NUMBER 18

DIANA BLACKWELL
... head cheerleader

CHEERLEADERS CHOSEN AT H. S.

In an election at High School last Friday, cheerleaders for the coming year were elected by the student body. Chosen as Head Cheerleader for 1969-70 was Diana Blackwell. Re-elected as leaders for the next year were Patricia Beard and Gay Rutherford. Chosen for the first time were Boots Walker and Melinda Dean.

Diana is the daughter of Mr. and Mrs. Howard Blackwell of Brownwood, recently of Rockwood. She is a Senior student and will be serving her third year as cheerleader. Patricia, also a third year leader, will be a Senior next term. She is the daughter of Mr. and Mrs. James Avants.

Gay Rutherford is the daughter of Mr. and Mrs. Jim Rutherford of Rockwood. She is currently a Sophomore at SAHS. Boots, the daughter of Mrs. Add T. Walker, will be a Senior next year, and Melinda Dean will be a Sophomore next term. Melinda's parents are Mr. and Mrs. Rodney Dean of Rockwood.

Frosh Track Team Competes

Coach T. P. Wingo, Jr. had his Freshman Track team at Goldthwaite last week for a meet with about nine schools from this area. Winners and their placings are as follows:

HIGH JUMP:

Lonnie Lowery, 3rd.
Ricky Beal, 5th.

POLE VAULT:

Lonnie Lowery, 2nd.

DISCUS:

MARK WISE, 4th.

240 YARD SHUTTLE HIGH HURDLE RELAY:

3rd. (Raymond Holland, Wise, Beal, and Lowery)

400 YARD SHUTTLE LOW HURDLE RELAY:

3rd. (Tommy Lewis, Holland, Beal, Lowery)

MILE RELAY:

4th. (Lewis, Wise, Lowery, and Holland)

The Santa Anna Freshmen placed 5th in the entire meet.

In the Junior High Division of the meet, Coach Dwight Hudson had the following winners:

POLE VAULT:

Walter Hetzel, 4th
Billy Diaz, 5th

SHOT PUT:

David Drake, 2nd
Danny Valdez, 5th

DISCUS:

Danny Valdez, 3rd

440 YARD RELAY:

3rd. (Terry Loyd, Rocky Dean, David Huggins, and David Horner)

MILE RELAY:

3rd. (Loyd, Dean, Horner, and W. T. Young)

LOCAL WOMAN HAS SURGERY

Mrs. Billy Jones had surgery Monday in the Hendricks Hospital in Abilene. She is getting along just fine and will return home about the first of next week.

Little Olympics To Be Friday

LITTLE 2 col 48 pt
About 75 Santa Anna Elementary School students will go to Coleman Friday for the Annual Kiwanis Club "Little Olympics". The three divisions are the Midget, Junior, and Intermediate, and there will be entries from all over Coleman County. The events will get underway at 7:00 p.m. at Hufford field. Entries from Santa Anna are as follows:

MIDGET DIVISION, GIRLS:

Soft Ball Throw:
Tammery Morris
Mary Ann Collins

50 Yard Dash:
Mary Ann Collins
Robin Smith

Broad Jump:
Tammery Morris
Kim Stewardson

30 Yard Tow Sack Race:
Gay Harvey
Jona Valentine
Kim Bray, (Alt.)

50 Yard Relay:
Dianah McDaniel
Marla Gouge
Karen Fry
Phyllis Rasberry

75 Yard Dash:
Dianah McDaniel
Cynthia Cozart

75 Yard Relay:
Kim Bray
Phyllis Rasberry
Marla Gouge
Robin Smith

JUNIOR DIVISION, GIRLS:

Soft Ball Throw:
Judy Cupps
Sarah Estes
Nell Tally

50 Yard Dash:
Marcia McDaniel
Sharon Keeney

Broad Jump:
Kelly Cammack
Marcia McDaniel

50 Yard Tow Sack Race:
Sharon McCreary
Belinda Aldridge
Kelly Cammack

Chinning:
Judy Cupps

50 Yard Relay:
Lisa Herring

Donna James
Denise Blair
Becky Allen
75 Yard Dash:
Sharon Keeney
Sharon McCreary
75 Yard Relay:
Elizabeth Morris
Patsy Hull
Denise Blair
Belinda Aldridge
Nancy Perkins

INTERMEDIATE DIVISION

Soft Ball Throw:
Jana Eubank
Susan Newman

50 Yard Dash:
Tony Allen
Donna Rasberry

Broad Jump:
Carol Kingsbery
Donna Rasberry

30 Yard Tow Sack Race:
Janice Martin
Carol Kingsbery

50 Yard Relay:
Regina Cupps

BOYS

Chinning:
Joe Guerrero
Joe Dean Early

50 Yard Dash:
Guy Allen

Broad Jump:
Joe Dean Early

Ronnie Daniel
Benny Guerrero

75 Yard Relay:
W. T. Young
David Horner
David Huggins
Rocky Dean

30 Yard Two - Man Horse-back Race:
Robbie Drake
Duane Aldridge
Danny Valdez
Danny Walker

Wingo, Stocks Resign Faculty

Four vacancies exist in the Santa Anna High School faculty with the resignation this week of Band Director J. D. Stocks and Coach T. P. Wingo, Jr. Other vacancies are for Assistant Coach and English teacher.

Mr. Stocks, a two-year faculty member, has resigned to take another position. Mr. Wingo's plans are not definite, but will probably be returning to Texas Tech to work on his Masters degree.

Applicants for the four positions are now being sought by Supt. Cullen Perry. Academic assignments for the coaches include History, Math or Science.

Vernon Rowe is in Scott and White Hospital in Temple where he had surgery Tuesday.

... Evangelist

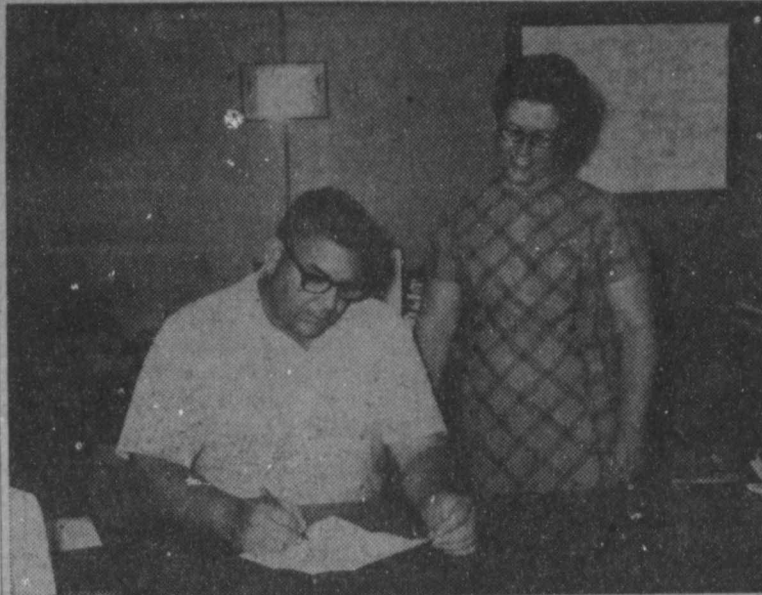

DAVID CUNNINGHAM
... Song Leader

Baptist Revival Begins Sunday

The spring revival at the First Baptist Church will begin Sunday, May 4, and continue through Sunday, May 11. Rev. Horace Crowder of El Paso will be evangelist and David Cunningham of Irving will be song leader. Services are planned for 11 a. m. and 7:30 p. m. on Sunday; 10:00 a. m. Monday, Wednesday and Friday; and at 7:30 p. m. each night.

Everyone in the community is invited to attend the services during the next week.

Rev. Crowder, a former

SIGNS PROCLAMATION — Delta Omicron President, Mrs. Ken Bowker, observes as Mayor Thomas Wristen, Jr. signs a proclamation declaring May 1 - 7 International ESA Week in Santa Anna.

ESA WEEK TO BE OBSERVED HERE

The Santa Anna Delta Omicron Chapter, Epsilon Sigma Alpha, will observe International ESA Week May 1 - 7.

The sorority Chapter was organized in September, 1952, as a part of the International organization. Charter members of the group are Mrs. Willard Allen, Mrs. Marion (Patricia Davis) Gardner, Mrs. Jake McCreary, Mrs. Montie Guthrie, Theola Stewardson, Mrs. James Dockery, and Mrs. Pete (Sadie Watson) Hendricks.

The local ESA Chapter has always been a very active group, sponsoring civic and philanthropic activities. This year alone the members have spent 320 hours on local projects, including Ranger Park Inn, Outstanding Youth Award, Community Float, Christmas boxes to servicemen in Vietnam, West Texas

Rehabilitation Center, and the local Library. 58 hours have been spent by members helping national organizations such as the Kidney Foundation, Cancer, and National Foundation.

The Santa Anna group has donated \$60.00 to the West Texas Rehabilitation Center at Abilene, and \$30.00 to the Birth Defects Center in San Antonio. Local gifts have included \$15.00 to the Firemen's Christmas baskets and a \$25.00 bond to be given to an outstanding Junior High School student.

These many activities are remembered as ESA Week is proclaimed. The founders of the sorority gave a three-fold purpose, philanthropic, educational, and social. The joy comes in being able to "be of service", which is just what our local Chapter does.

Dr. R. McMullen To Practice Here

Raymond W. McMullen, M. D. has made application for appointment to the Medical Staff of Santa Anna Hospital. Merl M. Roller, Administrator made this announcement after a lengthy interview with Dr. McMullen in California.

Dr. McMullen was born in Boise, Idaho and received his BS degree from Loma Linda University, La Sierra Campus and later his M. D. degree from Loma Linda University School of Medicine, Loma Linda, California. He interned at White Memorial Hospital in Los Angeles, California.

Dr. and Mrs. McMullen answered the call to mission service in Africa, serving there for a number of years. On returning from Africa, Dr. McMullen served on the Medical Staff at Santa Anna Hospital in 1963 and 1964, when he took up a residency in general surgery at Colorado State Hospital, Pueblo, Colorado. In 1966 he transferred to the Veterans Hospital, Lincoln, Nebraska for two additional years in a General Surgical residency. In 1968 Dr. McMullen began a residency in Thoracic Surgery at Olive View Hospital, Sylmar, California which will be completed in June of 1969. He is a fellow in the American Society of Abdominal Surgeons and Mr. Roller states that Santa Anna is very fortunate in being able to secure a man of this caliber. Dr. McMullen will do general practice and general surgery after his arrival approximately July 1.

The governing board of the hospital reaffirms its concept of a strong, continuing medical program in Santa Anna.

Vandalism in S.A. Being Reported

Deputy Sheriff Rondoe Horton is investigating complaints of prowlers at night and also vandalism and destruction of private property that has been reported recently in town. Heavy fines or punishment will be given those apprehended.

Mr. Horton has asked the cooperation of all local people in reporting incidents such as this or giving information that might lead to the arrest and conviction of violators.

Mr. Horton's telephone No. is 348-3328 and you are urged to call him anytime day or night.

W. Langfords Adopt Baby

Mr. and Mrs. Wayne Langford of Belton are the parents of a baby daughter adopted by the couple recently. The baby girl, Jeannie Marie, was born March 25 weighing six pounds, 13 ounces. Mr. and Mrs. Claude Langford are paternal grandparents of the baby.

Wayne Langford is a teacher at Belton High School.

The last two weeks of May will be proclaimed "Clean Up" time in Santa Anna. An extra truck will be available to haul trash, limbs, or other refuse for city residents. All local people are urged to take part in the city-wide clean up campaign from May 18 through the 31.

Our community had more rain during the past weekend. The Buffalo community received over one inch and Santa Anna and the area south measured one-half inch or more. The rain fell Friday night.

Dwight Eppler and Deena Gantt will go to Austin Friday with their sponsors to the ULL meet. Dwight will compete in the 880 Yard Dash at the State Track Meet on Friday night, and Deena will enter the Science contest on Saturday morning. Coach and Mrs. T. P. Wingo and Mrs. Tom Newman will accompany the two to Austin, and a number of other local people will attend the Friday night track meet. We wish these two students the very best of luck at the State contests this weekend.

Weekend visitors in the W. M. Morgan home were his brother, Ray Morgan of Amarillo, and two sisters, Mrs. S. W. Smith and Mr. and Mrs. D. W. Beaver, all of Mangham, Oklahoma. Also visiting were Mrs. Morgan's sister and a sister-in-law, Mrs. A. G. Fuzzell of Corsicana, and Mrs. Jay Simmons of Los Angeles, California.

Mountain Echoes

By Barbara Kingsbery

Specialist 5 James L. Wells, the son of Mr. and Mrs. Jim Wells of Santa Anna, has been promoted to Sergeant E5 recently. He is now serving with Bravo Battery B, 3rd Battalion, 13th Artillery, at Go Dan Ha, South Viet Nam. He has been in Viet Nam seven months and has sent many pictures to his parents. He also sent his regards to all his friends and relatives here.

The Santa Anna Senior Class will leave today for their week-end trip to Corpus Christi. Class sponsors are A. D. Pettit and Miss Tommie Tate. The Senior trip is a highlight of the school care of the students.

It doesn't seem possible that only two more weeks remain in this school term. Graduation is planned for the Eighth Grade on Monday, May 19, and High School graduation will be on Tuesday, May 20.

If you have never attended the Coleman Kiwanis Club "Little Olympics", don't fail to go Friday. About 300 or more children from the six elementary schools in the County take part each year. The events are handled quickly and efficiently by the Coleman club members, and the events are fun for contestants and spectators alike.

Mr. and Mrs. John Bray moved this week to Gainsville, their former home. They have lived in Santa Anna the past 12 years and have made friends here. The couple will be missed by their many friends and neighbors.

The last two weeks of May will be proclaimed "Clean Up" time in Santa Anna. An extra truck will be available to haul trash, limbs, or other refuse for city residents. All local people are urged to take part in the city-wide clean up campaign from May 18 through the 31.

SPORTS AFIELD

There's something about a spinner; something that fascinates both fish and fisherman. It has the impressive distinction of being deadly for more species of fish than probably any other lure category.

Generally speaking, spinners come in two classes, blade and propeller. Blade spinners hang down from a fixed shaft and spin when pulled through the water or held in fast current. Blade spinners impart a throb, or pulsation, which can be felt by the angler. The shapes, sizes and variations of blade spinners seem endless.

Propeller spinners spin on a fixed shaft and because most designs are perfectly balanced to spin smoothly, they give off little or no vibration. But, some are made off-center to give the type of beat imparted by a blade spinner.

Familiar spinner names: Colorado, Indiana, Idaho, Bear Valley, willow leaf, figure four, Junebug and airplane.

Fly fishermen experienced

in the art of deception know sometimes a fly, especially in clear water, will attract followers but no takers. Putting a tiny spinner ahead of the fly can turn the tide like magic.

When fly fishing a spinner, use the willow-leaf type because it works best in a current and is easier to pick up. It picks up best when you bring it to the surface before lifting it off for a back cast.

One of the most effective blue-gill and crappie rigs I've found is a size 3/0 Colorado spinner ahead of a single hook with one garden worm impaled on it.

For walleyes lying smacked on the bottom, nothing will pry open those toothy jaws faster than weighted spinner — except perhaps a jig. I prefer a single, size 3/0 hook tied with bucktail or bear hair. Add a pork strip to provide a tail flutter and you've got a walleye lure that can make your limit in a hurry. Fish it slowly, let it work with the current and keep it moving, spinning, just over the bottom. For colors, I prefer white and yellow, in order. Make the spinner a big one, about half-dollar size.

Muskellunge and northern pike long have fallen for a sucker minnow behind a June-bug spinner, trolled slowly just over the bottom of deep, dark holes. And, when you can't locate a sucker, a brown or yellow bucktail behind a heavy, thumping willowleaf type will take its share.

White bass really sock it to

GMO's Cooperate To Stop Gang

Two Harris County game management officers for the Texas Parks and Wildlife Department recently initiated action which will probably result in over 100 charges being filed and the solving of numerous rape and robbery cases in Harris County.

The two officers, Robert Summers and Jim Lorenz, were looking for "headlight" hunters early one morning when they happened upon an assault on three teenagers in progress by six men. The six men fled into the woods upon being discovered, and the game management officers called other law enforcement units to the area.

In all, six persons were apprehended, including one by another game management officer, Ben Urban, called to the scene. Fifteen others have been implicated in the recent rash of violence which has plagued Harris County.

And there was a bonus. While Urban, Summers, and Lorenz were patrolling the area looking for suspects about 10 a.m. the next day, they heard a shot.

Upon investigating the 3 apprehended a poacher with a still - warm doe.

WHAT TO DO WITH OLD FARM BUILDINGS

Make a thorough cost study and determine whether or not it would cost more to rebuild and repair than build a completely new building, suggests W. S. Allen, Extension agricultural engineer. Some old buildings can be used economically and efficiently in new and modern farm facilities while others should be razed, he said.

Spinner lures with minnow-shaped metal bodies, cast just ahead of a working school. Most of these lures have the spinner of the tail of the lure, with a treble hook hanging below.

According to Homer Circle, Angling Editor of Sports Afield Magazine, the bass family is a natural for weighted spinners. He suggests that an angler's selection should include an assortment of sizes from one fourth to five eighths ounce.

Spinner fishing is easy for the beginner to learn. Time, plus feel, will make him a master. Spinners aren't the entire answer to catching fish, but they'll do until something better turns up.

59 Years Ago In The News

The following are advertisements from Santa Anna Physicians and doctors in 1910: Dr. W. M. Strozler, Physician and Surgeon; Dr. John Campbell, Veterinary Surgeon and Dentist; Jason Tyson, M. D. Can be found at office on Main St. during the day, and at night and on Sundays at residence, first house west of Christian Church; Dr. W. F. Holland, Calls cheerfully answered day or night; T. M. Hays, Physician and Surgeon; Dr. A. B. Strozler, Dentist; T. Richard Sealy, M. D., Physician and Surgeon, Calls answered promptly at all hours.

The following is an ad for Dr. Miles' Heart Remedy, from the December 1910 NEWS:

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone".

Mrs. L. Painter, Evansville, Ind. The heart "Remedy" was sold at several local drug stores.

Prof. E. D. Jones, who is a member of the county (Teachers) examining board, was in Coleman Friday and Saturday assisting in holding an examination.

Misses Madge and Sue Phillips, Isabel Melton, Addie Brown and Eula Laird took the examination and all were successful in getting certificates.

Joe L. Newman of Gouldskub, was in town Saturday and stated that he would move this week to his farm near Stacy. Mr. Newman says he would rather trade at Santa Anna than at any other town in the state and that he will continue to come here even after he moves to McCulloch county.

Outdoors In Texas

Today's black bass anglers consider trolling motors about as essential as the hunter's favorite hound. And that is pretty doggone important!

Fact of the matter is, if you want a top bass fisherman to go out on the lake with you... you'd better have a trolling motor on the transom or the bow of your boat. Some are even particular about whether it hangs fore or aft.

Don't get me wrong. They are not "uppish." They are dedicated fishermen and they want every advantage available. When they go to the lake they go to fish. To them that means bringing home a stringer full.

Truth of the matter is that they know how really important the trolling motor is in locating and landing fish. They know that those little underwater powerpacks move slowly, quietly and disturb only a minimum of water. They know too that at slow speed the angler gets in more casts in a given area. Therefore he covers the section thoroughly, without retracing... hence quicker. More actual fishing time in more areas is the result, with the likelihood of more fish.

Rapidly increasing popularity of these mini-motors probably is the reason why some of the tackle people are buying up trolling motor factories. Pflueger only recently

Ex'sion Economist Takes Look At Hog Situation

In January 1969, hog slaughter in federally inspected plants was running four to five percent larger than a year ago. It is expected to continue relatively large this spring, summer and fall, says John G. McHoney, Extension economist at Texas A & M University.

This expected increase is due to hog producers in the corn belt indicating last December, that they planned to have four percent more sows farrow during December 1968, and February 1969, than in these months a year earlier. They also intended to increase March - May 1969 farrowings by 6 percent, added McHoney.

purchased Phantom and now offers a choice of the very latest in lightweight, super-streamlined electric fishing motors. Size has been decreased, with a corresponding reduction in weight, yet they are more powerful and have less battery drain.

What bass fishermen want, of course, is an electric trolling motor that will run all day long, without draining the old battery dry. All day to them means day light to dark. So, they expect a lot out of their trolling motor and equally as much, if not more, out of their battery. But, over the battery the motor manufacturer has little or no control.

We have noticed too that one of the battery-box builders has incorporated a battery charger inside the box, in a separate compartment from the battery. This for quick and easy, overnight recharging.

A looksee at most any lake reveals that there's a great market for trolling motors... be the lake in North, South, East or West Texas, or in the Valley. And every trolling motor calls for an extra battery.

So, juice up that little black box, Mr. Battery Man, and join the parade for the fishermen's trade.

Corn storage stocks of pork at the beginning of this year were about 11 percent smaller than a year earlier, said the economist. Moreover, no sizeable buildup in stocks took place this past winter. Thus, the market situation for hogs likely will be helped somewhat next summer by the smaller stocks of pork in storage.

Hog prices in the first half of 1969 will be under pressure from larger pork supplies and larger supplies of both beef and poultry. Also, hog prices in the second half of the year are expected to average somewhat on the lower side compared with prices in the second half of 1968. This is due to prices reflecting increased marketings. Fed cattle marketings are expected to remain large and supplies of poultry will likely continue large in the second half of 1969.

McHoney added, the hog-corn ratio likely will decline this year from the unusually high average of 1968. However, the relationship will still be rather favorable to hog production. This would suggest that the expansion now underway may continue through the year, although the rate of increase may slow in the second half.

Why Not Jig to the Limit?

By Tom Andrews

Our rooster slipped silently among sailboats and cabin cruisers lying peacefully at anchor. A burnt-orange sun made its last appearance as we tied up to a buoy. It dropped from a shred of cumulus to the treetops in partner and I just enough time to clip on the new "Lucky" Lujons we had been waiting to turn loose on the walleyes that made this bay productive.

Billy Culleton was with me on this evening several years ago. Bill, a long-time companion on Louis Johnson Co.'s staff of fishing experts, had with him the first models of the Lujon, a jugging-type lure. It had rained heavily, all day. Now, at sundown we were tossing our Lujons among boats at rest over a weedy anchorage that even some local anglers didn't know was the best spot on the lake.

Billy was first to hang a walleye, just moments before another gobbled my lure at boat-side. We strung another nice pair of walleyes and a smallmouth before comparing notes.

The Lujon, a slim forged-brass lure with treble hooks in its heavy end, was just made for jugging. We were casting the nickel silver model into 10 to 20 ft. of water. Our rapid retrieves were accompanied

with whipping action of the rod tips.

Both Bill and I were amazed at the speed with which the lure hit bottom. (Needless to say, it cast like a bullet in typical Johnson fashion.) And the fish hit almost immediately (though this isn't always true).

Satisfied that "Lucky" Lujon performed well in a cast-and-retrieve situation, and with dusk deep about us, we dropped our lures over the side. When they hit bottom, we retrieved 6 in. and flicked the rod tips.

For five minutes, it seemed the fish had deserted us. But that's how long it took those walleyes to spot the action!

Until we had each taken our limit, Billy and I did nothing but hook and net walleyes, releasing several that we'd look for the following year.

In the years since, Bill Culleton and I have found "Lucky" Lujon a lure to trust in all parts of the world. Why not jig to the limit yourself?

Shoulder Patches Tell The Story

In 1939 the old Game, Fish and Oyster Commission, the forerunner of the Texas Parks and Wildlife Department, had less than 125 employees, and jobs and career fields were limited as the scope of the old agency.

But trends toward more specialization, greater demands by the public for more outdoor recreation, and a merger of the old Parks Board and the Game and Fish Commission have changed things.

The Department now has well over 1,000 employees, and there are almost as many job types as there were employees in 1939.

Although many of these employees stay out of the public eye, there are a few which outdoorsmen are likely to encounter in the field. Most of them are uniformed, so a quick look at the man's shoulder patch will give some idea as to what he does on the job.

Below the seal of the Texas Parks and Wildlife Department is a strip which identifies the man as in either "Wildlife Services," or "Parks Services." Above the seal is more identification which may say "Coastal Fisheries," "Law Enforcement," "Chemist," of the name of the function for which the man works.

Of the many uniformed Department employees, the ones most likely to be seen are the "game management officers." They used to be called game wardens, but the title did not do justice to the many duties and responsibilities which went with the job. One of their jobs is to enforce the game laws, so GMO's wear badges and sidearms. They usually drive gray sedans with State seals.

"Wildlife biologists" also drive State vehicles, usually pickups. In the field they often wear coveralls and caps. They may work on regulatory projects and help manage all game in particular areas. They may run census lines to determine density of game species, make recommendations as to setting of seasons and bag limits, and advise landowners on how to manage game.

Biologists on wildlife research projects may study one species or related species of game, such as deer, turkey, quail, prairie chickens, or waterfowl.

The work isn't easy. Game census lines must be cleared, miles walked, dead animals dissected, and marches crossed — in all kinds of weather.

Outdoorsmen will see "inland fisheries biologists" in State pickups often pulling trailers and boats. The pickups are usually loaded with nets and other gear. Like the wildlife biologists, inland fisheries biologists at times wear coveralls and probably wading boots. Their boats are always marked with a Parks and Wildlife decal.

In each region there is one biologist who might be called a "lake doctor." His job is to advise lake owners on how to manage their lakes.

"Coastal fisheries biologists" spend much of their time wading in the bays along the coast. Because they work from boats and spend so much time wading, they usually wear coveralls and tennis shoes or chest high waders.

The boats these men use on the job are usually more cluttered than those used in law enforcement work since coastal fisheries research requires quite a bit of equipment.

Because much of the food needed by future generations may come from the sea, the work of marine biologists is extremely important.

The unsung heroes of wildlife conservation are the "biology technicians." These are the fellows who pull the deep end of the seine, clean out of the boat, make game counts and add the long columns of data. Because of their close association with biologists with whom they work, many biology technicians have become good lay biologists. Like the GMO, they

must be a jack of all trades. Parks Services has fewer uniformed personnel. Visitors to State parks are probably familiar with the "park superintendents," and "park attendants."

These men are charged with the responsibility of operating the parks, and although there is an off season for visitors in many parks, the job of maintenance and management requires a year-round effort.

Backing the uniformed personnel are hundreds of men and women in "civilian" duds. The Department employs persons in varying professions including engineering, marketing, home economics, photography, writing, drafting, just to name a few.

Accent On Health

Do you gamble with your life when you head out onto a city street or highway in your automobile?

You may be doing just that if you don't hook up your seat belt, says the Texas State Department of Health.

Prevention of accidents is a function of the Health Department through the Division of Civil Defense and Traffic Safety.

With summer vacations just ahead, now is the time to start thinking about safety and working toward good seat belt habits.

Traffic claimed 3,481 persons in Texas last year and the injury total was placed at 216,972.

Nationally, 53,100 persons were reported killed in traffic accidents in 1967, last full reporting year. Of these victims, 35,300 were drivers or passengers in automobiles. If all these persons had been using safety belts, the National Safety Council estimates that at least 8,000 to 10,000 of them would still be alive.

Some people feel they don't need safety belts for low speed, "neighborhood" driving. But studies show that nearly half of all fatal accidents occur at impact speeds of 40 miles per hour or less and that three - fourths of all traffic accidents happen within 25 miles of home.

The main advantage to wearing a safety belt is that it can help prevent the "second collision" when car occupants are thrown around inside the vehicle during an accident.

After the car stops suddenly, people without safety belts

continue traveling in the direction the car was moving and ordinarily strike part of the interior. The driver moves forward in a seated position. His legs which are sometimes trapped under him may be turned, twisted and fractured. His abdomen and chest may strike the steering wheel and column. His head may hit the windshield or his face strike the steering wheel.

The right front seat passenger, who doesn't have the steering wheel before him, crashes into the windshield and instrument panel during a collision. Safety belts can minimize such collisions inside the car.

In a crash, safety belts can also keep you in your car, thus increasing your chance of survival by five times.

Along with the use of safety belts, the State Department advises the use of safe driving habits. Don't drive while drinking or while sleepy or tired. Obey all traffic laws and don't speed to reach your destination sooner. Be especially alert and slow down at night or in bad weather.

VOTE ON COTTON ALLOTMENT TRANSFERS

Cotton growers are reminded that the period from May 5-9 is the time for voting on whether they favor or not the selling, leasing of cotton allotments for the crop year of 1970. ASCS committeemen and county officials can provide detailed information on the referendum.

4 - H SUNDAY

May 11 is 4-H Sunday. Traditionally, the 5th Sunday after Easter, this special day highlights the "Heart H" of the 4-H organization. Many Clubs will assist with church services in their communities or sponsor special afternoon or evening programs.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER FOUR ON THE BALLOT (SHR6)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; all real and personal property owned by a nonprofit water supply corporation which is reasonably necessary for, and is used in, operation of the corporation in the acquisition, storage, transportation and sale of water as authorized as its sole legal purpose; actual places of (of) religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society; and which yields no revenue whatever to

bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election all ballots shall have printed on them the following:

"FOR the Constitutional amendment to exempt nonprofit water supply corporations from taxation;" and "AGAINST the Constitutional amendment to exempt nonprofit water supply corporations from taxation."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election, and this amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Mr. and Mrs. Cliff Herndon recently visited Mr. and Mrs. Vernon Penny.

FFA-FHA Hold Supper, Sock Hop

The Santa Anna FFA and FFA had the annual Chicken Fry on Thursday, April 24, at the Lions Club Building. Following the meal the group had a "sock hop".

Trickham News

By Mrs. Oscar Boenicke

Our community received ½ inch of rain early Saturday morning sure keeps everything green and pretty.

Mrs. Gayla Hornell and children of Reo Vista visited her parents the Grady McIvers last week several days while her husband Bruce had gone with a singing group from T.C.U. at Fort Worth to several states singing for different churches. Bruce is attending College at T.C.U.

Also Sherrie McIver spent one night and Mrs. Keetie Haynes visited Thursday with them.

The Oscar Boenicke honored Mr. and Mrs. John Bray of Santa Anna with a supper Friday night also Ruby and Elsie Lee Harper of Santa Anna were supper guests of Oscar and I Friday night. The John Brays are moving today, Monday to Gainesville Texas to make their home.

Mrs. Fred Haynes left by bus from Santa Anna Sunday afternoon to go to Dallas. Her son-in-law will meet her there. She will stay this week with her daughter and family, Lois and Frank Wallace at Garland. Lois had surgery last Monday in the Methodist Hospital in Dallas and would get to come home Sunday. She will have to be in bed at home all this week, her mother will take care of her. We are glad she is doing much better.

The Oscar Boenicke attended the 4th Saturday night supper and get together at Mount View community. There was 16 present and after supper all played 84. We always enjoy going.

Mrs. Daymon Miller and children of Austin visited her parents the Buck Mitchells. Saturday they all visited at Early with Mr. and Mrs. W. C. Miller, Betty and the children returned home Sunday evening. Other visitors with the Mitchells were Bucks cousin, Mrs. Marlin Jamison and her daughter and granddaughter of Ajo, Arizona visited the Wednesday.

Mr. and Mrs. Grady McIver had dinner with the Lige Lancasters Sunday. Sunday night three couples, the Lige Lancasters, Grady and Genia McIver and Oscar and I attended a revival at the First Baptist Church at Bangs. They have a good preacher and will have a visiting singer this week. A large crowd attended the meeting.

Mr. and Mrs. Earl Lindley of Menard and Delbert and Lorene Rice, Lynn and Ann Rice and baby, and Wendell and Sherrie Rice all visited

ESA To Offer Youth Award

The "Outstanding Youth Award," sponsored by the local Delta Omicron Chapter of Epsilon Sigma Alpha International, is open to any student in grades 7-9.

The students will be judged on these criteria:

1. Leadership . . . how well student accepts responsibility.
2. Community Service . . . helping the handicapped, assisting with community clean up campaigns, etc.
3. General Appearance . . . student must be neat and wholesome - looking.
4. Participation in Church activities.
5. Personality . . . a. Courtesy, good manners. b. General acceptance by peers. c. Respect for others.
6. Accomplishments . . . academic and extracurricular activities; working at job outside family chores.

In addition to the above criteria, each student must:

1. Submit an essay on the topic, "What I Can Do For My Country," written by hand, in the presence of a school official and submitted immediately thereafter.
2. Include a full - length, color photograph of self with application.
3. Include recommendations by three outstanding community citizens: a school official, a minister, and one other.

Candidates for the award will be judged locally by the president of the sponsoring chapter, a school official and a community leader other than the ones mentioned in the recommendation.

The winner will be presented with a \$25.00 U. S. Savings Bond from Delta Omicron at the school's award assembly in May.

If there are any questions concerning the "Outstanding Youth Award", please call Mrs. Harold Gouge, Chairman of the Outstanding Youth Award Committee.

Mr. and Mrs. Cleve Fox of Apache Junction, Arizona, left Tuesday for home after visiting here with her sister, Mrs. Bert Turney.

Shield News

By Mrs. E. S. Jones

Saturday night eight-tenths rain fell. The total for April is between 4 and 5 inches in this area.

National Nursing Home Week To Be Observed

Nursing homes in Texas will participate actively in National Nursing Home Week being sponsored by the Texas and American Nursing Home Associations. In joining the program, Kenneth Morgan, Assistant Administrator of the Ranger Park Inn, announced they will be having an open house on Mother's Day, May 11.

This year's theme is "A Better Life Through Community Concern". Everyone is urged to visit the Inn and learn what the nursing home is like. The nursing home provides for all of the needs of the patients but one — they can't show them that the community cares or re-

lieve the residents' feeling of remoteness from the community unless those in the community come to them.

Texas nursing homes number 895, including 280 with extended care facilities for patients that require skilled nursing around the clock. At Ranger Park Inn there are 16 residents in this category. The other 60 patients at the Inn require "domiciliary" care, as they are normally up and about. The Inn has two of the many Veterans who are among the many now in nursing homes through out the state.

There are 52 employees at the Ranger Park Inn: 46 in nursing, two housekeepers, and an office staff which includes Emil Villafranca, CPA, Mrs. James Eubank, Activities Director, and Mrs. Judy Evans, Office Assistant. Included on the staff are one registered Nurse and eight Licensed Vocational Nurses.

Nursing home care today includes not only medical and nursing care, but a broad range of services including physical, occupational and speech therapy, recreation, social and religious services, and dietary and nutritional services.

Nearly nine out of ten nursing home patients in Texas are 65 years of age or older. At the Inn the average age of the residents is 83. The youngest male resident is 47 and the youngest female resident is 51. Eight residents are 90 years of age or older.

Although the shortage of professional nursing personnel is one of the major problems nursing homes have today, the Ranger Park Inn has had no difficulty in getting qualified people. Residents and visitors alike can attest to the fine care and pleasant atmosphere at the Inn and the excellent care given residents there.

Our community is fortunate to have such a fine facility located here and all local people are urged to visit on Sunday, May 11 at the open house activity, or at any time.

Amistad Dam Is Completed

With water backed up more than 150 feet deep behind the 99 per cent completed Amistad Dam, Santa Anna suddenly finds itself with a big new fishing hole practically in its own back yard.

The huge dam has been placed across the Rio Grande by the United States and Mexico near Del Rio. That's only 241 highway miles from Santa Anna, not far at all according to standards by which distance is measured in the wide open spaces of West Texas.

Development of Amistad National Recreational Area is already underway. It is expected to attract two million visitors a year from all over the United States and beyond.

Many of these will be traveling through Santa Anna.

Molding fibers into fabrics, then into garments, may be a clothes manufacturing method, of the future, predicts Extension clothing specialists. Graham Hard. Molding may replace weaving and someday people may dress themselves by stepping into a clothes - making machine, pressing a button and molding his outfit on the spot.

There are more than 200 million major appliances in use in American homes. Extension home management specialists estimate that up to 40 percent of service calls are unnecessary. Many could be avoided if customers got a demonstration of the appliance and read, understood and followed instructions.

THE FAMILY LAWYER

BUT CAN YOU PATENT IT?

Breathes there the man, with soul so dead, Who never to his wife hath said:

"I've got a terrific idea for an invention."

A surprising number of inventions do come from sudden, random flashes of inspiration, rather than from the steady, organized search for something better. However, to qualify for patent protection, the invention must include a special element of creativity. It must be "new," as that word is understood in the law of patents.

Suppose, for instance, that you think of a way to combine two products into a single unit for greater convenience. Generally speaking, that would not be considered new — not creative enough to deserve a patent.

One famous case involved the man who first attached a rubber eraser to the end of a lead pencil. Although this was certainly a convenience, the United States Supreme Court decided it was not new — because neither the pencil nor the eraser, when put together, did anything better than they did apart.

By contrast, said the Court, Charles Goodyear did create something new when he combined sulphur with india - rubber. This combination yielded a kind of rubber which, for the first time, could be vulcanized and there by put to commercial use.

What if your idea is to improve some product by making it out of a better material? If all you add is merely durability, that won't do. Thus, a toymaker who switched from wood to metal, without otherwise changing his toys, was held not entitled to patent protection.

But it is another story if the new material works in a new and different way. Making a garter button out of rubber, instead of metal, was held a patentable invention. The court said this was a truly creative change, because the rubber meant less tearing and better gripping of the hosiery.

Meeting the law's requirements for a valid patent is not easy. But the rewards are so tempting that inventors are obtaining more than 1,000 patents per week.

True, the Patent Office has made the statement that all of the important inventions have already been made. But that statement should not be discouraging. It was made in the year 1880.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

SCREWORM CASES ON THE INCREASE

Officials of the Screwworm Eradication Program advise livestock producers to "spray herds; doctor all wounds, and collect larvae samples of all worms found within wounds and send samples to the Mission Laboratory for positive identification." Twelve cases were confirmed in Texas during the first 12 days in April and conditions continue favorable for further trouble.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT (SJR31)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows: "Section 24. The Lieutenant Governor and the Speaker of the House of Representatives shall each receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature, not to exceed one-half the annual salary of the Governor. Each other member of the Legislature shall receive from the Public Treasury an annual salary to be fixed by the Legislature, not to exceed the annual salary paid to a district judge from state funds. Members of the Legislature shall also receive a per diem of not exceeding Twelve Dollars (\$12) per day during each Regular and Special Session of the Legis-

Narrow rows can boost your sorghum yields significantly while adding very little to your production costs. According to tests conducted by DeKalb AgResearch, Inc., 20 inch rows have increased yields by as much as 30% over 40 inch rows. As seen in this picture, the narrow rows, on the left, tend to shade out weeds and retain moisture. These are two factors which encourage the higher yields. A switch to narrow rows can usually be done with a very modest investment in equipment.

Federal Tax Questions And Answers

This column of questions and answers on Federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — On my 1968 return the surcharge is shown as seven and one half percent, although I've heard it referred to as a 10 percent surtax. What is that?

A — Although the surcharge is generally described as a 10 percent tax, the law did not become effective until April 1, 1968. The law therefore provided for a seven and one half percent surcharge on the tax based on all the 1968 income, rather than a 10 percent surcharge for April through December 1968.

Q — What's the deadline for paying my unpaid Social Security tax?

A — Social Security tax deposits for household help should be made by April 30. Anyone who paid an employee cash wages of \$50 or more for household help during the past calendar quarter (January, February, March) is responsible for reporting these payments to IRS on Form 942 and paying the tax due.

Q — I'm considering a job overseas. If I take it will I have to pay U. S. income tax?

A — Income earned overseas by civilian or military employees of the U. S. government is fully taxable. Those who work for a private concern overseas may be able to exclude all or part of their income from U. S. tax.

For details, send a post card to your District Director for a free copy of Publication 54, "Tax Guide for U. S. Citizens Abroad."

Q — Is there any way I can have more taken out of my paycheck? I was underwithheld last year even though I didn't claim any exemptions.

A — Yes, you may file a new withholding certificate with your employer. On this

Sunday School Class Has Business Meet

Mrs. Elgean Harris was hostess for the meeting of the Homemakers Sunday School Class of the First Baptist Church at the Church Annex last Thursday night. Mrs. Donnie Clifton, class president, led a business meeting. Mrs. Freddie Dodson was chosen as a group captain for the class.

Mrs. Harris gave a devotional on "Mother's Day" and Mrs. B. A. Parker, teacher, led in prayer.

Refreshments of chips and dips, sandwiches and cookies were served by the hostess, assisted by her daughters, Debbie and Sandra.

Mrs. Robert Smith will be hostess for the next meeting on May 15.

Richard Compton Sports Speaker

About 200 people attended the all-sports barbeque and program Saturday night sponsored by the Santa Anna Quarterback Club. The affair was held at the football stadium after rain and cloudy weather earlier had threatened to drive the activity indoors.

Richard Compton of Coleman, a flankerback for the Pittsburgh Steelers professional football team, was guest speaker. A native of Colorado City and a graduate of McMurry College, Mr. Compton has played professional football for the Detroit Lions and the Houston Oilers. He makes his off-season home in Coleman with his wife and young son.

The John Loyd family, Johnny and Grady Williams provided entertainment with their country and western band, and Edd Hartman served as master of ceremonies.

Coaches and members of the Junior High and High School athletic teams were recognized. Miss Tommie Tate, coach of the High School girls basketball team presented team members with their District 9-A championship trophy. The team members presented Miss Tate with a gift.

In a drawing for door prizes, large table lamps were won by Mrs. Ray Owen and Guy Allen.

Bill Day is president of the Quarterback Club and Thomas Wristen, Jr. was Chairman of the Barbeque committee.

MRS. HOLMES BACK AT HOME AFTER VISIT

Mrs. Kate Holmes has returned home from a two-week visit with her son L. J. Lovelady and family at Texas City. She was there to attend the wedding of her granddaughter, Barbara Fay, to Archie Hollingsworth.

GOODWINS RETURN HOME

Mr. and Mrs. Henry Goodwin have returned home from Sunray where they visited a week with their son and family. Mr. and Mrs. James Goodwin and children. James is convalescing from knee surgery.

Mrs. Norman Walters and Mrs. J. W. McClellan visited in Brownwood Monday with their brother, Lenton Oakes, who had surgery at the Brownwood Memorial Hospital. He will be in the hospital several days.

Mr. and Mrs. Paul Wilburn and Warren of Big Lake, Misses Carolyn and Nancy Wilburn of Austin, visited from Friday until Sunday in Santa Anna with Mr. and Mrs. Cliff Herndon. Mrs. Wilburn is a sister of Mr. Herndon.

Mrs. Lee Woodward of Mineral Wells spent Sunday and Monday with relatives here. C. E. and Tom Kingsbery accompanied Mr. Woodward to San Angelo to the A. C. Woodward Hereford sale, held Monday.

Flower Show Winners Named

Mrs. Arthur Casey was the winner of the tri-color award at the Saturday flower show of the Mountain City Garden Club. Mrs. Casey's entry was judged best of arrangements using all - fresh materials. Mrs. Alma McNutt won the award of distinction which is given for the outstanding arrangement using dried and fresh materials. The creativity award for originality was won by Mrs. Vernon Herring.

Mrs. Casey and Mrs. McNutt tied for the Sweepstakes award for the exhibitor having the most blue ribbons. Mrs. Lula Billbrey, oldest active member of the Club, received an award of appreciation for her table display of flowers. 86 artistic entries were on display, also horticulture specimens. Mrs. Bert Turney was sweepstakes winner in the horticulture division with 28 blue ribbons. Mrs. Charles Moseley won a special award for an outstanding entry in the horticulture division.

Mrs. O. A. Etheredge and Mrs. Lee Hunter were blue ribbon winners in the guest division of the show.

Judging the show were Mrs. Cumble Ivey of Robert Lee, Mrs. Floyd Sims of Winters, and Mrs. Fred Cope of San Angelo.

Mrs. Bert Turney served as Chairman of the show with Mrs. Alma McNutt as co-chairman.

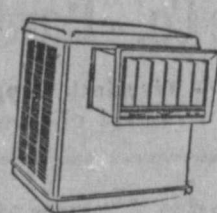

Other blue ribbon winners in the show included in the artistic division, Mrs. H. L. Zachary, Mrs. A. C. Sparks, and Mrs. John Perry; Blue ribbon winners in the horticulture division were Mrs. Turney, Mrs. Moseley, Mrs. McNutt, Mrs. W. B. Sparkman, Mrs. C. F. Nevins, Mrs. Lula Billbrey, Mrs. Chap Eeds, and Mrs. Elton McDonald. Mrs. McDonald received the Award of Merit in the division.

Visitors to the show acclaimed it an outstanding exhibit of arrangements and horticulture specimens.

Coleman Club Schedules Show

The Town and Country Garden Club of Coleman is having a flower show next Saturday, May 3, at the REA Clubroom in Coleman. The show will be open to the public from 3:00 to 7:00 p.m. The theme for the show is "Legends of the Southwest" with Mrs. Joe K. Taylor as Show Chairman. Mrs. Oplin Saunders is President of the Club. Horticulture entries are invited from non-members and one artistic class is also open to non-members. Any local ladies interested in entering the show may contact Mrs. Jim Gill, Artistic Consultant. Mrs. Gill's Santa Anna Phone number is 348-3147.

MISS ANITA ELLIS
... practice teaching

Miss Anita Ellis Student Teacher At Madisonville

Miss Anita Ellis, the daughter of Mr. and Mrs. Cecil Ellis, is currently doing student teaching at Madisonville High School. Miss Ellis, a Senior student at Sam Houston State College at Huntsville, is doing her practice teaching in the Home-making Department of the school.

Anita is an honor graduate of Santa Anna High School and has been named consistently to the Dean's list at SHS. She is a member of the Pennybacker Chapter of Kappa Omicron Phi, an honor society. She will graduate from Sam Houston State in August where she has served as a Councilor of a Freshman Dormitory.

Cancer Crusade Drive To End

Treasurer Weldon Davis reports that our Cancer Crusade has reached a total of \$3,130. This is 84% of the goal of \$3,700.

Many people in Santa Anna have not been contacted or they were not at home when the block worker called. Those people not yet contacted wishing to have a part in this worth while project are asked to take or mail contributions to Mr. Weldon Davis at the Coleman Bank or to the Postmaster in Santa Anna. A few rural community chairmen have not reported. It is hoped that all workers will be able to complete the Crusade and report by the end of this week. Crusade Chairmen, Emzy Brown and Terrell Graves again express sincere appreciation for all who have worked in the Crusade, and for each business and individual making contributions. Please help make the \$3,700 goal by the end of the week.

Mrs. C. D. Bruce Guest Speaker At Dedication

The official Texas Historical Marker for "Doom of the Outlaws of Pegleg Station" was dedicated at services in the Kimble County Courthouse at Junction last Sunday afternoon.

Kimble County Historical Survey Committee chairman Mrs. Joe Felps was emcee for the program. Guest speakers were Colonel Wilson Speir, Department of Public Safety, Austin, and Mrs. C. D. Bruce of Santa Anna.

Much of the history for this marker is based on J. B. Gillett's "Six Years With The Texas Rangers". The marker reads, "Here the Climax of a Western Track-Down occurred on January 18, 1878, when Texas Rangers killed suspected murderer Dick Dublin, member of a gang of outlaws."

Although a friend yelled for him to run, Dublin was shot as the intrepid James B. Gillett and 3 other Rangers rushed his hide-out. Dick's brothers (Role and Dell), Mack Potter and Rube Boyce were captured after a partner of the gang turned informer.

Three of them (plus two others) were convicted August 23-24, 1880, of the 1877 robbery of the U. S. Mail at Pegleg Station". Rube Boyce was tried and acquitted in the case.

Col. Speir was introduced by Walker Ragsdale and gave a brief history of the Texas Rangers. Mrs. Chester Bannowsky introduced Mrs. Bruce who gave the dedicatory message. Her father, John R. Bannister, was one of the Rangers involved in the capture of the outlaws.

Following the program, a motorcade was made to the marker site, 10 miles southwest of Junction on Highway 377.

Special guest at the dedication included former Governor Coke Stephenson.

Others from Santa Anna were Mr. Bruce and Sue Kingsbery. Also Mr. and Mrs. Jack Kingsbery and children of Crystal City.

ED JONES HAVE NEW GREAT-GRANDDAUGHTER

Mr. and Mrs. Ed Jones received word Monday morning of the arrival of a new great-granddaughter. Little Melanie Landers was born Monday morning to Mr. and Mrs. Bill Landers of Houston, weighing seven pounds, 14 ounces.

Mr. and Mrs. Nye Reid of Austin are grandparents of the baby. Mr. and Mrs. Landers have another daughter, Alicia, aged two and one-half.

Chamber of Commerce REPORT

By BILLIE GUTHRIE
Secretary-Manager

Nothing much happened this week. Just a lot of mail received. Some were form letters to be answered and others just mail to be filed away for future information should the need arise. File 13 (the wastebasket) did receive some of the "junk mail".

It is time to start thinking of your vacation. Have you considered touring our wonderful state. We have loads of exciting places and things to see in Texas.

Last summer, Montie, Lane and I toured Aquarena Springs at San Marcos. It is truly good, old fashioned family fun. There is the Texan Village, the six-gun, pulse-quicken excitement of the Old West. The Sky Ride Pad gives you views of sun-drenched world of beauty. A whole new world of underwater splendor awaits as you board your glass bottom boat. THE MISSION, PIRATES' COVE and NORIA are sights you won't soon forget. The most interesting is the Submarine Theatre for the precision ensemble and solo performances

of Aquarena Springs' graceful, sun-bronzed Aquamaids. Glurpo, the underwater Witch Doctor, keeps everyone in a constant uproar. The entire tour is very exciting and I highly recommend it this summer.

LOCAL FIREMEN ATTEND MEET

A group from the Santa Anna Volunteer Fire Department were in Kerrville Sunday to attend the Tri-Rivers Firemen's Association meeting and take part in the races. Neither the ladies or men's team won an award in the races.

Attending from the local FD were Mr. and Mrs. Bill Griffin, Mr. and Mrs. Edd Hartman, Mr. and Mrs. Stanley Hartman, Mr. and Mrs. Jackie Pierce, Mr. and Mrs. Freddie Dodson, Mr. and Mrs. Harry Walker, Mr. and Mrs. Lee Ray Huggins, J. D. Stocks Mr. and Mrs. Ray Owen and Mrs. Fred Hicks.

Following the meeting the Santa Anna group went sight seeing at Fredricksburg and other points enroute home.
