THE AMERICAN WAY

THE LAST STRAW MAY BE THE FIRST STEP

By Harry Browne
Editor, Freedom Magazine
(formerly American Progress)

The current racial upheavals are causing a side effect that is bringing indignation from members of all races.

The indignation stems from attempts by politicians to parlay the racial unrest into increased power for themselves. In addition to the obvious play for votes, government officials are ramming through new laws "to provide equality of opportunity"—laws that give the politician greater control over the people. For example, the governors of California and Kentucky have both issued "sweeping executive orders" to revoke the licenses of businesses that practice discrimination. These orders have caused protests—and rightfully so, for they give the government the power of life and death over individual businesses.

Dictatorial Pattern

Yet these dictatorial rulings fit logically into a pattern that we, ourselves, have created. If the government has the right to decide which businesses "qualify" for licenses, then why can't "willingness to serve all" be one qualification?

And if the government can decide to whom a business must sell, then why shouldn't the government regulate that business's ethical conduct, prices, advertising, interest rates, profit margins, salaries, etc.? The answer is, of course, that it will—sooner or later.

We Did It . . .

These new power-grabs are repulsive to us—yet they are of our own making. We demand zoning laws that we think will protect us from unwanted neighbors on the block. But we rebel when the government then tells us to whom we can sell our rent houses.

We expect government to educate our children "free of charge"—but are shocked to learn the children are "brain-washed" to favor more government, or that the tax monies must be available to all races, or that religious observances are taboo in tax-supported institutions.

We love our FHA homes, but protest arbitrary regulations controlling such homes. We want all the so-called "federal funds" we can get—but are very indignant when strings are attached.

We attempt the forbidden art of "having our cake and eating it too" when we expect government control without government control. We who fling the door wide open scream to high heaven when the government walks in.

Let's Change It!

Isn't it about time we learn how to educate our children without government help? To finance our desires without someone-else's money? To promote segregation or integration without laws to force others to do as we like to think best?

Isn't it time we discover how the consumer regulates the conduct of business firms—so that licensing laws, zoning rules and regulatory agencies can be taken out of the hands of power-hungry politicians?

The recent tightening of controls by various government agencies have seemed like the "last straw" to many. But that may turn out to be for the best. For it may force us to wake up to the realities of our foolish reliance on government.

The very repugnance of these "last straws" may cause them to be transformed into "first steps"—steps forward toward greater freedom and less government for people of all races.

Roundup For West Texas Boys' Ranch Set For Two Weeks

Fourth annual West Texas Boys Ranch Roundup is to be concentrated into a two-week period July 22 to August 3.

This biggest fund-raising campaign of the year for the famous boys' haven near Tankersley is slanted toward livestock and farm products.

All over West Texas, livestock auction and commission firms are offering to sell without fee any livestock donated by stockmen and turn all proceeds directly to Boys Ranch. During the 2-week period, donors may carry livestock to any one of the participating firms and be confident the money will go to the Ranch.

J. R. Canning, Eden ranchman, is chairman of the drive. Harvey Hartgrave, San Angelo and Paint Rock ranchman, is co-chairman.

They are currently lining up "wagon bosses" all over West Texas to help see that livestock gets in.

Last year's drive was stretched over most of the summer. Volunteer workers this year thought it would be better to concentrate it into a shorter period.

"We'll take any gift at any time," said Canning. "But this is the time to get the livestock in."

With most of West Texas showing good grass now, Canning predicted that ranchmen will be inclined to give more livestock.

Among participating livestock sales firms are: Ballinger Auction & Commission Co., Heart O' Texas Commission Co. in Brady, Brownwood Cattle Auction, Coleman Livestock Auction Commission Co., and Eads & Cole of Brownwood.

Boys Ranch is set up to care for 64 boys in residence. It has been forced to move into placement away from the Ranch by way of foster homes and work homes because of large numbers of boys. Sixteen of these currently are under Boys Ranch supervision, meaning the Ranch currently has 80 homeless boys directly or indirectly under its care. A number of boys are out on work placement and trial leave this summer. They will return to the Ranch when school starts.

Eight out of 10 Boys Ranch boys released since 1956 have made excellent adjustment, according to a national survey published by the National Council on Crime and Delinquency.

Boys Ranch director Morris Craig said the annual Roundup has been of tremendous importance in financing the operation. Economic pressure is critical as the Ranch tries to answer a constantly growing number of calls to help West Texas "hard luck" boys. He said previous Roundups have been a lifesaver for the Ranch.

E. M. Tisdale Buried Here

Funeral services for Edward M. Tisdale, 72, were held at the First Baptist Church at 2:30 p. m. Tuesday, with the pastor, Rev. Raymond Jones officiating. Burial was in the Santa Anna Cemetery, under the direction of Hosh Funeral Home.

Mr. Tisdale died in the Brady Hospital at 5:30 a. m. Monday after a lengthy illness. He had lived in Brady about 16 years. He was born August 20, 1890 in South Carolina, and was married to Lola T. Day on January 16, 1918, near Santa Anna. He was a member of the Baptist Church. A retired ginmer, he operated a gin at Whon for a number of years before moving to Brady.

Survivors include his wife of Brady; two daughters, Mrs. Beulah Unger of Hartsdale, New York and Mrs. Fay Wise of Rockwood; and one sister, Mrs. Minnie Carlisle of Barton, Texas. Six grandchildren also survive.

Pallbearers were Dick Deal, Lon Gray, Tom Rutherford, Henry Smith, Johnnie Steward and Allen Turner.

Mr. and Mrs. R. L. (Pete) Copeland and daughter, Sandra, of Ypsilanti, Michigan, spent last week with his father and brother, J. J. Copeland and the Glen Copeland family.

DIAL A PRAYER — F18-3100

Mrs. Dave Banks Buried Here Last Thursday

Funeral services for Mrs. Dave Banks Sr., 80, were held at the First Baptist Church here at 4:30 p. m. Thursday, July 11. Mrs. Banks died Tuesday in San Antonio, after a lengthy illness.

Rev. Jack Skelton officiated at the service. Burial was in the Santa Anna Cemetery, under the direction of Stevens Funeral Home.

Mrs. Banks had been a resident of San Antonio for 12 years. She was born in Tennessee July 27, 1882, and came to Texas in 1920. The family lived in his area for a number of years. She was preceded in death by her husband and two daughters, Mrs. Vera Vinson and Mrs. Jozack Miller.

Survivors include three sons, Albert, Harrell and Dave Banks Jr., all of San Antonio; three sisters, Mrs. Mary Myers of Fort Worth, Mrs. Lucille Cruch of Corpus Christi and Mrs. Alberta Johnson of San Antonio.

Pallbearers were Elmo Hudson of Leaday, Ben Cheek of Tuscola, Virgil Curry and Jim Daniell of Santa Anna, Raymond Holland and R. W. Aschenbeck of Brownwood.

Out of town relatives here for the services were: Mr. and Mrs. Lee Banks and Harry, Mrs. Alice Lewis and Mrs. Mary Mobley of Wichita Falls, Mrs. Irene Greer of Lubbock, Mrs. J. M. McMathen, Mrs. Sandra Cochran and Mrs. Claude Niggemeyer of San Antonio, Mrs. Beverly Vess of Corpus Christi, Miss Jeanette Myers of Fort Worth, Mrs. Deloris Martinez, Miss Sarah Joe Miller, Mr. and Mrs. Kenneth Kay, Harrell Banks Jr., Charles Johnson and Mr. and Mrs. Edwin Banks, all of San Antonio.

Farm Economic Outlook Good

College Station — The price-cost squeeze on farmers may tighten some during 1963 due to larger supplies and lower average prices of farm products along with higher production costs, says John McHaneey, economist with the Texas Agricultural Extension Service.

The larger output expected in 1963 will raise the gross farm income but this increase will be offset by higher prices paid by farmers, he elaborates. Economic activity of the nation as a whole increased during the early part of 1963 and will probably continue to advance the rest of the year though at a slower rate.

Exports of farm products in the calendar year 1963 will probably total about the same as the record shipments in 1961 and 1962, says McHaneey. Food fats and oils and dairy product exports will probably increase while wheat and cotton levels will remain near the 1962 figure. Poultry and feed grain exports are expected to be lower than in 1962, the economist adds.

Looking at prospects for the rest of the year, fed cattle prices are expected to improve somewhat due to seasonal decline in fed beef production. Hog prices may be somewhat lower during the fall and early winter of 1963 than for the same period last year. This will be true if the March-May farrowings were the expected four percent higher than a year earlier.

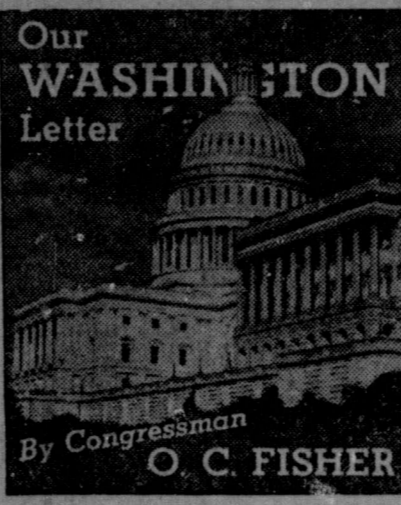

Farm milk sales for 1963 are expected to be only one percent higher than last year and the national average support price, effective April 1, 1963, will be three cents more per hundred, says McHaneey.

There will be little change in the number of layers on farms during the remainder of the year, but because of a higher rate of lay, egg numbers will be up.

The 1963 turkey crop is likely to be the same as last year's though it will have stiffer competition from broilers and red meat in the next six months than during the same span in 1962.

J. W. Jordan, Mrs. Pearl Harris and Charlie Joe Harris of Inglesides visited in Santa Anna over the weekend. They are former residents of Santa Anna. Charlie Joe is employed as a printer by the Aransas Pass Progress.

W. H. Burden and John W. Gregg attended the Bowden reunion in Brownwood Sunday.

A LIVELY TUSSELE has developed, behind the scenes, between the Kennedys and Harlem's notorious Adam Clayton Powell, over the President's Civil Rights message to Congress. A few days after the message was sent to Capitol Hill, Adam made a speech in Long Beach in which he boasted: "I wrote half of his speech for him the night before it was delivered before Congress."

The White House, with eyes cast longingly on the Negro vote bloc, showed embarrassment over the "leak" by Powell, and tried to play down the Harlem Congressman's role in its preparation.

Ten days before Adam's Long Beach speech he was in Paris where he was quoted as saying that "Negroes now have whites on the run and this is the time to keep them running." In this background, some of the White House strategists showed fear that Powell's boast about authoring half of the Kennedy proposals might cause some members of Congress to take a second look at what is being advocated.

HOW MUCH does the Peace Corps Cost? Questions about the cost of this facet of foreign aid, which duplicates another facet—Point 4, are being asked after two years of Peace Corps operations. On May 31, 4439 Peace Corpsmen were overseas in 45 nations, while 385 were in training—a total of 4824. There are now 1051 Peace Corps employees administering the program—a ratio of about one employee for every 5 in the field carrying out the mission. It takes a little more than \$10,000 per year to maintain each of the Peace Corpsmen overseas.

MOHAIR IS GETTING quite a boost in Texas with the opening of the Brady Combing Co., where vast amounts of mohair is to be scoured and processed. The first of its kind in Texas, this plant was moved from New England because of lower labor costs, lower taxes, and a wider public support. I recently had the privilege of going through the plant. Texas mohair growers can take much pride in this project. Its potential as a stimulant to this great industry is important and reassuring.

W. T. Stewardson, who owns and operates considerable ranching interest south of Santa Anna, received a very unusual rain Sunday afternoon. As everyone well knows, it was very hot all day and seemed to be the kind of heat that brings rain. However, so far as we know, only one place was fortunate enough to receive the rain.

Mr. Stewardson said it began raining at his place at 4:15 p. m. and rained for a full hour. During that time 1½ inches of water fell and the sun shined throughout the rain. Apparently even his close neighbors did not get any of the moisture, but his son Burgess got about ¼-inch.

The entire area is badly in need of rain. Crops have just about dried up to the point they appear to be almost dead at this time.

STEWARTSON RANCH Gets Good Rain

SHERMAN STEARNS TO ATTEND TCU
Fort Worth — Sherman Clinton Stearns, Trickett Route, Santa Anna, has been awarded a Texas Christian University Scholarship for the 1963-64 school year. Logan Ware, director of scholarships and student financial aid, announced this week.

Awards of this type range from \$100 to full tuition, based on the financial need of the student.
Stearns will be a freshman student at TCU this fall.

Mr. and Mrs. Roy West attended the 17th annual Yates reunion held in the Coleman City Park Sunday.

Group Returns From National FHA Convention

Miss Linda Faye Pittard, daughter of Mr. and Mrs. Clyde Pittard, attended the 1963 national meeting in Kansas City, Mo. last week of the Future Homemakers of America, along with 1,500 teenage delegates and advisors from throughout the United States, Puerto Rico and the Virgin Islands.

All delegates were assigned responsibilities for participation in the meeting. Miss Pittard was a hostess at the banquet during the closing session on Thursday evening. She is vice president of Area IV, which includes most of the area in this part of the state.

The theme of the four-day meeting, planned and conducted by the membership of high school home economics students, was "Your Home—a Key to the Future." Mrs. Stephen Udall, wife of the Secretary of Interior, Washington, D. C., made the key-note address on this subject at the opening session on Monday night.

Former President Harry S. Truman greeted the delegates during the morning session on Tuesday.

Dr. Richard Klemer, arthur and visiting associate professor of home economics at the University of Washington in Seattle, spoke Tuesday on "Using your influence with parents, peers and partners." Other programs covered decision-making, family relations, individual growth, responsible citizenship, and reports on activities of members such as the stay-in-school, prepare for marriage, and other projects FHA chapters conduct.

The youthful delegates attending the Kansas City meeting represented over a half-million members of Future Homemakers of America.

Others in the Texas delegation from this area were Sharon Donham of Rising Star, Evelyn Sells of Priddy and Marjorie Sproley of Goldthwaite, who participated in the national chorus, and Mrs. Winnie McQueen, local advisor of the Santa Anna Chapter.

Travel Increases To Big Bend National Park

Travel to Big Bend National Park for the first half of 1963 shows an increase of 24% over the similar period last year. Total visitation to the Park for the first six months of 1963 has been 53,390, compared to 42,995 last year.

Campground use of all types is nearly twice as much this year as last year. The number of visitors registered in campgrounds totals 19,724 through the end of June, compared with 10,298 for the first six months of 1962. This represents an increase in camping of over 91%.

Use of other facilities in the Park, including the concessioner-operated cottages and horse-back riding facilities, has also increased. Substantially heavier use was noted in the month of June.

All facilities in Big Bend National Park are open every day of the year. Roads, trails, campgrounds, water and sanitation systems are available for use by visitors. Cottages, restaurant, store, automobile service stations, saddle horses and related services are furnished by concessioners authorized to operate in the Park.

Scenic, scientific, and historic viewpoints are accessible by road. Trails are used by both hikers and horseback riders in the Chisos Mountains and elsewhere in the Park.

SHERMAN STEARNS TO ATTEND TCU
Fort Worth — Sherman Clinton Stearns, Trickett Route, Santa Anna, has been awarded a Texas Christian University Scholarship for the 1963-64 school year. Logan Ware, director of scholarships and student financial aid, announced this week.

Awards of this type range from \$100 to full tuition, based on the financial need of the student.
Stearns will be a freshman student at TCU this fall.

Mr. and Mrs. Roy West attended the 17th annual Yates reunion held in the Coleman City Park Sunday.

Jerry Ellis To Attend Youth Conference

Jerry Ellis, son of Cecil Ellis, of Santa Anna, has been designated by State Attorney General Waggoner Carr as a delegate to the first Attorney General's Youth Conference to be held in the State Capitol on August 17th and 18th.

The Conference, which is youth-led and youth-advised, will inaugurate a totally new concept in curtailing the juvenile crime rate in the State and is an outgrowth of a meeting in April of this year between Attorney General Waggoner Carr and over 100 Austin high school leaders to discuss the alarming record of young adult crime and what youth can do to reverse the trend. As a result of this meeting, an Austin Pilot Project was launched by Austin youth, with research and work to be done in several main areas of concern—including the "drop-out" problem, the establishment of a student-community employment bureau, public awareness, the creation of "spare-time" activities and a comprehensive study of vocational needs and possibilities to substantially increase talents and skills among Austin youth.

The Austin Pilot Project will develop discussion leaders and provide the factual material for the Statewide Conference. By special action the Senate and House Chambers and Committee Rooms have been made available for the various workshops and seminar discussions. Nationally prominent speakers will be featured and over 600 delegates from all over Texas will register in the State Capitol Rotunda to obtain information on the Pilot Project and to exchange ideas.

Attorney General Carr stated that this will become an annual conference with plans already being considered to accommodate over 1,500 delegates this next summer. During the interim periods youth efforts will be aided by a permanent office within the Office of the Attorney General.

Jerry was selected as a delegate on the basis of his proven leadership qualities and outstanding high school record.

A senior at Santa Anna High School, Jerry is a member of the Student Council and a recipient of a scholarship medal as a Freshman.

The Honorable Frank Lewis, County Judge for Coleman County is the local representative of the Attorney General's Office who is assisting with the organization of the conference.

Juanell Mercer, student at Tarleton State College in Stephenville, was at home for the weekend, during the change of summer semesters. Wayne Wheat of Hamlin visited in the Gregg home Sunday afternoon and took Juanell back to college.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

JULY 19
Mrs. Homer Vinson
Homer Vinson
Billy Ed Scoggins

JULY 20
Johnny Hogue
Elmer Hardy
Mrs. Cullen Perry
Judy McInire

JULY 21
Marty Donham
Mrs. Linnie Barlett

JULY 22
Mrs. Frances Everett
Henry Eugene Smith
E. M. Hickman
Mrs. M. R. Pollock
Alice Anna Lane

JULY 23
Mrs. Carl Benton
James Rushing

JULY 24
Sam Rutherford
Mrs. Jess Howard
Mrs. Joe Mathews
Sheila Jeffcoat
Mrs. Grady G. James, Fort Worth

JULY 25
Mrs. Will Fletcher, Bangs
Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between July 26th and August 1st.

It's the Wood that Counts

Rich, natural wood in contact with water helps to make the "No-Cost, No-Risk" Atlas Air Coolers the best in the world. The superior natural interior finish is a built-in "air" seal and insulator. After the "No-Cost, No-Risk" Atlas air cooler is installed, the water, which circulates in the Atlas, keeps the cooling and provides maximum air circulation within the box, which eliminates insects and keeps wood-boring beetles from penetrating into wood. "No-Cost, No-Risk" Atlas air coolers with Paramount Coolers.

TO TEST OR NOT TO TEST

How much good will come out of the nuclear test-ban talks in Moscow in mid-July is a question for mid-summer speculation. Rather than in genuine disarmament, the pay-off to the participants, Britain, Russia, and the U.S., promises so far to be almost entirely in the nature of propaganda. The heads of these three great powers can all

use some political lotions and astringents in order to undergo the rigors of the dog-days ahead. We may be sure that each is hopeful of some political gain.

As for President Kennedy, his appeal for peace and disarmament may have already sweetened his reception in Europe this summer, for it is no secret that some of the NATO allies would like to slow the nuclear arms race. The Kennedy appeal also angles for support from some elements of the American voting public who hold perennial hope for peace through disarmament. Past attempts at disarmament have not led to peace, but between blood wars some would put aside the weapons. The plea sounds good, un-

til we remember that the world has been set aflame mostly because our strength of arms or will has not deterred the ambitions of evil men.

Bitter Experience

Hopeless as the case for disarmament is at this stage, it is more sad to see so much political razzle-dazzle heaped upon the test-ban proposition. Even Senator Dodd, who joined with 35 of his colleagues on May 27 in a test-ban resolution, chooses to commit the U.S. against testing in the air or sea as long as the Soviet Union refrains. The President was able to use this tactic and on his initiative suspend our testing in the atmosphere, if other nations do likewise.

Despite the negative response required of other nations, this unilateral action is hardly a treaty. A genuine treaty requires a two-thirds Senate majority, and Congressional leaders have been quick to recall our experience when the tests were sus-

ended unilaterally in 1958. The U.S. fell behind in research and development, while the Russians went ahead with plans to scuttle the deal with a program of heavy testing, which they undertook in 1961 and 1962.

Trust The Reds?

The negotiations may get bogged down again in discussions about inspection and enforcement, as the Russians have preferred in the past. But if something is signed, it may be worthless because of the Soviet way of looking at treaties (like pie-crusts, meant to be broken). A new comprehensive study of Soviet treaties of the past 40 years by Stanford University scholar Jan Triska and Robert Slusser, 'The Theory, Law and Policy of Soviet Treaties,' has this to say about the question of whether the Russians can be trusted:

"Basing one's answer to this question on the past behavior of the Soviet leaders, one would have to say that the chances that they can be trusted are distinctly poor. Furthermore, the more important the subject of a given treaty and the more directly it is related to Soviet long term objectives, the poorer are the chances of the Soviet Union's honoring the treaty." The authors conclude that no agreements are of any value that promise not to undermine a non-Communist treaty partner. The Soviets, they say, deceive only those who wish to be deceived.

Lest we victimize ourselves with hopes that are false, we ought to temper some of our projections concerning the possible test-ban. We must not depart too far from reality, even if Moscow has interpreted president Kennedy's overtures as a movement toward U.S. acceptance of the Soviet idea of "Peaceful co-existence." This concept of peace simply means to Moscow that America does nothing to prevent Communist infiltration and subversion and expansion in other countries.

Cuba or elsewhere, while Russia works on feverishly for a Communist world.

We must remember that although the test-ban points toward disarmament, it has been our nuclear superiority that has deterred the Russian bear from overrunning Europe and Asia completely. We might recall also that our scientists say we must test in the atmosphere in order

to keep our knowledge equal to theirs. Neither the French nor the Red Chinese will stop testing. Any treaty that gives a go-ahead to Communist world ambition and that limits our opposition to them in the Cold War must be avoided. The idea of co-existence that the Russians have is a breakthrough in the Cold War that will give them a bigger slice of the world.

State Capitol NEWS

Austin — A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature... all have combined to cause insured motorists in Texas a double-dip premium increase during the next five months.

First boost for most drivers will come on policies renewed after August 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after January 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per accident.

Present law requires \$5,000-\$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Increasing accident losses, mainly in urban areas, forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after August 1 will be 5.2% for bodily injury, 9.7% for property damage and 8.4% for collision. This will cost policyholders a total of \$12,000,000. Drivers in some rural areas, however, escaped the rate increase.

PHYSICAL EDUCATION
Atty. Gen. Waggoner Carr has been asked to come to the aid of hard-pressed physical education departments in the 20 state-supported universities and colleges.

Commission on Higher Education asked Carr for an opinion on the legality of the "rider" in the new appropriation bill, which goes into effect on September 1. Rider declares that state funds for physical education can be used only for mass calisthenics unless the students are majoring in PE. Net effect would be special fees charged by the schools if they wanted to give instruction in games.

Some schools have protested that the rider would seriously curtail physical education programs.

JOBS ASSIGNED
Speaker Byron Tunnell has more than 60 appointments to make on interim study committees. He is making them at the rate of one or two a week.

Reps. George Cook, Odessa; J. Collier Adams, Lubbock; Maurice Duke, Wichita Falls; George Hinson, Mineola; and Ben Jarvis, Tyler, will study the oil and gas industry. Their assignment is no small chore...how to restore prosperity to the Texas oil industry.

Reps. Ben Atwell, Dallas; Dick Cory, Victoria; and David Crews, Conroe, will take up membership on the Committee on State and Local Tax Policy. Lt. Gov. Preston Smith has named Senators George Parkhouse, Dallas; W. T. Moore, Bryan; and Jack Strong, Longview. Balance of the committee will be composed of three citizens to be named by Governor Connally.

Reps. W. H. Miller, Houston; Myra Banfield, Rosenberg; Raleigh Brown, Abilene; Charles Scoggins, Corpus Christi; and John Traeger, Seguin, will investigate public school testing.

Rep. Bob Fairchild of Center has been named chairman of the House General Investigating Committee by Speaker Byron Tunnell.

Other new members are Reps. Ben Barnes of DeLeon, Hudson Moyer of Amarillo, Bill Parsley of Lubbock and James Slider of Naples.

Previous investigating committee's probes ranged from alleged basketball game fixes to the East Texas slant-hole scandal.

ATHLETE'S FOOT HOW TO TREAT IT—

Apply instant - drying T-4-L. You feel it take hold to check itching, burning, in minutes. Then in 3 to 5 days, watch infected skin slough off. Watch healthy skin replace it. If not pleased IN ONE HOUR, your 48c back at any drug store. NOW at All Drug Stores. 27-30c

CARD OF THANKS

We would like to express our sincere thanks and deepest appreciation to our friends for the floral offerings, the kindnesses and sympathy, during the loss of our loved one.
May God bless each of you.
The Banks family. 29c

Today's MEDITATION

from
The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Matthew 10:5-11

Freely ye have received, freely give. (Matthew 10:8.)

We generally think of an ambassador as one who serves in a foreign country. However, any one who feels that he is commissioned to help spread the gospel or impart God's love to others can be an ambassador for God in his own home.

An elderly invalid, confined to her home, would jokingly say, "This old rocking chair is my means of transportation." She would add, "I have a mission, even though I am unable to go beyond my own threshold."

Because of her wonderful personality many people, including children, loved to visit her. They went to her with their joys and their problems and came away with a feeling of gain.

She always managed to inject into her conversation a few words about God's blessings. His greatness, and His love. Thus she inspired others to nobler thinking and better living. She was an ambassador of God's love in her home.

PRAYER:

Dear Father, we feel humble when we think of many of Thy children who have triumphed over great difficulties to help in Thy work. Forgive us for sometimes taking the easy path. Help us to be more resolute in our purpose to be ambassadors of Thy love. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY

Our mission is to impart God's love.

Austin — A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature... all have combined to cause insured motorists in Texas a double-dip premium increase during the next five months.

Present law requires \$5,000-\$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Commission on Higher Education asked Carr for an opinion on the legality of the "rider" in the new appropriation bill, which goes into effect on September 1.

Reps. Ben Atwell, Dallas; Dick Cory, Victoria; and David Crews, Conroe, will take up membership on the Committee on State and Local Tax Policy.

Other new members are Reps. Ben Barnes of DeLeon, Hudson Moyer of Amarillo, Bill Parsley of Lubbock and James Slider of Naples.

Previous investigating committee's probes ranged from alleged basketball game fixes to the East Texas slant-hole scandal.

Remainder of the funds went to Baylor University College of Medicine for various research projects.

AFL-CIO LOSES
A suit by State AFL-CIO leaders alleging improper lobbying activities by Texas Employment Commission members and four employees was dismissed in 53rd District Court at Austin.

Judge Herman Jones said the union failed to prove its case. Union said it would appeal the case.

COTTON
Texas cotton farmers planted 670,000 fewer acres this year than in 1962, U.S. Department of Agriculture reports.

Decline amounted to 9.7%, which is more than the national decrease of 9.0%. Reduction, made in compliance with the federal control program, would mean a cut of about 476,000 bales in the state's cotton production if yield-per-acre is the same as last year.

POLL TAXES
Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote For the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on Oct. 1, from those who insist on paying rather than waiting to see if the charge will be cut to 25 cents by the November 9 vote.

DISTRICT ATTORNEY
Governor Connally has appointed Calvin (Pete) Burnett of Crane to replace Dan Sullivan as district attorney of Andrews. Crane a n d Winkler Counties.

Sullivan resigned to head up Sen. Ralph Yarborough's state office in Austin.

FINAL MEETING

At the Game & Fish Commission's last meeting, the eight remaining commissioners were presented with engraved plaques by the 2,700-member Bayshore Rod, Reel and Gun Club. Executive Secretary Howard Dodgen then presented them with gold-framed certificates for their service on behalf of the department's staff.

Those receiving the awards were Ben F. Vaughan Jr. of Corpus Christi, chairman, Howard Carney of Atlanta, Morris Higley of Childress, H. A. Walsh of El Paso, Frank M. Wood of Wichita Falls, J. F. Corley of Houston, W. O. Reed of Dallas and Carl DuPuy of Lufkin.

Ninth member, Wilson Southwell of San Antonio, resigned last spring.

NATIONAL FARM SAFETY WEEK JULY 21-27, 1963

AS YOU SOW ... SO SHALL YOU REAP
Drawn for National Safety Council by Kenneth J. Dolan, Flint (Mich.) Journal

Commissioners are making way for the new 3-man Parks and Wildlife Commission. It will handle both State Parks and Game and Fish matters under the merger of the two agencies.

SHORT SNORTS

Texas railroads, trying to block federal court approval of the \$911,000,000 Trinity River canal project, have asked the State Water Commission to delay its feasibility hearing from July 30 to August 26.

U.S. Bureau of Roads has released \$33,438,664 in federal road funds to Texas to speed up current highway projects, aiding both the interstate highway system and other federal-aid construction projects.

Texas Commission on Higher Education elected Dr. Lester E. Harrell Jr. as its director. Harrell has been acting director since Dr. Ralph Green resigned a year ago.

Bride-Elect Honored With Gift Tea

Sonja Dunn, bride-elect of Capt. Kenneth B. Adams of Abilene, was the honoree at a gift tea, given Saturday in the First Baptist Church Annex.

The honoree's colors of sky blue and white were used in the room and table decorations. She and her mother, Mrs. Jim Dunn, were presented blue and white corsages.

Assisting with the hostess duties were Mrs. Jess Howard, Mrs. Claude Alvey, Mrs. Elton McDonald, Mrs. Elgean Harris, Mrs. E. W. Gober, Mrs. Byrl Sparkman, Mrs. Ruth Poldrack, Mrs.

Clara Traylor, Mrs. Glenn McClure and Mrs. Ed Schrader. Invitations were extended to 150 guests.

Miss Dunn and Capt. Adams of Memphis, Tenn. will be married at 2:00 p.m. Saturday, August 10, in the First Baptist Church.

ROCKWOOD WSCS REGULAR MEETING

The party room was decorated with the Fourth of July theme when the Woman's Society of Christian Service held a social meeting at the Rockwood Community Center Saturday afternoon. Miss Ludy Jane Crutcher directed recreation. Hostesses were Mrs. Jack McSwane, Mrs. J. A. Hunter and Mrs. A. L. Crutcher.

Ice cream, cookies and punch were served to Mes. Ed Colver, M. A. Richardson, Sam Estes, John Hunter, Drury Estes, Leffel Estes, Fox Johnson, Misses Bernice Johnson and Ludy Jane Crutcher and a visitor, Mrs. H. H. Woodward of Arlington. Mrs. Crutcher and Mrs. McSwane.

Assisting with the hostess duties were Mrs. Jess Howard, Mrs. Claude Alvey, Mrs. Elton McDonald, Mrs. Elgean Harris, Mrs. E. W. Gober, Mrs. Byrl Sparkman, Mrs. Ruth Poldrack, Mrs.

EASTERN STAR TO MEET MONDAY NIGHT

Monday, July 22, at 8:00 p. m. the Santa Anna Eastern Star Chapter will have a regular meeting in the Masonic Hall. Hostesses for the occasion will be Mrs. Viona West, Mrs. Zuda Henderson and Mrs. Rex Gols-ton.

All members are requested to be present.

GO TO CHURCH SUNDAY.

Coleman Breeder-Feeder Auxiliary Honors Rodeo Celebrities

Seventeen former queens and the 1963 queen of the Coleman Rodeo, were honored at a coffee Saturday morning, July 13, 9:30-11:00 at the Willie Wirehand Room. Sponsor for the occasion was the Coleman Breeder-Feeder Auxiliary.

Other honorees were Miss Rodeo of America, Joyce Shelley and Miss Rural Electrification of America, Tonda Curry.

The eighty-five guests were greeted by Mrs. C. D. Bruce, chairman of the coffee. Miss Lynn Lawlis, 1963 queen, was first in the receiving line with Mrs. Rob O'Hair, Sr., wife of the Coleman Rodeo Association president, being next. Former queens were greeted in the order in which they were selected beginning with Billie Marie Miller, 1937 and 1940, from Rapid City, South Dakota, Coleman's first rodeo queen.

Mrs. H. P. Fenton and Mrs. Ray Sims served coffee and cookies from a table decorated western style. A blue cloth bordered with brown saddles, hats, boots and spurs covered the serving table. A copper coffee service, brown napkins, and tiny white figurine horses were placed around the centerpiece of daisies.

Mrs. Paul Cannon presided at the register which was presented to Miss Lawlis at the conclusion of the coffee. The register, designed by Mrs. Tom Kingsbery, was a brown book with Coleman Riding Club chaps of gold and black felt and "Howdy" spelled with the same color felt on the cover. Name cards, also made by Mrs. Kingsbery, were gold felt western hats attached to white cards bearing the queen's name.

Piano music was furnished throughout the party by Misses Frances Lee and Jana Marie Rudolph.

Les Guthrie, Terry McIver and A. D. Pettit are in Lubbock attending the State FFA convention.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN. Danger To Eyes From Viewing Eclipse

There will be an eclipse of the sun visible all over the United States on Saturday, July 20.

Don't Look At The Eclipse unless you have first obtained expert guidance on how to do it without injuring your eyes.

Ophthalmologists (medical eye specialists) know that with each recurring eclipse of the sun they can anticipate cases of serious eye damage, even blindness.

Dark sun glasses are no protection. There are **NO FILTERS** generally available that make safe viewing of an eclipse possible. This includes the sooted glass that many people once believed safe. Even heavy welder's glasses do not protect.

Telescopes and binoculars trained on an eclipse are particularly dangerous. They magnify and intensify the burn. **Don't Photograph The Eclipse** unless you are an experienced professional. Looking into the viewfinder of a camera pointed at the sun is highly dangerous. Even special filters don't help, unless they are chosen with great care.

Most people, especially children, don't realize that less than one second's exposure to the direct rays of the sun can, under some circumstances, cause permanent blindness. There isn't even necessarily any immediate sensation of pain before the damage is done.

The only safe method of watching an eclipse is by the "projection method." That is, the viewer looks at an image of the eclipse, rather than the eclipse itself. The image is projected onto a white surface and the observer, with his back to the sun, watches the image.

Most of us have set fire to a piece of paper by focusing the rays of the sun through a magnifying glass. It is this same burning power that damages the retina of the eye in eclipse blindness. The sun's rays are brought to focus on the interior of the eye by the optical system within the eye.

In fact, the safest way to view the eclipse is on television or through photos in magazines and newspapers. Unless you obtain professional advice from an expert — an ophthalmologist, astronomer or optical scientist —

don't look at the eclipse.

A weekly public service feature from the Texas State Department of Health

Accent on Health
J.E. PEAVY, M.D.
Commissioner of Health

When the first school bell rings this September there will be 264,783 six-year-old children entering school for the first time in Texas, according to estimated enrollment figures compiled by the Texas Education Agency.

In addition to the million-and-one chores that must be performed in getting the youngster ready for school — new shoes, clothes, health examination — most school districts require proof of age for beginning students. A certified copy of a birth certificate is usually requested.

Anticipating this, the Records and Statistics Section of the Texas State Department of Health is readying itself for the onslaught of requests for such copies that comes pouring in during the middle and late summer.

The problem is, too many parents wait until the last moment before requesting their copy.

Because of this, a temporary increase in staff is necessary. It takes a sizable staff just to open the thousands of letters received daily, let alone search out the requested certificate, remove it from the thick volume, photograph it or make a certified copy, mail it out, and then return the original certificate to its proper place.

Years of experience have eliminated nearly every bottleneck. The operation is smooth and fast. Usually, the copy is mailed within a day or two after the request is received.

However, one serious bottleneck still exists — persons who insist upon waiting until the last few days before school begins to mail in their request.

In recent years the last-minute rush hasn't been quite so bad, but it is still a serious problem. Requests should be sent in as soon as possible. The State Health Department fee for certificate copies is \$1.50.

Certified copies can also be obtained from county clerks and local registrars for a similar fee. Most important aid for speedy service — aside from getting requests in early — is complete and correct information.

Parents should include the child's name, his place of birth, date of birth, and the parent's name (including the mother's maiden name).

Armed with the correct information, a certified copy or birth card will be speeded on its way as quickly as many years of experience and a well-trained staff can send it.

Mr. and Mrs. C. L. Hodges and Mrs. Tennie Campbell attended the Baugh reunion, held in Ballinger Sunday. Several others from the Cleveland Community attended.

Mrs. James Spillman arrived Thursday night of last week, from Paris, France, to visit her parents, Mr. and Mrs. M. L. (Rat) Guthrie. Her husband is expected to arrive in about a week. After their furlough, they expect to be stationed in New Mexico.

To avoid extradition to the U. S. Samuel Insull left Athens on March 15, 1934, disguised as a woman.

WASHINGTON NEWSLETTER

The civil rights contest is supposed to trigger a massive negro march on Washington in August. The latest reports here are that up to 300,000 demonstrators will participate. Some of the leaders have indicated they plan to strongarm their way into the very Floors of the House and Senate while they are in Washington. Spearheaded by Martin Luther King and A. Philip Randolph, these agitators are calling this one an "emancipation march". They are also encouraged by Congressman Adam Clayton Powell who has boasted that the colored people now have the white people in this country "on the run!"

The big battles in Congress during this session are yet to be fought. An intensified drive for socialized medicine, a half billion dollar mass transportation aid plan for the big cities, federal aid to education, a domestic Peace Corps, an expanded WPA program, and a multitude of others, are on tap, yet to be debated and be disposed of.

The big battle, however, will probably be over the civil rights proposals, almost sure to provoke a filibuster in the Senate.

The Administration has now moved from tax legislation to civil rights as the number one nation's problem. In any event, it looks as if the Congress will

be in session until long after frost this fall.
Lane Guthrie and Lin Wristen accompanied their grandparents Mr. and Mrs. A. F. Barnett of Coleman, to Yuma, Arizona, for a two weeks visit with Mr. and Mrs. Lee Vaughn and family. Lex, Loy and Lance Vaughn returned home with them for a visit of several weeks.
Visitors during the past week in the A. A. Bertrand home were their daughter and family of Houston. They also visited in Rising Star while here.
Slogan and motto of the State of Indiana is "Crossroad of America."

Whon News

By MRS. TOM RUTHERFORD

Friends will be saddened to hear of the death of Mr. Ed Tisdale of Brady early Monday morning. Memorial services were conducted Tuesday afternoon at the First Baptist Church in Santa Anna, with burial in the Santa Anna Cemetery. Mr. Tisdale operated a cotton gin at Whon for a number of years. He moved from our community to Brady, where he has made his home since.

Friends will be saddened to hear of the death this afternoon (Monday) of Mr. Babe

Gardiner of Brady. Mr. Gardiner was connected with the ranch business here for a number of years. He moved to Brady about two years ago. We extend our deepest sympathy to the bereaved. Memorial services will be conducted in Brady at 10:00 a. m. Wednesday.

Guests in the home of Mr. and Mrs. Darwin Lovelady Saturday were Mr. and Mrs. Lester E. Hill of Fort Worth and Guy and Alta Lovelady of Santa Anna.

Mrs. J. B. Lyon and children of Burnett were guests with Mr. and Mrs. Floyd Morris and son from Saturday to Monday afternoon.

Mr. and Mrs. Homer Schulze and Mrs. Mollie Black visited in the Tom Rutherford home Sun-

day afternoon. The Schulze' are on their farm near here for a portion of the summer months. They are teachers in San Antonio schools.

Freddie Colbaugh spent Saturday night with James Lee Morris. Freddie left for Odessa Monday.

Mr. Sammie Shields visited with Mr. and Mrs. Bob Sheffield and son in Brookesmith Saturday afternoon.

Weekend guests with Mr. and Mrs. Darwin Lovelady and Randal were Mr. and Mrs. Lowell Bearden and children of Snyder.

Mr. and Mrs. Floyd Morris and son, Mrs. J. B. Lyon and children, visited Mr. and Mrs. Jake Degal and family Sunday afternoon.

Mrs. Rex Turney visited briefly in the Bert Turney home on Sunday morning. Her son, Mark, accompanied her home, following visiting his grandparents.

Cheryl Fitzpatrick is visiting Sandra Davis in Santa Anna.

Mrs. Audrey Palvado brought her father, Mr. R. A. Baker, to Mr. and Mrs. Darwin Lovelady's from Brownwood Saturday morning and visited briefly. Mr. Baker is visiting his daughter, the Lovelady's, this week.

Mr. and Mrs. Wimpy Watson of Waco spent the weekend on their farm here. Their son, Mr. and Mrs. Hilton Sherrod and boys of Odessa, met them here.

Mr. and Mrs. Joe Floyd Morris of Brady, Mr. and Mrs. John D. Morris and Mrs. L. V. Spurlock of Coleman, Mrs. J. B. Lyon and children of Burnett, Mr. and Mrs. Floyd Morris and son enjoyed a fish fry at the Lovelady Crossing Sunday afternoon.

Mr. and Mrs. Lee Abernathy entertained their daughter, Linda, with a birthday surprise party Sunday. Present were Loretta Broadway, David and Ronnie Cooper, Betty Campbell and Jackie Swindell. The group enjoyed swimming, cake, ice cream and watermelon.

Loyd and Rocky Rutherford of Coleman visited briefly Sunday afternoon in the Tom Rutherford home. Lynda returned home with them and is visiting for a few days with Mr. and Mrs. Loyd Rutherford.

Mr. Oscar Lovelady spent the weekend with Guy and Alta Lovelady in Santa Anna.

Don and Niel Fitzpatrick and

Ricky Abernathy rode in the Grand Entry at the Coleman Rodeo Saturday night. Our community was well represented at the rodeo.

Mrs. Bert Turney visited Mrs. John Hunter Monday afternoon while Mr. Hunter and Mr. Turney transacted business in Coleman.

Freddie Colbaugh spent Friday night with his mother, Mr. and Mrs. Jake Degal and Kathy.

When Outboards Get Wet

One of the greatest gripes on a fishing trip is when your outboard motor gets drowned out by another boat's wake.

For just such emergencies

carry a small quantity of carbon tetrachloride with you at all times. Then, should your ignition system get wet, whether from immersion or just plain water condensation, pour a little of the solution over the plugs and connections.

It's not dangerous to use and it dries out the ignition system pronto.

We Invite Your Patronage And Assure You Of Satisfaction.

Evening Worship (6:30) -- 55

Sermon topics for Sunday, July 21: Morning, "Promises of God"; Evening, "The Spirit of Christ."

How To Hold A Shotgun

Nearly every novice — and many an old-timer — has trouble hitting a target with regularity.

Many misses can be avoided if the shotgun is properly held. Watch a novice next time he shoots. Does he hold his gun with his left hand between the slide grip and the magazine (pumps and autos) and with his left elbow bent? If he does, he's wrong.

The left arm should be extended straight from the shoulder with hand gripping slide (if pump). This gives a firm support and better control of the gun.

Practice this hold until it is done subconsciously and your shooting will vastly improve.

Drying Waders

New uses for the vacuum cleaner are being discovered every day.

Now, ingenious fishermen have come up with an idea that shoes, boots, and waders can be dried in a few seconds by attaching the vacuum cleaner hose to the exhaust setting, then inserting the loose end inside the footwear and turning on the power.
