Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

## GUEST SPEAKER FOR AWARDS BANQUET

Dr. Bailey M. Marshall will be the guest speaker for the annual Awards Banquet to be held Tuesday May 16th, 7:30 p.m. at Borden County High School Cafeteria.

Graduated from high school in Georgetown, TX., after participating and lettering in football, basketball, track, and baseball, and serving as president and in other offices of the Student Council. Attended Stephen F. Austin College and lettered four years in football and one year in track. Was captain of the football team, selected Most Outstanding Athlete in 1955, received Little All-American and All-Conference recognition in football, and was selected for Who's Who's in American Colleges and Universities, and Alpha Chi, an honorary society (top 10% in class).

Served as assistant coach and taught science at Gladewater in 1956-57 and served as assistant coach and math teacher at White Oak until summer 1964, when he became the principal of White Oak High School. Moved to Lockhart as High School Principal in summer 1966. Came to the University of Texas as assistant athletic director of the Interscholastic

DR. BAILY MARSHALL

League in February 1967, and worked part time in this capacity while working toward a Ph.D. in educational administration. Was named athletic director of the League in September 1968. Completed his Ph.D. during the summer 1972, and was named assistant to the director of the League in September 1972. He was appointed Director of the U.I.L. on September 1, 1977.

While coaching football, his teams compiled a record of 62 wins, 14 losses, and 3 ties as assistant and head coach. Teams won or tied for district five of eight years under his coaching, played for one state championship in 1957, and was defeated in the semi-finals in 1960. His

Bro. Richard Laverty was raised in the home of a Baptist preacher along with three younger brothers and one younger sister. Being a family of the ministry, they moved frequently. He was born February 15, 1961, in Pampa and spent a large part of his life in the Panhandle.

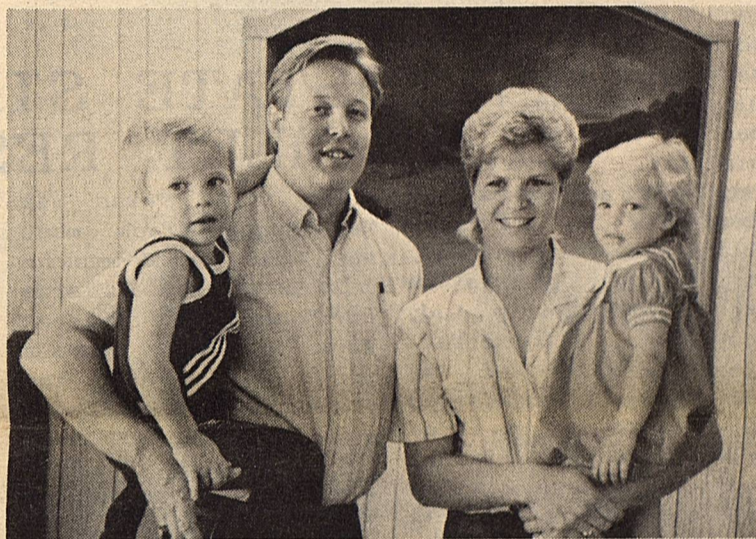

He graduated high school in 1979 from Mobeetie, Texas, where his parents currently resides. Following high school, he attended Frank Phillips Junior College in Borger, Texas for two years.

track team won the State Championship in 1958. Dr. Marshall also officiates basketball at the high school and college level.

He was selected to the Hall of Fame at Stephen F. Austin State University. He has served as Chairman of the National Alliance Baseball Rules Committee, is a member of NCAA Football Rules Committee, and National Speech Committee. He has served as officer in local TSTA, PTA, and in church organizations.

Dr. Marshall has four children: Jackie, Steve, Jana, and LeAnn. He is married to the former Becky Bludau, who currently officiates basketball for high schools and various college conferences including the Southwest Conference.

## NEW PASTOR AT GAIL BAPTIST CHURCH

New pastor in town. BRO. RICHARD, his wife, KAREN and their two children, TREY and SHALEENA.

He served as Baptist Student Union President and Student Government Vice-President at Frank Phillips College his second year in college.

He surrendered to preach in the spring of 1981. He later attended Wayland Baptist Univer-

sity in 1981 and graduated in 1985. His major was in Theology and minor in Psychology.

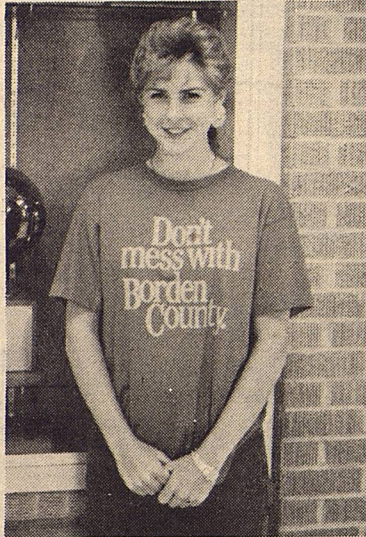

It was at Wayland that he met Karen Jones. Their relationship began while working together with Special

# KATE PHINIZY SELECTED ACADEMIC ALL-STATE

Each year the Texas Association of Basketball Coaches selects ten students for their Academic All State Basketball team. The players selected are based on not only athletic achievement but also academics and community service. This year, Kate Phinizy, a four year starter on the Borden County Lady Coyotes' basketball team, was one of the ten young ladies honored by the TABC. A three time all-district selection, Kate was one of only three players selected from Region I, the others being Shana

Birkenfield of Nazareth and Joely Ewing of Motely County. Congratulations to Kate on an outstanding honor and a great four years as a member of the Borden County Lady Coyotes!

1988-89 Academic All-State Basketball Team

Name	School
Kate Phinizy	Borden Co
Dee Dee Newman	Graford
Shana Birkenfield	Nazareth
Misty Taylor	Bronte
Joely Ewing	Motley Co
Sonya Liggett	Bellevue
Mira Richburg	Roscoe
Lorinda Kirby	Frost
Dana Hearne	Graford

## STATE SIX MAN MEET RESULTS

The first Texas Six Man State track meet was held at Comanche last Saturday. A large crowd welcomed athletes from Six Man schools from all over the state. The meet began with the 3200 meter run for the girls and then with the 3200 meter run for the girls and then followed the normal order of events through the preliminaries. After the prelims were over, the field events were completed under a fair north central Texas sky.

Borden County's Brian Bond was part of the throng of athletes hoping to take home a medal. He first competed in a very fast field in the 110 meter High Hurdles. He had a bad start and was not able to recover to finish good enough to make the finals.

In the 300 intermediate hurdles, Brian had a good start and was in good position until his steps were off on the 5th hurdle which caused him to alter his stride. In doing so, he fell behind, but he did managed to finish 4th in his heat. His time was 8 the best, but only the 7 best times made it to the finals.

Four Borden High School students won honors at the state U.I.L. literary meet held in Austin May 5 and 6. The meet was held on the University of Texas campus at the Thompson Conference Center.

In the shorthand competition, Junior, Julie Harris placed first and Senior, Kate Porter won second. No other school had a winning one-two combination in the business events. In accounting, Senior, Kate Phinizy placed second; she had the same score as the

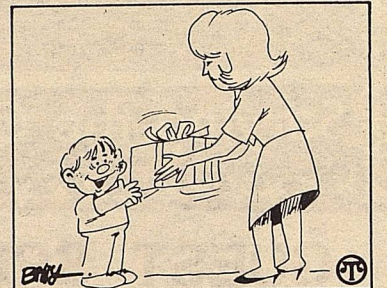

winning paper--a 72 out of 80--but was awarded second place because of the time element of the contest.

In journalism events, Borden sent two students. D'Lyn Lloyd wrote in the feature writing contest and placed 7th.

In the editorial writing contest, Senior, Chris Kilmer won third place to bring home a bronze medal. The overall winner of all the editorial writers was a student from Fort Hancock, whom Chris had defeated at regional.

Borden students represented their

school and community in such a way as to make everyone proud. There were some wonderful memories made during the trip; the only one that could have been done without, was the false fire alarm at 3 a.m. Sunday morning. But that's another story.

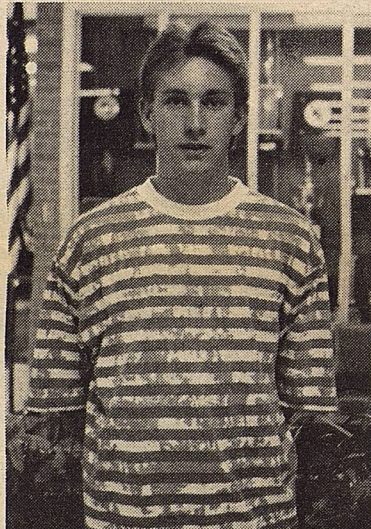

Children are the most frequent Mother's Day gift givers.

## ELANA HIMES TO PLAY IN ALL-STAR GAME

Each year, the Texas Six Man Coaches Association has sponsored an all-star game for boy's basketball and football. This year, they added another sport to their all-star line-up, that being an all-star game for girls. Elana Himes, a senior at Borden County High School has been selected to play in the contest.

The honor only added to the many awards already achieved by Miss Himes. Three times a member of the first team all-district, and this year again was selected as a member of the always tough Region I All Regional team, Elana will represent the West Team at Stephenville on the campus of Tarleton State Univer-

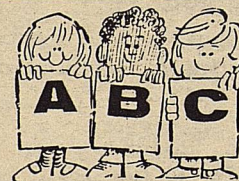

sity. The game will be Saturday, July 19, at 3:00 in the afternoon. A boys' all star basketball game will be that Friday night and the all-star football game will be on Saturday, after the girls' basketball game. Congratulations and good luck to Elana!

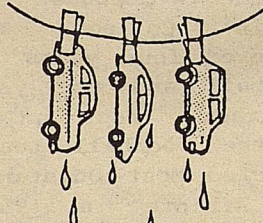

BRIAN BOND represented the Borden County Coyotes at the State Six-Man Track Meet.

The Stephenville Chamber of Commerce, host our coaching school and all star games and used the Comanche coaching staff in doing so. The first Six Man State Meet was a success even if though some winners didn't go home with medals. Coaches, parents were treated to exciting events all day long by the best athletes our Six Man Schools have to offer.

Congratulations to Brian!

## Special School Board Meeting And Trustee Election Results

May 8, 1989

A special meeting was called by the Board of Trustees of the Borden County Independent School District on Monday, May 8, 1989, at 12:00 noon.

The Meeting was called for the following reasons:

1. To approve the Asbestos Inspection
2. To approve the Asbestos Management Plan
3. To canvass election returns of School Board Election
4. To reorganize the Board

The meeting was called to order by Jack McPhaul, Board President.

Mr. Charles Thorn with Southwest Environmental of Abilene presented a report on asbestos in the Borden County Schools. Also with his report, he presented the Management Plan to deal with asbestos in the school.

The inspection report and also the Asbestos Management Plan was approved. It was the general consensus of the Board to make a decision at the next meeting concerning the removal of some of the Asbestos that was found.

School Trustee Election Returns were canvassed as follows:

CANDIDATES	South Gail	North Gail	Fairview	Plains	Murphy	Snelling	Vealmoor	Absentee	Total
Kenny Hensley	13	15	21	32	5	20	12	84	202
Joel Dennis	12	14	13	33	6	20	14	84	196
Tom Ed Vestal	6	9	10	27	2	13	21	72	160
Steve Hess	15	15	19	37	5	10	3	26	130

After the canvass of election returns, the Board certified that Kenny Hensley, Joel Dennis, and Tom Ed Vestal were duly elected as School Trustees to three-year terms.

The three newly elected and reelected members were given the oath of office by Superintendent James McLeroy.

The final item on the agenda was reorganization of the Board for the period from May 8, 1989 until the first Saturday in May, 1990. The following members were elected as officers by the Board:

President - - - Jack McPhaul  
Vice President - - - Bill Phinizy  
Secretary - - - Jon Monger

There being no further business, the Board adjourned.

## Engagement Announced

Wendi Hiller & Greg Kingston

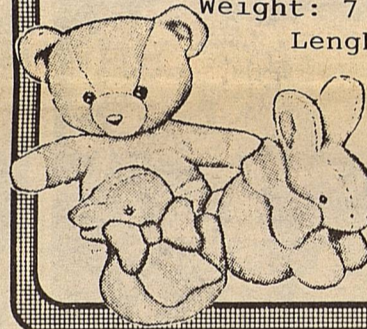

Mr. & Mrs. Duane Hillger, Garden City, Announce the engagement and approaching marriage of their daughter, Wendi Carol Hillger, Garden City, to W. Greg Kingston, Garden City, son of Glen & Judy Kingston, Garden City, grandson of Mrs. Garland Doyle, Plains Community, and the late Garland Doyle and Mrs. E. S. Kingston, Lamesa and the late E.S. Kingston. The couple will wed May 20 at the First Baptist Church, Garden City, with Brother Herb Wood, Abilene, officiating.

By Debra Pollard

Home Demonstration/CEA

## MONEY SAVING MODULAR CLOTHING DEMONSTRATIONS

Demonstrations will be held throughout the day at the Fabric Sale to be held Friday, May 19.

Learn to mix and match your wardrobe to save money. These time saving and money saving tips will make you want to dust off your sewing

machine and start sewing again. Even beginners can have a new wardrobe at a low cost. Come by the Fabric Sale and check it out.

Also available at the Fabric Sale will be T-shirt dresses patterns and ideas.

# Thank You

Thanks to everyone for their help and concern during the grassfire of April 22 which swept through my ranch and many of my neighbors.

MUCH THANKS!

## ASCS NEWS BY Jerry Stone

### ADVERTISEMENT FOR SUCCEEDING LEASE

The U.S. Department of Agriculture, Agricultural Stabilization and Conservation Service's (ASCS) Borden County Office presently occupies 968 square feet of office space at Wilbourn Ave in Gail, Texas. ASCS is interest in signing a succeeding lease for this space, but it will consider relocation if economically advantageous to ASCS. Occupancy is required by June 30, 1989.

Anyone interested should call Jerry Neil Stone at 915-856-4301 for more information.

### FINAL PLANTING DATES

Final planting dates are June 20 for cotton and June 30 for grain sorghum. Producers are required to replant cotton and sorghum acreages through these dates. If a disaster condition occurs after these date, replanting is not required for program purposes. Planting for the first time after these dates could cause a problem if the crop is insured with multi-peril insurance check with your agent first.

At this time, 0/92 is available only for small grains and feed grains. Only 50/92 is available for cotton. As in the past, cotton must be planted to earn deficiency payments regardless of moisture conditions.

### REPORT OF ACREAGE

As soon as spring seeded crops such as cotton, grain sorghum, and ACR covers have been planted, they may be reported on form ASCS-578. Again this year we will take your report of acreage on the computer. The final date to report spring seeded crops is July 17.

### MEASUREMENT SERVICE

For those of you who are unsure of your acreages or just want the guarantee, we offer measurement service.

The rate for the service is \$20.00 per farm, plus \$.02 per acre after the first 25 acres.

The final date to request measurement service is also July 17.

### CRP SIGNUP

The 9th CRP signup will be held July 17 through August 4, 1989. This program allows higly erodible land to be planted to a permanent grass in return for annual rental payments for the ten year period.

### LOANS

The last day to place 1988 crops of grain sorghum and cotton into the price support loan is May 31.

### ADDITIONAL ADVANCE PAYMENTS

A second cycle of 1989 advance deficiency payments

has been announced. The additional 10 percent advance amounts to \$.0214 for cotton, \$.05 for wheat, and \$.09 for grain sorghum. The second cycle advance will be paid in CCC-6's after May 15, 1989. Payments of less than \$200.00 will be issued in a check.

### HOLIDAY

This office will be closed Monday, May 29, for memorial Day.

??  
? **What's Your Opinion?** ?  
? **Freedom of Information Act: Does It Work?** ?  
??

If you are working for the government, you can get information about anyone or anything in hours, but if you are an ordinary citizen, you can wait years—and many do. Do you think that's fair? Many people who don't think there should be such a double standard are writing their legislators in support of speedy release of information under the Freedom of Information Act (FOIA).

Since its passage in 1966, the FOIA has been used hundreds of thousands of times by scholars, journalists, historians, churches and everyday people to remove the cloak of secrecy from government

records. The press has used the act to expose everything from wrongdoing in the executive branch to mere ineptness in the conduct of government; from revelations of child abuse at the U.S. Military Academy day care center at West Point to the disclosure by the Church of Scientology that the government had conducted chemical and biological tests on unsuspecting citizens.

In the last few years, the government has come under increasing attack by critics who contend it has sought to weaken the act's disclosure provisions. Among other things, critics cite changes made at the be-

# THE OTHER WOMAN

The young men had gathered for their weekly Friday drink and their stories turned to women and their conquest of the week.

As each took his turn of the women in their life there was never any mention of family or of wife.

One man sat alone and quite, he had no stories to compete and the others thought him boring with a blank on lovers sheet.

Each said they could fix him up with women that they knew and he should live a little before his life was through.

"I've never cheated on my wife", the quite man then said, "but there was another woman years before I was wed."

"Boys the best time I ever had was in the arms of that woman. Oh, she wasn't like the ones you speak of she was rather dull and common."

"I've been to her many times when the world has done me wrong. She would always hold and kiss me and advise me to be strong."

"She listened and encouraged and told me I was right and kissed my wet cheeks as I walked into the night."

"My wife knows of this woman and that I'll never have another. Because the best time I ever had boys, was in the arms of my mother."

companies really operate and how to buy the best insurance for your needs, order a copy of *The Crime of the Century—Insurance*, by sending \$19.95 to: Alford & Partners, 14623 Sixty-one Road, Suite 500, Queens, NY 11367.

Alford also warns that claims-paying habits vary a great deal among insurance companies. "Some insurance companies will pay your claim the day you file it, while others use legal jargon to make it almost impossible to collect."

## How to Halve Your Food Bills

The average American family spends \$153 every week at the supermarket. Many who use coupons to save money on certain products are unaware that taking advantage of refund offers is a far more effective way of lowering grocery bills.

Refunds, cash returns provided by manufacturers, are incentives to get you to try new products or rewards for your continued use of a product.

The savings an astute shopper can realize through the over 4,000 refund offers each year is staggering. For example, a company that offers a 25-cent coupon for a product will often have a \$3 refund deal for the same item. Since most refund offers are for \$1.50 or more, mailing in 20 refund offers per week would shave \$30 from each shopping bill—for a total of \$1,560 every year.

Apart from refunds on food, you can get money back on purchases of detergents, cosmetics, personal care products, toys, undergarments, pet foods and many other items.

To profit from refunding requires some work, but the thrill of receiving money in the mail makes it a fun and rewarding hobby. However, the only way a serious refunder can learn about all of the offers available is to subscribe to a monthly refund bulletin.

*Moneytalk*, published by Ron and Jean Kwiatkowski in Larksville, Pa., is an especially informative and inexpensive way of learning about over 500 refund offers every month.

To learn more about how refunding can cut your grocery bill, send a long self-addressed stamped envelope to: *Moneytalk*, P.O. Box 1661-B, Kingston, PA 18704.

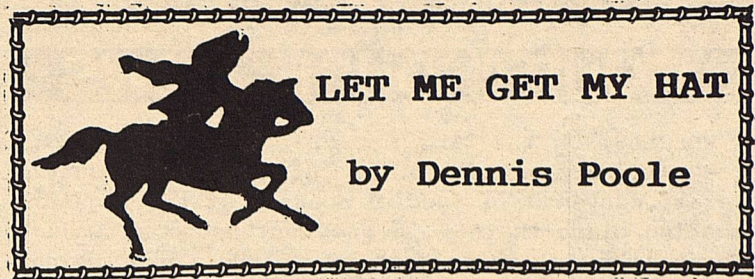

## Texas A&M scientists devise method to convert methane to ethylene

COLLEGE STATION — Scientists have developed a catalyst to directly convert the main component of natural gas into ethylene, a chemical currently in short supply but widely used in a number of everyday products from plastic bags to milk jugs.

The process, developed at Texas A&M University, could lead to more plentiful supplies of ethylene by transforming methane from natural gas into ethylene currently derived from petroleum.

Ethylene, now in short supply, is an important basic ingredient for a number of industrial products, particularly the plastics that go into items ranging from polyethylene wrappers and milk jugs to running-shoe soles and chemical products such as ethyl glycol antifreeze.

## M-44 CERTIFICATION PREDATOR ANIMAL CONTROL SCURRY-BORDEN COUNTIES

A training meeting to certify individuals interested in the M-44 predator animal control device will be offered Thursday, May 11, 1989, 8:30 - 11:30 a.m., Room B, in the Scurry County Coliseum, Snyder, Texas.

The M-44 is a patented spring operated device used with a toxicant to control coyotes. A fetid or "rotten" bait is used with the device to attract the coyote. When the animal tries to pull the bait from the ground the spring

ejector releases and propels powdered cyanide salt into the animal's mouth. This action causes no pain and is of such nature that the animal dies quickly. It is the most humane device yet developed for coyote control and is much less hazardous to humans or livestock than other devices.

Mr. Billy Henderson of the Texas Department of Agriculture from Abilene will be on hand to administer the training.

The pointed upper lip of the black rhinoceros grasps and picks up small objects almost as deftly as a hand.

To all customers of Southwestern Bell Telephone Company:

## Public Notice

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

 Southwestern Bell Telephone

## EXPERT ADVICE

### Don't Buy Insurance From Ed McMahon!

If you buy the type of accidental death or hospitalization insurance pitched by Ed McMahon or other celebrities on television, you're probably paying exorbitant rates for little meaningful coverage, says a leading insurance industry expert.

"Many mail-order insurance companies use celebrities to lend credibility to policies whose only real purpose is to take your money," says Ron Alford, author of *Crime of the Century—Insurance*, an exposé of insurance industry tactics. "You can almost always find less expensive coverage from other companies."

Many heavily advertised policies charge \$6.90 per month (\$82.80 annually) for only \$300 worth of coverage. By comparison, a typical life insurance

policy costs, depending on insured's age, only about \$53 for every \$1,000 in coverage.

## NEW MINISTER IN GAIL

Cont. from pg. 1

Olympics. Karen was from Springlake and attended Wayland for two years, then later graduated from Jessie Lee's Beauty College in Lubbock. They married April 21, 1984.

They were married and gave birth to their son, Richard Aaron Laverty III (Trey) in Richard's last year of college. Trey was born in Lockney, March 17, 1985.

Following his graduation from Wayland Baptist University, they moved to Borger until he later received a job at Pan Fork Baptist Encampment between Wellington and Shamrock, Texas. He had previously worked there during his college summer breaks since graduating high school.

They moved March 1987 to their first pastorate at the First Baptist Church of Midkiff (South of Midland).

Their young daughter,

### Scripture Corner

Bless those who persecute you; bless and do not curse.

Rejoice with those who rejoice; mourn with those who mourn.

Live in harmony with one another. Do not be proud, but be willing to associate with people of low position. Do not be conceited.

Do not repay anyone evil for evil. Be careful to do what is right in the eyes of everybody.

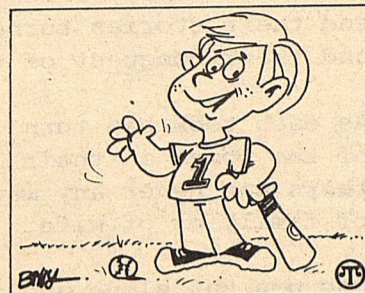

If it is possible, as far as it depends on you, live at peace with everyone.

Do not take revenge, my friends, but leave room for God's wrath, for it is written: "It is mine to avenge. I will repay, says the Lord."

Do not be overcome by evil, but overcome evil with good.

Romans 12:14-19 & 21 (NIV)

looking forward to being part of this community.

The earlier asthma is identified and treated, the easier it may be on a child.

### AT&T MultiQuest<sup>SM</sup> Service

AT&T Communications of the Southwest, Inc., (AT&T) announces its intent to introduce within Texas on July 14, 1989, AT&T MultiQuest Service, a new interactive 900-type telephone service. Since February 19, 1989, this innovative service has been available to Texas businesses only on an interstate basis. With AT&T MultiQuest Service, Texas business customers (otherwise known as sponsors) may offer value-added information services to callers originating long distance calls from Texas or elsewhere in the United States over AT&T's public switched network. A Texas caller, accessing the service by dialing the sponsor's 1-900 plus seven-digit number, can obtain recorded and/or live information by communicating with attendants, voice messaging equipment and computer data bases. Flat-rate, time sensitive usage charges will be billed to the caller for the sponsor's service.

AT&T is offering AT&T MultiQuest Service within Texas in response to requests by its business customers for a service that offers intrastate as well as nationwide interactive voice & data transport capability. Potential sponsors include entrepreneurial companies entering into new ventures that are information intensive, local mass announcement sponsors who want statewide as well as national coverage coupled with interactive capability and other information service providers.

The Texas intrastate AT&T MultiQuest Service will be tarified as an "add-on" offering to a sponsor's existing interstate AT&T MultiQuest Service. The intrastate AT&T MultiQuest Service costs will be recovered from sponsor usage charges set forth in AT&T's intrastate tariffs. The usage charges billed to the caller are determined by the sponsor as appropriate to the service being offered and are not tarified charges.

For more information about AT&T MultiQuest Service please call your AT&T Account Executive or AT&T's business consultants toll free on 1 (800) 552-0212. They can answer your questions regarding this service and how it can be of benefit to you.

AT&T intends to file a tariff to offer this service with the Public Utility Commission of Texas on June 13, 1989, effective July 14, 1989. Persons who have questions regarding this tariff filing may contact the Public Utility Commission's Public Information Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf, or write to them at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Intrastate AT&T MultiQuest Service is projected to generate \$1.1 million in the first year of its offering or .1% of AT&T's total gross service revenues in Texas.
