## Caribbean Ice Concession Begins Business In Plains

Delightfully refreshing, a serving of Caribbean Ice is worth the wait...and a wait is likely for customers of the refreshment stand opened recently by Frank and Lorie Garza and their fourteen-year-old daughter, Janice Herrera.

Waiting lines of boys and girls of all ages has been the usual scene since the little Caribbean blue shop opened about a month ago on

Brownfield Highway. Patience is more than a virtue, it's a reward for those who stand and wait.

Caribbean Ice Incorporated is the trademark for Hawaiian Shaved Ice which originated in Japan. The ice machine is imported from Japan and is unlike the ordinary snow cone machine. Each ice serving is individually shaved upon order, from a jumbo block of crystal-clear ice and then one or a mix of flavors added. The flavorboard also includes "Pickle Surprise" and "Cream Toppings".

At present time, the concession is operated by Mrs. Garza and daughter Janice Herrera, with occasional help from local junior high and high school students. Eventually the little shop will also provide jobs for other children, Frankie, a first grade student at Plains Elementary and four-year-old Trisha Ann.

"We've had several weeks now to learn the hours that best suit our customers," says Mrs. Garza, "and we've found that just about anytime is a good time."

A seasonal treat, Caribbean Ice plans to remain open until the end of September, returning to sales in the spring of 1988. Hours are Monday through Friday, 2 to 8 p.m., Saturday and Sunday, 2 to 10 p.m.

Brochures are available for anyone interested in information on how to obtain Caribbean Ice products or a complete stand set-up.

Other items will include dish covers and pads, washing machine bags, shine cloths, sponges, dust pans, fly-swatters, scouring pads, dusters and rubber and grass mats.

Lighthouses for the Blind employ blind, deaf-blind and multi-handicapped individuals who are unable to find work elsewhere. In addition, Lighthouses offer vocational training, job placement, social services, counseling and recreational events for the elderly and homebound blind.

"Helping the Blind...Help Themselves" is the motto of the Lighthouse for the Blind.

## Dear Editor

Dear Editor:

In September 1987, we are celebrating the 200th anniversary of the signing of the United States Constitution. Let us all sing "God Bless America" again.

### Can You Remember When?

You're old enough to remember the real America if you can remember when you never dreamed your country could lose...When you left your front door open...When you went to school and the teachers were the authority and parents supported them...When a girl was a girl - When a boy was a boy - and you could tell them apart...When even the word "Socialism" was a dirty word...When the poor were too proud to take charity...When a nickle was worth five cents...When you bragged about your hometown, your state and your nation...When the flag was a sacred symbol...When this government stood up for Americans...When a man who went wrong was blamed -not his mother's nursing habits or his father's income, or his victims...When everyone knew right from wrong...When things were not perfect, and you didn't expect them to be...When people still had the capacity for indignation..When you could travel anywhere in the United States without fear...When sick meant that you were not feeling well...When AIDS was a nurses helper and POT was what you cooked in...When people expected less and valued what they had more...When everyone was not entitled to an annual wage whether he worked or not...When a man's word was his bond...When America was the land of the free and the home of the brave.

Dear Editor:

Our Junior High played football at Tahoka this week. A year or so ago we learned there was a mixup as to where Plains and Tahoka played, each thinking they had to go to each others field. Plains and Tahoka met in Brownfield on their way to the other one's town. Each team just turned around and went home. This is a true story and a humorous one I think.

## From The Superintendent's Desk

DEAN ANDREWS

Our school year is off to a good start with 460 students attending the first day. This is twenty less than on the first day last year.

Forty-four kindergarten students arrived on the first day of school and not one cried! Some of the parents had wet eyes as they left their students, some with sorrow and others with joy.

Our cafeteria workers were pleasantly surprised when learning that we had 460 students enrolled on the first day and 440 of them ate lunch in the school cafeteria. The 95.7 percent participation in the school lunch program is unheard of today. Our cafeteria people do an excellent job in preparing delicious, nutritional meals and I compliment them for their efforts. Not every meal will be exactly what everyone wants, but mine at home are not either.

Our students returned to school in a more business-like manner than in any year that I can remember. The students understand the responsibilities of school reform and the pressure to do well academically as measured by the statewide Texas Educational Assessment of Minimum Skills.

Our school and students will have a very good year and we invite you to participate in this year by attending all school activities.

Hamburgers, hot dogs, red beans and potato salad were topped off with various desserts and homemade ice cream.

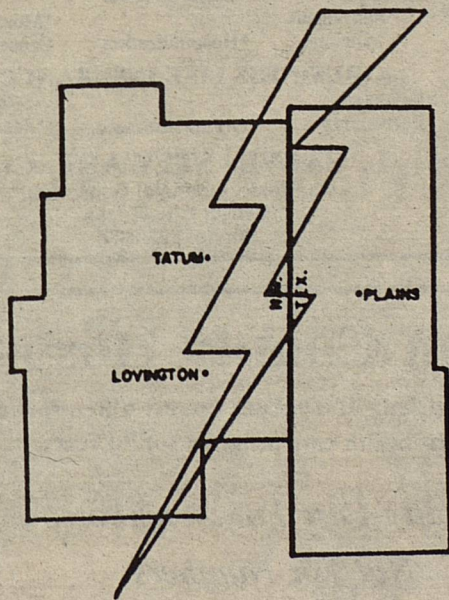

Highlighting the evening was lots of reminiscing, looking at old photo albums, newspaper clippings and games of volleyball.

Class members attending were Tony Lazos, Chris Blundell, Ty Wilmeth, Susan Stroup, Scott Chandler, Brad Palmer, Rodney Marchman, Johnny Willis, Danny Bell, Tony Gomez, Carol Carothers Rider, Terri Howell Tidwell, Debbie Gass Chandler, Angie Teaff, Donna Bearden Bowers, Chris Winn and Brad Crump.

Saturday, the reunion continued with a return to the site of the class' senior banquet, Lubbock Plaza, for a banquet, more reminiscing and picture taking.

Class members voted on awards which went to Chris Blundell, one who lost the most hair; Johnny Willis, changed the most; Scott Chandler, changed the least; Ron Craft, one who succeeded and Angie Teaff, "can't say".

It was decided to hold another reunion in five years and for as many as possible to get together at the lake next summer. Classmates who move in the next five years are asked to keep in touch with classmates still in Plains. ("That means you, too, Rodney!")

## St. Mary's Hospital Boosts 'Flight For Life' Services

For the critically ill or seriously injured, life or death can mean a matter of minutes, even seconds. Recognizing that time is a critical factor in saving lives, St. Mary of the Plains Hospital has offered Flight For Life, an emergency helicopter service, for the past eight months. Since its inception Jan. 5, 1987, Flight For Life has completed over 170 successful missions.

Among these missions, the average one-way distance traveled to an outlying area had been 80 miles, more than twice the national average distance for an emergency flight. Because of the overwhelming response and the vast area served by the only emergency helicopter in the South Plains, St. Mary's Hospital officials are pleased to announce the introduction of a new helicopter.

"Following eight months of service and intense evaluation, St. Mary's Hospital decided in order to better serve our vast area in the most necessary to equip the hospital with a larger faster helicopter," said Dan Griffis, vice president, business development.

The helicopter services a maximum range of 582 miles without refueling with air speeds upwards of 185 MPH, which makes the Dauphin 2 the fastest aeromedical helicopter in the world.

The flexibility of the Dauphin 2 interior allows it to be quickly converted to accomplish a multitude of missions. The spacious interior allows up to four patients and three medical attendants.
