Postmaster Norris advises public to mail income tax returns now

Plains Postmaster Norris Jones encourages the public to mail their Federal Internal Revenue Service tax returns before the Thursday, April 15 deadline and avoid the last-minute rush to the post office.

Jones reminds postal customers to

use adequate postage (29 cents for the first ounce and 23 cents for each additional ounce up to 11 ounces) and have a legible return address when mailing tax returns. "The Internal Revenue Service will not accept Postage Due mail and this mail will be returned to

sender," the postmaster advised. "Because local Postal Authorities are prohibited from opening First-Class Mail, all Postage Due Mail without a return address must be sent to the U.S. Postal Service's regional Dead Letter Office in Atlanta, Georgia, to be opened." He added that mail sent to the Dead Letter Office may take several weeks to be processed and returned to the sender.

On the April 15 deadline, Jones said, many larger post offices throughout the country will provide midnight collections for the many thousands of tax filers who wait until the last minute to mail their returns.

Locally, the Plains Post Office, located at 504 11th Street will provide mail collections until midnight.

"If you have any questions about the amount of postage required for your tax filing, call or try to get to the post office early and our window clerks will assist you in getting those tax forms in on time," Jones said.

Proposed legislation means more taxes

AUSTIN - Supporters of a May 1 ballot proposal on school funding have denounced contentions by a leading opponent of the measure that it would allow a large property tax increase by the Legislature.

The proposed constitutional amendment would authorize the shifting of some local property tax money from wealthier to poorer school districts.

It is meant to meet a June 1 Texas Supreme Court deadline for lawmakers to develop a constitutional plan to equalize access to school funds, or face a court-ordered cutoff of state education spending.

Rep. John Culberson, R-Houston, said the share-the-wealth proposal would constitutionally authorize the Legislature to set an additional \$1 tax in county education districts, on top of a current \$1.50 school tax cap per \$100 property valuation in state law.

"Many members of the Legislature will tell you they'd never do it, but this authorizes it," Culberson said. "That's one of many good reasons people should vote 'no' on May 1."

Criminal District Attorney Linda Shoemaker Lowrey was one of 3,305 attorneys recognized by the College of the State Bar of Texas. The college honored the attorneys as certified members of the College in ceremonies held in Austin during their annual awards luncheon.

To qualify for membership, attorneys must complete 80 hours of continuing legal education (CLE) within a consecutive three-year period or 45 hours during the current year. In succeeding year, an attorney must then complete 30 hours of CLE each year to maintain membership in the Bar College.

Guest speaker for the awards luncheon was the Honorable Samuel B. Kent, U.S. District Judge, South District of Texas. Claude Ducloux of Austin, Chairman of the Board of the College of the State Bar of Texas, presided over the ceremony.

On May 1, Vote Against bringing back the Statewide Property Tax.

This is how Proposition 1 will be worded on the May 1 ballot:

"The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local school districts to set a minimum tax rate in county education districts, and placing a cap on the ad valorem taxes levied by a county education district." **FOR**

AGAINST

This is how Proposition 1 would be worded if the Truth In Advertising laws applied to proposed legislation.

"The constitutional amendment allowing the Legislature to redistribute among school districts an evergrowing amount of ad valorem (property) taxes as it sees fit, authorizing the Legislature to raise the minimum tax rate in county education districts without a vote of the people in any one of three ways so the Legislature can determine at a later date how it wishes to implement this new taxing power, by vote of the Legislature, by vote of the unelected County Education Boards, or by vote of your local school districts that are successful so that unsuccessful districts cannot be outspent, purposely omitting language that would end the court battle over school funding, and finally making it possible for any one of the three taxing entities to double the current rate of taxation without a vote of the people to \$2.50 per \$100 valuation, or \$2,500 per year on a \$100,000 home."

One alternate plan - dedicate all of the net lottery proceeds to poor school districts.

Shame on movies records and TV!

A GRASSROOTS PETITION TO THE ENTERTAINMENT INDUSTRY

Tell a friend about this ad!

We Are Outraged!

Help us get one million petitions!

And We're Not Going To Put Up With It Any Longer!

We're a group of mothers, fathers, grandparents and other citizens who are outraged at how today's movies, TV programs, music-videos and records are hurting our children, our families and our country. For example:

We're **DISMAYED** that today 1.1 million girls between the ages of 15 and 19 get pregnant each year.

We're **SHOCKED** when we learn that two thirds of all births to 15 and 19 year old girls are out of wedlock.

We're **FRIGHTENED** at the way violence and crime are spreading everywhere and threatening our children, our families and our homes.

We say it's time to put the blame where we think it belongs:

SHAME on the music industry for letting singers who are the idols of our children put out **RECORDS** and **MUSIC-VIDEOS** which blatantly encourage sex and 'say' to our children that sex is proper at any age... that everyone is 'doing it'... and abstinence is old fashioned.

SHAME on Hollywood for an endless stream of films filled with **PROFANITY, NUDITY, SEX, VIOLENCE** and **KILLINGS**. For example, the giant hit "Basic Instinct" features murders during orgasms, setting a new standard of perversion even for today's movies.

SHAME on NBC TV for allowing "Saturday Night Live", which is a favorite with young people, to put on skits about masturbation, morticians having sex with dead people etc., etc., ad nauseam.

SHAME on TV programmers whose desire for ratings and profits results in the average child of 16 having seen more than **200,000 ACTS OF VIOLENCE AND 33,000 MURDERS**. Is it any wonder violence is epidemic?

SHAME on the film industry which long ago stopped reflecting the values of most families and has now abolished the "X" rating, replacing it with "NC-17" so sex-filled, erotic, bloody films will no longer be barred from community movie houses.

SHAME ON TV Soap Opera producers whose standards of decency have sunk so low one of them tells his writers, "Hot, make it hot", and another admits they are trying to see "just how far they can 'push it' on daytime"... when they **KNOW** that during afternoon hours more than two thirds of all TV viewers are children!

Yes, we are **OUTRAGED** at all this... and a great deal more. We say the tragic price our children, families and country are paying demands something be done to end what's going on. Alone we can't stop it. But together we think we can.

The **REAL CAUSE** of the sex, violence, filth and profanity is with the writers, directors, producers, singers, actors, etc. But **THEY** can be controlled. All it takes is for the Boards of Directors of their companies to order them to stop! Remember when movies were wholesome family entertainment? That's when people at the top **SET STANDARDS AND ENFORCED** them. We're going to insist that happen again.

Sponsored by The Plains Pride

Together We Can Make It Happen

We're asking every reader of this ad to help us run it all over America... **AND** send in the petition on the right. Every 2 months we're going to send every member of the Boards of Directors of the entertainment companies a copy of the ad and tell them the total number of petitions received. They're going to **KNOW** American families are outraged.

Most Board members are not in the entertainment business. They are good, decent, respected people with children of their own. But they have been shutting their eyes to what's going on. We're going to get them to **SPEAK UP**.

Spare us the censorship lecture - you in the entertainment industry. And this is not an appeal for prudery. All we want is to get the movie, TV and record industries to act responsibly. Our children, our families and our country are being hurt too much for us to remain silent.

Right now mail the petition on the right. Please enclose a contribution to help pay for another ad like this. We'll do the rest.

All it takes is for enough of us who are outraged to **ACT**. Can we count on **YOU**? Mail the petition **NOW**!
