Rabies clinic set for Saturday

The Borden County Program Building Committee and 4-H Club are sponsoring a Rabies Vaccination Clinic Saturday, May 29th in the 4-H Exhibit Building. The clinic will begin at 8:30 a.m. and will conclude at 12 noon.

Dr. Charles Church, DVM from Snyder, will be here doing the vaccinating. He explained that all dogs 3 months of age are eligible to be vaccinated and should be vaccinated annually. The same ages apply to cats. Cats are required by law to have annual vaccination for rabies.

Our rural setting makes our pets somewhat more

susceptible to coming in contact with a rabied animal. There are several wild animals that carry rabies. Among these are coyotes, foxes, and skunks. Skunks are the most prevalant and normally cause the most problems. Be leary of a wild animal that is acting in a strange manner. (Skunks) seen in the daytime and those seeming to be aggressive are most likely rabied.

Make plans to bring your dog or cat to the vaccination clinic. The cost is \$6.00 per animal and this will save you a trip to town. For more information, call the County extension office at 856-4201.

Robertson delivers baccalaureate sermon

As you begin your new life, start a new relationship with Christ urged Reverend David Robertson during his Baccalaureate sermon for the Class of 1982. Take heed lest you forget 'The Lord your God' was the message that Reverend Robertson brought to the senior class Sunday, May 23. Providing special music was an outstanding entertainer, Mr. Fred Wilmer, a senior at Texas Tech. Some of the hymns were 'At the Cross', 'Someone Who Cares' and the audiences joined him in 'Blessed Be The Tide that Binds.'

Services began as Mrs. Sallie Wilson played the processional and the seniors filed down the aisle, led by Valedictorian, Gena McLeroy and Salutatorian, Marquita Menix.

The invocation was given by Mike Wharton and welcome by Mr. Mickey McMeans. Mr. James McLeroy introduced the

speaker and Reverend Steve Hillhouse gave the Benediction.

Stage guests included Randy Roemisch and Netta Jarrett, senior sponsors; Ben Jarrett, Elementary and Junior High Principal; Ralph Miller, President of the Board of Trustees.

Ushers were Keith Williams, Doug Love, Jennifer Wilson and Kelley Lankford.

High School Graduation Exercises will be held Wednesday, May 26 at 8:00

Guest Speaker will be John Montford, Democratic nominee for State Senator. Cindy Hataway will provide special music for the evening. Gena McLeroy will present the Valedictorian Address and Marquita Menix will present the Salutatorian Address. The Class History, Prophecy, and Will will be presented by Glen Gray, Ty Wills and Kay Copeland respectively.

PERFORM IN RECITAL-Back row; Tammy Voss, Angela Evans, Kristin Monger, Kelly Ogden, Shara Woodward, and Pat Underwood. Front ROW: Rachael Wilson, Stephanie Stephens, Gena McLeroy, Dana Gray, and Amanda Wilkerson.

Piano, voice students in recital

The Annual Piano and Voice Recital by pupils of Mrs. Chesley Wilson was presented Thursday, May 20 in the school auditorium.

Senior piano and voice student, Gena McLeroy, took part in her last recital at B.H.S. She sang Mr. Bojangles' and Don't Look Now'. She also played 'Valse' by Chopin.

Stephanie Stephens, a

junior at B.H.S., played 'Gipsy Rondo' by Hayden.

Eighth Grade student, Dana Gray played 'Fur Elise' by Beethoven.

In Elementary School, the following students performed vocally: Kelly Ogden-Do Re Mi by Rodgers; Shara Dee Woodward 'It's a Miracle' by Gaither and Amanda Wilkerson-'Edelweiss' by

Rogers. Performing on the piano were the following: Tammy Voss-'Balloons for Sale' by Bastien; Rachael Wilson-'Taco Joe' by Bastien; Kristen Monger-'Yo Ho! The Sailor's Song' by Glover; Angela Evans-'All School Parade' by Bastien; Pat Underwood-'Midnight Dance' by Bastien.

Light voter turnout expected

According to J. Pat Porter, local Democratic Chairman of Borden County, a light turnout is expected for the June 5 runoff for four state offices. No county officials will be in the runoff election.

Absentee balloting began May 26 and will run thru

June 1. This will be held in the Clerks office of the Borden County Courthouse.

Mr. Porter, said in the interest of the economy, I am working with the Justice Department in Washington for clearance to combine voting boxes into four boxes, one in each

commissioners precinct, however at this time permission has not been received and notice will be given in next weeks paper on voting locations.

State offices scheduled for runoffs include the attorney general between Jim Mattox, and John Hannah; commissioner for General Land Office, Pete Snelson and Garry Mauro; Judge, Court of Criminal Appeals, Place 1, Charles F. "Chuck" Campbell, Jr., and John E. Humphreys and Judge, Court of Criminal Appeals, Place 2, Chuck Miller and Bill Black.

Offices to be closed for Memorial Day

Several local offices will be closed Monday, May 31 in observance of Memorial Day. The Borden County Courthouse, ASCS Office, Extension Offices and the Post Office will be closed.

Each will resume regular hours Tuesday, June 1.

BORDEN COUNTY SCHOOL NEWS

School Board Meeting

The Board of Trustees of the Borden County Independent School District met in regular session on Monday, May 17, 1982 at 8:00 p.m. The meeting was called to order by Board President, Ralph Miller. The minutes of the previous meeting were read and approved and May bills were reviewed and paid.

The film contract was approved between the Film Co-op at the Education Service Center, Region XVII, and the Borden County Independent School District for the 1982-1983 school year.

The Superintendent "Men tire themselves in pursuit of rest."

A year-to-date financial report was given by the Superintendent. The financial condition of the school district was reported sound.

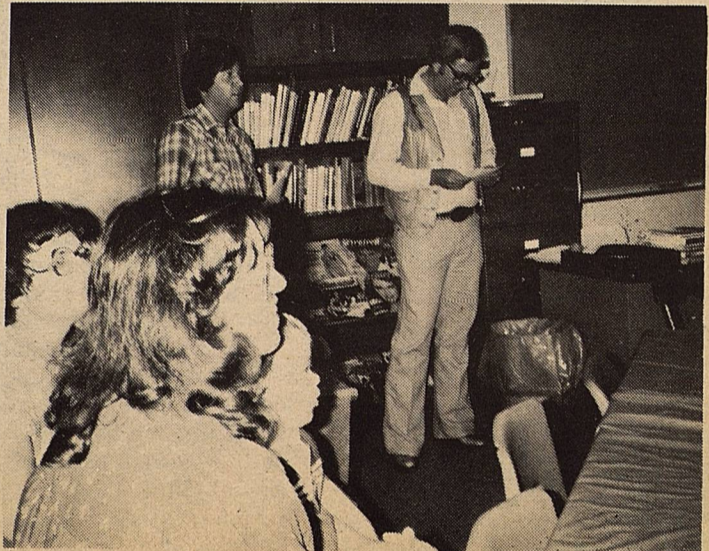

Attendance was reported at 55 in high school and 175 in elementary for a total of 230.

The Superintendent reported that Brenda Conner had submitted her resignation as Homemaking teacher as of April 30, 1982. It was recommended that the

resignation be accepted, and also a recommendation was made that Dana Westbrook be hired as Homemaking teacher for the 1982-1983 school year. The Board approved both recommendations.

It was reported that a Ditch Witch Machine with backhoe had been donated to the school by Bob Dyess and Pat Porter. Approval was given to have the machine repaired.

The Board adjourned at 9:30 p.m.

Detectives Bill May and Lynn Maxwell help the F.H.A. members to find their Secret Grandparents. Mrs. Carol Lewis, Mrs. Brenda Conners and her son, Calley, are shown in the foreground.

Grandparents seated at table are left to right-May and Bill Stephens, Vivian and Pauline Clark, Lisa Smith, Mrs. Couch, Freda Poston, Sarah Sharp.

Visiting during Grandparents Tea are left to right-Jelley Lankford, May Stephens, Mrs. Bernice Whitmore, Pauline and Vivian Clark and Bill Stephens.

BORDEN COUNTY SCHOOL NEWS

Student Council Officers for 1982-83 are Jennifer Wilson, President and Tammy Miller, Vice President.

Opening presents during Grandparents Tea were left to right-Mrs. Couch, Kim Wills, Shawna Vaughn and Brenda Conner, Buddy Sharp, Sharon Drummett, Betty Currey and Jennifer Wilson.

Remembering days gone by are left to right-Mary Lynn Williams, Mr. James McLeroy, Mr. and Mrs. W.F. Johnson and Mrs. Alta Staggs.

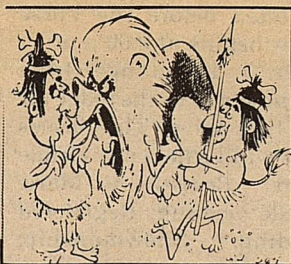

Clint Miller receives his diploma from Pre-School from Superintendent James McLeroy. Clint is the son of Mr. and Mrs. Ben Miller. Their son, Clayton, will attend 1st grade at Borden Elementary school next year.

Class of 82

Happy Graduation

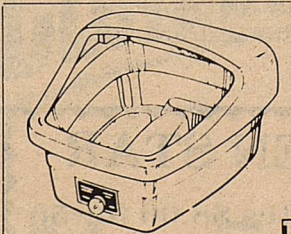

We picture a colorful future for a colorful group of fine young people.

THEN and NOW

What makes a good Father's Day gift? There have probably been as many answers to that question through the years as there have been fathers.

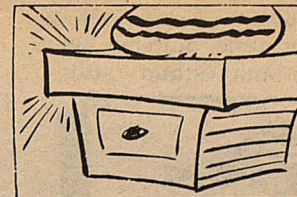

Then: The African Dinka tribesman didn't have to think twice about what he wanted for Father's Day. It was a tribal tradition that the very best gift a father could get would be the skin of the first lion his son killed.

Now: Today's modern American father might prefer to be gifted with something a little different than a lion's skin on his special day. At the end of a day of hard work or play,

you can treat your dad to a totally relaxing, soothing experience with a Dazey Foot Saver with Heat. It combines the comfort of a vibrating massage with raised Vibra Nodes, which move water and soothing heat to pamper the feet. It can help give Dad temporary relief from the aches and pains of arthritis, fatigue and tension. And that could help keep him smiling through all the days of the year.

"He who finds himself, loses his misery."
Matthew Arnold

That gray discoloration that often appears on highly polished furniture may disappear if the surface is wiped with a soft cloth that has been wrung out in warm water containing a little vinegar. Dry and polish afterwards.

May is a paranoid month—a happiness that school is out—an expectation of new beginnings—yet a sadness that it is all over. Whether you are a graduate or a first grader—a mother—a father—a teacher—a jock—or even a piece writer, May signals a cessation as well as a looking forward.

May brings spring fever—senioritis, authoritus and apathy even to piece writers. It is a time of looking back as well as forward, reviewing the accomplishments, regretting the goofups. It is a long awaited time of relief.

No more term papers, no more pieces to write—no more carpools, lunch boxes, P.T. A., basketball games and track meets with the ensuent working the concessions stand. Whew—a chance to sleep late, laze at a pool, at least a day or two before that summer job begins. No deadline to meet, no arranging for a substitute. The school year has wound down midst a frenzy of activity, festivity, apprehensions, all made more frenetic by exhaustion. Just one more week—hang in there—we made it—another year gone—Lord, I'm tired—I'll miss you—write—see ya next year.

But time marches on—it does not stand still.

You Now Have the Key To Success

Your diploma can open all the right doors for you. Grads! The rest is up to you! We know you will keep up the good work!

FENTON'S
Snyder 573-6111

Whatever lassitude May brings, it ushers in a time of re-charging, regenerating and renewal. It is an ending as well as a beginning. A revamping of priorities and setting of goals can begin. A time to plan unpressured by anyone's deadline—yours, mine or the Star. There will be time to concentrate on those things which are ongoing but which we have chosen to ignore or set on the back burner.

Primary run-offs must be dealt with—hopefully with more participation than was shown in the hurried month of May. The deadline for defeating an equal rights amendment is imminent. Those promoting passage haven't suffered from apathy nor acute blahs. There is the attempt to do away with indexing as a tax relief. While we lie in the grass and think about tomorrow, this measure could pass.

Then there is the living room to re-decorate—jelly to make—weight to lose—letters to write—friends to see—books to read—a trip to take. But all these things can be done with renewed interest. Yes, May is a time for ending and a time of expectant beginning.

Texas Grown Produce

Fresh vegetables are plentiful in Texas now, says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Texas supplies broccoli, cabbage, carrots, spinach, lettuce, potatoes and sweet potatoes in April and May. May also brings cantaloupes, cucumbers, honeydews, squash, peppers and tomatoes. Blackberries, plums and early peaches will be available in late May. Consumers can save on buying fresh produce at roadside markets due to reduced costs in transportation, packaging and refrigeration.

Apples, grapes, cranberries, plums and cherries should be stored in the refrigerator immediately after purchase and are best eaten within a week.

Former Students Receive Honors

An honor student in the 1982 Robert Lee High School graduating class is Scot Long, valedictorian, son of Mr. and Mrs. Sid Long, all formerly of Gail. He has a grade average of 96.246. Scot was student council president, senior class president, FFA president, and secretary of the Beta Club. He was voted Mrs. RLHS. most athletic, and was given the prestigious Steer Award.

He was unanimous choice all district receiver, all district safety, and all West Texas receiver. He made unanimous choice all district basketball team. He was a member of the 400 Meter relay team was fifth at regional, setting a new RLHS record of 44.8. Scot set a new RLHS record by throwing the discus 47' 10" and was third at the regional meet. In U.L.L. he has participated in persuasive speaking, typing, and the one act play, receiving honorable mention all star cast. His 1982 FFA leadership team won first at district and third at area. His livestock judging team participated in the state judging contest two years. He participated in other judging contest, livestock shows and many other FFA activities and

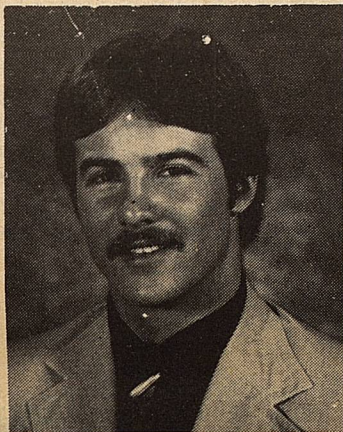

Scot Long

projects.

In past years, he also participated on the golf team, was 4-H Gold Star Boy, and was sixth high individual at the 1981 Houston Livestock judging contest and won a heifer. Scot was also voted king at the Baptist Church Sweetheart Banquet.

He is presently active in the youth group at the Robert Lee Baptist Church where he sings in their Young Disciples and will go on the summer mission trip. He enjoys playing drums with a musical group. He will work for the Texas Highway Department this summer and in the fall he will attend Teexas Tech University.

Scot says, "Thanks, Borden County folks, for giving thirteen years of spiritual, academic, and physical training, lasting friendships, and pleasant memories. You helped to bring me to this level of achievement."

Richard Long

Richard Long, of Robert Lee, a former student at Borden County High School, son of Mr. and Mrs. Sid Long, graduated May 15, from Texas Tech University, with a Bachelor of Science Degree in Ag Education. At the Collegiate FFA Banquet in April, he was awarded plaques of being Outstanding Student Teacher of the spring

semester and Best Senior. He was an outstanding member of the 1981-82 Livestock Judging Team, placing third high individual at the Kansas City Contest. The team won first in horse judging.

He was active in FFA, Alpha Zeta, Saddle and Sirloin Club, Rodeo Club, Ageco Club, and intermural football. Richard attended school on full scholarship from the Houston Livestock Show and Rodeo and was consistently on the dean's list.

He did his student teaching at Sweetwater High School. He is a member of the Robert Lee Baptist Church. His hobbies are fishing, hunting, playing the piano, and singing. He hopes to be employed real soon.

"Thanks a million, Borden County people, for sixteen years of great spiritual guidance, education, friendships, memories and a life lived to the fullest," said Richard.

White Bass At Lake Biting

White bass continued biting in force at Lake E. V. Spence during the past weekend, while at Lake J. B. Thomas, the crappie were in the forefront.

Several striped bass catches were reported at Lake Spence, mostly in the small to intermediate range, along with a good run of black bass. At Lake Thomas, there was some good catfishing with a fair amount of black bass.

Claude Hodnett, Big Spring, caught a 22 lb. yellow catfish on a trotline with live bait at Lake Thomas. Gilbert Richter, Snyder, brought in two baskets of crappie with several in the one to two-pound class, plus several black bass to two pounds. Jim Perry, Ackerly, used minnows to catch a string of 15 crappie from one to two pounds. Channel catfishing was good at Lake Thomas, but white bass fishing was on-

ly fair.

Reports from Lake Spence included:

Skinny's Hillside—David Ovalla, San Angelo, 60 white bass and a three and a quarter pound black bass.

Triangle Grocery—Don Blanks, Sterling City, four-pound striper on Hellbender.

Paint Creek Marina—Doyle Graham, Wendal Haskins and John Henley, Sweetwater, three stripers 9 lb., 12 oz.; 13 lb., 9 oz; and 13 lb., 10 oz. on Pico Pop, also 60 white bass. Eddie Simpson, Lubbock, 35 white bass, two stripers and four black bass to 3½ pounds; Robin Walker and Steve Graves, Odessa, 87 white bass and a striper on Sassy shad; Ray Renfro, Odessa, and Don McDonald and Dennis Glover, Hamilton, 51 white bass on Sassy Shad.

Courthouse News

The Commissioner's Court of Borden County met in special session at 9:00 a.m. on May 24th 1982 with all members present.

Minutes of the previous meeting were read and approved, and routine bills were examined and approved for payment.

The settlement agreement in the lawsuit on Borden County School Land minerals was approved on the recommendation of Attorney John Ferguson. The agreement provides that Borden County Permanent School Fund will own 70 percent of the minerals produced from Labor 8, League 260, Borden County School Land in Martin County. The land owners will own the remaining 30 percent.

Bids on dumptrucks for

Precinct 1 and 4 will be considered on June 14, 1982.

There being no further business, court was adjourned.

LEGAL NOTICE

The Borden County Commissioner's Court will consider bids to purchase two dump trucks at 10:00 a.m. on June 14, 1982 at the Courthouse in Gail, Texas.

Specifications may be obtained at the office of the County Judge, Box 156, Gail, Texas 79738, 915-856-4255.

By Order Of The Commissioners Court

FLOURS-TRY SOMETHING DIFFERENT

See different flours, but don't know for sure if they'll work in your home baked breads?

Understanding flours is easy with just a few basic facts about each in mind.

Here are some facts you must know!

All purpose wheat flour is uniquely suited to bread making because it contains enough gluten to form the delicate elastic framework of the finished product.

It's a mixture of hard and soft wheat flours usually.

However, it can be milled entirely from soft wheat and, if so, it would not be suitable for bread making.

Here are a few general guidelines about flour—Most of the flours and bakery products are enriched with thiamin, niacin, riboflavin, and iron—to restore nutrients lost when the brans and germ were removed from the kernel during milling.

Whole wheat flour is the exception here enrichment of it isn't needed because whole grain flours contain all nutrients naturally

present in grain.

Whole grain flours and cereal grains provide fiber in the diet, so they're good for you.

Eating foods high in fiber tends to reduce symptoms of chronic constipation, diverticulosis, and some types of irritable bowel.

Remember this important note—You can use some flours alone for bread making, and you can use others only if you combine them with all purpose flour.

Rodeo Information

For information on the Borden County Junior Rodeo please call Dorothy Browne (915) 856-4714 after 5:00. Entry blanks are being sent out to many interested contestants, they may be obtained from Mrs. Browne, or the County Agents Office in Gail. Mailing address for the rodeo is P.O. Box 23, Gail, Texas 79738.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. Douglas G. Munn of 111 Oaktree, Rt. 2, Lewisville announce the engagement and approaching marriage of their daughter, Julie Boyd to Bob Hal McLeroy of Lubbock, Texas. He is the son of Mr. and Mrs. James E. McLeroy of Gail. The prospective couple are 1981 graduates of Texas Tech University. The prospective bride is employed with Inwood Business Machines of Dallas and the prospective bridegroom is employed with Amoco Oil Productions of Brownfield.

The July 3 wedding will take place at the First Baptist Church of Lewisville.

Colt To Be Raffled

A red roan filly colt will be raffled for the Livestock Association to raise funds for the Rodeo and Stock Show. The Borden County Junior Rodeo is the main fund-raising event for the stock show, so everyone is please asked to take part in the rodeo so local youth may have a good stock show next year.

The Phinzy Ranch donated a colt last year to the association and have once again been generous enough to donate another beautiful colt this year for fund-raising.

The drawing for the colt will be the last day of the Gail Rodeo, June 12.

Prizes will be given for the person selling the most chances on the colt. First prize is a pair of boots donated by Ralph Miller. Chances for the raffle may be obtained from Mr. Fred Ridenour.

Your County Agent Says

by Alan Day

TEXAS BRUCELLOSIS PROGRAM

Some very important changes in the brucellosis program are in the works but have still not been adopted. We currently remain under last years brucellosis regulations.

Here is an article written by the TAHC which outlines their stand on most of the major issues.

AUSTIN-Proposed federal rule changes relating to brucellosis will destroy cooperation of Texas herd owners, Commissioners of the Texas Animal Health Commission have warned U.S. Department of Agriculture officials.

USDA proposals, TAHC Commissioners believe, would create undue hardships on this state's cattle producers in their efforts to control brucellosis. The proposed rules will destroy cooperation of Texas herd owners because of their rigid and overly regulatory tone," John B. Armstrong, Kingsville, chairman, TAHC, noted in a letter to USDA.

The federal proposals, if adopted, would significantly alter basic tenets of the Texas

brucellosis program in these areas: vaccination, individual herd plans, the role of the epidemiologist in dealing with individual producers, and use of the card test as a screening tool only in locating infection. Commissioners also said it would appear unthinkable for the proposed federal regulation not to provide for an administrative review of an individual's situation.

Commissioners of the TAHC unanimously approved the letter. The most serious defect of the proposed rules is the extreme discrimination placed on any state attempting to increase the numbers of vaccinated females," the letter noted.

The use of the card test to classify animals as reactors in the market cattle identification program is the discrimination referred to in these rules. This action is taken despite the administration's budget message to increase vaccination and in

complete disregard of the recommendations of the National Brucellosis Technical Commission," the letter stated.

Regarding individual herd plans, the Commissioners noted in the letter: The Texas program is based on individual herd plans designed under supervision of trained epidemiologists to meet scientific criteria but be flexible and reasonable according to a cowman's operating conditions. The rigid language in the proposed CFR (code of federal regulations) would severely limit this flexibility.

Concerning the role of the epidemiologist, the letter stated that the proposed change is devoid of any allowance for the epidemiologist in making medical decisions based on laboratory results, vaccination status, individual animal history, herd history, and other pertinent

information...particularly must the epidemiologist be involved in the classification of titered animals with the freedom to make decisions."

Regarding use of the card test, Commissioners noted:

As we have noted many times, the card test has many advantages as to its ease of field application but this is offset by its documented over condemnation in vaccinated populations. Since vaccination is the keystone of our program, the card test cannot be used without discretion. The use of the card test as the only official test in the market cattle identification program will increase resistance to the program by the cattlemen of Texas. The card test can only be acceptable if provisions are made for the use of supplemental testing and epidemiological determinations.

Concerning the right of an individual's appeal from the proposed changes, the letter stated: It would appeal unthinkable that the proposal of such drastic changes for the rules governing interstate movement of cattle from a Class C state or area would not provide for a relief based on an administrative review of an individual's situation rather than forcing him to expend money for legal fees to appeal such a rule to federal courts."

Armstrong said

Commissioners believe these and other proposed changes are still premature and should be delayed until the federal budget has been passed and signed into law."

THANK YOU

We could never express the love we felt from this community as we were honored last weekend.

First of all, to Lynn and Penny Maxwell and family for opening thier home and to all of those joining in the good food and fellowship, thank you. Our friendship with you will always be special.

The First Baptist of Gail has been such a vital part of our lives for the past 4 years.

We've grown to love each one of you and cherish this time we have shared. Thank you so much for the ice cream fellowship and the "money tree". It was all greatly appreciated. Also to the other members of this community who joined in the effort, thank you.

We will miss you greatly, yet as we begin this new phase of our lives, our friendship with the members of this community will hold a special place in our hearts.

-s- Randy, Cynthia and Matthew Paul Roemisch

ASCS News

by Jerry Stone

ACCURATE CERTIFICATION IS IMPORTANT

The accuracy of your crops and conserving use acreage report is very important. The 1982 tolerance is the larger of .5 (one-half) acre or 5 (five) percent. Missing the acreage by more than the tolerance will make the crop ineligible for program benefits. Measurement service is available for nominal fee.

1981 LOAN DEADLINE

The final date to request loans on 1981 crops of corn, grain sorghum or cotton is May 31, 1982. Eligible producers can enter into the farmer owned grain reserve program. The interest rate for May is 14.125 percent.

FOREIGN INVESTORS

Foreign investors must file a report with the ASCS office when they purchase or sell U.S. farmland. This must be done within 90 days of the purchase or date of

sale.

FCIC DAMAGE REPORTS

Current requirements for prompt written notice to FCIC of damage during the growing season remain in effect. Insured producers are asked to provide written notice of probable damage at least 15 days prior to the beginning of harvest. If damage is not discovered until harvest, the grower is required to file a notice of damage immediately, and leave a representative sample of unharvested crop at least 10 feet wide and extending the full length of the field. The crop residue must be left undisturbed for 15 days, or until authorized by FCIC to do otherwise. Notices of damage are to include policy and unit number, estimated yield per acre and estimated amount of indemnity.

CROP AND LIVESTOCK REPORTS FROM FARMERS AND RANCHERS NEEDED

The Texas Crop and Livestock Reporting Service will begin interviewing Texas farmers and ranchers in mid May on 1982 crop acreage and midyear livestock inventories. State Statistician Doug Murfield has announced. Results of the confidential interviews, conducted through the mail or in person by field enumerators, will be published in June. Murfield is urging farmers and ranchers to complete and return mail questionnaires promptly. Information will be combined for state and county estimates. Estimates are published annually for livestock, dairy, poultry, cotton, small grains, vegetables, fruits and pecans and cash receipts from the sale of

ATTENTION PROGRAM PARTICIPANTS

One more reminder before you plant your cotton. Be sure that after you lay out enough land for set aside, that the remainder of your land planted to cotton will not exceed your "permitted cotton." Most of you will be laying out some additional land with your set aside so that your cotton plantings will not exceed your permitted. Please review the recent notices to find what your permitted acreages were.

Maize, hegart (or Nk-300) cannot be planted on set aside. However it can be planted on the other lay out land and be harvested. We might call these acres in "between" or "excess", since they are not cotton or set aside, but in between.

Also, although we will assist you in determining acreages on the maps in our office, none of these measurements are guaranteed for program purposes. If you want measurement service after the cotton is planted than it can be guaranteed by paying for it. However if it is not measured by a paid for visit, the assistance we give is not guaranteed and I sure want the producer to understand this now. You have a one acre or 5 percent tolerance (whichever greater) on program crops and 1 acre or 10 percent (whichever larger) tolerance on set aside acres. You may give more acres to set aside and not be subject to penalty. Tolerance applies only when less acres are measured than needed on set aside. Please call if you have any questions.

"Never cut what you can untie."
