Local student killed in car crash

STEPHANIE MERRIFIELD

Box T38, Jeffrey Rd, who underwent exploratory abdominal surgery Saturday afternoon, according to a Scenic Mountain hospital official.

Gaskins suffered extensive head and internal injuries in the accident, and as of 11 p.m. Saturday remained in critical and guarded condition in the intensive care unit, said Barbara Holdamph, night supervisor for the hospital, but died Sunday morning.

The accident occurred at 1:55 p.m. on Farm-to-Market 669 and Howard County Road 28 - also known as Centerpoint School Road.

Gaskins' car collided with a car driven by Allen Edward Sundy, 60 1601 Sunset Road, according to Department of Public Safety Trooper Mike Dawson. Sundy refused treatment at the scene.

Dawson said Gaskins westbound on Centerpoint Road, failed to yield right of way at a stop sign and collided with the car driven by Sundy. Neither girl was wearing a seatbelt, Dawson said.

An ambulance was called to the scene and the jaws of life were used, according to sheriff records.

Alcohol was not a contributing factor, he said.

A Borden County School student died Saturday from injuries sustained in a Saturday afternoon car accident, and another youth died from injuries sustained in the accident on Sunday morning in the intensive care unit of Big Spring hospital.

Stephanie Merrifield 16, Vincent Route Box 71 B, Coahoma, was pronounced dead at 3:48 p.m. by Justice of the Peace William Shankles at Scenic Mountain Medical Center.

Services were held June 31 at 10 o'clock in the Myers & Smith Funeral Home. Burial was in the Mt. Olive Cemetery in Big Spring.

Merrifield was a passenger in a car driven by Tera Denise Gaskins 16, Sterling City Rt.

BORDEN COUNTY RESIDENTS ATTEND ELECTRICITY CAMP

Six Borden County youths and a 4-H leader participated in an electricity camp sponsored June 22-26 by Southwestern Public Service Company (SPS). They were among 85 4-H'ers from throughout the South Plains who attended the camp in the Sacramento Mountains south of Cloudcroft, N.M. Left to right, front row: Kandace Belew, Kate Porter and 4-H leader Samantha Porter. Back row: Shannon Bond, Jason Sharp, Cody Stone and Will Phinizy.

Fireworks!!!

The O'Donnell Community Fourth of July Celebration promises to be especially meaningful as area veterans of foreign wars are honored. Many activities are planned for the Independence Day observance

in the city park. Swimming contests will begin at 4:00 p.m. followed at 6:00 p.m. with the opening of the food booths and relay races. A patriotic program will be presented at 8:00 p.m. Country and West-

O'Donnell celebration

ern music will be played during the evening by the Merrick Band. A fireworks display will be the celebration finale.

Champion Skeeter announced

The Snyder Daily News sponsored contest seeking the city's biggest mosquito ended Friday with more than 50 entries--not all of them mosquitoes.

The winning bug was entered by Dennis Ball, parts manager for Mal Donelson Chevrolet. His was chosen from five finalists entered by Daniel Molina, Kevin Lacik, Mr. and Mrs. Bill Lavender and Carla Rhodes.

Each of the five finalist mosquitoes measured near 1/2 inch in body length.

Ball was presented a meal for two at the Cajun Lady restaurant.

The biggest insects entered resembled mosquitoes, but were in reality "crane flies," according to County Entomologist Deanna Myers, who assisted the SDN staff in judging the winners.

Apparently some of the names were excluded from the list of helpers for the Gail Rodeo. This is a very worthwhile project for all 4-H and FFA members and believe it, all help is very appreciated.

Colt Breaking Clinic

The Second Annual Gail Colt Breaking Clinic, held June 26-28, was a great success. Entry numbers were down from last year, but in many ways the clinic netted more learning and knowledge for the participants than the 1986 clinic.

Colts were started by Billy Braswell from the Dean Ranch near Lamesa, Texas, Charles Ashbrook and Monty Witt, both from Tahoka, Bedford Jones, son of Frank and Jean Jones of Lamesa, Cody Newton from Fluvanna, and Mike Stephens from Gail.

The Ray Hunt Method of breaking colts was used and taught by Cliff and Chris Crago of Graham, Texas. It is a much easier way-both on the rider and the horse. Five saddlings were achieved during the clinic.

Mr. Pat Porter supplied good meals for an average of 18 or 20 people per meal during the clinic. His services were greatly appreciated!

The Crago's and their 4 kids brought a gospel singing family with them from Graham, who led us in 3 meetings with the Word of God and song. The meetings were held Saturday night, Sunday morning and Sunday nights. The Pounds Family were very good

and they were also greatly appreciated.

The livestock panels that were used for the roundup were furnished by Bill and Mary John Phinzy. Many thanks to them! Thanks also to everyone who helped clean up the grounds and helped in all other ways. Many, many thanks to the Borden School for the showers and locker rooms, as several people camped at the arena. Also, thanks to Borden County for the use of the arena, Show Barn and concession stand! This community is very appreciated for it's support, participation and willingness to help!

Showers cover area

A thunderstorm that moved into Borden County late Monday dumped rainfall as follows: Plains Area-1'; Vealmoor (north) 9/10'; West of Gail 1 inch; Toombs place 1 7/10 and R.D. Lewis 1 1/2; Steve Hess, 4"; and town of Gail 2 6/10.

There have been reports of hail damage to crops on the plains. The Dan Turner residence also received some damage, a window was knocked out by hailstones.

Highway 87 reopened

U.S. Highway 87 between Lamesa and Tahoka has opened after being closed for one month because of flood waters, a State Highway Department official reported.

The highway was opened to traffic about 7:30 p.m. Saturday, according to Highway Department Public Information Officer Randall Dillard.

Dillard urged motorists to use caution because construction work continues on a stretch of highway approximately 10 miles north of Lamesa and only one lane in each direction is open.

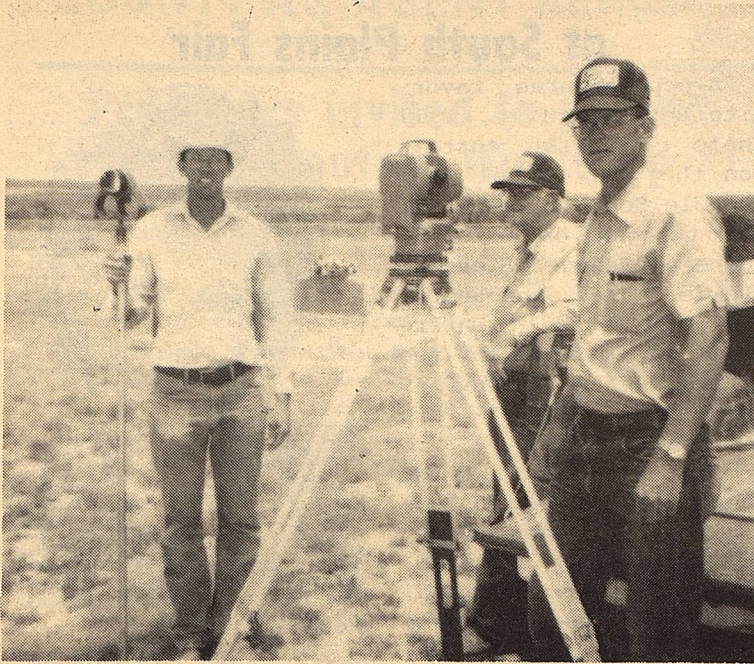

Construction will not be completed for about 2½ months, he said.

Ronnie Zahn Paving Inc. of Lubbock began work June 11 to raise the highway 5½ feet at a cost of \$272,455 to the state highway department, Dillard said.

Temporary surface work was completed today.

The money for the construction was taken from the department's emergency funds, he said.

U.S. 87 had been covered with approximately 3½ inches of water since May 29 from heavy rains.

Joel, Bert & Steve Dennis with the survey equipment at the Gail Cemetery.

Borden County Cemetary Assn. meeting

A meeting of the Trustees for The Borden County Cemetary Association was called to order at 2:00 P. M. on June 17th, 1987 by Chairman Gladys Williams, with Vivian Clark absent. New officers were elected with the new Chairman being Aubrey Rogers and new Secretary-Treasurer-Memorial Chairman being Dorothy Browne.

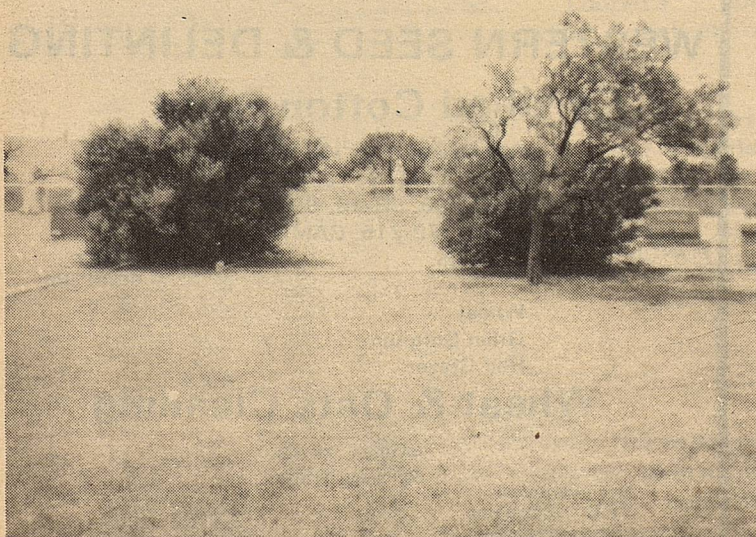

A Donation and Memorial System was established. Donations and Memorials can be mailed to the Memorial Chairman and cards will be sent to the person designated and a donation receipt will be issued. The money received will be used for work in the

Cemetary.

Mr. Steve Dennis has donated his time to survey and plat the Cemetary but the drawings of same will be paid for by the Cemetary Association. The location of graves, with the names thereof, and the available spaces will show on this drawing.

A committee of Jim Burkett, Aubrey Rogers and Dorothy Browne was appointed to draw up a set of By-Laws for the Cemetary Association.

A committee of Van York and Aubrey Rogers was appointed to obtain the part of the Cemetary now owned by the Masonic Lodge for the Association, with the minerals.

A picture of part of the cemetery in Gail.

Boys Ranch benefit

The Jim Bob Altizer/Coors Invitational Roping will be held October 3rd and 4th, NOT October 10th and 11th as originally scheduled. The event has been moved back to prevent conflict with another event.

The Altizer/Coors Roping is held annually to benefit West Texas Boys Ranch and is held at the picturesque Altizer Arena on Hudson Drive in Del Rio, Texas. This is the seventh year for the Roping which features some of the world's best Ropers and is hosted by Jim Bob Altizer, two-time world champion roper.

Miss Texas appeared at opening

Miss Texas, Stephany Samone and Cherokee bronze sculptor Robert Duffie were among featured artists celebrating the Grand Opening of Two Friends Emporium.

The event, June 26th also featured Polly Cravy, ceramic jewelry artist, and Ben Miller, a local contemporary western sculptor.

An informal showing of the Two Friends line of Western and Indian motif clothing was also scheduled.

Samone, who has had two record releases with MDJ Records, performed during the opening. She has appeared with country entertainers Alabama, Moe Bandy, Reba McEntire, Tom T. Hall, Johnny Rodriguez, and others. In 1982 and 1983, she was voted Female Vocalist of the Year by the Johnnie High Country Music Revue, the second largest country

STEPHANY SAMONE

music show in the United States.

Thank You

I would like to thank all of you that worked in the concession stand at the rodeo. I would also like to thank everyone that bought food. The concession would not have been such a success without your help. On behalf of myself and the Livestock Association, we would like all of you to know how much we appreciate your help during the year to make our concession stands a success.

McEntire added to lineup at South Plains Fair

A popular area favorite Reba McEntire, will help close the curtain on the 70th annual Panhandle South Plains Fair in Lubbock on Oct. 3, General Manager Steve L. Lewis has announced. Lewis said McEntire will be featured in two shows; 7 p.m. and 9 p.m. in Fair Park Coliseum.

She follows earlier announced shows, including George Jones, Sept. 26; Dwight Yoakam, Sept. 28; Marie Osmond, Sept. 29; Sawyer Brown, Sept. 30; The Judds, Oct. 1; and Randy Travis Oct. 2.

McEntire and Travis are the only attractions to be featured in two shows on appearance dates, Lewis said.

McEntire last appeared at the fair in 1983, but has been a big favorite of Lubbock and South Plains area country music fans, Lewis noted.

Recently, she has been named best female vocalist and best video performance to add to a long list of honors, which include the Country Music Association's female vocalist of 1985.

Among her most recent hits are "How Blue," "Somebody Should Leave," "Have I Got a Deal for You" and "Only in My Mind."

Her current MCA album "Whoever's in England," includes 10 tunes.

Lewis said the stage shows offer fair patrons "one of the best lineups" we have had in years.

Tickets for all shows are \$10. each and all

Reba McEntire

seats are reserved. Applications for mail order reservations now are being accepted by writing to Show Tickets P. O. Box 208, Lubbock, Texas 79409.

Producers invited to second Insect Scouting Workshop

Cotton, corn and sorghum producers in Borden County are invited to the second part of the annual High Plains Scout Training Workshop to increase the effectiveness of their pest management programs.

The last of two workshop sessions will focus on mid- and late-season pests and will be held Tuesday, July 7, at the Mabee Regional Heritage Center (Llano Estacado Museum) on the Wayland Baptist University campus in Plainview.

The first workshop, in June, covered early to mid-season crop pests.

The workshop, conducted by the Texas Agricultural Extension Service, was first held in 1973 to train scouts in the pest management programs conducted by Extension, part of the Texas A & M University system.

The workshop will begin at 8:30 a.m. with Dr. James Leser, Extension entomologist, outlining the scope of the training and explaining general concepts. Dr. Pat Morrison, Extension entomologist, will then open the corn pest section with information on Southwestern corn borers. Spider mites and other corn pests will be discussed by Allen Knutson, Extension agent-entomology, based in Dimmitt.

The Cotton Session will include a brief discussion of cotton growth and development and bollworms by Leser and beneficial insects by Knutson. Mark Brown, Extension agent-entomology in Crosbyton will provide information on army worms, aphids and other cotton pests. Morrison will discuss greenbugs in sorghum. Greg Cronholm, Extension agent-entomology headquartered in Plainview, will conclude the morning sorghum session covering midge, headworms and panicle feeding bugs.

The daylong workshop will conclude with a field session in which participants will identify pests and beneficials and practice scouting techniques.

MORNING SESSION

- 8:30-8:45 - Introduction and Overview. Jim Leser, Extension Entomologist, Lubbock.
- 8:45-9:05 -Corn-Southwestern Corn Borers. Pat Morrison, Extension Entomologist, Lubbock.
- 9:05-9:30 -Corn-Spider Mites, Armyworms, Etc. Allen Knutson-Extension Agent-Entomology, Dimmitt.
- 9:30-9:50- Cotton-Growth and Development. Jim Leser.
- 9:50-10:20-Cotton-Armyworms, Loopers and Aphids. Mark Brown, Extension Agent-Entomology, Crosbyton.
- 10:20-10:35-BREAK
- 10:35-11:05-Cotton-Bollworms. Jim Leser.
- 11:05-11:20-Cotton-Beneficials Arthropods. Allen Knutson.
- 11:20-11:35-Sorghum-Greenbugs. Pat Morrison.
- 11:35-12:00-Sorghum-Midge, Headworms and Panicle Feeding Bugs. Greg Cronholm, Extension Agent-Entomology, Plainview.
- 12:00-1:15-Lunch

AFTERNOON SESSION

- 1:15-4:00-Field Session-In-Field Identification of cotton, corn and sorghum pests and beneficials; Insect Biology and scouting techniques. Extension Entomologists.

Fifty-two steers were validated on Tuesday, June 30 for showing during the 87-88 school year. Five of the steers were owned by FFA students and the remainder are owned by 4-H students.

Gramm, Boulter introduce Petroleum Security Act

Washington--A legislative package aimed at boosting Texas energy production and assuring a secure energy future for the United States has been introduced by U.S. Sen. Phil Gramm and U.S. Rep. Beau Boulter.

The Gramm-Boulter legislation, introduced simultaneously in the Senate and House of Representatives, provides clear tax incentives to spur new oil and gas production and to keep marginal wells pumping.

"This is a comprehensive bill that aims to cut dependence on foreign oil by 1 million barrels a day," said Gramm, R-Texas. "That's an ambitious

goal, but this bill can and will achieve that result."

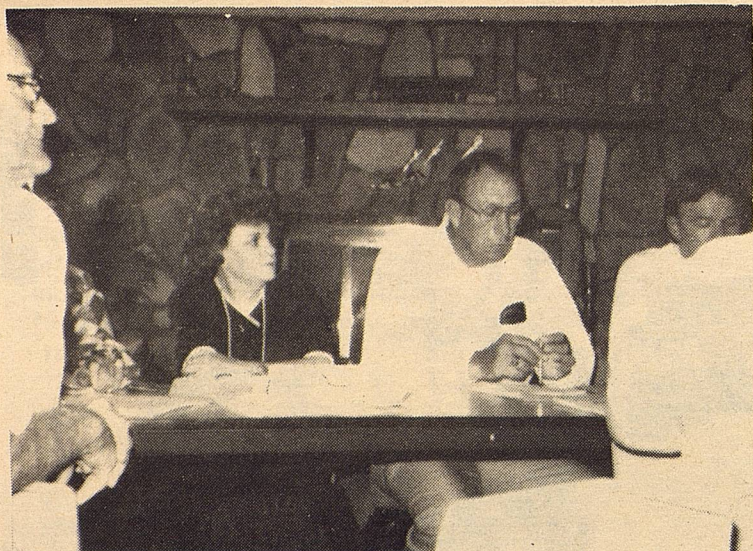

"This is an effort to get the maximum increase in domestic oil production at the lowest possible cost to the American taxpayer, the American consumer and the Lowest possible cost to the American taxpayer, the American consumer and the American worker," he said.

Gramm said that in the long term, oil production generated by the legislation could top 3 million barrels a day, roughly half from deregulation and tax credits and half from the opening of Arctic oil fields to drilling.

term.

Twenty-five people attended a meeting of the Advisory Board at the Toombs home last Friday at 2:00. The agenda included discussions on the new Immigration Bill and Cotton Problems. Farmers are urged to stay in close contact with their ASCS Office to make sure they stay in compliance in their respective program.

Also of utmost importance was the discussion of the Immigration Bill. The anti-discrimination clause puts the employer in a very touchy situation. (Employers can be fined if they do not have a good reason for not employing the immigrant and yet they can be fined if they hire them without the proper papers. A record-keeping system must be implemented and records must be kept for 3 years. In November of 1988 the penalty

provisions will go into full forced. Most tickets now being issued are warnings.

Anyone needing information on the Immigration Program should get in touch with Martha Edwards or Bob Gibson in the Lubbock Office. Any calls will be kept in confidence.

Scripture Corner

I Am The Lighthouse

By John Mohr

In the midst of World War II,
With tensions running high,
Off the eastern Seaboard,
One dark and foggy night,
A captain sighted out ahead,
Just off the Starboard side,
The beacon of another ship;
The two would soon collide.

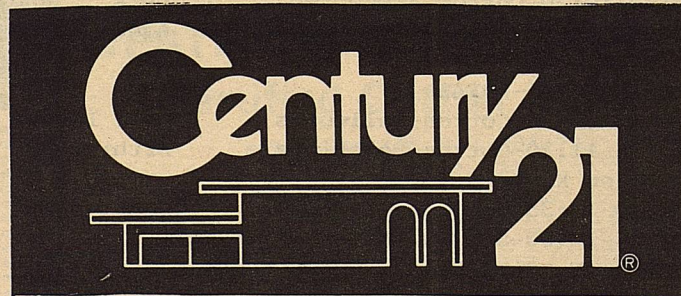

"Adjust your course 10 degrees to the north"
He radioed ahead.
And much to his amazement
The ship replied instead
"Adjust your course 10 degrees to the South"
The captain felt a chill
His eyes grew cold and narrow
And the two grew closer still.

"I'm the captain of this vessel
And this is a command-
Adjust your course 10 degrees to the North
or receive a reprimand".
Again the voice replying
was calm and smooth as glass:
"Adjust your course 10 degrees to the South.
I'm a seaman, second class."

"I'm a U.S. Navel Destroyer"
Snapped the captain with a shout,
"Now adjust your course 10 degrees,
No discussion, over and out."
They drew unnervingly closer,
His eyes fixed on the light.
This time the Voice ripped through the air.
Like lightning tears the night.

"I am the Lighthouse.
I'm the Lighthouse.
The path you choose is perilous.
Distraction lies ahead if you delay.
But if you'll trust Me,
I will lead you through safely.
Adjust your course and you'll be on your way.
I'm the Lighthouse."

"How many years will a man stay blind.
Before he learns to see.
And how many doors will a man kick down
While I offer him the key.
And as I begin to light The Way
Will he fail to recognize.
That I'm there to light his path.
Not blind his eyes."

LARGE SIZES

Less than five years ago, women over size 16 could only dream about wearing fashionable clothes.

That was before the fashion industry recognized that 30 percent of the female population in the United States wears large sizes.

Now top designers like Givenchy and Albert Nipon have large size lines and women can buy everything from furs to pantyhose in large sizes.

One of the newest ventures on the scene is "Vogue for Large Sizes", a collection of elegant patterns for sizes up to 24. Over 50 styles are featured for suits, dresses and sportswear that are specially designed to flatter a fuller figure.

"The right bold design can look fabulous on a large sized woman," says

You: In Search Of A Model Career?

Starting over. How would you feel about changing careers...to enter the glamorous world of professional modeling? An unique contest offers an exciting opportunity to women aged 30 and over.

The prestigious New York modeling agency, Faces, and Dove, the mild beauty bar that helps give women smoother, younger-looking skin, are searching for a woman, 30 plus, who has the qualities to be a model but never has been given the opportunity.

Dove's Classic Model Discovery was introduced last year. Dee Penna, a 47-year-old mother of three children, from Flossmoor, Illinois, was the grand prize winner. Ms. Penna received a one year contract with a major New York model agency. "I've always cared for my skin with Dove, especially from the day I turned 30 when it became naturally drier, but I never dreamed it would help me become a professional model," says Ms.

Vogue Patterns for Large Sizes features a versatile wardrobe of flattering separates.

Leona Rocha, Vogue Patterns Fashion Consultant "She can take advantage of strong prints that would overwhelm a smaller sized figure."

For more fashion tips, look for the bonus brochure in special Vogue for Large Sizes pattern packages, available at fabric stores nationwide.

Dee Penna, a winning model who's 30 plus.

Penna.

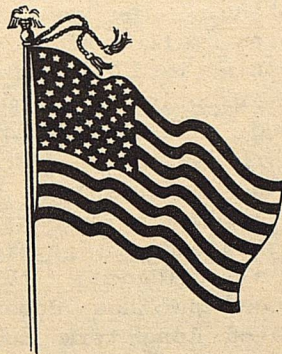

Any woman at least 30 can enter. The Dove Discovery by submitting two snapshots, a head shot and a full-length photo; two wrappers from Dove Beauty Bar, and a 50-word statement conveying, "I have camera potential because..."

The grand prize winner will be selected from five regional winners. Each regional winner will be treated to a four-day, all-expense paid trip to New York City to participate in the basis of skin and overall appearance, articulateness and professional modeling potential. The winner will receive \$25,000 in cash and a one-year contract with Faces, including a place on its Classic Faces Division head-sheet.

Have a Safe and Happy 4th of July

Our Glorious Flag

Uplift the flag, our hope,
our pride,
And let it wave from sea
to sea;
The fairest flag beneath
the sun,
The glorious flag of
liberty.
All to heaven its folds we
fling,
The famous flag brave
heroes won,
The patriots who met the
test
With loyal deeds of valor
done.
From North to South,
from East to West.
Uplift the flag
triumphantly.
Let folds of red and white
and blue
Wave for the land of
victory.
When peace and loyalty
stand firm,
O'er every mountain, hill
and vale,
The pledge of allegiance
will remain
And help our glorious
flag prevail.
O, wave our bright red,
white, and blue
And loudly sing, "It's my
flag too."
-Nora Henisey

Obituary

ANTON J. (TONY) ZETNER
Mr. Tony Zentner, 85, of San Angelo died at 2:30 Wednesday, June 4 at St. John's Hospital.

Funeral Mass will be at Funeral Mass was held at St. Joseph's Church in Rowena, Texas, with Fathers Richard L. Alotenbaugh, Maurice J. Voity and Serran R. Braun officiating. Burial was in St. Joseph's Cemetery in Rowena.

Mr. Zentner was born July 7, 1901, in Falls County, Texas, and moved to Runnels County with his parents, August and Caroline Zentner, the same year. He was married to Wilma Huebner on Jan 17, 1925, in Cistern, Texas. The couple lived in the Rowena community for 29 years. They were owners and operators of City Cafe in Rowena until 1950, when Mr. Zentner and his brother, Joe Zentner opened the Original Zentner's Steak House on Ave. K and later on Avenue A and South Chadbourne. In 1954, they established Zentner's Steak House at the present location of 2715 Sherwood Way.

Tony and his wife, Wilma, operated this business for 17 years until retirement in 1971. Tony was a member of the Holy Angels Church, a charter member of the Bishop Forrest Council No.1 2636 Knights of Columbus and a member of the Order of Sons of Hermann.

He is survived by his wife, Wilma Zentner and three children, Anthony A. Zentner of Rowena, James R. (Bob) Zentner of San

Angelo and Karen Z. Gandy of San Angelo; one brother, John Zentner of San Angelo; one sister, Mrs. Adolf (Mary) Strakos ofourdanton; nine grandchildren; and eight great-grandchildren.

Pallbearers will be grandsons.

The family requests that any memorials be sent to Hospice of San Angelo, West Texas Rehabilitation Center or a charity of choice.

petroleum security act

con't from 5

said that "considering the extent of our dependency on foreign oil and the growing instability in the Middle East, it is imperative that we take steps to strengthen our domestic industry by reducing our dependence on OPEC crude."

Gramm said the legislation contains a number of proposals recommended by the Administration, but goes a step further in creating tax credits.

One of the provisions, repeal of the Windfall Profits Tax, would have a small immediate impact but is essential for future growth of the industry, he said. "I do not intend to let the Windfall Profits Tax get out of this Congress alive," the senator said.

Earlier proposals by Gramm have resulted in repeal of the Fuel Use Act, adoption of new regulations for energy banks and Senate approval of repeal of the Windfall Profits Tax.

Post antique car show

By now just about everyone on the South Plains has heard about the Great American Race whizzing through Lubbock..what you may not know is that the 100 antique autos will get a chance for a good, close up look at the vintage automobiles.

Beginning at approximately 8:30 a.m. until afternoon, participants in the Great American Race will arrive in Post for refueling, snack break and in the case of the Stanley steamer, fill up with a tank full of water.

Coordinated by the Post Chamber of Commerce, the Great American Race stop in Post is the only one of its kind along the route in West Texas.

Antique auto fans will want to come to Post early for a good parking spot, as the pre-1937 autos wheel into town on U. S. Highway 84 headed toward Snyder.

In addition to the Fans regain popularity

"Fans are regaining their popularity," says Peggy Owens, housing specialist of A & M University. "Ceiling fans and portable fans circulate air around the room and often make a room feel much cooler than it actually is. They can effectively cool a room or a home, and are less expensive to run than air conditioners."

"Whole house, or attic fans were widely used before the invention of air conditioning, and are making a comeback. They are mounted in the attic, to pull outside air through open windows and exhaust it through the attic. An attic fan increases air circulation through the house, and carries out built-up heat, but shouldn't be run simultaneously with an air conditioner, says the specialist.

Great American Race, a full day of activities also planned July 4th, including a softball tournament, food and entertainment at the city park and fireworks later that night.

Food and other refreshments will be available in the area of the Great American Race pit stop at the corner of 10th St. and U.S. Highway 84.

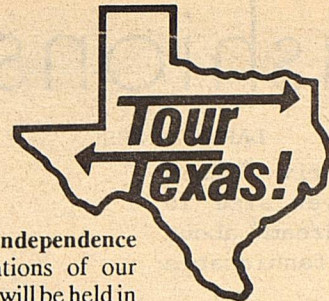

The Post Merchants' Association has scheduled a July 4th sale, with most stores downtown planning to be open from 9 a.m. to 2:30 p.m.

Stop smoking by use of gum

Today, smokers who want to give up smoking are visiting their doctors to find out more about a chewing gum, available by prescription only, that satisfies the physical craving for nicotine and makes it easier to quit smoking. The gum releases small amounts of nicotine into the mouth. The nicotine is buffered to facilitate absorption in the mouth.

When used as part of a smoking cessation program under a physician's guidance, this unique gum has demonstrated long term success rates of 40 percent or more.

July 4 -- Bicentennial Independence Day, Texas. Celebrations of our nation's independence will be held in cities, large and small, throughout the state with parades, picnics and fireworks: from the old-fashioned 4th at Sam Houston Park in downtown Houston; fireworks at the Cotton Bowl in Dallas' Fair Park; and a symphony concert and fireworks on Town Lake in Austin; to the 104th annual rodeo (world's first rodeo) in Pecos; fajita cook-off in McAllen; borderfest in Laredo; riverfest in

Wharton; day-long activities ending with historical pageant with fireworks in Friendswood; art festival in Rockport; Half Moon Holidays in Shiner; and ice cream crank-off at Ashton Villa in Galveston. Contact the Chamber of Commerce for information on celebrations in the area where you plan to be on the 4th.

JESUS SAID,

"I am the Light of the World. Whoever follows Me Will never walk in darkness, but will have the light of life."

John 8:12 (NIV)
