

# Bank Deposit Increase Over 13 Million

Muleshoe and area banks show a decided increase in deposits, totaling \$13,098,617.04 in their financial statements over last year.

In the Journal's survey of area banks, several reasons were given as the contributing factor. Only one bank in the area showed a decrease in deposits. The First National Bank in Sudan showed a decrease in the amount of \$325,903.67 in deposits.

Both Muleshoe banks, the

First National and Muleshoe state Bank, showed increases over last year in both deposits and loans.

Robert Finney, vice-president and cashier at Muleshoe State Bank said, "inflation has a lot to do with the increases. We have had an increase in economy and harvest is a little earlier this year."

Deposits at Muleshoe State Bank are up \$580,760.90, while loans show an increase in the amount of \$1,095,243.22. De-

posits during 1974 at this time, were \$15,884,883.03. Loans in 1974 were \$9,604,550.96.

This year, 1975, deposits total \$16,465,643.93 and loans, \$10,699,794.18.

First National Bank in Muleshoe show an increase in the amount of \$2,918,741.69 in deposits and \$154,402.93 in loans.

M.D. Gunstream, president declined to comment as to what he felt might be the contributing factor for the increases.

Deposits at the First National in Muleshoe during 1974 totaled \$11,999,262.72 and loans totaled, \$6,667,318.29.

Deposits for 1975 at First National are \$14,918,004.41 and loans are \$6,821,721.22.

Tri-County Savings and Loan show deposits totaling \$11,427,212.24 and loans totaling \$10,837,616.98.

Security State Bank in Farwell show an increase in deposits in the amount of \$2,676,224.44. Their deposits for 1974 totaled

\$15,763,020.43.

Deposits at Security State in Farwell for 1975 total \$18,439,244.87 and loans total \$5,457,416.53.

Darrell Bennet at First State Bank in Morton commented, "what has helped us hold steady is the good wheat crop earlier. We also have a good milo crop - last year we didn't have anything," as the contributing factor to the increase in deposits.

First State in Morton show an

increase in the amount of \$331,444.79 in deposits and a decrease of \$2,145,417 in loans. 1974 deposits totaled \$10,927,046.15 and loans were \$5,730,510.70.

This year, 1975, deposits total \$11,258,490.94. Loans for 1975 total \$7,875,927.92.

A spokesman at the First State Bank in Bovina attributes the wheat crop as the contributing factor for the increase in deposits there. She said that a lot of agriculture is not yet in as crops

are in the process of being harvested now. The loans decreased over last year and she said she feels this is also due to the wheat crop, as their customers are able to use their own resources rather than borrow.

Increase in deposits at First State in Bovina total \$306,645.49 while loans decreased in the amount of \$479,051.55.

Deposits for 1974 totaled \$5,681,206.88 and loans total in the amount of \$4,039,989.92.

Jerry Hinkle of Friona State

Bank says most of the increase in deposits there is in savings accounts and he pointed out that residents made a little money in cattle and it is in the bank now.

Increase in deposits totaled \$4,657,293.36 at Friona State while loans also showed an increase in the amount of \$425,763.68.

In 1974 deposits amounted to \$17,242,105.67 and loans totaled \$14,505,005.72.

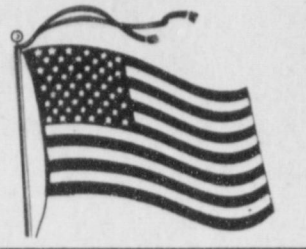

Deposits for 1975 total \$21, Cont. on Page 3, Col. 1.

## Operation Identification Announced By Chief Black

Police Chief Buddy Black announced the beginning of a year-long crime prevention program today with the kick-off of operation Identification, a property marking program designed to thwart burglars and help the Muleshoe Police Department return stolen property.

"Crime prevention is a vital part of law enforcement," Chief Black said in announcing the program. "If we can stop some of the crimes before they happen, not only will we have a safer community, but also, we'll be saving some tax dollars, since the money that would be spent to handle the increased case load of the country's rising crime rate would be channeled

to more productive areas."

Operation Identification is the first project in the crime prevention public information and education program starting today here as well as in the South Plains Region of Texas. The South Plains Association of Governments is assisting with the initiation of the program.

The project's objective is to make individuals more aware of steps they can take as private citizens to arrest the growth of crime. The primary target of this year's activities is burglary.

The regional crime prevention program is funded by the Criminal Justice Division of the Governor's office with federal funds from the Law Enforcement Assistants Adminis-

tration. Partially matching the local funds also support the project.

Crime prevention is a relatively new concept for law enforcement whose duties have previously been involved with crime "after-the-fact". This project, however, concerns itself with the preventive aspects of crime control and seeks to enlist public participation which is vital to its success.

Operation Identification is aimed at marking property with an easily-traced identification number and only one portion of the overall crime prevention effort. Once an article is marked - usually with the owner's driver's license number - it carries his "brand" and is,

## Mules Roll Over Morton 28-17, Homecoming Win

The third quarter did the trick for the Muleshoe Mules when they came back after a slow start and racked up 21 points, making homecoming a success with a

### Tractor Fire Leaves Only Minor Damage

The Muleshoe Volunteer Fire Department was called out around 8:15 p.m. Wednesday to put out a fire in a city tractor.

H.E. Reeder, local fire chief said there was a gas leak on the tractor, causing the gas to run down the street, hit a smudge pot, ignite and caught the tractor on fire.

The fire burned the battery and wires on the tractor, causing light damage.

28-17 win over Morton. Friday night's victory put the Mules at a 3-3 record for the season, dropping Morton to a 2-3-1 mark. Muleshoe is in 1-AAA and Morton is in 3-AA District.

The Mules Carey Sudduth rushed 94 yards, while his team rolled up 332 yards offensively.

Mule wingback Tommy St. Clair started the action in the first quarter by running 18 yards for the touchdown. Larry Parker, defensive safety, made the point after touchdown good. The Mules didn't score again until the second quarter.

The Morton Indians first touchdown came when Tino Savalo made a 27-yard run in the first few minutes of the second quarter and fullback Sam Johnson made the extra point kick good. A 20 yard field goal

midway through the second quarter by Johnson, gave the Indians a 10-7 half-time lead.

The Mules came back in the third quarter to roll over the Indians with 21 points to none by Morton. Carey Sudduth made one touchdown and Dean Northcutt raked up two more.

Muleshoe's Tony Vala put an end to the Morton drive in the third quarter by making a brilliant interception from Steve Polvado, and running the ball back 10 yards before falling.

Morton's Jimmy Green and Sam Johnson rallied in the fourth with touchdowns and PAT kick. However, the effort was not strong enough, even though the Mules did not score in the fourth and at the end of the game, the Mules were ahead of the Indians.

First downs for Muleshoe totaled 12 while Morton had

only 10. New yards rushing for the Mules was 230 and for the Indians, 168. Muleshoe racked up 102 net yards passing over the Indians 51. Total yards gained for the Mules was 332 with Morton gaining 219. The Mules attempted 8 passes to nine of Morton's. Muleshoe completed three of their passes as did Morton. The Mules intercepted one pass and Morton none. The Mules punted three times and so did Morton. Punt average for the Mules was

## Taxpayers Support Proposition Five

Using the phrase "Save Agriculture" as their theme, a large group of Texas farm and ranch land owners have formed a political committee to push for the adoption of Proposition Five in the Constitutional election on November 4th.

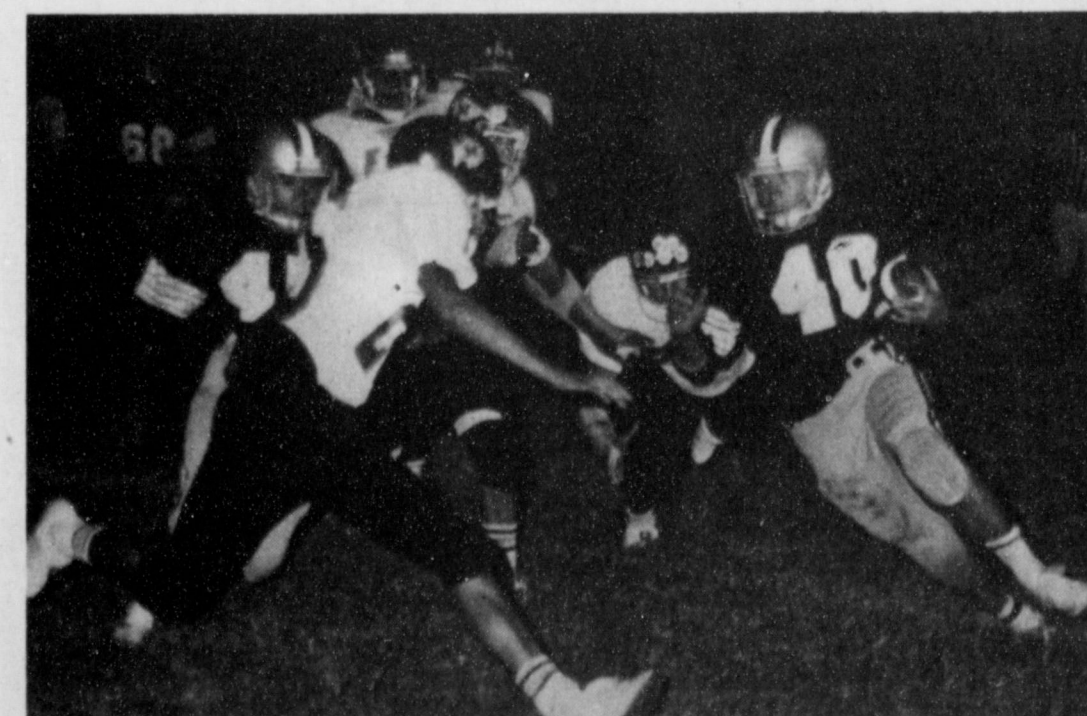

Dripping Springs rancher Laverne Odell is campaign chairman of the Committee to Support Proposition Five. The Committee is now seeking the

support of all Texas landowners concerned with rising property taxes and of all citizens concerned with saving Texas agriculture.

Proposition Five is the proposed Finance Article of the Texas Constitution. If adopted by the voters on November 4, Proposition Five and the implementing Act, House Bill 1535, would require that Texas farm and ranch land be taxed accord-

ing to how much income it would produce. Under the new law, there would not be restrictions to prevent farmers and ranchers from qualifying as under the existing constitution. According to Odell, if agricultural land continues to be taxed at its speculative value, as most such land is under the present Constitution, most farmers and ranchers will be forced to sell

**Fall Lawn Care Important**

COLLEGE STATION--After six months of mowing and watering lawns, most homeowners will be glad to see their lawns turn brown after the first hard frost. But, to insure weed-free winter lawns and complete recovery of the grass next spring, a few chores remain.

"Fall fertilization is the key to prolonging green color and promoting early spring recovery of turfgrasses," says Dr. Richard L. Duple, turfgrass specialist with the Texas Agricultural Extension Service. "It also helps to produce a dense turf which discourages the invasion of winter weeds."

Duple recommends applying a balanced fertilizer (one which contains nitrogen, phosphorus and potassium in equal proportions, such as a 12-12-12 or 8-8-8) at a rate of one pound of nitrogen per 1,000 square feet. This means 8 pounds of a 12-12-12 fertilizer or 12 pounds of an 8-8-8 fertilizer per 1,000 square feet. High nitrogen fertilizers should not be applied to St. Augustine lawns in the fall since they increase the susceptibility of the grass to brownpatch, a fungus disease.

"If winter weeks have been a problem in past year, apply a preemergence herbicide for additional protection against weeds," suggests the Texas A&M University System specialist. Materials containing atrazine, benefin, bensulfide and dacthal provide preemergence control of many winter annual weeds. Some preemergence herbicides are available in formulations with fertilizers, which simplifies the application procedure.

"Be sure to follow label instructions in regard to grass species and rates of application when using herbicides," cautions Duple. "Materials containing atrazine should not be used around trees and shrubs."

The turfgrass specialist advises applying a fungicide on St. Augustine lawns to prevent damage from brownpatch. Not only is brownpatch unsightly, but weeds generally emerge where the disease has weakened the grass. Also, spring recovery is delayed in areas damaged by brownpatch.

Fungicides containing PCNB (Terraclor, Ortho Lawn Fungicide), benomyl (Benlate, Ter-san 1991) or chlorothalonil (Daconil) provide control of brownpatch when applied according to label instruction.

"Another fall task for homeowners is to remove excess accumulations of grass clippings or tree leaves from the lawn. The excess debris from these sources increase thatch accumulation and create a favorable habitat for insects and disease organisms," points out Duple.

So, for the homeowner to maintain an attractive lawn in the fall and to insure good spring recovery, there are still a few tasks at hand. Fertilization and the use of preventative pesticides together with weekly mowing will help assure a beautiful lawn next spring.

**Cancel Brucellosis Agreement**

An intensified cooperative federal-state effort to protect both human and animal health from brucellosis or Bang's disease has not been fully accepted by Texas, the nation's leading cattle-producing state, the U.S. Department of Agriculture (USDA) said Tuesday, Oct. 7.

USDA's Animal and Plant Health Inspection Service (aphis) reported that the Texas Animal Health Commission recently rejected certain proposed changes in rules which would require branding of cattle exposed to infected animals and a negative brucellosis test of cattle moving into Certified Brucellosis Free areas in the state. The rules changes were recommended by industry representatives and veterinary officials of all 50 states and approved by USDA.

Because of the state's refusal to tighten brucellosis regulations, the USDA this week informed the Texas Animal Health Commission that federal funds to fight brucellosis in cattle may be withdrawn. In addition, Texas cattle may be placed under federal quarantine to prevent the spread of the disease to other states.

Counties in the state also would lose Modified-Certified and Certified Brucellosis Free status. Additional testing would be required in order to ship cattle interstate.

The action to remove federal brucellosis funds would become effective Jan. 1, 1976, APHIS officials noted, when a cooperative agreement with Texas for brucellosis eradication would be terminated unless remedial steps were taken by the state.

As a result of the brucellosis eradication program begun in 1934, over 99 percent of the nation's cattle are now free of brucellosis. However, the one percent still infected causes millions of dollars in losses to the livestock industry through abortions, breeding problems, weakened offspring, and reduced milk production.

the responsibility for crime prevention, as well as crime control, is with the public," said Chief Black.

"Therefore, our first responsibility is to let the public know what they can do to prevent crime, using whatever means we can - media, speeches, brochures, and person-to-person contact. The first phase of the program is designed to enlist the support, understanding and participation of citizens," Chief Black added.

During the year the participating police and sheriff's departments will try to reach as many people as possible. "Public awareness of the fact that there is a problem is the crux of the matter," Chief Black said.

"The more the public knows of the crime problem and steps it can take to prevent it from ever occurring, the less trouble we are all going to have with crime."

Information of Operation Identification is available through participating law enforcement departments.

## Miss Jones, Copley United In Marriage

Mr. and Mrs. Jerry Copley

Wedding vows were exchanged Friday, October 3, by Miss Tammy Jones and Jerry Copley. The wedding ceremony was read by Rev. H.F. Dunn of Muleshoe, at the First United Methodist Church in Muleshoe at 8 p.m.

The bride is the daughter of Mrs. Crispin Green of Muleshoe and Lloyd Jones of Abernathy. Mr. and Mrs. W.T. Copley of Muleshoe are the parents of the groom.

### Given in marriage by her Beta Sigma Phi Supports Hospital

Mrs. Doyce Turner and Mrs. Spencer Tanksley were co-hostesses for the Xi Omicron Xi Chapter of Beta Sigma Phi Tuesday night, in the Turner home.

The business meeting was conducted by the President, Mrs. Paul Poyner. Mrs. Charles Pummill was appointed Chairman of the Woman of the Year project. Other business included discussion of Beta Sigma Phi scholarships, Project Christmas card, and a proposal to establish the week beginning on April 30 each year as National Beta Sigma Phi Week.

Xi Omicron Xi voted to join with Alpha Zeta Pi Chapter in continuing to support the hospital as a Beta Sigma Phi Service project.

Mrs. Max King invited the members to attend a reception honoring Dr. and Mrs. Gregory Tuesday, October 14 from 7:30-9:00 p.m. in the Muleshoe State Bank. The reception will be hosted by the Hospital Board.

The program "The Voices Behind Us" was presented by Mrs. Marcia Henry and Mrs. Joe King.

Refreshments of cakes, coffee, popcorn, fruit slices, and homemade candies were served by the hostesses to Mrs. Paul Poyner, Mrs. Curtis Walker, Mrs. Joe King, Mrs. Charles Pummill, Mrs. Max King, Mrs. Eric Smith, Mrs. Marcia Henry, Mrs. Don Rempe, and Mrs. Tom Jinks.

father, Lloyd Jones of Abernathy, the bride wore a formal length gown of white satin, designed with angel sleeves, accented with lace around the neckline, sleeves and bottom of the dress. She wore a picture hat and carried a bouquet of blue daisies and white carnations.

Serving as maid of honor was Miss Lola Jones of Abernathy. Terry Phipps of Odessa attended the groom as best man. The maid of honor wore a light blue formal length gown of light blue weavers cloth accented with a picture hat and a bouquet of blue daisies. Guests were registered by Bridgette Kaodelie.

Musical selections were the theme from "Love Story", the theme to Romeo and Juliet played by Mrs. Dale Jayhay.

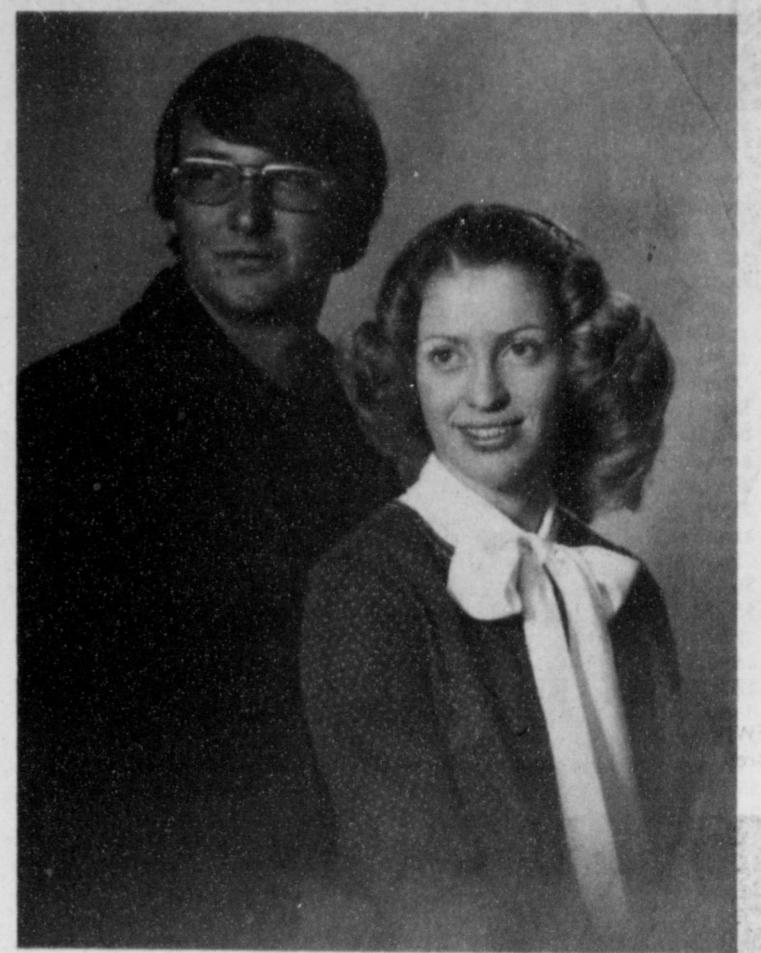

A reception was held in the Muleshoe State Bank Community Room following the wedding ceremony. Elizabeth Crad-

dick of Lubbock and Kayna Kinard of Muleshoe served cake, punch, and cookies from crystal appointments. The serving table was covered with a white lace cloth. A bouquet of white daisies centered on the table flanked by blue candles held in silver candelabras, the crystal punch bowl and the two tiered white wedding cake, topped with the traditional bride and groom completed the table decor.

Out-of-town guests attending were J'Nell Shirley of Shallowater and her boys, the groom's grandfather, Erle Thompson of Hale Center, the bride's grandfather, Monty Jones, her brother, Lolee Jones and her father, Lloyd Jones, all of Abernathy. Also, Adaline Shafer of Plainview.

For her wedding trip to Plainview, the bride chose a pant suit. The couple will reside in Muleshoe.

The bride is a member of HECE, works at Perry's and is a Senior at Muleshoe High School. The groom is employed with his father.

DECEMBER WEDDING PLANNED . . . Mr. and Mrs. Eugene Black of Muleshoe announce the engagement and approaching marriage of their daughter, Marilyn Kay, to David Lee Saylor, son of Mr. and Mrs. Charles Saylor of Muleshoe. They will be married in a candlelight ceremony, Saturday, December 20, 1975, at 7:00 in the evening, in the First United Methodist Church of Muleshoe.

## Friendship Club Honors Two Anniversaries

The Friendship Club met Thursday evening, October 9, at the Muleshoe State Bank Community Room for their regular business and social meeting. Mrs. A.J. Shafer and Mrs. N.C. Moore were hostesses.

Meeting was called to order by President, Mrs. Harold Griffith. After roll call and the minutes were read and approved, the correspondent mail was read.

A committee of three was appointed by the president to serve on the menu committee for the Christmas dinner held in December. Mrs. George Johnson, program chairman, gave a devotional on "Love".

The meeting was then turned over to the hostesses who unveiled a table decorated with a high tiered cake, mints, nuts, hot tea and coffee.

two couples with an anniversary party. Mr. and Mrs. W.T. Andrews celebrated their 60th wedding anniversary and Mr. and Mrs. W.E. Young celebrated their 50th.

The cake was cut by the honorees and served by the hostesses. Afterwards, each couple was presented with a gift, from the club.

There were 14 members attending and their husbands were guests. Mr. and Mrs.

W.T. Andrews, Mr. and Mrs. W.E. Young, Mr. and Mrs.

E.W. Johnson, Mr. and Mrs. George Johnson, Mr. and Mrs. N.C. Moore, Mr. and Mrs. A.J. Shafer, Mr. and Mrs. F.W. Watts, Mr. and Mrs. J.W. Witherspoon, Mr. and Mrs. Scott Swafford, Mrs. Joe Dameron, Mrs. E.N. Darsey, Mrs. Harold Griffith, Mrs. C.E. Layne and Mrs. T.C. Young.

## KKI Plans Conclave Anniversary

The Iota Conclave of Kappa Kappa Iota had their September meeting in the home of Miss Virginia Bowers. During the business meeting the members made decisions for the coming year. Among these was a plan to have a celebration for the local conclave's 20th anniversary. It was organized in May, 1955.

After the business meeting, the members attending played a game of scrambled names. The

hostess then served refreshments.

Those attending were Mrs. Joe Costen, Mrs. Neil Dillman, Mrs. Kathleen Francis, Mrs. Lena Hawkins, Mrs. Dorene Harbin, Mrs. Ed Johnson, Mrs. Jack Obenhaus, Mrs. Eric Smith, Mrs. Patsy Warren, and Miss Virginia Bowers.

In imitating great authors I have always excelled myself.

## Mrs. Roger Jones Feted With Shower

Mrs. Roger Jones of Pev was honored with a miscellaneous wedding shower, Monday afternoon, from four to six o'clock, in the Bula community center.

The serving table was covered in white, centered with a decorated white sheet cake. Nuts, punch and coffee were served with the cake, by Mrs. Jerry Cox and Mrs. Billy Welch. Mrs. Burley Roberts registered the guests in the guest book.

Mrs. Jones received an array of gifts. She received a bed spread, two sheets and a pair of pillow cases, from the hostess.

Hosting the occasion were Mrs. Robert Claunch, Mrs. L.H. Medlin, Mrs. Tom Bogard, Mrs. Jerry Cox, Mrs. F.L. Simmons, Mrs. Billy Welch, Mrs. A.C. Archer, Mrs. Vern Weaver, Mrs. Burley Roberts, Mrs. Ralph Beasley, Mrs. E.G. Stroud, Mrs. Harry Pollard, and Mrs. Loyd Pollard.

Peter James Campbell

Dr. and Mrs. Jay Campbell of Plainview are the proud parents of a new baby boy born Sept. 26, 1975 at 8:54 a.m. in St. Mary's Hospital of Lubbock. The baby weighed nine pounds and eight and a fourth ounces and was named Peter James. He is the couple's second child. He has an older sister, Catherine.

The maternal grandparents are Mr. and Mrs. Bernard Phelps of Muleshoe and the paternal grandparents are Mr. and Mrs. Jim Campbell of Gainesville.

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.

- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine

performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series

includes the new value of the thrifty Impala S—Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And

Concours, the brand-new model featured here, is our highly practical approach to compact luxury.

Chevelle

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size

economies, plus room for the average family, makes Chevelle a size whose time has come.

A Weekly Report Of Agri-Business News

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

Exports And Income... Prompt Payment In Effect... Poultry Production Shows Increase... Seed Hearing Sept. 26.

Texas agriculture producers continue to be in the spotlight in sales of farm commodities to overseas nations. Texas is a major provider of grains and cotton.

This fiscal year, U.S. agricultural exports are now expected to be at least as high as fiscal year 1975. The exports may in fact total \$21.6 billion. That would not be far behind total farm income this year now estimated to be in the mid 20-billion dollar range.

Texas is the nation's leading producer of grain sorghum, and also supplies a major share of cotton exports. Sales of exports of cotton this fiscal year are expected to be about the same as a year ago, or around \$1 billion.

Exports are important to both the general economy and agriculture economy. Sales of farm products overseas help to stabilize our dollar abroad as well as assisting in the deficiency of payments problem. Export sales are also the key to good farm prices at the domestic level.

Agricultural producers in this state and nation can and do produce more than we in this nation can consume. Wheat is a prime example. Our production of wheat this year is set at 2,141,000,000 bushels. The U.S. will consume only about a third of that total.

A BILL which will likely be copied by other states is now in effect in Texas. It is known as the prompt payment bill. It protects livestock producers by giving them greater assurance they will get paid for cattle they sell. Main provisions are:

Livestock sold for slaughter must be paid for by check, cash or wire transfer of funds on the day that transfer of possession occurs.

The seller maintains a superior lien on animals sold for slaughter.

In the past, the seller of livestock has not had any protection which assures payment in case of default by the packer. Previously, livestock producers have become "common creditors" and have been paid only after other claims were honored.

POULTRY PRODUCTION IN TEXAS is showing increases of as much as 33 per cent from a year ago.

The Texas Crop and Livestock Reporting Service notes that the July egg-type hatch of chicks is up 33 per cent from a year ago. Broiler chick hatchings are up five per cent from a year ago; however, they are down five per cent from a month ago.

Turkey poult hatch is up 15 per cent from a year ago. Egg production in Texas is one per cent below a year ago at this time. Layers on hand are down six per cent from a year ago but one per cent higher than a month ago.

A HEARING relating to proposed changes in the Texas seed law will be held Sept. 26 in Room 1046 of the Stephen F. Austin Building in Austin beginning at 10 a.m.

Items to be considered include definitions of terms, noxious weed seeds, service testing, minimum germination standards for vegetable seeds, agricultural inspection fees and vegetable seed license fees.

HERE'S ANOTHER AREA in which Texas ranks first in agriculture: number of farmland owners.

Of the 3,300,000 people who own land in the nation, there are 267,000 of them in Texas.

Texas also leads the nation in the number of nonfarm landowners.

And naturally, the average amount of land owned by individuals is higher in Texas than anywhere else in the nation. In Texas, the average amount of land owned per landowner is 548; elsewhere it's only 320 acres.

## CORNER CATCHER

The only center pivot in the world that hits the corners.

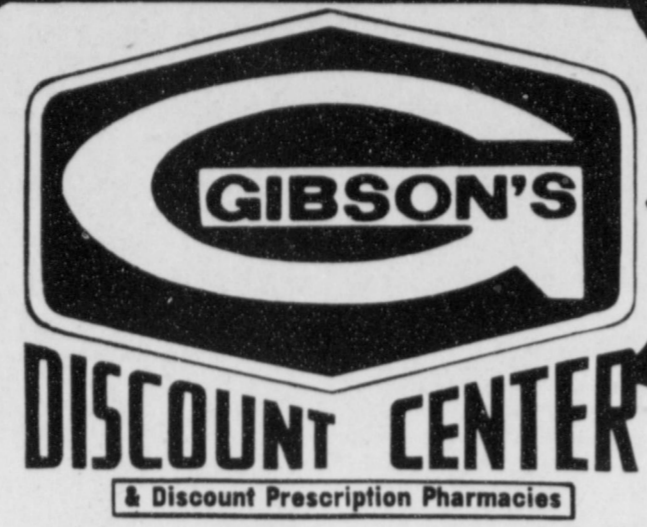

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots. VALLEY.

## Homecoming Queen Crowned Friday

### Jana Bruns Crowned Queen

### \*\*\*\*\* Freshmen Hold First Meeting

Monday, September 29, during the 6th period orientation, the Class of 1979 met for the first time. The sponsors, Mrs. Rhonda Pummill, Mr. Walter Shain, and Miss Donna Naismith conducted the meeting while the Student Council representatives were elected.

Paula Pepper and Maria Pacheco were chosen to attend the Student Council activities on behalf of the Freshman class. Class dues are two dollars and should be paid once the class treasurer is elected. The first class activity was held Thursday, October 9, when the

class members met after school to decorate the Freshman hall for the homecoming festivities. The theme for the decorations was "Two Hundred Years of Spirit." The next class meeting will be tomorrow, Monday, October 13. During this meeting, officers will be elected for the coming year.

QUEEN AND COURT . . . Miss Jana Bruns was crowned Homecoming Queen during half-time ceremonies of the Mule-Morton football game held Friday, October 11. Shown, (l-r) are Patti Poynor, Carey Sudduth, Jana Bruns, Tommy St. Clair, Perri Poynor and Robert Shafer.

Homecoming 1975 was climaxed by the coronation of the Homecoming queen at half-time of the Muleshoe-Morton football game. The Mules defeated the Morton Indians by a score of 28-17.

Miss Jana Bruns, daughter of Mrs. Betty Bruns, was crowned queen. Jana was escorted by senior halfback Tommy St. Clair, son of Mr. and Mrs. Bill Jim St. Clair. Jana, an MHS senior, is head cheerleader, editor of the Mule's Tale, a member of Student Council, and Kiwanis Club sweetheart. Homecoming queen attendants were Miss Perri Poynor and Miss Patti Poynor, daughters of Mr. and Mrs. Haney Poynor. Perri, a senior, was escorted by senior center Robert Shafer, son of Mr. and Mrs. Lewis Wayne Shafer. Patti, a junior, was escorted by senior quarterback Carey Sudduth, son of Mr. and Mrs. David Sudduth.

parade and bonfire were held to boost spirit for Homecoming. The parade started at High School and continued down to Main Street ending at the Boy Scout Hut where everyone witnessed the burning of the Morton Indian.

At 2:45 Friday afternoon, the Homecoming Pep Rally was held. The spirit and loyalty to the Mules was really at its peak at the Pep Rally. The winners of the Hall decorations contest and the poster contest were named. The HERO Chapter of HECE sponsored a Fried Chicken Supper Friday evening before the game.

### Theme, Haunted House

The sophomore class held a meeting during orientation Monday morning to discuss hall decorations, Halloween Carnival Booth, and to elect a Parliamentarian. The Hall Decoration Committee is Brent Gunter, Curtin Carpenter, Connie Harmon, Vicki Williams, Dani Dunham, Debbie Dillard, Terri Durban, Melodie Mauldin, Susan Crittenden, Morgan Pena, Stephanie Brantley, Cheryl Bryant, Mark Washington, Ross Feagley, Billy James, Beth Whitt, Kirk Lewis, Elizabeth Isaac, and Shae Penna.

They met at the end of the period to decide on a theme and plan meetings to work on the decoration. Kirk Lewis was elected Parliamentarian, and the class voted to let the officers handle the booth for the Halloween Carnival. The Hall Decoration theme is a haunted house featuring bats, ghosts, witches, cats, and other monsters for the hall. The front of the hall represented a haunted house. The committee met at the Ag Department Tuesday and at Connie Harmon's house Wednesday. The sophomores worked very hard and did a very fine job on their hall decorations.

### Rhinos Beat Demons

Monday, October 6, the FTA Powder-Puff game was played at the Benny Douglass football stadium. At eight o'clock, the Blue Demons kicked off to the Red Rhinos. Sheryl Stovall returned the ball 70 yards for the Rhino's first score. Tammy Bruns ran the extra points, making the score 8-0.

The two teams exchanged the ball several times before the Rhinos scored again in the second quarter. Tammy Bruns scored on a 55 yard scamper around the right end. She also scored the extra points leaving the score at halftime 16-0, Rhino's favor. At halftime, the Powder-Puff band performed under the direction of Lana Wagon. The cheerleaders did a dance routine for the enthusiastic crowd. They were Willard Norman, Zeb Payne, Danny and Donny Boone, and Gary Herring. Then the candidates for Powder-Puff Kings were introduced. Candidates for the Rhinos were Joe Bob Boone escorted by Tammy Bruns, Jack Barber escorted by Frances Brown, Wayland Barker escorted by Dani Dunham and King, Kyle Kimbrough escorted by Sheryl Stovall. The Blue Demons candidates were Curtis Carpenter escorted by Glenda Rasco, Darrell Rasco escorted by Beverly Biggerstaff, Johnny Dean escorted by Joie Carpenter, Mike O'Grady escorted by Yolanda Zackoski, and King, Brian Nickels escorted by Teresa Hamilton.

The second half the Demons and Rhinos were fired up and ready to play. The Rhinos kicked off to the Demons in who gained several yards. The Demons pushed against Rhino defense in several touchdown attempts. Later in the ball game, the ball was turned over to the Rhinos for a long yardage gain by Sheryl Stovall. The Rhinos then ran Tammy Bruns around the end to make the score 22-0. Susan Crittenden rushed around the Demons defense for the extra points. The ball was then turned over to the Demons for several steady yard gains. With little time left, Joie Carpenter dodged her way to the goal line for the Demons only score. The final score of the game was 24-6, in favor of the Rhinos. The FTA Chapter was proud of the successfulness of the game. A large and very enthusiastic crowd showed up at the game.

### HECE Makes Halloween Plans

The HECE officers met Tuesday night at 7:00 for a meeting at the San Francisco Cafe. All six officers were present.

They discussed the next meeting and decided instead of having a meeting they would have a Halloween party. The party was set for October 30. Everyone is to dress in costumes. A prize will be given to the weirdest costume. A place will be discussed during class.

Next the HECE shirts were discussed. It was decided not to get them since we have already spent so much money on the uniforms.

It was discussed to have a HERO of the week rather than to have a HERO of the month.

### FTA Teaches

Many FTA members are teaching at Mary DeShazo Elementary School. The teachers there are having a Parent Teacher Tea, so the Student teachers will be taking their places.

Alta Ramm, Sherrell Rasco, Johnny Rammage, Mike O'Grady, John Dean, and Janet Hopper will be teaching Monday, October 13 from 8:30 to 10:00.

Tuesday, October 14, Tammy Bruns, Joe Bob Boone, Mary Ann Gonzales, Naimi Anzuldua, Lupe Agundis, Gary Herring and Peggy Lopez will be teaching from 8:30 - 10:00.

Cynthia Rogers, Debbie Purcell, Kim Helker, Eva Gonzales, and Dora Torres are teaching on Wednesday, October 15, from 8:30 to 10:00.

We wish these student teachers lots of luck!

Following the meal, the meeting was adjourned.

### FHA Making October Plans

FHA Rose and Rosebud Chapters met Monday during orientation period in the auditorium to discuss our plans for October.

Thursday, October 9, all FHA members can ride the float in the Homecoming Parade at 6:00 p.m.

Saturday, October 25, FHA plans to have a booth at the Halloween Carnival.

All FHA members are now selling Stanley Products, and if you would like to buy some of these products, please contact any FHA member if you are not contacted. These will be sold through October 16.

### DECA News

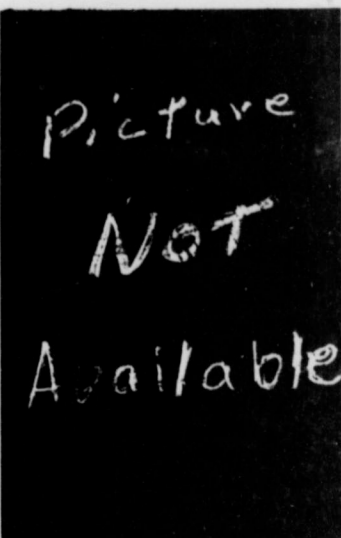

The Muleshoe DE Club had a meeting Monday, October 6, in Room 14. Topics discussed were the Christmas movie, the Halloween Carnival Booth, and the pre-game mexican supper before the Perryton football game on October 24.

Also, Nick Harris from Lubbock gave a talk on a new money making project of selling notepads and the club accepted and will soon be selling them.

The notepads will be a colorful, laminated, 12 inches by 17 inch cardboard with a felt tip pen attached. They will sell for \$2.50 each. Dan Ellis, Reporter

### 77th Heaven Decor Theme

The week of October 6 the Junior Class worked very hard for the hall decoration contest on Friday. Monday the 6th the committee chose a theme for the hall. The theme was "77th Heaven". The colors for the heaven were blue and silver. Tuesday everyone stayed after school to work on the decoration project. Wednesday everyone stayed after school in the industrial arts department working on decoration. After 6:00 everyone worked at Bob Stovall Printing. There they worked very, very hard even into late hours of the night. Thursday was the big day. During the day juniors who could maneuver their way out of class went out and completed the hall. After school everyone helped and through all of the hustle and bustle the hall was completed. The final finishing touches were added and the hall was beautiful. Even though there was only three days of preparation, the Junior hall was marvelous.

### Mighty 'M' Marcher Chosen

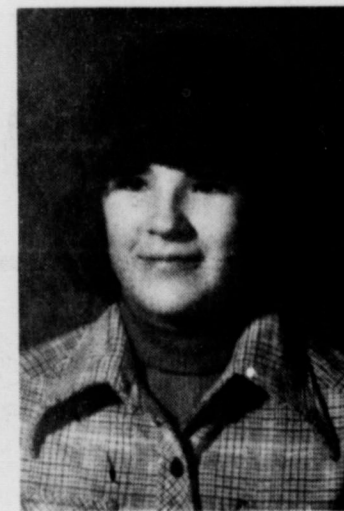

This year the Mighty "M" Band has decided to have an outstanding marcher each month. The outstanding marcher chosen for September was Chana Eubanks. She is the daughter of Mr. and Mrs. Doyle Eubanks. She is a freshman this year and plays the flute. Her comments on the band were, "I believe that the band has potential to be a No. 1 band."

## National Merit Scholarship Commendation Announced

One senior at Muleshoe High has been named a Commended student in the Merit Program by the National Merit Scholarship Corporation (NMSC). Principal Fred Mardis announced that William C. Durham, son of Mr. and Mrs. Charlie Durham of 804 E. Hickory, Muleshoe, has received a letter of Commendation.

This student is among the

### Speech Ready For Tourney

The M.H.S. Speech Department is preparing for their first tournament. The tournament will be held at Muleshoe High School and begins at 8:30 a.m., Saturday, October 18. There are twelve schools entered in this tournament. The student council will have a concession stand open for the speech department. We would like to wish the Speech Department "Good Luck" and hope they come out first!

35,000 Commended students named nationwide on the basis of their high performance on the 1974 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT). Commended students represent less than 2 percent of those who are expected to graduate from high school in 1976. Although Commended students ranked high on the PSAT/NMSQT, they do not continue in the Merit Scholarship competition because their scores were just below those of the 15,000 Semifinalists publicly announced by NMSC in September.

Edward C. Smith, president of NMSC, said: "The high standing of Commended students in the Merit Program shows their great promise, and their attainment in this nationwide competition deserves public recognition. Commended students should be encouraged to continue their education. Both these students and our nation will benefit from their further educational and personal de-

velopment." To increase their opportunities for college, NMSC reports the Commended students' names to the regionally accredited U.S.

colleges they named as their first and second choices when they took the PSAT/NMSQT in October 1974.

One of the great blessings that comes from living in West Texas is the clear, clean air we enjoy. That blessing would be hard to damage, since we enjoy wide open spaces and a low population density in the Panhandle. But, in eight U.S. metropolitan

motorist fills his tank with gasoline. Those gasoline vapors are a major contributor to air pollution and they become even more significant as the hydrocarbon emissions of cars drop. The EPA has proposed rules requiring every service station in those eight areas pumping more than 30,000 gallons per month to install expensive vacuum systems to recover escaping vapors. The vacuum system used pumps to suck the vapors back into storage tanks and has been effective up to 90% of the time. The major oil companies are pushing for a "balance" system which operates on the pressure of the gasoline flowing from the hose into the automobile gas tank. This pressure forces the fumes back into the storage tanks through a completely separate line attached to or incorporated as part of the gasoline pump hose. The "balance" system recovers 83% of the fumes at best and does not meet the EPA requirements of 90% effectiveness. So, service stations will have to go for the more expensive vacuum system not later than May 31, 1977.

## Plainview Hosts Art, Craft Festival

The Plainview Rotary Club and the Llano Estacado Museum of Plainview, Texas, will co-sponsor the Running Water Draw Arts and Crafts Festival October 17-19, 1975. The Festival, to feature over 100 artists and craftsmen from Texas, Oklahoma, and New Mexico, will be held at the Hale County Agricultural Center in Plainview. Visitors to the Festival will find a variety of arts and crafts for sale, including oil paintings, watercolor, pottery, macrame, metal sculpture, dip and drape dolls, acrylic-painted ceramics, silkscreened T-shirts, hand-crafted and handpainted jewelry, decorative candles, woodcarving, needlework, leathercraft, and handcrafted musical instruments.

One artist offering musical instruments for sale will be Stinson Behlen of Slaton, Texas, whose hand-made Southern Highland dulcimers have been displayed and demonstrated at festivals throughout the state for many years. Other artists who will offer their work at the Festival include Ruth Barnett, Hale Center; Ted Bell, Floydada; Charles Kiel Berg, Albuquerque, New Mexico; Jon Birdsong, Amarillo; Bernard Vetter, El Paso; and L.D. and Mary Cheatham, Lubbock. With 120 artists participating, there will be quite a variety of artwork available for purchase as visitors to the Festival take heed of the Festival slogan, "Buy something original for Christmas."

"Christmas in October" will not be the only theme of the Festival. It is also a recognized Bicentennial Committee event, and, as such, will be another year to celebrate the Bicentennial year. Gwen Reed, of Hale Center, will illustrate the 200-year theme when she demonstrates the spinning and weaving that has been part of the American heritage from its beginning. Visitors to the Festival will also enjoy the entertainment provided nightly by local vocal groups. Plainview square dance clubs will perform Friday and Saturday nights from 8:00 p.m. to 11:00 p.m. and from 2:00 p.m. to 5:00 p.m. Sunday. Visitors will be able to refresh themselves at several concessions throughout the Festival.

The Festival will be open to visitors from 9:00 a.m. to 11:00 p.m. daily, with admission

# Scholarships Offered

With the addition of the 20 \$4,000 agricultural scholarships awarded recently to members of the 4-H Club and Future Farmers of America, the Houston

Livestock Show and Rodeo for the Fall semester is funding 113 students in 16 Texas colleges and universities. Currently, 73 agricultural

students on campuses throughout the state have these awards and another 22 are studying under \$1,000 grants which are offered annually in the Gulf

Coast area.

In addition, special \$1,000 scholarships have been established for students at Prairie View A&M College, and four universities in Texas—Tarleton State, Texas A&I, Texas A&M and Texas Tech—have been awarded graduate fellowships. The total amount of funds now involved in these programs is approximately \$17,650.

"Naturally, we want to increase the number of scholarships as often as we can," commented N.W. "Dick" Freeman, newly elected president of the Houston Livestock Show and Rodeo. "Since 1957, when the program began, more than a half million dollars have been awarded in scholarships. We are always seeking ways and means of expanding."

Funding for the scholarships, grants and fellowships come from proceeds of the annual livestock show and rodeo in Houston. Ten of the top awards go to 4-H Club members and 10 to the FFA annually.

"This program," Freeman said, "offers an incentive to serious-minded young men who really want to enter the agricultural field. There are numerous applicants each year and competition is keen."

"This is especially gratifying because applicants must satisfy the selection committee that they do want to enter the field and will remain there."

Qualifications must include membership in either of the agriculturally oriented groups, 4-H or FFA. High school scholastic records must place the applicants in the top fourth of their respective classes. Need is also another consideration of the committee.

"Our application rules are indeed tough," Freeman said. "However, they insure that the program attracts and retains the best that Texas has to offer among the younger generation who plan to make farming their career."

The scholarship program is designed not only to make the newly graduated agricultural student proficient in the field, but also to keep him up to date on the latest technology so that he can improve his own performance on the job.

Freeman continued: "American farmers must continue to provide the leadership and technology essential in meeting the increasing food needs of the world. Agriculture is one of the most challenging careers these outstanding young people could enter."

This, he said, is what the scholarship program of the Houston Livestock Show and Rodeo is attempting to do within its own scope.

## Vibriosis In Breeding Cattle

Vibriosis is a very subtle, generally total-herd infection affecting breeding cattle, both cows and bulls of all ages. It is caused by a bacterial organism called *Vibrio fetus* venerealis, which can be transmitted only by natural breeding or artificial insemination, using semen without antibiotics. *Vibrio* organisms can live for as long as three weeks in cool, dark, moist manure, hay, or soil, but it is readily killed when exposed to air and sunlight. The bull is thought to be the principal carrier, and the infection is unique in that the vibrio lives in the bull but does not affect him internally. Bulls over five years old may be permanently infected.

The most talked about aspect of *Vibriosis* is abortion, but actually only about twelve per cent of the cows infected with vibrio abort. When abortion does take place, it is in the fifth to seventh month of the pregnancy and the cow usually retains the placenta. *Vibriosis* produces no fever or clinical signs, rarely causes a fatality, and inflicts no diagnostic lesions on an aborted fetus or the fetal membranes.

This is what to look for in a vibrio infected herd:

1. Many cows breed but return to heat five or six times during the breeding season.
2. Irregular heats (25 to 50 days apart).
3. Calving in the herd extended over six to nine months.
4. If bulls are exposed to the cows for a limited breeding period, you may find 60 to 80 per cent open cows on pregnancy exam later in the year.
5. Bulls will usually be skinny and overworked due to multiple rebreeding.
6. Signs are worse in 2-year-old heifers, with three-year-olds showing less of a problem.

Herd signs such as those above should make you suspect vibriosis, but may also be symptomatic of Trichomoniasis or infertility due to malnutrition. Your veterinarian can obtain samples to check for Trichomonas. If the infertility is due to malnutrition, the lowest conception rates will be in the two year old heifers nursing a calf and trying to breed back at the same time.

Laboratory tests are the only way to confirm a vibriosis outbreak. The three best ways

are:

1. Test on the vaginal mucous of a suspected infected cow two to seven months after exposure.
2. Lab culture of cervical fluids two weeks to two months after suspected exposure.
3. The whole aborted fetus sent to the Texas Veterinary Medical Diagnostic Lab., or at least the stomach contents of the fetus and discharged fluids from the cow following the abortion.

A blood test will diagnose vibrio in your herd, but does not necessarily indicate a current infection. Blood samples are of no value from bulls because the infestation in the bull is external.

Treatment is of little value because the problem is usually self limiting in 3 months, and persistently infected cattle are often permanent carriers.

The Texas Veterinary Medical Association says that prevention methods are the key to keeping vibriosis out of your herd, and of these, yearly vaccination of all breeding cows is the easiest and most effective. The vaccine is a 2cc dose given subcutaneously and should be given 30 to 60 days prior to breeding season. It should be given to every breeding cow every year. There is no value in vaccinating bulls. The cost is small considering you could easily get twenty more calves per 100 cows if vibriosis has been a problem in your herd. Call your local veterinarian if you have a breeding problem in your herd. He is best qualified to determine problems in your local area.

### The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm examines some of the phrases used by politicians these days.

Dear editor:

Some people are saying the country is being run mostly by worn-out politicians. I don't know about that, but I do know that the politicians' language is worn out.

For instance, a Senator said just the other day that letting some outfit police itself would be like "getting a fox to guard the hen house."

Never in the history of man has any farmer ever used a fox to guard his hen house. Maybe a Senator would try it, but no farmer has ever been that dumb. Besides, most people these days don't even know what a hen house is. Eggs come in boxes at the supermarket, stupid.

Another example: A Congressman said higher and higher gasoline prices will "keep the average man's nose to the grindstone." I don't suppose that any man's nose has ever been held to a grindstone, and if it was, I shudder to think what happened to it.

In order to whip inflation, another Washington official said, "we've all got to put our shoulder to the wheel." What kind of wheel is he talking about? You ever try putting your shoulder to an automobile wheel? You'd have to almost lie on the ground and besides the fender's in the way. Skin your head every time. Won't work on

bicycles or motorcycles either. And stay away from airplane wheels. The jet blast will get you. Of course he was thinking of wagon wheels, but there aren't enough of those left to go around.

Objecting to President Ford's plan to cut taxes if Congress will cut spending even before it gets a look at the new budget, a Senator said "he wants to buy a pig in a poke." I don't know how many pigs have ever been bought sight-unseen in a sack, but I have a notion not over half a dozen, and then by a half-wit being put upon by a practical joker. You get a notion that any politician who'd still use that figure of speech must have been one of the guys who bought such a pig.

Another politician wants us to "take a stitch in time," but the way nearly everybody is ripping off nearly everybody else these days a lot of shirts may be beyond sewing. "But," another politician warns, "don't cross your bridge till you get to it." Never, in the history of the world, try as hard as he could, has anybody ever succeeded in crossing a bridge before he got to it. It's in the same class with kissing your elbow.

Yours faithfully,  
J. A.

### AFTER THE PARTY IS OVER

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel - excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to be still and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "Commune with your own heart upon your bed and be still." Psalm 4:4. God says in Psalms 46:10 "Be still and know that I am God."

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Bob Bullock Reminds Of Deadline

AUSTIN--Comptroller Bob Bullock has reminded the 230,000 retail business in Texas that October 31 is the deadline for filing their quarterly sales tax returns.  
"It's only a few days away and any return filed after that time means nothing but problems for us and for the taxpayer," Bullock said, noting that tardy reports can carry financial penalties.  
Reports due October 31 cover the July-August-September quarter. Forms for the reports were sent to all sales tax permit holders by Bullock's office in September.

"Late reports are usually nothing more than oversights but that doesn't keep them from being a problem anyhow," said Bullock.  
Any retail merchant with questions should contact the nearest field office of the Comptroller's Department, Bullock said.

**For Rent**  
You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now. But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.  
Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.  
Our rates are reasonable. You can include freight, installation, pump... other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

who knows what lurks behind these shadowy walls?...

The ghostly occupants of this haunted house know very well. In fact, they refuse to move because they enjoy their comfort so much. What's causing the comfort they've become so accustomed to? It's the electric heat pump. The heat pump provides cozy warmth in the winter and just-right cooling in the summer with just one unit. One temperature setting keeps the un-earthly residents in heavenly comfort throughout the year... and it'll do the same for you and your family.

**ENERGY EFFICIENCY ALLOWANCE**  
We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

### Bula News

By Mrs. J Blackman

Pedro Vilchis, is the exchange student from Mexico City, who is making his home, with the James Sinclairs, for three months. Pedro arrived Tuesday evening at the Midland airport and was met by his foster parents. He is 14 years old and

classified as a freshman, in high school, at Threeway. He is an accomplished musician, playing the guitar, piano and organ. His father is employed by the Mexican government in Mexico City and his mother is a nurse. He has two sisters at home. One is older and one is younger than Pedro.

Bula-Enochs Lions met Thursday morning for their breakfast, with Carl Hall, Harry Pollard and Lester Bounds preparing the meal.

was Tom Tollett, of Littlefield.

The Enochs Home Demonstration Club raised \$278 from the rummage sale and bake sale held at the Bula community center, Friday and Saturday. This was a project sponsored by the Enochs Home Demonstration Club, and by women from the Bula community. All proceeds went toward buying a fire truck for both communities. It is being bought through the Lions Club.

Our sympathy is extended to

Mr. and Mrs. Cecil Jones, in the loss of her mother, Mrs. Janie Thompson. Mrs. Thompson passed away at the Knights Rest Home where she had been a resident for the past three year.

Payns Funeral Home at Amherst is in charge of the funeral arrangements. Burial was in the Quail Cemetery.

Mr. and Mrs. Cleo McCormack of Clovis, drove over and spent Monday night with their son and family, the John McCormacks.

Mr. and Mrs. Raymond Hargrove of Lubbock visited Sunday in the home of his sister and brother-in-law, Mr. and Mrs. J. R. Teaff.

Mrs. Ruth Hendricks, of Carmoke, Calif. and Mrs. Christine Kulhanek of Monterey Park, Calif. arrived last Thursday and spent a week here in the homes of their brothers, Mr. and Mrs. C.A. Williams and Mr. and Mrs. Sammie Williams, near Morton. They also

visited with their mother, Mrs. S.A. Williams, a resident of the Knights Rest Home, in Littlefield. Grandma Williams was able to leave the home and come to her son's home, the C.A. Williams and spent Sunday and Monday with them.

Other relatives attending Sunday were the Sammie Williams, Mr. and Mrs. Wayne Davis and children of Plains, Mr. and Mrs. Darnell Williams and son, Dewayne and Donny Young, from Enochs.

Mr. and Mrs. John Blackman drove to Portales and spent Friday night and Saturday with their daughter and family, the Dudley Cashes.

Alvis Collins has been hired as the new manager for the Young Brothers Gin. Collins' home is in Lubbock. He will be living here temporarily during the ginning season.

Mr. and Mrs. Jeryl Bellar and small son, Jeryl Junior have bought the home, formerly

owned by Grandma Blackman, and recently moved into it. Its good to have some neighbors.

Mrs. John McCormack and Mrs. Sam Crasco met in the Threeway school cafeteria Monday afternoon, at 3:45 with the Cub Scouts. The group of boys practiced on their Cub Scout promises, worked on posters, talked about their dues and played some games.

### Nursing Home News

by Myrtle Guinn

Mrs. Mattie Duke's neices have been here visiting their aunt. Those visiting here were Mr. and Mrs. S.D. vanderwerth of Houston, Mr. and Mrs. Bill Chandler of Gorman, Dr. and Mrs. Bill Rogers of Lubbock, and Mr. and Mrs. Raleigh Workman of Lubbock. They visited with their cousins, Mr. and Mrs. O.D. Ray also.

Mrs. Hellen Armstrong of Clovis, N.M. entered the nursing home on Wednesday afternoon here.

Mrs. Belle Lewis visited her mother Mrs. Maggie Green on Wednesday. Mrs. Lewis's son comes to see his mother, often.

Mrs. Chaney's daughters, Mrs. Laura Burdine and Mrs. Willie Welch both of Lubbock came to see her on Thursday morning.

Mrs. Kaltwasser's daughter-in-law, Mrs. Kaltwasser of Progress comes to see her on Tuesday mornings.

Mrs. Kersey and Mrs. Allen came to see Mrs. Guinn on Monday.

Mrs. Harry Waddell comes nearly every evening to see Miss Marie Ingram.

The Needmore singing group came Sunday afternoon to sing for us. We always are happy to have them come and sing.

Mrs. Opal Taylor comes often to see her mother, Mrs. Boydston.

Mr. and Mrs. Little and Bill Myers are new here with us in the nursing home. We hope they will be happy here.

Mrs. Nan Gattin or Mrs. Mae Provence comes each day at noon to help their mother, Mrs. Sain with her lunch and evening meals.

The following is a little poem whose author is unknown by me, but one that appealed to me when I read it. Maybe you too, will get its meaning and apply it daily in your life. It follows "It isn't your years, but how you have spent them. It isn't the cares that life may bring. It is the joys and dreams and friendships. These are worth remembering."

Looking back as I often do now, I find this to be true, daily in my life then, as I do daily now. Life holds many pleasures and worth while things in our daily pathway. If we only do our best to be a friend and get to know the people that we meet daily along lifes pathway. God grant me the understanding and knowledge to be a friend and loved one, I pray.
