Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

Charles W. Stenholm Announces for 5th Term

Charles W. Stenholm has announced that he will be a candidate for a 5th term as the representative from the 17th Congressional District of Texas. Accompanied by his wife Cindy, Stenholm expressed appreciation for support from friends through the years. He also assured the group that he is cautiously optimistic regarding the economic future of the country.

"If we can influence 218 votes in the House of Representatives for more legislation to get our fiscal house in order and muster the political courage to continue on this course, this nation will be vibrant and productive," Stenholm said.

Repeating his promise to stay in close contact with the vast district of thirty-five counties, he urged everyone to take full advantage of our freedoms and opportunities as citizens of this great nation by participating in the political process.

Stenholm concluded by saying, "I am thankful that I can face each decision that arises with confidence that you are behind me. I really believe that these past years of experience in Congress make it possible for me to serve the 17th Congressional District and our country in a better way than ever before."

LOCAL YOUTH WILL TRAVEL TO HOUSTON

8 FFA members and 25 4-H members from Gail will be joining 4-H and FFA members from throughout the state for showing competition at the Houston Livestock Show, to be held Feb. 15 through March 2.

FFA members showing will be Kerry Fryar, Jerry Green, Darrell Hodnett, David Holmes, Michael Murphy, Shon Parker, Gerry Smith and Doyce Taylor. Borden County 4-H'ers showing will be Kandy Belew, Marcus Belew, Mickey Burkett, Justin Cox, Dana Gray, Jon Herring, Mandy Herring, Kurt Hess, Shayne Hess, Tammy Johnson, Brice Key, Ralynn Key, A'Lise Lloyd, D'Lyn Lloyd, M'Lys Lloyd, Kate Phinizy, Will Phinizy, Gerry Smith, James Smith, Cody Stone, Kristi Stone, Jill Voss, Tammy Voss, Cathy York and Guy Will Zant.

"Although we have a truly international livestock show, we probably take the most pride in the thousands of youngsters who come to our livestock show each year," said Don Jobes Jr., assistant general manager.

"They've shown that they're the hope for the future of agriculture by committing themselves to a long year of hard

work raising their animals," said Jobes.

Junior show and open show exhibitors will compete for millions in dollars in prize monies and premium auction prices.

The 1986 Show will have two new breeding beef heifer classes, Red Brangus and Maine-Anjou, as well as three new open cattle shows, which are Blonde d'Aquitaine, Salers and Simbrah.

Red Poll and Saler-Braler cattle sales will also be on the schedule for the first time in 1986.

New to the livestock exhibition building (Astrohall) will be two events sponsored by Budweiser Beer--pig racing and the Wild West Show.

Pig racing involves a group of four sows racing along a 150-foot track in up to six seconds. This event begins Sat., Feb. 15 and continues through Monday, Feb. 24 in the swine arena.

This year's livestock show opens Feb. 15, a special Sesquicentennial celebration will star Willie Nelson on Feb. 18 and the first rodeo performance is Feb. 19.

BORDEN TO RECEIVE HIGHWAY IMPROVEMENT

Several highways in Borden, Fisher, Nolan and Scurry counties will receive a special surfacing treatment under a contract approved by the State Highway and Public Transportation Commission. About 65 miles of roadways will be seal-coated sometime this spring to prevent and retard damage from next winter's corrosive effects.

Ronnie Zahn Paving, Inc., of Lubbock was awarded the contract for their low bid of \$971,268.25.

Seal coating consists of spreading a thin layer of liquid

asphalt on the roadway surface, followed by a layer of fine rock chips which sink into the asphalt, making the coating thicker and helping it adhere better.

The process seals the highway surface to retard the formation of potholes, and provides smoother, safer travel lanes for motorists. In addition to improving the roadways, the work will generate approximately a dozen construction site jobs in the area, according to Federal Highway Administration statistics.

ELEM. & JR. HIGH BETA ACHIEVEMENT-Shane Kemper, Jacquelyn McPhaul, Patsy Underwood. Seated-Eric Lusk, Kristi Adcock and Amanda Anderson. Absent-Amy Lewis, Jim Ridenour, Rachel Romero, Chad Williams, d'Arceyanne Lemons, and David Buchanan.

HIGH SCHOOL BETA ACHIEVEMENT and HONOR ROLL-Front-Charla Buchanan, Mickey Burkett, Kelli Williams. Standing-Shelly Lewis and Will Phinizy (Honor Roll). Absent-Dana Gray and Kate Phinizy.

JR. HIGH HONOR ROLL-James Smith, Randi Woodward, Shara Dee Woodward, Kelly Ogden, A'Lise Lloyd, Tina Blacklock, Kristen Kilmer. Absent-Cody Stone

DEFENSE SOUTHLAND

The Borden County Lady Coyote defense rose to the occasion Friday night as the offense was suffering from its worst shooting performance this year. The usually consistent offense found things cold from the field and free throw line, but the defense held the Eagles to single figures each quarter. Borden held a slim 8-5 first quarter lead and 17-9 half-time lead. In the second half, Borden held Southland to 8 and 5 points respectively in the third and fourth quarter while scoring 21 of their own for a 38-22 victory. Borden was expecting a much

tougher game as the Eagles had dropped a slim one point game to O'Donnell on Tuesday.

Leading scorer for the Lady Coyotes was Kelli Williams with 14 points followed by Kate Phinizy with 8. Teri Billington hit 5 points and Lynn Sternadel added 3. Cindy Balague, Charla Buchanan, Tammy Johnson, and Elvira Balague each had 2 for the total. Kate led in field goal percentage with 40 percent and Lynn led in free throw percentage with 50 percent. Teri led in rebounds with 10 followed by Lynn with 8. Teri and Kelli each had 3 steals and Cindy led in assists with 3. Borden's offense only turned the ball over 12 times compared to the Lady Coyote's defense forcing 27 Southland turnovers.

Borden has two games remaining on the season with both on the road. The Lady Coyotes travel to New Home for a varsity contest on Tuesday starting at 6:30. Then on Friday, the J.V. and Varsity travel to O'Donnell for the final games of the season. J.V. will be trying to top off an undefeated season with the win as their game will begin at 5:00. Varsity game will follow at 6:30.

Wilson Airs Out Boys Varsity

The Wilson Mustangs defeated the Borden Coyotes in Tuesday night action. The score was Wilson 51 and Borden 34.

The game featured an early Wilson lead and an early Wilson delay game for most of the first half. Wilson pulled the ball out and let the "air" out of the game.

Borden was lead in scoring by Chris Cooley, who scored 20 points. David Holmes added 8 points and 7 rebounds in the losing effort.

LADY COYOTES SPLIT WITH WILSON

Borden faced Wilson Tuesday night and came away with a split in games. The J.V. won a 33-29 decision in overtime but the varsity dropped a 35-27 game to Wilson varsity.

In the J.V. game, Borden had two big quarters, 1st and 3rd, scoring 22 of their 28 regulation points. Wilson hit 20 of their 28 in the 2nd and 4th. In the overtime, Borden outscored the Mustangs 5-1 to take their seventh win of the season against no defeats. Elvira Balague was the top scorer with 16 points followed by Linda Sternadel with 9. Dana Douglass hit 6 and Kristi Stone made 2. The J.V. plays their last game of the season February 7, at O'Donnell. Game time will be 5:00.

The varsity game proved to be a defensive struggle, with Wilson slowly pulling away each quarter. Wilson held a slim 15-8 halftime lead. Borden outscored Wilson from the field by four but Wilson held the edge in free throws hitting 15 of 28. Borden was cold 3 of 11. Kelli Williams led in scoring with 15 points followed by Charla Buchanan and Kate Phinizy with 4 each. Lynn Sternadel had 3 and Tammy Johnson hit 1. Charla led in field goal percentage with 50 percent and Kelli and Lynn tied in free throw percentage with 50 percent. Charla led in rebounds with 6 and Kelli led in steals with 7. Cindy Balague led in assists with 2.

Borden next plays Southland at home on Friday, January 31. Game time is 6:30. Their next two games will be on the road as they travel to New Home on Tuesday, February 4, and to O'Donnell on February 7. Both games will begin at 6:30.

SEASONLESS WARDROBE

SAVES MONEY

Although the stores may be filled with "spring" clothes, you can save money by thinking in terms of a seasonless wardrobe. Seasonless wardrobe planning simply means buying items you can wear year-round, says clothing specialist Becky Saunders. This maximizes the wear you get from each item and expands your wardrobe. A seasonless wardrobe is built on clothes made of fabrics appropriate for different climates, says the Texas A&M University Agricultural Extension Service home economist. Lightweight wool, for example is comfortable in spring and early summer as well as fall. Linen fabrics that were once worn in the summer only can also be used throughout the year.

JUNIOR HIGH GIRLS COMPLETE UNDEFEATED SEASON

The Jr. High girls basketball team finished with an undefeated season this year and captured their sixth consecutive District Championship. In district, they ran up a 9-0 record and for the season were 11-0.

The Missy Coyotes began the season in the Sands Mustang Jr. High Tournament. There they captured the Championship trophy in defeating Grady and Sands. Then they completely dominated District 10A consisting of teams Klondike, Wilson, Southland, New Home, and O'Donnell. This year's team averaged 31.5 points per game while the defense did a super job of holding opponents to 16.5 points a game. Borden had a high of 39 points against Wilson in their second game and the defense had a top game of holding Wilson to 10 points in their first game. Leading scorer on this year's team was Lisha Sternadel who averaged 20 points per outing. Kristi Adcock was the top rebounder.

Eighth graders on this year's team are Kristi Adcock, Kandy Belew, Susan Bray, Kathy Kropp, Amy Lewis, Rachel Romero, Lisha Sternadel, and Randi Woodward. d'Arceyanne Lemons is the only seventh grader on the team. Sixth graders on the "A" team are

Amanda Anderson, Shayne Hess, and Shara Dee Woodward.

The sixth grade team was also undefeated as they beat Klondike by a score of 19-7 and beat Southland 36-12.

Members of this year's sixth grade team are Amanda Anderson, Angela Evans, Shayne Hess, Kristin Kilmer, A'Lise Lloyd, M'Lys Lloyd, Kristin Monger, Kelly Jo Ogden, Tammy Voss, and Shara Dee Woodward.

In winning their sixth district title, the Jr. High girls run their sixth year record to 67 wins and only 6 losses. They have entered eight tournaments, winning 1st in six of them, 3rd in one, and consolation in the other. They

would like to thank everyone who supported them and followed the team this year. It was the community's support which aided this year's team in achieving their goal. Your continued support will help in Borden County's Jr. High girls basketball team continue its tradition and dominance.

1985-86 Season Scores Borden

28	Grady	17
33	Sands	19
37	Klondike	22
36	Wilson	10
36	Southland	20
30	New Home	15
26	O'Donnell	13
37	Klondike	20
29	Wilson	16
18	Soughland	16
32	New Home	13

JUNIOR HIGH BOYS FALL TO NEW HOME

The Junior High boys finished the 85-86 season at New Home on Monday, Feb. 3. The score was New Home 38 and Borden 25.

This game was probably the poorest effort of the year by the Coyotes. New Home forced Borden into 35 turnovers. They also shot a very poor 30 percent from the field.

The young Coyotes team was lead in shooting by Patrick Herridge who scored 11 points. The boys Junior High basketball team finished the season with 5 wins and 4 losses.

DEFENSE STOPS NEW HOME JR. HIGH

The first two minutes of the Borden-New Home Jr. High girls basketball game in New Home Monday night was a wild scoring affair. The next twenty minutes was super defense by the Missy Coyotes. New Home jumped out to a 6-5 lead in the first two minutes of the game until Borden's defense came to life. New Home did not score another point until two minutes remained in the game! Borden, in the meantime, had rolled up a 30-6 lead in coasting to their eleventh win of the season. In the 32-13 win, all 11 players saw playing time but again it was Lisha Sternadel, with 20 points,

who lead Borden in scoring. Kristi Adcock had 6 points followed by Amy Lewis, Rachel Romero, and Shara Dee Woodward with 2 each. In the second and third quarters, Borden scored 19 points while holding New Home scoreless in both quarters. The Coyotes also hit a respectable 67 percent from the free throw line connecting on 4 of 6.

This wraps up the 1985-86 basketball season for the Missy Coyotes as they ran up a 11-0 season record. In capturing their sixth consecutive District Championship, they had a district record of 9-0

MISS TEEN

Applications are now being accepted from girls 13 through 19 for the Miss Texas U.S. Teen Pageant.

The Texas winner will receive \$250 in cash, 1 year scholarship, all expense paid trip to the National Pageant including airfare, a watch, diamond pendant, color portrait, tiara, banner, trophy, and a host of gifts and products.

In addition to the state title, awards will be given in leadership, friendship, and photogenic categories.

The Texas pageant will be held at the Amfac Hotel in Dallas. Judging is based on poise, personality, and school and community involvement.

Over \$100,000 in cash and

tuition scholarships will be offered at the National Pageant. The new Miss U.S. Teen will receive a \$5,000 cash scholarship, a 4-year college scholarship, one week Caribbean vacation, a watch, a fur, diamond pendant, perfume, numerous products and gifts, complete modeling portfolio, TV and personal appearances, tiara, banner, trophy, and a year of travel and excitement. The national pageant will be video taped for television.

For further information, contact: Carole Clements, National Director, Miss U. S. Teen Pageant, P. O. Box 1229, Auburn, AL 36830, or call (205) 745-6875.

SESQUICENTENNIAL OBSERVANCE

YORK HOUSE ON GAVITTE CREEK BUILT BY J.S. York in 1904

BORDEN COUNTY ROOTS GO DEEP

By Donna Worthington

Van York does not fit the usual stereotype of a judge. He's an easy-going, laid back sort of person who's apt to show up at his office in the Borden County Courthouse wearing faded jeans and dusty boots but when the Commissioner's Court convenes the 2nd and 4th Tuesdays of every month and for other matters of Court business, he wears his best suit and tie along with the rest of them, befitting the dignity of his office.

He wet his feet in politics in 1975 when he was elected Commissioner in Precinct 4, following in the footsteps of his great-grandfather, J.S. York, who represented the same district in 1891. He had come to Borden County about 1886 but didn't homestead or take possession of the land until sometime in the 90's. After his first herd of 135 cattle shrank to 16 after the first winter, he resorted to various occupations until he had the money to lease or buy land at 3 cents an acre to supplement what he had homesteaded.

Van has also served on the school Board of Trustees and in 1983 was elected County Judge.

Although raised and schooled in Lubbock, York has wanted to be a rancher ever since he was five years old. As a young boy, he always spent his summers on his grandfather's ranch in Borden County and says that he wouldn't have gone back home at all if his mother hadn't insisted on his going to school.

His father, Lee Frances York, served as Executive Vice-President of First National Bank in Lubbock until his death.

Van married Barbara Smith, also of Lubbock, when he was a student at Texas Tech and she at Draughon's Business College. When his grandfather died in 1962 he had a chance to take

over the ranch on Gavitte Creek, comprising five sections. When his father passed away in 1978, he bought out his mother's and brother's interests in the ranch and the young couple moved into the big old ranch-style house built by his grandfather in 1904-05 at a cost of \$5,500. It took two years to build. A carpenter was hired from Fluvanna and the wood was hauled in by train from Colorado City. It was to have been a two story house for his family of seven children, with boys occupying the upper floor and the girls the downstairs. Before it was finished the children were beginning to marry and move away so the top floor was never finished.

Van and Barbara have remodeled the old home inside to fit the tastes of their family. Van Lee, 22, is an apprentice electrician and daughter, 18, will graduate from Borden County High School this year and aspires to becoming a lawyer. Van's pretty wife is a Clerical Aide in the school system, keeps the equipment running to bring the Borden Star coming to you every week and is photographer for both the school and newspaper.

The Yorks are presently raising Brangus-Hereford bald-face black cattle along with a herd of 500 fine wool sheep. Van says, "I have always heard sheep and cattle couldn't get along together but that's not right." Asked about predators, he admitted he does have some problems there but that's the risk you have to take. "Last year we lost one-fourth of our sheep herd but if I can't make it with that loss, I'd better not be in that business. I have a netwire fence but still have trouble. Frank Beaver, John and Bert Dennis are big sheep raisers here and they are making a success of it."

Asked what it is that makes people want to stay in Borden County he said, "It's just a feeling you have - the closeness you feel with the people. They can get out and disagree like brothers and sisters but when something comes up that affects them all, they all pull together. It's a bond that exists between the people and the land. I have never left since I moved here. Folks are happy here - it's a good way of life. Gail is a good community to live in."

Asked about crime in the area, he replied, "We don't have any major crimes involving our people. Ninety per cent of our trouble comes from outsiders -- transient workers and people from around Lake Thomas and the cities who, either through ignorance or not caring, cause trouble."

He would like Gail to stay just the way it is. He would not want to see it get any bigger. "The school, courthouse, oil business and ranching are our sources of income."

As for politics, he thinks Borden County voters tend to vote for the person rather than the party. While most are registered Democrats, they voted Republican in the last two elections because of the economy at the time and their dissatisfaction with conditions.

He admits the future economic conditions look bad now but "We are not the only ones being hurt -- all surrounding counties are in the same boat. We may have hit the peak of oil production. They are not finding big fields -- we don't know if we are going to keep on producing or if we have hit bottom but that's the nature of the oil business. It's going to be tough for awhile but the people who live here are made of the same stuff as the ones who settled this country. We've had difficult times before and survived and we will again."

SEND US YOUR STORY

The Borden Star welcomes stories your family treasures.

Anecdotes, family history, any interesting things you would like to share about your family, especially pertaining to the older generation. Send or bring them to the Borden Star anytime up through June. Be sure to include your phone number.

Borden Star, Box 137, Gail, Texas 79738

CORRECTION

The Borden Star regret the error in last week's paper when we put an incorrect name under the photo of Mary Anderson. We think a little gremlin got into our machinery. The caption should have read Mary Anderson Hutto.

Marshall Aldridge and a horse given to him by Joe York. The old barn in back-ground still exists on the yoYork Ranch.

WE'LL BE BACK FOR THE REUNION

Donna Worthington

Marshall Aldridge and his wife, both 71 years of age, returned to Borden County last week and called upon Judge Van York to reminisce about the days when he lived on Van's grandfather's ranch. The picture shown here was taken when he was about 7 years old with a colt given him by Van's Uncle Joe. Both the picture and Mr. Aldridge have weathered well but all that remains of his former home is a sturdy rock chimney southwest of the York home.

He recalls that he learned to swim in a nearby creek when someone picked him up by the seat of his britches and threw him in. (It's amazing how many people have survived that system!) His father worked for "old granddaddy York" whom he remembers as a great big fellow with a big nose and big ears. He attended the old Hackberry school which was about halfway between his home and Fluvanna.

He and his sister used to ride their horses through the pasture to get to school. When the school was taken into the Fluvanna district, they continued their education there. There were eventually 9 children in the family of which he was the oldest boy.

His family moved to the York ranch in 1925 and left in 1931. At that time he remembers, "There were no strangers...everybody was friendly." As children, their favorite pastime was roping goats and calves and riding horses but "Granddaddy York would not allow us to rope HIS calves."

They farmed 300 acres in one section northwest of where York's now live and 150 acres

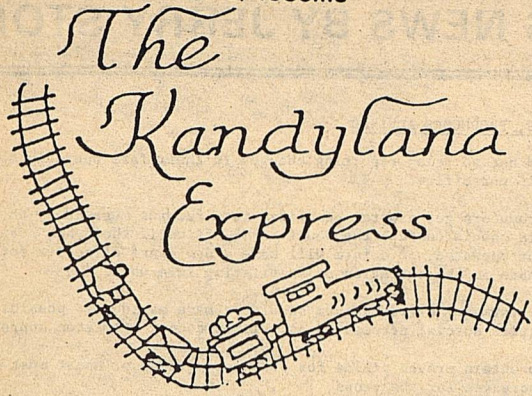

south of the old house. Crops raised were cotton, corn, maize and cane for the molasses mill. He and his father built a row binder with which to cut feed. The ground was "real sandy" and Barbara York says it still is. In the winter he and his father built tanks.

His favorite story, which made him and his wife chuckle in the telling, was about the old Dodge touring car the family had. They often had to drive the car up to the blacksmith shop on the ranch. Their goats liked to climb up on top of it...first a hop to the hood, then another bounce to the roof where they invariably feel through. Finally, Granddaddy York told them, "When you bring that car up here, put it in the round corral." It was too high for the goats to scale.

Mr. Aldridge worked 25 years as a truck driver for Central Freight Truck Line. His route was from Waco to Austin. His wife was a nurse's aide. Now both retired, the couple live in Crosbyton, Texas. They have four children. The daughters live in Spur, Hereford, and Santa Rosa, New Mexico; the son in San Jose, California.

The Aldridges are happy with their life. His mother, now 91, is in a nursing home in LaMesa. They say, "When we want to go anywhere, we just up and go...anywhere we want to!" Mrs. Aldridge's parting comment as they went out the door after our interview was just about all she had had a chance to say. It was, "We never fight!" Next June, they say, they will "just up and go" to the Old Settler's Reunion here in Borden County.

STRETCHING LEADS TO EXERCISE SUCCESS

A simple stretch may be the only thing standing between you and an exercise program you can live with over a long period of time.

Many people get started on an exercise, jogging or walking program and stop within a short time because they get sore. The soreness comes from strained muscles that weren't "warmed up" before beginning the activity.

Stretching is easy to do, but there is a right and a wrong way to do it. The right way is a relaxed, sustained stretch. The wrong way is to bounce up and down or stretch to the point of pain.

When you begin, spend 10-30 seconds in an easy stretch. Go to the point where you feel a mild tension and relax as you hold the stretch. This type of stretch reduces muscular tightness and helps the muscles get ready for the developmental stretch.

After an easy stretch, you can

move slowly into a developmental stretch, where you move a fraction of an inch further until you again feel a mild tension and hold for 10-30 seconds. The developmental stretch fine-tunes the muscles and increases flexibility.

Remember, no bouncing on either type of stretch!

Don't hold your breath while stretching either. Breathing should be slow and rhythmical. If you're bending forward to stretch, exhale, bend forward and then breathe slowly as you hold the stretch.

At first you'll want to silently count the seconds for each stretch so that you hold the proper tension for a long enough time. But later you will find it possible to stretch by the way it feels, rather than having to count.

Once you stretch, you'll be "warmed-up" and ready to do your exercise. And the next day you won't have the discomfort of sore muscles

COUNTY AG-AGENT REPORT

DENNIS POOLE

NEW SWINE DYSENTERY VACCINE

The first federally-approved vaccine for swine dysentery (bloody scours). Hy-Guard by Haver, is now available to swine producers.

This vaccine is a killed product (bacterin) in a special carrier to enhance immunity.

Currently Haver has approval for and recommends intramuscular vaccination in healthy pigs twice -- at six weeks of age and three weeks later.

Pigs should be protected against infection by dysentery during the three weeks between vaccinations. Providing appropriate levels of antibiotics or antibacterials in feed or water can provide this protection while allowing immunity to peak before possible disease exposure.

Studies have shown that Hy-Guard vaccinated pigs did not suffer any fatalities when exposed to dysentery while 70 percent of unvaccinated control pigs exposed to the same experimental dose developed typical swine dysentery and 20 percent died. Overall tests showed 83 percent fewer clinical disease signs such as diarrhea, dysentery, gauntness, general sickness and death for vaccinated pigs.

Hy-Guard has been proven safe as well as experimentally effective. Cost to the producer will be about \$2.50 to \$3.00 for the two doses per pig. Hy-Guard is currently marketed only through veterinarians and distribution of the vaccine will be extremely limited until mid-1986.

FORT WORTH STOCK SHOW RESULTS

Three Borden County 4-H'ers exhibited steers at the Fort Worth Stock Show on January 30, 1986.

M'Lys Lloyd exhibited her Shorthorn steer to second place in the light weight Shorthorn class. D'Lyn Lloyd exhibited the seventh place heavy weight

American steer, and Ralynn Key exhibited her heavy weight Hereford steer to fourth place in his class.

Those accompanying the 4-H'ers to Fort Worth were Karen Key, Weldon Lloyd, and Dennis, Sheri, Kaci and Tanner Poole.

HONORED WITH PARTY

The Rev. and Mrs. Carl Nunn, Snyder, hosted a dinner party at the Willow Park Inn in Snyder on Friday evening, Jan. 31, in honor of Mr. and Mrs. Charles Worthington who are leaving soon for their home in Owensboro, Ky. The honorees were presented a gift of James Michener's new book, Texas.

Mr. Worthington has been associated with the Cosden Hunting Lease on the Munger, Muleshoe and O.B. Ranches. Mrs. Worthington has been working for the Borden Star.

Others attending were Mr. and Mrs. Pat Hensley, Mr. and Mrs. Doyle Newton and Mr. and Mrs. Jeff Lackey. Rev. Nunn is pastor of Dorward Methodist Church in Gail.

THANK YOU

The Borden County Dinner Committee appreciates each and everything done to help with the Barbeque Dinner last Saturday.

Thanks for the good food, and for helping serve.

Thanks again,
The Committee
Dorothy Browne, Joyce Herridge, Frances Burkett, Jacqueline Wills, Pat Murphy

FARM COMPUTER TRAINING

--Farmers and ranchers can learn more about using microcomputers as management tools by attending special training sessions in the coming months conducted by the Texas Agricultural Extension Service in cooperation with the Texas Agricultural Experiment Station. The sessions are three-day short courses at the Stiles Farm Computer Training Center at Thrall, about 6 miles east of Taylor on U.S. 79. County Extension offices have a schedule of the various short courses and registration information.

IMPROVEMENT

Ray Green, the highway department's public affairs officer in Abilene, said the following area roads will receive the seal-coat treatment.

In Borden County: Farm-to-Market Road 1054, from the Lynn County line southward to US 183, 16 miles; FM 1584, from the Dawson County line to the Howard County line, 8.8 miles; and FM 1210, from the Dawson County line to FM 1054, 2.6 miles.

Billy E. Vernon of Snyder is the highway department's engineer who will supervise the work. Vernon said the project, once under way in the spring, should take about 40 working days to complete, weather permitting.

This seal coat work and similar projects throughout the state have been made possible by an increase in highway funding approved by a special session of the Legislature in 1984.

ASCS NEWS BY JERRY STONE

REPORT FARM CHANGES, PRODUCERS ADVISED

Producers are urged not to delay reporting changes in their farm operations for the 1986 program year to our office.

For ASCS to help producers get program benefits, farm records must be up to date. Therefore, producers should contact the county ASCS office if there has been a change in the land owned or operated, if a farm will have a new owner effective for 1986, or if a change is made in the operation of an existing farm unit.

Requests to combine farms or divide a farm should be made as soon as possible because reconstitutions require special processing as well as county committee approval.

Farmers who want to obtain proven yields for 1986 feed grains or wheat must substantiate production on all acreages for the crops.

To request a proven yield for a particular crop, farmers are required to collect data for all farms on which the crop was grown, and to keep all production evidence separate for each year and each farm. Proven yield information must include a minimum of two year's production evidence.

USDA ANNOUNCES ADDITIONAL PROVISIONS FOR 1986 WHEAT, FEED-GRAIN PROGRAMS

Signup for the 1986 wheat and feed-grain programs will be held March 3 through April 11.

Other farm program provisions announced include:

- Producers may request 100 percent of their diversion payments and 40 percent of their projected deficiency payments when they sign up.
- Payment rates for the 2 1/2 percent paid land diversion for wheat and feed-grain producers have been established (per bushel) at \$.57 for barley, \$.73 for corn, \$.36 for oats, \$.65 for sorghum and \$1.10 for wheat.
- The payment rate for the additional paid diversion option for winter-wheat producer is \$2.00 per bushel in accordance with the Food Security Act of 1985.
- Estimated per bushel deficiency payment rates are: Barley, \$.95; corn, \$1.03; oats, \$.45; sorghum, \$.98; and wheat, \$1.83.
- Seventy-five percent of the advance deficiency payments will be paid in cash during the signup, and the remaining 25 percent will be paid as payment-in-kind beginning May 1. Producers will have from May 1 through Sept. 30 to request the PIK portion of their advance deficiency and/or diversion payments.
- Producers who have price support loans--regular, special or farmer-owned reserve--on any commodity on the day the advance payment is requested must make that loan collateral available to satisfy their PIK. The quantity of the loan collateral that must be redeemed for PIK purposes will depend on the value, as determined by Commodity Credit Corporation, of the commodity under loan at the time PIK is received.
- Producers who do not have commodities under loan, or producers whose commodities under loan are insufficient to meet their PIK entitlements, will be issued negotiable certificates in the net remaining monetary amount due them.
- The certificates may be sold to others, but are redeemable only for CCC owned commodities. The certificates may be used to purchase commodities in CCC's inventory at a value determined by CCC.
- A producer who accepts an advance payment, but who later does not comply with program provisions, must refund the amount of the advance payment with interest.
- It is the USDA's intention to require cross compliance for 1986 crops of wheat, feed grains, cotton and rice. However, the Administration will accept a technical amendment to the 1985 Act dealing only with cross compliance. If cross compliance is made discretionary for all 1986 crops, it will not be required for that crop year.
- Bases and yields are being determined in accordance with the provisions of the Food Security Act of 1985. Producers who believe that the bases and yields for their farms are incorrectly established may file an appeal with their local county ASC committees through the end of the signup period.
- Contracts signed by program participants will be considered binding and will provide for liquidated damages for failure to comply with program requirements.

Farmers may sign up the 1986 farm programs at their local Agricultural Stabilization and Conservation Service Office.

LOOKING FOR A SUMMER JOB

Come audition Sunday, February 9, in Lubbock to join the "TEXAS" company for the 21st summer season of performances in Palo Duro Canyon State Park near Canyon and Amarillo.

Directors will be looking for singers, actors, dancers, instrumentalists, technicians and a hospitality crew to fill 140 paid positions with the Musical Drama.

The Music Building, Room M. B. No. 1, located on the campus of Texas Tech University is the site of the auditions from 1 p.m. to 4 p.m. with dancers performing at 3 p.m.

"TEXAS" unfolds under the stars for its 21st season from June 11 to August 23 in the outdoor Pioneer Amphitheatre and plays nightly except Sundays at 8:30 p.m.

Applicants selected for "TEXAS" roles begin rehearsals May 18. Actors start May 14.

If auditioning for a singing role, chorus, a solo or the men's quartet; a person should bring one prepared number of their choice. An accompanist will be furnished upon request.

Selling tickets, working concession, patrolling the theatre, giving tours and other

public relations functions require the talents of an additional 40 "TEXAS" crew members.

For more information on "TEXAS," call 806-655-2181 or write P.O. Box 268, Canyon, Texas 79015.

BID NOTICES

COUNTY OF BORDEN STATE OF TEXAS

The Commissioners' Court of Borden County will consider bids for the replacement of the heating and air conditioning system for the Borden County Courthouse on Monday, February 24, 1986, at 10:00 A.M.

Specifications and plans may be obtained at the Office of the County Judge, Box 156, Gail, Texas, phone 915-856-4391.

Borden County Commissioners' Court reserves the right to reject any or all bids.

BY ORDER OF THE BORDEN COUNTY COMMISSIONERS' COURT

Van L. York
County Judge
Borden County.

SESQUICENTENNIAL QUILT READY FOR NAMES

The 'Old Settlers Reunion Committee' is giving away a hand pieced quilt at the Reunion on June 29, 1986. Because this is our Sesquicentennial year and the year of our Old Settlers Reunion, the quilt is pieced with red, white and blue in an original design that represents the seal of the "Lone Star State". Names of Borden County families will be embroidered in contrasting colors. There are plenty of places, so anyone who wishes may have their name or names on the quilt.

Please send \$2.00 for each name, and the names as you want them on the quilt to The Borden County Old Settlers Reunion in care of Betty Beaver, P. O. Box 5, Gail, Texas 70738. Below is a reduced picture of one 12 x 12 inch square. Names can

be added as late as June 29th, however, the sooner we get them the better. The quilt is already pieced and ready for names to be embroidered. Proceeds will go to help defer the cost of the reunion.

Texas

PUBLIC NOTICE

TEXAS UTILITIES ELECTRIC COMPANY hereby publishes NOTICE that, pursuant to the provisions of the Public Utility Regulatory Act and the Public Utility Commission's Substantive Rule 23.23(b)(2), it filed an application on January 14, 1986, with the Public Utility Commission of Texas seeking authority to refund to its customers a prior over-recovery under its fixed fuel factors (base rate fuel component) in the amount of \$78,002,807 as of November 30, 1985, including applicable interest, and to reduce its current fixed fuel factors.

Texas Utilities Electric Company has proposed that the refund be made and its fixed fuel factors be reduced effective with customers usage beginning with the billing month of March 1986. The proposed change in fixed fuel factors is expected to result in a \$233,413,145, or 11.88%, decrease in fuel revenues for the twelve months ended September 30, 1985, adjusted only for customer growth. All customers and classes of customers whose electric service rates include charges for fuel cost pursuant to Texas Utilities Electric Company's Rider FC, entitled "Base Rate Fuel Component," and all territories in which Texas Utilities Electric Company provides electric service through its Dallas Power & Light Company, Texas Electric Service Company and Texas Power & Light Company divisions will be affected if the application is granted.

A complete copy of said application is on file with the Public Utility Commission of Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Public Utility Commission of Texas as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.
