

Pictured above from left to right is Mayor Vito La Gioia and Sheriff Norman Hooten admiring the Sheriff Department's new car.

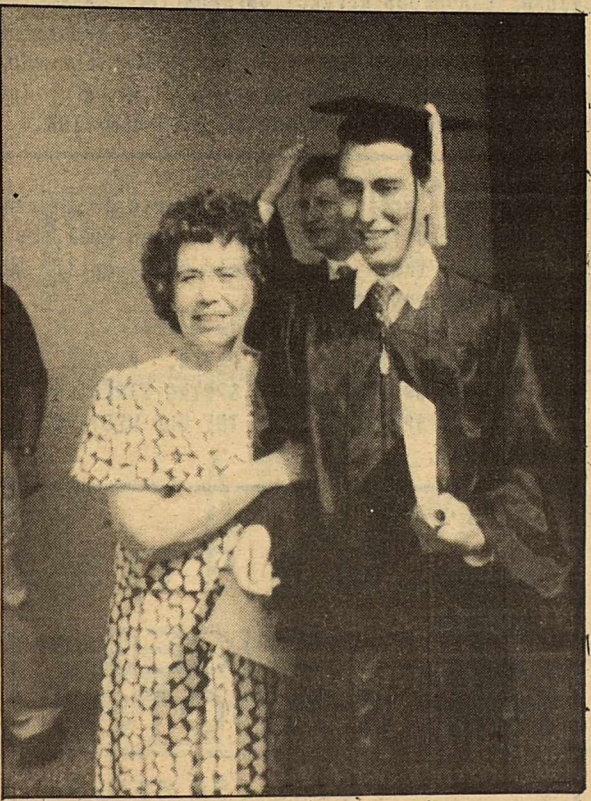

SHERIFF HAS NEW CAR

The Sheriff's new 1989 Chevrolet Caprice arrived Tuesday, August 15, 1989, by truck from California around 7:30 a.m. Then Wednesday the equipment and emblems were put on the car. This car is equipped with special law enforcement equipment. It was purchased from an Ohio based Company.

Sheriff Hooten commented, "It's a welcomed addition and an improvement of much needed law enforcement equipment used on a daily basis by the Sheriff's department."

The Sheriff stated "I would like to extend my appreciation to the Kinney County Commissioners' Court for their concern and consideration of the need by the Sheriff's department for new and improved law enforcement equipment that helps us to do a better job for the citizens of Kinney County. I thank you."

This information was obtained by Miss Cookie Hough who Sheriff Hooten said was the first female, large or small, to ride in the new Sheriff's car.

DAVID R. WILSON

David R. Wilson, son of Zulema Wilson and grandson of Mr. & Mrs. Faustino Sandoval of Brackettville, graduated from the University of Texas at Austin, May 20, 1989. Others

attending the graduation were aunts and uncles, Don & Liz Pond and Richie Wilson from Milwaukee, Wisconsin, Mr. & Mrs. Leonard Wilson from Mesa, Arizona, Cruz, Bonnie and daughter Traci Beloz from Del Rio, Lingo Sandoval from Brackettville, and Mr. & Mrs. Julio Sandoval from San Antonio. David graduated from Brackettville ISD in 1984.

SUPER S HAS NEW MANAGER

Everyone should stop by Super S and say hello to David Dorrough, the new manager. David started his job at Super S, August 2, 1989. David was transferred to the Brackettville store from the Super S Store in Mathis, a town a short distance from Corpus Christi, Texas. He has been with this chain of stores for one year. His next step up in promotion would be to District Manager.

David's wife, Connie, and three children are all here. The family reside on Fort Clark Springs, Unit 15. The children, Khristina, Jennifer and Jason will be enrolled in elementary school this year.

David is a native of San Antonio. He served four years in the United States Air Force, and was stationed in far-a-way places

DAVID DORROUGH

such as Murted Air Base, Turkey; Touejon Air Base, Spain; Greece and Germany. He was discharged in 1983 with the rank of Staff sergeant in the Security Police. He attended East Central High School, in San Antonio, and has completed courses in the Community College of the Air Force.

We all welcome David and his family to the Brackettville area, and wish him the best of luck.

NATIONAL SAILPLANE PARTICIPANTS VISIT BRACKETTVILLE

Many of the competitors of the 1989 National 15-Meter Sailplane Competition being held in Uvalde, Tx. visited Brackettville, Monday, August 14th. The pilots and their families enjoyed a barbecue at the swimpark and a tour of the museum at Fort Clark Springs. Following the tour, the group was entertained at Alamo Village.

The pilots were from California, New Mexico, Florida, New York, Massachusetts, and Canada. Each said that they enjoy soaring in Southwest Texas because of the weather and the people. "We were overwhelmed with the friendliness of the people. We came out here three years ago and decided then that Texas would be our home for life," said Ann Byrd of Florida.

Cindy Taylor of the Uvalde Chamber of Commerce said that this year was different than any other because it was the first time a husband and wife had competed against one another in the national championship. "Women have competed before, but never a husband/wife team," said Taylor.

Activities have included a pre-competition party at the Uvalde Country Club, a no-host barbecue at the flight center, and their trip to Fort Clark Springs and Alamo Village. The festivities will wind up Thursday, August, 17th with an awards banquet at the Holiday Inn in Uvalde.

For those of you who are interested in pecan trees, you will be sad to know that as of August 31, 1989, the product Zolone will be taken off the market. Zolone has been used with great success the past few years in controlling a wide range of insects on pecans. Rhone-Poulenc is the company who makes the insecticide and says the cost of re-registration is just too high.

Like many other trees, pecans need special attention in the summer. That means taking the time to apply zinc sprays to control aphids and scab and pruning and irrigating as well.

To overcome the problem of pecan scab, use fungicide sprays of Benlate, Topsin or Super Tin. Scab can develop on pecan trees in any part of Texas when the weather is a combination of wet and warm.

Pecan growers also have to worry about sticky, sugar-covered leaves each summer due to the aphid infestations. Zolone or Malathion sprays can give the homeowner good control.

Summertime drought like we are experiencing, will cause pecans to suffer if they do not receive one to two inches of water per week each summer through September. A mature tree will use more than 100 gallons of water per day. If pecan trees go more than three weeks without water, the nut crop will be affected.

Weeds and grass also use soil moisture, so keep competitive vegetation to a minimum under pecan trees. With shallow soil and vegetation under trees, a weekly irrigation will be needed.

Owners of young trees should be aware that weeds slow down growth more than anything else. It is best to use a contact herbicide such as Roundup to keep the limb-spread area weed free.

All pecan trees less than four years of age should have only one main trunk. If there are two, three or four trunks developing simply cut the weaker ones out and leave the strongest one.

One final note, pecan trees need zinc sprays every two weeks of the summer to insure full nuts.

If you need more information on this topic please feel free to come by the county extension office located on the second floor of the courthouse.

ANNUAL STATE 4-H DOG SHOW

Dog fanciers will compete at the 19th annual State 4-H Dog show set for Aug. 19 at the Del Rio Civic Center.

Over 100 4-H members are expected to put their animals through their paces at the show, according to Dee Money, Val Verde County Extension Agent. There have been over 340 entries, she added.

Class include obedience, conformation, showmanship, and special trick and costume classes.

Registration begins at 4 p.m. Aug. 18 at the Convention Center. The show begins at 8 a.m. the next day.

The show is hosted by the Val Verde County 4-H Dog Project, Amistad Kennel Club and the Texas Agricultural Extension Service.

Judges for the show include Helen Chambless and Mr. and Mrs. Alvin New, all of San Angelo; J.P. Adams of Richland Springs; and Mr. and Mrs. Guy Rodgers and Carol Whipkey, all of San Antonio. Special guest judges for the costume and trick classes are Jim White of KWMC in Del Rio, Stevie Dawn of KDLK, Del Rio, Mike Snyder and Dennis Smith of the Del Rio News Herald.

Through the 4-h dog care and training project, members learn the responsibility of dog ownership, identification of dog breeds, feeding, handling, grooming and fitting of dogs, training techniques and good sportsmanship and citizenship.

REFLECTIONS

BY PRESTON TAYLOR

FIRST BAPTIST CHURCH

Do you own a Bible? The most talked about book of all ages is the Word of God. The disturbing truth is that some people have a problem understanding the Bible. Is there a way to read and handle it? Can the average person find profit in this Book that stays with us century after century? A few simple suggestions may help.

Remember the Bible is for the average Christian. The gospels say "the common people heard Jesus gladly." The Bible, therefore, is aimed at the "man of the street," and not just "religious technicians." You will be encouraged to read God's love letter to you.

Read the Bible prayerfully. The time you give to reading may be limited to a few minutes a day - five or ten. And yet, if you determine to dedicate a specific time each day in such reading you will be amazed at your growing understanding of the Bible. God will enlighten you as you read.

Stay with one verse, one chapter, or one book of the Bible until that part of God's Word enriches your life. Avoid the grasshopper method of jumping and flying all over the Bible without a sense of direction or purpose. At the same time, one should "compare Scripture with Scripture" and know

that the Bible is one grand book of one central purpose and theme.

Follow and obey the teachings of the Bible. We find instruction and guidance for the well-being of the individual, family, Church, and nation in this Book. God's Spirit always directs us according to His Word, never in contradiction to it. If we depart from what the Bible teaches, we are never in line with God's will.

God's Book is always up to date and never will get out of date. If we stay in step with God, we must stay "in tune" with this Book of the Ages. God's Holy Spirit who inspired the Bible can make it a treasure for your life.

FELONY ASSET-FORFEITURE BILL

The felony asset-forfeiture bill, which we have considered the flagship bill in the 1989 House Anti-Crime Package, was finally passed and approved by the Legislature as the special session came to a close late last night. When the governor signs this legislation into law, Texas law enforcement agencies will be provided one of their most powerful and effective tools with which to fight the war on crime. This new statute will give the state the power to directly take the profit out of criminal activity.

House Bill 65 grants the state board new authority to seize assets and property used in criminal activity, with the objective of forcing criminals to begin paying a significant portion of law enforcement costs. House committee testimony indicated that this legislation will plow in excess of \$200 million annually into local crime-fighting activity. Our efforts would not have been successful without the assistance and involvement of many of you. We are extremely pleased with our success.

CITY COUNCIL MEETING

The council meeting was held at 4:30 p.m. on August 14, 1989.

Mayor La Gioia began the meeting by addressing the matter of employees being involved with drugs or alcohol. These persons will receive no warnings. This subject will be more defined by the next meeting. The city operational and financial reports were approved.

Mayor La Gioia stated that the City well by the water tower needed a check valve, which will cost in the neighborhood of \$800.00 to \$1000.00. This will have to be repaired pretty quick. Councilman Broderick brought up that radios or beepers were needed. Radios would be better than beepers. The best prices received were \$492.95 each for two portable radios, and \$600.00 for a base radio. The Mayor stated that prior to any radios being purchased, any vandalism problems must be controlled. In addition, he stated that the money should be used to repair the check valve, as this was much more important, and the purchase of radios would need to be put off until a later date.

The Fire Department budget was discussed, and was decided that the budget would stay the same as last year's budget except for adding \$450.00 per year to send a fireman to school. The Mayor said that this amount would be fair.

The animal control ordinance was discussed, even though the animal control officer was not present. Mayor La Gioia stated that neighbors of citizens with animals on their lots, sheep in particular, were complaining. He said that a new ordinance needed to be drawn regarding animal control, with the possibility of each family being allowed only three animals. Mrs. Linda Sharp, said that she thought that it would be fair for each family to be allowed one animal per family member, especially for 4-H club members whom may be raising sheep, etc. for a project. It was decided for a council member to talk with the Kinney County Agriculture Agent and 4-H club supervisor, in the hope of working out some fair solution toward this ordinance.

Mr. Reyes, the Fire Chief, told the council that the Fire Department needed two hose nozzles, at a cost of \$253.00 each. This department has at this time more than enough to cover this purchase, and it was approved.

Mrs. Eilene Thurber requested that the City accept a private water line as a donation. The Mayor acknowledged appreciation but said that it was not feasible to accept it. Mrs. Thurber lives on her property which is just outside of the City limits, and is

having some problems with her water supply. The Mayor stated that a master meter is due to be installed at the city limits soon, and this should assist with her problem.

A motion was brought before the council to raise the pay of the Mayor, \$50.00 more per month, and \$25.00 more per month for councilmen. Mayor LaGioia said he did not want a pay raise, and the motion was disapproved.

The Mayor said that bids should be let out for health insurance for employees. It seems that the present insurance has increased to a rate that is unaffordable.

Mrs. Linda Sharp, of the Housing Authority Office, reported an extension of payment for housing authority utilities. She said that collections have not been going well. This was approved until September 15, 1989. This problem should be solved, as each resident will begin to pay their own utilities, as soon as individual resident meters have been installed.

SWTJC

Fall is already in the air on the campus of Southwest Texas Junior College. Officials are gearing up for the beginning of the fall 1989 semester with three sections of freshman orientation scheduled for August 7-8, August 10-11 and August 15-16.

"All new students must complete orientation, and this includes those who began college this summer," said dean of admissions/registrar John Allen Davis. "By attending orientation before the semester starts, they can avoid taking it after registration, and will be better prepared for their first full semester of college."

Student will notice several changes when classes begin August 28.

Renovation work on the Matthews Student Center and the School of Vocational Nursing is nearing completion and work was recently begun on a new maintenance shop. In addition utility line work, the closing of the loop around the campus, traffic controls and better lighting in the parking lots are all planned as part of the long range building project.

A comprehensive building program was also done at the Del Rio Center of SWTJC with four portable pier and beam buildings added as well as an expanded parking lot. The building project was the result of a community need, demonstrated by the success of day class offering during the fall 1988 and spring semesters. According to Director Don Tomas, the response to day class offerings was good, with all classes being closed each semester. With the new building the Center now has seven classrooms, a fully equipped science lab and a student lounge available. The project was built through the S.W. Texas Junior College Foundation, Inc. with actual construction done by Pelzel and Associates Inc. of Austin.

Following record enrollment in both summer sessions, officials are busy preparing for the fall semester with registration set to begin August 17 at the Eagle Pass Center from 2-6 p.m. Students in Del Rio will register August 21 from 2-6:30 p.m. while registration on the main campus will be held

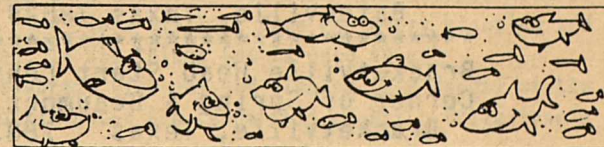

Registration for students in Carrizo Springs and Crystal City will be August 24 at Carrizo Springs High School. All other off-campus registration will be held August 28.

In addition to the renovations, students will also be greeted by several new administrators, staff and faculty. Due to the resignation of President Dr. Jimmy Goodson, the Board of Trustees appointed a Search Committee which is preparing to review applications for a new college president. Amanda Hadley, the former director of vocational nursing will assume the duties of counselor this fall and Carman Wiese, Estella Zamora and Eduardo Cuellar will join the faculty. Sharon Wilson will be the director of vocational nursing while Charlotte Brauchle will return as an instructor in the nursing program.

Fall 1989 will also see the implementation of the Texas Academic Skills Program (TASP) which will be required of all college students who have not successfully completed at least three college-level credit hours prior to the fall of 1989.

The faculty will return for a general faculty meeting August 22, however, classes will not begin until August 28.

For further information on SWTJC call 278-4401 in Uvalde; 775-1612 in Del Rio; or 773-9238 in Eagle Pass.

According to recent estimates there are about 40,000 different varieties of fish.

PUBLIC HEARING

The City of Bracketville is holding a Public Hearing to which all of the citizens of the City are invited to participate. The purpose of the Hearing is to present information to the citizens and then to receive their comments on the details of the City's application to the Texas Department of Commerce for a loan and grant under the Texas Capital Fund Program in the aggregate amount of approximately sixty thousand dollars for partial financing of the costs of the private development of an adult health day care center for the indigent elderly, such facility to be located within the City of Bracketville, Texas.

The Public Hearing will be before the City Council; will be held in the City Hall Council Room; will be at 7:00 P.M.; and the date is 8-25-89.

The agenda for the Hearing is as follows:

1. Registration of all persons attending.
2. Presentation by City of the details of the proposed application for the financing of part of the costs of the proposed adult health care center.
3. Questions, discussions and recommendations from citizens.
4. Adjourn.

If unable to attend the Hearing, please write out your views, recommendations and suggestions on community development and housing needs and either deliver or mail them to the attention of Mayor La Gioia at the City Hall. If you wish to discuss the matter before the Hearing, please call the Mayor at 563-2412.

If you need transportation in order to attend the Hearing, please call 563-2412 at least one day ahead of the date of the meeting and advise the staff at the City Hall.

Persons with bilingual ability will be at the Hearing to assist those who may not understand English.

CASTROVILLE TX. -- MUSIC, FOOD, DRINK AND CRAFTS will be the fare at the St. Louis Day Celebration on Sunday, August 20.

THE CENTURY - OLD PICNIC, celebrating its 107th birthday this year, will again take place at Koenig Park (the old Wernette's Garden) in historic Castroville, on U.S. 90, just 15 minutes west of Sea World of Texas in San Antonio. Just three years ago, the famed church festival was presented an Official Historical Marker by The Texas Historical Commission which traces the history, growth and significance of the century old picnic. The marker is located in front of St. Louis Church grounds.

DELICIOUS ALSATION-STYLE SAUSAGE AND BARBECUE BEEF will be served under a huge dining pavilion for only \$4.00 a plate, from 10:45 til about 3 p.m. Plates to go are also available. Advance meal tickets are available at the regular ticket price. Send check or money order to St. Louis Day Celebration, Box 500, Castroville, Tx. 78009.

A SPECIAL 9:00 A.M. MASS IN HISTORIC, NEWLY RENOVATED ST LOUIS CATHOLIC CHURCH, celebrated by Archbishop Patrick Flores of San Antonio, will set the picnic day activities in motion. The famed Liederkrantz Choir of San Antonio will sing the mass. Father Patrick Ragsdale is pastor of St. Louis Parish family.

AN AFTERNOON DANCE, from 4 to 7, will entertain picnic goers and collectors can attend the annual afternoon auction. Music by "The Edge" will provide free entertainment on an outdoor stage. Craft booths, amusement booths and rides for young and old, as well as numerous food and drink stands will be scattered throughout the pecan tree shaded park.

PLENTY OF FREE PARKING is available at and near the park. Shuttle buses will travel frequently between the park and the town square. There is NO ADMISSION FEE to enter the park grounds on picnic day.

THE ANNUAL PICNIC DRAWINGS, one featuring hand-stitched quilts, bedspreads, afghans, and the main "Pot of Gold" drawing, with three fabulous trips and seven super cash prizes, ring down the curtain on the fun-packed day. Top prize in the main drawing is a 7-day "Christmas in Hawaii" vacation trip.

HELLO FRIEND,

Why not help us celebrate "an old tyme Round up, Western style" in our Church before too long.

An "old fashioned day" about the time that school starts or a little later would be exciting, wouldn't it? Old-fashioned dress-up could spark interest for some who are strangers to such things except for the old movie reviews.

Until the "special event" gets planned (if it does), remember that every Sunday is "The Lord's Day" with all of God's people.

You may know of a member or friend who needs to be visited or called about Bible Study this week. You'll honor the Saviour and do your teacher and class a soul-stirring favor by being presesnt with a friend at 9:45 or 10:00 Sunday.

The message at 11:00 o'clock will relate to "The Life Eternal." I'm still working on it and your prayers on behalf of that service will be appreciated.

The 7:00 o'clock message will be about the Holy Sprit. Penny Ingram is getting ready to sing at one of the services real soon -- so the reports go. Any other person want to sing? Let the musicians know about it.

Marj Love continues with the 11:00 A.M. Children's Church. Let any of the "small fry" know about this worthwhile time.

Dorothy Oliver (Mrs. Calvin Oliver) and all the family have our love, prayers, and sympathy in the death of her Dad. Mr. Virgil Hubbard died late Tuesday, August 1. Funeral Services were conducted in Camp Wood by Bro. Homer Stephens. Burial was in Barksdale on Friday, August 4.

About 100 people gathered for the Taylor reunion near El Dorado, Arkansas, last Saturday and Sunday. The Caledonia Baptist Church building groaned and quaked with the influx of the crowd last Sunday.

Wecome into the fellowship of the Church the Harrell and Janet Floyd family! Leslie and Lynn along with Melissa Meyer and John Ingram were recently baptized. Believer's baptism is a beautiful act that reminds us of Jesus' own baptism as well as our own death to sin and resurrection to new life in Jesus Christ.

The rain! Praise the Lord that the two inch rain covered most of the area where we are. And bless His Holy Name for every blessing and trial that comes our way. In all things God is good to us.

Why not help us celebrate with joy and singing this Sunday at the Church which had its birth under the leadership of Mrs. Ballantyne's father back in 1921.

Yours for a Summer Jump,
Preston A. Taylor

Coming Clean About Laundry

The increase in outdoor activities that often comes with warm weather usually brings a proportionate increase in the amount of laundry to be done. It also brings its own kind of spots and stains—from grass and mud to fruit juice and barbecue sauce.

Here are some suggestions to help lighten the laundry load and give you more time to get back to the fun:

- Sort into loads by *color* (white, light, dark), *weight* (heavy or light weight fabrics), and by *amount of soil*—(very soiled, average or light soil).
- Close zippers, button buttons and empty pockets. Mend large tears before laundering.
- While sorting, keep an eagle eye out for spots and spills. Treat these with a product such as Shout® Laundry Soil and Stain Remover *before* items are laundered.
- Laundry labels on washable items give clear instructions for laundering and drying methods. Likewise, laundry product labels and laundry appliance booklets provide information on water temperature and amount of laundry products to use.

- Select water temperature as hot as the fabric can stand and use a measured amount of detergent. If the machine has a choice of spin cycles, choose the one that matches the type of fabric in the load.
 - Avoid overloading the washer. Items need room to move freely so soil—and stains—can be flushed away during the washing process. Overcrowding is a sure way to encourage unwanted wrinkles.
 - Wash loads as they accumulate. This way you avoid mounds of laundry and can wash a load while reading the paper or preparing a meal.
- Doing the laundry still takes time, but doing it right saves time in the long run and lets you concentrate on enjoying yourself.

LITTLE-KNOWN FACTS

Are You A Musophobe?

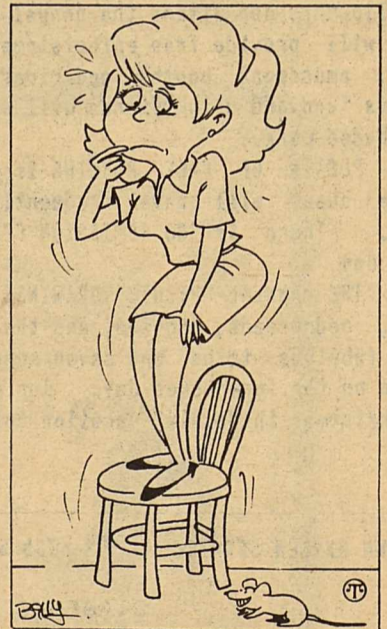

A recent survey found that musophobia—fear of mice—is the third most common fear among Americans, right after fear of public speaking and fear of going to the dentist.

According to Dr. Elliot Weiner, executive director of the Oregon Psychological Association, there's a reason for this fear. Musophobia, he says, is referred to in psychological theory as a "prepared" phobia. That is, people are biologically "prepared" to fear objects and situations that have threatened the survival of the species throughout evolutionary history. Ancient people who feared mice and successfully avoided them tended to survive and pass on their fear instinct to future generations.

While a debilitating phobia needs professional treatment, mild cases of mere mouse dislike can probably be solved with a rodent bait.

Unlike traps which require handling the dead or injured mice, bait relieves you from even seeing the creatures. Of course, using bait also reduces the risk of being exposed to disease-carrying ticks, fleas or mites often found even on dead mice.

Place bait in dark, out-of-the-way places, close to walls, before you see a mouse. A bait such as d-CON® Mouse-Prufe II or d-CON®

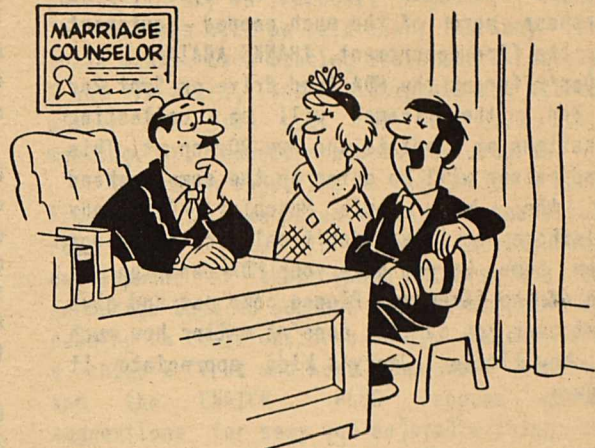

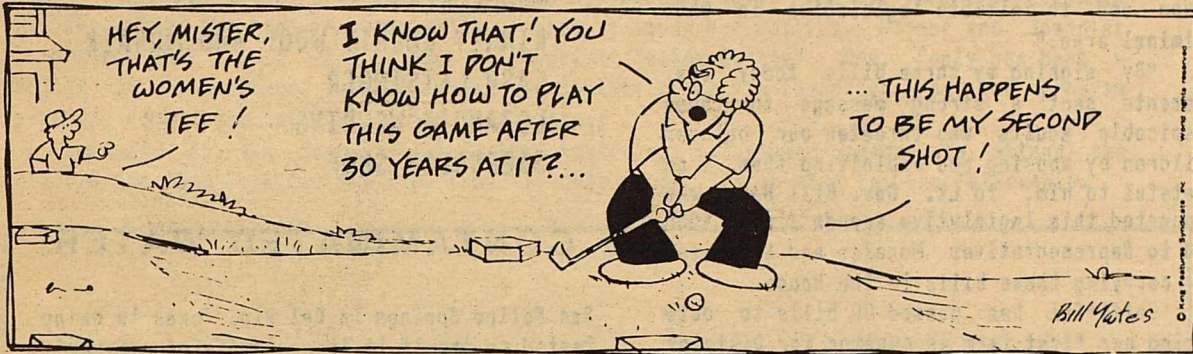

Research shows fear of mice the third biggest phobia in America.

Ready Mixed in the basement, garage, kitchen and attic can help keep your home mouse-free. Then you only have to worry about the dentist and public speaking.

FIRE DEPARTMENT

Well our BBQ went off very well last weekend and we want to thank all of those that came out and supported us in this fund raiser. The funds from this BBQ will help us purchase more of the much needed equipment for the Fire department. THANKS AGAIN

Don't forget the MDA fund drive on Sept. 2nd & 3rd, the firemen will be collecting donations at 5 points and Hwy 90/Ann st. This fund raiser will be going on the same weekend as the Jerry Lewis Muscular Dystrophy telethon so if you don't call in a pledge then come by and give your MDA donation to one of the firemen. Please come out and give what ever you can, it dose'nt matter how much or how little, Jerry's kids appreciate it anyway.

GOVERNOR SIGNS THREE CRIMINAL JUSTICE BILLS BY ZAFFIRINI

Gov. Bill Clements Wednesday (August 2) signed three anti-drug and child abuse bills by State Sen. Judith Zaffirini (D-Laredo) which he had included in the call for the special legislative session which adjourned July 19.

Senate Bill 32 by Zaffirini, which was sponsored in the House by Rep. Dan Morales (D-San Antonio), denies jury-recommended probation for adults over the age of 21 convicted of selling drugs to minors.

"This bill was one of my top priority issues in my 1986 campaign," Sen. Zaffirini said Wednesday. "It passed the Senate three times before finally passing the House too. The Governor's endorsement was the extra push we needed to pass it."

S.B. 29 by Zaffirini, also a part of the Governor's Drug Abuse Prevention Package, was sponsored in the House by Rep. Stan Schlueter (D_Killeen). The bill mandates drug testing for persons on probation, parole or mandatory supervision if they were convicted of drug use, if there is evidence of drug use or if the judge deems it appropriate.

"This is first-step legislation," Zaffirini said. "During the interim we will focus on drug use by prisoners while in prison and develop additional legislation in this area."

At the time of the signing of the bills dealing with drug dealers, Gov. Clements said, "To those purveyors of poison and death, let me say that our laws have just gotten measurably tougher.... The safety and well-being of our families is too important to be compromised by a drug peddler's dirty deeds."

Also Wednesday Gov. Clements signed S.B. 30, by Zaffirini, sponsored in the house by Re. Schlueter. S.B. 30, sometimes referred to as the "ritual abuse bill," in fact is a law-and-order bill. S.B. 30 will allow prosecutors to increase the penalty to the next highest level in cases in which a child was abused during a ritual or ceremony.

For example, a Class A misdemeanor will become a third degree felony, and a third degree felony will become a second degree

felony. First degree felony cases and capital cases will not be affected by this law.

"This, too, is first-step legislation," Zaffirini said. "The tragedy of ritualized abuse was underscored by the Matamoros horror which resulted in Mark Kilroy's death. I filed the bill weeks before his murder. partly to focus on the problem of ritualized abuse and to initiate legislation in this criminal area."

"By signing my three bills today Gov. Clements sent a strong message to these despicable adults who threaten our beloved children by abusing and exploiting them. I am grateful to him, to Lt. Gov. Bill Hobby who supported this legislative agenda since 1986 and to Representatives Morales and Schlueter for carrying these bills in the House.

Zaffirini has passed 80 bills to date during her first term as senator for District 21.

WELCOME

The community would like to welcome the family of Mr. & Mrs. Billy Joe Pierce of Phonix Arizona, who will set up permanent residence in Bracketville, Texas.

CONTAMINATED WATER

San Felipe Springs in Del Rio, Texas is being tested to see if it is contaminated. Experts from around the state are being called in to test for contamination. The pumps at San Felipe Springs west spring were shut down Wednesday morning after Hospital Officials and residents near the Hospital complained of the murky water. The Del City crew were flushing the lines Wednesday morning to get rid of the polluted water. City of Del Rio is waiting on test from Austin and are advising the citizens of Del Rio to please boil the water before using it as a precaution. Help came from Laughlin Air Force Base, Bracketville and Uvalde.

SOUTHWEST TEXAS GENEALOGICAL MEETING

The Southwest Texas Genealogical Society will hold its September quarterly meeting in Utopia on September 9 in the Community Center in Utopia. The Community Center is located on Main Street, behind the E M S building. Meeting activities are scheduled to begin at 10 a.m. and last through the noon hour. Participants should bring a Brown Bag lunch. Beverages will be provided. Registration for the event will be three dollars per person.

Presenting the program will be Mrs. Nancy Horner Feely, who was born and reared in Uvalde, where she had the opportunity to grow up among her Pulliam, Horner and Spangler relatives. Her topic will be "Grave Thought of Uvalde County". Mrs. Feely has been a member of the Southwest Texas Genealogical Society since its inception, and her program promises to be most informative and interesting.

Members of the Genealogical Society invite all interested persons to attend the program and join them for the sack lunch if they would like to stay for the fellowship.

ENRICH-PLUS PROGRAM

The sixth session of the ENRICH - PLUS Program for the parents of Brackett I.S.D. children will be starting at the Kinney County Library on Thursday, August 31, 1989. The meetings will be held every Thursday for three weeks. Each meeting lasts approximately 1 and 1/2 hours, and participants may attend either the 9:00 a.m. or the 6:00 p.m. meeting. Dr. Seawell conducts the program.

The main objective of the ENRICH - PLUS Program is to make parents aware of the vital role they play in the intellectual development of their young children and to encourage them to support that development by reading to their children daily. Parents are a child's first and most important teacher and the ENRICH - PLUS Program gives suggestions for easy and enjoyable things to do at home that help children become successful at school.

The ENRICH - PLUS Program is especially for parents of children who are four years old or younger, but anyone who is interested in young children is welcome to attend. If you would like to attend this session, please call Mrs. Perez at the Kinney County Library (563-2884) and sign up. There is no charge for the program. It is made possible through a grant from the Meadows Foundation.

Seventy-one adults with a total of seventy-three children under the age of five participated in the first five sessions of the ENRICH - PLUS Program during the 1988-89 school year. The goal this year is to involve forty new families. Please join us!

Home, Sweeter Home The Centsable Way

You like your home, your neighborhood and the people who live around you. True, you probably wouldn't mind living in a newer, energy-efficient home. But, you're comfortable where you are.

Now get even more comfortable.

Central Power and Light has developed a program that can make your present house more energy efficient. It's called the **Centsable Home Program**.

What they'll do is run a **Free** Centsable survey on your house and then analyze the data. Then, they'll give you specific recommendations on how to lower your energy bills.

The recommendations involve steps like adding more attic insulation, caulking around windows and doors and putting an insulated blanket around your water heater. And installing a new properly sized central heat pump or air conditioner will qualify you for a Centsable Home Certificate from CPL.

You can either call a contractor or do the work yourself. Either way, you'll get a lower energy bill every month. And a more comfortable home.

If you're interested in the Centsable Home Program, give CPL a call. And get Centsable about your home energy use.

TEMPLETON SISTERS

by Justin Berry

"Singing Beauties" Mary, Carol, and June Templeton are performing at Alamo Village this summer.

The girls are originally from Commerce, Texas, where they are now attending college. Mary is majoring in music, Carol in sociology, and June in Psychology.

The Templeton Sister's started their singing career in church, and they have continued from there. In 1985 they were known as the "Jade Band" during which time they were performing at the Loretta Lynn Ranch in Tennessee. A local radio station sponsored them in the Country Music Championship's of Tennessee, which the girls won, with a song written by Mary, titled "Cold and Lonely Me".

After winning the championship, they opened for a Willie Nelson Concert in Jacksonville, Tennessee.

The girls write most of their own songs, and are planning to cut a record in the near future. They will also start on a country music video this winter.

This is the girls fourth summer to work at the Village, where they enjoy meeting all the different people that visit Alamo Village.

If you enjoy good country music, and pretty girls, visit the Templeton Sisters, at Alamo Village.

DUDLEY HARRISON

Representative Dudley Harrison of Sanderson was commended today by Texas business, both large and small, for the leadership he has taken to reform the Texas workers' compensation system.

In a letter of commendation from Texas Association of Business, Rep. Harrison was cited for taking a strong stand for reform of a system which TAB said is "victimizing injured workers as well as employers and costing jobs for our state." The letter, signed by TAB President Dane Harris, expressed confidence that with Rep. Harrison's continued support, a cost effective system which is fair to both injured workers and employers can be developed.

When Alfred Gage left his home in Vermont to make his fortune in southwest Texas he was only eighteen years old. He went to work on a ranch in the Pan handle as a cowboy.

From 1878 until 1920 he climbed the ladder of success. His two brothers came west also to join him and they organized the Alpine Cattle Company at McKinney Springs, Texas in Brewster county south of Marathon. This ranch was composed of 500,000 acres.

When Gage came to town on business there was no place to meet and talk business so he decided to produce one.

The El Paso Hotel at Marfa and the El Capitan in Van Horn were fine hotels so he made plans to build such a hotel as big and fine in Marathon.

Gage hired the famous contractor Panford and Son of El Paso to build him the finest hotel in the southwest. It was an imposing two story brick structure and for a lot of years it was the meeting place for local ranchers and miners. But Gage was never to see his famous hotel because he died before it was completed. The hotel flourished for many years and served Marathon well. Finally it was closed, neglected, and gathering dust.

In 1978 J.P. and Mary Jo Bryan of Houston bought the old building and began to restore it, using the original blue prints. The Gage hotel became alive again and since Marathon is the official entrance into the Big Bend area it is usually now filled with travelers in all its twenty re-stored bedroom units.

You can go anywhere from Marathon, to Big Bend National Park, canoe trips on the Rio Grande, Hot Springs for the baths, old mining towns, the Observatory, to name a few.

The old Gage Hotel will echo once again with the voices and bustle of ranchers and travelers looking for a quiet place to rest at the end of the trail.

SNÖOPS

Howdy folks! Hold a minute while I kick the dust offun my boots. As most of the folks here about know, travelin kin be right smart, and tiresum. Lots to see and do, and many

miles of road and beauty. Folk all over are jest as friendly as they kin be, but home always is nice ta return too.

I swear! There has been a bunch a stuff a goin on around these parts. Seems ya'll had fun enjoying the young folks in their playing "The Ransom of Red Chief." Sandi Green and Cecelia Foster, said they enjoyed playing their parts. But they got to get serious now with their studies a comin up. Then ah run into, wal not really, but almost - Janice Mendelsohn and her husband a crossing the Fort Clark Road on the Fort. Seems they're here on some business, and brun along their daughter and his mother from Long Island. They're having a bit of fun too! we sure do welcome you folks! we even brought in some cooler weather, all tho it is warmin up a mite.

Hear that Hugette and Richard Hirsch, will ba a ride un in shortly from their long trip! Golfuns not the same with out Dick there.

Then friends and neighbors of Wynell and P.H. Coates, enjoyed a fine lunch at the Golf Club House last Sunday afternoon. Had a humming table there. Richard and Beth Ann Smith and their family war along also. Wal can you believe that I almost forgot to mention the guests names? Thar the Hagy's, decendants our of Castroville. May not of spelt the names right, but they know who they are.

A source of mine says that Pastor Taylor and his wife, Dovey Jean, had some friends who now live in Leaky, by the name of Marshall, come to say "Hi!" good to see old friends again ain't it?

Hear that Evelyn and Harlan Hunter, of the Fort, have had a wonderful time with their three grandson's this summer. Seems the youngest of the three got homesick, and it was Jeff and Brad, who stayed on and been a swimun and a playun pranks on their grand dad. Evelyn, is a terrific grandmother. She jest a goes on with her art work, and entertains like nothen botherin her. Mary Sandoval, is doing great and meetin some fine folk in her new business venture, "Mary's Outreach Manor". She has the Consignment Store at 2nd and Pafford here in Brackettville. Haven't been there? Go and take a look see! Betty Jean Logan, has had a busy summer also- busy, busy, busy.

Hear tell that there was activity out at the Airport last Saturday, August 12th. They call it E.A.A., guess Experimental Aircraft

Assoc., a group of people were there jest enjoyin themselves, and a stuffin their faces with good vittles. Lloyd Davis and his wife Susan, and their two children, Lee and Amanda, were there, and seems that they invited the Miners out of Kerrville to come and show them all the "Avid Flyer", a kit airplane. Ya'll love aeroplanes, they are the people to meet. Can't remember all the folks that were there, but they shore did have fun. Florine and Randy Rusch, out of Comfort, Texas, did some decorating of their condo on the Fort. They're newly retired I'm told, and really beginnin to enjoy life in the slow lane. Seems they were spurred on by the Franks, from Dallas, who have a home they been a fixin up here on the Fort.

I almost forgot to tell about the great time the ladies had at their luncheon. Seems it was a picnic affair, and the food was out of this world. A great time was had by all. Been a lot a happenin around these here parts, and at this writin I'm gettin my mouth set for the upcoming Pot Luck Dinner. Soooo keep on a truckin! Ya Hear???

**NEPOTISM LAW FOR SCHOOL
SUBSTITUTE REVISED**

The 71st Texas Legislature passed a law that reverses an earlier Attorney General's ruling on school substitutes. The new law will allow spouses and close relatives of members of local school boards to work as

substitute teachers in school districts with a student population of less than three thousand.

This law is an exception to the state Nepotism Law that prohibits close relatives of school trustees from being employed by a local school district. Brackett Superintendent Bobby D. McCall stated that he was happy with the new law. Qualified substitutes are hard to find in any community, and in Brackettville it has been difficult. The subs we have are excellent. There are just not enough to go around, especially in the Spring when UIL events take many coaches and sponsors off campus.

If you are interested in substituting for Brackettville Independent School District for the 1989-90 school year, please contact the Central Office on Ann Street for an application and further information. The telephone number is 512/563-2491.

Notice of Effective Tax Rate

1989 Property Tax Rates in KINNEY County

This notice concerns 1989 property tax rates for KINNEY County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm to Market/ Flood Control Fund	Special Road/ Bridge Fund
Last year's tax rate:			
Last year's operating taxes	\$ 444,746	\$ 53,369	\$
+ Last year's debt taxes	\$ 22,754	\$ -0-	\$
= Last year's total taxes	\$ 467,500	\$ 53,369	\$
+ Last year's tax base	\$ 80,686,930	\$ 79,774,360	\$
= Last year's total tax rate	\$.5794 /\$100	\$.0669 /\$100	\$ /\$100
This year's effective tax rate:			
Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 466,426.95	\$ 53,249.62	\$ (12)
+ This year's adjusted tax base (after subtracting taxes on new property)	\$ 80,175,033	\$ 79,242,136	\$ (20)
= This year's effective tax rate for each fund	\$.5817 /\$100	\$.0671 /\$100	\$ (21) /\$100
Total effective tax rate	\$.6488 /\$100		

A county that adopted the additional sales tax in a 1989 election must include the following lines:

- Sales tax adjustment rate	N/A	\$ /\$100
= Effective tax rate	N/A	\$ /\$100

x 1.03 = maximum rate unless unit publishes notices and holds hearing \$.6682 /\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$ 443,725	\$ 53,250	\$ (25)
+ This year's adjusted tax base	\$ 80,175,033	\$ 79,242,136	\$ (20)
= This year's effective operating rate	\$.5534 /\$100	\$.0671 /\$100	\$ (26) /\$100

- Sales tax adjustment rate	N/A	\$ /\$100
= Rollback tax rate	N/A	\$ /\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
GENERAL	\$100,000
ROAD & BRIDGE	\$100,000

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
BONDS	\$20,000	\$6,200		\$26,200
Total required for 1989 debt service				\$26,200
- Amount (if any) paid from funds listed in Schedule A				-0-
- Excess collections last year				-0-
= Total to be paid from taxes in 1989				\$26,200
+ Amount added in anticipation that the unit will collect only 95% of its taxes in 1989				\$ 1,379
= Total Debt Service Levy				\$27,579

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ -0- in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at KINNEY COUNTY APPRAISAL DISTRICT

PROPOSED URANIUM ORE BY-PRODUCTS DUMP SITE FOR SOUTH TEXAS

Pictured above is an aerial shot of the land that will be used for the dump site. Spofford can be seen in the background approximately one mile away.

Texcor Industries Inc. filed an application for a permit with the Bureau of Radiation Control on July 20 on a 1,400-acre tract of land approximately 1 mile east of Spofford, a town of about 70 residents located 10 miles south of Brackettville and 30 miles north of the Rio Grande at Eagle Pass.

Although Texcor officials have been working in the area for almost two years in preparation for the project, they have encountered stiff resistance from local citizens, the county and city of Spofford, as well as resolutions of opposition from surrounding counties.

Judge Tommy Seargeant of Kinney County stated "In my opinion, its something to be scared of!"

This remark was countered by Charles Salsman, president of Texcor Industries by saying "We've diligently tried to educate the people about this project. There's always going to be opposition.

Apparently there have been misunderstandings over exactly what materials would be going into the covered, clay-lined pit if the facility is approved. Also there is an apparent conflict over the regulation of the materials the firm wants to dispose of.

State Sen. Judith Zaffirini, D-Laredo, whose district includes Kinney County, said that while she is not in favor of the project, she was able to get legislative session last spring to commission a study of normally occurring radioactive materials in an attempt to define them and determine what agency should regulate them.

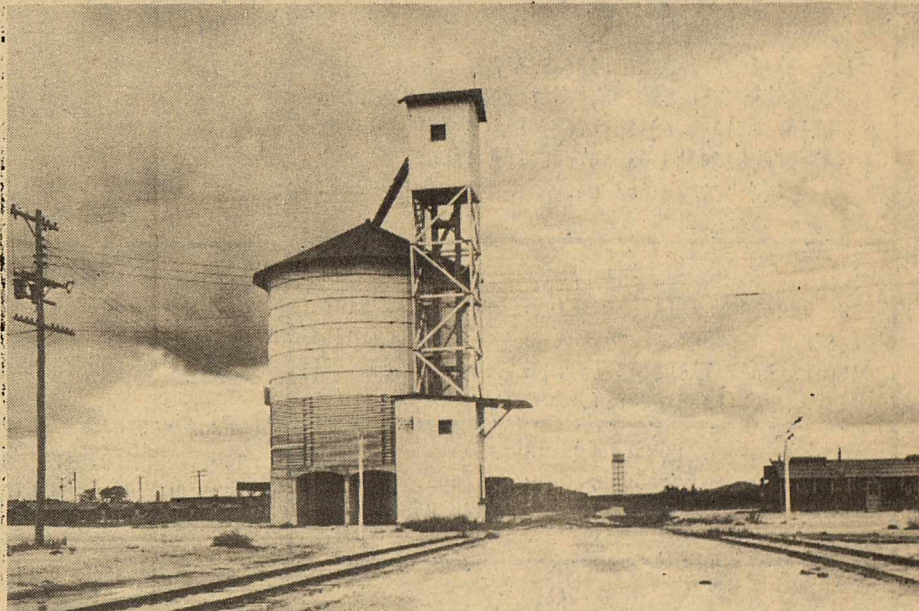

The materials under consideration for the Kinney County site are by-products from the processing of naturally occurring radioactive materials. There are several sites in Texas in which radioactive ores, containing uranium or thorium elements, are being mined and processed. The states only disposal sites for uranium by-products is in Karnes County about 60 miles south of San Antonio. This facility, owned by Conoco Oil Company, has been in the process of being phased

out for the past two years. The only other major source of by-products is at a nearby Karnes County facility owned by Chevron Ins., which is still active, but does not have an on site disposal facility. Therefore there is no other place to put these materials with the closure of the Conoco plant as the only one in the state of Texas.

This will be the first commercial facility of its kind in the state for uranium byproducts. Opponents said when company officials made their presentation last summer to area residents, they said uranium mill tailings would not be placed on the site. Salsman denies that statement. But does state that uranium mill tailings will not be a major material disposed of at the site.

The estimated time span for this facility to be in operation until it reached capacity would be 20 years. Area residents are worried about having a radioactive-material dump site in their back yard, they also fear the area's groundwater could become contaminated by seepage, and about what they say they were told by Texcor Officials when the plan for the site was divulged.

They said that if there was any opposition, they'd roll up the carpet and leave town. But they didn't do it! There has been several populated areas near the proposed disposal site that have registered their opposition, including those from Spofford, Fort Clark Springs, Brackettville, and surrounding counties, including Uvalde, Real, Val Verde, Zavala, Dimmitt, LaSalle, and Edwards, all of which have passed resolutions opposing it.
