HOME TOWN Talk

By R. C. THOMAS

There is so much going on in Winters and North Runnels County these days it is difficult to keep all happenings in their proper slots.

For instance, one evening last week: We were scheduled to show up at a meeting of the board of directors of the North Runnels Water Supply Corporation. The meeting was supposed to be held in the office of the Chamber of Commerce, we thought, and at 7:30, we thought again. Waited, and no one showed up; decided that perhaps we had thought wrong, and the meeting was being held in the Community Center.

Went up there, and sure enough, there was a meeting going on—convened at 7:30—and we hung around a minute or two—before we discovered that it was a board meeting, all right, but it was the board of directors of Elm Creek Water Control District.

Hurried back to the Chamber of Commerce office, and found that in our brief absence, people had started gathering. Stood around a bit, listening to talk about the ways of the boll weevil. Again! We figured we'd missed, and had shown up at the wrong meeting on the wrong day. But LaDell Davis, president of the North Runnels Water Supply Corporation, grabbed an arm as we were about to exit the door and quickly explained that this was the right place, that the Water Corporation Board was about to meet—at 8 p. m.—and that they had merely been talking about a boll weevil meeting which had been held at Wingate the night before.

... which we missed somehow. Some of these days, there's a danger that we'll take a picture at a boll weevil meeting, write under the picture that these are the people who are working to bring water to the rural areas, and then in an accompanying article tell all about the board trying to build dams on the creek. Life gets tedious.

Come to think about it, there are so many boards and committees working right now on projects important to the future progress of the entire community, that if each decided to meet on the same night, it would be a mass confusion—and most of the wives of the community would be sitting at home alone. There are so many cross-assignments and overlapping memberships that a member would be hard put to decide which way to jump. And such a combined meeting would have to be held at the football stadium. These are the people we talk about when we say, "Why don't THEY do something!" They are the THEY.

This is a good sign, however. It is a sign of a community's people anxious to get things done—a people getting things done. Doing for themselves—growing, not going—instead of sitting back and demanding. "Here we are, do something for us!" If every person now on these many boards and committees got to stay home every night of the week for several weeks, the entire community would sink into oblivion. Un-doing and un-heard from, we would soon become just a bunch of individuals and families who happen to live in the same locality. The way it is, we are a community, with several goals and yet only a single goal.

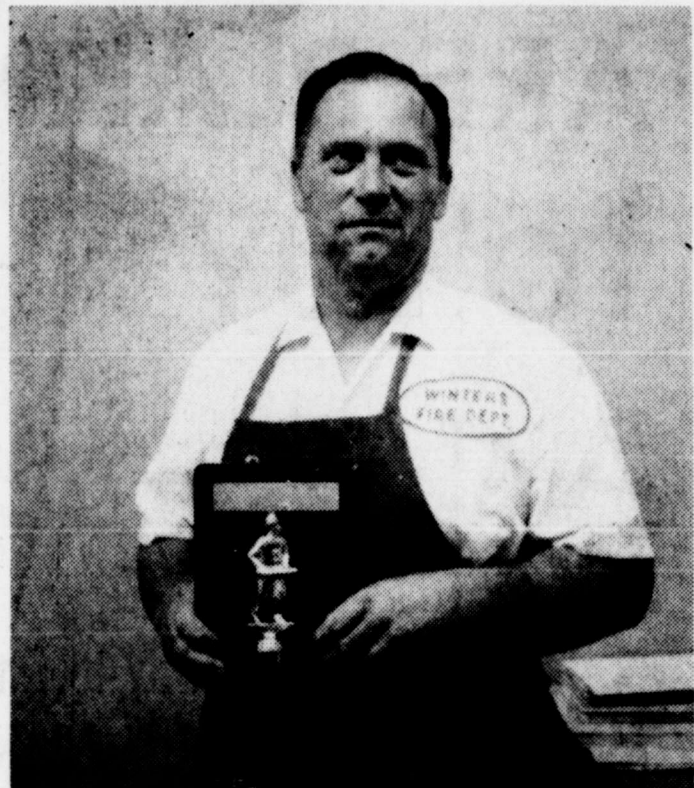

From The Bull-Editin, published sometimes by the Anson Lions Club: "Knowing how to do the other man's job at the expense of knowing no more about our own jobs is a dangerous practice."

And: "Don't you hate the gossip and talk of a small town?" (Continued on page 8)

FIREMAN—Carson Easterly, who has been a member of the Winters Volunteer Firemen for 20 years, was named "Fireman of the Year" at the recent Firemen's Barbecue recently. Easterly, presently co-captain of Engine Company No. 2, is a past president of the Firemen. He has lived in Winters since 1947, and has operated a garage. Recently he purchased the Ideal Laundry. (Staff Photo)

Blizzards Whip Comanche In Early Practice; Much Conditioning Needed

Several months inactivity—away from football—punctuated by only a few short days of body contact workouts, definitely showed on the Winters High School Blizzards in a pre-season practice scrimmage session against Comanche Friday night, and the Big Blue team without question has an uphill climb toward smoother performance before they meet Clyde in the regular season's opener September 8.

All-in-all, however, things are not that bleak for the Blizzards, who, along with other state teams, have been prevented from longer padded workouts. Comanche looked just as rusty. But Coach Chili Black and his staff are well pleased with the Blizzards' Friday night performance, taking all things into account.

In spite of the fact that the rustiness showed, the Blizzards gave the Comanches quite a drubbing, crossing for four definite touchdowns and having two called back because of rule infractions, while holding their erstwhile district mates to zero crossings and almost zero yardage.

There seemed to be no lack of spirit Friday night, just a bit of un-sureness on the grass—everybody seemed interested in getting a piece of the action and were reluctant to stand on the sidelines for very long at a time.

Oscar Torres, slated to run the Blizzards offense this year from the quarterback slot, seemed balanced and sure of himself.

Will Organize Cub Scout Pack September 5th

An organizational meeting for all boys wishing to take part in the Cub Scout program, and their parents, will be held in the Fellowship Hall of the First United Methodist Church Tuesday, September 5.

Jack Crider of the Chisholm Trail Council, Abilene, will attend the meeting and assist in planning for the year's program, which will begin October 3.

All boys, 8, 9 and 10 years old, are eligible for the Cub Scout program. A boy who will be eight years old later in the year may join on his birthday.

Membership fees are \$2.00 per year. These fees are paid to the Chisholm Trail Council, and boys pay 10 cents per week dues to be used by Den Mothers to purchase material for crafts.

Cub Scout leaders are expecting a larger number of boys in the program this year, and are seeking volunteers to serve as Den Mothers. There were only two Dens, with about 15 boys and only two Den Mothers, last year, and more volunteers are needed.

Mothers of boys in the program who would like to volunteer to help in this program are asked to call Mrs. Waco Reynolds, 754-4045 or Mrs. Michael Connor, 754-5028, or contact Joe Stevens, Cub Scoutmaster.

Winters School Enrollment Up In Second Week

The second week of the 1972-73 school year for Winters Public Schools saw a slight increase in enrollment over the first day's figures, according to figures released Monday afternoon by administrators.

Enrollment always is expected to grow during the first two or three weeks of school, administrators said, due to late vacations and seasonal work. Enrollment number is not expected to settle to more or less concrete figures for some time, it was explained.

Enrollment for the first day of school showed 607 for the primary and elementary grades, and 312 for high school, (610 and 295 last year). Monday of this week, there were 623 enrolled in primary and elementary grades, and 320 in high school.

Elm Creek Flood Damage Evidence Being Received

W. M. Hays, chairman of the board of Elm Creek Water Control District, said this week he has received several written reports spelling out damage experienced from floods on Elm Creek and its tributaries through the years.

The district board has asked all residents of the area to compile evidence of such damage for presentation at the public hearing September 12 before the State Water and Soil Conservation Board. The board will tour the area and then hold a hearing at the Winters Community Center to determine the feasibility and need of a flood-water retarding project for the Elm Creek watershed.

Findings and decision of the board will determine the future of the Elm Creek Water Control District, in the proposal to build structures.

Hays says that it is imperative that residents of the area involved present damage evidence and to attend the public hearing.

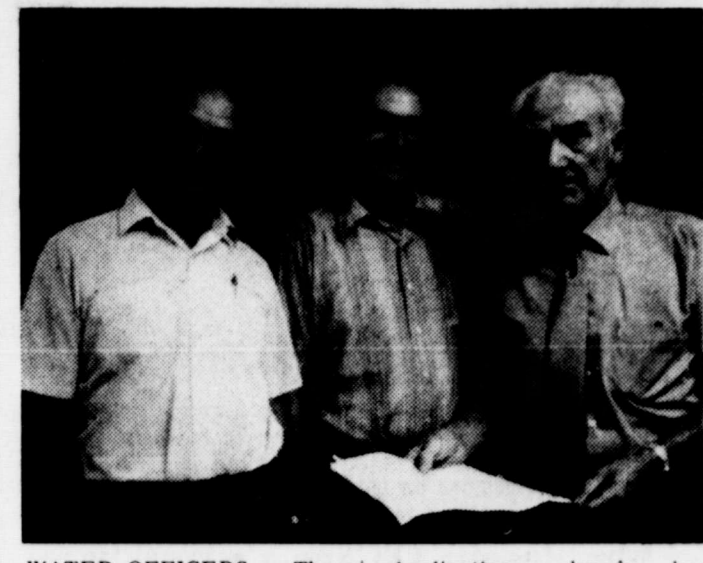

Bank Personnel Take Part In AIB Week

This week—August 28-Sept. 1—is American Institute of Banking Week, and personnel of the Winters State Bank, who are participating in the educational program, will help note the special observance.

American Institute of Banking is the educational section of the American Bankers Association and is the largest adult organization of its kind in the world, comprised of 220,077 members. The Winters State Bank is a member of the Abilene Chapter, which was organized in 1955, and has a potential membership of more than 800 bankers. Woodrow F. Watts, president of the Winters bank, helped organize the Abilene Chapter and is a charter member of the organization.

ABCD Tourney At Country Club On Labor Day

Winters Country Club will sponsor a Labor Day ABCD golf tournament Monday, Sept. 4.
Golfers are asked to register at 9 a. m. with tee off scheduled for 10. Players will play nine holes in the morning, and following a covered dish lunch at noon will play another nine holes.
All golfers, members of the Country Club or non-members, are invited to participate in this Labor Day tournament.

WATER OFFICERS—These area men are officers of the recently-incorporated North Runnels Water Supply Corporation, which is in process of applying for loans and grants to build a water distribution system in North Runnels County to supply water to most all rural residents. Morris Robinson, left, is secretary-treasurer; Sam Fabuon, vice president; and LaDell Davis, right, is president.

In a meeting last week, the board of directors set September 30 as the final sign-up date for membership in the North Runnels Water Supply Corporation. With 408 members already signed up, the group has set a goal of 500 members (or outlets) before the deadline.

Many Screwworm Cases Reported In Runnels County As Air Drop Stopped

Reports of screwworm infestations in livestock in Runnels County are continuing to come in at an alarming rate, according to the county agriculture agent's office, as announcement was made of the discontinuance of aerial drops of sterile male flies in the area.

Warren Mitchell, assistant county agent, said Tuesday morning that his office has been receiving an average of three reports daily of positive identification. Throughout the state, he said, there have been 50,000 confirmed cases, with about 1,000 cases reported daily.

Mitchell said the State agency conducting the fight against the screwworm has discontinued aerial drops of sterile male flies in this area, and have "fallen back to the freeze line" in South Texas, where a concentrated effort is being made to control the flies. It is hoped, he said, that cases in this area can be kept under control, and that a cold winter will assist in killing the screwworm fly.

If infestation continues to grow in this area, the assistant county agent said, and an epidemic is pending, perhaps the State agency will come back into the area. Only time and results of local control action will tell, he said.

Livestock owners have been cautioned to treat all open wounds on stock, and to hold operations to a minimum where possible. Also suspected cases should be checked daily, and specimens collected and forwarded to the county agent's office for confirmation. Most stockmen have specimen bottles or they may be obtained from the agent's office.

Milo Yield Good As Combines Run

Harvest of this year's milo crop in North Runnels hit "full swing" this week, with yield averages better than had been expected, according to grain men.

As prices stayed at \$2.15 per hundred locally, one operator reported an average acreage yield of 1800 pounds, with "early" and "late" milo cut for averaging. One acreage reported by this farmer yielded 2800 pounds per acre.

Bug damage, especially in the early-planted milo, was considerable, but North Runnels average yield is running about 1500 pounds, with quality of grain good, dry, and heavy bushel weights. Showers in the area during the past few days have been scattered, and have not caused hoodup of combining to a great extent.

Chamber To Give \$50 For First Bale of Cotton

The Winters Chamber of Commerce again will offer a \$50 premium to the grower of the first bale of 1972 cotton to be brought in to the Winters Warehouse from a North Runnels gin. Mrs. Emma Marks, manager-secretary, said this week.

The 1972 cotton crop is just beginning to open in a few areas of North Runnels, and it will be at least three weeks or possibly longer before any defoliating is done in the area. Even then, it probably will be some weeks before defoliating is done to any extent in this area, according to growers. Also, many growers will wait for a frost to defoliate. There may be some cotton hand-gathered again this year, but no reports have been received.

Boll Weevil Plan Assured For Area

With cotton farmers in most sections of North Runnels eagerly joining in the fight against the cotton boll weevil, the diapause program to control the pest before next year is assured for this area, spokesmen for the Runnels County agriculture agent's office said Tuesday.

September 1 had been set as the deadline for signing up for the program, and several communities to be included in the program had been included almost one hundred percent. Warren Mitchell of the county agriculture agent's office said.

The proposed area will include most of North Runnels, into South Taylor County. The Wingate community is practically 100 percent covered, and the Wilmet community is not far behind, it was stated. The Drasco-Pumphrey communities are almost fully covered, and work was being completed this week to finish canvas of the Bradshaw, and Tuscola areas, which were expected to be completely covered.

Workers were canvassing the Crews community, and expected that area to be included in the kill-out program. There was some doubt Tuesday morning of an overall coverage of the section just east and south of Winters, but workers felt that most in that area possibly would be included before the drive was completed.

The goal of the Runnels Area Boll Weevil Association is from 37,500 to 40,000 acres for this program, the county agent's office said. The State will provide matching funds for this program, and \$50,000 has been allotted, it was stated. Already, \$35,950 had been collected from cotton farmers in the area joining the fight. Assessment to farmers has been set at \$2.78 per acre on this year's cotton crop.

Spraying planned will be of no value to this year's crop, it was stated, but is expected to kill out the boll weevil before hibernation or diapause. Three sprayings are required, with the first spraying to begin about the middle of September and repeated at ten-day intervals. The assessment from cotton farmers, plus the matching funds from the state, are expected to pay for two of the sprayings; the third and last spraying will be at the expense of the individual farmers, the county agent pointed out.

To be included in the state matching fund program, an area must have a minimum number of acres signed up, it was stated. A "patchwork" system of spraying would not be satisfactory, according to agriculturists.

Aerial spraying is being planned, with a cost-per-acre of \$1.32 for each application. When the film, produced by the Texas Aeronautics Commission, was shown by Dr. T. L. Russell, who explained that with Winters industrial growth, and with its more air traffic into Winters, a more adequate airport would be desirable as a project for the entire community, together with other progressive developments now in progress here.

Homecoming At Drasco Planned For Labor Day

The annual Drasco Homecoming will be held at the Winters Community Center Labor Day, Monday, Sept. 4.

A basket lunch will be served at noon, with a program planned for the afternoon.

All residents, former residents and friends are invited to attend.

Friday Last Day For Purchase of Season Tickets

Friday, September 1, is the last day football fans will be able to get season reserved seat football tickets at reduced prices.
J. B. Smith, school business manager, said there still are plenty of good seats available for all home games.
Fans can save money by purchasing a book of reserved seat tickets for the season. Season tickets sell for \$1.50 per game; pre-game single tickets will be \$1.75 sold each week prior to the game, with at-gate purchase \$2.00.
Tickets may be purchased at the school business office, in the Vocational Agriculture Building, between 8 a. m. and 4 p. m.

Lanny Bahlman New Employee At Winters Bank

Lanny Bahlman, son of Mr. and Mrs. J. W. Bahlman, is a new employee at the Winters State Bank, and started a period of training Friday, Sept. 1.

Bahlman received his bachelor of business administration degree in finance from the University of Texas at Austin after the recent summer session.

He is married to the former Connie Jean Peacock of Dallas.

Special Hospital Equipment Fund Reaches \$64,869

Contributions and pledges to the special Equipment Fund for the new North Runnels Hospital have reached \$64,869.50, with latest contributions and memorials announced this week.

Ted Meyer, chairman of the special citizens' committee organized to raise funds to purchase equipment for the hospital, which is now under construction, said most of the pledges have already been honored, and all funds are invested in Certificates of Deposit, on interest.

Previously acknowledged \$64,809.50

In memory of Mrs. McConaty (Mother of Mrs. Wade White)	20.00
Mrs. Birdie Worthington	25.00
In memory of Mrs. Ernest Henslee	10.00
TOTAL	\$64,869.50

More Openings In Day Care Center At Winters School
There still is room for several children in the Day Care Center being operated by the Winters School District this year, it was announced this week.
The Center is limited to 20 children, and eleven have been enrolled.
To be eligible for the Day Care Center, children must be four years old, and parents must meet Federal financial guidelines. The Center is being operated for the convenience of working mothers.
Mrs. Randy Lodermark and Mrs. Hirminia Castro are in charge of the Center.
The Center is being operated at no expense to the Winters School District; the school provides only space. All expenses are provided from the Office of Equal Opportunity through the Winters Community Action Agency.
Information on enrollment of children may be obtained at the Winters School Business Office during regular office hours.

Attended Wedding Of Granddaughter

Mrs. Ethel Hantsche attended the wedding of her granddaughter, Margret Elizabeth Smith, and Mr. Aaron Hamilton, Saturday, August 26, in San Angelo. The Rev. H. Denton officiated. Attendants were Debbie Graves and Kelly Jackson.

Mr. and Mrs. Hamilton are both graduates of Central High School in San Angelo.

She is presently enrolled in Jean's School of Beauty, and he is employed at Monarch Tile Co.

They will make their home at 1125 East 23rd in San Angelo.

CARD OF THANKS

We desire to express to our kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy. The beautiful floral offerings were especially appreciated. We extend special thanks to Dr. Rives and the staff of Merrill Nursing Home. —The Children and Grandchildren of Mrs. P. C. Davis. ltp

PROCLAMATION

WHEREAS: The American Institute of Banking, which is the educational section of the American Bankers Association, is the largest adult organization of its kind in the world comprised of 230,007 members; and

WHEREAS: During the week of August 28 through September 1 the Abilene Chapter will begin its Fall Educational Classes, following its membership and enrollment campaign.

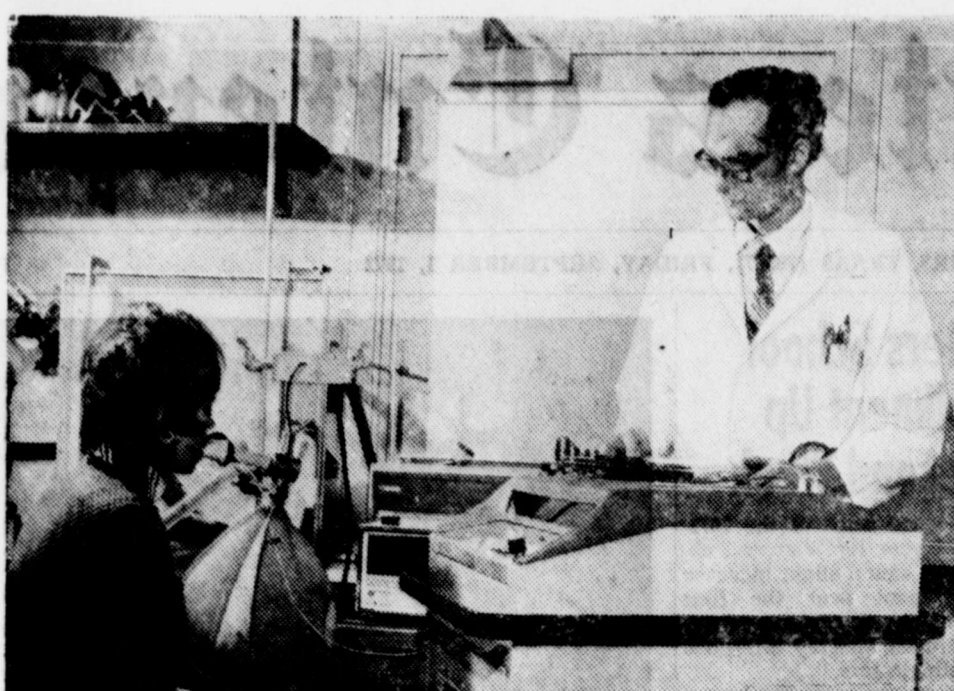

NOW, THEREFORE, I Wade W. White, as Mayor of the City of Winters, do hereby proclaim the week of August 28, 1972, as American Institute of Banking Week in Winters, Texas.

WADE W. WHITE, Mayor, City of Winters, Texas.

C-C Directors To Meet Next Thursday

Because of the Labor Day holiday next Monday, the regular meeting of the board of directors of the Winters Chamber of Commerce has been changed to Thursday, Sept. 7, at 5:15 p. m., instead of Tuesday.

All members of the board are urged to be present to discuss plans for the coming months.

MEDICAL ADVANCE is a by-product of the space program. Automatic mobile gas analyzer, tested by NASA Dr. Harold Newball and volunteer patient, measures composition of air breathed in and out in treating respiratory ailments. It developed from research on composition of the earth's atmosphere.

Mrs. Juanita O'Connor's Weekly Home Demonstration Agent's Column

Labor Day Outings

Like a "Last Chance" service station before crossing an open desert, Labor Day signals about the last opportunity for a family outing before school starts and bright summer colors change to rich autumn hues.

For your "last chance" summer outing, treat your family to something delicious and satisfying like Turkey Bunwiches. Turkey is among the foods reported plentiful and bunwiches are easy to prepare and can be made in advance to take along on picnics for heating on a charcoal grill.

Turkey Bunwiches

- 1-2 cup mayonnaise
- 1-2 cup diced celery
- 1-2 cup diced cheddar cheese
- 2 hard-cooked eggs, chopped
- Butter or margarine
- 2 cups coarsely-diced cooked turkey

- 2 T. chopped chives or onion
- 1 tsp. chopped pimiento
- salt and pepper, to taste
- 6 hamburger buns

Combine turkey, celery, chives, cheese, pimiento and eggs. Add mayonnaise and season with salt and pepper. Slice top off each bun and scoop out center. Butter hollows and tops. Fill hollows with turkey mixture. Replace bun tops and wrap each sandwich in foil. (Store in ice chest or cool place if you're going on a picnic). Heat at 400 degrees in an oven for 15 to 20 minutes. (Or place on outdoor grill for same amount of time being careful not to burn foil. Turn to heat both sides). Garnish top of each bun with olive, pickle, and carrot curl and then spear with a toothpick. Makes 6 buns.

For a Labor Day backyard get-together, try "Tasty Turkey Salad."

- 3 cups cooked turkey
- 1-2 cup chopped walnuts
- 1-2 cup chow chow mustard pickles
- 1-4 cup French dressing
- 3-4 cup mayonnaise
- 2 cups finely diced celery
- 1-2 cup blanched slivered almonds
- 1 tablespoon grated onion
- 1 tablespoon vinegar

Combine turkey, diced celery, slivered almonds, walnuts and chow chow mustard pickles. For seasoning, add grated onion, and vinegar with salt and pepper to taste. Mix well and toss lightly with French dressing. Refrigerate mixture in covered dish for about 2 hours. Then just before serving, stir in mayonnaise. Serve on bed of shredded crisp lettuce with hard cooked egg and ripe olive garnish.

As a figure of speech the word "turkey" can have a variety of meanings. When we speak frankly, we "talk turkey." Three strikes in a row is called "Irish turkey."

But as a main dish the word "turkey" can have only one meaning with limitless adjectives — "delicious" — "Scrumptious"

Robin Middleton Received Master's Degree From ETSU

Robin W. Middleton, 706 College Oaks, Arlington, son of Mr. and Mrs. Weldon Middleton of Winters, received a master of science degree from East Texas State University in Commerce, at their record-setting summer commencement exercises Friday evening, August 18.

Middleton's major field is chemistry. He is a 1964 graduate of Winters High School, and is also a graduate of McMurry College in Abilene.

He and his wife, Jane, are employed by the Arlington Public Schools.

Henry Roberts Of Ovalo Died In Winters Saturday

Henry P. Roberts, 89, of Ovalo, a retired rancher, died at 3:20 p. m. Saturday in Merrill's Nursing Home in Winters, following an illness of several months.

Funeral services were held at 10 a. m. Monday at the First Baptist Church in Ovalo, with the Rev. H. B. Terry, pastor of the Temple Baptist Church in Abilene, and the Rev. George Caffey, pastor, officiating.

Burial was in McBee Cemetery east of Ovalo, under direction of Fry Funeral Home in Tuscola.

Mr. Roberts was born October 11, 1882, in Alabama. He moved to Texas with his parents, the late Mr. and Mrs. Nathan Roberts, in 1892.

He married Fannie Ethel Tucker, Aug. 4, 1904, at Lawn. He ranched in Taylor County most of his life. He was president of the board of directors of Taylor Electric Co-Op in Merkel for a number of years.

Mr. Roberts was a charter member of the Ovalo Baptist Church.

Survivors are his wife, Mrs. Fannie Roberts of Ovalo; one son, Alton of Ovalo; two grandsons; four great-grandchildren; one sister, Mrs. Virgil Riddle of Ovalo; two brothers, Bill of Tuscola and Thomas E. of Abilene; several nieces and nephews.

He was preceded in death by one son, Ralph, in 1931.

Pallbearers were C. W. Smith, Stanley Boulter, Bud Hicks, J. W. Allmond, Mac Sayles, G. C. Cross and Wesley Best.

Honored Saturday With Luncheon At Huffman House

Miss Sue Hoppe was honored Saturday noon at the Huffman House with a luncheon. Miss Hoppe and Mr. Bob Prewit were married Saturday evening.

Hosts for the luncheon were Mrs. W. B. Hoppe and her daughter, Joan, of Ballinger.

Special guests were the bride-elect, her mother, Mrs. Glenn Hoppe, and the bridegroom's mother, Mrs. E. E. Prewit.

Also present were members of the wedding house party and attendants for the wedding, Mrs. Joel Butts, Mrs. Carl Prewit of Portland, Mrs. Charles Prewit and Amy of Irving, Miss Carla Walker of Abilene, Miss Lisa Bedford of Winters, Mrs. Don Trott of Austin, Sharon Heyman of Menard, and Mrs. Allen Andrae, and the hostesses, Mrs. Hoppe and Joan.

The bride's table was decorated with the bride's chosen colors of yellow and white with an arrangement of yellow daisies.

Sub Deb Club Meeting Monday

The Sub Deb Club met at the home of Kathy Hope Monday night, elected Mrs. Betty Pinkerton as a sponsor. A cake sale also was discussed.

Members present were Brenda Blackerby, Lea Mostad, Jessie Waldrop, Lou Ann Cole, Landa Walker, Gayla Springer, Carla Brown, Cheryl Whitlow, Cindy Wolford, Cathy Schwartz, Kim Miles, Lise Nell Brown, Tanya Whitlow, Cindy Seals, Doris Waldrop, Debra Kruse and Mrs. Pinkerton.

COUNTY AGENT PARKER'S COLUMN

Crepe Myrtle For All-Around Beauty

The easy-to-care-for crepe myrtle is becoming a popular plant around the state. In fact, it's the official "beautification tree" of many towns and cities.

Few plants offer as much beauty for so little care, says County Agricultural Agent C. T. Parker, Jr. Large spikes of brightly-colored flowers cover the plant for long periods of time, even during the hot Texas summer. The blooms come in shades of purple, lavender, pink, red and white plus many variations.

The new dwarf varieties offer much versatility. These smaller plants are often used in mass plantings as well as in areas where larger plants are not appropriate. Heavy pruning during the winter causes these dwarfs to bloom even more profusely.

The beauty of the tree-type crepe myrtle is not limited to its "flowers". Its trunk has an almost sculptural quality after the tree is several years old. This is especially apparent during the winter when its branches are bare. Thus, limiting pruning to only the small branches allows the structure to develop and become more apparent.

In some areas of Texas these attractive forms give an added bonus in the form of excellent fall leaf color. In the Panhandle area, they sometimes freeze to the ground in the winter, but come up from the roots the following spring and provide their usual colorful summer blooms. Although adaptable to a wide assortment of conditions, crepe myrtles do best in sunny locations with good, well-drained soil.

By applying a complete fertilizer annually, the plant will grow faster and bloom more. However, there may be little or no blooming if planted in shady places.

These versatile crepe myrtles are easily propagated from cuttings taken in early winter. These cuttings should be placed in a moist media to root. Transplanting is easy and presents no special problems. Although the larger specimens should be dormant when moved, nursery-grown plants can be moved anytime if handled properly.

Powdery mildew is probably the worst pest of these plants, notes Parker. This disease is usually reduced if the plant is located in a sunny area. Powdery mildew can be controlled by spraying with Actidione PM or Benomyl.

New and improved varieties of crepe myrtle are sought through research. Much is being done to develop plants having more vigor, faster growth, larger mature sizes and powdery mildew resistance. Many consider crepe myrtles to be nearly ideal plants, so improved varieties should be even more valuable, he said.

CAPITOL HIT BY STORM

Tornado winds raked the state capitol grounds August 22 ripping several giant elm trees out of the ground, roots and all, and smashing several windows in the capitol building itself. Tourists were sent scurrying from the first floor rotunda of the building when shattered glass from windows in the dome 260 feet above, came showering down along with a mini-deluge of rainwater.

Capitol employees had windows repaired and the rotunda cleaned of glass and water by the following day, but several days were required to clear debris from shattered trees from the capitol grounds. Fortunately, there were no injuries.

"Diamonds Are Forever"

Sean Connery is James Bond. After a brief one picture absence Connery packs his Walther PPK 38 pistol into his shoulder holster for the sixth time, as he sets out on the trail of a fortune in smuggled gems that fail to reach the black market, in "Diamonds Are Forever." The picture will show Friday, Saturday and Sunday at the State Theatre.

Surrounded as usual by a bevy of luscious and lethal beauties, James Bond shares the action, both amatory and predatory.

with two gorgeous female co-stars, red-haired Jill St. John and brunette Lana Wood, the 25-year-old bountifully endowed younger sister of Natalie Wood. Jill plays Tiffany Case ("I was born there. On the first floor where my mother was looking for a wedding ring.") Lana Wood portrays the casino camp follower, Plenty O'Toole, who samples highballs and h-jinks with 007.

"Diamonds Are Forever" is the seventh in the fabulously successful series of entertainments based on Ian Fleming's supercool hero James Bond and produced by Albert R. Broccoli and Harry Saltzman for release by United Artists, an entertainment service of Transamerica Corporation.

... And the Recall Department Is Just Around the Corner

Austin, Tex. — Lt. Governor-elect Bill Hobby called for an era of "getting together and working together to solve Texas' problems" at his fund raising dinner in Austin.

"We have been through some of the most turbulent campaigns in our recent history — campaigns that left some wounds," he stressed.

"We need to see to it that those wounds heal without leaving scars."
"State governments are resuming their roles as vital members of the federal-state partnership," Hobby added. "Our federal system cannot work unless the states and the local governments perform their functions responsibly and effectively."

Hobby told the audience of Democratic leaders that Texas has something to give the nation—simple virtues of courtesy and neighborliness.
He talked of the "new mood now running at tidal proportions throughout the state," and said he believed the entire nation could find hope and an example here in Texas.
"Only history will record whether or not Texans invested the conscience, the commitment and the effort to create a humane and just society in our state," Hobby concluded.

LABOR DAY DEATHS PREDICTED

Col. Wilson E. Speir, director of the Texas Department of Public Safety, estimates that statewide traffic accidents over the 78-hour Labor Day Weekend will claim 48 lives.

The Labor Day holiday, as designated by the National Safety Council, extends from 6 p. m. Friday, September 1, to midnight Monday, September 4.
At the close of the Labor Day period last year, a DPS tabulation revealed 41 persons had died in 34 traffic accidents in the state. Late deaths pushed the toll to 43 persons killed in 36 accidents.

Speir said the DPS and local law enforcement agencies will be taking all possible steps to reduce the holiday death toll. A special "Operation Motorcade" will be in progress over the Labor Day weekend and tabulations on rural and urban fatal accidents will be reported to the news media of Texas three times daily.
As is customary on major holidays, says Speir, all available highway patrolmen will be placed on duty throughout the state. They will make full use of radar and breath testing instruments in an effort to curtail the major cause of fatal accidents—excessive speed and drunk driving.

Joining law enforcement officers in the effort to reduce loss of lives during the holiday period will be about 500 Texas National Guardsmen who will operate jeep patrols to assist motorists and to ride partners with DPS patrolmen.

The guardsmen, all volunteers, will concentrate their efforts in 107 Texas counties in far east, central and south Texas.

Speaking of "Operation Motorcade," Colonel Speir said, "these educational and enforcement programs will have an impact, but a great deal of the

ACME AUTOS

nutrition programs and related services, as well as additional programs for the elderly as they develop. Selected as target areas were the counties of Harris, Jefferson, Orange, Bexar, Dallas, Tarrant, Travis, El Paso, McLennan, Nueces, Hidalgo and Cameron. The areas were selected according to numbers of persons 65 and older, numbers of elderly below the poverty level and proportions of minority groups.

A NOTE FROM THE HUNTER

Recent action by the Texas Parks and Wildlife Commission requires that any portion of the meat from a deer kill given to a fellow hunter must have a note signed by the hunter making the kill with his name, address, hunting license number and the date and location of the kill.
Game management officers believe the requirement will insure that deer are harvested legally and identified as such—regardless of how many different people get the meat.

A BOWL OF RED, TEXAS STYLE

Strange and wonderful odors—some just strange—will rise above the cooking pots of contestants at the Third Annual Republic of Texas Chilympiad festival in San Marcos, September 20 to October 1.
The chili cook-off is recognized as the official Texas competition by the Chili Apprecia-

SIGNS OF THE TIMES

Texas Highway Department has joined a nationwide symbol sign program to bring all highway signing into conformance with the so-called international sign program used in many other nations.

Richard Oliver, traffic engineer for the State Highway Department, recently reported to the Governor's Traffic Safety Committee that the more important regulatory signs such as "Yield," "Do Not Enter" and "Wrong Way" are now being installed at critical locations, while other signs are being changed over on a maintenance replacement basis.

He explained the target date for full compliance with the National Manual on Uniform Traffic Control Devices is January, 1977. Full compliance with the National Manual is expected to cost the State of Texas \$6 million for sign installation over the five-year period. Other costs will include \$4.5 million for conversion of highway markings and \$250,000 for installation of traffic signals.

"A folder describing the signs and new pavement markings is in preparation," said Oliver.

AGING TARGET AREAS ESTABLISHED

The Governor's Committee on Aging has approved 10 urban target areas for establishment of Area Agencies on Aging. Rural areas will be designated soon.
The Area Agencies on Aging will provide the governor's committee with planning for federal

tion Society International and the three-day event will determine a champ chili cooker to represent Texas at the world championship competition later this year.

This year's activities include an appearance by the Confederate Air Force, a Haringen-based collection of World War II vintage aircraft. This year's Chilympiad is dedicated to the 25th anniversary of the United States Air Force.

SHORT SNORTS

Gov. Preston Smith has named Dr. Philip C. Johnson Jr. of Waco and Frank L. Paschal Jr. of Fort Worth to the Radiation Advisory Board for six-year terms.

The Governor does not have the constitutional authority to transfer funds appropriated by the Legislature to another agency, Atty. Gen. Crawford Martin has ruled.

MRS. LARRY BOB PREWIT

Sue Hoppe, Larry Bob Prewit Were Married Here Saturday Evening

Miss Sue Hoppe became the bride of Larry Bob Prewit Saturday in St. John's Lutheran Church. The Rev. Walter Probst, pastor of the church, officiated.

Parents of the bride are Mr. and Mrs. Glenn Hoppe Sr., and Mr. and Mrs. E. E. Prewit are parents of the bridegroom.

Providing wedding music were Mrs. Joel Butts, organist, and Mrs. Carl Prewit of Portland, soloist.

Miss Joan Hoppe of Ballinger registered guests.

Serving as her sister's matron of honor was Mrs. Allen Andrae. Sharon Heyman of Menard was bridesmaid. Flower girl was Amy Prewit of Irving.

Attendants' dresses were of yellow dotted swiss and yellow mirlamist. They carried daisy nosegays.

The bride wore a Chantilly lace retrimmed gown featuring tiny seed pearls and crystal beads on the bodice with a

chiffon skirt, victorian collar and shepherdess sleeves.

Dan Trott of Austin was best man, and Glenn Hoppe Jr., brother of the bride, was groomsmen. Ushers and candlelighters were Carl Prewit of Portland and Allen Andrae of Winters.

A reception in the church fellowship hall followed the ceremony.

Mrs. Prewit is a graduate of San Angelo University, where she received her associate degree of science in nursing. She is employed by Baylor University Medical Center in Dallas.

The bridegroom is a graduate of Baylor University Medical Center Radiological School in Dallas. Both Mr. and Mrs. Prewit are graduates of Winters High School.

They will make their home at 7231 Ferguson Rd., Apt. 1204, Dallas.

The bridegroom's parents were hosts for the rehearsal dinner.

Mrs. Juanita O'Connor's Weekly Home Demonstration Agent's Column

Tasty Sandwiches:

Homemaker's best friend? Probably many a busy little lady this time of year will vote for that all-time summer favorite, the sandwich.

According to Webster, the definition of a sandwich is "two slices of bread usually buttered and having a layer, as of meat, cheese or savory mixture, spread between them."

But to an overworked mother, a sandwich is probably a quick, wholesome meal in a hurry for her hungry youngsters and a satisfying light meal or between-meal snack for Dad.

August is Sandwich Month, appropriately enough, since this is the time of year when most of us look for something light and refreshing in the food line. The "in-between" of course, is just as important as the bread slices in developing tasty sandwich fare.

Chicken Salad Sandwiches—Ladies' Choice

- 1-1/2 cups diced, cooked chicken
- 2-3 cup mayonnaise
- 1-2 cup chopped celery
- 1-2 cup green tart apple
- 1-4 cup French dressing
- 1-2 tsp. salt
- Dash of pepper
- 1 8 oz. can date-nut bread
- 12 lettuce leaves
- 24 mandarin orange slices
- 24 green-skinned apple wedges

12 maraschino cherry halves
Cut the bread into 12 slices. Butter one side of the bread slices. Combine the chicken, mayonnaise, celery, 1-2 cup of apple, French dressing, salt and pepper.
Top each bread slice with a

crisp lettuce leaf and a layer of the chicken mixture. Then fashion 2 mandarin orange sections and 2 apple wedges, alternately into a fan design on top of the chicken mixture. Garnish with a cherry half. Allow 2 per serving.

Submarine Sandwich

- 2 T. butter
- 1 large onion, chopped
- 1 clove garlic, minced
- 1-4 tsp. oregano
- 2 tsp. chili powder
- 1 cup beef broth or consommé
- 1 can (7 3/4-oz.) salmon
- 2 T. flour

In a saucepan melt butter. In it cook onion and garlic over low heat for 10 minutes, or until onion is tender. Add oregano.

Mix in flour and chili powder. Gradually stir in beef broth and bring to a boil, stirring. Add liquid from can of salmon and cook over low heat for 10 minutes. Keep hot.

Cut 4 deep holes 2 inches in diameter, almost bottom crust, in a 12-to-13 inch loaf of French bread. Reserve CUT outs. Flake salmon and mix with 1-2 cup of the chili sauce. Fill holes with this mixture. Wrap loaf in foil and heat in pre-heated 400 degree F. oven for 20 minutes. Unwrap and garnish with reserved cut-outs topped with cherry tomato and slice of dill pickle on a wooden pick. Serve remaining sauce on side. Serves four.

A special election is set for September 16 in District 46, Place 3 of Brooks, Cameron, Kenedy, and Willacy counties to select a successor to Rep. J. A. Garcia Jr. of Raymondville who resigned.

WASHINGTON

"As it looks from here"

OMAR BURLESON

Congressman
17th District

WASHINGTON, D. C. — Remember that part of the little limerick which goes something like this: "It's either too cold or it's either too hot; we are always wanting what is not." It was meant to suggest that some people constantly complain and are never happy with anything.

In this political year the weather might be about the most noncontroversial subject.

On the other hand there is always a good chance of finding argument, even about the weather.

Jokingly some people will say, "send us a rain from Washington." Actually it is fortunate for the Country that the weather is

a product of natural forces or sublime direction rather than the work of a committee of Congress. If the Congress should engage in arguments over whether we should have dry weather, wet weather, partly cloudy or clear, some Member would opt for something else and maybe unintentionally bring a tornado or a hurricane in some part of the Country other than that which he represents. There would be the difference in those parts of the Country favoring crops and that part favoring grazing or forestry, or that part which irrigates or non-irrigates. Then there would always be the danger of a filibuster

in the Senate resulting in no weather at all. There would always be the politician getting out a press release claiming credit for rain which had fallen on the just and unjust alike. Doubtless the umbrella people would take a hand in lobbying for certain kinds of weather as well as other producers of products such as galoshes for wet snow.

Except for the experts about all most of us know about the weather is that actually Mark Twain was not the originator of "Everybody talks about the weather but nobody does anything about it." Some of us through the years have attributed this line to Mark Twain but not it seems to have been observed by Charles Warner who wrote in the Hartford, Connecticut Courant in 1890.

Most weather experts seem to have a sense of humor about their predictions although some no doubt take their prognostications most seriously. This is not to disparage these specialists and their instruments but old

farmers, mountaineers and sailors have been pretty dependable for a long time. Only trouble is they are pretty hard to find these days. They study the sky for a moment or two, check the direction of the wind with a saliva-moistened finger, and make some pretty accurate predictions.

A skepticism developed with some of us during World War II when the predictions of military weather experts were seldom correct. Of course, this might be applied to about any other kind of prediction — it's just more noticeable about the weather.

"Cap'n" Bill, who has a fishing boat down on the Gulf, is a dependable weatherman, using a squinted eye, a wet forefinger or an aching joint as his only instruments. We asked him about the weather for the day and he said he was going fishing if he could get his dad-burned engine started; that it had been raining a lot and everything was water-logged, including him.

He was asked why the weather all over the world had gone berserk in the last several months. There have been floods in the New Braunfels area, West Virginia, South Dakota, and Hurricane Agnes flooding Virginia, District of Columbia, Pennsylvania, Delaware and Maryland. (The flood at Snyder had not yet occurred.) Then there were floods in Japan, the Philippines, and it seems about every other place except the Sahara. Cap'n Bill responded that the weather was not the only thing that's crazy. He says the whole dang world is and that it all started in 1957 when the Russians punctured the invisible sack around the earth with Sputnik. He says it's no wonder we have floods, tornadoes, landslides, earthquakes, hippies, zippies, crime, dope and all the other loony carryin'-ons.

As for whether the weather will ever stop misbehaving, Cap'n Bill said, "Can't tell. Mother Nature don't like being fooled and she ain't one to for-

Young Farmers To Meet Sept. 11th

The regular monthly meeting of the Winters Young Farmers, set for the first Monday, has been re-scheduled for Monday, September 11, because of the Labor Day holiday.

All members are urged to attend.

get anytime soon."

A new radar weather station at the Municipal Midland-Odesa Airport was dedicated last week. As soon as funds can be secured, a major Weather Bureau station will be installed at Clark Field in Stephenville.

With due respect for Cap'n Bill's proclivities, weather service for West Texas should be greatly improved with these new installations.

CREWS

What counts is not the number of hours you put in, but how much you put in the hours.

Mrs. L. C. Fuller returned from the Coleman hospital after a 12 day stay and is recuperating nicely at home with Mrs. Jettie Gamble in Ballinger. Mr. Fuller's sister is staying a spell, visiting and seeing after Mrs. Fuller.

Sunday visitors were Mrs. J. Fuller, Bro. Smith and Mrs. Harold Smith, son, Kelly, of Brownwood, Mr. and Mrs. John May, Coleman. Monday callers were Mrs. Noble Faubion and Mrs. Hazel Deitz.

Mrs. Effie Deitz has returned home after spending some time in the Shannon Hospital. She thanks everyone who took part in the sunshine box she received while in the hospital. Those calling on her Sunday afternoon were: Mr. and Mrs. Joe Reeves of San Angelo; Mr. and Mrs. Marvin Hambright, Mr. and Mrs. Carl Baldwin, Stella McClure.

Crews community meeting will begin Saturday night. Everyone is welcome to come to enjoy our meal and fun.

Mr. and Mrs. Coleman, Mr. O. Z. Foreman visited Mrs. Odie Matthews who is ill at home.

Mrs. Douglas Bryan, Mrs. Charles Matthies visited Mrs. Effie Deitz in San Angelo.

Mr. and Mrs. Ronald Hill and girls come from Sweetwater Saturday and visited his folks, the Robert Hills. The three Hill brothers, Ronald, Mike and Bob met in Chicago. From there

they went into Canada to fish. Didn't catch too many fish but the scenery was beautiful and interesting.

Mr. and Mrs. Leeland Bryan, Brynt, Cheryl, Mr. and Mrs. Dewitt Bryan, Marsha and Kendra, of Wilmett, were weekend visitors with the Douglas Bryans.

Mr. and Mrs. Weldon Tate and daughter of San Angelo, were Sunday guests with the Coleman Foremans, also spent some time with O. Z. Foreman.

Mr. and Mrs. Buck Campbell were Sunday dinner guests with the Burley Campbells. Mr. and Mrs. Marvin Hambright called on Thursday night.

Mr. and Mrs. Burley Campbell were in Levelland to visit her sisters, Mrs. Goolsby who is in the Levelland Hospital recovering from a broken hip. She is doing as well as expected.

Rev. and Mrs. J. H. Hallford of Ballinger called on the Chester McBeths Monday night.

Mr. and Mrs. Marlon Wood were at Palacios on the coast. Visited a brother, Clifford Wood and family also did some fishing and had real good luck. Also were in Snyder where daughter, Bobbie, entered Western Texas College.

Mrs. Raymond Kurtz was in Abilene Friday to be with her brother, Fritz, and wife. He has since come home.

Tom Underwood of Colorado City, had Sunday lunch with the Sam Faubions.

Mr. and Mrs. Lee W. Tabor of Andrews called on Mr. and Mrs. Chester McBeth Thursday.

Mr. and Mrs. Tommy Moss, Scarlett and Mindy of Stephenville, spent the weekend with her parents, Mr. and Mrs. Owen Bragg.

Mr. and Mrs. Noble Faubion visited with the Webb Faubions who have recently moved to

Ruidosa, N. M. While there they also visited with Mr. and Mrs. George Faubion from Norman, Okla.

Weekend guests in the Billy Moore home were Mr. and Mrs. Ellis Moore of Winters, Silvia Moore and Katha, a friend of Lubbock, Mr. and Mrs. Bill Moore, Mrs. Zeatt Beasley and Daine Beasley of Abilene.

The Crews Chat Chat Club met in the Hopewell Fellowship Hall all day Monday and quitted two quilts, one queen size for Mrs. Sam Faubion and a small quilt for Mrs. Rodney Faubion.

Sixteen ladies had lunch at noon. Mrs. Noble Faubion will have a quilt ready in two weeks.

Mr. and Mrs. M. S. Hale and Miss Willie Hale of Ballinger spent a few days recently with Mr. and Mrs. Elmer Berry at Amberst. Sunday the Hales were in Tora, N. M., and met the W. A. Hales of Abilene and Jerry Martin of Santa Anna, Calif. They did some fishing for three days.

Those visiting the Marvin Hales Sunday night were Mr. and Mrs. S. J. Brevard, Mrs. Lemma Fuller of Coleman, Mr. and Mrs. Morace Stokes of Talpa, Mr. and Mrs. Lowell Fuller and Annie of Midland. It was Mrs. Altus Hale's birthday.

The Lowell Fullers went to Waco and Six Flags after spending the night with the Hales.

Mr. and Mrs. Boyd Grissom have purchased a house from the Charles Matthies in the Dale community. It was moved to a new location on the former A. J. Kurtz farm. The Grissoms will move to their new home in the near future.

Sunday visitors in the Arthur Alcorn home were Arnold and Bennie Alcorn of Talpa, Miss Willie Hale and Mrs. Floy Brevard of Ballinger.

Survivors are one son, Ernest Polichnia of Clayton, Wis.; four daughters, Mrs. Viola Sassenman of Marion and Mrs. Lena Schelsteder, Mrs. Louise Goins and Miss Leona Polichnia, all of Houston; three stepsons, Elton and Herbert Stehle, both of Midland, and Ernest Stehle of Tulsa, Okla.; three stepdaughters, Mrs. Viola Cox of San Angelo, Mrs. Linda Chandler of Tye and Mrs. Luella Cox of Snyder; a daughter-in-law, Mrs. Monroe Stehle of Winters; 12 grandchildren; 12 great-grandchildren; 25 step-grandchildren; and 32 step-great-grandchildren.

Den Dieters Club Meeting Monday

The Den Dieters Club met Monday night at the C. R. Pinkerton office on the Ballinger Highway.

Present were Mesdames C. R. Pinkerton, Pearl Dunnam, Carl Pendergrass, Paul Gerhardt, Bill Milliron, Bob King and W. J. Briley.

Due to the Labor Day holiday, the next meeting will be held at 5:30 Tuesday, Sept. 5, at the Pinkerton office.

Wingate Sew And Sew Club Meeting

The Wingate Sew and Sew Club will hold their first fall meeting after vacation, September 5.

Mrs. Nolan Cave will host the first fall meeting, and quilting will be done.

Service In Spill Chapel For Mrs. John Stehle

Funeral services were held at 9 a. m. Wednesday in Spill Memorial Chapel for Mrs. John Stehle, 82. Mrs. Stehle died at 3:35 p. m. Monday in the Merrill Nursing Home in Winters after an illness of several months.

The Rev. Walter C. Probst, pastor of St. John Lutheran Church, officiated. Graveside rites were held at 5 p. m. Wednesday at Monhalia United Methodist Church Cemetery near Gonzales.

Born Katie Bauer, Aug. 15, 1890, in what was then Austria-Hungary, she came to America at the age of two. Her father died aboard ship coming to America and she was adopted by the Stehle family. They moved to Goliad where she lived for several years.

She married Martin Polichnia in 1912 in Needville. They moved to Houston in 1917 where they lived until her husband died April 16, 1921. She moved to Gonzales County, settling near Monhalia, where she married John Stehle Feb. 15, 1941.

They moved to Runnels County and settled on a farm south of Winters, where they lived until their retirement in 1965 when they moved to Winters.

Mr. Stehle died Aug. 13, 1972. She was a member of St. John Lutheran Church.

Survivors are one son, Ernest Polichnia of Clayton, Wis.; four daughters, Mrs. Viola Sassenman of Marion and Mrs. Lena Schelsteder, Mrs. Louise Goins and Miss Leona Polichnia, all of Houston; three stepsons, Elton and Herbert Stehle, both of Midland, and Ernest Stehle of Tulsa, Okla.; three stepdaughters, Mrs. Viola Cox of San Angelo, Mrs. Linda Chandler of Tye and Mrs. Luella Cox of Snyder; a daughter-in-law, Mrs. Monroe Stehle of Winters; 12 grandchildren; 12 great-grandchildren; 25 step-grandchildren; and 32 step-great-grandchildren.

The Wingate Sew and Sew Club will hold their first fall meeting after vacation, September 5.

Mrs. Nolan Cave will host the first fall meeting, and quilting will be done.

Former Winters Residents Announce Daughter's December Wedding Plans

Mr. and Mrs. Edgar Vinson, 227 Star St., Hereford, have announced the engagement and approaching marriage of their daughter, Sammie Ann, to Mr. Jeff Massie of Gonzales. He is the son of Mr. and Mrs. Bill Massie, of Gonzales, former residents of Hereford.

The bride-elect is a 1971 graduate of Hereford High School and attended West Texas State University, receiving a certificate in the Concentrated College Training for Business program.

She is the granddaughter of Mrs. Carlton Dobbins of Hereford, and the late Mr. Carlton Dobbins, and Mr. and Mrs. S. D. Vinson. She is the great-granddaughter of the late Mr. and Mrs. R. S. Stone and Mr. and Mrs. G. W. Scott Sr., all former residents of the Drasco community.

Mr. Massie is a 1969 graduate of Hereford High School and attended Stephen F. Austin University in Nacogdoches. He is currently employed with Poe Electric in Gonzales.

A December wedding is planned.

Guests in the Dewitt Bryan home have been Mrs. C. M. Gooch, Mr. and Mrs. Harman Heck of Lubbock and Mr. and Mrs. Tommy McColum of McAllen. They were here to help Mrs. Gooch move into the Senior Citizens home in Winters, where she will make her home for a while.

J. E. Virden has been ill for quite a while and Mrs. C. J. Cornett is staying with her parents part time.

Mrs. Albert Wetsel has been on the sick list.

Mr. and Mrs. Russell Smith of Midland visited his parents, Mr. and Mrs. M. R. Smith over the weekend.

The Edwin Vosses had as guests Mrs. Wilma Makowsky, Mr. and Mrs. Vanner Voss and Erwin Voss of San Angelo.

Elvis Evans has returned from Abilene after a visit with his son and family.

Friday, September 8
Chicken and spaghetti, sweet potatoes, buttered green beans, lazy daisy cake, corn muffins, carrot sticks, milk.

CARD OF THANKS

We wish to express our deepest appreciation to all who were so kind to us during the seven weeks we were in the hospital. Your prayers, cards, and visits meant so much to us. We were grateful for the food sent to the home. A special thanks to Dr. McCreight and the nursing staff at the North Runnels Hospital. —Mr. and Mrs. H. P. Witkowski. 1p.

NOTICE TO VOTERS

No one is indispensable and everyone is replaceable, but if I did not have the twenty (20) years experience in this particular job, I would not be making myself available for this position. I have found it takes a long time to familiarize yourself with the many duties of this office and still longer to perform these duties. I would appreciate your Write-in-Vote in November.

EVEN SINGERS have to get in shape for the Olympics, so baritone Simon Estes, who will be part of a performance of Beethoven's Ninth Symphony on opening day in Munich, gives both his tonsils and his triceps a workout.

BUSINESS and the STOCK MARKET

by BABSON'S REPORTS INC.

Crop Prospects

Wellesley Hills, Mass., August 1972. This year is shaping up to be more favorable for farmers than 1971. Following the over-production in corn last year which depressed that and other feed-grain markets, crop prospects generally are now rated in better balance with projected requirements.

Acreage And Output

Crops of all types seeded for 1972 harvest totaled 308 million acres, down 3 percent or 9 million acres from last year. After-planting losses have varied from nominal in parts of the Midwest and Southwest to substantial in Atlantic Coast states hit by Hurricane Agnes. In all, total acreage actually harvested will not be too far below the official forecast of the Department of Agriculture.

Cutback estimates of 6 percent and 11 percent in food-grain output respectively—compared with year-ago totals—seem well on the way to being realized, assuming close-to-normal weather and growing conditions from here on. Crop development is running late in many areas because of slow starts occasioned by overdry or overwet spring conditions, or other weather vagaries. Such late development increases the danger of frost damage, especially for corn and soybeans.

Corn And Wheat

The Crop Reporting Board of the Agriculture Department looks for an 11 percent drop in corn output from 1971's all-time high, which is pretty much in

Tizzy

"I've been wanting to ask you something all evening—did you bring any money?"

BIG BROTHER has a hard time keeping little sister covered, but that isn't the important thing as they flee the fighting along South Vietnam's Highway 1 near the beleaguered city of Quang Tri.

line with reports from private sources reaching the Research Department of Babson's Reports. Indications are that yields—though slated to lag record levels—should hold comfortably above average. So, if corn gets the weather breaks, and survives any late-season frosts, production could be a bit bigger than the nearly 5 billion bushels projected. In any event, large carryovers assure that 1972-73 supplies of corn and other feed-grains will average near year-ago levels.

Nor is there any doubt as to the adequacy of total wheat supplies for the same period, even if U. S. output should dip below the 1.54 billion bushels now indicated. Carryover wheat stocks July 1 amounted to 865 million bushels, up some 20 percent from a year ago. Wheat stocks of the major exporters—U. S., Canada, Australia, and Argentina—were 6 percent below a year ago but are ample for expected needs.

Cattle And Hogs

The number of cattle on feed has increased, but suspicion

grows that official estimates err on the high side. Babson's Reports feels that marketings will top 1971 levels in the months just ahead but still not keep pace with heavy demand. By next winter and early spring, the supply-demand balance could be very tight if cattle census-takers have in fact overcounted. As for prices, there should be more weakness than strength on balance over near term, but the averages should still hold above the levels of a year ago.

No relief from the tightness prevailing in hog supplies is likely before spring of 1973, and there is doubt how much relief will be seen then. The smaller corn crop this year means higher feed prices next winter and beyond, making growers hesitant to undertake big expansion of operations. There will be some easing in hog prices this fall, but it will not carry too far and will not be prolonged. Quotas will be headed upward again before year's end.

Good Outlook But No Boom

First half of 1972 surpassed our expectations for farmers in terms of net income and average farm prices. Now there is a good chance this general trend will—with some variations, of course—carry through the rest of the year. So, the overall near-term economic outlook for farmers appears favorable... but just how favorable is a question. Anticipated decline in 1972 crop marketings will be offset by higher prices; income from livestock will be up. This does not add up to a boom, but should make for a 10 percent boost in realized net vs. 1971.

Read the Classified Columns.

Short Takes

Antibiotic

Penicillin was the first antibiotic to become available. In 1941, it was first employed in the treatment of human disease and, by 1943, its clinical value was fully established.

Starfish's Arms

The common starfish has only five arms, but the sunstar has as many as 14. Both are capable of growing new arms if they are broken off.

Horse's Height

The height of a horse is measured in hands. A hand is four inches. Horses are measured from the ground to the highest point of the withers, which is the ridge between the shoulder blades.

Sea Horses

Most sea horses, including the northern sea horse, reach a length of five to six inches when fully grown, but the dwarf sea horse is never more than two inches long.

Taxi's Travels

Although the resort island group has an area of only 21 square miles, a taxi driver on Bermuda may cover 25,000 miles a year.

Largest Waterfall

Europe's largest waterfall is near the medieval town of Schaffhausen, Switzerland. Here the Rhine River cascades down 80 feet, then continues on to Basel.

Public Hearing of County Budget Is Planned Sept. 13

Runnels County Commissioners Court will hold a public hearing Wednesday, September 13, beginning at 1:30 p. m., on the county budget for the next fiscal year.

Hearing will be in the courthouse, and taxpayers are invited to attend.

College Student List Next Week

The Enterprise will again publish a list of students from Winters who will be returning to colleges and universities this fall. The first list will be published next week.

Information will be obtained from the Winters school as far as possible. However, there may be those whose records are not available locally. Those who wish this information published are asked to notify The Enterprise regarding school attended and classification.

RETURNED HOME

Mr. and Mrs. Robert Hatcher and sons, Robby and Allen Dean, have returned to their home in Sacramento, Calif., following a visit in the home of her parents, Mr. and Mrs. L. M. Eoff of Winters, and with her sister, Nicki Eoff of Wichita Falls.

MR. AND MRS. PAUL GERLACH

Mr. and Mrs. Paul Gerlach To Note Golden Wedding With Open House

Mr. and Mrs. Paul R. Gerlach, 204 West Truett, will hold open house Sunday, September 3, in their home, in observance of their 50th wedding anniversary. Friends may call from 2:30 to 5 o'clock in the afternoon.

Hosts for the occasion will be the five daughters of the couple, Mrs. Billy Joe Emmert, Mrs. B. E. Baldwin, Mrs. Robert Davis, of Winters; Mrs. Earl Williams of Lubbock, and Mrs. James Kruse of Midland.

Mr. and Mrs. Gerlach met at the home of Mr. and Mrs. Bill Bredemeyer, at a dance held for the youth of the community. Mr. Gerlach was visiting in the home of his aunt, the late Mrs. Richard Gottschalk and Mr. Gottschalk of the Norton community, when he was invited to attend this dance, and it was there he met Miss Minnie Gehrels. They were married three weeks later, Sept. 2, 1922, in the Runnels County Courthouse, by County Judge Paul Trimmer.

Mr. Gerlach was born Nov. 17, 1899, in Oak Cliff, Dallas, and had three brothers. His first visit to West Texas was at the age of 11 when he rode the Abilene Southern to Winters shortly after the railroad had been built.

Mrs. Gerlach was born Sept. 9, 1901, at Hillsboro, daughter of Mr. and Mrs. William Gehrels. She has five brothers and two sisters. Mrs. Gerlach's family

moved to Winters from Freestone County when she was 16 years old. They moved by railroad boxcar, with all their household goods, farm implements and livestock.

Following their marriage, Mr. and Mrs. Gerlach lived in Abilene for a year. In 1923 the couple moved to Bradshaw, where he was employed in a garage owned by Arthur Benge. Later that year he went into business for himself, as a mechanic, and later added auto parts, tires, and auto accessories, and a retail and wholesale oil business, delivering kerosene and gasoline to farmers in Runnels and Taylor counties. He later sold used cars.

In 1946 he moved his used car business to Winters. In 1955 Mr. and Mrs. Gerlach moved to their present address and he continued to operate his used car business until he retired in 1959.

They have eight grandchildren and two great-grandchildren.

Mr. and Mrs. Gerlach are members of the First United Methodist Church of Winters. He is a member of the Winters Country Club, where at the age of 63 he became interested in playing golf and is still active in golf and participates in all local tournaments. He has been a member of the Masonic Lodge for 35 years.

Mr. Gerlach's hobby is fruit and vegetable gardening. Mrs. Gerlach sews, crochets and does needle work, but her favorite hobby is flower gardening.

The couple's most desired wish came true in the summer of 1961, when they made a tour of Europe.

Home Town Talk--

(Continued from page 1)

Have you ever stopped to think that one who talks about you is interested in you? The same people who make it a point to know all about you, the good and the bad, are the same people who will be the first to help you in time of need! You really don't have the small town talk badly enough to trade it for city indifference and loneliness! There, they don't know; they don't want to know; they don't care!

And: "Here's a tip on how to keep your teenage daughter out of hot water. Put some dishes in it."

Women's Auxiliary Of Fire Department Plan Racing Events

The Women's Auxiliary of the Winters Volunteer Firemen will sponsor a ladies' racing team to compete in hose races at the next area convention to be held in Sonora in October.

Firemen who will assist in the races will be Buddy Miller, Johnny Merrill, Buddy Davis, Leroy Chaney and Robert Carey.

Plans for the races were made at the regular monthly meeting of the organization last week. A practice session for hose drills and races were held, and a watermelon feed was held.

Present at the meeting were Lue Bowden, Virginia Carey, Betty Easterly, Margie Chaney, Carolyn Davis, Melba Jo Emmert, Helen Henderson, Janice Merrill, Jo Miller and Beth Whitlow.

ATTEND REUNION

Mr. and Mrs. Roland Sample and Mrs. Fred Gerhart attended the Queens reunion Sunday and also visited in the home of Fredrick Lisso and family at Dublin.

New Engine At Light Plant To Be Running In Week

The new engine and generator being installed at the Winters Municipal Light Plant will be "run-in" within the next week, and probably will be on the line a short time later, city officials said this week.

Original plans had been to complete installation the mid-

dle of August, but the amount of work necessary for completion made the August deadline impossible to meet.

The new engine and generator, costing \$222,027.00, is being financed with the issue of general obligation certificates.

The 12-cylinder engine and 1365 KW generator is replacing two smaller engines, and will operate on gas or diesel fuel. It will be the fourth engine on the line, but in an emergency could provide all the power necessary except for about three months of the year, officials said.

Labor Day To Be Holiday In Winters

Labor Day, Monday, September 4, will be a holiday for most businesses in Winters, one of the several days suggested by the Chamber of Commerce, to be observed during 1972.

The Post Office will be closed, with only boxed mail to be put up. No rural or city deliveries will be made, and the service counter will be closed.

OEO Will Offer Nurse Aide Course Beginning Sept. 11

The Office of Equal Opportunity, through the Winters Community Action Agency, will offer a nurse aide course, beginning September 11.

Mrs. Lillie Baldwin, LVN, will be the instructor for the course and certificates will be issued for all who complete the specified 70 hours of classroom work.

Information may be obtained from Mrs. Melba Emmert, Multi-Purpose Center director, 110 South Main.

Sam B. Wood Finished Insurance Training Course

Sam B. R. Wood of Winters recently completed a special training course in Dallas and has been named to the sales force of Combined Insurance Company of America.

He will sell life insurance for the company in the Abilene area. He is a native of Winters.

RETURNED HOME

Mrs. Sophie Korthauer has returned home following vacation visits with relatives in Brenham and Bryan. She also visited her brother, Herma, Dornier and family in Burlington and Cameron, and the Will Korthauers at Rosenberg.
