Fans Can See New Field House From 7 to 7:30 P.M.

The Memphis Cyclone Booster Club will sponsor an Open House Friday night of the new Field House, in conjunction with a scrimmage between the Cyclone football team and the Irish squad of Shamrock.

The Open House will be held from 7 until 7:30 p. m. Friday, Aug. 26. The new field house was constructed this summer by crews of the Memphis Compress Company, and financed by the Memphis Independent School District and the compress.

At 7:30 the crowd will leave the field house and return to the stands while the two teams suit out for the scrimmage. The teams will go on the field at 7:45 and warm up until 8 p. m.

The scrimmage will begin at 8 p. m. and will last for an hour and a half or two hours, Coach Don Lambert said.

The Memphis Cyclone Band will also be on hand to furnish music for the open house-scrimmage night, Donald Swaim, band director, said.

The local squad scrimmaged against Turkey Tuesday night at the Turkey field. Coach Lambert said the players had good spirit and team effort was excellent; however, some costly mistakes gave the Turkey squad a scoring advantage.

As far as Friday night's scrimmage with Shamrock is concerned, Coach Lambert said Thursday morning that seven out of the 22 boys have some kind of injuries. Bruised muscles, infected blisters, and sickness, were among the things the coach mentioned.

"The open house night will give local fans a chance to see the inside of the new field house, meet the new coaching staff, examine the improvements at the field, and see a pre-season scrimmage," Wendell Harrison, Booster Club president, stated.

If plans materialize, according to Harrison, there will be water-melons out there Friday night for those desiring a little refreshment.

Also, reserve seat tickets will be on sale Friday night, as well as donations will be accepted for the Booster Club program.

Social Security Pays \$419,100 To Hall Countians

At the end of 1959, as Federal social security was starting its 25th year, old-age, survivors, and disability insurance monthly benefits were being paid in Hall County to 679 persons at the rate of \$419,100.00 a year, according to Hal Geldon, manager of the Amarillo Social Security Office.

Payments in the entire Panhandle were going to 17,391 persons at the rate of \$11,880,036.00 a year.

Nationally, Geldon said, about 13,750,000 persons were receiving old age, survivors, and disability insurance monthly benefits at the end of 1959 at an annual rate of more than \$10,000,000,000. At the end of 1940—the first year in which monthly benefits were payable—beneficiaries throughout the nation totaled 200,000. Almost half a million disabled worker-beneficiaries and their dependents receiving benefits at a yearly rate of over \$400,000,000.00 are included in the figures for 1959.

As social security celebrates its Silver Anniversary (the original Act was signed into law on August 14, 1935) about 74 million working people are in covered employment or self-employment in the

course of a year. They are building their dependents, and their ability protection for themselves, law, Geldon added.

Myrtle Nell Reed Becomes Bride of John Binkley At Methodist Church Sun.

Wedding vows were solemnized at 10 p. m. Sunday, Aug. 21, at the First Methodist Church for Myrtle Nell Reed, daughter of Mr. and Mrs. W. H. Reed, Jr., and John Binkley, son of Rev. Dr. David W. Binkley of Memphis.

Father of the groom, Rev. Dr. Binkley, pastor of the First Methodist Church of Memphis, read the double ceremony.

Special selections were by Mrs. Carl Smith, organist, accompanied by Rev. Paul Binkley, pastor of the First Methodist Church of Clarendon, as he officiated. "The Lord's Prayer" and "The Lord's Blessing" were also played for the wedding and recessional.

Bridal party stood before a background of greenery and gladdened by branched candelabra lighted tapers. Families were marked by satin ribbons.

Myrtle Reed, sister of the late Miss Kay Hill of Lubbock, was the bride. She was attired in a dress of aqua organza over taffeta, featuring a full skirt, cummerbund sash, and full puff sleeves. They wore headbands of velvet with nose length veils and aqua carnation wristlets of aqua carnations.

Bridesmaids Mrs. Benny Davis of Amarillo, cousins of the bride, and Miss Linda Sturdevant of Amarillo wore pink silk organza over taffeta and carried bouquets of pink carnations. All wore styled hairdos with cul-de-pate hats festooned with cul-de-pate flowers. Flower girl, Sherry Davis, of Amarillo, wore a dress of pink silk organza over taffeta with a full skirt, pull sleeve cummerbund sash and a headband of pink roses with a nose veil. She scattered flowers from a pink net basket.

Binkley of Abilene, brother of the groom, was best man. Groomsman and ushers were Eldon Welch of Seymour, Dudley Gillespie of Amarillo and Steve Watts of Memphis. J. D. Evans, Jr., cousin of the bride, carried the rings on a lace-edged satin pillow.

Given in marriage by her father, the bride wore a floor-length gown of imported Chantilly lace over tulle taffeta designed with a front lace panel and tiers of scalloped lace and net ruffles ending in a free-flowing chapel sweep. The fitted bodice was highlighted with a scalloped scooped neckline, touched with pearls and sequins, and long sleeves that tapered to points over the wrists. Her finger-tip veil of imported illusion outlined with matching lace fell from a coronet, studded with seed pearls. She carried a bouquet of white stephanotis centered with pink sweetheart roses and wore a single strand of pearls and matching earrings given to her as a gift from the groom. The tradition of "something old, something new, something borrowed, something, with a silver sixpence in my shoe" was observed.

Following the wedding, a reception for the bridal party, relatives, out-of-town guests and friends was held in the home of the bride's parents.

The young couple was assisted in receiving the guests by members of the wedding party. Mrs. Linda Sanders secured signatures in the wedding book.

The bride's table was laid with a floor-length ruffled tiered cloth of white net over pink satin centered with an arrangement of the bouquets of the bride and her bridesmaids and crystal candlesticks holding white candles. The divided tiered cake was beautifully decorated and topped with a miniature bride and groom. Punch was served from a crystal punch bowl. Assisting with hostess duties were: Mrs. Ed Hill of Lubbock, Mrs. H. E. Craig, Mrs. W. F. Goffinet, and other members of the house party assisting were Misses Barbara Widener and Jo Ann Widener, Mrs. Richard Wood of Childress and Mrs. Ronald Wilson

of Amarillo, all cousins of the bride.

Mrs. Reed chose for her daughter's wedding a navy silk sheath dress with matching accessories.

The groom's mother, Mrs. Binkley, chose a royal blue Japanese silk dress with matching accessories. Both wore corsages of white carnations.

For travel, as the couple left on their honeymoon, Mrs. Binkley chose a pink and beige embroidered linen sheath, with a beige velvet hat, beige gloves, pink suede heels and matching bag. She wore a corsage of roses from her bridal bouquet.

Both the bride and groom are graduates of the local high school. Mr. Binkley attended McMurry College and Midwestern University where he will resume his studies in the fall. Mrs. Binkley will be employed at the City National Bank in Wichita Falls.

The couple will make their home at 2913 9th Street, Wichita Falls.

Courtesies

Courtesies for the bride and groom included a rehearsal dinner at the Cyclone Drive-In, hosted by the groom's parents, and an

MRS. JERRALD McQUEEN

Parks-McQueen Nuptial Vows Read In Pretty Church Service Friday Evening

Miss Joy Beth Parks, daughter of Mr. and Mrs. Ben Parks, 904 North 18th, became the bride of Jerrald Edward McQueen, son of Mr. and Mrs. Ira McQueen, 901 Bradford, in an impressive ceremony read at 7:30 o'clock Friday evening, Aug. 19, in the First Methodist Church in Memphis. The Rev. O. B. Herring, pastor, officiated.

Miss Betty Lemons, organist, played nuptial selections and accompanied Arthur Smith of Tulia as he sang "Because" and "I Love Thee," and at the close of the ceremony he sang the "Wedding Prayer."

Sandra McQueen, niece of the bridegroom, and Larry Parks, brother of the bride, lighted the candles.

Miss Charlene Moss of Midland was maid of honor and Miss Judy Rauness of Borger was bridesmaid. They wore identical dresses of powder blue lace over taffeta styled with low neckline, cap sleeves and bouffant skirts with matching satin cummerbunds. They wore small fitted hats fashioned of blue velvet leaves encrusted with seed pearls, satin

bow and a circular veil of blue tulle. They carried nosegays of white majestic daisies with puffs of blue maline and white satin.

Sandra McQueen wore a dress of powder blue organza with fitted bodice and bouffant skirt and wore a daisy headpiece in her hair.

Kenneth McQueen of Abilene served as his brother's best man, and Larry McQueen of Memphis was groomsmen. Ushers were Ben Parks of Dallas, brother of the bride, Michael Flech of Odessa, cousin of the bride; John Deaver, Dickey Craig and Johnny Chamberlain, all of Memphis.

Ron E. McQueen and Don E. McQueen of Abilene, nephews of the bridegroom, were ring bearers.

The couple stood before an arch of white wrought iron entwined with lemon leaves, white wedding bells and lilies of the valley centered with a white satin bow. On both sides were arrangements of white gladioli and greenery. Four candelabras entwined with English ivy and white cathedral tapers completed the setting.

Given in marriage by her father, the bride was attired in an original gown of ivory satin accented with a high neckline of tulle appliqued with pleated satin scroll leaves embroidered with seed pearls and bridal beads. Long tapered sleeves came to a point over the hands, and the fitted bodice featured tiny covered buttons in the back. The dome skirt with unpressed pleats at the side, fell into a chapel train. Her veil of French illusion was attached to a tiara of iridescent sequins and seed pearls. She carried a cascade bouquet of gardenias and stephanotis. She wore a pearl necklace, a gift from the bridegroom, and observed the traditional custom of wearing "something old, something new, something borrowed and something blue."

Mr. and Mrs. Parks were hosts at a reception in the church parlor following the ceremony. The bride's table was laid with a floor-length white organza cloth with satin and lace trim over ivory satin. Table appointments were of silver and crystal and tapered blue candles. The table was centered with a wedding cake decorated with white and blue couple beneath an arch. The attendants' flowers were placed on the table.

Miss Jean Foxhall and Mrs. Johnny Harrell presided at the punch service, and Mrs. Dan Macina of Shamrock and Miss Carol Ann Monzingo served cake.

The bridal registry was presided over by Miss Linda Fields. Noted on the table were blue tapers and a white love rose bud.

Other members of the house party were Misses Audrey Beth Burnett, Leslie Helm, Paula Blevins, Frankie Lynn Srygley, and Meses. H. E. Craig, Barney Burnett and Thurman Widener.

For a wedding trip, the bride chose for traveling a costume suit of light-weight gray wool accented with black accessories and a white feather hat. Her corsage was the white gardenia from her bridal bouquet.

After August 23, the couple will be at home at 1505 B West 10th in Austin. Mrs. McQueen will teach in the Harris Elementary

School. Mr. McQueen is a senior student in Texas University where he is majoring in geology and will work on his masters degree.

Both Mr. and Mrs. McQueen are graduates of Memphis High School. Mrs. McQueen taught in the Borger school last year.

Mr. and Mrs. Ira McQueen were hosts to the rehearsal dinner Thursday evening in their home.

Memphis Gets .75 Of An Inch Of Rain This Week

An overall total of .75 of an inch of moisture has been recorded in Memphis this past week, according to J. J. McMickin, official weather observer.

Wednesday's rainfall measured .22 of an inch, Sunday's rainfall measured .33 of an inch, and last Thursday's rainfall measured .20, according to McMickin.

However, just because it rained this week, the area didn't get any relief from high temperatures. The mercury went over the 90-degree mark every day this past week.

The official high-low temperature spread for the week included: Wednesday 99-72, Tuesday 95-70, Monday 97-69, Sunday 93-62, Sa-

turday 99-67, Friday 93-66, Thursday 90-66.

A prime advantage of propylene — the versatile plastic — is that it retains its shape up to 290 degrees F. It will not melt until the temperature reaches 335 degrees.

Full length portrait photographs in direct color are the most recent decorator-treatment for your screens. The photographs are prepared with a protective spray for easy cleaning.

According to some estimates overall production of plastic in the U. S. will double during the next decade, reaching in 1970 an annual output of about 11 billion pounds.

Sheriff's Office Handles Two Cases This Past Week

Sheriff W. P. Baten, Jr., reported this week that his office has been working on two cases this week.

The Parnell store was broken in to Friday night, Aug. 19, when a soft drink bottle was thrown through the front door glass. A 15-year-old boy has confessed to the breakin. He is being held by Plainview law enforcement officers.

The youth confessed to breaking out of the city jail at Plainview where he was being held, and stealing a car there. He drove this car to Silverton where he left it, and stole another car. However, this vehicle got stuck in the sand, so he abandoned it near Silverton, and stole still another car.

He proceeded east, passing through Parnell. He told Sheriff Baten Tuesday that he entered the store and took two one-half gallons of orange juice, a package of wieners, a bag of potato chips and a loaf of bread, plus what change he could find.

He drove the stolen car to Childress where it ran out of gasoline. There, he stole a 1957 Chevrolet and drove it to Dallas, where law enforcement officers arrested him in the stolen car.

Sheriff Baten said that in another case, four colored persons have been filed on for fighting. He had a friend in the state penitentiary there whom he was going to see.

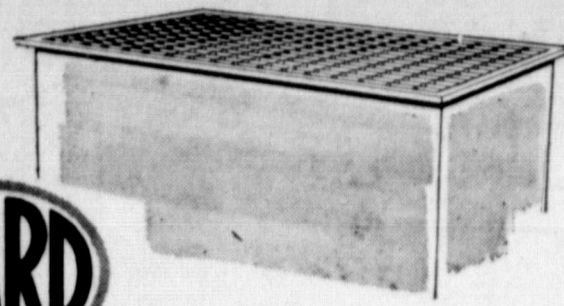

The youth was out on parole from Gatesville, and Plainview authorities said he will be returned to Gatesville since his parole has been revoked.

Sheriff Baten said that in another case, four colored persons have been filed on for fighting. This case is awaiting action by Judge J. S. Grimes, justice of the peace, who is on vacation.

Commissioners Give Farm Program Needs

In all agriculture counties of the state the dominant issue will be the farm program as the citizens make up their minds prior to the November general election.

The deliberations of southern commissioners of agriculture, in their recent convention, has not received the publicity they deserve.

It was pointed out that "the experience of the past seven years has clearly demonstrated the danger of allowing too much administrative leeway in farm legislation — in effect, delegating legislative powers to the administrative branch of the government."

The commissioners went on to prove their case and set forth their views and charges without mincing words, thus: "As a result it has been unnecessarily expensive, with too little benefit to the farmers, and surpluses have piled up in certain commodities to the point of the ridiculous."

The time has come when we should seek to avoid more pieced-on, patched-up or piece-meal legislation for agriculture. The urgent need now is for a program to meet the total needs of agriculture and give it stability.

The continued steady decline of our farm population may soon reach a danger point. Automation in farming operations and steadily increasing crop and livestock yields will ultimately reach a limit.

There is too much at stake for any person or party to make political capital of the farm problem. It strikes at the very heart of our economy and way of life, and it should transcend party lines.

Both the potentialities and the problems are now plainly visible and can be dealt with on both a current and long-ranged basis. Therefore, now is most especially the appointed time for the kind of broad farm program we need and must have."

Foreign Competition We have read where American industrialists have a hard time. It seems that six weeks after we market a product the Russians invent it and six weeks after that the Japanese are making and selling it cheaper. Our idea of free world trade is a tariff structure that will permit the equal pricing of all goods on a quality basis at the retail level and let the United States manufacturer stay in the competition.

Best timesaver ever—the long distance call —it's quicker, easier—and means so much more than writing How many times have you told yourself that you really should sit down and write a letter to your family? And by the time you actually do, days have gone by! A long distance phone call is easier than writing. It's quicker than writing. And it means so much more than writing. Best of all, long distance calls cost a lot less than you think. Why not put in your call tonight. GENERAL TELEPHONE America's Largest Independent Telephone System

The best way to hang a collection of framed photographs is to arrange them on the floor first. Try different placements until you get the one that looks best. Then drive the nails. A bright idea for decorating over a desk is to have your neighborhood professional photographer print your photograph on diamond shaped paper. Mat is in red checked gingham. Charles Hamilton, Local Minister, To Move To Ill.

Rev. and Mrs. Charles Hamilton and children, Charles Mack, Steven Mark, Danny Reeves and Luanne, will leave on Monday of next week for Salem, Ill., where Rev. Hamilton has accepted the pastorate of the First Christian Church.

Rev. Hamilton has been serving as minister of the local church for the past 26 months. Both he and Mrs. Hamilton have been active in community work as well as church work during the months they have made Memphis their home.

A talented musician, Mrs. Hamilton has sung at many socials during the months she has been here including banquets and club meetings. She served as president of the Stephen F. Austin Parent-Teacher Association the past year and Rev. Hamilton was to head the organization during the coming year.

"This is undoubtedly the friendliest town, and mean everybody, we have ever lived in," Rev. Hamilton said. "And we have enjoyed our stay here tremendously."

During the months they have lived here, Mrs. Hamilton's mother, Mrs. Lulu McConnell, has made her home with them, and will accompany them to Illinois.

Mrs. N. A. Hightower and O. V. Alexander are in charge of mailing out cards for the picnic.

Baldwin said that more committees will be named later, and that the special barbecue is being planned for the noon meal Sunday, immediately following the church homecomings.

Mrs. J. M. Saunders and Mary and James Elkins spent Thursday and Friday at Lugert Dam, near Craterville Park, Okla. They enjoyed fishing and visiting at Mangum and Grant, Okla.

Horton Rector of Pratt, Kans., visited his sister, Mrs. A. W. Howard, a few days last week.

E. L. Gaylean To Speak Tuesday To Faculty

E. L. Gaylean, representative of the Texas State Teachers Association, will be guest speaker at a meeting of the Memphis school faculty and school board members Tuesday evening, Aug. 30, at 7:30 p. m. in the Travis Cafeteria, Supt. W. C. Davis announced this week.

Special guests will be members of the school board and their wives and husbands or wives of the faculty members. Members of the faculty will bring a covered dish, and a meal will be served the group preceding the program.

Mr. Gaylean will speak on "The Outlook for 1960-61." A well-known educator, he has had a total of 29 years of experience in public school work, having served as elementary school teacher, elementary school principal, high school principal, school superintendent, and Director of School Census and Statistics in the State Department of Education. He has been serving in his present capacity as Director of Research and Records at TSTA since October, 1950.

Mr. Gaylean has a B. A. degree from North Texas State College, a Master of Education degree from Southern Methodist University,

and holds a professional teacher's certificate and administrator's certificate.

"This wide background of training and experience qualifies Mr. Gaylean to speak on numerous subjects related to the field of education," Davis said.
