Charles Stenholm

Jim Collins

Farmers told to organize

Congressman Charles Stenholm was the keynote speaker at the Agriculture Round-Up and Symposium in Big Spring this past Saturday night. This event was sponsored by the Tejas Cowbell's and the Silver Belle's from Sterling City.

The CowBelles, who call themselves the "voice of women in the cattle industry," brought two U. S. congressmen and six specialists in the beef business to explain and answer questions about innovations and legislation affecting people in the industry.

The main message given out by the speakers over and over again in the coliseum Saturday was "get involved and get organized."

Charles Stenholm made a stirring and provocative speech to a group of about 100 cattlemen and visitors. Evidently the crowd was in agreement with his talk as he was interrupted several times with applause, particularly when he criticized the high interest rates policy followed by the Federal Reserve. He also attacked the Congress for their lack of desire to cut spending and to bring the deficit in line.

After observing that the plight of American

agriculture was worse than it was during the depression of the 30's, Congressman Stenholm criticized the lack of concern shown by the administration and also the Congress. He pointed out that the United States is the only major country that does not protect its agriculture. For instance he pointed out the barriers set up against our products going into Japan and the common European markets. A \$10. stick in California will cost \$35. in Japan and \$2.90 bushel of wheat will cost \$10. or more with the tariff going to the Japanese farmer.

The Congressman then pointed out that while he was in favor of free enterprise and free trade no one else in the world practiced this policy. If everyone played by the same rules this would be fine but the American farmer is the only one that practices this policy. Because of this and with various embargos having been put on american agricultural products, the farmer has been devastated financially. By producing below the cost of production, the American farmer has not only subsidized the American consumer but also the entire

Anderson to attend Cattlemen's Conference

GAIL, TEXAS - John Robert Anderson of Borden County has been selected by the Texas & Southwestern Cattle Raisers Association to attend a Young Cattlemen's Traveling Leadership Conference, July 18-23, to be conducted by the National Cattlemen's Association (NCA).

The Texas & Southwest Cattle Raisers Association, in cooperation with NCA, is sponsoring Anderson's participation in the conference which is designed to assist in the development of future leaders for the beef cattle industry.

John, son of Mr. and Mrs. Rich Anderson, operates the Muleshoe & Escondido ranches near Gail. Having been raised on the Muleshoe, he is a fourth generation rancher in Borden County. The Muleshoe ranch was acquired by John's great grandfather R. M. Clayton in 1913. The Escondido, formerly the OB ranch, was acquired by the family in 1979.

Anderson will join 23 other young cattlemen from across the nation in Denver on July 18 for the beginning of a tour that will take them across the nation to

Chicago, Indianapolis, and Washington, D.C.

They will visit such places as the Denver NCA headquarters office, the automated box beef operations of Nonfort of Colorado, the Chicago Mercantile Exchange, the research facilities of Elanco Product Co. in Indianapolis, and Washington, D. C. While in the nation's

capitol, they will visit various offices of the Executive Branch of government, the Congress, and allied industry associations. Their scheduled two day visit in Washington also includes an opportunity to visit with their local Congressmen.

During the course of the conference the young

world.
The Congressman called attention to the fact that all NEW wealth came from the land. Each dollar spent by agriculture turns over 7 times in town and each farmer produces 5 jobs for those people in town. By letting agriculture go broke, we are in danger of destroying the whole economic system.

Mr. Stenholm asked that everyone contact anyone in Washington, including the President, that they might know and plead with them to stop this insane destruction of our most precious industry.

Stenholm was joined by fellow U.S. Rep. Jim Collins at the symposium. Collins also railed against the realities of the free world market by saying, "We've never had an even brak in the foreign export market. We've had too many embargoes that have hurt the farmer; he shouldn't have to support our economic sanctions against other countries all by himself."

cattlemen (between ages 25-40) will be traveling with and meeting some of the top leadership of the cattle industry. The program planners also hope to expose the participants to timely problems and issues facing the industry and ways to seek solutions.

Following the conference, John will be joined in Washington by his wife Kevva. They plan to spend the rest of the week with their cousin Marty Clayton and his wife Nancy who reside in Washington

NOTICE

PUBLIC NOTICE OF INTENT TO CHANGE RATES

Notice is hereby given that Lyntegar Electric Cooperative, Inc. (the Utility) intends to change rates for electric utility service effective July 30, 1982 or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish the Utility 11.53 percent more in revenues than are furnished by the existing schedule of rates.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Utility and the classes and numbers of Utility consumers affected is on file with the Public Utility Commission of Texas, and the municipalities of Lamesa, Wilson, New Home, Meadow, Brownfield, Plains, Levelland and Sundown.

The Statement of Intent is available for public inspection at the general office of the Utility located at 1807 Main Street, Box 970, Tahoka, Texas 79373.

Earnest Casstevens, Attorney for the utility

"Discretion is seeing as much as you ought, not as much as you can." de Montaigne

Acreege Reports Due August 2

Borden County farmers who have not filed an acreage report with the Agricultural Stabilization and Conservation Service have until August 2 to do so.

The acreage reports will be used to determine compliance with farm programs and to protect 1983 crop acreage bases.

Program participants are required to report the actual planted acreage on a field by field basis.

Farmers who did not sign up for the acreage reduction program also could benefit by certifying their planted acres because the 1983 base acres will be based on the certified 1982 acreage.

ASCS will randomly check farms to verify that

the acreage reports are accurate and slos provide aerial photographs for farmers to identify their fields. To be sure reports are accurate and avoid unnecessary worry over the loss of program benefits, farmers may request measurement service. The cost is \$12.00 for the first slide and \$10.00 for each additional slide, and the measurements are guaranteed for the crop year.

"All farmers are urged to file an acreage report with our office before the August 2nd deadline." The office is open between 8:00 a.m. and 5:00 p.m., Monday through Friday.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de ésta union se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio tambien afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas tambien afectaría a los clientes de otras compañías de teléfono.
