Jessica Newsom and Colt Winn, nine-year-old Plains youngsters, attended the Texas Lions Camp in Kerrville this summer. They were sponsored by Plains Lions Club.

The two are children of Neal and Janice Newsom and Chris and Becky Winn.

Volleyball Season To Begin Tuesday

Plains Cowgirls volleyball team will open their 1991 season Tuesday afternoon when they travel to Lubbock for dual matches with Monterey and Coronado.

Junior Varsity play is slated for 5 p.m. in Monterey gym.

Two-a-day workouts and conditioning sessions ended Saturday. Thirty-one girls are participating. Seniors returning are Kemi Cobb, Stephanie Cole, Leslie Gonzales, Amy Jones, Rena McElroy and Jo Lena Powell. The Cowgirls have two returning starters from last year's state championship team.

Texas Lions Camp gives campers the opportunity to ride horses, study nature and participate in sporting events between classes designed to teach insulin dependent children to manage and understand diabetes.

Located on 500 acres of Texas hill country, the camp serves diabetic children ages seven to 17. The service is provided free of charge for eligible children.

Ruth, Edward Taylor Present Spinning Program

Ruth and Edward Taylor presented an informative program on spinning Wednesday morning in the Heritage Room of Yoakum County Library. Mr. Taylor is a member of the board of directors of Mohair Council of America. Mrs. Taylor is a representative of the Council.

The Taylors showed a six minute film describing mohair goats and how their hair is used in draperies, rugs, furniture upholstery and clothing.

It was noted that mohair does not fade, provides natural insulation, is flame resistant and lightweight.

Says County Agent

Clothing Helps Beat The Heat

If you're looking for ways to keep cooler in the Texas summer heat, Mary D. Forbus, County Extension Agent-Home Economics suggests taking a look at your wardrobe.

The type of clothing you wear can make a big difference in how comfortable you are indoors and outdoors.

"Color, design, fiber, finishes and the fit of the garment are factors that affect clothing's ability to keep you cool," Forbus said. "Choosing clothes that allow your body heat to escape, and those that reflect rather than absorb radiation in direct sunlight will make you more comfortable."

Clothes can absorb moisture through evaporation - the primary means of body heat loss - to help keep you cool. However, if moisture stays on the surface of the fabric, you will feel hot and sticky, Forbus said.

When selecting outfits to wear on hot summer days, keep these tips in mind:

*Absorbent fibers such as cotton, linen, silk, rayon and wool are good choices, although wool is seldom worn during summer months in Texas.

*Soil-release finishes increase absorbency while stain-resistant and wrinkle-resistant finishes decrease absorbency.

*Open-weave and open-knit fabrics allow for ventilation unless they are so open that they require additional layers of inner garments. Lightweight fabrics are more comfortable than heavy or bulky ones.

*Smooth-textured fabrics are cooler than rough ones. And fabrics that do not cling to the body are more comfortable because they allow air to circulate.

*White and light colors reflect the sun's rays, so wearing these colors makes you cooler. Dark colors ab-

Miss Patton was a first team All State selection as a senior and played on the Class A State Championship teams in 1988, 1989 and 1990. She was selected to the State All Tournament Team in 1989 and 1990. An outstanding multi-sport athlete, she was also first team All District basketball as a junior and senior and was a regional qualifier in tennis in 1991.

sorb heat and will be warmer.

*Loose-fitting clothing is cooler because it allows for air circulation and the evaporation of body moisture. Look for garments with open or large necks and armholes. Wear full skirts or pants with straight rather than fitted legs. Wear shirts and blouses outside skirts and pants for maximum comfort. Avoid anything that fits tightly. One layer is cooler than several.

*Inner garments, accessories and cleanliness of clothing affect heat retention, too. Wear absorbent inner garments and be sure to keep all clothing clean. Choose loose, lightweight accessories that do not restrict air flow.

"By making the right clothing choices," Forbus says, "you'll be a step ahead in beating the Texas heat."

Mary Dale Forbus To Be Honored

Mary Dale (Williams) Forbus will be honored with a retirement party Friday, Aug. 23 in fellowship hall of First Baptist Church. Calling hours are 4 to 6 p.m.

An invitation is extended to the public.

Mrs. Forbus served as Yoakum County Extension Agent, Homemaking 19 years.

She is the daughter of Jerry and Jean Patterson of Denver City and Douglas Patton of Plains.

Passport Fees To Rise

Fees for a U.S. passport are expected to rise before the end of the year. The cost for an adult 10-year passport will go from \$35 to \$55 and for a child's five-year passport from \$20 to \$30. The fee increase is largely due to the rise in both labor and material costs as well as the need to produce a more tamper proof and secure document.

Americans who want to beat the fee increase may apply for their passport at one of the 13 U.S. passport agencies or at one of the 3,500 post offices or clerks-of-court around the United States. First time applicants must apply in person and present a completed DSP-11 passport application (obtained from one of the offices noted above), proof of U.S. citizenship, proof of identity, and two identical 2x2 inch photographs. Applicants who must make a personal appearance are required to pay an execution fee which is expected to be \$10.

Applicants in possession of a current or recently expired passport may be eligible to apply by mail. To qualify, applicants must be able to include a previous passport issued within the past 12 years and obtained when they were over age 16. Applicants should complete a DSP-82 (available at the offices mentioned above) and mail it, along with their passport, photographs, and fee to the closest passport agency. To avoid sending cash through the mail, payment should be made by money order, bank draft, or check. The new passport will be returned to the applicant by mail, usually within three weeks. A passport can be renewed anytime and does not have to be expired before being renewed.

Former Diet Failure Reports Amazing Success

INDIANAPOLIS—Brenda Rollins has, by her own admission, tried and failed with every diet she came across. Now, with a new diet, "The 90 Minute Diet," Ms. Rollins reports she lost 18 pounds the first 11 days and 42 pounds total.

She states, "The 90 Minute Diet is the solution to a weight problem. I never once felt hungry, deprived or weak. And the weight has stayed off."

James F. Balch, Jr., M.D., a noted physician and author, heartily endorses the 90 Minute Diet as one that "will benefit anyone who desires to attain an optimal weight and maintain it."

The author of the diet says, "It's successful because the 90 Minute Diet is a new way of thinking about food and eating. The 90 Minute Diet will help anyone seriously wanting to lose weight to shed pounds quickly, safely and permanently. This diet," he reports, "burns off body fat and keeps it off."

The 90 Minute Diet is available on cassettes and comes with a booklet titled *Fats and Figures*. The diet can be ordered by sending \$19 to 90 Minute Diet, c/o Direct Services, First Indiana Bank Building, Suite 2001, 135 N. Pennsylvania, Indianapolis, IN 46204; or call (317) 635-1505.
