## SCURRY COUNTY YOUTH WIN BORDEN COUNTY HORSE SHOW

Talley Griffin and Rob A. Brown

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. T.L. Griffin II of Borden County announce the engagement and approaching marriage of their daughter Talley Lou to Rob A. Brown, son of Mr. and Mrs. R.A. (Rob) Brown, Jr. of Throckmorton.

The couple plan to be married August 27, 1983 in the First United Methodist Church in Lubbock, TX. at

2:00 p.m.

The bride-elect is a graduate of Borden High School and has completed two years at Texas Tech University. The future bridegroom is a graduate of Throckmorton High School and graduated this May from Texas Tech with a B.S. degree in Animal Production.

The Annual Borden County 4-H Invitational Horse Show was held Saturday, June 4th in the Borden County Arena.

Contestants from Borden County and surrounding towns competed in halter classes from grade and registered mares and geldings, showmanship, western pleasure, reining, pole bending, barrel racing and flag racing.

Trophies were awarded 1st-6th places in all Pee Wee classes while tack was awarded to 1st-3rd places in all junior and senior divisions.

Results of the show are as follows:

#### REGISTERED

### JUNIOR RODEO

The Gail Junior Rodeo has been scheduled for Friday and Saturday nights, June 10th and 11th beginning at 8:00 p.m. each night in the Borden County Arena. Mr. Runt Sloan of New Castle, Texas will be the stock producer.

There will be a dance Saturday night beginning at 9:00 p.m. in the Borden County Show Barn immediately adjacent to the rodeo arena. Cost of the dance will be \$1.00-person.

### RODEO DANCE

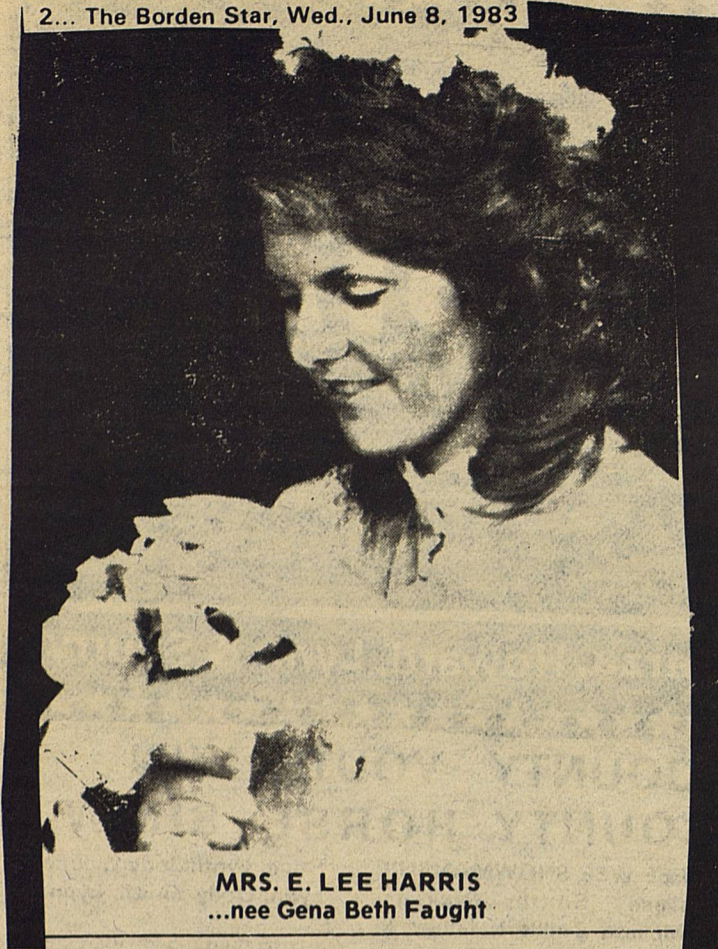

Sat. June 11 -9:00 P.M.

SHOW BARN Admission \$1.00

Grab your hat and boots and come dancin'!!!

MRS. E. LEE HARRIS  
...nee Gena Beth Faught

## VOWS EXCHANGED

Miss Gena Beth Faught became the bride of E. Lee Harris in a double ring ceremony Friday evening in the home of the bride's parents. Eletus Caswell of the Union Baptist Church was officiant.

Parents of the couple are Mr. and Mrs. Clarence

Faught of Brownfield and Mr. and Mrs. W. Lee Harris of Lamesa.

Following a wedding trip to Dallas the couple will live north of Lamesa where the groom is a farmer and photographer. The bride will attend Texas Tech University in the fall.

In eighteenth century England eyeglasses were often worn purely as fashionable accessories, not as aid to vision.

## BIG CATCH

The Bob Dyess family and Lonnie King family recently enjoyed a fishing trip to Frontier Park located on Toledo Bend Lake.

Blane Dyess, who is presently a fishing guide at Frontier Park, was certainly aware of the "Hot Spots" on the lake. He guided his dad (Bob Dyess), and the Kings to some successful fishing areas in which the fish ranged from 8 to 15 pounds.

Blane and Bob Dyess shown with the 8-15 pound stripers they caught on Toledo Bend Lake.

## SEMINAR

Fifty five justices of the peace attended a 20-hour Texas Justice of the Peace Training Center seminar May 3-6 in Dallas. The training center is based at Southwest Texas State University in San Marcos.

The seminars are held in compliance with Article 5972, Section B, of the Texas Revised Civil Statutes.

Among the judges attending were Lanette Patterson of Fluvanna, Scurry County, Precinct 2; Bobby J. West of Big Spring, Howard County, Precinct 1, Place 1; and Carolyn F. Stone of Gail, Borden County, Precinct 2.

Lanette Patterson, Bobby West, and Carolyn Stone

## LOCAL NEWS

Delane Eppers, who had been staying with Van, Barbara and Kathy York and attending school in Gail left Saturday the 28th to live with her mother in San Angelo.

Mrs. Debra Overton was called to Tyler last week because of the illness of her Mother. Debra returned home Friday.

The James McLeroys, the Larry Smiths and Jennifer Wilson were among the Gail residents attending the ordination service in Post last Sunday for Steve McMeans.

Jennifer Wilson left Saturday morning, June 4, with a friend from Post for a 7-day Caribbean Cruise. Their ship will leave out of Miami, Florida and will be stopping at Nassau, San Juan, and St. Thomas. I'm sure their trip will be enjoyable.

Mark Rice and his mother, Edna left Gail Saturday, the 28th of May. Mark graduated from High School Thursday night and is now working in Logan, New Mexico.

Mrs. Gae Ludecke attended the funeral of Mrs. Bennie Vittrup last Thursday in San Antonio. Gae then visited Randy and Bobbie George in Fentress, Texas and plans to bring her granddaughters, Jennifer and Courtney home for a visit to Borden County.

Mr. and Mrs. Joe Gilmore are at home after spending most of the winter in Dryden, Texas. It is nice to see them around again.

A nephew of Mrs. Betty Munoz was hospitalized in Lubbock last week after having a car accident.

**SEIZE THE SEASON WITH HOME FREEZIN'**

The berries are bursting, the tomatoes are tempting, and the greens are great.

Whether from your garden, roadside stand or supermarket specials, produce in season is abundant and filled with flavor and vitamins.

To hold the goodness of fruits and vegetables at peak (and to save money in the process) buy produce when nature is giving its best and freeze it fast.

The American Home Freezin' Fest can be a season-long family affair to pluck the best from the earth and put it away for a time when fruits and vegetables are not their plumpiest and prettiest.

Squirrels look ahead to the bleaker days. You can too.

Some of the better freezables are blueberries, melons, rhubarb and strawberries.

They, and many other of summer's fruits, need little preparation before you pack them into Seal-A-Meal pouches and seal them for your winter treats.

Berries, hand-picked or bought, and all fruit being readied for freezing, should be perfect and ripe. Freezing will protect what you have selected for later use. Train your eye to spot quality.

Wash the fruit and discard any that isn't just right. Fill pouches to within two inches of the top of the pouch (needed for expansion and sealing space).

Wash, peel, cut, slice, pit, and seed other fruits for freezing. Sweeten with sugar or sugar-water syrup and add a color-keeping product (ascorbic acid) to apricots, avocados, sweet cherries, peaches and pears. If you're a calorie watcher, you can omit the sugar and syrup and freeze fruit dry or

cover it with water, fruit juice or puree before freezing.

Seal the pouches. Lay them on their side in single layers in the coldest areas of your freezer (a 0 degrees temperature is a must) for 12 hours. Then stack them in another area of the freezer for storage. Let the summer sun sink into autumn. You have packed its rays away in your freezer.

Now you will discover why home freezing pouches make a fest out of freezing. They are easy to fill, easy to store, 100 percent safe and prevent freezer burn.

Later you will discover more, that pouch-frozen fruits are perfect containers for thawing. Drop them in luke warm water for a few minutes and your fruits and vegetables are ready to eat or add to recipes.

-Vegetables, Too  
Freezing vegetables is similarly simple. Pick fresh and tender vegetables, wash them well, lifting them out of the water to leave the dirt behind. Drain well.

Sort the vegetables by size and blanch (a quick precook followed by an icy bath). Fill the pouches, seal and freeze.

When you are ready for field-fresh flavor, drop the sealed, boilable pouches in boiling water or a microwave oven and serve.

To join the American Home Freezin' Fest write for a free booklet on home freezing at: American Home Freezin' Fest, P.O. Box 68, Gardner, Kansas 66030.

**Motley Co. Junior Rodeo**

The annual Motley County Jr. Rodeo will be held at the Old Settlers Arena in Roaring Springs on June 17 & 18. Youth 19 and under are eligible for events.

**POSSIBLE FEDERAL QUARANTINE**

As you all know, a federal quarantine of Texas is looming due to all legislative holdup in the state congress.

In the event a Federal Brucellosis Quarantine is placed on Texas cattle, the following information should answer most of your questions concerning movement.

The movement of cattle within the State will continue under the present regulations:

1. Steers and spayed heifers can move with no restriction.
2. Officially vaccinated heifers of dairy breeds under twenty (20) months and beef breeds under twenty-four (24) months (as evidenced by the presence of the first pair of permanent incisor teeth) which are not springers or have calved are exempt from test.
3. All other nonexempt cattle changing ownership within the State will follow the present regulations for the Class "C" or "B" areas of Texas:

**CHANGE OF OWNERSHIP WITHIN THE CLASS "B" AREA:**

1. Nonexempt cattle over eighteen (18) months shall originate from:
  - a. A certified free herd
  - (b) Test negative within thirty (30) days prior to sale
  - (c) Consigned to livestock market and tested negative prior to sale
  - (d) Consigned to slaughter for testing and blood collection

**CHANGE OF OWNERSHIP WITHIN THE CLASS "C" AREA:**

1. Nonexempt cattle over eighteen (18) months shall originate from:

- (a) A certified free herd
- (b) Test negative within thirty (30) days prior to sale
- (c) Consigned to livestock market and tested negative unless "S" branded prior
- (d) Consigned to slaughter for testing and blood collection

**THE FEDERAL QUARANTINE WILL AFFECT TEXAS CATTLE MOVING OUT OF THE STATE**

1. Only steers and spayed heifers can move outside the State without test

2. Other cattle moving outside Texas will have to originate from a "qualified herd" since "certified free" herds will lose their status for out-of-State movement.

An extract of the requirements for moving from a Federal quarantine area is attached for your information

Under the Federal quarantine, the following will probably occur:

1. The "B" and "C" area status will be lost.

2. Movement of breeding animals out of the State will probably be curtailed.

3. Texas cattle will have to come from "qualified herds" for shows and fairs within the State if they are to be exhibited with cattle from outside Texas.

In order to maintain a "qualified herd" status, it will take a minimum of one hundred twenty (120) days. This will include two (2) tests. To maintain qualification, the herd will have to be retested not later than every one hundred twenty (120) days. Testing will include nonvaccinated female breeding cattle and bulls six (6) months of age and over, and vaccinates over twelve (12) months of age.

## Soviet "Mineral Resource War" Targets U.S. Industrial Base

The Soviets, operating through a "puppet" terrorist group known as SWAPO (South West Africa People's Organization), are trying to seize power in South West Africa-Namibia.

Namibia (South West Africa) is a country generally unknown to Americans despite the important U.S. national defense interests involved there.

Namibia is the gateway to ultimate Soviet control of the strategic minerals in southern Africa. Chrome, vanadium, the platinum group and about thirty other minerals are vital to the U.S. industrial base. Without access to these strategic minerals, U.S. electronic, computer, aircraft and defense industries will be hopelessly crippled.

Operating from military bases in the southern part of Soviet-controlled Angola with the help of 30,000 Cubans soldiers, SWAPO, armed with Soviet military equipment, is conducting a terrorist campaign across the border against the black civilian population of northern Namibia.

Not only does Namibia have the largest uranium mine in the world, and vast resources of copper, diamonds, lead, tungsten, tin, zinc and oil, but its western coast deep-water port can harbor Soviet nuclear submarines in a position to bisect the oil and mineral lifeline from the Persian Gulf to the U.S. and NATO countries of western Europe. More than 28,000 ships a year follow this sea

route around the Cape of Good Hope.

If the Soviets and their SWAPO proxies can drag Namibia behind the "iron curtain", the U.S. loses another ally in the mineral "resource war" and Russia makes a huge gain in its campaign to deprive the U.S. of the strategic minerals in southern Africa.

The Soviet-dominated United Nations General Assembly provides SWAPO with about \$100 million a year. And the U.N. supplies \$ millions to other Soviet-sponsored terrorist groups such as the Palestine Liberation Organization (PLO), the Cuban guerrillas in Angola, the Carribean, and elsewhere in Africa.

The U.S. Congress annually appropriates over \$ 1 billion of hard-earned U.S. taxpayers dollars to the United Nations -- 1/4 of the total U.N. budget.

Few Americans are aware that to the extent they allow the United Nations to use American taxpayer contributions to finance pro-Soviet terrorists, they are helping finance their own destruction. Is it not time for U.S. taxpayers to ask their representatives in Congress to stop this flow of U.S. tax dollars through the U.N. to SWAPO, PLO, Cuban guerrillas and other Soviet-backed terrorist groups?

Write U.S. Senator Frank H. Murkowski, Senate Foreign Relations Committee, 317 Hart Senate Office Building, Washington, DC 20510 and enclose this message.

"A decision is what a man makes when he can't find anyone to serve on a committee." Fletcher Knebel
