DARRELL TAYLOR WELCOMED TO LA JOYA I.S.D.

Darrell Taylor a mass communications major was welcomed to LaJoya High School. Darrell, a native of Borden County, is a graduate of Northern Colorado University in Greeley. A course in radio production has just been added to the program offerings that already include a TV course taught by Scott Kippel, Director of the Migrant Instructional Television program.

With ten years experience in the area of mass communications, Darrell will teach the proper use of communications equipment, as well as speech, writing and editing. These basic skills will help students become proficient in the basic radio operations including broadcast production, news, commercials, and sports commentating.

Pictured above are Scott Kippel, Darrell Taylor, and Mr. Homero Diaz, Assistant Superintendent of Specially Funded Programs.

Darrell is a 1970 graduate of Borden High School and the son of Buster and Jean Taylor of Gail.

REGION 17 SCHOOLS RANK IN TOP QUARTER OF STATE

Student test results released this week by the Texas Education Agency showed that 12 school districts in

the application of agricultural skills and knowledge gained in classroom instruction. A major emphasis of the FFA is the development of skills and abilities to prepare young people for leadership roles in agriculture.

Education Service Region 17 ranked in the top quarter of school districts in the state.

The education agency ranked the state's 1,060 districts according to students' scores on the Texas Educational Assessment of Minimum Skills exam.

By law, Texas students in the first, third, fifth, seventh, ninth

GERRY SMITH OF GAIL is congratulated by Kevin Ochsner (right), national FFA secretary, on his achievement of the American Farmer degree. The degree was awarded in a ceremony Nov. 11 at the 61st National FFA Convention in Kansas City, Mo.

LOCAL FFA MEMBER RECEIVES FFA'S HIGHEST HONOR

Gerry Smith of Gail joined an elite group of FFA achievers today.

Smith received the National FFA Organization's highest degree of membership, that of American Farmer. Along with 713 other degree recipients, the Gail Chapter member was honored at the 61st National FFA Convention in Kansas City, Mo.

One of the highlights of the convention, the American Farmer degree ceremony, included the presentation of a certificate and gold key to Smith as he walked across the convention stage with thousands of FFA members

in the audience.

The American Farmer degree is presented annually at the national FFA convention to the top two-tenths of one percent of FFA membership. Awarding of the degree is based upon a member's Supervised Occupational Experience (SOE) program in agribusiness or production agriculture and his or her leadership ability as demonstrated through involvement in FFA activities.

The American Farmer degree program is a special project of the National FFA Foundation, co-sponsored by the Armstrong Tire Company,

New Haven, Conn.; Case IH, Racine, Wis.; Cyanamid Agricultural Division, Wayne, N.J.; Na-Churs Plant Food Company, Marion, Ohio; the Farm Credit System, Denver, Colo.; and Pioneer Hi-Bred International, Inc., Des Moines, Iowa.

The FFA is a national organization of 404,900 students in 7,800 chapters preparing for careers in the industry of agriculture. FFA activities and award programs complement instruction in agribusiness, agriscience and production agriculture by giving students practical experience in

Basketball News

LADY COYOTES BATTLE PAST POST

Fear not faithful football fans, football has not past its season yet. If you were in Post Thursday night for the Lady Coyotes basketball game with the neighboring Lady Lopes, you saw some fine blocking and tackling! Still, when it came down to the final tabulation, Borden, for the second week in a row, came away with three wins.

The freshman game, saw Borden fall behind early, but finish strong. Behind 6-4 the first stanza, Borden outscored Post 10-3 the second quarter to hold a 16-7 half-time lead. They then outscored Post 12-4 the third and 11-0 the last quarter to give them a 37-13 win. Amanda led the way in scoring and rebounds as she hit 12 points and had 6 rebounds. Shara Dee Woodward had 9 points and 2 rebounds. She also connected on the only three point shot of the game. Shayne Hess hit 6 points and had 3 rebounds. Kelly Jo Ogden

made 6 points and Kristin Monger hit 4 points and had 3 rebounds to round out the scoring and rebounding. Also playing in the freshman team were A'Lise and M'Lys Lloyd.

The J.V. game was close throughout as all but the second quarter were never more than two point differences. But the second quarter, Borden outscored Post 12-4 to hold a 19-9 lead. The 10 point difference would also be the final difference as each scored 12 in the final half for a 31-21 win by Gail. Leading the way was Rachel Romero with 14 points, 6 coming from the 3 point line, and 7 rebounds. Randi Woodward hit 12 points and had 5 rebounds. Julie Harris made 4 points and added 6 rebounds. Elizabetha Garcia hit a free throw and had 4 rebounds. Kristin Kilmer added 4 rebounds and Kandy Belew chipped in a rebound to round out the total. Also playing on the J.V. team was Heather Armstrong.

The Varsity game was a battle as both teams got pretty physical in the heated contest. The Lady Coyotes came away with a final score win of 47-28 but the score was not indicative of how close the game actually was. Borden held a 12-5 lead at the

end of the first quarter but fell behind quickly in the second as Post outscored Borden 11-0 midway through the period. A quick timeout turned things around as Borden came back to hold a 22-18 lead at half. The third quarter saw Borden again outscore the Lady Lopes 12-6 and the last quarter saw Borden hold a 13-4 advantage. Elana Himes led in scoring with 23 points followed by Kate Phinizy with 10. Elvira Balaque hit 7, Lisha Sternadel hit 6 and Kristi Adcock hit 1. Elana led in field goal percentage with 62%, making 8 of 13. She also led in free throw percentage with 54% followed by Kate and Kristi with 50%. Kate hit 3 three point goals and Elvira connected on 1 from the long range area. Kate led in steals with 4 and Elana had 3. Elana also led in rebounds with 7 and Amy Lewis was next with 5. Kristi and Lisha each had 3. Lisha led in assists with 4 and Kate had 3. Also playing on the varsity scrimmage was Mary Ann Garcia.

After Tuesday's home opener with Ira, next game will be at Loop Friday. there will be a varsity girls and varsity boys game, starting at 6:30. Borden will return to Gail the following Tuesday, November 22, against Forsan. The J.V. girls will begin action at 4:00 followed by the J.V. boys, the Varsity girls, and Varsity boys.

ANGELA EVANS AND DAVID BUCHANAN Borden Coyote Band Trombone Players performed in Tech Game.

COYOTE BAND MEMBERS MARCHED WITH TECH BAND

Saturday November 12th was Trombone Day at Texas Tech. Two Freshmen Coyote Band students, Angela Evans and David Buchanan performed with The Red Raider Band at the half-time show between Texas Tech and Lamar University.

band students lunch. There were 275 students from 25 towns including Dalhart, Wellington, Dumas, Dallas-Ft. Worth, Loop Borden County, Wilson, Floydada Lazbuddie, Friona, Plains and many Lubbock area schools.

The students attended a clinic with MSGT. Chris Matten of the U.S.A.F. Band in Washington, D.C. and later rehearsed with Keith Bearden and the Red Raider Band. The Ex-band students cooked and served the visiting

The students enjoyed their visit to Texas Tech and the opportunity to perform with The Red Raider Band. John Harris, Borden Band Director accompanied the students to the game and Tech Campus.

THANK YOU FROM ELEMENTARY

Borden Elementary takes this opportunity to express appreciation to Joel Dennis and family for their donation of an RCA color TV, Video Cassette Recorder/Player, power pack and adapter/charger. These donations are greatly appreciated and an asset to the educational program in Elementary. Also, Elementary is grateful to the Borden Parent Club for their purchase of a VCR player to be used in Elementary. The VCR was much needed as most educational films are presently VCR cassette.

EARLY DISMISSAL
School will be dismissed at 2:30 p.m. on the following dates:
Nov. 22 March 17, 20 or 21
Dec. 16 June 2

JR. HIGH GIRLS DROP CLOSE OPENER TO SANDS

The Borden County Jr. High basketball team opened its season here Monday night and after leading much of the way, let Sands slip back into the contest and take the win 45-32. Borden jumped out to a 15-9 first quarter lead behind Leslie Fryar's three 3 point shots and Melody Harrison's three two pointers. Borden still held the lead at half, 21-19, & extended their lead into the third quarter until Leslie exited the game with five fouls early in the third quarter. The young Coyotes were

unable to match Sands in scoring after that and Sands pulled ahead. Leslie Fryar and Melody Harrison tied in scoring honors with 15 points apiece and sixth grader, Jana Kincheloe added 2 points. Also playing was Jacquelyn McPhaul, and eighth grader in her first year of basketball. Rounding out the team this year are 7th grader Mendy Hensley and 6th graders Bobbie Armstrong, Mandi Herring, Erica Nance, and Gloria Portales.

Next game for the Jr. High will be this weekend in the Sands Jr. High Tournament. They will face Klondike at 9:00 Saturday morning and then will play either Sands or Grady at 2:30 or 5:00.

NordicTrack Fitness Features

Runners Are Slowing While At-Home Exercise Machine Trend is Growing

Chaska, MN... While the numbers of runners and high-impact aerobic exercisers are dwindling, the home fitness businesses is booming, according to NordicTrack, the Chaska-based innovator of cross-country ski exercise machines.

Overall, exercising with indoor exercise equipment increased eight percent last year, and Americans spent \$1.2 billion on home exercise equipment, according to figures of the National Sporting Goods Association.

However, the NSGA reported that during the past four years, the number of runners has dropped 15.9 percent, from 29.5 million to 24.8 million. During the same time, participation in aerobics has declined 5.3 percent, from 24.4 million to 23.1 million.

"We feel the reason for the decrease is that running and high-impact aerobics can be damaging to the joints; we receive many letters from people who have had to give up running or aerobics due to injuries," noted Jim Bostic, NordicTrack president.

Recent research at the Institute for Biomedical Engineering at Lehigh University in Bethlehem, Pennsylvania, showed that running and jumping result in three to four times the increase in pressure on bones and soft tissues, as compared to normal walking.

NordicTrack's patented flywheel provides smooth, no-impact motion, while still giving the vigorous aerobic workout that many runners and aerobic enthusiasts are seeking,

noted Bostic.

Some machines lagging

It's worth noting, however, that traditional types of equipment did not contribute to the growth in the in-home exercise equipment industry: sales of rowing machines were down 32 percent, while stationary bicycle sales dipped 13 percent.

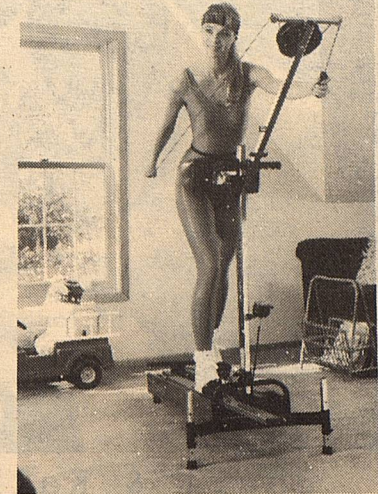

Meanwhile, treadmill sales were up 39 percent last year, and NordicTrack reported that sales were up 78 percent during their past fiscal year.

"Research tells us that cross-country ski exercisers are a lot more fun to use than traditional equipment," noted Bostic. An independent study by Burke Research showed that consumers who own cross-country ski exercisers, exercise bikes and rowing machines, preferred their cross-country ski machines more than six to one over the other machines.

In addition, the same consumers reported using their cross-country ski exercisers an average of nearly four times per week, and the average workout time on the machines was more than 20 minutes a session.

"Cross-country ski exercisers have just started to gain widespread popularity because people are realizing that cross-country skiing is the most effective form of exercise; it works and tones all the major muscles in your body, and provides the most efficient cardiovascular workout," said Ed Pauls, inventor and founder of NordicTrack.

"NordicTrack most closely

NordicTrack provides smooth, no-impact motion while still giving the vigorous aerobic workout sought by runners.

simulates the motions of cross-country skiing; in fact, I invented it as a year-round, physical conditioner for cross-country skiers," said Pauls. "However, it's gained widespread popularity among non-skiers, too, because it conditions the entire body — arms, legs, buttocks and stomach.

"Now 75 percent of the people who use NordicTrack are not cross-country skiers," added Pauls.

NordicTrack was founded in 1975 and sells its machines throughout the country and the world through direct marketing and a toll-free number, 1-800-328-5888, ext. 635.

BABY SHOWER

Sheri & Kalli Poole

A shower honoring Kalli Dennise Poole, daughter of Dennis & Sheri Poole was given Sunday, Oct. 6, in the conference room at the Borden Hish School.

The table was decorated with a rocking horse theme with pink and blue and spring flowers.

The hostesses gave Kalli a travel baby bed and refreshments were served to the guests.

The hostesses were:

Deidre Smith	Carolyn Stone
Karan Key	Mary John Phinizy
Tana May	Lisa Ludecke
Kevva Anderson	

Kalli's big sister, Kaci, and big brother Tanner along with Grandmother, Laurie Eubanks of Baird and Aunt Connie Chrane of Clyde also attended the shower.

America's Bloodiest Day

On Sept. 17, 1862, more than 25,000 Union and Confederate troops died or were wounded on the banks of Antietam Creek near Sharpsburg, Md. It was the single bloodiest day of the Civil War.

The Confederate forces commanded by Gen. Robert E. Lee invaded Maryland early in September. A copy of Lee's secret orders, wrapped around several cigars and dropped by some Confederate courier or officer, was discovered by men from Gen. George C. McClellan's army. The lost orders enabled McClellan to surprise Lee's troops, which were scattered and badly outnumbered.

Although Confederate partisans called the battle a draw, it was a major strategic defeat for the South. The invasion of the North ended when Lee pulled his army back to Virginia following the battle that Southerners named Sharpsburg and Northerners called Antietam.

England and France, which had been considering recognizing the Confederacy as a legitimate government, saw the battle as reason not to become involved in the politics of the Civil War. Five days after the battle, President Abraham Lincoln announced his plans to issue the Emancipation Proclamation, which freed all slaves held in states that seceded from the Union. lil

LET ME GET MY HAT

by Dennis Poole

**CULL OPEN,
LATE-CALVING
COWS**

Farmers and ranchers who haven't already culled open, late-calving and poor performing cows should do so soon.

There's no need to put expensive winter feed into cows that

are unproductive and inefficient. Culling the cow herd now will also help you more effectively plan on feed supplies for the winter months.

The culling process should also "weed out" unsound cows with bad eyes, udders or feet and legs.

Also, pregnancy testing cows this fall may be a more profitable management tool than ever before.

Since it's difficult for a cow to produce a calf large enough to pay her annual maintenance bill and leave some profit for the producer, an open cow is surely losing money.

In addition, cows calving late and during summer months wean calves 30 to 90 pounds lighter than their herd mates which calve at earlier times. For this reason it's advisable to cull cows which will calve late next year and possibly purchase pregnant replacements which will calve early.

Whoever does the pregnancy diagnosis (usually your veterinarian) will be able to estimate the calving date on each animal and make it easy to identify next year's

**CIGARETTE SMOKING COSTS
MORE THAN \$3 BILLION YEARLY**

The updated figures are in. It's one of those stories nobody wants to talk about over the breakfast table. It's about death and dying; what smoking costs us Texans in a year's time.

Smoking costs Texas--its citizens and taxpayers--an estimated \$3.3 billion per year, says Ron Todd, coordinator of the office of Smoking and Health at the Texas Health Department.

That's \$1,036 for every smoker age 18 or over.

It's \$198 per year for every man, woman and child in the Lone Star State. For every pack of cigarettes sold, Texas taxpayers pay a \$1.78 bounty in health care costs and lost productivity due to illnesses caused by cigarette smoking.

"And this is only cigarettes. It does not include medical costs related to cigars, pipes or smokeless tobacco," said Todd, who recently completed a statistical analysis, "Annual Cost of Cigarette Smoking in Texas" funded by the Texas Cancer Council.

Cigarette smoking kills Texans at the rate of 16,697 per year, according to the report. That's something equivalent to eradicating the population of four towns about the size of Bastrop.

One of the four federally required warnings on the side of your favorite brand of cigarettes states that "smoking causes lung cancer, heart disease, emphysema, and may complicate pregnancy." What it does not tell you is that it causes 30% of all deaths from heart disease, the leading killer in both the state and the nation.

Cancer, "the Big C" as John Wayne called it, and smoking are no strangers. One-third of all cancer deaths in the nation are caused by cigarette smoking, including 85% of all lung cancer deaths, the leading cancer killing of both men and women.

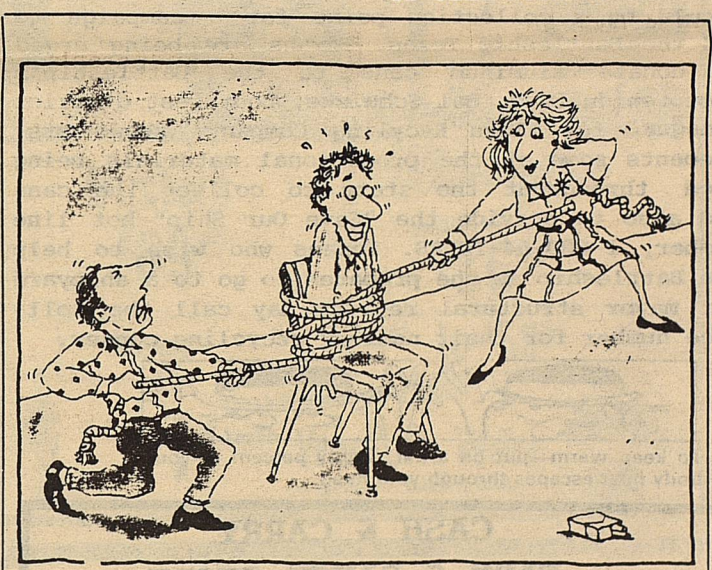

A traditional argument is that while smoking may be a bad habit, it produces tax revenue. But it doesn't bring in enough. The costs associated for medical treatment and lost time is more than six times greater than the revenue generated by cigarette sales.

late-calving cows. Work toward a 60-day calving season or one that's certainly no longer than 90 days.

Removing barren and late-calving cows from the herd will increase both the herd's reproductive potential and pounds of calf weaned.

CIGARETTE SMOKING COSTS

Cont. from pg. 5

The Texas costs attributable to deaths, lost productivity, and medical treatment were analyzed in three broad categories, explained Todd.

"Direct health care costs" include \$1,618,085,731 spent per year for prevention, diagnosis and treatment of smoking-related diseases and medical conditions.

"Indirect mortality costs" now add up to \$1,079,162,157 in lost income and productivity when individuals are disabled by smoking-disease or injury.

The three categories total \$3,314,226,103 per year in costs attributable to cigarette smoking in Texas, Todd said.

Copies of the report-- or other information on smoking cessation programs, smoking ordinances, worksite programs, current research, smoking and pregnancy are available by calling a toll-free number, 1-800-345-8647.

Johnny Appleseed

Although he is now thought of as just a figure in American folklore, there really was a Johnny Appleseed. Born John Chapman Sept. 26, 1774, "Johnny Appleseed" criss-crossed our young country planting orchards and befriending wild animals. To this day, orchards are pointed out as having been "planted by Johnny Appleseed."

Regarded as a powerful medicine man, Johnny Appleseed won the respect of the American Indians he encountered during his travels. He died in Indiana on March 11, 1847. **ll**

Voting Against: None

WATER TANK

The leak in the water storage tank was discussed. No action taken.

ADJOURN

Commissioner Smith made a motion to adjourn. Motion was seconded by Commissioner Wolf and approved unanimously.

LETTER TO THE EDITOR

Dear Editor & Residents of the Community:

The ravages of Diabetes is of special concern to many people in the country as one person in 20 is stricken with this disease and its serious consequences, and no one knows whose family will be hurt

next.

Many have donated money over the years and much research has gone into finding a cure--cut nothing really positive has come out of it since the discovery of insulin which controls but does not cure.

A grass roots movement began this summer in Omaha, Nebraska, and is

sweeping the nation to declare November 20, 1988, as an Interdenominational Day of Prayer to call upon God with an united voice and pray in churches and synagogues, prayer groups and individually that a cure for Diabetes might be granted to our research people.

The help of concerned individuals in your community is desperately needed to get the word out to friends and relatives in other areas that they might urge their churches or synagogues, relatives, and friends to participate. Remember, it is strictly a grass roots movement with no central organization which is relying on the help of many concerned individuals. PLEASE CLIP THIS LETTER AND SENT IT TO OTHERS TO HELP SPREAD THE WORD OF THE NOVEMBER 20, 1988 PRAYER DAY FOR THE CURE OF DIABETES.

Help us to spread the word--and join the many people from coast to coast on November 20 and pray for a Cure for Diabetes!

Sincerely,

DONNA HOLMQUIST

THANK YOU!

I would like to express my appreciation to everyone that remained loyal during the recent campaign.

I feel we are fortunate to live in a country and a community where we can go to the polls and vote our own conviction without fear of retaliation.

I assure you that I am deeply concerned about the future of our County. With the decrease in revenue and increase in operational costs, it will not be easy to maintain our present standard.

However I will continue to perform my duties to the best of my ability.

Sincerely
Frank Currey

Thank You!

Please accept my sincere thanks for your heartwarming show of support in the recent election.

I am deeply grateful for all of those who worked with me in the campaign, just as I am to all the voters who took the time to show their support and concern for the future of Borden County.

You have my promise to continue to give you my best as your District Judge.

Again thanks and God Bless you.

THANK YOU

My family and I would like to say a big thank you to all our good friends and neighbors for the many calls, prayers, and help of every kind during my stay in the hospital.

We appreciate each of you very much.

Thanks,

Rube Smith,
Sue, Richard and Alana too!
