HOME TOWN Talk

By R. C. THOMAS

Forecasters said it wouldn't, but it did. They should pay more attention to the time of the year before they make their weather forecasts.

Because, as we heard a farmer-friend remark Wednesday morning, "every time you get ready to start cutting wheat, it comes a rain."

Wednesday morning's rain wasn't much, but it helps out in the dry spots. And it kept the combines out of the grain fields at least for a while.

Various amount reports were received here Wednesday, from a tenth of an inch to six-tenths of an inch. In Winters proper, four-tenths of an inch was measured up to noon Wednesday, bringing the total rainfall for the month to eight-tenths, and the year's total to 9.9 inches.

Wheat has started coming in to local elevators in increasing quantities, although the peak of the harvest season will not be reached for a few days yet. Reports indicate that this year's crop will be above average, with the quality of the grain reported as "good." Many farmers, however, are finding it hard to be elated over an "above average" crop, or crestfallen because of a low yield, because they haven't been able to figure out all the small print and details of the government's new wheat program. So, so far as their pocketbooks are concerned, they don't know where a "good" crop is bad, or a "bad" crop is good!

Our old friend who plows Johnsongrass for a living in the red dirt of Bluff Creek says he's been watching developments on the so-called war against poverty with added interest. Says that one facet of the proposed program, a minimum wage of \$1.25 per hour for 40 hour weeks for farm labor, has caught his fancy. . . and that he's all for it. The reason, he explains, is that if the bureaucrats keep messing around making people guarantee a minimum income for everyone, they'll eventually slip up and pass a law that says even a farmer must not work more than so many hours a week and be guaranteed a minimum income. Laws, once passed, are seldom unpassed, he says. . . and that'll be the day!

Just read that a judge says a congressman can't be arrested while Congress is in session. What's the use? When it's not in session he's not doing any real harm.

"Tis True Dept.: An editor of a paper in Kansas reported recently that he received a telephone call from a woman who wanted to give a club notice as a "news item."

"I heard that on a radio program this morning before I came to work," he told the caller, implying she should have called earlier.

"I know," she replied, "but we keep a scrap book and those radio announcements are hard to clip out."

Added item regarding the big whoopeenanny coming next week: Present day square dancers may be able to equal those of the old days; and horse riders of today may be equals of those of old. . . but. . . we'll bet the horse riders of today wouldn't dare try to square dance with their spurs on the way they usta!

Vet Organization To Decorate Graves

Members of the Winters post of the Veterans of Foreign Wars, the VFW Ladies' Auxiliary, and the American Legion will place flags on the graves of all deceased veterans of this area for Memorial Day.

Flags will be placed beginning Friday, May 29, at 5 p. m.

TO MARKET
Mrs. Frances Campbell, owner of the Fashion Shop, spent the first part of this week in Dallas personally selecting ladies ready-to-wear and other merchandise for the dress shop here.

BUDDY POPPY — Bret Lee Guy, four-year-old son of Mr. and Mrs. M. L. Guy, presents a Buddy Poppy to Winters Mayor Harvey D. Jones in advance of the annual Poppy Sale to be conducted by members of the local post of the Veterans of Foreign Wars and the Ladies' Auxiliary. Bret's father is a past officer

PROCLAMATION

WHEREAS, we are approaching that time of year when the Veterans of Foreign Wars of the United States makes it appeal for funds on behalf of needy or disabled veterans and their families through the medium of Buddy Poppy, and

WHEREAS, an opportunity is again presented all of us to join with the Veterans of Foreign Wars of the United States in exemplifying its motto "We Honor the Dead by Helping the Living"; and

WHEREAS, the major portion of the funds so raised will be used in the local community, the remainder being utilized to help maintain the VFW National Home for Orphans and Widows of deceased veterans, and to insure the continued highly efficient functioning of this fine organization's national rehabilitation and welfare service,

NOW, THEREFORE, I, HARVEY DALE JONES, in my capacity as Mayor of the City of Winters, Texas, do hereby recognize this noble cause as one most worthy of the support of all our citizens, and do here and now proclaim May 30 as Buddy Poppy Day in the City of Winters, Texas, and I call upon all to wear a Buddy Poppy as evidence of our gratitude to the men and women of this nation to enjoy as American Citizens.

Done at the City Hall of Winters, Texas, this the 27th day of May, A. D., 1964.

HARVEY DALE JONES,
Mayor of Winters, Texas.

Candystrippers Set Date For Capping Ceremony June 12

Plans for the capping ceremony set for June 12, were made when the Candystrippers met Friday afternoon at 3:30 o'clock at the home of Dr. and Mrs. Henry H. McCreight.

An invitation from the Abilene Candystrippers to tour Hendrick Hospital in Abilene, June 23rd, was enthusiastically accepted.

Karen Knapp was elected president and other officers chosen were Sarah Brown, vice-president; Beth Spill, secretary-treasurer; Sherron Emmert, reporter; Martha Hale, assistant reporter and telephone chairman; and Shirley Lindsey, historian.

Seventeen candystrippers and two sponsors, Mrs. H. H. McCreight and Mrs. K. K. Knapp, were present.

TO DALLAS
Dr. Z. I. Hale went to Dallas Wednesday for his daughter, Dickie, who is a student at Texas Christian University. She will visit with her parents for a week and will return to TCU June 7 to resume her studies there.

TO WACO
Mr. and Mrs. Ras Gideon attended the Cotton Warehouse convention in Waco Tuesday. Mr. Gideon is the manager of the Winters Warehouse.

TO SANTA ANNA
Mr. and Mrs. Connie Mac Gibbs and little daughter, Tammy, and Mrs. Dick Mayo attended the commencement of Sheila Jeffcoat, in Santa Anna Monday evening.

Baptist Girls To Make Mission Trip To Mexico June 1

Young Woman's Auxiliary members and their sponsors from Brownwood, Rocky Creek, San Angelo, Eldorado, Brady, Menard and Winters will meet at Menard on Monday, June 1, for a trip to Saltillo, Mexico and other mission points.

The caravan of five cars, and 27 people, will leave Menard at 9:30 a. m. and after a picnic lunch at Garner Park will travel to Eagle Pass where they will be met by the Rev. Bill Gray, Baptist Missionary at Saltillo. The group will spend the night at Piedras Negras.

Tuesday the travelers will visit churches and missions at Nava, Morelos, Allende, Nueva Rosita, Muzquiz, Sabinas, Monclova and Cuarta Cienegas before going to Saltillo for the night.

On Wednesday a trip will be made to the Seminary at Torreon where a luncheon and other entertainment have been planned for the visitors and Thursday will be spent in sightseeing at Saltillo. The following day the group will leave for home by way of Monterrey and arrive back in the states on Saturday.

Girls and their sponsors from Winters who are making the trip are Betty Jernigan, Zanette Moore, Mrs. Loyd Roberson and Mrs. George Poe.

Graves of Civil War Vets Will Be Marked May 30

On Memorial Day, May 30, Civil War Veterans will be remembered along with veterans of other wars and graves will be placed on the graves of Confederate soldiers in the Winters cemeteries.

This memorial is being sponsored by the Winters members of the Runnels County Historical Survey Committee and the flags are being placed through the courtesy of Herman Baker, Veteran of World War I.

As a service for families who would like a veterans' identification to graves already marked, Mr. Baker can order a bronze marker which costs \$4.90, and he will erect the marker free of charge.

A letter from George W. Hill of Austin, executive director of the Texas State Historical Survey Committee, says, "We are delighted to hear that Mr. Baker has discovered a means for adding veterans' identification to graves already marked. The modest cost is especially interesting. We shall refer other inquiries to Mr. Baker as we have such need."

Post Office To Be Closed On Memorial Day

The Winters post office will be closed Saturday, May 30, in observance of Memorial Day, Rankin Pace, postmaster, has announced.

Although several businesses have announced their intention of closing for this holiday, most businesses will be open, as this is not one of the regular holidays adopted and recommended by the Winters Chamber of Commerce this year.

Open House Scheduled At Winters Lumber Company's "Skyline Heights"

A bit of the Colonial, a bit of the contemporary, a bit of the ranch type, and a bit of the conservative—all are embodied in the new home recently completed by the Winters Lumber Co. in their new Skyline Addition, and which will be open for public inspection Sunday afternoon, May 31.

Open house hours will be from 2 to 6 p. m., and the public has been invited to see this new home in Winters' newest addition on the north edge of Winters.

The new Skyline Heights addition, which was recently annexed by the City of Winters, is located on the north edge of Winters, just east of the Parkway Addition. To reach the new addition, visitors drive out North Main Street, and turn right at the first street south of Parkway Addition. This street has been tentatively named Skyline Drive.

The new brick home, located on Penny Lane in the new addition, contains 1480 square feet of living space, plus 458 square feet of garage and storage space, H. D. Jones, of the Winters Lumber Co., said. The exterior is of pink brick, with woodwork and design of a Colonial-ranch type combination.

The new home is a three-bedroom affair, with two ceramic tiled baths. Each bath has a full built-in dressing table. Paneling and doors throughout the house are of blonde ash, with the kitchen cabinets custom-built of ash. A tile entryway will greet open house visitors, and the living room, bedrooms and halls are all carpeted. The kitchen and living area and den are floored with tile.

A large utility room for washer and dryer opens the rear area. Also, all the big closets in the new home have folding doors, and are louvered for ventilation.

Big sliding glass doors open onto a patio area at the rear of the house.

The new home will be centrally heated, and has been plumbed for refrigerated air conditioning in the event this feature is desired. Ceilings and walls are well-insulated, and the baths are acoustically insulated.

The home, built for family living comfort, is situated on a large 80 x 145-ft. lot.

Organized 40 Years Ago— Lions Club Will Note Birthday

Dr. Walter H. Campbell of Miami Beach, Fla., second vice president of Lions International, will be the principal speaker when Winters Lions Club celebrates its fortieth anniversary here next Tuesday night. The banquet will be a combination ladies night and anniversary celebration, and will be held in the Winters school cafeteria.

Mord Tucker, president of the Winters Lions Club, said that other State and International officers and dignitaries of Lions International will be present, among them David A. Evans, of Texas City, International director, and Louis D. Carothers, of Big Spring, District 2-A-1 Governor. Tucker also said many members of Lions Clubs in several other cities in the area will be present for the anniversary celebration.

Dr. Campbell was elected second vice president of Lions International at the annual convention in June 1963, and is in line for office of first vice president next year. He has held most all offices in Lion, serving as zone chairman, deputy district governor and district governor. He has served on the executive committee of the board of directors of the international organization, and holds the Award of Merit, the International President's Award, the Ambassador of Good Will Award and the 100 percent District Governor Award. Lion Campbell is also a member of the Elks, Masons and Shriners.

A native of Tennessee, Dr. Campbell received his B. S. at Tennessee State College, M. A. from Duke University, and D. D. S. from Northwestern University. He served as a captain in the Dental Corps of the U. S. Army during World War II in the European theatre, and has been Division Dental Surgeon in the Florida National Guard, with the rank of major.

Several members of the Winters Lions Club will be recognized and presented special awards for service Tuesday night. President Tucker will make the presentations, Deanna Kozelsky will present a vocal number, accompanied by Robert R. Gans, Jerry Ward will be master of ceremonies.

John Q. McAdams, president of the Winters State Bank, and a past president of the local Lions Club, will receive special recognition during Tuesday night's program. He is the only charter member of the club who is a member at this time.

ORGANIZED IN 1924
The Winters Lions Club was organized and chartered May 23, 1924, sponsored by the San Angelo Downtown Lions Club. The late Paul N. Holcomb was the first president of the local organization. Since that time 39 men have served in that office, two of them for two terms each.

Many have been the projects of the Winters Lions Club since its organization in 1924. Early in the history of the club, members paid cost of sending a 4-H Club boy to a short course at A. and M. College, entertained football teams and pep squad at banquets, raised funds for Christmas charity and street decorations.

Budget Adopted For Next Year

A budget totaling almost half a million dollars was adopted by Winters' City Council Monday night following a public hearing in the City Hall. Several interested citizens attended the previously announced hearing to discuss the budget with members of the council.

The budget adopted at Monday night's meeting is for the fiscal year beginning Oct. 1, 1964, and ending Sept. 30, 1965. Next year's budget is slightly higher than that for the present year, with \$473,152.00 expected to be handled by the four departmental funds in the City. The budget for the present fiscal year is approximately \$444,236.00.

The Monday night public hearing was a quiet affair, with no dissension noted between interested citizens who attended the meeting and members of the City's governing body. Acceptance of the proposed budget by the council, and immediately following a reading and discussion, council adopted the budget as it was presented, with a few clerical errors corrected.

There was, however, a thorough discussion regarding the upkeep of the three Winters cemeteries, over which the City maintains jurisdiction. During the discussion it was pointed out by Mayor Harvey D. Jones that prior to 1954 the cemeteries were maintained by a cemetery association. About this time maintenance of the cemeteries was taken over by the City, the mayor said, and additional taxes were levied for this project. However, it was pointed out, this additional levied was for one year only, as taxes must be levied for each successive year, and are not a continued and permanent thing. Therefore, it was explained, except for the first year no extra taxes have ever been levied for the purpose of maintenance of the cemetery. All money allocated to cemetery maintenance work must come from general fund sources, it was said. A few donations are

received each year to go toward upkeep of the cemeteries, according to officials, and this is added to that already allocated from tax income.

City officials have stated that special emphasis is being placed on a study of the problem of cemetery maintenance, and that special efforts are being made to solve the problem.

In the budget for the next fiscal year, the general fund accounts for the largest amount, followed closely by the electric department fund. It is estimated that \$82,500.00 will be collected in taxes, allowing for \$7,000 for delinquent and uncollectable taxes. Added to this will be income from various other sources such as sanitary collections and sewer collections, to bring the total expected revenue to \$162,569.00. This would include an estimated \$4,000.00 from parking meter collections, and also includes the \$7,000 delinquent and uncollectable amounts. In the budget, expenses for the general fund are expected to reach \$161,472.00, leaving a revenue over expense surplus of \$1,096.00.

Members of the council explained that some of the revenue expected in the general fund would be interest income from investments of money made within the past year or two. This interest income is expected to be \$1,330.00 for the next fiscal year, to be added to the general fund.

ELECTRIC DEPARTMENT
The City's Electric Department expects to receive \$142,505.00 from all sources during the next fiscal year, with a total expense of \$129,929.00, to leave a revenue over expense account of \$12,575.00. Operating expenses are estimated at \$80,437.00, with non-operating expenses—bonds and interests—accounting for \$39,492.00. Capital investments in the Electric Department are planned at \$10,000.00.

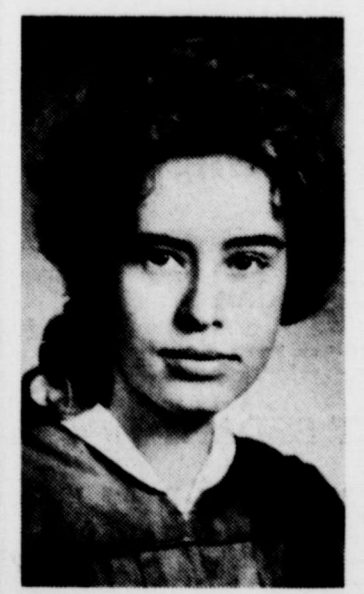

WATER DEPARTMENT
Income for the Water Department is estimated to reach \$92,078.00 during the next fiscal year. This is considerably more than the \$75,500.00 estimated for the current year, which is accounted for by expected additional sale of water during the next year.

Expenses for the Water Department are estimated at \$84,225.00 for the next fiscal year, an amount which includes transfers to waterworks bond sinking fund, new lines and extensions and a reserve for a one-third cost of a new sediment basin at the water plant.

MUNICIPAL HOSPITAL
A slight increase in revenue over the current fiscal year is estimated for the Municipal Hospital. (Continued on page 6)

Senior Students Chosen As Girl, Boy of the Month By Student Council

Jacquie Nelson and Charles Bahlman, both members of the 1964 graduating class at Winters High School, were chosen by the Student Council as "Girl and Boy of the Month" for May.

Miss Nelson has been an officer of the Blue Norther Library Club during four years of high school. She also has served as vice president of the Teen Age Library Association of Texas and during the 1963-64 school year, she has been president of the organization. She also has been on the Gale staff and has been a member of Quill and Scroll, and was named in Who's Who for two years, once for library work and once for Gale staff work.

Charles has been a member of the high school band four years, and has served as band captain this year. Previously he had served as bus leader and historian. He plays first chair cornet in the band, and also is a member of the swing band, the Sno-Men.

He has served on the Glacier staff two years, as sports editor and assistant editor. This year he was president of the local chapter of Quill and Scroll, and is a member of the National Honor Society, as president during his senior year. He also was a member of the UIL debate team for three years, and did poetry reading in UIL competition. He has been reporter for his senior class this year.

Washington Newsletter—
Anti-Poverty Program Calls For Minimum Farm Labor Wage

By Congressman O. C. Fisher

A booby trap in the anti-poverty program was disclosed last week when Sargent Shriver, the Administration's Commander-in-Chief, addressed the National Advisory Committee on Farm Labor. Shriver, decrying "a fair labor system that is based on poverty and destitution," took the cover off his plan to have all farm labor paid a minimum of \$1.25 per hour, plus time and a half for all hours over 40 during any one week.

Using the old scare-crow expression "cooperate farms," the anti-poverty czar said they pay

"substandard wages," and he said this sets a bad standard. He did not bother to identify the farms he was talking about, nor did he announce what those "substandard" wages amount to. Nor did he explain where the family farmer, who he said should be forced to pay higher wages, is to get the money to pay for this increase in cost of production. Most of them are losing money now.

The Civil Rights bill got a jolt last week when two Negroes broke a window and entered the Capitol Hill apartment of Miss Mari Ellen Christerson, who works for Senator Carl Curtis of Nebraska. At 2:30 a. m., she was awakened by a man who choked and beat her fiercely. In the struggle she suffered a compound arm fracture, a broken nose and eyesocket, and other injuries. The two Negroes escaped after taking \$30.

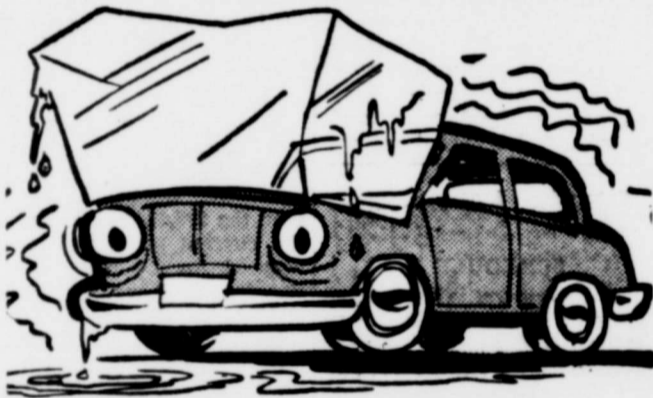

This is but one of a long series of similar attacks by Negroes on Congressional Secretaries. A year ago a secretary was slashed by a Negro who followed her into a Capitol Hill Catholic Church at noon. Alone and kneeling in prayer, she was stabbed 10 times by a knife wielder. Another jolt to the Civil Rights legislation was dealt by the results of the Maryland Presidential preference primary.

GREETINGS:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of June, 1964, at or before 10 o'clock A. M., before the Honorable District Court of Runnels County, at the Court House in Ballinger, Texas.

Said plaintiff's petition was filed on the 23rd day of March, 1964, and plaintiff's first amended original petition was filed on May 8, 1964. The file number of said suit being No. 7477.

The names of the parties in said suit are: Maurice Martin, as Plaintiff and all of the above named persons to whom this citation is directed and Mrs. Hoyt Ford, Minnie Belle Beckham, H. N. Ford, Velma Hobbs, and Eloise Burris, as Defendants.

The nature of said suit being substantially as follows, to-wit: Being a suit for partition of the following described land located in Runnels County, Texas, to-wit:

70 acres of land, the North 70 acres of the S. E. 1/4 of the H. & G. N. Ry. Co. Survey No. 18, Abstract No. 745, which 70 acres tract is described by metes and bounds as follows:

BEGINNING at the N. E. corner of a 90 acre tract of land described in deed from R. A. Martin et ux to W. E. Martin dated July 20, 1917, recorded in Vol. 91, page 351, Deed Records, Runnels County, Texas, said point being 534.4 varas N. of the S. E. corner of said Sur. 18;

THENCE West 950 vrs. to N. W. corner of said 90 acres;

THENCE North 415.6 vrs. to the S. W. corner of the Welcome Boyd 160 acres;

THENCE E. 950 vrs. to S. E. corner of said 160 acres;

THENCE S. 415.6 vrs. to the place of beginning.

Brought by said plaintiff against said defendants, wherein the said parties are alleged to own the following interests in said land, to-wit:

This Plaintiff, Maurice H. Martin, owns an undivided 63.3517 acres interest in said tract of land, and the Defendants own the following undivided interests in said tract of land:

1. Wm. P. Ford, Minnie Belle Beckham, and H. N. Ford, in the aggregate, an undivided 1.8056 acre interest; subject to a one-third undivided life estate interest therein in their mother, Mrs. Hoyt Ford;

2. Velma Hobbs, an undivided 1.8056 acre interest;

3. Ann Ford, a minor, an undivided 1.8056 acre interest, subject to a one-third undivided life estate interest therein, in her mother, Joe Helen Ford;

4. Eloise Burris, an undivided 1.2315 acre interest.

Plaintiff also alleges in her petition that said land is of the

It's the Law—
More Taxpayers May Be Audited

More and more taxpayers are getting audited as a part of the government's revenue collection. If selected, you may well ask, "Why pick on me?" Well, you may have made an arithmetic mistake, deducted too much, claimed a large refund compared to your income, had a big income, had too small an income. Or, you may have been picked out by chance.

There are many audits. An auditor may ask you to bring in your records to talk over your return. Often one talk is enough. Again you may have several talks before the matter is closed. You may bring your lawyer along if you like or anyone who helped you make out your last return.

Sometimes a federal agent may come to your home or place of business to check your records in person. Just showing the agent your records may satisfy him. But he may "adjust" your return. You then must take steps to pay, or to challenge his conclusions.

When a special agent comes to see your records, it may be well to have your lawyer on hand. As a rule most honest differences over taxes are settled without suits. But not always. Whenever taxes are challenged, take prompt steps to protect your interests. People have lost defenses or claims by failing to act within the times set by law.

The workload of the tax offices has brought on automatic data processing. Magnetic tape and other devices may store and analyze returns on each taxpayer, say, by 1970 or sooner. Then more audits.

State Capital Highlights— State Officials Preparing Budgets For Operation During 1966-1967

By VERN SANFORD
Texas Press Association

State officials have begun the long parade before Gov. John Connally's budget staff and the Legislative Budget Board. From now until summer's end, more than 150 state agencies will give estimates on how much they will need to operate in the 1966-67 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the Legislative Budget Board.

All estimates must be set out in dollars and cents. But the summer budget-hearing period actually is the guessing season, since agency heads have to guess now how many file clerks, how much stationary and how many pencils they will need in August, 1966.

A few items seem certain: The Board for State Hospitals and Special Schools expects a 37 percent increase in the population of its schools for mentally retarded and will need an estimated 28,000,000 more than its current \$100,000,000 budget. Department of Corrections will request \$5,000,000 for pay raises for prison guards.

Budget raises not determined this summer are expected to be requested when the Legislature gets proposals for improving the state's higher education system; giving public school teachers a pay raise; building new schools for the mentally retarded; and building a state osteopathic college.

AUTO THEFTS
State Highway Department reveals the fact that each year about 17,000 automobiles are stolen in Texas — and 9 percent are never found!

Until three years ago, scrapped cars — complete with plates and negotiable ownership papers — could be purchased for \$50. But no more.

To prevent both plates and papers falling into hands of thieves the Legislature required each salvage yard operator to remove current plates from vehicles purchased as salvage.

Plates and papers are supposed to be kept under lock and key until claimed by the highway department. About 10,000 titles and 3,000 license plates are picked up each month.

BUILDING BOOM CONTINUES
April was the second biggest construction month in Texas history, reports the UT Bureau of Business Research.

Total value for authorized building was estimated at \$153,600,000 — up 6 percent from March.

Only once before has the Bureau's index been higher—August, 1961, when it reached 152.3 percent.

Residential construction decreased somewhat in April. But nonresidential permits rebounded strongly. The Bureau concluded the federal income tax cut encouraged growth of investment in hotels and motels, commercial garages and amusement buildings.

Permits for hospitals and other institutional buildings also increased, and \$14,000,000 worth of stores and mercantile buildings were authorized for an increase of 52 percent over March.

VETERANS' LAND PROGRAM
The state's veterans' land program will pay itself out without any pocket-digging by taxpayers, if the Veterans Land Board carries out its planned program of investing its reserves.

IT'S THE LAW IN TEXAS

THE NINE

The Chief Justice of the United States heads the Supreme Court, but except for presiding and a few ceremonial duties, his work is much like that of the other justices. In fact his vote on a decision counts only as one.

In ceremonies, he leads when the justices walk in a procession. As a rule, he gives the oath to the President at his inauguration. Should a President be impeached, he presides at the Senate hearings.

Of the associate justices, only one, Samuel Chase (1796 to 1811) has been impeached, that is, accused of a wrong for which the Senate could remove him. Chase did lack "judicial temperament;" he made political speeches and denounced the President from the bench. But such things are not crimes. His impeachment failed. The Senate would not remove him from office.

How can we be sure that a man will become a just, honest, and able justice of the Supreme Court? What are his legal qualifications?

None. The Constitution sets no formal requirements. He does not have to be a lawyer, though all of them have been. The President may name any one he chooses; and with U. S. Senate approval, he goes on the bench.

But the informal qualifications of a justice of the Supreme Court are great. For a seat in the U. S. Supreme Court is a lawyer's highest honor.

Before a person goes on that high bench, should anyone doubt of his character or learning, the Senate holds hearings and can refuse to confirm this appointment. And this has happened.

And then it is up to the President to name another and another, until the Senate confirms his nominee. The Senate cannot nominate its own candidate; it can only approve or disapprove the President's.

Membership of the U. S. Supreme Court changes quite often. Justices take office for life, but a fair number retire from time to time for health reasons. For as a rule, such honors came late in life.

Last Meeting of the Year For the Mary Martha Circle

Mrs. H. O. Abbott served as hostess Tuesday morning in the Methodist Church Parlor at the last meeting of the year for the Mary Martha Circle.

Mrs. M. L. Dobbins opened the meeting with prayer and presided for a short business session. A secret ballot was taken for election of a member to receive a life membership.

Mrs. Abbott gave a scripture reading and presented the program, "It Is The Lord." Mrs. Carl Baldwin and Mrs. Dobbins each read poems.

The meeting was closed with prayer and the song of "Blest Be The Tie."

Refreshments of cookies and coffee were served to Mesdames M. L. Dobbins, W. W. Parham, W. T. Stanley, C. L. Crockett, H. O. Abbott, Alfred Rose, Carl Baldwin, B. J. Emmert, Joe Vicars, David Dobbins and Garland Shook.

MOVED TO KANSAS
Mr. and Mrs. Jack Roe left Wednesday for Haysville, Kansas where they will make their future home.

About 90,000 cancer patients will probably die this year who might have been saved by earlier diagnosis and prompt treatment. The American Cancer Society urges all adults to have an annual health checkup to insure early diagnosis and prompt treatment.

More men than women died of cancer last year. This has been true since 1949, according to the American Cancer Society. The ratio this year is expected to be about 55 men to 45 women. See your doctor annually for a health checkup to help reduce the cancer death rate.

Runnels County 4-H Dress Revue Set For June 6th

Runnels County 4-H Dress Revue will be June 6th at 2:00 p. m. in the Banquet Room of the Ballinger Community Center. The public is invited.

The 4-H girls entering the Dress Revue will meet in the home demonstration agent's office June 5 at 9:00 a. m. for the appearance judging. They will leave the garments to be judged on construction, and turn in a 4-H Clothing record book to be judged.

The winners will be announced Saturday, June 6th. The top junior and senior winners will compete in the District Dress Revue to be in San Angelo in August.

The 4-H girls have received instructions and lessons from their local adult leader. The volunteer adult leaders are the key to the total 4-H program.

Each participant will receive a ribbon according to placing, entry prize and top winners dress lengths of fabric.

Most sounds in the English language are formed by breathing out, only a very few by an in-drawn breath.

Summer Reading Program Begins 1st Week In June

The first week in June marks the beginning of the summer reading program at the Winters Public Library, Miss Myra Glover, librarian, announces.

The week will begin with a story hour for pre-school through third grade children, on Tuesday, June 2, at 3 p. m. The story will be told by Mrs. James C. Colburn, a member of the Library Council and Junior Culture club. This club has been sponsoring different projects for the library for the last ten years.

Although the story hour is not sponsored by any separate club, several members of the Junior Culture Club have volunteered to help this summer by holding the reading sessions for the children of Winters and community. A story hour was conducted in April, and was said to have been a "big success," with more than 70 children attending.

New books will be on display Tuesday and each child will have an opportunity to look at the books while they are in the library.

Regular hours for the library to be open this summer are Wednesday, Friday and Saturday afternoons, from 2 until 6, Miss Glover said.

Every child in the Winters area has an invitation to take advantage of what the library has to offer for their enjoyment, the librarian said.

The library is supported by a small membership fee, fines and a monthly donation from the Lions Club, Veterans of Foreign Wars and Auxiliary, Literary and Service Club, Diversity Club, and donations from individuals.

Albert Flathmann Receives Bachelor Of Divinity Degree

Albert E. Flathmann, Jr., son of Rev. A. E. Flathmann, Sr. 710 N. Horton St., La Grange, Texas, graduated with the Bachelor of Divinity degree, from Wartburg Theological Seminary, Dubuque, Iowa at the commencement exercises Wednesday, May 27, at 10 a. m., according to an announcement by Dr. Alfred H. Ewald, seminary president.

Albert Flathmann is one of forty five men who were candidates for ordination, into the ministry of the 2,500,000 member American Lutheran Church, from its Dubuque seminary. He attended Gatesville high school and is a graduate of Texas Lutheran College.

Albert Flathmann, Jr. will be ordained on June 28, 1964, at St. Peter Lutheran Church, Prairie Valley, by his father, Pastor A. E. Flathmann, Sr. He and his wife, the former Virginia Spill, of Winters, Texas, will leave for the New Guinea Mission Field of the American Lutheran Church on July 6th.

City Budget--

(Continued from page 1)
Hospital for next year. From all sources estimated income for the hospital is listed at \$76,000.00. Deducted from this is less than 10 percent reserved for bad debts, leaving an expected income of \$69,000.00. Current year's estimated income, after a 10 percent deduction for bad debts, was estimated at \$65,052.

Expenses at the hospital are expected to reach \$73,480.00 during the next fiscal year, leaving an expense over revenue of \$4,480.00. This is a big difference in the estimated loss in that department for the current year's budget, which was estimated at \$10,560.00.

However, city officials have pointed out, the Municipal Hospital has been paying its way this year, and it has not been necessary to transfer funds from the general fund to augment the income of the hospital. Last year saw the same situation regarding the hospital, it was stated, and it was hoped that this attitude could be maintained throughout the rest of the current fiscal period.

STREET DEPARTMENT
The City has budgeted \$36,

233.00 for the Street Department for the next year. Largest single item in the expense column for this department is for salaries. However, an amount of \$4,700.00 has been put in the budget for seal-coating work on the City's streets during the next year. This will be a continuation of the program began about two years ago, it was stated, to keep the paved streets in better repair. Also, \$2,667.00 has been entered in the budget for a one-third payment on a new sweeper for the streets.

During the public hearing Monday night, Mayor Jones told the group of interested citizens that the City's financial position is perhaps the best ever before realized. He indicated that this position has been made possible because of the widespread cooperation on the part of all citizens with the city's administration, and the interest manifested by all department heads and city employees. He pointed out that the City of Winters has become a model and topic of admiration on the part of other cities throughout the area, because of its fiscal policies. And he urged that citizens and officials continue their work toward a growing and financially responsible community.

Most of the mainland coast of Texas is separated from the Gulf of Mexico by a chain of long, narrow barrier islands.

CB Radio Group Formed Sunday At Crews Gym

A closely-knit citizens' band radio network, to act in emergencies, has come closer to reality, following a meeting of CB radio owners at the Crews gymnasium Sunday afternoon.

Several owners of CB radios of the area met at the gym to form an organization and elect officers, and set dates for future meetings. Purpose of the organization will be to bring into being a network of radio owners who can relay messages during times of emergency, and to act as a forum for information concerning CB radio operation.

Dwain Vogler of Winters was elected president of the new organization, with Jim Burns, Ballinger, vice president. Other officers are Mrs. Marie Maedgen, Valera, secretary-treasurer, and Mrs. Velma Conway, reporter.

The next meeting will be held at the Crews gym June 7, at 3 p. m. All CB owners and their families have been urged to attend.

Ski Party Given For Ronald Kraatz At Lake Brownwood

Ronald Kraatz, a graduating senior, was honored with a ski party at Lake Brownwood Tuesday by the Griff Browns and the Bill Beans.

After a full afternoon of skiing and swimming, charcoaled hamburgers, homemade ice cream and cake were served to the group. The day ended with a boat ride on Lake Brownwood.

Those attending were Barbara Baldwin, Pat Winton, Nicki Eoff, Mary Young, Mike Mitchell, Charles Bahlman, Dick Young, Ronald Kraatz, Ann, Butch and Beany Bean and Becky Brown.

Those from Abilene also attending were Janet Michel, Kathi Osborn, Carolyn Wright, Eddie and Sandra Taylor.

Winters X's Beat Brownwood Team

The Winters X's baseball team defeated Brownwood 10-5 at Brownwood Sunday.

The team has a game scheduled with a team from Abilene, to be played here Sunday, May 31, at 2:30.

Spokesmen for the X's have expressed a desire that the public know that the baseball field utilized is owned by Mrs. C. T. Rives Sr. and Marvin Bedford. Team members have done a lot of work on the field, and have asked the public to help them keep it clean.

tion, and were influential in securing a PWA appropriation of \$27,000 for constructing a rock fence around school buildings and athletic field. They helped to reorganize the Chamber of Commerce, and worked for the establishment of a CCC camp at Winters.

Throughout the years, the club has worked with young people, sponsoring Boy Scout tours and representatives to Boys' and Girls' State each year. They also worked on promotion of construction of the Winters Hospital. In 1938-39, the local club sent \$183 to Clyde to help that city following a tornado that had done damage there. During World War II they aided in scrap iron drives, USO work and War Bond campaigns. The club also sponsored the mass polio oral inoculation program in 1962-63, and have been directly interested in and supported the Texas Lions Crippled Children's Camp at Kerrville, the only institution of its kind. The club helped to promote the new Winters Public Library, and donated money with which to purchase shelves for the library.

IT'S THE LAW-- IN TEXAS

April 1 and May 1 are important deadlines for Texans to render their property to various taxing agencies. State laws require all real and personal property to be rendered for taxes on or before prescribed dates. Those who fail to comply can blame only themselves for the money loss they may consequently suffer.

Some Texas cities set their own tax deadlines. These are the cities of more than 5,000 population which have incorporated under the "Home Rule" provisions of our statutes. All other cities are governed by the general laws of Texas.

In towns operating under the general laws property must be rendered for taxes between January 1 and April 1 each year. A number of home rule cities set up the same requirements in their ordinances, while others prescribe different periods.

For state and county tax purposes, property must be rendered to the County Tax Assessor by April 30, and homestead exemptions must be claimed by the same time.

In some localities a third taxing unit is involved—the independent school district. In other places school taxes are collected by the city or county. In addition, some localities have water, irrigation, or levee districts which assess and collect taxes. Make inquiry as to where these various taxes are assessed, and as to applicable deadlines for rendition.

What property must be rendered for taxes? If Texas laws were strictly enforced, we would be required to render to all taxing units nearly every piece of real and personal property which we own, down to the very clothing on our backs. An exception is the constitutional exemption of \$250 worth of household furniture. However, no taxing unit carries its requirements this far, and it will be necessary to inquire of each tax assessor when render-

ing your property whether specific types of property are ordinarily rendered in that locality. Some cities and counties collect ad valorem taxes on automobiles, television sets and other personal items, while others ignore practically all personal property. Business and professional men are generally required to render all merchandise, furnishings, fixtures, business automobiles and equipment.

If property is not rendered by the tax payer, it may then be placed upon the unrendered tax roll, and the taxing agency places such valuation thereon as it considers fair. One advantage of rendering your property is that you can set your own valuation. Then, if the county or city decides a higher valuation is in order you will be given an opportunity to appear before

a board to explain why the higher figure should not be used in computing your taxes.

Thereafter, an appeal to the courts is possible in some instances. Generally speaking, however, the courts are unable to strike out a valuation unless the agency or board has acted arbitrarily and placed on the property a valuation higher than that placed on comparable property owned by others. If you do not render, the valuation set by the taxing agency is final.

Remember these facts: You may need to render your property at three or more different tax offices. Ask each tax assessor if in doubt concerning the deadline or the rendering of specific personal items.

Funeral Rites For Mrs. C. A. Potter Held Saturday

Funeral service for Mrs. C. A. Potter, 90, was held Saturday afternoon at 2:30 o'clock at Spill Memorial Chapel with the Rev. Roy Evans of Abilene officiating. Burial was in Northview Cemetery.

Mrs. Potter, resident of Winters since 1925, died Friday morning at 4:50 at the home of her daughter, Mrs. Opal Mayo. She had been ill for several years and seriously ill for the past six months.

Native of Arkansas, Mrs. Potter was born in Pargue Aug. 7, 1873. At the age of 17, she came to Texas, settling at Wolf City. It was there that she was married to C. A. Potter in 1891. She and her husband later moved to Oklahoma where they lived until 1925, when they moved to Runnels County, settling in Winters.

She was a member of the Nazarene Church, but due to the fact there is no organization in this area, she was faithful in the Assembly of God Church. Her husband died in 1949, and also four children preceded her in death.

Surviving are a son, Charlie Potter of Odessa and a daughter, Mrs. Opal Mayo of Winters; six grandchildren, eight great grandchildren and four great-great-grandchildren.

Palbearers were Horace Fry, Buford Baldwin, Melvin Mapes, Wardell Long, Monroe D. D. D., Pete Davidson, Lloyd Robertson, and R. P. Penny.

Swimming Season Brings Annual Plea For Extra Precaution In Water

The summer swimming season is here again. If past averages hold, somewhat more than 6,000 Americans will drown. Most of these drownings could be avoided.

The basic rules of water safety should be well known to everyone old enough to read; they are repeated each season by health and safety organizations throughout the nation. And yet most drownings occur when someone has violated one of the safety rules.

These are the fundamentals—Never swim alone; Don't swim just after eating or when overly tired; Don't overestimate your ability and endurance; Swim at protected pools or

Water skiing is another exhilarating sport, but it also has hazards. The man handling the boat should know what he's doing. The skier should always wear a life jacket. Even a strong swimmer can be wind-blown by a hard fall at a high speed.

Private pools are gaining rapid favor in the United States. If you have a pool, or use a neighbor's, there are certain safety fundamentals—is the pool kept clean and the water chemically purified? Walk, don't run, about the pool, and

beaches under the supervision of a trained lifeguard; If a boat overturns stay with it and don't try to swim a long distance to shore; Never dive into unknown waters.

Know about artificial respiration and how to apply it. The mouth-to-mouth method is explained in the First Aid Manual of the American Medical Association. It's not very difficult—start immediately, the victim can survive without oxygen to the brain for only a few minutes; Put the victim on his back, pull the chin well up, make certain the windpipe is clear; Put your mouth over the victim's mouth, pinch shut his nose, and blow hard; Repeat 12 to 15 times per minute; Keep it up until medical help arrives.

Skin diving and SCUBA diving are fine sports that are drawing more enthusiasts each season. Both require special training and knowledge and good physical condition. If you plan to be a diver, take a course in underwater survival. And get yourself into good physical training for strong swimming.

Beware of the person who smiles all the time.

Mary Ruth Lindsey, John P. Hord Recite Marriage Vows Saturday

Mary Ruth Lindsey, daughter of Mr. and Mrs. Bill Lindsey, became the bride of John Prentice Hord, Saturday evening, May 23, at 8:30 o'clock at the home of the bride's parents, 910 West State Street. The groom's parents are Mr. and Mrs. J. P. Hord of Route 1, Winters.

The Rev. Virgil James, pastor of the Southside Baptist Church, officiated for the double ring ceremony.

Shirley Lindsey, sister of the bride, was maid of honor and Jimmy McNeil served the groom as best man.

Miss Lindsey wore a pink linen suit with matching headband and a white carnation corsage.

The bride, given in marriage by her father, wore a white chiffon dress over taffeta, fashioned with cummerbund, sleeveless bodice and lace bolero jacket buttoned down the back with elbow-length sleeves. Her head-dress was white chiffon roses featuring a nose-length veil. She carried a white carnation nosegay atop a white Bible.

The bride is a graduate of Blackwell High School of 1960, formerly employed at Smith Drug in Winters. Mr. Hord is a graduate of Winters High School and of Garland's Barber

college in Abilene in 1962. He is presently employed at the Appointment Barber Shop in San Angelo.

Mr. and Mrs. Hord will make their home at 210 1-2 in San Angelo.

County HD Council Met Friday In Ballinger

The Runnels County Home Demonstration Council met on May 22 at 2:30 p. m. in the conference room of the courthouse in Ballinger. Mrs. Calton Smith, council chairman, was in charge of business. Seventeen members and five visitors, representing 10 clubs, were present.

Miss Louise Decker announced there will be a 4-H Dress Review June 6, at 2 p. m., at the Community Center.

Mrs. E. J. Kemp has been selected from District 7 as the Woman recipient of the Texas 4-H Youth Development Foundation Award. This is to honor 4-H leaders in the state. She will be honored at a luncheon June 3 at College Station during State Round-Up Week.

The council voted to have recreation at their meetings and the Winters Club will be in charge for the next council meeting.

Mrs. B. H. Batts, Mrs. J. J. Wessels and Lyle Currie gave their reports on the district Texas Home Demonstration Association meeting held in Kerrville May 7.

All clubs are to vote on the type of Rally Day they prefer and turn in at June Council. Also all yearbook reports are to be turned in at the June meeting.

Miss Decker will be at Kansas State University from July 3 to August 3 working on her master's degree.

Next council meeting will be June 12 at 2:30 p. m.

SHOOT OUT — Keir Dullea and Buddy Ebsen shot it out with cattle thieves in a scene from "Mail Order Bride," showing Sunday, Monday and Tuesday at the State Theatre.

LONE STAR AGRICULTURE

The world's most destructive pest of stored grain, the Khapra beetle, is believed to be completely wiped out in Texas as well as the rest of the United States and Mexico.

The beetle's appearance in the El Paso area was great cause for alarm about five years ago. Texas Department of Agriculture inspectors, along with U.S.D.A. officials and grain storage owners waged a hard-fought and expensive campaign to wipe out the initial infestations. The insect is an extremely "dirty" eater, destroying 90 per cent more grain than it actually consumes and a very light infestation quickly grows, ruining grain in an entire elevator or storage bin in a remarkably short time.

The last known evidence of the Khapra beetle in the U.S. was found on July 11, 1962. In Mexico, no new infestations have been discovered since mid-1961.

Control officials point out, however, that even though no beetles are now known to exist in this country or Mexico, there is still a possibility of a local infestation being found from time to time. During the past few months, some 28,000 properties in 11 Western states have been surveyed.

The Khapra beetle, whose name means "brick" in its native India, has not been easy to eradicate. It is hardy and adaptable. Its name came from the fact that it has been known to work its way through a two-foot brick warehouse wall.

The first insect was found in California in 1953, later spreading to Arizona, New Mexico, Texas and Mexico. The extensive fumigation program inaugurated to wipe out the pest required wrapping warehouses in gas-tight tarpaulins before methyl bromide gas could be released.

One difficulty is that beetle larvae can live three years without food. With ample food and favorable temperatures, they can produce as many as 12 generations a year, attacking all grains and grain products.

Texas and federal inspectors will keep a sharp watch for any evidence of new infestations in coming years. But the victory achieved thus far is remarkable.

The American Cancer Society says some cancers can be prevented. Research has shown that most lung cancers are caused by over-exposure to direct sunlight. However, one of your best protections against death from cancer is an annual health checkup.

Use of "abracadabra" as a "magic" word began in the second century when it was recited to expel fevers, inflammations and agues.

MOVIES

"DEAD RINGER"

A new Bette Davis picture is always entertainment news. When it's a picture where the noted actress fills dual roles—estranged twin sisters, one rich and just-widowed, the other a poor spinster who kills the first and takes over her existence—that is a film event. The event, released by Warner Bros. and titled "Dead Ringer," the picture shows Friday and Saturday at the State Theatre, with Miss Davis Starred, and Karl Malden and Peter Lawford co-starred.

Winters Students To Receive Degrees At McMurry College

Mrs. Cassie Barron Perry, Lance Ray Teten, and James Merle Langford will receive degrees from McMurry College in Abilene at the 40th annual commencement exercise to be held June 1, in Radford Auditorium on the campus.

Mrs. Dallas Scarborough, whose influence has been felt in most of Abilene's civic organizations, will receive the Doctor of Humane Letters degree. Dr. Dolphus Whitten, Jr., administrative vice-president and acting president of Oklahoma City University, will receive the honorary doctor of laws degree and will also be the commencement speaker for the June graduation service.

While attending McMurry College Mrs. Perry majored in Elementary Education. She will receive a Bachelor of Science degree. She is the niece of Mr. and Mrs. Frank Johnson, Winters.

Teten is the son of Mr. and Mrs. Ralph R. Teten, 402 E. Dale. He will receive a Bachelor of Science degree in Math.

Langford, a former resident of Winters, was a member of KIVA Social Club while attending McMurry. He is the son of Mr. and Mrs. J. H. Langford, Caddo. He will receive a Bachelor of Science degree in Physical Education.

"MAIL ORDER BRIDE"

In America's frontier days, the mail order catalogue was the source of supply for almost everything, and in the new Metro-Goldwyn-Mayer outdoor drama, "Mail Order Bride," this convenient catalogue furnishes a wife for a recalcitrant young hellion.

The situation is brought about when ex-lawman Buddy Ebsen rides into the 1890 frontier town of Congress, Montana, to tame Keir Dullea, son of his dead friend. If he refuses to marry Lois Nettleton, a young widow with a small boy, who has answered Ebsen's advertisement and whom he hopes will prove a settling influence on Dullea, the latter will lose his father's ranch to which Ebsen holds the deed. The picture comes to the State Theatre Sunday, Monday and Tuesday.

"THE THREE STOOGES IN ORBIT"

Before the Martians can invade Earth, they must first do away with America's greatest weapon—the Three Stooges. Actually, in "The Three Stooges in Orbit," showing Saturday and Sunday at the Fiesta Drive-In Theatre, the irrepressible zanies aren't the secret weapon so much as they are its witless guardians. The weapon itself is a happy combination of submarine, helicopter and tank, the creation of an eccentric professor who is the Stooges' landlord.

"The Three Stooges in Orbit" is a wild and thoroughly delightful story of tailor-made to the comedy specifications of its zany star trio.

BRADSHAW

"To love life through labor is to be intimate with life's inmost secret. . . Work is love made visible." —Kahlil Gibran.

Visitors Sunday morning at the Baptist services were Mrs. Leona Sturgess of Ballinger, Linda Wingo of Hardin-Simmons and Mrs. Claude Mayfield of Anson.

For the special Sunday night at the Methodist services Pastor Jerry Spurlin and Mrs. Spurlin sang "Spirit of God." Mrs. Spurlin was at the piano.

Attending the morning services at the Drasco Baptist Church were Mrs. Henry Brede-meyer, Randy and Brady of Winters and Ronnie Willingham of Kingsville.

Visitors at the morning and night services at the Moro Baptist Church were Loleta, Patrick and Eddy Grun of Guion and Mae Grun of Ozona. For the morning special Mr. and Mrs. Russell Grun sang "Make Me A Channel of Blessings, with Mrs. J. W. Allmand at the piano. For the night special Mrs. Bob Griffith sang "Somebody Needs Your Love," with Mrs. Allmand at the piano.

"All Nations Under God" is the subject of next Sunday's International Sunday School Lesson. The memory selection is: Righteousness exalts a nation, but sin is a reproach to any people. —Proverbs 14:34. The following has been selected: "This Proverb is an obvious truth. What is not so obvious are the criteria by which to judge right from wrong exaltation from reproach.

"Every nation today is under judgment for its social, political, and commercial decisions. But what are the criteria by which these judgments are made? The uncertain criteria of the moving vessel of history, or the eternal ground of all being?"

"A contemporary theologian says that the stance of a Christian who would understand what is going on in the world is that of a man with a daily newspaper in one hand and the Bible in the other.

"National sin and national righteousness without this double perspective is a tricky judgment. "Only God is immovable and external — and He is the standard under which all of us are judged. He exalts and reproaches, for He is Lord both of the Bible and of all history."

PATTERNS FOR PROGRESS

RAW MATERIALS

. . . direct step in industrial development

Many industries locate near the raw materials used by them and are seen throughout the WTU service area. One example, pictured above, is the carbon black plant of United Carbon Company at Shamrock.

This flourishing petrochemical plant has become an important addition to the economy of this Texas Panhandle town. Such development anywhere creates new jobs, brings more payrolls, and adds many other advantages such as helping to provide new schools like the one pictured left.

Again, here is a PATTERN FOR PROGRESS.

In Texas the annual value of raw materials produced is \$700 per capita, while the value added by manufacture is only \$600. Contrast this with the highly industrialized state of Ohio. There the annual value of raw materials produced is \$125 per capita, while the value added by manufacture is \$1330.

Thus, as these figures show, additional processing of raw materials is the most direct way to sound industrial development. Communities seeking new industry will find that an assessment of local raw materials is the vital first step.
