

### Three Way News

By Mrs. H.W. Garvin

Mr. and Mrs. Rayford Masten was in Muleshoe Tuesday on business.

Mrs. Adolph Wittner stayed from Monday until Wednesday in Lubbock with her sister Dorothy Neutzler who is a surgery patient in St. Marys Hospital.

Mrs. Tommy Galt was dismissed from Methodist Hospital Wednesday.

The Three Way junior high school hosted a basketball tournament the past weekend.

Mr. and Mrs. George Tyson spent Thursday night in Lubbock with their daughter the Tommy Durhams and visited their son Troy Tyson in Sundown Friday afternoon.

Mrs. J.T. Lemons from Roswell N.M. spent the weekend with her daughter the Bobby Kindel family.

Mr. and Mrs. H.C. Toombs was in Lubbock Saturday shopping.

The Three Way high school basketball teams played Whitherrell Friday night loosing both games to Whitherrell.

Mr. and Mrs. S.G. Long was in Levelland Friday on business.

Wade Pollard from Whitherrell spent Friday night with his grandparents the Rayford Mastens.

We wish to welcome Mr. and Mrs. Dan Simpson to our community from New Mexico. Mr. and Mrs. Dan Simpson have a new mobile home in Maple.

The Three Way basketball teams played Bledsoe Tuesday night on their home court with Three Way girls winning and boys loosing.

Mr. and Mrs. Adolph Wittner were in Lubbock to visit her sister Dorothy Neutzler.

Mr. and Mrs. Carl Dupler from Odessa visited his mother Mrs. Minnie Dupler Sunday.

Mr. and Mrs. Bill Dupler and girls visited the Luther Edwards and the Chuck Duplers in Sundown Sunday.

The Three Way girls played in The Sundown

end loosing.

Mrs. Adolph Wittner was in Lubbock Saturday to visit her father B.J. Emerson and visit her sister Dorothy Neutzler.

Mr. and Mrs. Rayford Masten was in Lubbock Monday on business.

Mery Ann and Millisa Toombs from Muleshoe spent the weekend with their grandparents the H.C. Toombs.

## Names Of Certified Agents Available

"Names of certified agents who have completed the Agent Certification Training and testing program will be available at a toll free 800 telephone number in 1983," according to F.W. "Ted" Crouch, Jr., Director for the College Station, Texas Field Operations Office of the Federal Crop Insurance Corporation (FCIC).

"The individual farm yield guarantee and other program changes make immediate access to a trained agent necessary," Crouch added. "Absentee landowners needing to locate a qualified agent in the same county where the land is located will find this service especially helpful," Crouch declared.

"Use of the 800 number is simple. Just dial 1-800-447-4700 and ask for agent referral. The operator will ask for name, address, and the zip code where the land is physically located. With this information the names of three certified agents in that area will be randomly and automatically selected and given to the caller.

## Adams Extract Sponsors 4-H Roundup

Adams Extract Company of Austin will enter its fourth year as sponsor of the 4-H foods and nutrition educational activity, a contest that is part of the annual Texas 4-H Roundup.

The sponsorship was announced by H.T. Davison, executive director of the Texas 4-H Youth Development Foundation, who is also a 4-H and youth specialist with the Texas Agricultural Extension Service, Texas A&M University System.

As sponsors of this program, Adams Extract provides products to all 4-H participants in each of the 14 Extension district contests as well as products to the top three winners in each district contest. At

## Snow Halts Final Area Harvesting

Final stages of the cotton harvest halted again just after mid-January when wet weather pushed across the High Plains on Monday the 17th. Moderate to heavy snow climaxed the week long storm system by dropping a four to 18 inch cover. Frequent storms have prevented harvesting from gaining much momentum since just before Thanksgiving, said Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock.

The Lubbock office classified 41,400 samples during the two week period ended January 27. This brought the season's total to 640,000 or about 92 percent of the estimated total for the entire season, Bennett said.

Predominant grades during the two weeks were grade 42 at 38 percent, grade 52 was 31 percent, grade 43 amounted to 10 percent and grade 53 accounted for seven percent. About 35 percent was reduced one grade because of bark and eight percent for grass.

Predominant staples were staple 30 at 15 percent, staple 31 was 46 percent,

## Windbreak Tree Seedlings Still Available

The time is at hand for planting shade trees.

Planting shade trees during the winter season offers several distinct advantages, says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

"The root systems of winter-planted trees develop and become well established before top growth starts in the spring," says Everett Janne.

Bare-root trees as well as container-grown or balled-and-burlapped trees are suitable for winter planting.

Choose trees adapted to the area, Janne says, and avoid "fast growing trees" because they are brittle and short-lived.

He offers these guidelines for tree planting: --Dig the tree pit large enough to allow at least six inches clearance on all sides. The diameter of the pit is generally one-and-a-half times more than the root ball.

--Make the pit only as deep as the root ball.

--Plant the tree the same depth as it grew in the nursery. The soil line is a discolored ring on the trunk.

--Check the soil's internal drainage by filling the hole with water. If it doesn't seep out in 24 hours, the roots could suffer from lack of oxygen. To improve drainage, dig a trench away from the bottom of the pit and fill it two-thirds full of gravel. This lets excess water drain to a lower area.

--Place the tree in the hole, handling only the ball. Never carry it by the trunk. Remove any containers before planting.

--Fill the hole with a good topsoil or prepared mixture of soil, sand and peatmoss or pine bark. Water thoroughly to settle the soil and eliminate any air pockets.

--Don't fertilize at planting time; wait until after growth starts in the spring and fertilize lightly.

--Stake the newly planted tree to stabilize and protect it until the roots become established.

--Wrap or protect the trunk from sunscald, drying winds, sand storms and borer attacks.

--Water thoroughly whenever the soil becomes moderately dry.

With proper handling and care, winter-planted trees will get off to a good start in the spring, says Janne.

**To Make Sure**  
Herbert, a lovesick but suspicious sailor, bought his girl some stationery.  
"Will that be all?" asked the clerk.  
"No", the sailor replied, "just to make sure, print 'Dear Herbert' on each sheet!"

Key objectives of the Texas 4-H nutrition project and contest are to develop leadership talents and confidence in speaking before groups, develop understanding of the daily food guide and how to eat by it, learn about nutrients in foods and how they affect health, and learn to plan, prepare and serve foods for the family.

Davidson said that there were some 20,000 4-H members enrolled in the Texas 4-H nutrition project and contest are to develop leadership talents and confidence in speaking before groups, develop understanding of the daily food guide and how to eat by it, learn about nutrients in foods and how they affect health, and learn to plan, prepare and serve foods for the family.

Recent legislation provided a 7.4 percent increase in Veterans Administration compensation checks to service-disabled veterans and their dependents.

VA reminds veterans that regulations have been amended to make it easier for veterans to purchase retirement homes and to participate in local housing programs where there are restrictions such as income and age.

Through the first 11 months of 1982, Texas produced 798,799,430 barrels of oil.

Texas crude oil production totaled 71,072,520 barrels in November, according to Railroad Commission Chairman Mack Wallace. The figure compares with reported October production totaling 73,520,248 barrels and November 1981 production of 73,094,924 barrels.

Texas crude oil production averaged 2,369,084 barrels daily in November, down from 2,371,621 barrels daily in October and down from 2,436,497 barrels daily in November 1981.

The preliminary November summary indicated Texas oil production was 23.36 percent under the allowable for the month.

### Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

**Notice to Customers of Other Telephone Companies**

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

**Southwestern Bell**

### Aviso Público

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intraestatales, sino que servirá para compensar el aumento de los ajustes que se les paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y esta disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

**Aviso a los Clientes de Otras Compañías de Teléfono**

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.

A telephone number to remember, 800-424-9300. It can save lives. It is the toll free number for the chemical Transportation Emergency Center or Chemtrec. Chemtrec answered its first call for help in 1971. At the beginning of its eleventh year of service, Chemtrec has assisted in more than 21,000 emergencies. Chemtrec offers assistance in two steps. First it provides advice to callers anywhere in the United States on how to cope with a transportation emergency involving chemicals. Then it notifies the shipper so appropriate followup action can be taken. This number should be included to everyone's emergency phone number list.

**Sorghum Scientists Set February Meet**

Some of the nation's leading beef cattle and swine research nutritionists will be featured at the Thirteenth Biennial Grain Sorghum Research and Utilization Conference scheduled for February 23-24 in Brownsville, Texas. They will review the newest techniques and findings in grain sorghum processing and livestock feeding. Congressman Kent Hance (Texas 19th Dist.) will open the conference. His keynote address will be followed by specialists who will review recent research in animal nutrition and grain sorghum utilization as well as the complete range of grain sorghum physiology, breeding, chemistry, pathology, entomology, cultural and management practices. The purpose of the Grain Sorghum Research and Utilization Conference is to review ongoing research and to coordinate future research activities in order to achieve the maximum value for research investment. It attracts the leading grain sorghum scientists from throughout the U.S. and many foreign countries and brings together scientists from university research centers and from private industry.

Business meeting February 2 was called to order by Wayne Wauson. Secretary, Owen Jones was at home recuperating from a recent illness and unable to give minutes of the last meeting.

Earl Ladd reported on an upcoming planning meeting for the 1983 Lubbock annual training school. The qualified fireman of our department that have helped in the past were asked if could help again this year. Those that will be part of the training program this year are: Johnny Ziegenfuss on house fires, Wayne Wauson on Extrication, H.E. Reeder Ladders and pump operations, Chief Jack Dunham. LP gas fires and Earl Ladd on planning committee.

New fireman attending school were reminded to have both rubber and leather boots on hand as leather boots are required for the last course. Planning got under way for the 1983 Fire-

mans Ball which is the only organized fund raiser we have. Funds we receive from this activity go toward payments on equipment or purchasers planned for.

The Department received a check for \$70 from the Local Farm Bureau Insurance agency for our attempted assistance on a fire at the Ruby Waltrip residence in Enochs.

**Eastern To Make Charge Against 1982 Income**

Texas Eastern Corporation announced that it would make a charge against 1982 income of \$20.4 million, equal to \$.80 per common share, to resolve an accounting disagreement with the staff of the Securities and Exchange Commission, of which Texas Eastern received notice on January 24, 1983. The SEC took exception to the 1981 and 1982 accounting for capital costs of four North Sea exploration and production projects. The Company and its independent accountants were and are convinced that the Company's accounting was appropriate in the circumstances, but proposed the charge to 1982 income in order to resolve the matter as quickly as possible and not unduly delay reporting of earnings. Inasmuch as the adjustment reduces the capitalized costs of the four projects, future income will increase an equivalent amount as production occurs because of lower depreciation, depletion and amortization charges. Texas Eastern said it expected to release unaudited 1982 earnings within the next several

tentions of unattentiveness. After the business meeting did adjourn the Executive Board and training committee met to plan and execute department business and

**Welcome To Muleshoe**

A BIG MULESHOE WELCOME TO Mr. and Mrs. John Fuller, and their five children. Fuller is moving to Muleshoe to assume the position of Superintendent of the Muleshoe Independent School System. He and his wife, Gayle, are the parents of Jason, 11; Kris, seven; Heather, three and Callie and Cassie, both 18 months of age. He is a native of Dallas and they have lived in Wells for the past five years where he is currently superintendent of schools. He enjoys youth sports, farming/ranching, fishing and hunting. The Fullers are members of the First Baptist Church of Wells.

**Sudan News**

By Evelyn Ritchie

Recent visitors in the home of Mr. and Mrs. George Collins were their children, Bessie Lamb, Jerry Tittle and Fred Collins, all of Levelland.

Ouida Parrish has returned home from Tennessee where she visited during the holidays with her son, Mr. and Mrs. Dewayne Parrish and family.

Visiting recently in the home of Mr. and Mrs. Louis Fields were their daughter, Debbie Bingham and Alyson of Lubbock and their son Gary of SPC. Accompanying Gary were other SPC students, Lee Ann Haber, Lynette Spencer and Larry Dawson. Also visiting with the Fields were Mr. and Mrs. J. P. Fields of Clyde, Texas.

Homer McLaury is a patient in the Methodist Hospital this week.

Mr. and Mrs. Gilbert Stogsdill of Burleson, Texas visited last week in the home of his sister, Mr. and Mrs. Dewey Coldiron.

Ricky Tennyson, son of Mr. and Mrs. Terry Tennyson, returned home Monday following knee surgery last week at the Highland Hospital in Lubbock. Ricky received an injury during the basketball tournament in Littlefield.

Mrs. Rose Pinkerton is a resident at the Hospitality House in Littlefield.

Visiting last week with Mrs. Polly Kent and Mrs. Claudie Cooke were their brother, Mr. and Mrs. E. L. Kyzer of Sunnymeade, California and Mattie Ruth Benton of Muleshoe, and Mrs. Juanita Brown in Littlefield.

Kenneth Noles was in Austin this past week for an administrative conference.

Visiting recently with Mr. and Mrs. Halbert Harvey were their children, Ryan Dale of San Angelo, Dennis of Denver City and Cheryl, now of Ft. Worth.

Mr. and Mrs. Doyle Terrell have both been patients in the Amherst Hospital this week. Their daughter, Mattie Pearl of Oklahoma has been here with them.

Mr. and Mrs. Jay House of Sundown were Sudan visitors Tuesday and had lunch at the Main Place.

Son Qualls has been visiting in Littlefield with his sister and family.

Mr. and Mrs. Glen Cardwell were in New Deal and Lubbock Wednesday to visit their daughters, Mr. and Mrs. Barry Nettles and family and Glenda Cardwell.

Mr. and Mrs. Cliff Shupe have returned home from Clovis, California where they visited his mother, Mrs. Rozella Shupe and other family members. Since their return, they received a message that Mrs. Shupe has suffered a severe heart attack and is in critical condition.

Maxine Nichols remains a patient in the Methodist Hospital in Lubbock.

Mr. and Mrs. Beryl Harrell of San Angelo visited this week with Mr. and Mrs. Dale Beadle while enroute to Levelland where they will be making their home.

Mr. and Mrs. David Doty and children of Littlefield visited during the weekend in the home of his parents, Mr. and Mrs. Wayne Doty. Also visiting with them was their daughter, Mr. and Mrs. Doyle Mapp of Hobbs, N.M.

Mrs. Billy Chester and Mrs. Dale Masten and children were in Clovis Monday on business.

Mr. and Mrs. Lynn Williams and children of Littlefield visited during the weekend in the home of his parents, Mr. and Mrs. R. C. Williams.

Mr. and Mrs. Wayne Swart and Mr. and Mrs. James Withrow were in Lubbock Sunday evening to attend the Stadler Brothers Show.

Mrs. Gladys Terry was a patient in Amherst Hospital some last week. Others who were or are patients there include Donnie Nelson, Mrs. Clara Kent, Ramona Ingram, Maxine Nichols, Nell Epps, Elizabeth Walden, Mary Markham.

Mrs. Joe Wood and Michael have been released from Methodist Hospital and returned home on Wednesday afternoon.

Rhoda Minyard accompanied her son, Mr. and Mrs. Pat Minyard of Lubbock to Frederick, Oklahoma, to attend funeral services for their brother-in-law, and uncle, Don Minyard, 54, who died Sunday. Services were held Tuesday.

Herb Potter was transferred on Tuesday from the Amherst Hospital to the Methodist Hospital in Lubbock.

Gladys Terry remains a patient in the Amherst Hospital.

Waymon Bellar is recuperating at the home of his son, Mr. and Mrs. Roger Bellar in Tyler. He recently underwent surgery there.

Homer McLaury underwent surgery on Wednesday at the Methodist Hospital in Lubbock.

Maxine Nichols underwent surgery on Thursday at the Methodist Hospital. She is in room 386.

\*\*\*\*\*  
Marvin Bowling has returned home from Methodist Hospital.

\*\*\*\*\*  
This week's senior in the spotlight is Amanda Gay Gatewood. 'Mandy' is the 17 year old daughter of Ronald Gatewood and Mrs. Earlene Akin of Tulia. She was born May 4, 1965 in Amherst, Texas.

She is five feet, four inches tall and has brown hair and brown eyes.

Mexican food tops her list of favorites; red is her favorite color; and she states that her favorite people are her parents, aunt and uncle.

Tom Selleck and Linda Evans are her favorite actor and actress. "Hard To Say I'm Sorry" is her favorite song at the moment and Loverboy is her favorite singer.

Art is her favorite subject at Sudan High and her favorite teacher is Mrs. Fisher.

Mandy plays tennis and is involved in FTA and is Queen of the Sudan Lions Club, is in band at SHS, and her hobbies include basketball, tennis, softball, swimming, horseback riding and running around with her friends.

Her goals in life are to be successful and happy with whatever she does and she states, "I'm proud to say that I could graduate from the new Sudan High School." She plans to attend South Plains College or Texas Tech upon graduation.

\*\*\*\*\*  
Panhandle State University in Goodwell, Oklahoma has listed 144 students on the Dean's Honor Roll. The Dean's List each semester contains the names of those students who have carried 12 hours or more and have a 3.3 grade point average based on a 4.0 scale and have no I's or F's.

Billy Glenn Tiller of Sudan was among the 144 students who earned the honor of being listed on the Dean's Honor Roll.

The first two scholarships from the Terry Richard Albus Memorial Scholarship Fund have been awarded at South Plains College. Making the pres-

entation was Gail Albus-Sams (left), Albus' sister and an SPC graduate; scholarship recipient James Finchum, 21-year-old sophomore drafting major and son of Mrs. Joanna Finchum of Dumas; Kevin Fisher, 21-year-old sophomore drafting major and son of Mr. and Mrs. Jan Fisher of Sudan; Gretta Alexander, assistant drafting instructor at SPC; and Darrel Raines, assistant professor of drafting technology. Albus, an SPC graduate and pre-pharmacy major, had planned on attending pharmacy school in Weatherford, Okla. but was killed in February, 1981, in a car accident.

\*\*\*\*\*  
Mr. and Mrs. Raymond Harper and family were in Lubbock Sunday to visit their daughter, Mr. and Mrs. Tom Mills and attended church services with them there.

\*\*\*\*\*  
Lisa Bishop student at Texas Tech was home during the holidays with her mother, Mrs. Valda Bishop.

\*\*\*\*\*  
Nell Epps was a recent, medical patient in the Amherst Hospital.

\*\*\*\*\*  
Mr. and Mrs. Frank Prokop and girls of Odessa were here during the weekend to help host the 50th wedding celebration for their parents, Mr. and Mrs. Dorman Chester.

\*\*\*\*\*  
Among those from Sudan who have been called for jury duty include Mable Wiseman, Jodee Tennyson, Nolan Parrish, John Underwood, Pam Maxwell, Wanda Testerman, Chyrel Phillips, Bonnie Sutton, Ray Dudgeon, Cordia Hargesheimer, Marly Beckett.

## Local FFA Students Win Show Honors

Several MHS students participated at the Bailey County Junior Livestock Show held January 26-28. The show began with the weighing in of animals Wednesday, January 26. Thursday morning, students from Dillman Elementary School, Mary De Shazo School, and Jr. High School toured the show. FFA members Kim Farmer, Dee Kinard, Tamara Gilliland, Eddie Johnson, and Michael Barrett showed the students around and answered questions from

them concerning the show. The Lamb and Steer Show began at 6:30 p.m. Thursday, January 27. Judging the lambs was Storm Gerheart, a Vo Ag instructor from Grady, New Mexico. Approximately fifty lambs were shown. John Kuykendall, County Extension Agent from Llano County, judged the approximately 50 head of steers at the show.

MHS students who placed in the Lamb division were: James Stevens - 3rd place, Fine Wool; Beth Harmon - Reserve Breed Champion, Fine Wool Cross; Ricky Rasco - 3rd place, Fine Wool Cross - Heavy weight; Beth Harmon - 4th place, Medium Wool-Medium Wt.; Ricky Rasco - 5th place, Medium Wool-Medium Wt.; Donney Burris - 6th place, Medium Wool-Medium Wt.; Wade King - 8th place, Medium Wool-Medium Wt.; Donney Burris - 4th place, Medium Wool-Light Wt.; Curtis Snell - 7th place, Medium Wool-Light Wt.; Beth Harmon - 5th place, Medium Wool-Heavy Wt.; and James Stevens - 6th place, Medium Wool-Heavy Wt.

In the Cattle Division, Jerry Lionel Gleason took the showmanship honors. Jay Gleason placed 1st in Feeder Steers; Jerry Gleason - 2nd place, Heifers; Sharla Morrison - 4th place, Purebred Herefords; Eddie Johnson - 5th and 6th places, Purebred Herefords; Tracey Tunnell - 2nd place, American Cross; Jerry L. Gleason - 1st place, Middle Wt. Cross; Sharla Morrison - 3rd place, Middle Wt. Cross; Casey Stewart - 8th place, Middle Wt. Cross; Sherri Bessire - 2nd place, Light Wt. Cross; Casey Stewart - 7th place, Light Wt. Cross; Sherri Bessire - 4th place, Middle Wt. Heavy Cross; Jerry L. Gleason - 2nd place, Heavy Wt. Cross; and Jay Gleason placed 3rd and 7th in the Heavy Wt. Cross class.

The Swine show began at 8:30 Friday morning. Tracey Tunnell exhibited the Grand Champion Swine. Other MHS students who placed in the show were: Zanna Huckaby 1st place and Earl Parish 4th place in the Light Wt. Berkshires; Jeff Vinson Breed Champion, Ray Vinson 3rd place, and Beth Harmon 6th place in the Heavy Berkshires; Sharla Morrison Breed Champion and Sherri Bessire 5th place in the Light Wt. Chesters; Rhonda Dunham Reserve Breed Champion in the Heavy Wt. Durocs; Sherri Bessire placed 3rd in the light Wt. Durocs; In the Heavy Weight Durocs, Kim Farmer placed 4th; Lupe Rejino 3rd place, Dee Kinard 5th place, and Cheyenne Bickel placed in the Heavy Light Wt. Hampshires; in the Medium Wt. Hampshires, Tracey Tunnell had the Grand Champion, Sharla Morrison 2nd place, Craig Hunt 4th place, and Todd Jones 6th place; and Todd Jones 6th place; Tracey Tunnell placed 3rd and Craig Hunt placed 6th with their Heavy Wt. Hampshires; Lee Free Showed the Reserve Breed Champion in the Polland China class; Joey Bruton took 4th place and Earl Parish 5th place in the Spots; in the Light Wt. Yorkshires, Scott Branscum placed 3rd, Mike Holt 4th, and Michael Barrett 5th; Beth Harmon 2nd and Kim Farmer 4th in the Heavy Wt. Yorks; in the Light Wt. Crosses, Lance Free placed 1st; Sherri Bessire placed 5th and Brian Houston placed 7th in the Heavy Light Crosses; Tracey Tunnell had the Reserve Breed Champion, Rhonda Dunham 2nd, Beth Harmon 3rd, Mike Holt 4th, and Todd Jones 7th in the Medium Wt. Crosses; and Sharla Morrison placed 2nd and Craig Hunt placed 4th in the Heavy Wt. Crosses.

ART EXHIBIT PLANNED--Pictured (L-R) are MHS art students Terry Graves with his painting, "Red Fox in the Snow," Darin Bratcher, Melissa Wilbanks, Jessie Pineda with his drawing, "Saddle," Misti Prater, Holly Oakes with her painting of "The Old Homestead," Martha Flores, Berto Orozco, and Marvin Ward with his sketch, "Boots." Also exhibiting, but not pictured, will be Lori Stroud, Denise Wilson and Joni Suddeth. The art exhibit will be sponsored by Western Plaza Merchants in Amarillo on February 12-26 and awards will be presented by the Northwest Texas Regional Exhibition.

## Mules 1-5 In District 2AAA

The varsity Mules are 1-5 in district after three straight defeats. The Mules played the Abernathy Antelopes as a make up game on Thursday, January 27 and lost by a score of 42 to 60. The Mules played well, but just could not come out on the top end of the

## Honor Students Named

The Honor Students for January have been chosen at MHS. Senior student is Rhonda Dunham. She is the 17 year old daughter of Mr. and Mrs. Jack Dunham. Rhonda's activities include head cheerleader, Secretary of FTA, President of FCA, and 4-H.

Junior student is Randall Stevens. He is a 17 year old student at MHS. He is the DECA treasurer and a member of Student Council. Randall is the son of John and Margaret Stevens.

Sophomore student is Shelley Sain. She is 15 years old and the daughter of Walt and Rose Sain. Shelley is involved in band, student council, FTA, track, FCA and is President of FHA and vice-president of the Muleshoe 4-H Club.

Deborah Nieman is the Freshman Student. She is the 14 year old daughter of Mr. and Mrs. George Nieman. Her activities include FTA, Basketball and tennis.

Congratulations to these students on their fine effort!

RHONDA DUNHAM

RANDALL STEVENS

SHELLEY SAIN

DEBRA NIEMAN

game. They shot poorly in the first, connecting on only 8 of 28 shots from the field (29%). The Mules came out the second half and got as close as 8 points, but Abernathy came up with some big plays. The Mules shot far better the second half, connecting on 12 out of 28 shots (43%). The Mules shot only 33% from the free shot line, hitting 2 of 6. The Mules rebounded well, getting a team total of 35. Leading rebounders were John Isaac and Jeff Hamilton with 10 and 8 boards, respectively. The Mules were led in scoring by Mark Moton with 12 and Michael Isaac with 10. Also, scoring for the Mules was Darin Shaw, 6 points, and Jeff Hamilton, 6 points. John Isaac and Trent Hysinger each had 4 points.

The Mules faced the top-ranked Dimmitt Bobcats the following night and were pounded by a score of

88 to 36. The Mules shot poorly from the field, hitting only 24% of their shots. They didn't shoot as bad the first half, getting 36%, but came out ice cold in the second half, hitting only 15% of their shots. They shot 14 free throws and hit 8 of them for 57%. They only snatched 28 rebounds with John Isaac getting 10 and Michael Isaac getting 7 boards. The Mules turned over the ball for a team total of 30. Leading the scoring was Darin Shaw with 12. He was the only team member who was in double figures for the game. Other scorers were Mark Moton with 8, and getting 7 points was Jeff Hamilton. Michael and John Isaac scored 5 and 4 points respectively.

This was the end of the first half of district. The standings ended - Dimmitt 5-0, Abernathy 4-1, Littlefield 3-2, Tulia 2-3, Muleshoe 1-5, and in the cellar, Friona 0-5.

## Varsity Girls Action

### Winding Down

January 27, the Varsity girls basketball team played the Abernathy Antelopes in the Jr. High Gym. The final score was Abernathy 62 and Muleshoe 20.

The team made four out of their twelve attempted free throws bringing their percentage down from previous games. Individual scorers for the Mulettes were Marylyn Lewis with 8 points; Denise Wilson made 4; Kelly Hamblen,

Kacy Henry, and Kristi Campbell each added 2 points.

January 28, the girls played Dimmitt. The team had a whopping victory over the Bobbies, with the score ending 52 for Muleshoe and 33 for Dimmitt. The team had 16 turnovers and 10 steals. The Mulettes made 12 out of 17 free throws. Denise Wilson was high pointer with 17 and Sherry Ellis had 15 points; Kelly Hamblen had 8 points and 3 rebounds; Marylyn Lewis and Keisha Johnson had 6 points and 6 rebounds each.

Tuesday February 1, the team traveled to Littlefield. The final score of the game was the Wildcats 69 and the Mulettes 40.

The team shot free throws 55% and gained 6 steals. Sherry Ellis added 11 points and 2 rebounds, Denise Wilson had 8 points and 2 rebounds; Marylyn Lewis had 8 points and 6 rebounds; Kelly Hamblen added 8 points and 3 rebounds; Barbie Seaton had 3 points and 3 rebounds; Keisha Johnson had 2 points and 2 rebounds; Sherri Bessire had 2 rebounds.

The Mulettes' record in District is 1-6. The next home game will be February 11 with the JV starting at 5:00.

The Mule's Tale Staff would like to wish the girls good luck with the rest of the season!

\*\*\*\*

There is a vast difference between the person of importance and the person who thinks himself important.

\*\*\*\*

Parents who work hard and save money leave it to children who spend money and then have to work hard.

## Seniors Write Satires

Mrs. Wrinkle's senior English IV class recently completed an assignment on writing satire, a type of literature that combines criticism and humor in order to bring about the improvement of humanity and human society. Satire attacks society and its institutions, types of people, places, or a particular person. In the following examples of satire, chosen from the Senior papers by Mrs. Wrinkle and the Mule's Tale Staff, Michael Isaac attacks the English language, Tamara Gilliland reviews the gasoline tax, and Lori Stroud satirizes peace talks. The Social Security system is discussed by Denise Wilson, the IRS incurs the wrath of Perry Flowers, and finally, Todd Thornton targets the overcrowding in prisons. The Mule's Tale Staff invites you to contemplate and enjoy!

**IRS**  
The complete taxation ever since the beginning of time constantly serves as a burden to everyone's gizzard. Those people who only survive by cutting corners, pinching pennies, and saving their ketchup from their meals at the Sonic have to pay all their profits to the IRS's cyclops. They strive hard to collect a good amount of money to pay all their bills and have a 5% profit which gets eaten by this monster come April. Then to top it the cyclops prints billions of dollars worth of paper so ordinary people can figure how much they owe this monster, and the IRS can only break even. So I have figured the solution to help both the cyclops and the poverty afflicted workers. At the coming of April 15, simply send a check made for all profit shown of that year, a few chickens, eggs, a dozen cows, one arm and a leg, and if the cyclops is still hungry, draw up a contract to give him your first born and call it even.

**Gasoline Tax**  
The brilliant people running this great country think our economy is now doing so well, that we can also afford a five-cent-per-gallon gasoline tax. This naturally will just be added on to the already low prices in excess of the one dollar per gallon of gasoline.

For the average people, this will only mean about \$1.25 more per week for gasoline (that is, if you drive no further than 2 miles to work, eat lunch there, make only one trip per week to the grocery store, and never go to meetings, to eat, or to the movies.) To those who barely get by, this tax will only mean skipping one meal each week.

I understand though, that this extra money, set aside by the government, will be used to improve the nation's highways and transportation systems. It seems necessary to have good, smooth highways and transportation systems. It seems necessary to have good, smooth highways to look at. That is all they will be good for if no one has enough money to buy gas for their cars to drive on them. They will be good for walking, though. The extra exercise will certainly be good for the people over sixty-five years of age and others depending on Social Security. Taking a little bit more out of their small allowance will not make very much difference.

The solution I have is really very simple. Just have twenty percent more taken out of each paycheck and forwarded to the government. Each person will still be allowed to bring home at least 30% of their very own hard-earned money. Shouldn't everyone be able to survive on that?

**Prison Overcrowding**  
As you know today's prisons have become overcrowded. So, being the type of person to solve problems, I have the perfect solution.

Any criminal who has

been sentenced to life in prison should be subjected to a laboratory so that they might use him for research. This should speed up the cures for disease because scientists will be using human beings instead of rats.

Nevertheless, any criminal who has shot, killed, or raped someone could be used by the military. The military could use them to test new weapons such as guns, bombs, and new torture tactics.

The rest of the people who commit lesser crimes should stay in jail and work in a coal mine for 17 hours a day. Therefore, using only the prison cells for sleeping.

These tactics that I have proposed should cut down on the prison overcrowding and make someone think twice about committing a serious crime.

**Dreams Don't Always Come True**

Picture a foreigner arriving in the United States for the first time in fulfillment of a life-long ambition. So far everything seems to be going well, except for his ability to communicate with the American citizens in English. Therefore, the foreigner is to simply learn the English language. Simply? No! It makes no sense. On the first few days of school the foreigner is to learn a few monosyllabic words. He will encounter bomb, to, and give. The first word encountered is B-O-M-B (bom), T-O-M-B (tom)? No! T-O-M-B (Toom). C-O-M-B (Koom)? No! C-O-M-B (kom). The foreigner's only comment on his first day of school was, "I'm so confused," as was inferred by his interpreter. The next day the word that set the "gears" in motion was T-O (too). Great! Next is G-O (goo)? No G-o (go) Hum? D-o (Do) No! D-o (doo). It is incomprehensible! Once again failure is the case and frustration begins to sink its claws into the foreigner's mind. Day three is sure to turn out

**HECE Uses Counseling Computer**

Last week the HECE class went to the high school counselor's office to work with the computer. The computer is set up with information about two year and four colleges. Information about each college is very detailed with data on location, enrollment, faculty, admissions information, financial aid, figures on tuition and fees, room and board, campus life, programs, services, activities and major programs of study. It also has information on almost any kind of occupation that a person would want to go into, including a list of related jobs, a detailed job description, physical demands of the occupation, work conditions, life style expectations, employment potential, education and training, and qualifications for the job.

Each student had a chance to work with the computer with the help of the teacher, Mrs. Tanksley. The students got information about the colleges and careers that they were most interested in. This will help the HECE students in choosing a college to attend, and with the choice of a life career.

February 1-Lupe Martinez, Mrs. Tanksley  
February 4-Sergio Leal  
February 5-Marvin Ward  
February 9-Shelly Sain, Maria Bynam, Belinda Clayton, Debra Briscoe  
February 12-Chad Williams

February 1-Lupe Martinez, Mrs. Tanksley  
February 4-Sergio Leal  
February 5-Marvin Ward  
February 9-Shelly Sain, Maria Bynam, Belinda Clayton, Debra Briscoe  
February 12-Chad Williams

better with the word G-I-V-E (giv) and similarly spelled words. Next word is D-I-V-E (div)? No! D-I-V-E (div), etc... Day three proved to be the straw that broke the camel's back. The foreigner's final decision was to return home and dream of living somewhere else next time.

**Warming Proposal**  
Everyone complains about political leaders and their blunders. But no one has come up with a solution. The world leaders make all the decisions and sometimes with haste. I have a proposal to join all major leaders, from Reagan to Begin, for one final attempt at peace.

We all have heard or, at least read about the heated disputes between all prominent world leaders. The issues range from nuclear disarmament to the grain embargo's. We just can not seem to get our leaders together on anything. You know the inner-peace that comes from striking out in anger without any harm done. This is my proposal to you. Where is the one place that would provide such an outlet for all these frustrated world figures? I suggest that we send Reagan, Andropov, Begin, Arafat and all the others to the North Pole. The abundant supply of snow and cold air would provide for a cool atmosphere. This may not end all heated arguments, but it would provide an outlet. All arguments could be solved by throwing a snowball at each other. The frustration would melt along with all the distrust and hatred. I doubt we would really miss all these men. The North Pole is a quiet location. I believe our countries capitals would become peaceful, too. The only problem with my proposal, is with all the hot air on the North Pole, the rest of us may be riding high waters.

**Social Security**  
The amount of Social Security has recently been reduced under the new system of the Reagan administration. Our President, being of the age to receive Social Security, has expressed his sympathy for elders of the present time. There are three practical solutions to the problem: 1) Exterminate every human being of age 65 or over, 2) force every person receiving Social Security to labor in our nation's nuclear factories, or 3) use every person over age 65 to test new, unused drugs for side effects, contaminated waste, and as cyanide testers for Tylenol. If we choose to annihilate the elderly, the person being executed may choose any instrument of doing so, as long as no expedients of the nation are dispersed in the process. If, during extermination, the carcass is bruised or severed, it will be distributed to fishermen and used as bait. If the structure is not damaged in any physical manner, it will be saved and rationed in the event of a crisis. However, should we decide to use the elderly to work in our nation's nuclear factories, the possibility of being exposed to nuclear radiation is so great, that many would die and their remains used for medical studies. When the body is no longer of use to the doctors it could be sold to the Elmer's Glue Company thus saving the lives of valuable horses. If none of the elderly qualify for the nuclear factories, they could be sold to Tylenol and used to test containers for cyanide poisoning. Instead of wasting our much needed mice in laboratories, the elderly could provide a more accurate reaction of human beings by testing the new drugs. If death occurs from the testing, the body could be used for dog food. I propose ridding ourselves of the people who interfere with the progress of our country and by accomplishing this, we will do nothing but prevail.

## Varsity Mules

Cont. From Page 1

0 and still the leader, Abernathy 19-7; Littlefield is 11-7 for the season; Tulia 10-12, Muleshoe 10-11 and Friona 9-13. This will pretty well tell how the season will end up, barring any unforeseen casualties for Dimmitt.

In the January 28 game against Dimmitt, the Mules scored a total of 36 points, with twelve of them being made by Darin Shaw. Shaw had ten field goal attempts, making four; and made four out of five free throws. Second in points was Mark Moton with a total of eight. Moton attempted 13 field goals and made four. Hamilton was right behind him with a total of seven points - two out of six field goal attempts and three out of four free throws.

Leading in rebounds was John Isaac with four in offense and six in defense for a total of ten. Michael Isaac was the closest behind him with one offensive rebound and six defensive rebounds; a total of seven.

Overall, the Mules attempted fifty-eight field goals, making fourteen of

money and singing only Gospel songs.

Also participating in this one-night appearance will be Revival Fires evangelist Cecil Todd.

This concert is free to the public.

them for a 24 percent average. In free throws, they attempted fourteen and made eight for a 57 percent average. In rebounding, the Mules totaled eight on offense and twenty on defense. On field goal attempts in the first half, the Mules completed nine out of twenty-five for 36 percent; in the second half it was five for 33 for 15 percent average.

Others seeing action in the Dimmitt game included Flores, Hysinger and Pugh.

The only game remaining that has been unreported on to date was with the Tulia Hornets, which was

dropped by the Mules in overtime with a score of 65-70 favoring the Hornets.

The Mules made 23 field goals out of 51 attempts for a 45 percentage count. On free throws, the Mules attempted 33, making 19 for 58 percent. In the first half they hit seven out of 23 for 30 percent and in the second half hit 16 out of 28 for 57 percent overall. High point man for the Mules against Tulia was John Isaac with a total of 19 points. John hit five out of ten field goals and nine out of twelve free throws. He also picked up six offensive rebounds and twenty defensive rebounds.

Mark Morton was second high pointer making seven of his thirteen tries on field

goals and hitting one out of two free throws. Moton also had two rebounds each on offense and defense.

Michael Isaac scored ten points for the Mules hitting four out of eight on field goals and two out of four for free throws. He picked up on five offensive rebounds and eleven defensive. Jeff Hamilton scored nine points against the Hornets - two out of eight field goals and five out of

eight on free throws. Hamilton picked up two rebounds on offense and one on defense.

Darin Shaw scored eight points, getting three out of nine on field goals and two out of six on free throws. Shaw rebounded three times - one defensively and two offensively. Hysinger scored four points, hitting two out of three field goals picking up three offensive rebounds and two defensive

rebounds. Flores and Pugh also saw some action as well.

## Rebate...

Cont. From Page 1

\$1,299.86 being given as the county's 15 percent remittance. Total city revenue for the city of Littlefield for this period amounted to \$5,047.79 and the city's 15 percent remittance amounted to \$757.17 for the final quarter of the year.

Parmer County reflected \$177.40 as total county tax revenue for the last quarter of 1982, with \$26.61 shown as the county's 15 percent remittance.

Texas cities and counties each receive a 15 percent rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The mixed drink tax is collected by the Alcoholic Beverage Commission and city-county rebates are sent out quarterly by the Comptroller's office.

Bullock said the mixed drink tax brought in \$140.2 million for all four quarters of 1982.

## Smallwood

Cont. From Page 1

required a knowledge of all aspects of the Federally-backed insurance program as well as of the coverage available for individual crops produced in Bailey, Parmer and Lamb counties.

The training and testing program was initiated in the fall of 1982 to assure a high level of professional competency among private insurance agents who offer Federal Crop Insurance to farmers in their communities.

Federal Crop Insurance policies, which provide coverage against all unavoidable causes of loss, are designed to offer farmers an affordable way to protect the substantial sums of money which must be invested and risked to produce a crop. The insurance can also assure a source of income to repay outstanding production loans and to meet fixed

## Hightower To Speak To Corn Growers

The Texas Corn Growers Association and the Texas Corn Producers Board has announced their tenth annual meeting which is scheduled to be held in Dimmitt, Texas on Wednesday, February 9. Registration will begin at 9 a.m. and the program will get underway at 9:30 a.m.

The meeting will be held in the Dimmitt Exposition Building on the Fair Ground located three blocks southeast of the Dimmitt (Castro County) Courthouse.

The theme for the annual event is "Farm Problems Of The 80's" and will be highlighted by such speakers as State of Texas Commissioner of Agriculture Jim Hightower and John Ford Deputy Secretary of Agriculture. Other speakers will include Bud Rank, Administrator ASCS, USDA, Harold Bob Bennett, Don Ethington and Carl King and Weldon Davis.

A free barbecue lunch will be served with entertainment provided.

## Letters

### To The Editor Policy

The Muleshoe Journal and Bailey County Journal welcomes letters to the editor on issues of concern to readers. Such letters must meet certain qualifications in order to be considered for publication.

Letters must bear the writers signature, address and phone number in order that the authority may be confirmed. Under some circumstances we will delete the name of the writer if, in our judgement, the request to do so is justified.

Letters should not exceed 250 words and must meet standards of good taste as well as legal guidelines. Letters attacking another person, a church or specific religion will not be published. Comments on issues are encouraged in order to maintain a forum for discussion of public views.

## Farm Loans

Cont. From Page 1

these both became obsolete and ceased to exist.

The FmHA District Director, Clinton Kennedy, who was also present at the meeting on Friday stated that FmHA employees would be attending a workshop meeting next Wednesday and Thursday, in Lubbock February 9, 10 to help personnel acquaint themselves better with the emergency loan program and all the details surrounding it. The local FmHA office will be closed both of these days, as will other surrounding FmHA offices.

FmHA local director Taylor stated that numerous applications for the

emergency loans had been given out to various local producers since the announcement, and that about 30 were already back in the office for processing. However, Taylor expects many farmers to wait until later in the year to apply for their loans.

According to statistics, Bailey County barely made it over the 30 percent figure necessary to qualify a county for the disaster loans, having an estimated agricultural production loss of 30.41 percent. Lamb County was set at 47.93 percent; Cochran 34.95 percent; Hockley 38.19 percent; Lubbock 54.64 percent and Parmer at 41.53 percent.

When all is said and done however, each farmer, even though he is in an eligible county-must prove up his own loss figures on all crop dollar totals before his eligibility for a loan can be determined. Applications and information may be obtained at the local FmHA office here in Muleshoe.

The High Plains Study Council has recently published its report, "A Summary of Results of the Ogallala Aquifer Regional Study, with Recommendations to the Secretary of Commerce and Congress." If you would like to receive a copy of this report, please contact Jacquita Diehl, Texas Department of Water Resources, P.O. Box 13087, Capitol Station, Austin, Texas 78701, (512) 475-3787.

FARM BUREAU WEEK PROCLAIMED.....Bailey County Judge Gordon H. Green Friday signed a proclamation designating February 7-12 as Farm Bureau Week in Bailey County. The Texas Farm Bureau is fifty years old this year and is now the largest state Farm Bureau in the nation, according to Lewis Dale, local Farm Bureau President, who looks on the signing.

## John Deere's Series Rings Bell In Tests

"John Deere's new 50 Series 100- to 190-hp tractors really rang the bell in official tests," said Tuffy Dent of Dent-Rempe.

"One or another of these tractors set records for PTO fuel efficiency, drawbar pull and low sound level," Tuffy noted.

As a John Deere dealer, Dent-Rempe has just received a set of official test results performed at the University of Nebraska Test Station in Lincoln. The five new tractors were announced in August, but test results were only recently made public.

Comparison of test results shows that the 190-hp 4850 is the most fuel-efficient tractor available in the over-100-hp category. "In fact, it's the most fuel-efficient tractor over 65 hp," Tuffy said, referring to PTO fuel consumption tests performed at rated engine speed. In official test language, the 4850 produced 17.47 horsepower hours per gallon of fuel.

Both the 4850 and the 165-hp 4650 broke all existing records for drawbar pull measured on a 2-wheel-drive tractor. The 4650 pulled 18,794 pounds and the 4850 pulled 20,810 pounds. "I never expected to see any 2-wheel-drive pull over 20,000 pounds at Nebraska," Tuffy said.

The 100-hp 4050 set a completely different kind of record. It's the quietest tractor ever tested at rated speed and maximum power. Sound level measured at the operator's ear was only 73.5 dB(A).

"All of these tractors were really quiet," Tuffy said. "At full load the 4250 was only 74.5 dB(A), the 4450 was 74.0 dB(A), the 4650 was 76.5 dB(A) and the 4850 only 75.5 dB(A). Everybody knows that tractors. He invites all interested farmers to stop in and see the results.

## Cage...

fill a seven member board. Anyone wishing to file an application may obtain them from the Administration office, along with any details that may be needed.

## Court...

Cont. From Page 1 day thereafter. Minutes of the previous meeting were read and approved by members of the court. Those present included Gordon H. Green, County Judge; R.L. Scott, Commissioner Precinct 1, Roy Whitt Commissioner Precinct 2, James Warren Commissioner Precinct 3, Rudolph Moraw Commissioner Precinct 4 and Barbara McCamish, County Clerk and ex-officio Clerk of Commissioner's Court.

Official Nebraska test have been completed on all five of John Deere's new 100- to 190-hp tractors. According to Tuffy Dent of Dent-Rempe, the new 50 Series Tractors set records for PTO-measured fuel efficiency, drawbar pull and low sound levels. The 4850 shown above on the test track at Lincoln recorded 20,810 lb. of drawbar pull, the most ever for a 2-wheel-drive tractor.

TEST RESULTS PROVE THAT THE 190-hp 4850 IS THE MOST FUEL-EFFICIENT TRACTOR AVAILABLE IN THE OVER-100-hp CATEGORY EFFICIENT ★ STRONG ★ QUIET

## Around Muleshoe

Cont. From Page 1

February 8 beginning at 7 p.m. in the Civic Center. All members are urged to attend and to bring their husbands or a friend to this "Sweetheart Banquet." The meal will consist of a covered dish supper and all members are asked to bring their choice. There will be entertainment and recognition of officers and committee chairmen from the past term.

The West Texas Chapter of the Arthritis Foundation will be conducting a Self Help Course for the arthritis patients beginning February 16. The course will be conducted on Wednesday evenings from 7-9 p.m. and will conclude March 23. The course will be conducted at the Texas Tech Health Science Center in Lubbock.

The course is taught by two registered nurses who are volunteers of the Arthritis Foundation. Relaxation techniques, exercises, and self help aids are some of the many topics that will be discussed during the course.

There is a \$15.00 registration fee for the course. For information, contact the Arthritis Foundation, 1-800-692-4507.

Mrs. Arnold Stagner of Farmington, New Mexico passed away last Monday in a Farmington Hospital. She was the aunt of James Stagner of Ranger and formerly of Muleshoe. James is married to the former Darla Cooper of Muleshoe. Funeral arrangements were being made with Melton Funeral Home in Breckinridge, Texas.

The Muleshoe Optimist Club will sponsor their annual outsider's basketball tournament February 26 through March 5. Entry fees are \$80.00 with trophies and plaques going to the top three teams and individual awards to the champions and MVP. Entry fees must be received before mid-night February 23. For more information call James Johnson at 806-272-4664.

The Three Way Outsiders Volleyball Tournament this year has been scheduled for February 23, 24 and 25th. For entries and/or information contact Shirley Smotherman at

927-5315 or after 5 p.m. call 287-1275.

A one day seminar will be held at the Hereford Community Center in Hereford on Friday, February 25 from 8:30 a.m. until 4:30 p.m. with topics focused upon identifying markets, new services, different business practices and the creation of land trades in a non-inflating market. The conference is sponsored by the Texas Chapter #22 of Farm and Land Institute National Association of Realtors. Registration is limited to the first 75 persons and to register call Don Tardy at 364-4561 or for reservations 364-0540. Cost for the seminar is \$50 for those pre-registered and \$65 at the door.

Junior and senior class high school students who are interested in applying for \$1,000 college scholarships should request applications by March 15, 1983 from the Educational Communications Scholarship Foundation, 721 N. McKinley Road, Lake Forest, Illinois 60045. To receive an application, students should send a self-addressed, stamped envelope with a note stating their name, address, city, state and zip code and approximate grade point average. Fifty award winners will be selected on the bases of academic performance, involvement in

### Local Woman's Mother Dies In Lufkin

Services for Mrs. Martha Cox, 93, of Lufkin are pending. She died at 9:45 a.m., Feb. 4 at her home. She had lived in Lufkin for three years moving there from Wichita Falls. She married Jack Cox. He died in 1951. Mrs. Cox was a member of the Nazarene Church.

Survivors include six daughters, Mrs. Opal Tucker of Morton, Mrs. Alma Fielder of Wichita Falls, Mrs. Dollie Wilson of Muleshoe, Mrs. Lola Anthony of Irving, Mrs. Doris Adams of Lufkin and Mrs. Anna Chapman of Abertnath; one son, Jack Cox of Dallas; 27 grandchildren; several great grandchildren and several great great grandchildren.

extracurricular activities and need for financial aid.

Tommy Gunstream has filed for a seat on the city council in the upcoming April elections. Gunstream is currently serving out the un-expired term of Bruce Woods, who was named to replace Bob Finney earlier in the year. Two seats on the council will be open in April when the one now currently held by A.V. Wood will be joined with the one held by Gunstream. The councilmen are elected on a three year term basis and elections are set for the first Saturday in April, which will be April 2, 1983.

Penalties For Not Filing Information Returns -- Farmers, ranchers and others who made payments last year in excess of \$600 for services to individuals (other than employees) and partnerships (but not corporations) must file certain information forms. Failure to do so will result in increased penalties of \$50 per incident, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. The information returns are the Form 1099 series and relate to the payment of interest, rents, royalties, prizes, awards, fees, commissions and other compensations.

## Letters To The Editor

To The Editor:

I want to address these words of protest to the commissioner's court and any others who are responsible for the action of the recent meeting to raise the salaries of all county officials including their own.

I am not only disappointed but downright angry because of the lack of consideration shown by those responsible to serve the people.

I took for granted that elected officials were to look after the interest of the people of this county. Now I am concerned as to

what kind of "fringe benefits" they will vote for themselves the next meeting. Do we, as taxpayers have any way to protect ourselves against such abuse of power.

We are burdened at this time with a heavy tax load, and I am not stupid enough to believe there will be no tax increase. This is a blow to all of us who have managed to survive so far.

With the economy like it is at this time, it would make more sense to lower all salaries. I would suggest that all salaries be determined by the actual hours worked and travel expense as needed.

It would be interesting to take a poll to see how the voters feel about the performance of the newly elected officials.

I know I am only a tax-

payer with little influence, and I know my vote will not turn things around. But I will have the pleasure of voting against all who voted raises for themselves and those who accept raises.

I join hands with Walter Sain.

Signed: Byron Gwyn

# ATTEND THE CHURCH OF YOUR CHOICE

**A VITAL PART**

A stop watch is a vital part in many sports. For instance, in track man races against time. The stop watch has enabled us to compare racers of one generation with that of another. In football it is a race to end up with the highest score when time runs out.

The Church is a vital part in man's life. The Church offers comfort, love, peace, and understanding. Just as we wouldn't leave the watch out of football, don't leave out the vital part in the greater things of life.

**ATTEND CHURCH REGULARLY**

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the message of His love for man and of His demand for man to respond to that love by loving his neighbor. Without love we hold no dear will inevitably will long perceive and the freedom which we hold so dear will inevitably be lost. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church's life, death and destiny; the truth which alone will set him free to live as a child of God.

of interest to VETERANS

Since the first GI Bill of Rights was enacted in 1944, the VA has backed nearly 12 1/2 million mortgages to veterans for housing worth over \$201 billion. Currently, the average loan is about \$60,000 on a \$65,000 property for 30 years. The monthly payment comes to \$617, principal and interest; taxes and insurance are added on.

Eligible veterans can get FHA loans requiring lower down payments than under other FHA programs. Veterans also have preference for processing of loans on farms and homes in towns up to 10,000 population from the Farmers Home Administration (FmHA). Some states, notably California and Oregon, offer veterans a better home-loan terms than the federal programs.

## PUBLIC NOTICE

Notice is hereby given that the Commissioners' Court of Bailey County will enter into a contract with any banking corporation, association or individual banker in Bailey County for the depositing of the public funds of Bailey County in such bank, on February 14, 1983.

Any banking corporation, association, or individual banker in Bailey County desiring to be designated as county depository shall make and deliver to the County Judge an application applying for such funds and said application shall:

1. State the amount of paid up capital stock and permanent surplus of said bank; and, 2. there shall be furnished with said application a statement showing the financial condition of said bank at the date of application; and

3. be delivered to the County Judge on or before February 14, 1983 at 10:00 a.m.; and,

4. be accompanied by a CERTIFIED CHECK for \$10,169.72, as required by Art. 2545, V.T.S.A.

Said application should set out all terms and conditions for the handling of such funds, including, but not limited to, the rate of interest, if any, to be paid on time deposits.

This notice shall be published once a week in some newspaper published in Bailey County and posted at the courthouse door of Bailey County. /s/ Gordon H. Green County Judge

pub. not.-4s-4tsc

Onion Lovers Take Note

Onion lovers will find one of the most popular varieties, Sweet Spanish Onions, in abundant supply now. These extra large, high quality onions, grown in southwestern Idaho and eastern Oregon, comprise one-third of the onions on the market from September through March. There, ideal growing conditions prevail, and informed growers take pride in producing a quality product. All are U.S.D.A. inspected.

You'll recognize Sweet Spanish Onions in the fresh produce counters by their globular shape and bronze colored, parchment-like skin that crackles to the touch. They are often called the "Gentle Giants" for their mild flavor and large size.

At the peak of perfection, Sweet Spanish Onions frequently reach a diameter in excess of 5 inches. Much of the crop exceeds 3 inches in diameter, classifying them as "jumbo" in the onion market.

## Risk Of Fire Lower In Mobile/Manufactured Homes

By Lisa Drake Consumer Affairs Advisor Manufactured Housing Institute

The risk of fire is greater in a site-built house than in a mobile/manufactured home, according to a national study entitled "Comparison of Fire Risk in Mobile Homes and Site-Built Houses" by independent researcher Dr. Howard Gates.

The lower rate of fire incidence for mobile/manufactured homes, according to the study commissioned by the Manufactured Housing Institute, is due in large measure to the stringent fire safety features required by the Department of Housing and Urban Development (HUD) Manufactured Home Construction and Safety Standards.

Among the fire safety provisions HUD requires for every mobile/manufactured home built in America are:

- At least two easily accessible exits.
- Restrictive flame-spread requirements for all walls and ceilings and for the interior finishes adjacent to cooking ranges, water heater and furnace enclosures.
- Smoke alarms and "emergency egress" windows that can be quickly "popped out" in case of fire, in all sleeping areas.
- Aluminum electrical wiring is strictly prohibited.

The Manufactured Housing Institute points out that, in many states, local building codes are far less demanding than these federal codes which all mobile/manufactured homes must meet. In fact, says MHI Chairman Wallace J. Conner, the manufactured housing industry pioneered the use of smoke detectors in residential dwellings!

## Mobile/Manufactured Homes Are Very Energy Efficient!

Today's generation of mobile/manufactured homes is constructed to America's only national, federally enforced building code which mandates one of the most energy-efficient types of housing currently available, according to a study released by the Manufactured Housing Institute (MHI).

That building code, the HUD National Manufactured Housing Construction and Safety Standards, has resulted in mobile/manufactured homes registering better, or at least identical, energy efficiency ratings than comparable site-built housing. This is due in large part to the comprehensive energy related requirements mandated by the HUD Code for each new mobile/manufactured home built and sold in America, MHI reports.

Those energy efficiency requirements include standards relating to condensation control, air infiltration, thermal insulation, and heating and comfort cooling. In fact, says MHI, the HUD Manufactured Housing Code is the only existing set of home construction standards that prescribes a minimum level of insulation protection.

The study also pointed out that mobile/manufactured homes are precisely engineered to incorporate a "thermal envelope" to effectively contain heat and comfort cooling while reducing air infiltration.
