Announcement.

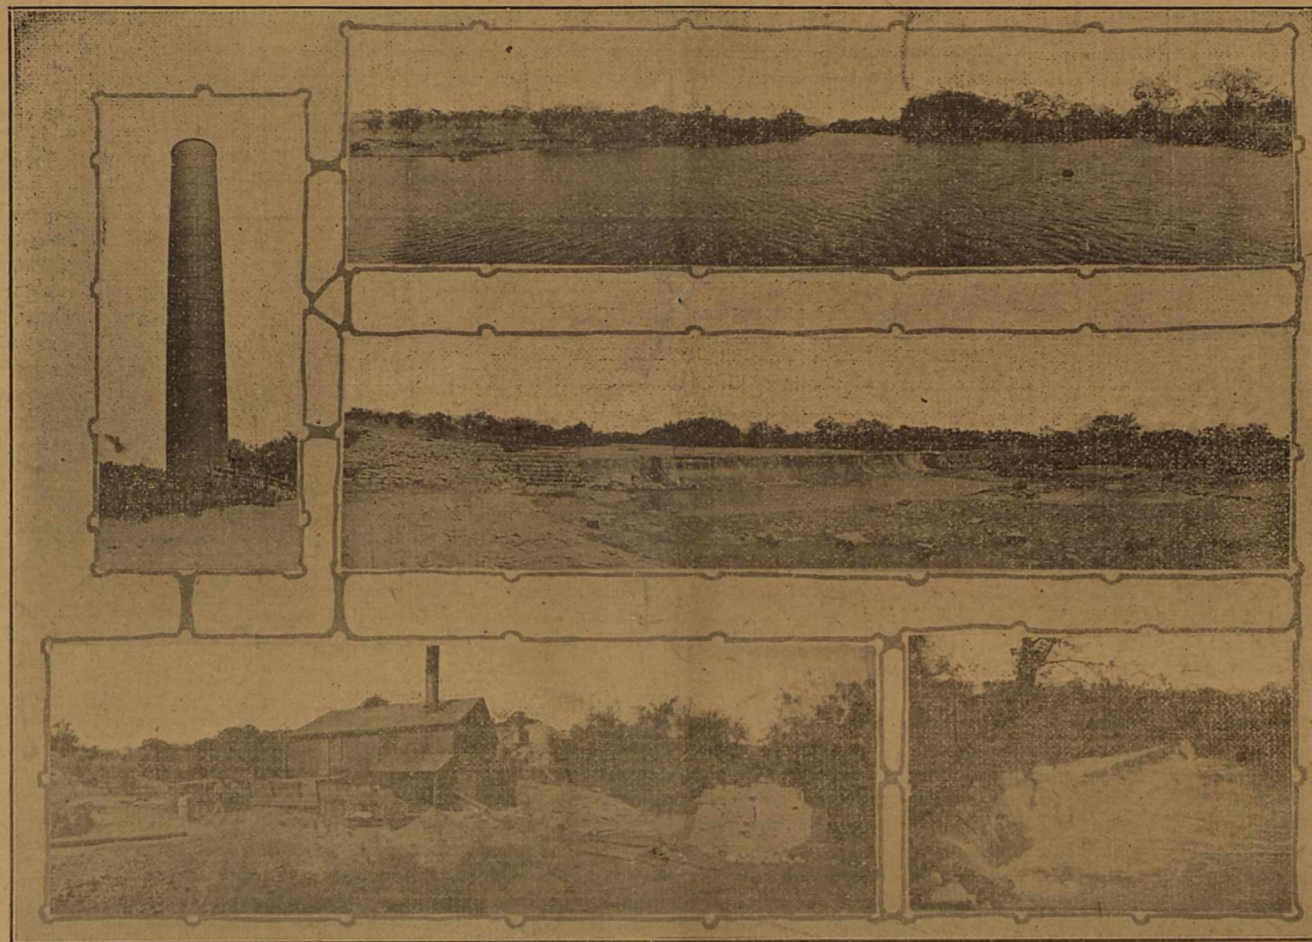

Having again bought out the Cash Grocery Co., I desire to thank you for your most liberal patronage in the past and ask you to continue with us in the future. The same quick sales and small profits policy will be continued and we are glad to announce that in spite of the "Panic" "Short crops" and the general financial depression our Jan. sales are showing a nice increase over last Jan., which is conclusive evidence that our efforts to please and merit your patronage have not been without reward, yet we realize that there are many people who come to Ballinger that have perhaps never visited our store and we earnestly solicit you to give us a call, examine our stock and get our prices. Make our place Headquarters, leave your packages with us over night. Buy of us and you will have no account to worry you. You will avoid the possibility of paying a bill twice and you will not help to pay the other fellows bill who never pays.

Yours gratefully,
Cash Gro. Co.

To Patrons of Rural Mail Route.

Postmaster Cady desires to call attention to the practice of some patrons of rural delivery of placing loose coins in their boxes each time they desire to dispatch letters instead of supplying themselves with postage in advance of their needs.

This practice imposes undue hardship on rural carriers in removing loose coins from boxes and delays them on the service of their routes.

The postmaster therefore urgently requests that patrons of rural delivery provide themselves and keep on hand a supply of stamps consistent with and in advance of their needs. It is also very desirable that rural patrons place in their mail boxes small detachable cups of wood or tin, in which to place coins, when necessary, in purchasing supplies of stamps.

FIRE BUG ARRESTED YESTERDAY

\$4000 Blaze in Bronte Cause The Arrest of Man in Ballinger.

Fire broke out in the Cumbie & Hickman warehouse at Bronte Wednesday morning about one o'clock and destroyed about \$4000 worth of implements and hardware and two frame buildings. One of the buildings had been vacant up to within a few days ago when a man dropped in from Lampasas and rented the building for the purpose of putting in a billiard and pool hall, and had put a bed in the building and at the time of the fire was sleeping in the building. The man left after the fire early Wednesday morning and came to Ballinger. Circumstances were such that a phone message reached Ballinger before the man did and Sheriff Kirk was authorized to arrest him, which he did.

Sheriff Hickman came down later and carried the accused man back to Bronte.

DEAD WOMAN IN CONCHO RIVER.

Murder Committed Friday night. Body Found Sunday.

San Angelo was the scene of much excitement last Sunday when the body of Mrs. Kate Ryan, an unfortunate woman, was found in the Concho river in the lower edge of town. The murder is a mystery and is taxing the minds of the officers to unravel. The screams of a woman were heard in the locality where the body was found Friday night, but nothing was thought of it until the body of the dead woman was found Sunday.

Kate Ryan was an unfortunate woman, who had been making San Angelo headquarters for the last six months.

Four parties, two white men, a Mexican man and woman are in jail at Angelo pending an investigation.

Just Delivered.

The Leader turned out and shipped a nice order of stationery to the West Texas Telephone Co. at Brownwood this week. The order was placed with us after bids and samples were secured from other printing outfits, and goes to show that we are there with the goods when it comes to handling large orders, and that our prices are as low as the high class of work will permit.

Notice to Ladies.

All ladies interested in the improvement of the Ballinger Cemetery are requested to meet at the home of Mrs. G. M. Vaughn Wednesday evening, Feb. 5th, at 4 o'clock. The Association will be reorganized and the work of improving the cemetery discussed. All ladies interested in the work are urged to come.

TRUCK GROWERS MEETING MONDAY.

Commission Man Here to Make Cash Advance Proposition on Crop.

All people who are in any way interested in truck growing, and especially the cantaloupe growers are requested to attend a truck growers meeting at the Opera house Monday, Feb., 3rd at 2:30 o'clock.

R. L. Bouldin, representing Fish & Co., a big commission house of Chicago, is here with a proposition to place before the truck growers as an inducement to get them to plant cantaloupes.

The Company proposes to make a cash advance on cantaloupe shipments and the other inducements they offer should cause the planting of a big acreage in this money making crop.

Don't forget to attend the meeting and get in on the cash proposition.

Just a Word to Our Readers.

The Leader is the official paper for the City of Ballinger, and all notices, city ordinances, etc. for the city are published in the Leader. On account of the length of the Sanitary ordinance which appears in this issue it is necessary that we cut out quite a number of news items, and our news feature of the paper is unavoidably short this week; but taking into consideration that we have been giving the news, and all the news of any importance we feel that our readers will over look the curtailment of this weeks news feature of the paper.

LOST—Class pin between Mrs. D. C. Simpson's residence and the Christian Church. C. L. C. on pin. Return to Leader office.

The Talpa Tribune will pass out of existence today, and E. P. Eason who has been at the head of the paper will perform the funeral ceremony. Mr. Eason has purchased the Winters paper and will consolidate the two plants at Winters. He is offering to sell his subscription list and business to either the Coleman or Ballinger papers.

Dry Land Farmer very Low.

H. W. Campbell, the Nebraska dry farming expert who lectured at the opera house on the 14th inst., is still ill at the Grogan Hotel, and his condition is not as favorable as hoped for. He is suffering from acute pneumonia, and owing to his advanced age it is feared that his recovery will not be rapid. John Davidson of Midland, who started out with him on his western speaking tour, remains at his bedside, also his wife and family physician, came in first of the week and will remain at his bedside until he recovers.—Sweetwater Reporter.

Business was 'nt dull, but Jack Green made an impression on his finger Wednesday that crippled the Leader's foreman. Just a bad mash by sticking the finger in the jaws of the big job press.

SUMMER NORMAL FOR BALLINGER.

Teachers Meet in Ballinger and Decide to Hold Normal Here.

Quite a number of the leading teachers of the county met in conference with County Superintendent Hagan last Saturday, and the matter of a Summer Normal for Ballinger was settled as far as the teachers are concerned in the matter. Petitions and a letter from Prof. Hagan have been filed with the State Superintendent showing cause why Ballinger should have a normal this year.

The teachers are interested in the matter, and all things considered the Normal will be secured and will be one of the most successful in the State. The location is central and the support will be good, and we might say conditions makes it almost necessary that a Normal be held here.

A. Shawe, who recently bought the Central Hotel property with the exception of the South half of the block, was here this week preparing to move to Belton. He has also traded for a large business house and a warehouse in Temple.—Belton Reporter.

WAS AFRAID OF THE BANKS

A Few Instances Where Private Banking Failed and Depositors Lost.

Some people see big boogers in banks and flight shy of them, unless they want to borrow money. About three weeks ago, or the first of the present month, a man lost considerable money between Ballinger and Winters. He had just left Ballinger with a pocket full of money, preferring to do his own banking. What an easy matter it would have been for him to deposit the money in one of the local banks and checked it out as needed.

About two weeks ago a man was returning from Ballinger to his home in the Wingate country, and didn't get over three miles from town before he missed his pocket-book containing over \$100. Another instance where he was afraid to trust the banks. We read nearly every day where some man or woman is robbed of a stocking full of money, or the house is burned and the money goes up in smoke.

They are afraid to trust the banks, for they are not safe, you know. And there are many instances where people lose their money in as many different ways by not having confidence in banks. Read further:

An Illinois man who was afraid of the banks waked up to find that \$2,000 he had put away was gone. He had hid it in a shoe box. A mouse that wanted to raise a family, as a natural and patriotic mouse should do, found the bills in the box and made a snug nest for her little ones out of them. When she got the nest made the bills were no longer recognizable as sound money. That man is now of the opinion that after all a bank is the safest place to deposit his money. Unfortunately he hasn't the money to deposit.—Bonham News.

Hoarded in a half-gallon glass jar where it had rested securely for the past few weeks, or since the beginning of the panic, \$500 in money was stolen from the home of D. O. Holden of Riverside, Sunday afternoon. The burglary was committed sometime between noon and 5 p. m. though news of the affair did not reach town until yesterday. Mr. and Mrs. Holden left the house about 12 o'clock and went to the Texas & Pacific depot. Returning shortly after 5 o'clock in the afternoon, they discovered their misfortune. That the bold burglar was not heartless was proven by the fact that he left lying near the jar a \$5 bill.—Ft. Worth Record.

Among those who will hereafter believe in the safety of banks rather than the proverbial stocking leg or pocket-book, is Charley Webb. It took two rather expensive lessons, in a small way, to convince him, but he expresses himself as being a thorough convert. Some two weeks ago he lost \$40. out of his vest pocket, and yesterday he added some \$35 of \$40 to the first loss. The latter was a result of doing some yard cleaning and for that reason we sympathize with him doubly for a man ought not to suffer a loss while engaged in such a laudable occupation. He was raking and burning trash and after getting through he missed his pocket-book with the bills in it, and finally dragged the ashes and found the remains of the leather receptacle for the needful, but the bills were minus any remains, save a few aches which had lost all semblance of money.—Abilene Reporter.

MORAL—Put your money in the bank, confidence in your fellow man and continue to clean the yard. You will sleep sound and be healthy.

"That Same Old Charge"

The following was clipped from a recent issue of the Santa Anna News:

A newspaper not a thousand miles away, in a saloon cursed town, feels called upon to stand for the defense of saloons and the belittling of the results of local option. Jude Goodwin has found it necessary repeatedly to call special attention of grand juries to violations of local option laws, gambling, disorderly house etc.

This leads the weekly above mentioned to somewhat contemptuously refer to the Judge as giving the "same old charge," Thats easy to account for, The learned Judge is not suffering from a paucity of words from which to formulate new charges, he is merely confronted with the same old lawless gang, those who want to sell or who want to drink whiskey. And what is essentially the same crowd, those

who prefer gambling to honesty, and the scarlet annex to decency.

The Judge reminds me of the story of the man with the pitch fork on his shoulder passing a neighbors house, when he was attacked by said neighbors vicious dog.

By the time the neighbor got out the man had the dog safely pinned down with the pitchfork.

What did you do that for? angrily asked the dogs owner, He was trying to bite me. Well why didn't you take the other end of the fork? Cause the dog wasn't coming at me the other end first.

When the aggregation yields to the inevitable, decides that this neck of the woods is committed to decency and good citizenship and quits coming into the courts lawless end first I have reason to suspect the Judge will give a new charge." See.

When You Take Cold

One way is to pay no attention to it; at least not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

When the bowels are constipated, poisonous substances are absorbed into the blood instead of being daily removed from the body as nature intended. Knowing this danger, doctors always inquire about the condition of the bowels. Ayer's Pills.

The Pure Food Law
Secretary Wilson says, "One
of the objects of the law is to
inform the consumer of the
presence of certain harmful
drugs in medicines." The law
requires that the amount of
chloroform, opium, morphine,

be stated on the label of each
bottle. The manufacturers of
Chamberlain's Cough Remedy
have always claimed that their
remedy did not contain any of
these drugs, and the truth of
this claim is now fully proven,

**DOES NO HARM
BUT MUCH GOOD**

Recipe is Easily Prepared at Small Cost,
and Many People here now Swear
By It.

Mix the following by shaking
well in a bottle, and take in tea-
spoonful doses after meals and
at bedtime:

Fluid Extract Dandelion, one-
half ounce; Compound Kargon,
one ounce; Compound Syrup Sar-
saparilla, three ounces. A local
druggist is the authority that
these simple, harmless ingredi-
ents can be obtained at nominal
cost from our home druggist.

The mixture is said to cleanse
and strengthen the clogged and
inactive Kidneys, overcoming
Backache, Bladder weakness and
Urinary trouble of all kinds, if
taken before the stage of Bright's
disease.

Those who have tried this say
it positively overcomes pain in
the back, clears the urine of sed-
ment and regulates urination,
especially at night, curing even
the worst forms of bladder
weakness.

Every man or woman here
who feels that the kidneys are
not strong or acting in a healthy
manner should mix this prescrip-
tion at home and give it a trial,
as it is said to do wonders for
many persons.

The Scranton (Pa.) Times was
first to print this remarkable
prescription in October of 1906,
since then all the leading news-
papers of New York, Boston,
Philadelphia, Pittsburg and other
cities have made many announce-
ments of it to their readers.

If you think of attending a
business college, it would be well
to write the METROPOLITAN
BUSINESS COLLEGE, Dallas,
Texas for full information. The
METROPOLITAN is known
everywhere as one of the fore-
most business colleges of the
South—its leadership in Texas is
unquestioned. tf

**A LONG LIFE
How to Conserve Energy and
Prolong Life**

The time comes to every one
when the life forces begin to fail.
It is a little harder to climb a
hill or walk up stairs. Exercise
is taken less vigorously or aban-
doned, and we feel that the end
of active service is drawing
near.

It is more than probable that
we have been over-driving the
machine of the body which will
give out like any machine if
overtaxed, and we should im-
mediately take steps to change
the gear, build up the strength
and restore the life forces. To
this end nothing equals our deli-
cious cod liver and iron prepara-
tion. Vinol, which is far superior
to all other tonics and cod liver
preparations because it is made
by a scientific, extractive, con-
centrating process from fresh
cods livers, combining with pep-
tonate of iron all the medicinal
healing body-building elements
of cod liver oil, but no oil.

As a body builder and strength
creator for old people, delicate
children, weak, run-down per-
sons, after sickness, and for
chronic coughs, colds, bronchitis
and all throat and lung troubles,
Vinol is unexcelled.

A little backache at first.

Urinary disorders quickly fol-

Diabetes and finally Bright's

This is the downward course of
kidney ills.

S. A. Smith, residing in Brown-
wood, Tex., says: "My son was
complaining about his back hurt-
ing him and his kidneys being
disordered, so when I saw Doan's
Kidney Pills advertised, I pro-
cured a box for him. He receiv-
ed much benefit from their use
and in a short while all the symp-
toms of kidney trouble had dis-
appeared. I take pleasure in
recommending Doan's Kidney
Pills, as I believe them to be a
reliable kidney remedy."

It Will Stay There

remedy is permitted to remain unless
it proves beyond a doubt the best to
be obtained for its particular purpose.
For treating all manner of skin troubles
such as Eczema, Tetter, Ringworm,

for many years. I have failed to find a
surer remedy. It cures itching instant-

**The Cause of Many
Sudden Deaths.**

There is a disease prevailing in this
country most dangerous because so decep-
tive. Many sudden
deaths are caused by
it—heart disease,
pneumonia, heart
failure or apoplexy
are often the result
of kidney disease. If
kidney trouble is al-
lowed to advance the
blood will attack the
vital organs or the
kidneys themselves break down and waste
away cell by cell.

Bladder troubles most always result from
a derangement of the kidneys and a cure is
obtained quickest by a proper treatment
of the kidneys. If you are feeling badly you
can make no mistake by taking Dr. Kilmer's
Swamp-Root, the great kidney, liver and
bladder remedy.

It corrects inability to hold urine and scald-
ing pain in passing it, and overcomes that
unpleasant necessity of being compelled to
go often during the day, and to get up many
times during the night. The mild and the
extraordinary effect of Swamp-Root is soon
realized. It stands the highest for its won-
derful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold
by all druggists in fifty-cent and one-dollar
sized bottles. You may
have a sample bottle of
this wonderful new dis-
covery and a book that
tells all about it, both
sent free by mail. Address Dr. Kilmer & Co.,
Binghamton, N. Y. When writing mention
reading this generous offer in this paper.
Don't make any mistake, but remember
the name, Swamp-Root, Dr. Kilmer's
Swamp-Root, and the address, Binghamton,
N. Y., on every bottle.

Did you pay your poll tax?

They are not going to put the saloon on the corner.

Bailey is going to be a delegate to the National Convention and will support Bryan. A sure thing.

How do you like Ballinger streets? Rough now, but wait till the work's completed; then you smile.

Runnels County gets three votes in the State Convention this year. Fortunately the representation is based on the votes polled in the primary.

Would you think much of a dry goods merchant who only kept linen collars, or a hardware merchant who kept only mouse traps, or a grocer who kept only mouse traps, or a grocer who kept only prunes? How about a farmer who raises only cotton? Diversify.—Cameron Herald.

The proper way to control the cotton market. Raise more to eat at home and quit keeping your smoke house in some merchants grocery store. Do this and you will realize 15c cotton market.

All indications point to a very prosperous year for 1908. The eastern banks are said to be rapidly filling up with money and the smaller banks all over the country are resuming cash payments, while business generally is assuming a normal condition. Now if the green bug and the boll weevil will lay low, we may expect things to hum this year.—Coleman Democrat.

What's the matter with coming to a county where the green bugs and boll weevils are unknown. Come to Runnels county. Things look good here at this particular time, and if we get a few showers through the growing season we'll come out on top.

In this glorious country one good season laps right on to another. Its hog killing time and bird season; then fishing season, then berry season, melon season, Elberta season, and so on and so!—Pittsburg Gazette.

Runnels County has a program for every season. Something doing all the time, but the Gazette failed to say anything about the candidate and picnic season. They will soon be here. Then there is fishing season neat at hand. It is reported that Bob Kirk has his fishing program arranged and cat fish ranging from 50 to 80 pounds spotted in several different streams, and those fish had as well as come in and give up.

The newspapers had it within their power to inflict upon the country the worst panic in the history of the government, but they all worked manfully to keep confidence in the bank. What good the newspapers accomplished will never be fully appreciated. Most of it will be taken as a matter of course—Cleburne Enterprise.

Truly the pen is mightier than the sword. A sound press is the main factor in the upbuilding and maintaining of any country. Yet you find people who never spent a cent with a newspaper in their lives, and never will, but when their kin folks die they want a nice death notice, card of

thanks, resolution, etc., and expect it free, and if it fails to appear the editor has a life time enemy.

The Journal has all along been outspoken in defense of the farmer's right to hold his cotton, provided he owes nothing; it is equally positive in declaring that he ought not to hold for better prices while store accounts are past due and unpaid.—Belton Reporter.

The Leader advocated the same thing, and some of the union farmers have misplaced us on the question; accused us of fighting the union and have boycotted the paper. Several members of the union have come in and paid up, saying "stop my paper." And, some of them did not hesitate to say they did not like what we said against holding cotton. We repeat again that we do not think it right, union or no union, for a farmer to hold his cotton when his obligations are long past due and he has promised by word and by his signature that he would pay the debt out of the proceeds of his cotton crop. Our sympathy is with the farmer in his work and some of the principles of the union we endorse in the highest terms, but if the union obligates its members to hold cotton when financial obligations are pressing, and especially when cotton is selling right around eleven cents, we say that principle is wrong. If you owe nothing and the cotton is yours you have a perfect right to hold it until the price suits you.

Mrs. C. P. Shepherd Entertains.

On Friday afternoon from 3 to 6, Mrs. C. P. Shepherd entertained the J. A. O. Club and a number of friends in a most delightful manner. Mrs. Shepherd always chic and clever in her entertaining was at her best on this afternoon and the day being like one wafted from the Mediterranean shores, brought out the guests in their finest frocks which added to the charm of her artistic rooms which were in crimson and white.

The sweet fragrance of Japanese lilies and narcissus blossoms, floated with the melody of laughter.

Crimson shaded lights gave a glow most effective to the entire reception suit. The hostess who was assisted by Mrs. J. F. Currie ushered the guests into the dining room, where delightful fruit punch was served by Mrs. D. Reeder. The punch table being artistically treated in Battenburg lace over crimson satin with crimson shaded candles. The guests were requested to write their names in a skeleton book which was presided over by Mrs. J. M. Skinner. This book was indeed quite novel after writing your signature a skeleton appeared in its place, affording much merriment. The guests were then given cards, written in red ink and attached to each a red pencil, these cards bearing verses, the blanks to be filled out with some animal. Chewing gum wrapped in red crepe paper and tied with red ribbon was given to each and they were requested to chew and then mould into the animal belonging to their card. There the acme of pleasure and fun was reached when about fifty of Ballinger's elite sat chewing wax in unison, then turning into models, moulding the gum into animals.

Madams, J. F. Currie, D. Reeder and Miss Hermia Smith were appointed as judges to decide which was the most perfect animal. After due deliberation the judges brought in a decision in favor of the crocodile which was made by Mrs. Will Penn. Mrs. Penn was presented with a book for having proven herself to be the best model present.

A delicious luncheon was then served, consisting of deviled crabs, olives, potato chips, sand-

Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers', ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mound City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant and sure. The proprietors guarantee it absolutely both as to purity and results to be expected. Usually one or two doses will bring about a complete change for the better, and as it is only 50 cents or \$1 a bottle sure relief can be had for a few cents. Buy a bottle so you can see what it will do for you.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective laxative for children, women and old folks. A guaranteed permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." RED LETTER DAY FOR BALLINGER.

Business Men Put Their Heads Together and Make Long Steps to Secure the B & A Railroad.

Last Saturday morning at ten o'clock practically every business house in Ballinger closed its doors and the opera house was filled with people eager to do their part towards securing the Ballinger and Abilene Railroad. J. H. Lyons, of the Read Bros Construction Co., was here and wanted to see the people and decide definitely whether the town was going to put up the required bonus for the road. The meeting was an enthusiastic one and after the object of the meeting was explained and the question of raising the bonus was put before the meeting, and subscriptions called for, hands went up and kept the man with the list busy adding the names and amounts ranging from \$2500 down to \$10.

The subscription list was read as it stood at the opening of the meeting and quite a number of those who had already contributed doubled their subscription, and then the new names were called for. The list was run up to forty-odd thousand dollars when the meeting adjourned. Quite a number of big subscription were billed to come in as soon as all parties interested in the firms from whom the subscriptions were to come could be consulted, and we understand that the list is about to the \$50,000, the amount asked for. Yet, as some of this is doubtful and can not be relied upon the committee of substantial citizens who are to guarantee it want the list to figure safe, hence it is still open and the contract with the Construction Company has not been signed up, and will not

be until the amount is raised. Everything is in good shape, the Construction Company are ready to act and the matter of starting work on the road at an early date is assured.

C. C. Schuchart and Judge James Crosson of Ballinger were in the city Monday. They were out on a hunt and recreation trip and their intention had been to go on further down the country, but the weather was threatening the day they were here and they decided to return to Ballinger.—Menardville Messenger.

Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers', ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mound City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant and sure. The proprietors guarantee it absolutely both as to purity and results to be expected. Usually one or two doses will bring about a complete change for the better, and as it is only 30 cents or \$1 a bottle sure relief can be had for a few cents. Buy a bottle so you can see what it will do for you.

Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee No. 17, Washington, D. C.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used than for extracting and preserving the medicinal principles used in them, viz., pure refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hard-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

MOVE ABOUT A LITTLE

Constant Stay-at-Home Misses All of the Glories of This Wonderful World.

There is something impressive in the story of a lifetime of persistent toil. But there is another point of view which deserves respect. The gadabout may be a useless member of society, but the stay-at-home is likely to be a narrow one. We find ourselves on this little planet, with its oceans and mountains and mighty rivers and wide prairies. We know not whence we came, nor if we shall ever pass this way again. Surely we may do our task better in our own appointed place if we look about the world, feed our minds with the glories of nature and discover how men and women before us have lived their lives and embodied their aspirations in the great arts of building and painting and sculpture. The wheat field and the ledger and the cooking stove are facts of human life; but so are the Cologne Cathedral, the Sistine Madonna, the Canadian Rockies and the Valley of the Yellowstone.—Youth's Companion.

WILLING TO BE A MODEL.

Seven-year-old Willie was the bane of his teacher's life. He was actively interested in nearly all the mischief that went on in the class, and was the originator of a great deal of it. One morning he seemed to have turned over a new leaf. For fully an hour he was a model of good behavior. Finally the teacher, thinking a little encouragement would help him to continue in the straight and narrow path, said to the boy:

"Willie, you are being a very good boy to-day."

The young hopeful beamed with pleasure, and the future looked bright to the teacher. Presently Willie raised his hand.

"What is it, Willie?"

"Teacher, I wisht all the boys was like me."

BUSINESS—NOT PLEASURE.

Even in classic Boston they have now that gastronomic disaster known as the business lunch, says the Circle. The other day Freddy Parent and Ralph Glaze happened to be in South Boston, and they stopped in one of those restaurants where they advertised the serving of these business lunches.

When the meal was served to the two ball players, and when they had about half finished, Parent turned to Glaze and said:

"I wonder why they call it a business lunch?"

"I suppose," replied the pitcher, with a bored expression on his face, "that it's because it's anything but a pleasure to eat one of them."

ONE ON THE DOMINIE.

There is a Pennsylvania divine who is not averse to telling a good story at his own expense.

Once, in addressing a mission meeting in Philadelphia which was attended mainly by sailors, the good man had sought to adapt his remarks to his hearers by using nautical similes; and in so doing he ventured somewhat beyond his depth.

"And now what shall we do? What shall we do?"

"Nothing doin', cap'n!" sang out one of the sailors. "Ye're in bad! Ye're goin' in starn foremost!"—Illustrated Sunday Magazine.

SUPERIOR KNOWLEDGE.

Teacher—Johnny, what causes the water of the sea to be salty?

Johnny—The salt that's in it.

Teacher—Next, Waldo, what causes the water of the sea to be salty?

Waldo—The salt quality of sea water, mam, is due to the admixture of a sufficient quantity of chloride of sodium to impart to the aqueous fluid with which it commingles a saline flavor which is readily recognized by the organs of taste.

Teacher—Correct. Go up head, Waldo.

RESEMBLANCE.

At the close of her usual dinner-time argument, Mr. Johnson looked at his wife admiringly. "My dear," he said, "your mind resembles the wireless telegraph apparatus which they use in the navy."

"Yes?" she asked, flattered. "You mean because it catches subtle flashes from the surrounding ether?"

"No, my dear. Because it is often completely at sea."—Youth's Companion.

THE END OF HIS ROUTE

Unfortunate Man Displayed Sense of Humor Under Embarrassing Circumstances.

One cold wintry morning a man of tall and angular build was walking down a steep hill at a quick pace. A treacherous piece of ice under the snow caused him to lose control of his feet; he began to slide and was unable to stop.

At a cross street half-way down the decline he encountered a large, heavy woman, with her arms full of bundles. The meeting was sudden, and before either realized it a collision ensued and both were sliding down hill, a grand ensemble—the thin man underneath, the fat woman and bundles on top. When the bottom was reached and the woman was trying in vain to recover her breath and her feet, these words were borne to her:

"Pardon me, madam, but you will have to get off here. This is as far as I go."

SILLIMAN NOT A CANDIDATE.

W. B. Silliman Thanks His Supporters and Retires from Politics.

I take this means of announcing to the people of the 102nd Representative District that I will not be a candidate for reelection.

I feel that it is my duty to the people to let them know this fact at this early date, inasmuch as it is more or less a custom with the people to give their representatives in the Legislature a second term, provided of course that the representation has been satisfactory, so that the people as a whole may select their candidates with full knowledge of the fact that I will not be in the race.

It is with much regret that I have decided upon this course as I have indeed been proud and sensible of the honor of representing the people of this district and did I consider it necessary would make almost any personal sacrifice for the people's good, but knowing that there are numbers of honest, intelligent men in the district who are as well, and doubtless many of them better qualified for the position than I am, who are willing and in a position to make the sacrifice necessary, I do not feel called upon at this time to do so.

In thus announcing my intention not to be a candidate, I want to express to my friends over the district who have always given me their hearty and loyal support, my heartfelt thanks, and to those who opposed me in the last campaign, but have since expressed to me their approbation of my course as their representative and insisted on my again becoming a candidate, my appreciation of these expressions of their confidence.

And the whole people of the district I can say that after this lapse of time for consideration, I would duplicate every vote that I made while a member of the Legislature with no apologies for any of them—that I represented the people of this district to the best of my ability which was all that I could promise them to do and that I now stand ready to serve them as a private citizen in every possible way looking to the betterment of the future of this district and the whole state.

Ben Franklin

who use to run a newspaper down east years ago, also edited an almanac which contained some wise sayings. Here is one of them:

"The way to wealth, if you desire it, is as plain as the way to market. It depends chiefly on two words industry and frugality. He that gets all he can honest, and saves all he gets (necessary expenses excepted) will certainly become rich."

What Ben said was not only true at that time but it still holds good at the present day.
