## ATTENTION WORKING PARENTS

Children's Enterprises, Inc. is considering a Kids Konnection after-school program in Plains, beginning in the fall of 1990. We want to determine how many parents are interested in such a program, and how many would commit to using it.

Children's Enterprises, Inc. is a non-profit children's resource agency dedicated to providing quality care for all children, and support services for those parents and adults who work with children. Our program is called Kids Konnection and our very first site which opened in January is in Ralls, Texas. This after-school child care program is licensed by the Texas Department of Human Services, and a ratio of one staff to fifteen children is maintained. During their stay, the children are provided a nutritious snack, supervised indoor and outdoor play, creative activities, educational games and toys, and some quiet time to read or do homework.

Hours are from school dismissal until 6:00 p.m. on regularly scheduled school days. Care can also be provided

on school holidays and in-service days, if there is enough interest for such a service. Those qualifying for enrollment are all students enrolled in Plains schools in pre-school through sixth grade. An advisory council, made up of local citizens, concerned parents and school officials, will be established to ensure that the needs of the community are expressed and met.

There is currently an annual enrollment fee of \$15 and \$17.50 per week will be charged for tuition. Depending on availability of funds, financial assistance is available for those who qualify. Guidelines for qualifying are approximately those which qualify families for the free-reduced lunch program at school.

Those interested in having this program made available in Plains, should complete the form below and return it to the Plains Library by Thursday, May 10. Please note that returning the form does not guarantee you a place in the after-school program in the fall. This is simply a survey to determine your interest in having a Kids Konnection program in Plains.

## From The Superintendent's Desk

Dean Andrews

There are three employees retiring from Plains Independent School District at the end of the current school year. Mr. Macky McWhirter has served twenty-one years as high school science teacher and coach. Mrs. Lois Miller has served as an elementary teacher for twenty-three years and Mrs. Ann Graham has served as a teacher in our school system for twenty-four years. These teachers have a total of 68 years experience and have given much to our students. Their presence and dedication will be missed. We wish much happiness for each one as they begin new pursuits.

We have installed speed bumps behind our school in hopes that traffic might be slowed and possibly prevent an accident. We have so many young students crossing Ninth Street that we felt something should be done to alleviate the situation.

The 1990-91 U.I.L. alignments have been completed and our districts are as follows:

**3A Volleyball** - Three Way, Plains; **6A Football** - Anton, Lorenzo, O'Donnell, Petersburg, Plains, Sudan; **9A Basketball** - Amherst, Three Way, Plains, Sudan, Whiteface; **5A Spring Meet** - Anton, Three Way, Plains, Sudan, Whiteface, Amherst, Cotton Center, Smyer, Spade, Whitharral.
