Mules Loose Season Opener To Cubs

It was a hard fought season opener Friday night when the Muleshoe Mules took on the Brownfield Cubs in Benny Douglas Stadium.

The Mules kicked off to the Brownfield Cubs, with the Cubs putting the ball into action on the Mules 40 yd line. Quarterback Noel Garcia carried the ball down the outside for a 17 yd pickup for the first, first down of the game. Shad Evans picked up another 16 yards on a pass from Garcia.

Flags were on the play and the Mules were penalized for holding. In the next play Garcia took the ball right down the center for another 5-6 yd pickup, before having to punt the ball to the Mules.

The first half of the game was a defensive half for both the Cubs and Mules.

The first touchdown of the game came when the Cubs crossed the endzone with 7:13 left in the first quarter. The kick was good and Brownfield took the lead 7-0 over the Mules.

The Mules took over on the 30 yard line, fumbled the ball and recovered it for a 2 yd loss. Flags were down on the play with the 8 yd penalty being against the Cubs and the Mules received an automatic first down.

After a series of plays the Mules were unable to capitolize on, Hernandez punted the ball back to the Cubs. The Mules turned the ball over to the Cubs on Brownfield's 44 yd line. Again the flags went down on the play, this time against the Cubs.

A series of holding penalties cost the Mules 20 yds in the first quarter of the game.

In the first minutes of the second quarter, the Mules picked up 10 yds penetrating the Cubs territory. Quarterback Galin Latham ran right down the center for a 3-4 yd gain before passing the ball to Bobby

Washington. The pass was incomplete.

The Mules had to punt the ball back to the Cubs and as they were starting to move the ball, the Cubs quarterback Garcia started to throw the ball was hit by Hernandez. A personal foul was called against the Mules and cost them 15 yds.

The Cubs had to punt the ball back to the Mules when they failed to capitolize on a number of plays.

The Mules took over on their 30 yd line with 6:25 left in the second quarter. After attempts to move the ball were unsuccessful the Mules again punted the ball back to Brownfield Cubs, with a 30 yd punt.

With 4:30 left in the second quarter the Mules recovered a Brownfield fumble and took over on Brownfield's 25 yd line.

A 31 yd field goal attempt by David Quintana was no good for

District Governor Gives Report On Australia

"If you want to go to Australia, Don't put it off. Go!, District Governor Hal Helton of District 4X Lions Club of New Mexico, said when speaking to the local Lions Club at noon Wednesday.

Jack Young introduced District Governor Helton, who spoke

of his trip to Australia this summer. Helton stated that the trip was part of his three years training to become a District Governor. He also noted that Roland McCormick was also in Australia.

Helton and his family left Las Angeles on June 9 and 14 hours later he arrived in Sidney on June 11. He passed around pictures he had taken on his trip.

He toured Sidney and up the coast of Grisbin, 1,000 miles. They had rented a van and he did most of the driving. "We decided that if we ran out of anything to do we could always get a job on road construction," Helton said. "There was road construction everywhere. All the roads went right down to the center of town."

"One morning as we were leaving about 8 a.m., we saw a truck and thought the man was on the wrong side of the road, but it wasn't him, it was me, Helton Said.

"We made a few Lions seminars and training sessions. It was a busy week with seminars and they were the most gracious hosts. There were 40,000 people, representing 170 countries there. We

"We spent a lot of time traveling," said Hilton.

"We went to Fisherman's Warf and Grumpeys. At Grumpey's we ask the waiter about

the specialty of the house and she said "bugs". I had barbecued bugs and they were real good, tasty sea food," he continued.

"We also went to Sea World and Dream World. We also saw Kangaroos and Koala bears," Helton said. "The Lions Club vest opened doors every where we went."

"While there we saw banana, avocado and peach, all kinds of fruit plantations. I asked a man about their type of irrigation and he said, "300 inches annual rainfall.

"We saw sheep country and wild kangaroos, small ones up to four feet tall. We were warned they could be quite aggressive. All the trucks and cars had what I called cow catchers (large bumpers). If you bump one on the ground its nothing, but if it hits the windshield it will come right through," Helton said.

"We attended a Lions Club meeting. Here our installations last about one and a half hours. Over there it began with cocktails at 7 p.m. and they toasted everything and it was about 12:30 a.m. when the gavel rang goodnight. It was very enjoyable."

Helton is from Clovis, N.M. and he met Joe, a contractor friend and they toured Sidney Harbor.

"We saw one house that was placed on the market for \$20,000,000 but when the bank foreclosed on it, it sold for \$12,000,000," Helton said.

And their fish markets have everything. You can get fresh sea food constantly."

They also saw the Sidney Aquarium, the largest in the world. "There were two tanks approximately the size of the Civic Center. In the first tank you could see all kinds of fish in their natural surroundings. From there you walked down a tunnel into the second tank. There you could see large sharks. Helton stated that seeing the sharks with their big teeth gave you a whole new outlook on aquarium life, even though you knew they couldn't get to you.

"We had rented a van that had five miles on it when we got it, and 25 days later we had 36,000 miles on it.

"The country was beautiful. It was very green, with some desert. The people were most gracious," Helton said.

Following Helton's talk, Dis-

Volunteers Program

Dillman and DeShazo Elementary Schools would like to start a volunteers in Public Schools (VIPS) Program again this year. This program is for parents, grandparents, or anyone interested in volunteering so many hours a day or week to help at the school, in various places.

Volunteers are placed by what their interest would be or where they feel comfortable. Volunteers do have to attend a training, only once, which lasts approximately 30 minutes. This training is to go over rules about things that would be expected of them and not expected.

If you have any spare time and enjoy being around kids, you are encouraged to attend the training, which will be held Thursday, Sept. 12, at 9 a.m. in the Dillman cafeteria. Refreshments will be served.

Mule Days Celebration

Promises Fun For All

The Muleshoe Chamber of Commerce and Agriculture will sponsor Mule Days, the celebration of Muleshoe's birth and history, September 14. For the first time ever, Mule Days is combined with the Bailey County West Plains Fair. Mark your calendar and be at the Bailey County Civic Center for the big event.

Kids, bring your turtles for the turtle race. Decorate that bike for the parade or show your favorite pet at the pet show. These are just a few of the activities for youths.

Activities abound, too for adults. Enter the Chili Cook-Off! Play Mule-Pattie Bingo. (See the Muleday Funtime Activities Schedule below for details of all activities.)

The highlight of the day will be the Muleday Funtime Parade to get underway at 10 a.m. Being included in the parade this year will be floats, antique and unique cars, cars carrying dignitaries, riding clubs, commercial divisions, individual riders and walkers and animals.

Parade participants are encouraged to get registration

forms to the Chamber office next week and all entries are to be at the Boy Scout Grounds at 9 a.m.

For more information contact the Chamber of Commerce and Agriculture, 215 South First, Muleshoe, TX 79347 or call 806-272-4248.

Winn Receives ASCS 30 Year Award

EDITORS NOTE:After thirty years of service Mildred L. [Laverne] Winn was presented a plaque in appreciation of her service, Thursday morning. The following story was written by Danny Noble.

Mildred L. Winn has worked with the ASCS organization since March 2, 1961, working in the Crosby County ASCS Office until June 15, 1969. Laverne, as all of her co-workers call her, was the Chief Program Assistant in Crosby County until she transferred to the Bailey County ASCS Office in June 1969. She began her work in Bailey County ASCS as the Price Support Clerk, then progressed to Production Adjustment Clerk, then in June 1978, she was promoted to chief Program Assistant, and that is her position at this time.

Laverne works on all programs and has done an outstanding job. She has a good rapport with all the producers in the county. Laverne is married to Jess Winn, who is manager for a natural gas distribution company, so he also works with the farmers, therefore they share knowledge of the producers farming operation that helps to know the need of the producer.

Laverne is unselfish when it comes to work, she is willing to work anytime, place and hours

THIRTY YEARS OF SERVICE--Thursday morning Laverne Winn was honored for 30 years service to ASCS. Danny Noble presented Mrs. Winn a certificate of appreciation. Mrs. Winn stated that she planned to continue working for ASCS as long as she can carry her share of the load. Terry Pollard, County Committee Chairman and Johnny Fuston, District Director, were on hand when the presentation was made. (Journal Photo)

Letter To The Editor

Ms. Evelene Harris, Editor
The Bailey County Journal
P.O. Box 449
Muleshoe, Texas 79347-0449
Dear Ms. Harris:
This year's Boys Ranch Rodeo was a great success, thanks to the fine publicity that The Bailey County Journal helped provide. Because of such good coverage, excellent crowds were on hand to applaud the efforts of our boys and girls.

Nearly 9,000 rodeo fans attended the two-day event. Their enthusiastic applause made a big difference to the rodeo constantans who worked hard to win top awards. Succeeding as this year's Senior All-Around Cowboy was Teddy Parker of Oklahoma City, Oklahoma, while Cardell Neal of Bryan, Texas earned Junior All-Around honors.

With so many other events occurring over the Labor Day weekend, we were fortunate to have such good attendance. I know the publicity you provided encouraged many to make the trip to Boys Ranch. Please extend our gratitude to everyone of your staff who in some way contributed to our successful rodeo.

Again, we appreciate your efforts to help publicize our rodeo. As always, our doors are open for your personal visit whenever possible. Thank you for caring.

Sincerely yours,
Carl McMillen

We are all aware of the deductions that are made from our paychecks and contributed to Social Security. In most cases, these payments are required by law to be made to the Social Security Administration so individuals who are ready to retire or are incapacitated due to an injury can receive Social Security benefits.

I have received several letters from people who are interested in finding out what Social Security benefits they are entitled to receive when they retire or suffer an injury that prevents them from working.

While we at the Texas State Treasury do not maintain such records in our office, we have put these individuals in touch with the correct agency, the Social Security Administration, which is a federal agency. The Privacy Act, which is designed to protect you, only entitles the Social Security Administration to divulge your earnings history to you or a person representing

you. Therefore, you should contact that agency directly to request a copy of your complete Social Security statement. They will send you a form to fill out and return to them. In six weeks or less, you should receive a statement that will reflect your Social Security earnings history, how much you have paid in Social Security taxes and your estimated future Social Security benefits. Dear Editor,

I am writing in hopes of dispelling the far-flung myth that law enforcement officers support gun control. The police administration on Capitol Hill, most of who haven't been on the street for decades, do not speak for the majority of rank and file police.

Take it from someone who knows. Gun bans and other harsh anti-gun laws directed at lawful gun owners ultimately do nothing to reduce violent crime. Semi-automatic gun bans in some states put law-abiding gun owners at risk of arrest and prosecution for refusing to register, surrender or otherwise dispose of their guns. Now a similar nationwide ban is proposed. I want to arrest criminals, not lawful citizens made into common criminals by means of misguided laws. That's why I oppose semi-auto gun ban proposals and other worthless anti-gun laws masquerading as crime control.

My job would be a lot easier if our elected officials would dedicate more time, money and effort toward developing anti-crime tools which legislate against the criminal not law-abiding citizens. Let's cut out the easy parole and courtroom injustice and start enforcing the tough laws already on the books.

Sincerely
Jeffrey C. Onstott

Kiwanis News

Fourteen Kiwanians, three Honorary Kiwanians an two guest met Friday morning at the Dairy Queen. Our Honorary Kiwanian's present were Stacy Morris, Jon Keith Turner and Robby Clapp. Our guest this morning were Eddy Morris, daughter of Glenn Morris and Coach Jim Stewart.

President Glen Morris called the meeting to order. The Honorary Kiwanians led the club in the pledge to the flag. Bryan Morris gave the Invocation. Keith Turner, taking after his son, Jon Keith, also forgot the Friendship Coin and left it at home. Keith ran home right quick and got the coin and gave it to Hugh Young. Hugh stated that he would try to keep it two weeks also Bryan Morris was in charge of the program and he introduced Coach Jim Stewart. Coach told that all of sports now had to be connected to teaching as well as sports. When hiring a coaching staff, he had to look for people who could teach certain subjects as well as coach. There is more to sports, football, basketball, Baseball or track, than just winning. Winning is the name of the game but all of life is not success.

Sometimes you loose. Coach stated that he wanted to teach the young people to succeed in life if possible but also what to

do if you fail. He wants his teams to win but also they need to learn how to lose gracefully. Work hard, play hard and give it all you have, don't quit and you will be a winner. To our young people work as hard as you can. Give it all you can and be the best you can and whether win or lose, you will always be winners to us. We are very proud of our young ladies and young gentlemen.

We commend you Coach Stewart, all of your staff and young men of our football team. The hard work all of you have put forth will be rewarded. Good luck in the game tonight with the Brownfield Cub's.

Thank you Coach for coming to Kiwanis and bringing us the fine report on the Mules. We enjoyed it. Go, Mules, Go!

Hobby Club Meets

Muleshoe's Hobby Club met Thursday, September 5 at 2 p.m. at the Senior Citizens Complex with twelve members present. Those present were Mable Caldwell, Sammie Ethridge, Jane Williams, Hazel

Reeder, Ruby Lambert, Glenda Morris, LaDema Wright, Frances Bruns, Callie Dyke, Loma Baker, Oneita Cornelison and Esther Magby. The hostess gift was won by Mable Caldwell.

How can you reach outside yourself to touch the lives of others and, at the same time, enrich your own life as well as make a significant contribution to your community? Say, "YES!" And that's exactly what several people in the Lazbuddie community have done.

A worthwhile new program called Y.E.S. (Youths Exchanging with Seniors) was implemented at Lazbuddie during the last school year. The program involves student volunteers from community youth organizations, F.H.A. and 4-H, who are specially trained to be of service to the elderly, their adult leaders and advisors, and senior citizens who are willing to interact with the young people and receive special services from them.

Lazbuddie's Y.E.S. is under the direction of Mrs. Barbara Lust, the school's home economics teacher and FHA advisor. The Parmer County Y.E.S. program is part of a twenty-county pilot project in Texas created to help communities reach out to its senior citizens through student service volunteers and to foster interchange of ideas and good will between the young people and the seniors.

One goal of Y.E.S. is a joint project of youths and seniors to benefit the community in which they live. This summer, Lazbuddie's Y.E.S. members teamed up to serve the community by giving a much needed face-lift to one of Lazbuddie's most important landmarks, the post office. Under the guidance of Mrs. Lust and her husband, Glenn, the Y.E.S. students scraped and repainted the building which had once served as a general store and general meeting place of farmers with "whittling time" on their hands.

Mrs. Lust said that the repainting of the post office was a high priority joint project idea for both the students and the seniors. Senior citizens and several Lazbuddie businesses donated funds for the project, and the young people donated their labor. Some of the seniors helped paint, and Mrs. Mae Davis provided refreshments for the students on every workday. R. L. Barber spearheaded the fund drive, purchased paint, and gathered supplies and equipment so the young people would be ready to go to work.

Some of those who contributed to the project were: the R. L. Barbers, Sherley-Anderson elevator, the Glenn Scotts, the Max Steinbocks, Easter Grain, the J.T. Mayfields, Foster Fertilizer, Randy Thomas, Jennings Land and Cattle Company, Connie Barnes, and Mr. and Mrs. Frank Hinkson, Sr., the C.W. Dales, Clay's Corner Gin, North Lazbuddie Gin, and Irene Thorn.

Students who worked at the building were: Brandy Nelson, Stormy Davison, Jonas Hernandez, Joni Hernandez, Janis Hernandez, Rachelle Rice, Joelle Weaver, Lori McBroom, Christina Perkins, Jerri Cozby, Bobby Weaver, Heather Engeling, Richard Flores, Brice Foster, Roxann Warren, Troy McBroom.

Mrs. Lust expressed pride in her student volunteers and appreciation to everyone who contributed to the project in any way.

The Y.E.S. students and seniors celebrated the completion of the joint project with a hamburger get-together at the school on Thursday night, August 29. They also viewed two films about the Y.E.S. Project, parts of which were filmed at Lazbuddie.

Mrs. Lust stated that Y.E.S. will be very active in the Lazbuddie community this year, and invites any interested senior, student or potential adult leader to get involved in this very rewarding program. She may be reached at 965-2828.

The Bush Administration said it will build no more new space shuttles but will concentrate on creating a new family of rockets.

MASON AWARD HONOREE--Elbert Nowell, at left, was presented the Golden Trowel Award for his service to Masonry Thursday, September 5. The award is the highest presented within Masonic Lodges. He is joined here by Hugh Young, worshipful master of Muleshoe's Masonic Lodge 1237, and, at right, his nephew and wife, Mr. and Mrs. Derrell Nowell. (Journal Photo)

Masonic Lodge Honors Nowell

Muleshoe's Masonic Lodge 1237 presented Elbert Nowell the Golden Trowel award September 5. The award was given to Nowell for his many years of service to the lodge and the Muleshoe community. Hugh Young, worshipful master of the lodge, made the presentation to Nowell at a salad supper attended by members of the lodge and guests.

Nowell has been a member of Masonic Lodge 1237 since 1946 serving the lodge as master and the grand lodge of Texas as district deputy grand master. He has also served as secretary of the lodge.

Masonic lodges were first to instigate public schools in Texas. Both Jim Bowie and George Washington were Masons as were a number of signers of the Declaration of Independence.

A large portion of the funds lodges raise goes to pay the operating expenses for Scottish Rite hospitals.

DeFoor To Judge Art Show

Rick Neeley of Southwestern Public Service Company in Amarillo announces that Kyril Bruce Defoor will judge the Friona Fall Art Exhibition. The show is co-sponsored by the Tri-State Amateur Artists Association, and the Friona Art Association. Defoor is from Clovis, New Mexico and teaches art at Eastern New Mexico University. He will be an impartial juror for: Best of the Show and first, Second and third in each category.

The number and identification of categories will be: oils,

watercolors, sculptures and other two dimensional work, excluding photography.

Artists throughout the Tri-State area will be exhibiting at this show which is being held at the Depot in downtown Friona, Texas. There will be a reception for all visiting artists and their guests on Tuesday, September 10 from 4 to 6 p.m. The reception will feature a critique by Defoor.

The public is invited to view this exhibition on September 12 and 13 from 10 a.m. to 3 p.m. and on Saturday, September 14 from 9 a.m. to 2 p.m. Some of the art work will be offered for sale.

Tops Club

TOPS chapter No. 34 met Thursday, September 5 at our new location, 815 West 2nd, the Girl Scout Hut. Laverne James called the meeting to order. The TOPS pledge was recited and the fellowship song sung.

Betty Jo Davis, weight recorder, called roll with 17 members answering with the amount they had lost or gained. No minutes were read.

Joy Harp was named best loser for the week. Runners-up included Linda White, first; and Ernestine Steinbock, second.

Last month best loser included Joy Harp, best loser, Lucille Harp, first runner-up; and Alene Bryant, second runner-up.

Linda White and Joy Harp were our new K.I.W.'s this week, meaning they reached their weight goal. Way to go, girls.

Alene Bryant received a gift out of the white elephant box for losing last week and again this week.

Joy Harp received a pin for 24 weeks perfect attendance and a pin for being best loser.

Polly Otwell gave a very interesting talk on her trip to the Bahamas. The meeting was adjourned with the good night song.

Dave Ferguson, constable of Harlingen, believes it's no test of marksmanship to clip off the head of a rattlesnake with a pistol bullet. In fact, if there's any honor in such target shooting, it should go to the snake. And Constable Ferguson will tell you why.

"All you have to do is point the pistol at a coiled rattler, pull the trigger and his head flies off. The reason is that a snake on guard points its head directly at any menacing object. No aim is needed."

the Mules and they turned the ball back to the Cubs. Brownfield took the ball with 29 seconds left in the first half and let the clock run out.

In the second half the Cubs came out strong against the Mules. The Mules put the ball into play on their own 36 yd line. On a pass from Latham, Lewis broke a tackle and returned the ball to the 45 yd line. A personal foul on the Cubs gained the Mules 15 yds and an automatic first down.

On the next play the Mules fumbled the ball and there were flags on the field. The Cubs declined the penalty and took possession of the ball.

Jackson broke two or three tackles and ran 53 yds for a touchdown. The kick was good and the Cubs led 14-0.

Following a few more tries the Mules couldn't get past the Cubs defense and had to punt the ball back to the Cubs.

The Mules weren't the only ones being penalized, the Cubs had two touchdowns called back due to penalties.

A third touchdown came for the Cubs following a pass from Garcia to Shad Evans from the 18 yd line, two feet short of a touchdown.

Jackson carried the ball over for the third and final touchdown of the game. Making the score 21 to 0 Brownfield.

Bill Revamps Purchasing

Lt. Governor Bob Bullock reports the Texas Senate passed legislation that would crack down on state agencies' use of government-owned vehicles and begin consolidation of the dozens of state personnel offices into a central personnel agency. The measures were part of a bill to revamp the State Purchasing and General Services Commission and implement several cost-saving provisions of the Sharp audit report.

"This legislation will force agencies to cut back on some of the unnecessary expenses and begin consolidating duplicate functions--like personnel offices--that can be found in virtually every state agency," said Bullock after the vote.

The bill would recreate the State Purchasing and General Services Commission as the General Services Department and allow the Governor to appoint the executive director of the new agency, Bullock said.

The legislation also creates the Texas Office of Personnel Services, as recommended by Sharp's Texas Performance Review, to be a central agency responsible for accepting job

applications and establishing a uniform state personnel policy.

Among the bill's cost-saving provisions is one requiring all state agencies to participate in state travel services and another consolidating most state vehicles into the state vehicle fleet. Vehicles assigned to agencies providing vital services will be exempted.

Bullock said the bill would also transfer state telecommunications functions from State Purchasing to the Department of Information Resources "to allow for an integrated and unified approach to using technology to provide better service for the clients of state government."

Bullock praised the Senate sponsor of the bill, Senator Gonzalo Barrientos of Austin, for his efforts in guiding the legislation through the Senate.

Here's another necessity for your apartment.

If you are living in an apartment or duplex, this may be the first opportunity you've had to experience the terrific benefits of having natural gas in your home. You will find that for heating your home during cold weather, for hot water, or for cooking, nothing beats natural gas for convenience, economy, and efficiency.

With cooler temperatures just around the corner, here are a few reminders from your friends at Energas Company on the safe and responsible use of natural gas where you live.

Your furnace needs an annual check-up.

Your natural gas furnace has been sitting quietly all summer, waiting for the time it's really needed. And like anything that's been idle a while, your furnace needs a checkup before it starts back to work. You may want to check with your landlord or apartment manager about arranging for an annual inspection by a qualified professional heating contractor. Once it's been inspected, your furnace should require very little attention the rest of the winter.

A closet isn't always a closet.

Your water heater or furnace is probably in a closet all by itself. And that's the way it should stay. As tempting as it may be, don't use the space around a water heater or furnace for storage. Even

if these major appliances sit in the open, the space around them should be kept clear to insure adequate air circulation.

If you smell gas.

We hope that you will never have to deal with a gas leak. If you do smell gas, day or night, exit the building then call your local Energas office immediately. Do not flip light switches or use any other electrical equipment. Do not light a match or a candle. Do not try to find the leak yourself.

For more information.

Get a free folder from your landlord or apartment manager. Or call your local Energas office.

Natural gas is the best energy you can have in West Texas for any home heating job. Just set your thermostat, and have a great winter!

"LABOR IS LIFE"
Carlyle

Let's talk about labor — work, if you please, for that is what labor is. Labor has come a long, long way since ancient times when work was closely related to slavery. Aristotle described a slave as "a tool with life in it." In the Middle Ages, labor gained dignity and respect as slavery declined and Christianity spread. Then, later in the 1700's and 1800's the industrial revolution created conditions that led to the modern labor movements. Today labor has gained respect, wages and working conditions hitherto unknown before.

Labor is life. Work is satisfying. Through his work a man accomplishes, and creates, and provides for himself and his family. When deprived of the opportunity or ability to work, man often becomes depressed, even ill.

I Corinthians 3:9 tells us that "We are laborers together with God." We are His hands, feet, voice, and compassionate heart here on earth to spread the gospel, lift up the poor, eradicate ignorance and destroy disease.

Honor God and Labor this week by attending church.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
