THE CHANCE OF A LIFE TIME.

Practical Ideas Free for Western Farmers.

In this age of progress and advancement in all kinds of business the successful farmer and stock raiser is compelled to put more brains into his business than ever before. The price of land is increasing every year, and better and more improved methods of farming must be and are being inaugurated. There are many great problems to solve, and one of the greatest exponents of new practical ideas for the western farmer is the Western Breeders' Journal, published at Clay Center, Kansas.

We have succeeded in making arrangements with that valuable publication, whereby we can furnish it absolutely free to every reader of The Borden Citizen.

Beginning with this issue and continuing for a specified time both papers, The Borden Citizen and The Western Breeders' Journal, may be had for the price of The Borden Citizen only, which is One Dollar per year. In other words every one paying One Dollar on subscription during the next ninety days will receive both the aforesaid mentioned papers one year. The Western Breeders' Journal is conceded to be the most practical, up-to-date farm and stock paper in this territory. It gives the experience and reflects the ideas of those who have made a success of farming and stock raising under conditions that exist here.

Sample copies may be seen at this office at any time within the next ninety days. Remember the time limit, however, and see to it that your name is enrolled before the expiration.

OUR BARGAIN LIST.

If you like to read, come around to the Citizen office and let us fix you up with a great big pile of papers and magazines for a very small amount of cash. Just look at our liberal offers. When reading matter is so cheap, you are not doing yourself justice unless you avail yourself of these rare opportunities to become and remain well-informed.

For \$1.00

We will send the Citizen and the Western Breeders' Journal for one year.

For \$1.75

We will send both the above papers and the Dallas Semi-Weekly News for a whole year. You can't afford to miss it.

For \$2.50

We send the Citizen, the Western Breeders' Journal, the New York Thrice-a-week World, Harper's Bazar and Success Magazine a year—an average of about one cent a copy. You can't beat this offer anywhere.

Rev. J. S. Hanks of Abilene, Texas will be a week later starting his meeting here than we announced, on account of the death in New York of Dr. Simmons who founded Simmons College at Abilene. The president of the college and pastor of the Baptist Church of that city were called to New York to adjust affairs of deceased, leaving Hanks to fill their places. The meeting will open Wednesday, January 10th.

WE DON'T WANT THE COON.

In the Dallas News an Amarillo family advertises for a pair of negroes to come to that place and do the housework for them; and the San Angelo Standard goes into spasms of joy over the prospect of a negro colony being established in the Concho country and describes the 15 pioneers of the colony as "industrious and prosperous looking people." They surely have such a warm place in their hearts for the colored brother, that they forget about Monk Gibson, Henry Smith and several other shining lights of this woolly-headed odoriferous race.

Borden County needs settlers bad, but this is a white man's country and we hope it will always remain so. The black fellow has no place here, and West Texas is better off without him.

A PLAIN DUTY MADE EASY.

Notice elsewhere in this issue our liberal club offers to new subscribers. These offers are made, chiefly to increase the circulation of the newspapers named. Papers as a rule, rely but little upon subscriptions for support or profit in their business, but success in paper enterprises depends almost entirely on the amount of advertising they are able to secure. That in turn, depends upon the number of subscribers, or circulation, as it is termed. The more homes a newspaper enters, the better it pays the business man to advertise his goods in it. Hence, to get advertising, papers can afford to make club rates far below their ordinary subscription prices, thus offering to the public a vast store of news and useful information for less money

One of our two or three dollar clubs will furnish a family with the current news or history of events that are transpiring in the county and state, home and foreign news and the choice literature of the day. It will furnish suitable reading matter to every member of the family and keep them abreast of the times. As every parent is strictly accountable for the education of his children, so we think he is morally bound to furnish his family and children the valuable and practical information which the newspapers and the newspapers only of the present age can supply.
