## County, City To Hold Joint Meet

### Plan To Activate Agricultural, Civic Center Underway

## Rains, Cold Weather Halt Harvest

### Cotton Crops May Suffer, Grain Won't

Temperatures have plunged into the 40's over much of the state, sending summer temperatures into cold storage and bringing cold drizzling rains to much of the state.

Heavy rains deluged the entire South Plains area as well as much of the Permian Basin. Lubbock received 1.39 inches Thursday and Friday with more expected.

Farmers in Bailey County are having to wait out the rains before getting back to harvesting. Though the rain was a welcome sight to local and area residents who were tired of the hot dry weather of late, the rains put a stop to all grain harvesting until things dry off a bit. It has also put a stop to the picking of produce crops. Workers were in the fields picking tomatoes on the Luskie Green place one mile west and one north of Muleshoe. The rains put a stop to the picking and Green said they received about a half inch of rain since the beginning of the storm.

Harmon Elliott, chairman of the Muleshoe Chamber of Commerce Agricultural Committee says that from the sampling that has been done on corn as far as yields go, "things are looking real good." He said, "It looks like some of the irrigated sunflowers they are cutting are yielding as much as 1500 to 2200 pounds to the acre." "Corn is ready earlier this year," said Elliott, "which is making a double rush on harvesters because the sun-

flowers and corn are both in the harvest stage." Generally for this time of the year," Elliott said, "everything looks pretty good."

J. K. Adams of Muleshoe says the cold temperatures we are experiencing will lower the cotton forecast. "Bailey County can't stand too many more days of this," Adams said. If we have two weeks of this kind of

### Clayton Slates Meet At Muleshoe

AUSTIN -- The proposed state constitution will be the topic under discussion at local meetings with Speaker of the House Bill Clayton, September 22-25.

Speaker Clayton will hold a meeting September 22 at the Sudan School from 5:00 to 5:45 p.m. He will then meet from 6:00 to 7:00 p.m. in the Courtroom of the Courthouse in Muleshoe the same evening. From 7:30 to 8:15 that evening, the speaker will meet in the Springlake-Earth School Cafeteria. Everyone is invited to attend.

The proposed revisions to the Texas Constitution will be voted on in a referendum November 3, 1975.

BELL PEPPER HARVEST UNDERWAY... Robert Ruiz and Son, Inc. located in east Muleshoe, has started processing bell peppers grown locally. Ruiz says the yield is down a little this year but the harvest is just starting. He pointed out that a good grower can make \$7-800 per acre. The going

price for bell peppers today is four cents per pound though the price is a fluctuating one. Ruiz can process 3,500 to 4,000 bell peppers in a days time. The picture above shows employees sorting the peppers.

## Demand For Products Increase Cotton Consumption

RALEIGH -- Cotton Incorporated economists say U.S. cotton consumption in 1975-76

UNIVERSITY, Miss. -- One student from Muleshoe, Texas was among nearly 504 students receiving degrees at summer commencement at the University of Mississippi. Of these, 402 were advanced degrees including 318 masters, 43 doctoral, and 41 juris doctor degrees. Graduating was Robert Carter Camp.

The Catholic Church is having a bazaar, Sept. 14, at noon with B. B. C. Beef and a taco plate with all the trimmings. The B. B. C. plate will be \$2.50 and the taco plate will be \$1.50.

All kinds of games such as bingo, carnival games, milk bottles and the dunking pool will be included. The whole parish is sponsoring the bazaar.

The crowning of the queen will be at 9:00 p.m. and the dance will follow.

Story hour will begin, Wednesday, September 17, at the Muleshoe Public Library. Children, from ages three to five are urged to attend. The Muleshoe Young Homemakers will give the story hour, this Wednesday. Story hour will be every first and third Wednesday at 10:00 a.m., in the library basement.

The Muleshoe 4-H meeting will be held Monday at 8 p.m. in the Fellowship Hall of the 16th and Avenue D Church of Christ.

will reach 7.0 million bales and exports will begin moving strongly later in the crop year.

That's the gist of the August "Cotton Summary," just published by the division of economic research and development at the Cotton Incorporated research center here.

Cotton Incorporated represents American cotton producers as their fiber company. While many industry observers have been predicting U. S. consumption in 1975-76 at anywhere between 6.2 million and 6.7 million bales, Cotton Incorporated economists, assessing end-of-August indicators, believe 7 million bales should be used, provided the U. S. economic recovery continues its upward climb.

The Cotton Incorporated figure still leaves cotton consumption next year at less than

the pre-recession level, but it is 1.2 million bales higher than the 1974-75 consumption level.

"It is a strong recovery for cotton," says David Cox, Cotton Incorporated vice president for economic research and development.

"Cotton producers and textile mills alike should prepare for this demand for cotton and be ready to help--and be helped by--cotton's comeback."

But Cox cautions that if the U. S. economy falters, then consumption probably won't reach the 7 million bale level.

Denim and corduroy account for more than ten per cent of domestic consumption, Cox notes. "If demand for these big cotton items slips, we probably will not see 7 million bales in 1975-76," Cox says Cotton Incorporated

bases its projection for strong domestic consumption and exports on a careful study of the general economic condition at home and abroad, U. S. and world cotton production from the current crop, and textile activity in the United States.

Biggest factor, he says, is the continuing strong retail sales of cotton apparel and cotton home products.

"It all boils down to one thing," says the economist. "The consumer is always right, and today, the consumer wants cotton."

Cox points to strong sale of cotton-related textile items over the last three months. "Today the textile pipeline is mostly empty, and some firms are beginning to rebuild inventories."

## Friena Industries Reports \$418,958 Revenue Loss

FRIONA, Texas (Sept. 8)--Friena Industries, Inc., achieved net income of \$56,631, or 5 cents per share, on revenues of \$8.5 million in the fourth quarter of its fiscal year ended June 30, 1975. This compared with a deficit of \$206,667, or 21 cents per share, on revenues of \$10.6 million in the same quarter of last year.

For the entire fiscal year, Friena reported a loss of \$418,958, or 33 cents per share, on revenues of \$42.7 million, compared with net income of \$1,173,761, or \$1.00 per share, on revenues of \$50.3 million in the prior year.

"The total loss for the fiscal year occurred in the first and second quarters. The fourth quarter, like the third, showed

some degree of profitability with a combined per share pro-

### Bonds Sales 72 Percent Of Goal

July sales of Series E and H United States Savings Bonds in Bailey County were reported today by County Bond Chairman Dean Sprayberry. Sales for the seven-month period totaled \$43,349.00 for 72 percent of the 1975 sales goal of \$60,000.00.

Texas sales during the month amounted to \$20,018,842, while sales for the first seven months

fit of 10 cents," explained Jack Carrothers, president.

The majority of the deficit was attributable to the sale of company-owned cattle. However, because of extremely adverse conditions throughout the entire cattle industry, manufactured feed and animal health supplies also showed a loss.

"Custom feeding was our main profit center, although below the prior year. Grain and other businesses showed increased net income over fiscal 1974," said Carrothers. "Even though the Company's feed lots had an average of just over 50 per cent occupancy during the year, compared to 92 per cent in fiscal 1974, this segment of our operations

### Mrs. Angeley Last Rites Held

Funeral services were held Thursday, Sept. 11 for Mrs. Alice G. Angeley, 60, who died Tuesday, Sept. 9 in the Methodist Hospital in Lubbock, following a short illness.

Services were held at 2:30 p.m. Thursday at the First Baptist Church in Muleshoe. Burial was in the Muleshoe area with Rev. J. E. Meeks, minister officiating. Rev. Meeks was assisted by Rev. H. D. Hunter, minister of the Assembly of God Church in Muleshoe.

Mrs. Angeley was born September 12, 1914 in Broadview, Texas. She was a resident of Pleasant Valley and lived in the Muleshoe area for the past 35 years, moving here from Whiteface.

She was a member of the First Baptist Church in Muleshoe and of the Pleasant Valley Social Club. She was preceded in death by her husband, E. K. Angeley, who died April 25, 1973.

Survivors include two sons, Ken and R. D. (Tub) both of

### City Council Agenda Set

The Muleshoe City Council will meet Tuesday, September 16 at City Hall, 8:30 a.m.

On the agenda is the bid opening for the installation of a liner for the one million gallon ground storage reservoir.

Under general discussion are the following items: slide presentation, Community Civic and Agricultural Center, U.S. 84 Project and other items for information.

The meetings are open to the public. Anyone with an item to be brought before the commission is urged to attend.

invited to attend, and to be heard.

The purpose of the meeting will be to discuss, and possibly to activate plans, for the construction of an Agricultural and Civic Center for Bailey County and the Muleshoe area. Public attention was called to this matter nearly two years ago because there are no adequate facilities in Muleshoe for holding Livestock Shows, Equipment shows, no adequate meeting places for Civic Clubs and other groups, and no place to hold

## Churches, Farm Labor Unionization

The Executive Committee of the Palo Duro Union Presbytery has distributed material indicating their support of the United Farm Workers' activity in the area.

The group listed the following possible alternative rolls which might be played by Presbyterian or other church membership and leadership:

A. The primary role identified for clergy and church leaders is that of impartial observer, thus putting church leaders in a position to speak factually about what is transpiring on the part of farm workers and their organizers, and law enforcement and other leadership in the community, together with the activities of growers in the area. Ordain stressed the importance of impartial observers to be able to keep the facts before

the total community.

B. To provide information and communication to any interested persons in order that they might understand the specific activities which are occurring, in the interest of truthfulness.

C. To work with and in behalf of farm workers in support of their human rights and employment rights through an awareness of the legal issues involved and of the actual working conditions and wages of workers and awareness of the steps which would be necessary.

## Mules Drop Heartbreaker To Olton 34-7

Olton's Mustangs out-fought the Muleshoe Mules last night, scoring in every quarter to a 34-7 victory.

Cary Sudduth, quarterback, hit pay dirt in the first quarter scoring the Mules only touchdown of a five yard run. The Mule touchdown was set up by an interception.

The Mustangs scored twice in the first quarter on three and 12-yard pass from Jimmy Parker to flanker Mark Stroebel.

An eight-yard run in the third quarter when Parker again hit Stroebel with a pass for a two-point conversion. Then in the fourth quarter, Johnson go back into action when he ran 57 yards for a touchdown. Stroebel again caught a pass from Parker for a two-point conversion. Highlighting Olton's play were several spectacular receptions by Mustang end Michael Franks.

The Mules had five first downs to Olton's 21. Muleshoe attempted two passes with no completions, while Olton attempted two passes with no completions, while Olton attempted two passes with

attempted 15 and completed five. Muleshoe had nine fumbles to Olton's three. Both teams had two interceptions. The Mule's Ricky Groggin intercepted one Olton pass and ran 20 yards to set up Muleshoe's first touchdown. Tommy St. Clair had five rushes for a gain of 39 yards for the Mules. Carey Sudduth carried the ball for a gain of 39 yards. The Mules were penalized once for 15 yards while Olton was penalized three times for a total of 20 yards. conventions or other large gatherings. A public meeting was held at which time it was decided to attempt the construction of the project. Some progress was made, but because of the hospital situation, it was temporarily delayed. Now that the hospital project is virtually complete, the Agricultural and Civic Center Committee believes the time is right to become active again. When Bailey County was certified as an E. D. A. County, the Agricultural and Civic Center Project was included in the plans. This means that it quite likely is eligible for a grant in the amount of fifty per-cent of the cost of construction. It has since been learned that F. H. A. money might be available in the form of a long term-low interest loan for one-fourth of the cost of construction. Thus, if it works out that way, only one-fourth of construction cost would have to be raised locally. Bailey County has pledged some help, and has purchased

weather it will really hurt the cotton, he said. "Corn and sunflowers are just a wait-out proposition, there is no cause for serious alarm there," said Adams. "It is just a matter of patience. Farmers ought to expect one of these cold spells each fall," he said. "I feel like we had a total of a good half inch of rain in the south part of town," Adams said. J. K. Adams pointed out that wheat farmers all over the Panhandle expect some rains in the fall. He said that it is a little late this year but "when the sun shines, the combines will hum," and he wasn't worried that the grain crops would be hurt. About an inch of rain was received at Circleback according to Mrs. A. W. Gore, while H. A. Gore said they received only .6 of an inch two miles south and a half mile west of Circleback, on his dry-land farm. Gore has some cotton and grain sorghum. He says this weather is not going to help the cotton crop any at all and he is just waiting out the weather to start cutting his grain. Most of the area reported drizzling rains all day Friday and more expected today. Weathermen indicated today could well be a repeat performance, with the high expected in the upper 50's. Probability of rain today was set at 80 percent.

## Friona...

held up well," he stated. "This was brought about in part by the purchase in November of the 57,000-head capacity Swisher County feedyard from Mesa Petroleum Company. This feedlot had a high occupancy level at that time and it continued through most of our second and third fiscal quarters. With the addition of this feedyard, we now have a capacity of 124,000 head. "Overall, our 1975 fiscal year can be characterized as a continuation of the chaotic circumstances which caused the U.S. cattle industry to sink to one of its lowest points ever," he added. "Cattle prices during the first nine months of our fiscal year declined steadily and remained highly unstable. Feed ingredient prices reached near-record levels, and as a result fed cattle suffered record losses during this period. "Historically, short-term disruptions in the cattle industry have proved self-correcting because of the supply/demand cycle. This was not the case from late 1973 through early 1975 when the problem was aided mainly by the existing poor national economy and a new trend to market an increased amount of lighter, non-fed, lower quality beef," Carrothers said. "Friona Industries was more fortunate than many companies in our field of agri-business.

Because of our diversification and solid financial and operating base, we have come through this most difficult time in good shape," said Carrothers. "In the final quarter of our fiscal year cattle prices began to improve, which has made it once again profitable to market grain-fed beef. Because of continued low feedlot occupancy nationwide, we can see nothing better than at best a barely adequate supply of beef. The possibility of a shortage in the supply of total red meat in the late winter months and well into 1976 is very real, and we would expect beef prices to remain high," he added. "The only big question marks continue to be inflation, a flat general economy and the high cost of long-term capital. "Since the end of our fiscal year and for the near future we are optimistic about the profitability of our business," he concluded.

**The Sandhills Philosopher**

Editor's note: The Sandhill Philosopher on his Johnson grass farm thinks he has discovered something new about the government, his letter this week indicates.

Dear editor: People are always talking about government meddling in business, which is different from business meddling in government, but I have discovered an altogether new aide to this situation.

According to articles I've been reading in the papers, the U.S. Postal Service is planning on raising the price of mailing a letter from 10 cents to 13 cents.

Of course there's nothing new about that, the first class rate has been going up steadily for the past few years -- a classic example of inflation: while the quality of letters hasn't gone up, the cost of sending them has -- but what is new about the rate increase is the timing. The report is that the rate will go up in Decem-

ber, just ahead of Christmas. Remember what happened this past summer just ahead of the Fourth of July holidays when everybody and his kids had trips all planned? The oil companies raised the price of gasoline 3 cents. With shrewd timing, the Postal Service plans to raise the price of stamps 3 cents just ahead of the big Christmas card season.

I'll tell you, it's one thing for government to interfere with business, but when it starts imitating business, that's something else.

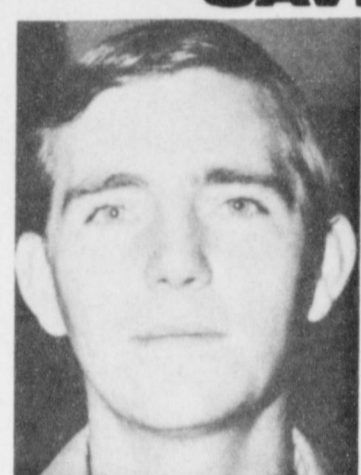

Who does the government think it is, anyway? Does it think it's as big as the oil companies?

Changing the subject, I couldn't help but notice a comment by a TV newsmen the other night while he was reporting on a teachers' strike in Chicago. 'Instead of being in the class room this first day of school, the kids are instead on the streets,' he said. You can blame the schools for a lot of things these days and in many cases be right about it, but if the half-million or so Chicago kids are either in school or on the streets, something could be remarked about the parents. That is, it could except for the fact the word 'chore' has been abolished from the English language.

Yours faithfully,  
J.A.

We believe most people are ready for autumn this year.

### Polynesian Paradise Luau Successful

The annual Epsilon Sigma Alpha luau was held Friday, September 5, 1975, at the Catholic Center. The hall was decorated to carry out this

years theme of "Polynesian Paradise" with a garbo, decorated with flowers and centered with a white wrought iron loveseat. They had grass huts, murals on the walls and tropical birds in a setting of Palm trees.

A buffet supper of about 30 different salads was provided by the members of the ESA. They had chicken salad, covered with white seedless grapes, a fruit salad of watermelon and canteloupe balls, grapes and strawberries, stuffed in the interior of a red meat watermelon. It was cut in half, serving as a bowl. Another melon was cut out with a handle and also held a serving of salad. Other dishes included were relish dishes, raw shrimp salads and fruit dishes.

Happy Hour was held from

8 to 9 p.m. and the music was furnished by the Electric Ear of Lubbock, which provided a variety of music for everyone.

All during the evening, tickets were sold for chances on

two savings bonds. The Muleshoe State Bank donated a \$25 savings bond and it was won by Mrs. Jim Cox, of Muleshoe, and a \$50 savings bond by the First National Bank of Muleshoe which was won by Reagan Cox, of Lazbuddie. The ESA also made donations of coconuts and pineapples throughout the evening.

### Esther Dorcas Circle Studies Southeast Asia

The Esther Dorcas Circle of the First United Methodist Church met Tuesday morning, September 9. Mrs. Robert Hooten presided.

The fall bazaar was discussed and the women decided that each Wednesday will be set for a quilting day for women of the church. The bazaar will be held in the Methodist Fellowship Hall, November 6, from 10:00 a.m. to 5:00 p.m.

A study was presented on Southeast Asia by Mrs. Frank Ellis. She brought out several different items of the Asian characteristics. The study of Southeast Asia is like learning about the tropical fruit, ing about the tropical fruit called the (Derian), which is eaten by the Asian people and liked. The fruit is greenish and appears to be like a thorny volleyball. It has a sweet flavor, but a foul odor.

Even though, you have been given a description of the fruit, and think you know all about it, you would know very little, un-

til you have eaten it. You have to taste its flavor and its smell.

So it is, with studying about Southeast Asia, there are many countries, races and creeds, but having studied all about them, you would really know very little, until you have lived there and tasted their way of life, and experienced their poverty.

The study presented last Tuesday was a characterization of the people of Asia. The next study will cover something of the geography and historical settings. The last study will cover the four great religions of that area. Those are the Hinduism, Buddhism, Islam and Christianity.

Those attending the meeting were Mrs. Frank Ellis, Mrs. J. E. McVicker, Mrs. Mitilda Slemmons, Mrs. Sam Fox and Mrs. Robert Hooten. The next meeting will be held in the church parlor on Tuesday, Sept. 23, at 9:30 a.m.

## Busy Year Underway For Muletrain

### ACT Tests Available To Muleshoe High Students

Five Saturday mornings during the current school year will probably be especially important to Muleshoe High School students who are planning to go on to school after graduation.

On those Saturdays -- the first of which is Oct. 18 -- students have an opportunity to take the Test Section of the ACT Assessment Program, Registration deadline for the test was announced by Mr. Gramling.

Also announced by Mr. Gramling was the complete 1975-76 national test date schedule for the ACT Assessment Program. The dates (with registration periods in parentheses) are:

Oct. 18, 1975 (Aug. 18--Sept. 22); Dec. 13, 1975 (Oct. 20 -- Nov. 17); Feb. 14, 1976 (Dec. 15 -- Jan. 19); April 10, 1976 (Feb. 16 -- March 15); June 12, 1976 (April 12 -- May 17).

On those national test dates it takes students about three hours to complete four standardized exams that make up the

### HERO Has New Slate Officers

HERO Has First Meeting.

The HERO Chapter got its year off with a bang on Thursday, August 27. All the members met at the Corral for supper and a meeting. Out of thirty-four members, thirty-two were present. Also present were Mrs. Gramling, the sponsor, and Mrs. Hunter, one of the Chapter Parents.

The first order of business was the election of officers. They are Darla Hunter, president; Yolanda Zackoski, vice president; Debbie Hunter, secretary - treasurer; Sherrell Rasco, reporter; Cammie Waggoner, historian; and Lena Kemp, student council representative.

Next the uniforms were discussed. Chosen was a pant suit with pants, jacket and blouse. The officers will meet to look for the material. These suits will be worn at meetings and special events concerning HERO. Also, the group will be getting red shirts, with HERO on the back, to wear to some of the meetings.

The Chapter also decided to buy bumper stickers and window stickers so everyone will know who the members of HERO are.

Everyone who was present enjoyed themselves greatly. The HERO chapter is planning a great year, full of excitement and fun.

### Coaches

#### Comments

Friday night September 5, the Muleshoe Mules rolled over the Dimmitt Bobcats with a 7-0 victory. The game was dominated by Muleshoe.

The offensive backs played an outstanding game. These boys included Carey Sudduth, Tommy St. Clair, and Julian Dominguez. Robert Shafer was the most successful offensive blocker.

Defense played particularly well throughout the whole game. We were especially proud of those defensive players who played their first game.

The Mules played their second game of the season with Olton. Olton is ranked as one of the top AA teams in the State. Their offense is lead by Quarterback Jimmy Parker and Tailback Glen Johnson.

Test Section. The other important section of the ACT Assessment Program is a two-part questionnaire, which is completed by students at home as part of the registration process.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors, as well as to colleges designated by the students.

The ACT Assessment Program, which is recommended or required for use by applicants at more than 2,400 colleges and other post-secondary schools, each year is used by approximately one million students.

MHS students uncertain whether they need to use the ACT Assessment Program, or who are concerned about location of the nearest ACT test centers, are urged to contact Mr. Gramling. Students can obtain registration packets and other ACT Assessment Program informational materials from their counselors.

It is recommended that students use the ACT Assessment Program in their junior year or early senior year in order that the resulting information can be of maximum value and assistance in their educational planning. The basic student fee for the program is \$7.50.

Designed to assess general educational development, the four exams that make up the Test Section of the ACT Assessment Program cover the subject areas of English, math, social studies, and natural sciences. The two - part questionnaire section (Student Profile and Student Interest Inventory), collects such information as academic and non-academic background, immediate plans and needs for college, and career interests and aspirations.

The ACT Assessment Program is one of several guidance-oriented services provided for students and educational institutions by ACT

### Rose Chapter Has Meet

The Rose Chapter Future Homemakers met for an organizational meeting September 6, at 6:00 p.m. in the High School Auditorium.

An overall view of Future Homemakers and their activities was given by the advisor, Mrs. Dorine Harbin. A question and answer period followed and plans were made to elect officers on the following Friday, September 5.

Officers elected were president, Melody Mauldin, vice president, Francis Brown; 2nd vice president, Cincy Harris; 3rd vice president, Jana Jones; 4th vice president, Tammy Hall; 5th vice president, Jolinda Hawkins, Secretary, Lupe Agundis, treasurer, Olga Costilla, historian, Dora Flores and parliamentarian, Peggy Lopez.

Plans for the year will be completed at a meeting Monday, September 15, in the Home-making Department at 4:00 p.m.

Future Homemakers are those girls interested in improving self, school, and the community. In addition to regular monthly meetings, projects to carry out these interests are planned. Any boy or girl who is now taking or has had Home-making is invited to join.

Gerald Ford, President: "The United States must act now to seek energy self-sufficiency."

(The American College Testing Program). Another well known and widely used service is the ACT Student Need Analysis Service, which is accepted for use by financial aid applicants at about 3,000 colleges and other postsecondary schools. Approximately 500,000 students will use the service this year to apply for financial aid.

The ACT National Office is located in Iowa City, Iowa.

### Rosebud FHA Elects Officers

The Rosebud FHA Chapter has elected the following officers for the 1975-76 school year: president, Nina Pitcock; first vice president, Terie Wileman; second vice president, Alma Jacques; third vice president, Sheryl McCamish; fourth vice president, Paula Pepper; fifth vice president, Annie Kirven; secretary, Beatrice Edmundson; treasurer, Lavayne Lloyd; parliamentarian, Debbie Hall; and historian, Debra Washington.

The Student council representative will be elected at a later date.

The officers will meet Monday after school with the Rose officers in the Homemaking Department.

Chapter parents are Mr. and Mrs. Jimmie Pitcock and the advisor is Miss Paula Norris.

### Seniors Begin Activities

The Senior Class of Muleshoe High School held its first meeting of the year on Tuesday, September 2.

The Seniors met to elect leaders for the 1975-76 school year: president - Kyle Kimbrough; vice president is John Dean; secretary, D'Anne Clark; treasurer is Johnny Ramage. Elected parliamentarian was Joe Bob Boone, and reporter is Marilyn Black. Student council representatives are Jole Carpenter and Carey Sudduth.

The Seniors also voted to have their Chili Supper on September 12.

Senior pictures are being taken at Pat's Photo Parlor until September 20. All Seniors are urged to call and have an appointment made for pictures.

### FFA Chooses District Delegates

The Muleshoe F.F.A. chapter held their first monthly meeting Tuesday night, September 2. The meeting was called to order by the president, Johnny Ramage. There were forty-eight members present. The main items of business were the election of delegates to the district convention and the election of a candidate for presidency of the Littlefield District.

The delegates elected were Brent Gunter, Dee Buckner, and Robert Martin. Kyle Kimbrough will be the candidate from the Muleshoe chapter running for district president.

This year's officers are president, Johnny Ramage; vice president, Kyle Kimbrough; secretary, Dee Buckner; treasurer, Kim Black; reporter, Robert Martin; sentinel, Joe Bob Boone; parliamentarian, Gary Gunter; and chaplain, Curtis Carpenter.

Dee Buckner and Kyle Kimbrough attended an electric workshop sponsored by Southwestern Public Service held at West Texas State University this summer. Thanks to electrical training in Vo. Ag. III, Dee Buckner was awarded a trip to the National F.F.A. Convention to be held in November in Kansas City, Missouri. The trip will be an all expense paid trip in which Muleshoe will be well represented. The Muleshoe F. F.A. chapter is really proud of Dee.

FIRST TO PARTICIPATE IN HECE PROGRAM, IN 1971.

### Dreams Come True, HECE

A dream - a dream which came true. The dream started in 1971. It started with four girls holding four jobs. The dream was to start an HECE Chapter. HECE is a Home Economics Cooperative Education Program which prepares students for employment in occupations requiring knowledge and skills in one or more home economics subject areas. These subject areas include clothing and textiles, foods and nutrition, home management and consumer education, housing and human development, and family living.

In 1971 the first HERO/FHA and HECE class was started in Muleshoe. The class started with four girls who were especially selected. Peggy Carter was the president of HERO and was employed at Harvey Bass Appliance as a clothing assistant. Debbie Glover served as the Chapter's reporter. She was employed at the Hospital as a companion to the elderly. Kathy Pena was employed at St. Clair's as a fabric coordinator and Tracy Cowan was employed at Cobb's department store as a fabric coordinator.

### Student Council Outlines Projects

The officers and elected members of the Student Council have already kicked off 1975 with money making projects and ideas. President Robert Shafer has been busy taking care of elections of class representatives and the appointment of honorary members. The outlook for the Student Council of 75-76 is excellent.

### MHS Band Is On The Go

The Mighty "M" Band On The Go has been on the go this year, starting off with a party. The band had a light one hour rehearsal, then all met at the Old Park for fun and eats. All coming to the party, brought a sack lunch and cokes were provided.

The new officers for the 75-76 school year are: president - David Smith; vice-president - Frances Dunbar; secretary - Donann Harmon; reporter - Merryl Watson; historian - Tracy Buhrman; chaplain - Royce Hamilton; student council representative - Paula Bickel; librarian - Judy Precure; senior representative - Gary Richardson; junior representative - Karen Head; sophomore representative - Randall Hamilton; quartermasters - Danny Jones, James Cook, Mark Benedict, Carol Brown, and Sheryl Brown; and drum majors - Lana Wagon and Patty Pena.

### DECA Organizes

Monday, Sept. 8, DECA met for their first meeting of the year in Room 14. Officers were elected and committees were appointed for a Halloween Carnival Booth and the Christmas movie.

These first four girls enjoyed what they were doing and had a dream to make HECE a great organization in both school and community. With the help of Mrs. Gramling and the advisory council the HECE program has grown to be known by people all through the town.

Now five years later the dream has come true. Now there are thirty-five members. Members who want to use the HECE program to help themselves, their school and their community in the future. All the girls work hard and plan to continue working hard to keep HECE a program which will stay known and respected by all.

The HERO program is the FHA part of HECE. In HERO the girls have officers who head the meetings. Usually these meetings are held at different restaurants in town. Community work and a school project are some of the projects of HECE. For money making projects, the HECE will have a

### Mule Spirit

This Friday the Mules will play their first out of town game of the season. They will be traveling to Friona and the game will start at 8:00 p.m.

The Varsity Cheerleaders would like to thank everyone for their support this year and invite you to come to Friona and support the Mules. BEAT FRIONA!!!

The Varsity Cheerleaders for this year are Head cheerleader, Jana Bruns; Cynthia Rogers, Debbie Purcell, Perri Poyner, D'Anne Clark, Patti Poyner and Helen Balderas, Mascot.

### Juniors On Their Way

The Junior class took their first step toward an active year when they met Monday, September 8, at 11:00 to elect officers. The meeting began with the sponsors Mr. Keith Taylor, Mr. Tony Clines, Mrs. Keith Bray, and Mrs. Betty Jennings as they outlined the events the Junior class will be involved in. The class will sponsor the mum sales during homecoming week, the refreshment stand at the Muleshoe Livestock Show, and the Thanksgiving Turkey Supper at the last home football game.

The next action of the agenda was to elect officers. The new president for 1975-76 is Gary Gunter; vice president, Patty Pena; secretary, Patti Poyner; treasurer, Nicky Bamert; reporter, Sheryl Stovall; and parliamentarian, Darrell Rasco. Student Council representatives are Patti Poyner and Donita Dale.

The officers for this year include president - Robert Shafer; vice president - Laura Beene; secretary - Perri Poyner; Chaplain - Darla Hunter; treasurer - Teresa Hamilton; historian - Linnie Davis; parliamentarian - Edwin Watson and reporter - Patty Pena.

The Student Council has big plans in the year 75-76; and with the school's support, the Council will go far. Student Council meets every Tuesday morning at 7:45, and we encourage full attendance.

### DECA Organizes

Monday, Sept. 8, DECA met for their first meeting of the year in Room 14. Officers were elected and committees were appointed for a Halloween Carnival Booth and the Christmas movie.

New officers for this year are: president - David Smith, vice president - Fred Beversdorf, secretary - Betty Pedroza, treasurer - Mylinda Graves, reporter - Dan Ellis, parliamentarian - Linnie Davis, and historian - Dawn Williams. Mr. Gist, treasurer - Mylinda Graves, and vice president - Fred Beversdorf will be attending a DECA leadership lab this weekend in Amarillo, Sept. 12-13. They will be learning new ideas to make our organization more profitable this year.

### Mule's Tale Staff

The Journalism class of Muleshoe High School is working very diligently to make this the very best year ever. The class shows a lot of enthusiasm and anticipation for the coming year and the Journalism class wants to produce the best annual possible.

Those in the Journalism class are Dwayne Shafer, Gary Davis, Patti Poyner, Tammy Bruns, Sheryl Stovall, Kyle Kimbrough, Joe Bob Boone, Perri Poyner, Cammie Waggoner, Cynthia Rogers, Debbie Purcell, Tommy St. Clair, Mule's Tail editor Jana Bruns, and Muletrain Co-editors Laura

Beene and Marilyn Black. Four students attended a photography darkroom demonstration in Lubbock last Thursday, September 11, at the photo shop in Lubbock. The workshop was a demonstration of a variety of darkroom techniques. Those attending the workshop were Gary Davis, Dwayne Shafer, Laura Beene, Marilyn Black and the Journalism sponsor Mrs. Lucy Faye Smith.

### Lana Wagon National Honor Society

National Honor Society Pres.

The National Honor Society held its first meeting Monday and discusses pertinent business. First on the agenda was the election of officers. The results are Lana Wagon, president; Stephen Harvey, vice-president; Jack Barber, treasurer; Connie Johnson, chaplain; Sherrell Rasco, secretary; LaShelle Lewis, parliamentarian; Barbara Davis, bulletin board coordinator; Bill Durham, reporter; and Larry Mills, student council representative. The members then discussed possible meeting times and decided on the second Thursday in each month (subject to change). The Society will have dinner meetings.

With all business finished, the meeting closed in regular form. Mrs. Lucy Faye Smith is sponsor.

### Drama Group Presents Plays

Muleshoe High's Drama Department will present their night of one act plays October 20-21. Tryouts for the plays were held Tuesday, September 2.

Cast members of 'Louder, I Can't Hear You' are Morgan Pena, Tracy Buhrman, Amy Clark, Ricky King, Lashelle Lewis, and Larry Mills. 'Louder' is the story of a mother and housewife who is never heard by her family.

The second show is 'The Small World of Millie Melvor'. Cast members are Renee Douglass, Lavayne Lloyd, Debbie Miller, John Dean, Bill Durham, Mike O'Grady, and Vivian Briscoe. The story line of this situation comedy concerns two young men trying to

persuade two young ladies to sew up a pair of torn pants. Stage crew members are Kip Garth and Jo Ann Lopez.

**The Consumer Alert**  
by John L. Hill  
Attorney General

AUSTIN—Two years ago, a landmark Deceptive Trade Practices-Consumer Protection Act was passed by the Legislature after months of work with the sponsors by the Attorney General's Office, the Texas Consumer Association, the Texas Retail Federation, the Texas AFL-CIO, and the State Junior Bar.

Again this past legislative session, our Attorney General's Office, in cooperation with the same groups, worked to help pass certain amendments to the basic law that would clarify parts of it in order to provide even better protection against fraud for consumers.

The basic premise of the 1973 law was, and still remains, that every citizen is a consumer—this includes busi-

nesses—and that consumers are entitled to protection from false, misleading, or deceptive practices in their business dealings.

The changes passed during the last session further specify that "consumer" means "an individual, partnership, or corporation who seeks or acquires by purchase or lease, any goods or services."

For example, if an insurance corporation bought 100 new typewriters and later found out they had been sold not new but "reconditioned" machines, they might take action under the law.

Another important change is that real estate transactions are now covered by the Act. So, if you buy a house thinking you're getting 10 acres of land with it, and it turns out that you actually got only 9.6, you might file a consumer complaint.

Or, if someone sells you a

lot and house in the country with a septic tank installed and "in good working order," and you later find out the septic tank is installed but has never worked properly, the new law clearly protects you.

Another change in the law clarifies a consumer's right to protection from fraud in goods or services purchased or leased for use, including services furnished in connection with the sale or repair of goods. For example, this provision would protect a consumer from misrepresentation if he leased an automobile for a period of time. The Legislature has, however, limited protection on purchase or lease of services to uses other than commercial or business.

Another consumer law passed in the recent legislative session brings the Texas Home Solicitation Act in conformance with a similar federal law. Sales in the consumer's home

may now be cancelled by the consumer within three days if the amount of the sale exceeds \$25.00. Sales involving real estate may be cancelled if they are for amounts over \$100. The seller must include disclosure of Home Solicitation Act provisions on contracts for all goods under \$200, unless a 100% written guarantee is offered.

And, finally, a significant service to consumers was authorized by the Legislature when provision was made for our Attorney General's Office to open a sixth regional office to serve the Lower Rio Grande Valley. This office will operate in conjunction with our regional offices in Dallas, Houston, San Antonio, Lubbock, and El Paso, and our main office in Austin will make consumer law enforcement activities much more accessible to residents of the Valley.

**Mrs. Neeley Services Held**

Funeral services were held at 2 p.m. Sunday at the First Baptist Church at Lockhart for Mrs. Bessie M. Neeley, 79, who died Thursday, Sept. 4. Burial was in the Memorial Gardens Cemetery at Lockhart.

Mrs. Neeley moved to Amarillo in 1974 from Lockhart and was a member of the First Baptist Church and Eastern Star in Lockhart.

Survivors include one grandson, John Blackwell of Muleshoe; one daughter, Mrs. J. W. Blackwell of Amarillo; one brother, Benton Watkins of San Antonio; five sisters, Mrs. S. A. Hanks, Mrs. Wilma Stanton and Miss Yotie Watkins, all of San Antonio, Mrs. Lillian Chamberlain of Floresville and Miss Ozella Watkins of Lockhart; one other grandson, Joe Blackwell, Jr., in Germany and five great grandchildren.

**PUBLIC NOTICE**  
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S. J. R. NO. 11)  
SPECIAL ELECTION NOVEMBER 4, 1975

**PROPOSITION NO. 1 ON THE BALLOT**

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

**PROPOSITION NO. 2 ON THE BALLOT**

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

**PROPOSITION NO. 3 ON THE BALLOT**

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary, is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 3 ON THE BALLOT**

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 4 ON THE BALLOT**

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

**PROPOSITION NO. 5 ON THE BALLOT**

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VIII, Section 9, which becomes effective January 1, 1979.

**PROPOSITION NO. 6 ON THE BALLOT**

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

**PROPOSITION NO. 7 ON THE BALLOT**

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

**PROPOSITION NO. 8 ON THE BALLOT**

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 9 ON THE BALLOT**

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 9 is adopted, the article will replace Article XVIII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XII. Article XVIII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS OF THE Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

### Cattlemen Need To Watch For Pinkeye Problem

Infectious Bovine Keratoconjunctivitis, better known to cattlemen as "pinkeye" is a troublesome eye infection primarily in white-faced cattle. The aggravating problem is initially an eye irritation caused by glaring sunlight, wind, dirt, plant pollen or other eye irritant. Then with the eye red, inflamed, and swollen the infection is produced almost always by a bacteria, *Moraxella bovis*, but occasionally by other bacteria or a few viruses.

The worst pinkeye signs are seen in cattle less than two years old, but all ages are susceptible. The signs of an impending pinkeye problem begin with the animals showing sensitivity to light, blinking and squinting. Soon there will be redness on the inner eyelid lining and maybe some swelling of the whole lids. The eyes will begin to run with the early drainage down the face being watery, but in a few days the fluid becomes pus-like. In white-faced cattle dirty streaks run down the face below the eyes. Often by this time the eyeball itself is affected. The eyeball is irritated and will develop a white film. Following in a few days will be an ulcer in the center of the eye with a white ring around it. If the disease is untreated

finally the eyeball ruptures and the eye is ruined permanently. It is believed that cancer eye can follow chronic pinkeye with the death of the cow being the final outcome.

The Texas Veterinary Medical Association says that pinkeye can easily be treated and controlled if cattlemen will take the time and effort to do so in the early stages of the infection. Limiting the early causes of irritation by clipping high weedy pastures, providing wind breaks and shade, and controlling face flies which spread the infection from animal to animal are most important. Antibiotic therapy is necessary to stop current infections and should be used on the advice of your veterinarian. It is advisable to treat all animals in the herd when an infection gets started.

Work is currently being done on a vaccine for pinkeye. Since it is still in the early stages the very best that a cattlemen can do is be diligent in eliminating the causes of early eye irritation and treating early cases quickly. Excellent management practices can virtually eliminate pinkeye as a herd problem.

Nixon said to be open to \$2-million for memoirs.

WRESTLING  
WITH  
OUR  
FEARS

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded — a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

"My fears are causeless and ungrounded,  
Fantastic dreams and melancholy fumes."

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

The Church is God's Agency designed to help you. We invite you to attend this week.

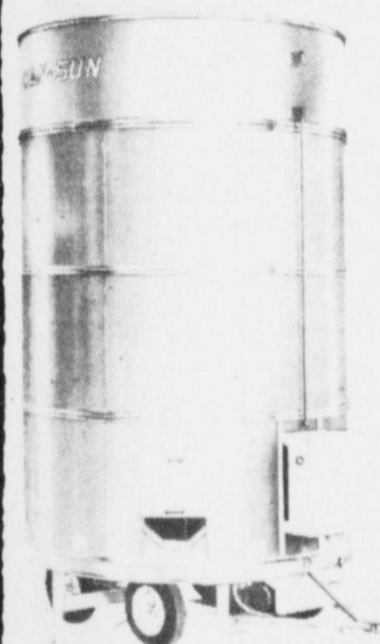

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny. The truth which alone will set him free to live as a child of God.

## Cowbelles Observe Farm - City Week

The Bailey County Cowbelles held their regular monthly meeting, Thursday, Sept. 4, in the home of Mrs. Gene McGlaun. President, Mrs. Wayne Hinkson, Sr. was appointed Farm-City Week Chairman.

## Enochs HD Club Elects Chairman

Enochs Home Demonstration Club met September 9, at 2:30 p.m. with Mrs. Winnie Byars. Mrs. Dorothy Nichols, president, presided over the meeting. Roll call was answered by an "American Freedom I Enjoy". Minutes of the last meeting were read by Mrs. Winnie Byars and approved. We received the new yearbooks. Mrs. Byars showed some corn apples and peaches she had dried. She passed some corn around that had been prepared for eating. The Enochs-Bula Lions Club invited all members to their meeting, Thursday night, at the community center. Mrs. Alma Altman was elected chairman of Beautification program for the Enochs-Bula Community Center.

Those attending, besides the hostess was Zelma Fred, Louise McCall, Alma Altman, Dorothy Nichols, Bonnie Long, Wilma Petree, Elnita Key, Ada Long, her daughter, Sudie Carroll from Garland. There was also Joey Van, Dorothy Bogard and Namie Blackman.

The next program will be about Social Security and Medicare with Mrs. Alma Altman, on September 23.

Mrs. Gene McGlaun was appointed chairman of 'Women for Beef Market and Development'. This is a group of women who have organized nation wide that are concerned with gaining more knowledge on Beef and Beef Promotion.

The fall convention, for Texas Cowbelles is to be held in Ft. Worth, Oct. 20 and 21, in conjunction with the Texas Cattle Feeders Convention.

Mrs. Tunnell appointed Mrs. Gene McGlaun and Mrs. Jim Collum as the nominating committee, of new officers, for 1975-76. Election of new officers is to be held, during the Oct. meeting. Mrs. Monty Dollar and Mrs. Bob Lowe were appointed as program committee.

Those attending voted on changing our meeting time and meeting place. It was decided to meet the second Monday, of each month, in the members homes.

Those attending were Mrs. Bob Lowe, Mrs. Monty Dollar, Mrs. Wayne Tunnell and Mrs. Gene McGlaun. They had a salad supper, hosted by Mrs. Gene McGlaun and co hosted by Mrs. Howard Watson.

**HEALTH BILL A LAW**  
 Congress has overridden President Ford's veto for the first time this year as it enacted into law a \$2-billion health measure. The final vote was 384 to 43, or 99 more than required.

# BESWITCHED TO ELECTRIC HEAT

Whichever electric heating system you choose for your home, we know you'll be amazed at how practical it is. Electric heating is clean, quiet and environmentally sound because it's 100% efficient at the point of use. The best feature of electric heating is you'll enjoy it for years to come because electric heating will be as modern tomorrow as it is today. And now, it's possible to meet your heating and cooling needs with one unit, one thermostat setting, no matter what season of the year it is. Sound like magic? No, it's the heat pump. We'll be glad to tell you all about it. Call us this week.

**IT'S NOT MAGIC...IT JUST ACTS THAT WAY**

ENERGY EFFICIENCY ALLOWANCE

We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.
