take part in the program.

Shell Announces Opening of New Tacoma Terminal

A new waterfront terminal has been completed at Tacoma, Wash., and will be placed in full operation in November, the Shell Oil Co. has announced. The terminal marks another step in the company's six million dollar West Coast expansion program.

To keep the present monthly volume of more than two million gallons of petroleum flowing smoothly from the Tacoma terminal into an area including a large portion of southern Washington, all of Shell's receiving, packaging and distributing facilities in Tacoma have been consolidated at the new plant.

Continental Applies For Hearing on Well

AUSTIN — (P) — The Railroad Commission yesterday scheduled for public hearing Jan. 4 application of Continental Oil Co. for dual completion, discovery allowable rights, new field designation and field rules for its Royal National Bank No. 1 well, Anderson County.

Brahma Breeders Plan Model Farm

WHARTON, Texas — (P) — A model farm is planned by the Texas Mid-Coastal Brahma Breeders Association. Plans for the farm were discussed at the annual meeting here. Alex Border of Hungerford was named president for 1950. C. V. Jacobs of Yoakum was named vice president. R. E. Merrifield of Wharton was elected secretary-treasurer.

Spawning among oysters occurs when the water in which they live reaches a temperature of 65 to 70 degrees F.

HIS HOBBY IS JUNK — Carving Chinese junks is the hobby of Hollywood film actor Milburn Morante. He makes them from sugar pine. Sails are made of silk, then varnished.

Democratic Chairmen Still Burning Over Snubs Handed by Congress

DALLAS — (P) — The Dallas Times Herald said "Texas Democratic county chairmen were still burning as an aftermath of a series of snubs handed them at their state convention in Houston last Friday."

The newspaper's story continued: "Texas' two U. S. senators and some 10 U. S. representatives, listed on the program of the convention of the Texas Association of Democratic County Chairmen, failed to show up. They had accepted invitations, W. E. Briggs, Greenville, association president, said.

"Most of the party hangers-on who customarily swell attendance of a convention such as that at Houston also were absent, due primarily to the fact that Speaker Sam Rayburn, the main attraction, at a big rally climaxing the convention, was at another Houston hotel and did not attend the business sessions of the gathering.

"Biggs, in a telephone call to a Times Herald reporter, charged that the snubs were deliberate.

"There apparently are some who think that the chairman's association is trying to usurp the duties of the State Executive Committee," Briggs said.

"The Greenville man, re-elected state president at the convention, declared that he has called a meeting of the association's Executive Committee for 10 a. m. Dec. 10 at the Roosevelt Hotel, Waco, to discuss the snubs and possible retaliatory action."

CIO Moves Into State Politics

AUSTIN — (P) — Extension of political power into every ward and precinct in the state will be sought by the Texas CIO.

By resolution in the closing session of its 12th annual session, the Texas State Industrial Union Council voted to establish political action committees in each of the "grassroots" areas.

The council also expressed favor toward Casa March of Waco for governor but voted down a motion to give him backing of the state group.

Another resolution called for a study of the Latin-American labor problem. It praised the work of the Good Neighbor Commission but said it was hampered by lack of funds and by opposition from employer groups.

The council opposed any new taxes except on natural resources and on corporations earning more than \$50,000 a year. Opposition was especially expressed against any general sales tax.

Q—How many cross-ties are required for a mile of railway track?
A—Three thousand cross-ties are used in the average mile of railway track.

Q—How did the Rubaiyat get its name?
A—Rubaiyat is the Arabic word for "quatrains," meaning stanzas of four lines.

Q—How does the platypus feed its young?
A—The platypus is one of only two creatures known to science which lay eggs and nourish their young with milk. The other is the Australian echidna or ant-eating porcupine.

Q—In Great Britain does a knight rank above or below a baronet?
A—A knight ranks next after a baronet. Neither dignity nor title can be transmitted to the heirs.

Q—What was the denomination of the church Abraham Lincoln attended while president?
A—Lincoln as president was a regular attendant at a Presbyterian Church, and his pew bears a silver plate on the arm stating that he sat there on Sunday mornings. He never formally joined a church or a denomination.

Q—Why do we say of a polished, cultured man that he is "urbane"?
A—The Latin word urbs meant originally "a city enclosed by walls or palisades." From urbs came urbanus, "of or pertaining to a city." Urbanus entered English as urban and this is the source of the word urbane, meaning "polished, suave, cultivated."

Q—Has the sun ever revealed evidence of gold?
A—Evidence of gold in the sun was obtained in 1943 by a comparative study of gold spectrum lines and the solar spectrum.

Q—What are the wilderness areas?
A—They are the roadless tracts in a number of national forests. In them the natural, primitive conditions are preserved. There are 77 wilderness areas in all, mostly in the Western states; they cover 14,000,000 acres. Hunting and fishing are permitted.

Q—Why do we say of a polished, cultured man that he is "urbane"?
A—The Latin word urbs meant originally "a city enclosed by walls or palisades." From urbs came urbanus, "of or pertaining to a city." Urbanus entered English as urban and this is the source of the word urbane, meaning "polished, suave, cultivated."

Church Told To Stay Out Of Politics

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Sir Stafford Cripps, Britain's austere chancellor of the exchequer, advises the Church of England to stay out of politics.

The chancellor is widely known as a Christian who puts his beliefs into practice seven days a week. He is credited with applying his religion to his Socialist politics as well as to his personal life. Even his political opponents agree on that.

So when Sir Stafford takes the church to task, folks want to know what's cooking. Well, not only the chancellor but the Labor (Socialist) Party has been greatly worried lately over speeches by prelates of the Church of England. The political leaders are wondering what part churchmen may play in the next general election which will determine whether the experiment in socialism is to continue.

For example, Dr. Geoffrey Fisher, archbishop of Canterbury, who is head of the Church of England, recently referred to the coming election as a "gathering show-down." He told the synod of the Convocation of Canterbury that there was "need for united effort to overcome our economic plight." Other prelates have expressed concern over economic conditions.

Some political observers have expressed belief that the church leaders may be attempting to bring about a coalition govern-

ment. The socialists have thumbs down on that.

In considering the position of the Church of England it must be noted that it is the established church; that is a state church. Those members of the House of Lords in Parliament who are known as the "lords spiritual" are bishops and archbishops of the Church of England. The King himself is "defender of the faith."

It therefore is easy to see why there is a difference of opinion in Britain as to how far the church should become involved in political matters. It is doubly clear when one recalls that the clergy of the Church of England are, broadly speaking, conservative and therefore are not in harmony with socialism.

This statement isn't altered by the fact that occasionally one encounters a "liberal" like the Very Rev. Hewlett Johnson, dean of Canterbury Cathedral, who is known as the "Red dean" because of his extreme left views and his great friendship for Soviet Russia.

Largest dinosaur found in South Dakota's White River area, home of pre-historic monsters, was the brontosaurus. This was similar in appearance to a rhinoceros and reached the size of a full-grown elephant.

HOW WAS IT?

OH, IT WAS OKAY.

DID SHE LIVE UP TO YOUR NEW RULE NOT TO SERVE REFRESHMENTS?

YES, THE STINGY THING.

Grand Champions—1949 Feeder Show

CHICAGO—These thick, blocky Hereford feeder calves were declared the Grand Champion load of all breeds in the recent Chicago Feeder Cattle Show of 157 carloads of calves and yearlings. Shown by the Bar 13 ranch, Sheridan, Wyoming, these Hereford calves averaged 427 pounds per head and sold for \$60 per cwt. In addition to the sale price the Bar 13 Ranch received \$620 in prize money from the Chicago Union Stock Yards and the American Hereford Association, Kansas City, Mo.

2 Billion Dollars Invested in Crops

WASHINGTON — (AP) — The federal government had \$2,680,000,000 invested in surplus farm commodities at the end of August, the Agriculture Department reported today.

Of this amount, \$1,042,000,000 had been paid to farmers as price-support loans on such products as corn, wheat, tobacco, cotton, and other grains. The remaining \$1,680,000,000 was spent for purchase of commodities under price support operations.

Those Vitamins!

ALWAYS READY to take advantage of popular fancy, unscrupulous organizations headed by high-pressure promoters seem determined to exploit public health to the last degree. They are particularly active in the vitamin field. When you are tempted by wild advertising claims to buy and take vitamin preparations, remember that you probably do not need them at all. If you feel that you do, consult your physician. He alone knows the type of vitamin you may need, if any. Rely on his advice. We are in position to fill promptly any prescription he may write.

Dynamic Texan Commutes 100 Miles Daily to Farm

By **TEX EASLEY**

WASHINGTON — (AP) — A dynamic 68-year-old Texan in the Agriculture Department, not satisfied with one full-time job, commutes more than 100 miles daily so he can manage his 360-acre dairy farm near Harpers Ferry, W. Va.

He is Dr. Bonney Youngblood, for 42 years a leader in federal agricultural research and experimental work. Born July 31, 1881, on a stock farm near Milano, Milam County, and a graduate of Texas A&M College in 1902, he fits the saying "you can take the boy out of the country but you can't take the country out of the boy."

He welcomes all Texans into his office in the huge Agriculture Department administration building, and before you know it he is reeling off another interesting experience after another that he has had in Texas.

Shortly after he was graduated from A&M he became manager of the 5,000-acre Smith farm and ranch near Sherman. He worked there for a week as an ordinary farm hand before the owner learned of his qualifications and put him in charge.

He was principal of public schools in Henderson and Mineola between 1903 and 1906. He married Lotus Shamburger of Mineola in 1907 and then came here to join the Agriculture Department.

His first major assignment was a three-year study of the geology, soils and climate of Texas, Oklahoma, New Mexico and Arizona. Dr. Youngblood became director of the Texas Agricultural Experiment Station system Aug. 14, 1911, and continued in that post until 1928.

During that period he acquired a master's and a doctor's degree. In 1914 he joined the ranks of those listed in "Who's Who," and since 1921 has been recognized

in "American Men of Science." In 1925 he established at Spur the first state soil and water conservation experiment station. His work in Texas also included establishment of the ranch experiment station near Sonora, the lower Rio Grande Valley Citrus Experiment Station at Weslaco, and the irrigation station at Wichita Falls.

During the last 20 years he has inspected the work and expenditures of state agricultural experiment stations throughout the nation and in Puerto Rico.

The strapping 6-foot, 2-inch Texan speaks at a rapid clip and with gestures. "Three years ago I found this dairy farm I've got up there at Harpers Ferry," he said.

"It's got some real limestone land like that down by Texas where I grew up. There's none finer anywhere. They first told me I wouldn't find any located anywhere in this area, but I kept on the lookout until I did."

He spends an hour each way on the train every day, and makes a 10-minute taxicab ride between the depot and Agriculture Department.

"But it's sure worth it," he added. "In fact, that's two hours I get in some real rest and relaxation. And it's mighty fine to get home to a real country place like that where my wife is waiting for me."

Analysis Made on Miami Ranch

A recent soils analysis on the Bert Walsh place west of Miami showed the soil to be low in both nitrogen and phosphorus, officials of the Roberts County Wind Erosion District said.

As a remedy, part of this field was planted to alfalfa and fertilized with 45 percent superphosphate. The alfalfa was inoculated with nitrogen-fixing bacteria so that it would supply the needed nitrogen.

The difference between fertilized and unfertilized alfalfa was graphically demonstrated by the comparatively poor showing of an unfertilized patch nearby.

The rest of the field was planted to wheat and fertilized with a mixed nitrogen-phosphorus fertilizer. It shows a stimulated growth but it is too early to tell what the result will be.

W. D. Allen has a planting of Austrian winter peas fertilized with phosphate to replenish a soil whose analysis showed a need for phosphorus and organic matter. Enough phosphate should carry over to last a year or two.

Farm Federation Cools Toward Administration

WASHINGTON — (AP) — Relations between the Democratic administration and the powerful American Farm Bureau Federation once again and cooperative — have turned frigid. The political consequences may be considerable.

Differences over government farm policies have become so sharp that the federation has decided not to invite Secretary of Agriculture Brannan to speak at its annual convention in Chicago next month.

It long has been the custom of the federation and other national farm organizations to ask the secretary of agriculture to address their meetings, as a sort of titular head of American agriculture.

While relations have been growing cooler for some time, it has been the controversial farm plan advanced by Secretary Brannan that has brought the federation to a virtual "no speaking" attitude toward the administration.

President Allan B. Kline of the federation has criticized the Brannan proposal as a political scheme to get votes of both farmers and consumers. He also has claimed that it would regiment farmers completely.

In adult life, the oyster usually is attached to some hard object. This may be a shell, either live or empty, or it may be attached to the piling under a pier.

Red's Nut Planter Improves on Squirrel

LONDON — (AP) — A Communist inventor has devised an acorn planter which makes a squirrel look like a fool. The Soviet news agency Tass told about it in a dispatch from Bucharest. It said the planter, invented by Nica Moisei of Barlad, Rumania, performs five operations:

"It digs a small furrow, throws acorns into it at fixed intervals, covers them up with earth, stamps the earth firmly in and registers the place."

Wild life observers say squirrels often forget where they bury acorns. Tass said Moisei's planter will save a lot of man hours in reforestation projects.

Inhabitants of the sub-surface ocean are noisy. During the war, the Navy has done "screen out" noises of ocean creatures so that its instruments for detecting submarine sounds could work effectively.

Old Cowpoke Sees Many Differences

DALHART — (AP) — Eighty-year-old Mack Johnson who used to herd cows on the XIT Ranch says things aren't the same anymore.

When he was chief of police of Dalhart between 1906 and 1910 there were 13 saloons in the town, open day and night.

And one time he himself got arrested. "The Humane Society had me arrested, while I was chief of police here," Johnson remembers.

"There was an old burro staked out near the railroad tracks, and I told the folks they'd just have to get rid of it, because it couldn't be kept in town that way. When it caused a horse to run away with a woman one day, I decided to take the burro to the pound."

"That burro sulked, and I had to rope him and drag him on his side about 200 yards over

Farm Decline May Continue in 1950

AUSTIN — (AP) — A 1950 year not quite as good as 1949, it was foreseen today by the United States Department of Agriculture.

"Another year of fairly high demand for most farm products appears to be in prospect for 1950, but the downturn in agricultural prices and income underway in 1949 is likely to continue through next year," a report by agricultural statistician G. A. Swanson said.

Both prices received by farmers and cash receipts from farming for 1950 may average about 10 percent below this year, the report anticipated. This would approximate the decline that has occurred in 1949 from the record levels in 1948.

CHENILLE SPREADS FROM PENNEY'S WORLD OF THRIFTY GIFTS!

9.90

A beauty of a bedspread! Feel the feathery-fine tufts, see the swirling bowknot and floral design. No problem to pick just the right color here—you can have this chenille in a wide range of decorator solid colors as well as the gay multi-colored design on pastel or all white grounds. Yes, at Penney's thrift-price, here's big value!

OUR C&C PRICE IS KEYED TO YOUR CHRISTMAS BUDGET!

MOST for the MONEY of all Medium-Duty Trucks

THE GMC "450" GIVES YOU EXTRA Stamina EXTRA Comfort EXTRA Economy EXTRA Features EXTRA Value All the Way Through

GMC "450s" deliver full value for every dollar invested... deliver the extras which make them the hardest hitting trucks in their field. Heavy, bumper-built front ends provide unrivaled protection. Valve-in-head, 270-cu.-in. engines provide outstanding power and performance. Husky frames of 10.1 section modulus and rugged axles, clutches and transmissions provide unexcelled stamina. Roomy, wide-vision cabs provide certain comfort. These extra value features, combined with GMC's all-around engineering excellence, deliver the "most" truck for the money in the entire medium duty field.
