By Harold Bell Wright

A Big Ten Reel Feature. A Full Evening's Entertainment.

This picture was taken in the heart of the Ozark mountains and in California. Mr. Wright and his associates were engaged for months in this great work. No expense has been spared. No detail been overlooked. The countless millions who are familiar with Mr. Wright's styles and scopeless possibilities of the motion picture camera can realize that the great word-pictures of this author should in the world of reel pictures indeed be works of art.

WILD SCENES OVER LYNCHING OF NEGRO

Omaha, Neb., Sept. 29.—After a night of mob rule, during which Will Brown, a negro, arrested in connection with an assault on a white woman, was lynched, and an attempt was made to hang Edward S. Smith, mayor of Omaha, the county courthouse burned, one man shot and killed and perhaps forty others injured, the city is quiet today under patrol of federal troops ordered from nearby post.

The mayor is in a hospital and still unconscious today as a result of the attempt to hang him to a trolley pole because he advised against lynching Brown. He suffered a bad wound over the right eye and another around the neck, caused by the attempted hanging.

Mayor Smith later recovered consciousness, but physicians said it was too early to state his condition definitely. Mayor Smith was seized by the mob near the court house at ten o'clock. They hustled him to another street, stopped at the foot of a trolley pole. After some argument, a rope was stretched across from the cross arm and placed around the mayor's neck.

The Omaha downtown section resembled a wreck as a result of the rioting. Practically all the known casualties not fatal resulted from the showering of thousands of shots with thousands of persons on the streets. Among the injured were a dozen policemen, three prisoners in the county jail, several city firemen and numerous pedestrians. For several hours the lives of over 100 pris-

oners in the county jail were endangered by flames on the lower floors of the building. It was finally necessary to send them to the roof. Sheriff Clark stood off the angry mob until the flames caused the prisoners themselves to take action. First they decided to throw the negro from the roof to the pavement below. At this moment the mob gained entrance to the burning building and forced their way into the cell corridor. The negro was then turned over to them.

The fire in the court house left the magnificent structure, valued at \$1,500,000 a mass of ruins.

With federal troops patrolling both the negro and downtown sections it is believed the authorities will be able to prevent further fresh outbreaks. Some soldiers are supplied with machine guns.

Major General Leonard Wood, commanding the central department with headquarters in Chicago, was directed by Secretary Baker to proceed to Omaha, where Federal troops had been sent.

September 30.—The city was quiet during the night and there was no sign of trouble. Additional military forces numbering about 1,000 arrived from Camp Grant today. Major General Wood, commanding the central department also arrived to take charge of the military operations.

The condition of Mayor Smith, who was injured in an attempt by the mob to lynch him, was said to be improved at latest reports.

THE SCHOOL BOARD.

Who are the members of the School Board? Likely you do not know, so we will name them:

J. M. Thomas, Chm., H. C. Doss, J. C. Prude, R. B. Terrell, Sam Majors, H. S. Beal, R. P. Price.

These are the gentlemen who bear the brunt of all the attacks upon the way the schools of Colorado are managed. They are paid the grand sum of nothing a year, and have to board themselves.

Have you any idea of the work that they have to do or the responsibility placed upon them. Have you ever attended a meeting of the board have you ever visited any of the schools; have you any idea of what is being taught in the schools; do you know any of the teachers; do you know the teacher that teaches your child; do you know anything about their qualifications to be on the teaching corps of your schools; do you know anything about the schools at all? Well the trustees do—that's their business, they select the teachers from the Superintendent down, and they do it to the very best of their ability. So if you are going to put the burden all upon them, don't kick about every little thing that you think is wrong.

The public schools are the foundation of our liberty. You have, no doubt, heard that before, but have you ever thought about it? How did Germany manage to instill into all her people the ideas of Kultur and the Divine Right of her Emperor—by using the schools for forty years to teach it to all the children and when they grew up to the

next generation and so on to the date of the great war. You can take the mind of the child and if not interfered with can produce whatsoever you please in the man.

The thing to do now is for everyone to forget any kick they may have imagined they had in the past and pull together to make our schools the best in Texas and to back up the school board in all they are trying to do and if you think you have a just complaint to make go to the board and make it and find out the truth of the matter before you condemn every one and everything connected with the operation of the schools.

It will soon be tax paying time and there will be a thousand kicks made against the school board because of the high rendition of property, which was done to raise more money for the schools. In the near future the Record will publish the financial statement of the schools, so that all may understand the situation and will not want to murder the board at tax paying time.

Mrs. Lottie J. Brown returned last Friday on the late morning train, which she said was the most trying part of her visit. She was accompanied by her three cousins, Messrs Lawrence and Aubry and Miss Lottie Mayo, of Greenville. We are glad to have Mrs. Brown home again and are always proud to see new visitors and our community, is going to be well filled.

COTTON AND MARKET REPORT.

Up to Thursday morning, Oct. 2nd Colorado had ginned and received 310 bales at the public yard. Lorraine had received 64 bales, making 374 in the county so far as we could get it. In Colorado the ginning was divided as follows: Farmers Gin 125; Lambeth Gin 88; Watson Gin 56; Concrete Gin 28; Total 297. When this was written about 40 bales were on the various yards waiting to be ginned.

Cotton sold all day Wednesday at 33 to 33½ cents. Seed selling at \$62 per ton. Maize steady at \$17 per ton. Eggs big demand at 50c dozen. Sweetpotatoes 4¼ to 5c pound.

Last year (Oct. 4, 1918) we published the following:

"Up to Thursday morning Colorado had ginned 362 bales. The public yard had weighed 347 bales. Cotton sold this week at 21 to 23¼ cents. Seed stands steady at government price of \$61 per ton. Including Lorraine ginning the county has received a little over 550 bales. Some estimate this is about one-third of the crop."

THE WEST HAS COME BACK Jones Writes In to Say a Few Things and Throw a Bouquet at the Colorado Record.

For some time past I have noticed the Record boosts Mitchell county through fat and lean years. That is all right, and just as it should be; but I have some words on my "chist" that I want to unload on an unsuspecting public, and if you will permit me, I'll do it now:

I told the folks early last spring that everything pointed to abundant crops for West Texas for this year, and since which time a great deal could have been written along that line. When I looked over the beautiful fields of grain, feed crops, and cotton, I simply felt somewhat like the young fellow who propounded that fatal question to his best girl and received a favorable reply. Asked as to what he said, the young fellow replied that he did not say a darned thing, that there was absolutely nothing further to be said.

But do you know that these big crops are always the signal for some tall cussing on the part of the old grizzled veteran who tills the soil? In all my life I have absolutely never known the time when the speculator did not get in his work and that to such extent as would render prices for farm products wholly out of all proportion as compared with prices demanded for those things that the farmer must necessarily buy. Why just the other day I went into a store and asked to be shown some ladies hose. By a polite and well informed clerk I was shown the goods and also informed that for the present time that particular brand of hose was being offered for the very low price of \$4.98 a pair. Now I have always thought that the low neck dress should meet the requirements, even of the most exacting among the men folks, insofar as sight seeing is concerned, but when I got this information with respect to the great reduction sale on the price of ladies hose I simply felt thankful to Almighty God that there is something new on the way and that new thing known to mankind as the stockless fad.

Also about this time of day there begins to evolve in my mind a serious and stern calculation. Now out on my farm we have this year raised a big feed crop, consisting of maize, fetereta, sorghum, etc. From the maize crop we have already filled every available space about the big barn, while for the crop of fetereta yet to be stored we have reserved the hen house, the cellar, the buggy shed and, jokingly, I told the girls that in case of emergency the front room will make a dandy good place to store some few tons of fetereta. Now, then notwithstanding the fact that the raising of this crop entailed much heavy work the use of high priced implements, costly feed, etc., I can at present prices sell the whole of this crop, for somewhere in the neighborhood of seven hundred and fifty dollars. But I am still in the market for ladies hose and with the price paid for this immense feed crop I find that at \$4.98 per pair I can buy about 150 pair of hose, the whole of which will possibly weigh fifteen or twenty pounds and all of which I put in one corner of a suit case and go stepping out just as if I had made the killing of the season so far as bargain day sales are concerned.

I mention this only for example and as one among ten thousand things wherein the farmer gets the worst end of the bargain. It may be needless to tell you that in fact my feed is still in the barn and that I have positively withdrawn from the market insofar as the sale of ladies hose are concerned.

I also read, sometime ago, a sensible editorial in regard to cotton, declaring that it would be ruinous to the South to put the market down to old time prices. This is positively the view that should be taken by the city folks, not only as to cotton, but for all products of the farm. Knowing as we do the conditions that exist there can be no power on earth but speculation to put prices down, and having secured the goods at lowest possible figure the speculator comes right back with his list of high prices and for once in life tells you city folks and the rest of the world the truth by declaring that it is all due to a world shortage of production.

But speaking of cotton this is the one crop that today stands out as the world's greatest benefactor. So precious and valuable is this fleecy staple that everything from the boll weevil to the millionaire is trying to get a finger in the pie, and believe me the rakeoff is in most instances, at least satisfactory to the firm. First of all the farmer, as a rule, must hire some that not all the crop picked and that part usually comes high. Let me say in this con-

HIGHEST Quality Awards

nection that I am in favor of giving our own West Texas people an all round good price for picking the crop now on hand. Times have been hard and they need the help, but I for one refuse absolutely to be bulldozed by these East Texas galoots whose crops have failed and who now come to West Texas hunting work. Why, just the other day I was on the way to town and came in contact with a whole regiment of men, women and children, and whose every appearance indicated that they were some of the same crowd who paid the people from West Texas seventy cents to one dollar per 100 for picking cotton last fall.

I stopped long enough to inquire as to whether they were out for recreation, health, sight seeing or as to whether they might want a little work on the side. With the poise and dignity of a Billygoat the chairman of the aggregation told me that under proper conditions they might pick a little cotton but that they "were gwine ter have three dollars fer picking." With the independence of a grey mule I drove off telling that gentleman that I was just "gwine to the gin and had no time to waste with him.

By the way, on this matter of picking the crop, the winter happens to be ahead anyway. I am not strictly Rooseveltian insofar as the free coinage of young Americans is concerned but more than twenty years ago I foresaw a great scarcity of cotton pickers and proceeded to raise a few

at home. That I succeeded fairly well in this line is attested by the fact that during the past week we picked and hauled to market five heavy bales and had very little hired help on the side. No sir, I "ain't gwine to pay" three dollars per 100 for picking either.

From the picker I pass on to the ginner, and believe me they are raking us over the coals this season, but everybody and their dogs have really been up against a hard proposition and with a kindly request that they pay us a little more for seed, I give to him the right hand of fellowship and beseech the good Lord to have mercy on his soul.

Next among those who "flop sooner or later," I come in contact with the local buyer who, by the way, can tell you any day in the week just how many bales of cotton is now on hand just how many it will require to supply the demand and just how many will be made in the next forty years. The main trouble with the local cotton buyers is that they are built just like the rest of us and can not turn a dollar loose without singing that good old song, "God be With You Till we Meet Again." But after all they are an affable set of gentlemen, and thanks be the Colorado boys are coming squarely across with the goods.

Among the very first things that I discovered in this part of the country was that Colorado was a little ahead of the procession as a cotton market, and it should be, as no doubt it will continue to be, one of the very best markets in all West Texas. I have faith, too, that this will be the case, which will be of lasting benefit to all concerned.

Concluding this article let me say that with the overwhelming crops now on hand there is little cause for real pessimism among the farmers and absolutely no excuse for idleness on the part of any. In other words it is a great day for West Texas. Most all of the good things are coming our way and that which does not come we will proceed to go after.

In Harold Bell Wright's own 10-reel film version of his widely read novel of the Ozarks "The Shepherd of the Hills," here is told, through the lives of the typical mountain characters, the world-old story of love, sin and suffering. There is hate inexorable, fear of man and spirit, vengeance that has burned a lifetime, love, human and divine, all in a swiftly moving panorama that makes the wonderful picture drama one of the most emotional effective produced in some time. See it at The Best on Monday and Tuesday, Oct. 6-7, with matinee Tuesday afternoon.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home, it has been officially announced. Home missions is regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting for the the particular obligations which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the christian religion, but makes them more contented, and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not christians during the period of the campaign.

The Big Boss returned last week from a trip east. He was mad about the low prices we had been making on groceries when he was away, but was pleased when he showed him the big volume of business, and we proved to him that the short profits were more than made up. Its better to make a small profit on a large amount of business than a big profit on a small amount of business. We are going to keep right on selling at close profits. You'll save money by trading at our store.—Smith & Page.

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaret after-taste or any unpleasant cigaret odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

THE RECORD'S BIRTHDAY.
With this issue we enter upon our Fifteenth Year in Colorado.

With this issue the Record enters upon its 15th year and are therefore 14 years old. The future of the Record is very bright, enjoying at present a very good business. For the many past favors and courtesies shown us since establishing the paper we are duly thankful. We have no extensive plans for the future, but will say that our policy will remain in the future as in the past, aggressive for the moral and financial welfare of our people.

To our readers and the friends of the paper in general, who have helped to make the Record a success under its present management, we greet you on this our 15th anniversary, and wish for you and yours abundant health, wealth and prosperity.

There has been many changes in Colorado and Mitchell county since our advent, and all of them were and are for the better—the upbuilding and improvement of the county and the city. We flatter ourselves that the Record has been no small influence in bring about many of these changes and improvements. At least we have advocated and boosted each and every one of them, and are glad that we were able to remain and see some of them carried out. The incorporation of the town; building many miles of good sidewalks; improving our streets until no town in West Texas have better ones. Voting a large bond issue and building good roads; locating the Ozark Trail and Bankhead Highway through the county; building two new school buildings; a tabernacle; a good hotel; railroad passenger station; taking over the water works by the city; and many more like improvements and benefits have been brought about during the past fourteen years—and all of them have been boosted and worked for by the Record, week after week, helping with what publicity we could, and as much financially as we were able.

And during the great war, when every sacrifice was being made, and our peoples' boys were going into the greatest war in all the history of the world; we tried to do our part. We gave hundreds of columns of advertising, and propaganda, at government request, without pay and without price. We gave as liberally as we could to all war work, as did all our people. We borrowed money to buy bonds (and the money is not yet paid back). We boosted the local organizations, the Red Cross, the Y. M. C. A. and every war help that was put forward in this county.

But notwithstanding all of this the Record is not going to stop. We want our town to go on, and it's going. We want to see Lone Wolf dammed and a big lake at the edge of our city; We want the waters of the Colorado river impounded, so that thousands of acres can be irrigated. We want more parks, more school

buildings, better church buildings; more trees and beautiful lawns—and all these things will come.

We are now getting to be an old timer in West Texas. Despite the ups and downs that have come to our county we have done our best to cheer our people when things seemed the darkest and we have been boosting for this section early and late, firmly believing that we would finally come out on top. We have never had cause to lose hope and now that we are on the eve of the greatest era of prosperity our county has ever experienced we have a basis for the booster spirit which has always characterized our efforts. With big crops assured and a big oil development campaign on, everyone is in an optimistic spirit and the future looks bright. Our people certainly deserve the prosperity which seems assured for we have been through trying times the past three years and no people could have put up a pluckier fight than have ours. Its a pleasure to live among such a people; and that is one reason the Record was able to make it through the bad years, the Record had their loyal support. We have made it over the rough spots and we are all looking forward to a better and more prosperous era for our county. For three long years we have carried many of you on our subscription books, never asking or expecting payment for the paper, because we knew that many were not able to do so; but this is one year that everybody can pay the preacher, the doctor and the newspaper man.

In closing it might be well to remind you that the Record is ready to accept birthday presents in the shape of subscription renewals, or new ones from those who have not been in the county long enough to know the Record.

We cannot close without a word of thanks and appreciation to those of the business men of the county who, at a financial loss to themselves, stuck to the paper with their advertising patronage through the bad years. You can see who they were by looking over the columns of the Record during the past two summers.

When your food does not digest well and you feel "blue," tired and discouraged, you should use a little Herbine at bedtime. It opens the bowels, purifies the system and restores a fine feeling of health and energy. At all druggists. Adv.

Habitual Constipation Cured in 14 to 21 Days

Recently we published an article about the Mitchell county corn crop, saying that we had corn 12 feet high etc. The Dallas News took a jab at us, intimating that we were not altogether truthful in the matter, or at least exaggerating. Now comes the Lockney Beacon, up on the plains with this hot air:

"You Mitchell county editors seem to us to be lying straight out about your corn. You folks evidently have become excited about your nubbins, and have forsaken the paths of truthfulness. You fellows haven't seen any corn this year. Corn that is really corn of the human kind can be seen on the plains. The stalk will average in some places sixteen feet high, and the ears look like coons hanging by their tails. One patch recently gathered averaged 1500 bushels to the acre and tested more than 100 per cent. We have corn that is corn, corn that reminds one of the pine forests of East Texas. If you Mitchell county people want to see which is corn come to Floyd county. We will show you something that will make you sit up and take notice.

Well, we throw up the sponge. We used to be considered somewhat of a liar in our younger days before we came west and reformed, but in our palmist days we could not hope to equal the statement made above by the Lockney Beacon. We thought 75 to 100 bushels of corn to the acre was a fairly good crop, but 1500, as stated above, surpasses one's wildest dreams. Mr. Beacon you take the rag off the bush—the cake is yours. We resign, and turn you over to some of the smart elick editors of East Texas whose conscience never bothers them when writing about West Texas. Maybe they can hold you down—we can't.

The time was when one could buy a farm in West Texas for a song, but that time has past. The entire singing schedule now would hardly buy a good pasture.—Snyder Signal.

Plenty of Mitchell county tenant farmers are buying farms this year, that is the rent they are paying would buy the land on which their crops are grown, but they don't get the farm.—See.

A LEOPARD CANNOT CHANGE ITS SPOTS.

Mr. Dodson, the "Liver Tone" Man Tells the Treachery of Calomel
Calomel loses you a day. You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

CHURCHES, CLUBS AND SCHOOLS

ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

BY MRS. A. L. WHIPKEY

You will confer a favor upon the Record and the editor of this department if you will 'phone her (No. 157) any announcement or news item

Mrs. Herbert Hazzard of El Paso passed through on the train this week for her new home at Ranger.

The Hon. W. G. McAdoo passed through on the train Monday evening on his way from Los Angeles, California to New York. No one met him here at the station except Mr. Dulin and Mr. Dobbs.

H. A. Cook has moved to Colorado for the schools.

A. C. Gist and W. A. Dulin attended the boys' pig club and poultry show at Big Spring last Saturday. Mr. Gist was one of the poultry judges, while Mr. Dulin was in the hog department.

Hon. Fred B. Robinson, editor of the Waco Times-Herald, spent the summer at Los Angeles, California, and stopped over here Sunday last on his way home. While here he was the guest of the Record. Mr. Robinson visited the Cookseys in Los Angeles, and says they are getting along fine and well pleased. Mrs. Robinson liked the country so well that she remained for another month.

Mrs. G. D. Adams spent the week end with Mr. Adams at Strawn. Her son, Tom, left to attend school at Baylor University.

Mrs. W. P. Ruddick left last Friday night for El Paso to visit her daughter, Mrs. Sam Shannon, who is in the sanatorium there.

Carl Fisher, now at Weatherford, an old time Colorado citizen, sends in for the Record this week.

Mrs. D. N. Arnett is home after several weeks stay at Lubbock.

Alvin Myher was laid up on Wednesday with rheumatism.

C. C. Wyatt of Amarillo and A. R. Wood of Cisco were both here this week trading in oil stock and promotion interests.

Dr. C. L. Root came in home on Wednesday from attending a medical school at Chicago and the May Clinics at Rochester. The doctor said he did not see any cotton on the streets of Rochester, and supposed it had not begun to open yet, that far north.

F. O. Allen and wife and Miss Sallie Eddins of Big Spring, are visiting the family of S. E. Davis, who lives east of town.

Mr. Thorpe, an ex-Ranger, who at one time was stationed here, spent the week here from Corpus Christi, his present home. Mr. Thorpe was in the great storm there and lost his wife and four children and every bit of his property. One can get a vivid idea of the awfulness of this storm by talking with Mr. Thorpe.

J. W. Gross sold a bale of cotton on Wednesday for \$235.40. E. Barber has sold so far seven bales for a little more than \$1,500.

Fred Lindner of Michigan, an old time conductor of the T. & P., and formerly of Colorado, is here visiting friends, en route to California.

Services at Baptist Church.

Rev. John Pierce will preach at the Baptist church both morning and evening, next Sunday. All are invited to hear him, and the members of the congregation especially, as the church will consider the question of calling Mr. Pierce as pastor.

Episcopal Church.

The regular services in the Episcopal church next Sunday morning at 11 o'clock and 8 in the evening. All are cordially invited.

Mr. J. C. Prude will leave Sunday night for Detroit, Michigan. Mr. Prude is the lay delegate from North Texas to the General Convention of the Protestant Episcopal Church of the U. S.

Another Colorado Boy Married

The Record received an announcement this week of the marriage of Miss Azalie May Boynton of Mineral Wells to Mr. Charles Reames Earnest at Mineral Wells last Sunday. Mr. Charles Reames is the eldest son of Judge and Mrs. C. H. Earnest, who are pioneer Coloradans, and was born and reared here. He now holds a responsible position with the big coal company at Strawn, where the happy couple will make their home.

Miss Boynton is the daughter of Rev. and Mrs. Boynton of Mineral Wells, and while a stranger to Colorado people, is very highly spoken of by those who know her.

The Record joins the many friends here in extending best wishes and hearty congratulations.

Back in Texas.

News comes that a former pastor of the Baptist church here, Rev. Holmes Nichols, who has been in Oklahoma for several years, is back in Texas. He is now pastor of the church at Kerville. His many friends here, hope he is pleasantly situated.

First Christian Church.

Our roll call and rally day will be Sunday, October 5th. It was changed from last month to this date. We hope to have a great day. Every member of the church should be there. There are programs arranged for both morning and evening services. We hope to have many of our friends who are not members to attend.

D. R. HARDISON, Minister.

Seniors Serve Lunch.

The Senior Class of the Colorado High School served lunch Saturday. Their friends patronized them well and they sold everything they had. They realized \$20.00 for their work. This will be the starter for the victrola they are soon to buy. Monday the sixth grade sold melons, popcorn, and peanuts, and did well. Each grade will have a part in the work.

Entertains Little Friends.

Little Misses Marcella and Loyce Price entertained a number of their friends with games last Friday evening. A pleasant time was had by all. Cake and punch were served.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

"The Garden of Follies," New York's last word in scintillating, spectacular, Musical Extravaganza, will be a headliner amusement attraction in the coliseum at the Victory Fair at Dallas in October.

This was secured in person by Secretary Stratton during his recent visit to the East. Visions of the Winter Garden, or of Broadway in 1919, will float before the eyes of the beholder of this beautiful production.

Oodles of pretty girls, captivating music, magnificent scenery, "dreamy" costumes, and a "cob-webby" plot, delightfully intertwined, make up the production.

Grace, beauty and wit will abound in "The Garden of Follies."

Seven inches of rain fell at Georgetown Monday. Serious loss to cotton crops will result.

Called Meeting.

There was a called meeting of the Hesperian Club last Friday with Mrs. Barcroft. The necessary business was attended to and an open meeting planned for with Mrs. Barcroft for the opening day, October 3rd. Each member was allowed to invite a guest. The club starts off full this year, with promise of a splendid year's work.

NOTICE!

I will be in Colorado, Friday, Oct. 3rd, to do any practice relative to Eye, Ear, Nose and Throat. Please keep this date in mind if you need such professional service. At Dr. Root's office one day only, October 3rd.

M. E. CAMPBELL, M. D.

Undismayed because no room could be found in dormitories or nearby homes for them, many students of Simmons college, at Abilene, rather than forego this year's schooling, have ordered army tents and will camp on the campus.

Promotion Day.

Last Sunday was promotion day at the M. E. Sunday School. A special program was given by the little folks. Several received certificates and passed on to higher grades. Q. D. Shepherd, the only one in his class who had not missed a Sunday during the past year was given a gold handled knife. Mrs. Merritt awarded the certificates.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. Typewriter Ribbons.

The Record has a full supply of various kinds of typewriter ribbons.

Open Meeting.

The M. E. Missionary Society held an open meeting at the church Monday afternoon. Every member in the church was invited for a special program on the work. The president, Mrs. Everett Winn, conducted the bible lesson on Thankfulness. Mrs. Leslie told of the Home Mission Work. Mrs. Merritt of the Foreign Mission Work. Mrs. Garvin talked on Social Service and the Importance of Mission Study. This was a very instructive program and four new members were enlisted for the work. Three were added to the Young Peoples Society. The social hour was spent in the basement. After a song given by the members of the Young Peoples Society, sandwiches and tea were served by the young ladies.

Cotton at 35 Cents.

Cotton sold on the streets of Abilene Saturday for as much as 35 cts. per pound. Had the farmers of the South produced a sixteen million bale crop the price would have been twenty cents or less. Eleven million bales are worth more than sixteen million, and it seems that the south should learn its lesson this year and hereafter control the price of cotton by controlling the supply, no matter what Mr. Governor of Kansas or any other northern state may have to say about it. It is certain that unless the cotton grower looks out for his own interest nobody else will do it.—Abilene Reporter.

Contentment makes people fat. Maybe that is the reason why wives are so seldom contented.

Oh! Such Pain! dizzy—dragged-down? With dull headache, backache—racking with pain here or there—poor woman, she's one of many. On those days each month, when in other circumstances she would go to bed, she must still be at the desk or counter, or struggle through the day as best she may with her housework or her family cares. Usually she who feels those dragging-down or dizzy symptoms, and other pains caused by womanly disease, can be cured by Dr. Pierce's Favorite Prescription. It cures the cause of these pains. Faded, jaded, tired, overworked, weak, nervous, delicate women are helped to strength and health by Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. In liquid or tablets.

MEMPHIS, TENN.—"For many years I have depended on Dr. Pierce's Medicines to keep me well and healthy. I was once restored to health by the use of the 'Favorite Prescription' and the 'Golden Medical Discovery' when other medicines and doctors had failed to give me any help. The 'Favorite Prescription' has no equal as a woman's medicine."—Mrs. E. C. WILSON, 660 N. 6th Street.

Eastland County \$4,500,000 Bonds.

Eastland, Tex., Sept. 27.—A proposal to issue bonds in the sum of \$4,500,000 for good roads apparently carried in Eastland county today. Eastland cast 222 votes for and 49 against; Cisco, 341 for and 31 against Scranton 20 for and 13 against. Incomplete reports from Ranger, Gorman and Desdemona indicated similar results at those boxes.

The baggage traffic at the Texas & Pacific railway station at Ranger has become so heavy that the company's storage and baggage rooms are filled so that a box car has been set out near the depot into which the excess baggage is stored. It is not an infrequent thing there for as many as 200 pieces of baggage to arrive on a train. Revenues from passengers during August were five times as much as for November last year.

TEXAS PHYSICIAN TREATED FOR CANCER SUCCESSFULLY

J. M. Gilbert, M. D. of Randolph, Texas, Had Cancer on Face—Dr. O. A. Johnson, Cancer Specialist Gives Successful Treatment 2½ Years Ago.

The wisdom of going to a specialist was shown when Dr. J. M. Gilbert, well known physician of Randolph, Texas, had a bad cancer on the side of his face. Knowing the importance of proper treatment, he went to a leading cancer specialist, Dr. O. A. Johnson, of Kansas City, Mo. Dr. Gilbert states that he is now entirely cured.

"I recommend that every cancer sufferer consult immediately with the man, that I, as a doctor, regard foremost in his line. Dr. Johnson has proved to the world that cancer can be cured."

Dr. Johnson has published a remarkable book called 'Cancer Truths' a statement of his theories and experiences in treating cancer without the use of the knife. Purely medical measures only are employed; that is external applications to destroy the cancer and internal medication to purify the blood. This book will be sent free to any cancer sufferer. Or, if you have a friend suffering from cancer, write to Dr. O. A. Johnson, Suite 560, 1324 Main St., Kansas City, Mo.

COTTON--

The great cotton crop of the South is ready for the markets of the world.

This institution is ready, also, to the full limit of its resources to assist the farmers of this community on any of their marketing problems during the busy days that are before us all.

Any assistance we may have rendered to you in the past has been cheerfully extended as an expression of our unbounded faith in you and in the wealth producing farms of our community; and, now that you are about to be rewarded for your month of toil, and your cotton money is beginning to come in, we shall take it as evidence of your appreciation of the assistance we have given if you will place your deposits with us.

Your success is our success.

ABOUT COTTON.

Fifty-cent cotton is predicted by brokers on Wall Street, according to announcement made from the state headquarters of the American Cotton Association. In confirming this statement is sighted an extensive statement by Carlisle Rowntree, of Rowntree Bros., cotton brokers in New York, as follows:

"One factor that has not been considered in many of the discussions as to cotton prices is the morale of the southern farmer," says Mr. Rowntree. "The majority of them do not know, nor do they pretend to know at little about the effect of the world's visible supply, mill stocks, exports, consumption, census reports, crop estimates, exchange money rates, foreign labor unrest, strike troubles, or any of the economic factors that enter into making of the market."

"But they do know that they had taste of 36-cent cotton last fall, since when none of the cotton goods they use have declined, and that if necessary, they will eat corn bread

and hold their cotton until they get that price again. Since the majority of farmers have realized more cash the past few months than ever before out of their grain and other crops, they are in a position to hold if necessary.

"And they will have the help this year of the Southern banker, many of whom realize that they were duped this last spring by insistent, preconceived, organized bear propaganda, predicated upon the assumption that if the Southern banker got scared, that the spot holders would be forced to sell for cash, which is just what happened in many instances around the 20-cent level.

"Six or eight weeks ago practically all the big operators and interests in New York City were predicting that cotton would hit 40 cents per pound in a few days more. This caused a considerable long interest to accrue, thus weakening the technical condition of the market and making possible for heavy selling to start the break and make the long run, this additional selling to cause the market to go still lower.

"Now while these same interests are putting out a lot of pessimistic dope and figures showing that cotton must decline still further on account of present conditions, they almost, without exception believe in higher prices eventually.

"The answer is, there will not be much further decline.

"If each of the 300,000 farmers and merchants in the South would appoint himself a committee of one to buy a contract of ten bales and call for the actual cotton at the time of expiration, there is no limit to the price cotton would sell for.

The only way to decrease the price of a commodity like cotton is to increase the production, and unless the producer gets a living price over his cost of making the crop, the production will not be increased."

The statement printed in the large daily papers of the East and South further says cotton is sure to go to 50 cents when the channels of trade are opened. The American Cotton Association has been urging farmers to house their cotton and hold for a good price. Cotton in warehouses under bonded warehouse receipts becomes splendid collateral for the banks and gives the farmer an oppor-

tunity to hold his crop until he can realize for cotton what he justly deserves.

Can Now Eat and Sleep in Comfort

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would wake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." Ad

SCHOOL TEACHERS

It is a well known and accepted fact that teaching school as a profession will never get anybody anywhere from the financial standpoint. A living, and not a very big one at that, is all there is to teaching. It is not surprising in the face of that kind of conditions that teachers give up their profession and enter the business world. Discussing this important subject the Dallas Morning News in a recent issue said:

"It is, of course, true, as Miss Blanton told the Lions' Club in Dallas the other day, that the efficiency of a school system can not be higher than the average efficiency of its teachers. Of the several factors entering into the determination of the matter, that of the quality of the teaching is by far the most important. Given competent teachers, and the character of the school buildings, or of the curriculum or of the textbooks becomes, relatively, an unimportant matter. But our school buildings may be of the best, and likewise our curriculum and our textbooks, and yet our school system will be a failure if its teaching force is incompetent. All this is elemental and obvious, of course; no one could be found who would dissent from the statement that we

should be more concerned for the efficiency of our teaching force than for all else combined relating to our school system. And yet the fact that is everywhere recognized is, to speak in the form of paradox, everywhere ignored. Speaking of the State as a whole, we spend much more energy and money in the effort to provide ourselves with good curricula than we do to provide ourselves with good teachers. It might not greatly exaggerate to say that the money that we devote to the getting of good teaching is whatever happens to be left after we have defrayed the expense of obtaining the less essential things. The excuse, if not warranted, for this statement is in fact, declared by Miss Blanton, that the average pay of country school teachers in Texas is \$436 a year, or less than half the average wages of waitresses working in Dallas, and that of the city teachers \$544 a year, or only a little more than half the average wages of hod carriers.

Already the consequences of this folly are being manifested. Miss Blanton said that 30 per cent of the profession and that within seven or eight years the percentage of men teachers has fallen from 40 to 10. This is concrete proof that the deterioration of the teaching force in our schools is already far advanced. But unless we shall shortly do the only thing which can arrest this process, there must be a further deterioration that will not end until the teaching profession will be little better than a kind of economic refuge for those who have been unable to maintain themselves in any of the other pursuits. It is a process of selection which must work toward the end of relegating the intellectually least fit to the service of the schools. It must have the further effect of bringing into a kind of social disrepute a profession which ought to be the most dignified and most highly esteemed of all vocations or avocations. All the energies which we can mobilize for the work of improving our common schools ought to be consecrated on the single task of establishing a higher standard of pay for teachers; a much higher standard."

CHARITY SWINDLERS CANVASS THE STATE

Fake Salvationists Collecting Money.

The popularity of the Salvation Army throughout the country as a result of the efficient service rendered by this organization in France during the war, and now in this country among soldiers and sailors, is being put to monetary advantage by an organized force of swindlers who are operating in every section of the country.

Reports have come in to Lieut. Col. George Wood, in charge of the Southwestern Division of the Salvation Army that several persons claiming to be representatives of the Salvation Army are collecting funds in this territory. Up to the present, several arrests have been made.

Some of these people wear Salvation Army caps or similar to the regulation cap, with a lettered ribbon bearing such wording as "The American Salvation Army" or "The Union Gospel Salvation Army."

Col. Wood has issued a warning to all sheriffs in this division, all mayors and chiefs of police, all newspapers and business men's organizations in the same territory, that the tamborine collecting methods of the Salvation Army have been discarded. The funds needed to carry on the work of the organization will be raised instead in a State-wide Home Service Drive to be put on soon.

Col. Wood asks that all persons claiming to be representatives of the Salvation Army be asked to show their credentials. Such credentials in this territory should bear the signature of Lieut. Col. Geo. Wood, Dallas, Texas, Chief Divisional Officer of the Southwestern Chief Division of the Salvation Army. If proper credentials cannot be produced, the persons should be detained until communication is obtained with Col. Wood. If the solicitors prove to be impostors, the Salvation Army will assist in prosecuting them.

This warning is not intended to apply to Salvationists in their own corps cities who are personally known as Local Corps Officers. These men and women will continue their collections until their local corps is placed upon a sound financial basis as a result of securing funds in the city and county for their annual budget.

A BELOVED SALVATION ARMY CHAPLAIN.

The 11th Field Signal Battalion has written a letter to the Salvation Army Headquarters in the United States in appreciation of the work of Adjutant Harry Cline, a Salvation Army Chaplain.

"Prior to the signing of the armistice," the letter reads, "we were never located in a town which offered us the comforts, the amusements or the facilities of any of our home organizations sent over here to aid the soldiers. Because we were part of a combatant organization we were kept in strict training far from the main thread of army life. There was no recreation hall where one could spend the few hours left to himself, nor music of any description to lighten the toils of the day.

Upon the signing of the armistice our division moved back to a quiet area far from the scene of the conflict. At this juncture—a time when a soldier's mind balanced between his hopes of an early return home, on the one hand, and his thoughts of future sordid drudgery, occasioned by necessary rules of army discipline on the other—our chaplain came. His entry caused but a momentary stir, for we had grown to believe that chaplains were mere figureheads and of no material benefit to us.

"But in this we were totally mistaken. Through his untiring efforts he procured from The Salvation Army musical instruments of various kinds—enough to equip a modest orchestra. It was through him that we enjoyed, for the first time in six months, music rendered by home talent. No one but a soldier can appreciate what that one act of kindness did to brighten the flagging spirits of the boys who had left so much behind.

"With that same spirit of unselfishness he established a canteen for our own use, stocking it with every luxury so near and dear to the heart of a soldier. In this he consulted us personally that the wishes of all might be granted, and in many instances our cherished desires were anticipated before they were expressed. In connection with this canteen he established a large recreation hall for every soldier who cared to spend a pleasant evening reading, writing or enjoying the music. Here a homelike atmosphere prevailed, and no stone was left unturned to make this hall a real home for us all."

The letter is signed by the following members of the 11th Field Signal Battalion.

James C. Netherton, Sergt-Major, En Hdq.
Willard C. Veach, Supply Sergeant.
Albert J. Scott, Sergeant, 11th Med. Dept.

Jas. Goethis, Top Sergeant, Co. "A."
C. K. Ryan, Top Sergeant, Co. "B."
James L. Burt, Top Sergeant, Co. "C."

Remembered in Mid-Ocean. American soldiers returning from France on a transport recently were agreeably surprised by the distribution of bars of chocolate and cigarettes in mid-ocean by Salvation Army war workers.

TRUCKS, TRAILERS AND TRACTORS WILL ALSO BE SHOWN IN GREAT PROFUSION.

A Palace of Pleasure Cars, vast fleets of sturdy Trucks, and trailloads of Tractors and Trailers will be exhibited at the Victory Fair at Dallas in October.

The 1920 models, in many makes of sedans, touring cars, limousines, sport models, and runabouts, evidencing all the latest ideas in speed, endurance, beauty and comfort, will be shown.

Trucks, hundreds of makes, in many sizes, and suitable for all hauling needs on the farm, in the city or town, or anywhere else that time and labor-saving transportation is needed, will be there.

Tractors—the farm power plant on wheels—that make all farm tasks easy, will be demonstrated.

So many trucks will be shown that a new building had to be erected to house them. This will be a substantial frame building 50x100 feet, and will cost \$7,000.00. In the center will be a beautiful art-fountain. Both the automobile and trucks building will be artistically decorated and the lighting effects provided at an additional cost of \$3,500.00, will be very novel.

It is proposed to make the new truck building a community social center where you can come and meet your friends and have a real good time. An orchestra will be provided, and there will be dancing every day and every evening. The Dallas Automobile Trades Association is co-operating with the State Fair management to make the Auto Show at the Victory Fair an event long to be remembered.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the bowels and puts the little one on the road to health and cheerfulness. 30c per bottle, at all druggists. Adv

Seed Wheat and Rye.

I have just received a shipment of Seed Wheat and Rye. Better get yours now.—O. Lambeth.

The battle in the heart of the farmer boy, who longs for the attractions of the great city, and how he found his greatest contentment in rural scenes is told in "The Shepherd of the Hills," the 10-reel super-film of Harold Bell Wright's great story. Shown at the Best Theatre, Monday and Tuesday, Oct. 6-7, and matinee Tuesday afternoon.

Mr. Tidmore, Sr., from old Van Zandt, came in Wednesday on a visit to his son, H. C. Tidmore, and is so elated over the big crops that he may buy land before he leaves.

Bargains in various and sundry things are offered nearly every week in our "want ads" column. Read it.

J. R. McCreless of Denton, Texas, spent the week here with his uncle, E. M. McCreless and is so well pleased with Mitchell county that he may move here next spring.

R. C. Harlow of Iowa Park has moved back to Colorado and is now at the concrete gin.

AT AGE OF SEVENTY SHE GAINS 25 POUNDS

Since Taking Tanlac Mrs. Rollins Feels Better Than in 20 Years.

"I am seventy years old and have been in poor health for a good many years, but since taking Tanlac I feel better in every way than I have in twenty years," said Mrs. M. B. Rollins, of 110 West 29th St., Seattle, Wash., recently.

"For twelve years," she continued, "I have suffered constantly from stomach trouble and what I ate caused me so much misery that I dreaded to see meal time come. I suffered terribly from rheumatism and sometimes my feet and legs were so badly swollen that I could not walk and my arms would get so stiff and sore that I couldn't use them at all. My nerves were in such an awful condition that the slightest noise would upset me and I could never get a good night's sleep. I became so weak and run down that I gave up and went to bed where I lay for five long weeks.

"I heard so much about Tanlac that I asked my son to get me a bottle and after taking a course of the medicine I am perfectly well again. I feel twenty years younger and am strong enough to do all my housework without any trouble. My appetite is fine, I eat anything I want and never suffer any pain afterwards. The rheumatism has entirely gone, my nerves are all right and I sleep like a baby every night. The way Tanlac has overcome my trouble and built me up is like a miracle and any medicine that will do that much for a person of my age is worth its weight in gold."

Tanlac is sold by all druggists.

The scenic background for "The Shepherd of the Hills" is a series of pictures dazzling in their grandeur and depicting faithfully the beauty of these Missouri hills. Harold Bell Wright, who wrote the book and directed the picture, took his company from California to the Ozarks, in order to present the story with true fidelity. Will be shown at The Best Theatre, Monday and Tuesday, Oct. 6th and 7th, with Tuesday matinee.

CENSUS ENUMERATOR.

We publish below a letter which is self explanatory and offers a job for some one who cares for this kind of work:

"It is going to be necessary to employ quite a number of enumerators to take the 1920 census, and I would thank you to give a little publicity to the matter in your paper. I am sure there are a number of people living in your county who would like such a position. A person of average industry should be able to earn from four to six dollars per day for eight hours work.

The following persons would be disqualified from acting as enumerators: A person less than 18 years old and over 70; a person not a citizen of the United States; a person convicted of crime.

Any one desiring to be appointed enumerator should send in his or her application to Jesse T. Couch, Supervisor of Census, San Angelo, Texas. Women may become enumerators.

JESSE T. COUCH,
Supervisor 16th District of Texas

Sincere Gratitude.

Mrs. William Bell, Logansport, Ind. writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

The Season's Leading Style Favorites are all here in a complete showing of Autumn Wear for early buyers.

Distinction and exclusiveness, so much sought by well-dressed women, are presented at their best in the new Fall Fashions shown here. New and interesting style features will be seen in the models, fabrics, colors, and trimmings of these late style garments. Early buying is more advantageous this fall than ever, because of a possible garment shortage and higher prices later. Selection is now at its best, and what you buy now you will get a full season's use of if you get the best in quality, such as offered at this store.

"The Store of Quality"

The New Styled Fall Suits

Fashion recognizes such a wide variation of new effects, varying from semi-fitted to loose belted, and with suit coats ranging from finger tip to knee-length, that every type of figure has a selection of pleasingly suitable models. And these are made still more attractive by the inclusion of elaborate braiding and embroidery buttons and fur trimmings.

New Autumn Dresses

Though a slight change is noted in the silhouette of the fall styles, suggested by draped effects, strictly speaking there is no radical departure from the straight lines of the familiar American model. Simplicity in cut has its contrast in a perfect riot of brodered, braided and buttoned novelties in trimmings; while a slight departure to French ideas is seen in the lines of the returning coat dress.

New Fall Coats and Wraps

These new fall outer garments run largely to coats and coat wraps, there being but few capes, while in furs some of the new garments are capable in effect. The new coats are full and loose with the line of the shoulders and arm-holes ample and free. Large pockets, narrow belts, choker collars frequently of fur are largely shown. Indicating a richness in the new coats which will please the woman who seeks elegance in her fall attire.

Last week the Record received the following card from our friend Louie Landow:—"A Happy New Year 1919 1920—Mr. and Mrs. L. Landow, Sherman, Texas." The card had the same thing printed in Hebrew, but we have not the type to reproduce it. This was on account of the observance of Rosh Hashhanah, the Jewish New Year.

All you who have torpid liver, weak digestion or constipated bowels look out or chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. HERBINE is the right remedy, it answers the purpose completely. Price 60c, Sold by all druggists. Adv

High winds and beating rains prevailed at Eagle Lake Saturday and Sunday and a considerable portion of the rice which was ripe, has been blown down and will be damaged to some extent.

Texas has this year made the largest sweet potato crop in its history, according to Sam H. Dixon, chief of the bureau of markets of the department of weights and measures.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Monster Tanks and Tractor-Artillery at Dallas

U. S. WAR AND NAVY DEPARTMENTS WILL HAVE VARIED EDUCATIONAL EXHIBITS AT VICTORY FAIR

The United States War Department will exhibit a comprehensive display of the modern, scientific implements of warfare at the Victory Fair at Dallas in October.

These articles have just been received in America and have not been exhibited before.

Much of this material was captured on the battlefields of France, while other things are those supplied to American troops.

Among the equipment of American soldiers will be shown: field gun and mount, trench mortar, aircraft gun, hand and rifle grenades, drop bombs, live carrier pigeons, infantry equipment, and many other things.

The Navy and Marine Corps will also exhibit many interesting articles. This exhibit is in addition to the special exhibit of "monster" (35 ton) tanks, Anti-aircraft Guns, and Tractor-Artillery.

LIVE STOCK SPECIALS NUMEROUS THIS YEAR

PRESIDENT SIMPSON GRATIFIED AT WIDESPREAD INTEREST SHOWN IN STATE FAIR AT DALLAS.

President Jno. N. Simpson, of the State Fair of Texas, has received advice that a number of new special premiums will be awarded to Live Stock raisers at the Victory Fair at Dallas in October.

These will be in addition to the \$60,000.00 in cash premiums offered by the State Fair itself, and will make the aggregate cash premiums available for the Victory Fair the largest ever offered by any Fair in the country.

Swift & Company, as evidence of their desire to promote live stock improvement in Texas, have donated \$1,000.00 for special premiums. This amount will be divided as follows: Champion Hereford Steer \$150.00; Champion Shorthorn Steer \$150.00; Champion Aberdeen-Angus Steer \$150.00; Champion Red Polled Steer \$150.00; Grand Champion Steer \$150.00; Barrows, all breeds \$125.00; Mutton Sheep, \$125.00

All entries competing for the Swift swine premiums are to be fed sixty days before the opening of the Fair, Oct. 6th, on rations balanced with Swift's Digester Tankage.

Armstrong Packing Company, "The Pioneer Packers of Texas," Dallas, offers \$120.00 in cash premiums for Champion Barrows.

J. J. McLain, Anna, Texas, offers \$200.00 in cash premiums for Duroc Jerseys, as follows: For Boars \$57.50; sows \$57.50; litters of pigs \$85.00.

The Flowerdale Farm, offers \$50.00 for the Grand Champion Barrow, (any breed) of the Show.

The Record has in stock almost a complete line of office supplies, rubber bands, daters, numbering machines, fountain pen ink, letter files, clip boards, carbon paper and all kinds of typewriter paper and tablets—almost everything used on the desk.

Mr. and Mrs. Jirde Bennett Jr. entertained a few friends on Thursday evening. Forty-two furnished the amusement. The following guests were present: Mr. and Mrs. Will Roland, Mr. and Mrs. John Coffee, Misses Pearl Templeton, Willna Zellner, Minta and Jewell Finley; Messrs Roy Baird, Ira Crownover, Herman Finley. Refreshments of cake and chocolate were served.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of H. W. GROVE. 30c.

The ideal moonshiners of the Ozarks without the false touch of modern fiction, are shown in Harold Bell Wright's own film version of his great novel, "The Shepherd of the Hills." Wash Gibbs and his gang of roughnecks run wild throughout the entire ten reels. At The Best, Oct. 6th and 7th, with a matinee on Tuesday afternoon.

Entertains.
Mrs. J. W. Fairbairn and Mrs. Alonzo Phillips entertained the 42 Club on Thursday afternoon at the home of Mrs. Phillips. While the weather was threatening and it was cloudy and dreary outside of the house, all was merry and merry within, for every one was having a good time and trying to win the most games. The hostesses served refreshments of sandwiches, tea, cake and fruit salad. Those present were Mesdames Hall, Johnson, Bennett, Martin, Ridens, Pratt, Jackson, Fairbairn and Phillips, and Miss Templeton. The visitors were Misses Zellner Gregg, Toler and Mrs. Earl Zellner.
