NUMBER 21

First Bale '62 Cotton In Tuesday

A half-hour separated the first and second bales of cotton of the 1962 crop Tuesday night, with the first bale brought in by Primitivo Guerrero, and the second bale by Arthur Clark. Both bales were ginned by Davidson Gin. Guerrero's cotton was ginned at 7 p.m. Tuesday, and Clark's bale ginned at 7:30.

The first bale, which weighed 590 pounds, was raised on a farm rented by Guerrero between Goulbusk and Valera. The land he rents is owned by William Mills.

Guerrero said he was assisted in the picking by his brother-in-law, Alvine Vasquez. The bale produced a thousand pounds of seed. Arthur Clark's bale of cotton was raised on his farm 9 miles east of Winters, and weighed 2,100 pounds before ginning. The bale produced 480 pounds of cotton and 800 pounds of seed.

The Winters Chamber of Commerce gives \$50 for the first bale of cotton ginned in Winters each year. Davidson ginned both of the bales free.

Bollworm Threat Headed Off, Says Runnels Co. Agent

C. T. Parker, Runnels County Farm Extension Agent, said this week that the bollworm threat has been "headed off" in most sections of the county.

Hot dry weather, and poisoning for the cotton pest was credited with helping to reduce the damage to the 1962 cotton crop, it was said. However, Parker said, there still is some danger of heavy damage if farmers relax in their vigilance.

Much damage was done before farmers could do anything about it, it was indicated. A lot of cotton threw off bolls in many areas, cutting potential production considerably.

In spite of the damage which has been done, and that which probably will be done before the season is finished, it was estimated that the cotton crop in North Runnels County would be among the best.

Western Auto Dealers Win Caribbean Trip

Mr. and Mrs. W. M. Hays, owners of the Winters Western Auto Associate Store, received word this week that they have won a two-week Caribbean cruise in a contest among Western Auto dealers throughout the nation.

They probably will make the expense-paid trip sometime in October. The cruise is an award for exceeding their quota of sales in their store category. The contest was sponsored by Western Auto Co.

The Winters Western Auto Associate store is a home-owned business, only affiliated with the national company.

RETURNED HOME

Mr. and Mrs. W. R. Kennedy returned home Tuesday after a few days visit in the home of Mrs. Carl Blalock in Abilene and in the home of Mr. and Mrs. Ed Bond in Amarillo.

PROMOTED—Walter Lee Pounds, son of Mrs. Beatrice Pounds, has been promoted to Corporal at Camp McNair, Korea. Corporal Pounds has been in the Army one year this month. He received his basic training at Fort Ord, Calif. Prior to his enlistment, Pounds attended school at Buena Vista, Colo.

Winters High School Blizzard Footballers Will Begin Pre-Season Practice Monday

The Winters High School Blizzards football team will begin pre-season workouts next Monday morning, and will attend daily practice sessions for the next two weeks, Coach L. G. Wilson said this week.

First workouts will begin at 9 a.m. Monday, with two workouts each day. The first workout will last until 10:30, and the evening workout will be from 6 to 8 o'clock.

An inter-squad scrimmage session has been scheduled for Friday night, Aug. 24, at 8 o'clock. Coach Wilson said that all football fans are invited to attend this scrimmage. Preceding the scrimmage each player will be introduced to the fans. Wilson said, "We feel like this will give the fans an opportunity to know all the Blizzards and the positions they will be playing this year."

The coach said that the Blizzards "have been put on the 'spot' as favorites to win the district championship this year, and everyone we play will be ready for us." He said that fans are encouraged to "lend their support in helping us to get ready for them."

For the 1962 season, the Blizzards will be led by several returning lettermen. They include: Ends—Johnny Hopper, Mike Mitchell and Wayne Bailey. Tackles—Eugene Mathis. Guards—Alvis Jackson, Dan Roberts. Center—Roland Tekell. Backs—Tommy Alfrey, Adolpho Arroyo, Steve Grissom, Tommy Young, Denny Aldridge, Mike Bedford. Moving up to bolster this group will be these top prospects: Ends—Donald Parker, Hank McCright. Tackles—William Green, Jim Shook, Alan Benson. Guards—Jimmy Easterly, Tommy Burton.

Cheerleaders Won First Place At Dallas Competition

Winters High School cheerleaders won first place each day in cheer leader competition for the four days of the school at Southern Methodist University in Dallas. The school was conducted from August 5 to 10 by Larry Herkimer.

The three girls who attended the school from Winters High School were Sharon Johnson, Linda White and Ann Bean. 760 cheerleaders were present from twelve states.

The group learned some new yells and pep rally techniques.

Bureau of Budget Approves Valley Creek Watershed Project For \$2,024,000

Senator Ralph W. Yarborough has notified The Enterprise that the Bureau of the Budget has cleared the Valley Creek Watershed project for Runnels, Taylor and Nolan counties. In a telegram received the first of the week, Senator Yarborough said the project will be sent to the Public Works Committee for authorization. Amount for the project is \$2,024,000 over a five-year period.

The amount approved by the Bureau of the Budget is the government's share under Public Law 566 in the project which calls for 566 water retarding structures to be built on the watershed of Valley Creek in the three counties. Local share in the overall cost of the project will be approximately \$120,000. Local share of the cost of structures includes land, easements and right-of-way, 91.7 percent, and administering contracts, 8.3 percent.

The water control district is four years old. Taxpayers in the district voted bonds to finance planning and survey work, which has cost in the neighborhood of \$41,000 to date, according to available information.

The project is the result of a long study made of the watershed area of Valley Creek. A great deal of loss has been attributed to flooding conditions in the watershed area, with the 1956 flood described as the most disastrous in 25 years. In that flood along Valley Creek on April 10, 1956, nearly \$1 million damage was done to farm lands, livestock, county and state roads, and other property.

Investigation by a planning party some time ago revealed that since 1921 there had been nine major floods on the creek, causing direct damages which average \$93,777 annually at long-term price levels.

The watershed has a drainage area of 235.1 square miles, or 150,464 acres.

BIBLE SCHOOL—Shown are teachers and pupils of the primary class of the Vacation Bible School which recently was completed at the Latin American Mission of the First Baptist Church. Teachers and workers included Betty Shoemaker and Donna Gehrels, not pictured, and, left to right, Mrs. J. T. Flynn, Siphra Gonzales, Mrs. T. I. Goodwin and Mrs. Lawrence Guerra. The summer session closed Friday evening with commencement exercises, with the Rev. J. T. Flynn, pastor of the Mission, speaking. (Little photo)

Runnels County Budget Hearing Set For Sept. 10

A public hearing on the proposed budget for Runnels County for 1963 has been scheduled for Sept. 10. This announcement was made by County Judge H. H. Rampy following the regular monthly meeting of the County Commissioners Monday.

The proposed budget is \$10,000 less than the current one, Judge Rampy said. The 1963 budget has been tentatively set for \$528,000.

In other business, the commissioners authorized the erection of a flag pole on the courthouse grounds. The flag has been flown from a pole on the courthouse. The commissioners also discussed right-of-way plans for the proposed change of State highway 53, through Winters. No action was taken in this matter, however.

Commissioners also authorized Humble Pipeline Co. to lower its pipeline under Farm-to-Market 2647 in the eastern part of the county east of Winters.

Winters Students In Austin Attending Orientation Session

Six Winters students are in Austin this week attending an orientation session at the University of Texas. Bill Little and Pat Patterson, both juniors, are among the 40 upper classmen who were selected to serve as advisors for the incoming freshmen.

Two years ago these boys were among the 600 freshmen chosen to attend orientation before they entered the university.

Beginning freshmen from Winters who are attending this year's session include Marta Davidson, daughter of Mr. and Mrs. Pete Davidson, Edward Pope, son of Mr. and Mrs. Royce Pope, Collier Randolph, son of Mr. and Mrs. J. T. Randolph and Don Adams, son of Mr. and Mrs. Leroy Adams.

Patterson's Enter Sweetwater Golf Tournament Saturday

Mr. and Mrs. Pat Patterson, representing the Winters Country Club, won low total playing in the couple's golf tournament Saturday at the Sweetwater Country Club links.

Twenty-eight couples were entered from Abilene, Sweetwater, Ballinger, Lubbock, San Angelo, Stamford and Hamlin. Prizes were presented at a buffet dinner following the tournament.

Winters Invitational Team play tournament is scheduled for September 3, Labor Day. Chairmen for the tournament are H. A. Stanford and Bill Dean.

IN JOHNSON HOME

J. E. Smith of Tulsa, Oklahoma, a former resident of Winters, visited several days last week in the home of Mr. and Mrs. J. L. Johnson and other relatives and friends.

Schools To Open On September 4th

Winters Independent Schools will open for the 1962-63 school term Tuesday, Sept. 4, James B. Nevins, Superintendent of Schools, announced this week.

Pre-school faculty meetings will begin Friday, Aug. 31, at 9 a.m., in the school cafeteria, and continue thru Sat., Sept. 1. Monday, Sept. 3, Labor Day, will be observed as a holiday.

Tuesday, Sept. 4, will be a full school day with buses running the usual time on new approved routes. Buses will arrive at school in time for classes to begin at 8:25, with the school day ending at 3:57 in the afternoon, Nevins said.

Primary grades, 1, 2 and 3, will be dismissed daily at 3 o'clock.

Noon meals will be served in the cafeteria beginning Tuesday, Sept. 4. Prices will be 30 cents per meal for pupils in grades 1 through 6, and 35 cents per meal for all students in grades above grade 6. Prices for cafeteria meals are the same as in the past.

MISS VIRGINIA SPILL Graduate Nurse

Miss Virginia Spill To Graduate From Nursing School

Miss Virginia Spill, daughter of Mr. and Mrs. Herman Spill of Winters, will be among twenty-nine nursing students who will graduate at the 64th commencement of the Milwaukee Hospital School of Nursing, Friday, Aug. 17.

Miss Spill will receive her nursing diploma and pin at ceremonies to be held at Our Savior's Lutheran Church, in Milwaukee, Wisc., at 8 o'clock Friday evening.

Graduation will mark the end of 36 months of intensive training for Miss Spill and other members of the class, who are now in readiness to launch their professional careers.

During her three years of nurses' training, Miss Spill served as class president during her freshman year and later as secretary of the student council.

Year's Milo Crop 80% Harvested

About 80 percent of this year's crop of milo has been harvested, according to observers. After a peak in harvesting had been reached within the past few days, movement of the grain through Winters elevators is beginning to slow.

There is still a good bit of grain in the fields awaiting the combine, it was reported, but most of it has been cut. Cutting will continue at a slowed-down rate until after frost, however.

The three elevators in Winters reported a total of 148 carloads of milo had been received up to Wednesday noon.

The 1962 crop of milo is below that of the year before because of a cut-back in acreage, it was explained. On about the same date in 1961, Aug. 18, only 2,000,000 pounds of milo had been received. However, on the following week, Aug. 25, a total of 10.3 million pounds was reported.

FROM MIDLAND

Mr. and Mrs. A. M. Stanley and Barbara, Mr. and Mrs. Archie Stanley, Mr. and Mrs. John Stanley, Mike and Gala all of Midland, Mrs. Ethel Casey of Shep, Mr. and Mrs. Stanley Canada of Abilene were visitors the past week end in the homes of Mrs. O. K. Paschal, Mr. and Mrs. Fritz Deike.

Special announcements have been made concerning requirements for the several different departments in the school.

PRIMARY SCHOOL
Mrs. R. K. Russell, principal of the Primary School, has announced that all pupils who will be in the first grade for the first time will receive post cards stating time for enrollment and a conference scheduled in the principal's office. Parents of all students entering the first grade for the first time are reminded that school policy requires each pupil to have a birth certificate and evidence of a small-pox vaccination at the time of enrollment.

All pupils attending the Winters schools last year in grades 1 and 2 will not report to school until Tuesday, Sept. 4, and at that time they will find their names listed on room doors for room assignments.

All pupils in grades 1, 2 and 3 who did not attend the Winters schools last year, and those not receiving post cards, are asked to report to the primary principal's office on any morning from August 27 to August 30, from 9 to 12 a.m.

ELEMENTARY SCHOOL
George Beard, principal of the Elementary School, has asked that all pupils who did not attend the Winters schools last year to report to the Elementary Principal's office any morning, Aug. 27-30, from 9 to 12 a.m., for enrollment.

All Elementary pupils who attended Winters Schools last year in grades 4 to 8 will not report until Tuesday, Sept. 4, at which time they will find their names on classroom doors and learn assignments. This is the same procedure used in the past.

HIGH SCHOOL
Robert F. Christian, principal of the Winters High School, has said that all students in grades 9 through 12 who attended the Winters or Wingate schools last year, will receive registration cards in the mail, listing schedules. These schedules were prepared from pre-registration information furnished last spring.

Students who did not pre-register and all students who did not attend Winters or Wingate schools last year, who will be in grades 9 through 12, are asked to report to the high school principal's office Monday, August 27.

Students in grades 9 through 12 who desire a change in schedule should report to the high school principal's office as follows: Seniors are asked to report Aug. 28; Juniors, Aug. 29; Sophomores and Freshmen, Aug. 30.

Football Tickets Will Be On Sale Aug. 27 - Sept. 6

All Blizzards football fans who wish to buy season tickets for the 1962 football season may do so beginning August 27. Tickets will be on sale through Sept. 6.

Season tickets for all home games will be \$6.00 a book, with reserved seat tickets \$1.25 if bought on the night of any game.

Adult general admission for each game is \$1.00, student general admission will be 50 cents. Due to the moving of former ticket holders, new residents and additional seating capacity, there will not be an option on reserved seats for those who had season tickets the past season, Johnny Bob Smith, school business manager, announced. All reserved seats will be sold on a first come, first served basis.

There will be approximately 600 reserved seats for Winters fans on the east side of Blizzards Stadium. All reserved seats are between the 40-yard lines. The Winters band and the student section again will be in the east stands.

Smith said that tickets may be purchased at the school business office, but it will be impossible to reserve tickets by telephone. School authorities have urged home fans to purchase reserved seat tickets this year and avoid standing in line on game night.

Reserved seat tickets are for all home games, including Mason on Sept. 14; Brady, Sept. 21; Hamlin, Oct. 26; Anson, Nov. 9; Ballinger, November 16.

The district has ruled that all conference games will begin at 7:30 p. m. Non-conference games will begin at 8 p. m.

DO YOU REMEMBER?

From the Files of the Winters Enterprise

30 YEARS AGO AUGUST 12, 1932

Thirty years ago this week, Sid Caskey and Marion Seay opened a general auto repair shop here, located on Main St.

The Continental Oil Company became managers of a filling station operated by the Magnolia Co. The new manager was Light Hoover.

In local political races H. O. Jones of Runnels County was running for Representative of the 92nd District. J. N. Key and Paul Trimmer were running for County Judge. Mrs. Lennie Harris and W. W. (Bill) Chastain were running for County Clerk.

A few of the 1932 grocery prices might interest you. Steak was 10 cents a pound, flour, 48 pounds for 89 cents, shortening, 8 pounds for 63 cents, sugar, 10 pounds for 47 cents, and potatoes, 10 pounds for 19 cents. Things have certainly changed.

In 1932 a brand new 6 cylinder Chevrolet would cost you \$445.

This will interest the ladies: 30 years ago when you got tired of a hat, you didn't throw it away the way we do now. You just bought a new ribbon or a few flowers, put them on the hat in a decorative way and wore it a few more years.

There was a Sears and Roebuck

Store located on South Main then. They were paying 8 cents for eggs and 11 cents for cream.

Raymond Dittreich, of Winters, won the checker-playing championship in 1932.

In 1932, people began to think the depression was leaving the U. S. They were beginning to speak of the "Upward Swing".

The Hicks Rubber Co. started a wholesale oil business. Their new name was Hicks Star Motor Oil. They would drain and refill any crankcase for just 35 cents.

25 YEARS AGO AUGUST 13, 1937

The City of Winters passed an ordinance prohibiting double-parking on the main streets. However it was permissible to double-park in front of stores for not over five minutes for loading packages. Also, owners and employees of downtown stores were asked not to park their cars on the streets. The city obtained two parking lots for shoppers. (One was located on the lot where the Post Office is now.)

The new Farmers Grocery and Produce Store was opened by Sam White and J. P. Jones. It was located on West Dale St.

On Aug. 13, Jake Cortez brought the first bale of 1937 cotton in to be ginned at Davidson's Gin. The

bale weighed 515 pounds and paid 12 cents per pound.

In 1937, the Labor Board gave all able-bodied workers on relief and listed as farm laborers a choice—pick cotton or be dropped from their rolls.

Twenty-five years ago, the Shamrock Cafe on West Dale was bought by A. F. Wells from Howard Mullins.

The County decided to blacktop approximately five miles of roads in Runnels County known as the East-West Road through Winters.

Men: Those expensive dress shirts you wear now would have cost you about \$2.00 in 1937 and a good Panama hat cost \$1.65.

A few of the prices of 1937 were: Coffee, 19 cents a pound; sugar, 49 cents for 10 pounds; steak sold for 35 cents for 2 pounds; shortening was 50 cents for 4 pounds, hens, 9-12 cents a pound; cream, 26 cents; and eggs, 12 cents. Maize sold for \$11.00 per ton and cottonseed, \$22.00 a ton.

20 YEARS AGO AUGUST 14, 1942

In 1942 local grocers agreed to make grocery delivery only twice daily to cooperate with the Government on conservation of tires.

Tires in 1942 were so scarce you almost had to go to the White House and declare a National Emergency to get them. In fact, there were times when you could not get a new tire at all. If your tires were not for sale, if your tires were stolen, there was no way to get replacements. Such was the case when Fred and Roy Young had tires taken from their vehicles in 1942.

The Winters Gin had a new manager in 1942. He was D. J. Goetz.

The Winters Lions Club was, even then, sponsoring projects for the good of the community and the city. They helped the citizens of Winters collect junk metal for the Government.

The first bale of 1942 cotton was brought to Davidson's Gin on August 13, by Ranzie Lee of Norton. A saying in 1942 was "A dime out of every dollar we earn is our quota for Victory with U. S. War Bonds."

In August of 1942 we were in the midst of World War II. Machinery of the Winters power plant was taken for use by the U. S. Navy.

War time prices of groceries and farm products were: Potatoes, 23 cents for 5 pounds; coffee, 30 cents a pound; flour, 89 cents for 24 pounds; cotton seed, \$45 a ton; maize, \$11 to \$13 a ton, cream, 35 cents; eggs, 27 cents.

Local men and women were trained free for wartime jobs in San Angelo.

Mrs. A. D. Lee, part owner of the Winters Flower Shop, bought full ownership of the shop in 1942 and called it "Mrs. A. D. Lee, Florist".

United States citizens began using clothes pins instead of rubber bands during the shortage of rubber.

The satisfaction of having done your best is next to the satisfaction of having succeeded.

Only those who get joy out of their work know what real happiness is.

A pretense of indifference to success is usually an attempt to disguise a sense of failure.

A mink coat is a good hedge against inflation and it might please your wife.

Difficulties are things that show what men are.

Of all the things you wear, your expression is the most important.

One's manners depends on how one acts when company is gone.

It is good sense to indulge occasionally in nonsense.

Mrs. Lora Coupland Tells of Her Visit To Alaska, And Travels In Canada

Below we are printing a letter from Mrs. Lora Coupland who is on a tour of Alaska and British Columbia, which we found very interesting. They spent almost three weeks on the trip to Anchorage where they visited relatives. The letter was written at Anchorage, Alaska, August 5.

"I thought perhaps that some of the readers of the Enterprise might be interested in reading about my trip and experiences to Alaska.

"I met my brother Percy Ritch, and his wife in Los Angeles to accompany them on this Alaskan trip. We drove through with a trailer completely furnished. Hence we had no problems of where to spend the nights. We studied our mile-post-guide thoroughly along the way and kept informed where trailer parks, lodges and gas stations would be found.

"We took almost three weeks for the trip making several stops along the way, and enjoying the awe-inspiring scenic beauty and quaint remnants of the past.

"We spent four days in Seattle and took in the world's fair, which was very interesting. We went to the top of the space-needle, a height of about 600 feet, and had lunch up there, had a panoramic view of Seattle and the surrounding mountains.

"We had no trouble getting through the Canadian customs immigration for inspection. Very prosperous looking country for miles green meadows, cattle, large farm homes, barns, etc., on each side of the border.

"The trip through British Columbia and Yukon Territory was very interesting, and the scenery was beyond description, rivers, lakes surrounded by snow covered mountains, forests and wild life.

"We traveled many different highways. The Alaska Highway begins at Dawson Creek, B.C. We traveled to Whitehorse, Yukon Territory, changing there to the Dawson City-Klondike Loop highway on account of a bridge washout on the Alaska highway, rather than wait for bridge repairs.

"It was about 100 miles out of our way, and the road was very steep in places and a few rough spots, but we did enjoy seeing the famous Dawson City. The center of the Klondike gold rush days. Many old houses still standing, but leaning.

"The Yukon and Klondike Rivers meet at Dawson City, and on account of a big overflow a few days before we arrived, part of the city was still under water.

"From Dawson City we crossed the Yukon River by ferry, then had 60 miles of steep roads, winding around and over very high mountains.

"We found very nice government trailer parks all along, which made it very convenient for tourists, but the price of gas was not so good. We paid as high as 70 cents in a few places, have found the price in Alaska more reasonable.

"Since arriving at Anchorage in June we have seen quite a lot of Alaska, just about all that can be seen from the highways as we have covered about all the highways in Alaska, traveling more than 3,000 miles in this new state.

"Anchorage has been our headquarters since arriving here, at the home of Sgt. and Mrs. Carl Simmons, which has made it very convenient for our prolonged stay. Sgt. Simmons is stationed at the Elmendorf Air Base in Anchorage. Mrs. Simmons is the former Gladys Smith, a sister of my brother's wife. They are daughters of the late Mr. and Mrs. D. R. Smith, former citizens of Winters.

"Sgt. and Mrs. Simmons accompanied us on all our tours and fishing trips. All were very happy with their fish "catch". Salmon, smelt, dolly varden, trout, graylings, (an arctic fish). They fished in many lakes and streams, from Seward to Fairbanks.

"In our travels we saw quite

a few wild animals, moose, caribou, bear, fox, Mt. sheep, buffalo, porcupine, snow rabbits, perhaps others that I don't recall.

"We parked one night in the Mt. McKinley National Park (which contains 2,000,000 acres), in order to be near Mt. McKinley so we could see it at sunrise which was about 2:30 A.M. It was a beautiful sight in the sunlight, completely covered with snow, looked just like a huge white cloud and very outstanding among the other high mountain peaks.

In traveling through this vast country a person realizes that yesterday these regions were unknown except to trappers, fur traders and prospectors, and many old deserted log cabins are seen. These are experiences which time will never erase from our memory.

"We plan to start on our return trip in a few days, returning by Lake Louise and Banff, Canada, and will stop over a few days and make a few stops all along the way."

Latin American Baptist Bible School Closed Friday Night

The Rev. J. T. Flynn, pastor of the Latin American Mission of the First Baptist Church, was speaker for the commencement Friday evening at the close of the vacation Bible school at the mission. The school began August 6 and continued through August 11. The highest attendance for the school was seventy.

Teachers and workers included Betty Shoemaker and Donna Grubbs who alternated as principals and helped with the handwork for the juniors. Karen Pierce and Ginger McCuiston taught Bible stories and Lydia Lopez was pianist.

Other helpers were Mrs. Frank Ramos and daughter, Olga. Isidoro Lopez directed the boys' handwork.

Condra Family Reunion Held At Ballinger Park

The Condra reunion was held Sunday, August 12 at the Ballinger City Park. Those attending were:

Mr. and Mrs. Lee Roy Timms, and Billie, Mr. and Mrs. Z. M. Condra and family, Mr. and Mrs. Alvin Timms, Mrs. Reta Campbell and daughter, Mr. and Mrs. T. C. McLaine and granddaughter, Mr. and Mrs. Ray Timms and family all of Lubbock, Texas;

Mr. and Mrs. Doyle Condra, Gary and Barbara, Mr. and Mrs. B. J. Condra and Nele, and Mrs. J. Milton Claton, of Talpa;

Miss Bobbie Ballum, Mr. and Mrs. J. I. Stubblefield, Miss Linda Walton, Mr. and Mrs. Carl Wood, and Elmer Condra, all of Ballinger;

Mr. and Mrs. Floyd Condra, of Drasco, Mr., Mrs. G. W. Timms, Winters, Mr. and Mrs. Gordon Timms, Petersburg, Texas, Mr. and Mrs. Edgar Rogers, Colorado City, Mrs. Annie Phillips, Mr. and Mrs. Lenard Phillips and Mr. and Mrs. Elmer King of Wingate.

The next reunion will be held at the same place and the same date, the second Sunday in August.

IN ROGERS HOME

Markita Forbus and Lanell Rogers of Jacksboro were visitors last week in the B. M. Rogers home.

IN COLBURN HOME

Mr. and Mrs. Ben Colburn are visiting in the home of his parents, Mr. and Mrs. V. E. Colburn, Mr. Colburn has been stationed at Fort Polk, Louisiana and returned home Friday.

DAUGHTER TO BENSONS

Mr. and Mrs. Kenny Benson of Austin are announcing the birth of a daughter July 6, to whom they have given the name, Lisa Virginia. Alvin Benson of Winters is the paternal grandfather and the maternal grandparents are Mr. and Mrs. Ainsworth of Freeport.

R. BABSON

Basic Laws of Economics Will Continue to Rule in Spite of Law, Map Changes

... a recent vacation I relaxed and able to think about certain fundamental investing for safety ...
... Depressed Securities ...
... world lives in the fear of a new, totally destructive war. Since 1931 all has been in the melting pot: currencies, credits, debts, exchanges, tariffs, taxes, banks, corporations, laws, liens, and licenses. Much of the world is ruled ruthlessly by self-appointed Communist party leaders. Familiar landmarks are gone. New Administrations can only moderate or speed up the journey ahead. Whether these paths will lead to glory or to grief, no man now can say. There is but one certainty. The old ways have temporarily, at least, been laid upon the shelf.
... The President can provide new heads but not new hearts. Furthermore, Newton's Law of Action and Reaction, the Theory of Relativity, and the Law of Diversification will continue to influence economic phenomena. There cannot long be human dictatorship over fundamentals. Therefore, in the midst of radical ideas and reactions to them, hold fast to the old ideals—the ideals of service and reward, of patient probing for facts, or constant flexibility to changing conditions, of timely caution and courage.
... Use Your Own Brains
... Administrations can be changed, new legislation can be enacted; the Constitution can be amended; the map of the world can be altered; but the basic laws of economics will continue to rule. Now investment opportunities may lie in some of the "depressed" securities. Having already declined from relatively high price levels, they should be less vulnerable to further marked declines, and I believe they offer the best opportunity to invest for safety, for profit, and perhaps for income.
... But avoid new companies, especially if in the electronics field. Insist that a company have at least five years of earnings to compare. And—most important of all—use your own brains. Do not depend upon rumors or tips.

Defoliation Leaves Aid To Machine in Harvesting

... 64 percent of the Texas crop was machine harvested ...
... important consideration in the harvesting of cotton, is the use of either defoliant or desiccant for preparation of cotton plants for the harvest process.
... are used to prepare cotton plants for spindle pickers—two groups of material—dusts and sprays. Defoliants require leaf moisture to activate them and therefore are best applied in the afternoon or early in the morning, says Elliott. Spray defoliants are available as chlorophosphorus materials which may be used in the field and at lower levels. Thorough coverage is essential. For water sprayers, 10 to 20 gallons of water is recommended per acre depending upon the type of defoliant used. The specialist explains the defoliant should be applied in order to stay just above the harvesting operation means of reducing re-

Louis Ernsts Honor Granddaughter At Lawn Party Monday

... Honoring their granddaughter, Mrs. John Flanders and Mr. Flanders of Wilcox, Arizona, who are visiting relatives here, Mr. and Mrs. Louis Ernst hosted a dinner Monday evening on the lawn at their home.
... Those present were Mr. and Mrs. R. C. Simpson, Charles, Louis, Helen and Karen, Mr. and Mrs. G. W. Pruser Sr., Mr. and Mrs. John Flanders, Debra and Paula of Wilcox, Arizona, Mr. and Mrs. Dick Dunlap, Ricky and Leslie, Mr. and Mrs. Lawrence Jacob.

...but I always end up at **Piggly Wiggly!**

... Sure, you shop for "specials." Most shoppers do. But have you ever noticed how many of your friends always wind up at **Piggly Wiggly** for the bulk of their shopping? Good reasons, too. Consistently, week after week, prices are **lower** at Piggly Wiggly. Try it and see!

September Wedding Plans Announced For Laretta Awalt and Bobby Gravell

Mr. and Mrs. Joe Awalt, Sr., announce the engagement and approaching marriage of their daughter, Ruby Laretta Awalt, to Mr. Bobby L. Gravell of San Angelo. He is the son of Clyde Gravell of Van Horn, Texas.

The couple will be married at the Fort Concho Baptist Church in San Angelo on September 13, at 7:30 p. m.

Miss Awalt is a 1956 graduate of Winters High School and is now employed with the Western Union Telegraph Co. in San Angelo. Mr. Gravell is a 1957 graduate of Van Horn High School and is now employed in San Angelo.

WINGATE NEWS

Sharon King has been a patient in Winters Hospital.

Mrs. D. R. Heithcott stepped on a rattlesnake when she returned home one night this week. She was lucky as she didn't get a bite. The snake had 10 rattlers.

Mr. and Mrs. Edgar Hall Jr. and family are visiting his parents, the David Bryans. They are enroute to Dallas.

The Williamses, cousins to the Raymond Lindseys have been visiting here while Mr. Williams was in coaching school in Lubbock.

Alvin Moore, a former resident of Wingate but now from New Mexico, stopped by the Elmer King and David Bryan home for a short visit Sunday.

The Wheats and Gene spent one night on Lake Nasworthy last week.

The Conder reunion was held at Ballinger park Sunday. Those from here attending were Mrs. Annie Phillips, Mr. and Mrs. W. L. Phillips, Mr. and Mrs. H. E. King and Mr. and Mrs. Buck Rodgers of Colorado City.

Clara McCoy, roommate of Candora Cowan's, spent the week-end

here visiting in the Cowan home. She and Sandra are H.S.U. students.

Tracey Kirkland from Arizona is visiting her grandmother, Mrs. Flossie Kirkland.

Mr. and Mrs. L. S. Morris visited in Lubbock with relatives last week.

Last Sunday visitors in the Morris home were Mr. and Mrs. Floyd Wood, Mr. and Mrs. Al Henley of Winters and Mr. and Mrs. Dump Henley of Junction.

In the Edwin Voss home was Miss Lorane Foster from Tucson, Ariz. and Mrs. Dee Johnson came for a weeks visit. She is improving and can walk better. She plans to visit around with friends for a month.

Other visitors were Mr. and Mrs. Bradford.

Pettitt Smithson, son of the late Mr. and Mrs. Forrest Smithson of Wingate, passed away in Victoria early Thursday, where he had lived for a number of years. He had been in failing health for some time.

Pettitt was the first baby to be born in Wingate. He would have been 63 years of age had he lived until November or December. He married Euna Phillips daughter of the late Mr. and Mrs. Jess Phillips. Three children were born to this union. Two sons, J. P. and Louis and one daughter, Estell. Louis was killed in France in 1944 during World War II.

Mr. Smithson later married in Victoria and his wife survives. Also one son and a daughter and two sisters.

Funeral and burial were in Victoria. Those from here attending were Mr. and Mrs. W. L. Phillips, Mrs. Ike Phillips and Mr. and Mrs. H. E. King.

CARD OF THANKS

We are grateful for the many acts of kindness shown us while I was a patient in the hospital and since I have returned home. I sincerely enjoyed the visits, flowers, gifts, telephone calls and the interest shown by our friends for my speedy recovery. To Dr. Henry McCreight, Dr. C. T. Rives, and the nurses at the hospital I wish to express my thanks for the efficient care of me. My husband joins me in extending thanks to each of you. Mrs. Lawrence Jacob. 1p

INTERESTED OBSERVER—Mike Surber ponders over some heavy third grade assignments as his pet hamster, Pepe, makes an effort to see what has attracted his master's attention. Mike brought Pepe along to Winslow Elementary School in San Antonio, Tex., as part of the nature study.

TWO FACES—Holding a ten dollar bill, Robert C. Fleck, 10, examines the double portrait of Alexander Hamilton which might be worth \$15,000. Hamilton is pictured on both sides of bill, due to printing error. The Bremerton, Wash., lad added bill to his stamp and money collection.

MOVIES

"The Hustler"
Paul Newman's role of pool shark in the Robert Rossen-20th Century-Fox drama "The Hustler," showing Thursday, Friday and Saturday at the Fiesta Drive-In Theatre, is a far cry from his recent characterization of the dedicated soldier in "Exodus."

As Eddie Felson, ambitious pool hustler caught between his obsession with the game and the love desperately offered by a strange young woman, (Piper Laurie), the actor is in a not unfamiliar setting. In 20th's "Long Hot Summer," he was Ben Quick, a drifter who caused unrest in a small southern town. Fox's "From The Terrace," allowed Paul to portray a man without principles, a social climber who ended in self-ruin.

An urge to become champion in the field brings Felson into conflict with the legendary, undisputed champion "Minnesota Fats" (Jackie Gleason). Allowing himself to be exploited by a big time money man (George C. Scott), Felson loses his girl, his partner (Myron McCormick), and his self respect.

The role of Eddie Felson is important to Newman, because he sees here a figure cut from the fabric of our time.

"With Eddie it's a question of commitment. He is so wrapped up in his drive to win and be somebody, he has no time to give of himself that which others need. It is a disease of our time, both the ambition and the isolation. I want him to be understood."

Realsim was added to the tense poolroom scenes. Through the expert coaching of Willie Mosconi, world champion of pocket billiards, Paul was able to make all the difficult shots by himself.

"The Three Stooges Meet Hercules"

The Three Stooges, that zany trio whose slambang routines have made them entertainment favorites for more than two decades, take a poke at the strongest man in the world, in Columbia Pictures' "The Three Stooges Meet Hercules," opening Thursday, Friday and Saturday at the Fiesta Drive-In Theatre with Vicki Trickett featured.

"The Three Stooges Meet Hercules," is, obviously, a comedy in which Moe, Larry and Curly Joe wind up in ancient Greece, which they promptly turn into a spectacular shambles. They do the time travelling via a machine invented by Quinn Redeker, star of the "Dan Raven" TV series, with their "help."

Accompanying the trio on the journey through time are Redeker, of course, and lovely Vicki Trickett.

In ancient Greece, the shapely brunette attracts the attention of King Odus, whose bodyguard—Hercules—is something of a problem when the Stooges get around to trying to do something about the situation. They match their wits, and Redeker's muscles, against the legendary hero. Ultimately, Hercules is converted, thus assuring himself a place in history. Odus is overthrown, Vicki is rescued and the time-travellers return to their own place and time—Ithaca, New York, no less!

"Jessica"
"Jessica" is coming. She arrives Sunday at the Fiesta Drive-In Theatre, starring beautiful Angie Dickinson in the title role. Maurice Chevalier and Noel-Noel share top billing in the musical romance which is shown in Technicolor and Panavision. Filmed on location in Sicily and Rome, "Jessica" was produced and directed by Jean Negulesco, who made "Three Coins in The Fountain" in the same merry manner, and is released through United Artists.

Co-starring Agnes Moorehead, Marcel Dalio, Gabriele Ferzetti, Sylva Koscina and introducing lovely Danielle De Metz, "Jessica" is the provocative tale of an American beauty who turns an Italian town topsy turvy just by driving through on her motor scooter!

"Home From The Hill"
Robert Mitchum and Elenor Parker head the cast of Metro-Goldwyn-Mayer's "Home From The Hill," with co-starring roles played by George Peppard, George Hamilton, Everett Sloane and Luana Patten. Peppard and Hamilton are two of the screen's most promising newcomers; former child actress Luana Patten has emerged as a leading young dramatic star.

The powerful emotional drama of a divided family in a small Texan town, in which the sins of the father bring about tragic consequences in the lives of the other members of the family. It is based on the best-seller novel and Book-of-the-Month Club selection by William Humphrey.

Huge Spending Bill Coming Up Before the House

By Congressman O. C. Fisher

Among the 'must' bills now pending in the House and ready for debate is and when the leadership thinks it can be passed, is a mammoth public works measure which would authorize the President to spend a billion dollars in areas he might decide were suffering from unemployment problems, on projects of his own choosing.

This bill, which has already passed the Senate, is ranked as probably the biggest boondoggle that has been advanced during the current session of the Congress. It is essentially a "blank check" spending proposal which would apply a depression remedy to a present-day economic conditions marked by general prosperity.

This would implement the \$400 million Depressed Areas Act, enacted early last year.

This bill, which has just been cleared by the packed Rules Committee by an 8-to-6 margin, is but one of a score of big spending proposals that have been approved by committees and now waiting action by the Rules Committee. These aggregate about \$6 billion and do not include the usual appropriation measures. In the main, they deal with new ideas on federal spending.

All of this despite the anticipated deficit during the current

Shirley Hambricht and Michael Jay Dyess Announce Wedding Plans

Mr. and Mrs. Marvin L. Hambricht of Crews are announcing the engagement and approaching marriage of their daughter, Shirley Mable, to Michael Jay Dyess, son of Mr. and Mrs. Dyess of Norton.

The bride-elect is a 1962 graduate of Winters High School. Mr. Dyess is a 1962 graduate of Norton High School and is currently employed by Mosher Steel Company of Lubbock.

The wedding will take place on September 29th at 7:00 p. m. in the Crews Methodist Church.

Friends and relatives of the couple are invited to attend.

Fireman's Auxiliary Meeting Held In Bedford Home

Regular meeting of the Fireman's Auxiliary was held Tuesday in the home of Mr. and Mrs. Vin Bedford with Mrs. Mrs. Ellis Zane Moore as hostesses.

Watermelon was served and Mrs. Bob Hatcher, president of the organization, presided for the meeting. Plans were made to help the firemen's annual barbecue.

Those present were Mrs. Spill, Mrs. Jewel Leslie, Mrs. Hatcher, Mrs. Bob Spill, W. D. Waggoner, and Mrs. Mrs. Dee Waggoner hostesses.

The kindness and charity of the poor to their kin is perhaps the most sublime tribute to the essential goodness of mankind.

stabbed it with a knife and killed it. But the wounds inflicted by the leopard also killed the shepherd.

Ezekiel pictures God in the role of the Good Shepherd. He finds strayed sheep and brings them back. He provides food for the starved and unkept. He heals the sick, binds up the crippled, and strengthens the weak. He watches over the strong. The skill and concern of the shepherd is the defense of the sheep.

The following were in the home of the Mansfield Fosters' home Wednesday following the funeral rites of Mansfield's father: Mrs. E. B. Foster, Mr. and Mrs. Eldon Foster and Janice of San Angelo, Mr. and Mrs. Earnest Stroud of Monahans, Mr. and Mrs. Butch Rowden of N.M., Mrs. Sandra Harwell of Houston, Mr. and Mrs. Riley Foster and Judy of Big Spring, Mr. and Mrs. Dwayne Vickers of Abilene, Mrs. Jessie Roach of San Antonio and Mrs. Vasheria Wyatt of San Angelo. Father (E. B.) Foster passed away Monday of last week at San Angelo. Funeral rites were held the following Wednesday at the Spill Chapel, Winters with the Rev. Chester Wilkerson, retired Methodist minister, officiating. Burial was in the North View Cemetery at Winters.

Mr. and Mrs. Julean Kelly and Alice Kay of Big Spring visited with the Henry and Bob Webbs this week end. They with the Mrs. Henry and the Bobs were to Uvalde Sunday to visit with Mrs. Hulm Webb. Hulm is expected to return home this week from Marlin Wells where he has been taking treatments for arthritis.

Special days next week are for: Mrs. Floy Key, Mrs. A. B. Holliday, Mrs. Roy Austin and LaVele Parker the 19th; Banks Lewis the 21st; Allen Bryan, C. D. Mayfield Jr., and Mrs. Billy Talley and Jeanita Whittenburg the 22nd; Jenna Burch, Stephen Smith, Sammy Scott and Mrs. Perry Little the 23rd; Claudia Browne the 24th; Granny (Ada) Jackson, Loredith Lefferty, Roy Buchanan, Mrs. Rex Redell and Larry McMillan the 25th.

Mr. and Mrs. Archie Butler of Midland spent Saturday night at the Lilly and Bill Butlers at Moro. Sunday Mrs. Archie and Mrs. Bill were to Cross Plains for family reunions—Mrs. Archie to the Odell reunion and Mrs. Bill to the Carey reunion. Mrs. Lily and Bill with Teddy Butler of Calif., had Sunday dinner with John Butler at Bal-

BOTTLE-NECK—The cyclist has to fling rings around the necks of a row of bottles without stopping. This event is part of the Winter Cup Tournament of Hungarian cyclists in Budapest, designed to exhibit the cyclist's riding skill.

8 at Hendrick Hospital. His parents are Mr. and Mrs. G. C. Edwards of Abilene. His sisters, Vivian, and Jonjia and brother Gadayous spent last week with the Oscars. Aug. 5 the Oscars attended the Harrison reunion at the Joe Harrisons at Odessa. Some 32 attended.

Mrs. Homer Foster and daughter, Cassie, Mrs. Carlas Walker, Landa and Carla and Aldelle Edwards of Shep left Friday of last week on a trip including the Carlsbad Caverns.

HEAD OF STATE—Workman applies finishing touches to papier-mache head of West German Chancellor Konrad Aeneauer for a huge carnival float in Cologne, West Germany.

Winters Increased In Size By 16-Acre Winter Haven Add.

The physical size of Winters was increased approximately 16 acres Wednesday night when the City Council passed a resolution annexing the recently developed Winter Haven Addition on the eastern boundary of the city.

The addition, developed by the late C. P. Alfrey, is owned and will be further developed by Mrs. C. P. Alfrey. It is located on Farm-to-Market Road 1770, and will include 45 building lots. Some housing construction has already been done on the tract. Curbs have been built in the addition, water and sewer lines laid, and streets surfaced.

According to the plat accompanying the petition for annexation, Tract N. 1 of the addition contains 15.72 acres, and Tract No. 2 is 150 feet by 200 feet. The whole area is out of the M. Fitzpatrick Survey No. 492.

DAUGHTER IS BORN
Mr. and Mrs. Thurman Sommersville of Coleman are announcing the birth of a daughter at the Overall Morris Memorial Hospital in Coleman August 5. The baby's name is Sheryl Sue. She weighed 7 lbs. and 11 ounces. Mrs. Sommersville is the former Shirley Mills, the daughter of Mr. and Mrs. Bernice Mills of Winters. The Sommersvilles have a son, Jerry Curt, age 7.

VISITED GRANDMOTHER
Keith and Janie Paschal spent a few days recently visiting their grandmother, Mrs. O. K. Paschal.

Jim Hinds Sold West Dale Grocery To W. O. Webb

Jim Hinds announced this week that he has sold the West Dale Grocery & Ice business to Mr. and Mrs. W. O. (Bill) Webb.

Mr. and Mrs. Webb are now operating the community grocery store on West Dale Ave.

Mr. and Mrs. Hinds have operated the business for about three years.

Mrs. J. Dexter Eoff Named Chairman of Co. Historical Group

Mrs. J. Dexter Eoff of Ballinger has been named chairman of the Runnels County Historical Survey Committee by Judge Henry Rampey. She will finish the unexpired term of Howard Bramley who resigned recently.

Other members of the committee are Mrs. E. H. Boelsche of Ballinger, Mrs. George Poe and Mrs. Loyd Roberson.

The committee met in Ballinger Wednesday to organize and to formulate some plans for promoting and preserving the county's historical heritage.

The purpose of the County Historical committee is to implement

the state program of coordination and leadership in the preservation of historical heritage in the county.

Study Circle Held Meeting Wed. At Lutheran Church

Second anniversary of the Wednesday Study Circle was observed at the regular session held in the Educational Building of the St. John's Lutheran Church.

Mrs. R. T. O'Dell, president of the organization, presided for the meeting and read the preamble of the Women of the Church. Devotions were led by Mrs. Dick Dunlap and the group sang "Let the Lower Lights be Burning" and the scripture reading Luke 10.

Theran Church. A play was given by Mrs. George Pruser, Mrs. Jerry Holle, and Mrs. Edward Bredemeyer. A letter from a retired pastor was read by Mrs. Delbert Kruse.

Mrs. Charles Kruse Jr., reviewed the book "Pastor at River Bend". The offering meditation was given by Mrs. R. C. Kurtz. Mrs. Merle Wright read the minutes and the treasurers report was given by Mrs. Delbert Kruse. A report on the merger of the Lutheran Church was given by Mrs. Edward Bredemeyer, secretary of education and a letter from Rev. Flathmann was read.

A report on sending layette to the foreign countries was given by Mrs. Dick Dunlap, secretary of stewardship and on India by Mrs. Edward Bredemeyer. The meeting

was closed by repeating the Lord's Prayer.

Visitors present were Mrs. Grady Byers, Miss Emma Henniger, Mrs. Richard George, Mrs. John Hiller, Mrs. Edmund Holle, Mrs. Louis Ernst, Mrs. Walter Kruse, Mrs. Charlie Adami, Mrs. Dick Kruse, Mrs. Tena Meek, Mrs. B. E. O'Dell, Mrs. Frank Denton, Mrs. Herman Frick and Mrs. Bud Flanders.

Hostesses were Mrs. J. A. Henderson and Mrs. Delbert Kruse.

ON VACATION HERE

Mr. and Mrs. T. A. Collins and son of Odessa, are spending a few days vacation in the homes of their parents, Mr. and Mrs. R. D. Collins and with Mrs. H. J. Hodge.

spinning rod has found wide acceptance. Then, of course, there is the fly rod.

Bait-casting rods should be equipped with fast-tip action, a lightweight reel and 10 to 20 lb. test nylon line.

Spinning rods of six and one-half to seven-foot lengths, with fast-tip action, and 6 to 10-lb. monofilament line are popular among bass fishers.

As for fly fishers—tubular glass fly rods from seven and one-half to nine feet in length with either fast-tip or power-plus action are recommended.

Proper bait covers a wide range for this voracious fish. All the live baits previously mentioned, plus the following artificial lures and flies are sure-getters: wet and dry flies, bass bugs, sinking lures, floating, diving and surface lures. Also, spoons, spinners, bucktails, and pork rind. And let's not forget—the plastic worm—the most successful bait for many big-bass fishermen.

Fish the deep holes under rock ledges, backwater and sluggish tributaries, especially where dead trees, stumps, lily pads and brush abound. From daylight to 8 or 9 a.m., and from 4 p.m. to dark, ordinarily, are the best hours to fish.

Learn to be a good black bass fisherman and you will be considered tops among your contemporaries. More prestige is attached to having black bass know-how than to any other form of Texas fresh-water fishing.

It takes lots of casting practice, many days of fishing, and a concentrated study of black bass habits to make you an expert black bass fisherman. So go out and start fishing for black bass now.

Norton 4-H Clubs Held Joint Meeting Tuesday, August 14

A joint meeting of the Norton 4-H Clubs was held Tuesday, August 14. The meeting was called to order by Anthony Lange and Gloria Hope, secretary, read the minutes of the last meeting. Leonard Jansa gave the Council report.

The Criteria Award for 4-H clubs were read by Gloria Hope, Anthony Lange, and Leonard Jansa. Pattie Gergor presented the skit to be given at the County Encampment.

A social hour followed the program.

Former Bradshaw Resident Died At Kermit Tuesday

Mrs. Era Kirkpatrick, former resident of the Bradshaw Community died Tuesday in an Odessa Hospital, according to information received here by Miss Elsie Lee Sanders. Burial was in Kermit Cemetery.

Mrs. Kirkpatrick is survived by a daughter, Mrs. Olene Adams and a son, Paschal Kirkpatrick.

VISIT AT CREWS

Guests in the home of Mrs. R. E. Burrus and Chester McBeths at Crews last week were Mr. and Mrs. George McBeth of Rotan, Lenville and Gene Phipps of Dallas, Mr. and Mrs. Mencie King and girls of Lubbock, Mr. and Mrs. Paul Porter and family of Houston and Jackie Porter of Dennison.

IN KENDRICK HOME

Mr. and Mrs. Jack Thompson and sons, Greg and Randy of San Antonio are visiting in the home of her parents, Mr. and Mrs. C. R. Kendrick.

VISITED PARENTS

Jan Teten of Abilene spent the week end in the home of her parents, Mr. and Mrs. Ralph Teten.

Never worry about the course of events; just be sure you are right and hold to your faith.

Don't lose your head—the finder might not think enough of it to return it.

Plenty of sleep is wise, but wisdom is not attained while one sleeps.

Forward-looking men look backward for the guide posts.

Stay away from the doctor who urges you to be sick.

Greatness abhors ostentation as much as it loves simplicity.

There are no little lies, for a lie does not have magnitude.

We can learn much from those less successful than we.

Troubles stay longer when you are companionable with them.

SLANT-WELL, WATER POLLUTION STUDIES

Sanford Association... 4th Armored... Texas National... Gov. Price Dan... in front of...

well drilling and oil producing operations and pollution of public waters. He also authorized Atty. Gen. Will Wilson to adjust his present appropriations to cover slant-well and anti-trust investigation expenses.

Meanwhile, the Railroad Commission called a temporary halt to oil well testing in East Texas and Hawkins fields, in order to rearrange personnel.

TWO TERM LIMIT? Another effort may be made to limit the term of office of the governor. Similar resolution was unsuccessfully sponsored in the 57th Legislature. New proposal would set the governor's term at four years. It provides that he could not succeed himself in office.

Many legislators feel that such a system actually stretches a political life rather than limiting it.

PRESSURE POSSIBLE HAZARD When Brad Smith, the governor's traffic safety assistant, learned that a fatal automobile crash occurred every other hour and a car wreck every hour, for three consecutive days, he decided it might be due to the weather.

Study revealed that the barometric pressure had dropped to a low point the day previous and stayed low through the three day period. Smith, a former newspaperman, said that reporters always look for unusual happenings when the barometer falls and remains low for a few days.

"I am now convinced that oppressive weather has a decided effect on some personalities," he said. Scientists call the effect of weather on people "bio-climatology."

DIVORCE STUDY STARTS House Interim Committee on Divorce held its first meeting. Committee, headed by Rep. Renal B. Rosson of Snyder, was created by the 57th Legislature to study divorce laws, with special attention to: Rights of children; methods of promoting and protecting family life; and possible ways to encourage reconciliations.

Texas now has the fifth highest divorce rate in the nation. More than 25,000 divorces were granted here in 1961. Members of the study group include Reps. David Crews of Conroe, Paul B. Harding of Goliad, Henry Fletcher of Luling and Charles Whitfield of Houston.

MENTAL HOSPITALS CROWDED State mental hospitals are crowded with elderly persons physically but not mentally ill. Dr. C. J. Ruilman so reported to the House Committee on Saving Taxes.

Dr. Ruilman, director of mental health for the State Hospital Board, said about 25 per cent of the 16,000 patients in state hospitals are more than 65 years old. "Our problem (in cutting state

hospital costs) rests with patients who are physically sick," he said. "Of 3,500 elderly patients in state hospitals, only about 1,400 have serious psychiatric disorders."

HELP FOR RURAL HOSPITALS

Although federal funds have financed construction of more than one-third the hospital and medical facilities in the state, under the Hill-Burton Act, most of the aid has been given to big-city institutions. Officials of the State Health Department, who make recommendations for the aid, feel that smaller communities have been penalized under former measuring standards. When new building allotments are authorized for Hill-Burton assistance in September, requests from rural areas will be weighed according to "relative need."

So far Hill-Burton projects around the state have been built at a total cost of \$310,433,369, with the federal government footing \$110,102,770 of the bill. The Hill-Burton program is so popular in Texas that federal financing is twice the national average of 15 per cent of total cost.

CRIME EXPLOSION Texas prison wardens and agencies interested in rehabilitation of "first offenders" are being haunted by the expected population bulge just as are colleges, universities, and for that matter, all future planners. Post-war bumper baby crops which started in 1947 are expected to hit the cell as well as the campus in full force in 1964.

Three phases of clemency—suspended sentence, judicial probation, and state parole—are being studied as a means of keeping youthful offenders out of the penitentiary. Objective is to make the prison an old settlers' home for hardened congenial criminals who cannot be rehabilitated, and who have aged in making their record.

MARKET TESTING HELPFUL "People who have never known—and cared less—about brucellosis eradication are now getting their herds cleaned up," Dr. Seymour J. Smith told state animal health commissioners. Awakened interest is due to the state-federal plan of market testing, under which a county can be modified or certified brucellosis-free without testing every herd.

Another animal health officer, Dr. H. H. Payne of El Campo, told the group that he never had seen anything like the mosquito menace in May, June and July, which caused an estimated loss of 50,000 Texas cattle and ruined many more in Jefferson and Chambers counties alone. "Some cattle are permanently warped from the long period of stress," he said. Payne said cattlemen in the two-county area may be "wide open" for more trouble if fall showers cause the same condition that began when spring showers made mosquito-breeding beds out of brackish pools created by Hurricane Carla.

CHEAPER SCHOOL BUSES Texas school boards shopping for new school buses this year will find prices sharply below last year. Competitive bids received by the Texas State Board of Control show a substantial reduction in the prices since March of this year, and an even greater reduction over last year.

FIRST STEP TAKEN Land Commissioner Jerry Sadler reports that an informal meeting early this month between the School Land Board and Submerged Land Advisory Committee marked the beginning of development of Texas' submerged lands. He said the meeting "for all practical purposes initiated state industrial development of 1,500,000 acres of submerged lands and islands under the Reagan-De la Garza Act."

Sadler also plans to ask the Legislature to amend the act to include development of recreation facilities. Veterans Land Board has reaffirmed its plans to offer credit insurance through a Dallas firm to 30,000 land purchasers despite a complaint lodged by Rep. Don Garrison of Houston. William A. Harrison, insurance commissioner, advised Land Commissioner Jerry Sadler that a complaint concerning the company which will insure the veterans who borrow money from the state to

buy land "seems to be an isolated case."

TEXAS OUT OF THE RED

Treas. Jesse James reports Texas is out of the red after having been in deficit almost continuously for the past four years. Revenues deposited to the credit of the general fund wiped out the deficit and raised it to a cash balance of \$4,601,020. General fund may dip again periodically, but is expected to at least break even at the end of the current appropriation biennium, a year from now.

OUTDOORSMEN MEET

Henry LeBlanc, president of the Sportsmen's Clubs of Texas, invited members of outdoor clubs, the Boat Trades Association and water-skiing groups to meet with the SCOT Boat Safety Committee in Dallas on August 24. Enforcement of the Water Safety Act, regulation of boating, and building of boat

ramps will be on the agenda. Also to be discussed will be the fees now being charged on some public waters for hunting, fishing and recreation.

DAUGHTER IS BORN

Mr. and Mrs. Graydon Dean of Lake Jackson, Texas, former residents of Winters, are announcing the arrival of a baby girl on August 4. The baby, named Sherri Lyn, is the granddaughter of Mr. and Mrs. James Phillips. Two of the Dean children, Mark and Mitzi are visiting with their grandparents here for a few days.

HERE FOR WEEK END

Mr. and Mrs. Mance King, Janice and Karen of Lubbock, Mr. and Mrs. Bill Porter, Bill Jr., and Jane of Houston, Jack Porter of Dennison were week end guests of Mrs. R. E. Burrus, Mr. and Mrs. Chester McBeth, Lyndon and Dennis.

Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in . . . then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them. Value such as this has induced more people to invest in Chevrolet trucks every year since 1937. This can be a good time to buy a modern new Chevrolet truck. Late summer traditionally is the season for all-around savings on a new Chevrolet truck . . . selection is still good . . . deliveries are prompt . . . and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

Scott Family Held Reunion At Lake Shore, Brownwood

Descendants of G. W. Scott Sr. and the late T. W. Scott held their annual reunion at their cabins on Lake Shore at Brownwood Lake. Fifty-seven relatives and friends attended.

They came from Dimmit, Hereford, Abilene, Winters, Wingate, Houston, Lamesa, Fort Worth, Coahoma and Trent.

The group enjoyed fishing, boating and skiing.

NOTICE

A hatmaking workshop will be held at the home of Mr. and Mrs. Homer Hodge August 22-24, it has been announced. Anyone interested should call Mrs. Hodge, Mrs. Bob Lloyd or Mrs. Bill Byrnes by the 19th. The workshop will be held from 9:30 a.m. to 4:00 p.m. each day.

VISITING IN EDEN

Mrs. Jerry Durgan and children are spending the week in Eden visiting her mother. She was accompanied by Miss Beth McLeroy and will return home after the wedding of her sister.

Take Dry Cotton To The Gin

Drink an extra cup of coffee and make money. Does this sound reasonable? It makes a lot of sense to Texans who use mechanical pickers to harvest their cotton and explains why they are in no great rush to start their pickers early in the morning. The wise farmers wait so that cotton moisture can drop to a reasonable picking level, says B. G. Reeves, extension cotton ginning and mechanization specialist. This waiting can get them a full grade or more when they go to the gin, adds Reeves.

Regardless of how dry the weather, cotton should never be harvested at night nor in the early morning or late evening. Even on the driest day, explains the specialist, cotton will probably never be dry enough for machine harvest until 8 a.m. or later.

Moisture in seed cotton from humidity may not be seen or felt, but it is there. And, it limits the kind of a job the ginner can do. Excess moisture in cotton usually results in the loss of grade and quality and this in turn can cost the grower \$10 or more per bale, points out Reeves.

The ginner must increase the heat in the dryers to try to get desirable grades from high moisture cotton. Using more heat increased the danger of fiber quality damage on the bale being ginned and the bale following, explains Reeves. Over drying can result and this makes for the kind of cotton the mills don't want.

How can you know when to start your mechanical pickers? Delay harvesting, advises Reeves, until the relative humidity in the field at boll height is 60 percent or less. Normally, 60 percent relative humidity is correlated with 8 percent lint moisture, he adds.

If you don't have a hygrometer or cotton moisture meter, Reeves says to pick a handful of cotton, squeeze it tightly in your hand and release it quickly. If the cotton fluffs out when released, it is dry enough for mechanical picking. Otherwise, wait and make the test again later. And make the test at several different spots in the field, advises Reeves.

HEALTH LETTER

There's a one to five chance your youngster needs a major teeth straightening job since an estimated one-fifth of the nation's children suffer from "malocclusion", or improper alignment of teeth. And, summer is a good time to do something about it.

A generation ago, parents of young children with teeth which did not meet properly were usually advised to "let them alone and nature will correct them".

Today we know better. Malocclusion is a condition to be corrected by a dental specialist known as an "orthodontist". Nature, by herself, is a very poor straightener of crooked teeth.

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech and malnutrition. One of the worst results of malocclusion is the psychological stress borne by a child singled out for ridicule by his friends because of "buck teeth".

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychologists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably an important cause. Another is persistent thumb-sucking and abnormal pressures against the jaw. Living bone, contrary to popular thought, is not always hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age five, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of malocclusion is prolonged retention of baby teeth. Permanent teeth which follow are then prevented from arranging themselves properly.

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate", crowding into spaces where permanent teeth should erupt.

There are different methods of bringing teeth into proper alignment. Sometimes it may be necessary to extract teeth to make room. In some cases a plastic or wire appliance may be fitted to the teeth to guide them into position by pressure.

Whatever the method, it is calculated to help the youngster avoid the fate of a "buck tooth". (A Weekly feature of the Public Health Education Division, Texas State Dept. of Health.)

Home Town Talk--

(Continued from page 1)
tin of Dublin—a cousin of Winters' Bo Williams—keeps a can of spray handy just in case he hears the threatening drone after he's gone to bed. He heard a mosquito a few nights ago, so got up and got his spray can—without turning on the lights. He sprayed the walls, under the bed, behind pictures, curtains, and behind doors. And went back to bed—and was not bothered the rest of the night. But the next morning when he got up—you guessed it—he discovered he'd picked up a can of spray paint, and now has a bedroom about half painted with aluminum paint.
