4 H Livestock Show FFA

4-H & FFA Club members from throughout Kinney County and the Brackettville School District will be competing for top honors at the annual Kinney County Livestock Show to be held TODAY and Saturday, Jan. 19-20 at the Brackettville Civic Center.

Weighing, penning, and tagging of all animals started at 8:00 a.m. and will continue til noon. At 2:30 p.m., today, judging of the market swine will begin followed by judging of commercial steers at 3:30 p.m. Judge for the market swine and steers will be James Bevel, Vo. Ag. teacher from La Pryor. Also today, will be the judging of all project show entrities entered in the many different divisions including foods, arts & crafts, clothing, metal works, and others.

On Saturday morning beginning at 6:30 a.m. there will be a breakfast for all livestock

exhibitors and stock show helpers prepared by the Brackettville FHA and their instructor Mrs. Sharon Anderson.

Beginning at 8: a.m. Saturday judging of the market lambs will begin with lightweight finewool lambs followed by heavyweight fnewool lambs, lightweight cross-bred lambs and heavyweight cross-bred lambs. Judge for the market lambs will be John Kearny well known lamb judge and Vo. Ag. teacher from Sterling City.

At 11:55 a.m. presentation of Showmanship Awards will be biven. Also at this time a new award the Silver Shears Trophy will be presented.

At 12:00 NOON an old fashioned ranch style bar-b-que will be served under the direction of Lynn Frerich and all the 4-H & FFA mothers. Then beginning at 1:00 p.m. the junior livestock Show Auction will start with the auctioning of prize winning animals. The sale this year will

be conducted by Joe Hargrove Southwest Livestock Exchange and their personnel.

Superintendents in the various departments will be Marcelino Valdez, market swine; Jimmy Bader, beef cattle; and Pat Rose III, & Darrell Paul Franks, Sheep

Concessions will be available throughout the show sponsored by the entire Brackettville Coaching Staff. Lee Schermerhorn will serve as stock show recorder and bookkeeper.

The auction sale sheets will be prepared by Mr. and Mrs. Chuck Hall in cooperation with the Rio Grande Electric Co-op.

The stock show promises to be the best ever and the Livestock Show committee extends an invitation to everyone interested in youth and fine livestock exhibits.

###

CITY HALL

The City Manager, Tim Ward, announced this week that several projects in the City are well under way---

Fifty percent of drainage ditch on the East side of Brackettville has been completed.

The El Paso Bridge improvements have been completed.

Work is underway on the Fulton Street bridge

A new water main is being installed on Sweeney Street and three new water hydrants are being installed, which will lower insurance rates for residents in that part of town.

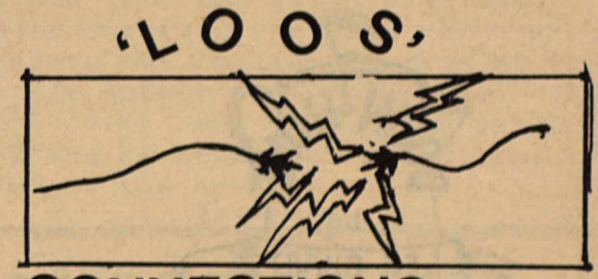

KINNEY COUNTY CHILD WELFARE BOARD

Kinney County Child Welfare Board held their second meeting (regular) January 10, 1979, at 7:30 p.m. in the home of Mrs. Charles Shipman. Bernard Zum-Mallen, Child Placement Social Worker, acted as temporary chairman, so the Board could elect officers.

Tusnela Cerventez, President Mrs. Charles Shipman, V-President Miss Charles Wilson, Secretary; and Mrs. Charles W. Spain, Treasurer were present. Mrs. Lydia Tipps, member of the board was also present, board member not present was Ms. Bertha Sandoval. There is one member-at-large to be appointed by Judge Albert Postell.

The Board voted to have their next meeting on February 5, at 7:30 p.m. in the County Court Room.

###

CONNECTIONS

WELL THIS HAS BEEN A VERY INTERESTING WEEK!!!
It seems like nobody say's anybody is right!

CABLE TV

According to City Manager, Tim Ward, the Brackettville Cable TV Company claims they have no problems in their system. According to Mr. Ward the only problems they have complaints on are on Channel 41.....Since I do not watch channel 41 I certainly hope it is better than channels 2, 4, and 5! I have checked with other people in the area, and most ask "What is Channel 5?"

ELDERLY LUNCH PROGRAM

LOOS CONNECTIONS page 1

During the early part of this week we heard a rumor that lunches for the elderly confined to their homes would be discontinued, UNLESS THEY SHOWED UP ONCE A MONTH AT THE CIVIC CENTER.....

Now there is nothing worse than a vicious rumor....So I called Mrs. Sanchez of the Maverick Multi-County Nutritional Division, in Eagle Pass (which I understand manages seven counties, including Kinney).

The KINNEY CAVLARYMAN them asked Mrs. Sanchez "What is the criteria for these people to receive these free meals?"

MRS. SANCHEZ: "They must be over sixty (60) years of age."

CAVALRYMAN: "What about their income?"

MRS. SANCHEZ: "We are not allowed to ask."

CAVALRYMAN: "In other words, a Multi-millionaire driving up in a brand new car is eligible for the program--of a free lunch at tax payers money---but the elderly person that cannot leave their home is not?"

MRS. SANCHEZ: "Anyone, regradless of their income is eligible for this program, as long as they are over the age of sixty. This is a Federal funded program that the Government pays 90% and the county pays only 10%. If you want more information contact Mrs. Lorenza Gutierrez in Brackettville."

About an hour later, Mrs. Hector Pena and Lorenza Gutierrez came by our office.

I THINK IS ONLY FAIR TO EXPLAIN*****THAT THESE TWO FINE LADIES WERE NOT CONTACTED PREVIOUS TO MY CALL TO MRS. SANCHEZ, SINCE I WAS NOT FAMILIAR TO THEIR CONNECTION WITH THE RROGRAM! THESE TWO GRACIOUS LADIES TOOK THE TIME TO FULLY EXPLAIN THE PROGRAM TO ME!

IN SIMPLE NON-BUREACRATIC TERMS:

"If you are over sixty years of age you are eligible for the Senior Citizen's Lunch Program. People who cannot actually leave their home will be fed!!! Senior Citizen's that can walk the streets every day MUST ATTEND!

THANK YOU MRS. PENA AND MRS. GUTIERREZ FOR STRAIGHTING THIS OUT!!!

AMBULANCE SERVICE

Since our editorial of a few weeks ago we have been be-seiged by local residents wishing to assist (financially) in our Kinney County Ambulance program! Basically, IF SEEMS THAT MOST OF THEM FELT THAT THE \$4,000.00 (approximately money spent on radar units for the City and County by our City's DADS and County FATHERS just might save a few lives if it had been invested in our Ambulance!

Both the City and County say they have no funds to support our Life Saving Crew---but they can always find a few "kilo-bucks" to buy some radar units!

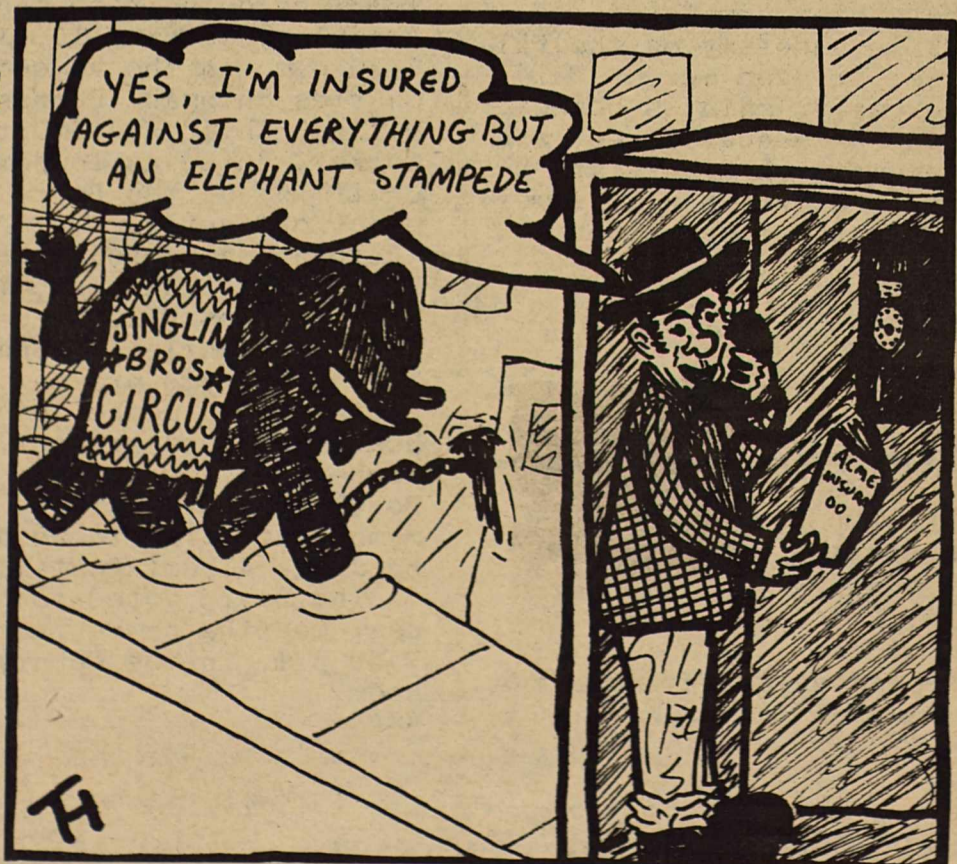

CENTRAL POWER AND LIGHT

Well! It seems like it is going to be up to our City Council to question the motives of Central Power & Light Company.

It certainly seems that they should question the "good service" clause contained in their contract. This is the second time that one of CP&L's "brain children" have tried to make a name for himself by cutting back the service on one of their faster growing communities!

HARD LUCK HARRY

Soil Conservation

by: Howard Ragsdale

CEDAR BECOMING MAJOR PROBLEM

Ashe juniper, commonly called cedar, is causing deterioration of rangeland at rapid rate in Kinney County. The range of the cedar is spreading and the stands are becoming thicker.

The thicker stands shade out all grasses and other desirable forage plants. This greatly reduces the overall production of the range.

A solid stand of cedar provides a poor wildlife habitat. It can be controlled in patterns which will easily double or triple forage production and yet retain the cover that is needed for wildlife.

Dozing individual trees is one of the most effective methods of control. If all of the top is removed at one time the remaining stump will die.

The dozing also provides some ground disturbance on which grasses can be seeded.

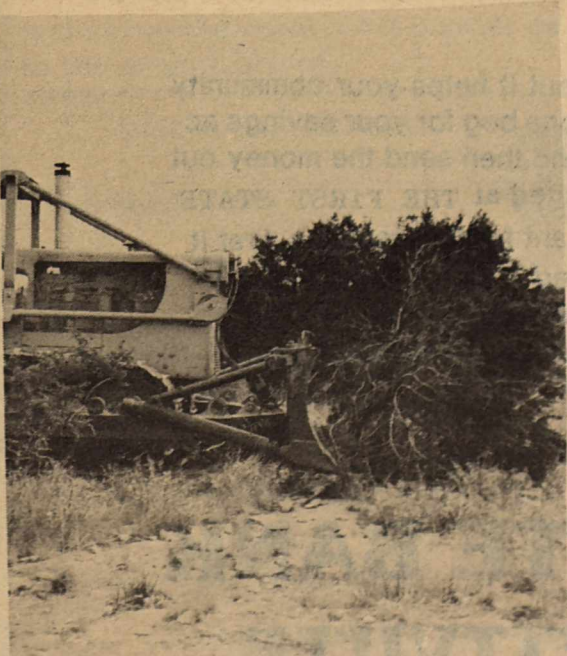

Axing the individual trees applies the same principle of top removal as dozing. Axing is expensive and is seldom done unless there is post sized material available.

The most commonly used control is chaining. It is the least expensive of the workable methods. The soil should be moist enough so the larger trees will pull out of the ground. Resprouting does occur when the cedar is broken over and still attached.

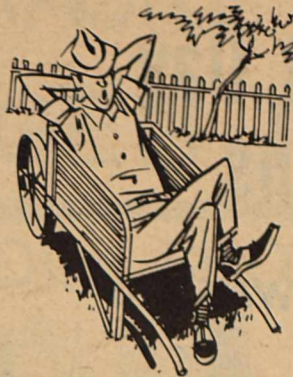

Chaining two ways is the most effective way to reduce the amount of resprouting. Goats will utilize some of the young tender regrowth.

Chaining will need to be repeated every few years to maintain an effective control. The old brush left on the ground makes excellent wildlife cover.

The pasture should be rested during the growing season following treatment. This will allow the other plants to utilize the additional moisture which will be available.

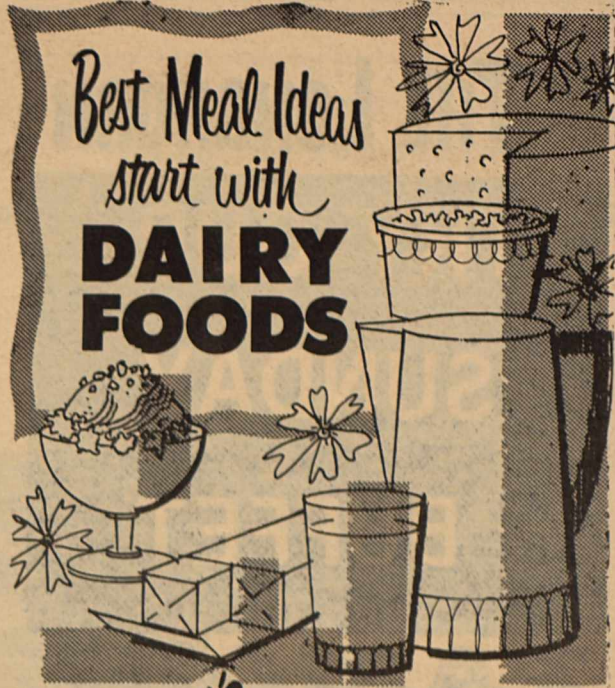

DOZING THE INDIVIDUAL TREES IS THE MOST EFFECTIVE METHOD OF CEDAR CONTROL.

GREEN THUMBS

By: JOE TOWNSEND

It will very soon be time to plant trees. Whether it be fruit or shade trees the sooner they are planted the better. They need to be in the ground in order to begin orienting to the new location and establishing a root system. Some fruit trees of good stock and size when planted in the early part of the year may bear some fruit the first year. This is particularly true of peach trees of the right variety. When planting trees it is well to remember that you are investing in a long term project. The difference in a "cheap" tree and a good one is negligible when considered in the light of life and production of the tree. It is better to plant a good sized tree of a real good variety and have fruit or shade the first year or second year than buy a cheap "packaged" or "supermarket" type tree and wait three or four years for it to produce as well as taking the risk of loss. Good judgement and a few more dollars will prove the best investment. ###

OIL ON THE WATERS---You can detect a thin film of oil on water on a lake or seashore by looking for flashes of rainbow colors at the tops of waves. These small bursts of the rainbow are due to interference in the light caused by the oil film. Light wavelengths involved are as tiny as a few ten-thousandths of a millimeter.

SPLIT IN TWO---Michigan is the only state in the US that is divided into two large sections. Lake Michigan and Lake Huron separate the smaller portion of the state (about 30% of the area) to the north from the larger portion of the state to the south (about 70% of the area.)

CHRISTMAS BILLS GOT YOU DOWN?

DROPPING THE BALL----The Baltimore Shot Tower, built in 1828, still stands as the world's tallest built for its purpose. Molten lead, poured from the top of the tower through a screen, formed musket shot as the lead droplets cooled as they fell to the bottom of the tower. The tower served as a source of musket shot until 1892.

GAS DENSER THAN A SOLID?---- A gas can be denser than a solid material because th atoms of a gas can be compacted whereas those of a solid cannot. The white dwarf companion of the brightest star, Sirius, is 27,000 times as dense as our sun and yet is only the size of a planet. On earth, a cubic inch of its matter would weigh a ton. The star is in a gaseous state and its atoms are completely ionized, with its atom completely stripped of their revolving electrons and are thus very closely packed.

SHOW ME THE WAY TO GO HOME----- Magnetic declination varies from plus 24 degrees in Washington state (where the compass is pulled 24 degrees east of the map north) to minus 22 degrees in the state of Maine (where the compass is pulled 22 west of map north). When driving or flying across the US, the compass would thus swing a total of 46 degrees.

Present Day Myths

by: JOE TOWNSEND

The earth was made for man. The Bible says so. This is being relegated to the status of myth. Again humaity suffers because some irresponsible people from several levels of society and government feel the present "nesting grounds" of the Bald Eagle will be disturbed" by the buiding of a refinery on the coast of Maine. This bleak area is an ideal location for a badly needed refinery on the Northeast coast. It would meet a vital need of th masses of the people. Instead the irresponsible Sierra Club and Audobon Society along with sympathetic politicians and judges have successfully blocked the project. This means the SOuth and Texas most of all must continue to penalize itself under Federal Mandate to nurse maid the area with petroleum. All those responsible for such idiocy should be barred from the use of any petroluem products. Let them go and live among the rocks and crags, with the all important Bald Eagle!

Strangely this world with its wild life existed for thousands of years without the "saving" concern of those with little respect for God and the creature of His own image--Man.

These are the true enemy of humanity, God and America. Were they to turn thier energies and efforts to betterment of man they would fit more into the place God has for man and turn to be a blessing to humanity rather than a curse.

mental health

Chairpersons for the May drive for mental health will be recruited around the state during the next two months. The drive will benefit the programs of the Mental Health Association.

The Mental Health Association in Texas is a voluntary citizen' organization dedicated to promoting mental health while working on behalf of the mentally ill and their families.

Because enotionally disturbed persons cannot speak for themselves, the Association serves as their advocate. Members monitor existing mental health services and seek needed services. Children's and community services are the Association's highest priorities.

Since the organization is non-governmental, its entire support must come from contributions, such as those collected in the May drive.

When You Save at Home!!

Saving at home not only helps you, but it helps your community grow at the same time. Many institutions beg for your savings accounts and certificates of deposits and then send the money out of the community. Your money deposited at THE FIRST STATE BANK OF BRACKETTVILLE is important for two reasons, first it earns for you the highest rates allowed by law and secondly, it makes money avail able for loans in our community. Banking at home means that your money stays at home and helps your community grow.

24 TH LIVESTOCK SHOW

By: Joe Martinez

FFA and 4 H members are preparing for the annual Kinney County Livestock Show this weekend. This weekend's show will be the end of several months of hard work by members. Getting animals ready for a livestock show involves time, dedication and hard work. Animals must be well groomed, gentled and well fed. Raising show animals is not a fair weather thing and many of the students must wonder if it is all worth the trouble, especially when the temperature drops to the teens.

Why do students invest their time, money and energy to raise these animals? For some it's a family tradition; for some a way to raise money for college; for some a way to learn about animals; and for most students, the decision to raise show animals involves a variety of things.

Raising show animals can be profitable, educational, even fun, but never dull.

By: Martha Gomez

On Saturday, January 20, FFA members will prepare breakfast for all FFA and 4H livestock exhibitors. The members will begin cooking at 6 am and start serving at 7 am.

The menu will feature eggs, bacon toast and coffee. The breakfast will last until 8 am.

Those attending the livestock show and auction can enjoy a ranch-styled bar-b-que at noon Saturday. The lunch will be served from 12 noon until 1 pm. The meal will be \$3 for adults and older children and \$1.50 for preschool children.

Friends of 4H and FFA prepared and serve the meal. All profits go to the organizations.

Stockshow Schedule

12 noon - Lunch

1:00 pm-Auction

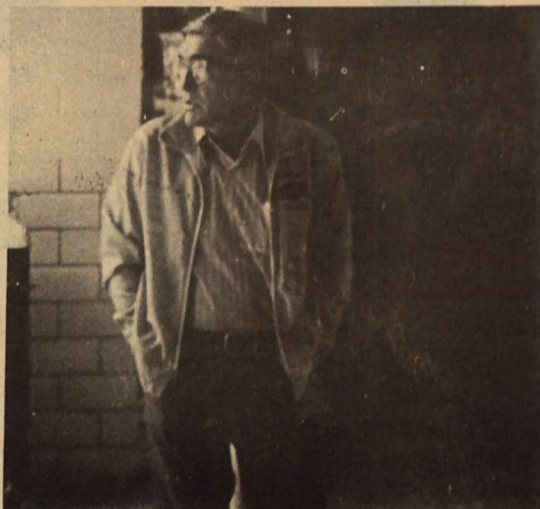

Practice Show

By: Joe Cruz

In order to get ready for the Kinney County 4H-FFA Livestock Show this weekend, the members voted to hold two practice show days before the major show.

Judges for the first practice show were Jimmy Simmonds, Lee Schermerhorn, and Ray Smallwood. Winners of the first show were Steve Kral, Joe Cruz, and Anna Gomez. Only lambs were judged, but the workshop included other show animals.

The second practice show was held Saturday, January 13 in the Civic Center. Judges were Kevin Kaplan and Darrell Paul Franks. Winners of this show were Richard Martinez, Doug McCarty and Joe Cruz, Jr.

Charles Koch, Project Show Coordinator

Project Show

By: Norma Perez

In addition to the livestock show this weekend, Brackettville citizens will be able to view exhibits in the 4H sponsored project show. Exhibits will include foods, sewing, posters, educational displays, arts and crafts, and photography.

Judges will award ribbons early Friday morning. Exhibits will remain on display until Friday afternoon.

This year the school have encouraged students to participate in the project show. Several students have written essays on conservation and prepared displays and posters. Elementary students are busy with class and individual projects.

Outshot at Canyon

By: Adrian Reyes

Brackett played their second district game against Nueces Canyon on Friday, January 12 in Barksdale. The Tigers had a difficult game.

Walter Goodloe, under the basket, made 24 of Bracketts 42 points. Other point scorers were:

- Pat O'Rourke 10
- Arthur Goodloe 7
- Bernie Cervantez 3
- Daniel Samaniego 2

Nueces Canyon out shot Brackett 60-42. Brackett's plays Natalia Tuesday, Jan 16, in Natalia.

Basketball Season Disappointing

The scores of the district basketball games have been dismal at best. One tends to ask why? We have talented, interested young athletes and good coaches, so why the poor showing? The key, one coach believes, is the word "young". Many of our team members are very young and are playing against teams with talented and experienced players. While our Tigers and Tigerettes are enthusiastic and some show potential, their lack of experience hurts them.

In short, the coaches are as disappointed as the teams and fans about the first half of district play, but they are highly optimistic about future seasons. "Just wait until these freshmen and sophomores are juniors and seniors..." stated one BHS coach.

Jr. High Tournament

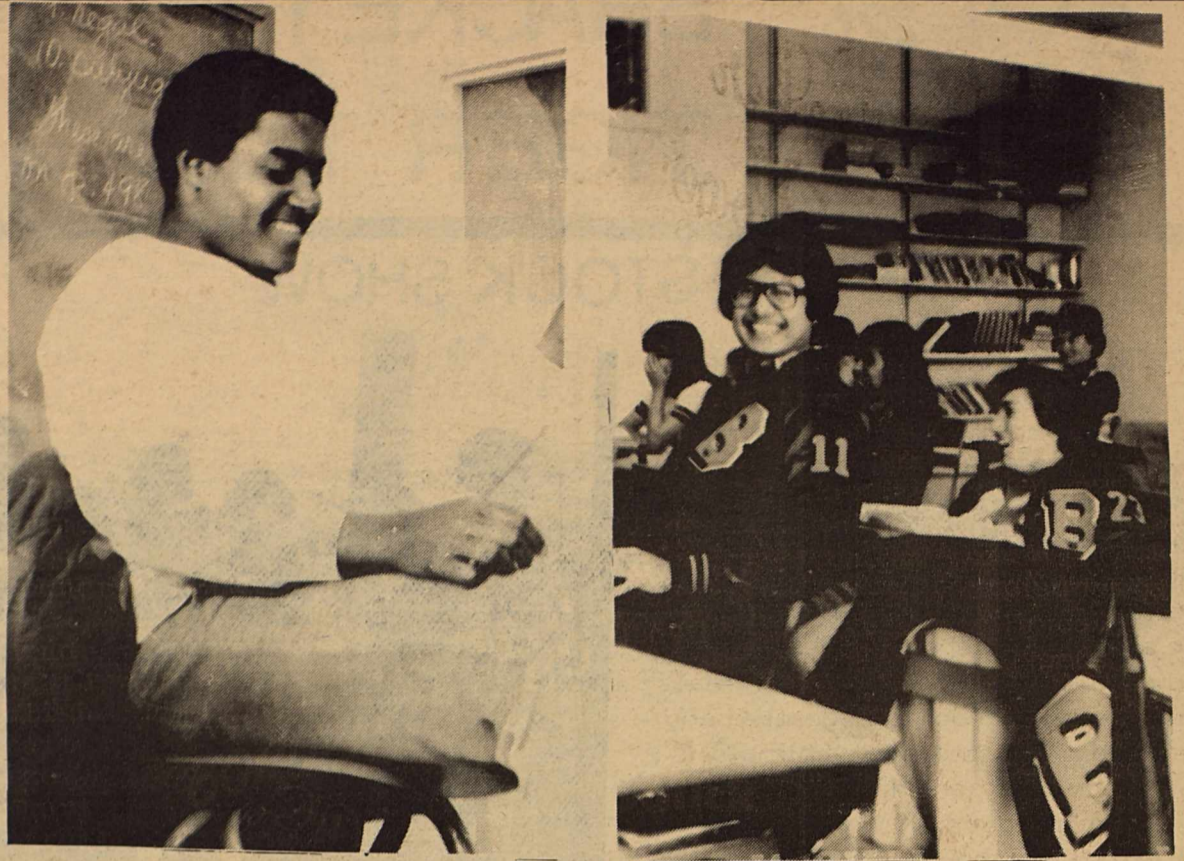

By: Armando Avila

Brackett Junior High girls and boys took top honors at the annual invitational tournament here Saturday, January 13.

In the girls division, Brackett down the LaPryor Bulldogs 23-21 in a close contest to take the Championship trophy.

A fired up Cub team defeated the Comstock team 51-16 to capture the boys division championship.

Four members of the Brackett Junior High squads made the all tournament team: Lashawn Wardlaw, Rosie Garcia, Robert Hidalgo and Conrad Veltman.

Walter Goodloe was really moving on his Love Machine.

Bernie Cervantez, Kenneth Sweet, Rosie Flores and Severo

Martinez react to Walter's act.

SPEECH CLASS PERFORMS PONTOMINES

By: Norma Perez

Silent . . . Laughters . . . Shame . . . Nervous . . . Funny Faces. These were some of the pantomimes students in speech class were assigned

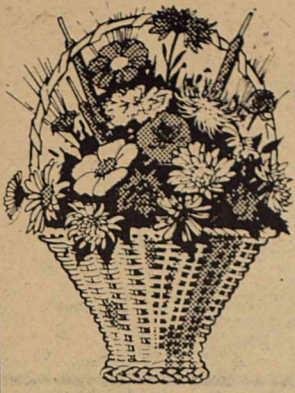

to do this week. Walter Goodloe in his Love Machine was one of the class's most enjoyable presentations.

There were some pantomimes were really. Some of the other assignments that were acted out without words were:

- Darnett Goodloe a spoiled child.
- Elva Garcia a burglar.
- Bernie Cervantez baseball player.
- Lisa Schafer meeting a boy at a dance.
- Mary Hernandez dropping a cup of coffee.
- Marina Cruz hanging curtains.
- Happy Cervantez low rider

Mrs. Bunsen has now assigned another pantomi mes for Monday. This one will be done in small groups. The class is cooperative, and seems to be enjoying their work!

BETWEEN US

By: JOE TOWNSEND

It is difficult to find any organization or activities that do more for the development of boys and girls and youth than FFA and 4-H.

The Show this week shows the value of such activities. The motivation provided by the show leads to a lengthy time of construction and character building activity by many of the youth of the community. A hasty glance at some of the stock convinces this writer that the stock this year is as fine as any produced in the years past. This is a distinct tribute to all those who have "grown" the stock. The efforts of the youth in this regard is more than commendable mention must be made of the parents who have had their part in direction and discipline of their sons and daughters in keeping them working on the projects. Tribute must be paid to the many friends of the show who by their support make it all possible. Without sponsors, advertisers, buyers and the other supporters there could be no show.

At the very heart of the entire activities are two very fine men dedicated to the welfare of youth, Carl Esser and Charley Foust. Few know the time and effort over and above the call of duty these two men put forth for the good of these young people. There is no other answer to why----just dedication. The community owes a great deal of respect to these two fine men. If every person whose life touches youth was as dedicated as these two what a tremendous difference it would make in our town today and immeasurable improvement in future years. From this writer, "THanks, Mr. Foust and Mr. Esser- I more than appreciate you and your outstanding work."

PUBLIC NOTICE

NOTICE OF SALE

THE STATE OF TEXAS ☐
COUNTY OF KINNEY ☐

BY VIRTUE OF AN ORDER OF SALE
DATED JANUARY 8, 1979.

and issued pursuant to a judgement decree of the District Court of Kinney County, Texas, by the Clerk of said Court on said date in a certain suit, No. 2077 styled The State of Texas vs. Emil Schafer, et al., and to me delivered as Sheriff of said County, I have on the 8th day of January, 1979, seized, levied upon, and will, on the first Tuesday of February, 1979, the same being the 6th day of said month, at the North door of the Courthouse of said County, in the City of Brackettville, at 10:00 o'clock a.m. on said day proceed to sell for cash, through my authorized agent, CHESTER E.
